Chapter 1871: A decisive decision (2)

Xia ruofei didn't immediately answer Zhao Yongjun's question. Instead, he asked curiously, "He's being sent out at such a low level, and it's in the southeast province, which is so far away from Beijing. It seems that this grandson's position in the Liu family is very ordinary!"

"Then you're wrong. On the contrary, he's the favorite grandson of the Liu family's old master! Otherwise, we wouldn't have arranged for him to enter the system to develop." Zhao Yongjun said, "but this guy is really useless. He was only released this time because he had no choice ..."

Then, Zhao Yongjun briefly told Xia ruofei about Liu haojun 's' glorious history 'and said, "I despise this kind of people the most! It wasn't a big problem for a man to be unable to control his lower body, but this guy didn't care about anything at all. He directly made a move in the Department he led, and when there was a problem, he immediately shirked it. Even a rabbit wouldn't eat the grass by its nest! The people in the industry all despise him!"

After Xia ruofei heard this, he couldn't help but frown. So this Liu haojun had a past record! Now that Wu Liqian was working with him, could it be that he had that kind of intention again?

Xia ruofei realized that this matter might be more complicated than he had imagined.

"RUO Fei, how did this bastard offend you?" Zhao Yongjun smiled and said, "tell your bro!"

Xia ruofei didn't hide anything from Zhao Yongjun. He briefly explained the time of the Tao Yuan pharmaceutical factory project and said, "I definitely want to give this achievement to Wu Liqian ... By the way, sister Qian used to be aunt Tian's Secretary. Aunt Tian only demoted her before she was transferred to the publishing and Reform Committee. I'm on very good terms with her!"

"That's a little unsightly," Zhao Yongjun said. "He didn't even follow the most basic rules of officialdom ... If this happened to anyone else, it would be a little unbelievable, but I believe that Liu haojun would definitely do it!"

"If he wants to steal sister Qian's political achievements, he'll have to see if he has good teeth!" Xia ruofei laughed coldly. Big brother Zhao, thank you for your information!"

"Do you need me to give you a call in the capital?" Zhao Yongjun asked. Or we can go to the three mountains again. Don't worry, with us here, he won't dare to be presumptuous!"

"You'd better focus on the peach blossom Association's matters first!" Xia ruofei smiled and said, "I'll handle this myself. If you really need my help, I won't hold back!"

"That's good! Anyway, you've been managing the southeast province for so long, and your connections are not bad! You can handle it yourself!" Zhao Yongjun smiled and said, "but I won't let that B * stard off easily either. I'll spread this news around the capital and let everyone see how low this B * stard can be!"

"Thank you, brother Zhao!" Xia ruofei said with a smile.

“Hey! You don’t have to be so polite with me.” Zhao Yongjun smiled and said, “it’s just a matter of talking. Besides, I might not even need to do it myself. I just need to tell Xiao Rui, and he’ll definitely be willing to spread the news. As long as it’s related to the Liu family’s generation, Xiao Rui doesn’t even need to mobilize anyone. He’ll definitely be in a state of high spirits!”

Xia ruofei suddenly thought of the scene when Song Rui was up against Liu Haofan and couldn’t help but laugh.

After chatting with Zhao Yongjun for a while, Xia ruofei hung up the phone as he was still thinking about the Tao Yuan pharmaceutical factory project.

He sat behind his desk and subconsciously spun the pen in his hand. After thinking for about ten minutes, he picked up the phone on his desk and called Dong Yun’s office.

“Chairman!” Dong Yun said.

“Director Dong, tell the people in Changping County that the company headquarters has just moved and things are getting busy. I’m afraid we won’t have time to receive them in the near future!” Xia ruofei said.

“Ah?” Dong Yun exclaimed and asked, “Chairman, are you sure you want to reply to them like this?”

“I’m very sure!” Xia ruofei said, “just say what I said, and don’t change a single word!”

“Alright!” Dong Yun immediately said.

She was smart and didn’t ask for further reasons, because she knew that when her boss had made a decisive decision, the only thing she had to do was to firmly carry it out.

Xia ruofei thought for a while and said, “also, let Xue Jinshan form an inspection team. You will personally lead the team to Changtai County, Qingyuan county, and a few other surrounding counties and cities to re – inspect the location of the pharmaceutical factory.” This trip will be more high – Profile! Take the initiative to contact the media and release the news!”

The surprise in Dong Yun’s heart could not be any greater. The location of the branch of Taoyuan pharmaceutical factory had actually been carefully verified. In addition to taking into account factors such as geographical location and climate, it had also been specially connected to the farm of Taoyuan company.

Now that the Changping County had given them such a huge discount, it could be said that both parties were happy to see the entire project being moved to Changping. However, Xia ruofei had already started to inspect the new site before the two parties had even had their first contact. This was really puzzling.

“Chairman, are you ... Not satisfied with the conditions offered by Changping?” Dong Yun asked carefully.

“There are other reasons.” Xia ruofei said, “just do as I say!”

Dong Yun knew that Xia ruofei did not want her to ask too many questions, so she immediately said, “Understood, I’ll make the arrangements immediately!”

The first thing Dong Yun did was naturally to reply to the people at Changping County.

Just as Dong Yun finished her call to the county party Committee and began to discuss with Xue Jinshan about the new site selection, Liu haojun couldn't wait any longer in the office of the Changping County party Committee. He directly called the Deputy Director of the county party Committee, Guo Zhiguang, who was in charge of the specific coordination of this matter.

"Director Guo, how's the contact with the Paradise Corporation going?" Liu haojun asked in dissatisfaction.

"Secretary Liu, I was just about to report to you!" Guo Zhiguang quickly said. Two minutes ago, peach blossom company gave us a reply ..."

"Oh? What were they waiting for? Hurry up and arrange the reception work!" Liu haojun said happily.

In his opinion, it was naturally the Paradise company who came to discuss the project happily. After all, he had specifically asked Guo Zhiguang to reveal a little bit of the preferential rates that the county could give to the Paradise company.

Guo Zhiguang smiled bitterly. "Secretary Liu, the Paradise Corporation said ... Their headquarters have been moving recently. There are many complicated matters. They might not have time to talk about this project for the time being ..."

Liu haojun was stunned, and his face immediately darkened. He said, "What the hell? This company was so arrogant? Chief physician Guo, could it be that while you were communicating and coordinating ..."

"Secretary Liu," Guo Zhiguang quickly complained, "I was very polite when I talked to them. They also said that they would arrange it as soon as possible. I just don't know why they suddenly changed their minds ..."

"There's such a thing?" Liu haojun was suspicious.

Guo Zhiguang suddenly thought of something and quickly said, "Oh right, paradise Corporation also called us a little earlier to ask about the people who will be participating in this meeting. Then, not long after, their attitude took a 180 – degree turn ... I'm also puzzled!"

"I know!" Liu haojun said with a dark face. Since they're not in a hurry, we shouldn't rush them either! I'd like to see how crazy this company can be!"

"Okay, Secretary Liu ..." Guo Zhiguang quickly said.

Liu haojun hung up the phone with a heavy thud. His face was very ugly.

Since ancient times, people did not fight with officials. Liu haojun felt that the Paradise company would definitely not dare to go against them. No matter what the reason was for the Paradise company's ambiguous attitude, they must not get used to this bad habit!

Liu haojun even thought that he should find an opportunity to teach this company a lesson when necessary! Even if the peach blossom company's headquarters moved away, didn't they still have so many businesses in Changping County?

However, before Liu haojun could put his thoughts into practice, a piece of news sent him and Guo Zhiguang into a state of confusion after only half a day.

Chapter 1872: Four taels to lift a thousand catties (1)

Peach blossom Corporation had posted a piece of news on its official website, saying that the administrative Director, Ms. Dong Yun, and the factory director, Xue Jinshan, had led an inspection team to Qingyuan county yesterday afternoon for a business inspection. The main purpose was to inspect the site selection for the upcoming peach blossom pharmaceutical factory branch project.

The news also pointed out that the Qingyuan county party Committee and the county government attached great importance to this matter. The Secretary personally came out to receive the inspection team, and the two sides had a pleasant and warm discussion.

At the same time, peach blossom company's official Weibo also released a piece of news. Compared to the official website's steady post, the Weibo platform's news was more down – to – Earth.

The Weibo post wrote, "my friends!" The Taoyuan pharmaceutical factory was preparing to open a branch factory, expand its scale, and increase its production! Yesterday, the expedition team had already started to choose the site for the investigation. We will be going to more places in the next few days. Chang tai, Qing Yuan, Ping Zhang ... Which one do you like?

The Weibo post was filled with 9 pictures, all of which were taken during the inspection of Qingyuan county yesterday afternoon.

At the same time, the blog mentioned five to six places, but there was no mention of Changping County.

When Guo Zhiguang reported to him, Liu haojun still didn't believe it. When he personally turned on his computer and saw the contents of the peach blossom company's official website and Weibo, he immediately became furious and almost smashed the monitor ...

Liu haojun gritted his teeth and shouted, "what are they trying to do?" Ah? Are you playing us like monkeys? Director Guo, immediately inform the fire department, safety supervision Department, Health Department, and Environmental Protection Department to conduct a joint inspection of Taoyuan farm today! I don't believe I can't deal with them!"

Guo Zhiguang hesitated for a moment. He wanted to say something but stopped.

Liu haojun glared at him and said, "What's wrong? My words don't work, do they?"

"No, no!" Guo Zhiguang quickly waved his hand and said, "Secretary Liu, I personally think ... We should calm down. Paradise Corporation is a star company and even the provincial leaders have a say in it. If we are too aggressive and too obvious, I'm afraid ..."

There was one more thing that Guo Zhiguang didn't say out loud, as he was afraid of angering Liu haojun.

The Tao Yuan company was not afraid of the local government's attack. Now that their headquarters had moved out, they were only left with a farm in Changping County. To be honest, even if the farm

couldn't continue operating, as long as the pharmaceutical factory was still there, the Tao Yuan company would still make a lot of money every day.

Furthermore, it was now in high demand. Which County around Sanshan city didn't have a large piece of worthless land? As long as the peach blossom company showed any intention, they would definitely rush to give the company all kinds of discounts and ask Xia ruofei to open the farm and the pharmaceutical factory over to them.

Liu haojun snorted coldly and said, "our County's functional Department is carrying out the normal supervision and supervision of the enterprises within our jurisdiction. Is there a problem? Even if they were some bullsh * t star enterprise, could they escape the supervision? Could it be that their farm is a place outside the law?"

Guo Zhiguang didn't think much of it. Who would be fooled by these words? which of the leaders above were easy to deal with? Using such an excuse, wasn't this an insult to their intelligence? If this matter were to blow up, there would be no way to clean up the mess in Changping County.

Guo Zhiguang could only advise him patiently, "Secretary Liu, I just don't think it's necessary to fight with them. They started a company to make money, and the local government's purpose is to introduce funds and increase taxes to solve employment problems. I think it's easy for both sides to find a cooperation point. "I think there must be some reason for this situation that we don't know about. Otherwise, why would they go to other places directly when they don't know what preferential policies the county is offering before the two sides have even contacted each other? You must know that two days ago, they were the ones who took the initiative to reveal their intentions to us! This is too abnormal, there must be something wrong with this ..."

After Liu haojun heard this, his anger gradually calmed down, and his expression became uncertain.

He stared at Guo Zhiguang and asked in a low voice, "You mean ... That person?"

As Liu haojun spoke, he turned his gaze to the government office building not far away. It was self-evident who the "person" he was referring to was.

"I can't rule out that possibility," Guo Zhiguang said cautiously. After all ... She was the first one to contact Tao Yuan company. She thought that it was a duck that was delivered to her mouth, but it turned out to be useless, so she might not be able to guarantee ..."

Liu haojun's face darkened. He waved his hand and said, "I know, you can go back first! I'll think about how to deal with it!"

After Guo Zhiguang left, Liu haojun smoked two cigarettes in the office. Then he stood up suddenly and walked out of the office. He went straight to Secretary Zeng jianzhang's office.

Liu haojun was eagerly looking forward to this political achievement, so he and Guo Zhiguang kept a close eye on the peach blossom company's movements and got the news as soon as possible. In contrast, Zeng jianzhang didn't pay much attention to this matter, so he didn't know that the peach blossom company had begun to inspect the other counties.

After hearing Liu haojun's words, Zeng jianzhang couldn't help but feel a little shocked.

“Comrade haojun, are you sure you didn’t make a mistake?” he asked, his eyes wide open.

“Secretary Zeng! Their official website and Weibo have already posted the news, how could they be mistaken?” Liu haojun said, “I even went to the Qingyuan government network. They also immediately released the news that the peach blossom company was investigating Qingyuan county! There’s no mistake about this!”

Chapter 1873: Four taels to lift a thousand catties (2)

Zeng jianzhang took a deep breath and said, “How did this happen? You guys haven’t been in contact with the Paradise Corporation, have you?”

“This company is very arrogant. The county party Committee took the initiative to contact them and said that they hoped that the two sides could meet as soon as possible. However, they rejected the offer by saying that they had just moved their headquarters and were busy!” Liu haojun said angrily, “that’s just an excuse! They’re so busy, why did they go to Qingyuan City for an inspection?”

“Could it be that they think that we, Changping, have been too slow?” Zeng jianzhang was puzzled. “It’s not that bad! The first thing we did was to call the Standing Committee to study it. After the meeting, we immediately contacted the other party! I can’t say that this efficiency is the best in the country, but at least it’s not slow ...”

Liu haojun couldn’t help but say, “Secretary Zeng, I suspect that someone on our side is sabotaging this matter! Perhaps some of our comrades are dissatisfied with the organization’s decision, so they colluded with the Paradise company and came up with this show!”

Although Liu haojun didn’t name Wu Liqian directly, it was no different from naming her by name.

Zeng jianzhang couldn’t help but feel a little sick of it.

So it’s natural for you to unreasonably snatch away the project that others are discussing, but can’t they be a little dissatisfied?

Moreover, Zeng jianzhang also believed in Wu Liqian’s political awareness. She would definitely not ignore the overall development of the county just to vent her dissatisfaction.

From this point of view, Wu Liqian was 800 times nobler than Liu haojun!

Zeng jianzhang had been quite critical of Liu haojun bypassing him and Zhu zhihang and directly using his connections with the higher – ups to suppress the issue. This was not only disrespectful to him as the Secretary, but also a very bad example for the unity of the team.

As the class monitor, he had to clean up the mess for Liu haojun, as well as persuade Wu Liqian.

Now that Liu haojun had snatched the project as he wished, and the peach blossom company had withdrawn, he had come here to complain.

Am I your nanny? Zeng jianzhang cursed in his heart.

Zeng jianzhang looked down on ignorant and incompetent second generation like Liu haojun.

However, Zeng jianzhang had long become a sly old fox in the system, so he naturally wouldn't show these emotions. He just smiled and said, "Comrade haojun, these are all conjectures without evidence. It's fine to say it here, but you have to be careful when you leave this office! Such words can easily cause disunity in the team ..."

"Secretary Zeng! I really can't think of any other reason besides this!" Liu haojun didn't give in and said, "Tao Yuan company took the initiative to find our Changping County to express their intention to invest. Moreover, their farm is still here. This time, it's also to integrate resources, and even the farm is planned together. The two sides haven't even come into contact once, and yet they've changed their plans. This doesn't make sense at all!"

No matter how good Zeng jianzhang's self – restraint was, he couldn't help but ask with a slight frown, "Then what do you mean? How should he deal with it? We can't just mete out punishment to County Head Wu for such a baseless reason, right?"

"Secretary Zeng, I didn't say that I would punish her ..." Liu haojun said. "Besides, it's useless to punish her! I think the most important thing now is to resume negotiations with the Paradise Corporation as soon as possible. As for County Head Wu ..."

"I understand what you mean ..." Zeng jianzhang waved his hand and said.

Liu haojun just didn't want to give up this bright political achievement, but at the same time, he couldn't bring himself to look for Wu Liqian. Now that the relationship between the two was so stiff, even if he were to go to her, Wu Liqian would definitely ignore him.

Therefore, Liu haojun wanted to put pressure on Wu Liqian through Zeng jianzhang.

Zeng jianzhang couldn't help but curse in his heart, "this grandson is too much!"

However, Zeng jianzhang also attached great importance to the Tao Yuan pharmaceutical factory project. Now that such an unexpected situation had occurred, he also hoped to resolve it as soon as possible.

Talking to Wu Liqian was obviously one of the most effective ways.

Although he believed that Wu Liqian wouldn't do one thing in front of him and do another behind his back, there was always a possibility. In addition, even if Wu Liqian didn't deliberately expose him, at least Wu Liqian had some say in the peach blossom company. It was better to let her understand the situation than to blindly mess around on her own side.

Zeng jianzhang looked at Liu haojun, who was looking at him expectantly, and said indifferently, "I will understand the situation first. Comrade haojun, you can go back first! I hope that you can take responsibility and take the initiative to communicate effectively with the Paradise Corporation. If there are any problems, you have to find the reason yourself!"

Zeng jianzhang's words were a little harsh. Liu haojun's face turned red and white, and a hint of hostility flashed in his eyes.

Liu haojun was born with a silver spoon in his mouth and had been working in the Ministry before. He had long developed a supercilious character. He looked down on Zeng jianzhang, an old comrade who

had been working in the Ministry for more than ten years. There were many division and Bureau – Level cadres in the Ministry, including the inspectors. Compared to them, what was Zeng jianzhang?

However, Liu haojun still needed Zeng jianzhang's help to solve this problem, so he didn't dare to show his dissatisfaction. He could only lower his head and say, "I know, Secretary Zeng! I'll go back first then ..."

Zeng jianzhang was a wily old fox in the officialdom. How could he not see through Liu haojun's true thoughts? Therefore, he only nodded slightly and lowered his head to read the documents.

Chapter 1874: Four taels to lift a thousand catties (3)

Liu haojun clenched his fists discreetly, gritted his teeth, and left Zeng jianzhang's office.

Zeng jianzhang shook his head, picked up the phone on the table, and called Wu Liqian.

Xia ruofei's instructions to the Paradise Corporation had thrown the entire Changping County into chaos. It could be said that he was able to change the situation with little effort.

.....

When Xia ruofei received Wu Liqian's call, he was preparing to pack his things and leave work. Ling Qingxue couldn't resist the urge to cultivate and had made an appointment with him to stay at the farm tonight. He was going to pick Ling Qingxue up and the two of them would go back to Taoyuan farm together.

Xia ruofei stuffed a few unfinished documents into his briefcase and walked out with his bag in one hand while taking the phone with the other.

"Sister Qian!" Xia ruofei said with a smile.

"Ruofei, what's going on over there?" Wu Liqian asked in an unfriendly tone.

Xia ruofei pretended to be confused and asked, "What do you mean what's going on? Sister Qian, I don't understand what you're saying!"

"Are you playing dumb with me?" Wu Liqian said unhappily, "what's with the inspection at Qingyuan? Also, the county party Committee has already contacted you about the meeting. Why did you reject it?"

Xia ruofei strode into the Chairman's private elevator and pressed the button for the basement. Then, he smiled and said, "Isn't an inspection normal? If you go to the market to buy vegetables, you have to compare the goods with three stores! Not to mention a billion – dollar project? As for the negotiation ... We didn't reject it! It's just that I've been busy recently and it's hard to arrange my time, so I have to postpone it ..."

"Stop playing dumb with me!" Wu Liqian said, "that's not what you told me two days ago."

"What did I say?" Xia ruofei smiled and asked, "I really don't remember. I don't know if it's because I'm old, but my memory isn't that good ..."

“Rascal!” Wu Liqian pouted and said, “ruofei, I’m not joking with you! “You promised me back then that this project would be invested in our Changping. Now that you’ve suddenly changed your mind, our Secretary even thinks that I’m not happy with you and that I’m up to no good behind your back ...”

Wu Liqian suddenly realized that it was inappropriate and shut her mouth in time.

Xia ruofei stepped out of the elevator and went to his own parking space. He opened the door of the Knight XV and threw his briefcase in. He leaned against the car and said, “Continue! Sister Qian, why did you stop?”

Wu Liqian was silent for a while before she said, “Ruofei, don’t get involved in this! I don’t want ...”

“Sister Qian, I’m not involved!” Xia ruofei said, “I did promise you a few days ago that I would invest in Changping. But you said it yourself, I did promise you, but I didn’t promise that bullsh * t Deputy Secretary!”

“RUO Fei!” Wu Liqian said, “no matter who’s in charge of this project, the final preferential conditions will not change. This is a win – win situation. The people of Changping County will get real benefits and Changping’s financial income will be able to reach a new level. This is what I want to see. As for personal honor and loss, I don’t care too much ...”

“You can ignore it because you are of noble character. But I have to care!” Xia ruofei said firmly, “this is a gift from me to you. Liu haojun is nothing! Did a good – for – nothing second generation want to overturn the heavens? I can’t get used to his bad habits! Just tell your Secretary that as long as Liu haojun is in Changping, I won’t invest a single cent in Changping! If they piss me off, I’ll move the farm away and we’ll break up!”

Chapter 1875: For a beauty in a fit of anger (1)

Although Xia ruofei’s words were harsh and his tone was tough, Wu Liqian could not help but feel a trace of warmth in her heart. She knew very well that Xia ruofei’s anger was because of her.

Otherwise, from the peach blossom company’s perspective, there was no difference between her, the executive Deputy County Head, and Liu haojun, the deputy party secretary, who was in charge of this project. As long as the preferential policies were in place, it would be fine.

It was like going to a restaurant to eat, as long as the taste of the dishes was to their taste, it would be fine. As for whether the restaurant had changed chefs, the customers would not care!

However, Xia ruofei, the ‘customer’, not only did he care, but he also reacted strongly and used such harsh methods. There could only be one reason – he was fighting for justice for the ‘chef’, Wu Liqian.

At this moment, Wu Liqian thought of all the injustice she had suffered after Liu haojun took office. She suddenly had the urge to cry, but she forced back the tears that were about to burst out of her eyes and took a few deep breaths to calm herself down.

“Ruofei, listen to me ...” Wu Liqian tried her best to keep calm. “I’m very grateful that you’re fighting for me, but this matter concerns the development of Changping County. From your company’s point of view, it’s not good for you to have such a strained relationship with the local government ...”

Xia ruofei said nonchalantly, "sister Qian, I've said it before. Our company's focus is not in Changping County. We only have one farm here. To be honest, as long as we have the core technology, I can open another farm like this anytime. It won't cost much. So, your reason is not valid!"

"RUO Fei ..."

"Listen to me first!" Xia ruofei interrupted Wu Liqian in a domineering manner. "As for the development of Changping County, I'm sorry, but I'm not obliged to help it. I haven't reached the level where I can help the world yet, not to mention that I can't even protect my friends at my side, what face do I have to help the world?"

At this point, Xia ruofei said firmly, "So, don't try to persuade me anymore. I know how to deal with this! Don't think too highly of Liu haojun. He's just a nobody in the capital's circle! I'm not so weak that I can't even win against such a good – for – nothing young master!"

After hearing Xia ruofei's words, Wu Liqian was silent for a few seconds, then said softly, "Alright...Ruofei, thank you!"

Xia ruofei smiled. "Sister Qian, you don't have to be so polite with me. We're friends!"

Wu Liqian's tears almost burst out again. She bit her lower lip to hold back the urge to choke up. She smiled with tears in her eyes and said, "Mm! It's so good to have a friend like you ..."

Hearing Wu Liqian's weak voice, Xia ruofei's heart suddenly moved.

He thought of the information Zhao Yongjun had given him about Liu haojun. The reason why Liu haojun had been "banished" far away from the capital in advance had caught Xia ruofei's attention.

At that time, Liu haojun could no longer stay in Beijing due to his lifestyle, so his family arranged for him to be demoted in advance. More importantly, Liu haojun had taken advantage of his subordinates in his department and did not want to take responsibility for it, which was why the matter had become so serious.

Xia ruofei immediately thought of Wu Liqian, who was a standard beauty! Moreover, people in their early thirties were the most attractive. Needless to say, those of the same age would definitely be attracted to young and mature women like Wu Liqian who had very good looks. In the eyes of the young people in their teens and twenties, how could those girls of the same age be a match for a mature woman like Wu Liqian?

Therefore, Wu Liqian was at the stage of killing anyone of any age group. In addition, she was single, so it was hard to guarantee that Liu haojun wouldn't have any other ideas.

Thinking of this, Xia ruofei asked, "sister Qian, other than jumping out to compete with you for political achievements, did Liu haojun do anything else?"

Wu Liqian hesitated for a moment. She was full of grievances and wanted to pour them out, but when she thought about how Xia ruofei was already so impulsive just because of the project snatching incident, if she told Xia ruofei what Liu haojun had done these days, wouldn't Xia ruofei rush to the county party committee's courtyard to teach Liu haojun a lesson?

Just as Wu Liqian was in a dilemma, Xia ruofei continued, ""Sister Qian, don't try to hide anything. I think if Liu haojun really did something, it wouldn't be hard for me to find out ..."

"You ..." Wu Liqian was not used to Xia ruofei's strong attitude, but she had to admit that he was right.

The fact that Liu haojun had been pestering her was no longer a secret in the political system of Changping County. It might have even spread throughout the entire political circle of the three mountains. With Xia ruofei's connections in the three mountains, he could find out everything by simply asking someone.

So, as long as Xia ruofei was determined to investigate, there was no point in Wu Liqian hiding it.

Thinking of this, Wu Liqian sighed and said, ""Since you want to hear it, I'll tell you my grievances! I've been really suffocated these days ... But you have to promise me that you won't be impulsive after hearing it, and you're not allowed to use any extreme means, or else it'll become unreasonable ..."

Chapter 1876: Angry for a beauty (2)

Xia ruofei replied without hesitation, "don't worry!" I promise you ..."

Wu Liqian secretly heaved a sigh of relief, but she didn't expect Xia ruofei to continue, ""I will definitely not cripple him!"

Wu Liqian didn't know whether to laugh or cry. "RUO Fei, if you continue to be like this, I won't say anything!"

Xia ruofei chuckled, "I'm just joking with you!" Why did you take it seriously? You can rest assured! I'm a law – abiding good citizen, and I definitely won't touch those illegal things!"

"Then you better remember what you said!" Wu Liqian said.

"Remember, remember! I will definitely remember!" Xia ruofei replied.

Wu Liqian then told Xia ruofei about how Liu haojun had been pestering her ever since he took the office. After being rejected by her many times and being blunt to him in front of the members of the committee, he had tried all means to ostracize and isolate her at work.

As Xia ruofei listened, he slowly clenched his fists and his expression turned ugly.

Fortunately, there was no one beside him at the moment. Otherwise, one would definitely feel that the temperature of the air around him seemed to have dropped by a large margin. His entire person was like a sharp sword that had been unsheathed, causing one to tremble with fear.

"This grandson is really cheap!" Xia ruofei said, "you've already been driven out of the capital, but you still don't know how to behave. It seems like you're really a pile of mud that can't be helped! I don't know what kind of sin elder Liu has committed, but his descendants are all so disappointing ..."

Wu Liqian didn't know whether to laugh or cry when she heard Xia ruofei's words. Xia ruofei's tone was like that of an elder to Liu haojun. However, even though she felt a little awkward, she also felt particularly relieved at the same time.

Perhaps it was because she had poured out all her troubles, or perhaps it was because of Xia ruofei's words, but Wu Liqian felt much better.

"Mr. Liu?" Wu Liqian asked curiously. Which elder Liu?"

Xia ruofei smiled and said, "you don't know?" He was Liu haojun's grandfather! That's the old general with a thunderous name!"

After that, Xia ruofei lowered his voice and reported a name.

He clearly heard Wu Liqian take a deep breath on the other end of the phone. He couldn't help but smile and say, "Sister Qian, I thought you already knew! There's a 'parachuted soldier' in the troupe, and you actually didn't understand his family background? There's a problem with the intelligence work!"

Wu Liqian wasn't in the mood to joke. She said hurriedly, "Ruofei, why don't we just forget about this? Take a step back and get in touch with Changping normally. Even if you don't want to invest in Changping in the end, don't offend them too much ..."

"Why should I?" Xia ruofei sneered.

Wu Liqian said, "I only knew that Liu haojun was a cadre from the capital and that his family might have some background, but I didn't expect him to be ... That person's grandson. You don't have to make such a big enemy for me ..."

Xia ruofei laughed. "Sister Qian, you're too late. I've already offended the Liu family. It has nothing to do with Liu haojun, that bastard!"

"Ah?" Wu Liqian was stunned.

"I'm not lying to you!" Xia ruofei smiled and said, "if you don't believe me, you can find a chance to call aunt Tian and find out more! My relationship with the Liu family shouldn't be a secret in the capital's circle ..."

"It's not that I don't believe you, but how could you ... How could you ..."

"How can we go against the Liu family?" Xia ruofei smiled and said, "I'm a righteous person! I just can't stand people who rely on their family's power to do evil things, and I want to intervene when I see injustice!"

"I can't believe you can still laugh ..." Wu Liqian said helplessly.

In her opinion, the Liu family was definitely an unattainable Super Beast. One should know that she was only a small Deputy Director. The old man of the Liu family, who had retired from the core leadership team, was on the news every day when he was in power. In addition to him, there were also countless cadres at the level of the Liu family ministry and the Bureau. It was definitely a daunting behemoth.

Therefore, Wu Liqian's first reaction was that she was extremely worried about Yingluo. She was worried about Xia ruofei.

Xia ruofei laughed and said, "why can't I laugh?" Anyway, I'm not the one who's at a disadvantage ... Besides, the Liu family is the Liu family. How can small fries like Liu haojun and Liu haofan be on the

same level as the Liu family? Due to some special reasons, the Liu family would never dare to do anything to me. With just a small character like Liu haojun, without the support of his family, wouldn't it be humiliating for him to touch me?"

Wu Liqian found it hard to believe, but she had absolute trust in Xia ruofei. After hearing what he said, Wu Liqian didn't seem to be worried anymore. She was full of confidence in Xia ruofei.

After that, Xia ruofei comforted Wu Liqian and hung up the phone.

Xia ruofei lit a cigarette and silently smoked half of it. Then, he stubbed out the cigarette and picked up the phone on the desk. He found Lei Hu's number and dialed it.

"Brother Xia! Do you have any orders?" Lei Hu quickly picked up the phone and asked respectfully.

Chapter 1877: For a beauty in a fit of anger (3)

"If you don't have anything urgent to do, please come to my office." Xia ruofei said indifferently.

"Alright, I'll be right there!" Lei Hu said.

Now, the security of the new headquarters was mainly in the charge of Lei Hu. Ye Lingyun stayed at the farm more often. He was more interested in making tea, so the security matters were gradually handed over to Lei Hu.

Two minutes later, Lei Hu appeared in Xia ruofei's office.

Xia ruofei motioned for Lei Hu to sit down and said, "Hu, there's something that I need a few of our brothers to help with ..."

"Brother Xia, if there's anything you need, just tell me!" Lei Hu grinned and said, "now that the security team has expanded a lot, our work is usually very easy. All of us feel that we are not worthy of the high salary given by the company!"

Xia ruofei said seriously, "this matter ... Has a certain risk, so it's all voluntary." No matter what the final result is, the brothers who participate will each receive 200000! In the worst case scenario, the arrested Brotherhood would get one million Yuan, and their family, children, and company would be in charge! Of course, the possibility of such a problem happening is not high. If there is, I can send my brothers to Australia to lie low. It just so happens that I need a few of my own people to help out with my business there ..."

When Lei Hu heard this, his heart trembled slightly.

He knew that what Xia ruofei wanted them to do was definitely not simple. It might even be illegal. Otherwise, he would not have taken it so seriously.

A trace of hesitation flashed through Lei Hu's heart, but he quickly said with determination, "Brother Xia, since the day we entered the company, we've entrusted our lives to you! Speak! What do you need us to do? We won't frown even if we have to climb a mountain of daggers or plunge into a pot of boiling oil!"

Xia ruofei laughed and scolded, "why do you make it sound so tragic?" It's not as dangerous as you think. I'm just preparing for a rainy day ..."

Lei Hu chuckled and said, "brother Xia, just assign the task!" In addition, you're already paying our brothers a very high salary. Do you really need to pay so much extra for a small thing? You can just give the order directly!"

Xia ruofei said, "of course, you have to pay. After all, this is not a task within the scope of the job. You have to take some risks. You deserve it!"

Lei Hu grinned and did not say anything.

Although he looked like a rough person, he was actually very meticulous. He knew very well that the money that Xia ruofei had prepared was not only to pay them, but also to seal their mouths.

Taking this money was equivalent to agreeing to this matter, and no matter how things developed in the future, this matter would rot in his heart. Even if she was unfortunately caught, this matter had absolutely nothing to do with Xia ruofei and the Paradise Corporation.

Xia ruofei naturally knew that Lei Hu was a smart person and did not need to make things clear. A few words of advice would be enough.

He smiled and continued, "this matter requires three to five people. You'll be one of them. The rest will be up to you. As I said before, everything is voluntary. The other people must be absolutely reliable!"

"Understood!" Lei Hu stood up and said, "I'll go settle the personnel matters first, then I'll come back to you to accept the mission!"

Xia ruofei looked at Lei Hu with admiration, then smiled and nodded, ""Bring your team here to see me at 9 a.m. Tomorrow!" He said.

Chapter 1878: Two – pronged approach_1

What Xia ruofei wanted Lei Hu to do was to collect evidence of Liu haojun's lifestyle. It would be even better if he could find evidence of him breaking the law.

Xia ruofei firmly believed that a dog can't change its habit of eating sh * t. This could be seen from how Liu haojun and Wu Liqian, who was a member of the Standing Committee, dared to plot against him after he took office, and they did it so brazenly and without any disguise.

He didn't believe that Liu haojun had no flaws in this aspect.

If Lei Hu and the others were to collect evidence, they would naturally have to use some illegal means. This was a certain risk for Lei Hu and the others, especially for the terrifying power behind the other party. If there was even the slightest mistake, Lei Hu and the others would not be able to stay in the country.

That was why Xia ruofei had offered such a high reward and even thought of a backup plan for them.

If something really happened, they would have to go to Australia. No matter how long the Liu family's hands were, they could not reach the other side of the ocean.

After talking to Lei Hu, Xia ruofei muttered to himself for a while and decided to make another call. This time, he was calling Tian Huilan.

He felt that he had to tell Tian Huilan about this. Besides, he didn't know how long it would take Lei Hu and the others to collect evidence. During this time, Wu Liqian's condition made him a little worried.

Although Liu haojun was only pestering Xia ruofei, he knew this kind of rich man's son from the capital very well. If he did not have any effect on Liu haojun, he might use some despicable means to force him. If Wu Liqian was hurt, Xia ruofei would never be at ease.

It was fine if he didn't know about this, but since he did, he would definitely get involved.

It was not good for Xia ruofei to directly intervene in the affairs of the organization, but he believed that Tian Huilan would definitely have a way.

Xia ruofei had this thought in mind as he dialed Tian Huilan's private number.

"RUO Fei! Why are you so free to call me today?" Tian Huilan asked with a smile after picking up.

"Auntie Tian, I hope I'm not disturbing your work," Xia ruofei said.

"No, no! I was just about to get off work!" Tian Huilan said, "by the way, I heard that you stayed in Beijing for a long time some time ago. Why didn't you come over to visit?" It can't be that the tea becomes cold after the person leaves, right?"

Xia ruofei quickly replied, "auntie Tian, I wouldn't dare!" When I was in Beijing, I was so busy that I didn't even have time to visit my other friends and elders except for the old chief!"

"I heard that your paradise gathering is quite famous in Beijing ..." Tian Huilan laughed and said, "this time, I'll consider you barely pass! However, the next time you come to the capital, you can't be lazy!"

"Definitely, definitely! When the time comes, I'll definitely pay you a visit!" Xia ruofei said.

"By the way, what's the matter?" Tian Huilan asked with a smile.

"Yes," Xia ruofei said, "I think it's necessary to report to you about the situation with County Head Wu."

"Liqian?" Tian Huilan was a little surprised. "What's wrong with her? Is there a problem?"

"Did she call you to report to you?" Xia ruofei asked.

"I didn't!" Tian Huilan said, "she hasn't called me in a while ... What happened? RUO Fei, don't keep me in suspense!"

It was clear that Tian Huilan's concern for Wu Liqian came from the bottom of her heart. After all, Wu Liqian had worked for her for several years. She had absolute trust in Wu Liqian and spared no effort in cultivating her.

"I just found out about it ..." Xia ruofei said.

Then, Xia ruofei told Tian Huilan about Wu Liqian's troubles in detail. He did not deliberately hide anything, but he did not exaggerate anything either. He just described the facts objectively.

Even so, Tian Huilan couldn't help but feel angry after hearing this. She said, "She's simply playing the zither randomly! Such a cadre was promoted? It was truly inconceivable! I really can't believe that such a ridiculous thing could happen inside the trap!"

If Tian Huilan did not have absolute trust in Xia ruofei, she would have suspected that everything was made up. Furthermore, it was made up without any technical content and was full of loopholes.

However, since these words came from Xia ruofei's mouth, she did not doubt the authenticity at all.

Moreover, Tian Huilan had been working in the capital for some time, so she had some understanding of the behavior of some rich second generation. Although she wasn't familiar with Liu haojun, she had vaguely heard that the children of the Liu family's current generation were all good – for – nothing, so she didn't find it strange that Liu haojun had done such a thing.

Tian Huilan's anger was partly because her former Secretary was involved. On the other hand, she was also a female leader and knew the hardships a woman faced in the system, so it was easier for her to empathize with her.

Xia ruofei said, "aunt Tian, this is what I'm thinking. Sister Qian is not very happy in Changping County. She's also being held back in her work. I wonder if you have any suitable positions ..."

Tian Huilan immediately understood. She thought for a moment and said, "Ruofei, there's a strict procedure for selecting officers. Even if I go through it personally, it'll take a long time to go through the procedures. Distant water can't quench present thirst ..."

At this point, Tian Huilan thought for a moment and continued, "How about this! "We have a training class that should start the day after tomorrow. We've already decided on the candidates. I'll go and coordinate to add one more person. Let Liqian stay away from the center of the whirlpool and come to Beijing for two months ..."

Chapter 1879: Two – pronged approach_2

Xia ruofei was overjoyed, "this is the best arrangement!" Aunt Tian, when sister Qian arrives in Beijing, you can ask her about her wishes. If she is willing to work in Beijing, you can go through the transfer procedures at the same time. I estimate that it will take two months. You should be able to complete all the procedures, right?"

"Alright!" Tian Huilan said readily, "this is a big matter. We still need to ask for her opinion!"

"Alright! I'm relieved that Auntie Tian will personally make the arrangements!" Xia ruofei said.

The two of them chatted for a while and talked about their current situation before hanging up.

Tian Huilan didn't continue to ask questions about Liu haojun. On the one hand, she was working in Beijing, so it wasn't appropriate for her to interfere too deeply in her previous work. On the other hand,

she felt that Xia ruofei was not part of the organization and could only help Wu Liqian so much. There should not be any other arrangements.

Xia ruofei was also glad that Tian Huilan didn't pursue the matter. Otherwise, he wouldn't know how to brush it off!

From receiving Wu Liqian's call to summoning Lei Hu, and then immediately calling Tian Huilan, the whole process had taken almost half an hour.

Xia ruofei was going to pick Ling Qingxue up, but he had already walked to the parking lot. After receiving Wu Liqian's call, he returned to the office.

Therefore, after he was done with the matters here, he quickly left the house and went to the underground parking lot to drive straight to the Ling Ji restaurant headquarters.

On the way, Xia ruofei received a call from Ling Qingxue.

"Ruofei, why haven't we arrived yet?" Ling Qingxue asked, "did something happen on the way?"

"No, no. Something came up at the company, so I stayed a little longer." Xia ruofei said, "he's already out. He'll be at your office in ten minutes at most." I'm so sorry ..."

"It's okay, I'm just worried about you!" Ling Qingxue smiled and said, "I won't talk to you if you're driving! Be careful on the road!"

"Alright!" Xia ruofei said.

His car drove to the headquarters of the lingji F & B building. From afar, he could already see Ling Qingxue already waiting downstairs.

Before the car had even come to a complete stop, Ling Qingxue had already opened the door and climbed into the Knight XV that had a very high chassis.

Xia ruofei glanced at Ling Qingxue and asked with a smile, "I feel like you're in high spirits today! Do you have any happy things to share with me?"

"It's about hiring a professional manager to take charge of the company's daily operations. My father is already a little tempted by what I've said ..." Ling Qingxue pursed her lips and smiled.

"Is that so?" Xia ruofei was also very happy. "Then you should hurry up and strike while the iron is hot! If you mention it more in front of him, it might be done soon!"

"I think so too!" Ling Qingxue said, "that's why I'm not planning to spend the night on the farm this time. I'll go home after we finish our joint training!" I'll talk to my dad ..."

Xia ruofei was dumbfounded. He scratched his head and said, "This ... I'm not in a hurry to wait for a day or two, right? The farm isn't near, it's going to be a lot of trouble to go back and forth!"

Actually, what Xia ruofei was thinking was that if Ling Qingxue went home after her cultivation, he would not have the chance to roll around in the sheets with her and do something shameless.

Ling Qingxue giggled and said, "ever since I started cultivating, I feel like I'm full of energy. It's only a short journey, how can I be tired?" Besides ... I didn't drive, did I? Aren't you going to send me back when I come back? I won't be tired if I don't have to drive ..."

Xia ruofei wanted to cry but had no tears. He was the first to suggest bringing in a professional manager team to Ling Qingxue. The purpose was to free Ling Qingxue from the complex administrative work and at the same time, let Ling Qingxue spend more time with him.

However, Ling Qingxue had changed her mind and decided to go home every day because of this matter. Did that mean that he would not have any chance to get close to her?

Could this be considered as digging a hole for himself? Xia ruofei's mind was running wild as he drove.

From the Second Ring Road to the third ring Road, the traffic was smooth all the way. After about half an hour, the two of them returned to the farm at about seven in the evening.

As soon as they returned to the small villa, Ling Qingxue could not wait to ask Xia ruofei to take out the time array flag and start cultivating.

Xia ruofei asked Ling Qingxue to wait in the small gym room in the villa while he went upstairs. After avoiding Ling Qingxue, he took out the time array flag from the medium.

Back at the gym, Xia ruofei did not waste any time. He immediately set up the time formation and the two of them entered it to start cultivating.

It had to be said that Xia ruofei had used two stalks of heart concentrating grass without caring about the cost. After his "magical modification", Ling Qingxue's talent was indeed strong to the point of being abnormal. This time, Ling Qingxue's cultivation had obviously improved by a large margin.

The two of them had been cultivating for about two hours, and the time they had spent in the array was about seven days. Excluding the time they spent eating and going to the bathroom, the two of them had only been cultivating for about four to five days. Ling Qingxue, on the other hand, had already vaguely touched the bottleneck of the peak of Qi disciple Level 1.

Ling Qingxue's progress in cultivation made Xia ruofei half happy and half sad. He was happy that his efforts had not been in vain and that Ling Qingxue's future in cultivation was very bright. His main concern was the progress. It shouldn't be long before Ling Qingxue reached the peak of Qi disciple Level 3. When that time comes, he would have to show his cards. Xia ruofei couldn't predict how Ling Qingxue would react.

Ling Qingxue, who was immersed in the rapid improvement of her cultivation, wanted to continue but was stopped by Xia ruofei.

On one hand, it was already past nine in the evening. If Ling Qingxue wanted to go home, it was about time to leave. Otherwise, it would be too late.

On the other hand, Xia ruofei was worried that Ling Qingxue's cultivation was progressing too quickly, which would cause her Foundation to be unstable.

After much persuasion, Xia ruofei finally got Ling Qingxue to accept his suggestion. Then, he personally drove Ling Qingxue back to the city.

Considering that it was already very late, Xia ruofei sent Ling Qingxue to her house and returned to the farm without alighting. He did not enter the house to disturb Ling Xiaotian's rest.

Xia ruofei also felt that it was quite tiring to travel back and forth between Changping and the city today. It seemed like he had to hurry up and buy a house. It was indeed inconvenient to have no place to stay in the city ...

The next day, Xia ruofei drove to the new headquarters of the company in the city after having breakfast at the farm cafeteria.

At nine o'clock, Lei Hu brought four capable veterans to Xia ruofei's office.

Xia ruofei could tell that these unfamiliar – looking veterans were more or less reserved. He greeted everyone with a kind attitude and then led them to the guest area to take their seats.

"President Xia, I've thought about it yesterday. I won't be joining this operation ..." Lei Hu said.

"Why?" Xia ruofei asked, raising his eyebrows.

"I'm an official employee of the company and the person in charge of the security team. If anything happens, the company will definitely be implicated regardless of whether there's evidence or not!" Lei Hu said.

At this point, Lei Hu pointed at the four veterans and said, "The four of them are new to the company. They haven't even signed the labor contract yet. If there's any problem, the company will not be involved!"

Xia ruofei couldn't help but secretly praise. Lei Hu's mind was indeed meticulous.

Yesterday, Xia ruofei had only found someone he absolutely trusted to handle this matter. He had not paid much attention to the hidden danger that Lei Hu had mentioned. Lei Hu could be said to have checked and filled up the gaps and filled up all the possible loopholes.

Xia ruofei looked at Lei Hu approvingly and nodded, "You're very thoughtful. You should be more careful ..."

Seeing that Xia ruofei had agreed to his suggestion, Lei Hu heaved a sigh of relief. He said to the few veterans, "The four of you can go outside and wait for a while! I have something to report to President Xia!"

The four old soldiers quickly stood up and replied in unison, "Yes!"

After they left the office, Lei Hu said to Xia ruofei, "Brother Xia, I've carefully thought about the candidates I've chosen this time. They're absolutely reliable, and their professional abilities are top – notch ..."

Chapter 1880: Detective squad (1)

Lei Hu briefly introduced the four veterans to Xia ruofei. Two of them had retired last year, while the other two had just retired. They had been in the same combat unit when they were in the Army, and there was no problem with their tacit understanding.

The most important thing was that they were comrades in the same company as Lei Hu. Lei Hu knew them well and could guarantee their reliability.

After introducing the situation, Lei Hu lowered his voice and said, "Brother Xia, there are actually quite a few suitable candidates for this batch of newly recruited veterans. The reason why I chose the four of them, apart from their tacit cooperation, is for another more important reason."

"Oh? Tell me about it." Xia ruofei said with great interest.

"Their family situation is relatively more difficult," Lei Hu said. "Xu Yougang's father and mother are like medicine bottles, and his wife's health isn't too good. The whole family depends on him to earn money to support the family." Zeng Liang was scammed when he started his business after he retired from the military. Not only did he pay his retirement fees, but he also owed a debt of more than 200,000 Yuan. The other two were in similar situations ..."

"I just think that their family's situation is very difficult in reality. Since you're willing to pay such a high reward, even if there's an accident, they definitely won't betray you for the money!" Lei Hu said.

Xia ruofei nodded and said, "not bad, you're very thoughtful!" Hu, I can't tell! You're also good at management! It seems that it's a waste of talent to be in charge of security!"

Lei Hu quickly waved his hand and said, "brother Xia, don't make fun of me!" My highest rank in the Army is the squad leader. Now, I'm in charge of dozens of people, and I'm already a company commander! How would I dare to say that it's a waste of talent!"

Xia ruofei couldn't help but laugh. "How can this be compared to the Army! Hu Zi, do your best! "In the future, even if we're only in charge of security, our team will grow bigger and bigger. Now that I have quite a few businesses overseas, it's even possible for me to stay abroad permanently. However, you should learn more when you have time. It's not just in management, but also in foreign languages and so on. They'll all be necessary skills in the future!"

"I know, brother Xia!" Lei Hu said.

"Then I'll call them in!" He asked.

Xia ruofei nodded.

Soon, Xu Yougang and the other veterans returned to Xia ruofei's office, looking slightly reserved.

Lei Hu then formally introduced them to Xia ruofei.

When Xu You had just joined the Army, he had been their squad leader. He and Zeng Liang had retired last year. The other two were Wang Chong and Zhang Aijun. They had also been good soldiers in the Army. However, due to the limited number of senior non-commissioned officers, they could only regretfully retire after serving a certain number of years.

Xia ruofei nodded kindly and smiled. "Sit down!" He said.

Lei Hu said to Xia ruofei, "CEO Xia, if there's nothing else, I'll go back first!" If you have any missions, just tell the four of them!"

Xia ruofei knew that Lei Hu was trying to avoid suspicion. Since he was not prepared to participate in this matter, he might as well not listen. This was also a very cautious approach, which made Xia ruofei's impression of him better.

Xia ruofei smiled and nodded. "Good! Hu, you've worked hard ..."

Before Lei Hu left, he looked at the four veterans and said seriously, "Old Xu, Zeng Liang, Wang Chong, Aijun, we were all good comrades and brothers back in the company. But now that we're all retired, and the situation this time is rather special, there might be some things that might not sound nice, but I still have to make things clear ..."

"Squad leader Lei, please speak!" Xu Yougang looked at Lei Hu and said.

Lei Hu's eyes were sharp as he said, "I'm indebted to general manager Xia for his knowledge and guidance. He also paid such a high reward for this matter. I recommended you guys, so I have to be responsible for my own recommendation." "I'll say the ugly things first. If we fail this time, I hope that everyone can be more manly. President Xia has also said that even if anyone is trapped in the office, he will not let you have any worries. If anyone cowards and bites President Xia out, then don't blame me, Lei Hu, for not considering our friendship as comrades. Even if you run to the ends of the earth, I will definitely chase you down and cripple you!"

Xu Yougang frowned. "Squad leader Lei, it's not like you don't know what kind of person I am. And liangzi and the others. Is one of them a Sharkman?" There's no need for you to say such harsh words!"

Lei Hu snorted coldly and said, "you can understand or blame me, but I have to give you a warning!" As long as you do your best for President Xia, he will definitely not treat you badly! Look at my comrades who joined the company with me, they're all doing well now. If this matter is handled well, you guys won't be worse than them!"

Xia ruofei laughed and said, "Hu, we're all comrades. Why are you saying such hurtful words?" Alright, alright, you can go if you have things to do!"

"Yes, President Xia!" Lei Hu replied immediately.

After Lei Hu left the office, Xia ruofei smiled and said, "Lei Hu's words are not very pleasant to hear, don't take it to heart!"

Xu Yougang quickly said, "President Xia, we've been in the same company as squad leader Lei for many years. We know each other very well. He's doing this out of his loyalty to you. We understand it very well!"
