

## God tier Farm 1441

### Chapter 1441: What a coincidence (2)

She felt a little regretful. Although the reporter of this report had captured the scene at that time, he had not been able to confirm the identity of the young man. At the end of the report, the reporter even asked the netizens, hoping that they would use their sharp eyes to find the young man and vigorously promote such positive energy.

Dong Yun scrolled to the end of the page and looked at the comments.

Most of the comments were full of praise. Some said that the young man was agile, some praised his subconscious reaction to see a good cause. In short, almost all of them were positive comments.

There were also a small number of netizens who questioned the management of the store. In fact, as long as the waiters and janitors cooperated with each other, the accident could have been completely avoided.

After all, the grilled fish in the stone pot was very hot, which meant that the restaurant didn't emphasize too much on the staff's sense of danger, and the waiters were a little clumsy.

While Dong Yun was browsing through the comments section in fear, a comment suddenly caught her attention.

"Why does this back look so familiar? Let's compare the photos of the peach blossom company's Annual Meeting that were circulated two days ago. Doesn't he look like CEO Xia of the company?"

In this comment, there were also many netizens who expressed their opinions.

"It can't be such a coincidence! Isn't President Xia too much of a showstopper these few days?"

"I think so too. What do you think about the situation downstairs?"

"Upstairs, there must be something strange about this ..."

.....

Dong Yun couldn't find the exact answer in everyone's comments, so she simply followed the clues and found the post about Tao Yuan company's annual party that was very popular on Weibo and forums a few days ago.

The photo of Xia ruofei fishing for money was very eye – catching and had been mentioned many times. Dong Yun found the photo easily.

However, the photo taken at the annual meeting was taken from a glass room away and it was a side view of Xia ruofei.

Yuan Xin's video was taken from behind. Other than the moment when Xia ruofei stepped out to catch the stone pot, the rest of the video was taken from behind the camera.

Dong Yun compared it for a while, but the video was not very clear, and the quality of the photos of the annual meeting was not very high. She felt that there was a little similarity, but like the netizens, she was not sure.

Dong Yun was full of questions. When it was time for dinner in the evening, she couldn't help but ask Zheng Shuying, "Mom, do you know the name of the young man who saved you?"

Zheng Shuying said with a regretful expression, "I didn't even have the time to ask for his name! I was scared at first, but I only came back to my senses after I applied the medicine. However, the two young men left very quickly ..."

"Oh ..." Dong Yun was a little disappointed.

"But I seem to remember that his female companion called him by his name. It's ... Something Fei?" Zheng Shuying suddenly said.

"RUO Fei?" Dong Yun quickly asked. Xia ruofei?"

Zheng Shuying scratched her head and smiled bitterly. "My mind was in a mess back then, I really can't remember anything ... Little Yun, why are you asking this?"

"I think ... Since he sacrificed himself to save others, we should at least express our gratitude!" Dong Yun said.

"That's right!" Zheng Shuying immediately said, "then ... I'll try to recall it?"

At this moment, an idea suddenly came to Dong Yun's mind.

Compared to the netizens' various speculations and analysis, there was no need for her to give up what was near and seek what was far! The person involved was right in front of him! Why did he have to use that blurry Annual Meeting photo as a comparison?

At this thought, Dong Yun immediately took out her phone and searched for Xia ruofei's photo on the internet.

One had to admit that the internet had greatly reduced the space for personal privacy, especially for Xia ruofei, who was considered half a public figure. Although he deliberately kept a low profile, there were still many photos circulating on the internet, including photos of him attending the press conference. Many of them were clear frontal photos from professional media reporters.

Dong Yun found a close-up photo and handed the phone to Zheng Shuying, asking, "Mom, take a good look. Is it him?"

Zheng Shuying only took a glance and immediately said, "That's right! Little Yun, this is the young man who saved me today!"

"You ... Are you sure? Don't you need to think about it?" Dong Yun asked, "didn't you say that your mind was in a mess?"

"It can't be wrong. This young man's eyes are very special. It's the kind of eyes that people can't forget after one look." Zheng Shuying said, "Xiao Yun, do you know who he is? We should go and express our gratitude ..."

Dong Yun was deep in thought, but she didn't answer Zheng Shuying's question. She just smiled and said, "Mom, leave this to me! I will go and thank him."

"Then I'll have to come too! I'm the one they saved. If I don't show up, won't I be showing no sincerity?" Zheng Shuying asked, puzzled.

"I won't!" Dong Yun smiled and said, "leave it to me! I promise I won't neglect your benefactor!"

"This child, why are you still keeping me in suspense?" Zheng Shuying rebuked.

"Let's eat, let's eat!" Dong Yun changed the topic. "Mom, let me try the lychee meat you made. I haven't had it in years ..."

"Yes, yes, yes! My lychee meat used to be your favorite!" Sure enough, Zheng Shuying's attention was successfully diverted. She immediately picked up two large pieces of lychee meat and put them in Dong Yun's bowl. She smiled and said, "try it. Has mom's cooking skills deteriorated?"

.....

Night fell on Peach Blossom Farm.

Xia ruofei drove back to his villa after spending the day with Ling Qingxue.

Although there was a small incident today, he was still very happy overall. It had been a long time since he had been shopping and chatting with his girlfriend.

The only downside was that Ling Qingxue insisted that he check out of the hotel room he had already booked because of his injured hand.

The two of them hadn't been intimate for a long time, so they had already booked a hotel room. They were planning to hang out until dinner, and then go to the hotel to have a good time.

However, from Ling Qingxue's point of view, Xia ruofei's hand had been scalded so badly that it was obviously not suitable for vigorous exercise. So no matter how Xia ruofei begged, she firmly refused.

Xia ruofei could not use the magical spirit Heart Flower petal solution to completely cure Yingluo in front of Ling Qingxue. That would be too unrealistic and would scare Ling Qingxue.

In the end, he could only compromise helplessly.

Under Ling Qingxue's repeated instructions, Xia ruofei drove straight back to the farm after dinner to check on Ling Qingxue. She was worried that it would be unsafe for him to drive since he could only use one hand.

In fact, on the way back to the farm, Xia ruofei had quickly found a quiet place to park the car. He took out a small bottle of higher concentration spirit Heart Flower petal solution from the spirit map space and completely cured his burns.

However, he still wrapped his hands with gauze and bandages. This was mainly to cover up his injuries. If Ling Qingxue came to the farm in the next two days and saw that his injuries were completely healed, it would be hard to explain.

Xia ruofei parked the car and played with Blackie, lightning, and the rest in the yard for a while. Then, they heard footsteps coming from the door.

“RUO Fei, you just came back?”

It was Feng Jing’s voice. She had nothing to do after dinner at the staff cafeteria and was taking a walk in the farm yard. She happened to see Xia ruofei’s car driving into the villa from afar and decided to walk over to tell him about the news of her failure in recruiting Dong Yun.

“Sister Che!” Xia ruofei said in surprise, “please come in!”

Blackie and the others were very familiar with Feng Rao, so they didn’t show any hostility toward her. Instead, they wagged their tails at her.

“You guys go play on your own!” Xia ruofei patted Lightning’s head and said.

“Sister Jing,” he said to Feng Jing, “I just came back from outside. Shall we go in and have some tea?”

At this moment, Feng Jing’s gaze fell on Xia ruofei’s bandaged hand. Her heart trembled as she asked, “What ... What happened to your hand?”

?

#### Chapter 1442: Dong Yun’s visit (1)

Xia ruofei waved his hand and said, “I accidentally got a small injury, it’s nothing serious ...”

“What’s going on?” Feng Rao saw that Xia ruofei’s hands were tightly wrapped and knew that it was not as simple as Xia ruofei had said.

Seeing that Feng Jing was asking, Xia ruofei did not hide anything and simply recounted what had happened at the grilled fish shop that afternoon.

Then he shrugged and said, “it’s just this matter. Actually, it’s nothing. It’ll be fine in a few days ...”

Feng Rao couldn’t help but turn pale when she heard this. “RUO Fei, this is nothing? Do you know how hot that stone pot is? You’re already so old, why are you still showing off?”

Xia ruofei laughed and said, “sister che, look at how nervous you are. It’s really nothing. I’m quick to react. The stone pot was in my hand for less than a second. How could it have been seriously injured?”

“Let me see!” Feng Rao came forward to check on Xia ruofei’s injury.

Xia ruofei quickly raised his hand to avoid it and said, “Sister che, it’s really nothing! There’s no need to look at it ... Besides, it’s just been bandaged, it’s too troublesome to untie it again.”

He definitely couldn't let Feng Rao remove the bandages, or else he would be exposed.

Feng Rao seemed to have realized that her actions were a little too intimate. She blushed and said, ""Don't force yourself! If you really can't handle it, go to the hospital!"

"I know," Xia ruofei said indifferently. "I know what to do."

Feng Rao nodded and did not say anything else.

Xia ruofei had been injured on a date with his girlfriend. Feng Jing felt that it was inappropriate for her to say too much, so she could only suppress her concern.

The two of them walked into the living room of the villa. Xia ruofei first walked over to feed the red Arowana, then took out the secret Da Hong Pao from the tea cabinet next to him and sat down at the root – carved tea tray.

Although he could only use one hand, Xia ruofei was still very familiar with the process of making tea.

"Sister ran, why did you suddenly come over tonight?" Xia ruofei poured tea with one hand and asked with a smile.

Feng Rao was slightly surprised and said, "Yup! I have bad news ..."

"Don't say it yet, I'll make a guess!" Xia ruofei smiled and said, "is it about the company? Dong Yun rejected us?"

The company's current development momentum was quite good. The only bad news was the lack of talent. Although the Vice President position was temporarily vacant, there was no clear target for it. The only position that was planned to be the Chief Administrative Officer was Dong Yun.

"Yeah!" Feng Rao said with a bitter smile. "I've had a face – to – Face meeting with her today, and I can see that she's not interested in our company. She's obviously a very opinionated person, so I personally think there's no hope of recruiting her. We'd better make plans early. "

Xia ruofei smiled. "It seems like this overseas returnee has quite a high standard. Is our company not worthy of her attention?"

"Not exactly!" Feng Jing laughed and said, "she's quite honest. Maybe it's because of her career plan ..."

As for her sense of achievement, Feng Jing was still in a state of confusion, so she didn't go too deep into the topic.

Xia ruofei shrugged and said, "then let's keep looking!" On one hand, we have to get the company's top management as soon as possible, and on the other hand, we absolutely can't make up the number with just a few. "

"Yeah ..." Feng Jing said. "I'll keep an eye on this. I've been personally following up with the Headhunters ..."

Feng Jing couldn't help but add, ""Dong Yun is actually very suitable for this position. She would have no problem becoming the Vice President in the future, but unfortunately ..."

"Since the two sides are not fated, then there is nothing to be regretful about." Xia ruofei said freely.

At this moment, Feng Jing's phone rang.

She did not avoid Xia ruofei and took out her phone to look at the caller ID.

Feng Rao's face revealed a strange expression. She raised her head and said, "It's dong Yun ..."

"Oh?" Xia ruofei said with interest, "did she change her mind?" Take it and hear what she has to say. "

Feng Jing nodded and picked up the phone. "'Good evening, miss Dong!"

Dong Yun's voice was a little hesitant as she said, "President Feng, I'd like to know the contact information of your company's Chairman Xia ..."

Feng Rao was stunned when she heard this. She looked at Xia ruofei in shock. After a while, she came back to her senses and smiled. "Of course, no problem. But may I ask why miss Dong is looking for our Chairman?"

Hearing this, Xia ruofei raised his eyebrows.

It seems like Dong Yun wants to find me? But I don't even know her!

Xia ruofei was not narcissistic enough to think that his charm could defeat anyone of his age group. Even Dong Yun, whom he had never met before, was his fan.

If that was the case, Dong Yun wouldn't have rejected Feng Jing's invitation so firmly today.

Dong Yun seemed to hesitate for a moment on the other end of the phone before saying, "I ... Have some personal matters that I would like to visit you for. I wonder if it's convenient?"

"Yes, yes!" Feng Rao immediately replied. Our President Xia is always free! You can come to the farm directly, call me when you're there!"

?

Chapter 1443: Dong Yun's visit (2)

Dong Yun also heaved a sigh of relief and said, "Alright, if it's convenient, let's do it at 9 a.m. Tomorrow!"

"No problem!" Feng Jing said happily, "see you tomorrow!"

"See you tomorrow!"

After hanging up the phone, Feng Jing looked at Xia ruofei meaningfully.

Xia ruofei stared at Feng Rao and said with a bitter smile, "'Sister ran, you don't seem to have asked for my opinion ..."

"A beauty like Dong Yun came to visit you, and you're going to reject her?" Feng Rao asked. It's not wrong for me to help you agree to this, right?"

Xia ruofei was speechless and said, "what the hell is this?!" I say ... What is this miss Dong up to?"

"I should be the one asking you that!" Feng Rao smiled and said, "when we met this afternoon, Dong Yun didn't mention you at all. Why did she suddenly ask to visit you at night ... Ruofei, you didn't bewitch her, did you?" Or ... For the sake of the company, you didn't hesitate to sacrifice yourself and used the beauty trap?"

Feng Rao's words made Xia ruofei speechless. After a long while, he said, "Sister che, your imagination is too rich! 'I've never seen this elite Dong before. Moreover ... Our company is actively recruiting her. She can make her own choice, but it's not like we don't want her! Do I need to use some beauty trap?"

Feng Rao couldn't help but giggle. She could tell that Xia ruofei didn't seem to know what had happened either.

"No matter what, this is a good thing," Feng Jing said. "Who knows what might happen tomorrow?" And I still need to correct you. Looking at the current situation, she's really the most suitable candidate for our company's CAO position. It's not that we don't want her, but if there's a chance, it's best to work hard!"

Feng Jing winked at Xia ruofei and said, "So ... It's all up to you tomorrow! When it's necessary, use handsome men ..."

"Stop, stop!" Xia ruofei said hurriedly, "let's end this topic here!"

Feng Jing couldn't help but laugh out loud when she saw Xia ruofei's embarrassed look.

.....

The next day, Xia ruofei was still clueless about Dong Yun.

He didn't even notice the article by the Sanshan Evening News. In fact, the influence of the Sanshan Evening News was still limited. Moreover, due to the angle of the video, although some netizens had raised their own speculations, saying that the brave young man was very similar to Xia ruofei, there were only a few responses and it did not become a hot topic of public opinion.

Since Feng Rao had agreed to meet with Dong Yun, Xia ruofei went to the company's cafeteria for breakfast after his morning cultivation. Then, he returned to the office to handle some daily matters.

At around 8:50 am, Feng Jing knocked on Xia ruofei's office door and said with a smile, "Dong Yun has already arrived. Shall we go down and welcome her?"

"There's no need to make such a big fuss!" Xia ruofei raised his head and said, "we're a Chairman and a President. Even if she were to join our company, she'd still be a subordinate! What kind of boss welcomes his subordinates?"

"He hasn't been hired yet, has he?" Feng Rao said nonchalantly, "we're just taking a few steps. Wouldn't that make us look like we're treating the wise with respect?"

"Alright, alright, alright, what you said makes sense!" Xia ruofei smiled bitterly and stood up.

When the two of them arrived downstairs, Dong Yun's Beetle car had just arrived at the complex.

"Miss Dong, welcome to our company!" Feng Jing took a few steps forward and introduced him with a smile. "This is our company's Chairman, Mr. Xia ruofei!"

Dong Yun smiled at Xia ruofei and shook hands with him. "President Xia, I've heard a lot about you!"

Xia ruofei also smiled and said, "Miss Dong, you're too kind!" Upstairs, please!"

The group came to the reception room next to the chairman's office. The staff of the administration department had already prepared tea, and the three of them took their seats.

"Miss Dong, may I know why you're here today?" Xia ruofei asked with a smile.

Dong Yun looked at Xia ruofei and Feng Jing and said, "President Xia, I'm here to express my gratitude to you!"

Feng Jing and Xia ruofei were stunned by Dong Yun's words.

Xia ruofei was even more confused. He smiled and said, "Miss Dong, why are you thanking me out of the blue? Is there any misunderstanding here?"

Dong Yun looked at Xia ruofei and said, "Of course it's not a misunderstanding." President Xia, did you have lunch at the stone pot grilled fish restaurant next to the Wanda Square in the east of the city yesterday? While saving a cleaner, you even got injured?"

In fact, when Dong Yun saw the bandage and gauze on Xia ruofei's hand, she was very sure.

Xia ruofei was slightly surprised, but he still nodded and said, "There is such a thing, but ..."

"That cleaner is my mother!" Dong Yun said calmly.

"Ah?" Xia ruofei couldn't help but be stunned. Could it be such a coincidence?

Feng Rao's mouth was wide open as she stared at Xia ruofei. She was in awe of Xia ruofei.

Wasn't this a little too magical? He went out for a meal and saved a person, and it turned out to be Dong Yun's mother?

Moreover, it was a little unbelievable that the mother of a famous elite who had returned from abroad would actually be a restaurant cleaner.

In the past, Feng Jing was used to Xia ruofei's miracles. However, today's incident had refreshed her understanding of Xia ruofei.

It turned out that this boss who didn't like to manage things was not only capable, but also very lucky!

Originally, the matter of recruiting Dong Yun had already reached a dead end, and there was basically no hope. But now, with this incident, could it be that there was a glimmer of hope?

Feng Rao's mind was filled with thoughts while Xia ruofei was still in a daze from the news.

Dong Yun continued, "Director Xia, I'm here to express my gratitude!" I know that President Xia is much richer than me, and I can't give you more gratitude financially. If there's anything you need me to do, I'll do my best!"

Feng Jing was screaming in her heart, tell her to join our company! What was there to hesitate about?

Unexpectedly, Xia ruofei smiled and said, ""Miss Dong, this is just a small matter. I didn't know that the cleaning lady was your mother at that time, and I didn't save her because of your gratitude. In fact, I didn't have time to think so much at that time, so...I've already received your kind intentions. You don't have to do anything to thank me!"

Feng Jing almost couldn't help but shout, "Yingying, you didn't even grab such a good opportunity. What are you trying to do?"

Then, she thought about it again. Could it be that RUO Fei was playing hard to get? It must be like this, this guy has always been full of tricks ...

"Director Xia, it may be a small matter to you, but to me, my mother is more important than anything else!" Dong Yun was also a little surprised. President Xia, I know your company is lacking a boss. If you don't mind ..."

Xia ruofei waved his hand and said, "Miss Dong, our company is not only short of a Chief Operating Officer, but also a Vice President. We are in desperate need of talents. Moreover, director Feng has communicated with me many times about your situation. We naturally hope that you can join our company. However ... All of this needs to be built on the foundation of your recognition of our company. What we want is a business partner with a common goal, not someone who gives up his career plan to repay a debt of gratitude and is forced to join the company. "

Xia ruofei looked at Feng Jing with determination and continued, ""Last night, President Feng already reported to me about your meeting. I understand your decision very well, miss Dong. So, there's no need for you to change your career plan because of what happened yesterday. Really, there's no need for that at all!"

Xia ruofei's tone was very sincere. Feng Jing and Dong Yun could tell that he was sincere and not playing hard to get.

Feng Rao was a little disappointed, but at the same time, she was deep in thought.

Meanwhile, Dong Yun was in a daze because things had developed in a completely different way from what she had imagined.

?

Chapter 1444: Consultant (1)

Dong Yun had thought that Xia ruofei would ask her to join paradise Corporation again. Even if he did not mention it out of respect, she had already taken the initiative to agree to join. Under normal circumstances, Xia ruofei would have just gone with the flow and agreed.

In fact, Dong Yun had already made her decision at home.

Her mother was indeed the most important person to her. Xia ruofei's act of righteousness yesterday was undoubtedly a huge favor to her. It was not her style to not repay a favor.

She also knew that Xia ruofei would not be short of money.

And the Paradise Corporation had just extended an olive branch to her, so she had already made preparations to change her plan and work for the Paradise Corporation.

Of course, this wasn't without a deadline. Her pursuit of her career would never stop, and no matter how great this favor was, it wouldn't make her work for paradise Corporation for the rest of her life.

Therefore, Dong Yun's plan was to work for paradise Corporation for one to two years before resigning and leaving.

From her point of view, a year was enough for her to sort out the administrative work in the company and set up various effective systems. Even if she left, it would not have much of an impact. At the same time, she would repay Xia ruofei's kindness. It was killing two birds with one stone.

She had planned everything well at home, but Xia ruofei did not play his cards according to common sense. This made Dong Yun a little shocked.

Moreover, Dong Yun could tell that Xia ruofei was sincere and did not seem to be faking it.

What should he do? Dong Yun couldn't help but fall into a difficult situation.

Xia ruofei, who was standing at the side, could roughly guess what Dong Yun was thinking. He smiled and said, "Miss Dong, I've said it again and again. This is just a small matter, and I don't need you to repay me. However, I can also tell that if I really don't want anything, you might feel bad ..."

Dong Yun's beautiful eyes looked at Xia ruofei. She thought to herself, "you've already said both the right and the wrong. What do you mean?"

Xia ruofei didn't keep her in suspense and continued, "How about this! Do me a small favor, and then we won't owe each other anything, how about it?"

"As long as it's within my ability, I'll definitely do my best!" Dong Yun said seriously, "but we can't say that we don't owe each other anything. No matter what, my mother and I will still be grateful to you, President Xia."

"Okay, okay, okay ..." Xia ruofei smiled and said, "miss Dong, you haven't joined a new company recently, right? I hope that if it's convenient, miss Dong, you can come to our company as a temporary consultant. Whether it's management, system, or other aspects of the company, as long as you feel that there's room for improvement, you can directly mention it to President Feng. I hope that with your help, the company can be more formal and professional."

"No problem!" Dong Yun said without hesitation.

"Then, please invite miss Dong to our company after the spring Festival!" Xia ruofei smiled and said, "President Feng, please arrange a car to pick up miss Dong every day!"

"Alright!" Feng ke said.

Since Xia ruofei was determined not to force her to return the favor and took the opportunity to let Dong Yun work in paradise Corporation, this was the second best option.

There was no doubt about Dong Yun's ability. Although Feng Jing's ability was also very strong, after all, she had been in this environment for a long time, and some people involved were confused. As for Dong Yun, she could use the time to take a look at paradise Corporation from an outsider's perspective and give more suggestions on the hissing and standardization of paradise Corporation. The benefits were obvious.

"There's no need to wait until after the spring Festival. I can start working now!" Dong Yun said directly.

"Miss Dong, you just returned to the country. Shouldn't you spend more time with your family?" Xia ruofei asked in surprise.

"My mother works in the day, so there's no one else at home." Dong Yun said, "that's not the main point. Since I've already promised President Xia, it's best to get back to work as soon as possible!"

"Alright!" Xia ruofei said straightforwardly, "President Feng will personally handle everything with you!"

"CEO Feng, I need the company's rules and regulations, organizational structure, personnel composition, and other relevant information. Also, please find me a small office. I want to read through the information first!" Dong Yun immediately said to Feng Jing.

"Alright, I'll help you arrange it!" Feng Jing smiled and said, "miss Dong, please come to my office and have a seat!"

"Then I'll have to trouble you, President Feng!" Dong Yun said.

Then, the two of them greeted Xia ruofei and walked out of the reception room side by side.

Xia ruofei was dumbfounded as he watched the two of them leave. This was the first time he had witnessed Dong Yun's fiery style and it had left a deep impression on him.

Feng Jing was already a strong woman who risked her life for her work, and now, there was a Dong Yun with the same style. The two women in paradise Corporation, would there be any sparks?

Xia ruofei shook his head and quickly put this matter to the back of his mind.

There were only a few days left until the Spring Festival, and there wasn't much work to do in the company. He didn't stay in the office for long. After sitting for a while, he signed a few documents and sneaked home.

Time flew by.

Before the Spring Festival, while most of the institutions and companies in the system were still working, the employees of paradise Corporation had already entered the state of vacation.

In addition to the necessary staff on duty to ensure the company's operation, most of the employees had gone home for the new year.

?

## Chapter 1445: Consultant (2)

The only exception was that Feng Jing chose to spend the Spring Festival on the farm this year, while Dong Yun insisted on coming over every day.

She didn't ask for the car that the company had arranged for her. She drove the beetle to the farm at nine o'clock every day and left at five o'clock in the evening.

Xia Ruofei did not know how much information Dong Yun had read in the company over the past few days or how many suggestions she had given to the company's management, system, and other aspects. In any case, during working hours, Dong Yun would either be buried in documents in her small office or have an intense exchange with Feng Jing in her office.

Xia Ruofei was speechless at her serious attitude. Success was not something that could be achieved easily. It was not just her talent that allowed her to have her current position in the industry.

It was not until the 29th of December that Xia Ruofei finally "blocked" Dong Yun at the general building after work.

"Miss Dong, it's New Year's Eve tomorrow, and I'm going to be on vacation. You can rest at home for a few days," he said with a smile.

In fact, the Peach Blossom company had already started their holiday a few days ago, but Dong Yun still insisted on coming over every day.

"Isn't sister Che still in the company?" Dong Yun asked.

After a few days of getting along, the relationship between the two beautiful women, who had a lot in common, had become much closer.

Xia Ruofei was speechless. If he had not specifically instructed him today, this elite Dong would have really planned to come over on New Year's Eve. Did he have to be so dedicated?

"Boss Feng needs to rest too! After all, it's the new year ..." Xia Ruofei explained patiently, "besides, don't you have to spend time with your family?"

"Just go home and have New Year's Eve dinner!" Dong Yun said.

Xia Ruofei didn't know whether to laugh or cry. "Anyway, I'm definitely on holiday. You're not allowed to come over tomorrow. Stay at home and accompany Auntie. Help her prepare the New Year's Eve dinner!"

"Alright then!" Dong Yun said as she shrugged her shoulders.

"By the way," she added, "I hope to go to Taoyuan pharmaceutical factory for a few days for research after the spring Festival. I hope President Xia can approve it!"

Since she had agreed to be a consultant for the Paradise Corporation, Dong Yun had to do her best. The Paradise pharmaceutical factory was a very important part of the Paradise Corporation, so she had to do a field trip. There were many problems that couldn't be discovered just by being in the office.

"No problem!" Xia ruofei said, "after the seventh day of the first lunar month, you can come over at any time. I will inform factory manager Xue!" As for the legal seven – day leave, I don't want to see you in the company anymore! Listen to me and keep Auntie company!"

"I know!" The corners of Dong Yun's mouth curled up slightly, and a faint dimple appeared on her face. "President Xia, I'll be going back then!"

"Mm! Please send my regards to Auntie!" Xia ruofei smiled and said, "I also wish you a Happy New Year in advance!"

"Received!" Dong Yun opened the car door and got in. She waved at Xia ruofei and drove towards the farm.

It was the 29th day of the twelfth lunar month, New Year's Eve.

Xia ruofei woke up early in the morning and persevered in completing his daily cultivation. After washing up, he went downstairs in high spirits.

The company's cafeteria was also on holiday. However, considering that there were still employees left behind, Xia ruofei asked Ye Lingyun to organize a few veterans who had worked in the cookhouse during their service to cook a small amount of food every day.

Ye Lingyun also chose to stay, mainly because nearly half of the Veterans in the security Department had gone home for the new year. He was a little worried. In addition, he had younger brothers and sisters who had all gone home for the new year. The old man would not feel too lonely without him, so he planned to skip the Spring Festival and take a few days off after the seventh day of the first lunar month.

Jiang Hua, who was in the pomfrets breeding workshop, was also worried about the treasures, so he chose to stay behind.

However, he had brought his wife and children over, and the whole family was spending the new year on the farm.

Xia ruofei had also specially approved an apartment for the company's leaders so that Jiang Hua and his family could have a Happy New Year on the farm.

When Xia ruofei arrived at the canteen, the ex – soldiers had already prepared breakfast.

There were no more than 20 people left on the farm, so breakfast was simple porridge, buns, mantou, and eggs, as well as some delicious side dishes.

Feng Jing also arrived at the canteen on time, and everyone greeted each other joyfully.

After breakfast, Xia ruofei and Feng Jing went around the farm.

This included the gate guard, the vegetable greenhouse, the Chinese perch cultivation workshop, the office guards...Every time they went to a place, Xia ruofei and Feng Jing would thank the staff who stayed behind for their hard work and then take out the red packets that they had prepared.

This was the most important Festival for Chinese people, but these employees still stuck to their posts. As the company's leaders, it was necessary to give them the necessary condolences.

Xia ruofei even specifically instructed ye Lingyun to arrange for the Veterans to prepare some dumplings and send them to the people on night shift.

Even if they paid four or five times the salary, they couldn't do without this kind of humanistic care. Sometimes, a few steaming dumplings were far more able to give employees a sense of belonging to the company than an extra thousand Yuan.

After consoling the farm, Xia ruofei and Feng Jing drove to Taoyuan pharmaceutical factory.

Compared to the deserted Taoyuan farm, this place was much more lively.

?

Chapter 1446: Consultant (3)

During the new year, other than a few production lines that were shut down, the rest of the production lines were still in operation. Of course, there were no three shifts these days. They were shut down from 8 pm at night to 8 am the next morning.

The main reason was that the heart – nourishing soup and jaded skin cream were currently in a state of supply shortage. If they did not work overtime to produce them, the supply pressure would be too great.

Xue Jinshan even jokingly told Xia ruofei that the most wasteful investment in Taoyuan pharmaceutical factory was the construction of a new warehouse because it was completely useless. The products were almost transported away by the trucks waiting outside the moment they were off the production line.

Xia ruofei and Feng Jing went to the workshop to greet the workers. The factory manager, Xue Jinshan, personally followed behind Xia ruofei and Feng Jing and gave red packets to the workers.

Coming out of the workshop, Xia ruofei told Xue Jinshan, ""Kanayama, you've worked hard!"

"Director Xia, I'm full of motivation now. I don't feel tired at all!" Xue Jinshan laughed.

He was now the leader of the branch company and was one of the higher – ups in Tao Yuan company. Moreover, the Tao Yuan pharmaceutical factory had brought him a great sense of achievement in his career. His classmates in the same period used to laugh at him for working in a company that sold agricultural products as a Medical University student. Now, they were all envious and praised him for his good taste.

"There's nothing much to do today. You should go back early." Xia ruofei laughed and said, "otherwise, sister – in – Law would have an opinion!"

"Alright!" Xue Jinshan said, "today, assistant factory manager Lin is very generous and volunteered to be on duty. I will go back when it's time and make it in time for the New Year's Eve dinner!"

"Elder Lin, I'll have to trouble you then!" Xia ruofei turned to look at assistant factory manager Lin and smiled. "Rest a few more days after the new year!"

Deputy factory manager Lin was called Lin Weiming. He had just been promoted and was the workshop director previously.

This time, the Taoyuan pharmaceutical factory was officially upgraded to a branch company, so the staff allocation naturally had to be strengthened. Therefore, a Deputy Director was promoted from the business and management positions respectively.

"Thank you for your concern, President Xia. This is part of our job!" Lin Weiming quickly said.

Xia ruofei nodded and patted Lin Weiming's shoulder. "Do well! The company will definitely not mistreat everyone!"

"Yes, thank you, President Xia!" Lin Weiming was a little flattered.

Then, Xia ruofei told Xue Jinshan that Dong Yun would be coming over for research after the new year and asked him to do a good job of receiving her. After that, he ended the inspection and greetings at Taoyuan pharmaceutical factory.

Surrounded by the factory leaders, Xia ruofei and Feng Jing walked to the side of the Knight XV SUV. Another car arranged by Xue Jinshan was parked quietly behind the SUV.

Xia ruofei stopped in his tracks and looked at Feng Rao. "President Feng, are you really not coming with me to Qiao'er's place?"

Feng Rao smiled and said, "I'm not going. You guys can have a good New Year!" On behalf of the company, I'm going to have a New Year's Eve dinner with the staff who stayed back at our farm. "

Xia ruofei was initially worried that Feng Jing would feel neglected if she returned to the farm alone, so he wanted to bring her to Lin Qiao's house for the new year. However, since Feng Jing insisted on having a New Year's Eve dinner with the employees, Xia ruofei could not persuade her any further.

He could only helplessly say, "alright then!" President Feng, I'll wish you a Happy New Year in advance then! We'll ... See you next year!"

"See you next year!" Feng Rao chuckled.

Feng Rao got into the small car prepared by the pharmaceutical factory, while Xia ruofei drove the Knight XV off – Road. The two cars left the pharmaceutical factory one after the other and headed in different directions.

?

## Chapter 1447: Happy New Year (1)

It was already close to noon by the time he finished his tour of the farm and the pharmaceutical factory.

As soon as Xia ruofei's car left the factory, the phone on the control panel vibrated. He glanced at the caller ID on the LCD screen and answered the call.

"Qiao' er!" Xia ruofei smiled and said as he drove.

"Brother ruofei, where are you?" Lin Qiao asked, "I was waiting for you to have lunch! I'll start preparing the New Year's Eve dinner in the afternoon ..."

"I've just finished my work. I'll go pick up Qingxue and uncle Ling now," Xia ruofei said, "why don't you and Godma eat first? You don't need to wait for us ..."

Ling Qingxue had mentioned to Ling Xiaotian that they would spend the new year together at Lin Qiao's house. In fact, she didn't have much hope herself. She didn't expect Ling Xiaotian to agree after a little hesitation.

"That won't do! It's the first time that sister – in – Law and uncle Ling have come to our house! How can we neglect our guests!" Lin Qiao chuckled, "we're not in a hurry. Drive slowly on the road!"

"I know!" Xia ruofei chuckled. "If you have any work to do, leave it for me!"

After hanging up the phone, Xia ruofei slightly increased the speed of his car and drove towards Ling Xiaotian's jiangbin villa.

Very quickly, Xia ruofei picked up Ling Qingxue and Ling Xiaotian. Then, he turned the car around and headed towards daguantian District.

Today, Ling Xiaotian was dressed in a dark red traditional Tang suit. His face glowed red and he appeared to be in high spirits.

Ling Qingxue was also dolled up very fashionably. She was wearing a red cashmere coat with a red scarf, pencil – Grey Bell – bottomed pants, and black high heels. Her tall and slender figure was accentuated even more. She was also wearing a pink top hat on her head, which made her look elegant and cute.

"Uncle Ling, let's spend the new year together from now on!" Xia ruofei chuckled as he drove. "It's more lively with more people!"

Ling Xiaotian laughed and said, "sure!" Qingxue is going to marry you sooner or later anyway. If I don't spend the new year with you, won't I be a lonely old man?"

"Dad, things aren't even set in stone yet ..." Ling Qingxue pouted.

"Woof! How long have you guys been casting each other off?" Ling Xiaotian was shocked, "it's almost time to get married! I'm still waiting to hold my grandson!"

Ling Qingxue's face turned red as she said, "you're getting more and more unreliable!" I'm not going to talk to you anymore ..."

Ling Xiaotian laughed out loud and said, "you little girl, getting married and having children is something that everyone has to go through. What's there to be shy about?" Am I right, ruofei?"

Xia ruofei could only chuckle and play dumb.

Seeing that the two of them didn't continue the conversation, Ling Xiaotian also felt a little bored. Thus, he changed the topic and asked, "Oh right, ruofei, when can you get another batch of those Red Arowana? A few of my old friends have asked me this several times ..."

"Didn't you say that the rarer something is, the more precious it is?" Xia ruofei smiled and said, "besides, didn't you sell a lot of them the last few times? Is there anyone else who needs it?"

"You child!" Ling Xiaotian laughed and said, "it's true that the rarer something is, the more expensive it is. But how many did you sell the previous two times? Although this industry isn't very big, it's definitely not as small as you think. There are many people with money and leisure time now! Besides, after old Li and old Guo bought the red Arowana from you, would they not show off in the circle? After a while, many people came to me, asking when I would have more top quality Red dragons for sale!"

"I see ..." Xia ruofei said, "I'll contact them as soon as possible. It shouldn't be a problem!"

Of course, there wouldn't be a problem. The red Arowana were bred in the spirit map space. Even if they were bred naturally, it was enough for him to sell a batch every now and then.

"Don't you drop the ball!" Ling Xiaotian said, "I've already made it clear that if I can't get a top – grade Red Dragon by then, I'll really have no place to hide my old face ..."

"Don't worry!" Xia ruofei smiled and said, "your reputation is more important than anything else! I promise I'll get it done! We'll be able to bring the red Arowana back before the Lantern Festival at the latest!"

"Alright!" Ling Xiaotian said happily, "I can rest assured with your words!"

There were almost no cars on the streets during the spring Festival. The three of them chatted and laughed along the way and soon arrived at the daguantian community.

Back then, Xia ruofei's car had been registered with the property management and had received a pass, so the security guard had let him through at the entrance.

Xia ruofei drove directly to the underground parking lot. After buying the house, he had bought two parking spaces here.

Although Hu Zi's mother and Lin Qiao did not know how to drive, Xia ruofei was thinking about the long term. Lin Qiao would definitely need to drive in the future.

Moreover, buying a parking space was also an investment, so he would not lose money.

After parking their cars, Xia ruofei and the other two got out of the car and opened the trunk to take out their things.

Since Ling Xiaotian and Ling Qingxue were here to celebrate the new year, they naturally could not come – handed. Hence, they brought a huge pile of nutritional supplements, tea leaves, wine, clothes, and so on.

Xia ruofei took the initiative to carry the two heaviest boxes.

One of them contained a River beluga weighing more than four catties. The other was a thermal container that contained a large jar of ‘Buddha Jumps Over the Wall’ that had been prepared by Ling Ji’s private kitchen in the morning and sent to Ling Xiaotian’s house.

Since it was the new year, of course they had to eat something good.

The most delicious Chang Jiang Chinese perch and Buddha Jumps Over the Wall soup were definitely two indispensable dishes.

?

Chapter 1448: Happy and harmonious New Year (2)

Ling’s private kitchen was not closed during the spring Festival, and business was even better. Many locals with good financial capabilities had booked New Year’s Eve dinner here. Due to the limited reception capacity, the New Year’s Eve dinner had been fully booked a month or two ago. Even the private rooms from the first to the sixth were basically fully booked.

Ling Xiaotian had informed his eldest disciple in advance and asked him to make a large jar of ‘Buddha Jumps Over the Wall’ and send it to the jiangbin villa today.

The jar of ‘Buddha Jumps Over the Wall’ was very tightly sealed, and there was a layer of oil on the soup. With the addition of the thermal container, the heat would not dissipate. It did not even need to be heated again when it was eaten at night.

The three of them took the elevator to the 18th floor.

The door of Room 1801 was already half open. Lin Qiao heard the footsteps and conversation of Xia ruofei and the other two and immediately ran over to open the door. She smiled and said, “Brother ruofei! I’m here to help you carry your things ...”

After saying that, Lin Qiaqiao pulled on her slippers and ran out.

Xia ruofei didn’t dare to hand the box over to the clumsy Lin Qiao. If the Chinese perch was scared to death, what would they eat tonight? If the Buddha Jumps Over the Wall were to break, it would be a waste of the delicacy!

He nimbly dodged Lin Qiao’s hand and said with a smile, “You little girl, why didn’t you greet the guests?”

Lin Qiao stuck out her tongue and looked at Ling Xiaotian and Ling Qingxue in embarrassment. She said, “Uncle Ling, sister – in – Law, Happy New Year!”

Ling Qingxue was embarrassed to be called “sister – in – Law” by Lin Qiao in front of Ling Xiaotian. She blushed and said, “Happy New Year, Qiao’ er!”

On the other hand, Ling Xiaotian was very happy. He put the things in his hand at the door with a smile and skillfully took out a red packet from his inner pocket and handed it to Lin Qiao.

“You must be ruofei’s sister, Lin Qiao!” Ling Xiaotian said. What a pretty little girl!”

“Uncle Ling, I can’t accept this!” Lin Qiao quickly waved her hand.

“It’s the new year. Why can’t I accept red packets from the elders?” Ling Xiaotian passed the red packet to Lin Qiao again and said, “quickly accept it! Quickly accept it!”

Lin Qiao saw the bulging red packet and knew that there must be a lot of money in it. She looked at Xia ruofei hesitantly.

Xia ruofei could tell that if the red packet contained brand new Chinese yuan, it would be at least 10000 Yuan.

However, this amount of money was nothing to him and Ling Xiaotian. The New Year’s celebration was the only thing they wanted.

Hence, Xia ruofei nodded and said, “Qiao’ er, since it’s from uncle Ling, you should accept it!”

Lin Qiao took the heavy red packet and said with a smile, “Thank you, uncle Ling!”

“That’s the way!” Ling Xiaotian said with a happy smile.

“Let’s enter the house!” Xia ruofei said.

Lin Qiao actively helped Ling Xiaotian and Ling Qingxue carry their things, and the group of people walked into the house.

Hu ‘Zi’s mother had also heard the commotion outside, but she was busy in the kitchen, so she did not come out to welcome him.

When Xia ruofei and the others entered the house, Hu Zi’s mother was carrying a bowl of soup out. She placed the soup on the dining table and wiped her hands on her apron. She smiled and greeted, “Everyone’s here! Come and eat!”

The moment Ling Xiaotian entered, he used his trademark loud voice to greet him with a smile, “Happy New Year, sister – in – Law!”

Hu ‘Zi’s mother also smiled and said, “Happy New Year! Should I ask my in – laws?”

After she finished speaking, Hu zimu looked at Xia ruofei and Ling Qingxue with a smile, making the two of them feel a little uncomfortable.

Ling Xiaotian was stunned for a moment before he laughed and said, “Hey! I was wrong! It’s time to call them in – laws!”

Ling Qingxue’s face was red with embarrassment. She could only hide her embarrassment by tidying up the things she had brought.

Lin Qiao laughed and joked, ""Sister – in – Law, we're family, there's no need to be embarrassed ..."

"You're such a talkative girl, why aren't you getting the bowls and chopsticks?" Xia ruofei said with a smile.

"I know!" Lin Qiao stuck out her tongue and ran to the kitchen.

No one noticed that there was a faint sense of loss in the depths of her eyes, but she concealed it very well.

"By the way, in – Law, Qingxue brought you a coat when she went to Hong Kong for business." Ling Xiaotian said, "Qingxue, quickly take it out and let your in – Law try it on."

"I have enough clothes to wear. You don't have to buy me anything." Hu Zi's mother said.

"It's a child's filial piety!" Ling Xiaotian said with a smile.

Ling Qingxue suppressed her shyness and took out the cashmere coat from the bag of clothes in the pile.

It was a light gray coat. The cutting and materials were very exquisite, and it was obviously expensive.

Even though Hu Zi's mother rejected it, she was still very happy that Xia ruofei's future wife had bought it for her. She took the clothes with a smile, thanked Ling Qingxue, and went back to her room to change.

After a while, Hu 'Zi's mother came out wearing a cashmere coat.

It had to be said that Ling Qingxue's taste was quite good. When Hu Zi's mother put on the coat, she seemed to have become a few years younger.

At the same time, the color of the coat was not bright, and it was very suitable for people of Hu Zi's mother's age.

What was especially rare was that Ling Qingxue had only asked Xia ruofei about Hu Zi's mother's general figure and the clothes she had bought fit her very well, as if they were tailor – made.

"It's good!" Xia ruofei nodded and praised.

Lin Qiao put down her bowl and chopsticks and ran over to join in the fun. She shouted exaggeratedly, "Sister – in – Law is so good at buying things! Mom looks like a completely different person in this dress. If we walk on the street together, people will think that we're sisters!"

Hu 'Zi's mother knocked Lin Qiao's head and said, ""Nonsense, I'm already seventy or eighty years old, how could I be as exaggerated as you said?"

Xia ruofei smiled and said, "Godma is still very young!" You're the one who's exaggerating, what seventy or eighty!"

"Yup! Most importantly, he looks very good!" Ling Xiaotian agreed.

"He looks like he's in his forties or fifties at most!" Ling Qingxue added.

Hu Zi's mother had been in a good mood for the past two years. In addition, Xia ruofei would help her recuperate from time to time, so she was in good spirits and even looked younger than people of her age.

"I'll go change out of my clothes!" Hu 'Zi's mother was a little embarrassed by everyone's words.

"No need to change! Just wear this!" Xia ruofei smiled and said, "you should wear new clothes for the new year!"

Everyone echoed Xia ruofei's words. Lin Qiao even actively found a pair of scissors and helped Hu Zi's mother cut off the on the clothes.

Hu Zi's mother had no choice but to call everyone over for lunch.

The main focus of the new year was the New Year's Eve dinner. However, considering that it was Ling Xiaotian and Ling Qingxue's first time visiting the house as guests, Hu Zi's mother had prepared a sumptuous lunch. There was fish and meat, and the entire table was filled.

Everyone had a happy lunch and was about to start preparing for the New Year's Eve dinner.

Ling Qingxue, as her future daughter – in – Law, naturally had to take the initiative to help out in the kitchen.

Even Ling Xiaotian had rolled up his sleeves and was eager to try his hand in the kitchen. He was a head chef, so he had to show off his skills for the New Year's Eve dinner.

In addition, Lin Qiao also came to join in the fun. As a result, the originally spacious kitchen became a little crowded.

Hu Zi's mother could only start to chase people out. In the end, the ladies stayed in the kitchen while Ling Xiaotian and Xia ruofei were pushed out.

Of course, Hu 'Zi's mother had also agreed to leave a dish for Ling Xiaotian to show off his cooking skills.

As for now, he would let the father and son make tea and play chess in the living room. If they really wanted to walk around, they might as well tour the house.

Listening to the laughter coming from the kitchen from time to time, Xia ruofei and Ling Xiaotian could only make tea and chat in boredom.

After sitting for a while, Xia ruofei saw that the couplets had not been pasted on the TV cabinet. He took out the thick rice soup that Hu Zi's mother had prepared in advance and went to the door to paste the couplets with Ling Xiaotian.

In the countryside, rice soup was used to paste the Spring Festival couplets. The rice soup was very sticky and would not fall off even after a year.

After using a brush to brush the rice soup on the corresponding position on the wall, Xia ruofei divided the couplets into top and bottom. Then, he took the Spring Festival couplets and started to paste them on the wall.

And Ling Xiaotian would be commanding from behind to ensure that they would not get stuck off course.

After the two of them worked together, they quickly put up the couplets.

Xia ruofei also stuck the word “fortune” on the door. This kind of metal anti – Theft door could not be made with rice soup, so he could only settle for the second – best option and use transparent glue.

Then, Xia ruofei showed Ling Xiaotian around the house. The two of them smoked on the balcony for a while when they heard Lin Qiao calling out from inside the house,””Brother ruofei! Uncle Ling, come and make a swallow with us!”

?

#### Chapter 1449: New Year’s Eve\_1

Swallow meat was a specialty of the three mountains. The pork legs and lean meat were beaten into minced meat, mixed with sweet potato powder, rolled into paper – thin pieces, and cut into three – inch pieces. The meat was wrapped in them and made into flat food. It was cooked to be served with soup.

Because the skin and filling of the swallow were all made from pork, it was jokingly called “meat – wrapped meat.”

The meat swallow was also known as the Taiping swallow. During the three mountains ‘festivals, weddings, funerals, and farewells, they had to eat the “Taiping swallow”, which represented the auspicious meaning of “peace” and “peace”. Therefore,”no feast without a swallow, no adulthood” was said.

The people who were celebrating the New Year with them were all from the three mountains, so they naturally had Taiping Yans for the New Year’s Eve dinner.

Xia ruofei and Ling Xiaotian immediately washed their hands and walked to the dining table.

Lin Qiao had already brought over a pot of minced meat and a bag of swallow skin.

Ling Xiaotian was also an expert, and after weighing it in his hand, he couldn’t help but praise,””The quality of this swallow skin is very high!”

Lin Qiao said proudly,”my mom bought some good pork hind legs and peeled the swallow skin herself!” It’s much better than the ones you bought outside!”

The traditional process of making swallow’s skin was very complicated and time – consuming. Most people would not make their own swallow’s skin because there were many swallow meat shops in San Shan that could be bought at any time. Those who were more particular would just choose the better ones. For example, a century – old shop like the swallow meat could be said to have very few that made their own skin.

Ling Ji restaurant also made swallow's skin and sold it to customers. Thus, Ling Xiaotian was also very proficient in making swallow's skin.

When he heard this, he couldn't help but say in surprise, "I didn't expect the in-laws to have such a unique skill! Nowadays, there aren't many people who know how to make swallow skins ..."

Hu 'Zi's mother heard this from the kitchen and laughed as she stuck her head out. "I learned a little from the elders in my family when I was young, but in front of experts like my in-laws, I'm just trying to show off in front of an expert!"

"No, no, no!" Ling Xiaotian said, "this is not any worse than what our shop's chef makes!"

"In-law, you really know how to talk!" Hu 'Zi's mother said happily, "then you have to eat more later!"

"Definitely, definitely!" Ling Xiaotian chuckled as he agreed.

In the kitchen, Hu Zi's mother and Ling Qingxue were busy preparing the New Year's Eve dinner. Meanwhile, Xia ruofei, Ling Xiaotian, and Lin Qiao were chatting in the dining room while making swallow meat. The atmosphere was joyous and harmonious.

The afternoon passed by quickly. At Five O'clock in the evening, the carefully prepared New Year's Eve dinner was finally almost done.

Other than the last main dish left for Ling Xiaotian to cook, only the swallow meat had not been put into the pot.

The seasoning of the swallow meat was done in advance. It only needed to be boiled in the pot and a little seasoning before it could be eaten. The time taken was also very short. Thus, Ling Xiaotian began to put on his apron and prepared to personally handle the last dish.

He naturally left the steamed kun fish for Ling Xiaotian.

He "chased" Ling Qingxue and Hu Zi's mother, who wanted to stay behind to help, out of the kitchen, then began to skillfully handle the Chinese perch.

The steamed Chinese perch was the specialty of Su Yu, the executive chef of the Ling Ji F & B group.

During this period of time, the Chinese perch had already been served to the Ling's private kitchen. Ling Xiaotian's cooking skills were exceptional, and in addition to the pavilion closest to the water enjoying the moonlight first, he was already very familiar with the cooking of this dish.

Soon, he finished processing the fish, added some seasoning on a plate, and then put it in the steamer.

While waiting, Ling Xiaotian started to cook the swallow meat.

There was no technique to cook swallow meat. One just had to put the swallow meat into water and boil it, then add an appropriate amount of seasoning.

However, even when Ling Xiaotian was cutting the green onions, his technique seemed to have a sense of rhythm. This was not an intentional show of skill, but a subconscious rhythm that a chef would subconsciously integrate.

Xia ruofei, who was watching from the side, couldn't help but give him a thumbs up.

Not long after the swallow meat was cooked, the timer sent out a reminder that the steamed kun fish was also ready.

Ling Xiaotian personally carried the Chinese perch while Xia ruofei carried a plate of swallow meat to the dining room.

"Time for the New Year's Eve dinner!" Lin Qiao shouted happily.

"I don't think they set off firecrackers yet!" Lin Qiao added.

"You can't set off firecrackers here!" Xia ruofei said with a smile.

Although there was no prohibition of fireworks in Sanshan, the control was relatively strict. For a new community like Daguan world, it was certainly not allowed to set off fireworks.

"If we don't set off firecrackers, it'll be less festive!" Lin Qiao said in distress.

Lin Qiao grew up in a fishing village. Every New Year, the village was filled with the sound of firecrackers. She would often follow her brother to pick up unlit firecrackers and set them off all over the village.

Xia ruofei rolled his eyes and said, "I have an idea!"

Then, he turned on the TV and stereo system. Xia ruofei had personally installed all the electrical appliances here. The TV came with an internet box. Xia ruofei quickly found the sound of firecrackers in the box and turned up the volume.

A burst of crackling firecrackers came from the sound system. The high – end subwoofer cannon made the firecrackers sound quite shocking, but it lacked the smell of smoke.

"This works too?" Lin Qiao laughed and said, "I guess you can say that I let him go. Let's eat, let's eat!"

The two families sat around the dining table.

Xia ruofei and Lin Qiao started to pour wine for everyone. Ling Xiaotian and Xia ruofei were naturally drinking the Drunken Eight Immortals. Furthermore, it was not the kind that was sold in bulk by the winery, but the kind that Xia ruofei had stored in the medium.

?

Chapter 1450: New Year's Eve Part 2

The ladies all chose half – Lon. Ever since Xia ruofei brought out this white wine for the first time, they had fallen in love with its rich flavor. Even Hu Zi's mother, who did not usually drink, poured a glass for herself.

"Uncle Ling, say a few words?" Xia ruofei looked at Ling Xiaotian with a smile.

Ling Xiaotian smiled, "I'm here as a guest today!" It should be the in – laws who say it!"

Hu's mother waved her hand. "I'm not very good with words. In – Law, you can do the talking!"

"If you guys keep pushing me around, I won't even be able to eat my New Year's Eve dinner ..." Ling Qingxue chuckled.

"Alright, then I'll say a few words!" Ling Xiaotian raised his wine glass and said, "today, our two families are spending the new year together. This is fate! Here, I also hope that the children can live in harmony and love each other. As for the elderly, they should try their best to maintain a healthy body and not cause trouble for the children! Come, everyone, let's raise our glasses and wish you a better Annual Meeting!"

"Cheers!"

"Cheers!"

After drinking the first glass of wine, the New Year's Eve dinner officially started.

According to tradition, the first dish everyone ate was the swallow of peace. Hu Zi's mother also personally served a bowl for everyone. In addition to the swallow of meat, there was also a boiled duck egg in everyone's bowl. In San Shan, this was called "the egg of peace." It also had an auspicious meaning.

He had to eat every dish for the New Year's Eve dinner. He could have a taste of the other dishes, but he had to finish this bowl of Taiping swallow.

The people present were all born and raised in the three mountains, so they didn't need anyone to teach them about these things. They all picked up their bowls.

The swallow skin made by Hu Zi's mother was extremely chewy, and the sweet potato flour mixed in was just right. It was soft, smooth, and fragrant in the mouth. The meat filling was also very flavorful, and Trotter's hoof was also added. There was a bit of crunchiness in the fresh and fragrant taste. After eating it, everyone was full of praise. Even Ling Xiaotian, the head chef with a very picky taste, couldn't help but give a thumbs up.

Seeing that everyone liked the swallow she made so much, Hu Zi's mother was so happy that she could not close her mouth.

"In – Law, I still have two pounds of swallow skin left. If you like it, you can bring it back. If you want to eat it, you can make some for yourself!" She said with a smile.

"Mom!" Lin Qiao said with a smile. Uncle Ling is a Top Chef, and they sell swallow skins in their shop. Why would they need us to give them to them?"

However, Ling Xiaotian immediately replied, "yes, yes, yes!" This swallow skin is much better than the one made by the chef in our shop! In – Law, I won't stand on ceremony then! Haha, it's embarrassing to eat and take ..."

"We're family, don't be so formal!" Hu 'er's mother said happily.

After eating the swallow of peace, everyone would choose the dishes they liked according to their taste.

The steamed Chinese perch and Buddha Jumps Over the Wall were still the most popular dishes. Lin Qiao's mouth was full of oil, and even Ling Qingxue, who always paid attention to her image, took a few mouthfuls.

Ling Xiaotian was so happy that he grinned when he saw that his dish was well – received. The main credit for this dish came from the ingredients provided by Xia ruofei, but that did not affect his sense of achievement at all.

Sanshan wasn't like the North. The New Year's Eve dinner usually started earlier. After everyone had their fill, the Spring Festival Gala had yet to begin. It was only a warm – up live broadcast.

Hu Zi's mother, Ling Qingxue, and Lin Qiao began to clean up the mess. Ling Xiaotian and Xia ruofei were once again excluded by the women. The Father – in – Law and son – in – Law simply sat in the living room, making tea and watching TV.

Ling Xiaotian and his daughter were not in a hurry to leave Yingluo after dinner. After all, it was New Year's Eve today. It was inevitable that they would feel a little lonely if they returned home and stayed in the cold villa. It was better to stay here and watch the Spring Festival Gala together.

At eight o' clock sharp, the Spring Festival Gala on the National television station, which was said to have the highest viewership in the world, began.

The two families sat on the sofa in the living room, drinking tea and chatting while eating melon seeds. They watched the Spring Festival Gala at the same time, and the atmosphere was harmonious.

In fact, the entertainment industry was very developed now. In order to balance the needs of various aspects, the Spring Festival Gala also had a lot of song and dance programs. The language programs that people liked had been constantly edited after rounds of approval because of broadcasting standards, so the level of excitement was greatly reduced.

However, watching the Spring Festival Gala during the new year was more of a habit. It was as if something would be missing during the new year if one didn't watch the Spring Festival Gala.

Lin Qiao was watching TV and scrolling through Weibo on her phone.

Every year during the spring Festival Gala, it was also the time when the flammers were the most active. Many programs had just finished broadcasting when there were already an endless stream of flammers on the internet of all colors.

When she saw an interesting joke, Lin Qiao would also read it out loud, making everyone laugh. They felt that the joke was more interesting than the party.

Ling Xiaotian and his daughter did not finish watching the Spring Festival Gala. They got up and left at around 11 am.

Although the three mountains also had the custom of staying up for the new year, Hu Zi's mother and Ling Xiaotian were, after all, old. If it wasn't for the new year, they would have already gone to bed at this time.

Ling Xiaotian considered the fact that he and Ling Qingxue would have to stay here, and Hu Zi's mother would have to force herself to stay with them. In addition, he was also feeling a little sleepy, so he took the initiative to bid them farewell.

Xia ruofei had picked her up when she came, so she naturally had to send her back.

"Ruofei, why don't we call a designated driver?" Ling Qingxue said, "you drank quite a bit tonight!"

Although they had watched the Spring Festival Gala for a few hours, Xia ruofei had shared a bottle of white wine with Ling Xiaotian during the New Year's Eve dinner. He had drunk at least five taels, so Ling Qingxue was a little worried.

In fact, when Xia ruofei got up to send them back, he had already used his true energy to force out the remaining alcohol in his body.

He smiled and said, "it's the new year, Where can I find a designated driver?" Don't worry! It's been so long, and you've drunk so much tea. A little wine would have long dissipated!"

In fact, Xia ruofei had always been sober. After his cultivation, his alcohol tolerance seemed to have increased a lot. He could not get drunk from one or two catties of white wine, not to mention that he had only drunk five or six taels tonight.

However, just in case, he still forced the alcohol out of his body, which would make it even less of a problem.

Ling Xiaotian, on the other hand, was a little tipsy. He said, ""It's fine! I know RUO Fei's alcohol tolerance! Just let him do it!"

Initially, Hu Zi's mother wanted to persuade him as well. However, since Ling Xiaotian had already said so, she could only say to Xia ruofei, ""Ruofei, drive slowly on the road. Come back and rest after you drop off the in – laws and Qingxue!"

Xia ruofei was definitely going to stay at the Grand View tonight. This house had four bedrooms and two living rooms. In addition, the complimentary attic was Lin Qiao's boudoir. Even if Ling Xiaotian and his daughter were both staying, it would be able to fit in.

Hu Zi's mother had already tidied up the room. In fact, there was a room in the house that had been reserved for Xia ruofei. All the bedsheets, blankets, pillows, and the like were already ready.

"I know, godmother!" Xia ruofei smiled and said, "you should rest early too. You don't have to wait for me! Qiao' er won't be sleeping for a while, so she can just open the door for me!"

"Alright!" Hu Zi's mother said with a smile.

The mother and daughter sent the three of them off at the door. Xia ruofei took Ling Xiaotian and Ling Qingxue to the elevator and went directly to the underground parking lot. They drove out of the daguantian community and headed towards Ling Xiaotian's jiangbin villa.

There weren't many cars on the street on New Year's Eve. At this time, most people were at home watching the Spring Festival Gala with their families. Knight XV's roar echoed on the empty street. They were unimpeded, and soon they approached the villa community by the river.

However, after turning into a Street, the road slowly narrowed. The rows of cone – shaped roadblocks slowly narrowed the two lanes into one lane.

Xia ruofei was still confused when he saw a few police officers in reflective vests waving their electric batons at him, signaling him to pull over.

“The police are actually so dedicated?” Xia ruofei mumbled to himself, “they don’t go home to rest during the new year?”

Ling Qingxue, who was sitting in the front passenger seat, had a worried look on her face. “”Don’t tell me they’re checking for drunk driving?”
