Chapter 1751: Another gift of ink (1)

Everyone drank and chatted, and naturally, they talked about the groundbreaking ceremony that Xia ruofei and Zhao Yongjun had discussed.

In fact, Xia ruofei and Zhao Yongjun were already the leaders of the small team. Xia ruofei's suggestion was very good, so no one objected. They were all discussing the details with great interest.

When Hou Liang learned that his proposal to bring in the meetup group for life you yearn for had been put on hold as a backup plan, he didn't show any dissatisfaction or dejection. He still said that he would actively work and coordinate to ensure that this backup plan could be immediately implemented if needed.

To Xia ruofei, this club was just a small project with his good friends. Although he would do his best because of Zhao Yongjun and the others, he didn't really place much importance on it.

If he had not discovered the nine rotation universe formation, Xia ruofei would not have paid so much attention to it. If the piece of land was snatched by Liu er, he would just have to find another piece.

In contrast, Zhao Yong Jun and the others, especially Xu Zi Xuan and Liu Jian, placed a lot of importance on this project. After all, for them, this was a heaven – sent opportunity to achieve financial freedom.

Although these rich kids did not have to worry about food and clothing, if they really wanted to live as carefreely as Xia ruofei, the pocket money given by their families was far from enough. Once this project was successful, they would not have to worry about money anymore.

Moreover, this was also a serious matter in the eyes of the elders in the family. If they did it well, they could still be very outstanding.

Hence, Xu Zixuan and the rest were very enthusiastic and offered their suggestions. The meal lasted until 2 pm before Xia ruofei let Wu Qiang clean up the mess. The rest of them went to his courtyard to make tea and continue talking about the groundbreaking ceremony.

Xia ruofei personally poured tea for everyone. This made Hou Liang, Wei Jun, and the others feel flattered. They quickly stood up and took the tea with both hands.

Xia ruofei smiled and asked, "brother Zhao, since we're holding a groundbreaking ceremony, shouldn't we decide on the name of our club?" You can't possibly say 'CC08 0601 0023 plot project' during the groundbreaking ceremony, right?"

Xia ruofei had a good memory. When he was bidding for the land, he could still recite the official land number word for word.

Everyone laughed out loud, and the focus of the discussion shifted from which guests and media to the naming of the clubhouse.

"Didn't we agree to call it paradise clubhouse?" Zhao Yongjun asked.

Xia ruofei shook his head and said, "it doesn't feel good ... Besides, it's a bit old – fashioned to call it a club now!" Besides, even though I'm a shareholder, the club has nothing to do with paradise Corporation. It's a joint project of everyone, so wouldn't the public misunderstand that it's a club under paradise Corporation by naming it like this?"

Song Rui laughed and said, "so be it!" I don't mind! Your company is so popular, it's not a bad idea for the club to get a share of the glory!"

Xu Zi Xuan also said, "RUO Fei, I also don't think it's a big deal, isn't it just a name?" There were so many people with the same name in the world! Besides, strictly speaking, our club is inextricably linked to the Paradise Corporation!"

What Xu Zixuan said was what everyone had initially agreed on. After the club was built, a special area would be opened to display the products of paradise Corporation.

Liu Jian, Hou Liang, and the others all agreed.

Xia ruofei said, "that's true. But I don't think the name Paradise Club is anything special. It's a bit common. Why don't we think of a better name?"

Song Rui's imagination ran wild and he said, "then ... How about mansion number one?" If we brothers want to do something, we have to be the first!"

"Brother Rui, isn't this name a bit too tacky?" Xu Zi Xuan said with some disdain.

"What?" song Rui was not convinced. "You think the name I suggested is old – fashioned? why don't you say something not old – fashioned?"

"Let me think about it, I don't have any ideas for the time being ..." Xu Zi Xuan smiled.

"Tsk ..." Song Rui expressed his disdain.

The brothers racked their brains and came up with a few names, but they were all rejected for various reasons. Although Xia ruofei was the one who proposed the name, he could not come up with any good ideas either.

At this time, Zhao Yongjun, who had been silent all this time, suddenly spoke, "Ruofei, why don't we just call it the 'paradise gathering'!"

Song Rui's eyes lit up and he said, "not bad!" Brother Zhao, although it's only one word, it feels like the style has gone up. Look, isn't Boss Ma 's' Jiangnan party 'cool? If it became 'Jiang – Nan club', it would feel so low! Big brother Zhao, that's a beautiful word!"

Xia ruofei didn't know whether to laugh or cry, "isn't this the same as not changing?"

"It's different!" Song Rui said. It was completely different! The whole style is so much higher!"

Zhao Yongjun also smiled and said, "ruofei, let's not talk about your concerns. I think the name itself is quite good!" Don't our potential customers all pursue that kind of paradise – like life? Besides, our land is surrounded by mountains and rivers, and with your careful arrangement and Yifan's personal design, it's not a problem to turn it into a paradise!"

?

Chapter 1752: Another gift of ink (2)

Xu Zi Xuan and the others also expressed that this name was quite good. As for the issue of ownership, it was enough for the brothers to be clear in their hearts, who cared what the outside world thought?

In the end, except for Xia ruofei, everyone voted in favor of the name "Paradise Club." Xia ruofei's objection was invalid, and the issue of the name of the club was officially passed.

Then, Zhao Yongjun began to assign tasks to everyone. In addition to the guests, everyone had to share other tasks. Some went to find a design company to make the of the Paradise gathering, some contacted the Guild management company to take charge of the specific preparations, and some arranged for construction teams to make sure that there was a representative of the construction party at the foundation laying ceremony. They also had to put up some construction machinery, symbolically dig the soil, and so on.

Considering that Xia ruofei was not familiar with many people in the capital, Zhao Yongjun did not give him any specific tasks.

Of course, this did not mean that Xia ruofei was relaxed. If anything happened during the groundbreaking ceremony, Xia ruofei would have to handle it, especially when it came to formations. Even if it was handed over to someone else, there had to be someone who knew how to do it!

The few of them were full of energy. After discussing, they left the courtyard house one after another and began to act separately.

For the next few days, Xia ruofei had a lot of free time.

Every day, he would make himself tea and stroll around. He even took time to go to the big fence to listen to two crosstalk performances.

Xia ruofei also called Song Wei. He wanted to practice with her again when he was free.

Song Wei, who was originally very enthusiastic about cultivation, turned down the offer unexpectedly. Her reason was very weak. She said that there was a heavy task for a research project recently. It was a big project that ran through the entire graduate stage and was related to the graduation oral defense. She also said that she didn't have much time for the next few days.

Xia ruofei could vaguely guess the reason behind it. He had mixed feelings about Song Wei's deliberate estrangement. On one hand, he was happy to see such a situation, so that Song Wei would not fall deeper and deeper. On the other hand, she was more or less a little disappointed.

He even felt that his cultivation was dull. He just hoped that the matters in the capital would be settled soon so that he could return to the three mountains.

On the third day, Xia ruofei suddenly received a call from boss song's Secret Manager Lu.

"Little Xia, are you home today?" Manager Lu asked with a smile as soon as the call connected.

"Hello, manager Lu!" Xia ruofei greeted him politely and said, "I've been free these few days! Do you have any instructions?"

Manager Lu jokingly said, "how would I dare to give instructions to a hero like you!" Xiao Xia, the chief has something to give you. If you're at home, I'll come over to deliver it. "

"Manager Lu, I don't dare to trouble you to come here personally. Let me do it!" Xia ruofei quickly said.

Manager Lu laughed and said, "you're welcome!" I'm not here to give you anything, but I have something to do at the Chinese People's Political Consultative Conference this afternoon, so I brought it for you!"

Xia ruofei didn't argue and said, "Alright, I'll be waiting for you at home!"

"Hahaha! "You ..." Manager Lu said. "I'll be at your place at about three o' clock. Don't go out!"

Xia ruofei patted his chest and said, "don't worry!" I'll be staying at home today! I won't take a single step out of the door before I see you!"

"Woof! You've learned how to be glib!" Manager Lu joked, "it seems like you've been in Beijing for a long time. You've become more eloquent!"

"You're too kind!" Xia ruofei chuckled.

After hanging up the phone, Xia ruofei was wondering what elder song would give him. Manager Lu even had to personally make a trip to deliver it ...

He thought about it for a long time, but he still couldn't figure it out. He finished his lunch with this question in mind, then told Wu Qiang to wait at the gate in advance, and he returned to the middle courtyard to take a nap.

Xia ruofei woke up at two o' clock. He rubbed his eyes and looked at the clock on the wall. He sat up and rushed to the bathroom to wash up. He changed into casual clothes and walked out of the bedroom.

Although manager Lu was only elder song's Secretary, his administrative rank was at the provincial level, the same as a provincial governor. Moreover, he had always been very good to Xia ruofei, so Xia ruofei naturally didn't dare to neglect him.

Xia ruofei strolled to the first courtyard. Wu Qiang was already waiting at the door.

Hence, Xia ruofei also walked over. While chatting with Wu Qiang, he looked at the entrance of the alley.

Manager Lu was very punctual. When it was one minute to three o' clock, a black sedan with a red flag appeared at the entrance of the alley.

Xia ruofei quickly asked Wu Qiang to open the side door for the car to enter and exit. Then, he walked down the steps to welcome them.

The car stopped at the entrance of the courtyard house. Manager Lu got out of the back seat with a long paper box under his arm.

“Manager Lu, welcome, welcome!” Xia ruofei quickened his pace and walked forward.

“Little Xia, this place is not bad!” Manager Lu looked up and down at the door of the courtyard house and said, “looking at the shape, the original owner of this courtyard house must have been a Duke!”

Xia ruofei gave him a thumbs up and said, “Your eyes are really sharp! This was a former Qing Beile mansion! Last time, the owner of this courtyard was in urgent need of money, so I bought it ...”

“You’re really rich and overbearing now!” Manager Lu chuckled and said, “I don’t even dare to think of a courtyard like this!”

?

Chapter 1753: Another gift of ink (3)

Xia ruofei thought to himself, “for a high – ranking officer like you, the government is in charge of your daily life. Do you still need to think about this?”

In fact, a provincial – Level cadre could already enjoy the treatment of a villa, and the other aspects of security were also quite good.

“Manager Lu, please come in!” Xia ruofei extended his hand and made an inviting gesture. He brought manager Lu into the courtyard house through the main entrance.

Meanwhile, Wu Qiang directed the driver to drive the car in from the side door.

Manager Lu had obviously done some research on the architecture of the former Qing Dynasty. As he walked in, he looked around with great interest and even gave a few words of praise from time to time.

The two of them went straight to the courtyard where Xia ruofei lived.

“Manager Lu, shall I show you around?” Xia ruofei asked.

“No need!” Manager Lu waved his hand with a smile. I didn’t dare to take a closer look, or else I’ll be jealous to death ... When I was your age, I was still a propagandist in the village commune! But you already own such a big courtyard in the capital where every inch of land is worth its weight in gold, and it’s even in the prime location ...”

Xia ruofei chuckled and scratched his head. “Times have changed ...”

“Yup! “Times are different ...” Manager Lu sighed and said, “let’s get down to business! Hey! This is a gift from the Bureau chief. I’m giving it to you personally! This is considered a completed mission!”

Manager Lu said as he handed the long paper box to Xia ruofei.

Xia ruofei took it carefully and asked, “Manager Lu, what’s inside?”

“Why don’t you open it and see for yourself?” manager Lu said with a smile.

Xia ruofei nodded and opened the paper box. Inside was a piece of rice paper rolled into a cylinder.

Xia ruofei thought to himself, “could it be elder song’s calligraphy?” Why did the old general suddenly give me this?

He slowly unfurled the piece of rice paper with doubt in his heart. Then, his gaze suddenly froze, and a hint of surprise appeared in his eyes.

Because on this piece of paper, there were three large words “,” and at the back, there was elder song’s signature and seal. It looked like he had written it yesterday.

These three words were written in silver and iron, with force penetrating through the back of the paper. It gave people a feeling of Majesty. At the same time, Xia ruofei felt that it was slightly different from elder song’s words in the past. It lacked the murderous aura of the Army and had a sense of otherworldliness.

‘I’m afraid his mentality has changed after retirement ...’ Xia ruofei thought to himself.

Manager Lu saw Xia ruofei’s confusion and explained with a smile, “Xiao Rui went back yesterday morning. The chief asked about the details of your project. Then, the chief wrote this piece of calligraphy personally in the evening and asked me to send it to you. Xiao Xia, the chief really values you too much ...”

Manager Lu’s words were filled with envy. Xia ruofei also felt that this gift was too precious and too timely. He had never thought that elder song would take the initiative to inscribe words for the club.

Previously, when elder song wrote a piece of calligraphy for Tao Yuan company, Xia ruofei was already very surprised. However, that was a physical enterprise after all. Besides, the pharmaceutical factory was considered to be beneficial to the country and the people. Although Xia ruofei was very surprised when elder song gave that piece of calligraphy to an enterprise, it was completely different from this time.

This was a clubhouse project! Under normal circumstances, a leader of elder song’s level wouldn’t write an inscription for the club to avoid suspicion. However, elder song did it and didn’t hide his deep love for Xia ruofei.

Xia ruofei was touched and said, “I really don’t deserve it! The chief is too good to me ...”

Manager Lu patted Xia ruofei’s shoulder and said with a smile, “Then you guys do well! Don’t let the chief down, especially remember what he told you before. Do things in an upright manner, be a clean person, and pay special attention to this clubhouse project!”

“Thank you for your reminder, manager Lu,” Xia ruofei said seriously. “I’ll always remember it!”

Xia ruofei carefully rolled up the inscription and put it back in the paper box.

Manager Lu chuckled and said, “alright, my mission is complete!” I still have to rush to the Chinese Political Consultative Conference soon, so I’ll take my leave first!”

“Manager Lu, please wait for a moment!” Xia ruofei quickly said.

After he finished speaking, he took the paper box and quickly walked back to the bedroom. He first put the paper box into the spirit map space, then picked up the two bags he had prepared before his afternoon nap from the table and walked back to the yard.

“Manager Lu, these two bottles of white wine are from my winery in Australia. They are limited edition!” Xia ruofei said, “please let the chief have a taste. It’s good for his health to drink one or two glasses of wine every day!”

“No problem!” Manager Lu agreed without hesitation.

If it was someone else who asked him to bring a gift to elder song, he would not have dared to agree no matter what. Others might not know elder song’s temper, but how could he not know?

However, if the person giving the gift was Xia ruofei, there would be no problem.

Xia ruofei then handed another bag to manager Lu and said, “This is a little gift from me to show my respect to you. The tea leaves are the best Da Hong Pao tea produced by our farm. You can keep it and drink it slowly. These two sets of Jade skin cream are for Auntie. I also prepared a bottle of sameirong white wine for you.”

“Woof! I’m here to beat up a tycoon!” Manager Lu joked, “Xiaoxia, are you trying to make me make a mistake?”

Xia ruofei smiled and said, “Who are you?” The most loyal warrior of our party! Do you think I can corrupt them by roping them in? It’s just a little gift from junior to senior, please don’t reject it!”

Manager Lu was just joking. As long as Xia ruofei’s gift wasn’t as expensive as a few million Yuan, he would still dare to accept it. Most of the time, the Secretary’s Code of Conduct was on par with the chief.

“Then I won’t be polite!” Manager Lu took the bag with a smile and said, “thank you, ruofei! By the way, I also thank you on behalf of my lover!”

“You’re welcome!” Xia ruofei said, “tell aunty to let me know when you’re almost done. I’ll arrange for someone to send it over immediately!”

“Okay, okay ...” Manager Lu laughed and said, “ruofei, I’ll take my leave!”

Xia ruofei personally sent manager Lu to the front yard and watched as the Hongqi sedan left liuhai Lane. Then, he quickly returned to the middle yard.

As soon as he entered the room, Xia ruofei couldn’t wait to take out elder song’s inscription from the spirit map space. He spread it out and admired it for a while. Then, he took out his phone and sent a message to his brothers ‘WeChat group: “Brothers, stop your work for a while and gather at the courtyard house!”

?

Chapter 1754: Qingxue goes to the capital (1)

In the evening, Zhao Yongjun and the others gathered at the courtyard in liuhai Lane.

Zhao Yongjun was the last to arrive. He had gone to Beihe province to visit a senior in the field of metaphysics. He had personally invited him to participate in the groundbreaking ceremony of the Paradise chapter. When he received Xia ruofei’s notice, he was on his way back to the capital.

As soon as Zhao Yongjun arrived, song Rui said, ""Ruofei, since brother Zhao is here, you should at least tell us why you called us back, right?"

"You guys arrived long ago?" Zhao Yongjun asked with a smile.

"Isn't that so?" song Rui said, a little depressed. However, RUO Fei kept me in suspense and only told me when everyone is here!"

"Oh?" Zhao Yongjun raised his eyebrows and asked, "ruofei, what's so mysterious?"

Xia ruofei chuckled and said, "good news!" Please wait a moment!"

After saying that, he turned around and walked into his bedroom. It didn't take long for him to bring out the long paper box.

"What is it?" Song Rui was the most impatient and could not help but step forward to take the paper box.

Xia ruofei pushed his hand away and said, ""Don't move! If you break it, you won't be able to afford it!"

Xia ruofei opened the paper box with his own hands and took out the piece of calligraphy. He spread it out slowly and held the two sides of the paper in his hands to show it to everyone.

"The inscription of the peach blossom gathering?" Zhao Yongjun muttered to himself.

Then, he trembled violently, his eyes fixed on the inscription at the end of the line, his expression extremely shocked.

When Xu Zi Xuan, Liu Jian and the rest saw elder song's signature, they were also dumbfounded.

Song Rui's expression was the most interesting. He looked as if he had seen a ghost, his face full of disbelief.

After a long while, Zhao Yongjun asked in a trembling voice, ""Grandpa song specially mentioned this to our paradise gathering? RUO Fei, are you an imposter? Why would an old man like him care about such a small matter?"

Song Rui also came back to his senses and said bitterly, ""This is my grandfather's handwriting. Yesterday, I went back to the old residence and my grandfather asked us about the details of this project, including the name of the Paradise society. I was also the one who told him ... But what I find strange is ..."

Song Rui looked at Xia ruofei and asked, ""Why didn't my Grandpa write it for me directly yesterday? he wrote it after I left and gave it to RUO Fei! What kind of situation was this! Who's his real grandson?"

Everyone almost burst out laughing when they heard song Rui's words.

Zhao Yongjun patted song Rui's shoulder and said, ""Xiao Rui, I can see how much of a failure you are. Learn more from ruofei!"

Zhao Yongjun didn't dare to tease the old chief about his blood relationship, but it didn't stop him from taking the opportunity to attack song Rui.

Xia ruofei didn't know whether to laugh or cry. He could only comfort her. "Song Rui, don't overthink it! Maybe it was after you left yesterday that the Bureau chief decided to write inscriptions for us! After all, this was a clubhouse project. The chief must be very cautious! "This afternoon, manager Lu happened to be going to the Chinese People's Political Consultative Conference to handle some matters, so he brought it along ..."

Song Rui's expression improved a little, but he still said gloomily, "He could have called me! I can get it myself!"

"Alright, Xiao Rui!" Zhao Yongjun said, "we were originally working on this project together. Isn't it the same whether it's you or ruofei?"

Xia ruofei also said, "let's talk about serious business!" The Bureau chief's inscription is a huge encouragement to us ..."

This point was without a doubt, didn't you see that right now Xu Zi Xuan and the others "faces were still red, each and every one of them still dazed and had not recovered!

Xia ruofei continued, "I was thinking, aren't we designing the of paradise gathering?" Why don't we just use the Bureau chief's personal inscription for the !"

"That's not appropriate, is it?" Zhao Yongjun said subconsciously.

From his point of view, elder song's inscription was more of an encouragement to the younger generation. They would at most hang the words in the office of the Paradise Association. Wouldn't the chief be displeased if they used the chief's inscription as the symbol of the Paradise Association?

This time, even song Rui wasn't sure. He asked with uncertainty, "Ruofei, can ... Can my grandfather's handwriting be used so casually?"

In fact, manager lü had already hinted that since elder song had given Xia ruofei this calligraphy piece, he didn't care how they used it. It didn't matter if it was used as the club's .

Xia ruofei smiled and said, "don't worry!" The chief wouldn't mind! By the way, who's the company in charge of plane design?"

"Brother Xia, it's me!" Wei Jun quickly said.

Xia ruofei nodded and said, "I think we should do it this way." Take this to the design company tomorrow and design a few more versions based on elder song's inscription. Right, just use the main three words, don't need the signature behind ..."

They had to prepare different versions of the same to meet the requirements of different occasions, such as horizontal, vertical, 3d, and so on ...

Zhao Yongjun and the others heaved a sigh of relief when they heard Xia ruofei's words.

Only the main part of the inscription was used, and there was no need to sign off. This was much more low – Key.

Although elder song's handwriting was so distinctive that many people in the upper – Class circle could recognize it at a glance, at least ordinary people couldn't recognize it.

The matter regarding the peach blossom Association's design was settled just like that.

?

Chapter 1755: Qingxue goes to the capital (2)

"Wei Jun," Xia ruofei reminded him, "when you go to the design company tomorrow to scan, remember to cover the signature."

Elder song's inscription was quite sensitive. If the whole picture was scanned, it would be equivalent to leaving an electronic draft in the design company. With Xia ruofei's attentiveness, he would not leave such a hidden danger.

"Alright, I'll remember that, brother Xia!" Wei Jun quickly nodded.

"Also, this piece of calligraphy is very precious. Remember to be careful when you take it tomorrow. Don't break it. I still have to treasure it!" Xia ruofei ordered.

"I understand! Brother Xia, don't worry! As long as the person lives, the word lives!" Wei Jun immediately patted his chest and promised.

Song Rui said sourly, "I also want to keep one of grandpa's calligraphy works ..."

Xia ruofei, Zhao Yongjun, and the others were stunned for a moment, then burst into laughter ...

Then, everyone talked about the progress of the tasks they were responsible for. It had to be said that everyone was very efficient.

In fact, the of the Paradise Club was already half designed. However, after getting elder song's inscription, the design at the front was naturally invalid.

Xu Zixuan was in charge of contacting the construction party, and it had basically been decided. This project was a cooperation between his brothers, and there was no preparation for any bidding. In fact, the construction party found by Xu Zixuan's own network was more reliable than a formal bidding.

Naturally, Hou Liang was the one in charge of the media. Because of his family background, he had a unique advantage, and contacting the media was always a success.

Liu Jian was in charge of the conference company, including the layout of the groundbreaking ceremony, the scheduling of the audio LED and other equipment, the deduction of the on – site process, and so on. Everything was going according to plan in an orderly manner.

In addition, the work of contacting the guests was also going smoothly.

It had to be said that the power of Zhao Yong Jun, song Rui, Xu Zi Xuan and the others combined was not to be underestimated. In the upper circle of the capital, unless it was someone like Liu Hao Fan who was obviously not on good terms with them, the others would basically give them face regardless of their camp.

Therefore, in just three days, more than half of the preparations for the groundbreaking ceremony had been completed.

Xia ruofei and the others discussed for a while. There were three days left to prepare. Everyone tried their best to think of all the problems that needed to be thought of and did not leave any loopholes.

When it was time for dinner, everyone naturally stayed in the courtyard house and continued to freeload.

The food was also ordered from a nearby private restaurant. Zhao Yongjun and the others had their eyes on Xia ruofei's good wine.

However, Xia ruofei did not relent and insisted that there was not a single bottle left.

Xia ruofei's oak barrel was a standard 225 – liter barrel, and it was filled into 750 ml bottles, which was about 300 bottles. The total amount was quite a lot, but it was not completely cooked yet, and Xia ruofei did not want to waste it.

In fact, Xia ruofei didn't want to touch the rest of the wine for the time being. He wanted to wait for them to mature in the spiritual Qi – rich space. After all, he had used up six bottles of wine during the gathering and gave three to elder song and manager Lu this afternoon.

300 bottles might seem like a lot, but if he didn't control it, it would be consumed very quickly.

Of course, Xia ruofei would not be stingy with his friends. They did not have any in Semillon, but they had enough of the treasured Drunken Eight Immortals.

The 50 – year – old wine was rare, but now that Xia ruofei had the time array flag, it would be easy to make it. It would only take a few days.

Zhao Yongjun did not have any objections. He had always liked strong spirits, but the unique taste of Semillon had always been on his mind. Since Xia ruofei could not get more Semillon, in his opinion, the top – tier Drunken Eight Immortals was naturally the best.

In the evening, the few of them finished six bottles of Drunken Eight Immortals. Each bottle of Drunken Eight Immortals was even better than the limited – supply of the top – tier Drunken Eight Immortals, which cost 8888 Yuan per bottle. Of course, Xia ruofei did not feel the slightest bit of heartache.

On average, everyone drank nearly a pound of wine, so everyone naturally stayed in the courtyard for the night.

Now, no matter if it was song Rui or Xu Zixuan's family, as long as they heard that they were staying over at Xia ruofei's place, they would not have any objections. The elders in the family were even more happy to see the brothers working together on a project.

The next day, other than Xia ruofei, the brothers started to split up again. Wei Jun, under Xia ruofei's repeated instructions, also took the inscription by elder song.

In the blink of an eye, another two days had passed. Tomorrow was the foundation laying ceremony of the peach blossom society. If everything went well, Xia ruofei would return to the three mountains after the foundation laying ceremony.

In the evening, Xia ruofei arrived at the Capital International Airport.

He had driven here alone without Wu Qiang's company.

Because Xia ruofei was here to pick up someone, and the person he was going to pick up was Ling Qingxue.

Ling Ji F & B also had a share in the Paradise gathering project. For such a big event like the groundbreaking ceremony, even if Ling Ji F & B had a small share, they still had to send people to attend.

Originally, Ling Xiaotian had sent a Vice President over, because Ling Qingxue had been busy with the opening of the branch chain, and Ling Xiaotian was now in a semi – Retired state, so he was not very willing to go out.

In the end, Ling Qingxue put aside her work and decided to go to the capital herself.

Ling Xiaotian naturally did not object to Ling Qingxue's decision, and Xia ruofei welcomed it with open arms.

Xia ruofei ordered a cup of cabbino at the airport's café and sat down to rest for a while. When he heard the announcement that Ling Qingxue's flight had landed, he stood up and walked towards the domestic departure channel.

After waiting for about ten minutes, Xia ruofei saw Ling Qingxue coming down from the escalator, dragging a rimewa aluminum suitcase.

Ling Qingxue was wearing a beige knitted sweater and a pink down jacket that draped over her arms. Her figure was curvaceous, and she matched it with a pair of slim – fit jeans that complemented her iconic long legs. She also had a black baseball cap on her head, which made her look playful and charming.

Perhaps it was the telepathic connection between lovers, Ling Qingxue also saw Xia ruofei in the crowd at the airport. She excitedly took off her baseball cap and waved it at Xia ruofei.

Xia ruofei was all smiles as he stood in front of the No – go zone, watching Ling Qingxue walk out. They were a few meters apart when Ling Qingxue dropped her luggage and threw herself into Xia ruofei's arms like a swallow returning to its nest.

Xia ruofei hugged Ling Qingxue's soft body and reached out to stroke her black hair. He said lovingly, ""Qingxue, you've had a long journey!"

Ling Qingxue hugged Xia ruofei tightly and asked, ""Did you miss me?"

"I'm going crazy!" Xia ruofei smiled and said, "let's go! I'll take you home!"

Ling Qingxue pouted and said, "no!" Let me hug you for a while longer ..."

"The others are watching!"

"I don't care ..."

In fact, separation and reuniting were the two eternal themes of the airport. It happened every day. Scenes of hugging, waving, and kissing goodbye were common. No one looked at them strangely. Instead, they smiled kindly.

Xia ruofei and Ling Qingxue were indeed a good match, almost in line with all the traditional standards of a perfect couple. Naturally, it was easier for them to receive blessings from strangers.

Ling Qingxue hugged him for a while more before she got out of Xia ruofei's arms, a little embarrassed. She blushed as she looked at the people around her and held Xia ruofei's arm tightly.

Xia ruofei, on the other hand, brought Ling Qingxue along and walked over with a smile to retrieve their luggage. The two of them walked towards the airport's parking lot.

Along the way, Ling Qingxue held onto Xia ruofei's arm tightly and pressed her body against his as if she was afraid that Xia ruofei would run away.

After they got into the land Rover, Xia ruofei started the engine and looked at Ling Qingxue with a pampering expression. "Qingxue, you didn't eat well on the plane, did you? How about I take you to eat roast duck? There's a cheap place near our house, and the food there is really good!"

?

Chapter 1756: Reunion after a short separation (1)

"Our family?" Ling Qingxue was stunned.

Xia ruofei laughed and said, "yes!" I bought this courtyard house in Beijing, but you haven't been there yet! Now, its mistress has finally arrived ..."

Ling Qingxue's face heated up, but she was overjoyed. She bit her lower lip and glanced at Xia ruofei with her watery eyes. "Do you have a mistress in your house?"

"I don't have a mistress in a Golden House, but I can finally hide her tonight!" Xia ruofei said with a smile.

"You're so annoying!" Ling Qingxue pinched Xia ruofei as she blushed.

"Let's go!" Xia ruofei put the car into gear and started the car.

In the end, the two of them did not eat the roasted duck at the cheap place. Ling Qingxue wanted to quickly see the courtyard house that Xia ruofei had mentioned to her several times. She also wanted to cook a meal for herself so that it would feel more like a home.

So, the two went to Walmart, bought some groceries at the supermarket, and then drove back to the liuhai Lane courtyard house.

As it was Ling Qingxue's first time visiting the house, Xia ruofei did not walk from the backyard with the garage. Instead, he drove directly from the liuhai Lane to the entrance of the restaurant. There were two parking spaces in the front yard, but there was no garage.

The car stopped at the entrance. Xia ruofei pressed the remote control and the side door beside the main entrance for cars to enter and exit slowly opened.

Ling Qingxue sat in the car and couldn't help but say,""Ruofei, this gate is so Grand!"

Xia ruofei laughed and said,"in the Qing Dynasty, only the Duke of Baylor could build such a door. If the rank wasn't high enough, it would be a violation of the system. That's a felony!" I was just lucky. The owner of this house had already migrated, and my business abroad was in urgent need of money, so I bought it at a cheap price. "

"The value has risen quite a bit now, right?" Ling Qingxue asked with a smile.

"If I sell it now, I should be able to earn twenty to thirty million!" Xia ruofei smiled and said,"but I'm not selling it! In the capital, such a detached courtyard house with three courtyards is a rare resource. You can't buy it even if you have money!"

As he spoke, he turned the steering wheel and drove into the courtyard house.

The Land Rover reversed slowly into the parking space. Xia ruofei pulled the handbrake and turned off the engine. Then, he smiled and said,""We're here! Qingxue, this is our home in the capital! How was it? Why don't you get off the car and take a look?"

Ling Qingxue nodded her head.

The two of them got out of the car. Xia ruofei opened the trunk and took out the groceries he had bought at Walmart.

At this time, Wu Qiang, who lived in the backyard, also came to the front yard. His house had the Security Control System of the entire siheyuan. He was the first to know that the door of the front yard had been opened, so he came to check the situation.

Xia ruofei smiled and greeted,"Wu Qiang, come, come!" Let me introduce you, this is my girlfriend, Ling Qingxue!"

Then, Xia ruofei said to Ling Qingxue,""Qingxue, Wu Qiang is usually in charge of the security of the entire courtyard house. At the same time, he also serves as a driver, bodyguard, chef, and cleaner ..."

Ling Qingxue couldn't help but laugh. She glanced at Xia ruofei and said,""You're squeezing labor! Mmmm! It's just like your usual style!"

Ling Qingxue then walked up to Wu Qiang and said,""Brother Wu, how are you?"

"I don't deserve it!" Wu Qiang quickly replied. I don't dare! Hello, miss Ling!"

Wu Qiang knew that Xia ruofei was going to the airport today to pick up his official girlfriend, so he was also very clear that this person in front of him was the mistress of the siheyuan. Thus, he was more or less a little reserved.

Xia ruofei could tell as well. He passed the bag in his hand to Wu Qiang and said with a smile,"You don't have to worry about this. Help us put these vegetables in the kitchen refrigerator! But you don't have to deal with it, we'll cook our own food later!"

"Alright, director Xia!" Wu Qiang said.

"By the way, you haven't eaten either, have you?" Xia ruofei asked.

"I've already eaten, chief Xia!" Wu Qiang quickly replied. I didn't know what time you'd be back, so I went to the Hutong noodle shop to eat!"

In fact, Wu Qiang had not eaten. It was just that the young couple had reunited after a long time and would have to cook for themselves later. Of course, he could not be the third wheel. Anyway, there were still a few cups of instant noodles in the house. He would just make do with the dinner.

Xia ruofei didn't think too much about it. He smiled and said, "Alright, then you can put the things in the kitchen and go rest! We'll handle it ourselves!"

"Alright!" Wu Qiang replied, "director Xia, I'll go over first!"

Xia ruofei smiled and nodded. Then, he brought Ling Qingxue on a tour of the siheyuan.

Pomegranate trees, Lotus pots, lilacs, grape trells...Ling Qingxue wandered around the courtyard house that was filled with the rich atmosphere of the capital. She was in a very good mood.

Especially when Xia ruofei brought her to the basement. When she saw the recording room that was comparable to the VIP hall of a movie theater, she couldn't help but cheer. If it wasn't for the fact that she had to cook dinner with Xia ruofei, she would have immediately acted in a blockbuster movie.

In fact, Ling Qingxue loved to watch movies. It was just that she was always busy with work and rarely watched movies with Xia ruofei.

The two of them started from the first place they entered the courtyard and walked all the way to the backyard.

This place was mainly used by the staff. There was a small courtyard, two garages, kitchen, dining room, laundry room, servants' room, and so on. Wu Qiang had also connected the central security control of the courtyard to this place. The terminal was in his room.

?

Chapter 1757: Reunion after a short separation (2)

Wu Qiang had already tactfully returned to his room, and his door was tightly shut.

Xia ruofei and Ling Qingxue went to the kitchen together. In fact, Xia ruofei was the one doing the work while Ling Qingxue was in charge of washing and choosing the vegetables. However, it was still very fun when the two of them worked together.

In a short while, Xia ruofei had made three dishes, one soup, and two braised dishes that he had bought from the supermarket. It was more than enough for two people to eat. He had also bought the rice from the supermarket. He just had to heat it up when he returned.

Xia ruofei also opened a bottle of wine. It was the newly brewed half – Lon. The two of them ate and drank as they chatted. The atmosphere was very warm. After they finished eating, they cleaned up the dishes, the kitchen, and the dining room together. Then they returned to the courtyard in the middle.

In fact, Wu Qiang would naturally clean up the dishes if they were placed in the kitchen. However, Xia ruofei and Ling Qingxue liked this kind of homely atmosphere, so they did things like washing the dishes.

When they returned to Xia ruofei's courtyard, the two of them went straight to the main room.

Apart from a living room, there was a large bedroom and a matching bathroom in the main room that spanned across the East and West courtyards. It was equivalent to a large suite.

"Qingxue, go take a shower first!" Xia ruofei said.

"Mm! "I smell on my body ..." Ling Qingxue said.

She had been on the plane for more than two hours and had been cooking in the kitchen with Xia ruofei. Naturally, the smell on her body was a little strong. For someone like her who had slight mysophobia, this was something that was hard to bear.

Xia ruofei looked at Ling Qingxue, who was opening her luggage to look for her home clothes. He smiled and asked, ""Do you want to shower together? The bathtub in the bathroom is super big ..."

Ling Qingxue blushed and lowered her eyes. "I don't want to!"

She quickly found her clothes and shyly wrapped her undergarments in her home clothes. Then she said, ""Don't come over!"

Then, Ling Qingxue walked into the bathroom and locked the door.

It was easy for Xia ruofei to open the door, but he wouldn't do that. When he heard the sound of water coming from the bathroom, he felt the fire in his lower abdomen slowly rising ...

Hence, Xia ruofei also quickly found his pajamas and walked out of the main room.

The wing – rooms in this courtyard had been renovated into guest rooms, and each room had a matching bathroom.

Xia ruofei randomly found a guest room and took a quick shower. After changing his clothes, he returned to the main room. Ling Qingxue had not come out yet. After all, girls always took a longer time to shower.

Xia ruofei waited impatiently for a while before he finally heard the door open. He turned around and saw Ling Qingxue in her pajamas, drying her hair with a towel as she walked out in her slippers.

Seeing that Xia ruofei had changed into his pajamas, Ling Qingxue could not help but smile and ask, ""Why didn't you take a shower before changing?"

"I'll take a shower in the guest room next door!" Xia ruofei said.

Ling Qingxue's face turned slightly red as she said softly, ""You can't wait?"

There was a hint of teasing in her words, and Xia ruofei was immediately aroused. He walked over and held Ling Qingxue's hand, his breathing a little heavy. "Wife, you haven't seen the bedroom yet! Let's go! I'll take you around ..."

"Just for a visit!" Ling Qingxue said with a smile.

Xia ruofei could not care less. He pulled Ling Qingxue, who was hesitating, and pushed the bedroom door open.

The moment they entered the room, Xia ruofei hugged Ling Qingxue's delicate body tightly. Then, the two of them fell onto the bed while kissing.

"My hair isn't dry yet ..." Ling Qingxue chuckled.

"I'll help you dry it later!" Xia ruofei said as he lowered his head and kissed her.

Ling Qingxue's resistance was only symbolic. Soon, the warm bedroom was filled with sounds that made people's faces turn red and their hearts beat faster ...

.....

The next morning, the chirping of birds on the pomegranate tree outside the courtyard woke Xia ruofei up from his sleep. He rubbed his eyes and turned to look.

Ling Qingxue was still sleeping soundly. Her Jet – Black hair covered half of her face, and her lips were curled up into a beautiful smile. She seemed to have encountered something very happy in her sleep.

Last night, the two of them, who had not seen each other for a long time, went crazy for the whole night. It was not until two in the morning that Ling Qingxue, who could not bear to be tortured, kept begging for mercy. The two of them fell asleep in each other's arms.

Xia ruofei looked at Ling Qingxue's lazy sleeping posture and couldn't help but feel a rush of excitement. He lowered his head and gently kissed her delicate cheek. Then, he got out of bed quietly.

In order not to wake Ling Qingxue up, Xia ruofei specially found a bathroom in the guest room to wash up and then walked to the backyard.

Wu Qiang had already bought breakfast from the alley and was sweeping the backyard. When he saw Xia ruofei, he quickly stopped and greeted him.

Xia ruofei waved his hand and walked into the kitchen.

He filled up a small bowl of congee, took two sets of bowls and chopsticks, took a few deep – fried dough sticks, steamed buns, and other things. Then, he said to Wu Qiang, "I'll take the breakfast back to eat! Get ready, we'll leave at 8:30!"

"Yes, President Xia!" Wu Qiang said.

Xia ruofei returned to the main room in the middle courtyard. All the rooms in the courtyard had floor heaters, so the room was as warm as spring.

Xia ruofei was in the living room. He placed the breakfast on the coffee table and then quietly walked back to the bedroom.

As soon as Xia ruofei entered the room, he saw that Ling Qingxue had already woken up and was reaching for her undergarments on the ground. The clothes from last night were all over the place. After the fierce battle, she had fallen asleep hugging her.

Looking at Ling Qingxue's half – covered body under the blanket, Xia ruofei couldn't help but feel a burst of heat.

He took a deep breath and asked with a smile, ""Why didn't you sleep a little longer? It's still early!"

Ling Qingxue bent down and put her hands behind her back to button her shirt as she said, ""I was in a daze and wanted to hug you, but I didn't, so I woke up ... Where did you go?"

"I'm preparing breakfast for you!" Xia ruofei smiled and said, "since you're awake, get up! The morning air was good! I'll take you out for a walk!"

"How can the air in Beijing be good? Why don't I believe you?" Ling Qingxue said with a half – Smile.

"At least the air in our courtyard is quite fresh!" Xia ruofei said, "I've brought breakfast. How about we eat in the yard later?"

"Alright!" Ling Qingxue asked as she put on her clothes, "what time does the morning activity start?"

"Teno' clock sharp!" Xia ruofei said, "we'll leave at 8:30!"

By the time Ling Qingxue was done washing up, Xia ruofei had already packed the porridge and placed it on the stone table under the grape trellis along with the deep – fried dough sticks, steamed buns, and mantou.

The two of them finished their breakfast together.

Although the items were simple, the two of them felt happy and harmonious, as if they were living at home.

At 8:30 am, Xia ruofei and Ling Qingxue set off for little Tang town.

Wu Qiang was driving in the front, and the two of them sat in the back seat with their fingers intertwined. Xia ruofei was enthusiastically introducing the scenery along the way to Ling Qingxue. Ling Qingxue tilted her head and leaned on Xia ruofei's shoulder, her face full of happiness.

It was the morning rush hour when they left, so they had to stop and walk all the way. Fortunately, they had plenty of time. As long as they were not stuck in a traffic jam, they would be fine.

After leaving the city, the car gradually picked up speed and arrived at the construction site in little Tang town at about 9:40.

When Xia ruofei got out of the car, he realized that the land had changed.

First of all, the land had been simply leveled. Then, at the boundary of the land, there was a flag inserted about a meter apart. The flag was of various colors, and on it was printed the symbol of the peach blossom Association.

In addition, a stage was set up at the main venue of the groundbreaking ceremony by the lake, and the background was also a large spray – painted symbol of the peach blossom society. In front of the stage were neatly arranged plastic chairs, and on both sides of the stage and behind the seats, there were construction machinery such as excavators and shovels.

These construction machines were all clean and each machine was hung with a festive red cloth.

On the side of the venue, there was a long table with all kinds of desserts, delicacies, and poured red wine on it. All the food was covered with a transparent cover.

There were also two chefs who were constantly making delicious food in front of the simple operating table at the end of the long table.

“Well done!” Xia ruofei muttered to himself.

Ling Qingxue also looked around with interest. This was the first time she had seen this piece of land.

At the entrance of the venue, there was a large effect drawing that Lu Yifan had worked overtime on. The final design draft might be different from this effect drawing.

“Mini – golf, swimming pool, spa sanatorium ...” Ling Qingxue mumbled to herself as she looked around. Then, she exclaimed excitedly, “found it!” Gourmet House! Look, RUO Fei, there’s even the of our Ling Ji restaurant on it!”

?

Chapter 1758: Uninvited guests (1)

“Yo! Sister – in – Law is here!” Zhao Yongjun’s forthright voice came from behind the two.

Xia ruofei and Ling Qingxue turned around and saw Zhao Yongjun, who was usually dressed casually, wearing a suit and leather shoes today. He was looking at the two of them with a smile.

“Big brother Zhao!” Ling Qingxue called out.

They had met each other before at the three mountains. Ling Qingxue knew that Xia ruofei’s friends were not ordinary people, so she was more or less reserved.

Zhao Yongjun smiled and nodded at Ling Qingxue, his attitude was very kind.

Xia ruofei smiled and said, “brother Zhao, you did well!” It’s quite lively!”

“Isn’t this just to carry out your instructions?” Zhao Yongjun laughed, “if we don’t make it lively, wouldn’t today’s groundbreaking ceremony be meaningless?”

Ling Qingxue did not know about the twists and turns of this plot of land. Xia ruofei did not want her to worry, so he did not tell her the details. Thus, she was a little confused after hearing it. However, she was smart and did not interrupt.

Xia ruofei smiled and said, “you’ve all worked hard these days!” I’m the one who’s bored ...”

“We’re brothers, so don’t say such things!” Zhao Yongjun smiled and said, “your contribution is greater than all of us combined! When have we ever been polite to you?”

Xia ruofei chuckled.

Zhao Yongjun continued, “ruofei, sister – in – Law, let’s go over there!” We’re all here!”

Xia ruofei said, “brother Zhao, you still have to receive guests, right?” Don’t mind us ...”

“You and your wife are the most important guests!” Zhao Yongjun said with a smile.

“We’re the shareholders, okay? When did you become a guest?” Xia ruofei asked with a smile.

“Alright! Then you can go by yourselves!” Zhao Yongjun didn’t stand on ceremony and said, “the two guests I’ve contacted are about to arrive, so I won’t be accompanying you guys!”

“Alright!” Xia ruofei nodded.

The two of them greeted Zhao Yongjun and walked towards the temporary stage.

Song Rui and the others were busy with their work. When they saw Xia ruofei and Ling Qingxue, they came forward to greet them, especially Wei Jun, Hou Liang, and a few others. They called them “sister – in – Law” very sweetly.

They didn’t care that they had a lot of things to do and that they had to greet their invited guests after they arrived. Hence, they didn’t talk much and Xia ruofei let them go.

“Quite a few people have come!” Ling Qingxue said.

Xia ruofei chuckled. “Yes, and these people are all from influential families. Basically, brother Zhao and a few others personally invited them.”

“It’s just a groundbreaking ceremony. Why is it so Grand?” Ling Qingxue asked with a smile.

“Of course there’s a reason ...” Xia ruofei smiled and said, “but you don’t have to worry about it. We’ll take care of it. You just have to send some capable people to settle in.”

“Alright then!” Ling Qingxue didn’t ask further.

Ling Qingxue, who had been in the management of a company for a long time, was still very good at controlling the situation.

Soon, it was almost ten in the morning.

Zhao Yongjun also came over to introduce Xia ruofei to a few invited guests, including some influential figures in the rich and powerful circle, as well as some famous people in the field of metaphysics.

Among them were a Vice President and a director of the Huaxia Xuanxuan society, as well as a famous Fengshui master from Hong Kong. This Fengshui master was also an Honorary Director of the Huaxia Xuanxuan society.

Just as the groundbreaking ceremony was about to begin, another car drove in from the intersection.

Zhao Yongjun, who was about to go on stage, couldn’t help but show a puzzled expression. The guests and media reporters they invited were all here! Why was there someone else here?

The car stopped at the side of the venue. After the door opened, three people got out of the front and back seats.

Zhao Yongjun couldn’t help but frown.

The person who had come was Liu haofan, who had spent a huge sum of money to buy the land and then sold it to Xia ruofei at a discount. Beside Liu haofan were two energetic old men.

Song Rui also saw Liu haofan immediately. He snorted and was about to walk over.

But Zhao Yongjun pulled him back and said in a low voice, ""Xiao Rui, where are you going?"

"This guy is clearly here to cause trouble! I'm going to teach him a lesson!" Song Rui said.

"Today is the big day of our club's foundation. Are you trying to mess things up?" Zhao Yongjun asked sternly, then said, "he's a guest. No matter what his purpose is, we can't fall out with him first!"

Then, Zhao Yong Jun said to Xu Zi Xuan: "Zi Xuan, look after Xiao Rui. I'll go meet Liu er!"

Zhao Yongjun's words also carried a hint of dissatisfaction. Although he was reasonable with song Rui, he was also angry with Liu haofan.

They did not invite Liu haofan to the groundbreaking ceremony at all. Their purpose was to not aggravate the conflict between the two parties. They did not expect Liu haofan to come to them himself. He was willing to transfer the land to them. Although the price was a little low at that time, it was a matter of mutual consent. No one forced Liu haofan to sign the contract with a gun at that time.

Zhao Yongjun strode towards Liu haofan. Not far away, Ling Qingxue called out in surprise, ""Ruofei, isn't that uncle du? Why is he here?"

?

Chapter 1759: Uninvited guests (2)

Xia ruofei looked around. One of the old men beside Liu haofan was Ling Xiaotian's good friend, du Qinghong. He was also a well – known figure in the field of metaphysics.

How did he end up with Liu haofan? Xia ruofei couldn't help but be confused.

However, Ling Qingxue had already walked over quickly. Xia ruofei had no choice but to put his questions aside and follow her.

Zhao Yongjun came to Liu haofan with a faint smile on his face. ""Haofan, why are you here?"

"Jun bro, why didn't you invite me for such a big event?" Liu haofan grinned and said, "you're treating me like an outsider!"

Zhao Yongjun said indifferently, "haofan, you're a busy man!" We don't dare to trouble you with such a small project. "

"Aren't you treating me as an outsider?" Liu haofan said with a smile, "I was the one who transferred this land to you. Now that the project is going on, I have to come and congratulate you!"

Then, Liu haofan said to his driver, ""Bring the things over!"

The driver quickly took out a box that was half a meter long from the trunk and handed it to Liu haofan with both hands.

Liu haofan handed the wooden box to Zhao Yongjun and said with a smile, ""Brother Jun, this is a small gift from me!"

Zhao Yongjun was even more confused. Did Liu haofan take the wrong medicine today? He didn't look like he was looking for trouble, but more like he was here to support!

However, one shouldn't hit a smiling person. Zhao Yongjun naturally couldn't be cold to Liu haofan's attitude.

Just as he was about to take it, Liu haofan said, ""Brother Jun, there's a Maitreya Buddha statue inside. It's completely in the style of the Giant Buddha in harmony Palace, and it was even blessed by the old llama of harmony Palace!"

At this point, Liu haofan deliberately raised his voice and said, ""I know the situation of this land the best. It's a treasure land for the netherworld! It's easy to attract unclean things if the yin Qi is too strong, so I've specially invited a Buddha statue for you, hoping to help suppress those evil spirits. After all, we still have to do business in the future!"

Zhao Yongjun's face darkened. So all this was for this!

He pulled back his hand, then looked at Liu haofan coldly and said, ""Haofan, I'll welcome you if you want to celebrate, but if you're here to cause trouble, don't blame me for not giving you face."

Liu haofan said innocently, "what are you saying, brother Jun?" I'm here to sincerely congratulate you! Even the congratulatory gift is full of sincerity. It has been a long time since the old llama of harmony Palace personally blessed the Buddha statue. I had to ask many people to invite this Buddha statue ..."

What happened here naturally attracted everyone's attention. The guests who came to the groundbreaking ceremony had all heard of the rumors from before, so they couldn't help but start discussing it in low voices.

With so many reporters present, Zhao Yong Jun's anger was slowly rising.

He snorted and was about to speak when Xia ruofei's voice came from behind him. ""I didn't expect young master Liu to know Feng Shui! We've never even heard of it. Why don't you give us some more common knowledge?"

When Liu haofan saw Xia ruofei and Ling Qingxue, the hostility in his eyes disappeared in a flash. Then, his eyes fell on Ling Qingxue. He did not hide the greed in his eyes as his gaze lingered on her long legs for a few seconds.

Xia ruofei frowned. He stood in front of Ling Qingxue and looked at Liu haofan coldly.

Liu haofan was stunned for a moment, then laughed and said, ""I don't know how to look at Feng Shui, but it's not a problem to explain to you what a netherworld treasure land is. This piece of land was actually a place where Yin was gathered. It was the most suitable place to build a tomb, which would definitely bring good fortune to future generations! But to use it to build a club ..."

At this point, Liu haofan laughed and said, ""President Xia, did you think I was out of my mind? Why would I give this land to you so cheaply ..."

Zhao Yongjun frowned. He didn't understand why Xia ruofei would bring up this topic on purpose. Wasn't this making Liu haofan even more aggressive?

Sure enough, after hearing Liu haofan's words, the guests became even more nervous. The previous rumors couldn't help but surface in their minds. Some people had originally planned to Buy Membership after the club was built to support Zhao Yongjun and the others, but now they were thinking of backing out.

However, a few people from the metaphysics world looked at Liu haofan with a strange expression.

Xia ruofei ignored Liu haofan. Instead, he smiled and greeted du Qinghong, who was beside Liu haofan. "Uncle du!"

Ling Qingxue also smiled at du Qinghong. "Uncle du, why are you here?"

When Xia ruofei and Ling Qingxue appeared, du Qinghong had already noticed them. However, Xia ruofei was talking to Liu haofan, so du Qinghong could not greet them.

Now that both Xia ruofei and Ling Qingxue had greeted him, he quickly replied, "RUO Fei, Qingxue, what are you doing here?"

Ling Qingxue smiled and said, "our company also has a share in this project!" Also, RUO Fei was a major shareholder! Today is the groundbreaking ceremony, so of course we have to come! Uncle du, I'm surprised that you're here!"

?

Chapter 1760: Uninvited guests (3)

Du Qinghong had been participating in the exchange activities at the Huaxia mystical society. This time, Liu haofan had invited his good friend, Shen Zhongliang, the director of the Huaxia mystical society, over, so he followed along to take a look.

Because he had visited the land last time, this land was not suitable for any project at all. Of course, except for cemeteries, so when he heard that a company was going to develop a clubhouse project, he was a little curious.

Now that du Qinghong heard that Xia ruofei was the major shareholder of this project and that lingji F & B also had a share, he could not help but feel anxious.

Du Qinghong said absent – minded, "I'm here with my friend."

He then asked, "how did you get involved in this project?" This land isn't suitable for the club project!"

Liu haofan's eyes lit up when he saw that Ling Qingxue seemed to be close to du Qinghong. He smiled and asked, "Old man du, you know this lady?"

"En, the child of an old friend," du Qinghong nodded.

Liu haofan laughed and said, "then we're on the same side!" Old man du, please persuade this lady! It's still not too late to withdraw the shares now. If we really hold on, no amount of money will be enough to make a loss!"

Then, Liu haofan raised his voice and said, "Brother Jun, CEO Xia, elder du is a senior in the field of metaphysics, and elder Shen is a director of the Huaxia mystical society. It was elder du and elder Shen

who helped me look after this piece of land, and they both believed that it was a Yin gathering place. Otherwise, I wouldn't have dared to lie with my eyes open!"

Xia ruofei immediately understood. Liu haofan was so fearless because he had a senior from the metaphysics world backing him up! Needless to say, old Shen and uncle du must have come after he had set up the yin formation.

However, Xia ruofei felt a little strange. Why did these two seniors from the field of metaphysics not realize that the Feng Shui of this land had completely changed since they got off the car?

In fact, Xia ruofei did not know. The reason was very simple. First of all, it was because of his preconceived notion. Last time, they had checked it very seriously and the conclusion was quite certain. Secondly, the atmosphere here was a little chaotic. Fengshui specialists were very sensitive to auras, but there were so many people here today, men and women, young and old. There were also construction machinery, various audio equipment, big screens, and so on. With so many auras mixed together, they did not notice the changes in the atmosphere.

In contrast, a few people from the metaphysics world who arrived earlier than them had carefully checked the Fengshui of this land.

They knew why Zhao Yongjun had invited them here. They were also very curious about the rumors that had been spreading around, so when they arrived, they started to check it very carefully. The Vice President of the metaphysics society had even used a spiritual compass.

At this moment, the formation had been reversed by Xia ruofei. The conclusion that these people from the metaphysics world came to was naturally the opposite of the conclusion that Shen Zhongliang and du Qinghong had come to that day.

Therefore, when they heard Liu haofan say that this was a haunted house, especially when du Qinghong and Shen Zhongliang had personally visited it, their expressions were as interesting as could be.

Xia ruofei looked at Liu haofan and then looked at du Qinghong. He smiled and said, "Uncle du, this piece of land can only be used to build yin residences? Do you want to take a closer look?"

Du Qinghong sighed in his heart. What was the use of looking at things that were already set in stone? No matter how good his personal relationship with Ling Xiaotian was, it was impossible for him to lie with his eyes open on such an issue! He was not the only Fengshui master in the world. If such a lie was exposed at any moment, wouldn't he be smashing his own rice bowl?

What he didn't know was that because Liu haofan announced that the conclusion of the netherworld mansion was determined by him and Shen Zhongliang, it almost caused him to lose his job.

Liu haofan egged them on, "old Shen, old du, since President Xia won't give up, why don't you guys suffer for a while longer?" I'll also tell him what a Yin residence is!"
