

God tier Farm 1841

Chapter 1841: Li Yifu visits (1)

Initially, Xia ruofei had planned to let Ling Qingxue find the feeling of joint training before ending her cultivation. However, other than being a little cautious at the beginning, Ling Qingxue quickly entered the state and could be said to be very comfortable with her cultivation.

And as the cultivation progressed, the frequency of their souls would gradually synchronize. The two of them were lovers, and that feeling was even more addictive.

Hence, even Xia ruofei had unknowingly entered a state of selflessness.

When the two of them finished their cultivation, the east side was already showing a hint of white. The two's first joint cultivation had actually gone on for an entire night.

Even the spiritual crystal that was used for cultivation had lost a bit of its luster.

Xia ruofei himself revealed a strange expression, while Ling Qingxue seemed to be still immersed in the wonderful experience of the joint training and only came back to her senses after a long time.

As the two of them had been practicing together, Xia ruofei did not need to check on her. He knew that Ling Qingxue had steadily crossed the threshold of cultivation after this practice. Her cultivation had officially reached the middle stage of Qi disciple Level 1.

To be able to achieve such an effect in just one day, even if Xia ruofei started from the beginning, under the same conditions, he might not be able to achieve this.

It could be said that Ling Qingxue's performance had far exceeded Xia ruofei's expectations.

He stood up and moved his muscles and bones slightly. In fact, this was just his own illusion. When he was cultivating, his true Qi was always flowing in his meridians. It was impossible for him to feel numb in his hands and feet like ordinary people would feel after sitting for a long time.

"Qingxue, well done!" Xia ruofei said with a smile.

Ling Qingxue was a little embarrassed as she said, "When I was cultivating, that feeling was really wonderful! We've been cultivating for the whole night. I feel like it hasn't been long since I sat down, but it's almost dawn outside ..."

Xia ruofei laughed and said, "this means that both of us are completely immersed in our cultivation. That's why we don't notice the passage of time. This state of cultivation is the best!" I originally planned to let you get used to the joint training first and then rest early, but I didn't expect you to become very familiar with it so quickly without any process of adaptation!"

Xia ruofei paused and continued, "Now that you've officially entered Qi disciple Level 1, it can be said that you've already crossed the threshold of cultivation. And with your talent, your future achievements will definitely not be low!"

Ling Qingxue didn't know that her success was all thanks to Xia ruofei's hard – earned two bowls of heart – concentrating herbal soup. She was full of confidence and nodded. "Mm! You have to be careful! Maybe I'll surpass you soon!"

"I'll be so happy if that day comes!" Xia ruofei laughed.

Then, Xia ruofei said seriously, "Qingxue, from now on, you must take every step steadily and surely. You can't rush for success. You have outstanding talent. As long as you calm down and build a good foundation, your future will be limitless. You must not overtrain in order to quickly improve your realm. A skyscraper rises from the ground, and the foundation is very important."

"Mm! I got it!" Ling Qingxue said seriously.

Xia ruofei smiled and said, "alright!" The first joint training had ended successfully! Next ... You should take a shower ..."

Ling Qingxue was stunned for a moment, then she looked down slightly and immediately screamed. She jumped up and ran in the direction of the bathroom.

Xia ruofei couldn't help but laugh.

Ling Qingxue had just started cultivating, and there were still many impurities in her body that had not been expelled. On top of that, her cultivation had improved by a large margin this time, so she was in the same predicament as last time. A lot of sticky, greasy black impurities were stuck on the surface of her skin, emitting an unpleasant sour smell.

As a beauty who loved cleanliness, how could she endure such a state?

When Ling Qingxue came out of the bathroom, the sky was already bright. She was drying her hair as she asked in distress, "RUO Fei, will it be like this every time you cultivate in the future? This ... Is too disgusting ..."

Xia ruofei laughed and said, "don't worry!" "This is a normal phenomenon. Cultivation is actually a process of constant self – purification and self – improvement. In the past twenty years, your body has accumulated a lot of impurities, so there was a lot of dirt discharged from your body during the first few cultivation sessions. It won't be so obvious later on. Look at me when I was cultivating, isn't there nothing wrong?"

"That's good ..." Ling Qingxue let out a sigh of relief.

Xia ruofei said, "let's go get something to eat. We won't cultivate today. We'll catch up on sleep later!"

"Okay, I'll listen to you!" Ling Qingxue said.

Xia ruofei thought for a while and said, "by the way, you're already at Qi disciple Level 1. With your current ability to control your true energy, you should be able to use it well. You can practice it when you're free."

"How do I practice?" Ling Qingxue asked in confusion.

Xia ruofei laughed and said, "I'm just practicing how to control my true energy!" Otherwise, wouldn't it be a waste if you had superb strength but couldn't use it when you really needed to fight an enemy? Forget it, I'll show you!"

With that, Xia ruofei held Ling Qingxue's hand and walked down the stairs to the villa's courtyard.

Chapter 1842: Li Yifu visits (2)

He found a crowbar from the tool room. Under Ling Qingxue's watchful eyes, he poured true Qi into his hands and easily bent the crowbar 90 degrees. Then, he gently applied some force and restored it to its original shape.

Then, Xia ruofei passed the crowbar to Ling Qingxue and said with a smile, "Actually, you can do it now. It doesn't require much true energy. The key is your control of true energy."

"I can too?" Ling Qingxue didn't take it. Instead, she said in surprise, "this ... Looks like it requires a lot of strength!"

Although she couldn't be said to be weak in the past, she was still a weak girl after all. Therefore, her brain couldn't quite wrap itself around it for a while. Just because she had cultivated true Qi in her dantian, she could bend such a thick iron rod at will? She couldn't believe it herself.

"Of course!" Xia ruofei said, "although he's only a Qi refining stage cultivator at Level 1, it's still easy for him to reach a strength that's several times or even more than ten times that of an ordinary person."

"You can try it here. I'll go make breakfast!" Xia ruofei said.

With that, Xia ruofei stuffed the crowbar into Ling Qingxue's hands and turned to walk into the villa, leaving Ling Qingxue standing there with a confused expression.

She was clearly a beautiful woman, but she was holding a crowbar in her hand. This scene was a little out of place. When she thought about how she still had to try bending the crowbar, Ling Qingxue didn't know whether to laugh or cry.

Would he become a female t – Rex? Ling Qingxue couldn't help but let her thoughts run wild.

However, she was still very serious about the task that Xia ruofei had assigned her. After clearing all the messy thoughts from her mind, she really started to practice.

.....

When Xia ruofei, who was wearing an apron, walked out of the villa and called Ling Qingxue in for dinner, Ling Qingxue was already able to change the angle of the crowbar at will. It was as if she had obtained an interesting toy. She kept bending the crowbar in her hand, restoring it, and bending it again. She was having a lot of fun.

Xia ruofei smiled and said, "Qingxue, that's enough!" I'm just letting you get used to using your true energy, don't you really break this crowbar!"

Only then did Ling Qingxue come back to her senses. She was really immersed in the use of true Qi just now, but she didn't expect that her somewhat violent image would be seen by Xia ruofei. Her pretty face turned red and she quickly threw the crowbar to the side.

"Go wash your hands and eat!" Xia ruofei laughed.

The two of them finished their breakfast and were about to head upstairs to catch up on some sleep when Ling Qingxue's phone rang. She picked it up and glanced at it, saying, "My dad called ..."

"Then quickly answer it!" Xia ruofei said.

Just as he finished his sentence, his own phone rang.

Xia ruofei couldn't help but laugh, "Let's each take our own calls!"

Ling Qingxue smiled and walked to the side with her phone. Xia ruofei also picked up his phone and walked to the window. He saw the caller ID and saw that it was Li Yifu.

Xia ruofei answered the call and smiled. "Adopted husband, it should be night time over there, right? Why are you calling me at this time?"

Li Yifu was a little nervous and seemed to have a trace of fear as he said, "Senior granduncle, I'm not in the United States right now. I'm at the three mountains. I don't know when it's convenient for you, but I want to ... Pay you a visit!"

Xia ruofei frowned and said, "Didn't I tell you to stay in America? What are you doing in San Shan?"

Li Yifu quickly said, "Senior granduncle, I didn't come back to China specifically. This time, my family's company has an investment in the three mountains. Because the amount is relatively large, I'm a little worried, so I came to take a look personally!"

In fact, Xia ruofei could see through Li Yifu's poor excuse. After jianjia, Li Jiuzhou, passed away, Li Yifu was the only cultivator in the family. It could be said that he was the head of the entire family. What investment was so important that he had to personally come and watch?

Moreover, Li Yifu had never been concerned about the family business. He had left the responsibility to a few capable juniors while he focused on his cultivation. Now, he was suddenly so concerned about an investment project because Xia ruofei was at the three mountains.

However, even if he had seen through it, Xia ruofei could not reject him. After all, Li Yifu had come all the way here. Furthermore, Sanshan city was not owned by Xia ruofei's family. Even if he was Li Yifu's master, he had no right to ask Li Yifu not to come to Sanshan for work!

As a junior, Li Yifu had come to the three mountains, so it was only natural for him to pay a visit.

Hence, Xia ruofei could only helplessly say, "Since you're already here, just come over! I'm at Taoyuan farm!"

"Yes!" Li Yifu was overjoyed. Senior granduncle! This disciple will come over now!"

When Xia ruofei finished the call, Ling Qingxue had also finished talking to Ling Xiaotian. She walked over with her phone and said, "Ruofei, my dad asked me when I'm coming home ..."

"It seems like uncle Ling has a lot of resentment towards me!" Xia ruofei couldn't help but laugh.

"He didn't say you!" Ling Qingxue's face was slightly red.

"I don't believe you!" Xia ruofei said, "he probably thinks that I've taken his daughter away ... But you'll have to marry me sooner or later. I'm just letting him get used to it now ..."

"Who said I must marry you?" Ling Qingxue said, embarrassed.

Chapter 1843: Li Yifu visits (3)

Xia ruofei chuckled. "Let's not talk about this ..." He said. "Since my future father – in – Law has spoken, you can go back today ..."

Ling Qingxue couldn't help but feel a little disappointed. "But ... I still want to cultivate with you!"

"We're both in the three mountains, isn't it easy to cultivate? Besides, you've improved so much this time that you'll need a few days to consolidate your cultivation. If you practice the "absolute beginning Scripture" on your own, even though the efficiency is a little low, your Foundation will be more solid, and it'll also be beneficial for you to be more proficient in mastering the first level of the technique!" Xia ruofei said.

"But you'd better find someone to share the work at your company," he added. "Otherwise, you'll be busy all day and it'll really delay your cultivation."

"I know." Ling Qingxue said, "when I go back today, I'll talk to my dad about this ... Actually, I've always been inclined to find a professional team of managers to be in charge of the daily operations of the company ..."

Xia ruofei nodded and said, "that's right!" Do you see how relaxed I am now? And it doesn't affect the money – making!"

Xia ruofei continued, "talk to uncle Ling when you get back. If you really can't do it, you can push me out and say that you're too busy with work and don't have time to date me. I've already said goodbye to you." If you want to blame someone, then let father – in – Law blame me! Anyway, I'm not worried about my debts ..."

Ling Qingxue laughed and said, "you're speaking as if my father and you are irreconcilable!" How could it be that serious? He actually quite admires you ..."

"You say it as if it's true ..." Xia ruofei said with a smile.

Then, he remembered that Li Yifu was going to visit him and said, "By the way, even if you're going home today, don't be in a hurry to leave. Someone will come to visit me later. Haven't you always been interested in the cultivation world? You should come along and meet them too!"

Ling Qingxue's eyes lit up. "Are there other cultivators coming to visit you later?"

Xia ruofei nodded and said, "yes!" But don't be too surprised later! That person isn't young anymore, but his seniority is much lower than mine. Speaking of which, he should be calling me martial granduncle ..."

Xia ruofei was also giving Ling Qingxue a heads up in advance. When Li Yifu came to visit later, he would definitely greet him respectfully so that Ling Qingxue would not be frightened.

“Martial granduncle?” Ling Qingxue couldn’t help but open her eyes wide and say, “even if you are of high seniority, isn’t your martial granduncle a little too outrageous?”

Xia ruofei laughed and said, “you’ll find out in the future. This is not a strange thing in the world of cultivation.” After all, the lifespan of cultivators is very long. There are many who can live for hundreds of years, and it’s normal for disciples to have a difference of one or two hundred years. After several generations, the seniority naturally seems a bit outrageous ...”

Ling Qingxue nodded to show that she understood.

“Now that you’ve mentioned it, I’m really looking forward to it!” Lin Sanjiu continued, giggling.

“He should be here soon,” Xia ruofei said with a smile.

Xia ruofei said ‘soon’ because he knew that Li Yifu would definitely rush to the farm as fast as he could after hanging up the phone. However, he still underestimated Li Yifu’s speed. In fact, when Li Yifu called, he had already arrived near Taoyuan farm.

Hence, Xia ruofei had only spoken to Ling Qingxue for a short while when the guards at the gate called, saying that an old man had come to visit him and would like to ask if he could let him in.

Chapter 1844: “Small gift”_1

“Let them in!” Xia ruofei said.

After Xia ruofei hung up, Ling Qingxue asked, “RUO Fei, do you want to go out and receive him? You’re a guest!”

Xia ruofei laughed and said, “what do you mean?” Didn’t you hear what I just said? It’s my Grand – disciple!”

“But he’s still an elder ...” Ling Qingxue said.

Xia ruofei waved his hand and said, “no need. If we really go to welcome him, he will definitely be anxious. Let’s just wait in the house!”

Xia ruofei was right about this. If Li Yifu saw that his senior granduncle had come out to welcome him personally, he would probably be terrified beyond words.

After a while, the sound of a car could be heard outside the villa.

However, the car did not drive into the courtyard. Instead, it stopped not far from the entrance. It was a black Mercedes – Benz. For Li Yifu, this car was quite low – Key.

After Li Yifu got out of the car, he stood at the door and pressed the doorbell. He said, “Martial granduncle! This disciple’s adopted husband has taken the liberty to come and visit!”

“Come in,” Xia ruofei said indifferently.

Although his voice was not loud, it was extremely penetrating, and it was clearly transmitted to Li Yifu's ears.

"Thank you, grand uncle – Master!" Li Yifu quickly replied.

Then, Li Yifu respectfully pushed open the courtyard door and stepped into the villa's courtyard with a heart as if he was on a pilgrimage.

This was not an exaggeration at all. In Li Yifu's heart, Xia ruofei was no doubt as Supreme as a God. This was because Xia ruofei was not only his senior in the sect, but also had a high cultivation at a young age. In addition, he had given Li Yifu a new life.

If any other stranger had walked into the courtyard like this, little black and the others would have rushed up immediately. However, after Li Yifu came in, little Black's fur stood up, and then it lay on the ground, whimpering.

These dogs that had lived in the spirit map space were more intelligent than ordinary dogs and had sharper senses. Although Li Yifu looked like an old man, he was a cultivator at Qi disciple Level 4. The aura he exuded made Blackie and the others not dare to act rashly.

Li Yifu walked to the front of the villa, and the double door automatically opened. To Xia ruofei, this was a piece of cake.

When Li Yifu saw Xia ruofei standing in the living room, he quickly rushed forward and knelt down without hesitation." "This disciple pays his respects to martial granduncle!"

Ling Qingxue, who was at the side, was already dumbfounded.

Although Xia ruofei had already warned her, she was still shocked to see an old man with white hair and a white beard being so respectful to Xia ruofei.

People in the modern era rarely knelt down to pay their respects. However, Li Yifu knelt down without any hesitation. He looked very natural, which made Ling Qingxue feel that it was a little out of place.

Xia ruofei said indifferently, "get up!" Today is the first time we've met since you returned to the country. Don't kneel down so easily in the future!"

"Thank you, grand uncle – Master!" Li Yifu stood up and said, "yes, your disciple!"

Then, Li Yifu finally dared to look at Xia ruofei. Of course, he still had his head lowered.

Li Yifu's entire body trembled as he glanced at her. He asked in a trembling voice, "Martial granduncle! You ... You ... You broke through again?"

Xia ruofei nodded slightly. "Yes, I had some enlightenment a while ago. Now, I've already reached Qi disciple Level 6."

Although the breakthrough this time could not be separated from the accumulation of continuous cultivation in the early stages, the change from quantitative to qualitative was only completed when he cultivated with Song Wei in that charming situation. Now, in front of Ling Qingxue, Xia ruofei felt a little unnatural, so he did not want to say more.

Li Yifu's heart was already in a state of shock. He was already halfway into the grave. If it wasn't for Xia ruofei's advice in Australia, he might still be stuck at Qi disciple Level 3! On the other hand, Xia ruofei was only in his early 20s and had already reached Qi disciple Level 5. How long had it been since they last met? He had actually broken through another level.

Why was there such a huge difference between people? Li Yifu couldn't help sighing in his heart. He had to admit that geniuses really existed in this world, and a cultivator with mediocre qualifications like him simply couldn't understand the world of geniuses.

Xia ruofei glanced at Li Yifu and smiled. "Foster husband, your cultivation has also improved a lot during this time! Not bad, not bad!"

Li Yifu's current cultivation level had already reached the middle stage of Qi disciple Level 4. It seemed that he had not slacked off in his cultivation during this period of time.

Of course, this was also very normal. The older a person was, the more he would treasure his life. Especially Li Yifu, who was originally struggling hard in his cultivation. Now that he saw the light of hope, he was naturally full of motivation to cultivate.

Li Yifu quickly replied respectfully, "it's all thanks to senior granduncle!" The spirit – gathering Jade sculpture that martial uncle Tang rewarded me also helped a lot. Otherwise, my cultivation wouldn't have advanced so quickly with my poor aptitude!"

Xia ruofei smiled and nodded. Then he said, "By the way, let me introduce you to my girlfriend, Ling Qingxue!"

Li Yifu had actually noticed Ling Qingxue's presence long ago, but Xia ruofei had not introduced her to him, so he did not dare to ask.

After hearing Xia ruofei's words, he quickly bowed and greeted respectfully, "Hello, martial grandmother!"

Ling Qingxue was so scared that she quickly dodged to the side and said, "Don't, don't, don't ... You're already so old, I can't afford to be called that! Besides ... I'm not even married to ruofei yet!"

Chapter 1845: "Small gift" _2

"We cultivators should respect our teachers and follow the path of Dao," Li Yifu said seriously. "You're senior granduncle's cultivation partner, so you're naturally my Grandmaster's grandmother!"

Li Yifu could tell that Ling Qingxue was also at Qi disciple Level 1. Xia ruofei said that she was his girlfriend, so Li Yifu thought that Ling Qingxue must be Xia ruofei's dual cultivation partner.

"Dao – companions?" Ling Qingxue didn't quite understand.

Xia ruofei smiled and explained, "it means partner. This is what the cultivation world calls it!"

Then, Xia ruofei said to Li Yifu, "Foster husband, Qingxue only started cultivating yesterday. She doesn't know much about the world of cultivation. You'll scare her if you do this ..."

“What?” Li Yifu couldn’t help but cry out.

He had originally thought that Ling Qingxue and Xia ruofei were Dao partners. Moreover, Ling Qingxue’s cultivation level was not very high, so he did not pay much attention to her. However, according to Xia ruofei, Ling Qingxue had only been cultivating for a day or two, but her cultivation level had already been consolidated at the middle stage of Qi disciple Level 1. This cultivation speed was a little terrifying.

Li Yifu felt a little numb.

There was no need to talk about Xia ruofei. He was only in his early twenties and was already at Qi disciple Level 6. He was a genius among geniuses. As for Xia ruofei’s disciple, Tang Haoran, he was even more infuriating. A child was already at Qi disciple Level 2. Now, he had a Dao partner who was also very young. He actually used one or two days to cultivate to the middle of Qi disciple Level 1 ...

Was there anything that his senior granduncle could not do? Li Yifu said in his heart.

“Is there a problem?” Ling Qingxue asked in confusion.

“Please forgive me, Master’s grandmother. I heard from master’s granduncle that you’ve only been cultivating for a day or two, so I was shocked and lost my composure ...” Li Yifu quickly said.

“So, my cultivation speed is still okay?” Ling Qingxue asked, elated.

It’s more than just ‘alright’! He was simply a demon, alright? Li Yifu roared in his heart.

Xia ruofei chuckled and said, “Qingxue, your cultivation speed should be able to kill many cultivators in seconds. That’s why adopted husband was so shocked!” Of course, I didn’t tell you because I didn’t want you to be proud! After all, your cultivation is still very low. Do you know what cultivation base your adopted husband has reached? The middle stage of Qi disciple Level 4!”

Li Yifu quickly said, “Grandmaster, your disciple is ashamed!” I’ve lived for more than 80 years in vain. If it wasn’t for senior granduncle’s guidance last time, I’m afraid I would still be stuck at Qi disciple Level 3! Disciple would never dare to compare with a genius like martial grandmother ...”

Xia ruofei waved his hand and said, “Okay, okay!” Don’t flatter her, she’s only at Qi disciple Level 1, she still has a long way to go!”

Ling Qingxue secretly made a face at Xia ruofei, but Li Yifu still saw it. However, the other party was his grandmother’s elder, so he could only lower his gaze awkwardly and pretend not to see it.

Xia ruofei said, “adopted husband, do you still remember what I said before?” When there are outsiders around, you are not allowed to call me senior granduncle or senior granduncle ... Just call me Mr. Xia or miss Ling, understand?”

“This disciple will obey!” Li Yifu said.

“Alright, come and sit!” Xia ruofei said.

The three of them sat down in the living room, and Li Yifu naturally sat at the last seat. He only dared to sit on half of his butt, his back straight.

Xia ruofei asked casually, "what kind of investment project is it?" You, a person who doesn't care about worldly affairs, even personally came over?"

Li Yifu knew that Xia ruofei had seen through his thoughts. He smiled embarrassedly and said, "The Kyushu group is planning to invest in a hotel project in China with a total investment of 8 billion Chinese dollars ..."

Ling Qingxue couldn't help but suck in a breath of cold air. Li Yifu had rarely appeared in public in the past few years, so Ling Qingxue didn't know that he had such a big business in the United States. She only felt that this old man's aura was extraordinary.

I didn't expect him to be the person in charge of the Kyushu group, and that he could easily invest billions of Chinese dollars. When she thought about how such a powerful person was so respectful to Xia ruofei and herself, Ling Qingxue felt that it was all the more surreal.

Even Xia ruofei couldn't help but raise his eyebrows after hearing Li Yifu's words. The investment amount was really not small.

Li Yifu quickly explained, "8 billion is just the estimated investment amount for the entire project. This is a long-term plan. We can't take out so much money in one go. In fact, we plan to open the Kyushu hotel in China. The first super five-Star Kyushu hotel is going to be located in Sanshan. So, this is the main reason we came here this time ..."

Xia ruofei looked at Li Yifu with a faint smile, as if he could see through his soul. Li Yifu could not help but feel guilty and could not help but smile awkwardly.

In order to ease his embarrassment, Li Yifu changed the topic as if he had just remembered something. "By the way, senior granduncle, this disciple has also brought a small gift for you. Please accept it ..."

"Oh? You even prepared a present for me?" Xia ruofei smiled casually and asked, "what is it? Take it out and let me see."

"Um ..." Li Yifu said awkwardly, "the gift is too big, so I can't bring it with me. I'm still at Sanshan airport!"

"Woof! What did you get for me?" Xia ruofei asked.

"Last time in Australia, when you were chatting with Yitian, you mentioned the private jet ..." Li Yifu said.

Chapter 1846: "Small gift"_3

"Did I say that?" Xia ruofei asked, confused.

"Yes, you jokingly said that Yi Tian is a nouveau riche who owns a private jet. Later on, I asked Yi Tian and found out that you don't have your own private jet yet, so ..." Li Yifu said with certainty.

"Wait!" Xia ruofei interrupted Li Yifu's words and asked with a strange expression, "don't tell me you've gotten a plane for us!"

Li Yifu nodded and said, "senior granduncle is wise!" "The small gift I prepared for you is indeed a Gulfstream G650 commercial plane. It was a coincidence this time. A Mexico tycoon customized this plane, but he later canceled the order for various reasons. After I found out about it, I contacted the Gulfstream side and took over this plane."

Speaking of this, Li Yifu was worried that Xia ruofei would think that it was second – hand, so he quickly explained, "The Mexico tycoon's order has not been delivered, so this is still a brand new plane. In terms of the interior, Gulfstream has also rearranged it according to my requirements and made some changes ..."

Li Yifu said a lot before Xia ruofei came back to his senses. He quickly said, "Stop, stop! What kind of nonsense was this! Why would I want a plane? Don't, don't!"

Ling Qingxue was also shocked. She already knew that Li Yifu must be very rich and was very respectful to Xia ruofei. However, it was too shocking for him to give a private jet worth hundreds of millions and call it a "small gift".

What Ling Qingxue didn't know was that even if Xia ruofei wanted the entire nine states Corporation, Li Yifu would give it to him without hesitation.

The Kyushu group was a large group with a market value of ten billion US dollars. However, after Li Yifu inherited Li Jiuzhou's inheritance, he had absolute control over the group. Money was nothing to Li Yifu. In his opinion, a few words of advice from Xia ruofei were worth more than the entire Kyushu group.

"Uncle – Master, this is my own decision," Li Yifu said with some fear. "However, if you are not satisfied with the plane, you can tell me at any time. The Gulfstream will improve it according to your requirements at the first moment ..."

Xia ruofei didn't know whether to laugh or cry, "is it a question of whether you're satisfied with the plane?" I don't even need a private jet, okay? Besides, even if you give me a Gulfstream, I can't afford it! There's no need to discuss this, I won't accept it!"

"Of course!" Li Yifu quickly said, "Grand – martial uncle, the Kyushu group is naturally in charge of the rental of the hangar, maintenance, and the salary and benefits of the aircraft. You don't have to worry about anything! I was thinking that with a private jet, it would be much more convenient for martial granduncle to travel ..."

Xia ruofei was speechless. "Foster husband, I'm usually a homebody and rarely go out. Even if I go out, I'll only go to the capital. I rarely go out of the country. It's such a waste for you to give me a long – distance business plane ..."

Li Yifu pleaded. "Senior granduncle, I've received a great favor from you, but I have nothing to repay you with. It's just a secular object. It only represents a little bit of my sincerity. I sincerely hope that you don't refuse it, and also give me a chance to show filial piety to you ..."

As he spoke, Li Yifu's eyes turned red and his body trembled slightly. It was as if he would kneel down if Xia ruofei did not agree.

Chapter 1847: Top – tier public jet (1)

Xia ruofei could not help but feel a headache. He was most afraid of Li Yifu doing this. Unfortunately, this old man was a stubborn donkey. If he really did not agree, Li Yifu might really dare to kneel down on the spot. However, if he agreed, Xia ruofei felt that it would be difficult to get over it.

By right, he was considered a rich man now. If it was something that was worth tens of thousands or hundreds of thousands, he would accept it. But that was a private jet worth hundreds of millions! It was almost half of the value of paradise Corporation. Even if Li Yifu was filial, Xia ruofei still felt it was inappropriate to accept such a big gift for no reason.

He was in a dilemma.

Ling Qingxue was the one who helped Xia ruofei out of his predicament. She said, ""Ruofei, since this old man ..."

"Master's grandmother, you can just call me foster husband!" Li Yifu quickly said in fear.

Ling Qingxue's tone was a little unnatural as she said, ""Since ... I'm so sincere, and the plane is already at San Shan airport, why don't we go and take a look? Let's see if you want to take a look first!"

"Yeah!" Li Yifu quickly replied. "Grand – martial uncle, if it's convenient for you, let's go and take a look at the plane now. It just so happens that if you're not satisfied with the configuration and interior of the plane, you can raise it on the spot. Gulfstream also has specialized after – Sales personnel in China. They can immediately make changes according to your requirements!"

Li Yifu did not even consider the possibility of Xia ruofei still rejecting him after he had seen the plane. At most, he could just beg for it! The senior granduncle was a soft – hearted person, so he definitely wouldn't be able to bear to refuse.

Li Yifu had a good grasp of Xia ruofei's temper.

Xia ruofei looked at Ling Qingxue helplessly and said, ""Alright then! Let's go and take a look ..."

He glanced at Li Yifu, who was overjoyed, and said, ""But if I still don't want it after I've seen it, your plane will fly back to where it came from!"

"Yes, yes, yes!" Li Yifu said repeatedly, "grand uncle – Master, everything is up to you ..."

"Then let's go!" Xia ruofei turned around and said, "go now! The airport isn't far from here anyway ..."

"Senior granduncle, this way please!" Li Yifu quickly ran to the front to open the door for Xia ruofei.

Ling Qingxue looked at Li Yifu's back with a strange expression and said in a low voice, ""Ruofei, if I hadn't personally experienced the wonders of cultivation, I would have even suspected that this old man had been brainwashed by you. He's simply a fanatical believer of yours!"

Xia ruofei coughed and said, ""If you didn't say anything, I would have rejected you directly, and there wouldn't be so much trouble. And, I forgot to tell you ..."

Xia ruofei paused for a moment and said with a smirk, ""Actually, cultivators have a hearing that's far better than ordinary people. No matter how low your voice is, at such a close distance, I can still hear you clearly ..."

Ling Qingxue couldn't help but stick out her tongue when she heard that. She looked up at Li Yifu and saw that the corner of his mouth was twitching. He was forcing himself to maintain a 45 – degree angle to look up at the sky, looking very embarrassed.

Ling Qingxue was so angry that she pinched the soft flesh on Xia ruofei's waist and said, ""Why didn't you say so earlier? Also, even if that's the case, why did you expose me! It's so embarrassing ..."

Xia ruofei couldn't help but laugh. He put his arm around Ling Qingxue's waist and said, ""I'm just teaching you little by little. It's very difficult to completely change a person's habits of thinking. You still have to slowly adapt to your identity as a cultivator!"

Ling Qingxue couldn't help rolling her eyes.

"Let's go!" Xia ruofei said. Let's go and see the Gulfstream business jet that's standard for tycoons!"

The three of them walked out of the villa. Xia ruofei said, ""Adopted husband, let's take your car!"

"Yes, martial granduncle!" Li Yifu said hurriedly. Then, he hesitated for a moment before saying, "senior granduncle, I only brought an ordinary Mercedes – Benz. I might have to put you in a difficult position ..."

Li Yifu had been very low – Key this time. He didn't dare to show off in front of Xia ruofei, so he had specially chosen an ordinary Mercedes – Benz.

Xia ruofei waved his hand and said, "I'm not that expensive. A Mercedes – Benz is considered a luxury car. Besides, it's only a short distance from here to the airport." If they were not in a hurry, they could even run there! Let's go!"

The three of them walked out of the villa's courtyard. Li Yifu quickly called for the Mercedes – Benz that was parked on the side of the road to drive over. Then, he quickly walked over to open the rear door and invited Xia ruofei and Ling Qingxue into the car. He then sat in the front passenger seat very naturally.

The driver of Li Yifu's car was from the southeast province branch of the Kyushu group. When he saw this scene, he was so shocked that his glasses almost fell off.

This was the big boss who was elusive! Even the chairman of the head office's Board of Directors was his junior and had to be respectful when he saw him.

Now, such an awesome character had become a Lackey. Not only did he personally come to visit, but he also helped to open the door and sat in the front passenger seat. This was putting his own position very low!

The driver felt that his world view was about to be subverted.

Li Yifu frowned slightly and said, "what are you doing?" Drive! Go to Sanshan airport!"

The driver came back to his senses and quickly said, "Yes, Mr. Li!"

The car started slowly. After leaving the farm, they drove along the National Highway in the direction of Sanshan airport.

The farm and the airport were both located in Changping County, and it would only take 20 to 30 minutes to get there by car.

Chapter 1848: Top – tier public jet (2)

Hence, the car arrived at the airport in no time.

On the way, Li Yifu made a few calls with his mobile phone and made arrangements for entering the airport.

When the car arrived at the airport, a Vice President of the airport Group was waiting in person. In addition, there were two pilots in flight uniforms with four bars on their sleeves, and three beautiful and slim flight attendants.

As soon as the car stopped, the staff member beside the Vice President immediately rushed forward to open the door of the back seat. When he saw the young Xia ruofei and Ling Qingxue, he was stunned for a moment. His first reaction was that he had gotten the wrong car.

At this time, Li Yifu had already opened the door from the front passenger seat and stepped out of the car. The Vice President secretly glared at the staff who had just opened the door, and then came forward with a smile and extended his hands from a distance.

"Mr. Li, welcome, welcome!" The Vice President said, "I'm yang Wanxin, the Vice President of the airport Group. The Provincial Party Committee General office has already informed us. If Mr. Li needs anything, the airport will do its best to cooperate!"

Li Yifu casually shook hands with yang Wanxin and said lightly, "I've caused you trouble!"

Other than in front of Xia ruofei, Li Yifu always had the aura of a superior, and there was a faint sense of authority around him.

"I wouldn't dare!" Yang Wanxin's attitude was very humble.

Li Yifu wasn't in the mood to chat with yang Wanxin. He turned around and walked to the car. He said to Xia ruofei, "Mr. Xia, miss Ling, this way please!"

He followed Xia ruofei's orders strictly and addressed them as "Mr. Xia" and "miss Ling" in front of outsiders. Although the way he addressed them was not as shocking as the way he addressed them, his respectful attitude was still very obvious.

Yang Wanxin couldn't help but be slightly stunned. Although Li Yifu rarely appeared in public, many people in the system knew him from his visit to the three mountains. Li Yifu even brought a brand new Gulfstream business plane. As the main leader of the airport Group, yang Wanxin naturally got to know this rich Chinese man from the United States very quickly.

Therefore, when he saw Li Yifu being so polite to the two young men, he was very shocked.

Yang Wanxin couldn't think of anyone else who was worthy of Li Yifu's respect.

If he was a rich man in China, he might be more polite to some of the second generation, but Li Yifu was an United States Chinese! With his wealth and status, even the leaders of the Provincial Party Committee and some of the big shots in the capital would be very polite to him. What kind of second generation could deserve such treatment from him?

Yang Wanxin couldn't help but become very interested in Xia ruofei and Ling Qingxue's identities.

Xia ruofei smiled and nodded. Ling Qingxue held his arm and the two of them walked towards the crowd.

The flight crew who had been waiting there in advance also quickly greeted Li Yifu.

Li Yifu nodded slightly, then said to yang Wanxin, ""President yang, I'm bringing my friend to see that plane. I'll have to trouble you with the procedures for the plane's entrance."

"You're too polite, President li!" Yang Wanxin quickly said. This way, please!"

The tarmac of the airport was a restricted area. Except for the staff with the pass, the rest of the people who wanted to enter had to go through a strict security check and go through the relevant procedures.

With the Vice President of the airport Group personally receiving them, these procedures were naturally completed very quickly. Soon, the group of people got on the shuttle bus arranged by the airport and headed in the direction of the long – distance plane.

Xia ruofei saw the Gulfstream G650 commercial plane from afar.

It was not only because the plane was parked far away from the terminal, but there were no other planes around, so it was very conspicuous. Another reason was that public planes were obviously smaller than other passenger planes. There were very few private planes in China, and now that there was only one parked at Sanshan airport, it was difficult not to recognize it.

The streamlined body of the plane glowed under the sun. When the shuttle bus approached, Xia ruofei realized that the plane was only slightly smaller than the mainstream planes of Boeing and Airbus. It was not the small plane that he had imagined. It was still relatively large among the public planes.

In fact, Xia ruofei had flown in MA Xiong's private jet before. It was also a Gulfstream series. However, when he looked at it up close, he was still amazed. It was not for no reason that so many rich people chose the Gulfstream bugger plane.

When Xia ruofei saw the paint on the body of the plane, he was stunned for a moment. The tail of the mech was painted with the LOGO of paradise Corporation. The design on the body was mainly green. Although it was not sprayed with paradise vegetables, it was definitely in line with the elements of paradise Corporation.

Xia ruofei couldn't help but glance at Li Yifu.

"Mr. Xia, let's get on the plane and take a look first!" Li Yifu said, a little embarrassed.

With outsiders around, Xia ruofei could not say anything to Li Yifu. He could only shake his head helplessly and walk towards the plane with him.

The flight crew had already lowered the accommodation ladder and were waiting under the cabin door.

When they arrived at the accommodation ladder, Li Yifu stood at the side and made a gesture, inviting Xia ruofei and Ling Qingxue to board the plane first.

Yang Wanxin's eyes twitched a few times at the sight.

Xia ruofei was no longer unfamiliar with the luxurious interior of the Gulfstream business plane when he entered the cabin. In the warm – colored cabin, the dark – colored mahogany texture coupled with the light – colored soft leather furniture formed a very modern feeling. Many parts were even inlaid with decorative strips of red sandalwood, which made it look quite high – Class.

There were four single – colored leather sofas with armrests in the front area, and they exuded a deadly charm.

The two – Color aerist leather sofa, the two – Color leather ceiling, and the leather wall at the bottom of the side cabin complemented each other.

The metal part glowed with a silver light. The floor was covered with a hand – made Italy wool carpet, which made it look noble and luxurious.

The lights on the top of the cabin emitted a soft light, making the entire cabin space seem even more dreamy.

Even though Xia ruofei had a net worth of more than a billion Yuan, and Ling Qingxue's family was even richer than Xia ruofei's, the two of them were still secretly amazed by the luxury of this private jet.

Li Yifu personally introduced the characteristics of this Gulfstream plane.””Mr. Xia, the Gulfstream G650's maximum range can reach 13000 kilometers, and it is equipped with many advanced technologies. It has the fastest speed, the largest cabin space, and the longest flight distance among the commercial planes of the same class ...”

The two pilots on the side had nothing to do. Li Yifu took their work, but the three flight attendants were busy pouring tea for everyone.

Xia ruofei sat on the leather sofa, listening to Li Yifu's introduction while looking around at the cabin.

Not only had Li Yifu painted the aircraft in paradise corporation's style in advance, but he had also assigned the flight crew to Xia ruofei. Considering that Xia ruofei mainly used it in China, he had even specially found two experienced Chinese pilots and poached them from an official aircraft Company in the United States with a high salary.

In addition, he had also coordinated in advance with Sanshan airport. He could rent a hangar at any time, and the airport could also provide the necessary aircraft maintenance.

All the expenses incurred by the plane would be borne by Li Yifu's Kyushu group.

Li Yifu had used his connections to settle the more troublesome domestic route application.

It could be said that as long as Xia ruofei agreed, he did not need to consider anything else. Li Yifu had arranged everything. Xia ruofei did not need to spend a single cent. Moreover, he could enjoy the luxury of having two pilots every time he went out.

Even Ling Qingxue, who was listening at the side, was very tempted.

Xia ruofei looked at Li Yifu's attitude and knew that he did not give him any room to refuse. Although he was Li Yifu's senior granduncle and Li Yifu would not dare to force him if he did not accept it, this was a little unreasonable.

Xia ruofei thought for a while and had an idea. He said, ""Foster husband, I want to talk to you in private ..."

Chapter 1849: Grand uncle-master's generous gift (1)

Hearing this, Li Yifu immediately motioned for the accompanying flight crew to leave first without hesitation. Even yang Wanxin, who was boarding the plane with him, was asked to leave temporarily.

Seeing this, Ling Qingxue stood up after Yang Wanxin and the flight crew got off the plane.

Xia ruofei held Ling Qingxue's hand and asked, ""Qingxue, where are you going?"

"Didn't you want to talk to ... Your adopted husband alone?" Ling Qingxue asked.

Ling Qingxue felt a little awkward when an 80 – year – old man called her by her name.

Xia ruofei laughed, "silly girl!" I'm asking those unrelated people to leave, why are you leaving? Do I need to carry you when I'm talking to my adopted husband?"

Ling Qingxue chuckled and said, "who knows?" What if it's a secret of your sect?"

Even though she said that, she was still very happy that Xia ruofei asked her to stay, so she sat back down.

"Senior granduncle, do you have any orders?" Li Yifu asked respectfully.

Xia ruofei sighed and said, ""Foster husband, I'll accept your gift ..."

Li Yifu was overjoyed when he heard this.

Xia ruofei did not wait for him to speak. He waved his hand and said, ""Let me finish ... I'll take this plane, but I've also prepared a small gift for you ..."

Li Yifu quickly said, "Grand – uncle, you've already given me a very precious gift in Australia. I don't deserve it. I don't dare to accept another gift from you!"

Xia ruofei smiled. "I didn't even say what I'm giving you. How do you know it's a 'generous gift'?"

Li Yifu smiled awkwardly but did not answer Xia ruofei.

Although he was very respectful in front of Xia ruofei and always regarded himself as a junior in the sect, he was still an 80 – year – old man with a lot of experience in life. How could he not see Xia ruofei's intention?

Therefore, Li Yifu knew that his senior granduncle felt that the plane he had given him was too expensive, so he wanted to give him a gift in return.

As for the Grand uncle-master's gift, it was most likely related to cultivation. Furthermore, it was a return gift for a top – notch public jet, so the value of the gift was naturally not low.

Therefore, before Xia ruofei could finish his sentence, Li Yifu quickly declined.

Xia ruofei smiled and said, "you haven't seen my gift yet!" Don't be in such a hurry to reject me. "

Xia ruofei then took out a diamond – shaped crystal from his pocket and handed it to Li Yifu with a smile.

Seeing this, Ling Qingxue couldn't help but ask curiously, ""Eh? RUO Fei, isn't this the thing you've been holding in your hand when we were cultivating?"

"Master granduncle, this is ..." Li Yifu looked at the 'diamond – shaped crystal' in Xia ruofei's hand and was stunned. Then, his eyes widened and he cried out, "spiritual crystal!" It's a spirit crystal!"

Seeing that Li Yifu could recognize the crystals, Xia ruofei didn't need to waste his breath. He smiled and asked, ""Foster husband, do you still want to reject this gift?"

Xia ruofei was well aware of the importance of spirit Qi to a cultivator in the current cultivation environment on earth. Last time in Australia, he had only given Li Yifu a spirit – gathering Jade sculpture on behalf of Tang Haoran, and Li Yifu had almost cried with joy.

The spirit – gathering Jade statue could indeed speed up Li Yifu's cultivation, but with his current cultivation, the spirit Qi gathered was obviously not enough for his cultivation.

Spiritual crystals were different. Each spiritual crystal contained a huge amount of spiritual Qi. To Qi refining stage cultivators, it was an inexhaustible guarantee. Xia ruofei felt that even if he were in Li Yifu's position, he would find it extremely difficult to refuse such a huge temptation.

In fact, as Xia ruofei got to know Li Yifu better and his usual behavior, he had already accepted this junior of his sect. Giving him a spiritual crystal was not just because he felt it was inappropriate to accept such a big gift like a private plane.

Perhaps Xia ruofei did not dare to hand over the original origin returning Sutra to Li Yifu, but as an elder, it was not a big deal to reward a junior with a spiritual crystal.

After all, Li Yifu was already so old. If he wanted to make some progress in his cultivation, it might be difficult to follow the prescribed order in his cultivation. He still had to rely on some external help.

What Xia ruofei did not expect was that Li Yifu did not hesitate at all in the face of such temptation. He was stunned because he could not believe that Xia ruofei had taken out the legendary and precious spiritual crystal. His mind went blank for a short while.

Li Yifu said directly, "grand uncle – Master, how can I have such precious cultivation resources?" Please withdraw your order, martial granduncle!"

Li Yifu's answer was very firm, which stunned Xia ruofei. He asked, "Foster husband, since you've recognized this as a spirit crystal, you should know what it means to you, right?"

"I know!" Li Yifu nodded and said. With a spirit crystal, at least before I reach Foundation establishment, I won't have to worry about the lack of spiritual energy, and my cultivation speed will more than double."

Xia ruofei nodded. "You're already so old. If you have a spiritual crystal, you'll still have a chance to build your foundation in your lifetime. If you don't, then forgive me for being blunt. Even if you find the original copy of the Guiyuan Scripture, the hope is slim." Have you really thought it through? do you not want this gift?"

Chapter 1850: Grand uncle-master's generous gift (2)

Li Yifu said firmly, "I won't accept a reward without any work. Senior granduncle, you've given me a generous gift. Please forgive me for rejecting you!"

Xia ruofei couldn't help but laugh. At this moment, he really looked at Li Yifu in a different light.

If it was him, he might not have the courage to refuse.

It was all up to Xia ruofei to decide. If he was just putting on a show, it would be fine. But if he rejected it so firmly, it was possible that Xia ruofei would really take back the gift and never give it to him again.

After all, Li Yifu didn't know that although spiritual crystals were precious to Xia ruofei, he still had dozens of them.

After laughing, Xia ruofei stuffed the crystals into Li Yifu's hands and said, "Foster husband, you've brought an aircraft here without saying a word from thousands of miles away. You've even painted it, and you look like you can't accept it. I'm here to give you a small gift, but you're so hesitant. Do my words as a martial granduncle have no effect?"

Li Yifu's hand trembled slightly as if he was holding a hot potato. He subconsciously wanted to shake it off, but he didn't dare to take the risk even though he knew that precious cultivation resources like crystals couldn't be broken. Moreover, there was a thick carpet in the cabin, so he didn't dare to take the risk.

Xia ruofei's words were like a stab to his heart. His face turned pale and he almost knelt down on the spot.

"Senior granduncle, this disciple didn't mean it that way!" Li Yifu quickly said.

Ling Qingxue couldn't stand it anymore. She didn't know how precious the crystals were, but she couldn't bear to see Li Yifu's panic.

Ling Qingxue said, "that ... Foster husband, since RUO Fei has given it to you, you can take it!" You gave him a brand new plane, so it's not a big deal for him to give you a little gift in return!"

Li Yifu quickly said, "Grandmaster, you don't know this. This spiritual crystal is a priceless treasure. Its value can't be measured by ordinary money, let alone a mere plane."

Ling Qingxue's mindset was still not fully transformed. After all, she had only been exposed to cultivation for a short time and was still used to using money to measure the value of things. She didn't know that spiritual crystals couldn't be measured with money and couldn't be bought with any amount of money.

Even if it was to be converted into money, like Xia ruofei selling the spiritual crystal publicly, all the cultivators would be ecstatic and would not care how much money they spent. After all, money in the world did not mean much to them. From this perspective, a spiritual crystal was much more precious than a private jet.

Xia ruofei glanced at Li Yifu and said indifferently, "Foster husband, it's not good for you to refuse the reward from the sect's elders. Also, Qingxue has already asked, so I'll give you these spirit crystals as a gift on behalf of Qingxue! I won't let you call her Grandmaster for nothing!"

Ling Qingxue's face blushed slightly, and her heart was filled with sweetness.

Li Yifu opened his mouth and wanted to decline again, but Xia ruofei said firmly, "It's decided! Otherwise ... You can ask someone to fly this plane back to the United States!"

Xia ruofei then added, "If you still want me to help you find the original origin returning scroll, take this spiritual crystal!"

To Li Yifu, these words were simply a killer weapon.

At the mention of the original Guiyuan Scripture, Li Yifu did not dare to reject Xia ruofei's spiritual crystal no matter how terrified he was. This was the long – cherished wish of several generations! Now that he had finally met the personal disciple of the Grandmaster, Daoist master Shanhe, it could be said that he had seen a glimmer of hope. If Xia ruofei quit, there would be no hope at all.

Li Yifu struggled for a long time before he finally said with tears in his eyes, "Senior granduncle, this disciple will shamelessly accept it ..."

Xia ruofei said with relief, "that's right!" After you have spirit crystals, remember to cultivate diligently. If your strength increases, it will also be a help to me!"

"Rest assured, grand uncle – Master!" Li Yifu quickly replied with a serious expression. If you have any orders, this disciple will definitely go through water and tread on fire without a second word!"

After saying that, Li Yifu carefully put the spiritual crystal into his pocket. At this time, he was so excited that he couldn't wait to sit down and practice the Kasaya immediately. Before, even with the spirit – gathering jade carving, he had to count the cultivation time with his fingers every day. Now that he had the spiritual crystal, he could practice anywhere and anytime as long as he controlled the level well. That feeling was simply too exhilarating!

However, although Li Yifu reluctantly accepted the spiritual crystal under Xia ruofei's "coercion", he felt even more apologetic. As a junior of his sect, he should be more respectful to Xia ruofei. However, ever since he met Xia ruofei, Xia ruofei had been helping him.

After thinking for a moment, Li Yifu raised his head and said, "Senior granduncle, I'm really ashamed to accept such a precious gift from you without making any contributions ... How about ... I transfer my shares in the Kyushu group to you? This is a little token of respect from this disciple ..."

Ling Qingxue was taken aback. The Kyushu group in the United States was one of the top companies in the world, with net assets of tens of billions of dollars. Li Yifu was the actual head of the group, so his shares in the group were naturally not small. Even one or two percent of the shares were worth hundreds of millions of dollars! Not to mention all the shares?

Li Yifu was willing to give away 10 billion US dollars without even blinking just for one spiritual crystal? From Li Yifu's eyes, Ling Qingxue could tell that he wasn't faking it at all. He was completely sincere.

Ling Qingxue finally had a very direct understanding. It turned out that the small "diamond – shaped crystal" that Xia ruofei had given her for cultivation these two days was actually worth such a high price ...

Xia ruofei didn't know whether to laugh or cry. "Foster husband, you're not having a fever, right? The Kyushu group is a listed company, and you're a major shareholder. If the shares are changed to my name, the group will definitely make an announcement. Aren't you afraid that the stock price will crash? Most importantly, what do I need so much money for?"

Li Yifu was stunned for a moment before he reacted and said with a bitter smile, "You're right, martial granduncle ... Money in the secular world is meaningless to you ..." He said.

When Ling Qingxue heard this, she thought to herself that he was being too pretentious! RUO Fei's own company was worth at most two billion Yuan, which was less than a fraction of the Kyushu group's value. How could secular money be meaningless to RUO Fei?

"I know," Li Yifu continued. "Senior granduncle, you started a company just to gain experience in the world of mortals and to temper your state of mind so that you can lay a foundation for your Future Foundation establishment. It was this disciple who was rude and almost destroyed senior granduncle's cultivation plan ..."

Ling Qingxue's jaw dropped. "There was actually such an explanation? Invisible posturing was the most fatal!"

Xia ruofei didn't know whether to laugh or cry. He didn't really care about the amount of money, but he didn't start paradise Corporation for the sake of "training in the world of mortals". In the beginning, it was to make money, but later, it was more for fun. Besides, there were so many employees in the company. The development of the company was not only related to his wealth, but also the jobs of hundreds of people.

Moreover, he had made up his mind from the beginning to let the professional manager team take care of the company, so he would not need to spend too much energy on it.

But all of this had nothing to do with him treating money like dirt.

Of course, he was also happy that Li Yifu misunderstood him. Otherwise, once Li Yifu became stubborn, he might really pester him to transfer all the shares to him.

Hence, Xia ruofei revealed a mysterious smile and said, ""In the future, don't mention things like transferring shares again ..."

"Yes, martial granduncle, this disciple knows his mistake!" Li Yifu lowered his head and said.
