### Chapter 1351: Two main dishes (1)

Hearing this, Hou Liang and Xu Zixuan looked at each other and smiled. Then, Hou Liang said, "I haven't had the time to ask RUO Fei! However, we understand the general situation, so it's better for ruofei to tell us himself!"

Xia ruofei put down his glass and smiled. "Hehe, recently, the Jade skin cream of the Paradise Corporation has been selling very well, and even evil people have started to appear! I heard that these three hotheaded young men came from the capital and have set their eyes on my company ... The moment they met, they offered a million Yuan in exchange for 51% of my company's shares ..."

Zhao Yongjun slammed his cup on the table and said, "He's rebelling! Did water enter these grandsons' brains? He even dared to covet ruofei's company! Liangzi, what's their background?"

"I don't know," Hou Liang said with a smile. "But the one leading is a Deputy Director of the state – owned Resources Administration. I heard that his father is a Secretary or a director of the housing construction department?" Wei Jun, you should know, right?"

Wei Jun nodded and said, "his name is Tian Xiaojun. His father is a Secretary with real power in the Ministry of Housing and Construction. I've met the other two a few times. One is called Zhong Zixin and the other is called Xia Ling. Their family situation is similar to Tian Xiaojun's. I don't know much about the details."

Zhao Yongjun couldn't help but sneer, "Damn ... With such little power, he dares to come and take over ruofei's company? I don't think they're out of their minds, they're out of their minds!"

"Brother Zhao, I'm eating!" Song Rui shouted in dissatisfaction. "Can't you consider my feelings when you speak?"

The crowd burst into laughter. Xia ruofei also laughed and said, "Song Rui, eat slowly. Don't lose your appetite when the good food is served ..."

Song Rui chewed on the authentic spinach and said, "Don't worry! My stomach might be full!"

"Ruofei," Zhao Yongjun continued, "you guys eat first. I'll go out and teach them a lesson!"

Xia ruofei quickly said, "no, no, no!" "I'm a refined man, I won't use force! Besides ... It's such a cold day, it's good to let them stay outside for a while to refresh their minds!"

Zhao Yongjun was stunned for a moment, then he smiled and said, "You're right ... Then let them wait! After we've had our fill, we'll settle this!"

"That's the way! Only beautiful women and delicious food can not be disappointed!" Song Rui said as he ate, "there are beautiful women and delicious food today. Why are you talking about those disappointing things? Just let the trash wait outside for now ..."

Xia ruofei smiled. "Young master Song, I've recorded what you just said. Do you want to send it to Zhuo Yiyi?"

Song Rui suddenly stopped chewing. He squeezed out a smile and said, "Ruofei, you don't have to be so cruel, right?"

Before Xia ruofei could say anything, Song Wei smiled and said, "I think it's necessary ... Should I tell Yiyi? I have to be responsible for my best friend!"

Song Rui quickly begged for mercy after hearing this, indicating that he would not dare to speak nonsense again.

After everyone laughed and joked around, the Buddha Jumps Over the Wall soup came up very quickly.

This was specially made from small jars, one for each person, so that they didn't have to worry about others snatching food from them. At the same time, it was very hygienic.

The mouth of the jar was tightly wrapped in lotus leaves, so everyone didn't feel anything at first.

Xia ruofei, Ling Qingxue, and Song Wei, who had tasted the secret Buddha Jumps Over the Wall soup, also smiled at everyone but did not say anything.

After the waiter unsealed the Lotus leaves one by one, a strong fragrance immediately filled the room.

It was the strong aroma of abalone, pig trotters, eye fish, and dozens of other precious ingredients mixed together. After being refined by Xia ruofei's exclusive prescription, the aroma was even more alluring.

Zhao Yong Jun and the others were eating and chatting, but when they smelled the fragrance, they stopped and focused on the jar of Buddha Jumps Over the Wall in front of them.

Xia ruofei picked up his chopsticks and said with a smile, "The first main dish I said is here! 'This is the authentic secret Buddha Jumps Over the Wall that I have personally improved. There are at least dozens of hotels in the entire Sanshan city that can make this dish, but I dare to say that there is only one restaurant that can make this taste! Everyone, quickly try it!'"

"Ling Ji's private kitchen 's' Buddha Jumps Over the Wall 'is already very famous. If you want to eat this dish, you have to make a reservation a month in advance!" Song Wei added with a smile.

"No way! 'So powerful ...' Hou Liang couldn't help but be speechless.

Song Rui was a typical foodie. Just as everyone was exclaiming in surprise, he had already reached out his chopsticks to the small jar.

He picked up a piece of abalone and immediately put it in his mouth and chewed without hesitation.

The seal of the 'Buddha Jumps Over the Wall' was very good. Before opening the jar, not only did it keep the fragrance inside, but it was also very difficult for the heat to spread out. Therefore, this piece of abalone was very hot.

Song Rui hissed at first, but then he couldn't help but want to eat more, so he bit hard against the heat and let the abalone roll in his mouth, trying to reduce the time it touched his tongue.

He awkwardly ate the abalone, then immediately grabbed his drink cup and took a big gulp of juice before saying, ""It's so delicious! This taste is simply amazing!"

Seeing Song Rui's exaggerated performance, everyone became even more interested in the 'Buddha Jumps Over the Wall'. Without Xia Ruofei's order, they all started to taste it.

?

## Chapter 1352: Two main dishes (2)

Of course, with Song Rui's example, they were very careful when they ate. They would blow on the ingredients they picked up before putting them into their mouths.

Their actions at the beginning were still quite elegant, but when the food entered their mouths, Xu Zixuan, who was the most concerned about maintaining his demeanor, also became a little unsettled. He couldn't help but speed up the pace of chewing. Obviously, no one was snatching it from them, but they just couldn't wait to eat it in big mouthfuls.

Zhao Yongjun was the same. After eating the abalone, chicken, and pork trotter, he picked up the spoon and took a sip of the soup. After drinking it, he felt the rich fragrance in his mouth and couldn't help but exclaim loudly.

The Buddha Jumps Over the Wall soup had so many types of ingredients, and it was processed so meticulously. In the end, it had been stewed for a long time with the fire. Therefore, the essence of the ingredients had been integrated into the soup, and the taste of the soup was the best.

Therefore, everyone immediately changed to drinking the soup. For a time, the sound of slurping could be heard in the private room. Everyone stopped talking and focused on dealing with the small jar of 'Buddha Jumps Over the Wall' in front of them.

If it was the top rich people in the capital who saw Zhao Yongjun and the others eating without care for their manners, they would definitely be shocked.

Look at how inexperienced they are!

However, if they had tasted the 'Buddha Jumps Over the Wall' personally, they would probably not be any better than Zhao Yongjun and the others.

In a short while, everyone had basically finished the small jar of 'Buddha Jumps Over the Wall'.

Song Rui, who ate the fastest, even picked up the small jar and drank the rest of the soup.

Xia Ruofei put down his chopsticks before he finished eating. He picked up a towel and wiped his mouth. Then, he smiled and asked, ""How is it? This dish can be considered to have caught everyone's eyes!"

"It's more than that!" Hou Liang said, "I've eaten 'Buddha Jumps Over the Wall' before, and it was even made in a five – Star hotel. Only now do I know that compared to the one in sister-in-law's shop, they're not worthy of being called 'Buddha Jumps Over the Wall'! It's more like a ghost hitting the wall!"

“This taste is really good!” Zhao Yongjun also gave him a thumbs up.

Xu Zi Xuan asked curiously, “brother Xia, you just said ..... You personally improved this” Buddha Jumps Over the Wall “?”

Xia ruofei smiled and nodded.

Ling Qingxue said, “ruofei’s improved cooking method is a little different from the traditional ‘Buddha Jumps Over the Wall’. The taste is also much better than the traditional ‘Buddha Jumps Over the Wall’. Furthermore, he added some Chinese medicinal herbs into it. It’s also very good for health ...”

“What?” Liu Jian couldn’t help but exclaim, “there are medicinal herbs in it? Why can’t I smell any medicine?”

Xia ruofei used his chopsticks to pick out the Chinese medicine packet and said with a smile, “There! There should be some in everyone’s jars with Chinese medicine added. As for why there’s no smell of medicine ... Well, this is more advanced technology, so I won’t explain it in detail ...”

“Hahaha ...”

Everyone couldn’t help but laugh. Liu Jian joined in and said, “Brother Xia, you’ve already prepared such a high – tech dish for the first dish. Wouldn’t the next dish be filled with alien civilization?”

Xia ruofei smiled mysteriously and said, “There’s no alien civilization, but it’s definitely not worse than this Buddha Jumps Over the Wall. And this is a new dish, so in the future, Ling’s private kitchen will have two signature dishes!”

Song Wei could not help but be interested.

She had eaten ‘Buddha Jumps Over the Wall’ before. Even though she was still impressed by the deliciousness, she was not as surprised as Zhao Yongjun and the others. The new dish that Xia ruofei mentioned made her look forward to it even more.

“Then what are we waiting for? Hurry up and do it!” The foodie song Rui was even more eager.

“What’s the hurry?” Xia ruofei said calmly, “this dish was a little greasy. Let’s eat something light first and then drink some wine. Good food should be done step by step! Otherwise, no matter how delicious the food is, it will not achieve the desired effect. ”

“Alright, you’re keeping us in suspense,” Zhao Yongjun said with a smile. Alright! We guests do as the host does, so I’ll give my respect to ruofei first!”

“Alright!” Xia ruofei raised his glass and said, “brother Zhao, let’s drink!”

“Cheers!”

The two of them clinked their glasses on the table and drank the white wine in their glasses.

“Good wine!” Zhao Yongjun couldn’t help but praise.

His personality was similar to his father, general Zhao Cheng, and he had grown up in the military. He had no resistance to a top – grade liquor like Drunken Eight Immortals.

After finishing a glass, Zhao Yongjun immediately poured another glass and took the initiative to drink with Song Rui.

Song Wei also picked up her glass of half – Lon. She smiled and said, ""RUO Fei, Qingxue, let me give you a toast!"

"Alright!" Xia ruofei laughed as he poured himself more wine. "Oh right, I need your help with something!"

He was thinking about the ancient tomb that Song Wei had excavated previously. It was highly possible that there would be a world stone there. He had wanted to mention it to Song Wei a few times before, but he had been busy and had delayed it until now.

"Oh?" Song Wei said, "tell me! No matter what it is, I will do my best to help!"

Xia ruofei was Song Wei's Savior. Song Wei had always been grateful to Xia ruofei. She even had some feelings for Xia ruofei, but she had always hidden them well in front of Ling Qingxue.

"I'll talk to you about this in private after we come down!" Xia ruofei said after some thought.

Song Wei felt a little embarrassed. At the same time, she quickly glanced at Ling Qingxue guiltily. After seeing that Ling Qingxue's expression was normal, she let out a sigh of relief and said, "Alright then, give me a call when the time comes!"

Xia ruofei smiled and said, "okay!" Come, come, come, let's drink!"

Xia ruofei and Ling Qingxue clinked their glasses with Song Wei, and everyone toasted.

After a while, the steamed kun fish was finally served.

The Three Waiters each carried a plate and walked into the room.

Xia ruofei looked at him and smiled. ""The new dish is here! Comrades, prepare your praises!"

Zhao Yongjun and the others who were drinking and chatting immediately turned to look.

Song Rui looked at it and said in disappointment, ""So the main dish you were talking about was fish! And these fish aren't that big ... Even though there are three of them, it's not that many!"

Xia ruofei smiled mischievously and said, ""It seems that young master Song doesn't like this steamed fish! How about this ... You let me have your portion?"

"No way!" Song Rui immediately said warily.

Zhao Yongjun laughed and said, "it seems like song Rui isn't stupid!" For RUO Fei to seriously introduce it to everyone, it was definitely not an ordinary fish! RUO Fei, I didn't guess wrong, right?"

"Big brother Zhao, you have sharp eyes!" Xia ruofei smiled and nodded.

Because he was worried that it wouldn't be enough, Xia ruofei brought three beluga at once and asked Su Yu to steam them all.

The waiter placed the steamed kun fish on the table, and everyone's attention was naturally focused on the three fish.

Xia ruofei thought for a while and asked the waiter to divide the three fish, trying to give everyone the same amount.

Thus, the three plates of fish that had been served for a while were brought to the side by the waiter.

The waiter quickly divided the three steamed beluga into ten portions and placed them on small plates. Then, he distributed one portion to everyone.

"Try it!" Xia ruofei said with a smile.

Song Rui picked up his chopsticks and fiddled with them. He said with some disdain, "RUO Fei, why haven't you removed the scales? Your chefs must be slacking off!"

After he finished speaking, he was about to pick up the fish scale and throw it away.

Xia ruofei quickly shouted, "Hey!" That's the most delicious part, don't mess around if you don't understand!"

"What? Eat fish scales?" Song Rui was dumbfounded.

"Look at your ignorant face!" Xia ruofei said.

Then, he picked up a piece of fish with fish scales and put it in his mouth. He chewed it a few times, feeling the fresh and tender beluga meat and jelly – like fish scales exuding a delicious taste. He closed his eyes and revealed a trace of enjoyment.

?

Chapter 1353: Full meal (1)

"MMM, it's delicious!" Xia ruofei gave Ling Qingxue a thumbs – up and said, "Uncle SU's food is indeed the most authentic!" Qingxue, try it!"

When everyone saw Xia ruofei's slightly exaggerated expression, they couldn't help but be interested in the plate of fish in front of them.

Only Zhao Yongjun's eyes were not on the fish, but on Xia ruofei. He asked with uncertainty, "RUO Fei, this fish ... Could it be the legendary Chinese perch from the Yangtze River?"

Zhao Yongjun had seen a lot, at least he knew about the Yangtze River pomfrets. He had also tried the expensive artificial United States pomfrets on the market. The two kinds of pomfrets were close relatives and looked similar, so Zhao Yongjun felt a sense of familiarity when they were served.

Moreover, Xia ruofei had emphasized the deliciousness of the scales. Zhao Yongjun vaguely remembered that this was one of the special characteristics of the Chinese perch, so he couldn't help but ask.

After Xia ruofei heard this, he gave her a thumbs up and laughed. "Brother Zhao is indeed knowledgeable! He's not like some comrades who speak eloquently about food, but are actually just pure foodies ..."

Xia ruofei was the most familiar with Song Rui, so he did not hold back when he mocked him. Anyway, they were so close that no matter how much he joked, they would not really turn hostile.

Song Rui was depressed, but Zhao Yongjun was shocked.

He asked in surprise, "is it really a Chinese perch?" I heard that this fish is almost extinct! You actually took three at once ... Good boy! Such a big move ..."

Zhao Yongjun immediately slapped his forehead and said, "Something's wrong! No... You just said that this will be the new signature dish of sister-in-law's store, which means that there will be no problem with the supply of ingredients ... Since when can the Yangtze River pomfrets be supplied in batches?"

Xia ruofei smiled. "Brother Zhao, you're indeed from the Army. You're so meticulous! "

"Don't keep us in suspense ..." Zhao Yongjun said with a bitter smile. "Tell us, what's the situation? "

As for Hou Liang, he was even more dumbfounded. He said, "Jun bro, don't keep us in suspense. What's this Chinese perch you guys are talking about? How come I've never heard of it? "

Zhao Yongjun said, "I don't know much about it, but I know that this fish lives near the mouth of the Yangtze River. At a fixed time every year, it will go up along the river to lay eggs. That's why it's called pomfrets. " It was said that the Chinese perch was very delicious and was once a tribute to the Imperial court. Not only did the Emperor like it, but many scholars and poets also liked it. It was also said that many famous poets and lyricists had made famous poems about the Chinese perch! However, in the past 20 to 30 years, due to over-harvesting and environmental damage, the Chinese perch has basically gone extinct ..."

Zhao Yongjun's introduction stunned Hou Liang and the others. They didn't think that three ordinary-looking fish would have such a huge background and be so precious ...

"RUO Fei, is this really a Chinese perch? " Song Rui also became restless.

Xia ruofei smiled and nodded. "Brothers, I won't keep you in suspense. This is indeed a Chang Jiang Chinese perch, but it's not as rare as brother Zhao said. This is because our paradise Corporation has already developed the technology to artificially breed Chang Jiang Chinese perch in an artificial environment. Today's Chinese perch is the first batch of products on the market in our company's Chang Jiang Chinese perch cultivation workshop. "

"Artificial cultivation? " Zhao Yongjun couldn't help but exclaim, "how is this possible? The Chinese perch are known for their cowardice, and from what I know, there were government agencies that tried to breed them more than ten years ago. Of course, they did it to protect the species ... But they all failed. Reproduction is a big problem, and there's no solution ..."

Xia ruofei smiled and said, "we've solved the technical problem. Although the production will not be particularly large in the future, we can basically guarantee a continuous supply of pure Yangtze River

Pomfret. " Our baby fish are also the most authentic Chang Jiang Kun fish, and their bloodline is quite pure!"

Zhao Yongjun gave him a thumbs up. "This is amazing ..."

"Everyone, don't just listen to the story!" Xia ruofei smiled and said, " the steamed beluga cools down quickly. If you don't eat it now, it won't taste as good! "

As soon as Xia ruofei finished speaking, everyone picked up their chopsticks and reached for their plates expectantly. Even the elegant Song Wei and Ling Qingxue, who had already tried the Chinese perch, were no exception.

For a moment, the private room became very quiet. Only the sound of everyone chewing could be heard.

Xia ruofei also calmly picked up the fresh and tender fish and put it into his mouth. He was not worried about the attraction of the Chinese perch. He believed that the famous " three delicacies of Yangtze River " would definitely catch the most picky glutton. Zhao Yongjun and the others would not be an exception.

Sure enough, everyone didn't say anything because their mouths were too busy and they didn't have time to talk.

When the Pomfret in front of them was finished, Zhao Yongjun and the others started to praise the pomfrets.

In particular, the jelly-like fish scales had won a lot of attention. They had never heard of fish scales being so delicious, even more delicious than fish meat.

Xu Zi Xuan couldn't help but sigh: " ruofei, after coming to the three mountains and tasting such delicacies, when we return to the capital, I'm afraid the so-called delicacies of those star hotels and high-end clubs will taste like chewing wax ..... "

?

Chapter 1354: Full of wine and food (2)

"That's true ..." Zhao Yongjun was also happy. "Do you guys think we should thank ruofei? Or should we blame him for making our appetites too picky?"

"So I did something bad out of goodwill?" Xia ruofei's innocent expression caused everyone to laugh.

But song Rui's concern was obviously different from everyone else 's.

He asked, "ruofei, can you buy the Chinese perch from paradise Corporation in the capital?" I wanted to bring Yiyi to try the taste of this Chinese perch. "

When the dish was first served, Song Rui was a little disappointed. However, as an all – Natural foodie, he was the first to be conquered by the food. Not only that, but he also cared if his Yiyi could eat this dish.

Song Rui's question was obviously what everyone wanted to ask as well. Everyone's eyes were focused on Xia Ruofei's face.

On the other hand, Song Wei and Ling Qingxue had nothing to do with this.

Naturally, Ling Qingxue could eat it whenever she wanted to. On the other hand, Song Wei was mainly active in the three mountains. As long as Ling's restaurant had Yangtze River Chinese perch, it wouldn't be difficult for her to eat it.

Xia Ruofei said, "we're still communicating with the distributors. In general, other than setting aside a portion of San Shan market and ensuring the monthly supply of lingji food and beverage, there should be a portion that will be sold nationwide. In theory, you can buy it in the capital, but there might not be too much."

Xia Ruofei's words made everyone feel at ease.

As long as they could be sold in Beijing, there was no problem with the quantity. If they really wanted to buy it, they would definitely have a way.

Zhao Yongjun thought about it and smiled, "What channels are we still looking for? If we work together, your goods can be sold in the capital tomorrow!"

"Yeah! Such a good Pomfret, there's definitely no need to worry about sales!" Hou Liang said.

Xia Ruofei smiled and said, "I won't trouble you guys with such a small matter. If you really want to eat kun fish, you can contact me at any time! "I'll get someone to send it over!"

Then, he explained the quick-freezing transportation of pomfrets, the need to create momentum on the internet, and the considerations peach blossom company had for developing a brand. He mainly didn't want Zhao Yongjun and the others to misunderstand.

After hearing this, Hou Liang said, "brother Xia, I don't dare to say much about other things, but I can still contribute a little in terms of publicity. It's not difficult to create momentum on the internet. Moreover, I can also contact a few television stations to do some interviews or something. It's an online and offline collaboration! "

Xia Ruofei's interest was piqued. Although the mobile internet was very advanced and traditional media was gradually declining, the National television and those satellite channels in various provinces still had a lot of influence.

Moreover, the advantage of traditional media was its credibility.

Compared to the information on the internet, everyone had developed a habit of subconsciously trusting the information on television, radio, and newspapers. If they could coordinate with the television station to participate in the dissemination of information, the effect would be much better.

"I think liangzi's idea is pretty good!" Zhao Yongjun immediately replied, " Beijing TV, shencheng TV, etc., They have a lot of influence! And it's not that hard to coordinate the two."

"Then I'll have to trouble liangzi to ask around!" Xia ruofei did not stand on ceremony. He smiled and said, " I don't know much about the specific work. I'll get our company's Marketing Director to contact you later. "

"No problem! You can count on me!" Hou Liang said straightforwardly.

This group of hedonistic young masters were very reserved in front of outsiders, but when it came to Xia ruofei, they would not "only speak a little". Hou Liang directly took charge of everything.

Of course, he also had the strength to do so, so he didn't have to worry about messing things up.

Liu Zhe, who was standing at the side, could not help but feel envious when he saw Xia ruofei, Hou Liang, and the others settling such a big matter in such a short time.

In the past, he had been doing pretty well in Sanshan city. However, compared to Hou Liang and the others, he was much smaller.

At the same time, he was even more grateful to Xia ruofei. Being able to attend such a dinner and get to know Hou Liang, Zhao Yongjun, and the others was undoubtedly a great opportunity for him.

Wei Jun had been a little reserved. After Xia ruofei and the others finished talking about this, he asked curiously, ""Brother Xia, this Chinese perch must be very expensive, right?"

Xia ruofei said calmly, "our initial price is 3888 Yuan per 500 grams. I think there should be a lot of people who can afford it. This is because the kun fish is generally not very big. Like today's fish, it's only around 200 grams ..."

Hou Liang did some mental calculations and said, "So, this dish tonight will cost more than 20000 Yuan?"

Song Rui looked at Hou Liang with some disdain and said, ""That's the price for the Chinese perch. Don't tell me the hotel doesn't make money? I think it's even possible to double ..."

"Did we eat 40000 to 50000 Yuan for this dish tonight?" Xu Zi Xuan couldn't help but be a bit speechless.

To Xu Zi Xuan and the others, a meal of tens of thousands of Yuan was considered normal. Sometimes a bottle of wine was worth hundreds of thousands, but that was the best weapon for showing off. If it was just a dish of forty to fifty thousand Yuan, it still sounded a bit scary.

Xia ruofei smiled and said, "we're all brothers. Isn't it too vulgar to talk about money over a meal?"

"Besides, that's the supply price. In fact, our cost isn't that high ..."

"No matter what, if we go to a hotel to eat, we'll have to spend that amount!" Xu Zixuan said, "brother Xia is too open – minded! This level of hospitality is even higher than the state banquet!"

Quite a few of these guys had freeloaded on the state banquet before.

"Brother Xia, you're so generous!" Hou Liang and the others also noisily echoed.

“Come, come, come, let’s toast to RUO Fei!” Zhao Yongjun laughed as he raised his glass. “To his warm reception, cheers!”

In fact, he hadn’t drunk for a while, and his appetite was getting a little restless again. He finally found an excuse, so he immediately brought a glass of wine.

After tasting the two main dishes, the lighter vegetables were served, followed by sweet soup, desserts, and fruits ...

Ling Ji’s private kitchen was a high – end specialty, and the ingredients used were all first – Class. The appearance of the dishes was also quite good, and even this group of well – informed nouveau riche in Beijing couldn’t help but sigh in admiration.

In fact, Hou Liang had been constantly egging Ling Qingxue on to open a branch in Beijing as soon as possible.

One could imagine that if Ling Ji private kitchen really opened a branch in Beijing, the number of customers that Hou Liang and the others would be able to bring in would be enough to keep them busy.

Xia ruofei’s girlfriend opened a shop in the capital. Wouldn’t these guys go and support her?

Ling Qingxue was also moved by his words. She said that she would suggest to her father to put it on the agenda as soon as possible.

After the meal, Zhao Yongjun suggested, “Brothers, have you all eaten and drunk well? Why don’t we ... Go out and take a look at those goods?”

“Alright!”

“I’ll have some after – meal games to digest my food!”

“That makes sense! Brother Xia and sister – in – Law are too good at entertaining me, I’m a little full. ”

This group of people were not afraid of anything. They were famous in the capital for being reckless, and they were even more courageous when they came to the three mountains, so they were all eager to give Zhao Yongjun’s proposal a try.

Xia ruofei said, “then let’s go out and take a look!” But I’ll still say it, if you can avoid using violence, then don’t use violence. We’re all refined people!”

“Let’s go!” Zhao Yongjun stood up and walked out.

By the wall, Tian Xiaojun and the others were on the verge of despair. Their bodies were so cold that they were about to turn into popsicles.

However, Zhao Yongjun and the others were too powerful. They didn’t dare to leave, so they could only squat there.

When he heard the courtyard door creak, Tian Xiaojun helplessly turned his head to look at the courtyard door. The door had creaked many times that night, but it was always the waiters coming in and out. At the beginning, Tian Xiaojun would look at the door with anticipation, but now he was a little numb to it.

When he saw the tall Zhao Yongjun walk out of the courtyard and walk straight towards them, Tian Xiaojun was stunned for a moment, then he reacted. A trace of anticipation welled up in his heart, but at the same time, he was very nervous, not knowing how Zhao Yongjun and the others would deal with him.

Seeing that Zhong Zixin and Xia Ling were still squatting there in a daze with their heads down, Tian Xiaojun quickly pushed them.

At this time, Zhao Yong Jun and the others had already walked in front of Tian Xiao Jun and the other two, forming a semi – Circle behind them.

Tian Xiaojun tried his best to squeeze out a flattering smile. He raised his head and said, "Young master Zhao! Hello ..."

Zhao Yongjun's cold eyes shot over and he asked indifferently, "You're Tian Xiaojun?"

?

Chapter 1355: losing the wife and the Army (1)

Tian Xiaojun quickly nodded his head like a chicken pecking at rice and said, "Yes, yes, yes, young master Zhao. I'm Tian Xiaojun."

Zhao Yong Jun and the others didn't say anything. Although Tian Xiao Jun's legs were numb, he didn't dare to stand up.

Zhao Yong Jun looked at the embarrassed Tian Xiao Jun and said, "I heard that you're quite bold! You even dare to take the company shares of my brother, Zhao Yongjun ..."

Tian Xiaojun's body trembled as he quickly replied, "Young master Zhao, we were blinded by greed and failed to recognize your greatness ... I ... I really didn't know that Xia ... Young master Xia was your brother!"

"If RUO Fei isn't our brother, then you can openly snatch his company's shares?" Zhao Yongjun's eyes narrowed. "It seems like we've done this before!"

"No, no, no... I wouldn't dare ..." Tian Xiaojun said anxiously, "this is the first time ..."

If it was someone else, Tian Xiaojun might have tried to defend himself, saying that he had misestimated the value of paradise Corporation. However, in front of the famous Zhao Yongjun, he didn't even dare to mention such a weak excuse and admitted it.

The only thing he could do was to pray that Zhao Yongjun and the others didn't make things too difficult for him. It was basically impossible for him to escape unscathed.

"Tell me! How are we going to solve this?" Zhao Yong Jun was calm and unruffled. He looked down at Tian Xiao Jun and asked, "you guys came all the way from the capital to try and steal my brother's property, and even threatened him. You can't just let this matter go, right?"

"Young master Zhao, we're in the wrong ... We ... We'd like to apologize to young master Xia ..." Tian Xiaojun said with a long face.

"Apologize?" Zhao Yongjun pouted and said, "if an apology is useful, why do we need the police?" he said from an idol drama that was once popular on the streets.

Tian Xiaojun was stunned for a moment, then he asked weakly, "Then ... How does young master Zhao want to solve this? As long as I, Tian Xiaojun, can do it, I will not even frown!"

He could still be considered a Bachelor. Since he had already admitted defeat, then he would just draw a line! If he really couldn't do it, then he could only do it with this hundred Jin of bones.

"Don't talk to me about these useless things!" Zhao Yongjun scolded him, "why are you acting like you're all high and mighty with me! When I was fighting with the people from the Naval military compound, you were still peeing in some corner!"

Liu Zhe, who was watching from the side, couldn't help but show a trace of embarrassment. According to the time, when Zhao Yong Jun lived in the courtyard, Tian Xiaojun was most likely living in the "corner" of the San Shan mountain with his father!

Xia ruofei did not know much about Tian Xiaojun's background. He, song Rui, Hou Liang, and the others were all watching the show with relaxed smiles on their faces.

Zhao Yong Jun was the most powerful person in their group, and he was the most suitable person to deal with Tian Xiao Jun and the others.

Tian Xiaojun was so scared by Zhao Yongjun that he was trembling all over. Zhong Zixin, who was at the side, was even worse. She pouted and started crying. The heavy makeup on her face was washed away by her tears, and her face was immediately disfigured.

Zhao Yongjun frowned and said, "what are you howling for?" People who don't know better would think that I did something to you! I don't have such bad taste!"

Zhong Zixin quickly stopped crying and lowered her head in shock and fear. This trip to the three mountains was like a nightmare to her.

"Alright, stand up and talk!" Xia ruofei couldn't stand it anymore and stepped out.

Tian Xiao Jun was stunned for a moment, and subconsciously looked at Zhao Yong Jun.

"Don't you have ears?!" Zhao Yongjun said unhappily. Didn't you hear my brother ask you to get up? Or do you like to squat all the time?"

"No, no..." Tian Xiaojun quickly replied.

Then, they immediately stood up. However, their legs were already numb after squatting for so long. They couldn't help but stagger when they suddenly stood up.

Tian Xiaojun hurriedly held onto the courtyard wall, looking extremely disheveled.

Zhao Yongjun pouted, "ruofei, you're too soft – hearted!" If we don't teach them a lesson, they won't learn from it!"

Song Rui fully supported Zhao Yongjun this time. He also said, ""Yup! Ruofei, I'm doing a good deed! If they were not properly disciplined, sooner or later, they would be scammed! I think their fathers should send us a letter of thanks!"

Xia ruofei glanced at song Rui and said, ""Do you want me to make you a silk banner?"

Song Rui smiled and said, "that's not bad!" I'll hang it in my office!"

"Go to hell!" Xia ruofei laughed and scolded.

Then, he walked up to Tian Xiaojun's group of three, who were cowering, and said indifferently, "Deputy Director Tian ..."

"I wouldn't dare!" Tian Xiaojun lowered his head and said humbly, "young master Xia, you can just call me by my name!"

Previously, in the private room in the courtyard, Xia ruofei had addressed Tian Xiaojun as "Deputy Director Tian". Tian Xiaojun was still unhappy and thought that Xia ruofei was deliberately disrespecting him. According to the unspoken rules of the officialdom, one should at least address him as "Deputy Director Tian". The word "Deputy" would only appear in official documents.

However, the same person, the same form of address, now made Tian Xiaojun feel like he was sitting on pins and needles, and he felt that he could not bear it.

"Tian Xiaojun, do you understand what brother Zhao just said?" Xia ruofei smiled.

?

Chapter 1356: losing the wife and the Army (2)

Tian Xiaojun put on a pitiful expression and said, "Young master Xia, we really didn't mean to offend you. We really didn't recognize you ... But we did offend you, so we should apologize ..."

Zhao Yong Jun's eyes widened, Tian Xiao Jun was scared and quickly said: "Compensate me! We'll pay!"

"Speak clearly! How much should he pay? How do you want to compensate?" Zhao Yongjun said impatiently.

"Twenty ... No! Three hundred thousand!" Tian Xiaojun said with a pained expression.

This time, he had really suffered a double loss. Not only did he not get any benefits, but he also got himself into trouble and lost a sum of money for no reason. He was really unlucky.

Tian Xiaojun and the other two weren't the children of rich and powerful families, otherwise, they wouldn't have been so embarrassed about the peach blossom company's business.

Besides, even if their father's generation had a lot of property of unknown origin, they didn't dare to spend it!

Therefore, 300,000 Yuan was not a small amount to Tian Xiaojun and the others.

When Zhong Zixin heard this from the side, she couldn't help but feel so distressed that the corner of her mouth twitched.

This money was definitely going to be split among the three of them, and she and Xia Ling might even have to pay more. She knew Tian Xiaojun's character the best.

When Hou Liang heard this, he could not help but berate, "Tian Xiaojun, are you trying to get rid of a beggar?"

"300000 ... You really have the nerve to say that!" Xu Zi Xuan also said with disdain.

If they were to count the Drunken Eight Immortals liquor, their dinner tonight would have cost more than a hundred thousand Yuan. However, Tian Xiaojun had only paid three hundred thousand Yuan for such a huge mistake. This made Hou Liang and the others feel like they had been humiliated.

Could it be that this was the only effect they could achieve when they came forward together?

Zhao Yong Jun also said coldly, "Tian Xiao Jun, you mean ... Me, Song Rui, Liu Jian, Hou Liang, Xu Zi Xuan, Wei Jun, and my brother RUO Fei, all of our faces added together, are only worth a mere 300000?."

Every time Zhao Yong Jun reported a name, Tian Xiao Jun couldn't help but shiver.

Among these names, other than Wei Jun and Xia Ruofei, he could not afford to offend any of them. In fact, in Tian Xiaojun's heart, Xia Ruofei was the most terrifying one.

It was because the people above that he could not afford to offend were all on good terms with Xia Ruofei and even treated him as the center of attention.

"Young master Zhao! Young master Xia! We really don't have any money!" Tian Xiaojun said with a sad face.

"If you don't have money, why did you learn to invest?" Zhao Yongjun said mercilessly, "if you don't have money, why did you swagger to Sanshan?"

"Let's ... Let's pool our money together. At most ... At most, we can take out 40...450000!" Tian Xiaojun gritted his teeth and said, "young master Zhao, this is really the limit of our abilities ..."

In fact, if he asked his family, he could even get four million Yuan, let alone four hundred thousand Yuan. But how would Tian Xiaojun dare to do that?

If he couldn't settle this matter today, he would be beaten to death by his father when he returned!

No matter how rich his family was, he didn't dare to reveal any of it tonight!

The 450,000 Yuan He mentioned was all legitimate income with evidence. As for the gray income in their family, if any bit of it were to be leaked tonight, it could be a big disaster.

Because Tian Xiaojun couldn't confirm Zhao Yongjun's true purpose, what if they wanted to kill him? Then wouldn't this money be the evidence that came to his door?

Xia ruofei didn't care about the money at all. Three hundred thousand, four hundred thousand, or even five million were just a string of numbers to him. After a few ten – million – dollar auctions and the limited purchase of the jade skin cream that had a revenue of over a hundred million, Xia ruofei wouldn't even bat an eye when this little money was placed in front of him.

However, he was the same as Zhao Yong Jun and the others, he didn't want to let Tian Xiao Jun and the others off so easily.

Xia ruofei thought for a moment and asked, ""Deputy Director Tian, aren't you being a little insincere? In the private room this evening, you guys claimed that you would take out a million to invest in our paradise Corporation!"

Tian Xiaojun's face turned bitter.

If he could really get 51% of the shares of paradise Corporation, he would naturally have a million Yuan, but he would definitely have to scrape it together or ask his family for help.

But this was not the time to buy shares! This was compensation!

Was he going to owe a huge debt because of this?

Zhao Yongjun's eyes widened. ""That's right! Don't tell me you didn't even want to give me this one million Yuan at that time, and just wanted to eat the shares of the Paradise company?"

"No, no!" Tian Xiaojun quickly said, "we definitely have to give it to him ... But ... If we reach an agreement, we ... We have to go and borrow money ..."

"Then go and borrow it!" Xia ruofei said without hesitation.

He coldly glanced at Tian Xiaojun and said, ""Since you dare to use one million to eat up 51% of my shares, then you should be prepared to lose this one million!"

"One million and you'll let them go?" Zhao Yongjun looked at Xia ruofei and said, "isn't this letting them off too easily?"

Tian Xiaojun wailed in his heart, this is cheap? One million Yuan was enough for him to live a year of leisure!

Xia ruofei smiled. "Brother Zhao, please leave them a way out. There's no need to force them into a dead end."

Tian Xiaojun and the other two wanted to cry but had no tears. They asked for a million Yuan, and they still wanted to leave a way out? What if he left no room for negotiation? Would the three of them be bankrupt?

Zhao Yongjun shrugged. "Don't explain ... You're just too soft – hearted!"

Xia ruofei laughed and looked at Tian Xiaojun, saying, "Deputy Director Tian, have you made up your mind? Let's use a million to settle this matter, or let big brother Zhao and the others use our own methods to solve it?"

Tian Xiaojun couldn't help but shiver. He didn't even discuss it with Zhong Zixin and Xia Ling and quickly said, "Good! A million it is! Just take it as our apology to young master Xia!"

Xia ruofei nodded and said, "I don't want this one million either. Our paradise Corporation has a Charity Foundation. I'll give you three days to donate this money anonymously to our Charity Foundation. You must also ensure that the money comes from a clean source! Can you do it?"

Of course, Xia ruofei wouldn't let people talk about him for a million dollars. Previously, in order to thank Xia ruofei for curing Tang Haoran, Australia's Tang Yitian had donated ten million dollars to set up a charity fund in paradise Corporation. Now that he had received the one million dollars in the name of the charity fund, there was no problem at all.

Moreover, the accounts of the charity fund were public. In addition to the normal operating costs, most of the charity funds would be used for charity. It could be considered as washing away some of the sins of Tian Xiaojun and his group!

Tian Xiaojun felt as if all the bones in his body had been pulled out. His heart ached so much that he clenched his teeth. However, Tian Xiaojun did not dare to disobey Xia ruofei's question and quickly replied, "No problem! No problem! We'll raise the money tomorrow! I'll definitely pay you on time!"

Xia ruofei nodded and said, "alright, that's my first condition!" The second ..."

Tian Xiaojun's face turned pale. He had thought that one million Yuan would be enough to buy peace. He did not expect that this was only the first condition. What about the other conditions? Do you still want me to live?

Xia ruofei smiled. "Don't worry. I only have two conditions. The second one shouldn't be too difficult for you."

Tian Xiaojun let out a sigh of relief in his heart. He said somewhat awkwardly, "Young master Xia, please speak!"

Xia ruofei said calmly, "the second condition is ... After you go back, spread what happened today in the circle. I don't want any flies or mosquitoes to come after the smell of money."

In front of Tian Xiaojun and the other two, he had clearly said that they were disgusting flies and mosquitoes, but Tian Xiaojun and the others had to listen obediently. This was true strength.

After hearing Xia ruofei's condition, Tian Xiaojun and the other two's faces turned pale. The three of them looked at each other with a troubled expression.

?

Chapter 1357: You are always too soft – hearted (1)

It was quite embarrassing to be beaten up instead of acting tough.

Although one million Yuan made Tian Xiaojun and the others 'hearts ache, it was not a serious injury. However, they were in this circle and they cared about their face the most. Moreover, if they had to spread this news everywhere, it would be worse than killing them.

Xia ruofei knew the mentality of these rich men like the back of his hand. He stared at Tian Xiaojun with a burning gaze and said, "Is there a need to be so difficult?"

"Young master Xia, we ... We ... Can't you change your condition?" Tian Xiaojun said with a long face. "Why don't we ... Pay more?"

If they really couldn't do it, they could ask their families for help. It wouldn't be a problem even if they took out an extra million Yuan. However, it was a little hard for them to announce it in their circle.

Xia ruofei frowned and said, "Tian Xiaojun, is your brain frozen?" "You're actually haggling with me?"

"I wouldn't dare, I wouldn't dare, young master Xia, I ..." Tian Xiaojun quickly replied.

"I've made it very clear. I don't want such a thing to happen again in the future!" Xia ruofei said sternly, "you don't think I'm so bored that I'm going to slap you in the face, do you?"

"No, no... I didn't mean it that way ..." Tian Xiaojun said in a panic.

"I'll tell you this!" Xia ruofei said, "this matter definitely needs to be well publicized. However, one shouldn't trouble two people for the same matter. Since you guys started this, you guys should handle it!"

At this point, Xia ruofei's eyes turned cold. He glanced at Tian Xiaojun and continued, "If you really don't want to, then let big brother Zhao and the others go back and spread the word. It's not a big deal. However, today's matter won't be over so easily ..."

Tian Xiaojun's heart trembled and he quickly said, "Young master Xia, there's no need to trouble young master Zhao and the others with such a small matter! We'll go back and inform our friends and brothers, and let them spread the news. I guarantee that such a thing won't happen again in the future!"

He finally understood the situation.

This wasn't something he could hide just because he wanted to. It was too easy for Zhao Yongjun and the others to spread word among the rich kids in the capital. It was a hundred times easier than Tian Xiaojun. If Zhao Yongjun wanted to, he could spread the news all over the capital overnight. There was no point in the three of them hiding it. They would offend Xia ruofei for no reason.

The matter had almost been settled. If Xia ruofei were to be disgusted by this, it would not be worth it.

As for face, that was of course very important.

However, if he still wanted to save his face when he knew that he couldn't save it, he wasn't just stupid. He was brainless.

Xia ruofei finally showed a satisfied smile. He nodded and said, "As long as you do these two things well, I'll forget about today's matter,"

Tian Xiaojun quickly said with tears of gratitude, "Thank you, master Xia. Thank you ... Thank you for your magnanimity ... Thank you ..."

Zhong Zixin and Xia Ling also repeatedly expressed their thanks. The two of them were also scared out of their wits.

Especially Xia Ling, who had been the loudest. He didn't even dare to meet Xia ruofei's eyes. As long as Xia ruofei looked over, he would immediately lower his head in guilt.

"Go!" Xia ruofei waved his hand as if he was shooing away a fly.

Tian Xiaojun and the other two bowed to Xia ruofei as if they had been granted Amnesty. Then, they bowed to Zhao Yongjun and the others, and ran away like stray dogs.

As he was leaving, Tian Xiaojun saw Liu Zhe standing in the crowd. He had mixed feelings.

He knew very well that after tonight, Liu Zhe would be considered to have climbed up the social ladder. He would not dare to order Liu Zhe around anymore.

Furthermore, no matter how angry he was at Liu Zhe for what had happened today, he did not dare to blame it on Liu Zhe. He had seen how Hou Liang had been so close to Liu Zhe.

After Tian Xiaojun and the rest left, Xia ruofei and the rest were ready to return.

Everyone came to the door of Ling Ji's private kitchen, and Liu Zhe was the first to say, "Brother Xia, Big Brothers, I'll be going back first. Everyone should be at the three mountains these few days! I hope that everyone will give me a chance tomorrow to do my part as the host!"

Xia ruofei also smiled. "Liu Zhe is more familiar with the three mountains than I am. We can ask him to be our guide!"

Liu Zhe knew that Xia ruofei was helping him. He was extremely grateful and quickly said, "Yes, yes, yes. I'm very familiar with the places to eat, drink, and have fun in this area!"

Zhao Yongjun and the others were very respectful to Xia ruofei, so they all expressed their gratitude to Liu Zhe for his suggestion.

When Liu Zhe left, he felt as if he was stepping on cotton. It wasn't because he had drunk too much that night, but because this experience was too dreamy.

When Xia ruofei and the others were dealing with Tian Xiaojun's matter, Liu Zhe had already asked Song Wei about it. Zhao Yong Jun and the others' background was much more impressive than he had imagined.

Whether it was elder song, general Zhao Cheng, or the elders of the others, their names were like thunder to Liu Zhe's ears. He would probably be shocked if he told his father about them.

?

Chapter 1358: You are always too soft – hearted (2)

Of course, the biggest possibility was still surprise.

This kind of opportunity was not something that could be encountered and grasped easily.

After Liu Zhe left, Xia ruofei smiled and said, ""Brother Zhao, I'll arrange for you to stay at the hostel on the farm tonight. Don't mind the simplicity!"

"What do you mean!" Zhao Yongjun said, "it's my brother's farm. Who would dare to despise it?"

"That's right! I think this is the best arrangement!" Xu Zixuan also smiled and said, "where can't I stay in a hotel? Since we're already at Mt. Three, it's more interesting to live on the farm!"

Xia ruofei looked at song Rui with a smile and asked, ""What are your arrangements? Are you coming with us or going back to your own home?"

When song Rui came to San Shan to work at the song family's company, his family bought him a high – end apartment in San Shan.

Song Rui said without hesitation, "we're definitely going to Taoyuan farm!" RUO Fei, I came here with big brother Zhao and the others, and I'm also a guest. You can't just leave me alone, right?"

"If you want to go, then go. Why are you talking so much nonsense?" Xia ruofei said mercilessly, "aren't you just worried that we'll be eating all the good food?"

Seeing that his thoughts had been exposed by Xia ruofei, song Rui did not feel embarrassed. He just chuckled and said, ""In any case, I'm sticking to you ..."

Xia ruofei pretended to be afraid. He looked around and said, "Don't you harm me, kid! I'm straight! Besides, my wife is right here!"

Song Wei and Ling Qingxue immediately covered their mouths and laughed.

"Nonsense! I'm straight too!" Song Rui said, "I think you're the one who's trying to harm me! Song Wei, don't listen to this guy's nonsense. If it gets to Yiyi's side, I won't be able to clear my name even if I jump into the Yellow River!"

Song Wei held back her laughter and said in a serious tone, "As a responsible friend, I'll tell her everything I saw and heard. It's up to her to make her own judgment ..."

"Don't mind me!" Song Rui quickly said, "I'm considered your uncle, right? Isn't what you're doing considered treasonous?"

It was fine if song Rui didn't mention it, but once he did, Song Wei smiled even more mischievously and said, ""Oh, right! We're still a generation apart!"

"You just found out?" Song Rui said proudly.

Unexpectedly, Song Wei's tone changed and she said leisurely, "So ... You're Yiyi's uncle too? Yiyi and I are the best sisters! Uncle song Rui, do you think ... If you get together with Yiyi, it'll be considered ... That?"

Song Wei was a girl after all. She was shy and couldn't say those two words. She could only blush and give a vague reply.

However, the meaning was already very clear. Song Rui's hair stood on end when he heard that. He quickly said, "It's my fault, it's my fault ... Don't call me Uncle Song Rui, I'll call you great aunt, okay? Lady Song, please don't do anything bad! This is related to my lifelong happiness!"

Xia Ruofei couldn't help but find it funny when he saw Song Rui's surprised look.

Of course, he knew that Song Rui was acting as well. Otherwise, he would not have such an exaggerated expression. However, Xia Ruofei still came out to help him. "Alright, alright! Song Wei was just joking with you! During this period of time, Song Wei has been speaking up for you on Zhuo Yiyi's side. If you two are together, the first person you should thank is her!"

Only then did Song Rui put away his cheeky smile and said seriously, "That's for sure! No matter what, we still have to thank Song Wei!"

"I didn't do anything ..." Song Wei waved her hand and smiled.

Song Rui and Song Wei's joke attracted everyone's attention.

"By the way, sister-in-law, are you coming back to the farm too?" Zhao Yongjun asked with a smile.

Ling Qingxue's face turned red and she quickly said, "I ... I'm not married to Ruofei yet. We don't live together ..."

Zhao Yongjun laughed and said, "brother Xia is still so conservative?" Everyone's here today, let's go and have some fun!"

"I still have something to do at home. My dad is still waiting for me to go back!" Ling Qingxue hesitated for a moment before saying, "big brother Zhao, you guys have fun at the farm. I won't be going ..."

Xia Ruofei actually hoped that Ling Qingxue would go back with him. However, he knew that Ling Qingxue was shy. There were so many people present today, so she definitely would not go.

Therefore, although he was a little disappointed, he quickly said, "Qingxue, you should go back early too! By the way, remember to tell Uncle Ling about opening a Ling's private kitchen branch in Beijing and see what he thinks!"

Zhao Yongjun immediately said, "yes, yes, yes. Sister-in-law, just tell Uncle. As long as you're willing to open a branch in Beijing, we can help you with all kinds of problems. You just have to focus on opening a branch and making the best food!"

"Okay, I'll tell my dad when I get home," Ling Qingxue nodded.

"Oh right, you also drank a bit just now, so don't drive!" Xia Ruofei said, "or ask the company's driver to send you."

"I brought my chauffeur here, why don't you come with me?" Song Wei quickly said. I'll send her home first ..."

"There's no need to go through so much trouble ..." Ling Qingxue hurriedly said.

"It's no trouble, no trouble!" Song Wei smiled and said, "it's just something along the way. This way, RUO Fei can be more at ease!"

Then, Song Wei looked at Xia ruofei.

"That's good," Xia ruofei said immediately, "send me a WeChat message when you get home, so I won't worry ..."

After he said those words, he immediately felt that it was a little inappropriate. If he said it to Ling Qingxue alone, there would definitely be no problem. However, with Song Wei added in, it felt a little ambiguous.

However, in this specific context, he couldn't possibly say Ling Qingxue directly and not Song Wei. That would give people a feeling of awkwardness.

Therefore, it was almost a slip of the tongue.

Ling Qingxue didn't feel anything out of the ordinary. She smiled sweetly and said, "Alright!"

Song Wei's face heated up. She glanced at Xia ruofei and nodded.

Zhao Yongjun and the others were all experienced. After seeing this scene, they couldn't help but reveal a meaningful look in their eyes.

After sending Song Wei and Ling Qingxue to the car, Xia ruofei and the rest took the car to Taoyuan farm.

Song Rui had brought two MPVs along with Xia ruofei's Knight XV SUV. There was definitely more than enough space for six to seven people.

However, everyone had drunk, so Song Rui had hired three drivers. When they returned, they would leave one van at the farm as a backup, and the three drivers could take the other van back to the city.

If he didn't make the necessary arrangements, it would be impossible for him to get a taxi back to the city at a place like Taoyuan farm in the middle of the night.

Everyone drank to their heart's content that night, so they had a lot of conversation along the way.

Zhao Yongjun and Xia ruofei were in the same car. It was Xia ruofei's Knight XV.

The street lights outside the car window flashed quickly. Zhao Yongjun leaned back in his seat and suddenly smiled. "Ruofei, you're still too low – Key ..."

Xia ruofei was stunned for a moment, then he smiled and asked, "Big brother Zhao, why would you suddenly say that?"

Zhao Yongjun laughed and said, "you see, it's only been a few days. Before, you were a small fry in Tongren Hall. Today, it's Tian Xiaojun, an insignificant figure. All of them dare to challenge you. If you were a little more high – Profile, would there be so many bad guys appearing?"

Xia ruofei smiled bitterly and said, "I don't like to show my face in public ... But didn't I ask Tian Xiaojun to go back and do some publicity tonight?" This kind of trouble should be less in the future. "

Zhao Yongjun shook his head. "With my personality, I wouldn't let Tian Xiaojun and the others off so easily. Only when you hurt him will the others be afraid. This is called killing the chicken to warn the monkeys ..."

"Come on!" Xia ruofei smiled and said, "your names are a little scary. The effect will be the same whether I kill this chicken or not!"

"That's why I've always said you're soft – hearted!" Zhao Yongjun said with a smile.

Xia ruofei couldn't help but smile bitterly. If it was Lone Wolf's enemies who heard Zhao Yongjun's comment, what would their reaction be?

However, they would never know the answer, because they had already gone to hell.

"Ruofei, are you interested in doing something with us?" Zhao asked suddenly.

?

Chapter 1359: Don't let your own fertile water flow into others "fields (1)

"Do business together?" Xia ruofei was stunned.

"Don't get me wrong, ruofei!" Zhao Yongjun laughed. "We're not like Tian Xiaojun, who has his eyes on your company ..."

Xia ruofei smiled and waved his hand, "why would I?" Besides, if brother Zhao really wants to invest, I can give up some of the company's shares!"

Zhao Yongjun chuckled. "No need, no need. We've seen the potential of paradise Corporation. We won't take advantage of this!" Otherwise, my dad will break my legs when I get back!"

"Is it that serious? It's normal for brothers to help each other out. " Xia ruofei said with a smile.

He wasn't actually willing to sell the company shares, but if Zhao Yongjun really asked, he could accept a small amount of shares.

However, if that was the case, the friendship between everyone would more or less change.

Zhao Yongjun was well aware of this. At his level, he no longer craved for money. He valued Xia ruofei more, so he naturally wouldn't request to invest in paradise Corporation.

"We definitely won't touch the Paradise Corporation!" He said without hesitation.

Xia ruofei laughed and shrugged. "Then do as you wish! But don't blame me for not being loyal! By the way, What do you mean when you said we'll work together?"

Zhao Yongjun laughed. "It's Liang's idea. We all have some spare money and want to use it to do something. Just treat it as having fun!"

"Oh? Do you have any specific ideas?" Xia ruofei asked.

“Liang’s trying to start a bar! In fact, it’s more convenient for us to have a gathering and drink. Earning money is secondary.” Zhao Yongjun said, “but I feel that the bar is a little too low class. If you follow my plan, it’s best to set up a comprehensive Leisure Club. Of course, it’s mainly to serve the brothers themselves.”

Zhao Yongjun turned around and smiled at Xia ruofei. “But I still want to ask for your opinion and see if you have any better ideas! Your business is the best among us!”

Xia ruofei forced a smile. “Actually, I don’t know how to do business. Our paradise Corporation mainly relies on our products to win. If it were someone else who could develop such a product, the company might be able to run better.”

Xia ruofei wasn’t being modest. If he was really a business genius, with Xia ruofei’s qualifications, paradise Corporation might be much better than it was now.

It was mainly because Xia ruofei’s own business strategy was not very radical. Besides, he was a little lazy and was not very keen on the expansion of capital.

Otherwise, it would be impossible for the company to develop to a value of more than one billion and still not have a single cent of bank loans.

Doing business was about money begets money. Basically, they would borrow as much money from the bank as possible and then use it to develop the company.

Compared to the dividends brought about by the company’s expansion, that little bit of bank interest was nothing.

It could be said that there were almost no big companies that had zero debts. Strictly speaking, Lao Godma’s family was probably the only one in the whole of China!

“Woof! You’re really not humble!” Zhao Yongjun said with a smile.

“I’m not being humble?” Xia ruofei was stunned.

“I’m saying that you’re not humble at all when it comes to paradise corporation’s products!” Zhao Yongjun said with a smile.

“It’s the truth!” Xia ruofei said, “I didn’t lie about the jade skin cream, did I?”

“That’s true! This is truly a phenomenal product!” Zhao Yongjun had nothing to say about this solid evidence.

Xia ruofei smiled proudly and said, “Brother Zhao, I agree with you on the whole. If we really want to do something together, the bar would seem a little small. It’s not bad to have a comprehensive club. It doesn’t matter if we make money or not. I’m quite attracted to a good environment, safe, and well – equipped place to eat, drink, and have fun!”

“Yeah!” Zhao Yongjun nodded. Besides, for a business like a Leisure Club, the main point isn’t profit. Although profit is inevitable, I value its added value more.”

Xia ruofei nodded in agreement. He knew what Zhao Yongjun meant.

Zhao Yongjun continued, "and I have another idea. I had a meal at my sister-in-law's private restaurant tonight. I think the food is quite good, especially the two dishes you recommended. It's so much better than the Royal food and Palace food in the capital!" That's why I suggested that you open a branch in Beijing, right?"

Xia ruofei nodded and looked at Zhao Yongjun, waiting for him to continue.

"If we all work together to build a club," Zhao continued, "actually, sister-in-law's private restaurant can be part of the club!"

Xia ruofei said hesitantly, "As his future father – in – Law, I might not agree. His food and beverage group is also a chain business, and all of them are directly operated. There are no alliance Stores. If he wants to open a branch in Beijing, he must have absolute control over the branch. If he wants to join a club ..."

"What are you thinking?" Zhao Yongjun smiled and said, "I'm not talking about making Ling's private kitchen a part of the club. In fact, many star – rated hotels and private clubs' restaurants are independent or outsourced. We can also do this! The Ling's private kitchen is still independent, but they chose to store it in our club and only provide services to the club's members. The financial side will settle the bill with the club. This is also a strong Alliance!"

?

Chapter 1360: Don't let your own fertile water flow into others "fields" (2)

Hearing this, Xia ruofei was interested. He smiled and said, "Brother Zhao, your suggestion is quite interesting ..."

For Ling Xiaotian, his main base was in the southeast province, mainly in Sanshan city. At the moment, his main energy was still expanding in the province. If he could open a branch in Beijing to make a name for himself, it would naturally be very good. However, the biggest problem he faced was that he was not familiar with the people and the place.

If he cooperated with Zhao Yongjun's Club, he would have no more worries. He just had to focus on running the private restaurant and constantly improving the quality of the dishes.

Moreover, the profit points of such high – end clubs were generally quite high. The most important thing was that the customers in the clubs were basically all upper – Class people. It was indeed a good choice for the brand plan of the lingji F & B group.

Zhao Yongjun smiled and said, "I was thinking about this on the way here. In order to deepen our cooperation, we can also use a share exchange method. The Ling's private kitchen branch in Beijing will have a part of the club's shares, and our club will also have a part of the shares of the branch in Beijing. Of course, it will only be for this branch. We will not involve the Ling's F & B group ..."

"That's not bad! In any case, don't let your own fertile water flow into others "fields!" Xia ruofei smiled and said, "as long as you're not afraid that Qingxue and I will turn the club into a couple's shop!"

“How could that be!” Zhao Yongjun laughed and said, “we can’t wait to cooperate with you, rich man! So this matter is temporarily settled like this? I’ll go back and talk to liangzi and the others, and try to get the plan started as soon as possible. We’ll settle the location problem first!”

Xia ruofei nodded and said, “sure!” I’ll talk to Qingxue about it as well. I believe my future father – in – Law will be very interested in it. ”

As the two of them chatted, the car unknowingly arrived at Taoyuan farm.

Xia ruofei rolled down the window and stuck his head out. He greeted the veteran at the gate and the three cars drove into the farm.

As it was getting late and Zhao Yongjun and the others had to fly for two to three hours, Xia ruofei did not invite them to visit his house. Instead, he drove the car directly to the complex.

Since everyone was going to stay in the southeast province for a few more days, it would not be too late to visit their home tomorrow.

The guest rooms in the complex had already been prepared and cleaned up. The beddings had been changed according to Xia ruofei’s request. Although they could not be compared to the star – rated hotels, they were clean and comfortable.

Xia ruofei personally sent Zhao Yongjun and the others to their rooms. Everyone gathered in Zhao Yongjun’s room and chatted for a while before returning to their rooms to rest. Xia ruofei also took a walk back to his small villa.

Back in the bedroom, Xia ruofei took out his phone, keys, wallet, and other things and placed them on the bedside table. Then, he prepared to take a shower.

Before he entered the bathroom, he lit up his phone out of habit and saw that Ling Qingxue and Song Wei had both sent him WeChat messages. The two girls had already arrived home safely.

Xia ruofei thought for a while and put his phone aside. Then, he picked up a set of clean coral fleece home clothes and went into the bathroom. After taking a shower and changing into comfortable home clothes, Xia ruofei dried his hair with a bath towel as he walked to the bed and sat down. He used his other hand to pick up his phone.

He replied to Song Wei’s WeChat message, ‘it’s good that you’re home safely. We’ve just arrived too. You should rest early!’

Then, Xia ruofei returned to his phone’s home page and opened the dialing app, ready to call Ling Qingxue. Ran ran’s suggestion on the way today had tempted Xia ruofei. He wanted to talk to Ling Qingxue as soon as possible and ask for Ling Xiaotian’s opinion.

If Ling Xiaotian agreed, then the specific investment amount, share structure, and so on could be discussed.

However, before Xia ruofei could get Ling Qingxue’s number, his phone rang with a WeChat notification.

It turned out that Song Wei was not resting either. She replied within seconds after she received Xia ruofei’s message.

Hence, Xia ruofei closed the dialing software and reopened WeChat.

Song Wei's message was, "RUO Fei, you said you had something to tell me today. Is it convenient to tell me now?"

Xia ruofei suddenly remembered about the realm stone. He typed a few words in the WeChat input box and deleted it after some thought. Then, he found Song Wei's number and called her.

"Ruofei!" Song Wei answered the call quickly.

Xia ruofei smiled and said, "it's already so late and you're still up?" It's not good for girls to stay up late!"

Song Wei laughed in embarrassment and said, "I'm ready to sleep. I was lying on the bed and looking at my phone just now! You just sent me a WeChat message, so I just wanted to ask ... Oh right, what's the matter?"

Xia ruofei thought for a moment and asked, ""Song Wei, I remember that you were poisoned last time because you entered an ancient tomb of the Ming Dynasty, right?"

That experience was unforgettable for Song Wei. It was like she had a close brush with death. The other three archeologists were poisoned with more poison than she was and had passed away one after another. In fact, when Song Wei received treatment from Xia ruofei, the last archeologists were already in critical condition.

If she had not met Xia ruofei, Song Wei would have been dead by now.

Song Wei felt a sense of fear in her heart. She said, "Yup! It's an ancient tomb from the Ming Dynasty in Hunan Province."

She was a little curious as to why Xia ruofei would suddenly ask about this, but she still told him the truth.

"Song Wei, I'm ... I'm interested in this tomb. I want to go in and take a look. I heard ..." Xia ruofei said.

"No! Absolutely not!" Song Wei said anxiously, "this is too dangerous! Ruofei, that kind of poison is invisible and odorless, so there's no way to guard against it!"

Xia ruofei smiled. "To me, the poison is not a big deal. Even if I'm really infected, I have the ability to cure it, don't I?"

Song Wei was stunned for a moment. She had not thought of this.

However, she quickly said, "that still won't do!" The degree of my poisoning was very light, and ... And you can't guarantee that ... If ... If you were poisoned, you would be able to cure it, right? This is a matter of life and death, we can't take this risk!"

Xia ruofei said, "Song Wei, listen to me first ... First!" I already have some understanding of this poison. In fact, it's not invisible or tasteless in my eyes. It can even be said that it has nowhere to hide!"

Song Wei did not say anything. She knew that Xia ruofei was not bragging. Back then, the poison in her body had been cleared by Xia ruofei. Perhaps Xia ruofei really had a way to detect the poison. Otherwise, how could he have treated it?

Xia ruofei paused and continued, ""Secondly, the reason why I want to enter the ancient tomb is that there's something inside that is very important to me!"

In fact, the country didn't advocate archeology in ancient tombs like this.

Under normal circumstances, they would only be excavated by accident or by grave robbers. The relevant cultural relics Department would only carry out a rescue excavation. Otherwise, in principle, they would let them remain underground.

Even if it was an excavated tomb, everything inside would naturally belong to the country according to the law.

Hence, Xia ruofei's words were in fact against the relevant regulations.

However, his relationship with Song Wei meant that he did not have to hide it. Moreover, according to his and Xia Qing's analysis, even if there were world stones in the ancient tomb, it was very likely that they had existed from the beginning, and the ancient tomb just happened to be built there.

Hence, from this perspective, even if Xia ruofei found and took the world stone, it was not considered stealing the cultural relic.

Xia ruofei continued, "I heard that the tomb was sealed and filled up after the last incident. I don't know the exact location. I need your help."
