Chapter 1471: A coincidental encounter at the hotel (1)

Xia ruofei had booked the hotel at San Shan through the internet, so the check – in process was simple. After showing his ID card, he paid the deposit with his card and got the room card very quickly.

Although he was only staying in tan Zhou for a short time, Xia ruofei still booked two luxurious suites. Now that the expenses of traveling and accommodation were not a big deal to Xia ruofei, he naturally could not bear to make himself suffer.

They took the elevator to the floor where the suite was located. The two of them arrived at Song Wei's room first. Xia ruofei smiled and said, "You rest in the room for a while in the afternoon. I'm going out to do something!"

Song Wei blinked her eyes and said with a smile, "Do you have friends in tan Zhou? Are you going to meet your lover?"

Xia ruofei didn't know whether to laugh or cry. "Don't forget why we came to xiangnan province. I have to buy some things and make some preparations in advance."

"Oh ..." Song Wei said, "how about I go with you?"

Xia ruofei quickly said, "no, no, no. You must be tired from traveling today. You also drank some wine in the afternoon. You should rest well in the afternoon!" We still have to hurry on our journey tomorrow ..."

At this point, Xia ruofei's eyes narrowed and he asked, "Could it be ... Our final destination is very close to tan Zhou? Or just in tan Zhou?"

Song Wei winked at Xia ruofei mischievously and said, "I'm not telling you! I'm going to rest now, take care, I won't send you off!"

After she finished speaking, Song Wei turned around and entered her room. She immediately closed the door.

Xia ruofei smiled bitterly and mumbled to himself, "This girl's mouth is really tight ..."

However, since they were already in xiangnan province, Xia ruofei was not in a hurry. Song Wei would definitely bring him to the ancient tomb.

He dragged his small suitcase to his room.

The luxurious suites on each floor were at the end of the corridor. The rooms at the end had the best view, so Xia ruofei's room and Song Wei's room were separated by the entire corridor.

Xia ruofei put his luggage in his room and left the hotel.

He first took a taxi to an outdoor equipment store and bought some outdoor equipment. At the same time, he also went to the supermarket to buy a lot of drinking water and food.

After transporting the items back to the hotel, Xia ruofei went out again. This time, he went to a Street that sold incense.

This time, they were entering an unknown ancient tomb. Although Xia ruofei didn't know much about tomb exploration, he still decided to buy some items under Xia Qing's suggestion in case of emergency.

Although he didn't understand, it was enough that Xia Qing did.

The waters of this business were indeed deep. Xia ruofei strolled through a few shops, and Xia Qing in the spirit map space scoffed at the things in these shops. In the end, he finally found something that Xia Qing was barely satisfied with in an unremarkable shop.

Xia ruofei bought a few pieces of yellow joss paper, some cinnabar, candles, mahogany swords, and nails. He even bought a small bucket of Black dog's blood.

Xia ruofei had found a place with no one around and kept the Black dog's blood in the spirit map space. Otherwise, it would be too eye – catching to carry this thing into a Grand five – Star hotel.

He also took a taxi and brought the rest of the things back to the hotel.

He didn't plan to put these things in the medium. After all, he might need them when he went down to the tomb. If he made them appear out of thin air, it would be hard to explain to Song Wei.

Xia ruofei had bought a larger hiking bag from the outdoor equipment store. He tidied up the things in the hotel room and placed them together with the outdoor equipment into the hiking bag, filling it to the brim.

Two outdoor tents were tied to the top of the hiking bag, and a portable worker's shovel was inserted on the side of the bag. It could be said that everything could be equipped was equipped.

Xia ruofei looked at the time. The whole afternoon had passed. He took a shower and changed into a clean set of clothes. Then, he put the clothes into the laundry bag and was ready to go downstairs to have dinner with Song Wei.

Xia ruofei was still dressed in casual outdoor attire. He was wearing VAGEL, a top Northern European Outdoor leisure brand. It had not been launched in the domestic market yet, and the price was quite low – Key and not eye – catching.

The VAGEL brand had always been in the high – end professional outdoor market. Although it had a small audience, many people in the professional circle liked this brand because of its high quality.

Of course, the price was also quite touching. A windbreaker cost a few thousand euros, which was considered a luxury item. It was much more expensive than the popular primordial bird and old man's head in China.

Xia ruofei's main consideration was to explore the tomb, so the clothes he had brought were outdoor. It was most important to make it convenient for movement.

Very quickly, Xia ruofei called Song Wei and the two of them took the elevator down. They were prepared to have a simple meal at the hotel's restaurant so that they could walk around tan Zhou and try the local food.

Song Wei was also dressed in sports attire. She was wearing a full set of Adidas sportswear and sneakers. At her level, she naturally did not need to rely on branded goods to show off her status.

The two of them chatted casually as they walked out of the elevator on the first floor. The Qingqing hotel's buffet restaurant was set on the first floor.

A buffet at the hotel restaurant could be registered directly with the room card, and the cost would be listed under the hotel room fee, which would be settled when checking out.

?

Chapter 1472: A coincidental encounter at the hotel (2)

Xia ruofei took their room cards and registered with the staff at the entrance of the buffet restaurant. Song Wei stood at the side and waited.

At this moment, an uncertain voice was heard. "Song Wei?"

When Song Wei heard the familiar voice, she was stunned for a moment. Then, she turned around and her eyes widened when she saw who it was.

"Yuanyuan!" "What are you doing here?" Song Wei exclaimed in surprise.

Xia ruofei saw that Song Wei had met someone familiar, so he told the staff not to register first. He took the room card and walked towards Song Wei.

Xia ruofei saw a girl who was about the same age as Song Wei standing in front of her. She had a pretty face, but she was a little thin. Her face was not ruddy enough, and it seemed to have a trace of waxiness. It was obvious that she was not in good health.

A young man in his twenties stood beside the girl. He wore a pair of black – rimmed glasses and looked older than his actual age.

The girl was holding Song Wei's hand in surprise and said, "Wei Wei, I went back to xiangnan after graduation! I'm the one who should be asking you! Why did you suddenly come to tan Zhou?"

At this moment, the girl noticed Xia ruofei, who was standing quietly beside Song Wei. She raised her eyebrows at Song Wei and smiled. "Oh ... I know! You must be on vacation with your boyfriend!"

"Don't talk nonsense!" Song Wei blushed and said, "normal friends! We're here in xiangnan to settle some matters!"

"Do something?" The girl asked with a smile, "what's the matter?"

Song Wei was at a loss for words. She and Xia ruofei could not just tell anyone about what they were going to do in xiangnan!

Seeing Song Wei's embarrassed look, the girl couldn't help but laugh. "You're still so easily embarrassed! Alright, alright, I won't ask anymore! You should at least introduce me to her!"

Song Wei came back to her senses and quickly said, "His name is Xia ruofei, he's my ..."

"Ordinary friends! I know ..." The girl giggled and extended her hand to Xia ruofei. "Hello, I'm Yuanyuan Xu, Weiwei's University classmate!"

"It's a pleasure to meet you!" Xia ruofei smiled gently and shook hands with Xu Qianqian.

After Yuan Yuan greeted Xia ruofei, she smiled at Song Wei and said, "Not bad, not bad! Her eyes are clean, and her temperament is friendly. She's worthy of our great lady song!"

Song Wei and Xia ruofei looked at each other and smiled bitterly. They could not clear their names even if they jumped into the Yellow River.

However, Song Wei did not reject such a misunderstanding. In fact, she was a little happy.

However, when they thought about how they had been acting sneakily when they set off from the three mountains, afraid of being discovered, and how they had been coincidentally met by song Zhengping and Xu Yuanyuan after they arrived in Tanzhou, they were speechless.

Was tan Zhou really that small?

Song Wei's eyes fell on the young man beside Xu Yuan Yuan. She smiled and said, "Yuanyuan, where's the one beside you? Why didn't you introduce me? Could it be ..."

Shu Yuan Yuan smiled and held the young man's arm. She said to Song Wei, "I'm not like some people who hide things, let me introduce you! This is my husband, he's called Zhuang Yan. "

Song Wei could not help but widen her eyes in disbelief. "Hubby? Yuanyuan, don't tell me ... You're already married? How long has it been since we graduated?"

Xu Yuanyuan glanced at Zhuang Yan beside her and a trace of happiness flashed in her eyes. She smiled and said, "Yup! If he felt that she was suitable, he would marry her! Otherwise, wouldn't it be even more impossible to get married?"

"Yuanyuan, are you mocking me?" Song Wei pretended to be angry.

Xu Yuan Yuan giggled and said, "no!" No! Didn't you already find the right person?"

Then, Xu Yuanyuan glanced at Xia ruofei.

Song Wei blushed and tried to cover it up, "Why didn't you tell us that you were getting married? Even if it's just sending a message to our classmates "group chat, it's fine!"

Xu Yuan Yuan held Zhuang Yan's arm tightly and said with a smile, "We're all so far apart, and we're all in the north and south, so I don't think we should trouble everyone ..."

"You!" Song Wei pointed at Yuan Yuan and said, "since I know, I'll give you a red packet!"

Xu Yuan Yuan laughed and said, "there's really no need!" You're still in school, and you're spending your parents 'hard – earned money to give me a red packet!"

Xia ruofei could not help but look at Song Wei. It seemed that Song Wei was quite low – Key when she was in college! Her classmates, be it Zhuo Yiyi or Xu Yuanyuan, whom she had met today, did not know about her illustrious family background!

At this moment, Zhuang Yan smiled and said, "Yuanyuan, let's not stand here anymore. It's been a long time since we last met. Let's sit down and chat over there!"

It was obvious that Zhuang Yan was very good to Xu Yuanyuan. Song Wei was happy from the bottom of her heart that her classmate had found her own happiness.

The four of them came to the rest area in the hotel lobby and sat down on two empty couches. Xu Yuanyuan and Song Wei hadn't seen each other for more than half a year, so they naturally had endless things to talk about.

Xia ruofei and Zhuang Yan were ignored by them.

However, they naturally didn't care, especially Zhuang Yan. When Xu Yuan Yuan was talking, he would occasionally look at her face with eyes full of love. It was obvious that the two were quite in love.

Naturally, Song Wei had to ask about Yuan Yuan's recent situation and why she got married so quickly.

It turned out that after Xu Yuanyuan graduated from her college, she returned to her hometown, xiangnan. She passed the public institution's recruitment examination and entered Tanzhou city's cultural relics Bureau to work. Zhuang Yan was also an employee of this unit, and he was admitted two years earlier than Xu Yuanyuan.

Zhuang Yan graduated from the Department of Archaeology at the University of Jin Ling, while Xu Yuanyuan graduated from the capital University. The two of them were students from famous universities with similar majors, so they naturally had a lot in common in the Qingshui Yamen.

After a while, the two of them got together.

Zhuang Yan was an honest and simple person. He was usually a little reticent, and he was also a little slow in understanding things between men and women. The two of them were finally able to get married because Xu Yuanyuan took the initiative at first.

Song Wei couldn't help but giggle and said, "This is really your style, Yuanyuan!"

Song Wei knew that with her results, she had the chance to continue her postgraduate studies. Even if she wanted to find a job, she had a good chance of working in Beijing.

Xu Yuan Yuan had chosen to return to her hometown and enter the cultural relics Bureau, which was a government office of clear water. There must be a reason behind this.

However, since Xu Yuanyuan didn't say anything, Song Wei naturally wouldn't ask about Wanwan. Who didn't have some privacy?

Also, for example, Xu Yuanyuan and Zhuang Yan appeared at the Kempinski Hotel today, which was a bit out of the ordinary. Xiangnan was an inland province, and the treatment within the system was ordinary. In addition, a unit like the cultural relics Bureau didn't have any extra income. At least, they didn't have the economic strength to enter and leave a five – Star hotel.

However, Song Wei would not ask such a silly question. It was enough to just reminisce about the past when classmates met.

Just as everyone was chatting happily, a fashionably dressed young woman walked into the hotel lobby through the revolving door.

She looked around and soon found Xu Yuanyuan and Zhuang Yan sitting on the sofa. A trace of displeasure flashed in her eyes.

The young woman walked over in a daze and slightly frowned, "Zhuang Yan, Yuanyuan, why are you still sitting here? Director Jiang and director Wang are about to arrive. What will they think if they come in and see you guys sitting there? Your first impression is already bad, and you still want to ask for help?"

"Sister – in – Law, Yuanyuan just met her University classmate. We haven't seen each other for a long time, so she came over to have a chat ..." Zhuang Yan quickly stood up and said.

The young woman glanced at Song Wei and Xia ruofei, then said to Zhuang Yan, "Why do you have to pick this time to reminisce with us? Zhuang Yan, Yuanyuan is insensible. Are you going to mess around with her?"

Xu Qianqian suddenly looked aggrieved and bit her lower lip. When she saw Zhuang Yan's smiling face, she swallowed the rebuttal that was already on the tip of her tongue.

Xia ruofei and Song Wei looked at each other and felt confused. Why did she become so insensible after talking to her classmates?

What kind of logic was this?

?

Chapter 1473: It's difficult for an honest official to resolve family affairs (1)

Although Xia ruofei and Song Wei were unhappy, they could not act out since Xu Yuanyuan herself did not say anything.

On the other side, Zhuang Yan's heart still ached for his wife. Seeing that his sister-in-law's words were so unpleasant, he couldn't help but say, "Sister – in – Law, the leader hasn't arrived yet, right? Yuanyuan is not in good health and needs to rest after standing for a long time. It's okay to sit for a while, right?"

The young woman looked at Zhuang Yan and said, "Little Yan, you've really grown up with a wife! You've all learned how to talk back?"

Zhuang Yan had always been an honest man. Hearing his sister-in-law's words, his face turned red and he couldn't say anything for a while.

Xu Yuan Yuan's eyes turned red. The young woman's words were insinuating that she had led Zhuang Yan astray. It was really uncomfortable to hear that.

However, Xu Yuanyuan obviously didn't want to put Zhuang Yan in a difficult position, so even though she felt very wronged, she still stood up and walked to Zhuang Yan's side. She gently tugged on his sleeve, indicating for him to stop arguing.

"Sister – in – Law, it's our fault. Please don't stoop to Zhuang Yan's level ..." Xu Yuanyuan said to the young woman.

The young woman snorted and glanced at Zhuang Yan. Then, she said, "Yuanyuan, I'm not criticizing you, but if you don't care about your own matters, how can others help you?"

"Yes, sorry to trouble you, sister – in – Law ..." Xu Yuanyuan said.

"Just wait here!" The young woman pursed her lips and said, "Zhuang Cheng has already picked up chief Jiang and is on his way!"

"I know ..." Xu Yuanyuan said in a low voice.

Xia ruofei and Song Wei looked at Xu Yuanyuan's thin back and couldn't help but sympathize with her.

Xu Yuanyuan and Zhuang Yan were standing not far behind the young woman. From their position, they could see the revolving door of the hotel entrance. If the leader they were waiting for arrived, they would be the first to notice.

Song Wei took a few glances and whispered to Xia ruofei, "I'll go over and ask about the situation!"

"Okay, let's go together!" Xia ruofei nodded.

The two of them stood up and walked to Xu Yuan Yuan. Song Wei pulled on Xu Yuan Yuan's clothes and brought her to a corner. She asked her in a low voice.

The young woman turned her head and glanced coldly at Xu Yuan Yuan. Seeing that Xu Yuan Yuan had not gone too far, she did not say anything, only frowning slightly before turning back and standing there, looking forward to seeing what was happening.

Although Xia ruofei did not approach them, his hearing was much better than the average person's, so he could still hear the conversation between Song Wei and Xu Yuan Yuan.

This was Xu Yuanyuan's family matter and Song Wei didn't want to gossip about it. But now that Xu Yuanyuan was obviously wronged, Song Wei couldn't ignore it as her college classmate.

At first, Yuanyuan did not want to tell Xia ruofei but after Song Wei's persistent questioning, she told Xia ruofei the whole story. Xia ruofei had a general understanding of the situation.

It turned out that when Xu Yuanyuan graduated last year, the reason why she didn't choose to study for a master's degree or stay in Beijing for a job was mainly because of her family.

Her mother's health wasn't very good and she had retired from the hospital to recuperate. Her father was very busy at work and often needed to work the night shift, so the two elders hoped that she could return to her hometown to work so that she could take care of her family.

Moreover, in the opinion of the elderly, a stable job was more important than anything else for a girl. Instead of staying in the competitive capital to work, it was better to go home and live a stable life. It would be even better if she could marry a good husband.

In fact, what happened next was exactly what the old man had hoped for.

After Xu Yuanyuan and Zhuang Yan met and fell in love at work, their relationship heated up rapidly. After a few months of dating, they couldn't wait to walk into the hall of marriage.

Zhuang Yan knew that Xu Yuan Yuan was not willing to waste her life in a government office like the cultural relics Bureau. Moreover, Xu Yuan Yuan had just graduated and her Foundation was still there, so he was very supportive of her applying for a graduate student at Capital University.

Xu Yuanyuan's grades in University were very good. If she systematically revised for a period of time, the probability of getting in was still very high.

Zhuang Yan even took on the responsibility of taking care of the old man. He said that as long as Xu Yuan Yuan got in, he would take care of the family and she didn't need to worry about it.

Xu Yuan Yuan's last bit of worry was dispelled, and her desire to continue her studies grew stronger and stronger.

However, she was now a part of the system. She couldn't take the postgraduate entrance examination just because she wanted to. She still needed the approval of the unit.

Of course, Xu Yuanyuan could also resign from her position and do her best to take the postgraduate entrance examination, but her parents didn't agree. They felt that it was too risky.

Moreover, they didn't want Xu Yuanyuan to lose her position.

If Yuan Yuan wanted to go back to her alma mater, the only way was to keep her position at the cultural relics Bureau and go to graduate school in the name of sending her to school. Of course, she would also have to come back to work after graduation.

Xu Yuanyuan naturally didn't want to go back to the cultural relics Bureau, but she had to take things one step at a time. She had to get into her master's degree first and go back to study. As for the things after her master's degree, she could consider them a few years later.

Therefore, the problem went back to the far end. There were many people who wanted to go out to further their studies every year. Xu Yuanyuan's qualifications were very shallow, and she had worked for less than a year. In such a situation, the unit would not approve it at all.

Therefore, he could only hope that the leader would show mercy.

That was why they had this dinner today.

The young woman's name was Yao na, and she was the wife of Zhuang Yan's brother, Zhuang Cheng. She and Zhuang Cheng both worked at the Tanzhou city's Finance Bureau.

?

Chapter 1474: It's difficult for an honest official to resolve family affairs (2)

Compared to Zhuang Yan and his wife's work, Zhuang Cheng and Yao NA's work was much more glamorous.

Working in the Ministry of Finance, which had a lot of power, was like heaven and earth compared to the cultural relics Bureau, which only had a cup of tea and a piece of newspaper every day.

Moreover, Zhuang Yan was very honest, so the status of the young couple at home was much lower than that of their brother and sister – in – Law.

Yao NA's father used to be the head of the finance Bureau and had retired. However, Yao na came from a well – to – do family, so she looked down on Xu Yuanyuan, who came from an ordinary working family.

This time, after Zhuang Yan and Xu Yuanyuan had put in a good word for her, Yao na reluctantly agreed to help to make some connections.

Zhuang Cheng and Yao na worked in the finance Bureau and had a wide range of friends. Today, they had an appointment with Wang yaokun, the Deputy Director of the Cultural Affairs Bureau, through Jiang Bin, the Deputy Director of the finance department.

The cultural relics Bureau was a secondary Bureau under the cultural relics Bureau. Generally speaking, the director of the cultural relics Bureau was the Deputy Director of the cultural relics Bureau.

Although Wang yaokun was not in charge of the cultural relics Bureau, he was also a member of the cultural relics Bureau, just like the director of the cultural relics Bureau. He was obviously quite powerful.

If Wang yaokun was willing to put in a good word for her, then the cultural relics Bureau would not have any resistance to Xu Yuanyuan's test.

Of course, whether or not she could get in would still depend on Xu Yuanyuan's own strength.

For Xu Yuanyuan, the unit test was the most difficult. She was not afraid to take the exam based on her own ability.

On the other side, Yao na saw Xu Yuanyuan talking to Song Wei. She couldn't help but frown and say, "Yuanyuan, the leader will be here soon. Come over first!"

"Oh ..." Xu Yuanyuan said. She then turned to Song Wei and said apologetically, "Weiwei, I'll go now ..."

After Yao na finished speaking, she muttered to Zhuang Yan, who was beside her, "Yuanyuan, how can you be so blind? He's talking to me about something important ... He's obviously a country bumpkin who has never seen the world ..."

Zhuang Yan turned around awkwardly to look at Song Wei and Xu Yuanyuan. Seeing that there was still some distance between them and they probably couldn't hear Yao na, he heaved a sigh of relief.

However, Zhuang Yan did not expect that Xia ruofei had heard every single word of Yao na's.

He frowned slightly and looked at Xu Yuan Yuan, then at Zhuang Yan. After thinking for a while, he held back and didn't say anything. It wasn't easy for Xu Yuan Yuan to begin with, so he didn't want to make things difficult for her.

Song Wei also walked to Xia ruofei's side. She saw that Xia ruofei's expression was not good and could not help but ask, "RUO Fei, what's wrong?"

Xia ruofei looked at Yao na, who was not far away, and said softly, "It's nothing. Your classmate's crickets have a foul mouth ..."

Song Wei knew that Xia ruofei must have heard Yao NA's words. She smiled and said, "Forget it ... Don't lower yourself to her level ... I want to help Yuanyuan ..." He said.

"Okay, I'll give uncle song's Secretary a call later!" Xia ruofei said indifferently.

To song Zhengping's Secretary, this was a task of zero difficulty. He didn't even need to personally handle it.

At that moment, a group of three people walked into the hotel lobby from the revolving door.

Yao na, who had been extremely arrogant just now, instantly put on a bright smile on her cold face. She directly left Zhuang Yan and Xu Yuanyuan behind and quickly walked up to them.

"Director Jiang, chief Wang, welcome!" Yao na said with a smile.

Xia ruofei and Song Wei looked at each other when they saw Yao NA's overly enthusiastic attitude.

Xia ruofei was speechless at her ability to change her face.

Director Jiang was a man in his 30S. He wore a pair of high – myopia glasses and looked like an intellectual. Bureau chief Wang's figure was a bit out of shape. His big belly simply made him look like a standard bureaucrat.

Beside them was a man in his early thirties. He looked a little similar to Zhuang Yan. He was Zhuang Yan's brother, Zhuang Cheng.

Director Jiang also smiled when he saw Yao na. He said to director Wang, "Chief Wang, this is Yao na, the Deputy Director of the Tanzhou Finance Bureau. She's a well – known strong woman in our province's finance system!"

"Director Jiang, you're too kind!" "Director Wang, it's an honor to meet you!" Yao na said with a smile.

Director Wang squinted at Yao na with a smile on his face. He extended his hand to Yao na and said, "Associate Chief physician Yao, Hello!"

Yao na quickly extended her hands to shake director Wang 's. Director Wang seemed to be in a daze as he held Yao NA's smooth hands. It was obvious that they were shaking hands for a longer time than usual.

Zhuang Cheng's expression only froze for a moment, but he quickly recovered.

Seeing that director Wang had let go of Yao NA's hand, Zhuang Cheng heaved a sigh of relief and quickly said, "Leaders, the private room is ready. Please come in!"

Yao na looked at Zhuang Yan and Xu Yuanyuan, who had followed them over. She had no intention of introducing them, but directly said, "Zhuang Yan, Yuanyuan, quickly go to the private room and inform the waiter to serve the dishes! What are you doing?"

"Oh!" The honest Zhuang Yan quickly said and pulled Xu Yuan Yuan to the stairs.

Shu Yuan Yuan could only turn around and look at Song Wei with an apologetic expression.

Song Wei smiled and waved at Xu Wanwan. Then, she made a phone call gesture.

Xia ruofei and Song Wei looked at Yao na and her husband, who were leading director Jiang and director Wang up the stairs, and shook their heads.

"Let's go!" Xia ruofei said, "let's go eat first. If Xu Yuan Yuan's case is successful, then we'll forget about it. If not, then we'll just help her again."

"En!" Song Wei sighed and said, "Yuanyuan is too honest! All of us are supposed to be equal, but this Yao na is acting like she's an elder and is so overbearing. I'm not happy to see her like this!"

"You can't meddle in other people's family affairs!" Xia ruofei said, "anyway, she's living with Zhuang Yan. I can see that Zhuang Yan is still very good to her."

"If Zhuang Yan doesn't treat her well, then she's really living in deep water and fire!" Song Wei said, "let's not talk about this anymore. Let's eat first!"

The two of them walked to the buffet restaurant again, registered at the door, and went in.

After a simple dinner, Xia ruofei and Song Wei did not return to their rooms. Instead, they went to the hotel lobby to sit on the sofa and chat.

They were going to ask about the situation after Xu Yuanyuan came out. If she couldn't, they would help her talk to Yao na and get this done so that she wouldn't have to smile at Yao na.

In a private room on the second floor, the atmosphere was very lively.

However, Xu Yuanyuan was not used to it. As she looked at Zhuang Cheng and Yao na, who kept toasting to the two leaders, she felt at a loss for what to do in this kind of situation.

Unfortunately, her husband, Zhuang Yan, was also an honest man. He did not know anything about these social activities. In Yao NA's words, Zhuang Yan was a nerd.

Xu Yuanyuan even saw director Wang stroking the back of Yao NA's hand when he was talking to her, which made her want to leave immediately.

More importantly, Yao na and Zhuang Cheng didn't even mention helping to approve the postgraduate entrance examination. Instead, they talked to director Jiang about their financial system.

Yao na also asked director Jiang to take care of Zhuang Cheng. It seemed that there would be a group of financial system cadres selected from all over the province coming to the provincial Office for an exchange and replacement. Yao na was also actively fighting for this opportunity for Zhuang Cheng.

Xu Yuanyuan couldn't help but feel a little bitter. Yao na said that she was working for them, but in the end, she didn't say a word.

One had to know that this meal was paid for by Xu Yuan Yuan and Zhuang Cheng. One meal would cost the couple a month's salary. Just thinking about it made Xu Yuan Yuan's heart ache.

"Sister – in – Law, can you tell chief Wang about me ..." Xu Yuanyuan whispered to Yao na while she was toasting.

?

Chapter 1475: I'll help you say hello_1

Yao na glanced at director Jiang and director Wang, who were talking to Zhuang Cheng. Seeing that they weren't paying attention to them, her face darkened. She put the glass on the table and said, ""Yuanyuan, how can you be so insensible? Was it that easy to ask the Leader for help? Shouldn't they liven up the atmosphere first? He can't wait to ask for the leader's help, that's too eager for quick success!"

"But ..." Xu Yuanyuan said, "I've drunk a lot of wine, and it's getting late ..."

At the dinner party today, a bottle of Drunken Eight Immortals wine that cost 888 Yuan had become the first choice for many people during social gatherings. At the same price, the taste was even better than those famous white wines.

She had already opened the second bottle. Thinking of this, Xu Yuanyuan couldn't help but feel her heart ache. Her and Zhuang Yan's actual monthly salary was less than 7000 Yuan, but today's meal had cost them a few thousand Yuan.

The key was that they had no idea what was going on.

"Are you feeling heartache over the money?" Yao na glanced at Xu Yuanyuan and said sarcastically, "who doesn't need money to do things these days? You can't even bear to have a meal, what else do you want to do?"

"Sister – in – Law, I didn't mean that. I just ... I just wanted you to mention me to chief Wang when the time is right ..." Xu Wanwan said with a frown.

"I know what I'm doing!" Yao na said.

Then, she ignored Xu Shuyuan and immediately raised her glass with a smile. Her expression changed faster than turning a page in a book because director Jiang raised his glass at her.

Seeing their brother and sister – in – Law standing beside the two leaders, Zhuang Yan and Xu Yuan Yuan looked at each other and saw a trace of helplessness in each other's eyes.

Xu Yuanyuan and Zhuang Yan felt uneasy at the social gathering. They were not used to it.

Under Yao NA's instructions, Zhuang Yan went to pay the bill in advance. When he saw the number on the bill, his heart ached even more.

The key was that he had spent so much money, but there was no progress at all.

When Yao NA's social interaction was about to end, she casually mentioned Xu Yuanyuan's postgraduate entrance examination to bureau chief Wang.

Chief Wang nodded while picking his teeth. He laughed and said, "Hmm ... It's a good thing to be a graduate student ... I'll go back and understand the situation ..."

Yao na thanked Xu Yuanyuan for saying such a useless sentence and even asked Xu Yuanyuan to come over and give her a toast.

In the end, Yao na didn't mention this matter again until the end of the dinner. Bureau chief Wang and director Jiang naturally wouldn't take the initiative to make a promise. Instead, they talked about dirty jokes as if no one else was around, completely ignoring the two ladies in the room.

Xu Yuan Yuan felt like she couldn't hold on any longer and wanted to escape immediately.

When they finally had their fill and everyone was ready to leave, Xu Yuan Yuan heaved a sigh of relief.

A group of people walked down the stairs. The more Yuan Yuan thought about it, the more depressed she felt. She had spent so much money and treated the two leaders to a meal with a smile, but in the end, there was no result. It was just a light – hearted perfunctory sentence.

Xu Yuanyuan finally couldn't help but walk up to bureau chief Wang and ask, "Chief Wang, about my postgraduate entrance examination ..."

At first, director Wang was stunned. Since Yao na wasn't paying attention to him, he had completely forgotten about Jian Jia. Then, he said in an official tone, "Little Xu! Didn't I tell you? I'll go and find out more about that matter of yours. "

"But don't get your hopes up," he continued, "since there's a rule on the number of working years, you'd better follow it!" Otherwise, if everyone wanted to further their studies, who would be able to work? Isn't the unit in a mess?"

Xu Yuanyuan was stunned. She had treated him to a good meal, but not only did he not make any progress in his postgraduate entrance examination, but he was also criticized?

Yao na quickly walked over and said with a smile, "Chief Wang, Yuanyuan has just graduated from school and is still young. Please don't take it to heart!"

"I'm not angry," director Wang laughed and said, "since you've spoken up yourself, why would I be angry?" However, young people are still a little too impatient. There's no harm in training for a few more years in the unit!"

“Yes, yes, yes ...” Yao na quickly agreed.

Then, she pulled Yuan Yuan to the side and said unhappily, “Yuanyuan, what’s wrong with you?”

“Sis – in – Law, this director Wang doesn’t want to help at all!” Said Xu Yuanyuan. Just now in the private room, he kept playing Tai Chi and didn’t answer directly at all!”

“How do you want him to answer you directly?” Yao na said sarcastically, “you want him to Pat his chest and promise that he will help you? Who Do You Think You Are? Don’t you understand that leaders always leave some room for discussion?”

“I ...” Xu Yuan Yuan was speechless.

However, she just couldn’t understand. Bureau chief Wang didn’t have any sincerity at all, so why did Yao na interpret it in a different way?

Yao na continued, “Yuanyuan, how can chief Wang not be angry when you keep asking him questions?” It was almost done, but if it’s ruined now, then you can only blame yourself!”

Xu Yuanyuan was stunned. She had no idea that Yao na had already started to push the blame away.

In fact, Yao na didn’t support Xu Yuan Yuan’s postgraduate studies at all. She felt that women should just stay at home and take care of their husbands and children. Especially when she heard that Xu Yuan Yuan was going to study and that Zhuang Yan had to help Xu Yuan Yuan take care of the elderly at home, she was even more against it.

That was why Yao na didn’t mention anything about Xu Yuanyuan in the private room today. Instead, she was very concerned about her husband, Zhuang Cheng, going to the provincial Department of Finance for an exchange.

Chapter 1476: I’ll help you say hello_2

At this moment, a voice was heard, “Xu Yuanyuan, since your sister – in – Law is in a difficult situation, I’ll help you talk to her about this!”

It was Xia ruofei who spoke. He was chatting with Song Wei in the hotel lobby while waiting for Xu Yuanyuan.

Xia ruofei had seen everything just now. He had also heard the conversation between Yao na and Xu Yuanyuan.

Yao NA’s expression changed slightly. She frowned and said, “Why is it you guys again?”

“We’re paying to stay here. Is there a problem with that?” Xia ruofei said indifferently, “could it be that this kempnski belongs to your family? Even if it’s your house, can you chase your guests out?”

Yao na snorted and said, "you're really sharp – tongued!" I've never seen someone as boastful as you, go and say hello! Do you know what Yuanyuan wants to do? You're taking it all on!"

"Isn't it just a postgraduate entrance examination?" Xia ruofei shrugged.

The commotion had alerted chief Wang, director Jiang, and the others. They were about to leave the hotel, but they stopped when they heard Xia ruofei's words.

This was especially so for bureau chief Wang. A trace of displeasure appeared on his face. Yao na had asked him to handle this matter. He had just used a bunch of bureaucratic tone and said that the difficulty was very high, but this young man had played it down so easily. Wasn't he deliberately slapping his face?

Director Jiang and director Wang walked over. Director Jiang said, "Young man, taking the postgraduate entrance examination isn't an easy task. Every unit has different rules. Miss Yuan Yuan's situation doesn't meet the requirements!"

As for chief Wang, he glanced at Xia ruofei from the corner of his eyes. His face was dark and his eyes were cold.

Xia ruofei nodded and smiled. "Yup! If she met the requirements, she wouldn't need to spend two months of her salary to treat you two to a meal. "

"What do you mean by that?" chief Wang snorted. We're greedy for her meal? What a joke!"

Director Jiang also frowned and asked, "little Yao, who are these two people?" You're so irresponsible. If this gets out, people will think that chief Wang and I are here to cheat!"

Yao NA's face turned pale. She had worked so hard to get into the good books of chief Jiang from the provincial Office. If chief Jiang bore a grudge because of Xia ruofei's first sentence, then their days in the city's Finance Bureau would be difficult.

"Director Jiang, chief Wang, these two are Yuanyuan's University classmates. They're from the countryside and don't know anything. Please don't take it to heart!" Yao na said hurriedly.

Then, Yao na glared at Xia ruofei and said coldly, "Apologize! Apologize to director Jiang and chief Wang immediately!"

Xia ruofei couldn't help but laugh and said, "apologize?" I was talking to Xu Yuanyuan, and you guys came to me, and now you want me to apologize?"

"You're slandering the two leaders!" "Shouldn't you apologize?" Yao na asked.

"What a joke!" Xia ruofei sneered. "Did I slander you? Is it not true that Xu Yuan Yuan is treating them to a meal?"

Then, Xia ruofei said to Song Wei, "Let's go!"

Then, he looked at Yuan Yuan Xu and said, "You and Zhuang Yan should come too! Don't worry, I won't delay your postgraduate entrance examination!"

Xu Yuan Yuan's heart sank to the bottom. She knew that she had completely offended bureau chief Wang.

Not to mention that she didn't meet the age limit, even if she met the requirements, it was impossible for the unit to approve her to take the exam.

Xu Yuanyuan thought to herself, "I didn't expect Wei Wei's boyfriend to be so aggressive when he looks so gentle and weak. I'm done for ..."

However, she and Zhuang Yan were kind people. They knew that Xia ruofei was speaking up for her. Even if things were ruined, they would not blame Xia ruofei.

Hearing Xia ruofei say that there was no problem with the postgraduate entrance examination, Xu Yuanyuan smiled bitterly. She felt that Xia ruofei was probably trying to save face.

Seeing that Xia ruofei was about to leave, Yao na was even more furious. She actually stopped Xia ruofei without caring about her image and said, "Don't even think about running away before you make things clear!"

Zhuang Yan's brother also said coldly, "I'll give you a chance to apologize to the two leaders! Don't forget, this is tan Zhou ..."

Xia ruofei couldn't help but laugh and said to Song Wei, "Is he threatening me?"

"Probably!" Song Wei said with a smile.

Song Wei could not help but laugh when she thought of Xia ruofei, who was drinking and chatting with the top figure of xiangnan and was even an important guest of elder song, being threatened by a small official from the Tanzhou Financial Bureau.

Xia ruofei looked at Zhuang Cheng calmly and said, "I advise you to ask your wife to let go of me immediately. I don't want to hit a woman!"

Yao na tightened her grip and said, "Hit me? Why don't you try hitting me? Do you really think tan Zhou is your country?"

Director Jiang saw that many people had already looked over. As an official, he naturally paid great attention to his personal image, so he couldn't help but frown.

"Alright!" Jiang said. Xiao Zhuang, Xiao Yao, let him go!"

Chief Wang also looked at Xia ruofei coldly and said to Yao na, "Since you have such a capable friend, I won't meddle ..."

"That's right!" Bureau chief Wang said coldly, "comrade Xu, remember to give me your account number. I'll transfer the money for the meal to you, in case people say that I'm cheating you of your food and drink!"

Then, director Jiang and director Wang walked out.

Yao na and Zhuang Cheng were both dumbfounded.

He had offended both of them, and it was obvious that the two leaders were even blaming Zhuang Cheng and Yao na.

Bureau chief Wang didn't mind. After all, the cultural Bureau wasn't a real power unit, and it couldn't control the two of them.

But director Jiang was the Deputy Director of the provincial Department! He was the leader of the higher unit in charge of their city's Finance Bureau!

Yao NA's expression turned ugly. She glared at Xu Yuanyuan and said coldly, "Xu Yuan Yuan, this is the result you wanted! In the future, Zhuang Cheng and I will have no future in the unit. Are you satisfied now?"

At this moment, director Jiang and director Wang, who had already taken a few steps, stopped at the same time and looked at the door.

Following the direction of their gazes, a middle – aged man with an extraordinary bearing was walking into the hotel lobby.

Xia ruofei and Song Wei also saw this person and could not help but smile.

It was song Zhengping's Secretary, Cao Jin. Xia ruofei was going to call him about Xu Yuanyuan. Although it felt like overkill to ask the Secretary of the No. 1 Provincial Party Committee to handle such a trivial matter, he had no choice. Besides song Zhengping, the only other person Xia ruofei knew in Hunan Province was Secretary Cao. He could not ask song Zhengping to do it himself, could he?

Yao na naturally noticed the unusual behavior of director Jiang and director Wang. She couldn't help but look over. She felt that Cao Jin looked familiar, but she couldn't recall who he was.

"Zhuang Cheng, that man ..." Yao na couldn't help but ask.

Zhuang Cheng was also thinking hard. Suddenly, his body trembled slightly and he said, "Nana, I think that's ... Chief Cao from the Provincial Party Committee!"

"Chief Cao?" Yao na was stunned for a moment, but she immediately realized who he was. "Secretary song's Secretary, director Cao?"

"It must be. Chief Jiang and chief Wang are already there!" Zhuang Cheng said.

Director Jiang and director Wang almost trotted over to greet him. Seeing Cao Jin speed up after glancing in their direction with a smile on his face, the two were even more excited.

It seems that chief Cao still remembers me! As the two of them thought about this, they reached out their hands from a distance.

However, what they did not expect was that Cao Jin did not even look at them and walked past them directly. Their hands were hanging in the air, and their faces were full of embarrassment.

At the same time, what made director Jiang and director Wang a little confused was that they clearly saw Cao Jin's face become very humble, and his steps were obviously faster than normal.

Could chief Cao have met a higher – up? Could it be that Secretary song was also at the hotel?

As the two of them guessed, they turned their heads at the same time. What happened next completely petrified them, and they became motionless like statues ...

?

Chapter 1477: Everyone is dumbfounded (1)

Director Jiang and director Wang saw Cao Jin and walked straight to Zhuang Cheng, Yao na, and the others.

They couldn't help but be shocked. Could it be that these two young cadres of the Tanzhou Finance Bureau were in contact with director Cao?

The two of them recalled their earlier words that were filled with resentment. They couldn't help but feel a little regretful. In fact, they were all part of the system and were usually harmonious. However, the two of them were really angry at Xia ruofei's words today. Moreover, Zhuang Cheng and Yao na were young cadres with very low ranks, so they couldn't help but vent their anger at them.

Director Jiang and director Wang looked at each other and walked toward Zhuang Cheng. On the one hand, they hoped to get closer to Cao Jin, and on the other hand, they hoped to ease their relationship with Zhuang Cheng and his wife.

On the other side, Zhuang Cheng and Yao na had their full attention on Cao Jin, so they naturally noticed that Cao Jin was walking straight towards them.

The two of them couldn't help but feel a little excited. Could it be that director Cao still remembers us?

The more he thought about it, the more he felt that it was possible. On the eve of the Spring Festival, Cao Jin had accompanied song Zhengping to inspect the Tanzhou City Finance Bureau. At that time, Yao na, who was a member of the Bureau's Party Committee, had participated in the entire reception work. Zhuang Cheng had also participated in a small meeting.

Yao na even fantasized that Cao Jin had a deep impression of her because of her good looks. She was quite confident in her looks, at least she could be considered a flower in the Tanzhou City Finance Bureau.

Therefore, as Cao Jin got closer and closer, Yao na could not help but reach out to tidy her hair and try to show her most charming smile.

Zhuang Cheng quickly straightened his back and fixed his eyes on Cao Jin as if he was waiting for the highest leader to come and meet him.

Cao Jin was getting closer and closer, and the two of them were getting more and more excited.

There's no mistake, director Cao is really walking towards me!

When Cao Jin walked over, the two of them naturally showed a humble smile and extended their hands from a distance like director Jiang and bureau chief Wang.

Seeing the smile on Cao Jin's face, the two were even more excited. Not only did director Cao come to talk to them, but his attitude was also so kind. What a great honor it was!

From the corner of their eyes, they even saw director Jiang and bureau chief Wang walking over. They felt even more elated. A moment ago, they felt like they had lost their parents and their future was bleak, but now, they felt like they had a glimmer of hope.

However, the smile on Zhuang Cheng and Yao Na's faces froze as soon as Cao Jin opened his mouth.

"Mr. Xia!" Cao Jin greeted him with respect.

Mr ... Mr. Xia? Zhuang Cheng's and Yao Na's hearts skipped a beat. At this moment, Cao Jin had already walked past them, completely treating them as if they were thin air.

The two of them turned their heads with great difficulty and saw a scene that they would never forget for the rest of their lives.

Cao Jin came in front of Xia ruofei and Song Wei and bowed slightly to them. His posture was quite low!

Then, they saw a faint smile on Xia ruofei's face. He said gently, "Hello, Secretary Cao!"

Secretary Cao? He actually called Cao Jin Secretary Cao? Although everyone knew that Cao Jin was indeed a Secretary, how could a Secretary be the same? He was the Secretary of the Provincial Party Committee and also the Deputy Director of the Provincial Party Committee.

It was a customary practice in the system to call him "director Cao." Even the leaders of the Provincial Party Committee, unless they were particularly senior, would call him "little Cao." Most of the others would also call him "director Cao."

If he was called "Secretary Cao," although Cao Jin might not bear a grudge, he would definitely feel uncomfortable.

However, Zhuang Cheng and Yao na were not displeased at all when they saw Cao Jin. Instead, they were even more respectful.

"Mr. Xia," Cao Jin said with a smile, "I just finished working overtime and wanted to visit you. I also wanted to know what kind of service you would like during your stay in Tanzhou."

After hearing this, Zhuang Cheng, Yao na, director Jiang, and director Wang all almost fell.

Secretary Cao had actually come to visit and had even lowered himself so much! What was this young man doing?

Bureau chief Wang and chief Jiang's faces turned pale. Thinking of their attitude towards Xia ruofei just now, they felt a chill from the bottom of their hearts.

Zhuang Cheng and Yao na were even more dumbfounded, their minds almost blank.

Director Jiang also remembered that Yao na had casually introduced them as Xu Shuyuan's College classmates and said that they were from the countryside.

It was because of this preconceived concept that they felt so superior in front of Xia ruofei. They spoke so arrogantly, but they did not know if they had offended such a Big Shot.

At that thought, director Jiang's gaze toward Zhuang Cheng and Yao na turned cold.

"These two people killed me today ..." Director Jiang secretly gritted his teeth.

Xia ruofei did not care about Zhuang Cheng's reaction. He smiled and said, ""You're too kind, Secretary Cao! We're just here to take a look around. You're so busy with work, you don't have to come here!"

"It's my duty," Cao Jin said humbly. "You're welcome, Mr. Xia!"

"Secretary Cao, would you like to come with us to our room?" Xia ruofei said.

?

Chapter 1478: Everyone is dumbfounded (2)

"I can't ask for more!" Cao Jin quickly said.

He had indeed come to visit Xia ruofei because he could see how much song Zhengping valued Xia ruofei. In the afternoon, song Zhengping had even specifically instructed that if Xia ruofei contacted him, he had to do his best to satisfy any needs.

Therefore, after accompanying song Zhengping to a meeting and sending him home, Cao Jin hurriedly had dinner and rushed to the hotel.

Xia ruofei and Song Wei had taken song Zhengping's car back to the hotel at noon, so Cao Jin did not need to ask at all. He only needed to ask song Zhengping's driver.

At this moment, Xia ruofei seemed to have suddenly recalled something and said, ""Oh, Secretary Cao, I'd like to introduce you to two friends!"

"This is Shu Yuan Yuan, she's song Wei's University classmate. This is her husband, Zhuang Yan," Xia ruofei said, "these two are working at Tanzhou city's cultural relics Bureau."

"Zhuang Yan, Xu Yuanyuan, this is Cao Jin. He works in the general office of the Provincial Party Committee!" Xia ruofei continued.

Seeing Xia ruofei's expression, Song Wei could not help but laugh.

They had just discussed to ask Cao Jin to help ask about Xu Yuanyuan, but Xia ruofei seemed to have just remembered it.

Cao Jin didn't put on any airs. He smiled and said, ""Hello!"

"H – Hello, Secretary Cao!" Yuan Yuan said.

She didn't know Cao Jin's position, so she could only follow Xia ruofei's way of addressing him after a moment of hesitation.

Cao Jin was not displeased at all. He gently shook hands with them and said, "We are both working in Tan Zhou. If the two of you need any help in the future, you can give me a call!"

Of course, Cao Jin understood why Xia ruofei had introduced these two people, so he expressed his attitude on the spot very readily.

Zhuang Cheng and Yao na were so envious that they were about to go crazy. Xu Yuanyuan obviously didn't realize how precious Cao Jin's statement was, and thought it was just a casual remark.

Therefore, Xu Yuanyuan was not very excited. She just said politely, "Thank you, Secretary Cao!"

Xia ruofei smiled. "Secretary Cao, Speaking of which, Yuanyuan has a small matter that she might need your help with."

"Oh? Please speak!" Cao Jin said without hesitation, "I will do my best!"

Cao Jin couldn't wait for an opportunity to help. His predecessor had served Song Zhengping for many years. After Song Zhengping was promoted from the position of provincial governor, his predecessor was also smoothly demoted. He was directly promoted to the Standing Committee of a Prefecture – Level city, and Cao Jin also had the opportunity to take over the baton.

However, Cao Jin had not been with Song Zhengping for a long time. He was always on thin ice at work, afraid that the chief would be dissatisfied.

If he could ensure that Xia ruofei's service was good, it would undoubtedly be a huge bonus.

Xu Yuanyuan came back to her senses. Could it be that Secretary Cao could help her with her postgraduate entrance examination? Isn't he from the Provincial Party Committee? Moreover, he was only a Secretary. How could he manage the Tanzhou Cultural Relics Bureau?

Xia ruofei smiled and said, "It's like this. Yuanyuan is a top student who graduated from Beijing University. Now, she hopes to take the postgraduate entrance examination and further her studies while retaining her permanent position. However, the duration of her working experience may not meet the requirements submitted by the unit, so the card ..."

At this moment, a hurried voice interrupted Xia ruofei's words. "Mr. Xia, there won't be any problems with Comrade Xu Yuanyuan's postgraduate entrance examination! I'll immediately go and coordinate the implementation!"

It was Bureau Chief Wang who spoke.

He and Chief Jiang had been listening for a long time. Seeing that Xia ruofei had indeed brought up this matter to Cao Jin, he was afraid that Xia ruofei would also say that he had accepted the banquet but did not do anything, so he hurriedly took the initiative to express his position.

Cao Jin was listening attentively to Xia ruofei's words. He did not expect that someone would come out of nowhere and interrupt him. He was a little unhappy.

However, he did not know Xia ruofei's relationship with this person, so he did not show it. He only asked indifferently, "And you are?"

"Hello, chief Cao!" Chief Wang quickly said. I'm Wang yaokun, the Deputy Director of the Tanzhou city cultural Bureau ..."

"Oh, it's bureau chief Wang ..." Cao Jin said lightly.

It sounded like one was the Deputy bureau chief, and the other was the Secretary. There seemed to be a big difference in status, but in fact, it was the opposite. Cao Jin, the Secretary, was a real Deputy bureau chief, while Wang yaokun was only a Deputy bureau chief in the city's Qingshui Yamen. Therefore, Cao Jin naturally did not need to be too enthusiastic.

"Chief Wang," Xia ruofei said, "don't you know that it's rude to interrupt someone?"

Wang yaokun suddenly looked embarrassed, and Cao Jin seemed to have noticed a subtle change, his eyes began to become cold.

The Cultural Affairs Bureau was the management unit of the cultural relics Bureau. As a member of the leadership team of the Cultural Affairs Bureau, Wang yaokun could easily take care of Xu Yuanyuan's postgraduate entrance examination. However, Wang yaokun's sudden appearance at this time gave Cao Jin some different information.

"Mr. Xia, I was wrong," Wang yaokun said in a panic. "I shouldn't have interrupted you. But I just want to solve Xu Yuanyuan's problem as soon as possible ..."

Xia ruofei was still the same Xia ruofei from before. His tone was also as impolite as before, but in Wang yaokun's eyes, it was completely different.

The tone of the "country boy" from before would only make Wang yaokun think that this person was arrogant. This "Mr. Xia", who even director Cao had to treat with respect, was the most reasonable person to speak like this. It would be abnormal if he was polite to everyone and didn't have a temper.

"Chief Wang didn't say that just now, did he?" Xia ruofei said, "I remember you saying that this is not an easy task. It's against the rules and it might even cause chaos in the unit ..."

Beads of sweat appeared on Wang yaokun's forehead. He had just put on airs with Yuanyuan Xu and said all those words to Xia ruofei. And it was in front of Cao Jin.

Cao Jin had been in the system for so many years and had been polished and trained by the major agencies. How could he not guess what had happened when he heard this?

He glanced at Wang yaokun and said, "If that's the case, then we don't have to trouble director Wang with this matter. I'll call Zheng Jianming later and ask him to consider Xu Yuanyuan's actual situation and approve her application for the postgraduate entrance examination!"

Zheng Jianming was the head of the city's cultural Bureau, Wang yaokun's direct superior.

Wang yaokun's forehead was full of sweat. He was remorseful. If he had known that Xu Yuanyuan was so stubborn, he wouldn't have been so reserved. It was originally a matter that could be solved with a phone call, but now there was a big problem.

"Yuanyuan, why don't you thank Secretary Cao?" Xia ruofei said with a smile.

“Thank ... Director Cao!” Xu Yuanyuan said quickly.

Although Xu Shuyuan did not have a lot of work experience in the system, her emotional intelligence was not low. When she saw that even chief Wang was so respectful to Cao Jin, and that Yao na and Zhuang Cheng, who were always flamboyant, were completely reduced to the background and did not even dare to breathe loudly, how could she not know that Cao Jin’s identity was definitely not ordinary? Since he had spoken, he would definitely be able to help her with this.

Moreover, she had heard Wang yaokun call Cao Jin “director Cao”, so she naturally did not dare to call him Secretary Cao like Xia ruofei did.

Cao Jin smiled and said, “it’s nothing. If comrade Yuanyuan can be admitted to Beijing University’s graduate school, it will also be good for the construction of the unit!” A special talent like you should do things differently. How can you stick to the rules?”

Xia ruofei couldn’t help but secretly laugh, “the leader’s words are really good. No matter if it’s positive or negative, he can always say something reasonable, and it’s impossible to refute.”

“Secretary Cao, let’s not just stand here and talk. Let’s go to the room and have a seat!” Xia ruofei said.

“Right, Yuanyuan and Zhuang Yan, come up and sit for a while too!” Song Wei said with a smile.

Thus, the group of them walked toward the elevator, leaving Zhuang Cheng, Yao na, and the others standing there looking at each other. They felt as if there was a dagger on their backs, and if they left just like that, they would feel uneasy ...

Xia ruofei looked at Yao na and the others who wanted to follow him but did not dare to. He whispered to Cao Jin and asked Song Wei to lead them upstairs.

Then, he turned around and walked towards Zhuang Cheng and the others ...

?

Chapter 1479: take care (1)

When chief Wang and the others saw Xia ruofei walking over, a glimmer of hope rose in their hearts and they quickly walked over to welcome him.

“Master ... Master Xia!” Chief Wang said impatiently. I was blind before and accidentally offended you. Please forgive me ...”

“Mr. Xia, today’s incident was all a misunderstanding. We had eyes but failed to recognize Mount Tai. Please don’t take it to heart ...”

“Xia ...”

Xia ruofei frowned as the four of them came up to him and explained.

When they saw Xia ruofei's unhappy expression, the four of them shut their mouths and looked at Xia ruofei uneasily.

Xia ruofei looked at director Jiang and chief Wang and said coldly, "I'll return the money for tonight's meal to Xu Yuanyuan."

"Yes, yes, yes!" Director Jiang and director Wang responded.

Even if Xia ruofei did not say anything, they would have done it anyway. The dinner tonight was not going to be good!

"Go!" Xia ruofei said indifferently.

"Then ... Young master Xia, what about director Cao ..." Director Jiang asked carefully.

Xia ruofei looked at him and asked calmly, "Do you mean I should praise you in front of Cao Jin?"

"I wouldn't dare ..." Director Jiang smiled.

Xia ruofei said impatiently, "I don't have the time to send Cao in to mess with you ..."

Director Jiang and director Wang were relieved. Although Cao Jin would inevitably have a bad impression of them, it was better than deliberately targeting them in the future.

With the influence of Cao Jin's position, he didn't even need to do anything. As long as he gave a slight hint at the right time, their official careers might suffer a heavy blow.

If the force was stronger, people like director Jiang and bureau chief Wang wouldn't be able to stand the investigation at all. They might even be thrown into jail in a few minutes.

Xia ruofei said, "I'll give you two a piece of advice. Whether you are an official or a person, it's best to have a bottom line. If you walk by the river often, your shoes will definitely get wet!"

Director Jiang and bureau chief Wang felt that their backs were drenched in cold sweat. Xia ruofei's simple words had frightened them. They probably had a guilty conscience.

"Yes, yes, yes!" Director Jiang quickly said, "we will definitely remember young master Xia's instructions. We will be honest people and be officials with a clean record!"

"Thank you for your teachings, young master Xia!" Chief Wang said.

"Go!" Xia ruofei said.

"Then we'll take our leave!"

"Thank you, master Xia!"

Director Jiang and director Wang left the hotel as if they were escaping.

Xia ruofei looked at the two of them as they left. He knew that they were probably not clean, but he did not have the time to care. He was not a Savior. Besides, there were no fish in the clear water. No matter how capable song Zhengping was, he could not guarantee that there would not be a single pest in the entire provincial cadre.

After the two leaders left, Zhuang Cheng and Yao na were still standing there, trembling in fear.

Xia ruofei was still the same Xia ruofei. However, before Cao Jin appeared, Yao na felt that he was just a country bumpkin who had never seen the world. Now, Xia ruofei was still so calm, but Yao na and Zhuang Cheng felt an invisible pressure in front of him. They felt that he was very powerful.

“Young ... Young master Xia!” Yao na called out nervously.

Xia ruofei glanced at her and asked, “What is it?”

Compared to director Jiang and bureau chief Wang, Xia ruofei hated Yao na more.

At most, the two of them would just take the benefits and not do anything. They would also put on airs. However, Yao na was a little worse. If you didn’t want to help, then don’t agree. After agreeing, there was no sincerity at all. She was just fooling Xu Yuanyuan and her words were so unpleasant.

As for Zhuang Cheng, he wasn’t a good person either. He had even threatened Xia ruofei just now. He had the aura of a Bandit. No one knew how such a person had gotten into the system.

“Young master Xia, we just ...” Yao na said in fear.

Xia ruofei waved his hand and asked, “If I didn’t know Cao Jin, you wouldn’t have asked me to leave tan Zhou in one piece, right?”

“I wouldn’t dare, I wouldn’t dare ... Those were just words of anger said in a moment of confusion ...” Zhuang Cheng said submissively.

“Young master Xia, we failed to recognize Mount Tai. You’re an important figure in the upper class, so please don’t stoop to our level.” Yao na said pitifully.

Looking at Yao NA’s coquettish behavior, Xia ruofei felt even more disgusted. At the same time, he felt dispirited. Why did he have to stoop to the level of such a small fry?

He waved his hand and said, “alright!” You guys should leave too!”

“Then ... Then we ...”

Yao na still wanted to try to ease the tension between them, but she was interrupted by Zhuang Cheng’s gentle tug on her clothes.

It was already a blessing that Xia ruofei did not pursue the matter. What else did he want? As for the bad impression that chief Jiang had of them because of this incident, it was already irreversible. How could they expect Xia ruofei to help them?

“Young master Xia, I’m sorry again!” Zhuang Cheng quickly said. Then ... We’ll take our leave too ...”

Then, Zhuang Cheng pulled Yao na along and the two of them walked towards the door in a daze.

“If I find out that Yuan Yuan Xu has been wronged at home, you know the consequences!” Xia ruofei said loudly.

Zhuang Cheng and Yao na trembled slightly and quickly turned around, “I don’t dare! Yuanyuan is also our family. We’ll get along well as a family from now on!”

?

Chapter 1480: take care (2)

“Good luck!” Xia ruofei nodded.

He then turned around and walked towards the elevator, ignoring Zhuang Cheng and Yao na, who had mixed feelings in their hearts.

Xia ruofei took the elevator up and arrived at Song Wei’s room.

Everyone was in the small living room of the suite. Because of Cao Jin’s presence, Zhuang Yan and Xu Yuanyuan were a little restrained.

“You’ve settled it?” Song Wei asked with a smile.

“I sent them away,” Xia ruofei nodded.

“Mr. Xia, do you need me to ...” Cao Jin’s eyes flashed.

Xia ruofei smiled and waved his hand. “Forget it. They’re just a few small bureaucrats. There’s nothing to fuss about with them.”

Cao Jin nodded with a smile.

Since Xia ruofei had spoken, he wouldn’t go after these people. However, he still had to teach them a little lesson at the right time.

In Cao Jin’s position, he might not be able to help others, but it was too easy to ruin something.

To give a simple example, when documents were presented, the difference in the order in which the documents were placed could have a huge impact. It was directly related to how much attention Song Zhengping paid to the documents.

It was too easy for Cao Jin to deal with the Deputy Director and the Deputy Director of the Qingshui Yamen!

Xia ruofei chatted with Cao Jin and the others for a while with a gentle attitude. Cao Jin also took the initiative to call the director of the city’s cultural Bureau in front of everyone and told him about Xu Yuanyuan.

Normally, it was difficult for bureau chief Zheng Jianming to even talk to Cao Jin. How could he hesitate for such a simple matter? He directly patted his chest and promised that he would get it done immediately. As long as Yuanyuan Xu could get into graduate school, she would be able to enter the school with the permanent staff and enjoy the benefits of tuition reimbursement.

When Xu Yuanyuan heard that her matter was settled so easily, she felt as if she was in a dream. She had gone through a lot of trouble for the postgraduate entrance examination and had even lowered herself to beg Yao na. She had been reprimanded by Yao na, but in the end, there was still no progress.

The young couple quickly expressed their gratitude to Cao Jin. Of course, they did not forget to thank Xia ruofei. They both knew that Cao Jin had only done so much for Xia ruofei's sake.

Cao Jin sat for a while and then took the initiative to leave.

He had come here today to make friends and try to leave a good impression on Xia ruofei. It seemed that he had exceeded his task.

Cao Jin even wondered if he should thank the two small bureaucrats for this.

Cao Jin knew that Song Wei and Xu Shuyuan had not seen each other for a long time. They must have a lot to talk about, and it was not convenient for them to talk here, so he left.

Xia ruofei personally sent Cao Jin to his room. Cao Jin quickly said, "Mr. Xia, please wait! Stop!"

He did not dare to let Xia ruofei send him down again. He was a guest of honor in Secretary song's house and he could tell that Secretary song treated him like a junior in his own family. He could not afford to let someone like Xia ruofei send him down personally.

Xia ruofei smiled and said to Cao Jin, "Secretary Cao, thank you for today. Please let uncle song know that we will visit him before we leave xiangnan. During this period, we don't need to trouble you to protect us. We will just walk around and look around!"

"Yes!" Cao Jin was slightly delighted and quickly agreed.

Xia ruofei had asked him to pass on the message as a compliment. This way, song Zhengping would know that he had visited Xia ruofei. Xia ruofei had also hinted that he would put in a good word for him when he visited song Zhengping next time. This was the biggest surprise for Cao Jin.

After Cao Jin left, Xu Shuyuan and Zhuang Cheng obviously relaxed a lot.

When Xia ruofei returned to the house, Xu Yuanyuan smiled and asked, "Weiwei, what does Secretary Cao do? Even chief Wang and director Jiang are like mice seeing a cat when they see him, and he settled my matter with one phone call!"

A few minutes after Cao Jin finished his call with director Zheng Jianming, Xu Yuanyuan received a call from the director of the cultural relics Bureau. The director, who usually had a serious face, was quite kind. He personally told Xu Yuanyuan that the Bureau would fully support her to further her studies and that she did not need to go to work tomorrow. She could focus on studying and preparing for the exam at home. Of course, she would still be paid.

Xia ruofei smiled. "You already know that he's Secretary Cao. Of course, he's a Secretary!"

"A Secretary has so much power?" asked Xu Yuanyuan. "Don't tell me he's the Secretary of the provincial Party secretary song!"

Xia ruofei shrugged. "That's a pretty accurate guess."

Shu Yuan Yuan couldn't help but widen her eyes and said, "Xia ruofei, you're not joking, right?"

Then, she looked at Song Wei and saw her nodding with a smile. She muttered, "It really is Secretary song's Secretary! No wonder ..."

Then, Shu Yuan Yuan looked at Xia ruofei in shock and said, ""So, the uncle song that you were talking to Secretary Cao about at the door ..."

Xia ruofei smiled bitterly and nodded. Song Wei quickly said, ""Yuanyuan, ruofei has some connections with Secretary song's family. Just keep this to yourself and don't go around telling others! It'll have a bad influence ..."

While Song Wei was warning Shu Yuan Yuan, she also cleverly put herself out of the picture. Most of her classmates did not know about her family background, so she did not want to ruin the pure friendship between classmates because of these factors.

Xu Yuanyuan did not suspect anything. She sized Xia ruofei up and said, ""Wei Wei, it seems like you've got yourself a rich husband! He's much more capable than our Zhuang Yan!"

Zhuang Yan chuckled and looked at Xu Yuan Yuan lovingly, not angry at all.

Song Wei, on the other hand, blushed and said in a low voice, "A dog's mouth can't spit out ivory! We're not in that kind of relationship ..."

"I know, I know!" Xu Yuanyuan smiled and said, "you even booked two rooms! It's such a waste to spend so much money to book a room and sit there all night ..."

Song Wei's face darkened, and she could not explain herself.

Xu Yuanyuan continued to smile, "why don't you just give one room to Zhuang Yan and me?" You guys won't be using it anyway, we haven't experienced the luxury suite of a five – Star hotel!"

"You little girl, how dare you say anything!" Song Wei said coyly.

"I'm a married woman now!" Xu Yuan Yuan said with a smile.

Xia ruofei, who was standing at the side, couldn't hold on any longer. He quickly said, ""Zhuang Yan, let's go to my room! They haven't seen each other for a long time, so they must have a lot to talk about. Let's not disturb them ..."

Out of habit, Zhuang Yan looked at Xu Yuanyuan for her opinion. After seeing Xu Yuanyuan nod, he stood up.

Xia ruofei couldn't help but laugh. Zhuang Yan was also a strong man, but unfortunately, he was a henpecked husband ...

Xia ruofei left some space for his best friend and classmate and brought Zhuang Yan to his room.

Xia ruofei gave Zhuang Yan a cigarette and the two of them sat in the guest room of the suite and chatted.

Zhuang Yan was quite addicted to smoking as well. Because there was a lady around just now, he had a hard time holding it in.

The cigarette could quickly shorten the distance between the two of them. Even Zhuang Yan, who was a little quiet, was no longer so restrained.

“Brother Xia, this cigarette of yours is really rich. What brand is it?” Zhuang Yan asked.

“It was given to me by an elder in my family. There’s no tag on it.” Xia ruofei smiled, then opened his bag and rummaged through it. There were still two unopened packs of special cigarettes. He took them out and handed them to Zhuang Yan, saying, “there are only two packs left. If you don’t mind, you can keep them!”

Zhuang Yan didn’t know what this special cigarette was, but as a regular smoker, he could tell that it wasn’t an ordinary one after a few puffs. He smiled and said, “That’s embarrassing. ”

“Just take it! It’s not like it’s worth anything!” Xia ruofei said.

“Then, thank you, brother Xia!” Zhuang Yan put the two packs of cigarettes into his pocket as if he had found a treasure.

Xia ruofei took a puff of his cigarette and asked, “Zhuang Yan, are there any fun places in Xiang Nan Province? Just give me some suggestions!”

Xia ruofei looked like he was chatting, but he actually wanted to find out more about the ancient tomb. After all, Zhuang Yan was part of the cultural relics Bureau. When the archeologists were in danger and someone died, although they had taken into account the panic of society and implemented news control, Zhuang Yan and the others in the system should still know about it.

Hence, Xia ruofei deliberately led the conversation in this direction. He said, “There’s no need to introduce famous historical sites like Yueyang Tower. I like to go to places that aren’t very popular, and it’s best if they’re new and exciting ...”
