

## God tier Farm 1501

### Chapter 1501: Lost (1)

Standing in this huge square, Song Wei finally felt how small she was.

The square was the size of three football fields, surrounded by smooth circular stone walls. The stone walls were distributed with countless holes like beehives, and each hole corresponded to a tunnel. Above them was a chaotic ceiling, and the light above it was like stars.

In such an environment, anyone would feel like they were in a dream.

Soon, Song Wei realized that the floor of the square was as smooth as a mirror. There were no cracks on the ground, as if it was a whole. She did not know what the ground was made of, but it had a warm Jade texture.

If it was such a big piece of Jade, it would be too terrifying.

Song Wei could not imagine where on earth could produce such a large piece of Jade.

Compared to Song Wei, Xia ruofei's focus was different.

He had always been on high alert because the faint sense of danger in his heart had not dissipated.

As soon as they arrived at the square, Xia ruofei noticed a stone platform in the center of the square.

The round stone platform was located in the center of the square. There were stone steps in all four directions, and there were eight stone pillars on the stone platform. From a distance, it looked like a boxing ring.

"Song Wei, let's go and take a look!" Xia ruofei said.

Then, Xia ruofei held Song Wei's hand and walked towards the stone platform.

Song Wei seemed to be used to such intimate contact. She did not feel uncomfortable and leaned closer to Xia ruofei.

The two of them walked towards the stone platform step by step. Xia ruofei had been releasing his spiritual power the entire time and using his genuine Qi to form an invisible protective shield around the two of them. He did not dare to relax for even a moment.

He could sense that the atmosphere in the square was very chaotic, and he was not sure if there would be any traps along the way from here to the stone platform. He could only maintain the highest alert and respond to any changes with no changes.

However, the accident that Xia ruofei was worried about did not happen. The two of them walked safely in the empty square and soon arrived at the bottom of the stone platform.

It was only when he got closer that he could see that the stone platform was about ten meters in diameter. It was made of the same material as the Square's ground, and under the light from the ceiling, it looked extremely warm.

Xia ruofei could feel the heat from the Jade Leaf, but he could not detect the invisible poison that had once poisoned Song Wei.

“Song Wei, take off your gas mask!” He said.

Song Wei trusted Xia ruofei. Although she was still afraid of the poison, she took off her gas mask quickly.

Xia ruofei naturally took off his gas mask and stuffed it into his bag. It was indeed a little suffocating to keep wearing a gas mask.

“Let’s go up and take a look!” Xia ruofei said.

Song Wei nodded and held Xia ruofei’s arm nervously. The two of them walked up the stairs together.

Xia ruofei was very careful when he landed, but nothing happened. The two of them stood firmly on the steps.

They looked at each other and continued to walk up the stairs.

Soon, they arrived at the stone platform. As they got closer, Xia ruofei saw that the eight stone pillars surrounding the stone platform were carved with lifelike embossed. Xia ruofei could tell that the four corners were the Azure Dragon, White Tiger, Vermilion Bird, and black Tortoise. As for the other four corners, they were also carved with strange beasts. However, Xia ruofei had not studied them much and could not tell what they were.

In the middle of the stone platform, there was something that looked like an altar. On it, nine golden dragons were cast. These nine golden dragons were like stars surrounding the moon, holding a stone plate. On the stone plate, there was a black stone.

Xia ruofei’s eyes lit up.

World stone!

After going through so much trouble on this trip, he had finally found the world stone. No wonder the Jade Leaf was so hot. The world stone was actually here.

Song Wei seemed to have sensed Xia ruofei’s emotions. She turned to look at Xia ruofei and asked,””Is that what you’re looking for?”

Xia ruofei nodded and said,”yes!” I’m here for this!”

With that, Xia ruofei stepped forward to retrieve the world stone.

However, after taking one step, Xia ruofei stopped. He realized that something was not right.

He and Xia Qing had analyzed the presence of the realm stone in this ancient tomb through the poisonous aura in Song Wei’s body.

However, their judgment then was that the realm stone should have been infected by something cold. Yet, the realm stone in front of them did not have any cold aura at all. Xia ruofei’s mind power could not detect any trace of poison either.

Xia ruofei's mind was spinning rapidly as he thought of many possibilities. For example, there might be other world stones in this underground Palace.

However, in the end, he still decided to take the world stone away first. No matter what, there was already a world stone in front of him. How could he not take it? As for the existence of other world stones or the location of the yin – cold objects, he could explore further in the future.

Xia ruofei thought about it and said to Song Wei, "Song Wei, wait for me here. I'll go and take that stone down."

"I'll go with you ..." Song Wei said.

"It might be dangerous over there!" Xia ruofei said, "I'm afraid that I won't be able to protect you when the time comes ... It's just a few steps away. You just have to stand here and wait for me for two minutes ..."

Song Wei thought for a while and said, "alright then!" Please be careful ..."

After all, she did not want Xia ruofei to be distracted. She also understood that she was basically a burden to Xia ruofei.

Xia ruofei nodded and let go of Song Wei's hand. He walked towards the altar in the center of the stone platform.

He maintained a high level of vigilance and pushed his spiritual power to the extreme, almost covering the entire stone platform. Once there was any sign of trouble, he would be able to react immediately.

From his position to the center of the stone platform, it was only about five meters, a distance of seven or eight steps.

One, two, three ...

Xia ruofei's heart tightened. Song Wei clenched her fists and looked at Xia ruofei's back nervously.

Finally, Xia ruofei arrived at the altar safe and sound.

The realm stone was right in front of Xia ruofei. As long as he stretched out his hand, he would be able to get it easily.

Xia ruofei used his spiritual power to check the altar. He did not find any danger or traces of an array.

He finally made up his mind. Taking a deep breath, he stretched out his hand to grab the world stone.

Everything seemed to be calm but Xia ruofei suddenly felt a sense of danger. Just as his hand was a few centimeters away from the realm stone, he stopped.

However, an invisible Whirlpool seemed to have appeared on the world stone. The moment Xia ruofei's spiritual power came into contact with the whirlpool, it was immediately dispelled as if it had been swallowed by a black hole.

Then, Xia ruofei felt as if there was a gentle breeze. He felt as if his body was being scanned from inside out. It was an extremely uncomfortable feeling.

Before Xia ruofei could react, the entire stone platform started to shake violently.

Xia ruofei's expression changed drastically. He gave up on the realm stone without hesitation and turned around to run towards Song Wei.

However, the shaking of the stone platform suddenly increased in intensity. Xia ruofei fell to the ground from the impact.

Immediately after, the eight stone pillars began to collapse, and a shocking crack appeared on the smooth ground. The inside of the crack was pitch – Black, and a terrifying aura seeped out.

Xia ruofei only had time to look at Song Wei, who was also sitting on the ground, from the corner of his eye. Then, the entire stone platform started to collapse inward, and he was sucked in by the expanding crack.

Xia ruofei was extremely anxious. Song Wei had no cultivation at all. She was in danger.

However, he couldn't do anything now. His body fell uncontrollably, and he could only hear the sound of the wind.

The only thing Xia ruofei could do was to release his genuine Qi to protect his body.

As for his mind power, he had already tried it. Just like the world stone just now, as long as his mind power went out of his body, it would immediately be swallowed silently, and he would not be able to detect the surrounding situation at all.

Xia ruofei kept falling in the pitch – Black darkness. After a long time, he finally landed on the ground.

The moment he touched the ground, Xia ruofei reacted instinctively. He rolled forward to dissipate some of the impact.

However, even with his quick reaction and the protective Zhen Qi, he still felt his internal organs shake violently, as if they had all shifted positions. He even felt something sweet in his throat and almost spat out a mouthful of blood.

Xia ruofei knew that he was injured, and it was not a light injury.

But he couldn't care about himself. He struggled to sit up and shouted, "Song Wei! Song Wei!"

His voice echoed in the darkness, but all he got in return was silence.

Xia ruofei did not give up and released his spiritual power again. Just like before, he could not use his spiritual power here. As long as it came out of his body, it would be devoured completely.

Xia ruofei gritted his teeth and stood up with difficulty. He then took out a Zippo lighter from the spirit map space and started it.

Since he couldn't use his spiritual power here, he could only use his eyes to search.

Xia ruofei judged that if Song Wei had fallen down like him, she would probably be unconscious by now. After all, Song Wei did not have any protective Zhen Qi and had not received any unloading training from a high altitude.

With the help of the yellow light from the vibrating Zippo, Xia ruofei fumbled around in the dark space, trying to find Song Wei.

However, he found nothing. There seemed to be only darkness here, and the entire space was as silent as death.

What Xia ruofei did not expect was that Song Wei was still standing on the stone platform safe and sound. She did not experience the earth – shattering scene just now.

However, Song Wei's face was filled with panic and helplessness. She saw Xia ruofei's hand stop for a moment when he was reaching for the black stone. Then, he disappeared into thin air without any warning.

This was completely beyond her understanding. Most importantly, she was the only one left in this vast and dead – Silent underground square ...

?

Chapter 1502: Seemingly real yet illusory (1)

Being in such an empty and quiet underground square, and having witnessed Xia ruofei disappear into thin air, Song Wei's helplessness was imaginable.

Her delicate body trembled slightly. The light from the sky shone on the stone pillars and the altar, forming black shadows that looked like monsters in her eyes.

Song Wei could no longer go back. Even if she had a rope, she would not be able to climb up the 10 – meter height. Even if she did, how could she find the way out of the maze – like corridor?

Besides, Xia ruofei had disappeared without a trace and Song Wei would not leave him alone.

Song Wei bit her lower lip. She was having an intense internal struggle.

There were three paths in front of her, and she had already rejected the option of going back.

The only other option was to wait at the same spot. The other option was to walk to the altar like Xia ruofei did. Xia ruofei had disappeared there. If she walked there, would she be able to go to the place where Xia ruofei had disappeared?

However, Song Wei did not know what kind of danger she would face if she did that.

She stood at the edge of the stone platform and hesitated for a long time. In the end, she made up her mind and slowly walked towards the altar in the center of the stone platform.

Instead of sitting here and waiting for death, it was better to take a gamble and maybe meet up with Xia ruofei.

She walked carefully to the side of the altar and looked at the black stone on the stone plate in the center. She gritted her teeth and reached out her hand just like Xia ruofei.

Before her hand could even touch the world stone, a ray of light flashed and Song Wei disappeared from her spot.

.....

Xia ruofei held the Zippo lighter and moved forward in the dark.

"Xia Qing, did you see what happened to Song Wei just now? was she injured?" he used his divine sense to communicate with Xia Qing.

"Master," Xia Qing said with some surprise, "I only noticed a flash in front of my eyes, and then you came here. I didn't see miss song's situation."

Xia ruofei raised his eyebrows and said, "a flash?" Didn't the entire stone platform collapse just now, and I fell into the crack? I clearly saw Song Wei fall to the ground too. How could you not see anything?"

"This ..." Xia Qing also felt a little incredulous, "I really didn't see anything ..."

Xia ruofei fell into deep thought. Everything that happened tonight was strange. Now, he was separated from Song Wei. The situation seemed to be out of his control.

"Master," Xia Qing said at this time, "the suppression of spiritual will is getting stronger and stronger here. I ..."

Xia ruofei also clearly felt that Xia Qing's divine sense voice transmission seemed to have become a little empty, as if she was speaking from a very far place.

His expression changed slightly, and he tried to contact the spirit map space with his mind.

After trying, he realized that his connection with the spirit map space had weakened a lot.

"How did this happen?" Xia ruofei was a little anxious.

Xia Qing's voice also became urgent, ""Master, this place's suppression on spiritual force and divine sense is too strong, and it seems to be getting stronger and stronger. I can't sense the outside world anymore! I'm worried that you'll soon lose contact with the spirit map world!"

Xia ruofei's mind was racing. He was already used to the existence of the spirit map space. Many things were placed inside and could be used at will. If he were to lose the connection to the spirit map space for the time being, then ...

Xia ruofei didn't need Xia Qing's reminder. He quickly realized what his priority was.

With a slight thought, he immediately took out the box containing the petals of the spirit Heart Flower from the spirit map space. In addition, he also took out a military dagger and a pistol.

This gun was taken out from the bedside table when Lu You was in danger at the bar. When Xia ruofei went over to save her, master Luo had taken it out. After Xia ruofei subdued master Luo, he naturally kept this pistol of unknown origin into the spirit map space without hesitation.

When he was retrieving the items, he could clearly feel that it was much more difficult than usual. His communication with the spirit map space was also continuously suppressed.

Xia ruofei took advantage of the fact that they could still contact each other and said to Xia Qing, ""Xia Qing, take good care of the space. You don't have to worry about the matters of the outside world. If I don't come in again for a long time ..."

"Master, it definitely won't happen!" Xia Qing said, "with your current strength, you can definitely turn danger into safety!"

"I hope so ..." Xia ruofei smiled bitterly.

He realized that his connection with the spirit map space was getting weaker and weaker, so he stopped talking and focused on dealing with the current situation.

He inserted the military dagger into a position on his Greave that could be reached at any time, then stuffed a few magazines full of bullets into his shirt pocket, and then loaded the bullets with a click.

Xia ruofei held the pistol tightly in his right hand and the Zippo lighter in his left hand as he continued to search.

After walking for a while, Xia ruofei suddenly felt a sense of danger. He subconsciously moved to the side.

Xia ruofei squinted his eyes at the dazzling light.

When he opened his eyes again, he couldn't help but tremble. He was like a statue, standing in place with a dumbfounded look.

He found that the place he was in had completely changed. He was now standing in a tropical forest. The scorching sun shone through the gaps between the leaves, and the air was filled with a familiar moisture.

Xia ruofei was very familiar with this environment. When he was in the lone wolf assault team, he had carried out missions in the tropical forest many times.

?

Chapter 1503: Seemingly real yet illusionary (2)

However, he was clearly in an ancient tomb that was deeply buried underground. How did he suddenly appear in a tropical forest? Could it be that spatial teleportation could be performed in that strange place?

Xia ruofei was so shocked that he could not think.

It wasn't that he didn't consider the possibility that this was an illusionary formation, but everything was so real, including the sunlight, the rainforest, and the snakes, insects, rats, and ants that could be seen everywhere in the jungle ...

No matter if it was an illusion array or not, they had to get out of it. Xia ruofei wanted to leave the rainforest first before making any plans.

So he clenched the gun in his hand and pushed away the thorns in the jungle and walked forward.

As a member of the Special Forces who had undergone special training, Xia ruofei did not feel uncomfortable in such an environment. Instead, he was like a fish in water.

His speed was quite fast.

However, after a few hundred meters, Xia ruofei suddenly stopped. His eyes were alert.

Because he saw a person standing quietly in front of him.

The man was wearing Southeast Asian clothes. He had a machine gun on his shoulder and two bullet belts on his body.

Xia ruofei quickly removed the safety of his gun and pointed it at the man with both hands. He said in a deep voice, ""Don't move! Put the gun on the ground, then slowly turn around!"

The man did not seem surprised by Xia ruofei's appearance. He cooperatively threw the machine gun on the ground, then held the back of his head with both hands and slowly turned around.

When the man was facing Xia ruofei, Xia ruofei's eyes narrowed and his body trembled.

He knew the person in front of him, or to be more precise, this person had become the most unforgettable part of his memory, and he might never forget.

The man's name was Mamba, a small drug lord in Southeast Asia. Of course, this was not the main point.

The reason why Xia ruofei had a deep impression of this person was because he had once met Mamba during a mission.

Furthermore, that was Xia ruofei's first actual combat mission after joining lone wolf and going through strict training and examinations. This mission was to encircle and annihilate the Mamba gang that came to our country's border for trade.

At that time, Xia ruofei's performance was outstanding. After the mission was completed, there was an additional third – Class merit form in his file.

The reason why he was able to get his first Military Merit was because he had killed a person on his first shot in this mission.

This was the first time Xia ruofei had killed someone. He clearly saw through his crosshair that his target's head had been shot through. After firing the shot, he could not help but retch.

The person he had killed was Mamba!

A dead person suddenly appeared in front of him alive. The shock was simply indescribable.

Xia ruofei could even see a bloody hole on the Mamba's forehead, from which blood and brain matter were flowing.

Mamba's eyes were lifeless and his face was pale. He stared straight at Xia ruofei and muttered, "I'm in so much pain ... So much pain ..."

Xia ruofei felt his hair stand on end, but he quickly forced himself to calm down.

It must be an illusory formation! Xia ruofei thought to himself, "all of this is fake!"

Xia ruofei gritted his teeth and said to himself, "You killed him with one shot when he was alive. Now that he's dead, you're afraid of him? At most, I'll just beat him to death again!"

After he had calmed down, Xia ruofei pulled the trigger without hesitation.

The crisp sound of a gunshot rang out in the forest, and blood bloomed from Mamba's chest. He clutched his chest and said, "You ... You're so cruel ..."

As the Mamba slowly fell to the ground, Xia ruofei felt the world spinning and a strong wind blew in the forest.

When he opened his eyes again, he found that the scene had changed.

This time, he was in a desert. Not far in front of him, an all-terrain vehicle was burned to the ground, leaving only its skeleton.

Seeing this scene, Xia ruofei did not even need to recall anything to immediately recall the scene back then.

That was his second actual combat mission with the team. In this mission, he accurately hit the fuel tank of the all-terrain vehicle that the terrorists were in while constantly moving. The vehicle caught fire and exploded on the spot, and the four terrorists on the vehicle also died on the spot.

As expected, he soon saw four figures appear in front of him.

The four of them were all burnt black. One of them had a broken arm and it was hanging by his side, covered in blood. They dragged their feet and walked towards Xia ruofei with blank eyes, leaving four blood-red footprints in the desert ...

Xia ruofei's eyes were cold as he fired without hesitation.

Pa! Pa! Pa! Pa!

The crisp sound of gunfire continued to ring out, and the four terrorists fell to the ground without any suspense ...

Then, the scene kept changing. Different people kept appearing in front of Xia ruofei.

Some of these people were extremely vicious ruffians, some were cunning drug lords, and some were cold-hearted killers.

They all had one thing in common, which was that they had either been killed or captured by Xia ruofei.

Those who were captured alive basically couldn't escape the death penalty.

Therefore, these people were actually dead.

Xia ruofei could feel the anger in his heart building up. He knew that everything was fake, but the people he had killed before had appeared in front of him one by one, and they were all in terrible States after their deaths. This had a huge impact on his heart.

?

#### Chapter 1504: Seemingly real yet illusionary (3)

Most importantly, even if Xia ruofei knew that this was an illusion, he did not know how to break it. Was he going to keep repeating this forever? How was he going to get out?

As the scene changed, Xia ruofei's expression changed again.

This time, he was not looking at the enemy he had killed, but his own comrade.

The lone wolf assault team often carried out missions for dangerous people, and there would be a reduction in manpower at any time. In Xia ruofei's career in the Army, he had experienced many comrades – in – arms sacrificing their lives.

The first person who appeared in front of him was the leader of a team. During a border mission, a soldier of a team stepped on a trigger mine. In order to save the soldier, the leader of the team was seriously injured on the spot and died before the rescue helicopter landed.

Blood kept flowing out of the captain's mouth. He looked at Xia ruofei with a bitter smile and said, ""Blood Wolf, it's really not a good feeling to be bombed by a landmine ..."

Xia ruofei kept panting heavily. The string in his head was so tight that it seemed like it would break at any moment.

Xia ruofei could kill the people who had died under his gun, but what about his former comrades? Even if he knew that everything was fake, it all looked so real. How could he do it?

Just as Xia ruofei was at a loss, one figure after another appeared beside him. He would never forget these people ...

There was the sniper of the fourth squad, little Zheng. He had been discovered by the enemy sniper during a mission, and when he was sacrificed, the powerful sniper bullet had almost blown half of his head off.

Xiao Mao, the communications soldier of the second squad, was shot in the face during a jungle battle and died on the spot.

The squad leader, old Luo, who had died on the mission at the three mountains, also appeared in front of him.

These people surrounded Xia ruofei. Some were reminiscing about the past while others were talking about how they felt when they sacrificed themselves.

Xia ruofei felt as if his head was about to explode. His entire body trembled and he panted heavily. His eyes were bloodshot.

At this moment, Xia ruofei's eyes suddenly narrowed and he revealed a complicated expression. He urged Hu Zi to appear in front of him.

Lin Hu's signature frivolous smile was still on his face. He carried his Type 95 automatic rifle in a very irregular posture and raised his eyebrows at Xia ruofei.

"Blood Wolf, you're rich now! You're already a Big Boss!" Lin Hu said to Xia ruofei with a smile.

Lin Hu and Xia ruofei were soldiers of the same year. They were both selected as lone wolves and had gone through life and death together. In the end, he had sacrificed himself to protect Xia ruofei.

One could imagine Xia ruofei's mood when he saw Lin Hu under such circumstances.

He clearly saw that although Lin Hu was talking with a smile, there were shocking bullet holes in his chest and thighs. The jungle camouflage was already soaked in blood, and blood was still gurgling out as he spoke.

Xia ruofei knew that everything was fake, but he still couldn't help but say in a trembling voice, "Hu, it's all my fault ... I didn't notice the sniper, or you wouldn't have ..."

Xia ruofei did not address Lin Hu by his codename wild wolf. Lin Hu smiled and said, "Ruofei, we're comrades. What do comrades do? Aren't they just people who block bullets from each other on the battlefield?"

Xia ruofei could not help but tear up. He could no longer tell what was real and what was fake.

"Hu, after you left ... I contacted Auntie and Qiao'er. I treated them like family and did my best to take care of them ..." He said.

"I know, I know ..." Lin Hu smiled and said, "brother, you're so thoughtful ..."

"No, I haven't done enough ..." Xia ruofei said. "I promised you that your mother will be my mother from now on ..."

Lin Hu did not let Xia ruofei continue. He waved his hand and said, "Alright, alright. Ruofei, it's time for you to make a move ..."

Xia ruofei was stunned.

The corner of Lin Hu's mouth curled up and he said, "We're all dead, don't tell me you forgot? Shoot! Shoot us and you'll be able to leave!"

"No... No..." Xia ruofei's voice trembled. "I can't do it ..."

His hand that was holding the gun was trembling, and he was on the verge of a mental breakdown.

Lin Hu, squad leader Luo, Xiao Zheng, Xiao Mao, and the captain of the First Division were all trying to persuade Xia ruofei to shoot.

A cacophony of noises entered his ears. Xia ruofei felt as if his head was about to explode.

If Xia Qing could still sense the situation outside, she would find that Xia ruofei had been standing in the same place with his hands holding his head. His whole body was trembling and he was mumbling to himself. He was extremely agitated.

In fact, Xia ruofei was in a very dangerous situation.

This illusory formation was very powerful. From a single enemy to multiple enemies, and finally to Xia ruofei's sacrifice of his comrades, everything was done step by step. No matter how calm Xia ruofei was, he was on the verge of a mental breakdown.

This was the best time for the inner demon to take advantage of the situation.

Just as Xia ruofei was about to lose control and lose control, the great Dao technique in his body suddenly started to operate on its own.

Rays of light interweaved on Xia ruofei's body. Xia ruofei, who was in the illusory formation, suddenly felt a cool sensation in his head. All the noise seemed to have disappeared.

Then, Xia ruofei felt a flash before his eyes and he was back in the darkness.

Even though it was pitch – Black here, Xia ruofei felt a sense of security.

He took out his Zippo lighter and looked at it. He realized that he had been standing still the whole time. There were more than a dozen bullet shells scattered under his feet. It was obvious that he had shot the enemy in the illusion array in reality.

Xia ruofei could feel that his clothes were already drenched in sweat.

This illusory formation was too real and too terrifying. He didn't even know how he had walked out at the last moment, nor did he know that the great Dao Arts in his body had actually activated on their own at the most critical moment.

No matter what, he had finally walked out of the illusory formation.

Xia ruofei gathered his emotions and continued to walk forward with the Zippo lighter in his hand.

He had only taken five or six steps when he suddenly stopped. He saw a white figure within the range of the Zippo lighter.

The White figure had her back to him and was standing quietly not far in front of him. From the back, it should be a woman, because she had long hair that reached her shoulders.

Perhaps she had heard Xia ruofei's footsteps, the woman slowly turned around.

She turned around very slowly and silently, giving people a strange feeling.

Xia ruofei looked at the White figure warily and clenched his gun.

Soon, Xia ruofei saw a white figure with the help of the Zippo lighter. The figure had turned around and his face was pale.

However, when Xia ruofei saw the face clearly, he was not afraid. Instead, he was overjoyed ...

?

## Chapter 1505: Magical beast (1)

The Woman in White was Song Wei, the one that Xia ruofei had been worried about.

The moment he saw Song Wei, Xia ruofei's tensed heart relaxed. He took a few steps forward and stood in front of Song Wei.

"Song Wei, I finally found you!" Xia ruofei said. You don't know how worried I was for you just now!"

Song Wei's face was pale. She stared at Xia ruofei and said,""Why are you doing this to me?"

Xia ruofei was stunned for a moment and said,""Um ... I'm sorry, Song Wei ... I didn't know that the altar would change like that. I was caught off guard and fell in here. I didn't mean to leave you behind ... Well ... Let's not talk about this, let's talk about you! How did you get here? What happened outside just now?"

Facing Xia ruofei's question, Song Wei's expression remained cold.

"I'm not talking about that!"She said.

"Ah?" Xia ruofei looked at Song Wei in confusion. Under the flickering light of the Zippo, he couldn't see clearly. He only felt that Song Wei's face was extremely pale and she must have been frightened.

Song Wei stared into Xia ruofei's eyes and asked,""I'm asking ... Why did you shoot me?"

Xia ruofei was stunned. Could it be ...

He thought of a possibility. When he was trapped in the illusion array just now, he kept shooting at the illusionary enemies, and in reality, he also found the bullet shells on the ground, which meant that he was actually shooting randomly on the spot.

As for Song Wei, she was so close to the place where he was trapped earlier. There was a high possibility that she would be hit by a stray bullet in the dark.

Xia ruofei panicked and quickly asked,""You ... You're injured? Where are you hurt? Are you okay?"

At this moment, Song Wei let go of her hand that had been covering her waist. Xia ruofei immediately saw a shocking patch of red.

Xia ruofei's expression changed. He quickly took off his backpack and took out the box containing the petals of the spirit Heart Flower without hesitation.

"Song Wei, don't be afraid!" He said as he opened the box. I can definitely cure your injuries ..."

When Xia ruofei was opening the box, he glanced at Song Wei's feet from the corner of his eye. Suddenly, he had an idea.

He picked up a petal with a pair of tweezers and said, ""Don't be angry with me. I didn't mean to hurt you. I was trapped in an illusory formation just now. I met some enemies in the formation, so I shot you ... With our relationship, how could I deliberately shoot you?"

"That's hard to say!" Song Wei snorted. Maybe you've met another Vixen?"

Xia ruofei laughed awkwardly and said, "how is that possible?" Don't let your thoughts run wild, I'll help you apply the medicine!"

After he finished speaking, he picked up a petal of the spirit Heart Flower and brought it close to Song Wei's wound.

Song Wei's eyes flickered as she gathered strength in her hands.

However, just as she was about to attack, Xia ruofei, who was bending over to apply medicine on her, suddenly took a wrong step and placed a military dagger on Song Wei's neck.

Song Wei's expression changed. She looked aggrieved and scared as she said, "RUO Fei, you ... What are you doing?"

Xia ruofei's lips curved up and he said, ""You're not Song Wei!"

"What nonsense are you talking about?" Song Wei's eyes flickered. "You don't even recognize me?"

"It seems that you still don't understand the principle that the more you talk, the more likely you are to lose." Xia ruofei laughed and said, "I tested you a little and you really gave yourself away!"

"I don't understand what you're saying ..." Song Wei said.

"Alright! I'm not even in a relationship with Song Wei, how could she say those things!" Xia ruofei said, "are you still going to continue acting? Speak! Who are you?"

When Song Wei heard this, the aggrieved look on her face disappeared. She sneered and said, "I didn't expect you to be so vigilant! I'm just curious, when did you start to be suspicious?"

"It's not good to be too curious!" Xia ruofei smiled and said, "but since you want to know, I'll tell you! Song Wei is just an ordinary weak girl. If she was hit by a stray bullet, even if she didn't fall to the ground, she wouldn't be able to stand as steadily as you did just now. Her legs didn't even tremble. Even a well – trained Special Forces soldier wouldn't be able to do that!"

After 'Song Wei' heard Xia ruofei's words, she revealed a ferocious expression and said, ""So what if you saw through me? Since you dare to come in, don't even think about leaving alive!"

As soon as she finished speaking, she quickly retreated, and at the same time, a wisp of yellow smoke came out of her body.

Xia ruofei looked calm and composed, but he was already on full alert. The moment "Song Wei" moved, he immediately followed her like a shadow. At the same time, the dagger in his hand cut through her neck without hesitation.

"Song Wei" groaned and rolled on the ground, turning into a small yellow beast. It looked like a weasel, but it had three tails.

There was a wound on the little yellow beast's body. Xia ruofei had just made a cut, but it was not on the fatal neck. It seemed that when it transformed into a human, it had deliberately avoided the fatal part.

?

#### Chapter 1506: Magical beast (2)

The little yellow beast was as fast as lightning as it tried to escape into the darkness. Xia ruofei's movements were also very Swift. The dagger in his hand flew out and shot towards the little yellow beast like a bolt of lightning.

The military dagger stabbed into the little yellow beast's hind leg, causing its body to suddenly stop moving.

It was not that Xia ruofei's Flying Dagger had lost its aim. The main issue was that the little yellow beast was too fast. It would be difficult to kill it in one shot.

As Xia ruofei threw out his military dagger, he did not hesitate to pull out the loaded pistol from his waist. Without a word, he fired in the direction of the yellow beast.

The bullets landed on the ground and created sparks. The little yellow beast's body kept changing. There was no pattern to its movement. Xia ruofei could only rely on his senses to keep shooting until he ran out of bullets.

The Zippo lighter had already fallen to the ground, but its excellent performance ensured that it continued to provide light.

With the help of the weak light, Xia ruofei could see that he had shot the little yellow beast at least twice. One of the shots had been shot through its neck. It must have been seriously injured as its footsteps had slowed down.

Unfortunately, even though Xia ruofei reloaded his gun very quickly, the little yellow beast still managed to escape into the darkness and took his military dagger with it.

Xia ruofei understood the principle of not giving chase to a cornered enemy. Moreover, he was in a strange and strange environment. Naturally, he would not give chase rashly.

Xia ruofei stood still, panting. It was too dangerous.

This little yellow beast could actually transform into a person he was familiar with, and there were almost no flaws.

After experiencing the mental torture in the illusory formation, he finally escaped from it. This was the moment when he was the most relaxed. At this moment, the little yellow beast changed into Song Wei's appearance and Xia ruofei almost fell for it.

Just as Xia ruofei was feeling a wave of lingering fear, Xia Qing's surprised voice suddenly rang in his mind. "Mirage beast?"

Xia ruofei was stunned for a moment and then said in surprise, "Xia Qing, you can send out your divine sense now?"

As he asked, he quickly felt around and found that he could connect to the spirit map space again with his mind. He immediately felt a lot more at ease.

Xia Qing replied, "master, I've been trying to communicate with the outside world with my divine sense. It's just that I've always been suppressed. Just now, I felt that the power of suppression had disappeared."

"This is a good thing!" Xia ruofei said and then asked, "what magical beast did you just say? What the hell is this?"

"It's that little yellow beast that just escaped," said Xia Qing. "I released my divine sense to the outside world and just happened to find that it had escaped."

"So that thing is called a magical beast!" Xia ruofei exclaimed, "it can actually change into Song Wei's appearance. That's too scary!"

Xia Qing said, "this is an innate ability of magical beasts. They can change into any shape. This magical beast only has three tails. If it can evolve to nine tails, it will be even more terrifying!" An illusory formation that can be arranged with a wave of the hand can even trap a Jindan expert!"

Xia ruofei couldn't help but be dumbfounded. This magical beast was actually so powerful! He counted on his fingers. Qi refining, foundation building, golden elixir ... He was only at Qi refining Level 5 now. He was still a hundred and eight thousand miles away from golden elixir! The nine – tailed Mirage beast could actually trap a Jindan expert by casually setting up an illusion array!

'Fortunately, I only met third last today,' Xia ruofei thought to himself.

Xia Qing continued, "master, the innate skill of the Mirage beast is the Dao of illusion. In addition to being able to change their appearance to pass off as the real thing, they are also natural experts in the field of illusory formations. Moreover, they themselves are the core of the illusory formation, which is equivalent to a moving formation eye. It is very difficult for ordinary people to break it."

Xia ruofei nodded and said, "I understand!" I've experienced a terrifying illusory formation before, and it turned out to be created by that little beast. When he saw that the illusory formation could not do anything to me, he personally came out and changed into Song Wei's appearance to confuse me. He wanted to take advantage of my unguarded state to attack!"

"That should be the case," Xia Qing said. "That's why after the Mirage beast was seriously injured by its master, the illusory formation boundary it had set up was naturally broken. That's why my spiritual sense was no longer suppressed!"

"This thing is too scary ..." Xia ruofei felt that it was a little unbelievable.

Xia Qing said, "master, this also explains one thing. Either this magical beast had already discovered you before you came in, or miss song had also entered this place. Otherwise, it would be impossible for it to change into miss song's appearance."

Xia ruofei felt strange and said, "that's not right!" In the illusionary array, I met many of my former enemies and comrades, but the illusionary beast had never seen them before!"

Xia Qing explained, "everything in the illusory formation is actually master's own imagination. Those people originally existed in your mind, so it's not wrong to say that they're inner demons. The illusory formation is only to stimulate these negative things." But the magical beast can't read your memories, it must have seen her before to be able to change into miss song's appearance!"

Xia ruofei's expression changed. "Oh no, Song Wei has no cultivation at all. If that's the case, she's in danger!"

"Maybe the Mirage beast could sense the scene on the stone platform." Xia Qing consoled him, "master, you don't have to worry too much ..."

"No matter what, we have to find this beast and kill it. Otherwise, I won't be at ease!" Xia ruofei said.

Xia Qing smiled and said, "I also agree with this point!" Destroying the magical beast is also beneficial to master!"

"Oh? What kind of benefits?" Xia ruofei asked.

"You'll know when you find it and destroy it!" Xia Qing said with a smile, "the biggest threat of a Mirage beast is its ever – changing form. But it's already injured, and it can't become your acquaintance to confuse you. As long as we can find it, it shouldn't be difficult to kill it."

"You actually kept me in suspense ..." Xia ruofei mumbled.

Then, he picked up the Zippo lighter that was still on fire. Before, he was a little worried that he would fall into complete darkness after running out of oil, but now that he had restored his connection with the spirit map space, he didn't have to worry about that anymore. There was an entire bottle of lighter oil in the misty space.

Xia ruofei first put the box containing the petals of the spirit Heart Flower, the Mountaineering Bag, and other things into the spirit map space. Then, he held a gun in one hand and a lighter in the other as he fumbled forward.

There were still strange blue bloodstains left behind by the Mirage beast on the ground. Xia ruofei followed the trail of blood and ran forward.

Now that he had the spirit map space and Xia Qing's assistance, Xia ruofei was more confident.

He walked in the dark for more than ten minutes and didn't encounter any danger along the way. Perhaps the magical beast was seriously injured and had no way to come out and cause trouble.

The blue bloodstain continued to extend forward.

Xia ruofei muttered to himself, "you can run!" He's been shot twice and stabbed with a knife, but he's still able to hold on this far ..."

He continued to move forward for a few dozen meters, and the blue blood disappeared into a dark hole.

Xia ruofei couldn't help but be a little stunned. The hole was only about 20 to 30 centimeters in diameter. Of course, it wouldn't be a problem for the mythical beast to get in, but he was a living person. No matter what, he couldn't get in.

"Xia Qing! This is the Mirage beast's nest right?" Xia ruofei used his spiritual will to tell Xia Qing, "what should we do? If it hides in this rat hole and doesn't come out, we can't do anything to it!"

Xia Qing muttered to herself for a while and said, ""Master, please wait ... I might have a way!"

"Okay, you think of a way as soon as possible. I'll watch over the cave entrance. Don't let it get away again!" Xia ruofei said.

After a short while, Xia Qing said, ""Master, I've prepared something for you. Please take it out!"

Xia ruofei's mind entered the spirit map space and saw Xia Qing holding a bag in her hand. He directly brought the bag to the outside world.

Xia ruofei opened the bag and saw some dried herbs.

"What is this?" Xia ruofei asked.

?

Chapter 1507: A rare treasure (1)

"Master, this is a thorny vine root." Xia Qing said, "didn't you store some medicinal herbs at the Archean realm in the past? Coincidentally, there are still some rattan roots left ..."

"This thing can draw out the Mirage beast?" Xia ruofei asked in disbelief.

After Xia Qing's reminder, he also remembered that among the Chinese medicinal herbs he had hoarded in the past, there seemed to be an herb called thorny vine root.

However, this was just an ordinary herb, just this thorn vine root alone could make the Mirage beast come out obediently? Xia ruofei felt that it was a little unreliable.

Xia Qing smiled and said, "master, it's not to lure them out, but to force them out." Magical beasts hate the smoke from burning the thorny vines. If you light the thorny vines and let the smoke enter the cave, it definitely won't be able to stand it. "

Xia ruofei nodded and said, ""There's no other way anyway, so this is the only way. I hope there's no other exit!"

With that, Xia ruofei poured out all the thorny vines from the bag and piled them up at the small hole. Then, he lit them up with the Zippo lighter.

The thorny vine roots were extremely dry, and they almost caught fire.

These intertwined wild vines quickly produced smoke after burning. Xia ruofei sniffed it and didn't feel any difference from the smoke from ordinary firewood.

However, he was still very confident in Xia Qing's judgment, so he didn't care too much. He directly added a true energy shield on top of the pile of burning Bramble roots, not letting a trace of smoke leak out. Then, he used his true energy to force all the smoke into the cave.

"Master, be careful of it escaping, the speed of a magical beast is still very fast." Xia Qing reminded.

"Understood!" Xia ruofei grinned.

After the illusory formation lost its effect, Xia ruofei felt that the suppression of his spiritual power was not as strong as before. Hence, after he was forced into the smoke, he had already released his spiritual power and was fully focused on the situation in the cave.

In less than a minute, Xia ruofei felt some movement in the cave.

His spirit was roused, and he focused his energy to guard the entrance of the cave. As long as the Mirage beast dared to come out, he would make it a one – way trip!

Suddenly, Xia ruofei felt his vision blur and a yellow shadow jumped out of the hole.

He subconsciously reached out and accurately grabbed the rear leg of the magical beast. Then without thinking, he swung the magical beast and heavily smashed it to the ground.

With a muffled sound, the Mirage beast was thrown to the ground by Xia ruofei.

"Master! Use that hidden weapon of yours!" Xia Qing said, "the Mirage beast's skin is rough and its flesh is thick. We can't hurt it like this!"

As expected, before Xia ruofei could finish his sentence, the Mirage beast had already rolled up from the ground.

Xia ruofei did not hesitate to take out a pistol from the spirit map space.

Xia ruofei's movements were as smooth as floating clouds and flowing water. After a second, the bullet was accurately shot at the magical beast.

The magical beast ran forward quickly while changing its trajectory left and right, hoping to avoid Xia ruofei's "hidden weapon."

Unfortunately, it was no longer able to set up an illusion array after it was injured. Besides, Xia ruofei's spiritual power was not suppressed by the array. Under the cover of his spiritual power, its movement trajectory could not be hidden.

Even though it was only a second and the Beast had already disappeared into the darkness, Xia ruofei could still "see" its figure clearly with the help of his spiritual power.

His bullets chased after the Mirage beast, and soon a bullet hit the leg of the Mirage beast, causing its speed to drop by a large amount.

Xia ruofei struck while the iron was hot. He did not hold back on his bullets at all as he fired at the mythical beast.

“Master, don’t hit the head!” Xia Qing reminded him again with some urgency.

Xia ruofei’s gun slightly lowered. The bullet that was supposed to hit the beast’s head went straight into the beast’s neck.

This shot was fatal, after the Mirage beast’s legs kicked a few times, it died in a pool of blue blood.

“You ambushed me and still want to run?” Xia ruofei mumbled to himself as he carefully approached the mythical beast with his gun.

At the same time, his mind power had almost enveloped the magical beast. If the magical beast was faking its death or had other conspiracies, it would be hard to escape Xia ruofei’s detection.

The Mirage beast was really dead.

Xia ruofei came closer and realized that the magical beast was not moving. He stretched out his leg and kicked it a few times but there was no movement.

Only then did Xia ruofei relax, but he was still holding the gun tightly.

“Master, the beast is already dead.” Xia Qing said, “there’s a tuft of hair under its neck, and it has now turned completely white. This means that its life force has completely dissipated.”

Xia ruofei observed for a while and found a tuft of white fur under the neck of the magical beast. This magical beast was yellow in color.

Xia ruofei felt that it was quite fresh, but he knew that Xia Qing would not lie to him, so he was completely at ease.

This was the most dangerous time for Xia ruofei since he got the spirit map. Especially when the magical beast changed into Song Wei’s appearance, Xia ruofei almost fell for it.

That was why he hated the magical beast to the bone. Now that he had finally destroyed the magical beast with his own hands, he felt quite relieved.

Now that he had killed the Mirage beast, Xia ruofei was ready to go and find Song Wei. In this underground Palace where danger lurked everywhere, Song Wei, who had no cultivation at all, was definitely in a very dangerous situation. Xia ruofei was also very anxious at this moment.

However, just as Xia ruofei was about to leave, Xia Qing said, “Master, don’t be in such a hurry to leave, the magical beast’s treasures haven’t been taken yet!”

?

Chapter 1508: A rare treasure (2)

Xia ruofei was stunned for a moment and said, "there's a treasure hidden on the Mirage beast?" Why didn't I see it? But I can't get my military dagger back ..."

Xia ruofei's military dagger was a spoil of war from his mission. It had been with him for many years. When the magical beast came out of the cave, it did not bring the dagger with it. It must have been taken down by the magical beast after it returned to the cave.

The cave was so small that Xia ruofei would not be able to retrieve his military dagger if it was in there. He felt that it was a pity.

"Master," Xia Qing said with a smile, "if the magical beast didn't have any treasures on it, why would I call you over to hunt it?"

"Isn't it for revenge?" Xia ruofei laughed and asked, "I remember now. Just now, you said that killing the magical beast would be good for me. Now that the magical beast has been killed, tell me what the good is! Don't keep me in suspense!"

"Yes, master!" Xia Qing said, "didn't I just remind master not to hit its head? The beast's treasure is in its head, master, please cut its head open!"

"Alright!" Xia ruofei said.

He took out a saber from the spirit map space. Although the military dagger was lost, there were still a few sabers in the space.

The body of the dead magical beast was not completely stiff, so Xia ruofei easily cut open the beast's head.

"Master, you need to find a piece of the skull." Xia Qing said, "it's very different from ordinary skulls and is easy to distinguish. There are many natural Dao patterns on this skull. It's a pity that this illusionary beast is only at the three – tailed realm. If it was nine – tailed, that Dao pattern would be even more precious ..."

Xia ruofei rolled his eyes and said, "if it was nine – tailed, would I still be alive?"

"That's true!" Xia Qing said with a smile.

With Xia Qing's guidance, Xia ruofei's efficiency was naturally very high. Of course, it was also because the skull's target was very obvious. Very quickly, he found the skull with the natural Dao pattern.

In order to find it, Xia ruofei had to search for it, and his hands were covered with blue blood.

He placed the Dao bone of the illusionary beast to the side and took out a bucket filled with spirit pond water from his space. He first washed his hands and then placed the Dao bone into the bucket to wash it.

After pouring the water away and putting the bucket back into the medium, Xia ruofei took the Taoist bone and asked, "Xia Qing, what is the use of this skull? To think that you would call it a treasure!"

“Master, you can use your spiritual power to sense those Dao patterns and you’ll know,” Xia Qing said with a smile.

“So mysterious ...” Xia ruofei mumbled as he released his spiritual power.

“Eh?” Xia ruofei could not help but raise his eyebrows.

When his mind power came into contact with the natural Dao patterns, he immediately felt a mysterious aura blowing in his face. He couldn’t help but immerse himself in these mysterious patterns.

After a long time, Xia ruofei finally broke away from this mysterious state. He suddenly realized that his realm had increased by another level and was very close to Qi disciple Level 6.

“So magical! My cultivation has obviously improved!” Xia ruofei couldn’t help but exclaim.

He wasn’t in a state of cultivation at all just now. He was just sensing those Dao patterns, and it actually increased his cultivation. This was simply unheard of.

“Master, the improvement in cultivation is only a small aspect.” Xia Qing laughed and said, “this Mirage beast’s Dao bone is naturally passed down. It will be very helpful for your comprehension of the array Dao if you study it frequently.”

Xia ruofei’s heart skipped a beat. Soon, he realized that his understanding of array Dao had improved by quite a bit, especially in the illusion array Dao. It was a whole lot higher than before.

The knowledge of arrays had been transferred to Xia ruofei’s mind through the Jade talisman of inheritance. Although he did not need to spend much effort to digest all these insights, he now felt that his understanding of arrays had always been very shallow. Many parts that he did not understand before had suddenly become clear.

Xia ruofei even felt that he could easily set up an illusion array now. If the quality of the materials was good enough, the power would not be low.

“It’s really a treasure!” Xia ruofei said.

“Master, you can take out this Dao bone of the illusionary beast frequently to comprehend.” Xia Qing said, “not only will it be helpful to your array Dao cultivation, but it will also be of great help to your cultivation comprehension.”

Xia ruofei nodded and said, “got it!” Xia Qing, it’s all thanks to your profound knowledge, or else I would have missed out on this treasure!”

Xia ruofei had the urge to sit down and comprehend it again. The feeling of being completely immersed in the natural Dao pattern was wonderful.

However, he also knew that the most important thing now was to find Song Wei. Thus, he endured his reluctance and put the Dao bone into the spirit map space to store it properly.

This trip to xiangnan province had been full of twists and turns. However, after obtaining this Dao bone of an illusionary beast and not finding a single world stone, Xia ruofei felt that this trip had not been in vain.

Xia ruofei continued to explore in the dark.

This corridor was different from the previous one. Although it was dark, there were not many forks and turns. Xia ruofei just walked in one direction.

Unconsciously, Xia ruofei felt that the darkness around him seemed to have lightened. At first, he thought it was an illusion. When he put the lighter away and closed his eyes for a while, he opened them again and slowly raised his hand.

Sure enough, he found that he could see a faint outline of Yingying's face. It had been completely dark just now, and he couldn't even see his fingers.

Xia ruofei decided not to use the lighter to light up the place and continued to walk forward.

Because the suppression of his spiritual power was much weaker now, he could still release his spiritual power to explore the way, so he could still see the way.

After moving forward for a while, Xia ruofei realized that the darkness had faded. Now, he could vaguely see his own legs.

Although he did not find the source of the light, Xia ruofei felt that it was getting brighter as they walked. This meant that they should be out of the dark environment soon.

Just like that, Xia ruofei walked forward for a full half an hour. The environment was not dark anymore. It was a little like an evening environment where one could see the road clearly, but it was not the kind where the sun was shining.

Just as Xia ruofei quickened his pace, he suddenly felt a strong gust of wind.

At the same time, Xia Qing also reminded him, "Master, be careful!"

In fact, Xia ruofei had already sensed the danger, so he dodged to the side at once. A flash of light flashed in front of his eyes. If he had reacted half a second slower, he would have been beheaded.

Xia ruofei finally saw clearly. A big man in ancient clothes was holding a ghost head blade. He came out of nowhere and launched a fierce attack without saying a word.

"Master, that's a puppet!" Xia Qing reminded him, "you must be careful!"

Xia ruofei's expression couldn't help but turn serious. Fortunately, Xia Qing had warned him. Otherwise, this puppet that could pass off as the real one would really be in danger.

After all, if it was a human, some attacks could be fatal, such as the heart. However, puppets were different. Their chests were not necessarily their fatal spots.

If Xia ruofei had heaved a sigh of relief after hitting its heart, he might have been in danger of death the next moment.

Xia ruofei didn't dare to be slow. He held a dagger and rushed forward.

Compared to a human, a puppet's agility was not as good. Xia ruofei fought with ease. The puppet's attack seemed sharp, but it could not even touch Xia ruofei's clothes.

Xia ruofei, on the other hand, quickly found an opportunity and stabbed the puppet's heart.

If an ordinary person was stabbed in this part, they would definitely die on the spot.

However, the puppet was completely fine. It felt no pain or fear.

What was even more strange was that the puppet's chest had been deeply pierced by a knife, but not even a drop of blood flowed out. There was only a shocking wound.

"Master, try to break his head!" Xia Qing said.

"Understood!" Xia ruofei said calmly.

He continued to fight with the puppet, relying on his agile movements to move around the puppet. In the blink of an eye, the puppet had been hit many times, but its combat power had not decreased at all.

Just as Xia ruofei was about to stab the puppet for the fifth time, a pistol suddenly appeared in his hand when he was close to the puppet.

Xia ruofei pointed the gun at the puppet's temple and pulled the trigger ...

?

Chapter 1509: Giving a helping hand\_1

With a bang, the puppet fell to the ground and stopped breathing.

Xia ruofei looked up and saw that the puppet's head had been shot by a bullet at close range. Although there was no blood flowing out, it was likely that the core had been destroyed, so it naturally lost its ability to move.

Xia ruofei felt much more at ease now that he could deal with the puppet with a pistol.

Although he had cultivated a top – notch technique like the great Dao Arts, he had not dabbled in any techniques that involved fighting between cultivators.

Just like when he was fighting with the puppet, he relied more on his strong physical fitness and special Forces combat skills. In this case, it was not a big problem to protect himself, but it was also difficult to cause damage to the rough and thick – skinned puppet.

In comparison, Xia ruofei had more confidence in using guns to solve the problem.

After being in the Special Forces for a few years, Xia ruofei was familiar with all kinds of firearms, not to mention this standard pistol. In addition, he still had a lot of bullets stored in his interspace. Even if he encountered multiple puppets, he was confident that he could escape unscathed.

Xia ruofei checked the bullets in his magazine and then squatted down to check the puppet.

The more he looked, the more familiar he felt. He couldn't help but mutter to himself, "Why does this Golem look so much like the sculptures on the two sides of the corridor? Don't tell me those sculptures ..."

When he thought of the dense sculptures on both sides of the corridor when he first entered the underground palace, Xia Ruofei couldn't help but feel a chill in his heart. If these sculptures were all fearless puppets, what a terrifying force it would be!

Xia Ruofei felt that the underground palace was getting more and more mysterious. He started to doubt Song Wei's speculation that it was a Ming Dynasty Tomb.

Even if it was the Tombs of the Nobles or even the Imperial tombs, it was impossible for there to be mythical beasts or puppets, right?

At this moment, Xia Ruofei felt a strong gust of wind.

He was still crouching on the ground to check on the puppet, so he quickly rolled forward. At the same time, he quickly scanned the surroundings from the corner of his eye, and sure enough, he saw another puppet appear.

This time, the two puppets attacked him together, one from the front and one from the back.

Xia Ruofei looked at the clothing and facial features of the puppets. He felt that they were the statues on the two sides of the corridor. Perhaps they were usually in a petrified state. He did not know what triggered them to wake up and start attacking the intruders.

Xia Ruofei used his agile movements to deal with the two puppets while thinking quickly in his mind.

If all the statues were to wake up, Song Wei would be in even more danger.

Xia Ruofei was a little anxious. He didn't want to continue fighting. He took the opportunity when he passed by the two puppets and rushed forward.

The two puppets were obviously not like Xia Qing, who had a certain level of self-consciousness. When they saw Xia Ruofei escape, they didn't say a word and flashed in Xia Ruofei's direction.

As Xia Ruofei was charging forward, he saw two more puppets appear in front of him. They formed a pincer attack with the previous two puppets.

Xia Ruofei frowned. It seemed like he couldn't just hide. If he did that, he would attract more and more puppets. Even if he had a gun, he might not be able to deal with them!

Xia Ruofei made up his mind. Since that was the case, he would kill one if one came, and kill two if two came.

After he made up his mind, he no longer hesitated. As he ran, he raised his hand and fired two shots.

Although he was running at a high speed and did not aim at all, Xia Ruofei's marksmanship was not that simple. He had been trained to shoot tens of thousands of bullets every year. One of the two bullets directly blew up a puppet's head, and the other shot missed because the puppet stopped in its tracks by accident and hit its neck.

The puppet whose head had been blown off fell to the ground, but the puppet whose neck had been shot looked as if nothing had happened. A fatal injury to a normal human had no effect on the puppet. His eyes were red as he surrounded Xia ruofei with the two puppets behind him.

At this moment, the two puppets had already caught up to him. Xia ruofei could even feel the sharp killing intent behind him.

He was very calm and didn't even look back. He raised his hand and fired a shot behind him, while his body moved sideways.

The puppet in front of Xia ruofei was pouncing towards him. After losing its target, it could not change its direction. The puppet behind him happened to pause after being shot, so the two puppets collided and fell to the ground at the same time.

Although it did not cause any harm, Xia ruofei was waiting for this fleeting opportunity.

Two of the puppets fell to the ground, and the path of the other puppet was blocked.

Xia ruofei had won a few seconds. For a Special Forces elite like him, a few seconds could do a lot of things.

Xia ruofei raised his gun and aimed at the only puppet that was standing. He took a quick aim and fired.

Bang! Bang!

The bullet accurately entered the puppet's forehead and flew out from the back of its head.

There was only a small hole on the puppet's forehead, but there was a large hole on the back of its head.

The puppet maintained its forward charging posture, but its upper body involuntarily leaned back under the impact of the bullet, and it fell to the ground face up.

?

Chapter 1510: Giving a helping hand (2)

After Xia ruofei fired, he did not care about the puppets anymore. He was 100% confident in his marksmanship. He immediately turned his gun and aimed at the two puppets that were clumsily getting up from the ground.

Bang! Bang! Bang! Bang!

Without a doubt, before the two puppets could even get up, they were killed by Xia ruofei's spear.

Xia ruofei blew at the muzzle of his gun and ignored the few puppets that had been completely destroyed. He continued to walk forward.

The surroundings grew brighter and brighter. Xia ruofei realized that he was in a ten – meter wide tunnel that extended straight ahead. He had no idea where it led to.

He couldn't find the way out, and he didn't know where Song Wei was. He could only follow this path and move forward.

Along the way, Xia ruofei encountered many puppets. Fortunately, he had good marksmanship and enough bullets, so he passed them easily.

In just ten minutes, he had destroyed at least forty to fifty powerful puppets, all of which were headshotted with one shot.

As they walked, Xia ruofei's sharp senses detected something approaching. He raised his gun subconsciously.

However, unexpectedly, the opponent's speed was extremely fast this time. Xia ruofei felt a white light flash by. He had no time to shoot and could only subconsciously Dodge to the side.

Xia ruofei felt a gust of wind blow past his face. Then, two more puppets appeared in front of him and were charging towards him.

Xia ruofei couldn't be bothered to think about what that white light was and quickly fired two shots.

This time, the pursuing puppets seemed to be much more agile than the ones he had encountered before. They dodged at the same time, and one of the bullets missed slightly and brushed past the face of one of the puppets, blowing off one of its ears. The other bullet missed.

Xia ruofei was stunned for a moment. At this time, the two puppets had already arrived in front of him. Xia ruofei quickly lowered his body and swept his leg. With a bang, Xia ruofei felt as if he had kicked an iron plate. The puppet only shook a little but did not fall.

F \* ck! Xia ruofei cursed.

At this moment, the two puppets had already swung their hard fists at him. Xia ruofei's center of gravity was very low, so he rolled on the ground and dodged the fierce attack. At the same time, he fired another shot.

One of the puppets lost its balance after missing the shot and staggered forward. Xia ruofei's bullet arrived just in time and accurately penetrated its forehead.

Pfft! A hole appeared in the puppet's head.

However, to Xia ruofei's shock, the puppet was not completely dead. It only moved a little slower and its behavior seemed to be a little abnormal. It directly attacked its companion beside it.

Xia ruofei did not have time to think. He took the opportunity when the two puppets were fighting and fired a few more shots.

This time, he didn't hold back on his bullets and fired several shots in a row.

After the gunshots stopped, the two powerful puppets finally lay on the ground and stopped moving.

Xia ruofei stood up with some lingering fear. He glanced at the two puppets that were obviously much stronger than the others.

If the next puppets they encountered were all this powerful, it would be a bit difficult to deal with them.

At this moment, Xia ruofei thought of the white light that had just appeared. He could not help but look in the direction that the white light had flown in.

Xia ruofei's eyes widened.

He saw a pure white little beast staring at him with its black eyes. The pure white little beast looked a little like a civet cat. It was a little afraid of Xia ruofei's pistol and there was a trace of fear in its eyes.

"Xia Qing, what animal is this?" Xia ruofei clenched his gun and looked at the little Beastie vigilantly while asking Xia Qing with his divine sense.

He had almost fallen for the magical beast's trap before, so he didn't dare to take this kind of small and cute animal lightly.

"Master, I can't tell what kind of creature this little beast is ..." Xia Qing said with some uncertainty.

Xia ruofei did not feel the little beast's murderous intent and felt slightly relieved. He walked towards the White beast.

The little white beast quickly retreated, its eyes filled with fear. As long as Xia ruofei had the intention to hurt it, it would run away without hesitation.

Xia ruofei noticed that its hind legs seemed to be injured. Its white fur was stained with blood and it was limping as it retreated.

Even after the little white beast was injured, its speed was still so fast. Xia ruofei did not see anything clearly at all. He only saw a white light flash past his eyes, which made him speechless.

Sensing the little white beast's fear, Xia ruofei smiled gently and said, ""Don't be afraid, I won't hurt you. "

Xia ruofei had a strong affinity with the beast and the little white beast seemed to have a high level of intelligence. It could feel that Xia ruofei did not have any hostility towards it, so its guarded look gradually disappeared.

Xia ruofei continued, "you seem to be injured. If you don't mind, I can help you treat your injuries."

Xia ruofei said as he walked towards the little white beast. Soon, he was in front of it.

Being so close to Xia ruofei, the little white beast started to show fear again.

Xia ruofei squatted down and comforted her. ""Don't be afraid. I don't have any ill intentions. I just want to check your injuries."

With that, Xia ruofei took out a small box of ointment from the spirit map space. It was an ointment concocted with the petals of the spirit Heart Flower and was very effective for external injuries.
