Chapter 1761: A soft persimmon is not soft_1

Just as du Qinghong was caught in a dilemma, someone suddenly stood out from the crowd and said, ""Old Shen, old du, you guys are here too?"

Shen Zhongliang and du Qinghong looked up and were instantly shocked. The person who was speaking was Lu Shengsi, the Vice President of the Huaxia mystical society. Beside Lu Shengsi was Hong shenyuan, who was also a director of the Huaxia mystical society like Shen Zhongliang.

Lu Shengsi's appearance helped du Qinghong out of his predicament temporarily. He whispered a few words to Liu haofan, then walked towards Lu Shengsi with Shen Zhongliang.

"President Lu, you're here too!" Du Qinghong greeted.

Lu Shengsi pulled du Qinghong and Shen Zhongliang to the side and asked in a low voice, ""Old du, old Shen, did you really come up with the conclusion that young master Liu was talking about the yin gathering place?"

Shen Zhongliang didn't understand what he was getting at and said, "Yup! This Feng Shui situation was very obvious! Did President Lu also come because he heard something?"

When du Qinghong saw the strange expressions on Lu Shengsi and Hong shenyuan's faces, he couldn't help but Mutter in his heart.

"President Lu, could there be something more to this plot of land?" he asked with a slight frown.

Lu Shengsi sighed and asked, ""Old Shen, were you and old du the ones who personally visited him that day?"

It was no wonder that Lu Shengsi would have doubts. This was clearly a place with excellent Fengshui, and even an ordinary Fengshui master could see it. How could experienced Fengshui Masters like Shen Zhongliang and du Qinghong make a mistake at the same time, and their conclusions were completely different?

This was something Lu Shengsi couldn't understand.

Another director of the Huaxia mystical society also said in a strange tone, ""Old Shen, old du, take a good look ..."

Du Qinghong had already confirmed that there was a problem. Before Shen Zhongliang could react, he immediately looked around and used his sect's Secret technique, Qi observation.

Du Qinghong couldn't help but tremble when he checked, and his eyes were filled with disbelief.

Du Qinghong finally realized that the aura of the entire land was completely different. It could even be said that it had gone from one extreme to the other.

In fact, when they got off the car, du Qinghong felt that the atmosphere was not as cold as it was that day. However, he thought that it was because there were more people at the scene, and it was close to noon, so the Yang energy had neutralized the yin energy.

The main thing was that he had already seen it very clearly that day. He had long been prejudiced by his first impression and had not thought about other aspects at all.

This was because this was a naturally formed Yin gathering place. That day, he and Shen Zhongliang had already confirmed that it was almost impossible to reverse the situation with human strength. Thus, they had not made any mental preparations in this aspect.

Now that the life Qi in this land was so rich, and the entire Qi field was reversed, how did it still look like a Yin gathering place? This was clearly a treasure ground for gathering wealth!

Du Qinghong's face turned pale as he muttered to himself, "This ... This ... How is this possible?"

"Old du ..." Shen Zhongliang also realized that something was not right. He frowned and said, "the atmosphere here seems a little different. Why don't we take a closer look ..."

Du Qinghong waved his hand and said, "old Shen, there's no need to look anymore. We were wrong that day. No! Maybe it's not as simple as a misjudgment. "

Du Qinghong knew that Lu Shengsi and Hong shenyuan must have carefully studied the Feng Shui of this piece of land. The two of them pulled them to the side and asked them in low voices. They rarely explained the problem, so there was no need to look at it again.

However, du Qinghong did not think that he and Shen Zhongliang would be wrong at the same time. So, after he calmed down, the first thing that came to his mind was that there was an expert who had turned the Feng Shui situation around.

Du Qinghong didn't dare to imagine what kind of master could do this. It wasn't as simple as cracking the Yin gathering place, but a complete reversal. He turned this piece of land from a "treasure land" only suitable for building Yin residences into a real land of wealth and fortune. This method was simply ingenious!

Just as du Qinghong was in a daze, Lu Shengsi said in a low voice, "Old du, old Shen, we'll discuss other things later. Right now, the most important thing is to deal with the current situation ..."

Lu Shengsi naturally did not think that du Qinghong and Shen Zhongliang's skills were that bad, so he also knew that there must be a reason for this. But he also knew that now was not the time to investigate this, there were still two groups of people waiting over there!

Du Qinghong was also shocked. He looked at Shen Zhongliang and said, "Old Shen, I can see that this young master Liu brought us here today to use our name to make things difficult for others!"

"I didn't expect that we would still be used by others at our age ..." Shen Zhongliang said with a bitter smile.

In fact, Shen Zhongliang and du Qinghong did not really know that much inside information. It was just that Liu haofan took the initiative to look for them, saying that there was a company preparing to develop the land that they had seen last time. Today was the groundbreaking ceremony, and Liu haofan wanted them to attend.

The two of them didn't think too much about it. Since they had nothing to do today, they agreed.

Du Qinghong did not expect to see such a scene. What was even more unexpected was that Xia ruofei and Ling Qingxue were both shareholders of this project ...

Lu Shengsi said in a low voice, "old Shen, old du, my suggestion is not to get involved in this mess. The person who invited old Hong and I to attend the groundbreaking ceremony has a strong background. He's not inferior to young master Liu at all!" If you don't pay attention to your words, it's easy to offend people. "

?

Chapter 1762: A soft persimmon is not soft_2

Shen Zhongliang said, "President Lu, we understand ... Sigh!" What the hell is this!"

What du Qinghong was more concerned about was how the Feng Shui situation was reversed. He had always been obsessed with Feng Shui metaphysics. Today's situation was like a child meeting his favorite toy. If the parent didn't buy it, he would feel itchy in his heart.

Lu Shengsi gave a few instructions in a low voice, and the group walked towards Liu haofan and Xia ruofei.

Lu Shengsi and the others had been whispering to each other from a distance, and Liu haofan was getting impatient. If Shen Zhongliang and du Qinghong were not seniors in the field of metaphysics, and even his elders were quite polite to them, Liu haofan would have fallen out with them today.

She had come here to accompany him, but at the most critical moment, she had left them to the side to talk. Was this unbearable?

When Liu haofan saw du Qinghong and Shen Zhongliang finally walk over, he immediately raised his voice and said, "Old Shen, why don't you explain to them what a Yin gathering place is? In case they don't know anything and waste the investment money!"

Shen Zhongliang was the director of the Huaxia mystical society, and du Qinghong was only accompanying him, so Liu haofan naturally looked for Shen Zhongliang to settle this.

Shen Zhongliang laughed bitterly in his heart, he couldn't avoid this ...

Xia ruofei had a faint smile on his face as he looked at Shen Zhongliang calmly. Liu haofan's face was filled with anticipation as well. At this moment, he was already imagining Zhao Yongjun and Xia ruofei's miserable looks after they found out the 'truth'. He felt especially good when song Rui was unable to speak his mind.

Shen Zhongliang was in a dilemma. He could not lie through his teeth, or he would really ruin his job. Besides, it was meaningless. He was not the only Feng Shui Master in the world. However, he couldn't be too explicit, or he would offend Liu haofan.

After hesitating for a while, Shen Zhongliang said with an awkward expression, "Liu, the Feng Shui of this land...I'm not so sure now ..."

Liu haofan's eyes widened and he cried out, "Old Shen, what's going on? You didn't say that last time ..."

Liu haofan was very depressed right now. It was a critical moment! How could Shen Zhongliang drop the ball? If it wasn't for the fact that Shen Zhongliang had a good relationship with his father, he would have cursed out loud.

Shen Zhongliang smiled bitterly and said, "Liu, the Feng Shui situation is not static. There are many factors that can lead to changes ..."

Liu haofan was about to go crazy. Shen Zhongliang did not say that last time. At that time, Shen Zhongliang told du Qinghong that the yin gathering place was very fierce and that it was basically impossible to break out of it. How did it suddenly change?

At this time, song Rui couldn't stand it anymore. He smiled and said, "Liu er, don't force this old man! Do you still not understand? I'm really starting to doubt if you have any EQ at all!"

"You!" Liu haofan was so angry that his teeth were itching, but he was helpless against song Rui's taunting.

Shen Zhongliang couldn't find a breakthrough, and Liu haofan saw du Qinghong as a life – saving straw.

He looked at du Qinghong eagerly and asked, "Old man du, you were there at the time, what happened? Didn't you and old Shen both believe that this land was only suitable for building a Yin residence, and that it was a place to gather Yin?"

Du Qinghong looked hesitant. He wanted to tell the truth, but then he remembered Lu Shengsi's instructions and was somewhat afraid of this young master Liu.

At this moment, an old man stood out from the crowd and said with a frown, "Sir, aren't you being unreasonable and pestering me? What kind of Yin gathering place was this? It was clearly a place to gather wealth! Anyone who knows a little about Fengshui can tell that if this is really a Yin gathering place, how can we all be standing here safe and sound and in such a good mood?"

He was right. If Xia ruofei had not reversed the formation, even if the terrifying situation that song Rui had encountered would not have happened in broad daylight, some small problems would have happened continuously. For example, the sound system would have broken, or the backdrop would have been blown over by the wind. In serious cases, it would have even hurt people.

Moreover, the aura of a place with dense Yin Qi would make a stranger feel very uncomfortable. It was impossible for them to be in such a state.

Liu haofan was very angry at the moment. When he saw someone suddenly stand up and sing a different tune, and this person had a strong accent, he was obviously a foreigner. He was even more furious.

"Who the F * ck are you!" Liu haofan pursed his lips and said, "so many Feng Shui masters have not said anything. Why the hell did you jump out and complain?!" Are you trying to show off your ability?"

The White – haired old man was so angry that his beard trembled. He pointed at Liu haofan and said, "Young man, watch your mouth! Is this how your family taught you to speak to the elderly?"

Zhao Yongjun also frowned and said in an unfriendly tone, "Liu haofan! And you still say you're not here to cause trouble? You're not welcome here! Please leave immediately!"

Liu haofan was burning with anger. He couldn't accept this reality. He had come here with the idea of revenge, but he didn't expect to be the one to lose face. If there was nothing wrong with this land, then wouldn't it be a big joke that he bought it at a high price and sold it to Zhao Yongjun and the others at almost half the price?

Not to mention the heartache of losing so much money, the key was that he had lost all his face. How could he survive in the circle of rich young masters in the future?

Liu haofan, who was in a daze, wasn't as polite to Zhao Yongjun, who he usually respected and feared.

He straightened his neck, raised his chin, and said, "Zhao Yongjun, I don't need you to remind me. I wouldn't even be willing to come to your lousy place! But who was this old man? Don't tell me he's someone you guys invited! Even elder Shen and elder du didn't say anything! He just jumped out so impatiently?"

Zhao Yongjun's face was ashen as he looked at Liu haofan, who had completely fallen out with him and was smiling coldly.

"Liu haofan, you'll definitely regret what you've said today!" Zhao Yongjun said, "Xu Bo De is highly respected. He's not someone you can insult!"

"Zhao Yongjun, who are you scolding!" Liu haofan glared at him and shouted, unwilling to be outdone.

At this time, Lu Shengsi, the Vice President of the Chinese mystical society, came out and said, "Mr. Liu, this is the famous Fengshui master in Hong Kong, Mr. Xu lang. He is as good as us old guys in metaphysics."

Lu Shengsi had originally planned to protect himself, but Liu haofan pointed the spearhead at Xu lang like a Mad Dog, so he had no choice but to step forward.

This was because Xu lang was an honored guest that Lu Shengsi had personally invited to the mainland to exchange Fengshui metaphysics. Xu lang was definitely one of the top three Fengshui Masters in Hong Kong, and all the Fengshui Masters in the mainland were looking forward to this exchange. It was just a coincidence that he came to attend the groundbreaking ceremony. Xu lang happened to be in Beijing, and Zhao Yongjun's family elders happened to be friends with him, so they invited him to attend.

As the Vice President of the metaphysics society, he had to stand up when Xu lang was being humiliated by Liu haofan. Otherwise, he would be drowned by the spit of his Hong Kong peers.

Liu haofan's expression froze. He didn't know Xu lang, but he certainly knew Lu Shengsi.

Initially, he thought that Xu lang was an unfamiliar face and had a southern accent, so he wanted to take the opportunity to vent his anger. However, he did not expect the 'persimmon' to be so tough ...

Zhao Yongjun also laughed coldly, "Liu er, you've really grown up now!" Even your old man would be polite to uncle Xu, but you're being so rude! I wonder how the elders in your family will react when they hear about it!"

“Uncle Xu is in Hong Kong, and even the richest man in the country, Mr. Li, treats him as a distinguished guest.” Song Rui curled his lips and said, “so many rich people and politicians are lining up to invite him to see Feng Shui, but you’re saying that he’s just a prop we invited!” Truly ignorant and fearless!”

Liu haofan’s face turned red and white. That “soft persimmon” was no longer as simple as a “hard persimmon” but had become a steel plate ...

?

Chapter 1763: The groundbreaking ceremony (1)

Liu haofan was caught in a dilemma. His face turned red and then white. He also realized that the old man he had just scolded seemed to have a powerful background.

Speaking of other industries, whether it was the political or business world, even if he really had some background, he would not care if he offended them. With the Liu family’s power, he really had the right to not care about these.

However, Xu lang was a person from the field of metaphysics. The older generation had more respect for these seniors from the field of metaphysics, such as Shen Zhongliang, who he had brought with him today.

Judging from Zhao Yongjun and song Rui’s words, Xu Lang’s status in the field of metaphysics was much higher than Shen Zhongliang ‘s.

This gave Liu haofan a headache.

However, it was impossible for him to admit defeat on the spot. How could a popinjay like him admit defeat in front of his arch – enemy? How could he continue to live in the future if this news spread?

Liu haofan stood there, frozen.

At this moment, Xu lang, who was quite angry, asked, “Master Lu, which family is this young man from?”

Lu Shengsi didn’t dare to hide anything and directly said, “Uncle Xu, Mr. Liu’s grandfather is old master Liu Shanhe. Please don’t take the young man’s unintentional offense to heart. It’s not worth it to get angry and harm your body ...”

Xu Lang’s status in the field of metaphysics was somewhat transcendent. His title of “uncle Xu” did not refer to his seniority, but rather a form of respect. From the richest man in his eighties to the young people in their twenties, everyone called him “uncle Xu”. Lu Shengsi was no exception.

Xu lang said calmly, “Speaking of which, I’ve met master Liu a few times. My impression of him is that he’s a modest gentleman. His demeanor is impressive. By right, he should be brought up in a very strict family ...”

After he finished speaking, Xu lang glanced at Liu haofan. The meaning behind his words was already very obvious.

Liu haofan was filled with regret when he heard that. Xu lang was friends with his grandfather. What was worse was that Xu lang was a Hong Kong citizen. All these made him feel extremely passive.

Xia ruofei saw that the situation was in a deadlock and it was almost time for the groundbreaking ceremony. After thinking for a while, he stood up and said, "Young master Liu, if there's nothing else, please leave! The auspicious time is about to arrive ..."

Although Xia ruofei was chasing him away, in a sense, he had helped Liu haofan out of his predicament.

Liu haofan opened his mouth. He wanted to admit defeat to Xu lang, but his ridiculous pride prevented him from doing so. In the end, he turned around and walked to his car without saying a word.

He didn't even say goodbye to Shen Zhongliang and du Qinghong, and just got into his car and left.

To Liu haofan, this was already embarrassing enough. He didn't even say a single harsh word and could be said to have returned home dejectedly.

Seeing Liu haofan leave so directly, song Rui wanted to mock him a little more but was stopped by Xia ruofei's eyes.

Liu haofan returned in defeat. Xia ruofei walked to Xu lang and smiled. "Uncle Xu, I'm sorry! You're a guest we invited, but you were insulted by Liu haofan for no reason. It's US who didn't do our job well as the host ..."

"It's fine," Xu lang said with a pleasant expression. "The groundbreaking ceremony is more important. It won't be good if we miss the auspicious time."

"Don't worry, we'll definitely make him give you a satisfactory explanation." Xia ruofei said.

Xia ruofei was not boasting. In fact, there were so many people here today. Other than the media reporters and a few seniors from the metaphysics world, most of them were people from the upper class of the capital. The Liu family would soon hear about what happened today.

By then, Xia ruofei and the rest would not even need to exert any pressure. The Liu family would definitely give Xu lang an explanation.

Xu lang laughed. "I'm angry at a junior. I'm not cultured enough. Let's not talk about this ..."

Then, Xu lang looked at Xia ruofei with bright eyes and asked, "Young man, you must be Xia ruofei, right? As expected, he's an indescribable noble!"

Xia ruofei was stunned and asked in surprise, "Uncle Xu, do you know me?"

Xu lang laughed. "I'm good friends with Mr. MA from Hengfeng, Mr. Guo from the Hong Kong horse race, and Mr. Yang from the Royal entertainment. When they found out that I was coming to the mainland for an exchange, they even talked to me about you. Mr. MA is even more fond of you!"

Xia ruofei finally realized that MA Xiong and the others had mentioned him to Xu lang.

After the truffle auction, Xia ruofei had built a good relationship with some of the rich people in Hong Kong, especially Guo Hongjiang of the horse race. Xia ruofei had helped him cure the famous horse race "star of Hong Kong" and Guo Hongjiang had even given Xia ruofei a mansion in Repulse Bay.

"I see ..." Xia ruofei said.

Xu lang was obviously very close to Xia ruofei. He laughed and said, "Mr. Xia, next time you auction a one-headed abalone, please leave one or two for me! I don't have any other hobbies in my life except for good food. I can't forget the one-headed abalone I tasted at Mr. Ma's House last time!"

"No problem, I'll definitely reserve it for you!" Xia ruofei quickly replied.

"Thank you! Thank you!" Xu lang said happily.

Although Xu lang was very famous in the field of metaphysics, he was a very gentle person and did not put on any airs. Liu haofan was indeed a talent to be able to anger him.

?

Chapter 1764: The groundbreaking ceremony (2)

After Xia ruofei and Xu lang exchanged some pleasantries, he walked towards Shen Zhongliang and du Qinghong, who looked embarrassed.

They had come here with Liu haofan. Although they didn't know about it beforehand, now that Liu haofan had left them behind and left, they were a little embarrassed.

Xia ruofei smiled. "Old Shen, uncle du, it's better to meet by chance than to invite each other. Please come to our club's groundbreaking ceremony!"

Shen Zhongliang and du Qinghong looked at Xia ruofei gratefully. Xia ruofei had helped them out!

Du Qinghong had a relationship with Xia ruofei and the Ling family, so he stood up first and said, "Ruofei, about today's incident ... Old Shen and I didn't know about Mr. Liu's motive beforehand. We thought he was just here to celebrate ..."

Xia ruofei waved his hand. "Uncle du, it's all in the past now. Besides, both of you have been sticking to your professional ethics and didn't help Liu haofan distort the truth. We all saw it!"

Then, Xia ruofei said, "the auspicious time is coming, let's go!" The groundbreaking ceremony is about to begin. "

"Alright, alright ..."

And so, everyone walked towards the stage together.

The guests and media reporters who had been watching the entire process were secretly cheering.

The reporters, in particular, were born to chase after hot news. Although this matter was mostly not reported, they still felt very excited after seeing it for themselves.

There were fights between rich and powerful families, legendary Fengshui Masters, and young and rich men here. It could simply be shot into a movie with ups and downs.

Although Liu haofan's incident had happened, the preparations for the groundbreaking ceremony were still in order.

All the construction machinery was in place, and the stage and sound system had been tested. The workers from the construction side who came to attend the ceremony were seated at the back of the venue.

These workers were wearing the same new work clothes and safety hats, looking quite energetic.

The guests and reporters also went to their respective areas and sat down according to the map.

Xu Zixuan had already asked the conference staff to add two more seats for Shen Zhongliang and du Qinghong, which were arranged next to Lu Shengsi and the other mystics.

At 10:19 A. M., The auspicious time arrived. The emcee walked onto the stage and said enthusiastically, ""Dear guests and friends, the foundation laying ceremony for the Paradise gathering project will now begin! First of all, let's invite President Zhao of the peach blossom society to give a speech on stage!"

Although everyone in this small team regarded Xia ruofei as the leader, Xia ruofei would not live in the capital for long. Zhao Yongjun was also born and raised in the capital, so he was familiar with all aspects. Hence, Zhao Yongjun was still in charge of External Affairs.

Zhao Yongjun, who was in a suit with a flower on his chest, stood up and tidied his suit. He then walked up the stage with a confident smile.

"Dear elders, friends, media reporters, and representatives of the construction party, Hello!" Zhao Yongjun held the microphone and said with a smile, "first, on behalf of Hengrui Corporation, I would like to welcome everyone to today's groundbreaking ceremony!"

After a round of applause, Zhao Yongjun continued, ""Our Paradise club's project is a comprehensive project that combines leisure, entertainment, dining, sports, fitness, and other functions into one. Everyone has obtained the initial blueprint, and the land under everyone's feet will realize that blueprint in the next few months to a year. When the time comes, there will be mini – golf courses, indoor permanent pools, professional gyms, branded restaurants ..."

Zhao Yongjun spoke with confidence and assurance on stage, introducing the concept and blueprint of the entire paradise gathering project to everyone.

This was also the meaning of the question. They had invited so many friends in the circle and media reporters today, wasn't it to promote it well?

As Zhao Yongjun spoke, he glanced at the assistant below the stage. It was not until the assistant raised three fingers to signal to him that he nodded slightly.

Zhao Yongjun said, "that's the general situation of the Paradise gathering project. I'm here on behalf of the company. After our project is completed, we will use a membership system. I also sincerely invite all the good friends here to apply for membership cards. I believe that we will definitely give you a service that is worth the money!"

Zhao Yongjun silently calculated the time and said, ""As everyone has seen, there's a small incident. I would like to make it clear that the so – called Yin gathering place that Liu haofan mentioned today, as well as the rumors on the internet some time ago, are all nonsense! Today, we've even specially invited

the seniors from the field of metaphysics to refute these ridiculous rumors. Because the auspicious time is coming, let's first complete the groundbreaking ceremony. After the ceremony, we'll invite the seniors from the field of metaphysics to analyze the Feng Shui situation on this land for us!"

Then, Zhao Yongjun looked at the assistant below the stage. The assistant nodded, so he said,""That's all I want to say. Thank you, everyone!"

Because the estimated auspicious time was 10:33 A. M., When Zhao Yongjun was speaking on stage, there were people below the stage counting the time and reminding him.

After Zhao Yongjun left the stage, the emcee walked to the center of the stage and said enthusiastically,""Next up, the foundation laying ceremony of the peach blossom society will begin immediately. First, let's invite our foundational guests!"

Xia ruofei, Zhao Yongjun, brother song Rui, and Ling Qingxue all stood up and walked out. In addition, there was Hong Kong Feng Shui Master Xu lang, the Vice President of the Chinese Xuanxuan society, Lu Shengsi, and a Vice President of the construction company. In addition to a few more important guests, there were a total of 15 or 16 people.

Below the stage, in an open space in front of everyone's seats, there was a custom – made foundation stone that had been prepared in advance. On it were engraved the words "paradise gathering", "foundation stone", and there was even a red silk ribbon and silk flower tied to the foundation stone.

When the foundational guest walked up, the hostess handed out safety helmets and red silk shovels and shovels to everyone. Of course, the significance of the safety helmets was more symbolic than the actual effect.

When the time was about to reach 10:33, the emcee said loudly,""The groundbreaking ceremony begins! Guests, please cultivate the soil for the foundation stone! Fire the gun salute!"

Amidst the lively firecrackers and drum beats, Zhao Yongjun and the others waved their shovels and shoveled the soil into the dug pit. It was exactly 10:33.

With the warm applause, the symbolic groundbreaking ceremony was completed.

The guests handed their shovels to the hostess, wiped their hands with wet towels, and returned to their seats.

Normally, the groundbreaking ceremony would have ended here, and the guests would have been able to interact with each other and visit the place. Actually, there wasn't much to see. The scenery here was not bad, but the problem was that nothing was built here. It was just a piece of barren land.

Then, if the reporters were not satisfied with the news, they would interview Zhao Yongjun and the others to get more material.

In other words, the official event was basically over.

However, before the emcee could announce the end of the groundbreaking ceremony, Xu lang, who had just sat down, stood up and signaled to the emcee that he had something to say.

The emcee was also quite experienced, so he wasn't stunned by this sudden small situation. He immediately reacted and said with a smile, "Next, let's welcome the famous Fengshui master of Hong Kong, Mr. Xu lang, with a round of applause!"

This was completely out of their plan. Zhao Yongjun couldn't help but be stunned. He didn't know what Xu Lang's purpose was.

The 80 – year – old Xu lang walked onto the stage with strong steps and took the microphone from the emcee. The old man was very thin and did not look very impressive, but he had a strong aura. He first looked at the guests below the stage and waited for everyone to quiet down before he put the microphone to his mouth.

Xu lang smiled and said, "just now, Mr. Zhao mentioned the Feng Shui problem of this land. I heard that there were some rumors about this land." I came here earlier today and have walked around this place. I have a better understanding of the Feng Shui situation here, so I would like to share my judgment with everyone!"

?

Chapter 1765: A dream start (1)

When everyone heard this, they were immediately interested.

Zhao Yongjun was even more surprised. He knew that what Xu lang was going to say next would be beneficial to them, because Xu lang had already refuted Liu haofan.

To Zhao Yong Jun's surprise, Xu lang was giving his full support. He had invited these seniors from the field of metaphysics to the event in the hope that they would show up. It was already a form of support in itself. He did not expect these Feng Shui masters to stand up and support him.

To her surprise, Xu lang took the initiative to step forward.

Xu Lang's status in the field of metaphysics was very high. It was already a coincidence that he could attend the groundbreaking ceremony. Even if Lu Shensi, the Vice President of the Huaxia mystical society, stood up, Zhao Yongjun would not be so surprised.

Everyone held their breath and looked at Xu lang on the stage.

Xu lang had a gentle smile on his face. He said, "First of all, I agree with Mr. Zhao's words. You said that this land is a Yin gathering place and is only suitable for building a Yin residence. Either they don't have any common sense about Feng Shui, or they have other motives!"

Shen Zhongliang and du Qinghong blushed when they heard Xu Lang's words. Weren't they the ones who came to this conclusion first?

However, the two of them also felt very wronged. It had only been ten or twenty days, but the same piece of land had two completely different Fengshui. Moreover, when they looked at it at that time, it was simply a dead end that no man could solve. Who knew that such a big change would suddenly happen?

They believed that if the situation was still the same as before, even if Xu lang were to make a move personally, he might not be able to break out of the situation.

Xu lang continued,"as a Fengshui master, the first thing we pay attention to is the aura. It's the most intuitive feeling for a Fengshui master. The aura of this piece of land ... How should he put it! I can't quite see through it ..."

This time, even Lu Shengsi and Hong shenyuan found it unbelievable.

Even Uncle Xu couldn't see through it? However, according to their initial observation, although this land could not be a Yin gathering place, and the overall Feng Shui was quite good, at least they could gather wealth here. But other than that, there was nothing they couldn't see through!

Lu Shengsi was not stupid enough to think that it was because of Xu Lang's poor standard. He knew that there was only one possibility, and that was that the Feng Shui of this piece of land was very special. There was something mysterious about it that he and Hong shenyuan had not noticed.

Thus, Lu Shengsi and Hong shenyuan couldn't help but perked up their ears.

Xu lang continued,"at first glance, the Feng Shui pattern of this land is very obvious. The mountains and rivers are surrounded, and the Jade belt is wrapped around the waist. It's undoubtedly a place with good feng shui, but there's nothing special about it."

Lu Shengsi and Hong shenyuan couldn't help but secretly nod in agreement. This was the conclusion they had come to after a rough look.

When Xu lang said this, he changed the topic and said,""But the aura of this land is quite special. Even in a chaotic environment with many people and cars, I can still feel that the aura is very stable, and there is a faint vitality gathering. This is obviously the effect that the Feng Shui pattern I mentioned above can't achieve ..."

When Lu Shengsi and Hong shenyuan heard this, they simultaneously calmed down and felt it. They instantly revealed surprised expressions. They were convinced that Xu lang was right.

While they were secretly amazed, they were also full of admiration for Xu lang.

This Hong Kong Fengshui master truly lived up to his reputation. Even a Fengshui master like Lu Shengsi had overlooked this detail, but he had keenly grasped it.

Lu Shensi also sighed inwardly. Due to some practical reasons, the Feng Shui industry in Hong Kong was far more prosperous than that of the mainland. Although the number of Feng Shui masters in Hong Kong could not be compared to that of the mainland, their level was admirable.

Xia ruofei had been listening attentively. When Xu lang talked about aura, he was surprised.

It was obvious that Xu Lang's judgment was quite accurate. The aura and vitality that Xu lang mentioned were naturally the effects of the nine rotations heaven and earth formation's yang formation. That was why Xu lang was so confused.

It was already very impressive for Xu lang to be able to make such a judgment.

Strictly speaking, the nine rotations heaven and earth formation was not in the category of Fengshui. Unless Xu lang was also a cultivator, he would not be able to see through it.

Xu lang said from the stage, "therefore, I'm guessing that the Feng Shui of this land must be very special. It's a pity that I'm not skilled enough and my level is limited, so I couldn't see it." However, there is one thing that is beyond doubt, and that is that this piece of land is a treasure land with excellent Fengshui!"

Xu lang paused for a moment before he explained, "Some of you may have doubts about the aura problem that I mentioned and think that it's illusory, so I'll explain it to you in layman terms ... Although the aura can't be seen with the naked eye, it's everywhere. The aura of a place will affect the people there to a great extent."

"Everyone, feel it. After you entered this land, did you feel happy? And their mentality will unconsciously become a lot calmer?" Xu lang asked with a smile.

This was very common. The guests and reporters in the audience thought about it carefully and realized that it was really as Xu lang had said.

Especially some news reporters, who were usually under a lot of work pressure and were in a state of anxiety for a long time.

?

Chapter 1766: A dream start (2)

One of the photojournalists' family members had been seriously ill recently, so he was physically and mentally exhausted.

He had the most profound feelings. He found that the negative emotions that had made him breathless these days seemed to have reduced a lot, and he became more cheerful.

And this change was completed unknowingly.

This made everyone feel very magical.

Xu lang paused for a moment before he smiled and said, "I believe everyone has the answer. That's right, this is the aura I was talking about!"

Xu lang seemed to be in the mood to chat. After he finished, he continued, "I think many of you may still have some questions. The Feng Shui pattern that we usually talk about, isn't it mainly about the design of the building, the placement of items, and so on? This is still a wasteland, so how can the Feng Shui have such a magical effect?"

"Yes, why?" A reporter asked.

He was really entranced by Xu Lang's words and subconsciously followed his train of thought.

Xu lang smiled and said, "actually, this is what I wanted to talk to everyone about today. Good feng shui comes from nature!" In ancient times, Feng Shui rarely had artificial arrangements! Fengshui was just like women. Those who were born with average looks would never be able to dress up as beautiful

women no matter how they decorated themselves. She's a natural beauty, and even if she doesn't dress up, she can still cause the downfall of a city. "

After hearing Xu Lang's metaphor, everyone smiled knowingly.

Xu lang continued,"so, real good Fengshui can't be obtained just by setting up a trap." For extremely good Fengshui houses, office buildings, and so on, one must first choose natural good Fengshui. If you choose a bad feng shui, no matter how you set it up, you'll be like a village girl. No matter how you dress up, you won't be able to cause the downfall of a city. "

Then, Xu lang said firmly,""I'm sure that this place has natural good feng shui!"

The audience suddenly burst into a round of warm applause. Zhao Yongjun, song Rui, and the others were so excited that their palms were red.

Xu lang was too awesome. Zhao Yongjun and the others didn't even dare to dream of such support.

Xu lang smiled and said,"of course, on the basis of natural Fengshui, man – made arrangements can also play the role of adding flowers to the brocade." So, if Mr. Zhao and Mr. Xia don't mind, I'm willing to be the cultural environment consultant for this project and give you some personal opinions on the design layout!"

Zhao Yongjun was stunned, because happiness came too suddenly.

Xia ruofei's reaction was faster. He stood up and said,""Uncle Xu, we'll wake up laughing in our dreams if we can invite a God like you. How can we reject you?"

Zhao Yongjun also came back to his senses and quickly said,""Thank you for your support, uncle Xu!"

Xu lang stood on the stage and said with a smile,"Then it's settled! By the way, I'm very optimistic about your project. I hope to be the first person to buy a member of your club!"

Zhao Yongjun was about to be hit by this happiness. He didn't even think and said,"No problem! It's our honor that uncle Xu has taken a liking to our paradise gathering!"

Xia ruofei also said without hesitation,""Lifetime membership fee free! After the Club is open, you can come over at any time if you want, uncle Xu!"

Xu lang was like a gold – lettered signboard. He was personally acting as a cultural and environmental consultant, and he even took the initiative to apply for a membership card. This was more useful than a month's advertisement on the National television.

As for the previous rumors, with Xu Lang's strong support, they had long become a joke.

It wouldn't be long before the incident at the groundbreaking ceremony spread throughout the upper circles of the capital. By then, who would have any concerns?

Not only would they not have any concerns, but once they thought about how Xu lang was so optimistic about the club, it was easy to imagine how the people in the upper – Class circle would rush to the club like ducks.

Xu lang was a weather vane! It was like betting with a gambling master in a casino. Since Xu lang was so impressed by the Fengshui here, it was definitely not wrong to get a membership card here. As for the membership fee, who would care about such a small amount of money when they were at their level?

Xu lang laughed. "There's no need for it to be free. I'll just pay the normal membership fee."

"Then we'll have to pay you a consultation fee!" Xia ruofei laughed.

Xu lang was stunned for a moment before he laughed out loud. "Then we're ... Even? I'm using my work to exchange for membership, so it's considered my labor!"

Xia ruofei said seriously, "how can we not owe each other anything?" Uncle Xu has helped us so much, how can the membership fee offset it? We owe uncle Xu!"

Xu lang laughed heartily and said, "Mr. Xia is indeed an interesting person! Then it's settled!"

Then, Xu lang said, "that's all I want to say to everyone. I've wasted everyone's precious time. Thank you, everyone!"

Xu lang bowed slightly and returned the microphone to the emcee. He then turned around and walked off the stage.

A round of enthusiastic applause rang out from the audience. The applause only subsided when Xu lang returned to his seat.

At this moment, the emcee followed the original plan and said, "Dear guests and reporter friends! Today's groundbreaking ceremony has come to an end! "When the guests exit, please go to the east side. We have prepared a gift for each guest and reporter. You can receive it at the exit passage! Once again, thank you for coming! Goodbye!"

After the event ended, no one was in a hurry to leave. The guests were all chatting with each other. Xu lang, Lu Shengsi, and a few other mystics were the most popular. They were surrounded by many people.

Zhao Yongjun whispered to Xia ruofei, "Ruofei, why do I feel like I'm in a dream? Isn't uncle Xu's support for us a little too much?"

"You're still not happy that she's being nice to you?" Xia ruofei said with a smile.

"I didn't mean it that way. It's just that ... This is too unexpected! I even feel that it doesn't make sense!" Zhao Yongjun said, "hey, ruofei, do you think it's because of your friends in Hong Kong? Uncle Xu just said that some of your friends in Hong Kong are very close to him, and he even mentioned you before coming to China ..."

Xia ruofei also felt that this was the reason. He nodded and said, "Maybe! It's also possible that the special Fengshui of this land has piqued uncle Xu's interest!"

At this point, Xia ruofei winked at Zhao Yongjun. Zhao Yongjun immediately understood and the two of them smiled happily.

Xia ruofei said, "don't think too much. Uncle Xu definitely has no ill intentions towards us. Besides, this matter is only beneficial to us. There's no harm!"

"That's right! For our paradise society, this is simply a dream – like opening!" Zhao Yongjun said with a smile.

Xia ruofei chuckled. "I'm actually quite interested in uncle Xu. I can see that you're so happy that you've gone crazy. Is uncle Xu that influential?"

Zhao Yongjun looked at Xia ruofei with a strange expression and asked, "You don't know who uncle Xu is?"

"I've heard of it, but I don't know much." Xia ruofei shrugged his shoulders and said, "I'm not particularly interested in the metaphysics of Feng Shui."

Zhao Yongjun rolled his eyes and looked around before telling Xia ruofei about uncle Xu's story.

After Xia ruofei heard this, he couldn't help but secretly click his tongue. So this person was really a legendary figure!

Zhao Yongjun only told two stories, and Xia ruofei even knew the main characters.

One of them was yang ruocheng, the head of royal entertainment and an entertainment tycoon, whom Xia ruofei had met at the truffle auction.

Uncle Xu had accurately predicted that yang ruocheng would encounter a major change, and that year, yang ruocheng's business had indeed suffered a serious setback due to debt problems and was on the verge of bankruptcy. At the same time, yang ruocheng also developed westward under uncle Xu's guidance. He went to the Middle East to do finance and foreign exchange. In two or three years, Dongshan Mountain Rose again, and then the entertainment aircraft carrier royal entertainment company was established.

Since then, yang ruocheng had been very respectful to uncle Xu.

In addition, it was said that once, uncle Xu took a look at Xie Feng, a singer who was not famous at that time, and told yang ruocheng that this person would definitely become famous in the future, and asked him to sign him immediately.

Yang ruocheng had long respected uncle Xu like a god, so he signed the contract without hesitation and focused on nurturing him.

Later on, Xie Feng became extremely popular and became the absolute pillar of royal entertainment. Not only did he earn a lot of money for royal entertainment, but it also made royal entertainment famous.

As for the second story, it was even more legendary. The protagonist of the story turned out to be the world – famous richest man, li ...

?

Chapter 1767: Xiangnan TV's olive branch (1)

The story of tycoon Li and Xu Lang was even more legendary.

At that time, tycoon Li had not yet made a fortune. Xu Lang asked him after he met him, "How much wealth do you want to have in the future before you'll be satisfied?"

Li's answer was 30 million.

Xu Lang smiled and said, "your future wealth will far exceed thirty million!" The wealth in your life isn't flat, it's free. You'll definitely become the richest man in Hong Kong in the future!"

Everyone knew what happened next. Li's business went out of control. Not only was he the richest man in Hong Kong, but everyone also thought that he was the richest man in the world.

Zhao Yongjun also talked about Xu Lang's views on life, which touched Xia Ruofei.

Xu Lang had always emphasized on the cycle of cause and effect. He said that business should be done on the right path. He had a kind of good fortune, and success was only a matter of time. With good fortune, fate would naturally come quickly, and there was no rush.

When he helped the rich to look at Feng Shui, he often told them to treat people with sincerity and to do their best to benefit the people.

After hearing this, Xia Ruofei's admiration for Xu Lang rose.

To be honest, he didn't pay much attention to Feng Shui metaphysics in the past. Before he got the spirit map space, he was an atheist through and through and didn't believe in these things that science couldn't explain.

After seeing Xu Lang's style today, Xia Ruofei realized that there were people worthy of respect in every industry. The metaphysics of Feng Shui was not as simple as he had thought.

Xia Ruofei and Zhao Yongjun didn't talk much as guests kept coming over to greet Zhao Yongjun. Most of them were here to ask about the membership.

It was a bit of an exaggeration to say that everything in the club was only in the blueprint. The design had not even been completed, and there were already people fighting to apply for membership.

Just a day ago, rumors about the land being haunted and uninhabitable were still spreading.

Zhao Yongjun didn't expect the results of this groundbreaking ceremony to be so good. They didn't make any preparations for this, and they didn't even set the membership fees yet.

So, Zhao Yongjun could only give a rough answer to the people who came to ask, but he promised that once he started to attract members, he would consider the guests who were here today first.

Actually, this was very normal. Whoever attended the groundbreaking ceremony must have a good relationship with Zhao Yongjun and the others, and they had a certain amount of influence in the upper circles. Weren't these people the club's target customers?

Liu Haofan and Zhao Yongjun were almost sworn enemies. No matter how influential he was, no matter how well the club did, they couldn't expect him to support the club.

Zhao Yongjun was handling the guests, and Xu lang was surrounded by many guests asking questions. Xia ruofei wanted to express his gratitude in person, but he couldn't squeeze in. He brought Ling Qingxue to a less crowded place and found a chair to sit down and rest.

At this moment, Hou Liang walked over with a slightly chubby middle – aged man.

"Brother Xia, sister – in – Law!" Hou Liang greeted them from afar.

"Liangzi, you've worked hard!" Xia ruofei stood up and smiled.

Ling Qingxue also smiled and nodded at Hou Liang.

"Hehe, I'm full of energy when I work for myself, how can it be hard!" Hou Liang chuckled as he spoke. He then pointed to the middle – aged man beside him and said, "brother Xia, let me introduce you. This is xiangnan TV's Deputy station head, Gao Jun. He's in charge of the variety section."

Xiangnan satellite TV's variety shows were basically the best in the country. It was also the guarantee of revenue for the entire television station. The Deputy Director in charge of the variety section should have a very high status in the television station.

Xia ruofei looked at the tall and handsome Deputy Director, who was neither tall nor handsome, and said gently, "Hello, Gao tai!"

Gao Jun smiled and said, "President Xia, it's a pleasure to meet you!" President Xia's heroic deeds from before have earned my respect. I'm your fan now!"

"I don't dare to accept it, you've overpraised me!" Xia ruofei said in a neutral tone.

"Brother Xia, director Gao has some things he wants to discuss with you ..." Hou Liang said.

Xia ruofei knew that Hou Liang didn't bring Gao Jun over just to say hello. He thought for a while and asked, "Liangzi, is it about the thing you mentioned before?"

Xia ruofei was asking about their backup plan, Yingluo, bringing in xiangnan TV's reality show.

Hou Liang slightly nodded.

Gao Jun observed her expression and said with a smile, "Mr. Xia, Mr. Hou has mentioned to me about introducing the next season of the life I've been longing for. I'm taking advantage of the fact that your club is building a foundation to come and take a look. The scenery here is very beautiful, and there are hot springs nearby. The atmosphere in the countryside is also very good. I personally hope to make this cooperation happen!"

Xia ruofei thought, 'it's mainly because of what uncle Xu said!

In terms of scenery and country ambiance, there were many places in Huaxia that fit the criteria. Even with his relationship with Hou Liang, Xia ruofei and the others didn't show any obvious intention to cooperate. Gao Jun's initiative must be because of uncle Xu.

Xia ruofei was not very optimistic about this plan. The public was not the club's potential customers. Moreover, the effect of the groundbreaking ceremony had exceeded their expectations. It could be said

that the negative effects of the previous rumors had completely disappeared. There was no need to bring in a show.

Hence, Xia ruofei said tactfully, "Gaotai, regarding the club's operations, it's mainly handled by Zhao Yongjun's big brother. I'm not personally involved ..."

Xia ruofei's refusal was obvious, but Gao Jun's smile didn't fade. He said, "President Xia, I'm not going to beat around the bush. I'm on good terms with director hou and young master hou. Young master hou said that he only follows President Xia's lead! I think as long as you agree, you won't object, right?"

Xia ruofei looked at Hou Liang and revealed a helpless expression. Hou Liang also smiled awkwardly. This Gao Jun was like a sticky candy. He had no choice but to push Xia ruofei out.

Xia ruofei thought for a while and said, "Gaotai, I'm sorry. We don't have any plans to work with a reality show for the time being. Our next step is still to focus on the overall planning of the club and the basic construction."

Gao Jun smiled and said, "President Xia, don't be in such a hurry to refuse. Can you give me three minutes?" I hope to tell you more about our show in detail. "

"No problem!" Xia ruofei shrugged.

After all, he was a Deputy station head of a provincial station with real power. Moreover, he was personally introduced by Hou Liang. He still had to give him some face.

Gao Jun had already organized his words, so he said directly, "I don't want to say too much about the show itself. We're a reality show that returns to rural life. So far, the show has been produced for two seasons. In the first season, no one was optimistic about the show and felt that it was boring. I was the one who agreed to produce it."

Gao Jun paused before continuing, "Our business partners are also not interested in this show. When the first season first started, there was no title sponsor and there weren't many advertisements. You could say that it was just 'streaking'. But when the show ended, the viewership ratings were already at the top. Mango TV, 1.53 billion views; Weibo with the same name, 3 billion views, 2.98 million comments ..."

Gao Jun was obviously a pragmatic leader. The show's data was at his fingertips, so he must have remembered it in his heart.

Xia ruofei nodded and listened very carefully, although he still didn't understand what Gao Jun was trying to say.

Gao Jun continued, "the second season just ended. The results were even more dazzling. It dominated the charts every week. I won't go into the details ..."

At this point, Gao Jun's eyes became a little eager. He looked at Xia ruofei and said, "Director Xia, I'm telling you all this because I want to tell you that this is a phenomenal variety show. It has already accumulated a good reputation and a stable audience base. As long as the quality of our show doesn't decline in season three, it's inevitable that we'll shine!"

Xia ruofei nodded."Gao tai, congratulations on your good results. In fact, I like your show very much. It fits my attitude towards life very well."

Just as Gao Jun was rejoicing, Xia ruofei changed the topic and said,""However, although this show is very dazzling, it doesn't mean that we are interested in cooperating. Gao tai, I'll tell you the truth! I don't think the audience of this show matches the potential customers of our club. This kind of cooperation doesn't really promote the development of the club, so I'm very sorry ..."

Gao Jun was stunned for a moment before he smiled and said,""President Xia, I admit that you're right, but this won't be a loss for you, right?"

Xia ruofei threw up his hands and said,"of course!" Perhaps after the club's reputation had risen, they would need to invest more energy in the security of the club! But it's nothing ..."

Gao Jun nodded and said,"then let's discuss the prospects of a win – win cooperation!" President Xia, I would like to say first that once our program is settled here and broadcasted, the negative rumors on the internet should be completely reversed! I know that today's groundbreaking ceremony was very successful, but after all, the spread is limited. Maybe the ordinary people are not the club's target group, but to be able to completely eliminate the rumors on a wide scale, it should be a benefit for you, right?"

Xia ruofei nodded and said,"although we don't care, this is a good thing ..."

Gao Jun smiled and continued."Then, let me talk about the second benefit ... Director Xia, if this cooperation is successful, I can now give you a first – Class advertising cooperation position on behalf of the station. It's free!"

?

Chapter 1768: Act first and report later (1)

Xia ruofei didn't know how to react. He was stunned and asked,""Insert advertisements?"

Gao Jun nodded with a smile.

Xia ruofei spread his hands."Our Paradise Club doesn't seem to need any advertisements. If we were to film the show on this land, it would be a very good advertisement in itself. However, with our target customers ..."

At this point, Xia ruofei shrugged his shoulders. Wasn't he going back to the original topic? We don't even care about the location of the show's recording location that others are fighting for, so why would we care about the placement of advertisements?

Gao Jun chuckled and said,"President Xia, of course I know that the Paradise Club doesn't need to insert advertisements, but the Paradise Corporation does!" And ... Agricultural products are naturally compatible with our program! The effect of inserting advertisements will be very good!"

Xia ruofei finally understood that Gao Jun was talking about this. He had to admit that Gao Jun's suggestion made Xia ruofei's heart beat faster.

Gao Jun saw through Xia ruofei's intentions and continued,""Director Xia, you can think about it. In our program, the guests will eat Taoyuan vegetables and use Taoyuan Da Hong Pao to serve the guests.

Then, they can exchange their labor for the Drunken Eight Immortals white wine ... We will also design a special advertisement slogan, which will be verbally broadcasted from time to time in the program. Finally, we will record several versions of scene advertisements, which will be inserted in between the programs ...”

Xia ruofei understood. He had watched the previous two seasons of life you yearn for. The treatment Gao Jun mentioned should be second only to a certain brand, monkey – faced Misha. It might even be more effective than Duoduo’s advertising.

The key was that it was free, so it was hard for Xia ruofei not to be tempted.

Xiangnan TV’s advertising fees had always been much higher than the average level of the industry, especially for such high – frequency placement advertisements, which cost an astronomical amount.

More importantly, the products of paradise Corporation were really in line with the theme of this show. It could be said that they could be planted seamlessly.

Not only Taoyuan vegetables, Da Hong Pao, and Drunken Eight Immortals, but also Chang Jiang anchovy, Cordyceps, iron – Skin dendrobe, and even the Jade skin cream could also be implanted.

Xia ruofei was well aware of the influence of such a phenomenal show. Peach blossom company’s reputation was not bad, but the only thing that really exploded in popularity was the Jade skin cream. The other products could only be said to be well – known in a small area. If they could make use of the show’s popularity, the company’s reputation would definitely rise by a large margin. The benefits for their future development were obvious.

“Brother Xia, I think the platform is a good idea,” Hou Liang said. “Why don’t you consider it?”

“Ruofei, I’ve heard of this show from xiangnan TV. It’s very influential. I think this cooperation will be beneficial to both sides!” Ling Qingxue chimed in.

Gao Jun smiled at Xia ruofei. He was confident that Xia ruofei would fall for him.

Xia ruofei thought for a while and said, “Gao tai, thank you for your kind intentions, but I’m only a shareholder of the Paradise Association’s project. It’s not appropriate to use the Paradise Association’s resources to exchange for the benefits of our paradise Corporation. Let’s forget about it ...”

Gao Jun was stunned. He had offered such a good condition, but Xia ruofei had rejected it? Moreover, he had rejected her so directly ...

“Brother Xia, that doesn’t exist!” Hou Liang quickly said. “We’re all Good Brothers, no one would care about this! Besides, working with xiangnan TV will also bring many benefits to the Paradise chapter!”

“It’s okay ...” Xia ruofei smiled and said to Gao Jun, “Gao tai, I’m sorry!”

With that, Xia ruofei pulled Ling Qingxue away.

“Young master hou, President Xia has quite the personality!” Gao Jun said with a bitter smile.

“Gaotai, brother Xia doesn’t have the final say in this matter!” Hou Liang quickly said. Don’t be in such a hurry to choose another place. I’ll talk to brother Jun and the others, and brother Xia will definitely agree!”

Gao Jun nodded. “Alright, I’ll be in Beijing for the next two days. I hope you can give me a definite answer before I return to xiangnan!”

“Definitely!” Hou Liang said. Definitely! I’ve troubled you for the high platform!”

“Young master hou is too polite!” Gao Jun smiled and said, “your business is my business. Besides, if we can reach a deal, it’ll be a win – win situation!”

“No matter what, I owe you a favor!” Hou Liang said, “Gaotai, I’ll take my leave first. I have to quickly find brother Jun, brother Rui, and the others to talk to them!”

Gao Jun smiled and nodded. Hou Liang went to find Zhao Yongjun and the others. Gao Jun wasn’t in a hurry to leave. Instead, he strolled around the scene with great interest, occasionally exchanging a few words with people he was familiar with.

On Xia ruofei and Ling Qingxue’s side, Ling Qingxue asked in confusion, “Ruofei, director Gao’s suggestion is actually not bad! It’s a great opportunity for your company. Why did you give it up so easily?”

Xia ruofei smiled and said, “there will be many opportunities in the future. I don’t think I can do this this time ... We’ve all invested in Paradise Club. I only have a small share. I can’t use Paradise club’s resources to benefit my own company!” Even if brother Zhao and the others don’t care, I think this will change our pure brotherly relationship ...”

Ling Qingxue didn’t quite understand, but she still said, “Alright! As long as it’s your decision, I’ll support it!”

Xia ruofei gently touched Ling Qingxue’s nose and said, “Of course! The wife sang along with the husband! Your performance today was not bad! Continue to maintain it!”

Ling Qingxue pinched Xia ruofei’s waist and said, “I was just saying it casually, look at how smug you are!”

Xia ruofei burst out laughing.

At that moment, the number of people at Xu Lang’s side had gradually decreased. Hence, Xia ruofei brought Ling Qingxue along and walked over.

“Uncle Xu, thank you so much for today!” Xia ruofei said sincerely.

Xu lang laughed. “Mr. Xia, I’m just telling the truth. You don’t have to thank me.”

“In this day and age, it’s not easy to speak the truth. I’m especially touched that you’ve stood up for us in this situation!” Xia ruofei said.

"Hahaha! You're too kind!" Xu lang smiled and said, "Mr. MA, Mr. Zheng, and Mr. Yang all told me to take care of you as much as possible if I met you in the mainland! I'm just doing what an old friend entrusted me to do. You don't have to take it to heart. "

Xia ruofei thought to himself, "it's because of old Mister MA Xiong and the others."

In fact, it was easy to guess that Xu lang was not related to Xia ruofei and the rest. Even if he had noticed something, there was no need to express his support so directly and clearly! Moreover, Xu lang had actually said some flattering words today.

Perhaps MA Xiong and the others had only mentioned it casually, but it had helped Xia ruofei a lot.

"Mr. Xia, is this your girlfriend?" Xu lang took the initiative to ask.

Xia ruofei quickly introduced, "yes!" Uncle Xu, her name is Ling Qingxue!"

"Hello, uncle Xu!" Ling Qingxue greeted him.

Uncle Xu looked at the two of them with a smile and said, ""The two of you look like a couple. After you get married in the future, you'll definitely be able to live a happy life!"

Ling Qingxue was instantly overjoyed. She hurriedly said, ""Thank you for your kind words, uncle Xu!"

Xu Lang's status was not ordinary. He was one of the top Feng Shui masters in Hong Kong. What he said was not just some ordinary auspicious words. It could even be said to be the words of gold and Jade.

Under normal circumstances, Xu lang would not say such things if he was not confident. If he was not careful, his reputation would be ruined. If Xia ruofei and Ling Qingxue's marriage was unfortunate in the future, and his words were to spread, it would be a slap in the face.

Xia ruofei also thanked Xu lang.

"I'm just telling the truth, you don't have to be so polite ..." Xu lang said with a smile.

Then, Xu lang looked at Xia ruofei deeply, but he did not say anything.

In reality, Xu lang could tell from Xia ruofei's facial expression that he was not only destined for a noble life, but he could also tell a few things about his marriage. However, it was not appropriate to say it in front of Ling Qingxue.

What surprised Xu lang was that even though Xia ruofei was clearly destined for many women, his physiognomy showed that he and Ling Qingxue were a harmonious and loving couple. He had only ever seen such a face on Haojiang's gambling King he.

While Xu lang, Xia ruofei, and Ling Qingxue were chatting happily, Hou Liang found Zhao Yongjun.

Zhao Yongjun was currently chatting with a few special guests. He saw Hou Liang giving him a look from the outside, so he excused himself and quickly ended the conversation.

Zhao Yongjun walked in front of Hou Liang and asked in a low voice, "What's wrong, liangzi?"

Hou Liang quickly recounted how Gao Jun had taken the initiative to offer an olive branch and offered very favorable conditions, hoping that the life you yearn for would work with the Paradise Club, but was rejected by Xia ruofei.

“What’s there to consider? just say yes!” Zhao Yongjun immediately said.

“But brother Xia ...” Hou Liang was stunned for a moment before saying.

“Why do you care what RUO Fei thinks?” Zhao Yongjun asked, “has director Gao left yet?”

“He’s still at the scene!” Hou Liang looked around and said.

“Bring me to him!” Zhao Yongjun said.

Soon, Hou Liang brought Zhao Yongjun to Gao Jun and gave him a simple introduction.

Then, Zhao Yongjun went straight to the point, “Director Gao, I think the conditions you mentioned to ruofei just now are very good. I can represent paradise to reach an agreement with you first!”

“Really?” Gao Jun was very surprised and asked. But President Xia didn’t seem to agree to it ...”

Gao Jun was also afraid that Zhao Yongjun and the others would have internal opinions that were not unified. If there were any changes to the show’s cooperation, it would be troublesome if they had to find a recording venue at the last minute.

Zhao Yongjun said without hesitation, “RUO Fei’s opinion doesn’t represent anything. Heng Rui company is in charge of The Peach Blossom Spring Association. I am the legal representative of Heng Rui company. I can make the decision on this matter!”

?

Chapter 1769: A reality (1)

Gao Jun couldn’t help but be stunned. There’s such an operation?

He knew that Xia ruofei had a high position in Zhao Yongjun’s entrepreneurial team. Although Zhao Yongjun was the legal representative, Xia ruofei was also a major shareholder. His shares were the same as Zhao Yongjun’s.

Hou Liang saw through Gao Jun’s doubts and said with a smile, “Gaotai, if brother Jun says there’s no problem, then there’s definitely no problem!”

Zhao Yongjun also laughed and said, “Gao tai, maybe I didn’t make it clear. I’m saying that I can represent Paradise Club to sign a cooperative agreement with your station. After that, I will go and persuade RUO Fei to agree. We will give you a definite answer in a short time. It won’t affect the normal preparation of your station’s program.”

Only then did Gao Jun let out a sigh of relief and said, “If that’s the case, I don’t have any problems with that.”

Zhao Yong Jun was overjoyed. “Then let’s have lunch together and sort out some of our cooperation intentions. We’ll make an agreement and sign it today!”

“Good! President Zhao, you’re so straightforward!” Gao Jun smiled and said, “then I wish us a happy cooperation!”

“Happy cooperation!” Zhao Yongjun shook hands with Gao Jun.

Then, Zhao Yongjun ordered Hou Liang to arrange lunch.

Gao Jun immediately contacted his Secretary and asked him to bring his computer and the template of the cooperation agreement and rush to Xiaotang.

Xia ruofei didn’t know that Zhao Yongjun had already made the decision for him and was still chatting happily with Xu lang.

At around 11:30, the guests left one after another. Xu lang, who was naturally arranged by the Huaxia mystic arts Society, left with Lu Shengsi and the others. However, before getting into the car, Xu lang and Xia ruofei called for their contact information.

Xia ruofei said goodbye to Zhao Yongjun and left with Ling Qingxue, returning to the courtyard house in liuhai Lane.

Ling Qingxue’s schedule was also very tight. She had to leave the capital and return to the three mountains in the evening, so the two of them cherished every moment they had together.

Xia ruofei sent Wu Qiang out to look for food while he prepared lunch with Ling Qingxue. The two of them enjoyed a rare alone time together.

In the afternoon, Wu Qiang tactfully strolled around outside and did not return to siheyuan. He also cherished every second that the two of them spent together after they parted. He locked himself in the big bedroom in the middle courtyard for the entire afternoon and went crazy.

Xia ruofei and Ling Qingxue only came out of the room at Five O’ clock.

At that moment, Ling Qingxue’s face was still flushed red, and her legs were weak. She had already packed her luggage and was ready to leave for the airport.

The flight was at 7:30 pm. According to the annoying traffic in Beijing, if they set off at this time, they would be able to arrive 40 to 50 minutes before departure.

The two of them arrived at the backyard. Xia ruofei drove the Land Rover while Ling Qingxue sat in the front passenger seat. The two of them did not speak much along the way, and a faint sense of separation filled the car.

When the car reached the airport, Xia ruofei smiled and pinched Ling Qingxue’s face. “Alright, wife! Don’t make such a bitter face! You’ll only be back a few days earlier than me. I’ll return to the three mountains after settling some matters here ...”

Ling Qingxue revealed a rare girlish side and said, “We’ve just met, I can’t bear to part with you ...”

“Then why don’t you just stay here today!” Xia ruofei smiled and said, “stay with me for a few days, then we’ll go back to the three mountains together. I still haven’t had enough fun in the afternoon! Let’s continue at night ...”

Ling Qingxue's face reddened, and she lowered her eyes. "Are you a donkey? I don't want to accompany you!"

Ling Qingxue then said softly, "There's been a lot of work at the company recently. I'm here to take up more time for other trips. Ruofei, I'll accompany you more when I'm free in the future ..."

"When are you free?" Xia ruofei said with a bitter face, "I think you're going to be busy forever!"

Ling Qingxue's expression froze for a moment, and she said in embarrassment, "We have to wait until the expansion of the chain is over ..."

"I'm afraid there will be other matters at that time!" Xia ruofei smiled bitterly. "I think you should just tell uncle Ling that the company should be handed over to a professional manager to manage. You'll never have the time to deal with all those administrative work."

"Mm! "I know ..." Ling Qingxue said.

Xia ruofei said, "uncle Ling, you're too much. You're still young, but you're always thinking about retirement. It's easy for you, but it's hard on my wife!"

"You're not allowed to say that about my dad!" Ling Qingxue said, pouting.

Then, she looked at her watch and said, "Ruofei, it's almost time...I should go in ..."

"Alright, I'll send you off!" Xia ruofei said with a smile.

At the security checkpoint, after Ling Qingxue had passed the No – go Lane, she turned around and hugged Xia ruofei gently. She whispered into his ear, "I'm not by your side, so you're not allowed to do anything that will let me down!"

"Don't worry, my wife!" Xia ruofei nodded.

As soon as Xia ruofei finished speaking, Ling Qingxue stood on her tiptoes and quickly kissed Xia ruofei on the lips. Then, she pulled her suitcase and turned to walk into the security checkpoint.

Xia ruofei touched his lips that still had a trace of fragrance. He watched as Ling Qingxue's figure disappeared into the corridor before he turned around and walked out of the airport in disappointment.

Chapter 1770: A reality (2)

Xia ruofei picked up his car from the parking lot. As soon as he started the engine, his phone rang. He took it out and saw that it was Zhao Yongjun.

The moment the call connected, Zhao Yongjun spoke before Xia ruofei could say anything, "RUO Fei, where are you? Come over and have dinner together! Bring sister – in – Law along!"

Xia ruofei was stunned. "She's back at San Shan. I just sent her off. She's still at the airport!"

"Why are you leaving so quickly?" Zhao Yongjun said, "then come over yourself! We're in the Royal Palace!"

The royal family's private kitchen was a place where Zhao Yongjun and the others often ate. Xia ruofei had been there more than once.

Xia ruofei smiled and asked, "brother Zhao, why do I feel that you're very excited?" What's the matter?"

Zhao Yongjun paused for a moment, then quickly said, "It's just that the groundbreaking ceremony was very successful, so I'm happy! RUO Fei, don't dawdle. Your wife has already gone back. What else can you do? Quickly come over!"

"Alright!" Xia ruofei said with a smile.

He drove away from the airport and drove in the direction of the private kitchen of the king's residence.

It was past Six o'clock in the morning, and it was the most crowded time in Beijing. Xia ruofei saw that all the roads on the GPS had turned red. He couldn't help but feel helpless. Even if he wanted to take a detour, there was no place to go!

In the end, they could only move at a snail's pace in the traffic. Xia ruofei finally arrived at the private kitchen at 7:30 am. On the way, Zhao Yongjun called him three or four times to hurry him.

Xia ruofei parked the car and walked into the room that Zhao Yongjun had mentioned.

"You brat, you're too slow! Three glasses of wine as a punishment!" Zhao Yongjun looked up and saw Xia ruofei. He immediately said.

"Alright, alright, alright, I'll accept my punishment!" Xia ruofei smiled.

As he spoke, he looked around the room. Zhao Yongjun, Song Rui, Xu Zixuan, and the others were all here. What surprised Xia ruofei was that the Deputy Director of Xiangnan TV, Gao Jun, who was introduced to him by Hou Liang this morning, was also here.

What was going on? Xia ruofei muttered in his heart.

On the other hand, Song Rui had already filled a glass with Drunken Eight Immortals wine and placed it in front of Xia ruofei. He smiled evilly and said, "RUO Fei, first cup! This young master will personally pour wine for you, so you have to drink more!"

Xia ruofei looked at the two glasses speechlessly and then at the small white glasses that everyone was drinking in. Wasn't this clearly a scam?

However, Xia ruofei was obviously not afraid. He took the glass from Song Rui and finished it. Then, he showed the bottom of the glass to everyone and said, "Waiter, pour the wine!"

Song Rui said with a cheeky smile, "okay!" Objective, please wait a moment!"

After he finished speaking, he picked up the Drunken Eight Immortals and poured another glass for Xia ruofei.

Just like that, Xia ruofei had not even sat down after entering the house. With every bite of the food, he drank three big glasses of white wine, a total of six taels. Gao Jun, who was watching from the side, was a little dumbfounded. He had seen people who could drink, but it was really rare to see someone who drank so much as soon as they came.

Xia ruofei wiped his mouth, pushed the chair away and sat down. He first nodded at Gao Jun, then looked at Zhao Yongjun.

“Brother Zhao, why did you suddenly decide to organize this?” Xia ruofei asked.

Zhao Yongjun naturally understood what Xia ruofei meant. He smiled and said, “I’m so happy! Firstly, our groundbreaking ceremony was a success, right? Secondly ... We even reached an agreement with xiangnan TV’s channel today, it’s a double blessing!”

Xia ruofei suddenly had a bad feeling and asked, “Brother Zhao, what cooperation agreement?”

Xia ruofei said as he looked at Gao Jun.

Gao Jun looked a little embarrassed. He had wanted to say that he would sign an agreement with Zhao Yongjun first, and after Zhao Yongjun had convinced Xia ruofei, they would sit down and have a meal together.

He didn’t expect Zhao Yongjun to say that it wasn’t necessary and that he could just call Xia ruofei out tonight to talk about it.

“It’s like this, after negotiating with the higher – ups, I’ve decided to work with xiangnan TV to provide a recording studio for one of their shows. ”

“Is it the third season of the life I yearn for?” Xia ruofei asked with a strange expression.

“Yup!” Zhao Yongjun had a harmless smile on his face as he said, “ruofei, we’ve been using this as a backup plan. After Hou Liang mentioned it to me today, I felt that it’s not bad, so I directly confirmed the cooperation with Gao tai.”

“Big brother Zhao ...” Xia ruofei looked helpless. “I’ve explained to the stage and liangzi today. This is not appropriate ...”

Zhao Yongjun didn’t try to persuade him, he just smiled and said, “Ruofei, I’ve already signed an agreement with the high platform! Didn’t we agree that I’ll be in charge of the club’s Affairs? I don’t think it’ll do the company any harm, so ... I made the decision. ”

“You ...” Xia ruofei was at a loss for words. After a while, he said, “Brother Zhao, don’t tell me that your agreement didn’t include the issue of planting advertisements for paradise Corporation?”

He knew Zhao Yongjun’s personality too well. Zhao Yongjun made the decision without a second thought, which made Xia ruofei feel like he had taken advantage of his friends. He felt even worse.

Zhao Yongjun said innocently, “insert advertisements?” “I really don’t have any, but the higher – ups mentioned that they hoped to use some high – Quality ingredients in the show, so I recommended the products of paradise Corporation. After all, in the field of high – end ingredients, you are definitely one of the best in the country, right?”

There’s such an operation? Xia ruofei was dumbfounded.

Zhao Yongjun continued, “that’s why I called you over today. It’s also to discuss this matter with you. Gaotai hopes that your paradise Corporation can sponsor some high – end ingredients. Everyone has

such a good relationship, and Gaotai and liangzi's family have a deep relationship. You won't refuse to give this little face, right?"

Zhao Yongjun gave Gao Jun a look.

Gao Jun didn't know whether to laugh or cry. This kind of excuse was like a child's play, how could she not hear it?

How could Zhao Yongjun not know that Xia ruofei could hear him? however, he didn't care. He just had to make it a fact.

Gao Jun still gave Zhao Yongjun a lot of face and squeezed out a smile. "That's right, director Xia. I hope that you can support us! In return, our program will also promote your company's products at appropriate times through the host and guests."

Wasn't this the same as planting an advertisement? 'It's just a different way of putting it,' Xia ruofei thought to himself.

Zhao Yongjun continued, "ruofei, you won't not give me this little bit of face, right?" I've already boasted in front of the stage. If it really doesn't work out, I'll pay for the show's ingredients!"

Xia ruofei laughed bitterly and quickly raised his hand to beg for mercy. "Big brother Zhao, can you stop acting? My brothers have already done so much, it would be too unreasonable of me to disagree! Let's just do this! I owe everyone a favor!"

Zhao Yongjun finally showed a satisfied smile and said, "That's the way! Ruofei, I still have to criticize you! You're really too much of an outsider, kid. After I heard from liangzi today, if it wasn't for the fact that your wife was here and I had to give you some face, I would've slapped you on the spot! It's a good thing that Gaotai is magnanimous and didn't make a fuss about it with you, and he's still willing to cooperate with us, otherwise ..."

"You're too kind, President Zhao! This is a win – win situation. I have no reason not to support you!" Gao Jun quickly said.

Xia ruofei felt a surge of warmth in his heart and said, "Don't say anything, it's all in the wine!"

After he finished speaking, Xia ruofei looked around and then picked up the drink glass in front of him. He finished the drink in one gulp and then picked up the bottle to pour more wine.

He had just drunk six taels of the newly opened bottle of Drunken Eight Immortals and poured the remaining four taels into the glass. The glass was not full yet, so Xia ruofei opened another bottle without hesitation and poured the wine until the liquid level was at the same level as the glass.

Then, he picked up the big cup with both hands and said sincerely, "Gao tai, big brother Zhao, and all the other brothers, let me toast you all! Let's drink first!"

Xia ruofei raised his head and gulped down half a catty of white wine. Then, he showed the bottom of his glass to everyone and smiled calmly. "Everyone, please do as you please!"
