

God tier Farm 1891

Chapter 1891: Ling Qingxue's tricks (2)

Xia ruofei also reminded himself to avoid going to the Western restaurant in the corner ...

To Xia ruofei's fans on Tieba, today was obviously a good day. Not only did Xia ruofei's real body appear on Tieba, but they also saw photos and autographs of him and his fans. There was enough information.

Xia ruofei had given everyone the impression that he was young, promising, and very responsible. Most of his fans had become fans because of the qishang incident. Through today's posts, Xia ruofei's image in their hearts had become more down – to – Earth and full of flesh and blood.

.....

The next morning, when Xia ruofei arrived at the peach blossom building, he met Feng Jing at the elevator on the first floor.

As soon as she saw Xia ruofei, Feng Rao smiled and said, ""Chairman, you've finally been enlightened ... Your interaction with your fans yesterday was great! You have to keep it up in the future!"

Maintain a string! Xia ruofei couldn't help rolling his eyes.

However, he couldn't say that all of this was Ling Qingxue's doing, so he wisely remained silent and quickly changed the topic.

"President Feng, let's not talk about me. Have you contacted Hengfeng?" Xia ruofei asked.

"I was just about to report to your office!" Feng Jing replied immediately.

At this moment, the elevator arrived. Xia ruofei said, ""Let's talk while we walk!"

The two of them walked into the elevator on the top floor and the elevator quickly went up. Feng Jing also said, ""I got in touch with Hengfeng yesterday. Hengfeng's Chairman MA is very interested in your proposal. He immediately said that Hengfeng auction house will do its best to support this auction!

"Boss Ma also asked us to send a liaison over as soon as possible to participate in the preliminary preparation work ..."

Xia ruofei had expected the Hengfeng group's attitude. He nodded and said, ""Sure! It's good that we send people over earlier to get involved in the preparatory work! But ... You don't have to go early this time. After all, there are a lot of things to do at home, and it's hard to go on a business trip. "

"Then who do you think is suitable?" Feng Rao nodded slightly. Director Dong definitely can't leave so early. The work in the headquarters building has just begun to get on track. As the Executive Director, she should be in charge of the company at this time. "

"I'll leave the problem of the candidates to you!" Xia ruofei laughed and said, "I'm not as familiar with the people below as you are!"

“Ruofei, it’s not just unfamiliarity, right?” Feng Rao pursed her lips and smiled. I see that you can’t even remember the names of many of the middle management!”

“Don’t tear it down when it’s hard, okay?” Xia ruofei smiled bitterly. “Do you have anyone in mind?”

“Ruofei, what do you think about letting Liu Qian go?” Feng Rao asked after some thought.

Xia ruofei looked at Feng Rao and asked, “Sister ran, are you going to put Liu Qian down?”

Feng Jing laughed, “that’s a thought indeed. There are pros and cons to working by my side. After all, she’s the CEO’s assistant right from the start, so she’s not very familiar with many of the positions under her. For her future development, it’s a good choice to train in other positions!”

Indeed, if one had been working with a leader all the time, they might have a better view of the overall situation than the bottom – Level employees, but they would be relatively lacking in specific work experience.

Xia ruofei laughed and said, “you can make your own decision!” As for going to Hong Kong to meet with Hengfeng ... If you think Liu Qian is suitable, then let her go. Such a job is very good for improving coordination skills! It’s good to train in advance!”

Although Liu Qian was a little inexperienced, the task of going to Hong Kong to meet with Hengfeng was not particularly heavy. Hengfeng group would definitely cooperate well, so Liu Qian did not need to do much coordination work.

“Alright then! Just let Liu Qian go!” Feng Jing quickly made a decision, “Oh right, ruofei, when will the ingredients and herbs you mentioned yesterday be ready?” We’re going to shoot some material in advance to provide Hengfeng with publicity, as well as various materials and videos for the day of the auction!”

Xia ruofei said, “other than truffles, the other ingredients can be served at any time.” How about this! I’ll bring some samples to the company tomorrow, and you can let the photographer from the e – commerce Department shoot the materials!”

Truffles could only be kept for a short time, so they had to wait until the auction was about to start before they could be taken out.

If they had taken it out ten days in advance, even if they had used the best preservation methods, most of the truffles would have gone bad by the day of the auction.

“Alright!” Feng Jing said happily, “I’ll arrange this work in the morning!”

When the elevator reached the top floor, Xia ruofei and Feng Jing returned to their respective offices.

Not long after work, a female employee who had been temporarily transferred from the administration department to be Xia ruofei’s assistant knocked on the door and came in to announce that Lei Hu had come and wanted to meet Xia ruofei.

“Then let him in!” Xia ruofei nodded.

Very quickly, Lei Hu strode into Xia ruofei's office and said, ""Brother Xia, the money has been transferred to their accounts as you instructed. They've already started the preparation work today. If the purchasing of equipment and used cars goes well, they'll be able to devote themselves to work in a day or two at most."

Then, Lei Hu took out a phone and handed it to Xia ruofei, saying, ""Brother Xia, Xu Yougang asked me to pass this to you! For the sake of safety, you can use this phone to contact Xu Yougang and the others during this period! If anything happens, they'll call this phone to contact you. Xu Yougang and the others' numbers are already saved in it. "

Xia ruofei took a closer look. It was a very retro – looking Nokia phone. This type of phone was very rare. Other than making calls and sending text messages, it had almost no other functions. Nokia was once the Overlord of the mobile phone industry, but now it had gradually fallen to the second or third level.

Xia ruofei fiddled with the old Nokia phone and smiled. ""Not bad! Xu Yougang is really cautious!"

"People in our line of work are all like this!" Lei Hu smiled and said, "brother Xia, if there's nothing else, I'll take my leave!"

"Okay, go do your work!" Xia ruofei said.

After Lei Hu left, Xia ruofei put his phone aside.

He was about to turn on his computer to browse the news when his phone rang.

Xia ruofei saw that it was Wu Liqian and immediately picked up. He laughed and said, ""Good Morning, sister Qian!"

"You bad boy!" Wu Liqian said. Didn't I tell you to keep my secret? Why did you tell Secretary Tian? I was scolded by her on the phone for half a day!"

Although Tian Huilan had been promoted, Wu Liqian was still used to calling her "Secretary Tian."

"So, sister Qian, you've already received the notice for the training?" Xia ruofei asked with a smile.

"Mm! I'm flying off this afternoon. " Wu Liqian said, "the training class is about to start. I have to go there as soon as possible!"

"This is a good thing!" Xia ruofei smiled and said, "at least you can have peace and quiet for two months!"

"That's true!" Wu Liqian was obviously in a good mood. She continued, "but don't expect me to thank you! I haven't even pursued the matter with you yet!"

Xia ruofei laughed and said, "yes, yes, yes!" It's all my fault ... Sister Qian, this was all aunt Tian's work. If you want to thank someone, you should thank her!"

"That's for sure!" Wu Liqian said. But ... When I think about how Secretary Tian will definitely criticize me to my face when I go to Beijing, my heart is in a mess ..."

"What are you afraid of? Don't tell me that Auntie Tian will eat you up?" Xia ruofei said, "Oh right, what time is your flight in the afternoon? I'll send you off!"

"You don't need to send me off. The airport is very close to my place, so I'll just leave directly!" Wu Liqian said.

At this moment, Xia ruofei's Nokia phone on the table started vibrating. Xia ruofei immediately said, "It's settled then. I'll send you off in the afternoon and prepare a few portions of jade skin cream for aunt Tian. I don't think she'll be able to bear to criticize you anymore! Sister Qian, I still have something to do, so I'll hang up first! Remember to send me your flight number!"

Then, Xia ruofei hung up the phone without waiting for Wu Liqian's reply.

Then he picked up his Nokia and answered the call.

Chapter 1892: Dog – Skin plaster (1)

"Hello?" Xia ruofei asked calmly.

"Boss, we're ready. We'll be in position this afternoon!" Xu Yougang said.

"So fast?" Xia ruofei was a little surprised. "Didn't hu Zi say that you would need two to three days to prepare?"

"After the funds arrived yesterday, the brothers split up. I went out of town overnight to get the equipment back, and liangzi and the others modified the car overnight. We tested it today, and there's no problem!" Xu Yougang said, "boss, we'll start working this afternoon."

Xia ruofei nodded and said, "yes!" I can. "

"Do you have any other instructions?" Xu Yougang asked.

Xia ruofei said, "no, you guys take care of it!" But there's one thing you need to do, you must ensure your safety before doing anything. Otherwise, you'd rather give up. Anyway, I won't give you a time limit, and I don't have any other requirements. Just keep a close eye on the target and report to me if you find anything!"

"Understood!" Xu Yougang said, "boss, just wait for our news!"

After hanging up, Xia ruofei's eyes lit up.

In the afternoon, Wu Liqian left San Shan. Xu Yougang and the others also began to keep an eye on Liu haojun. The show was just about to start.

If this was the second half, then Liu haojun was too arrogant in the first half and touched Xia ruofei's bottom line. In the second half, Liu haojun was not in control.

.....

At two in the afternoon, Xia ruofei drove to Sanshan airport alone.

Wu Liqian's flight took off at 3:30 pm. Xia ruofei had plenty of time when he left, but he was stuck in a traffic jam on his way out of the city. He had to take a long detour, so he was a little late when he

arrived at the airport. Fortunately, he was not too late. Wu Liqian had just sent Xia ruofei a WeChat message and she had just arrived at the airport.

When Xia ruofei parked the car, his eyes swept over an unremarkable van not far away. He could not help but frown.

Although the screen of the van was dark, Xia ruofei could still see Xu Yougang sitting in the van.

He didn't get out of the car. Instead, he took out his Nokia phone and dialed Xu Yougang's number.

"Boss!" Xu Yougang said calmly.

"What's the situation? Why are you guys at the airport?" Xia ruofei asked, frowning.

Xu Yougang, who was in the van, was slightly shocked. He immediately looked around.

Xia ruofei said, "you don't have to look. I'm in your Seven o'clock direction. I just came to the airport to see off a friend."

Xu Yougang was speechless. He did not expect Xia ruofei to have such a sharp eye. There were so many cars in the parking lot, and he did not report their license plates, models, and other information to Xia ruofei, but Xia ruofei was able to discover him hiding in the car.

Xu Yougang had always heard from Lei Hu that Xia ruofei was very good in the Army. At first, Xu Yougang did not have a concept of it, but today, Xia ruofei had given him a very deep impression.

Xu You just woke up and quickly said, "Boss, we followed the target to the airport. Liangzi is in the lobby, I'll stay in the car to support."

"He's at the airport?" Xia ruofei frowned and asked.

The first person that came to Xia ruofei's mind was Wu Liqian. His eyes turned cold and he said, "I know. You guys follow the plan. I'll go in first ..."

With that, Xia ruofei hung up the phone and kept it. He opened the car door and walked quickly to the departure hall of the airport.

Liu haojun was standing across from Wu Liqian, looking a little upset.

Wu Liqian's face was frosty. She frowned and said, "Liu haojun, what are you trying to do?"

Liu haojun gritted his teeth. "Deputy Mayor Wu, it looks like I've underestimated you ... I didn't expect you to have this ability. You can go to such a training class just like that ..."

Wu Liqian snorted coldly and ignored Liu haojun.

She had kept a low profile about her training. After receiving the notice, she only reported it to the leader. Then, she packed her luggage in the afternoon and asked the driver to drive her over.

He didn't expect Liu haojun's nose to be so sharp. Not only did he find out immediately, but he was also like a dog – Skin plaster that couldn't be shaken off. He directly drove the car over.

“Do you think that I can’t do anything to you now that you’re in the capital?” Liu haojun sneered. You can’t be that naïve, right? Don’t forget where I’m from! The capital is my base!”

“Liu haojun, what are you trying to do?” Wu Liqian glared at Liu haojun. “Do you still have the bearing of a leader? You’re just a hooligan!”

Liu haojun chuckled, “I’m a Rascal!” Wu Liqian, let me put it this way! None of the women that I, Liu haojun, have ever been able to escape from my grasp! You will be no exception ... Don’t worry, aren’t you going to Beijing for two months? I’ll make your life for the next two months quite exciting!”

Wu Liqian’s expression changed slightly. She now knew Liu haojun’s family background was terrifying. If Liu haojun was determined to make things difficult for her, she would not be able to live in peace even if she went to the capital.

Perhaps Liu haojun didn’t dare to go back to the capital, but his friends were all well – known figures in the circle of nouveau riches. How could he, a small leader at the bottom level, fight with them?

Chapter 1893: Dog – Skin plaster (2)

She couldn’t possibly trouble Tian Huilan for everything!

Wu Liqian was angry, but when she saw Liu haojun’s smug look, she felt a little nauseated. No matter what, it was better to stay away from this scoundrel.

As for what would happen after they arrived in Beijing, they would just take it one step at a time.

Thinking of this, Wu Liqian looked at Liu haojun coldly and said, “Move! I’m going to the security check!”

Liu haojun stood in front of Wu Liqian and stared at her with bloodshot eyes. “I’ll give you one more chance. Give up this position and go back to Changping. As long as you’re willing to be my woman, I guarantee that you’ll have a smooth life in Changping. How was it? Please consider it!”

A trace of anger appeared on Wu Liqian’s face. She bit her lower lip and squeezed out two words, “In your dreams!”

After that, Wu Liqian dragged her suitcase and tried to bypass Liu haojun to go to the security check.

Liu haojun, however, immediately changed his direction like a street gangster and even reached out his hands to stop Wu Liqian.

He revealed a cold smile and said, “I like women with strong tempers like you! Because to me, conquering with such difficulty gives me a greater sense of achievement! Wu Liqian, you can’t run away. So what if you go abroad, not to mention the capital? As long as I’m willing, I can make you unable to stay in any corner of this world in minutes!”

After saying that, Liu haojun actually reached out to pull Wu Liqian. He even said, “A wise man submits to fate. I think you should return to Changping with me ...”

However, a hand reached out from the side and grabbed Liu haojun’s wrist.

Liu haojun's pulse was locked. He suddenly felt sore and numb, as if he couldn't exert any strength in his body. Then, he felt that the hand was slightly exerting force. He felt as if he was being clamped by a hard and hot iron clamp. A burst of severe pain came from his wrist. He even felt his bones creaking. He couldn't help but scream.

Wu Liqian looked at Xia ruofei, who had appeared in time, in surprise.

Xia ruofei ignored the wailing Liu haojun. He smiled at Wu Liqian and said, "Sister Qian, I'm so sorry! There was a traffic jam on the way, so I'm a little late ..."

"It's fine. It's still early," Wu Liqian said.

Liu haojun used all his strength, but he couldn't break free. He shouted in exasperation, "Quickly release me! You bastard!"

Xia ruofei was expressionless, but he used a little more strength.

Liu haojun suddenly screamed loudly. His entire body was hunched over as he cried out in a trembling voice, "Let go ... Let go ... My hand is going to break!"

Xia ruofei glanced at Liu haojun and handed the bag to Wu Liqian. "Sister Qian, the things I've prepared for you are all inside. Keep them well!"

Wu Liqian knew that the paper bag must contain the jaded skin ointment. She reached out to take it and said softly, "Thank you ..."

While Liu haojun was still cursing, some people had already noticed the small commotion and looked over.

Xia ruofei looked at Liu haojun coldly and said, "If you continue to spew shit, your arm will really break ..."

Liu haojun was like a duck that had its throat clutched. He opened his mouth weakly, but he didn't dare to curse anymore.

As Xia ruofei let go, he gave Liu haojun a light push. Liu haojun immediately staggered back six or seven steps and almost fell on his butt.

Xia ruofei smiled and said to Wu Liqian, "Sister Qian, it's almost time. I'll send you to the security check!"

"These things ... Do we need to do a consignment check?" Wu Liqian asked, waving the paper bag in her hand.

"It's okay. The jaded skin ointment can be brought directly onto the plane." Xia ruofei smiled and said, "let's go!"

"En!" Wu Liqian nodded her head.

The two of them directly treated Liu haojun as air.

Liu haojun gritted his teeth in anger, but he was also scared out of his wits by Xia ruofei. He did not dare to stand in front of Wu Liqian anymore.

He looked at Xia ruofei's back and shouted, ""Do you know who I am?"

Xia ruofei blinked at Wu Liqian and said, ""This child is so pitiful. He doesn't even remember who he is. Did he ... Lose his memory?"

Wu Liqian couldn't help but burst into laughter. She didn't have a good impression of Liu haojun at all. Moreover, the two of them had already fallen out a long time ago, so she naturally wouldn't show any mercy at this time.

Wu Liqian said directly, "amnesia shouldn't be that bad, right?" But ... There might be a problem here ..."

As she spoke, she pointed to her head with her index finger, and her meaning was self – evident.

Some of the onlookers almost burst out laughing when they saw the two of them echoing each other.

Liu haojun's face was red and white, and his eyes were murderous. He shouted with hatred, ""Who are you? Leave your name if you dare!"

Xia ruofei stopped and turned around. ""Weren't you in a hurry to meet me? You don't even know me?"

Liu haojun was stunned for a moment, then immediately came back to his senses. During this period of time, he had been most concerned about the results of attracting investment into Taoyuan pharmaceutical factory. Hence, when Xia ruofei said that, he immediately guessed Xia ruofei's identity.

When he looked at Xia ruofei again, the hatred in his heart grew.

Initially, the peach blossom company had sent people to inspect several other locations at the last minute and refused to meet with him. He was already filled with anger. Now that Xia ruofei had come out to meddle in his business, he naturally hated her more.

"It's President Xia!" Liu haojun said sinisterly, "President Xia, you're such a Big Boss. Don't you know that it's illegal to hit someone?"

"Idiot!" Xia ruofei spat out the word in disdain, then said to Wu Liqian, "sister Qian, it seems that you're right. This guy really has a problem with his head! Ignore him, I'll take you to the security check!"

After that, Xia ruofei helped Wu Liqian with her luggage and the two of them walked towards the nearest security checkpoint.

Liu haojun was infuriated by Xia ruofei's disdainful tone. However, he knew that he was no match for Xia ruofei.

Liu haojun shouted from behind, ""Xia ruofei, you've got guts! Shut down all of your company's businesses in the southeast province if you can! Or else ..."

Xia ruofei stopped in his tracks, turned around and stared into Liu haojun's eyes. "Are you threatening me? I really don't buy it! Not to mention a good – for – nothing like you, even if your Liu family's elders came out, what could they do to me?"

Liu haojun was stunned. He thought that Xia ruofei didn't know about his family's situation. Otherwise, Xia ruofei wouldn't have the courage to be so rude to him.

Xia ruofei looked at Liu haojun and said, ""You don't understand? It's okay if you don't understand. You can ask your brother who runs a Leather Company when you go back, and you'll understand. ""

After that, Xia ruofei ignored Liu haojun and dragged Wu Liqian's suitcase to the security check.

Liu haojun stared at the back of the two people who were getting further and further away, and his expression was uncertain. After a long time, he finally gritted his teeth and took out his phone. He found Liu haofan's number and dialed it.

"Big brother?" Liu haofan was a little surprised.

Chapter 1894: Fear in the heart (1)

Liu haojun glared at Xia ruofei and Wu Liqian in the distance and asked, ""Haofan, let me ask you, do you know the boss of the Paradise Corporation, Xia ruofei? It's the company that's been selling the jade skin cream recently!"

"Big brother, why are you suddenly asking about him?" Liu haofan was very surprised.

"You really know him?" Liu haojun frowned and said, "tell me about this grandson's situation!"

The news of Liu haofan and Xia ruofei competing for the land in Xiaotang town had already spread in the capital. However, Liu haojun had already been demoted to Changping County by that time. Besides, he was Liu haofan's older brother, so no one would mention the embarrassing story of the Liu family to him.

In addition, Liu haojun followed the path of the government, which was completely different from Liu haofan. He didn't care much about Liu haofan's business, so he didn't know that Xia ruofei had already made Liu haofan suffer in the capital.

Naturally, Liu haofan was unwilling to take the initiative to mention such a shameful thing.

Therefore, Liu haofan didn't give a direct answer. Instead, he asked, ""Big brother, what's The Grudge between you and Xia ruofei?"

Liu haojun explained how the Paradise Corporation was originally planning to invest in Changping County, but after they learned that he was the one leading the negotiations, they immediately went to investigate other places.

He didn't mention anything about Wu Liqian. After all, he had left the capital in a sorry state because of his lifestyle. After coming to Changping, he had returned to his old ways. The key was that he had repeatedly hit a wall in front of Wu Liqian. He really didn't have much face to show.

Liu haojun said, "originally, if I had won this investment project, my work in Changping would have been smooth. I just had to work hard for a year or two. It would be very easy to return to Beijing and get a

proper job!” This grandson just had to go against me and block my future! You tell me, should I punish him or not!”

“Big brother, this matter ... I advise you to be a little more careful!” Liu haofan frowned slightly and said.

“What are you saying!” Liu haojun said, “he’s just a local boss of a small company. I can deal with him with just a word.”

“Big brother, don’t blame your little brother for speaking out of turn!” Liu haofan said, “this Xia ruofei is not as simple as he looks. You haven’t been getting to know the situation in Beijing for the past few months. This guy is quite famous in our circle now ...”

“Oh? Could it be that this grandson is someone’s illegitimate child?” Liu haojun laughed weirdly. “I don’t remember a Big Boss with the surname Xia ...”

Liu haofan cursed under his breath and almost hung up the phone. ‘You’re the one who likes this. Do you think everyone is like you?’ Illegitimate child ...

However, they were still blood – related after all. Since Liu haofan knew about this situation, he definitely had to remind Liu haojun. Otherwise, if Liu haojun were to really get into a bad situation, his family would definitely not spare him.

“Big brother, I’ll put it this way!” Liu haofan said. This kid has connections with the song family and is very close to song Rui, Zhao Yongjun, and the others. They’re as close as if they’re wearing the same pair of pants!”

“I’m not even afraid of that little B * stard song Rui, why should I be afraid of his little follower?” Liu haojun said in disdain.

“Let me finish!” Liu haofan said, “if it’s just a relationship between the younger generation, it might be nothing. But this Xia ruofei is not that simple. I heard that even elder song admires him a lot. Every time he comes to the capital, elder song will meet him ...”

“Fuck!” Liu haojun couldn’t help but curse. “Really? Don’t tell me it’s just a rumor in the circle?”

“You don’t have to care if it’s true or not. I’ve already told you everything. It’s up to you whether you believe me or not.” Liu haofan was finally a little impatient. “Big brother, I advise you not to use force on this matter. It’s best to take a roundabout way. You’re not fighting alone in the southeast province. Maybe we can coordinate with our people and this matter can still work out! Anyway, it didn’t matter where they invested. At most, he would give them more preferential policies! He doesn’t have any irreconcilable enmity with us, so he won’t go so far as to fight us to the death!”

Liu haofan thought to himself, “if we’re talking about losses, I’m the one who’s at a disadvantage. He’s the one who’s at a huge advantage!”

Liu haojun fell into silence. After a while, he said, “Alright, I understand, haofan. Thank you for telling me all this. I’ll treat you to a drink when I get back to the capital!”

“We’re all one family, big brother doesn’t need to be so polite. ” Liu haofan said with a smile.

Family ties were usually very indifferent in the rich and powerful. Liu haojun and Liu haofan did not have any feelings for each other, so the two of them naturally did not have much to talk about. They hung up the phone very quickly after they finished talking about business.

Liu haojun looked at Xia ruofei and Wu Liqian. He noticed that they did not go to the security check. Instead, they went to the check – in counter. There was a middle – aged man in a suit talking to Xia ruofei warmly.

He looked deeply at Xia ruofei’s back, gritted his teeth, turned around, and left the hall without looking back.

Liu haojun didn’t notice that in the crowd at the airport departure hall, an ordinary – looking young man was quietly following him from a distance. There was also a young man in a white T – Shirt standing next to the trash can at the entrance of the hall. He had a Bluetooth headset and seemed to be listening to music. The young man also stubbed out his cigarette and walked directly to the opposite parking lot.

Chapter 1895: Fear in their hearts (2)

.....

The person who was talking to Xia ruofei was yang Wanxin, the Vice President of the airport Group, whom he had met once during the flight test of the business jet.

It could be said that yang Wanxin had a deep impression of Xia ruofei. Not only was Xia ruofei in the limelight recently, but his rise to fame was also because of the major events in the aviation industry. More importantly, Xia ruofei had such a close relationship with the Super – rich Li Yifu. Even the public jet that was still under the Kyushu group’s name was now parked at San Shan airport. The Kyushu group had directly rented an exclusive hangar. Yang Wanxin heard that this public jet was specially used to serve Xia ruofei.

A plane that was worth hundreds of millions was just given to Xia ruofei for free. There were also a lot of additional costs, including the crew’s salary, airport rent, management fees, aircraft maintenance fees, and so on. One could imagine how important Xia ruofei was to Li Yifu.

Therefore, when yang Wanxin saw Xia ruofei from afar, he immediately took the initiative to come over and greet him.

When he found out that Xia ruofei was sending a friend to the plane, yang Wanxin immediately asked Wu Liqian about her flight and class.

As a member of the Standing Committee of the county party Committee, Wu Liqian could travel by plane, but she could only claim the expenses of the economy class, so she naturally booked the economy Class.

“President Xia, County Head Wu, please wait for the security check. Please follow me to the check – in counter,” yang Wanxin immediately said.

Xia ruofei thought that yang Wanxin was going to arrange for a VIP staff member to take Wu Liqian through the security check at the VIP passage. Actually, there was still plenty of time. Since the security

checkpoints were open, there weren't many people in line. Xia ruofei didn't think it was necessary, but he couldn't resist yang Wanxin's enthusiasm. At last, he exchanged a look with Wu Liqian and followed him.

Xia ruofei's mind power had been locked on Liu haojun. When he left, Xia ruofei did not even turn his head but he knew it clearly. Even Zeng Liang and Zhang Aijun, who were following Liu haojun, could not escape his detection.

He believed in the abilities of Xu Yougang and the other three. Unless Liu haojun was as clean as a piece of white paper, he would definitely give himself away.

As long as they had enough ingredients, there would be many possible choices for the next step. The initiative was completely in Xia ruofei's hands.

Xia ruofei looked through the glass in the lobby and saw the van parked in the opposite parking lot. Then, he quickly looked away.

At this time, the three of them had arrived at the check – in counter. The staff saw yang Wanxin and quickly stood up to greet him.

Although the check – in staff at this counter was a staff member of Heron Island Airlines and strictly speaking, he wasn't under the jurisdiction of the airport. However, the airline rented this counter and yang Wanxin was a senior executive of the airport Group. As an ordinary check – in staff, he naturally didn't dare to neglect him.

Yang Wanxin told him Wu Liqian's flight number and asked, ""Check if there are any empty seats in the business class and first – Class cabin!"

It was obviously not the first time the staff member had to deal with such a situation. He immediately entered the flight number on the computer and checked it. Then he looked up and said, "Mr. Yang, there are still empty seats in the first class and business class."

"I'll get this lady to first class!" Yang Wanxin nodded.

Then, he said to Wu Liqian with a smile, ""County Head Wu, could you please provide your boarding pass?"

Wu Liqian was stunned for a moment and quickly said, ""President yang, there's no need to upgrade! It's only a two – hour flight, so Economy Class will do!"

"Mr. Yang," Xia ruofei said tactfully, "sister Qian is traveling for official business. It's over the limit to take the first class!"

Before yang Wanxin could speak, the staff member explained with a smile, ""Sir, Madam, we're upgrading your cabin for free. There's no cost and we won't change your itinerary, so there's no impact on your subsequent reimbursement."

"Free of charge?" Xia ruofei was stunned.

He knew that since yang Wanxin had helped with the upgrade, Wu Liqian definitely wouldn't have to pay for the cost. However, if the itinerary was changed to first – Class, Wu Liqian wouldn't be able to

claim the ticket, which meant that she would have to pay for the cost of the economy Class. The flight was only two hours long, so it wasn't worth it.

If it was Xia ruofei himself, he would not care about such a small amount of money. In fact, when he went on a trip, he had basically booked a first – Class ticket. However, this involved Wu Liqian's future reimbursement, so he had some concerns.

Yang Wanxin smiled and explained, "director Xia, County Head Wu, unless it's peak travel season, the airline's tickets are rarely sold out, especially the relatively expensive first – Class seats. There are often empty seats. These resources are idle, so the airline will use these resources to provide free upgrade services for high – Quality passengers. This is completely in line with the regulations."

In fact, those who could enjoy a free upgrade were generally regular travelers or Platinum customers of some banks. Of course, there were also ordinary passengers who were sometimes hit by a pie that fell from the sky, but this situation was very rare.

After Yang Wanxin's explanation, Xia ruofei thought for a while and didn't try to be pretentious. He smiled and said, "In that case, thank you, President yang!"

Chapter 1896: Fear in the heart (3)

"Thank you, Mr. Yang!" Wu Liqian also said.

"You're welcome! You're welcome! It's no trouble at all!" Yang Wanxin chuckled and said, "President Xia is a big customer of our airport. It's our duty to provide you with the best service!"

Wu Liqian handed the itinerary to the flight attendant and looked at Xia ruofei strangely. She could not understand why Xia ruofei had become a big client of the airport. Did his company have any business dealings with the airport?

Could it be that the airline's side dishes were all Taoyuan vegetables? Wasn't this too extravagant? Besides, the production capacity of Tao Yuan farm couldn't reach that! Wu Liqian couldn't understand.

Xia ruofei did not explain too much to Wu Liqian. The staff on duty quickly completed the upgrade procedures and stamped Wu Liqian's boarding pass with a special stamp for the upgrade.

After that, the check – in staff took the initiative to arrange for a VIP ground service and led Wu Liqian directly through the empty VIP passage to go through the security check.

Wu Liqian stood in front of the yellow prohibition line and said to Xia ruofei, "Ruofei, thank you ... For this!"

Xia ruofei smiled and said, "sister Qian, you don't have to be so formal with me. You don't have to think about anything. Just focus on your training when you go to the capital. Don't worry about things in Changping!"

Wu Liqian opened her mouth and hesitated for a moment before saying, "Ruofei, you have to be more careful when dealing with Liu haojun. He doesn't play his cards according to common sense, and his style is very overbearing ..."

"Yes, I will!" Xia ruofei nodded as if he had learned something.

Wu Liqian rolled her eyes at Xia ruofei and said, "Alright! Don't play dumb with me, I know you didn't take it seriously!"

"How can that be? I'll definitely remember County Head Wu's instructions!" Xia ruofei said with a smile.

"You're so glib!" Wu Liqian glanced at Xia ruofei and said, "I'm going in. Remember, don't be impulsive. Think twice before you act!"

Xia ruofei nodded and said, "don't worry, sister Qian!" I will definitely remember your words! Oh right, I heard that Liu haojun threatened you just now. Don't worry, I have a few brothers in Beijing, and they're no worse than Liu haojun! If you have any problems, you can go to them directly. They will definitely do their best to help you! I'll send the contact information to your WeChat later!"

Wu Liqian's heart felt warm and she said, "yes!" I know ..."

She couldn't bear to see Xia ruofei for two months. She couldn't help but say, "Ruofei, if you're going to the capital, remember to come and find me!"

"I will!" Xia ruofei smiled and said, "I'll be going there soon. Please come to my house then!"

"Your family ..." Wu Liqian was stunned for a moment, then she giggled and said, "I almost forgot that you have a big rich man's courtyard in Jing city. I'll remember what you said. If you dare to forget, don't blame me for not being polite to you!"

"No, it won't!" Xia ruofei smiled. "Sister Qian, it's almost time. You should go in ..."

The two of them waved goodbye at the airport. Xia ruofei watched as Wu Liqian's figure disappeared from the VIP waiting room. Then, he turned around and walked out.

At the parking lot.

Xu Yougang's van was no longer in the parking lot. He must have left the airport with Liu haojun.

Xia ruofei didn't call Xu Yougang again. Anyway, the task had been handed over to them. He didn't ask about the process but only the results.

Xia ruofei found his Knight XV and left the airport.

Since it was already two in the afternoon, Xia ruofei did not make another trip to the city. Instead, he returned to Taoyuan farm.

.....

On the airport Highway, Liu haojun's crown car was driving smoothly. His expression was a little ferocious.

With his temper, Xia ruofei had disrespected him time and time again. He would have used all means to deal with Xia ruofei.

However, Liu haofan's words made him waver.

Even though he didn't care about them, just Zhao Yongjun, Song Rui, and the others were enough to make Liu Haojun afraid, especially Zhao Yongjun, who was very famous in the circle. Although his family background wasn't as prominent as Song Rui and Liu Haofan, Liu Haojun didn't dare to look down on him at all.

In fact, Zhao Yongjun, Song Rui, and the others had formed a strong circle of connections. This circle supported Xia Ruofei, so Liu Haojun could not use his familiar methods on Xia Ruofei.

However, it was impossible for him to swallow this.

Liu Haojun was the kind of person who would seek revenge for the smallest grievance. The superior environment he grew up in had led to a flaw in his personality. He could not tolerate others being disrespectful to him.

Liu Haojun's hand unconsciously tapped on the armrest of his chair. He couldn't think of a reliable way to deal with Xia Ruofei at the moment. In the end, he returned to the project. Liu Haojun dreamed of getting that project and turning it into a shining achievement.

Therefore, Liu Haojun couldn't help but think of Liu Haofan's suggestion.

After much consideration, he finally took out his phone and dialed a number.

As soon as the call connected, Liu Haojun said enthusiastically, "Uncle Fan! I'm Haojun! How have you been recently? It's like this, I have something to report to you. I don't know if it's convenient for you ... Okay, okay! Then I'll come to your office now ... Uh – huh! I won't leave until we meet!"

After hanging up the phone, Liu Haojun said to the driver, "Change to the provincial government!"

"Okay, Secretary Liu!" The driver replied respectfully.

Liu Haojun and the driver did not notice that they had been watched for a long time.

Xu Yougang and the other three used two cars. One was the inconspicuous van that Xia Ruofei had seen, and the other was a black Jetta. The two cars had been modified by them. The van was large and had a lot of equipment.

Xu Yougang's tracking skills were very good. They did not follow him closely, but followed him from a distance with a few cars between them. They also changed positions from time to time to avoid being noticed by the experienced drivers.

Liu Haojun's car was supposed to enter the ramp and exit the highway when they arrived at Changping exit. However, the car did not slow down at the exit, nor did it change lanes. Instead, it drove straight ahead and continued in the direction of the city.

"Wang Chong, record this down!" Xu Yougang turned around and said. At 14:38 p.m., The target did not return to Changping County as planned. He is currently driving in the direction of the main city. "

"Understood!" Wang Chong immediately jotted down the information in his notebook.

Chapter 1897: An inkling (1)

Wang Chong's speed of recording was extremely fast, and the book was filled with strange combinations of symbols and numbers. Even if this book was lost or picked up by someone else, it was impossible for them to understand the contents of the book. Only Xu Yougang and the others could grasp the patterns of these symbols.

The two cars followed Liu haojun's car into San Shan city.

Liu haojun's car drove straight into the provincial mansion's compound. No matter how powerful Xu Yougang and the others were, it was impossible for them to follow him into the heavily guarded compound. They found a relatively hidden place not far away, but they could still see the provincial mansion's Gate. They stopped the car by the side.

Wang Chong had also recorded the time Liu haojun entered the courtyard, but he didn't know who he was meeting.

.....

Half an hour later, Liu haojun came down from the office building in high spirits.

He had gained a lot from this trip to the provincial government. Although "uncle fan" didn't give him any guarantees out of professional habit, he provided him with a seemingly reliable solution. At least, in Liu haojun's opinion, there was still a lot of hope for the project to introduce Taoyuan pharmaceutical factory.

Liu haojun had buried his hatred for Xia ruofei deep in his heart. He only wanted to settle the project first. When Taoyuan pharmaceutical factory was really in Changping, it would be easy for him to control Xia ruofei with such a big business.

Even if he were to take a step back and let Xia ruofei off for the time being, allowing the construction and construction of the Tao Yuan pharmaceutical factory to go smoothly, it wouldn't be a loss to him. On the contrary, the more successful Xia ruofei's pharmaceutical factory was, the more political returns he would receive. Every cent that Xia ruofei's pharmaceutical factory earned was an achievement for him.

It could be said that as long as the pharmaceutical factory project was settled in Changping, Liu haojun would be in an invincible position.

The driver drove the car to the front of the building. After Liu haojun got in the car, he let out a long breath, as if he wanted to vent out all the depression he had been feeling these days.

"Secretary, where should we go next?" The driver asked respectfully.

"Back to Changping!" Liu haojun said.

"Yes!"

The car started slowly and drove out of the courtyard.

Liu haojun leaned against the soft seat and closed his eyes to rest. Wu Liqian's figure appeared in his mind from time to time.

Sometimes, men were like this. The more they couldn't get something, the more they wanted it.

Wu Liqian's resistance to him made him feel like his heart was being scratched. On this matter, his mentality had already developed in a serious direction of imbalance.

Wu Liqian was far away from the capital, so Liu haojun couldn't launch an "attack" on Wu Liqian in a short time. It was because of this that the frustration in his heart didn't reduce much after the meeting with uncle fan today.

On the contrary, he felt a ball of fire burning in his heart. If he didn't vent out this ball of evil fire, he felt that he would be suffocated.

Liu haojun frowned and thought for a moment, then suddenly said, "Old Zhou, I'm not going back to Changping. Send me to the West Lake Mansion!"

"Yes, Secretary!" The driver, old Zhou, said.

Old Zhou was brought over by Liu haojun from Beijing. He had been working for the Liu family for a long time and was loyal to the Liu family. Liu haojun basically did not avoid him in many matters.

In fact, Lao Zhou was still paid by the Liu family. He was only responsible for driving Liu haojun in Changping County. He was not under the jurisdiction of the government vehicles and was basically Liu haojun's private driver.

Of course, this was not in line with the regulations. However, everyone turned a blind eye to such a small matter. They would not nitpick and ask Liu haojun to rectify it.

Even though old Zhou had only been in the southeast province for a few months, he was still very familiar with the places that Liu haojun frequented.

The West Lake Mansion was a place that Liu haojun visited very often. After Lao Zhou drove out of the provincial mansion compound, he turned the car left with ease and drove in the direction of the West Lake Mansion.

West Lake Mansion was the name of one of the high – end buildings in Sanshan city. It was located next to West Lake Park in the heart of Sanshan city. The price of the second – hand houses in this building far exceeded the price of a new plot of land in the same area. Whether it was its geographical location or natural environment, there was nothing to be picky about. Even the plot of land was very good. It was suitable for a primary school directly under Sanshan city that had been in the top three in the city for a long time.

When the average price of real estate in Sanshan was only about 10000 Yuan, the average price of this building was already close to 20000 Yuan. With the rapid growth in the past few years, the real estate price in Sanshan city had reached about 30000 Yuan. The price of a second – hand house in West Lake Mansion was more than 50000 Yuan per square meter. It was definitely a high – end high – Quality real estate.

Xia ruofei's deduction was also very accurate. A person like Liu haojun would never have a pure heart and few desires. He would never live an ascetic life. A dog would never change its habit of eating shit.

In fact, Liu haojun already had a woman not long after he arrived in the southeast province. For this reason, he even bought a penthouse apartment in the West Lake Mansion so that he could have a quiet, private, and very safe place to have fun when needed.

Xu Yougang and the others naturally followed him immediately.

In the car in front, Liu haojun didn't avoid the driver, old Zhou. He took out his phone and dialed a number. "Where are you? If there's nothing else, then get off work earlier! I'll be waiting for you at the West Lake Mansion!"

.....

On the City Channel of Sanshan TV station, the female host, Fang Chenchen, had just finished recording an episode of the show and was removing her makeup in the dressing room. When her phone rang, she asked the makeup artist to stop and took the phone to the bathroom to answer the call.

Chapter 1898: An inkling (2)

After hanging up the phone, Fang Chenchen sighed. When she returned to the dressing room, she said, "Sister Ling, be quick. I have something urgent to attend to later, so I have to go first ..."

"Alright!" The makeup room replied.

After removing her makeup, Fang Chenchen tidied herself up and hurriedly took the elevator down with her bag. She found her red beetle car in the underground parking lot of the TV station and quickly drove away in the direction of the West Lake Mansion.

Along the way, Fang Chenchen's feelings were a little complicated. She hated herself for being vain, but at the same time, she kept telling herself that her current life was something she had never dared to imagine before. If she could endure it for another one or two years, she would be able to get a luxurious mansion in the West Lake Mansion.

The two voices kept clashing in her heart.

Fang Chenchen and Liu haojun's meeting was a coincidence, but it was also inevitable.

A few months ago, Fang Chenchen was still a foreign reporter at the TV station. She was busy running around every news site and often had to work overtime to write scripts. Her life was very hard.

Not long after Liu haojun took office, Fang Chenchen came to Changping County for an interview. It was her first time meeting Liu haojun, who was representing the county at the event.

Her beautiful face and alluring figure made Liu haojun's eyes light up, so she became the envy of many reporters. After the event ended, Qianqian got the opportunity to interview Liu haojun.

This encounter had completely changed the trajectory of Fang Chenchen's life.

The two of them exchanged contact information, and Liu haojun had been contacting Fang Chenchen frequently since that day.

At first, Fang Chenchen did not think too much about it. Although she knew that Liu haojun was definitely interested in her, she did not show any signs of rejection. Even though she already had a family and a four – year – old child, she still wanted to change her life.

Of course, Fang Chenchen did not have the intention to betray her husband and family from the start. She wanted to maintain this ambiguous relationship and use Liu haojun’s influence to change her current situation.

However, if Liu haojun had his eyes on her, how could Fang Chenchen escape his grasp?

Fang Chenchen did not even dare to imagine that Liu haojun would do anything to achieve his goal.

She had taken her first step after a dinner three months ago.

That day, Liu haojun had organized a dinner party. Other than Fang Chenchen, the other people who attended were all from some of the powerful departments in the city and province. There was even a young division Chief who had come from the capital for a business trip.

That was also the first time Fang Chenchen had seen Liu haojun’s power. At the dinner, those higher – ranking leaders, including the division Chief of the capital’s Ministry, were very friendly to Liu haojun. They did not address him as “Secretary Liu” but “young master Liu” instead. Liu haojun was the center of attention.

From the conversations of those people, Fang Chenchen guessed for the first time that Liu haojun was from a big family in Beijing, which was the legendary “xxx party.”

That night, Liu haojun had repeatedly asked the higher – ups to toast Fang Chenchen, and she had drunk a little too much in no time.

After the meal, Liu haojun naturally took on the task of sending Chenchen home. Furthermore, he did not send Fang Chenchen home at all. Instead, he went straight to a five – Star hotel nearby and checked in.

Although Fang Chenchen had drunk a little too much, her mind was still relatively clear.

She knew very well what was going to happen next. When Liu haojun helped her into the room, she was a little hesitant, but when she thought of her plain and simple life and Liu haojun’s high – spirited look at the dinner, her last bit of hesitation disappeared.

Everything happened naturally under Fang Chenchen’s half – push and half – Agreement.

Liu haojun seemed to be particularly fond of wives like Fang Chenchen. That night, he had performed beyond his usual standards.

That was also the first time Fang Chenchen had stayed out all night. However, her honest husband was easy to fool. Just as the two of them were fighting, her husband even called to ask about it, but she dismissed him with a few words. She said that there was an urgent manuscript at the station and she might have to work overtime until very late, so she went straight to the office to sleep. Her husband even kept reminding her to rest and not tire herself out.

Liu haojun was already getting impatient. Fang Chenchen quickly dismissed her husband with a few words and hung up the phone. Otherwise, she was really worried that she would not be able to hold back and make that kind of sound.

The next morning, Liu haojun went straight to the point and laid out his conditions for Fang Chenchen, saying that he wanted to provide for her.

Liu haojun's conditions made it impossible for Fang Chenchen to reject Qianqian's 100000 Yuan monthly pocket money and a penthouse apartment in West Lake Mansion worth more than three million Yuan. Of course, the house was under Liu haojun's name. He said that as long as Fang Chenchen accompanied him until he was transferred back to the capital, he would transfer the house under Fang Chenchen's name before he left.

What made Fang Chenchen unable to refuse was that Liu haojun had also made it clear that as long as Fang Chenchen followed him, he would spare no effort in helping her in her career.

Fang Chenchen agreed without much hesitation.

Liu haojun's promise was fulfilled very quickly. Other than the fact that the house was ready, she received 100000 Yuan in her account on the same day.

Moreover, as soon as she returned to the station, Fang Chenchen was informed that she had been transferred from the reporters 'Department to a Festival Group to be a female anchor.

For Fang Chenchen, who used to be a broadcasting host, being a reporter was never a job she wanted. She enjoyed the feeling of being on the broadcasting platform more.

Chapter 1899 An inkling (3)

Not long after, Fang Chenchen replaced another female anchorwoman and became the anchorwoman of a popular show on the City Channel. In just a few months, she had gone from an unknown foreign reporter to a "Grand turn" to a pillar of the City Channel.

Fang Chenchen could be considered the "number one" of the City Channel now. The budget for the festival team was constantly increasing, and all kinds of publicity were also given full support. There was a team of seven or eight people just for the makeup artists and designers who served her, and her salary and bonus had also doubled.

It could be said that Fang Chenchen's life had changed dramatically.

On such days, Fang Chenchen's vanity was greatly satisfied, especially when she saw some streamers who did not even look at her in the past. When they saw her, they had to respectfully call her "sister Chenchen". She felt an indescribable sense of carefreeness.

Of course, at the same time, Fang Chenchen also felt a little guilty.

Her husband was an engineer in the Environmental Protection Bureau of the Zhong Lou District. He was just a career editor. This honest man doted on her like a treasure. They also had a lovely daughter who was four years old and had just started kindergarten.

Especially Liu haojun, who was very domineering. When he needed it, he would call Fang Chenchen over with a phone call, just like today, and Fang Chenchen had no reason to refuse.

Sometimes, when Fang Chenchen was at home, or even accompanying her child, Liu haojun would give her a call and she would have to make up an excuse to go out.

Fang Chenchen's husband was an honest man. Furthermore, after Fang Chenchen changed her anchor, her work had indeed become busier, so she had never given it much thought.

However, Fang Chenchen still felt like she was walking on thin ice.

While she was driving, her husband, Liu Dong, called.

Fang Chenchen felt a little guilty, but she quickly pressed the button on her Bluetooth headset and answered the call. "What's wrong? I'm busy!"

"Chenchen, my mom said that she hasn't been feeling well for the past two days. I want to go and visit her after work." Liu Dong said, "can you find some time to pick up Mengmeng?"

Fang Chenchen furrowed her brows and said, "I'm too busy with work here, I can't leave!" You can go pick up Mengmeng and then go to mom 's!"

"I see! "Alright then ..." Liu Dong said.

"Don't forget to help her finish her work!" Fang Chenchen reminded him, "the teacher informed me in the group today!"

"Don't worry!" Liu Dong said.

Liu Dong was in charge of all the handicraft work in the kindergarten, so Fang Chenchen basically did not have much free time.

"If there's nothing else, I'll hang up first. I'm busy here!" Fang Chenchen thought for a while and added, "Oh right, I might have to work late again tonight. If it's too late, I'll just sleep in the office. Don't wait for me ..."

"I see!" Liu Dong said dejectedly. Okay then ... By the way, do you need me to prepare some supper for you?"

Fang Chenchen quickly said, "don't worry about this!" Just keep Mengmeng in check! If I'm hungry, I'll order takeout myself! I'm driving, and I'll be recording an outdoor shoot later!"

"Oh, oh! Alright, alright! Be careful when you drive!" Liu Dong Hung up the phone in a hurry.

Fang Chenchen sighed softly and threw her phone on the front passenger seat. She drove straight into the West Lake Mansion. Her car was already equipped with an owner card, and the checkpoint at the entrance was automatically recognized.

Fang Chenchen did not notice that in a van not far away, behind the dark – colored window, a long – focus lens was pointing at her license plate and pressing the shutter continuously ...

Chapter 1900 Major progress (1)

Naturally, Xu Yougang and Wang Chong did not know that Fang Chenchen was the person Liu haojun wanted to meet. All they did was take pictures and record every car that entered and left the estate.

Zeng Liang and Zhang Aijun drove around the neighborhood to familiarize themselves with the terrain. When they saw Liu haojun's car entering the high – end neighborhood, they knew that this place would be very important for their future work.

This was an instinctual reaction brought about by his job sense.

Xu Yougang paid close attention to the entrance of the community and said, "I have to find out which building and which house he entered ..."

"Squad leader Xu, I have a feeling that the breakthrough point is in this residential area. We must find an opportunity to sneak in!" Wang Chong said with a nod.

"Yeah!" Xu Yougang said. We'll talk about it when liangzi and the others come back. We'll go in at night!"

The security of such a high – end community was definitely very tight. Of course, for professionals like Xu Yougang, it was not too difficult to sneak into the community without being noticed. However, it was too obvious during the day, so it was best to wait until night time.

The two of them stayed in the car for more than ten minutes before the door of the van was pulled open. Zhang Aijun quickly got into the car and closed the door.

"How is it?" Xu Yougang asked.

"Squad leader Xu, we've walked around the area. This residential area isn't very big. There are only three high – rise buildings in total, and there is an exit in the North. After squad leader Zeng sent me here, he went to wait there." Zhang Aijun said.

He then handed a piece of paper to Xu Yougang, who was sitting in the front row, and continued, "We've basically confirmed the surrounding cameras and the general situation of the community. We've drawn a sketch. Squad leader Xu, take a look. As there's no way to enter the district for the time being, the accuracy might not be very high. "

Xu Yougang took the piece of paper and looked at it carefully. Although Zhang Aijun said it was just a draft, it was actually quite detailed. It included the distribution of the three buildings in the community, the location of the property Management Office and other buildings. The focus was on the distribution of cameras around the community. They were all clearly marked out.

Of course, Xu Yougang was not surprised. Zhang Aijun was a soldier that he had trained. Drawing a sketch was a necessary skill for a Scout. Moreover, their troops had higher requirements than the average Reconnaissance Company.

Xu Yougang basically came up with a plan for a night's infiltration through a sketch. Of course, when it came to the actual implementation, it still needed to be further optimized according to the actual situation at the scene.

Just as Xu You was carefully memorizing the sketch, his work phone rang.

The call was from Zeng Liang.

"Liang, what's the situation?" Xu Yougang answered the phone and asked.

"Old Xu, I saw Liu haojun's car leaving from the North exit!" Zeng Liang said, "I'm following behind ..."

"Got it!" Xu Yougang raised his eyebrows and said. We'll continue to wait here. Be careful not to follow too closely, or you'll be exposed! We'll keep in touch if anything happens!"

"Understood!" Zeng Liang answered calmly.

There were two possibilities for Liu haojun's car to leave the community so quickly: One was that Liu haojun was only here to do something, such as picking up something, which took a short time and left with the car. The other possibility was that Liu haojun didn't plan to leave today, so he asked the driver to go back first.

No matter what the situation was, Xu Yougang would not give up on this important target until he was sure. So, the best plan was to let Zeng Liang follow the car while they stayed to observe the situation.

Moreover, Xu Yougang's intuition told him that the probability of the second possibility was much higher.

Zhang Aijun, who was sitting in the back row, immediately said, "Squad leader Xu, I'll go to the North exit and keep watch!"

"En, I'll have to trouble you for a while. I'll have Wang Chong take your place later." Xu Yougang nodded.

Zhang Aijun grinned and said, "I'm fine!" This isn't tiring!"

Xu Yougang smiled. "I think Liu haojun hasn't left this community yet. We have to be prepared to stay up all night. We'll take turns to go back to the car to rest!"

"Alright! Squad leader Xu, squad leader Wang, I'll go first!" Zhang Aijun said.

Xu Yougang's feeling was right. After about 40 minutes, Zeng Liang called. "Old Xu, the target is not in the car. This car went straight back to Changping, and the driver didn't drive the car back to the mechanical fleet, but to a three – Star hotel in the county. When he got off the car, he was alone. I found a chance to go over and take a look, and there was no one else in the car!"

"It's expected!" Xu Yougang nodded. Liangzi, you don't have to keep an eye on the chauffeur, just come back! We need manpower here. "

"Old Xu, don't you think it's strange for the driver to enter the hotel alone?" Zeng Liang asked, "do you want me to keep watch here for a while?"

"No matter what's going on with the driver, we just need to keep an eye on the main target," Xu Yougang said with a smile. "We can't afford to be too distracted now since we don't have enough manpower!" And as long as the target hasn't disappeared, the driver will come to pick him up sooner or later!"

Xu Yougang paused and continued, "I heard that his driver was brought here from Beijing, and even his salary is paid by his family. Maybe the driver just booked a long – term room in the hotel to solve the accommodation problem. There's no point in you keeping an eye on him. "
