

God tier Farm 1381

Chapter 1381: Chain reaction (2)

That was why Lin Qiao cherished every moment she had with Xia ruofei.

He had just taken a quick shower and then ran over.

Xia ruofei stepped aside and said, ""You didn't take a nap at noon. There are still about an hour before dinner time. You should take a nap ..."

"I'm not sleepy!" Lin Qiao walked into Xia ruofei's room.

Her hair brushed past Xia ruofei's nose with the fragrance of shampoo. Even though Xia ruofei only treated Lin Qiao as his sister, he could not help but feel his heart flutter.

Lin Qiao came to Xia ruofei's bed and sat down. She said coyly, "Brother ruofei, can you help me dry my hair? My hair is too long, I can't dry it myself ..."

Xia ruofei shook his head and said, ""Good, good, good! I'll serve you!"

"Hehe! You're the best!" Lin Qiao said happily.

Xia ruofei walked to the bathroom and found the hairdryer from the cabinet under the sink. He then returned to the bed and plugged the hairdryer into the socket behind the bedside cabinet.

Xia ruofei said, "Qiao' er, come closer!" This line isn't long enough!"

"I know!" Lin Qiao moved closer to the head of the bed and smiled at Xia ruofei. "Thank you, brother ruofei!"

Xia ruofei took off his slippers and got on the bed. He sat cross – legged behind Lin Qiao and turned on the hairdryer to dry Lin Qiao's hair.

In order to heat evenly, he slowly moved the hair dryer while grabbing his hair with his hands.

Lin Qiao felt a warm breeze blowing at her and Xia ruofei's hand carefully grabbing her hair. Her heart seemed to be filled with warmth.

Her eyes became a little dazed. All of this was like an illusion. It was the scene that she often constructed in her mind when her imagination ran wild, and it really happened.

Lin Qiao felt a little shy and nervous at the same time. She was worried that Xia ruofei would notice something wrong, so she sat still and did not dare to move. Even her neck was a little stiff.

After a while, Xia ruofei gently stroked Lin Qiao's hair and said, ""It's almost dried! Qiao' er, wait a moment, I'll go get you that comb!"

"En!" Lin Qiao said softly.

She didn't turn around, but when she heard Xia ruofei's footsteps to the bathroom and then back to the bed, her heart was filled with sweetness.

Even if it was just an illusion, I'm satisfied ... Lin Qiao thought.

Lin Qiao took the comb from Xia ruofei and gently combed her hair. Xia ruofei went over to make a cup of tea and sat on the chair opposite Lin Qiao, drinking it slowly.

The two of them did not speak, but the atmosphere was warm.

At Six o'clock in the evening, everyone returned to the hotel and went to the restaurant for dinner.

Zhao Yongjun and the others were very satisfied with the arrangements for their trips to Egret Island and Gulangyu. This quiet and comfortable Island was perfect for people like them who had a lot of social activities and an irregular life to come here and recuperate. Even sitting by the sea in a daze felt quite comfortable.

Zhao Yongjun laughed. "Ruofei, no wonder there are so many sanatoriums on Gulangyu. There are military ones and local ones. This Island is really great!"

Hou Liang also had a look of yearning on his face as he said, "If I can buy a small island overseas, even if it's smaller than Gulangyu, and make it my private territory, that'll be great! By the way, once you buy an overseas Island, you'll have permanent property rights! I can modify it however I want ..."

Song Rui joked, "among us, only RUO Fei has a chance of achieving such an achievement!" We can only count on the Xia tycoon to work hard to earn money! When the time comes, you can buy a small island, and we can also bask in the glory and occasionally go on vacation!"

"Alright!" Xia ruofei chimed in. "I'll develop a Resort Hotel. You can get a 20% discount if you want to stay here!"

Song Rui said exaggeratedly, "we're on such good terms, yet you're still taking money?" It should be free food and accommodation, and all kinds of free food, drinks, and entertainment!"

Xia ruofei shrugged and said, "it's not good to talk about relationships." The island is so expensive, how can I recover my cost if I don't charge!"

"So you're just relying on your bro to spend and let you recover your costs!" Song Rui said.

Lin Qiao found it very interesting that Xia ruofei and the others were quarreling over a so-called private island that had not been seen yet. She couldn't help but purse her lips and laugh.

.....

While Xia ruofei and the rest were having a good time at the seaside villa Hotel on Gulangyu, the capital was not peaceful.

Of course, the upper-class politics were as calm as ever. The "not calm" here was mainly in the circle of young rich people.

The noble clubhouse was a pretty good red wine-themed clubhouse in the capital, and a small banquet was being held there.

A young man in a full Armani casual suit was holding a glass of red wine. He had a charming smile on his face and would raise his glass to greet his friends from afar.

His name was Wang Jie, and he was quite famous in the circle of Playboys. Of course, his level was much lower than Zhao Yong Jun and the others, and his circle of contact was only limited to some second and third generation.

Wang Jie was smiling and chatting with a girl in an evening dress. From the corner of his eye, he saw a tall young man who had just entered the door. He immediately politely apologized to the girl and then went up to him with a glass of wine.

"Brother Rui, why are you so late?" Wang Jie smiled and greeted.

"There's another match that just ended!" Brother Rui clinked his glass with Wang Jie and smiled. "Are there any pretty girls tonight?"

The person who was called "brother Rui" by Wang Jie was called Li Rui. Like Wang Jie, he was also one of the more senior nouveau riche in their circle. The difference was that the profitability of Li Rui's own company was not bad. His economic strength was considered to be among the top group of people.

In a situation where the status and background were similar, the economic foundation often determined the status, so Li Rui was still relatively prestigious in their circle, and many people respectfully called him "brother Rui."

Of course, if it was an ordinary low – Level official or businessman, they would inevitably call him "young master Li".

Wang Jie and Li Rui walked together to the seats in the corner of the hall. On the way, they nodded and greeted their friends from time to time.

After he sat down, Li Rui asked, "Jie, what's the matter?"

Wang Jie looked around and asked in a low voice, "Brother Rui, have you heard about what happened to Tian Xiaojun?"

A strange light flashed in Li Rui's eyes, and then he regained his calm.

"I heard about it from someone else, what's the matter?" he said indifferently.

Wang Jie laughed and said, "I witnessed the whole thing. I don't know what's wrong with this Tian Lao er. He didn't even care about his face. He even called a group of friends to gather and told them all about his embarrassing story. He even said it as a reminder to everyone. It's really funny ..."

Li Rui glanced at Wang Jie and said, "Jie, there must be a reason for this abnormality. Have you considered the deeper reason?"

Wang Jie said indifferently, "Do you still need to ask? Tian Xiaojun must have been scared out of his wits! However, this kid was originally timid. After all, he was not a native of the capital! She's from a small place and can't be put on stage!"

Li Rui picked up his glass and took a sip of red wine. He didn't comment on Wang Jie's evaluation of Tian Xiaojun.

Wang Jie looked around and continued, ""Brother Rui, I really didn't notice this paradise company if we didn't talk about Tian Xiaojun. I did a special check this afternoon, and this company is really good at making money! The jaded skin cream was selling like hotcakes! It's like opening a money – printing factory!"

Li Rui glanced at Wang Jie and said, ""Jie, if you want to say something, just be direct. Is there any point in beating around the bush with me?"

Wang Jie laughed drily. "Brother Rui, I was thinking ... Just because Tian Xiaojun, that coward, returned in defeat, it doesn't mean that our teeth are bad. This is a company with an annual output value of at least two billion. The most rare thing is that it's a small company in the countryside. We ..."

"Stop!" Before Wang Jie could finish, he was ruthlessly interrupted by Li Rui.

He looked at Wang Jie coldly and said, ""Jie, if you want to die, don't drag me down with you!"

?

Chapter 1382: The storm in the capital (1)

Wang Jie couldn't help but be stunned. He looked at Li Rui hesitantly, then laughed dryly and said, ""Brother Rui, don't scare me like that. Could it be that this company has some unknown background? I don't think it's possible ..."

A trace of disgust flashed in Li Rui's eyes as he said, ""Jie, you don't have to beat around the bush. I don't know the background of this company!"

"Then, brother Rui, you ..." Wang Jie asked in confusion.

"It's because we're not clear," Li Rui said somewhat impatiently. "That's why it's terrifying!"

"Brother Jie, please give your brother some advice!" Wang Jie said, "you know me. I'm just a hothead. I don't want to get into trouble without knowing ..."

Li Rui looked at Wang Jie and said, "you're still a rash person?" You even know how to drag others to take the Thunder with you ..."

"Brother Rui, you've misunderstood. I didn't mean it that way ..." Wang Jie said awkwardly.

"That's enough. It doesn't matter whether I have this intention or not. I won't get myself involved in this muddy water. If you're envious of this fat piece of meat, you can try to become a beauty yourself!" Li Rui looked at Wang Jie with a smile that wasn't a smile and said.

The embarrassment on Wang Jie's face grew. He said, ""Brother Jie, please help me analyze this! You've always been smarter than us since we were young. Haven't I always been following in your footsteps?"

When Wang Jie talked about his childhood, Li Rui's expression softened a little. They were from the same compound when they were young, and their relationship was quite good. However, in these years,

their respective parents were promoted. After being transferred to different units, they had less contact with each other.

Li Rui took a sip of red wine and slowly said, ""Jie, I think you've been too successful these years and you've become a little arrogant! You can treat Tian Xiaojun's incident as a joke, and treat other people's accidents as a story. That's fine, but you've learned your lesson. If you still dare to approach it, then you'll be a little stunned!"

Wang Jie looked at Li Rui in a daze and didn't say anything. Instead, he took a sip of wine gloomily.

Li Rui didn't mind and continued, ""Tian Xiaojun is a little lacking, but your strength is still limited compared to his, you admit that, right?"

"You can be considered objective!" Wang Jie said with a bitter smile.

"Isn't this settled?" Li Rui said, "even Tian Xiaojun suffered a huge setback from the so – called 'fat meat', so why can you take a piece? Do you think everyone is a fool? Now, who would still have the mood to do so? Are you the only smart one?"

Wang Jie's expression changed slightly and he said, ""But ... Tian Xiaojun, he ..."

"You're saying that Tian Xiaojun can't beat the local snake?" Li Rui interrupted Wang Jie's words and said, "don't forget that Tian Xiaojun's father also came from the southeast province. He is at least half a local snake in Sanshan city! Furthermore, the most important point is ..."

Speaking of this, Li Rui stared at Wang Jie and slowly said, ""Tian Xiaojun obviously didn't suffer any hidden losses this time, but was crushed by someone, and fell into a huge mess! Otherwise, with his personality, even if he was rejected, he would at most swallow his words. Why would he come out and publicize it?"

Wang Jie finally became a little more alert, and his expression showed hesitation.

Li Rui took another sip of red wine and continued, ""The only possibility is that the company's background is shockingly big, or they have someone whom you and I can't afford to offend supporting them! Only then can Tian Xiaojun expose his own shortcomings and take the initiative to publicize his disgraceful experience!"

"It's just a small company in San Shan city, how could it be ..." Wang Jie said in surprise.

"Never underestimate anyone!" Li Rui said meaningfully, "especially when you haven't seen the other party's background clearly, you should be even more careful. Don't be fooled by our glorious appearance. If we make a wrong step, we might bring our entire family to eternal damnation!"

"I understand, brother Rui. Thank you for your reminder!" Wang Jie said solemnly.

Li Rui nodded and looked left and right. Then, he leaned close to Wang Jie's ear and whispered, ""I heard that right after Tian Xiaojun and the others arrived at the three mountains, Zhao Yongjun from the Zhao family immediately followed them ..."

"What?" Wang Jie heard Zhao Yongjun's name and couldn't help but scream.

Li Rui glared at Wang Jie and then looked around vigilantly.

Only then did Wang Jie realize it. He quickly covered his mouth subconsciously, then lowered his voice and asked, "Brother Rui, is the information accurate? Could it be a coincidence?"

Li Rui said, "if it's a coincidence, then this is too much of a coincidence! And I heard that not only did brother Jun go this time, but the young master of the song family, Hou Liang, and the others were also with him. Wei Jun seems to have gotten some kind of lucky recently, and brother Jun also brought him along!"

When Li Rui said this, his eyes couldn't help but reveal an envious look.

"Wei Jun ... His father is from Tong Ren Tang ..." Wang Jie hesitated for a moment before asking.

"It's him!" Li Rui said, "this news was told to me by a friend of Wei Jun's. Although I don't know the specific purpose of their visit to the three mountains, Tian Xiaojun's behavior yesterday was too abnormal. If we link it to brother Jun and the others, then everything makes sense!"

"That's right!" Wang Jie agreed. "Only a person like brother Jun can turn Tian Xiaojun into a stray dog ... Brother Rui, I think your analysis is very reasonable. It seems like there's steel hidden in this fat piece of meat called paradise company! If you're not careful, you might lose your teeth ..."

Li Rui nodded and said, "if it was really brother Jun, then it's obvious. The reason why Tian Xiaojun did this must be under brother Jun's pressure. He had no choice but to do this. Brother Jun only had one purpose, and that was to kill the chicken to warn the monkeys!" So that everyone won't dare to covet the peach blossom company!"

Although he accidentally became a "monkey," Wang Jie had to admit that Li Rui's analysis was very reasonable.

In reality, Li Rui's judgment was very close to the truth. However, what he didn't know was that Zhao Yongjun and the others didn't go there specifically for this matter. They just happened to meet. Xia ruofei's strength was also very frightening. Even without Zhao Yongjun and the others, Tian Xiaojun wouldn't have been able to succeed. In fact, he might have ended up in a worse state.

Wang Jie couldn't help but feel a little dejected. "I thought I'd found some fat meat. I didn't expect it to be a bone that's hard to chew!"

Li Rui patted Wang Jie's shoulder and said, "Alright! You should be glad! If you didn't meet me and stupidly ran to the three mountains, that would be putting your face close to someone to be beaten!"

"Brother Rui is right!" Wang Jie said with some lingering fear. I have to thank you! Come, I'll toast you!"

.....

Wang Jie and Li Rui's conversation was happening in different places in Beijing. Tian Xiaojun's abnormal behavior didn't dispel everyone's desire for the Paradise Corporation. On the contrary, it attracted the attention of a few people like Wang Jie who didn't pay attention to the Paradise Corporation.

Of course, there were a lot of people in the circle who understood this. Zhao Yong Jun and his group's trip to San Shan was not a secret. Slowly, everyone knew about this matter and connected Tian Xiaojun's matter with this matter.

As a result, a few nouveau riche like Wang Jie, who wanted to swallow the "fat meat," completely gave up on the idea.

.....

In a small district in Beijing, Tian Xiaojun walked into the elevator of Unit 1 with his briefcase under his arm.

This time, he had suffered a big loss at San Shan. Although Zhao Yong Jun and the others had promised to let bygones be bygones, Tian Xiao Jun was still very nervous. So, he began to tuck his tail between his legs, which was a rare sight. He went to work obediently until 6 pm sharp.

Of course, he wasn't in the mood to play with Qianqian at all. The news of what happened yesterday had already spread like wildfire in the circle. He was like a joke now, and he could feel everyone's strange gazes wherever he went.

If nothing unexpected happened, he would need to lie low for a long time. He would only be able to go out after everyone had slowly forgotten about this matter.

I'd better work honestly during this time!

Tian Xiaojun was extremely frustrated. Other than losing face, the three of them still had to donate one million Yuan to the Paradise Charity Foundation!

This matter should be done sooner rather than later, so as not to provoke the dissatisfaction of Xia ruofei, the god of death.

A million Yuan was not a big deal to the three of them, but it was definitely not a small sum.

Moreover, now that his prestige had been completely destroyed, even Xia Huan and Zhong Zixin, who originally followed his lead, were starting to disobey him. They had agreed to split the "compensation" of one million Yuan equally, but the two of them had also started to refuse.

Tian Xiaojun was very clear that if the money could not be transferred, although Xia Ling and Zhong Zixin would not be in a good position, he would be the first one to be punished by Xia ruofei. After all, he was the leader.

Tian Xiaojun opened the door of his house with this kind of frustration.

This was the residential building of the price administration. Tian Xiaojun was not married yet and did not want to start his own business, so he had been living with his parents.

However, in the past, he would spend every few days drinking and playing outside. It was common for him to not return home at night. His parents doted on him very much, but they were too lazy to care too much.

As soon as Tian Xiaojun entered the house, he felt that the atmosphere was not right.

His father, who used to be busy until very late at night, had actually arrived home before him and was sitting on the sofa in the living room.

Hearing the sound of Tian Xiaojun entering the door, Tian shunliang immediately turned his head to look at him. His sharp gaze made Tian Xiaojun's heart tremble slightly.

"Dad, you didn't work overtime today?" Tian Xiaojun asked carefully.

"I'm still in the mood to work overtime after such a big thing happened at home?" Tian shunliang said in a muffled voice, "Tian Xiaojun, you've really grown up now. You even dare to cause such a big trouble for your family!"

Tian Xiaojun was changing his shoes. His hands trembled slightly when he heard her, and the slipper in his hand fell to the ground. His face turned pale.

Xia ruofei's second request was indeed a little fatal. After this matter was made public, it was basically impossible to hide it from his parents. However, Tian Xiaojun did not expect the news to spread so quickly. He was not even mentally prepared.

"What are you still doing?" Tian shunliang frowned and said, "why aren't you coming over to report your glorious deeds?"

?

Chapter 1383: The older the ginger, the spicier it is (1)

Tian Xiaojun walked to the living room dejectedly and sat opposite Tian shunliang.

Tian shunliang glanced at his disappointing son and said in a bad mood, "What are you doing? Aren't you very good at causing trouble? This is so embarrassing that it's thrown to the three mountains! Do I still have the face to go back in the future?"

"Dad! "I ..." Tian Xiaojun opened his mouth, but he stopped.

"Just say what you have to say!" "I don't have the time to play riddles with you!" Tian shunliang snapped.

"Oh ..."

Tian Xiaojun lowered his head and recounted everything that had happened two days ago from the beginning to the end. He did not dare to hide any details and spilled everything out like beans from a bamboo tube.

When Tian shunliang heard Tian Xiaojun say that he had been forced to squat by the wall for half a night in the cold winter, he could not help but feel sorry for his son. However, when he saw Tian Xiaojun's face, he could not help but snorted softly and said in a muffled voice, "He deserves it!"

"Tian Xiaojun, do you know where you went wrong?" Tian shunliang asked.

"I shouldn't have set my eyes on the Paradise Corporation ..." Tian Xiaojun said with his head lowered.

"Dogshit!" Tian shunliang cursed, "your mistake is to stand out! He attacked rashly before he understood the situation! Do you think you're the only one who's well – informed? Why did others realize it later than you? Why are you the only one who rushed to the three mountains?"

"I understand ..." Tian Xiaojun said with a lowered head.

"You don't know!" Tian shunliang said, "you must still be unconvinced! Do you think you're unlucky this time?"

Tian Xiaojun did not say anything, but that was indeed what he was thinking in his heart. According to common sense, when he went to the three mountains the last time, he was almost certain that there would not be any accidents, but it just had to be this small.

Tian shunliang snorted coldly and said, "in coincidences, there's bound to be something!" Did you do any research before making such an impulsive decision? Don't say that you've checked on some business registration information, that information is useless!"

Tian Xiaojun opened his mouth to say something, but Tian shunliang had already said what he wanted to say, so he obediently closed his mouth.

"Do you think that you might not be able to find any useful information even if you do an investigation on the situation at paradise Corporation?" Tian shunliang asked.

No one knew his son better than his father. Tian shunliang understood his disappointing son quite well.

Tian Xiaojun nodded and said carefully, "Dad, this Xia ruofei is hiding too much ..."

"Nonsense! Then you've been blinded by money!" Tian shunliang said ruthlessly, "even if you can't find out about his relationship with the song family and the Zhao family, can't you find out about some of his Affairs in the three mountains? What's the use of the connections I left in the southeast province? Since you decided to go to the three mountains to do this, why didn't you ask for more detailed information in advance?"

Tian Xiaojun was instantly speechless. He had indeed been blinded by money, and he had no way of refuting Tian shunliang's words.

Tian shunliang glanced at Tian Xiaojun with exasperation and continued, "After I heard about this today, I spent an hour on the phone in the afternoon and got some information. I'll tell you ..."

Tian Xiaojun was not interested at all. What was the point of analyzing all these things now?

However, he didn't dare to refute his father. He could only sit on the sofa obediently and listen attentively.

Tian shunliang said, "the owner of this paradise Corporation, Xia ruofei, has a close relationship with Tian Huilan's family, the former Secretary of Sanshan city. Tian Huilan has personally come out to solve his problems many times. She even got rid of a Deputy Director of the county Public Security Bureau because of him!" "What's more, after Tian Huilan was promoted, her successor, song Qiming, still looked at him in a different light. He even invited him to have dinner at home. Song Qiming's daughter

even introduced him to the children of many important department leaders in Sanshan city and the southeast province ...”

When Tian Xiaojun heard this, he was slightly shocked.

Liu Zhe had reminded him before that Song Wei had a good relationship with Xia ruofei. He knew about the last thing that Tian shunliang had said, but he did not take it seriously.

Now that he thought about it, it was not because Song Wei had a good relationship with Xia ruofei. It was because even song Qiming valued Xia ruofei very much. If he had known that this would happen, Tian Xiaojun would not have acted rashly.

Even if he looked down on local officials, song Qiming was a powerful Deputy Minister. He was already at the top of the pyramid structure of Huaxia. His influence was not limited to a small corner. He did not dare to provoke him.

Thinking of this, Tian Xiaojun could not help but feel a little regretful. If he had paid more attention to Liu Zhe’s warning and asked his father’s old subordinates and colleagues for more information, things would not have ended up like this.

Tian shunliang looked at Tian Xiaojun and continued, “You should be clear about Tian Huilan and song Qiming’s situation! From the information I’ve just told you, with a little analysis, we can basically deduce that Xia ruofei has a special relationship with the song family! This is the information that I’ve spent a very short time to find out. If I were you, I would definitely spend more energy gathering information before going to the three mountains, and then decide on the next step! But you didn’t do anything, and that’s even more disappointing than you causing trouble ...”

“Dad, I was wrong ...” Tian Xiaojun said with a remorseful expression.

Tian shunliang sighed and said, “little Jun, I’m getting on in my years. There’s almost no room for me to develop. It’s already a blessing to be able to settle the salary of a Deputy Department Director before retirement ... But you’re different. You’re still very young, and you’re already a Deputy Department Director. Your future is limitless! If you’re always so immature, how can I be at ease?”

“Dad, I’m sorry ... I’ll change in the future!” Tian Xiaojun said in a low voice.

At this moment, Tian Xiaojun’s mother, Zhou Shumei, came over with washed fruits and said, “Old Tian, you should speak less! Little Jun isn’t feeling good either!”

Tian shunliang glared at him and said, “You’re the one who spoiled little Jun!”

Zhou Shumei placed the fruit platter heavily on the coffee table and said, “What are you saying! Isn’t Xiao Jun your son? Don’t you understand that it’s the Father’s fault if the child isn’t born?”

Tian shunliang was rendered speechless. After a long while, he snapped, “I’m talking about serious business with my son! What are you doing? Is the meal ready? I’m about to starve to death!”

Zhou Shumei rolled her eyes and mumbled as she walked to the kitchen, “You only know how to teach this and that a lesson, can’t you speak properly ...”

Tian shunliang’s face turned red and white, but he could only pretend that he had not heard anything.

After Zhou Shumei returned to the kitchen, Tian shunliang continued,“Little Jun, after hearing what you said just now, is this matter considered over?”

“Mm! “As long as the one million Yuan is transferred to my account, I think Xia ruofei will not make things difficult for me anymore ...” Tian Xiaojun said.

Tian shunliang nodded.“You’ve saved yourself in time. A real man knows when to yield. This setback is nothing!”

“But Xia Ling and Zhong Zixin are both hesitating. They don’t really want the money ...” Tian Xiaojun could not help but say.

Tian shunliang snorted coldly and said,“I’ll call old Xia and old Zhong. The trouble was caused by the three of you, why should you bear it alone? Don’t worry, they won’t dare to go too far!”

Tian Xiaojun felt slightly relieved and said,“Thank you, dad!”

Although he had been reprimanded, it might not be a bad thing for his father to know about this. After all, father and son were connected. At least he had a strong support on his side.

“I’ll let your cousin know and ask him to donate another million Yuan to the Paradise Charity Foundation under the name of the company,”Tian shunliang continued.

“Ah?” Tian Xiaojun could not help but cry out,“why? Dad, there’s no need for this! Brother gang doesn’t have much money either ...”

Tian Xiaojun’s cousin, Tian Xiaogang, had opened a trading company. Under the care of Tian shunliang, he had some small achievements. However, the entire company’s assets were only about ten to twenty million Yuan, and this was also taking into account some fixed assets. If he were to donate one million Yuan all of a sudden, he might be a little short on cash flow.

“What do you know?!” Tian shunliang’s face darkened. Is this the time to be worried about money? Besides ... How could Xiao Gang not know how he earned this money? If I ask him to pay a million, would he dare to disobey?”

“No... Dad, I’m saying that we don’t have to give any more money. The three of us together, one million Yuan, is already a lot!” Tian Xiaojun said.

“Short – sighted!” Tian shunliang said mercilessly,“Xia ruofei’s condition was one million and you’re only giving one million?”

“This is free money! Who would take the initiative to give more?” Tian Xiaojun mumbled,“moreover, Zhao Yong Jun was the witness. They definitely wouldn’t go back on their word ...”

“Yes, if I don’t mess with you openly, one day, I’ll just give you a little obstacle. Where will you go to reason?” Tian shunliang said,“especially when you’re at the critical moment of promotion and being put in an important position. What would you do if he did that?”

“I don’t think so?” Tian Xiaojun said hesitantly.

“Such a possibility can not exist!” Tian shunliang said, “your future is the most important. Everything else is dispensable! Money can be earned again, but if your future is ruined, you’ll be like this for the rest of your life! Even if you can’t become friends with him, you should at least leave an impression that you’re tactful, have a proper attitude, and are sincere in admitting your mistakes. Only then can you completely eliminate the hidden danger!”

“Alright then ...” Tian Xiaojun nodded.

The older the ginger, the wiser it was. He was still confident in his father’s judgment. Besides, it was not his money. As long as the results were good for him, why would he go against his father?

“Also, you have to quickly gather the 300000 Yuan that you should pay!” Tian shunliang said, “I’ll use your salary and legitimate savings for this money. If it’s not enough, you can borrow some from a friend. In any case, you have to be clear about where you got it from!”

Tian Xiaojun was clear about this, so he replied without hesitation, “I know, dad. I was planning to do that too ...”

“En!” Tian shunliang nodded and said, “you’re not that stupid! However, I’ll have to change this habit of being impulsive in the future!”

“I will. Dad, just watch my performance!” This time, Tian Xiaojun was very obedient.

Tian shunliang rubbed his temples and said with a hint of fatigue, “Alright! This matter will end here. During this period of time, remember to keep a low profile and be honest. Don’t leave behind any excuses for others!”

Tian shunliang stood up and asked loudly, “My dear! The meal isn’t ready yet? Why are you so slow when you’re doing something? Hurry up!”

Chapter 1384: First meeting gift (1)

Gulangyu.

After dinner, Lin Qiao took Xia ruofei to the beach. Although they couldn’t play in the water in the winter and the wind was quite strong at night, Lin Qiao was still in high spirits. She even borrowed beach toys from the front desk of the hotel and built a Castle on the beach like a child. Her hands were covered in sand.

After Xia ruofei saw it, he was helpless and could only go crazy with her.

On Gulangyu’s Beach, one could see the other shore a few hundred meters away. The lights of the entire Heron Island and the ships on the sea formed a beautiful night scene.

He could still hear the sound of the waves and Lin Qiao’s laughter. It would be perfect if he didn’t consider the cold sea breeze.

However, the wind by the sea was so strong that Xia ruofei was worried that Lin Qiao would catch a cold. Since she was having so much fun, he could only take off his coat and put it on Lin Qiao.

At eight o' clock in the evening, Lin Qiao was pulled back to the hotel by Xia ruofei reluctantly.

Xia ruofei pushed Lin Qiao into her room and asked her to wash the sand off her hands. He then went to Zhao Yongjun's room and found Song Rui, Liu Jian, and Xu Zixuan playing cards. Zhao Yongjun took Hou Liang and Wei Jun out for a walk.

There were quite a few bars on Gulangyu, so Zhao Yongjun and the others went to find a place to drink and chat.

Xia ruofei had no interest in playing cards. He returned to his room after watching for a while.

Lin Qiao went to Xia ruofei's room and stayed there for a long time. When it was past 10 pm, Xia ruofei persuaded her to go back to her room to rest since she still had class tomorrow. Then, Xia ruofei went to take a shower.

After changing his clothes, Xia ruofei took out his laptop from the spirit map space and went online to listen to music to kill time. Then, he started to cultivate at midnight.

The environment of this small island was better than that of Taoyuan farm. Perhaps it was because of the spiritual energy from the sea, Xia ruofei felt that his cultivation speed was a little faster than usual.

It was not until midnight that Xia ruofei let out a breath of turbid air. He stopped and stood up, feeling comfortable all over.

Xia ruofei slept until five in the morning, which was the beginning of dawn. Then, he started to cultivate as usual until seven.

If he were to cultivate normally, Xia ruofei would sleep less than five hours a night. According to the scientific theory, this sleep was definitely not enough.

However, Xia ruofei was still in high spirits every day. On one hand, it was because he had cultivated the "great Dao Sutra". Even if he did not sleep for a few days, he would not feel unbearable fatigue. On the other hand, the five hours of sleep he had was the real deep sleep after cultivation. In terms of the effect of rest, it was much better than an ordinary person's eight hours of sleep. Therefore, he did not have the problem of insufficient sleep.

After finishing his morning cultivation, Xia ruofei tidied up the bed, put on his coat, and walked out of the room. He knocked on Lin Qiao's door and woke her up. She had to go back to school in the morning, so she had to eat early.

However, Lin Qiao's class was in the third or fourth period in the morning, so she had more time.

Young girls always took a long time to wash up and put on makeup. Even if Lin Qiao didn't put on makeup, she still took her time to come to the hotel restaurant at 7:30.

After breakfast, Xia ruofei said, "Big brother Zhao, I'll send Qiao'er back to school in the morning. You guys can do whatever you want. Anyway, this is a relaxing trip ..."

Lin Qiao quickly said, "brother ruofei, you don't have to send me off!" It's not the first time I've been to Gulangyu. I'll take the ferry to the other side and then take the bus back!"

"That was when I wasn't on Egret Island in the past!" Xia ruofei said, "since I'm with you, how can I let you go back alone?" Besides, there's still a big bag of clothes in my car! It's decided!"

Lin Qiao's heart felt warm and she said sweetly, "Alright then! Thank you, brother ruofei!"

Zhao Yongjun laughed and said, "I think we should all go to Egret Island together!" We went to Heron Island University yesterday, there are still many places to play in Heron Island City! Let's split up at the opposite dock and go wherever we want. RUO Fei will send sister Lin Qiao back to school. Then, we'll set a time to meet at the dock. How about we return to Gulangyu for the night? Right, I'll have to trouble little Zhang to help us coordinate the transmigration!"

"No problem!" Xiao Zhang quickly replied. By the way, I'll coordinate two more cars for you to use on Heron Island!"

Zhao Yongjun smiled and waved his hand. "We don't need a car. We have a business car, but we don't plan on using it. Since it's a leisure trip, we'll go wherever we go!" We don't plan to act as a group!"

"Alright, I'll follow your arrangements!" Xiao Zhang said.

No one had any objections to Zhao Yongjun's suggestion. They would go to Egret Island to play by themselves, and they didn't need to be accompanied. They just had to coordinate the ferry back to Gulangyu in the evening. Xiao Zhang could also take a break for the day. Naturally, everyone was happy.

After breakfast, everyone took the hotel's electric car to the dock.

They were going directly to Heron Island City, so there was no need to take a speedboat. It would only take five or six minutes to get there by boat.

Xiao Zhang coordinated the nearest ferry and sent everyone on the boat.

A few minutes later, everyone was at the pier on this side of the island. Zhao Yongjun laughed and said, ""Brothers, let's split up here! We'll meet here at 4:30 p.m. Sharp. We won't be waiting if we don't meet after that!"

Chapter 1385: First meeting gift (2)

"Alright! Let's go have a good time!" Song Rui said with a smile.

Hou Liang and the others also nodded in agreement.

Lin Qiao said goodbye to Zhao Yongjun and the others sweetly and followed Xia ruofei to the parking space not far away.

Xia ruofei was still carrying a big bag of food in his hand. This was the braised food that Hu Zi's mother had made overnight. She had stored it in the hotel's refrigerator yesterday.

The two of them drove straight to Heron Island University.

When they arrived at Heron Island University, the car was allowed to pass after it was successfully registered with Lin Qiao, a student of the University.

Xia ruofei drove the car directly to the female dormitory where Lin Qiao was staying and took out two big bags of things from the car.

"Qiao' er, can you carry it?" Xia ruofei asked, "do you want to call your dormitory mates to come down and help?"

Lin Qiao giggled, "brother ruofei, you're underestimating me!" When we were at home, I could carry water, chop firewood, and cook. I could do anything!"

Xia ruofei couldn't help but be in a daze. He was thinking of the first time he met Lin Qiao.

That time, Lin Qiao was carrying water. Her thin and weak body carried a heavy bucket as if it would be crushed at any time. It made people's hearts ache for her.

At that time, Hu Zi's mother was already at the end of her life because of uremia. Even Xia ruofei himself could not see any hope of life because of the terminal illness.

Fortunately, everything was over! Xia ruofei silently said in his heart, "in the future, with me around, Godma and Qiao' er will not have to suffer like that anymore ..."

"Brother ruofei, what are you thinking about?"

Lin Qiao's voice reached Xia ruofei's ears. When he came back to his senses, he saw Lin Qiao's face so close that it was almost touching his face. Her big beautiful eyes were looking at him curiously.

Xia ruofei took a step back in fear and said, ""Qiao' er, what are you doing? I was so scared!"

Lin Qiao laughed and said, "you're still criticizing me?" You didn't respond when I called you a few times just now, as if someone had hit your acupoint! I thought you were possessed!"

"What are you saying!" Xia ruofei pretended to be stern. "You're so rude!"

Lin Qiao giggled and stuck out her tongue, "You're not that much older than me! Besides, we're of the same generation!"

"I'm still your brother! You dare to say that your big brother is possessed?" Xia ruofei said, deliberately showing his teeth.

Lin Qiao put on a frightened look and took a step back. Then, she couldn't help but giggle. Her shaking appearance attracted the attention of many passing boys.

"Stop it, stop it, we're at the dormitory entrance!" Xia ruofei said, "since you're strong, hurry up and carry it yourself!" Don't delay the class!"

"Brother ruofei, can you stay with me for a little longer?" Lin qiaojiao pouted and said,"it's still early! The second period has just started ..."

Xia ruofei said helplessly,"it's not good to be late if you make preparations early ... How about this?" I'll walk around your campus in the morning, and then we'll have lunch together in the afternoon, okay?"

Lin Qiao immediately said happily,"great! Great!" Brother ruofei, I'll go up now!"

After she finished speaking, she took the two big bags from Xia ruofei and carried them into the dormitory with some effort.

At the stairs, Lin Qiao turned back and smiled at Xia ruofei. Xia ruofei also smiled and waved at Lin Qiao. Lin Qiao then went upstairs with satisfaction.

The shape of the Knight XV SUV was too eye – catching, especially when it was parked in front of the girls 'dormitory. It was simply an eye – catching magic weapon!

Hence, Xia ruofei drove the car to a quiet corner of the campus and stopped. He locked the car and started to stroll around Egret Island University.

There must be a reason why tourists flocked to Heron Island University and even limited the number of visitors. The campus had beautiful scenery and many cultural landscapes.

Xia ruofei was waiting for Lin Qiao's class to end, so he wasn't bored. He strolled around the campus leisurely. He even went to the famous Furong tunnel on the internet and admired the various graffiti in the tunnel. When he was almost done, he sat down on the grass beside Furong Lake and rested.

There were also many students who had no classes sitting by the lake, reading books and chatting. Xia ruofei could hear the laughter of youth in his ears.

He found that he quite liked this quiet and dull campus environment. It was a pity that he had never gone to college in his life.

At around 11 am, Xia ruofei received a call from Lin Qiao to inform him that she had finished her class.

When she heard that Xia ruofei was at Furong Lake, Lin Qiao told him to stay where he was. After a while, Xia ruofei saw Lin Qiao running over happily.

The two of them tasted the special Shacha noodles at the restaurant at the school gate. Xia ruofei asked Lin Qiao, who had classes in the afternoon, to go back to the dormitory to rest.

Before she left, Lin Qiao said pitifully,"Brother ruofei, I still want to go to Gulangyu with you guys tonight ..."

Xia ruofei forced a smile and said,"you little girl ... Why are you so playful?" It's not the weekend tomorrow, you still have to come back to class!"

"I have a class in the afternoon tomorrow, so I have plenty of time!" Lin Qiao quickly said,"the final exams are coming soon, and the class schedule is not very tight. I can bring my books and review my homework in the hotel! The environment at Gulangyu is even better!"

Chapter 1386: First meeting gift (3)

Xia ruofei thought for a while and nodded. "Alright then! Be good and go to class this afternoon. I'll drive over to pick you up!"

"Yay! Thank you, brother ruofei!" Lin Qiao said with joy.

Xia ruofei sent Lin Qiao back to the dormitory, then got into his car and left the campus of Heron Island University.

Xia ruofei went out from the main entrance and went directly to the Nanputuo Temple next to Egret University. After touring around, he drove to the Fort on huli mountain near the other gate of Egret University and stayed there until three o'clock. After receiving Lin Qiao's call, he left huli mountain and drove to the gate of Egret University to pick up Lin Qiao. Then, he went straight to the dock.

At around 4:30, Zhao Yongjun and the others, who had been free for the whole day in Heron Island City, arrived at the dock one after another. Xiao Zhang also took the ferry to pick them up, so everyone took the boat back to Gulangyu.

On the ferry, Zhao Yongjun took out a small box from his bag and said with a smile, "Little sister Lin Qiao! I didn't prepare a gift for our first meeting, but I saw something nice when I was shopping today, so I bought it for you!"

"Big brother Zhao, I have another gift?" Lin Qiao said in surprise.

"Of course, you're ruofei's sister, so you're our sister! It's the first time we're meeting, so of course there's a gift!" Zhao Yongjun laughed, "open it and see if you like it!"

Lin Qiao took the box and opened it. There was a beautiful Women's Watch inside. It had a steel case, a key – shaped crown, a synthetic spinel, a silver – plated dial with carved patterns, a sword – shaped Blue Steel pointer, a bright wine – red crocodile – Skin watch strap, and a sun – pattern radiation effect.

Xia ruofei also came over to take a look. It was a classic Cartier female watch. Although it was not considered a luxury item, it cost at least 30000 HxB.

Xia ruofei said, "brother Zhao, this gift is a little too expensive. Qiao'er is a young lady. It's not good for her to use such a good watch ..."

When Lin Qiao saw the watch, she was already very fond of it. After hearing Xia ruofei's words, she couldn't help but ask, "Brother ruofei, is this watch very expensive?"

Xia ruofei nodded and said, "it should be around 30000 to 40000!"

Lin Qiao was shocked and quickly stuffed the box into Zhao Yongjun's hand. She stuck out her tongue and said, "Brother Zhao, I don't dare to accept such an expensive gift ..."

Zhao Yongjun glared at Xia ruofei and said, "Girl, it's not as expensive as RUO Fei said. There's an event today, and it's only 29999 Yuan!"

Xia ruofei smiled and said, "that's different!" That's 30000 Yuan!"

Zhao Yongjun said, "ruofei, I'm just giving a gift to a girl, what's wrong with that?" You're meddling too much! Lin Qiao, don't listen to your brother. It's just a meeting gift. This amount of money is nothing to me!"

Lin Qiao looked at Xia ruofei hesitantly.

Xia ruofei smiled bitterly and said, ""Qiao' er, since big brother Zhao has already bought it, you should just accept it! This is a female watch that he can't wear himself. If we take it, we can prevent him from using this watch to harm other girls. It's also a good deed ..."

Lin Qiao couldn't help but burst into laughter.

"Why are you so mean?" Zhao Yongjun said, not knowing whether to laugh or cry.

After a round of banter, Lin Qiao still accepted Zhao Yongjun's gift. She took it out and tried it on. The Burgundy strap made her wrist look even whiter. The watch was small and exquisite, but it didn't lose its heroic spirit, which suited Lin Qiao very much.

Zhao Yongjun's eyes were pretty good.

"Thank you, brother Zhao!" Lin Qiao said sweetly.

"You're welcome, as long As You Like It!" Zhao Yongjun laughed. I was afraid that the gift I bought at the last minute wouldn't be to your liking! It's all RUO Fei's fault. He kept it a secret so well that he only told us that his sister was studying here when he was about to arrive at Heron University ..."

Lin Qiao looked at Xia ruofei with smiling eyes and chuckled.

At this moment, Song Rui and the others came over. Song Rui shouted, ""Big brother Zhao, you're too unkind!"

logo

?

Chapter 1387: Everyone's little sister (1)

"What did I do?" Zhao Yongjun knew, but he asked with a smile.

Song Rui said, "you obviously wanted to buy a gift for Lin Qiao, but you didn't tell us and went to buy a gift secretly!" Moreover, he didn't even take it out at the pier and only gave it to Lin Qiao after we got on the ferry. This is too much!"

Xu Zi Xuan also jokingly said, "yeah!" I didn't expect you to be like this, Jun bro!"

"He's too scheming!" Hou Liang also mustered up his courage and chided.

Xia ruofei couldn't help but laugh. Lin Qiao blushed and said in embarrassment, ""Actually ... You guys don't have to give me any gifts!"

“How can we do that!” Song Rui said righteously, “although brother Zhao is not very kind, he is right! If you’re ruofei’s sister, you’re also our sister. How can we miss out on our first meeting gift?”

“Yes, yes, yes. Sister Lin Qiao, your brothers were negligent today. We will definitely make up for this gift tomorrow!” Xu Zi Xuan hurriedly said.

Xia ruofei was completely engrossed in watching the show. He didn’t forget to fan the flames and said with a smile, “Don’t rush it! Actually, it’s still early today ...”

“But ... Gulangyu only sells handicrafts. They’re pretty, but they’re not of high quality ...” Hou Liang said hesitantly.

Song Rui, however, came back to his senses and said, “Why are you buying it on Gulangyu? This round trip will only take five to six minutes. We’ll immediately take the round trip back to Heron Island. RUO Fei is right, it’s still early!”

“You’re right, brother Rui!” Liu Jian’s eyes lit up. Even if the ferry stops, little Zhang should be able to help us coordinate the speedboat, right?”

Liu Jian looked at Xiao Zhang as he spoke.

“No problem!” Xiao Zhang quickly replied. No problem! If you guys want to go back to Heron Island to buy gifts, I can go with you. I’m quite familiar with the high – end brand stores on Heron Island ...”

Song Rui was overjoyed. He patted Xiao Zhang’s shoulder and said, “Good comrade!”

“It’s decided then!” Xu Zi Xuan also said.

Lin Qiao saw that everyone was going to make a special trip back to Heron Island and quickly said, “Brothers, you really don’t have to go through so much trouble ... If you really want to give me a gift, you can buy anything on Gulangyu. For example, I really like the Peppa Pig toy that brother ruofei gave me yesterday!”

Song Rui looked at Xia ruofei with disdain and said, “How can we be compared to RUO Fei, that cheapskate? Lin Qiao, do you know why your brother is so rich now? They were all dug out ...”

Lin Qiao immediately retorted, “brother song Rui is talking nonsense!” Brother ruofei was not stingy! For my mom and me, he has already spent a few million!”

Xia ruofei had bought a penthouse apartment with a Pavilion for Lin Qiao as a graduation gift. It was not an exaggeration to say that he had spent a few million.

Song Rui was stunned for a moment and quickly said, “Sister Lin Qiao, don’t be angry! I ... I was just joking ...”

“Oh ...” Lin Qiao said sullenly.

Zhao Yongjun, who was also watching from the side, couldn’t help but laugh. “Xiao Rui, now you know what it means to speak without thinking! RUO Fei’s position in Lin Qiao’s heart is not something you can slander. ”

Xu Zi Xuan also righteously said: “Comrade song Rui, what you’re doing is very dirty! You must fully realize your mistakes!”

“I still have to deeply analyze my own heart and make a deep self – reflection!” Liu Jian said in all seriousness.

Lin Qiao was a little embarrassed and said,””Aiya! You’re exaggerating ... I ... I’m not angry ...”

Xia ruofei couldn’t help but gently touch Lin Qiao’s head and said,””Silly girl, ignore these kids. They’re just joking ...” He said.

Xu Zi Xuan and the others immediately burst out laughing.

The voyage from Egret Island to Gulangyu was very short. They arrived at the port in the time it took for them to chat and laugh. Xia ruofei, Lin Qiao, and Zhao Yongjun took the battery car that Xiao Zhang had arranged for them to return to the hotel. The rest of them waited at the dock for the ferry to set sail so that they could return to Egret Island to buy gifts.

It was not until 6:30 that song Rui and the others rushed back.

Xia ruofei and Lin Qiao only had a little Shacha noodles for lunch, so they didn’t wait for song Rui and the others. Who knew if they would eat on Egret Island during lunch time? Hence, he called it “eating while waiting isn’t cruel” and ordered food with Zhao Yongjun at the hotel restaurant.

When song Rui and the others returned to the hotel, Xia ruofei and the other two had just finished eating and were walking out of the restaurant. Xia ruofei was still picking his teeth with a toothpick. Song Rui and the others could not help but look at each other.

“Have you ... Eaten?” song Rui asked.

Xia ruofei replied innocently,”yes!” I thought you guys ate it on Egret Island!”

Song Rui said helplessly,”we’re all busy choosing gifts!” Then why did you still care about eating?”

Xia ruofei laughed in his heart, but he still said seriously,””Then quickly go and eat something! By the way, our table ordered quite a lot of dishes, and we haven’t finished a few of them! Hurry up and go in, the waiter probably didn’t have time to collect it!”

“Xia ruofei, you’ve gone too far ...” Song Rui said indignantly.

Little Zhang didn’t know that his friend used to joke like this a lot, so he quickly said,””Brother song, I’ll get the restaurant to arrange another table. It’ll be done soon ...”

logo

?

Chapter 1388: Everyone’s little sister (2)

Lin Qiao knew how Xia ruofei and his brothers got along. She couldn’t help but smile secretly.

Song Rui said, "little Zhang, I'll have to trouble you to make the arrangements!" We'll be down in a while!"

"Sister Lin Qiao, we brought you gifts. Open them in your room!" He continued.

"Yes, yes, yes! It's more important to open the gift!" Xia ruofei quickly said.

"It's not like it's a gift to you. Why are you so enthusiastic?" song Rui said.

Xia ruofei retorted, "I have to help my sister! What if you buy counterfeit goods to fool her?"

"What kind of person do you think I am?" Song Rui felt like he was about to explode ...

"Shut up!" Lin Qiao quickly said. Let's ... Let's go upstairs first, there are so many people watching!"

"Let's go, let's go, let's go upstairs!" Zhao Yongjun said with a smile.

They took the elevator upstairs and entered Lin Qiao's room together.

Then, song Rui and the others took out the gifts they had prepared. Five gifts were placed in a row on the bed.

Under everyone's urging, Lin Qiao started to open the gift in embarrassment.

Since they went to buy the same items together, they didn't have to buy the same ones. Some of them gave her a pearl bracelet, some gave her an LV bag, and some even gave her expensive cosmetics ...

These gifts were not too expensive for song Rui and the others, but the average price was around 20000 to 30000 Yuan, and they were all things that girls liked.

Including Zhao Yongjun's watch, the gifts from the six of them added up to almost 200000 Yuan.

Lin Qiao looked at the exquisite and expensive gifts and hesitated. These things were too expensive for her. She had seen a rich girl in her class use the same LV bag. It was said that it cost more than 30000 Yuan.

As for cosmetics, she had just heard Chen Xi in the dormitory talk about it. That small black bottle seemed to be a limited edition Lancome cream. Just 50 milliliters were sold for more than 10000 Yuan, and it was not something that could be bought with money. There was also another box of ocean blue mystery Skin Essence. There were three small bottles, each containing only 15 milliliters, and the price was already more than 20000 Yuan. The two cosmetic products added up to almost 40000 Yuan!

A few days ago, Chen Xi was still looking forward to using this kind of face cream. What kind of experience would it be? Lin Qiao didn't expect to receive one the next day. Not only was it a Lancome face cream, but it also had the more expensive ocean blue mystery Skin Essence ...

"Qiao' er, these are all gifts from the rich brothers. You can just accept them!" Xia ruofei saw Lin Qiao's hesitation and said with a smile.

"Yup! It's just a small greeting gift!" Zhao Yongjun chimed in, then said half – jokingly, "you've accepted my gift. If you don't accept theirs, these guys will be jealous ..."

Song Rui and the others also cooperated and showed a 'bitter' expression. Lin Qiao then said, ""Then I'll accept it ... Thank you, brothers!"

Song Rui immediately smiled and said, ""That's the way! Little sister Lin Qiao, you're welcome!"

Liu Jian also said, "if you go to Beijing in the future, you can also come and play with us!" The capital is much more fun than Heron Island ..."

"Yeah, yeah!" Xu Zixuan said, "we can go skiing in winter! Playing golf in the bright spring! Oh, and there's also an exciting underground race ..."

Xia ruofei quickly said, "stop it!" Don't lead my sister astray! By the way, are you guys starving? How did he still have the energy to be talkative? Qiao' er has accepted the gift, so you guys should go downstairs and eat!"

"This is called burning bridges ..." Song Rui muttered.

"Kill the donkey when it's done!" Liu Jian agreed.

"You're the donkey!" Song Rui and Xu Zixuan rebuked him in unison.

Everyone burst into laughter.

However, song Rui and the others were starving, so they didn't stay in Lin Qiao's room for long and left one after another.

Zhao Yongjun also greeted Xia ruofei and Lin Qiao with a smile and returned to his room.

Lin Qiao looked at the bed full of gifts and was at a loss. These were worth nearly 200000 Yuan! Wouldn't he have to worry about losing them every day after he accepted them? Besides, song Rui and the others had given him such an expensive gift because of brother ruofei. Wouldn't brother ruofei owe a lot of favors?

Xia ruofei chuckled. "Qiao' er, don't feel any pressure. These guys are all my close friends, and they're not short of money. These gifts are just a side gift."

"But ... This is too valuable." "It's not safe for me to put it in the dormitory. Why don't you ... Help me take it back to Sanshan and let my mom keep it at home?" Lin Qiao said with a conflicted expression.

Xia ruofei couldn't help but laugh, "aren't things bought for use?" How could it show its value by keeping it? Besides, why did you leave these things in the dormitory?"

Xia ruofei pointed at the things on the bed and said, ""You can wear the watch and bracelet on a regular day! And this bag, you girls have a lot of small things on you, you need a bag too. Just eliminate the one you're using now, and this, this ... They're all useful!"

"But wouldn't it be too high – Profile to use such an expensive thing?" Lin Qiao said hesitantly.

"How is this high – Profile? My, Xia ruofei 's, sister should enjoy these things. I didn't think it through enough in the past. It just so happens that these guys have bought everything you need. Just kindly accept it!" Xia ruofei said.

Girls were supposed to be well – off. Lin Qiao was already in University. It was normal for her to use a better bag, wear an expensive watch, and even put on makeup. There was no need to be too low – Key.

Xia ruofei thought that it would be better for Lin Qiao to use these. At least, she would not be treated as a country girl. The boys who wanted to pursue Lin Qiao would not dare to approach her with small favors. Those who did not have any financial ability would also retreat.

Although Xia ruofei didn't have any feelings for Lin Qiao, he treated her like a sister. He was like a father who had a daughter. Even if his daughter was going to find a boyfriend and get married, he would still feel a little awkward as a father.

It was just like how Xia ruofei would feel a little weird when he thought about Lin Qiao having a boyfriend. He wouldn't be jealous, but he would feel a little disappointed.

Of course, Xia ruofei would not stop Lin Qiao from dating because of this. However, he could still help her to check and filter out some people.

Of course, Lin Qiao didn't think that deeply. After hearing Xia ruofei's words, she felt warm in her heart, but at the same time, she couldn't help but feel a little disappointed. He had always treated her as his biological sister ...

Xia ruofei didn't notice Lin Qiao's disappointment and continued,""And these cosmetics ... Oh right, who gave them to you? You don't have good eyes ..."

Lin Qiao had a good memory. She said, "It's from brother song Rui. Brother ruofei, this set of cosmetics is the most expensive of all the gifts ..."

Xia ruofei said,"what's the use of being expensive?" Do you need to use other cosmetics?"

Lin Qiao was stunned for a moment. Then, she smiled and said,"I really don't need to ..."

Lin Qiao usually used a skin care product, the jaded skin cream. Every time she didn't finish it, Xia ruofei would ask the company to send her new ones.

Her skin was already very good, and after applying a little bit of jaded skin cream every day, it became even more tender and tender, like cream. Several of her best friends in the dormitory were very envious and asked her how she maintained her skin.

However, the jaded skin cream was very expensive and Lin Qiao was relatively simple in other aspects. She didn't want her best friend in the dormitory to think that she was showing off, so she had always been vague and used it secretly every time.

Of course, everyone didn't think much of it and praised her for her natural beauty.

"But it's not completely useless. You can give it to your classmates!" Xia ruofei smiled and said,"don't you have a good relationship with the girls in your dormitory? Why don't you just take it out and let everyone share it!"

logo

?

Chapter 1389: Turkey ice cream (1)

Xia ruofei arranged the use of these gifts in a few sentences, so Lin Qiao naturally didn't have any objections.

As for the two sets of cosmetics that song Rui gave her, she would not feel the pinch.

What Lancome? what ocean blue mystery? how could they compare to the jade skin cream that brother ruofei personally developed?

It was decided.

Poor song Rui. In order to make his gift stand out, he had even used some personal connections to make sure that Lancome face cream was a limited edition and couldn't be bought in ordinary stores.

He didn't expect his gift to be the most "miserable" one. Lin Qiao directly gave it to someone else. At least, Lin Qiao kept the other gifts for her own use.

Lin Qiao carefully put away the gifts. Xia ruofei said, "Qiao' er, we'll be back at San Shan tomorrow. You should study hard in school. If it's hard to buy high – speed rail tickets, I'll get someone to pick you up."

"Ah? You're leaving tomorrow?" Lin Qiao was a little reluctant.

These two days were the happiest she had ever been since she went to university on Egret Island. With Xia ruofei by her side, she felt that all her worries were gone. The only problem was that she could not concentrate. She could not help but think of Xia ruofei when she was revising or in class.

"Yup! We're all just taking a break from work to relax, we can't always be out playing!" Xia ruofei said with a smile.

In fact, Zhao Yongjun and the others weren't in the mood to play anymore. They wanted to go back to Jing and decide on the location of the club first, then start the construction. Everyone was very interested in the club that the brothers had built together, and they were very optimistic about the future of the club.

"Oh ... I know!" Lin Qiao was a little depressed. I'll study hard ... And don't worry about the high – speed rail tickets. Sister he found a ticket – snatching app, so I should be able to get them. "

It wasn't easy to buy tickets during the spring Festival, but everyone had their own skills, so many ticket – snatching software and plug – ins were born, but the effect was not clear.

Xia ruofei was not as confident as Lin Qiao. He smiled and said, ""It'll be great if you can buy it. If you can't, call me. It's not far from Heron Island to Sanshan anyway. I'll send a car to pick you up."

He didn't dare to say that he would drive to pick her up. On the one hand, he couldn't guarantee that he wouldn't have the time. On the other hand, with his understanding of Lin Qiao, if he said so, this girl would say that she couldn't buy the ticket even if she got it ...

"I know!" Lin Qiao said.

Xia ruofei laughed and said, "don't be unhappy!" I've received so many gifts today!"

"I'm not unhappy. I just can't bear to see you leave!" Lin Qiao smiled.

"The holiday is in a few days. We'll meet again then, won't we?" Xia ruofei smiled and said, "let's go. I'll take you out for a walk!"

"Alright!" Lin Qiao said.

Xia ruofei saw that Lin Qiao was in a bad mood and wanted to take her out for a walk. He knew that this girl was very dependent on him, but this mood should be temporary. He just needed to divert her attention.

The two of them left the hotel and strolled forward.

"Brother ruofei, I want ice cream!" Lin Qiao suddenly pointed to the front.

Xia ruofei looked in the direction Lin Qiao was pointing at and saw a Turkey ice cream shop that had been renovated into a small wooden house. A tall Westerner was busy working in the shop.

"You're eating ice cream in the middle of winter?" he couldn't help but laugh.

"So old – fashioned?" Lin Qiao said, "who made the rule that ice cream can only be eaten in summer? Besides, the winter on Heron Island isn't very cold!"

"Alright, alright, alright! As long as you're not afraid of having an upset stomach, we'll go eat!" Xia ruofei said.

Lin Qiao smiled and said, "I'm not afraid!" I have you, the divine Doctor, to help me, don't I?"

In Lin Qiao's eyes, Xia ruofei was almost omnipotent. If he could cure uremia, wouldn't he be able to cure a cold from eating ice cream?

"So you were waiting for me here?" Xia ruofei smiled bitterly. "Satisfy your appetite first. If there's a problem with the food, then you can treat it? I think you're a little foodie too, just like song Rui!"

Lin Qiao said slyly, "since their shops are open in winter, it means that they have business in winter!" Since other people can eat it, why can't we?"

Xia ruofei took a look at the Turkey ice cream shop. Business was not good. Other than the lack of tourists at night, it must have had something to do with the weather.

However, Xia ruofei naturally wouldn't expose her. It was rare for Lin Qiao to make a request. Furthermore, it wasn't a big deal. Naturally, he had to satisfy her.

So, the two of them walked toward the small wooden house that sold ice cream.

The tall and handsome old man smiled when he saw them and said, ""Welcome! Our shop has a variety of flavors of ice cream, you're welcome to buy!"

His Chinese is quite good! Xia ruofei looked at the foreigner curiously, then turned around and asked with a smile, ""Qiao' er, what flavor do you like?"

"I want the Tri – colored one!" Lin Qiao said without hesitation.

"I'm the same!" Xia ruofei said to the foreigner who sold ice cream, "two tricolored ice cream!"

"Alright, please wait a moment!" The foreigner said.

Then, he deftly took down one of the stacked egg cylinders and skillfully scooped out the ice cream with a small long handle, filling the cylinder.

"Who's first?" the foreigner asked with a smile.

Xia ruofei was naturally prepared to let Lin Qiao eat first. After all, she wanted to eat ice cream, and Ladies First!

But before Xia ruofei could say anything, Lin Qiao said, "Brother ruofei, you go first!"

"What's wrong?" Xia ruofei was confused. Didn't this girl really want to eat it? Why was he being so modest now?

"Aiya, go and get it!" Lin qiaojiao pouted and said, "it'll be quick anyway. Isn't it the same who goes first?"

Xia ruofei thought about it and agreed. He stepped forward and was about to take the ice cream.

He didn't see the sly smile in Lin Qiao's eyes as if her scheme had succeeded.

The foreigner used the small, long – handled shovel with ice cream stuck on it and handed it over.

Xia ruofei stretched out his hand to receive it. At this moment, he sharply noticed that the shovel trembled slightly.

Xia ruofei was already a practitioner. His spiritual power was very strong and his five senses were far superior to ordinary people. In a flash, he subconsciously turned his wrist and accurately predicted the movement of the shovel. Then, he held the egg container without any mistake.

The foreigner who sold ice cream was stunned. Lin Qiao was also stunned.

Xia ruofei tugged at it lightly and felt that the ice cream was very sticky. If he used too much force, it might stick to the spatula. He had no choice but to take out an egg container.

With a slight shake of his wrist, he removed the ice cream with ease.

At this moment, Xia ruofei realized that Lin Qiao and the foreigner who sold ice cream were both in a daze.

"What's wrong?" Xia ruofei asked.

He didn't know that Gulangyu's Turkey ice cream shop was very popular on the internet. Not only did it taste good, but the ingredients were also authentic. The reason why this shop was popular was that this handsome Turkish uncle knew how to play "tricks."

Every time a customer reached out to grab the ice cream, the owner would nimbly use the shovel to avoid the customer's hand. Sometimes it would fly up and down, sometimes it would sway left and right, and the customer couldn't grab the ice cream no matter how hard they tried.

Sometimes, when they finally caught it, they didn't realize that the boss had actually used two egg cones. The boss raised his hand and took the real ice cream back with the cone. The customer only had one empty cone in his hand.

The whole process was so interesting that it became famous on the internet. During the summer day, there was always a long line, and customers were all waiting to be "fooled."

Lin Qiao deliberately didn't tell Xia ruofei because she wanted to see the omnipotent brother ruofei embarrass himself.

The owner did not know that Xia ruofei was a high – Level cultivator. No matter how fast he was, he could not escape Xia ruofei's eyes. His reaction speed was not on the same level as Xia ruofei 'S. So, he tried to deal with Xia ruofei the way he usually dealt with ordinary customers. Naturally, he failed.

Except for his own mistakes, the boss rarely encountered such a situation, so he was also on the verge of a mental breakdown. Why don't you play by the rules? The script wasn't supposed to be like this!

Xia ruofei was not aware of all this. He even thought that the owner's hand had not held it firmly. He was even thinking that it was fortunate that he had caught it in time. Otherwise, the ice cream would have fallen to the ground and it would have been a waste.

Lin Qiao looked at Xia ruofei in shock. After a while, she said, "Brother ruofei, how did you do it?"

"What do you mean?" Xia ruofei was confused.

Lin Qiao told Xia ruofei about the specialty of the Turkey ice cream shop. Xia ruofei didn't know whether to laugh or cry. "Why didn't you say so earlier? If you had told me earlier, I would have cooperated with him ..."

These words made the boss, who had excellent Chinese, want to cry even more. "Since when did I need the cooperation of customers to perform?"

Lin Qiao looked at Xia ruofei in amusement and mumbled, "It's boring to come out with an expert like you ..."

Then, she smiled at the foreigner and said, "Boss, I still have my ice cream!"

The foreigner, who had been deeply shocked, came back to his senses. He quickly took out another cone and prepared the ice cream.

Lin Qiao stood in front of the counter with anticipation. The foreigner took a deep breath and made up his mind. This time, she must not screw up.

One of them was looking forward to being fooled while the other was cheering for herself to succeed. Xia ruofei, who was watching from the side, could not help but find it funny.

The foreigner's next performance was very successful. Lin Qiao tried her best to catch the ice cream, but the ice cream was like a mischievous spirit. Under the foreigner's control, it drifted left and right, causing Lin Qiao to giggle.

After a gaudy performance, the foreigner took a paper bag and wrapped the cone in it. Lin Qiao high-fived the foreigner with great familiarity and took her tricolored ice cream.

Lin Qiao glanced at Xia ruofei proudly as if to say, "Did you see? This was the correct operation!

Chapter 1390: An agreement (1)

For Lin Qiao, happy times were always short.

After staying a night at Gulangyu, Xia ruofei and the rest would return to San Shan. She would return to school to continue her revision and prepare for her final exams.

However, the two days spent on Gulangyu had become a very beautiful memory in Lin Qiao's heart.

The leisurely Gulangyu road, the romantic café, the cute Peppa Pig doll, and the Turkey ice cream shop owner who failed to "show off ..." Everything that happened in the past two days was engraved in Lin Qiao's heart.

She stood at the school gate and looked at the cool Knight XV that was gradually blending into the traffic. The feelings she had for him for a long time were even more difficult to suppress.

After a long time, Lin Qiao couldn't see Xia ruofei's car anymore. She took a deep breath, and her eyes became more determined.

Lin Qiao pursed her lips and turned around to walk into the school.

.....

Xia ruofei and the others arrived at the three mountains in two cars. It was already evening by the time they arrived.

Hence, Xia ruofei asked Zhao Yongjun and the others to return to Tao Yuan farm to rest for the night. The next day, he arranged for them to meet Ling Xiaotian at the headquarters of the Ling Ji food and beverage group.

Although Ling Xiaotian's assets weren't the best in the country, and the influence of the lingji F & B group wasn't much in the eyes of Zhao Yongjun and the others, he was still Xia ruofei's future father-in-law, so they were very respectful to Ling Xiaotian when they met.

Ever since Ling Xiaotian found out about Zhao Yongjun and the others' identities through Xia ruofei, he had placed great importance on this meeting. He would not look down on them just because they were young.

The two sides had a strong desire to cooperate, so the atmosphere of the meeting was naturally very pleasant and warm.

Soon, everyone decided on the intention to cooperate.

Ling Xiaotian had officially decided to open a branch of Ling's private kitchen in the capital city and integrate it into the club system that Xia ruofei and the others were about to build.

The club was in charge of the finance department, and lingji private kitchen had a dedicated finance staff who also recorded the accounts separately. Both parties would check their accounts once a month, and at the same time, settle their accounts once a month.

In order to promote in – depth cooperation between the two sides, everyone had initially agreed to exchange shares in the future. They would hold each other's shares, and the main bodies would be the Beijing branch of Ling Ji private kitchen and the club.

What was interesting was that during the meeting, they had already decided on the name of the club.

It was called the Paradise clubhouse.

There were many reasons for this. For example, the Paradise Corporation was becoming more and more famous, so using this name was also beneficial to the club's brand. The meaning behind the name "paradise" wasn't bad either. The club was meant to be built into a paradise – like place, so that everyone could enjoy whatever they could think of.

Also, Zhao Yongjun and the others had new inspiration from their meeting with Ling Xiaotian.

That was to set up a special sales booth for the products of the Paradise Club.

Things like Taoyuan Da Hong Pao, Taoyuan tie Feng Dou, Taoyuan Cordyceps, Jade skin cream, seasonal Taoyuan fruits, top – grade one – headed abalone, top – grade truffles, and so on would all be exquisitely packaged and displayed here.

The club's members could also purchase these popular items through the club.

Of course, those who could become members of the club basically didn't lack money, so the price wouldn't be cheaper than outside. Because of the exquisite packaging, it would even be more expensive than outside channels.

The only difference was that there was no need to rush, and everyone could buy whatever they wanted within their quota.

People with money and status would want special privileges.

Ordinary people had to line up, rush to buy, or wait at the computer on the dot. As long as they had a membership card and were within the quota, they could buy at any time and even deliver the goods to their doorstep.

The introduction of this system would definitely be very attractive.

Xia ruofei also agreed with Zhao Yongjun's suggestion. His paradise Corporation had always been focused on high – end consumers, which had always been Xia ruofei's main customer base.

When promoting paradise corporation's products in the club, the customers were all carefully selected. 100% of them were the elites of society. Compared to the profit they could generate, Xia ruofei was more than happy to have such a brand influence.

Hence, not only did he raise both hands in agreement, but he also expressed on the spot that he would give the club a certain amount of resources in the distribution of resources. Moreover, the price would be a certain discount from the market price.

In any case, he also had shares in the club. If he gave up a certain amount of profit, a quarter of the profit would return to his hands. The loss of money was very small. Compared to the huge reputation that the Paradise company had gained, it was almost negligible.

It could be said that the meeting at the headquarters of the Ling Ji F & B group was very successful, and everyone successfully reached an agreement to cooperate.

Of course, Ling Xiaotian and the others did not sign any written agreement, not even a one – sided contract.

The main thing was that the club was only a concept at the moment. Not only had the location not been decided, but the company had not even been registered.

Moreover, with Xia ruofei around, their relationship was unbreakable. When they officially cooperated, it would naturally be written in black and white. At this stage, it was enough for everyone to reach an oral agreement. There was basically no going back on their words or any other variables.

The group had taken an important step forward in their expansion, and they had even built a bridgehead in the central city of the country, Beijing. Ling Xiaotian was also very happy. In the afternoon, he invited Zhao Yongjun and the others to a meal at Ling Ji private kitchen.

Although they had already tasted the delicious Chinese perch and Buddha Jumps Over the Wall a few days ago, when they saw the two dishes again today, everyone was still moving their chopsticks quickly and eating them quickly. Moreover, they were still full of praise.

After lunch, Xia ruofei bade farewell to Ling Xiaotian and his daughter and personally drove Zhao Yongjun and the others to the airport.

In front of the VIP security at the departure hall, Zhao Yongjun patted Xia ruofei's shoulder and smiled. "RUO Fei, this trip was really worth it! Not only did they get to eat a rare delicacy, but their bodies and minds were also extremely relaxed. Most importantly, everyone had found an opportunity to cooperate. Now, they were all full of energy! Thank you!"

"Big brother Zhao is too polite!" Xia ruofei grinned. "I'm afraid I'm not entertaining enough! After all, when I went to the capital, you all treated me very well!"

"Excessive modesty is arrogance!" Zhao Yongjun laughed and said, "ruofei, we'll do an investigation as soon as possible after we go back. We'll aim to set a target before New Year's Day and get the land before the Spring Festival!"

"Alright! After all, I can't stay in the capital to keep an eye on you all for long. Besides, you guys are doing so well in Beijing, I can't compare to you." Xia ruofei smiled and said, "just give me a call when you need funds. I can transfer the initial funds over anytime!"

"Alright!" Zhao Yongjun smiled and patted Xia ruofei's shoulder.

Xia ruofei then looked at Song Rui and said with a smile, "Xiao Rui, you have to work harder this time when you get back. Quickly take down Zhuo Yiyi!"

"A man should put his career first ..."

"Go! If you're not confident, then say so ..." Xia ruofei pouted and said, "we've helped you with everything we can. The rest is up to you!" Don't tell me you're giving up?"

"How is that possible!" Song Rui immediately said, "I'll ask her out when I get back! The next time you come to Beijing, we will definitely be together!"

Speaking of this, Song Rui asked, "I say ... When are you going to the capital?" Buying such a big house, but it's so empty, I feel like it's a waste ... Why don't you just let me live in it ..."

"Get lost!" Xia ruofei laughed and scolded, "if you want to live in a big house, you'll have to work hard to earn money to buy it! How can you keep thinking about reaping without sowing?"

Song Rui smiled and said, "we're brothers." What's Yours Is Mine ..."

"According to your theory, then Zhuo Yiyi ..." Xia ruofei said unhurriedly.

"Don't talk nonsense! You can't take advantage of a friend's wife!" Song Rui immediately said warily, "look at how respectful I am to my sisters – in – Law. No matter if it's Ling Qingxue, Lu You, or Song Wei, Oh ... Or little sister Lin Qiao, I've never had any improper thoughts about them!"

Xia ruofei didn't know whether to laugh or cry, "a dog's mouth can't spit out ivory!" Other than Qingxue, what do the rest of them have to do with me? Don't talk nonsense!"

Song Rui chuckled and said, "that's enough, ruofei. Don't be so pretentious!" Everyone has a tacit understanding ..."

At this time, Zhao Yongjun called out from the front, "It's almost time, let's go through the security check!"

Xia ruofei finally let Song Rui go and said loudly, "Brothers, I'll stop here! I've prepared some tea leaves and iron – skinned fengdou for you. They're all in the blue cardboard box that we just checked in. When you arrive in Beijing, remember to take them out and divide them. Everyone has a share!"

"Alright! Thanks, brother!" Zhao Yongjun laughed.

Hou Liang and the others also expressed their thanks. Then, the group walked toward the security checkpoint.

Xia ruofei stood outside the yellow line and said with a smile, "Brothers, have a safe journey! By the way, it doesn't seem to be good to have a smooth wind on the plane, so I wish everyone a safe landing!"

Zhao Yongjun and the others laughed in a relaxed manner and waved at Xia ruofei.

Xia ruofei watched as everyone passed the security check and walked to the VIP lounge. Then, he turned around and left the airport, driving back to Paradise Farm.

Xia ruofei had been accompanying Zhao Yongjun and the others for the past few days and had almost no time for company matters. Now that they were on the plane, Xia ruofei had to hurry back to the farm ... To have a good rest!

Why aren't you hurrying to settle your work? Please, eating and playing with him was also very tiring, okay? of course, he had to rest well to recover his vitality. Only then would he be in a better state to work!

However, Xia ruofei's wish fell through. He had just returned to the farm. Before he could spend time with lightning, Blackie, and the rest, he received a call from Feng Jing, saying that she had work to report.

Feng Jing could handle most of the work on her own. Since she wanted to report to Xia ruofei, it must be something important. Xia ruofei could only ask her to wait in the office while he went over.

He grumbled as he put on his coat and walked towards the mixed – use complex.

Xia ruofei seriously suspected that Feng Rao had bribed the veteran on duty at the door. Otherwise, why would her call come the moment he stepped into the room?

If this went on, how could he be a Happy Hands – off shopkeeper?
