

God tier Farm 1601

Chapter 1601: [weapon refining secrets](1)

Xia ruofei stepped into the quiet bamboo house.

The furnishings in the bamboo house were very simple. There was only a bed and a desk, and there was nothing else.

Miraculously, no one knew how long it had been since anyone had set foot in this place, but the interior of the bamboo house was still spotless, as if someone had just cleaned it.

Xia ruofei had already dabbled in arrays to a certain extent, so he was not surprised. He knew that this was definitely the effect of the array. This seemingly ordinary bamboo house actually had a lot of arrays set up. It was just that they did not repel or harm him, the owner of the spirit map space.

The interior of the bamboo house was so simple that everything could be seen at a glance. Hence, Xia ruofei's attention was naturally focused on the study table.

Because there were three books neatly stacked on the desk, the puppet refining method that Xia Qing had mentioned should be in these three books.

Xia ruofei walked over excitedly and picked up the three books.

The material of these three books was very special. One look and one could tell that they were not made of ordinary paper. It felt very tough in his hand. Xia ruofei could not tear it open even with a little force. The words on them were very clear. They did not show any signs of aging.

There were no words on the cover of the first book. Xia ruofei flipped through it roughly. It was a record of some interesting anecdotes in the cultivation world. Many of them should be the personal experiences of the previous owner of this spirit map space. There were also many more famous cultivation legends. Each piece seemed to be written casually.

Xia ruofei quickly put down the first book and flipped to the second one.

The cover of this booklet was written <>. It introduced the cultivation methods of some Ling grasses and Ling medicines.

From the spirit herb garden outside, it could be seen that the previous owner of the spirit map space was quite experienced in the cultivation of spirit herbs.

Xia ruofei knew how precious these insights were, but he was more concerned about how to make a puppet. So, after briefly reading the <>, he put it on the table and looked at the last booklet.

The cover of the book read <>. Xia ruofei was overjoyed. 'This should be it!'

Xia ruofei couldn't wait to open this <>. As expected, it was filled with notes on armament refining. It wasn't a systematic knowledge, but more like a random collection of experiences. It was a little messy.

Xia ruofei flipped the pages quickly. Suddenly, the words “analysis of puppet refining method” appeared in front of his eyes. He stopped flipping the pages and began to read the insight hungrily.

Xia ruofei’s eyes brightened.

It was indeed it! The title of this article looked very small, but in fact, it completely and systematically described how to refine a puppet. From the preparation of materials, the refining technique, the use of arrays ... Every link was complete. It also included some experiences during the refining process, including some detours taken, and a series of reverse washing based on these mistakes. It could be said to be very detailed.

Of course, just because the content was detailed didn’t mean that it was easy to make.

Although Xia ruofei had only read through it once, he could still feel that the refining of this puppet would be quite difficult. Every step seemed to be extremely complicated.

At the same time, the use of some formations was beyond the scope of Xia ruofei’s current understanding of formations.

Speaking of which, the easiest part was the gathering of materials that Xia ruofei had been worried about the most.

He originally thought that it would be very difficult to gather all the materials, especially some rare materials that might not even be found on earth today.

However, after looking at the list of materials, Xia ruofei secretly heaved a sigh of relief. The materials on the list were not particularly difficult to find. Although the top – grade Jade and some precious metals were expensive, they were not a problem for Xia ruofei.

Xia ruofei quickly memorized the puppet – making method.

Now that Xia ruofei’s brain was probably many times more developed than an ordinary person’s, it was not difficult for him to rote and memorize this piece of equipment refining experience.

In a short while, the puppet making method was engraved in Xia ruofei’s mind and he would never forget it.

Thus, he put down the book and left the bamboo house.

If he wanted to create a puppet that could help him, Xia ruofei felt that he still had a long way to go. There might be many difficulties and setbacks in the process, but Xia ruofei was not afraid of them.

It was only interesting to do challenging things!

Furthermore, Xia ruofei knew that once he successfully created one puppet, it would be much easier to create the second, the third, and even more puppets.

Xia ruofei drove the motorboat away from spirit map Island and returned to the shore.

“Master, how is it?” Xia Qing came forward and asked.

Xia ruofei forced a smile at Xia Qing and said, ""You're just giving me a big picture! Although the future looks great, it's too difficult to achieve ..."

Xia Qing also thought that it would not be easy for Xia ruofei to successfully create a puppet at his current stage. He smiled and said, ""Master, don't be discouraged. Perhaps it's not easy to evolve the spirit map world to the point where you can control any speck of dust in the space at will, or even to the point where you can even command it with your words. However, as long as you work hard and continuously improve your cultivation, it's completely possible to refine a puppet!"

Chapter 1602: [weapon refining secrets](2)

Xia Qing still had confidence in Xia ruofei. Of course, it was not now.

He believed that as long as Xia ruofei gradually improved his cultivation, he would be closer to successfully making a puppet.

However, Xia ruofei did not believe this. He chuckled and said, ""A great man once said, 10000 years is too long, we must seize every moment! I don't want to slowly improve my cultivation before doing this! No matter how difficult it is, if I back out without even trying, I would be too embarrassing for our Army!"

"Master, you're a soldier?" Xia Qing was very curious about Jian Jia. He had never heard Xia ruofei talk about this.

Xia ruofei looked nostalgic and said, ""It's all in the past. I've left the Army a long time ago ..."

Xia ruofei stood at the beach in a daze for a while before saying, ""Alright, I should go out! Xia Qing, you'll have to work hard during this time to take good care of the medicine garden and other crops. I'll try to create a puppet as soon as possible to be your helper!"

"Thank you, master!" Xia Qing said respectfully.

Xia ruofei looked at the White realm Fox that was comprehending the spatial laws in the distance and said, ""If that little guy causes any trouble, you have to tell me at once! I'll come in and clean it up!"

Xia ruofei did not lower his voice on purpose. He even used the invisible force of space to send his voice to the ears of the realm Fox as if he was speaking right next to it.

The white fox trembled slightly and cupped its hands at Xia ruofei from a distance. It looked very obedient.

Xia ruofei laughed and left the medium.

After returning to his bedroom in the outside world, Xia ruofei immediately went to the bathroom to take a shower. At the same time, he threw the casual clothes he was wearing and the wet clothes he had taken out from the Archean realm into the washing machine.

When they were on the motorboat, Xia ruofei was almost drenched and felt terrible. If he did not wash off the seawater in time, white salt frost would form on his body.

Xia ruofei changed into a set of dry cotton loungewear and walked out in his slippers.

He didn't go to rest immediately. Instead, he turned on his computer and searched for the materials needed to make the puppet.

Sure enough, although some of the materials were relatively precious, they could be found as long as one was willing to spend money.

Including the Jade used to make the core rune, all the raw stones that Xia ruofei bought from the Ruizhou public auction had been cut out. The Jade had been stored in his storage space. These high – Quality jades could fully meet the requirements to carry the core rune.

Xia ruofei created a new document on his computer and listed all the raw materials he needed except for Jade. Then, he printed a few copies and placed them on the computer table.

He didn't go online to purchase it. Instead, he planned to hand the list to Feng Jing the next day and let her purchase it in the company's name.

It was mainly because there were too many types of materials required and the amount of each was different. If Xia ruofei were to buy them one by one, it would be too troublesome.

Paradise Corporation was basically his own company, so there wasn't much difference between him buying it personally and his company buying it.

Although Feng Jing and the higher – ups had a small share of the company, and some of the employees were also rewarded with shares, in reality, all of their shares added up were not even a fraction of Xia ruofei's shares.

Taking ten thousand steps back, Xia ruofei's purpose of making the puppets was to improve the efficiency of the spirit map space. When the efficiency was high, he would naturally be able to produce more quality goods. Other things aside, just the increase in the harvest of Cordyceps, the additional profits would be an astronomical figure. These were all real contributions to the company.

Therefore, it was reasonable for the company to pay for the raw materials.

.....

The next day at work, Xia ruofei went to the general office building first and handed the list to Feng Jing, asking her to arrange for the procurement department to try their best to get everything on the list.

Feng Jing looked at the strange materials and did not know what Xia ruofei was up to. However, she was used to Xia ruofei's whimsical ways. So far, Xia ruofei had been successful in everything he had done. This made Feng Jing, who was a calm elite, have blind trust in Xia ruofei.

Hence, Feng Jing didn't ask any further. She called her assistant over and asked her to send the list to the purchasing department and arrange for someone to follow up on this matter.

After Xia ruofei left Feng Jing's office, he immediately left the general office building.

He had originally wanted to talk to Dong Yun and persuade her to directly work at paradise Corporation, so that she wouldn't have to hold the title of a consultant.

Unfortunately, Dong Yun still did not show up at the company. It was said that she had asked for another car and gone to the pharmaceutical factory for research.

“What’s there to investigate in the pharmaceutical factory?” Xia ruofei mumbled to himself, “is it worth going there every two or three days?”

However, since Dong Yun was not around, Xia ruofei was more relaxed.

He drove away from Taoyuan farm and headed in the direction of the city.

This morning, Xia ruofei’s destination was the headquarters of the lingji food and beverage group.

After returning from overseas, Xia ruofei had only called Ling Qingxue to tell her that he had returned to the three mountains safely. He had been busy for the past two days and did not even have time to see his girlfriend.

Hence, Xia ruofei felt that it was only right for him to visit Ling Qingxue.

Of course, he didn’t call Ling Qingxue first. He wanted to give her a surprise.

At the same time, Xia ruofei had another goal for this trip, which was to give Ling Xiaotian a statue of the Zhong Kui.

Last night, he had tried out a formation that he had deduced several times. In the end, he had successfully carved it on a Zhong Kui statue.

This array pattern was not Xia ruofei’s original creation. Its function was to ward off evil spirits.

Ever since he had seen the spirits in the mysterious underground Palace, Xia ruofei no longer believed that the study of souls was illusory. Since the souls were real, ghosts might exist too.

The bell tripod statue already had the effect of expelling evil and had a sense of righteousness. With this array pattern, the effect was even more impressive.

Xia ruofei looked at the statue and felt his heart palpitate.

This type of jade carving was naturally not suitable for a girl, but it was very suitable for Ling Xiaotian.

The size was also very suitable, and he could choose to wear it on his body or put it in his office as a decoration.

Half an hour later, Xia ruofei had arrived at the headquarters of the Ling Ji F & B.

He parked his car in the underground parking lot and took the elevator to the floor where the president of lingji restaurant was located.

Once Xia ruofei stepped out of the elevator, he saw a girl in charge of reception.

“Hello, Sir! Do you have an appointment?” The girl asked politely.

Xia ruofei’s expression turned cold. The staff at the front desk here knew him. He could come and go as he pleased at the headquarters of Ling Ji F & B. Many of the older employees knew that this was the future son – in – Law of the boss.

It seemed that this person was new.

"Hello, is Chairman Ling in?" Xia ruofei smiled and asked, "or President Ling is fine too!"

The front desk girl said with an awkward expression, "Sir, the chairman and general manager's schedules are very tight. If you don't have an appointment, I'm afraid ..."

"It's okay. You can call either one of them to confirm it." Xia ruofei smiled. "Just tell them my surname is Xia and they'll know ..."

The front desk girl picked up the phone doubtfully and dialed.

However, she didn't dare to call Ling Xiaotian or Ling Qingxue's office number directly. Instead, she called Ling Xiaotian's Secretary.

"Hello, Secretary Huang. There's a Mr. Xia here. He said he's looking for the chairman ..." The front desk girl said carefully. "He said the chairman ..."

Before the front desk girl could finish her sentence, Secretary Huang quickly asked, "Is it a young man with good skin and a gentle smile?"

The girl at the front desk looked at Xia ruofei and nodded with certainty. "Yes, I am!"

"Let him in directly!" Secretary Huang quickly said, "in the future, let him through immediately when you see him. Do you understand?"

Chapter 1603: Guye's arrival (1)

The girl at the front desk looked at Xia ruofei in a panic and said, "I understand, Secretary Huang ..."

"Wait a minute!" Secretary Huang said. "I'll come and pick him up immediately!"

"Oh ... I know ..." The front desk girl was a little confused.

Xia ruofei was not angry and just smiled at her. The front desk girl's heart was beating very fast. She said with a little panic, "Mr. Xia, please wait for a moment. Secretary Huang will come to welcome you personally!"

"Why is it so troublesome ..." Xia ruofei mumbled to himself. "Can't I just go in by myself?"

The front desk girl didn't know how to respond to Xia ruofei's words and could only maintain a polite smile.

Fortunately, Secretary Huang did not make Xia ruofei wait too long. In at most a minute or two, the Chairman's Secretary had already rushed to the front desk of the company.

This Secretary of Ling Xiaotian's had been by his side for many years. Unlike most bosses, Ling Xiaotian's personal secretary was a man.

In fact, after Ling Qingxue's mother passed away, a diamond Bachelor like Ling Xiaotian was in high demand. However, he was so deeply in love with his deceased wife that he was not even willing to put on a show at social events, let alone remarry.

Even using a male as his Secretary had become a tradition for many years.

Of course, Ling Xiaotian had more than one secretary. It was an entire team, and not all of them were men. However, his personal secretary was definitely a man.

This Secretary Huang was considered as Ling Xiaotian's trusted aide, so he was naturally more familiar with Xia ruofei. As soon as they met, he smiled and said, "I was wondering why the Magpies kept chirping today! So it's Guye who has come!"

"Brother Huang, when did you learn such a glib tongue?" Xia ruofei smiled and said, "is uncle Ling free?"

"Since you're here to visit, the chairman must be free," Secretary Huang said. "However, shouldn't you be more concerned about whether our President Ling is in the company?"

"Then, is Qingxue here?" Xia ruofei asked with a smile.

"You're in luck. President Ling is in the office today!" Secretary Huang said, "recently, she has been going to the next branch quite often. It's rare for her to be in the company today to deal with some matters, and you just happened to come ..."

"This is called tacit understanding, understand?" Xia ruofei said, "let's go in!"

"This way, please!" Secretary Huang stepped aside and asked Xia ruofei to leave first.

The two of them walked straight into the company's headquarters. The front desk girl's mind was filled with the fire of gossip. It turned out that this fair and tender – looking young man was actually President Ling's boyfriend! Many of the male colleagues in the company were heartbroken ...

In fact, the front desk girl did not know that anyone with some experience in the company knew about the relationship between Xia ruofei and Ling Qingxue. Only the new employees did not know about the situation.

Secretary Huang was half a step behind Xia ruofei and said, "President Xia, the chairman is meeting a guest. Why don't you ... Go to President Ling's place first?"

Xia ruofei replied, "I'm fine with anything!" I'm just here to take a look today. There's nothing particularly important. Oh right, if you have something to do, then go! I'm not an outsider, do I need you to accompany me the entire time?"

"Alright, I won't disturb you guys any further!" Secretary Huang smiled. President Xia, please help yourself!"

Since Ling Xiaotian was receiving guests, Secretary Huang could not leave for too long.

Xia ruofei arrived at Ling Qingxue's office with ease. He knocked on the door lightly and soon heard Ling Qingxue's clear voice. "Please enter!"

Xia ruofei pushed open the office door and locked it from the inside.

Ling Qingxue was in front of her computer dealing with an email and didn't notice that it was Xia ruofei. Her eyes didn't leave the screen as she asked indifferently, ""What is it?"

Xia ruofei had a smile on his face. He leaned against the door and looked at his girlfriend.

Ling Qingxue was dressed in a professional suit. When she was at work, she looked a little intimidating. She was very different from a few months ago. This was also because Ling Xiaotian had deliberately increased her burden and trained her bit by bit.

Ling Qingxue didn't hear any response and felt a little strange. She raised her head and looked over.

When she saw that the person who had come was actually Xia ruofei, Ling Qingxue's powerful woman's aura instantly disappeared. She cried out in surprise, dropped her mouse, and stood up.

"Why did you suddenly come over?" Ling Qingxue said in surprise and joy as she walked quickly towards Xia ruofei.

Xia ruofei had a faint smile on his face. He looked at Ling Qingxue dotingly and asked, ""What's wrong? I'm not welcome here?"

"Where?" Ling Qingxue pouted and said, "I'm just a little surprised! Why didn't you give us a heads up ..."

"How can I see my wife's strong woman side if I say hello in advance?" Xia ruofei said with a smile as he pulled Ling Qingxue into his arms. He lowered his head and kissed her tender red lips.

Ling Qingxue's entire body went soft as she responded to Xia ruofei's kiss passionately.

After a long time, she finally got out of Xia ruofei's arms, blushing. She said coyly, ""You're too bold! We're in the company ..."

Xia ruofei chuckled and said, "I locked the door when I came in!" No one will be able to enter ..."

"Looks like you've already planned this!" Ling Qingxue looked at Xia ruofei and said, "ruofei, you've been out for so many days. Have you had enough fun outside?"

Xia ruofei touched his nose awkwardly and said, ""I'm going to do some serious business ... I've gained a lot from this trip! I'm telling you ..."

"No need to explain! I was just joking!" Ling Qingxue replied, "I don't care where you go ..."

"Really?" Xia ruofei said half – jokingly, "what if I bring you a few sisters? what will you do?"

Ling Qingxue smiled and said, "if you have the ability, then bring me!" I promise I won't be angry ..."

Xia ruofei looked at Ling Qingxue and thought to himself, "you're just too stubborn. If I really brought a woman back, I'm afraid you won't have this attitude."

Xia ruofei was no longer a newbie in love. He knew when to listen to a woman's words and when to listen to them the other way around. Of course, he was not stupid enough to think that Ling Qingxue really did not care about this aspect.

Seeing that Xia ruofei was silent, Ling Qingxue asked, ""What's the matter today?"

"I miss you!" Xia ruofei said without thinking.

"What else?" Ling Qingxue's heart felt sweet, but she still said, "that's not the only reason, right?"

"What other reason could there be?" Xia ruofei spread his hands and said. Then, he pretended to suddenly remember something and said, "Oh right, there's one more thing!"

"I knew it!" Ling Qingxue pouted slightly and asked, "speak! Is there anything else?"

Xia ruofei smiled and said, "it's mainly because I miss my wife!" And then ... I brought some gifts for you and uncle Ling. I've already spent the money, so I have to send the gifts out as soon as possible! That's why I'm here. "

"There's a gift?" The disappointment in Ling Qingxue's heart instantly disappeared. She laughed and asked, "what is it?"

Xia ruofei smiled and took out an exquisite jewelry box from his bag. He handed it to Ling Qingxue and said, ""You can see for yourself!"

Ling Qingxue opened the box expectantly. When her eyes fell on the box, she couldn't help but exclaim, ""It's so beautiful!"

This jewelry box contained a pearl chain, which was also made by Xia ruofei. Each Pearl was made from the best black jade and was almost the same size.

Other than making a few jade carvings, Xia ruofei made the rest of the black jade into pearl chains, rings, earrings, and other small accessories.

The handiwork of this beaded necklace was undeniable. It was definitely the peak of Xia ruofei's skills during this period.

However, Xia ruofei did not inscribe any formation patterns on the Pearl chain.

His main consideration was to inscribe formation patterns on all of the Jade carvings. As for small items like the beaded chains and earrings, on one hand, they were too small and could only hold a limited number of formation patterns. On the other hand, Ling Qingxue already had a protective jade talisman, so there was no need to add a similar formation.

"Do you like it?" Xia ruofei asked, smiling.

"I like it!" Ling Qingxue put the beaded necklace on her finger and turned it around to admire it.

Her fair skin formed a sharp contrast with the Black Pearl chain, as if there was a Black Dragon on her wrist. It was visually impactful.

"Ruofei, do I look good in it?" Ling Qingxue asked.

"Of course!" Xia ruofei said, "my wife is a natural beauty. She'll look good no matter how she dresses up!"

Ling Qingxue's heart was filled with sweetness, as if she had just drunk honey.

She held Xia ruofei's arm and asked, "You said you've prepared a gift for my dad? What was it? Give us some information in advance!"

Xia ruofei laughed and said, "It's also a product of black jade!" This time, I came to Dian province to see the public Jade bid in Ruizhou. This black jade is the trophy of the stone gambling I participated in!"

"So you're saying that you made this yourself?" Ling Qingxue asked as she looked at the chain in her hand.

"Of course, how else can I show my sincerity?" Xia ruofei said.

Instantly, in Ling Qingxue's eyes, this beautiful string of beads weighed even more.

"Ruofei, let's go and find my dad!" Ling Qingxue said, "I can't wait to see the gift you've prepared for him ..."

"Just now, Secretary Huang said that uncle Ling was receiving a guest." Xia ruofei said, "why don't we talk about it later?"

However, Ling Qingxue stood up and pulled Xia ruofei's hand as they walked out. She said, "I know, my dad's guest is uncle du! It doesn't matter, it's not a business meeting. He and my dad have been friends for decades. This time, he's definitely here to brag and chat, or to play chess!"

Since Ling Qingxue had already said so, Xia ruofei naturally would not stupidly insist on waiting. He followed Ling Qingxue out.

When they reached the door, Ling Qingxue let go of Xia ruofei's hand. She was shy and embarrassed to be so intimate with Xia ruofei in front of so many employees.

The chairman's office was on the upper floor, and there was an exclusive elevator in the company.

The Chairman's private elevator was also available to Ling Qingxue. She led Xia ruofei into the elevator and the two of them quickly arrived at the floor where the chairman's office was.

Secretary Huang had already returned to his post. When he saw Xia ruofei and Ling Qingxue walking over together, he quickly stood up and went up to them.

"Secretary Huang, is the chairman in his office?" Ling Qingxue asked. In the company, Qianqian usually addressed her father as Chairman, and only called him 'dad' when she was home.

Mr. Ling, the chairman and Mr. Du are chatting in the guest room." Secretary Huang said and then asked, "do you need me to go in and report?"

"No need, we'll go in ourselves!" Ling Qingxue said.

Then, she brought Xia ruofei and pushed open the double door with the words "chairman's office"...

Chapter 1604: Du Qinghong (1)

The moment the door opened, Xia ruofei saw Ling Xiaotian playing chess with a middle-aged man in his fifties.

Xia ruofei couldn't help but smile. A daughter knows her father best! He was right!

Ling Xiaotian was currently holding a chess piece in deep thought. When he heard the sound, he turned his head and looked over. Immediately, he said as if he had been pardoned, ""Yo! RUO Fei is here! Hurry up! Come in and sit!"

Then he threw the chess piece on the chessboard and said, ""Old du, my son – in – Law is here. I won't be playing today!"

The middle – aged man didn't know whether to laugh or cry. "Old Ling, you're already a man of several decades, why are you still acting shamelessly? I can kill you in three steps at most!"

Ling Xiaotian laughed and casually messed up the chessboard. He lied through his teeth, ""You're bragging! How come I don't see it as a dead end? We're clearly at a stalemate, and we're evenly matched, alright!"

The middle – aged man gritted his teeth in anger and muttered, ""I've never seen such a rascal like you!"

Ling Xiaotian did not take it to heart and said to Xia ruofei, ""Come, ruofei, let me introduce you. This is du Qinghong, the president of the three mountains mystical society. He's an old friend of mine. You can just call him uncle du!"

Ling Xiaotian then said to du Qinghong, ""Old du, this is my son – in – Law, Xia ruofei!"

Du Qinghong was still a little indignant at Ling Xiaotian's shameless behavior in chess. He shot a glance at Ling Xiaotian and said, ""When did Qingxue get married? How come I didn't know?"

Du Qinghong's words immediately made Ling Qingxue's face blush.

On the other hand, Ling Xiaotian sneered and said, ""Future son – in – Law ... But the two children have a good relationship, so marriage is only a matter of time ..."

Du Qinghong stood up and smiled at Xia ruofei. ""Young man, I'm just joking. Don't mind me ... I've known old Ling for many years, and we're used to bickering, haha ..."

"Hello, uncle du!" Xia ruofei said politely.

"Hello, hello!" Du Qinghong said with a smile. He then turned to look at Ling Qingxue and said with a smile, "Qingxue, you're getting more and more beautiful!"

Ling Qingxue smiled and said, "uncle du is getting younger and younger!" When can I teach my dad some health – Maintenance skills? You're only two or three years older than my dad, so you look like you've been with him for two generations. "

When Ling Xiaotian heard this, he could not help but chided, "stinky girl!" What a rude person! How can you insult your dad like this?"

"I'm just telling the truth!" Ling Qingxue chuckled. "Dad, why don't you get RUO Fei to get you some jaded skin ointment?" You're not even sixty yet! The wrinkles on his face are already ..."

"I'm not using that!" Ling Xiaotian waved his hand and said, "I'm a man. Why do I need such good skin? I'm not a rabbit Lord!"

When Ling Qingxue heard this, she was stunned for a moment. Then, she looked at Xia ruofei and couldn't help but burst into laughter.

Xia ruofei couldn't help but smile bitterly. Was this considered as getting shot? However, I was once a dark – skinned special Combat Elite! Now, having good skin was only a side effect of cultivation. Why did he become a rabbit Lord?

When du Qinghong heard the words “jaded skin cream”, he was in deep thought for a moment. It was only after Ling Xiaotian finished his sentence that he came back to his senses.

“Xiao Xia, so you're the boss of the Paradise Corporation!” Du Qinghong said, “I was wondering why this name sounded familiar!”

“Uncle du, my business is just a small one. It can't be compared to uncle Ling's business ...” Xia ruofei said humbly.

“He's been working hard for decades!” Du Qinghong said, “when you reach old Ling's age, your career will definitely be bigger than his! Little Xia! I see that your forehead is full, your brow ridge is protruding, and your eyebrows are wide. This is the appearance of a great wealth!”

Ling Xiaotian smiled and said, “Alright, alright!” Old man, don't show off your skills in front of me ...”

It was not that Ling Xiaotian did not believe in du Qinghong's fortune – telling skills. On the contrary, he was rather passionate about the metaphysics of Feng Shui. In fact, many rich people believed in this. Moreover, as an old friend of du Qinghong, his office was actually a Feng Shui Bureau set up by du Qinghong.

However, his relationship with du Qinghong was too good, so he spoke more casually and joked with each other.

As juniors, Xia ruofei and Ling Qingxue could not say much at this time.

“RUO Fei, are you here to look for Qingxue or me?” Ling Xiaotian asked.

Xia ruofei laughed, “both!” I wanted to discuss with you about the winery. Also ... I went out this time and got a good Jade ornament. I think it's best to give it to you, so I brought it with me today!”

“Let's talk about the winery later,” Ling Xiaotian said immediately. “Let's take a look at the Jade ornament first!”

Based on Ling Xiaotian's understanding of Xia ruofei, if even he felt that it was good, it must be very good. Thus, Ling Xiaotian could not wait.

Xia ruofei laughed as he took out the Jade carving of a Bell that he had carved with array patterns. The Jade carving was completely black and the craftsmanship was almost perfect. It looked very lifelike and was slightly smaller than an adult's palm. It could be used as a decoration or carried around.

Ling Xiaotian could be considered to have seen many things, but this was the first time he had seen such a high quality black jadeite. Especially since the craftsmanship of the bell tripod was so outstanding, Ling Xiaotian's eyes could not help but light up at first glance, revealing a deep fondness for it.

Du Qinghong was even more shocked. His eyes were wide open as he stared at the Jade carving of the bell in Xia ruofei's hand. He could not help but tremble.

Ling Xiaotian also immediately sensed that something was wrong with du Qinghong and couldn't help but ask with concern, "Old du, are you alright?"

Du Qinghong did not answer Ling Xiaotian's question. He stared unblinkingly at the Jade carving of the bell in Xia ruofei's hand and asked in a trembling voice, "Little Xia, where ... Where did you get this?"

When Ling Xiaotian heard the change in du Qinghong's voice, he couldn't help but feel nervous. He asked solemnly, "Old du, don't scare me! Could it be ... There's something wrong with this jade carving?"

Ling Xiaotian was well aware of du Qinghong's level in metaphysics. He had personally witnessed some of du Qinghong's achievements in the past few years. He knew very well that du Qinghong's Feng Shui metaphysics was not as simple as feudal superstitions in the eyes of ordinary people.

Now that du Qinghong's reaction was so abnormal, in addition to the fact that the bell was made of black jade and the carving was so vivid, Ling Xiaotian's first reaction was whether there was something wrong with the Jade carving or whether it would bring bad luck or something.

Du Qinghong glared at Ling Xiaotian and said, "Problem? Old Ling, this is a rare magical weapon! I don't know what kind of dog shit luck you have, you actually ..."

Ling Qingxue couldn't help but let out a cry of surprise. She knew that Xia ruofei had made it himself, so how did it become a "magical weapon"?

However, Ling Qingxue felt Xia ruofei's gentle squeeze on her soft hand at the first moment, so she immediately swallowed the words that were about to come out of her mouth. However, she still turned to look at Xia ruofei in shock.

Ling Xiaotian's eyes widened when he heard this. He had originally thought that this was just an Emerald ornament made of precious materials and first – Class carving. He did not expect it to be a magic tool.

He knew very well that du Qinghong had a magic Jade gourd that he always carried with him and had shown it off in front of him more than once. The Jade gourd was only as thick as a finger and paled in comparison to the Jade carving of the bell tripod. Of course, he didn't know that the value of magic artifacts couldn't be measured by size.

"What's going on?" Ling Xiaotian asked as he looked at Xia ruofei.

In fact, Xia ruofei was quite surprised. He was sure that du Qinghong had already seen the extraordinariness of the bell tripod jade carving, which surprised him.

Initially, Xia ruofei thought that if the array pattern could not be seen by the naked eye, no one would notice the extraordinary nature of the Jade carving. He did not expect du Qinghong to be able to see it with one look.

Xia ruofei was sure that there was no genuine Qi fluctuation in du Qinghong's body.

There were only two possibilities. Either du Qinghong had never cultivated before, or his cultivation was much higher than Xia ruofei's and he could perfectly conceal his cultivation in front of Xia ruofei.

The second possibility was almost impossible. In this spiritual Qi – less environment, unless du Qinghong had a more profound cultivation method than the great Dao Sutra and a large number of spiritual crystals, how could he have such a high cultivation?

Then there was only the first possibility.

Xia ruofei didn't know what du Qinghong meant by "magical weapon". To him, it was just the basic application of array skills. It was even easier than the array he made for Song Wei to suppress the peach blossom miasma.

"I'm not sure either!" Xia ruofei shrugged his shoulders and said, "I got it from a friend!"

Then, Xia ruofei turned to du Qinghong and asked, "Uncle du, what exactly is a 'magic weapon'?"

Du Qinghong looked at the Jade statue with envy and said, "Xiao Xia, this jade carving of yours is made from the best quality black jade. This rare Jade is widely used in our industry to suppress evil. It's carved in the image of Zhong Yuan, which means that the person who made this jade carving is also an expert ..."

Du Qinghong paused and said, "Most importantly, I can feel the special aura coming from this Jade statue. It's obvious that it has been enhanced by an expert. Compared to ordinary black jadeite jade statues, its evil suppressing effect is several times stronger! In our industry, we call these things 'magic tools'."

Ling Qingxue was even more curious, and she couldn't help but ask, "Uncle du, then ... The magic weapon must be very precious?"

"Of course, this can't be measured with money!" Du Qinghong said without hesitation. Let's put it this way! Old Ling, if you're willing to transfer this magical weapon to me, I'm willing to pay 100 million! And I'll transfer the money to you on the spot!"

Chapter 1605: Betrothal gift (1)

Du Qinghong's words silenced the room.

Even Xia ruofei could not help but be stunned. He did not expect that after the formation patterns were carved on the black jade carving, it would be worth so much in the eyes of this experienced President du!

Another thing that shocked Xia ruofei was that du Qinghong did not look like a businessman. He was the president of a metaphysics society, but he had such a rich family property. He dared to bid 100 million without even blinking. His net worth must be much more than that.

Actually, Xia ruofei did not know much about du Qinghong's business. In his early years, du Qinghong had been living in Hong Kong, where the metaphysics of Feng Shui was highly respected. Those famous Feng Shui masters were all distinguished guests of the rich. Du Qinghong was very famous in this line of

work, and the reward for helping once was very generous. It was not an exaggeration to say that his family was rich.

In addition, du Qinghong's net worth was not as much as Xia ruofei had imagined. Xia ruofei had underestimated the attraction of Dharma artifacts to an authentic Feng Shui Master like du Qinghong. In fact, if du Qinghong really wanted to buy the bell tripod jade carving at the price of 100 million, his assets would be reduced by at least half, and he might have to sell some real estate.

However, du Qinghong did not hesitate at all.

Ling Xiaotian and his daughter were also stunned. The value of this jade carving of the Zhong Yuan had far exceeded their imagination.

One hundred million Yuan in cash, even a rich man like Ling Xiaotian couldn't help but be tempted at that moment.

However, he quickly said, "old du, don't even think about it!" There's no room for discussion ..."

With that, Ling Xiaotian stuffed the Jade statue of the bell into Xia ruofei's hands without hesitation and said, "Ruofei, I thought that this Jade statue would be worth at most a few million, or at most a few million. I didn't expect it to be so valuable. In that case, I can't accept it ..."

However, Xia ruofei did not take it. Instead, he let go of it. Ling Xiaotian was so scared that he held on to it tightly, afraid that he would drop it and smash it into pieces. This was a hundred million Yuan! Even if they were all hundred – Yuan bills, they weighed more than a ton!

Xia ruofei laughed and said, "uncle Ling, I've never taken back the things I've given out!" Besides, this Jade statue isn't worth that much money ..."

Before Xia ruofei could finish his sentence, du Qinghong glared at him and said, "Little Xia, are you questioning my taste? Why don't we make a bet? The three mountains mystics society will be in charge of organizing an auction for this jade carving. If the final bid is lower than 100 million, I'll pay you back!"

Xia ruofei couldn't help but smile bitterly. 'Aren't you trying to ruin my reputation?' I'm just saying this to uncle Ling, do you have to take it so seriously? Besides, you've already offered a price of 100 million. Even if no one wants it, you'll still buy it for 100 million, right?

Ling Xiaotian couldn't help but laugh when he heard this. He said, "Old du, it seems like you really like this jade carving!"

"Of course," du Qinghong quickly said, "old Ling, have you changed your mind? As long as you're willing to sell it, I'll immediately raise the money to pay you. I won't delay a single cent!"

Ling Xiaotian quickly waved his hand and said, "stop, stop!" I'm not planning to sell it ... No, I'm not planning to take it ... How can I accept such an expensive gift from a child?"

Xia ruofei smiled bitterly and said, "uncle Ling, aren't you making things difficult for me?" This is just a small token of my appreciation ..."

"You're too kind ..." Ling Xiao tiankai laughed, "how about this is your betrothal gift? If that's the case, I'll accept it!"

Ling Qingxue's face turned red and she said, "Dad ..."

Ling Xiaotian laughed and said, "Qingxue, what's there to be embarrassed about?" And I'm telling you, if this is the betrothal gift, I'll prepare double the dowry for you when you get married according to the customs of Min Nan ..."

Ling Qingxue couldn't help but feel embarrassed. She stomped her feet and said, "You're getting more and more unreliable ..."

Xia ruofei smiled and said, "sure!" As long as uncle Ling is willing to accept this gift, you can call it a betrothal gift!"

Ling Qingxue couldn't help but pinch Xia ruofei and said, "I didn't agree to marry you!"

"But I didn't say I'm going to marry her now!" Xia ruofei laughed and said, "just take it as an advance betrothal gift! You're going to marry me sooner or later anyway!"

Ling Xiaotian was comforted by the situation and laughed, "There's nothing wrong with RUO Fei's words! If that's the case ... Then I must have this Jade statue ..."

"Definitely!" Xia ruofei quickly struck while the iron was hot. "Unless you don't agree to me being with Qingxue!"

"Hahaha! Then I'll accept it!" Ling Xiaotian wasn't a pretentious person, so he accepted the Jade carving.

He then continued, "but, ruofei, you've given me a big problem!" This thing was a little hot! Whether it's at home or in the office, I have to be on guard against theft at all times. It's a treasure worth a hundred million!"

Du Qinghong was also envious of Ling Xiaotian. He was also sighing at himself for not having a daughter as beautiful as Ling Qingxue. Otherwise, he might have been able to fight for a son – in – Law!

Xia ruofei did not know that du Qinghong had such a ridiculous thought. He smiled at Ling Xiaotian and said, "Uncle Ling, please don't put it in the safe! Then it won't have any effect at all ..."

Chapter 1606: Betrothal gift (2)

Du Qinghong also suggested, "old Ling, this jade carving isn't too big. In fact, I suggest you wear it with you. First of all, it's the best effect. Second, wearing it for a long time will make your aura more and more compatible with it."

Xia ruofei nodded in agreement with du Qinghong.

Thus, Ling Xiaotian said, "then I'll just wear it with me!" Looks like I'll have to add a few more bodyguards, in case old du takes them away one day ..."

Du Qinghong was so angry that he laughed out loud, "you old brat!" Am I that kind of person?"

"You wouldn't go so far as to ..." Ling Xiaotian glanced at du Qinghong and said, "but as for magic tools ... That's hard to say!"

Du Qinghong looked at Ling Xiaotian in disdain and said, "I can't be bothered to argue with you!"

Then, he looked at Xia ruofei eagerly and asked, "Little Xia, do you have any more of these magical artifacts? As long as it's of a similar quality to this Zhong Kui jade carving, even if it's just a little worse, I can buy it at a high price! Don't worry, uncle du won't let you suffer a loss in the price ..."

Ling Qingxue looked at Xia ruofei thoughtfully. She knew the origin of this Jade statue the best. According to her judgment, there should be more than one such Jade statue ...

Ling Xiaotian wasn't joking this time and said, "RUO Fei! If you really have Extra Magic tools, you should consider old du! This old man is very obsessed with Feng Shui metaphysics, the kind that can't move at the sight of magical artifacts ..."

Xia ruofei was very calm. He quickly organized his words and said, "Uncle du, I got this jade carving from my friend. I can help you ask ..." He said.

"Alright, alright, alright!" Du Qinghong quickly said. Then I'll have to trouble you to help me find out. Tell your friend to consider me first. I'll definitely make sure he's satisfied with the price!"

Du Qinghong actually knew that the friend Xia ruofei was talking about might not even exist. However, he had lived for more than half of his life and still had some EQ. He saw through it but did not say it out loud. In short, he just had to make his attitude clear. If Xia ruofei really had extra spiritual artifacts, he would naturally remember what du Qinghong had said today.

Of course, du Qinghong didn't have much hope. Magical weapons weren't like cabbages. It was already a miracle to have one. Could it be mass produced?

What he did not know was that Xia ruofei could actually mass – produce them.

Xia ruofei smiled and nodded, "no problem!" I'll definitely pass on uncle DU's words to ..."

Xia ruofei did not expect that a jade carving with formation patterns could be sold for such a high price. However, he did not let money get to his head.

He knew that this was a very niche market. Although there were many fortune – tellers on the streets, most of them were swindlers and real metahumans. When compared to the population of the country, they were definitely a very niche market.

Moreover, the rarer an item was, the more expensive it would be. If he casually took out eight to ten magic tools, it would be strange if the price could go up!

Besides, Xia ruofei also judged that the reason du Qinghong was so eager to buy it at such a high price was not only because of the formation patterns, but also because of the materials and workmanship of this jade carving. If he had used other jadeite or Jade to carve the formation, the quality might not be so high.

Therefore, he needed to come down and carefully think about whether to sell it or how to sell it. Of course, he couldn't make a definite decision now.

Ling Xiaotian said, "old du, RUO Fei, let's come over and have a chat while we make tea. That's right. RUO Fei, you mentioned that you wanted to discuss the winery with me." Let's sit down and talk!"

Du Qinghong saw that Ling Xiaotian wanted to talk business with Xia ruofei, so he said tactfully, ""Old Ling, I won't join in the fun ... It's almost time, I'll take my leave first!"

Ling Xiaotian smiled and said, "let's stay for dinner!" Ruofei and I were just chatting, we didn't talk about any trade secrets ..."

"No, no, I should go back now ..." Du Qinghong waved his hand.

Then, he said to Xia ruofei, "Xiao Xia, don't forget what I asked you to do!" If there's any news, no matter if it's day or night, no matter how far it is, please inform me at once!"

Du Qinghong took out a name card and handed it to Xia ruofei.

Xia ruofei took the name card politely and passed his own to du Qinghong.

This business card was made by the company for Xia ruofei. He was now a Big Boss with a net worth of hundreds of millions. Furthermore, paradise corporation's business was booming and its reputation was becoming more prominent. As the chairman of the company, it would be too low if he did not have a business card.

Du Qinghong carefully kept Xia ruofei's business card and left.

Xia ruofei and Ling Qingxue went to the coffee table in the guest area and sat down. Ling Qingxue very naturally began to boil water and make tea, willingly doing the service work.

Ling Xiaotian leaned back on the sofa and asked with a smile, ""RUO Fei, what do you want to discuss with me?"

Xia ruofei smiled. "Actually, it's nothing much. It's just that I'm more efficient in processing new wines now. So, I'm thinking about expanding the production scale."

"What's there to consider? We have to expand it!" Ling Xiaotian said happily, "do you know how popular the white wine produced by our winery is? It's completely in a state of supply falling short of demand!"

Xia ruofei knew that Ling Xiaotian would definitely agree. However, as his elder and partner, Xia ruofei naturally had to ask for his opinion to show his respect.

"Is it okay for the winery to expand its production?" Xia ruofei asked.

"Of course!" Ling Xiaotian said, "it's because you've been controlling the production at your side, so the production has not been fully developed!"

Xia ruofei couldn't help but feel a little stunned. ""So I'm the one who's lacking in our winery's development ..."

Ling Xiaotian laughed and asked, ""Ruofei, it's a good thing to expand the production capacity. What scale do you think is appropriate? It'll mainly depend on your post – production capabilities. "

Xia ruofei thought for a while and said, "let's increase it gradually!" I hope that we can double the final production in a few months. That shouldn't be a problem, right?"

“Of course, no problem!” Ling Xiaotian said happily, “I’ll inform the winery in a while and get them to come up with a concrete plan!”

Then, Ling Xiaotian couldn’t help but say, “The guys at the winery will be overjoyed to hear this news ... Hahahaha!”

Ling Qingxue had finished brewing the tea and served a cup each to Xia ruofei and Ling Xiaotian. She then asked with concern, “Ruofei, can you handle doubling the production capacity?”

Xia ruofei smiled. “It’s not a problem. I’ve never fought a battle that I’m not confident in.”

To Xia ruofei, the so – called post – production was just putting the wine into the space and using the environment with rich spiritual Qi and the power of the time formation to quickly complete the transformation of the wine.

In the past, the production rate was controlled at a relatively low rate mainly because of the limitations of space.

Now that he was able to construct an independent small space at will, it was equivalent to achieving a leap from a two – dimensional space to a three – dimensional space. The space utilization rate had increased by several times, so it was naturally easy for him to handle twice the amount of Drunken Eight Immortals wine.

Ling Qingxue had a blind trust in Xia ruofei, so she did not say anything else.

The three of them chatted as they made tea. They talked about their recent situation and soon talked about the clubhouse project in Beijing.

Ling Xiaotian attached great importance to this collaboration with Xia ruofei. It was related to the early launch of the National Strategy of the Ling Ji F & B group. It was an important step to enter the capital city.

Xia ruofei also gave Ling Xiaotian a calming pill. Although he would not be the one to carry out the project, he could still play a leading role in it. With him as the major shareholder, Ling Xiaotian did not have to worry about any problems with the cooperation with those rich Playboys.

As they were talking about this, Xia ruofei’s phone vibrated.

He took it out and looked at the caller ID. He couldn’t help but laugh. “Uncle Ling, you’re really getting what you want ... We were just chatting! Song Rui called, probably to talk about our project!”

Chapter 1607: In a hurry (1)

Xia ruofei answered the call and laughed. “Young master Song, how come you’re so free today?”

On the other end of the phone, song Rui snorted and said, “If I didn’t make the call, you wouldn’t have to care about the things here, would you? You’re the major shareholder! Do we owe you something after all this running?”

Xia ruofei smiled and said, "we're all brothers. There's no need to be so formal!" Beijing is your territory, unlike me, who is unfamiliar with this place. Shouldn't you do more?"

"That's true, but you should at least put on an act! Even if it's just a call to show some concern!" Song Rui said unhappily, "you're good. It's as if this never happened!"

Xia ruofei laughed and said, "Okay, okay, okay!" I'm in the wrong, alright? Speak! Why are you looking for me this time?"

"Of course it's about the club!" Song Rui said, "brother Zhao and I have basically confirmed the target of the land. The shooting of that land will start soon. Brother Zhao asked you to come and give us some advice!"

Xia ruofei said casually, "you guys can decide on this!" I'm a blood amateur, I don't know anything about it!"

"You have to come even if you don't understand!" Song Rui said angrily, "didn't you buy a big siheyuan in liuhai alley? If you don't come back to stay, you're going to go moldy!"

Xia ruofei laughed and said, "you don't have to worry about this. I have Wu Qiang to help take care of it!" If you're moldy, my courtyard house won't be moldy either!"

"F * ck! You're deliberately angering me, right?" Song Rui wailed, "are you coming or not? Give me a word!"

Xia ruofei felt that he had teased her enough, so he said lazily, ""Alright! I'll arrange some work in the next two days, then I'll come to Beijing! Sigh ... I've just returned from a business trip for more than ten days, and now I have to travel again. What a tiring life ..."

Song Rui was so angry that his lungs were about to explode. [You've thrown all these things to us. I'm living like a god on the three mountains. How can you say this ...]

Before Xia ruofei could finish, song Rui hung up the phone.

Xia ruofei laughed and put away his phone. He then said to Ling Xiaotian and Ling Qingxue, ""Song Rui is furious. He said that I'm not involved. They've basically decided on the location of the club. They'll start shooting on that land in a few days. They want me to go to Beijing too!"

When Ling Qingxue heard this, she felt a little disappointed. Xia ruofei had just returned from a trip of more than ten days. The two of them had not even properly expressed their feelings of parting! They were going to Beijing soon.

However, she was also a strong woman, so she knew that men should put their career first, so she didn't show it. Instead, she smiled and said, ""I'd be angry too! Why do you have a share in the money – making, but when it's time to work, you're the hands – off boss! Since they want you to go, you should go and take a look!"

Ling Xiaotian also said, "that's right, ruofei!" This is a big deal, and you've invested so much money. It's only right for you to go and check it out!"

In reality, Ling Xiaotian was still envious of Xia ruofei. He wondered what kind of status song Rui had. Ordinary people would not be able to talk to him at all, but Xia ruofei could laugh and curse so casually. This showed that the two of them were very close.

It was also because of this that Ling Xiaotian was full of confidence in the group's prospects of entering the capital.

The three of them chatted in Ling Xiaotian's office for a while. Seeing that it was almost time to get off work, Ling Xiaotian smiled and stood up, "Ruofei, I have a lunch appointment with a friend this afternoon, so I won't be accompanying you. You can have dinner with Qingxue! Or we can go home and cook together ... I won't be going back at noon, I'll come to work directly after I'm done with the business."

After he finished speaking, Ling Xiaotian packed his things and left his office.

Xia ruofei looked at Ling Qingxue with a smile that was not a smile.

Ling Qingxue naturally knew that her father was just making space for the two of them! She could feel the flirtatious look in Xia ruofei's eyes and could not help but pinch Xia ruofei's arm.

Xia ruofei laughed heartily. He put his arm around Ling Qingxue's shoulder and lowered his head to kiss her.

.....

In the afternoon, Xia ruofei and Ling Qingxue naturally did not want to disappoint Ling Xiaotian. The two of them drove straight back to the Ling family's jiangbin villa.

After having lunch at home, Ling Qingxue gave the housekeeper a break with a slightly red face.

When Xia ruofei and Ling Qingxue were the only ones left in the villa, the two of them could not hold it in any longer and kissed each other tightly.

After a long time, Xia ruofei carried Ling Qingxue by the waist and strode upstairs. He pushed open the door to Ling Qingxue's room.

For a time, the room was filled with the feeling of spring ...

The rain had just stopped. Ling Qingxue snuggled up to Xia ruofei and said softly, "Ruofei, you've just returned, but you're leaving so soon ..."

Xia ruofei caressed Ling Qingxue's soft hair as he asked gently, "Wife, you can't bear to?"

"En!" Ling Qingxue nodded her head and said, "we live in the same city, but we've been apart more than together ..."

Xia ruofei sighed and said, "It's mainly because we're both too busy, each with our own business! But the next step is to move our company's headquarters to the city, so we should have more opportunities to meet ..."

Chapter 1608: In a hurry (2)

Hearing this, Ling Qingxue's dejected mood eased a little. She raised her head and asked, "Really? When are you moving?"

Xia ruofei replied, "it should be soon!" The interior decoration is basically completed. The next step is to carry out an environmental inspection. If there are no problems, we should start moving. I won't care about the specific things here, the people below will arrange it!"

"En!" Ling Qingxue nodded and said, "it's good to move out. Although the environment at the farm is pleasant, it's too far away. It's good to go there for a vacation once in a while, but it's a little inconvenient to live there for a long time."

"Yup!" Xia ruofei smiled and said, "the company's business needs this as well. As the company expands, we can't always set the company's headquarters on a farm! This is related to our corporate image ..."

Then, Xia ruofei added, "by the way, I might need to buy a house in the city. It's best if it's a detached villa. Help me look for information in this area when you have time. It'll be even better if there's a suitable villa in your neighborhood. We can live closer ..."

Ling Qingxue's heart was filled with sweetness when she heard that. She began to imagine the scene of the two of them living in the same villa community.

"Don't worry!" She nodded. Leave the matter of finding a house to me! You can go to the capital without worry! The matter over there is more important!"

Xia ruofei lowered his head and kissed Ling Qingxue's tender red lips. He smiled and said, "Wife, you're my strong backing!"

"Glib tongue ..." Ling Qingxue pouted and glanced at Xia ruofei.

She immediately felt that Xia ruofei's hands under the blanket were getting naughty again and couldn't help but exclaim.

Soon, a Symphony of birds and phoenixes began to play in the warm room ...

.....

When Xia ruofei left the Ling family villa, it was already past eight in the evening.

In the afternoon, the two of them fooled around in Ling Qingxue's boudoir. It was only when it was almost 5:30 that the two of them got up and took a couple's bath. Then, they changed and went downstairs.

If it wasn't for the fact that Ling Xiaotian was about to get off work and return home, he might have accidentally fired a gun in the bathroom ...

While Ling Qingxue felt the warmth and sweetness, she couldn't help but feel that she couldn't take it anymore. Xia ruofei was getting more and more aggressive in that aspect, and Ling Qingxue felt more and more powerless.

After the two of them went downstairs, they deliberately sat in the courtyard and chatted for a while. Very soon, Ling Xiaotian returned home.

Although the two of them were neatly dressed and looked respectful to each other, Ling Xiaotian, as someone who had been through this, could guess what they had done in the afternoon from his daughter's blushing face and her teary eyes.

While Ling Xiaotian felt an instinctive sourness in his heart, he also felt a burst of relief.

Xia ruofei was becoming more and more capable, and so was his business. Ling Xiaotian could not be any more satisfied with this son – in – Law. The two of them were so loving, and he was naturally happy from the bottom of his heart.

Hence, he personally made dinner and asked Xia ruofei to have a few drinks.

After returning to the farm, Xia ruofei had just finished washing up and was about to go to bed to browse the news and WeChat when he received a call from Song Wei.

"RUO Fei, I didn't disturb your rest, did I?" Song Wei asked.

"I haven't slept yet!" Xia ruofei chuckled and asked, "what's the matter?"

"I was going to look for you at the farm, but ... Something came up at school. I have to go back to the capital early. I have to leave tomorrow ..." Song Wei said, a little depressed.

Xia ruofei chuckled. "It's okay. There's no rush to cultivate. You can cultivate it when you're alone, but you must remember not to be impatient. Although the effect of cultivating the 'Taichu Heart Sutra' is not obvious, it's better than nothing!"

"I know ..." Song Wei's voice still sounded a little disappointed.

Seeing this, Xia ruofei laughed and said, "I forgot to tell you that I'll be going to Beijing in the next two days. We can find time to cultivate."

Song Wei was stunned for a moment before she asked in surprise, "Really?"

"Yup! I have something to deal with over there. If I don't go over now, song Rui is going to flip out at me ..." Xia ruofei laughed and said, "so, if you don't return to the capital earlier, we won't be able to get our time together!" Isn't it perfect now?"

"That's great!" Song Wei cheered like a little girl. The disappointment from returning to school early was swept away.

Then, she impatiently asked, "When are you going to the capital?"

"In a day or two!" Xia ruofei said, "the exact time hasn't been decided yet. I have some work to arrange. I don't know how long I'll be back this time!"

The group of bad friends were all in the capital, so Xia ruofei naturally could not be in a hurry.

Furthermore, since he was in the capital, Xia ruofei had to visit his elders like elder song and general Zhao Cheng.

In addition to that, Xia ruofei reckoned that it would be impossible for him to return quickly.

"Why don't we ... Just take the same flight?" Song Wei suggested. I'll be taking a flight at around 4 pm tomorrow, and I'll be in Beijing for dinner!"

Xia ruofei could hear the anticipation in Song Wei's voice. He thought for a while and said, "Alright! I'll quickly arrange my work tomorrow morning. We'll meet directly at the airport at about 2:30 in the afternoon!"

"Alright!" Song Wei said happily, "I'll take care of the plane tickets. I'll help you book them!"

"Alright! Thank you for your hard work ..." Xia ruofei said.

.....

The next day, Xia ruofei came to the office early in the morning and gathered Feng Jing, pang Hao, Xiao Qiang, and the other company leaders for a small meeting. Feng Jing had already reported to Xia ruofei about the work that had been done in the past few days. Today, he mainly told everyone that he would be going to the capital for a few days and arranged some important work in the near future.

The most important task at hand was naturally the relocation of the headquarters. Xia ruofei emphasized the safety of the office environment again. He would rather delay the relocation than let the employees take drugs in the building.

When Feng Jing heard that Xia ruofei had just returned and was about to leave, she felt a little resentful. However, in the presence of so many people, she still paid attention to protecting Xia ruofei's authority as the chairman and did not show any displeasure.

However, as soon as the meeting ended, Feng Jing immediately went to Xia ruofei's office. Xia ruofei knew that Feng Jing was going to scold him, so he quickly explained to her before she could speak.

When she heard that Xia ruofei was going to the capital to work on a project with song Rui and the others, Feng Jing's unhappiness disappeared immediately.

Xia ruofei chatted with Feng Jing for a while more before leaving the complex in a hurry.

Feng Jing looked at Xia ruofei's back and sighed. She mumbled to herself, "I really owe you in my past life ..."

"President Feng, what are you talking about?"

A voice came from behind Feng Rao, giving her a fright. She turned around while caressing her chest.

When she saw Dong Yun standing there in a professional suit, she could not help but ask, "Assistant Dong, didn't you go to the pharmaceutical factory for research? Why did you come back so early?"

"Oh, there's just one last bit of work left. I finished the research this morning." Dong Yun smiled and said, "I will form a research report as soon as possible. I hope it will be of help to the company!"

"It'll definitely help!" Feng Jing said, "you're an expert in this field. With you personally taking the pulse, our company will definitely improve our administrative efficiency and formal management by a large margin!"

“President Feng, you’re too kind!” Dong Yun smiled.”I’ll go back to my office then!”

“Alright, you can go back to your work! “Thank you for your hard work ...” Feng Jing nodded politely.

Dong Yun looked at Feng Jing and then glanced at Xia ruofei, who was walking through the square in front of the building towards the villa. She seemed to be deep in thought.

Feng Jing did not notice Dong Yun’s expression. After Dong Yun returned to her office, she immediately took out her phone, found Xia ruofei on WeChat, and sent him a voice message.

Chapter 1609: “Careful” consideration (1)

Before Xia ruofei reached the small villa, he heard a WeChat notification from his phone.

He took it out and saw that it was from Feng Jing. He was surprised that she had sent him a message just a minute or two ago. He had just left the room, but she had already sent him a message. Was there an emergency?

Xia ruofei clicked on the voice message with some speculation.

Feng Jing’s voice came from the phone,””Ruofei, if you don’t do anything, the company’s executive Director is going to be fired!”

Xia ruofei was stunned. He immediately exited the WeChat interface and used his phone to call Feng Jing.

“Boss Feng, what’s the situation?” Xia ruofei asked as soon as the call connected.

“Dong Yun’s research at the pharmaceutical factory has already ended,” Feng Jing said.”Even though she’s a little tempted, if you don’t take the initiative, she’ll probably leave after the research report is out ... It’s not like she’s not wanted by anyone. Who knows how many companies are offering her an olive branch!”

Xia ruofei furrowed his brows and said,”so urgent ... I’m going to the capital soon ...”

“Then come over now!” Feng Jing said,”you have to step in for this kind of thing. The others don’t have enough power!” You have to be sincere, don’t you?”

“Alright then!” Xia ruofei said helplessly.

So he turned around and walked back, and soon returned to the comprehensive office building.

Xia ruofei stood at the door of Feng Jing’s office and gently knocked on the door.

Feng Rao looked up at Xia ruofei and smiled.””Dong Yun is in the office next door. You can go there by yourself!”

Xia ruofei forced a smile and said,”the problem is, what should I tell her?” She asked to stay, but I rejected her ...”

“Times have changed!” Feng Jing smiled and said,”you didn’t want to force her to stay back then, and Dong Yun didn’t really want to stay. But from what I can see, she’s probably a little moved. If you bring it up, it’ll be different. ”

"I'll try ..."Xia ruofei said helplessly.

Feng Jing, who was sitting behind her desk, clenched her fists and smiled at Xia ruofei.""Good luck!"

Xia ruofei smiled bitterly and shook his head. He walked towards the office next door that was specially cleared for Dong Yun.

The office door was tightly shut.

Xia ruofei knocked on the door lightly and heard Dong Yun's cold voice.""Please enter!"

Xia ruofei pushed open the door and walked in. He saw Dong Yun typing furiously on the keyboard in front of the computer. Her attention was completely focused on the computer screen. She did not even raise her head as she said,"Please wait a moment, I'll finish this part ..."

Xia ruofei smiled as he stood still, looking at Dong Yun who was extremely focused on her work.

From a certain perspective, Dong Yun and Feng Jing were the same type of people. They both had strong professional skills and a strong sense of business. They were both strong women that ordinary men would be afraid of.

However, there were some differences between Dong Yun and Feng Jing. Feng Jing was more easy – going and had a gentle attitude towards her subordinates, while Dong Yun was a little cold. Perhaps it was because she had been working in an international company for many years, but she was more business – like most of the time.

Xia ruofei waited for more than three minutes.

Dong Yun finally finished typing the "part" that she had said.

She pushed the keyboard lightly and raised her head.

When she saw that it was Xia ruofei who was waiting at the door, she couldn't help but stand up and blushed.""President Xia, I didn't know you were here ... Why didn't you say anything?"

"I didn't want to disturb you when I saw how focused you were on your work!" Xia ruofei laughed.

"I'm sorry!"Dong Yun said. I'm like this when I'm working. I'm sorry for being negligent just now. "

"I'm fine, I'm fine!" Xia ruofei laughed as he walked straight to the chair in front of Dong Yun's desk and sat down. He asked,"miss Dong, how are you feeling in paradise Corporation? Are you used to it?"

"It's good. Everyone is very supportive of my work!"Dong Yun nodded.

"Then, how does miss Dong feel about our paradise Corporation?" Xia ruofei asked with a smile.

Dong Yun's expression changed slightly. She looked at Xia ruofei and chose her words carefully before saying,""In short, President Xia has a very good team. In addition, the company's business structure is generally very healthy and full of vitality, and the future development potential should be very great.

"Of course, I have a different view on management. I'll elaborate on the details in the research report, so I won't say much here ..."

Xia ruofei nodded and said,"it's been hard on you these days, miss Dong ..."

Then, he asked without changing his expression, ""Miss Dong, I wonder ... What are your plans for the next step?"

"I'll probably rest for a few days after this research," Dong Yun said with a faint smile. "After that, I'll probably continue looking for a job!"

After saying that, Dong Yun shrugged and said, "Although I've been working abroad for many years, I didn't save up much money. I spent all my money on traveling. I can't just sit back and do nothing!"

Hearing this, Xia ruofei wanted to say something but stopped.

However, he remembered Feng Jing's words and said, ""Miss Dong, on behalf of paradise Corporation, I once again invite you to take up the position of the company's Administrative Director ..."

Chapter 1610: "Careful" consideration (2)

Xia ruofei quickly explained, ""Of course, this is just a one – sided invitation from the company. The specific decision is still up to you. I also hope that no matter what decision you make, you will follow your heart. In short, this is a simple job invitation, so don't confuse it with other things ..."

Although Xia ruofei had tactfully expressed that he wasn't forcing her to do anything, he still couldn't help but feel embarrassed after he finished speaking. When Dong Yun had offered to join paradise Corporation last year, he had rejected her with a straight face. He didn't want Dong Yun to mix this matter with the element of repaying her kindness. Now, it had only been less than a month, and he came to invite Dong Yun to join again. He was more or less suspected of going back on his word.

Xia ruofei also thought that Feng Jing had given him a big problem!

Seeing that Xia ruofei, a Big Boss, was acting like a child who had done something wrong, Dong Yun could not help but laugh.

She held back her laughter and said, "thank you for your appreciation, President Xia. This is not a small matter. I can't give you an answer right away, but I will seriously consider it!"

Xia ruofei felt relieved and quickly said, ""Alright! Miss Dong, then I won't hold you up from your work...I'll be going to Beijing for a business trip for a few days in the afternoon. If you've made a decision, you can communicate it to CEO Feng immediately. Whether you choose our paradise Corporation or not, I'm very grateful for your work for our company during this period of time!"

"You're too kind, President Xia!" Dong Yun said with a smile.

She walked Xia ruofei to the office door and turned back to continue her work.

As Xia ruofei was leaving, he was trying to figure out Dong Yun's feelings. Even though he did not reject her immediately, Dong Yun did not sound like she had a strong desire to stay. Could Feng Jing have made a mistake?

"Chairman! Chairman!"

When Xia ruofei returned to her senses, she realized that she had unknowingly walked to the door of Feng Jing's office. Feng Jing was waving her hand in front of her.

Feng Rao asked with a smile, "what are you thinking about?" I've called you several times!"

Xia ruofei smiled awkwardly and said, "It's nothing ..."

"How is it?" Feng Jing pouted at Dong Yun's office and asked.

Xia ruofei was a little confused. "I did tell her," he said. "But she didn't say anything. She said she would consider it ..."

"I see ..." Feng Jing asked, "then ... What do you think of her attitude?" Is there any chance of her staying?"

Xia ruofei said, "I can't say for sure ... I don't feel like I'm that determined to stay ... Anyway, I've done what I can. Dong Yun is a very opinionated person. Let her decide for herself!"

"Alright ..." Feng Jing was a little disappointed. She did have high hopes for Dong Yun and felt that she was the most suitable candidate for the Executive Director position.

Xia ruofei smiled and said, "sister ran, I've completed my mission!" No matter if it's successful or not, you can't blame me anymore!"

"I can't be bothered to blame you! The company is yours anyway!" Feng Jing pouted and glanced at Xia ruofei. "If you really can't do it, you can continue to look for a headhunting company!"

"Mm! Let's see what Dong Yun's decision is!" Xia ruofei said, "sister che, I'll leave the company to you. I have to go back and pack my luggage!"

"Go on, go on!"

.....

At two o'clock in the afternoon, ye Lingyun drove the company's Mercedes – Benz to Xia ruofei's small villa. He quickly took Xia ruofei's small suitcase and put it in the trunk, then quickly went over to open the door for Xia ruofei.

Although Xia ruofei had told ye Lingyun several times that such a small matter could be handled by a veteran, ye Lingyun did not listen. Every time Xia ruofei was sent to the airport, he would personally drive.

The Mercedes – Benz drove smoothly on the airport Highway. Xia ruofei sat with his eyes closed to rest.

Just then, his phone vibrated. Xia ruofei opened his eyes and took a look at his phone. It was Feng Jing.

He thought to himself, "could there be something wrong again ..."

"Hello, Sister Che!" Xia ruofei answered the call.

"You liar!" Feng Rao laughed and scolded him.

Xia ruofei was stunned and asked, "what's going on?" When have I ever lied to you?"

"Didn't you say this morning that Dong Yun's intention to stay wasn't very strong?" Feng Jing said unhappily, "when I arrived at the office just now, she came to look for me and said that she's willing to

stay in our company as the Executive Director! I've already arranged for someone to handle the formal employment procedures for her!"

Xia ruofei was pleasantly surprised, but at the same time, he asked in confusion,""No way? When I looked for her this morning, she said it herself! She said that this is not a small matter and that we have to consider it carefully before making a decision ..."

"I asked her the same question!" Feng Jing giggled and said,"she said that she's been thinking about it for more than an hour and finally decided to accept your invitation to join our paradise Corporation!"

Xia ruofei was speechless. After a while, he said,""Alright! He was indeed being 'cautious'! No matter what, this was a good thing! Sister ran, please ask the canteen to prepare a few more dishes tonight. Please invite Dong Yun to a banquet on my behalf and welcome her to our company!"

"Don't worry! I've already made the arrangements!" Feng Jing said,"you can go to Beijing with peace of mind!"

"Haha, now there's another female general who's not inferior to men under my command. This is like adding wings to a Tiger!" Xia ruofei replied happily,"of course I'm more at ease ..."

Feng Rao was also in a good mood. She joked,"Remember to bring us gifts when you come back! Otherwise, be careful that we don't collectively quit next time!"

"Yes, sir!" Xia ruofei laughed and hung up the phone.

He looked up and saw that the car had already driven out of the airport Expressway. He could already see the terminal in the distance.

Ye Lingyun stopped the car in front of the departure hall. Xia ruofei said,""Alright, you don't have to get out of the car! This is a temporary parking area, just open the trunk! My luggage isn't heavy, I can carry it in myself!"

Soon, Xia ruofei moved the small suitcase out of the car, waved at ye Lingyun through the window, and dragged the suitcase into the hall.

It was exactly 2:30 am.

"RUO Fei, this way!" As soon as Xia ruofei entered the main hall, he saw Song Wei waving at him happily.

At the same time, Xia ruofei's expression froze. He saw song Qiming standing beside Song Wei and smiling at him.

Xia ruofei hastened his steps and came in front of the two of them.""Hello, uncle song!"

Song Qiming smiled at Xia ruofei gently and said,""Xiao Xia, I'm going to visit an Industrial Park in Changping County this afternoon, so I came to the airport to send Wei Wei off. I heard that you're also going to the capital for business and that you're on the same flight as Weiwei, so I'm much more at ease. You have to help me take care of my girl on the way!"

"Don't worry, uncle song!"Xia ruofei quickly said.

Song Wei pouted and said, "dad!" I'm not a child anymore, I don't need anyone to take care of me!"

Song Wei glanced at Xia ruofei and blushed.

Song Qiming laughed and said, "no matter what, the two of us can look out for each other!" It's almost time, you guys can go through the security check directly!"

Song Qiming's Secretary, Guangzhi Cao, walked over with two boarding passes. He nodded at Xia ruofei and said respectfully, "Secretary, I've changed my boarding pass!"

Xia ruofei and Guangzhi were old acquaintances. They had interacted a lot. Back then, Song Qiming had just taken office and Guangzhi Cao was a new Secretary. It was like walking on thin ice. Now, it seemed that Guangzhi Cao was much more experienced and more confident.

"Give it to them!" Song Qiming nodded slightly.

"Thank you for your hard work, brother Cao!" Xia ruofei smiled as he took his boarding pass.

"I should!" Guangzhi Cao said with a smile. Then, he took over Xia ruofei and Song Wei's luggage.

Song Wei only had a small bag with her. She was back at school, so she probably had a lot of stuff. Guangzhi Cao must have checked it in for her.

The two of them passed the security check smoothly. They waved at Song Qiming, who was outside the prohibited line, and turned around to walk toward the VIP lounge.
