

God tier Farm 1561

Chapter 1561: A different gift (2)

The spiritual body did not expect the miasma to have any effect on Xia ruofei. For a cultivator whose spiritual power cultivation had reached the spirit palpitations stage, it was only a matter of time before the miasma was completely removed.

Xia ruofei sat cross – legged on the bed, and time passed.

Xia ruofei finally opened his eyes when the clock on the wall pointed to one in the morning.

The peach blossom miasma in his body had been completely destroyed by the double strangulation of his mental power and genuine Qi. His mind had naturally recovered.

Although the evil poison in his body had been completely expelled, Xia ruofei was still in great trouble.

It was not difficult to get rid of the peach blossom miasma in his body, but it was troublesome for Song Wei.

The peach blossom miasma was different from ordinary poisons. The essential Qi had little effect on it. Moreover, it could infect the soul. Even if he used his own spiritual power, he must use his own spiritual power. If someone else's spiritual power seeped in from the outside, it would never be completely synchronized with the soul. This meant that even if Xia ruofei's spiritual power was stronger, it would be difficult to completely expel the peach blossom miasma from Song Wei.

Xia ruofei couldn't help but think hard.

The hands of the clock on the wall moved quietly. Time passed by but Xia ruofei still could not come up with a feasible plan.

In the end, he still decided to discuss it with Xia Qing.

After Song Wei was poisoned by the peach blossom miasma, Xia ruofei sealed off the spirit map space from the outside world almost immediately.

Although Xia Qing was only a spiritual puppet, Xia ruofei saw her as no different from a normal human being. Furthermore, there was a mischievous realm Fox in the medium. He did not want Xia Qing or the realm Fox to see Song Wei's seductive look!

Xia ruofei used his divine sense to communicate with the space and explained the situation in a few words. Then he asked, "Xia Qing, you should also help think of a good way to deal with this peach blossom miasma ..."

Xia Qing couldn't help but reveal a trace of embarrassment as she fell into deep thought.

Xia ruofei also knew that this matter would not be so easy, so he did not disturb Xia Qing. He also quietly thought of a solution.

"Master," Xia Qing said after a long time, "the plan now ... Can only be done from two aspects."

“Oh? What two – pronged approach?” Xia ruofei’s eyes were filled with hope.

“First of all, it is naturally to expel the peach blossom miasma from miss song’s body as much as possible.” Xia Qing said, “the main trouble of this thing is the poison that has contaminated the soul. As for the other peach blossom miasma that is distributed in the body, with master’s spiritual power cultivation, he should be able to expel it.”

Xia ruofei nodded. “That’s not a problem. It’s just a temporary solution.”

The peach blossom miasma had a strong regenerative ability, so it was meaningless not to get rid of it completely.

Xia Qing said, “that’s why we have to work on two fronts!” In addition to getting rid of the peach blossom miasma as much as possible, master can try to think of a way from the array Dao ...”

Xia Qing’s words enlightened Xia ruofei. His eyes lit up and he said, “The three stinky leathers are indeed better than Zhuge Liang! Why didn’t I think of array Dao! Let me think ... I can set up a double formation that can suppress the poison in the soul while calming the mind!”

Xia ruofei had studied such array patterns in the ancient array books. However, it was slightly more difficult. To perfectly combine two arrays, it was basically as difficult as a level three array. With Xia ruofei’s current array skills and spiritual power cultivation, it was not a problem to set up a level two array. It would be difficult for him to set up a level three array.

However, Xia ruofei was not afraid. Instead, he was full of fighting spirit.

As long as there was a way to solve this peach blossom miasma, what was a little difficulty that couldn’t be overcome? If the first time didn’t work, he would try twice. At most, he would set up a time array with array flags and keep trying!

However, Xia ruofei quickly recovered from his excitement. He smiled bitterly and said, “Xia Qing, in the end ... This is the same as treating the symptoms but not the root cause! Blindly suppressing him would not solve the problem! Besides, the miasma can regenerate. If I can’t get rid of it completely, I’ll have to expel the miasma from Song Wei regularly ...”

Xia Qing also frowned. This was the best solution he could think of at the moment. To completely get rid of the peach blossom miasma that had been contaminated by the soul, there was no other way except for Song Wei herself. Because everyone’s soul was unique, outsiders could not achieve complete synchronization. And Song Wei herself did not have any cultivation at all, so she was in an endless cycle ...

Wait a minute! Xia Qing suddenly felt as if she had missed out on some crucial information.

Xia ruofei’s divine sense had been in the space the whole time, and he could clearly feel the change in Xia Qing’s expression. He immediately felt a trace of nervousness and realized that Xia Qing might have thought of a solution.

Sure enough, after frowning and thinking for a moment, Xia Qing said happily, “Master! There’s a way we can try!”

“Hurry up and tell me!” Xia ruofei said impatiently.

“Do you still remember the” absolute beginning Heart Sutra “in the human – shaped jade talisman?” Xia Qing asked.

Xia ruofei quickly searched through his memories. The human – shaped jade talisman contained a large number of ancient books, including cultivation techniques, medical divination, and so on. It could be said that it was all – encompassing. With such a large amount of information, other than the medical knowledge that could be used, Xia ruofei could not possibly digest all of it.

As for the cultivation technique, Xia ruofei already had the top cultivation technique, the great Dao technique. Naturally, he could not cultivate any other techniques.

Therefore, he only learned the “fierce yang Scripture” and did not know anything else about these cultivation methods.

He had learned the “fierce yang Scripture” in order to pass it on to his first disciple, Tang Haoran.

After Xia Qing’s reminder, Xia ruofei quickly found the “absolute beginning Heart Sutra” and quickly browsed through its contents.

The joy on Xia ruofei’s face became more and more obvious. Xia Qing was like an Encyclopedia. There were so many ancient books and techniques, and he had really found a technique that had a high chance of solving the problem.

The level of the “absolute beginning Heart Sutra” was definitely not as high as the “great Dao Sutra”, but it was kept in the human jade talisman by the previous owner of the space, so it naturally had its own unique points.

The biggest feature of this cultivation method was that two people could cultivate it together, and at the same time, both spiritual power and true Qi.

Every time they cultivated, the two of them had to be together, and the circulation route of the cultivation method was also connected with each other. The true Qi would flow from one person’s body to the other, and through a specific Meridian, it would make a circle.

This cultivation technique seemed to be of little value because it had too many limitations. Unless it was a couple or husband and wife who lived with each other all day long, it was really inconvenient to cultivate it. After all, it could not be done without anyone. One person could not cultivate it alone. It was impossible to even complete a Qi circulation.

However, for Xia ruofei and Song Wei, this technique had an irreplaceable advantage even the great way of Dao. After they had successfully cultivated it, they could circulate the technique together and their souls would gradually synchronize. Although it was impossible to be absolutely synchronized in theory, it should be enough to get rid of the peach blossom miasma.

And if Song Wei cultivated the “absolute beginning Heart Sutra”, she would also have her own spiritual power cultivation. To expel the peach blossom miasma, it would be another layer of protection. It was simply killing two birds with one stone.

Xia ruofei quickly made up his mind. He knew that the only hope to completely get rid of the Spirit’s last vicious move was on this “Scripture of the primordial heart”...

?

Chapter 1562: Do your best (1)

Food had to be eaten one bite at a time, and things had to be done step by step.

After thinking of a solution, Xia ruofei was not so anxious. He quickly calmed down and thought about his next step.

Expelling the peach blossom miasma in Song Wei's body was naturally a top priority. Otherwise, with so much poison accumulated in her body, and it would continue to regenerate, even in a coma, she would always be suffering from the torment of desire.

However, the first thing that came to Xia ruofei's mind was the problem of setting up the formation. For the formation to be effective for a long time in the future, it needed a suitable carrier.

Jadeite was a good medium for drawing runes. Moreover, it was easier for Song Wei to carry the runes on her Jade.

The problem now was that Xia ruofei did not have any more Jade. After the last raw stone of the Suan ni was upgraded, there was still some Jade left inside but it was already badly damaged and had completely deformed. Hence, Xia ruofei simply let the space absorb the energy of the Jade essence.

It would be great if he didn't sell the Jade he cut out to Yu mingdong! Xia ruofei was a little annoyed. Even if it was the glutinous Jade, it would have been better!

Thinking of Yu mingdong, Xia ruofei suddenly had an idea. Yu mingdong had cut out a lot of Jade today, and he even bought two of his own. All the Jade was in his room now!

He had helped Yu mingdong a lot today. If he asked him to buy a piece of Jade, he would definitely not refuse! Xia ruofei thought.

It was already close to two in the morning, but it was an urgent matter. Xia ruofei decided to look for Yu mingdong directly.

Of course, he didn't go out immediately. Instead, he took out the array flag and organized it. Since it was already so late, he didn't care if he was a little later. Song Wei's situation couldn't be waited, so he decided to get rid of the peach blossom miasma for Song Wei as much as possible. Besides, with the help of the time array, it wouldn't take long.

Xia ruofei climbed onto the bed and sat beside Song Wei. Then, he waved his hand and threw out the array flag. He quickly set up a time array that was accelerated to about 80 times.

He grabbed Song Wei's hand. Song Wei's body was very hot and her skin was a seductive red. Even in a coma, her face revealed an irresistible charm.

Xia ruofei's heart skipped a beat. He forced himself to calm down and cursed under his breath.

The spirit was too vicious. If Song Wei's situation was not resolved, it was unimaginable that this elegant and beautiful woman would be completely controlled by her body's instincts in a short time and become a promiscuous "public bus".

This was worse than killing Song Wei.

Xia ruofei took a deep breath. Then, he released his spiritual energy and true Qi into Song Wei's body.

The main target of the peach blossom miasma was Song Wei. At this moment, the meridians in her body were already filled with the lecherous pink smoke.

Xia ruofei's spiritual energy and genuine Qi worked together to surround and block the pink smoke.

This was a huge consumption, but Xia ruofei did not care about it. His only thought was to try his best to destroy all the miasma that he could.

Because of the time flow, Xia ruofei had been in the formation for more than a minute, and the second hand on the wall clock outside had only moved by one second. After a while, Xia ruofei's forehead was covered with sweat and his body started to tremble.

He retracted his hand and took out the solution of the spirit Heart Flower petals from the space. After gulping it down, he adjusted his breathing for a while and immediately threw himself back into the difficult battle.

Finally, more than two minutes had passed in the outside world. In reality, Xia ruofei had experienced three hours before he had completely eliminated the peach blossom miasma in Song Wei's meridians.

However, Xia ruofei had no way to deal with the miasma in his soul. He did not dare to penetrate into Song Wei's sea of consciousness with his spiritual power.

Xia ruofei observed Song Wei's condition and noticed that the flush on her face had faded and her body was not as hot as before. However, she still had a charm that came from her bones even though she was unconscious. It was the peach blossom desire that came from the depths of her soul.

A woman whose soul had been contaminated by the peach blossom miasma would not only become lewd, but also greatly increase her attraction to men. It was as if she was born with a bewitching bone that could arouse the most primitive desires of men.

Xia ruofei did not dare to look at her for too long. He quickly checked on Song Wei's condition and realized that she would not wake up in a short period of time. Hence, he waved his hand and kept the array flag.

Xia ruofei stood up and quickly set up a time deceleration array around Song Wei. This also slowed down the flow of time around Song Wei's position and prevented her from waking up when he went to look for Yu mingdong.

After doing all this, Xia ruofei carefully locked the door and left the room. He walked straight to the door of Yu mingdong's room.

Xia ruofei raised his hand and gently knocked on the door. After two knocks, Xia ruofei heard a rustling sound coming from the room. A vigilant voice asked in a low voice, "Who is it?"

Xia ruofei was also impressed. Shi Lei was indeed from the Special Forces. He was very alert even when he was sleeping.

"I am Xia ruofei!" He said.

After Xia ruofei said this, he heard a sound from inside the house. Shi Lei had woken Yu mingdong up and then came to open the door.

Shi Lei peeked through the peephole and opened the door a little to take a look. When he saw that Xia ruofei was indeed outside alone, he quickly opened the door.

?

Chapter 1563: Do your best (2)

"Please come in, Mr. Xia!" Shi Lei said respectfully.

Xia ruofei walked into the room, and Yu mingdong sat up from the bed, rubbing his sleepy eyes.

He had just slept for an hour or two, and it was the time when he was in the deepest sleep, so he was still in a daze when he was woken up by Shi Lei.

When Yu mingdong saw Xia ruofei, he rubbed his eyes and said, "Mr. Xia, you're up so early ..."

Shi Lei could not help but smile bitterly. Xia ruofei also pointed at the clock on the wall awkwardly and said, "President Yu, I'm really sorry to disturb your rest so late at night ..."

Only then did Yu mingdong notice that it was only two in the morning.

He suddenly sobered up. Xia ruofei had come to look for him in the middle of the night. Did something happen?

Yu mingdong quickly asked, "Mr. Xia, what happened?" Lei Zi, take a look at our Jade!"

Shi Lei did not sleep much the entire night. He was always alert. After all, there were jades worth tens of millions in the house. If they were lost, it would be his responsibility.

"Boss, all the Jade is here, no problem ..." Shi Lei answered immediately.

"President Yu, I'm looking for you at this hour because I need your help with something ..." Xia ruofei said quickly.

"What's the matter, Mr. Xia?" Yu mingdong asked, puzzled.

"It's like this, I'm in a hurry to use Jade, right?" Xia ruofei said, "I wanted to buy it tomorrow morning, but it seems a little too late now ... Didn't President Yu cut out a lot of Jade today? So ..."

Yu mingdong immediately understood. Although he didn't know why Xia ruofei wanted the jadeite overnight, he still said readily, "No problem! Mr. Xia, which one do you want?"

"It's best if it's above the ice grade." Xia ruofei said, "it doesn't matter if it's small."

Since he was going to use Jade to inscribe the array patterns, Xia ruofei naturally hoped that the Jade's quality was better. That way, it would have a better carrying capacity and the effect would not be reduced in the long run.

Yu mingdong immediately went over to open the box and said, "Mr. Xia, you can choose whatever you want!"

Xia ruofei walked over and picked up a fist – sized ice – Type jade. "This one ... President Yu, how much is this? I'll transfer it to you tomorrow!"

"No need, no need. This piece of material isn't big. Just take it as a gift from me!" Yu mingdong said readily.

"That won't do, that's a separate matter!" Xia ruofei said, "why don't we do it this way? I'll take it as if you're accompanying me to buy the Jade. We don't have to buy it tomorrow."

"How can that be?" Yu mingdong quickly said. This piece of material was not worth five million! Besides, Mr. Xia, you've already deducted three million from the five million Yuan of Jade. How can I take advantage of you? No, no, no!"

Xia ruofei was in a hurry to go back and carve the array runes. He didn't want to reject Yu mingdong anymore, so he said, "I'll take the stuff first. Mr. Yu, if you think it's not enough, just prepare some ordinary Jade for me next time. I won't buy it tomorrow!"

"Good, good, good!" Yu mingdong said.

Of course, he hoped that Xia ruofei would want ordinary Jade. He did not have many channels for high – end Jade such as ice – Type and glass – Type jade. Otherwise, he would not have participated in the public Jade bid. It was not easy to get them, so he naturally wanted to keep them for his own factory.

Xia ruofei took the Jade, bid Yu mingdong and Shi Lei goodbye, and left the room.

Yu mingdong looked at the time on the wall clock and looked at Shi Lei. "Didn't he say that he was extremely tired and wanted to go back to his room to sleep? This ..."

Shi Lei couldn't help but laugh. "Boss, you should sleep a little longer! There's still a long way to go before dawn!"

"Yes, yes, yes, I'll go back to sleep!" Yu Ming Dong said, "Lei Zi, you should be more alert when you sleep. This is a large part of our assets!"

"Don't worry, boss!" Shi Lei said, "nothing can escape my ears!"

When Shi Lei said this, he was also a little suspicious. He was only in a light sleep earlier and did not notice Xia ruofei approaching their room. He only woke up when Xia ruofei knocked on the door.

Could it be that after leaving the Army for a long time, his vigilance had also lowered? Shi Lei shook his head.

.....

Xia ruofei returned to his room and checked on Song Wei.

Due to the time – slowing formation, Song Wei only experienced a few seconds in the formation. Naturally, there were no changes.

Without further ado, Xia ruofei immediately summoned the spirit map. He had already given Song Wei the array flags of the Archean realm that had entered the spirit map space. In the Archean realm, time would flow 30 times faster, which would increase the efficiency by a lot.

Xia ruofei took out a carving knife. After pouring his genuine Qi into it, he cut the ice – Type jade as if it was tofu.

Since he wanted Song Wei to wear it, it had to be carved into a jade pendant.

Xia ruofei hesitated for a moment. He did not know what style he should use. In theory, the style would not affect the carving of the array pattern. However, girls loved to look pretty. Xia ruofei could not just carve a pendant for Song Wei to wear.

At this moment, Xia ruofei suddenly had an idea. He remembered that Song Wei's phone case was from Doraemon and the desktop of her phone was also Doraemon's picture. She must have liked this cartoon character.

?

Chapter 1564: Do your best (3)

Hence, Xia ruofei decided to carve A Doraemon – shaped pendant.

With the help of his spiritual power, Xia ruofei could accurately control the carving knife. In this sense, his carving skills were not inferior to those jade carving Masters. Soon, a lifelike Jade Doraemon was born in his hands.

Xia ruofei put the pendant aside after he was done.

Xia ruofei still needed to practice in order to combine the two array patterns perfectly. Otherwise, the success rate would be too low.

First, he sat cross – legged on the ground with a calm mind. His mind was spinning quickly as he silently deduced the array in his heart.

Now, Xia ruofei's array Dao cultivation had improved by a huge margin compared to before he entered the underground palace. Naturally, his understanding of array patterns had become more thorough.

Array patterns were constructed in his mind, and every stroke and drawing was filled with endless mystery.

After a long time, Xia ruofei finally opened his eyes. He drew in the air with his finger and lines that could be seen with the naked eye appeared in front of him out of thin air. They were shining with a faint golden light.

Each and every experiment resulted in failure.

However, Xia ruofei was not discouraged. He remained calm and continued to adjust his plan.

Finally, the golden light in front of him flashed slightly, and those seemingly chaotic array patterns seemed to have suddenly combined together. As the light swirled, an aura that calmed one's mind was emitted.

Xia ruofei was overjoyed. He checked it carefully a few times but did not find any problems.

It was a success! Xia ruofei clenched his fist in excitement.

The next step was to practice continuously and increase his proficiency to increase his success rate!

This was close to a level – three formation and Xia ruofei was not confident.

However, he had no lack of patience. He waved his hand to disperse the array pattern and started to carve again without even taking a breath.

One time, two times, three times ...

Xia ruofei couldn't even remember how many times he had practiced it. He could feel that his understanding of this self – created formation was getting more and more thorough. He could draw the formation patterns more and more smoothly.

Finally, Xia ruofei reached out and picked up the Doraemon – shaped jade pendant. He first felt it silently and then drank a bottle of spirit Heart Flower petal solution to recover some of his spiritual power.

He then took a deep breath and released his psyche from his body. His fingers quickly drew on the surface of Doraemon's pendant, and rays of golden light continuously penetrated into the jade pendant, forming complicated and profound array patterns inside the Jade.

It was almost done in one go. Xia ruofei spent less than a minute before he finally heaved a sigh of relief and retracted his spiritual energy.

There was no need to check. The moment the formation was completed, the jade pendant seemed to have an additional spirituality. At the same time, when Xia ruofei held it in his hand, he could feel his heart calm down.

He naturally knew that he had successfully drawn it!

Xia ruofei picked up the jade pendant and left the spirit map space in a flash.

After he returned to the outside world, he kept the array flag and went to the bed to check on Song Wei's condition.

Song Wei was wearing a thin platinum necklace with a small pendant. Xia ruofei removed the necklace and replaced the pendant with this Doraemon jade pendant. Then, he put it on Song Wei again.

Miraculously, after Song Wei put on the jade pendant, her unconscious expression became much more peaceful. Most importantly, the seductiveness that came from deep within her bones was reduced by a lot. Although she still looked very attractive, at least it did not make men want to commit a crime.

Xia ruofei took a deep breath and took out a bottle of the spirit Heart Flower petal solution from the spirit map space. Then, he helped Song Wei up and carefully fed her the solution. Just now, Xia ruofei's hand was not light. There was a dark wound on the back of Song Wei's neck. Moreover, she had been unconscious for so many days. Xia ruofei felt that feeding her another bottle of the petal solution would help her recover.

As Song Wei was not in a deep coma, she would subconsciously swallow the water when Xia ruofei fed her. This saved Xia ruofei a lot of trouble.

At the end, Song Wei even subconsciously stuck out her tongue to lick the bottle's mouth, which made Xia ruofei's heart burn with passion.

This peach blossom miasma was really too evil! She had already been suppressed to this extent, but she could still turn a dignified and intelligent beauty into a sexy stunner.

Xia ruofei kept the bottle and the array flag in the medium and looked at Song Wei uneasily.

Under normal circumstances, Song Wei would wake up very quickly after taking the solution.

After Song Wei woke up, Xia ruofei was confused about how to explain to her what had happened.

Besides, Xia ruofei found it hard to talk about Song Wei's current situation. However, he had to say it. Besides, the two of them had to practice the "Scripture of the primogenitor" together. This involved cultivation and it was not something that could be explained in a few words.

Xia ruofei naturally hoped that Song Wei would wake up soon. At the same time, he was afraid that she would still be in the same state when she was poisoned by the peach blossom miasma. He was very conflicted.

However, no matter how conflicted Xia ruofei was, the wound on the back of Song Wei's neck disappeared quickly after she drank the solution. Her eyelashes moved a few times and she slowly opened her eyes.

"RUO Fei ..." Song Wei called out weakly.

"Song Wei, you're finally awake!" Xia ruofei smiled guiltily and said that he was the one who knocked Song Wei out.

"Where is this place?" Song Wei said, "I remember ... I seemed to have woken up once just now. You also told me ... That we've already left the underground palace, right?"

Xia ruofei looked a little embarrassed and said, "It's good that you're awake ... Don't think too much. Oh right, Song Wei, how are you feeling?"

?

Chapter 1565: Awkward (1)

Song Wei was a little confused and said, "I feel like ... I had a very long ... Very long dream ... RUO Fei, what happened?" he asked.

Xia ruofei looked at Song Wei and did not know where to start. However, he was glad that Song Wei looked normal now and did not pounce on him like she did before.

"A lot of things happened. You were unconscious for a few days ..." Xia ruofei said. "We were separated in the underground palace that day. How did you end up in that stone room?"

"A stone room?" Song Wei was at a loss. She said, "I saw you suddenly disappear from the altar. I was very scared at that time. After waiting for a while, I didn't see you, so I walked over ..."

There was still a trace of fear in Song Wei's eyes as she said, "After I stepped onto the altar, I felt my vision blur, and then I appeared in a dark corridor. I was even more afraid, and I shouted your name while running forward ... And then ... And then I felt a cold wind blowing, and then I lost consciousness ... All my memories stopped there ..."

Xia ruofei's face showed a strange expression. It seemed that Song Wei did not remember what happened after she woke up, or ... Did she really treat it as a dream?

When Song Wei recalled what had happened in the underground palace, she looked very scared. Her delicate body could not help but tremble. Xia ruofei leaned over and patted her shoulder, saying, "It's alright, it's alright ... We're safe now ..."

Song Wei felt Xia ruofei's body approaching her. A strong masculine aura hit her in the face. Then, she could not help but feel hot and dry. Her face showed a coquettish look, which was very different from her usual appearance.

Xia ruofei felt that Song Wei's breathing was strange. He turned his head and looked at her. His heart skipped a beat and he quickly kept a distance from her.

Song Wei did not know why she was so sensitive. She thought that it was because she had special feelings for Xia ruofei. However, Xia ruofei was well aware that it must be the peach blossom miasma's doing.

Xia ruofei felt a headache coming on. The miasma was too strange. If he could not get rid of it as soon as possible, what would happen to Song Wei? If she met someone with ulterior motives and was slightly teased, she might not be able to control her emotions ...

Song Wei blushed and asked in a low voice, "By the way, ruofei, where is this? Are we still in xiangnan province?"

She realized that she was in a hotel room and her body was very sensitive. She could clearly smell Xia ruofei's scent on the bed and blanket.

Could it be that ... In the few days that he was unconscious, RUO Fei had been sleeping in the same bed as him? Song Wei could not help but think.

Xia ruofei said, "it's a long story. We've already left xiangnan province. In order to wake you up, I need to find a medicinal herb. This medicinal herb can only be found in Dian province, so I took you out of xiangnan province that day. We're now in Ruizhou city in Dian province ..."

"It seems like you've found the herb ... Thank you, ruofei!" Song Wei nodded.

Xia ruofei quickly said, "you're injured because you helped me. I should be the one thanking you!" Right ... I was afraid that your family would be worried, so when you were unconscious, I used your fingerprint to unlock your phone and sent your mother a WeChat message ..."

"Ah?" Song Wei shrieked in shock. Her phone contained her own secret, and this secret was one that even her best friend, Zhuo Yiyi, did not know.

Song Wei hurriedly took out her phone from her pocket. As she unlocked it, she carefully asked, "Ruofei ... You ... Other than WeChat, do you have ..."

Xia ruofei felt awkward too. He knew what song Wei wanted to ask, but he would never admit it.

Hence, Xia ruofei immediately denied it. "No, no! I opened WeChat and didn't look at your chat history. I just found your mother's WeChat and told her that she was safe!"

Only then did Song Wei let out a sigh of relief.

Xia ruofei looked at Song Wei and said, "It's been a whole day. Why don't you reply to your WeChat first? There were probably quite a few unread messages! After you reply ... I still have some things to tell you!"

"Yeah!" Song Wei nodded. Tell me what happened in the past few days ..."

Xia ruofei left the bedroom and went to the small living room to smoke a cigarette, giving Song Wei some space.

Song Wei touched her face and felt that it was still a little hot.

When she said that she could not remember anything, that was not the case. Song Wei felt that she was in a dream, and the dream was very charming. She was too embarrassed to mention it in front of Xia ruofei.

Song Wei clutched her phone tightly, her heart beating fast. Even though Xia ruofei said that he did not open any other applications on her phone, she still felt that she had no secrets in front of Xia ruofei.

She couldn't tell why, but it was a woman's intuition.

Song Wei shook her head to get rid of the distracting thoughts and lit up her phone screen.

Sure enough, there were a lot of unread messages, from family, classmates, and friends.

?

Chapter 1566: Awkwardness (2)

Song Wei picked a few important messages and replied to them. She saw that Xia ruofei had used her name to reply to her mother's messages on WeChat. After that, her mother sent her a few more messages. Song Wei thought for a while and replied with a selfie so that her parents would not worry.

It was already two in the morning, so no one replied to her.

Song Wei kept her phone and got out of bed.

She went to the living room outside. Xia ruofei was smoking, his expression conflicted.

Seeing Song Wei come out, Xia ruofei quickly put out the cigarette and ran to open the window for ventilation.

Song Wei sat down on the sofa opposite Xia ruofei and smiled. "It doesn't matter, you can smoke if you want! It's fine to smoke second – hand smoke occasionally ..."

"It's impolite to smoke in front of a lady ..." Xia ruofei smiled awkwardly.

Song Wei smiled and looked at Xia ruofei. "Tell me! I know you have something to say to me ..."

Xia ruofei stopped smiling and sat down on the sofa. He looked into Song Wei's eyes and asked, "What I'm going to say next might be beyond your understanding, and might even make you feel that it's unbelievable, but ..."

"It doesn't matter. As long as you say it, I'll believe it!" Song Wei interrupted Xia ruofei.

Xia ruofei nodded and said, "let's start from when we were separated in the underground palace!" When I saw you again, you were in a stone room ..."

Other than the existence of the spirit map space, Xia ruofei did not hide anything else from Song Wei. He told her everything that happened after he saw Song Wei's spirit body in the stone room.

Even though Song Wei trusted Xia ruofei completely, her mouth was still wide open when she heard such a bizarre story.

Especially when she heard that her body had been taken over by another powerful soul and that this soul had even launched a fierce attack on Xia ruofei, she could not help but cry out.

Compared to soul possession, cultivation and other things that were impossible in real life, Song Wei was more concerned about Xia ruofei's safety.

Even though Xia ruofei was right in front of her and it was obvious that she was safe in the underground palace, Song Wei's heart still beat a few times.

Song Wei only heaved a sigh of relief when Xia ruofei said that the senior in the coffin had come out and suppressed the spirit. He had forced her to give up on Song Wei's body and escape. The senior had also sent the two of them out of the underground palace.

After Xia ruofei said this, he felt that his mouth was dry. He took a sip of tea and continued, "When the spirit took control of your body, it injured your soul. After the spirit left, you fell into a deep coma. How should I put it ... It's very similar to a vegetative state. You have no reaction to any external stimulation ..."

Song Wei felt a little scared. She looked at Xia ruofei and said, "Ruofei, I didn't expect this trip to the underground palace to be so dangerous. It seems that we're really lucky to be able to keep our lives ..."

Xia ruofei asked curiously, "do you accept supernatural things like soul possession and cultivation so easily?" You don't suspect anything at all?"

"We've been through so much in the underground palace, what's there that we can't accept?" Song Wei smiled. You just disappeared from the altar. Can this be explained by science? 'And for myself, my vision blurred and I was in another place. Can this be explained by science? So ..."

Song Wei shrugged and said, "There's nothing that I can't accept. Besides ... I believe you. You would never lie to me!"

Xia ruofei laughed bitterly to himself. He did keep some things from Song Wei, including the diary that she had written on her phone. He did not dare to say it out loud.

"Then, in order to wake me up, you brought me here and found the medicinal herbs I needed, right?" Song Wei continued.

Xia ruofei thought for a while and said, "Song Wei, things aren't that simple ... When you woke up, a small accident happened ..."

Xia ruofei looked at Song Wei and asked, "You ... You really can't remember anything?"

Song Wei immediately thought of that charming dream. In the dream, she was so bold. She threw away all restraint and hugged Xia ruofei tightly ...

Song Wei's face turned red at the thought of it. She quickly glanced at Xia ruofei and said in a low voice, "I ... I really can't remember ..."

Xia ruofei noticed Song Wei's expression. He immediately knew that it was not that Song Wei could not remember, but that she could not believe it was true.

Seeing Song Wei like this, Xia ruofei was even more embarrassed to speak.

After all, something like the peach blossom miasma was too sinister for a girl.

There was a difference between a man and a woman, and Xia ruofei knew that Song Wei had special feelings for him, so he could not open his mouth.

However, in order to solve the problem of the peach blossom miasma, he needed Song Wei's cooperation. Xia ruofei hesitated for a long time and finally decided to tell her everything.

He chose his words carefully and said, ""Song Wei, I'm still not vigilant enough. Although that spirit was forced to give up your body, she separated a wisp of her soul before she left. It's wrapped in a very evil poison and is hidden in your sea of consciousness. The moment you woke up, this soul fragment suddenly appeared. After I destroyed it, the poison quickly spread ..."

"Ah?" Song Wei's face turned pale. She did not expect to experience such a dangerous scene when she woke up.

Xia ruofei quickly added, "you don't have to be afraid. I've already controlled the poison. Also ... It won't be life – threatening."

Song Wei's mind kept replaying the scenes in her dream that made her blush and her heart race. She took a deep breath and asked, "RUO Fei, what kind of poison is this?"

Xia ruofei hesitated and said, ""This poison is called peach blossom miasma. It can be said to be very evil. If it is allowed to wreak havoc, it will make the poisoned person ... Lose their sense of shame. Their body will be completely driven by primitive desires. In ... In terms of sexual relations ... They will become very ... Uh ... Very casual ..."

Even though Xia ruofei had thought of the right words, he still found it difficult to say. It was indeed difficult to talk about such a topic in front of a beautiful lady, especially a Virgin.

Xia ruofei felt even more tired than the first time he ran a ten – kilometer cross – country with a heavy load when he was a soldier.

Song Wei's face turned pale and her eyes were filled with fear. She couldn't imagine what it would be like if she became that kind of person. She might as well just die ...

Then, Song Wei finally confirmed that the scene was not a dream. It was real. She did such an embarrassing thing in front of Xia ruofei ...

At the thought of this, Song Wei's pale face turned red again. She did not even dare to look in Xia ruofei's direction.

Xia ruofei quickly explained, "Song Wei, don't be stressed. It's not your fault. It's the peach blossom miasma!" And ... And I didn't even do anything to you! I'll knock you out at the first moment! Uh ... This was an emergency, don't blame me!"

Song Wei blushed and said with her head lowered, "Don't say anymore!"

Xia ruofei said, "I just wanted to explain to you ... I'm afraid you'll misunderstand that I'm ..."

"You still dare to say that!" Song Wei raised her head and glared at Xia ruofei. Then, she quickly lowered her head. Her teeth bit her red lips and her hands clutched the corners of her clothes tightly, twisting them unconsciously.

"Okay, okay, okay. I won't say it, I won't say it ..." Xia ruofei said. Then, he patted his head and said, "I can't not say it!" To solve this problem, I'll need your cooperation!"

?

Chapter 1567: Relieved from a heavy burden (1)

When Song Wei heard Xia ruofei's words, she raised her head and pulled her collar subconsciously. She blushed and asked, "What ... What are you doing?"

Xia ruofei was confused and said, "To help you get rid of the peach blossom miasma, of course! You're not thinking of becoming ... That kind of person, are you?"

Song Wei's heart was in a mess, and she asked in a low voice, "Is ... Is there no other way?"

Xia ruofei raised his eyebrows in confusion. "I didn't even say it! How do you know what method to use?"

Song Wei felt shy and did not dare to raise her head. She bit her lower lip and said, "Isn't it just ... Two people ... Doing that?"

Although Song Wei had feelings for Xia ruofei, she was still a conservative girl. She was born in a high – ranking family and her upbringing was very strict. Therefore, she could not accept this so quickly.

However, her body seemed to have a strong desire. If it wasn't for the cool air that came from her chest from time to time, she would probably throw herself into his arms.

For the first time, Song Wei felt the terror of the peach blossom miasma.

After Xia ruofei heard what Song Wei said, he could not help but widen his eyes and said, "Who said that? This ... Song Wei, did you read too many novels?"

Song Wei was dumbfounded. Looking at Xia ruofei's expression, she realized that she had misunderstood him. After thinking about it, she realized that if the peach blossom miasma could be removed so easily, it would be no different from the love potion in the bars and nightclubs.

Seeing Xia ruofei's funny expression, Song Wei was embarrassed and annoyed. She glared at Xia ruofei and said, "Who ... Who asked you to not speak clearly?"

"Where did I not make myself clear?" Xia ruofei asked innocently.

"You ... What did you say about needing my cooperation?" Song Wei stomped her feet and said, "It's very easy to cause a misunderstanding, you know?"

Xia ruofei didn't know whether to laugh or cry. However, a good man doesn't fight with a woman. He raised his hands and said, "Alright, alright, alright, I was wrong! I didn't make myself clear ..."

Song Wei blushed and looked at Xia ruofei. "Quickly say it! This ... How should he solve the peach blossom miasma? I ... I don't want to become ... That kind of woman ..."

Xia ruofei nodded and said, "While you were unconscious, I did two things." The first is to clear the peach blossom miasma poison in your meridians as much as possible, leaving only the poison in your sea of consciousness that has already contaminated your soul, which can not be cleared for the time being.

The second is that I've set up a formation and engraved the formation patterns on a jade pendant. It can keep your mind clear to the greatest extent, and at the same time, it has a certain suppressing effect on the poison in the soul. You should be able to feel it ..."

When Song Wei heard this, she immediately remembered the cool feeling that came from her chest.

She curiously pulled out her necklace and immediately saw that the pendant on her necklace had been replaced with A Doraemon – shaped jade pendant.

Xia ruofei's Doraemon pendant was very lifelike, and the quality of the Jade was quite good. So, when Song Wei saw it for the first time, she couldn't help but praise, ""What a beautiful Doraemon!"

Xia ruofei was speechless when he saw Song Wei playing with the jade pendant.

This girl's heart was really big! Just now, he was at his wits 'end because of the poison! He was still in the mood to admire the jade pendant!

If it was Xia ruofei himself, as long as he could make use of the formation, he didn't mind even if he had to look like a pile of sh * t.

This was the difference between the brain circuits of men and women.

Xia ruofei was also secretly glad that he had put in some effort to choose this style. Now it seemed that this decision was very correct.

"RUO Fei, did you carve this?" Song Wei asked.

Xia ruofei nodded and said, "yeah!" The formation needs to be engraved on the carrier of the Jade. I saw that the protective case of your phone has this pattern, and the desktop of your phone also has this pattern. I think you will like this design ..."

"En!" "I like it very much!" Song Wei nodded her head and said.

After knowing that Xia ruofei had personally sculpted it, Song Wei felt a sweetness in her heart and held the jade pendant even tighter. She was even secretly glad that she had been poisoned by the peach blossom miasma. Otherwise, how could she have the chance to get such a thoughtful gift?

Xia ruofei said, "alright, let's get back to the main topic!" Although with the suppression of the formation, you won't be affected too much by the peach blossom miasma, it's just a temporary solution. Moreover, the peach blossom miasma can constantly regenerate itself. After a long period of suppression, once it bursts out, I'm afraid the consequences will be more serious ..."

Song Wei finally shifted her attention back from Doraemon's pendant. She also realized that she was in a bad situation.

She furrowed her brows and asked, "then what should we do?" I really don't want to become ... Like what you said! If ... If there's no other way, I'd rather die ..."

"What are you talking about?" Xia ruofei was furious. I will not let anything happen to you!"

Song Wei's heart was filled with sweetness. She smiled at Xia ruofei and said, "Mm! Whatever you want to do, I'll listen to you!"

It was very important to get rid of the peach blossom miasma, so Xia ruofei explained patiently, ""The reason why the peach blossom miasma can't be completely removed is that it hides in the sea of consciousness, and the spiritual power of outsiders can't easily enter the sea of consciousness. Because the soul frequencies of two people are not synchronized, it is easy to cause soul damage, so ... I thought of a way!"

Then, Xia ruofei introduced the "absolute beginning Scripture" to Song Wei and said, ""As long as you practice the first layer of the" absolute beginning Scripture "to perfection, when you operate the cultivation method, both of your souls will be infinitely close to the state of synchronization. In this way, I can try to remove the poison in the sea of consciousness. By then, you also have a certain cultivation base, and your own spiritual power can also suppress the poison. In this way, even if you can't remove it all at once, the effect of the peach blossom miasma on you will not be great."

Song Wei's eyes lit up when she heard that. She asked, ""Training? Are you saying that I can also cultivate?"

"Of course!" Xia ruofei said, "but this technique can only be cultivated by two people ..."

"Dual cultivation technique?" Song Wei blurted out, and her face turned red.

Xia ruofei laughed and said, "what are you thinking?" However, it was almost the same. If two people cultivated together, wasn't that 'dual cultivation'? This understanding was also correct! Anyway, I'll guide you during the cultivation process. I believe the progress won't be too slow!"

If it was in the past, Xia ruofei would not have dared to make such a promise. The spiritual Qi on earth was very poor. For cultivators, the environment was too harsh. No matter what technique they practiced, their progress would be very slow.

However, Xia ruofei had just obtained a lot of spiritual crystals from the underground palace. They were formed by pure, solid spiritual Qi. The spiritual Qi contained in one spiritual crystal was comparable to the spiritual Qi in the spirit map space. He had more than a hundred of these spiritual crystals. Even if he stacked them together, he could increase Song Wei's cultivation.

Song Wei nodded her head and asked curiously, ""RUO Fei, did you start cultivating a long time ago?"

Xia ruofei nodded slightly. "It's not too early, but I've been cultivating. In fact, when I treated you previously, I used cultivation methods. Otherwise, the unknown poison would have been difficult to remove."

Xia ruofei felt a sense of relief. Qianqian had finally explained it to him. There were many things about the peach blossom miasma that Xia ruofei found hard to say.

"I see ..." Song Wei was excited. To her, this was a mysterious and unknown field. "So, when do we start?"

Xia ruofei thought for a moment and said, "I think ... There's no rush!" I have to be prepared, right? Besides, look at what time it is now? Hurry up and take a rest, the sky will be bright soon!"

Song Wei had no experience in cultivation, so Xia ruofei had to familiarize himself with the "absolute beginning Scripture" first. He had to guide Song Wei when she cultivated to increase the efficiency.

"I'm not sleepy at all!" Song Wei said. Maybe I slept for too long ..."

Xia ruofei smiled and said, "I still have to sleep!" You have to get over your 'jet lag'! Otherwise, I'll become a night owl!"

Song Wei was a little embarrassed as she smiled and said, "Alright then!"

Xia ruofei stood up. "You sleep in the bedroom. I'll deal with it on the sofa."

"That won't do ..."

"It's decided, Ladies First!" Xia ruofei said, "we might have to stay in Ruizhou for another two or three days. I'll go and get another room tomorrow ..."

Xia ruofei then explained, "You were unconscious for the past few days. For the sake of better care and safety, I only booked one room ..."

"I know ..." Song Wei said softly, "ruofei, then ... Then I'll go back to my room!"

"En!" Xia ruofei nodded.

Song Wei got up and went back to her bedroom. After a while, she opened the door and came back with a blanket. "I found a blanket in the cabinet. I'll Cover You with it!"

"Oh! Thank you!" Xia ruofei smiled.

In fact, it was almost dawn and Xia ruofei was not ready to sleep.

Song Wei put down the blanket and walked back to the bedroom. She turned around when she reached the door and asked, "RUO Fei, I ... Can I sleep with the door open? I'm ... A little scared ..."

Xia ruofei nodded and smiled. "No problem! I'll always be outside to protect you, so don't worry and sleep!"

Of course, Song Wei would not be worried about Xia ruofei. He could control himself even when she threw herself at him. How could he possibly do something to violate her at this time?

She smiled sweetly at Xia ruofei and went straight to the bed to lie down. Then, she looked up and saw that Xia ruofei was sitting on the sofa. She then lay down with peace of mind and closed her eyes.

.....

At eight in the morning, Yu mingdong knocked on Xia ruofei's door. Shi Lei didn't follow him. He was probably guarding the batch of Jade.

Yu mingdong walked into the room and said with a smile, "Mr. Xia, since you're not going to buy jade today, you can walk around Ruizhou in the morning. After I'm done with this batch of Jade, we can go to the public market together ..."

Speaking of this, Yu mingdong was suddenly stunned. Because at this time, he saw someone lying in the bedroom through the open door.

Although he couldn't see the face and the figure under the blanket, the long black hair on the pillow was enough to prove that the person lying on the bed was a woman ...

?

Chapter 1568: The first experience of cultivation (1)

Yu mingdong couldn't help but be stunned. His first reaction was that Xia ruofei had called a prostitute last night.

He thought to himself, "young people are so aggressive!" What good stuff could a small place like Rui Zhou have? He was actually so desperate ...

Yu mingdong thought about how Xia ruofei went to his room in the middle of the night to ask for a piece of Jade. He couldn't help but mumble in his heart. He thought that Xia ruofei couldn't have been satisfied with the Jade and specially gave it to the woman on the bed. That would be a huge investment ...

Xia ruofei also realized that something was wrong. He quickly explained, "President Yu, that's my friend. She came to visit me yesterday, but because it was too late, I let her stay over. I slept on the sofa!"

When he said this, Xia ruofei even pointed at the quilt that was spread out on the sofa, afraid that Yu mingdong would not believe him.

Yu mingdong naturally didn't believe it. As for the quilt on the sofa, who knew if they had fun last night and specially took it out from the bedroom? didn't young people nowadays like to play something different?

Yu mingdong revealed a smile of understanding and said, "I understand, I understand...Mr. Xia, I'll wait for you outside! Let's have breakfast together later!"

Xia ruofei was speechless. He couldn't clear his name even if he jumped into the Yellow River!

At this time, Song Wei heard the sound and sat up from the bed in a daze.

In fact, she had tossed and turned in bed last night and couldn't fall asleep. Anyone would be too excited to fall asleep after so many bizarre things happened to them.

Song Wei only managed to fall asleep when the sun started to rise. She had not slept for long.

She rubbed her drowsy eyes and was shocked when she saw that there was an unfamiliar man standing outside besides Xia ruofei.

Even though she was sleeping with her clothes on, she still pulled the blanket up subconsciously.

"Song Wei, you're awake!" Xia ruofei quickly called out, "come, come, come. Let me introduce you ..."

Only then did Song Wei realize that she was wearing clothes. However, girls loved to look pretty. How could she show her unkempt face when she had just woken up?

“Ruofei, help me close the door first. I’m going to wash up ...” She said.

Xia ruofei then came back to his senses and walked over to close the door. Then, he said to Yu mingdong, “He’s really my friend. Don’t get the wrong idea ...”

Yu mingdong laughed and said, “no, no!” How could he have thought wrongly? Mr. Xia, why don’t I ... Leave for a moment?”

“Don ‘t!” Xia ruofei quickly said, “you should stay here! Otherwise, I won’t be able to clear my name even if I jump into the Yellow River!”

Yu mingdong couldn’t help but laugh. He simply walked to the sofa and sat down.

Xia ruofei passed a cigarette to Yu Ming Dong. Yu Ming Dong took it and looked at the specially – supplied cigarettes without any labels. His eyes brightened, but he did not say anything. He took out the lighter without a sound and took the initiative to light Xia ruofei’s cigarette.

After waiting for more than ten minutes, Song Wei opened the door and walked out.

When Yu mingdong saw this, he knew that he had really misunderstood just now. Let’s not talk about whether the relationship between this girl and Xia ruofei was really as pure as he said, but at least she definitely did not have the natural temperament of the Ruizhou’s local prostitute Song Wei. It was something that girls from ordinary families could not imitate.

Xia ruofei said, “Song Wei, come here. Let me introduce you. This is Yu mingdong, President Yu. He’s in the Jade industry. President Yu has helped me a lot when I came to Yunnan!”

Then, Xia ruofei said to Yu mingdong, “Mr. Yu, Song Wei is my friend. She just arrived in Dian province yesterday. It’s quite late, so I let her stay in my room for the night. I’ll have to trouble you to get another room for her later.”

When Xia ruofei spoke, he gave Song Wei a look. Song Wei was smart and naturally knew how to cooperate with Xia ruofei.

“No problem, no problem!” Yu mingdong quickly said.

“Nice to meet you, miss song!” He said to Song Wei.

“Good day, President Yu!” Song Wei smiled at Yu mingdong. “Sorry for the trouble!”

“No, no, no!” Yu mingdong quickly said, “miss song, you’re too kind! Mr. Xia has been a great help to me!”

Xia ruofei laughed and waved his hand, “Let’s not talk about this. President Yu, you have something to do in the morning. Let’s go to the public Jade bid after lunch!”

Then, Xia ruofei said to Song Wei, “There’s a public Jade bid in Ruizhou. I’ll Take You There in the afternoon.”

“Sure!” Song Wei nodded obediently.

Yu mingdong took it all in and said, "Mr. Xia, miss song, I won't disturb you anymore. I'll have them send breakfast to the room." Also, after you've checked in, I'll have someone send the room card over! I'll be taking my leave in the morning, please make yourselves at home!"

"Good! We'll contact each other at noon!" Xia ruofei stood up and sent Yu mingdong to the door.

After they returned to their room, Xia ruofei said to Song Wei, "Mr. Yu is in the Jade business. I took an ice – Type jade from him to make your Doraemon pendant. I carved it myself."

"The public Jade bid should be interesting, right?" Song Wei nodded.

Xia ruofei briefly explained the stone gambling situation to Song Wei and said, "For people like us who have no experience, to put it bluntly, it's just a matter of luck. If we're lucky, we might be able to earn ten or twenty times more. Of course, if we're unlucky, it's very likely that we'll lose hundreds or even millions of dollars."

?

Chapter 1569: The first experience of cultivation (2)

Song Wei couldn't help but feel a little excited and said, "It's said that there's good fortune after surviving a great disaster. I think my luck shouldn't be too bad! I also want to buy two pieces to try ... By the way, why did you have to wait until the afternoon? Isn't it better to go in the morning?"

"Yesterday, President Yu bought some Jade. He needs to deal with it first and transport it back. Otherwise, it's not safe to leave it in the hotel." Xia ruofei asked, "why are you in such a hurry? We still have something to do in the morning!"

"What's up? What else do you have to do this morning?" Song Wei asked.

"To cultivate the" absolute beginning Heart Sutra "!" Xia ruofei said.

"Ah?" Song Wei was dumbfounded. "Isn't the morning a little too short?"

Xia ruofei smiled mysteriously and said, "I have my own plans!" Let's not talk about this for now. I'll start cultivating after breakfast!"

After a while, the service staff pushed the dining cart to Xia ruofei's room. At the same time, he brought a room card. This was personally arranged by Yu mingdong. The new room was right opposite Xia ruofei's room.

The two of them finished their breakfast and the waiter left the room after cleaning up.

Xia ruofei went over to lock the door and lit up the 'Do Not Disturb' light. Business was more important, and he couldn't care less about what Yu mingdong would think if he saw them in the room with a 'Do Not Disturb' light hanging on it in broad daylight.

The two of them sat opposite each other on the sofa in the living room. Song Wei asked nervously, "Ruofei, How do I cultivate?"

This was related to whether or not they could completely eliminate the peach blossom miasma. Moreover, even if there was no such meaning, Song Wei had once dreamed of being a heroine when she was young. Now that she could come into contact with the mysterious cultivation field, she was naturally nervous and excited.

Xia ruofei smiled. "There's no hurry. I'll make some arrangements first."

In order to conceal the spirit map space, Xia ruofei went back to his bedroom and took out the array flag from the space. He held it in his hand and walked out.

He also took out two spiritual crystals and put them in his pocket.

Xia ruofei moved the coffee table to the side and pulled Song Wei to the middle of the room. He gestured for her to sit cross – legged on the carpet and Xia ruofei sat opposite her.

Then, Xia ruofei waved his hand and the array flags flew in different directions. They landed accurately in their respective positions and a time – accelerating array was set up in an instant.

Although it was not the first time he had used array flags, Xia ruofei was still impressed by this convenient method of setting up the array.

Song Wei did not feel the change in the flow of time. She looked at Xia ruofei blankly. She did not know why Xia ruofei had thrown the flags out. The amazing thing was that the flags were standing straight on the ground and would not fall down. It was like magic.

If he wanted to achieve something in a short period of time, he had to use the time formation. Hence, Xia ruofei did not plan to hide the time formation from Song Wei.

"Did you notice any changes?" he asked with a smile.

"Change? What kind of change?" Song Wei asked in confusion.

Xia ruofei pointed to the clock on the wall behind him and opposite song Wei. "Look at that clock ..."

Xia ruofei tried his best to compress the area of the time formation. This time formation only covered two people, so the time flow was about 90 times faster.

About one and a half minutes inside the formation was only one second outside.

So, Song Wei looked up and found that the second hand was still. She said subconsciously, "Eh? Is the clock broken?"

Xia ruofei was speechless. Just as he was about to explain the time formation, he suddenly saw a fly flying in not too far away from them.

This fly was definitely also flying around randomly, but because of the difference in the flow of time inside and outside the formation, from their point of view, the fly's movements were extremely slow, as if it was frozen in the air.

Xia ruofei pointed his finger and said, "Look at that fly!"

Song Wei looked up and could not help but open her mouth slightly. This was the first time she had seen such a magical scene. Since when could flies hover?

"What ... What's going on?" Song Wei asked.

Xia ruofei laughed, "can't you tell?" There is a huge difference in the flow of time between where we are and the other parts of the room! That's why the flies you saw seemed to be frozen. The wall clock wasn't broken, but from your perspective, it would take more than a minute for the second hand to move one square!"

"Wow!" Song Wei could not help but exclaim, "there's actually such a magical thing! RUO Fei, this must have something to do with the flags you just threw out, right?"

"You've finally guessed it!" Xia ruofei smiled and said, "that's right. These array flags can set up a time array. The area we are in now is 90 times slower than the outside world. In other words, three months here is only one day in the outside world!"

Xia ruofei paused for a moment before he continued, "Now you don't think that one morning is not enough to do anything, do you?"

Song Wei was dumbfounded. After a while, she said, "There's really such a magical formation ... RUO Fei, if you stay in the formation, Won't You Be able to do a lot of things? For example, the third – year students have 90 times more revision time than others!"

Xia ruofei didn't know whether to laugh or cry. "If I didn't need to save time, I wouldn't have used the time formation so casually. You should know that the time you spent in the time formation was normal. If you used the time formation for a long time, wouldn't you look much older than your peers when you go out?"

It had to be said that this was indeed the thing that girls were most afraid of. Song Wei could not help but stick out her tongue when she heard this.

Xia ruofei continued, "however, it doesn't matter if I use it occasionally. This time, I need to cultivate it in a short time. That's why I used the array flags!" Alright, let's get back to the main topic! Let me explain to you about this "absolute beginning Heart Sutra" first!"

After Song Wei went to rest last night, Xia ruofei had been studying the "absolute beginning Scripture of the heart". The information in the human – shaped jade talisman was directly passed into his mind, including a lot of cultivation experience. Hence, Xia ruofei only needed to read through it once, and it was much easier than learning a cultivation technique.

He first explained to Song Wei the key points of cultivating the "Scripture of the primogenitor". The most important thing for this technique was for both of them to be in sync. Song Wei was quite lucky because Xia ruofei had already achieved a certain level of cultivation and had a thorough understanding of the "Scripture of the primogenitor". With Xia ruofei's guidance, it was much easier to get started.

Xia ruofei explained for a long time, but Song Wei still did not fully understand. He knew that the cultivation terms were too obscure for Song Wei.

Hence, he simply said, "how about this!" You might not be able to understand the theory of optics, so I'll take you to run a full cycle first. You can feel the feeling. "

The introductory section of the "Scripture of the primogenitor" required one to be able to sense Qi. However, with Xia ruofei around, he could let Song Wei experience the feeling of genuine Qi circulation first. It would be much easier to cultivate after that.

Song Wei followed Xia ruofei's request and raised her hands. They sat cross – legged with their palms against each other.

"Don't be nervous. Remember the circulation route of your genuine Qi later. I will explain it to you as I drive the genuine Qi." Xia ruofei said gently.

Then, he released the true Qi in his palm. A small wisp of true Qi entered Song Wei's body from Xia ruofei's palm. It followed the first level of the "Scripture of the primordium" and advanced.

Song Wei had never cultivated before and her meridians were narrow. Xia ruofei carefully pushed his genuine Qi forward while explaining the names of the meridians and acupuncture points to Song Wei so that she could remember them as much as possible.

Soon, the genuine Qi had circulated through Song Wei's body. Xia ruofei did not continue with the circulation in his body. Instead, he retracted his genuine Qi.

"That was the true Qi circulation route of the first level of the cultivation technique. Try your best to remember it!" Xia ruofei said, "our first goal is to let you find the sense of Qi!"

Then, Xia ruofei took out the spiritual crystal from his pocket ...

?

Chapter 1570: An unexpected surprise (1)

Xia ruofei said, "Song Wei, you've already felt the genuine Qi circulating in your meridians. What you need to do now is to feel it according to the introductory heart technique of the "absolute beginning Scripture ". Only when your dantian forms a wisp of genuine Qi that truly belongs to you can we start cultivating together."

Song Wei nodded her head and said, "I know, I've already memorized the mantra. I'll work hard next!"

Xia ruofei smiled. "I forgot to tell you. The spiritual Qi on earth is very poor. Besides the two hours of midnight and dawn, we can't cultivate at any other time."

The process of cultivation was, in fact, to absorb the free spiritual energy in the air and transform it into true Qi in the dantian. If the spiritual energy in the outside environment was too chaotic and violent, it was naturally impossible to absorb it, and there was no need to talk about cultivation.

"Ah?" Song Wei was dumbfounded. "What should we do then? In this case, the time formation is meaningless!"

Xia ruofei chuckled, "don't you have me?" What I said was under normal circumstances, but now that we have this, we can cultivate without time constraints!"

With that, Xia ruofei flashed the spiritual crystal in his hand.

"What is this?" Song Wei asked curiously as she looked at the crystal.

"You're lucky. I got this in the underground palace." Xia ruofei said, "it's called a spiritual crystal. It's the product of the solidification of spiritual Qi after it reaches the extreme concentration ..."

Xia ruofei briefly introduced the crystals to Song Wei and smiled, "What you need to do now is to hold this spiritual crystal in your hand and sense the spiritual Qi in it. Then, use the introductory cultivation technique of the 'Scripture of the primordium origin' to absorb the spiritual Qi into your body and transform it into true Qi in your dantian. As long as you can do this, we're already half – done!"

The introductory manual of the "Scripture of the primordium origin" could cultivate true Qi on its own. This was also in consideration of the needs of beginners who cultivated the "Scripture of the primordium origin".

However, this beginner cultivation technique was very ordinary. It could only cultivate a small amount of true Qi. If he relied on this cultivation technique to cultivate alone, the efficiency would be so low that it would make one's hair stand.

Therefore, the correct way to operate it was to start the two – person cooperation after the cultivator had produced true Qi. The same cultivation method, under the situation of two people cooperating, the effect of one plus one was far greater than two. This was also the magic of this cultivation method.

Song Wei nodded her head and carefully took the spiritual crystal.

Xia ruofei stood up and said, "you stay in the formation and study it. I'll go out and prepare something for you to eat!"

Due to the time formation, even though they only had one morning, Song Wei might actually spend many days in the formation. Xia ruofei naturally had to prepare some food.

When he was in Hunan Province, he bought some biscuits, instant noodles, and other food that were easy to store. He had been storing them in the spirit map space.

Hence, Xia ruofei did not need to go out. He went straight to his bedroom and took out the outdoor backpack from his interspace. After he carried it to the living room, he rummaged through the backpack and found the food. He put it in a plastic bag and returned to the array.

It took Xia ruofei at most two to three minutes to finish all these things.

In other words, Song Wei should have spent more than four hours in the array.

When Xia ruofei entered the array, he noticed that Song Wei was still sitting cross – legged with her eyes closed. She was holding the spiritual crystal in her hand.

Perhaps she had heard the sound of Xia ruofei entering the formation, Song Wei opened her eyes and said with uncertainty, "Ruofei, I ... I think I've cultivated a trace of true Qi ..."

Xia ruofei couldn't help but widen his eyes and cry out, ""So fast!"

Even if the spiritual crystal contained a huge amount of spiritual Qi, Song Wei had not even started cultivating it. If one were to look at it alone, the cultivation technique of the "absolute beginning Scripture" was also very ordinary. However, she could actually sense Qi in just over four hours and even cultivate a trace of true Qi. This speed was a little shocking.

"Is there a problem?" Song Wei asked nervously, "I just followed the introductory mantra and focused on sensing it. I seemed to have produced true Qi in a daze. Did I cultivate it wrong?" Will I go crazy?"

"Don't be nervous. Let me take a look ..." Xia ruofei said.

Then, he grabbed Song Wei's hand and sent a wisp of true Qi through his body to his dantian.

In the next moment, Xia ruofei looked at Song Wei in shock and was speechless for a long time.

It really was not Song Wei's imagination, nor was it that she had taken a wrong path in her cultivation. There was indeed a new wisp of true Qi in her dantian. Although it was still very weak, it really existed.

This cultivation speed was even faster than Xia ruofei's proud disciple, Tang Haoran.

Seeing Xia ruofei's shocked expression, Song Wei could not help but feel more nervous.

She quickly asked, "ruofei, what's the situation?" Don't scare me ..."

Xia ruofei came back to her senses and hurriedly said, ""It's fine, it's fine! Don't be afraid, you've indeed cultivated true Qi ..."

Then, Xia ruofei looked at Song Wei strangely and said, ""Song Wei, you really don't show your true self! I didn't expect you to be so talented in cultivation!"
