

## God tier Farm 1461

### Chapter 1461: giving them a taste of their own medicine\_1

Xia ruofei glanced at Bai Jingjing and store manager Liu and smiled. "It's good that you've made a decision, but it's better not to stay in such a company!"

"En!" Guanping seemed to have made up his mind. He said, "I will hand in my resignation after I start work!"

When Bai Jingjing heard this, she couldn't help but sneer. "You're finally willing to resign? Little Guan, I'm telling you, people like you are nothing when you leave the company! Don't end up on the streets!"

Xia ruofei's sharp eyes swept over Bai Jingjing.

Bai Jingjing was so scared that she shrank back to store manager Liu's side and said, "What do you want to do? I'm warning you, this is a society ruled by law. If you dare to touch me again, I'll definitely call the police!"

Xia ruofei laughed, "I'm afraid that I'll dirty my hands if I hit you!" I just want to tell you that even if the two of you end up on the streets, my brother will live well!"

Bai Jingjing saw that Xia ruofei had no intention of making a move and her courage seemed to increase. She sneered and said, "Then I'll wait and see!"

After that, Bai Jingjing glanced at Guan Ping and said, "By the way, I have a lot of acquaintances in the industry. You'd better give up the idea of applying for a job at other real estate agencies! Unless you leave the three mountains, you won't have a place in this industry!"

Although Guan Ping had already decided to work in Xia ruofei's company, he still couldn't help but feel angry after hearing Bai Jingjing's words.

This was forcing him to a dead end!

If Guanping did not have a brother like Xia ruofei, even if he left pioneer real estate, he would definitely have to apply for a job at another real estate agency. After all, he had worked for so many years and was familiar with this industry.

Bai Jingjing was clearly trying to shut him out. In that case, he could only leave his hometown or change to a new industry and start from scratch.

Seeing Guan Ping's ashen face, Bai Jingjing couldn't help but feel proud. She said condescendingly, "Little Guan, I've always admired people with a backbone, but it's not good to be young and frivolous! If you don't have a job, how do you support yourself? Just relying on your few poor friends?"

"Manager Bai, what's there to talk about with this impulsive young man? he'll only understand these things after he hits a wall in society!" Manager Liu said with a cold smile. Without a source of income, he'll know what it means to be poor and have short aspirations!"

Xia ruofei and Guan Ping looked at the two of them speechlessly. They could not understand where their sense of superiority came from.

Wasn't he just a small leader of a second – rate real estate agency?

"Pingzi, let's go!" Xia ruofei's interest waned. "What's there to talk about with this frog at the bottom of the well?"

Guan Ping couldn't help but smile, "It really is ..."

"Who are you calling a frog at the bottom of a well?" Bai Jingjing raised her eyebrows and said, "you poor people who eat at food stalls? Don't think that you can talk big just because you have a few pounds of brute force!"

Xia ruofei couldn't be bothered with such a weirdo and just smiled faintly.

At that moment, ye Lingyun drove his Knight XV to the street.

Bai Jingjing's eyes lit up when she saw the Super SUV. She pointed at the car and said to Xia ruofei, "Did you see that? This was the life of a truly rich man! Do you know what brand this car is and how much it's worth? One of their headlights was enough for you to eat a few hundred meals at a food stall! He didn't even think about his own status, and actually dared to call him a frog at the bottom of a well! I think you're even worse than toads!"

Xia ruofei glanced at Bai Jingjing indifferently. Looking at this woman who kept pestering him, he couldn't help but feel a trace of anger.

When Guan Ping saw that Bai Jingjing had actually used Xia ruofei's car as evidence to attack Xia ruofei, his expression became extremely interesting.

At that moment, ye Lingyun had already stopped the car. He immediately opened the door and jumped out.

He had seen the conflict from afar, so he quickly walked towards Xia ruofei as soon as he got out of the car.

When Bai Jingjing saw the young man driving the luxury SUV towards her, she thought that she had met a rich second – generation heir who was hitting on her on the street. She couldn't help but feel excited. She even threw flirtatious glances at ye Lingyun, ignoring the fact that her lover was right beside her. She even deliberately stuck out her chest to show off her proud capital.

Ye Lingyun's face was cold. He didn't even look her in the eye. Instead, he went straight to Xia ruofei's side and bowed slightly. "Brother Xia, what happened? Do you need me to deal with it?"

With that, ye linyun's sharp eyes swept over to store manager Liu and Bai Jingjing.

"Don't worry, they're just two clowns!" Xia ruofei smiled and said, "let's go! You go get little fatty into the car first!"

"Yes!" Ye linyun said, then immediately walked towards pang Hao.

By the side, store manager Liu and Bai Jingjing were already dumbfounded. Their faces were turning red and white.

Bai Jingjing's lecture to Xia ruofei still rang in her ears. She did not expect that this luxury car that was worth tens of millions actually belonged to Xia ruofei. She thought that this cool and handsome rich man was only Xia ruofei's bodyguard and driver.

Bai Jingjing wished there was a crack in the ground for her to crawl into. Store manager Liu was even more terrified. How could a person who could afford such a luxury car be of low status? He had drunk a little alcohol today, and with Bai Jingjing's teasing, he might get into trouble.

?

Chapter 1462: giving them a taste of their own medicine\_2

Xia ruofei glanced at store manager Liu and Bai Jingjing with a faint smile and walked straight to the door of the Knight XV.

Xia ruofei's sneer seemed to have provoked Bai Jingjing, but she was no longer as arrogant as before. She mumbled, "So what if you have some stinky money ..."

Store manager Liu wanted to give him a tight slap. She didn't even plan to argue with him, so what's the point of talking so much?

Although Bai Jingjing's voice was soft, Xia ruofei's hearing was sharp. He gently closed the car door and turned around. "There's nothing great about being rich. There are many rich people in the world, and I don't feel that I'm superior to them, but ..."

At this point, Xia ruofei changed the topic and his tone became a little cold. "I remember that you said that my brother would live on the streets after leaving pioneer real estate. You just wanted to use money to threaten my brother and make him stay in your company even if he had to endure the humiliation. Now you're telling me that you think you're so great just because you're rich? Are you even worthy?"

Bai Jingjing gritted her teeth and her face turned red, but she couldn't refute.

Xia ruofei didn't seem to be in a hurry to get in the car. He looked at Bai Jingjing and smiled. "Right, besides money, there's also power, right? Just because your position is higher than my brother's, you can pick on him and find all kinds of reasons to make things difficult for him and suppress him, right?"

Bai Jingjing seemed to have gone all out. She raised her head and said coldly, "So what if I am? I'm going to suppress such an ungrateful thing! So what if you have money? Wouldn't he be kicked out of pioneer real estate with his tail between his legs?"

Guan Ping's eyes were burning with rage, his hands clenched into fists, his heart filled with humiliation.

Xia ruofei patted Guan Ping's shoulder and said, "Ping Zi, don't be impatient ..."

With that, Xia ruofei turned to look at Bai Jingjing. This time, there was a hint of mockery in his eyes.

“Well said! A higher rank can crush a higher rank, so you have the right to not cancel it, right?” Xia ruofei said sarcastically, “that’s a good logic. Simple and crude. I like it!”

Bai Jingjing had a bad feeling, but she still snorted and said, “Hmph! You’re deliberately mystifying!”

Store manager Liu tugged at Bai Jingjing’s clothes and said, “Manager Bai, please stop talking!”

By then, manager Liu had completely sobered up. He could tell that this friend of Guan Ping’s was not an ordinary person. Other than the two moves earlier, Xia ruofei seemed to be very friendly. However, he had an aura that made people look up to him. He was definitely not an ordinary person.

Xia ruofei looked at the two of them with a half – Smile on his face. He took out his phone and dialed Liang Weimin’s number without hesitation.

It wasn’t too late yet, and Liang Weimin hadn’t gone to bed yet, so he picked up the call very quickly.

“Happy New Year, ruofei!” He said with a bright smile.

The third day of the first month of the lunar year wasn’t over yet, so everyone basically greeted each other with New Year’s greetings when they met or called each other.

“Uncle Liang, it’s so late, I hope I didn’t disturb your rest!” Xia ruofei chuckled.

“No, no, I’m just watching TV!” Liang Weimin said, “Qi Chao didn’t come back for the new year either. His house is cold and empty. Other than watching TV, there’s nothing to do ...”

“Uncle Liang, you’re criticizing me!” Xia ruofei said, “brother Liang can take a break anytime. I didn’t restrict him!”

Liang Weimin laughed and said, “it’s this kid who didn’t want to come back!” He was so carefree overseas! Why would he be willing to come back and listen to our nagging!”

“He’s mainly busy with his business. The farm business has been busier during this period. Please understand!” Xia ruofei smiled and explained on Liang Qichao’s behalf.

Liang Weimin was also in a good mood. How could he not know what Liang Qichao had been doing in Australia? Because of this, Grandpa Tang He even called Liang Weimin and praised Liang Qichao, which made Liang Weimin very happy.

“Hahaha! I’m just saying. We’re so happy that Qi Chao can do his business properly! It doesn’t matter if I don’t go home for the new year!” Liang Weimin said.

“Mm! When uncle Liang isn’t too busy, you can bring Auntie to visit brother Liang.” Xia ruofei smiled gently and said, “Paradise Farm’s environment is not bad. You guys can take it as a vacation!”

“Good, good, good! I’ll definitely go there when I have the time, mainly to check if that kid is slacking off!” Liang Weimin smiled and asked, “by the way, ruofei, why are you calling me so late at night?”

Xia ruofei looked at Bai Jingjing and store manager Liu.

Actually, when the two of them saw Xia ruofei take out his phone, they had a bad feeling.

However, they heard Xia ruofei talking about his daily life on the phone and did not know what he was up to.

Most importantly, Xia ruofei had addressed him as uncle Liang. There did not seem to be any leader with the surname Liang in the company.

Bai Jingjing was the company's famous social butterfly. She quickly scanned through the company's top management and confirmed that there was no one with the surname Liang. She could not help but feel more at ease.

When she saw Xia ruofei looking at her, she snorted. ""You're bluffing ..."

Xia ruofei glanced at Bai Jingjing and asked, ""Uncle Liang, I'd like to ask how much authority you have over Xianfeng real estate."

?

Chapter 1463: giving them a taste of their own medicine 3

Liang Weimin was taken aback, but he quickly replied, "This is a real estate agency that our group has invested in. Our group accounts for about 15% of the shares. As for the right to speak ... It should be okay. Our group has two executive directors stationed there. Also, I have a good personal relationship with the General Manager of pioneer!"

At this point, Liang Weimin couldn't help but ask curiously, "Ruofei, you didn't call me just to ask about this, did you? Do you want to buy a second – hand house? This was not right! If you want to buy a house, you should look for me! We have two new buildings that are very good!"

Xia ruofei did not know whether to laugh or cry. Liang Weimin and Liang Qichao were indeed father and son! Their thought processes were so similar.

"Uncle Liang, I'm not thinking of buying a house ..." Xia ruofei explained and continued, "it's just that two employees of pioneer real estate have terrible characters. If it's convenient for you, can you help me give them a heads up and say hello?"

Liang Weimin's heart skipped a beat when he heard that. He didn't even ask Xia ruofei what had happened and just said, ""RUO Fei, tell me their names and positions! I'll give you a satisfactory explanation in ten minutes!"

Liang Weimin knew Xia ruofei very well. He knew that Xia ruofei was never an arrogant person. Today, Xia ruofei had called him overnight and said that the two employees had bad characters. This meant that the two blind employees of pioneer real estate must have made Xia ruofei angry. He was very angry.

Xia ruofei was the benefactor of Liang Weimin's family. Not only did he help Liang Qichao a lot, but he was also very close to Tang He. He was a very important friend of Liang Weimin.

No matter what rank these two employees were, even if they were the top management of pioneer, Liang Weimin would stand on Xia ruofei's side without hesitation. Even if the situation escalated to the point where jianda group withdrew its funds from pioneer, he would not even frown.

Xia ruofei turned to look at Guan Ping, covered the microphone and asked, ""What are their positions?"

Bai Jingjing and store manager Liu's faces turned pale, and they became more and more nervous.

"One of them is the manager of the jiangbin restaurant, and the other is the manager of the water shop!" Guan Ping answered without hesitation.

Xia ruofei nodded and said to Liang Weimin, "Uncle Liang, one of them is the manager of the jiangbin branch. The other one is the manager of the water shop, Bai Jing Jing. "

"I'll remember it. Ruofei, I'll call you back later!" Liang Weimin said sternly.

When Liang Weimin heard the positions that Xia ruofei had announced – that they were just a store manager and a small manager – he didn't have any hesitation at all.

Although the scale of pioneer real estate was not particularly large, it had at least a hundred stores in the province, which meant that there were at least one to two hundred store managers and reserve store managers. As for a supervisor like Bai Jingjing, the number was several times more.

To the whole company, people of this level were insignificant. Since they had made Xia ruofei angry, what else was there to say?

Xia ruofei smiled and said, "then I'll have to trouble uncle Liang!" I hope we can teach them a lesson that will leave them with a deep impression ..."

At this point, Xia ruofei looked at Bai Jingjing and store manager Liu. He didn't know why, but his calm gaze seemed to have a kind of attractive power that made the two of them not dare to look at him directly. Their hearts were in a mess, and a trace of regret began to grow.

Xia ruofei glanced at them and added, ""By the way, they once threatened my brother that even if he left pioneer real estate, he would not be able to survive in the real estate agency industry in Sanshan. So ..."

Liang Weimin replied without thinking, "I understand!" It was not a big deal to ban the entire industry. RUO Fei, give me a few minutes, I will give you a satisfactory explanation!"

"Uncle Liang, thanks!" Xia ruofei said, "I'll treat you to a drink later!"

"Hahaha! It's a small matter!" Liang Weimin laughed heartily and said, "but I won't be polite when I drink! Who asked you to have so much good wine in your house!"

"There's enough good wine, we won't go back until we're drunk!" Xia ruofei agreed with a smile.

?

Chapter 1464: Retribution (1)

Xia ruofei didn't chat with Liang Weimin for too long and quickly hung up.

After the call, Xia ruofei did not look at Bai Jingjing and store manager Liu again. Ye Lingyun had already helped pang Hao into the car. Xia ruofei patted Guan Ping's shoulder and said, "Ping Zi, let's go!"

"Alright!" Guan Ping didn't pay any more attention to Bai Jingjing and store manager Liu, who both had ugly expressions on their faces. He opened the back door and got in.

Ye Lingyun was quiet as usual. Since Xia ruofei said that he did not need to deal with this matter, he would do his best. Without a word, he got into the driver's seat, started the car, and drove away.

Bai Jingjing and store manager Liu stood in the same place, watching Knight XV leave in a cloud of dust.

The two of them were silent for a long time. Bai Jingjing finally couldn't help but say, "Old Liu, this man ... He's probably bluffing, right? That uncle Liang or whatever, the company doesn't have a Senior Manager with the surname Liang ..."

Store manager Liu said unhappily, "You're asking me, but who should I ask? What should I say about you? She had already seen that he had an extraordinary identity, and he wasn't prepared to do anything, so what was the point of trying to argue? Now it's like this ..."

Bai Jingjing's eyes reddened and she said pitifully, "I just can't stand it! What right does he have to say that about me?"

Bai Jingjing was full of seduction. She almost subconsciously made such a coquettish expression. If it was any other time, store manager Liu would have been enchanted, but now, he felt a little disgusted ...

Bai Jingjing saw that store manager Liu didn't say anything and felt even more uncertain. She couldn't help but comfort herself. "I'm sure he's fine! They were just a few rich young men, how powerful could they be? He's definitely looking for a way out ..."

Store manager Liu was annoyed and said, "Alright, alright, no matter what, it's always right to be more restrained in the future! Go back! I'm a little tired today ..."

Store manager Liu had already booked a room at a nearby hotel and was prepared to have sex with Bai Jingjing that night. But after what had happened, he was no longer in the mood. He directly wanted to return home.

Bai Jingjing pouted and said, "I'll go back! You're the one who asked me out, and now you're the one who wants to leave, Hmph ..."

Store manager Liu secretly shook his head, thinking that it was better to not provoke this brainless woman in the future. Although she was naturally charming and good in bed, she was also easy to cause trouble! He didn't even know if this was a blessing or a curse today ...

The two of them stood by the road, ready to take a taxi home.

While they were waiting for the taxi, both manager Liu and Bai Jingjing's phones rang.

The two of them looked at each other and saw a trace of uneasiness in each other's eyes.

They took out their phones and quickly glanced at the caller ID.

“It’s Vice – President Jiang!”

“Manager Xu!”

The two of them said at the same time.

Vice President Jiang was in charge of all the stores in store manager Liu’s area, and store manager Xu was the head of the store where Bai Jingjing was. They were both direct bosses of the two.

“Let’s talk after we accept it!” Store manager Liu frowned and said, “stay away from me! Don’t let the leader hear this!”

With that, store manager Liu quickly walked away with his phone in his hand, then quickly answered the call. “Hello, President Jiang! May I know what instructions you have ...”

Store manager Liu’s tone unconsciously carried a hint of flattery, but Vice President Jiang on the other end of the phone obviously didn’t buy it.

Before store manager Liu could finish, Vice – President Jiang scolded, “Liu Chengdong, you bastard! If you don’t want to work here, don’t drag us down with you!”

Store manager Liu was dumbfounded by the scolding. He stuttered, “President ... President Jiang ... I ... What did I do wrong? please ... Please tell me ...”

Xia ruofei’s figure appeared in store manager Liu’s mind unconsciously, but he quickly forced himself not to think in that direction. He felt that it must be a coincidence. Even if the young man had a certain background, the company couldn’t have reacted so quickly. How many minutes had it been? And it was the night of the third day of the new year.

However, Vice – President Jiang’s next words completely shattered store manager Liu’s hopes of getting lucky.

“Liu Chengdong, how else do you want me to make it clear?” asked Vice President Jiang. “Don’t you know what you’ve done? Where are you now? Is he with that Vixen, Bai Jingjing? What did you guys do just now?”

“I ... I ...” Store manager Liu felt his vision go dark and he almost fainted. He said timidly, “Mr. Jiang, we had a small misunderstanding with a gentleman just now, but ...”

“I don’t want to hear any explanation!” Vice President Jiang interrupted store manager Liu’s words domineeringly, “I hope to see your resignation letter tomorrow! This is a direct order from director Cai!”

Manager Liu suddenly felt a chill down his spine. Director Cai was the chairman of pioneer real estate and the largest shareholder of the company. This young man’s phone call had even alerted director Cai in less than ten minutes. What kind of monster had he provoked?

Store manager Liu’s intestines were about to turn green with regret, and his mind kept replaying the words that Xia ruofei had said to that “uncle Liang” on the phone. They once threatened my brother

that even if he left pioneer real estate, he would not be able to survive in the real estate agency industry in San Shan. Then ...

Thinking of this, store manager Liu felt his legs go weak.

As expected, Vice – President Jiang continued coldly, ""Let me remind you, don't even think about applying for a job at other companies in the same industry. Don't forget that you've all signed a competition agreement! Even if there's no competition agreement, director Cai still has some face in the industry. If he says so, no one will want you!"

?

## Chapter 1465: Retribution (2)

Store manager Liu's face turned pale, and his head buzzed. He didn't even know when Vice – President Jiang hung up the phone.

It took him eight years to go from an ordinary salesperson to a store manager.

Store manager Liu's education level was not high to begin with. How much hardship had he gone through to get to where he was today?

Now, because of a moment of impulse, everything was gone.

Besides the real estate agency industry, he didn't know anything else. It was simply a fantasy for a 40 – year – old man to compete with young people in a new industry.

Store manager Liu thought of his monthly house loan and car loan, and his family's hunger for food. If he lost this job, how was he going to survive in the future?

When he heard the beeping sound from the phone, he put his phone back into his pocket in a daze and slowly turned to look at Bai Jingjing.

Not far away, Bai Jingjing had also finished her call.

He didn't even need to ask. Bai Jingjing's expression was as if her father had died.

Bai Jingjing smiled bitterly at store manager Liu and said, ""I've been fired ... And ... Banned from the entire industry ..."

Just now, they threatened that even if Guan Ping resigned, he would not be able to survive in the real estate agency industry. Now, all the consequences were on them. It was a huge irony.

Store manager Liu was really regretful now. Why did he provoke this Sly Fox? If it weren't for Bai Jingjing, he would still be the manager of the store. Not only did he enjoy a high salary, but he would also get a share of the sales of everyone under him.

Now, everything was gone.

'There's a knife above lust ...' Such a thought appeared in store manager Liu's mind.

Then, a bolt of lightning flashed across his mind, and Guan Ping's figure appeared. He couldn't help but shiver.

The one who tied the bell needs to untie the bell!

That young man was Guanping's friend, if Guanping could say something, he might be able to let him off.

With that thought in mind, store manager Liu felt as if he had found a life – saving straw. Without a word, he took out his phone and quickly found Guan Ping's number and dialed it.

Bai Jingjing didn't know how to react, but she heard store manager Liu mumble, ""Guanping, answer it! I beg you, pick up the phone!"

Bai Jingjing suddenly realized that she had Guanping's number as well. However, she was too late for manager Liu. Even she couldn't get through to him.

Hence, Bai Jingjing could only walk towards store manager Liu with her eyes sparkling. No one knew what she was thinking.

.....

In the Knight XV SUV.

After Xia ruofei gave ye Lingyun pang Hao's address, he leaned back on the passenger seat and closed his eyes to rest.

Pang Hao's income this year was quite impressive. He had already taken out a mortgage at the end of the year to buy a Big Four – room apartment of more than 130 square meters, which was also a real estate developed by jianda group. After Xia ruofei had informed him of this, Liang Weimin had even readily given him a big discount.

The house was furnished and furnished. Pang Hao had added some furniture and electrical appliances, and the whole family moved in. They would be living in the new house this year for the new year. Now, pang Hao's parents were quite satisfied with him, and they held their heads high in front of their relatives and friends.

"Pingzi, give uncle and Auntie a call and ask them to come downstairs to pick up chubby boy." Xia ruofei suddenly turned around and said, "it's getting late. Let's not go upstairs!"

"Alright!" Guan Ping laughed as he took out his phone.

Just as he was about to make the call, his phone vibrated.

Guan Ping took a look at the caller ID, and his face turned ugly. He snorted and said, "It's Liu Chengdong!"

"You mean that store manager Liu?" Xia ruofei raised his eyebrows and asked.

"En!"

Xia ruofei revealed a look of understanding. It seemed that uncle Liang was really efficient! It had only been ten minutes!

“You take it! “Let’s hear what he wants to say ...”Xia ruofei said with a smile.

Guan Ping nodded his head, and pressed the answer button, before coldly saying,“Store manager Liu, do you have any other advice?”

On the other end of the phone, store manager Liu was no longer as arrogant as he used to be in front of Guan Ping. He said,“I don’t dare! Little Guan ... No, no, no, Guan Ping! It’s our fault for what happened today. I’ve been too rough with you while you were in the store, and I’ve made you suffer a lot. I’m really sorry ...”

A look of surprise appeared on Guan Ping’s face. If it wasn’t for the number and voice, he would have thought that it was someone else. He had been transferred to manager Liu’s store for two to three months, but he had never seen manager Liu speak to his subordinates in such a tone.

Even when Guanping had made it clear that he wanted to resign, manager Liu was still acting all high and mighty. Why did his attitude suddenly take a 180 – degree turn?

“Manager Liu, are you making fun of me?” Guan Ping frowned and said,“I don’t have time to joke with you!”

“Guanping, I really know I was wrong ...” Store manager Liu lowered his posture even more.“Please, please help me put in a good word for your friend! I really can’t lose this job! My mother is old and sick! My wife doesn’t have a job, my child is going to primary school soon, and I still have a house loan and a car loan ... If I lose my job, this family will really be over ...”

?

Chapter 1466: Retribution (3)

Guan Ping’s heart skipped a beat and he turned to look at Xia ruofei.

Xia ruofei turned around and smiled.“This fellow has admitted defeat?”

Guan Ping nodded his head, covering the phone and saying, “He’s completely cowered ... He’s just wagging his tail and begging for mercy ... Ruofei, what does your uncle Liang do? How could he have such great power?”

“He’s one of the major shareholders of pioneer real estate, right?” Xia ruofei smiled and said,“but his main business is not a real estate agent. He only invested a little money to form an industrial ecosystem ...”

Xia ruofei continued.“Don’t worry about this. You can make the decision. If you want to let him go, I have no objections!”

Guan Ping's heart was filled with emotions. He knew that Xia ruofei was very capable now and his career was doing well. He did not expect that he had underestimated Xia ruofei's influence. They were once good friends in high school, but now, a simple phone call could decide the fate of the person who had once been above him ...

Just as Guan Ping was in a daze, store manager Liu on the other end of the phone couldn't help but shout nervously, ""Guan...Guanping ..."

Only then did Guan Ping come back to his senses. He coldly said, "Manager Liu, what's the point of begging me now? If you knew this would happen, why did you do it then?"

When he thought about how store manager Liu had suppressed and humiliated him, the trace of compassion in Guan Ping's heart disappeared without a trace.

"Guanping, I didn't recognize you before, please forgive me just this once!" Store manager Liu begged. Not only does director Cai want to fire me, but he also wants to ban me from the entire industry. I really have no way out!"

When Guan Ping heard the words "director Cai," his face twitched.

At the same time – he felt a sense of warmth in his heart. It was Bai Jingjing and store manager Liu's threat to him just now – now – in order to stand up for him – Xia ruofei had blamed everything on them.

Xia ruofei really treated his brothers well!

Then, Guan Ping thought of manager Liu's child. She was a pretty little girl who had been to the store before. She had a childish voice and was very cute, just like a porcelain doll. All the employees in the store liked her very much.

As for store manager Liu's words about his mother taking medicine all year round and his wife not having a job, he could not rule out the possibility that she was pretending to be pitiful. However, such a cute little girl was enough to make Guan Ping feel bad for her.

He took a deep breath and coldly said, ""Manager Liu, I can talk to my brother about it. After you leave pioneer real estate, you can try to apply for a job at other real estate agencies ..."

Losing store manager Liu's job was already a lesson for him. He had been a store manager for so many years, and his family must have some savings. It was already very kind of them not to ban him from the entire industry.

Store manager Liu was also very satisfied with the result. He was overjoyed and said, "Guanping, thank you! Thank you for your magnanimity ..."

As for the non – competition agreement, he didn't even mention it. As long as Xia ruofei didn't ban him, the non – competition agreement was nothing. The agreement was that the public would not complain and the officials would not pursue the matter. As long as pioneer real estate did not pursue it, there would be no problem.

At that moment, Guanping seemed to have heard Bai Jingjing, who was beside store manager Liu, asking for the phone.

Towards this woman, Guan Ping was filled with disgust from the bottom of his heart, and this disgust had already reached the extreme.

He said coldly, "store manager Liu, please tell Bai Jingjing that I don't want to talk to her. She brought this on herself!" No one will pity him!"

With that, Guan Ping hung up the phone. He leaned back in his seat and looked up at the roof of the car. He let out a long breath, as if he had vented all the depression he had been feeling all this time ...

?

Chapter 1467: Target: xiangnan province (1)

After hanging up the phone, Guan Ping told Xia ruofei that he had decided to let store manager Liu go. Xia ruofei naturally did not have any objections. This time, he had done it to stand up for Guan Ping. Otherwise, Guan Ping could have just resigned. It would not have affected him at all.

Soon, Liang Weimin called Xia ruofei and told him about the situation with store manager Liu and Bai Jingjing.

Xia ruofei expressed his sincere gratitude. At the same time, he also said that store manager Liu was an accomplice. He could just let him resign on his own accord. As for the ban on the entire industry, he could forget about it.

Liang Weimin naturally agreed. As for Bai Jingjing, who Xia ruofei didn't even mention, Liang Weimin naturally knew what to do.

It didn't take long for the car to arrive at the neighborhood where pang Hao's house was located.

Pang Hao's parents were already waiting downstairs. They could not help but grumble when they saw how drunk pang Hao was. However, Xia ruofei was pang Hao's good friend and boss, so they could not blame Xia ruofei.

Xia ruofei, on the other hand, apologized to pang Hao's parents in embarrassment. After all, the three of them had gone out for a drink and pang Hao was the only one who had drunk too much. It was inevitable that his parents would misunderstand.

Fortunately, pang Hao's parents knew about the relationship between the three of them. On top of that, it was the New Year's Eve, so they naturally wouldn't say anything. They only took pang Hao over from ye Lingyun's side and helped him up. They even invited the few of them upstairs to sit.

Naturally, Xia ruofei and the rest declined politely. They watched as pang Hao and his family entered the elevator before they got in and left.

Then, Xia ruofei asked ye Lingyun to drive Guanping home.

At the entrance of Guan Ping's neighborhood, Xia ruofei said to Guan Ping, "Pingzi, rest well at home for the next few days and calm down. Go to work after the new year and resign. I'll talk to Xianfeng real

estate. They definitely won't make things difficult for you. After you submit your resignation letter, you can report to my company directly. I'll make arrangements in advance. When the time comes, you can just look for pang Hao."

"Alright!" Guan Ping nodded and said, "ruofei, you don't have to assign me any duties. I'll start from an ordinary employee!"

Xia ruofei smiled and said, "I have my own plans. You don't have to worry about it." Alright, it's getting late, let's go in! I should go back too!"

With that, Xia ruofei got into the car and gestured for ye Lingyun to drive.

Guan Ping watched the Knight XV walk further and further away before he turned and walked into the community.

.....

On the fifth day of the first lunar month, Sanshan airport.

Xia ruofei was dressed in low – Key casual clothes and a pair of Ray – Ban aviator sunglasses. He dragged a simple suitcase out of the car.

He refused ye Lingyun's help with his luggage and said with a smile, "Ling Yun, let's stop here! This is a temporary parking area. If you Park too long, you'll be photographed. You can just go back to the farm. "

"Okay, brother Xia, I'll be going then!" Ye linyun nodded.

"Okay. If anything happens at the company, give me a call." Xia ruofei said with a smile.

He waved at ye Lingyun, then dragged his small suitcase into the China departure hall.

Today's journey was smooth and there was still some time before the boarding time. Xia ruofei found a long chair and sat down to rest for a while.

He was a little excited. Two days ago, he had contacted Song Wei. The two of them had agreed to go to xiangnan to explore the ancient tomb that had poisoned Song Wei.

Xia ruofei knew that there was a high possibility that the realm stone was in the ancient tomb, so he was full of anticipation for this trip. The Xuanji spirit map space had not been upgraded for a long time. At its current scale, the consumption of Jade to upgrade each level was huge. Even with Xia ruofei's current financial resources, he could not afford it.

Even if Xia ruofei had enough money to buy jade, Jade was a non – renewable resource that had been formed after countless years of earth's crust transformation. It was not realistic to rely on Jade to upgrade the space. After all, the amount of Jade that could be bought on the market was limited.

Moreover, if he continued to buy a large amount of Jade in the long run, it would definitely arouse suspicion.

Hence, the best way to upgrade the space was to find world stones. Not only was it more efficient, but it would also not attract attention.

The existence of the boundary stone had no rules to follow. Even if Xia Qing had engraved a sensing array for Xia ruofei, it would only react within a few kilometers. For the vast world, this was like looking for a needle in a haystack.

Hence, an accurate clue about the world stone like the ancient tomb was extremely valuable. Xia ruofei had to hold on to it no matter what.

In order to not attract attention, Xia ruofei told his friends and even Ling Qingxue that he was going to inspect a project in another city. He even booked his own plane tickets. Ye Lingyun, who sent him to the airport, did not know where his destination was, much less that he would be going with Song Wei.

Xia ruofei sat on the bench for a while. Then, he received a WeChat message from Song Wei. I'm already out of the car, have you arrived yet?

Xia ruofei immediately replied, "I'm at the departure hall. I haven't registered yet. I'm waiting for you!"

He raised his head and looked at the entrance of the departure hall. Through the glass door, he saw Song Wei getting out of a black car.

Song Wei also refused the driver's help to carry her luggage. After taking out the boarding device from the trunk, she asked the driver to go back.

Song Wei dragged her luggage into the departure hall and immediately looked around.

?

Chapter 1468: Target: xiangnan province (2)

Xia ruofei sent a WeChat message over. "I'm at your three o'clock."

Song Wei immediately looked to her right and saw Xia ruofei. She dragged her luggage and walked over.

The two of them did not greet each other very familiarly. Song Wei sat down beside Xia ruofei as if they were meeting in the underground.

Although the probability of meeting an acquaintance in the airport was very low, the two of them tried to keep a low profile as much as possible.

Xia ruofei said to Song Wei as he flipped through the magazine, "Give me your id, I'll get my boarding pass."

"En!" Song Wei quickly passed her ID card to Xia ruofei.

Xia ruofei received it without a trace. He stood up, tidied his clothes, and then walked to the check – in counter.

He got the boarding pass very quickly. They didn't have any large luggage to check in, so the procedures were naturally very fast.

Xia ruofei turned around and saw that Song Wei was already dragging her luggage towards the security check.

Hence, he walked over to her. When they passed each other, Xia ruofei accurately stuffed the boarding pass and ID card into Song Wei's hands.

The two of them found two different security checkpoints, lined up to pass the security check, and entered the departure hall.

Compared to the busy Hall outside, there were fewer people in the departure hall. The two of them walked together naturally.

Xia ruofei and Song Wei showed their first – Class boarding passes at the entrance of Heron Island Airlines 'VIP waiting room and entered the VIP waiting room with fewer people.

The VIP waiting room was very quiet, and all the seats were placed in a disorderly manner. In addition, there were some bonsai and screens separated from each other, so the privacy was quite good.

The two of them found two adjacent leather seats and sat down. Then, they couldn't help but smile at each other.

"This feels like a spy film!" Xia ruofei said with a smile.

Song Wei couldn't help but smile and said, ""Isn't it all to help you run errands? This is the first time I've lied to my parents!"

Naturally, Song Wei did not dare to tell her parents that she was returning to the ancient tomb. Otherwise, song Qiming would lock her up at home without hesitation and send people to watch over her.

The last time Song Wei was poisoned, her whole family was already drenched in cold sweat. If it wasn't for Xia ruofei's timely intervention, Song Wei would have been dead by now.

Song Qiming and his wife did not even support Song Wei's participation in the normal field archaeological activities organized by the school, let alone Song Wei's desire to explore the terrifying ancient tomb again.

Therefore, Song Wei told her parents that they should take the opportunity to travel to other places to relax during the few days before the holiday.

Xia ruofei smiled."Actually, there's no need for you to take the risk with me. You just need to tell me the location of the tomb and the details of the situation inside."

Song Wei snorted and raised her head,"You want to shake me off? No way!"

"Hehe ..." Xia ruofei laughed but did not say anything.

"Ruofei, when we reach the place, you can't ditch me and go in alone!" Song Wei said warily. Otherwise, I'll really cut off all ties with you!"

Until now, Song Wei had not told Xia ruofei the exact location of the ancient tomb. She only asked him to buy a ticket to the provincial capital of Hunan, Tanzhou city.

“Do I look like a dishonest person?” Xia ruofei asked, not knowing whether to laugh or cry.

“That’s hard to say ...” Song Wei chuckled, “I’m going in with you anyway!”

“Alright, alright, alright!” Xia ruofei forced a smile and said, “but you have to promise me that once we enter the tomb, you must listen to my instructions and not act rashly. Other than the poison, there are other risks.”

“No problem!” Song Wei agreed readily.

The two of them sat in the VIP lounge and chatted for a while. Then, the announcement of their flight starting to board sounded on the broadcast. The VIP lounge was scheduled to board a little earlier than the economy Class passengers.

The two of them quickly boarded the plane through the covered bridge. Under the guidance of the beautiful first – Class cabin crew, they came to the first – Class area at the front of the cabin and found their seats.

After putting his luggage in, Xia ruofei put on his headphones and started to listen to music. However, his eyes were looking outside through the Oval – shaped porthole. His mind had already flown to xiangnan province.

Song Wei, on the other hand, sat in the aisle seat. This was something she had requested. Every time she took a plane, she would never sit in a seat by the window.

Song Wei leaned against the soft back of the first – Class seat and turned her head slightly to look at Xia ruofei’s side profile. Her beautiful eyes were filled with a strange glow.

They were about to enter the ancient tomb again. It would be a lie to say that she was not afraid. However, at this moment, Song Wei was more excited than nervous. She and Xia ruofei had secretly flown out of the city without telling her family and friends. This gave Song Wei a sense of excitement.

After all the passengers had boarded, the flight attendant closed the cabin door.

After waiting for a while, the plane trembled slightly and slowly retreated with the help of the tractor.

When they reached the runway, Xia ruofei saw through the porthole that the tractor had left the plane. The ground crew showed the pilot the latch in their hands and waved.

Xia ruofei immediately felt the plane shake slightly and start to move forward.

After going through a runway, the plane finally stopped at the take – off point of another runway.

After a slight pause, the plane began to accelerate.

The engine had been adjusted to the take – off thrust. Xia ruofei could clearly feel the push on his back, which meant that the aircraft was accelerating at a high speed.

Soon, the plane took off lightly and drew a perfect arc in the sky.

The two – hour flight was neither long nor short. Fortunately, the first – Class flight was very comfortable. Besides, Xia ruofei and Song Wei had many common topics. They chatted along the way and felt that they had a deeper understanding of each other.

At noon, the flight from Heron Island Airlines finally landed smoothly at tan Zhou's huanhua International Airport.

Xia ruofei and Song Wei did not have to hide from people anymore since they were in an unfamiliar place. They dragged their luggage and walked out of the departure hall of huanhua airport.

Breathing in the air of xiangnan province, Xia ruofei smiled and said, "Song Wei, can you tell me where our destination is now?"

Song Wei smiled and said, "there's no rush. Let's take a taxi to the hotel first. We'll rest for half a day today and visit the famous places in tan Zhou. We'll leave tomorrow morning!"

Xia ruofei shrugged his shoulders and smiled bitterly. "You're so tight – lipped!"

"It's such an important matter, of course I have to keep it a secret!" Song Wei chuckled. Otherwise, what if you sneaked away tonight?"

"Alright ..." Xia ruofei didn't know whether to laugh or cry.

The two of them stood by the road, ready to take a taxi to the hotel they had booked in advance.

Just as Xia ruofei and Song Wei walked out of the departure hall of the airport, both sides of the passenger passage were filled with police forces. There were uniformed police officers and plainclothes police.

A group of people walked out of the VIP passage. In the middle of the crowd was the leader of xiangnan province, song Rui's father, song Zhengping.

Ever since he had been promoted to the position of chief, song Zhengping had become busier. On an important holiday like the Spring Festival, as the Secretary, he had to stay in xiangnan. On New Year's Eve, he had to visit the people on the frontlines who were holding fast to their posts. On the first day of the first lunar month, he had to visit old comrades and so on.

He had been busy until yesterday, when he finally managed to find time to return to the capital to pay his New Year's greetings to the old master and gather with his relatives and friends.

After a day, song Zhengping brought his Secretary back to xiangnan.

Other than his Secretary, the other people who accompanied him were all sent by the Provincial Party Committee to pick him up.

As the leader of xiangnan, song Zhengping had a very high level of security.

Everyone escorted song Zhengping out of the main hall and into a black sedan with a red flag parked at the entrance. The security personnel and the people who were there to welcome them also got into their respective cars. A small fleet of cars started slowly and headed in the direction of the Provincial Party Committee.

Just as the exhausted song Zhengping was about to close his eyes and rest for a while, he happened to see a familiar figure by the roadside through the car window ...

?

Chapter 1469: Caught on the spot (1)

In fact, Xia ruofei had already seen the fleet of cars, but he didn't realize that the license plate number of Provincial Party Committee car No. 1 might not necessarily be Xiang A00001. Only people from the local government would be able to recognize song Zhengping's car at a glance.

When Xia ruofei saw the formation of police cars, he realized that it might be the provincial Party leader's car. However, it was too late to avoid it.

Song Zhengping was also surprised to see Xia ruofei. He even rubbed his eyes, and the car slowly drove past Xia ruofei.

"Stop the car!" He quickly shouted.

The experienced driver stepped on the brakes subconsciously, and the red flag sedan slowly came to a stop.

The Bureau chief's car could be said to have a domino effect. The cars behind him naturally stopped one after another. The police car that was leading the way also stopped quickly after driving for a short while.

The security guards all got out of the car and walked towards the red flag car. According to the normal procedure, the car would not stop at this time. Something must have happened.

Song Zhengping ignored the nervous attendants and immediately rolled down the car window.

When Xia ruofei saw the red flag car stop, he already had a bad feeling. When the window slowly rolled down and song Zhengping's figure was revealed, Xia ruofei smiled bitterly to himself.

He and Song Wei had deliberately kept a low profile. They even pretended not to know each other at Sanshan airport, making it seem like an underground meeting. They did not expect to be caught red-handed by song Zhengping the moment they landed in Tanzhou. This was awkward ...

Song Qiming was also a capable member of the song Department. As a provincial official, he definitely had some connection with song Zhengping. If song Qiming found out about this, how big of a misunderstanding would it cause?

He could only hope that song Zhengping wasn't that gossipy ...

Xia ruofei took the initiative to bow and said, ""Hello, uncle song!"

Song Zhengping could not help but laugh, "so it's really you, ruofei!" I couldn't believe it when I saw it just now. Why didn't you call me first before you came to tan Zhou ... Eh? Wei Wei is here too? You guys are ..."

Song Zhengping's Secretary sat upright in the front passenger seat. When he heard this, his heart couldn't help but skip a beat. He couldn't help but glance at the two people outside the car from the corner of his eye. Someone who could make Secretary song speak in such an intimate and casual tone must have an extraordinary background.

Xia ruofei and Song Wei were embarrassed and did not know how to answer.

Song Wei was a little embarrassed and said, "Hello, uncle song!"

Then, she glanced at Xia ruofei with a blushing face, obviously throwing the difficult question to Xia ruofei.

Xia ruofei looked even more embarrassed. He said, "Uncle song, we're just here for a vacation. We don't have a clear destination, so we'll just go wherever we want. We didn't want to disturb you ..."

A meaningful look appeared on song Zhengping's face as he looked at the young man and woman in front of him. This was undoubtedly the best interpretation of a perfect couple.

Although song Zhengping had heard that Xia ruofei already had a girlfriend, he naturally would not ask.

From the bottom of his heart, he even hoped that Xia ruofei and Song Wei could be a couple. After all, Song Wei was half a member of the song family. In that case, Xia ruofei's relationship with the song family would be closer.

Xia ruofei was definitely a capable person. His miraculous deeds had shocked song Zhengping. In addition, elder song also liked Xia ruofei, so song Zhengping naturally hoped that Xia ruofei could get closer to the song family.

Now, it seemed that this was about to become a reality.

A young man and a young woman travelling together to a strange place thousands of miles away, and they were very low – Key, obviously not wanting others to know. How could there be no story behind this?

At this thought, song Zhengping couldn't help but smile.

Xia ruofei saw song Zhengping's smile and smiled bitterly in his heart. He quickly explained, "Uncle song, it's not what you think ..."

Song Zhengping chuckled and replied, "I know!" He knew! RUO Fei, since you've already met him, you can't pretend that you've never been to tan Zhou! Let's get in the car!"

Song Zhengping also knew that it was not good for the convoy to stay here for too long, so he invited Xia ruofei to board the car first.

Xia ruofei knew that song Zhengping had caught him red – handed, so it was impossible for him to come and leave quietly. He nodded at Song Wei and the two of them walked over.

Song Zhengping's Secretary was also very quick – witty. She quickly turned around and said, "Secretary, I'll go to the back of the car!"

Although the back row could seat three people, he couldn't occupy the front passenger seat alone and let the Secretary and his two juniors squeeze in the back, right?

"Alright!" Song Zhengping nodded slightly. Tell the driver not to go back to the Provincial Party Committee and to go home directly! Also, call home and ask aunt Huang to prepare some good dishes!"

"Yes, Secretary!" The Secretary replied immediately.

Then, he opened the door and got out of the car. He gestured for Xia ruofei and Song Wei to enter. He was very polite.

Song Wei sat in the front passenger seat while Xia ruofei sat in the back to accompany Song Zhengping.

The convoy started moving slowly again and left Huanhua airport. They changed their plan and headed for the villa of the Standing Committee of the Provincial Party Committee.

As an official of Song Zhengping's rank, and someone from a prominent family, his emotional intelligence was naturally not too low. Therefore, after the two of them got into the car, Song Zhengping did not continue asking about their sudden appearance in Jiangnan province.

?

Chapter 1470: Caught on the spot (2)

In front of Xia ruofei and Song Wei, Song Zhengping was like an ordinary, honest elder. He did not put on any airs and just laughed and chatted with them.

As they spoke, the topic shifted to Song Rui.

This was normal. One of them was Song Rui's father, and the other was Song Rui's best brother. This was naturally a topic that could not be avoided.

"Have you been in contact with Song Rui recently?" Song Zhengping smiled and asked, "I heard that he's been lingering around Beijing and rarely goes to the Three Mountains."

"We haven't seen each other much these days, but we still keep in touch." Xia ruofei said.

He was secretly amused. If Song Zhengping knew that Song Rui was staying in the capital to chase a girl, he would probably be furious.

"Mm! That kid's too playful, you should talk to him more often." Song Zhengping said, "although you're younger than him, he'll still listen to you."

"Song Rui is actually very ambitious. He's just a little more active when he's young. Uncle Song, you don't have to worry too much." Xia ruofei said with a smile.

"If he was half as steady as you, I wouldn't have to worry about him ..." Song Zhengping said emotionally.

Xia ruofei accepted such praise, especially when he was compared to song Rui. He was even happier. It was a pity that song Rui was not present. Otherwise, he would have felt even better.

Xia ruofei was secretly happy, but he said humbly, ""Uncle song, you're too kind. I'm a poor kid, and I'm taking care of things early! I've experienced slightly more than song Rui ..."

Xia ruofei continued, "actually, a few of our good friends are planning to do something together. Song Rui is also actively participating."

"Is that so?" Song Zhengping was a little surprised. "He's never mentioned it to me!"

"Maybe it's because he hasn't succeeded yet, so he doesn't want you to know too early!" Xia ruofei smiled and said, "maybe he wanted to give you a surprise!"

"I'm already praying to the heavens that he's content with his lot!" Song Zhengping said. Then, he looked at Xia ruofei with admiration and continued, "but it'll be great if he can do something with you! RUO Fei, please guide him!"

"Don't worry! I will, uncle song!" Xia ruofei smiled.

Song Zhengping chatted with Xia ruofei and did not leave Song Wei out. He would also chat with Song Wei from time to time.

After a while, the car drove into the villa area of the Provincial Party Committee.

The drivers, security guards, and other vehicles that were meant to pick them up all stopped at the entrance of the villa area and turned around to return to the heavily guarded villa area. There was no problem with their safety.

Furthermore, song Zhengping's Secretary knew that the two young men he had met at the airport were very close to Secretary song. They were about to host them with a family dinner, so he arranged for everyone to leave and not disturb song Zhengping's private time.

Even though he had been promoted to the position of head, song Zhengping still lived in his old mansion number two.

In fact, the building number did not mean anything. He was the highest – ranking official in xiangnan province. Wherever he lived, it would naturally be villa number one.

Song Zhengping's wife had also followed him to xiangnan to take care of song Zhengping's life.

When she saw Xia ruofei and Song Wei, she was naturally very surprised. She quickly called them in.

Song Zhengping only told Madam that Xia ruofei and Song Wei were on a trip to Xiang Nan Province. He did not tell her that he had 'caught' them at the airport.

As song Zhengping's Secretary had made a call in advance, song Zhengping's housekeeper, aunt Huang, had already prepared a sumptuous lunch in advance. After exchanging a few pleasantries, everyone headed to the restaurant for lunch.

Song Zhengping and his wife did not put on any airs in front of Xia ruofei and Song Wei. They were just ordinary elders today, so the atmosphere of the lunch was very warm.

If not for Song Zhengping and his wife's meaningful gazes, as well as Mrs. Song's indirect questions, it would have been perfect.

Obviously, both of them had misunderstood. After all, a man and a woman were on a trip together. Everyone knew what this meant. However, Xia ruofei could not explain it and could only smile bitterly in his heart.

After the meal, Mrs. Song wanted Xia ruofei and Song Wei to stay. Xia ruofei quickly said, "Uncle Song, Auntie Song, we've already booked a hotel before we came ..."

Song Zhengping immediately revealed a knowing smile. He gave his wife a look and said, "Since you've already booked the hotel, we won't keep you ..."

Mrs. Song also came back to her senses and said, "Oh ... Right, right, right, then you guys should stay in the hotel!"

Xia ruofei looked at Song Wei and smiled bitterly. This time, the misunderstanding had deepened.

Song Wei's face was slightly red, but the corners of her mouth curved up into a beautiful arc. She glanced at Xia ruofei with a faint smile but did not say anything.

After dinner, everyone made tea and chatted in the living room. After sitting for a while, Xia ruofei bid farewell.

Song Zhengping and his wife personally sent them to the door and arranged for a chauffeur to send them to the hotel.

At the entrance of the villa, Song Zhengping handed Xia ruofei a piece of paper with a phone number written on it. He smiled and said, "Ruofei, this is the number of my Secretary, Xiao Cao. If you need anything in Xiangnan, you can look for him and ask him to run errands for you. Of course, you can also call me directly. You have my number."

Xia ruofei took the phone number and put it in his pocket. "Okay, thank you, Uncle Song!"

"You're still so polite to me?" Song Zhengping said, "Oh right, if you need a tour guide during your stay in Xiangnan, get Xiao Cao to arrange one for you. Don't stand on ceremony with me!"

"I'll call Secretary Cao if I need anything. Uncle Song, we'll be taking our leave now!" Xia ruofei said.

"Uncle Song, Auntie Song, goodbye!" Song Wei said.

"Goodbye!" Song Zhengping and his wife waved goodbye to the two of them. Song Zhengping did not forget to remind them, "if you have the time, come over to our house for a visit. Without Song Rui by our side, the two of us are quite lonely!"

"Alright!"

The two of them got into Song Zhengping's Red flag sedan. The driver started the car steadily and drove away from the villa district.

As song Zhengping's chauffeur was in the car, the two of them did not talk about the day's events on the way. Very quickly, the car arrived at the Kempinski Hotel that Xia ruofei had booked in advance at San Shan.

After Xia ruofei got out of the car, he politely declined the chauffeur's help to carry his luggage. Instead, he took out a pack of specially – made cigarettes without any labels and stuffed it into the chauffeur's hands.

"Master, thank you for your hard work!" Xia ruofei smiled.

The chauffeur was song Zhengping's driver, so he had a sharp eye. His eyes lit up when he saw the packaging.

However, he still declined."It's what I should do. I can't accept this!"

Xia ruofei stuffed the cigarette into the driver's hand and smiled gently."It's just a small gift, don't reject it! We're going in now, drive slowly!"

"Al! Thank you so much!" The driver chuckled and put the cigarette into his pocket.

As he watched Xia ruofei and Song Wei walk into the hotel through the rotating door, the driver could not help but take out the pack of cigarettes and looked at it for a long time. Then, he muttered to himself,"A special supply of cigarettes! This was rare ... It seemed that the identities of these two were not simple! But their attitude is really kind. The people from big families have good manners!"

After saying that, the driver carefully put the cigarette into his pocket, turned around, got into the car, and left.

Song Wei couldn't help but burst out laughing when Xia ruofei and her entered the hotel.

"You can still laugh?" Xia ruofei said helplessly,"if your father hears about this, will he cut me into eight pieces?"

"What do you think?" Song Wei said with a smile.

"It should be ... Possible ... Maybe ... No!" Xia ruofei did not have much confidence.

He then puffed out his chest to boost his courage,"I didn't do anything wrong, so I'm not afraid!"

Song Wei was amused by Xia ruofei and laughed."Alright! Let's go check in first!"

The two of them chatted as they walked to the front desk of the hotel.
