Chapter 1511: Giving a helping hand (3)

Upon closer inspection, Xia ruofei realized that there were three deep claw marks on the little white beast's hind leg. The base of its hind leg was already split open and blood was seeping out.

Xia ruofei comforted the little white beast with his words while using a clean bamboo piece to pick out some black ointment and carefully applied it on the little white beast's wound.

The little white beast trembled a little, and then its vigilance disappeared completely. It showed a trace of comfort. The effect of the ointment added with the petals of the spirit Heart Flower was immediate. It could already feel that the pain in its wound had reduced a lot, and the blood was no longer flowing. It also felt very cool.

The little white beast had confirmed that Xia ruofei really had no ill intentions towards it. It looked at Xia ruofei more affectionately.

Xia ruofei smiled and carefully applied the ointment on the little white beast's wound. Then, he took out medical gauze and tape from the medium and skillfully bandaged it.

Soon, Xia ruofei stood up and said in a relaxed tone, "Alright, little guy, your injuries should be fine in a while."

"Ji ji ji ji ..." The little white beast barked at Xia ruofei, as if it was thanking him for his help.

Xia ruofei chuckled. "No need to thank me. It's fate that brought us together. Besides, the enemy of my enemy is my friend!"

He had just seen the little white beast being chased by the puppet, and the wound on the little white beast had clearly been left behind by the puppet.

Xia ruofei did not know if the little white beast understood him, but it raised its two front legs and put them together. It bowed to Xia ruofei like a human bowing. Xia ruofei could not help but laugh.

He waved his hand and said, "I already said you don't have to thank me. Little guy, you can go!" If you encounter those puppets again, you'd better be smart and run! You're so fast, they shouldn't be able to catch up to you!"

With that, Xia ruofei kept the ointment, gauze, and other things back into the medium and was ready to leave.

He didn't notice that when Xia ruofei kept the items, the little white beast seemed to have felt a spatial fluctuation and its eyes lit up.

Xia ruofei took two steps forward and realized that the little white beast had followed him. It bit his pants and pulled him in one direction.

"What's going on?" Xia ruofei couldn't help but ask.

“Master, it probably wants to take you somewhere.” Xia Qing said, “you might as well follow it and take a look. I don’t think it has any ill intentions.”

Xia ruofei nodded and smiled.””Alright, alright, stop pulling. I’ll go with you, alright?”

The little white beast was indeed very intelligent. After hearing Xia ruofei’s words, it let go of Xia ruofei’s pants and started to lead the way.

Soon, they passed through the straight passage. The path ahead was similar to the trap & kill array that Xia ruofei had used when he first entered. There were more forks in the path, and there was no pattern to it.

However, the little white beast seemed to be very familiar with the environment. It led Xia ruofei through many turns and walked for a full 20 minutes.

Along the way, they encountered many puppets, including the two puppets that were as powerful as the ones that had chased after the little white beast. Fortunately, Xia ruofei had a gun, which was a powerful weapon, so they were safe.

Finally, they arrived at a place.

It was a smooth stone wall, but there was a layer of colorful light on the surface. Xia ruofei used his spiritual power to sense it and cried out in surprise,””This is a formation!”

?

Chapter 1512: Breaking the array (1)

Xia ruofei’s guess was right. The complicated patterns on the smooth stone wall were an array, and it was a rather advanced array.

With Xia ruofei’s current level of array Dao, he could not figure it out at all, let alone solve it.

The little white Beastie cried out a few times and stretched out its front legs to gesture at the stone wall.

“You want me to break this formation?” Xia ruofei asked, half confused.

The little white beast could actually understand Xia ruofei’s words. It immediately nodded like a chicken pecking at rice. However, it was so small that it looked like a miniature civet cat. It was very cute to do such a human – like action.

“Is there a great benefit to you in undoing this formation?” Xia ruofei was confused again.

The little white beast nodded even more frequently, and a sense of urgency could be seen in its eyes.

Xia ruofei jokingly said,”but what good does that do me?” I’m in a hurry to find my friend! Where would I find the time to help you break the formation?”

With that, Xia ruofei made a gesture to leave. The little white beast saw this and quickly ran over to bite the bottom of Xia ruofei's pants. Its eyes revealed a pleading look, and at the same time, it barked and gestured at Xia ruofei.

Xia ruofei could barely understand what it meant and asked, ""You're saying that I'll benefit a lot from cracking the formation?"

"Ji ji ji!" The little white beast nodded repeatedly.

Actually, Xia ruofei's decision to leave was half true and half false. On one hand, he was really worried about Song Wei's safety and wanted to find her quickly. On the other hand, he was also very curious about this stone wall as this formation was not simple. Most importantly, the sensing Jade Leaf hanging on his chest was burning frighteningly. This meant that if he could break the formation, he might be able to find the world stone he needed.

Instead of leaving the mysterious stone wall alone and searching for Song Wei cluelessly, it was better to try and see if he could solve this formation.

Thinking of this, Xia ruofei nodded and said, ""Then I'll try! However, I can't take too long. If I really can't crack it, I can only tell you that it's a pity! I lost my friend and I have to find her as soon as possible. "

The little white beast nodded and gestured at the stone wall a few more times.

Xia ruofei's expression turned serious and he asked urgently, ""You're saying that if I break the formation, I might be able to find my friend?"

The little white beast shook its head and gestured as it called out. However, Xia ruofei did not understand what it meant.

However, he could tell from the little white beast that if he wanted to find Song Wei's whereabouts, it would be best for him to undo this array first.

Regardless of whether the little white beast was telling the truth or not, Xia ruofei had already decided to stay and try it out. Hence, he did not hesitate and immediately focused his attention on the stone wall.

The lines on the stone wall crisscrossed, and dazzling light spots swam quickly on the lines, looking more beautiful than computer special effects.

When Xia ruofei's spiritual power covered it, he immediately felt that the complexity of the array was on the level of hell.

After cracking the earth jade talisman, Xia ruofei had specially studied the array Dao. The array Dao books that could be sealed in the Jade talisman were undoubtedly the best of the best. There were many classic array patterns in these books, but in terms of complexity, none of the classic examples that Xia ruofei had seen could be compared to the array patterns on the stone wall.

Xia ruofei tried to analyze the nodes of the array pattern one by one. At first, he felt that he was getting an idea. However, as the number of nodes increased, he began to come to a completely different and contradictory conclusion. All the previous analysis seemed to have been useless.

Xia ruofei couldn't help but smile bitterly. He rubbed his temples. He couldn't help but feel helpless in the face of this array.

Xia ruofei couldn't help but say, "I don't believe this!" How can there be an Unbreakable Formation?"

After a short rest, he focused his attention on the stone wall.

The little white beast lay quietly on the ground, its eyes looking at Xia ruofei from time to time with a hint of anticipation.

Xia ruofei overcame his impetuous state of mind and gave up on the idea of taking a shortcut. He began to focus on studying this complicated array.

He started to analyze the formation from its most basic structure, from the function and principle of each formation pattern, and then slowly assembled more formation patterns.

Soon, he was immersed in the wondrous world of arrays, even forgetting the passage of time.

Xia ruofei had entered a very mysterious state. He did not even realize that in such a Deep State, his array Dao level was also increasing unconsciously.

"Reverse five elements ... Nesting ... Kun position shift ..." Xia ruofei mumbled as he analyzed.

The little white beast had been waiting quietly the entire time. Xia Qing, who was in the spirit map space, seemed to have realized that Xia ruofei was fully focused on analyzing the formation, so she also remained silent.

They had already cleared out all the puppets on their way here, so no puppets came out to interrupt Xia ruofei's comprehension.

Time passed silently. Ten minutes, twenty minutes, one hour, two hours...A whole four hours had passed. Xia ruofei did not even move a single step. Other than his pair of quick-witted eyes turning from time to time, he stood in front of the stone wall like a statue without moving an inch.

Unknowingly, the formation on the stone wall became clearer and clearer in Xia ruofei's eyes.

Those seemingly messy and complicated array patterns also gradually became organized.

He had to admit that the array knowledge he had obtained from the earth character jade talisman was extremely precious. Perhaps the array techniques involved were not as advanced as the array techniques on the stone wall, but it had made Xia ruofei's array Foundation extremely solid.

It was on this solid foundation that Xia ruofei had the capital to analyze the formation. Otherwise, even if he looked at it for a hundred years, he would not be able to see the hidden meaning.

Xia ruofei's eyes brightened. He even started to simulate the formation in his mind.

The great Dao was simple.

After analyzing the essence of those complicated array patterns, everything seemed to become simple.

After more than five hours, Xia ruofei finally moved.

His eyes were filled with confidence as he took a step forward to the stone wall and pressed his hand on it.

The little white beast couldn't help but close its eyes, as if it couldn't bear to look.

It had tried many times, but it couldn't even touch the stone wall. As long as it got close enough, it would be blocked by the array.

This formation was like a mirror. If one tried to break it with brute force, the backlash would be very strong, and the little white beast had even been injured by it.

It felt that Xia ruofei would definitely suffer if he went up so rashly.

However, it did not hear Xia ruofei's screams. The surroundings were still silent.

The little white beast couldn't help but open its eyes in curiosity, and a look of disbelief appeared on its face.

Xia ruofei's hand had already passed through the layer of brilliant array runes and entered the array directly. It was as if there was no obstruction as he pressed it against the stone wall.

The little white beast's eyes lit up and it stared at Xia ruofei.

Xia ruofei's hand turned into a finger and quickly drew on the stone wall. Genuine Qi passed through his fingertips to the stone wall, forming a pattern that looked like flowing light.

These flowing light runes quickly merged into the original runes, and in an instant, the runes on the entire stone wall emitted a dazzling light. The little white beast couldn't help but squint its eyes.

Streams of light flew quickly through the formation patterns. The light on the surface of the stone wall became brighter and brighter. The light kept accelerating, and finally, the formation patterns could no longer be seen clearly. The seven colors on the surface of the stone wall began to merge and converge.

Xia ruofei finally showed a satisfied smile. He easily retracted his hand.

This was the first time he had cracked a complicated array in the truest sense of the word. Although he did not realize that his array skills had advanced another level in the short few hours, the sense of achievement from cracking such a high level of array was still incomparable.

After the seven – colored flowing light on the surface of the stone wall completely gathered together, a crack appeared in the middle of the stone wall. Then, the stone wall split into two and slowly opened to both sides. The crack grew bigger and bigger.

The little white beast let out a cry of joy, and its body flickered as it entered the crack.

Unfortunately, joy begets sorrow. The seven – colored light was like a tough protective shield, and after the little white beast crashed into it, it was as if it had hit a trampoline. It immediately bounced back at an even faster speed, and then heavily crashed into the mountain wall behind it.

Xia ruofei couldn't help but laugh when he saw this. He said, ""Little fellow, you can't eat hot tofu if you're impatient! The formation hasn't been fully activated yet!"

The little white beast squeaked twice, and a depressed look appeared in its eyes.

Xia ruofei was very fond of this intelligent little white beast. He smiled and walked over to stroke its smooth fur.””Are you hurt?”

The little white beast raised its head with a proud look on its face. Then, it shook its head again, as if to say,”how could I be injured by such a powerful impact?”

Xia ruofei laughed. He carried the little white beast and walked to the stone wall.

The little white beast was also very close to Xia ruofei and did not reject his embrace. It just looked at the hole in the stone wall with a trace of eagerness.

Finally, both sides of the stone wall had disappeared into the mountain walls. Xia ruofei shot out a stream of vital energy towards the colorful light and accurately hit a node of the formation pattern.

Then, the seven – colored light burst like a soap bubble, turning into spots of light and disappearing into the air.

As soon as the protective light barrier was broken, Xia ruofei immediately felt the sensory Jade Leaf in front of his chest tremble.

The little white beast couldn’t wait to get out of his arms. Its body shot out like lightning, and in the blink of an eye, it rushed into the hole.

Xia ruofei couldn’t wait any longer and quickly followed.

It was not a big cave and it looked ordinary. However, when Xia ruofei stepped into the cave, he could not help but feel invigorated. At the same time, he revealed a look of disbelief ...

?

Chapter 1513: Realm Fox (1)

Rather than a cave, it was more like a stone room.

After Xia ruofei stepped in, his eyes first fell on the platform in the middle of the stone room. Then, he could not take his eyes off it.

There was a pile of black stones neatly placed on the stone platform. A conservative estimate would be more than ten of them. These black stones were all realm stones that Xia ruofei could not find.

It was no wonder that even though they were separated by the formation, the induction Jade Leaf was so hot that it seemed like it was about to explode.

After entering the cave, the sensory Jade Leaf was frighteningly hot. Xia ruofei had to use his spiritual power to completely isolate it from the outside world.

Xia ruofei's heart was trembling. With so many world stones, how many levels could the spirit map space level up? What would the space look like after the upgrade?

However, his excitement only lasted for two seconds before his expression changed.

That was because the little white beast that had entered the cave earlier than him had also targeted the pile of world stones on the stone platform.

The speed of this little white beast was astonishing.

Xia ruofei didn't even have time to react before he saw a white flash. Then, the White beast pounced on the pile of realm stones.

The next scene made Xia ruofei's heart turn cold.

The little white beast impatiently used its forelimbs to pick up a world stone and stuffed it into its mouth. Then, it began to chew with crunching sounds.

While Xia ruofei was still in a daze, it had already devoured the entire realm stone at an extremely fast speed ... Down ... Down ... Down ...

Just as the little white beast picked up the second realm stone without any hesitation, Xia ruofei finally regained his senses. His heart ached as he cried out, "Stop! No... Shut up!"

Xia ruofei sprinted over and pounced on the pile of realm stones. His posture was extremely unsightly, like a dog protecting its food ...

It was not that Xia ruofei did not think of storing the world stone into the spirit map space. However, after trying it out, he realized that the space around the world stone seemed to be locked and he could not retrieve it from a distance.

At this moment, the little white beast had already started eating the Second World stone. That was why Xia ruofei had lost his composure.

The little white beast was enjoying its meal and was startled by Xia ruofei's sudden pounce.

When it saw Xia ruofei's actions, it realized that Xia ruofei was going to snatch the world stone from it. Instantly, all the fur on its body stood up and it bared its teeth at Xia ruofei, looking extremely fierce.

However, the little white beast had witnessed Xia ruofei's powerful combat ability along the way. The puppets that had chased it were often killed by Xia ruofei with a single wave of his hand.

The little white beast weighed its options and felt that it was no match for the black "hidden weapon". Hence, its fierce expression immediately changed into a look of grievance. It whined and gestured at Xia ruofei.

Of course, even though it was 'negotiating' with Xia ruofei, it did not forget to gobble up the Second World stone.

This was a delicacy that it had been looking forward to for a long time. For the sake of these world stones, it had wandered around this underground Palace for over a month. There were a few times when it had almost lost its life from being chased by the puppets. Even so, it was reluctant to leave.

Now that they had finally entered the cave, how could they bear to give these realm stones to Xia ruofei?

Xia ruofei glared at the little white beast. ""No way! I've spent so much effort just to find world stones, and you actually want to eat them? isn't this a waste of heavenly resources?"

It was at this moment that Xia Qing, who was in the spirit map space, suddenly cried out, ""Master, I know what this little white beast is! It's a realm Fox!"

Now, only the space around the world stone had been locked. Xia ruofei's connection with the spirit map space was still normal.

"A realm Fox? What the hell?" Xia ruofei said unhappily, "I don't care what kind of Fox it is. I won't allow it to snatch my world stone!"

Xia Qing explained, "master, the realm Fox is an extremely rare beast. Its kind is naturally very sensitive to spatial power. I think this realm Fox must have been attracted here by the aura of the realm stone."

"You're saying ... This little fellow is an enlarged version of the sensing Jade Leaf?" Xia ruofei asked hesitantly.

Under Xia ruofei's fierce gaze, the little white beast did not dare to touch the Third World stone. That was why Xia ruofei had the time to ask.

Xia Qing said, ""Master, the world Fox's favorite food is the world stone. They are very sensitive to the world stone. Even if they are a thousand miles away or buried deep underground, they can still find it. This is because they grow by eating things with spatial attributes. All the world foxes have spatial attributes. This world Fox should still be a Cub, so it is only outstanding in speed. If it continues to evolve, it might even be able to master the ability of spatial teleportation. This is their innate talent."

"In other words, this realm Fox was also attracted here by these realm stones and didn't originally live in the underground palace?" Xia ruofei asked.

"The possibility is very high!" Xia Qing said.

When the White realm Fox saw Xia ruofei mumbling to himself, it couldn't help but secretly reach out its forelimbs to a realm stone.

However, the sharp – eyed Xia ruofei did not hesitate to open its front leg and said, ""Little guy, don't be greedy! You've already eaten two pieces, so at least leave some for me!"

There were at least ten to twenty world stones in the pile. However, they were too important for the upgrade of the spirit map space. Xia ruofei's heart ached even if One World stone was missing.

The White realm Fox protested and chirped a few times, gesturing at Xia ruofei.

Xia ruofei was half – guessing and half – confused, but he still managed to understand what it meant. Xia ruofei was both angry and amused as he said, ""You're saying that you discovered these world stones first? I'll go! Do you still have any shame? If I didn't spend so much effort to break the formation, would you have been able to enter? I think even if you wander outside for a hundred years, you can only drool at the sight of these world stones!"

The little white beast felt that Xia ruofei's words made sense. It had indeed relied on his help to enter the cave. Otherwise, the puppets outside would have been enough to deal with it, let alone enter.

However, these world stones were all extremely delicious in its eyes, so how could it bear to give them to Xia ruofei?

The white fox made a gesture at Xia ruofei pitifully.

This time, Xia ruofei understood. He smiled and said, "You're saying that we should split this batch of world stones? I'll reluctantly agree to this! However, you've already eaten two pieces. I feel that it's not bad for you to get two pieces according to the amount of effort you put in. Therefore, the remaining world stones are all mine!"

Xia ruofei then emphasized, "Don't think that I can't find this place without you leading the way! I've come here to find the world stone, and at such a close distance, I have my own way of sensing the location of the world stone, so even without you, I can still find them. As for you, if I hadn't cracked the formation, you wouldn't even be able to enter the door!"

Xia ruofei did not lie to the White realm Fox. Although the range of the Jade Leaf could not be compared to the realm Fox's sensing ability, Xia ruofei would be able to find this place sooner or later with the help of the Jade Leaf. It was just that he might take a few detours.

The White realmfox was naturally unwilling to accept Xia ruofei's harsh distribution plan. It stretched out its forelimbs and gestured while chirping, as if it was trying to argue with him.

At this time, Xia Qing suggested in the space, "Master, why don't you ... Give it a few more? The realm Fox is very sensitive to spatial – Type items. If it is willing to follow you in the future, it will be much easier for you to find the realm stone!"

After Xia ruofei heard Xia Qing's words, he thought for a moment and said, "Alright, alright, just tell me how to distribute it! Little guy, don't ask for too much!"

The white fox immediately made a gesture. Xia ruofei raised his eyebrows and said, "30 – 70? Although you want 30% is a little too much, who asked us to be fated? 30 – 70 it is! Let me calculate, there were originally a total of twenty – One World stones here, so thirty percent would be six. You just ate two, so I'll give you four more!"

The white fox panicked and gestured a few times. Xia ruofei saw this and shouted, "What? 70% for you and 30% for me? Why don't you just Rob someone! It's impossible!"

The White realmfox changed its hand gesture again.

"50 – 50? No, no, no!" Xia ruofei said, "you didn't do anything. Why did you take half of it?"

The man and the Beast continued to haggle in the cave.

In the end, both parties agreed to a 40 – 60 split. The White realm Fox would get 40%, and Xia ruofei would get 60%.

Although Xia ruofei's heart ached for the world stone, since Xia Qing had suggested to give the White realm Fox some benefits, he might as well be generous and accept 40 – 60.

After coming to an agreement, the White realm Fox immediately pulled the seven world stones in front of it and looked at the remaining world stones longingly for a long time. Then, it protected the seven world stones tightly, afraid that Xia ruofei would snatch them away.

Xia ruofei did some calculations and couldn't help but laugh. ""Damn, isn't 40% 8.4 Yuan? According to the rounding calculation, you should have eight Yuan! Including the two you ate, you can only take six!"

The White realm Fox didn't care about the cost and protected its realm stone tightly, not willing to give another one out.

Xia ruofei saw this and smiled. ""Forget it, I'll give you an extra piece! Who asked me to be so kind! However, the remaining world stones are all mine!"

The White realmfox looked at the remaining 12 world stones and almost drooled. However, it still nodded unwillingly.

Xia ruofei immediately grabbed the 12 world stones. He was extremely excited. Yingying had really reaped a great harvest this time! Although he had lost nine world stones for no reason, this was still the biggest gain he had ever gained from the spirit map space.

He just didn't know how many levels these world stones could upgrade the space. Xia ruofei said in his heart.

At this moment, he suddenly realized that the spatial seal around the world stones had disappeared. He quickly kept all 12 world stones into the spirit map space.

Now, Xia ruofei's control over the spirit map space was far better than before. Without Xia ruofei's instructions, these world stones would not be immediately absorbed even if they were put into the space.

Now that Xia ruofei was in this dangerous underground Palace, he could use the spirit map space at any time. Hence, he did not let the spirit map space absorb the world stones immediately. After all, the process of upgrading might take time, and he could not use the spirit map space during this time.

Xia ruofei did not notice that when he was storing the realm stones into the space, the White realm Fox, which was very sensitive to spatial fluctuations, had also noticed it. Its eyes could not help but shine ...

?

Chapter 1514: A huge harvest (1)

After Xia ruofei had kept all 12 world stones, the White realmfox also eagerly gathered the small pile of world stones that belonged to it and began to chew on them.

Just like how the realm Fox felt when it saw Xia ruofei put away the realm stone, Xia ruofei's heart ached when he saw the realm Fox eat the precious realm stone.

However, since both parties had agreed on it, Xia ruofei would not stoop so low as to snatch it from the mouth of the realm Fox.

The realm Fox chewed on the realm stone as if it was chewing on ice. Xia ruofei started to size up the small cave.

The moment Xia ruofei entered the cave, all his attention was drawn to the pile of boundary stones on the stone platform. Now that he looked around carefully, he realized that other than the most conspicuous stone platform, there was a statue at the innermost part of the cave.

The sculpture was about three meters tall and had the image of a middle – aged man with a beautiful beard. The middle – aged man wore red armor and held a long halberd in his hand. He had an awe – inspiring aura.

Especially that pair of eyes, no matter which angle one looked at it from, it had a kind of soul – stirring feeling, as if this wasn't a sculpture, but a real person.

In front of the statue, there were two boxes, one big and one small.

Xia ruofei tried to use his spiritual power to investigate but found that once his spiritual power touched the surface of the box, it would be immediately repelled. It seemed that the box had the effect of shielding spiritual power.

Xia ruofei's interest was piqued.

He carefully used his spiritual power to examine the surroundings of the sculpture, but he did not find the existence of any array. There was not even the most basic array pattern.

Hence, Xia ruofei strode towards the sculpture and squatted down in front of the slightly larger box.

The box was made of wood, but it was hard to tell what kind of wood it was. The dark brown box was glowing and looked very strong, giving people the feeling that it was made of Ironwood.

The box was not locked. Xia ruofei carefully reached for the handle and lifted it up.

The box was opened without any accidents.

What Xia ruofei saw were pieces of crystal – like objects that were neatly arranged. Each piece had a standard diamond – shaped structure and looked crystal clear.

Xia ruofei was slightly disappointed at first because there were no new world stones as he had expected.

However, on second thought, if there were realm stones here, the realm Fox would not have remained indifferent until now. Even when he walked over, the realm Fox did not even bat an eye and continued to enjoy its 'delicious food'.

Then, Xia ruofei grew interested in these diamond – shaped "crystals".

To be able to be stored in a box and protected by such a complicated formation, these "crystals" should not be ordinary.

Just as Xia ruofei was about to ask Xia Qing, Xia Qing, who was in the spirit map space, couldn't help but exclaim, "Crystals! It's a spirit crystal!"

Xia Qing was only a soul puppet, but Xia ruofei could feel the strong surprise in his voice.

"Spirit crystals?" Xia ruofei asked in confusion, "Xia Qing, what are spiritual crystals? Are they spirit stones?"

"How can spirit stones be compared to spirit crystals, master?" Xia Qing asked. Let's put it this way! Spirit stones are only stones that contain a certain amount of spiritual Qi and are helpful for cultivators' cultivation. Although they are relatively rare, spirit stones with slightly less spiritual Qi can still be found."

"What about the spirit crystals?" Xia ruofei asked.

"Spirit crystal ... It can be said to be a spirit stone with 100% spirit Qi!" Xia Qing said, "in fact, spirit crystals are formed when the spirit Qi is extremely dense. The spirit Qi in the spirit map world has already reached the extent of turning into mist. If the concentration continues to increase on this basis, it will form liquefied spirit Qi ..."

"So, spiritual crystals are products of extremely high concentration of spiritual Qi, which causes the spiritual Qi to solidify?" Xia ruofei's voice trembled.

"Yes, I am!" Xia Qing said excitedly, "after the spiritual energy is solidified, it will definitely form a rhombus shape. Every piece of spiritual crystal contains a huge amount of spiritual energy. For example, if we extract all the spiritual Qi in our spirit map world and compress it, we can only form one or two spiritual crystals at most!"

Xia ruofei was dumbfounded. He was very clear about the concentration of spiritual Qi in the spirit map space. Every once in a while, he would go into the space to cultivate. The reason was that the spiritual Qi concentration in the space was too high compared to the barren environment outside.

He had once dreamed that one day, he would be able to cultivate in such an environment all the time, and his cultivation would definitely advance by leaps and bounds.

He didn't expect that such rich spiritual Qi could only form one or two spiritual crystals.

The box in front of him was full of crystals!

With a casual glance, one could tell that there were at least 100 spiritual crystals inside!

This was simply an incomparably huge amount of wealth. In fact, it was even more than the 12 world stones he had just obtained.

"Xia Qing, are these spirit crystals good for the spirit map world?" Xia ruofei asked in a trembling voice.

Xia Qing said, "master, the spirit map world can't directly absorb external spiritual energy, but it is very beneficial to master's cultivation. The cultivation environment now is extremely poor. Even if master cultivates at midnight and dawn, the effect is not obvious. If you hold a piece of spirit crystal while cultivating and directly extract the spiritual energy contained in it to cultivate, the effect will naturally be

different.” In this way, you don’t have to wait for midnight and dawn every day. With spiritual crystals in hand, you can cultivate at any time!”

?

Chapter 1515: A great harvest (2)

“I understand.” Xia ruofei’s breathing became chaotic and he was very excited.

He subconsciously turned his head to look at the White realm Fox.

The little fellow was eating happily. Perhaps it felt Xia ruofei’s gaze, it turned its head and looked over. Its eyes even swept past the box of crystals, but it showed a disdainful expression. It was not interested in them at all.

Xia ruofei also heaved a long sigh of relief and said, “It seems like I made the right decision to come here. I’ve gained a lot this time!”

With that, Xia ruofei was ready to put all the spiritual crystals into the spirit map space.

At this time, Xia Qing reminded him, “master, I suggest that you put this box in as well.” If I’m not wrong, this box should be made of thousand – year ebony. It can shield spiritual power and is a pretty good treasure. Moreover, the spiritual crystals can be stored in boxes made of thousand – year ebony to prevent the loss of spiritual energy.”

“Understood!” Xia ruofei said.

Then, he closed the box and put the entire box into the spirit map space with a thought.

His spiritual force sensed that the box had appeared out of thin air in the spirit map space. Only then did he feel completely at ease. These precious spirit crystals truly belonged to him now, and there were no side effects.

Xia ruofei then turned his eager gaze to the other slightly smaller box.

The smaller box was also made of thousand – year ebony. The big box had already given Xia ruofei such a big surprise. What kind of treasure could there be in this small box?

Xia ruofei was filled with anticipation.

He reached out to open the box that was also unlocked and looked up impatiently.

“What is this?” Xia ruofei couldn’t help but Mutter to himself.

Eight small flags lay quietly in the small box, each with a different pattern drawn on it.

These patterns looked a little like formation patterns, and the seemingly messy lines formed a mysterious pattern.

Xia ruofei said with uncertainty, “Could this be an array flag?”

He had just learned about array Dao, and when he was cracking the array on the stone wall at the entrance, his array Dao level had also improved by leaps and bounds. Therefore, the first thing he thought of was array flags.

The array flag was also a tool for setting up arrays. It was specially made by array Masters to set up special arrays. However, this method was relatively ancient and had gradually been lost in later generations. Hence, the array books that Xia ruofei had come into contact with only mentioned it but did not introduce it in detail.

Hence, Xia ruofei could only guess.

The array path ancient book in the earth character jade talisman didn't have a detailed introduction, so Xia Qing naturally didn't know what these small flags were. Everything could only be explored by Xia ruofei.

He picked up one of the small flags and looked at it. There was no doubt that it was an array pattern. However, this array pattern was different from all the basic array patterns that Xia ruofei had learned. It seemed to be of a completely different system, making Xia ruofei unable to study it even if he wanted to.

The material of the small flag was neither silk nor cloth. It felt a little rough to the touch, but it was very tough. It must not be an ordinary item.

Xia ruofei picked up another small flag. At this moment, his eyes narrowed. He put down both small flags and searched the box.

Then, a jade talisman appeared in his hand.

It turned out that the Jade talisman was at the bottom of the box and was hidden by the eight small flags. Xia ruofei did not notice it at first.

Xia ruofei had only noticed it when he picked up the second flag and revealed a corner of the talisman.

Xia ruofei was no stranger to such Jade talismans.

Essentially, it was no different from the human jade talisman and the earth jade talisman. They were all used to store information and were equivalent to the 'mobile hard disk' of the cultivation world.

The only difference was that there were no lines on the Jade talisman. Xia ruofei tried to inject his spiritual power into the Jade talisman and immediately read the information inside.

This jade talisman must be the 'standard' version, while the human and earth talismans he had come across before were probably 'custom – made'. The purpose was to prevent people with insufficient spiritual power cultivation from encountering danger when accepting the inheritance. The lines were equivalent to a threshold.

Xia ruofei read the information in the Jade talisman and the joy on his face grew.

Through the introduction of the Jade talisman, Xia ruofei found out that these eight small flags were a set of array flags. With them, one could set up a very magical array.

The only use of this formation was to change the flow of time.

To Xia ruofei, this kind of array that could change the flow of time was extremely profound. In fact, the spirit map space was an enclosed space with a time array. With Xia ruofei's current level of array Dao, he could not even understand the basic array patterns of this array, let alone successfully set it up.

However, with these 8 array flags, Xia ruofei only needed to set up the array flags according to the directions in the Jade talisman and he would be able to set up the time formation.

This formation could accelerate time by a hundred times at most.

Xia ruofei even wondered if the effects could be stacked if he used these 8 array flags in the primal realm.

If he could, that would be too terrifying.

The time flow at the Archean realm was already 30 times faster than normal. If a time array was added to it, the time flow would reach a terrifying 3000 times. In other words, a day in the outside world was nearly 10 years in the array!

Of course, this was only the maximum effect that eight array flags could achieve.

In fact, the effect of setting up a time formation with this set of formation flags was inversely proportional to the range of the formation.

The time formation set up by these eight formation flags could cover a radius of two miles at most. Of course, in this case, the time inside the formation could only be accelerated by ten times.

However, if the area of the formation was only about three feet in radius, it could basically reach the limit of 100 times the time flow.

This was very useful to Xia ruofei.

First of all, if he were to plant any spiritual medicine that required a large amount of time to grow, this time formation would simply be a super ripening agent!

In addition, this time formation could also be used in the outside world, which made it even more meaningful.

What was even more amazing was that if the positions and methods of setting up the eight array flags were slightly changed, they could instantly become a time – decelerating array with the opposite effect.

It could be said that if used properly, the effect of this set of array flags could be simply too great.

"Treasure!" Xia ruofei's eyes lit up. He put the array flags and Jade talismans into the wooden box without any hesitation.

He then waved his hand and the wooden box was also kept into the spirit map space.

Using array flags to set up an array also required a certain amount of practice. However, Xia ruofei obviously did not have the time to familiarize himself with it now. It was better to keep it first. It would not be too late to study it slowly after leaving the underground palace.

Xia ruofei did not expect that other than the world stones, his harvest this time would be so great.

He turned his gaze to the statue holding the halberd, and even thought of taking the statue with him.

However, Xia ruofei subconsciously felt that this statue was very dangerous, especially its eyes, which seemed to be able to see through one's soul. If one looked into its eyes, he felt as if his soul was going to be sucked away.

Taking a step back, the two boxes that Xia ruofei had received today should be related to this statue. Since he had obtained such a great benefit, Xia ruofei would naturally not be disrespectful to this statue.

He bowed three times in front of the statue and said, ""Thank you for your gift, senior! I'll definitely treasure these cultivation resources and work hard to reach a higher realm!"

Xia ruofei looked at the white fox after he finished speaking.

The remaining world stones had already been eaten by it. Xia ruofei really could not imagine that this world Fox looked like a little kitten. How could its stomach contain so much food?

After eating all the world stones, the realm Fox's stomach only bulged slightly, and it didn't look like it was full at all.

Moreover, after eating so many realm stones, the White realm Fox did not show any signs of evolution. It was just smacking its lips as if it had not had enough.

Xia ruofei walked in front of the white fox and asked, ""Little guy, now that I've helped you get what you wanted, can you help me find my friend? Do you know where she is?"

?

Chapter 1516: A different song Wei (1)

The white fox looked at Xia ruofei in confusion.

Xia ruofei's face was slightly bitter as he said, ""You weren't lying to me before, were you? Didn't you say that you could find my friend by breaking the formation? Now that the array has been broken and you've eaten so many world stones, where are my friends? Where is he?"

The White realmfox seemed to have indigestion from eating too much. After it burped, it was stunned for a moment before it finally understood what Xia ruofei meant. It lazily stretched out its forelimbs and gestured a few times, indicating that Xia ruofei should follow it.

It then jumped off the stone platform and walked out of the cave unhurriedly.

Xia ruofei opened his eyes wide and said, ""So cracking the formation has nothing to do with my friend! You're too cunning!"

The white fox turned around and looked at Xia ruofei. Xia ruofei could clearly see the disdain in its eyes, as if it was saying, "didn't you also get so many benefits?"

Xia ruofei didn't know whether to laugh or cry. He couldn't do anything to this realm Fox. Since the White realm Fox had been in the underground palace longer than him, it must be very familiar with the environment. Moreover, it was so fast. It might really know where Song Wei was!

After the white fox was full, it slowed down and walked in front at a steady pace. Xia ruofei did not dare to rush it too much as he was afraid that this little ancestor would quit and he would have to try his luck again.

As he followed the white fox, Xia ruofei was lost in thought.

This underground Palace was strange everywhere. He was clearly in that huge square, and then he inexplicably came here with the world collapsing. So where was he now? Was it under the square? Or did he simply go to another space?

Xia ruofei could vaguely feel that this underground Palace was extremely dangerous. Now that he had obtained the world stone and even obtained some extra rewards, he was in a hurry to leave this place.

However, his priority was to find Song Wei.

Just as Xia ruofei was lost in his thoughts, the white fox suddenly stopped.

Xia ruofei quickly stopped in his tracks and looked in the direction that the White realm Fox's forelimb was pointing at. Suddenly, his entire body trembled.

There was a stone room about ten meters ahead.

The door of the stone room was left ajar. Through the door, he could clearly see a woman lying quietly on a stone bed. Although he could not see her face from this angle, from her clothing, it should be Song Wei.

Xia ruofei's heart was burning with anxiety. Could it be that Song Wei was already in danger?

He exerted force on his feet and dashed toward the stone room like lightning.

The white leopard cat cried out twice and tried to stop Xia ruofei. However, Xia ruofei's speed was beyond its expectations. It could not stop him at all and Xia ruofei had already passed by it.

After rushing into the stone room, Xia ruofei had a clearer look. The woman on the bed was Song Wei.

The moment he entered the stone chamber, Xia ruofei could clearly feel a cold aura permeating the entire room. He could also sense an unknown poison that contained a trace of world stone. The concentration of this cold poison was very high and most of it was blocked in the stone chamber. Only a small amount of poison had escaped.

"Song Wei, what's wrong?" he asked anxiously.

As Xia ruofei spoke, he had already rushed to the stone bed. He reached out and grabbed Song Wei's wrist to check her pulse.

Xia ruofei had come into contact with this poison before and knew that it could cause people to faint.

From the looks of it, this stone room was the source of the unknown poison. Song Wei and her team members had only been infected by a small amount of poison that had escaped from here.

Xia ruofei was anxious and apologetic when he thought of how long Song Wei had been in such a poisonous environment and how she was still unconscious.

If he had not insisted on walking to the altar alone, Song Wei might not have been separated from him.

She could imagine how helpless Song Wei must have felt when she disappeared from the altar ...

Xia ruofei was praying that Song Wei's life force had not completely disappeared. At the same time, he used his spiritual power to check on Song Wei's condition.

However, something that made Xia ruofei's jaw drop happened.

The moment his spiritual energy touched Song Wei's wrist, it bounced off. The huge repulsive force even bounced off Xia ruofei's hand. He did not even have the ability to resist.

What was going on?

Xia ruofei released his spiritual power again. This time, it was the same as before. Once his spiritual power touched the surface of Song Wei's body, there was a huge repulsive force that completely isolated his spiritual power.

Xia ruofei was even more anxious. This was definitely not a good thing for Song Wei.

Just as Xia ruofei was about to take out the petals of the spirit Heart Flower from the medium to try and wake Song Wei up, Song Wei's eyelids twitched and she slowly opened her eyes.

"Song Wei, you're awake!" Although Xia ruofei did not know why Song Wei suddenly woke up, he still called out in surprise.

Song Wei's gaze fell on Xia ruofei, causing his heart to skip a beat. Her eyes were cold and emotionless.

At that moment, Xia ruofei almost thought that the Song Wei in front of him was still a magical beast.

However, Xia ruofei also knew that since the white leopard had brought him here, the Song Wei in front of him should not be a fake.

But why did Song Wei's eyes suddenly become so unfamiliar and so scary? And she doesn't seem to recognize me at all ... Xia ruofei couldn't understand.

The white fox seemed to be very afraid of this stone room. It stood at the door and did not dare to come in. It only cried anxiously at Xia ruofei and waved its forelimbs, indicating for Xia ruofei to leave quickly.

Unfortunately, Xia ruofei's attention was all on Song Wei. He did not care about what the realm Fox was doing.

Furthermore, even if Xia ruofei had seen it, he would not have left just like that. Song Wei's situation seemed to be very bad. How could he leave her behind?

"Song Wei, I'm RUO Fei!" Xia ruofei looked at Song Wei and said, "you don't recognize me?"

Song Wei's eyes were emotionless. She stared at Xia ruofei for a few seconds before she slowly sat up from the stone bed.

Xia ruofei suddenly felt a sense of extreme danger.

Almost at the same time, Xia Qing also shouted in the space, ""Master! Be careful!"

Even Xia Qing, who was in the space, could sense the extremely dense killing intent ...

Xia ruofei's vision blurred. Song Wei, who was sitting on the stone bed just now, seemed to have turned into a white light. Xia ruofei's cultivation was now at the advanced level, but he could not see Song Wei's movement at all. He did not even have the time to think about blocking before he felt a huge force hit his chest.

His entire body involuntarily flew to the side and back, heavily crashing into the stone wall.

Xia ruofei felt as if his internal organs had shifted. There was a sweet taste in his throat and a stream of blood flowed from the corner of his mouth.

In fact, the instinct of a Special Forces soldier made him full of true energy the moment he hit the stone wall. Even with such protection, he was still injured and spat out blood. It could be seen how terrifying the power of the blow was.

"Master! Quickly leave this stone room!" Xia Qing shouted madly in the space.

Xia ruofei also knew that the crisis was not over yet. So after he hit the stone wall, he rolled over almost subconsciously and then pounced towards the door of the stone chamber.

However, Song Wei's speed was even faster. Xia ruofei could only feel the dangerous aura behind him in an instant.

Xia ruofei gritted his teeth and stomped on the ground with all his might. He released genuine Qi from his feet and the reaction force increased his speed.

Even so, Song Wei's palms still landed heavily on Xia ruofei's back.

Xia ruofei couldn't take it anymore. He opened his mouth and spat out blood.

Fortunately, he also borrowed the force of this attack to speed up a lot more, finally leaving the stone room in a sorry state.

"Let's go!" Xia ruofei shouted at the white fox.

However, he felt his legs go soft, as if he had lost most of his strength. He couldn't use any strength at all.

Xia ruofei looked at the white fox again. Although it was looking into the stone room with fear, it did not run away.

Xia ruofei looked back thoughtfully. Song Wei was standing at the door of the stone room. It was as if there was an invisible barrier blocking her. She just stood there and looked at Xia ruofei coldly. Then, as if nothing had happened, she turned around and went back to the stone bed.

“She doesn’t dare to come out, or she can’t come out?” Xia ruofei muttered in his heart.

Thinking of this, Xia ruofei let out a sigh of relief. At least his safety was temporarily guaranteed. He could not imagine what would happen to him if Song Wei could leave the stone room and chase after him.

No matter how he thought about it, Xia ruofei felt that he would not be able to survive if that happened.

But how did Song Wei become like this? Xia ruofei looked at the white fox and asked, “Little guy, what’s going on?”

The white fox was making gestures and meowing, but Xia ruofei had no idea what it was trying to say.

However, he thought of a possibility, and his expression changed drastically as he asked, “She ... She couldn’t have been possessed, right?”

After speaking, Xia ruofei stared at the white fox.

The white fox nodded its head, but just as Xia ruofei’s heart sank to the bottom, it immediately shook its head.

Xia ruofei was as anxious as an ant on a hot pan. “Is it or not? Give me a definite answer!”

If Song Wei’s body was really taken by someone else, he would feel guilty for the rest of his life. Besides, he did not know how to face Song Qiming and his wife.

The white fox chirped a few times, then pointed at Song Wei in the stone room.

Xia ruofei, who was so upset, did not understand what it meant.

At this moment, Xia Qing suddenly spoke.

?

Chapter 1517: Invulnerable (1)

“Master, I don’t think Miss Song is being possessed!” Xia Qing said.

Xia ruofei felt as if he had found a life – saving straw and quickly asked, “Xia Qing, do you know what’s going on?”

“According to my judgment, there must be a spirit body that has entered Miss Song’s body and seized control of her body,” Xia Qing said after a moment of silence.

“Isn’t that a possession?” Xia ruofei couldn’t help but call out anxiously.

“It’s not that easy to take over someone’s body,” Xia Qing said calmly, “moreover, it is impossible for an external spirit body to be completely compatible with a body that doesn’t belong to him. This requires a very long process. From what I see, Miss Song’s situation is more like her soul is being suppressed.”

Then, Xia Qing changed the topic and said, "of course, the current situation is also very dangerous. We must get rid of that spirit body as soon as possible. Otherwise, miss song's soul will die sooner or later ..."

Xia ruofei stared at Song Wei, who was lying on the stone bed quietly. He was filled with guilt.

The reason why Song Wei was in such a dangerous situation was because she wanted to accompany him to the underground palace. If he had been by her side to protect her, she might not have fallen into his trap.

He took a deep breath and walked towards the stone room with staggering steps.

The white fox rushed over and bit Xia ruofei's pants, trying to stop him from moving forward.

Xia Qing also anxiously shouted, "master, you can't go in!" What's the difference between going in like this and seeking death?"

"Do you want me to watch Song Wei's soul get devoured?" Xia ruofei roared.

"You ... You ... At least wait until your body recovers!" He said. Xia Qing sighed and said, "master, you are seriously injured now. Even if you go in, you can't help miss song."

Xia ruofei then realized that every inch of his skin was in extreme pain. Song Wei's two merciless attacks had caused his internal organs to suffer from a violent shock. When he hit the mountain wall, a few of his bones were broken.

If someone else had suffered such a heavy injury, they might have fainted immediately. Only Xia ruofei's body was as strong as an ox 's, so he could hold on.

Xia ruofei thought for a while and knew that Xia Qing's words were not without reason. He was so weak now that he might not even be able to defeat an ordinary person. If he were to rush in like this, it would indeed be no different from courting death.

He nodded and took out the petals of the spirit Heart Flower from the spirit map space. The recovery speed of the diluted petal solution was too slow. Song Wei's condition was so critical now, so Xia ruofei naturally would not care about a few petals.

One petal, two petals, three petals ... A total of five petals of the spirit Heart Flower were used.

Xia ruofei's injuries were also recovering rapidly.

His broken bones were restored one by one, and his internal bleeding organs were also recovering quickly. Some of his other external injuries were also recovering at a speed that could be seen with the naked eye.

The White realmfox, who was watching from the side, was in a daze. It couldn't help but come closer, its eyes very eager.

Xia ruofei waved his hand and said, "go, go, go!" You're not even injured, why are you joining in the fun?"

The White realmfox immediately acted as if it was on the verge of death, as if it would die at any moment.

Xia ruofei was angry and amused at the same time. He was not in the mood to joke with the realm Fox, so he directly carried it up and put it aside. Then, he walked towards the stone room.

The white fox rolled up from the ground and wrinkled its nose at Xia ruofei. It had a look of dissatisfaction on its face, as if it was calling Xia ruofei a miser.

Xia ruofei ignored the Jie Li. He walked towards the stone room without hesitation and said to Xia Qing, "Xia Qing, do you have any suggestions to deal with this kind of spirit body that has taken over other people's bodies?"

Xia Qing muttered, "master, I don't have any good ideas. In theory, if you attack miss song's body, you can also hurt the spirit body. When the body is injured to a certain extent, the spirit body might be forced out ..."

Xia ruofei immediately shook his head and said, "how can that be?" This is Song Wei's body!"

"Now, miss song's soul has been suppressed. The one controlling this body is that powerful spirit." Xia Qing said, "there's no other way. If your spiritual Power's realm far exceeds this spirit body, you can directly attack it. But the current situation is that you can't even break through its surface defense ..."

Xia ruofei nodded. "I understand. I'll try!"

If he wanted to attack Song Wei's body, he would have to use a gun. If he used other means, Xia ruofei would definitely not be her match.

Besides, Xia ruofei had a certain level of confidence in his control of the gun. He could basically shoot wherever he pointed to, causing serious damage but not fatal.

More importantly, Xia ruofei still had more than a hundred petals of the spirit Heart Flower. This gave him some confidence. Even if Song Wei was seriously injured, he was confident that he could save her as long as he could get rid of the spirit.

Xia ruofei took out the pistol from the spirit map space and loaded it into the fully loaded magazine. Then, he held it tightly in his hand and stepped into the stone room with gritted teeth.

As soon as Xia ruofei entered the stone room, Song Wei, who had been lying quietly on the stone bed, stood up.

He looked at Xia ruofei coldly, his eyes filled with killing intent.

Song Wei opened her mouth for the first time, and her tone was as cold as an Ice Mountain, "I've already let you off just now, and you still dare to come in? It seems like you're tired of living!"

"The body you're occupying belongs to my friend," Xia ruofei grinned.

"So what?" Song Wei said coldly, "it's her honor to be chosen by me!"

"Rong, your mother!" Xia ruofei suddenly cursed.

Then, he raised his hand without any hesitation and fired a shot without even aiming.

To be honest, Xia ruofei's heart trembled when he fired the shot. After all, the person standing in front of him was Song Wei. Even though he knew that the soul of a thousand – year – old demon had occupied this body, he still felt weird.

Furthermore, if the shot was not accurate and hit the heart or any other fatal spot, Xia ruofei would not be able to save the situation no matter how capable he was.

This was equivalent to Xia ruofei killing Song Wei.

This kind of pressure could be said to be quite great.

Of course, Xia ruofei's ability to withstand stress was also very strong. The training of the lone wolf assault team had given him a big heart. So even if he was a little flustered, his hands were still very steady when he fired.

Even though he didn't aim, the bullet still accurately flew towards Song Wei's abdomen.

The spirit that had taken over Song Wei's body had never seen a gun before. She did not even try to Dodge and just looked at Xia ruofei quietly.

She even had some doubts in her heart. What was this person trying to do by holding this black piece of iron to her?

When firing at such a close distance, the bullet would reach the target almost instantly.

No matter how fast a person's reaction was, it would be very difficult to avoid it, not to mention that this spirit body was still in a daze.

The bullet hit song Wei's abdomen accurately.

Her body trembled as she revealed a look of disbelief. She stared at Xia ruofei and slowly reached out to cover her stomach.

Xia ruofei's spirit was lifted. The moment he entered the stone room, the other party did not make a move, giving him the chance to shoot. He did not expect to injure the other party so easily.

However, a scene that made Xia ruofei's jaw drop appeared.

The spirit that controlled Song Wei's body slowly raised her hand. Her thumb and index finger held a bullet that was still stained with blood. She held it in front of her eyes and observed it.

Xia ruofei couldn't help but be shocked. He knew very well that if anyone was shot at such a close distance, the bullet would definitely go into the abdomen. The high – speed rotating bullet would even cause great damage to the internal organs.

However, the scene in front of him clearly showed that the bullet had only penetrated the surface of his body before it was quickly stopped.

Could it be that this spirit body could block bullets with its physical body? Xia ruofei could not help but feel a sense of despair.

If a pistol was useless, then he had no way to deal with this powerful spirit body.

Ding! Ding! The spirit body threw the copper bullet on the ground and slowly turned its head to look at Xia ruofei.

Xia ruofei noticed that the wound on her abdomen was very small and there was not much bleeding. It had completely stopped.

This meant that the shot just now did not cause her any substantial harm.

Xia ruofei looked at the spirit body alertly, wary of her sudden attack. At the same time, his mind was spinning quickly, trying to think of a solution.

Unless he shot her in the head, Xia ruofei would not dare to do so. Even if he could expel the spirit, Song Wei would be dead.

Just as Xia ruofei was thinking of a plan, the spirit body moved.

Xia ruofei felt a beam of white light shooting towards him. Without thinking, he quickly retreated. At the same time, he raised his hand and fired a shot in the direction of the white light.

The spirit body was prepared this time. It changed its direction easily. Song Wei's body drew a beautiful arc and dodged the shot easily. She did not slow down and continued to pounce on Xia ruofei.

Xia ruofei was in a hurry. He could only run the great Dao technique like crazy. Genuine Qi poured into his palm. He gritted his teeth and met the attack.

With a loud bang, Xia ruofei's figure was sent flying. Just like before, he was sent flying and hit the stone wall again.

Xia ruofei vomited a mouthful of blood, and his spirit suddenly weakened.

Motherf * cker! A few more bones were broken! Xia ruofei cursed in his heart.

"Master! Quickly run!" Xia Qing madly roared.

"I can't leave!" Xia ruofei gritted his teeth and stood up. "Song Wei will be finished if I leave!"

The spiritual body that was controlling Song Wei's body did not attack immediately. She felt that Xia ruofei's true Qi was a little strange and could not help but look at Xia ruofei deeply.

However, that little fear was quickly thrown to the back of her mind. Even if the cultivation technique seemed to be able to restrain her, Xia ruofei's cultivation was too weak. This absolute difference in cultivation level could not be made up for.

Hence, she only hesitated for a moment before she flew towards Xia ruofei with a cold murderous intent.

Xia ruofei's eyes were filled with madness. He used all his strength to run the great Dao technique. The genuine Qi in his body flowed rapidly in his meridians. The originally calm river suddenly became a Roaring River, and countless genuine Qi gushed through it.

At the same time, an idea came to Xia ruofei's mind. He quickly gathered all the essential Qi in his body and kept the gun in the medium. At the same time, he took out the eight array flags that he had just obtained from the cave ...

?

Chapter 1518: turn of events (1)

Xia ruofei waved his right hand and the eight small flags flew accurately in eight different directions. They even directly stabbed into the hard stone ground.

At the most critical moment, Xia ruofei had a flash of inspiration and thought of using a time formation.

His own understanding of array Dao had already reached a very high level. In addition, the operation of these array flags was not complicated. With the help of his powerful spiritual power, setting up an array was something that could be done in an instant.

The moment all the array flags were in place, Xia ruofei immediately saw Song Wei, who was flying towards him, slow down. He could not see her figure and movement trajectory at first, but now, she was as slow as a movie.

Xia ruofei had set up a time – slowing formation.

Moreover, he had tried his best to reduce the range of the array. This array only covered a small area where he was, so the effect was almost maximized.

Now, the time inside the formation was at least 80 to 90 times slower than outside. In other words, a second inside the formation was equivalent to one to two minutes outside. Hence, no matter how fast the spiritual body that was occupying Song Wei's body was, it was as slow as a snail in Xia ruofei's eyes.

Xia ruofei could not be bothered to use the petals of the spirit Heart Flower to heal his injuries. He immediately took out the gun from the spirit map space, aimed at Song Wei's knee, and fired a shot.

When the spiritual body saw Xia ruofei throw out the array flag, she did not pay much attention to it at first. However, when the array flag returned to its position, she suddenly realized that Xia ruofei's movements had become many times faster. With her cultivation level, she could only see an afterimage. She could not help but be shocked.

Following the sound of a gunshot, the spirit body did not think twice and accelerated to Dodge.

However, Xia ruofei had already predicted the spirit body's movement when he fired the shot. In his eyes, the spirit body was moving very slowly. It was not difficult to predict its movement and direction.

Therefore, it would have been fine if the spirit did not Dodge. Once it dodged, it was as if it had sent itself to the front of the bullet. The bullet accurately hit Song Wei's knee.

The Spirit's speed slowed down. Even though the bullet did not have the lethal effect that Xia ruofei had expected due to her powerful cultivation, it still caused her kneecaps to be injured from the shock. After all, this was an ordinary person's body. It was not as strong as the Spirit's body when it was alive.

As a result, the spirit body's speed was even more affected.

Furthermore, she was extremely furious. She looked at Xia ruofei with undisguised killing intent.

Xia ruofei did not give the spirit a chance to catch his breath. He kept firing and the spirit tried his best to Dodge. However, Xia ruofei had the advantage with the help of the time formation. No matter if it was the speed of firing, the speed of turning the gun, or the prediction of the trajectory, they were all beyond the Spirit's imagination.

In just a short while, the spirit body had been shot several times. Under Xia ruofei's control, the shots were all aimed at the hands, feet, lower abdomen, and other parts of the body. In addition, the spirit body had a strong cultivation so it did not cause any serious injuries. However, this still caused a lot of trouble for the spirit body. She could not get close to Xia ruofei for a while.

After all, she had not reached the level where she was invulnerable. She still had to Dodge Xia ruofei's shots. Every time she was close to Xia ruofei, she would be forced back by Xia ruofei's shots.

The spirit body suddenly stopped and said coldly, "It seems like you don't care about your friend's body ..."

Xia ruofei stared into the Spirit's eyes and said, "If you leave, I'll naturally stop the attack!"

The spirit body sneered. "I've waited 200 years for a suitable body. You want me to leave just because you want me to?" it said.

"Then I'll beat you up until you leave!" Xia ruofei snorted.

The spirit body laughed and said, "little guy, do you really think I'm afraid?" I don't mind telling you, if you use that strange hidden weapon to attack me again, I won't Dodge or resist. At most, this body will be destroyed, and I won't lose anything, just wait a few more days! But I'm afraid your friend ..."

"You don't need to worry about this!" Xia ruofei said coldly.

Then, he raised his gun again and fired another shot at Song Wei's body without hesitation.

At this time, the spirit body had already retreated to a relatively far position. She should have had time to react, but as she said, she did not Dodge at all. With a playful smile on her face, she stood on the spot and took the shot.

This time, Xia ruofei aimed at her leg. After the gunshot, Xia ruofei's eyes narrowed. He saw that the spirit did not have any luck to resist. Song Wei's calf was hit by the bullet. A bloody hole appeared and blood started to flow.

Xia ruofei's heart trembled. Although he had always wanted to hurt the spirit, he could not help but tremble when he saw Song Wei's body bleeding.

At this time, Song Wei's mouth revealed a mocking smile and said, "I won't stand still next time ..."

Xia ruofei did not understand, but what the other party said next made his expression change.

Because the spirit body said, "I'll put the vital parts on it, like here ..."

The spirit body pointed at Song Wei's heart and said jokingly, "If this place is hit by your hidden weapon, do you think your friend will still be alive?"

Chapter 1519: turn of events (2)

Xia ruofei's face turned ugly. What he was most worried about had happened. Once the spirit body gave up on Song Wei's body, he would have to be cautious. Moreover, the spirit body's cultivation was much stronger than Xia ruofei's. If it was not for the time formation, he would not be a match for it. The situation was even worse now.

After the spirit body finished speaking, it approached Xia ruofei with a murderous look.

Xia ruofei's expression changed slightly. If the spirit charged at him, he would be in trouble. If he shot rashly, he might cause fatal damage to Song Wei's body. Even if the spirit could not accurately hit the fatal spot, Xia ruofei could not guarantee that she would not be in danger if she dodged randomly.

If he didn't shoot, Xia ruofei would have no way to resist the spirit body after it charged into the formation.

Xia ruofei's mind was racing. He decisively waved his hand and kept the array flag. Then, he dashed towards the door of the stone room. Based on his previous experience, the spirit did not seem to dare to leave the stone room. In this situation, Xia ruofei could only ensure his own safety. Otherwise, he could not save Song Wei.

The spirit body revealed a mocking smile and said, "Don't you think it's too late to leave now?"

With that, she moved in a flash and blocked Xia ruofei's escape route with her absolute speed. She stood between Xia ruofei and the door of the stone room.

Xia ruofei could feel the undisguised killing intent from the spirit body. His heart sank. He could neither run away nor fight. He felt a deep sense of powerlessness.

The spirit body's eyes shot out a cold glint as it slowly approached Xia ruofei.

Xia ruofei secretly sighed. He frantically circulated the "great Dao technique" and was prepared to fight to the death.

At this moment, a heavy sigh suddenly sounded in the stone chamber.

The spirit body that was approaching Xia ruofei stopped in its tracks. Its expression changed and it turned its head to stare at a certain direction in the stone chamber.

Xia ruofei was stunned and followed the spirit body's gaze.

The smooth stone wall actually slowly split apart, revealing a square cave that was about two meters wide and three to four meters deep.

There was a huge bronze coffin in the cave. There were complicated patterns and patterns carved on the coffin, which made people feel a chill.

“Old man! You’re not dead yet?” The spirit body said hatefully with a hint of fear in its voice.

“Even a scourge like you isn’t dead, so how can I die?!”

The voice seemed to come from all directions. Although it sounded old, it was sharp and caused Xia ruofei’s eardrums to hurt.

The spirit body snorted coldly and said, “so what if you’re not dead? Do you think you can stop me?”

The old voice calmly said, “After so many years, you still can’t let go of your obsession? Your physical body has already been destroyed, so why do you still insist on it?”

“It’s not your place to meddle in my Affairs!” The spirit body said sternly, “if it wasn’t for you, old fart, I wouldn’t have ended up in this state!”

“You should know that your soul is only able to survive until now because I’ve been merciful.” The old voice said.

The spirit body sneered and said, “If I remember correctly, you were also seriously injured at that time and couldn’t even leave that coffin. If you had the ability to kill me completely, would you have let me live for another two hundred years?”

The old voice sighed, “Leave the woman’s body and let the young man in front of you go. You can still keep your spirit body ...”

“Bullshit!” The spirit body cursed, “living like that is worse than death. It’s better to have your soul scattered! It wasn’t easy for me to find a suitable body, and you want me to give up with just a few words from an old man? Simply dreaming! And this brat, he’s ruined my plans time and time again. If I don’t kill him, how can I still have face?”

“You’re so stubborn!” The old voice said, “it seems that I can only help the heavens walk the path again ...”

As soon as the voice fell, the copper coffin began to creak. The sound was very horrifying, making people feel as if their teeth were aching.

Xia ruofei watched helplessly as the lid of the coffin was slowly pushed open. Then, a pale, bony hand reached out from the coffin. He could not help but feel a chill run down his spine.

Was this a human or a ghost?

Would a zombie appear later?

The spirit body’s expression also changed greatly. It subconsciously took two steps back and stared at the bronze coffin. “You ... Have you suppressed the injuries in your body?”

She knew how terrifying her opponent was. The reason why she was fearless just now was that she also knew that her opponent had been seriously injured in the great battle two hundred years ago and had to suppress his injuries in a place of extreme Yin. This stone room was originally a place where Yin Qi gathered, and the copper coffin was even more so arranged with a powerful Yin gathering formation.

If her opponent's injuries had recovered and he could even leave the coffin, she might not be his match.

The old voice directly answered the spirit body's words with action. The other hand also reached out of the coffin. Then, a person, or more accurately, a dried corpse, slowly emerged from the coffin.

Xia ruofei couldn't help but take a deep breath. Was this really the same person? The "dried corpse" in front of him was in tatters. It was the kind that was only skin and bones in the true sense. From a distance, it was basically no different from a skeleton.

If it were not for the deep eye sockets and the pair of cloudy eyes that occasionally showed a bit of life, Xia ruofei would really think that it was a skeleton.

He was shocked. From the conversation between the "dried corpse" and the spiritual body, the "dried corpse" must have been lying in the coffin for 200 years. To think that it was still alive after 200 years. Furthermore, it was 200 years without eating or drinking. Even though Xia ruofei had come into contact with cultivation, he still found it unbelievable.

Compared to Xia ruofei's curiosity and surprise, the spirit body was even more shocked.

Her eyes revealed a trace of fear, and she subconsciously took a few steps back.

"I don't believe you'll dare to leave the coffin!" The spirit body said sternly, "do you not want to live anymore?"

The upper body of the "mummified corpse" had already peeked out of the coffin. He grinned, which looked rather terrifying to Xia ruofei.

"You know my strength," the "mummified corpse" said indifferently. "I have no problem killing you before I die!"

The spirit body gritted its teeth and asked, "old man, what's your relationship with these two people?" Is it worth your effort to protect it?"

The "mummified corpse" said, "no matter whose body you've taken, I won't let you have your way. We've already wasted two hundred years. How can I watch you succeed in taking over the body and continue to wreak havoc in the world?"

"Don't talk to me like that!" The spirit body said disdainfully, "I don't believe that an old man like you would give up your life for the sake of so – called righteousness!"

The "dry corpse" looked at Xia ruofei meaningfully and said, "Why don't you try and see if you believe me? I know you're constantly eroding that woman's soul, so don't even think about stalling for time. I'll give you ten breaths to consider. If you don't leave that woman's body after ten breaths, I'll kill you even if I have to give up my old life!"

The spirit body trembled slightly and stared at the 'dried corpse'." "Old man, you're meddling too much! Even if I successfully possess this body, it's impossible for me to leave this place. Your reason is not valid at all!"

"You have seven breaths to make a decision," the "mummified corpse" said lightly.

"How about we make a deal?" The spirit body said, "if you don't stop me from possessing you, I'll tell you the whereabouts of that thing ..."

The "mummified corpse's" expression changed. Xia ruofei, who was beside him, also looked nervous. He knew that this was a critical moment.

Xia ruofei didn't know why the 'dry corpse' wanted to help him and Song Wei, but Xia ruofei was clear that the 'dry corpse' was tempted. If he didn't care about this matter anymore, it would be difficult for him and Song Wei to escape.

Xia ruofei and the spirit body stared at the 'dried corpse' nervously. After a while, the 'dried corpse' finally spoke.

Chapter 1520: Seeing the light of day again (1)

"You still have three breaths of time ..." The "dried corpse" calmly said.

Xia ruofei heaved a long sigh of relief, but the spirit body's expression changed. She said hurriedly, "You even ..."

"Two breaths!" The "mummified corpse" interrupted the spirit body and spoke without any emotion.

The spirit body's face revealed a struggling expression. It was obvious that its heart was fluctuating violently.

At this moment, the "mummified corpse" sitting in the copper coffin began to glow with a circulating light, especially its pair of withered hands, which emitted a kind of metallic luster.

The spirit body's expression changed and he shouted, "Stop! I give up!"

Obviously, the spirit body had already realized that the "mummified corpse" was gathering power. She had no doubt that once the time was up, the "mummified corpse" would jump out of the coffin without hesitation.

At that time, it would be a situation where they would fight to the death, and there was a high probability that both of them would end up dead.

The spirit body had been suffering in this Cold Stone room for two hundred years, and she had lived in the state of a pure soul. It could be seen that she also cherished her life very much. Under such pressure, she did not dare to take the risk.

Mummified seemed to have expected this outcome. He smiled and said, ""Don't try to stall for time. Leave the woman's body immediately!"

The spirit body glared at the dried corpse and then turned back to glare at Xia ruofei with killing intent. It then nodded unwillingly.

Xia ruofei stared at Song Wei's body and saw a black mist coming out of her forehead. Then, it quickly entered an eight – trigram pattern in the corner of the stone room and disappeared in an instant.

After the spirit body left, Song Wei's body suddenly went limp and she fell to the ground with her eyes closed.

Xia ruofei quickly went over to help her up. At the same time, he looked up at the 'dried corpse' in the coffin and said, ""Many thanks for senior's rescue!"

The "corpse" stared at Xia ruofei with its cloudy eyes for a long time before it grinned and said, ""You're his successor, I can't just sit by and do nothing ..."

Xia ruofei's heart skipped a beat and he quickly asked, ""Senior, may I ask who is the 'he' you are talking about?"

The 'dry corpse' was not surprised at all. He chuckled and said, ""That guy is still the same as before, always trying to be mysterious and keep people in suspense. However, since he didn't take the initiative to reveal it, I can't bring him down. It's better for you to slowly find out in the future ..."

"This ..." Xia ruofei's mind was filled with thoughts. "Alright ..."

The "dried corpse" in front of him seemed to have some connection with Xia ruofei. However, Xia ruofei could not be sure who the "he" that the "dried corpse" was referring to was. Could it be the previous owner of the spirit map? If that was the case, how did he see through it?

The 'dry corpse' seemed to have guessed Xia ruofei's thoughts. He smiled and said, ""Boy, stop guessing. The cultivation technique of your lineage is very special. I could clearly sense it even when I was hiding in the bronze coffin. It's just that that crazy woman didn't have much contact with your lineage, so she only felt a little afraid and didn't discover anything ..."

Xia ruofei immediately understood. The 'dried corpse' must be referring to the 'great Dao formula'.

However, this "great Dao chant" was recorded in the Jade talisman of inheritance. He didn't know if it was the cultivation method of the previous master of the spirit map world or if he had collected it from somewhere.

From the tone of this "corpse," it seemed that the lineage that inherited the "great Dao Arts" was not simple.

Xia ruofei had too many questions in his mind, but the 'dried corpse' did not seem to want to delve into this topic.

He said directly, "alright, little guy. Your cultivation is too low. It's better for you not to know many things. You'll naturally know when it's time for you to know in the future!" Also, I can't open the coffin

for too long. This place is still too dangerous for you. It's not a place you can come to now. I'll send you out now!"

"Senior!" Xia ruofei quickly said. My friend, she ..."

"She's fine," The "mummified corpse" said,"however, there will definitely be damage to the soul. I don't know if that crazy woman did anything sneaky before she left. Your bloodline is very good at nourishing the soul. You should be able to handle it."

Xia ruofei was confused. He was good at nourishing souls? Why didn't he know about it? How could he wake Song Wei up? Xia ruofei was confused by the 'dried corpse's words.

However, before he could ask for more advice, the 'dry corpse' said,""You guys should leave!"

As soon as he finished speaking, Xia ruofei felt a flash in front of him and closed his eyes subconsciously.

Then, he felt a pulling force, as if the world was spinning. Even with his cultivation, he had no room to resist.

Xia ruofei heard the 'dry corpse' s 'voice.'""Remember, don't come here again before you break through to the nascent soul realm, or your life will be in danger ..."

Xia ruofei's heart skipped a beat. He knew that this underground Palace was full of unknown dangers. What he and Song Wei had seen might only be the tip of the iceberg. He naturally listened to this senior's warning. Furthermore, he had already gotten what he wanted this time. He had also unexpectedly obtained a lot of spiritual crystals and time array flags. It could be said that he had exceeded his mission. Therefore, before he broke through to the nascent soul realm, he would definitely not take the risk to go to the underground palace.
