

Chapter 191: a fleeting glance (1)

Xia ruofei's spirit was lifted. He tried to concentrate and endure the fatigue to continue the investigation. He sensed that a golden light seemed to be shining out of the endless fog, as bright as the stars in the dark night. Although it was only a tiny bit, it seemed to contain endless truth. Xia ruofei had felt this way before. When he had first obtained the spirit map space and was carefully observing the nameless plant, he had also had a vague feeling as if he had seen the truth of heaven and earth. However, Xia ruofei felt that this golden light was many times stronger than the nameless plant. Xia ruofei tried his best to "see" more clearly through the fog, but his spiritual energy was exhausted. Soon, he opened his eyes tiredly and sighed before moving his hand away. Xia ruofei did not realize that the moment he opened his eyes, there was a golden light in his eyes. His gaze seemed to contain countless truths. The golden light flashed and disappeared, and his eyes quickly returned to normal. The whole process happened in an instant. Even if someone was standing right in front of Xia ruofei, he might not be able to detect it. Xia ruofei's temperament had also changed subtly. Xia ruofei had made some progress in the investigation of the stone tablet, but strictly speaking, he had returned with nothing. He knew that the main reason was that his spiritual connection with the spirit map space was not close enough. In addition, his own spiritual power was also insufficient. This could only be improved step by step through constantly evolving the space and absorbing the petals of the strange flower. For a moment, he even wanted to swallow the spirit fruit to improve his mental power and his spiritual connection with the space. This was because he had caught a glimpse of the stone tablet's Secret, and it made his heart itch. Xia ruofei believed that the spiritual fruit would definitely work. But in the end, he suppressed this impulse. That spiritual fruit was very precious, and if he rashly consumed it, it might be a waste of a heavenly treasure. Who knew when it would have a great effect in the future! Even if he wanted to take one to test its effects, he would have to wait until he had harvested more spirit fruits. After inspecting the two spaces, Xia ruofei started to think about the problem of the original space. In the end, he came to a conclusion: When a new dimension appeared, the original dimension might have already evolved to its final form. Even if he continued to upgrade the evolution space, he could only increase the density of the spiritual energy in the space. The area of space and the flow of time had already reached the limit of the original space. Xia ruofei put himself in the shoes of the person who had created the spirit painting and felt that it was not difficult to understand. The original space had different time laws, so the difficulty of supporting its normal operation was definitely higher than the new space. The space's range was naturally limited. Furthermore, there were already eight acres of the area where time flowed at thirty times the normal speed. There was no point in increasing it any further. Hence, Xia ruofei made a bold deduction that the evolution of the original space would stop here and the new space would continue to expand in the future as it evolved. It could even form mountains, rivers, lakes, and even the sea. The small mountain he saw today had obviously grown a lot taller and the small stream had widened. These were all very obvious clues. Xia ruofei turned around and looked at the stone tablet. He was a little unwilling, but there was no other way. He could only wait until the evolution was complete before he tried. One day, I'll be able to unravel all the secrets contained in the stone tablet! Xia ruofei said in his heart. Xia ruofei played with Blackie and the rest for a while and added some dog food to their plates. Then, he left the new space and returned to the original space. He tidied up the remaining truffles from last time. These truffles were not big, and the big ones were all picked out by Xia ruofei and auctioned off. However, there were indeed quite a lot of them. Of course, it

was only relative. The truffles produced in the spirit map space, even the leftovers, were much bigger than the ordinary truffles outside. The two large sorting boxes here were full, and the other large sorting box was almost half – filled. The smallest white truffle in the box was more than 200 grams, and the average was 300 to 400 grams. The black truffle could also reach a weight of two to three hundred grams. Xia ruofei used the scale to measure. There was a total of 18 kilograms of white truffle and 12 kilograms of black truffle. He put the truffles back into the box and left the spirit map space. Although Xia ruofei was in a hurry to upgrade, he did not have much spare money. He had just earned 14 million Yuan and had not even had the time to buy it, but he had already spent 10 million Yuan. In a few days, he would have to spend another 2.2 million Yuan to buy a house and transfer it to another account. This was not including all kinds of taxes and handling fees. The remaining money, together with some money he had saved up before, was only about 2 million Yuan, less than 3 million Yuan. Therefore, he couldn't buy more Jade for the time being. After all, now that he had started a company, he had all kinds of expenses every day, so he had to keep a portion of the funds in hand. Furthermore, Xia ruofei had been thinking about building the staff dormitory. There were only a dozen workers now, and Cao tieshu and the rest were from the nearby villages. This was not a big problem. In the future, when they had more manpower, dormitories would definitely be indispensable. Moreover, ye Lingyun had mentioned to him twice that he wanted to build a dormitory. He wanted to move an entire set of surveillance systems over and move himself over to be in charge of security. After all, this villa was Xia ruofei's private residence. It was only a temporary measure to stay here for now, and it would be inconvenient for him in the long run. Therefore, he could not use a single cent of the money. Fortunately, he had always been making money very quickly. The vegetables and succulent plants could bring him hundreds of thousands of Yuan of income every month. After a month, the supply would increase, and with the addition of Hengfeng group as a new partner, the number would still increase significantly. Therefore, for the time being, the evolution of the space could only be put on hold. The next morning, Xia ruofei received a call from Hengfeng group's San Shan office's manager Zhong. He asked Xia ruofei very politely about the truffle. Xia ruofei said that the truffles would be delivered soon and asked him to pick them up at the farm in the afternoon. After lunch, Xia ruofei left the farm in his car. After more than half an hour, when he drove back, there were three large tidying boxes in the pickup truck. Naturally, Xia ruofei's trip out this time was to deceive people and create the illusion that he had brought these things back from outside. Now that Hu Zi's mother, Lin Qiao, and ye Lingyun were all living together, it was indeed a little inconvenient. As soon as Xia ruofei got out of the car, ye Lingyun came out to greet him. He saw the large tidied box in the trunk and asked curiously, "Brother Xia, What's this?" Xia ruofei smiled and said, "good stuff!" Ling Yun, help me move my things to the garage first. Someone will come to pick them up in a while. Be careful! This thing is too expensive ..." "Alright, don't worry!" Ye linyun agreed. Xia ruofei walked into the villa and was about to pour himself a glass of water when he received a call from manager Zhong, informing him that the car had arrived at the entrance of the farm. Xia ruofei called ye Lingyun out again and asked him to bring the man in. After a while, a small refrigerator Van arrived at the entrance of the villa. Manager Zhong greeted Xia ruofei very politely after he got out of the car. Xia ruofei had dealt with him before. The last time MA Xiong and the others came to San Shan city, this manager Zhong had accompanied them the entire time, so they could be considered acquaintances. The two of them exchanged a few pleasantries before heading to the garage to trade truffles. Ye Lingyun and Lin Qiao followed them with curiosity. When they arrived at the garage, Xia ruofei opened the tidying boxes that ye Lingyun had just moved in. "Manager Zhong, let's take a look at the goods first!" He said with a smile. "Okay, thank you, Mr. Xia!" Manager Zhong said very politely. Then, he stepped forward

and put his hand into the rice in the box. He quickly picked up a piece of white truffle. Manager Zhong showed a surprised expression and looked at it carefully for a long time before putting it down. He then took out a few more pieces, and his expression changed slightly as he said, "I'm sorry, Mr. Xia, I need to make a phone call first!" "Please ..." Xia ruofei said with a smile. After manager Zhong apologized, he took his phone and went to the yard to make a call. Xia ruofei was also confused, not knowing what had happened. He muttered in his heart, could there be a problem with the quality of this batch of truffles? It can't be ...

Chapter 192: A magical deal (1)

Not long after manager Zhong left, he came in with his phone. "Mr. Xia, Chairman MA of our group would like to speak to you." Manager Zhong said respectfully. "Oh, okay ..." Xia ruofei took the phone in confusion. "Mr. MA, Hello!" "Xia Sheng, you're a little unkind!" MA Xiong said as soon as he arrived. Xia ruofei was even more confused. He asked, "What's wrong? Mr. MA, could it be that there's a problem with this batch of truffles?" "There is a problem, a big problem!" MA Xiong said, "xiasheng, every piece of truffle in your batch is bigger than the average truffle on the market. Why didn't you tell me earlier?" Xia ruofei was stunned for a moment before he laughed. "Old Mr. MA, you're here for this? Hey! So what if it's a little bigger! Weren't they all truffles? Besides, it's not that much bigger ..." "How can that be the same?" MA Xiong pretended to be angry. "Xiasheng, I quoted the normal market price the day before yesterday. If I had known that this batch of truffles was so big, would I have quoted such a low price? I, MA Xiong, have always been honest when I do business. You're making me look like an unjust person!" "It can't be that serious ..." Xia ruofei smiled bitterly. "Mr. MA, I didn't see the goods the day before yesterday. I only estimated it ... Besides, the price you offered is already very high. I don't think there's any problem at all!" "No, no, no! Little Zhong just reported to me about the situation, and I think it's necessary to change the price." MA Xiong said, "xiasheng, I think we'll trade for the White truffle at 7000 dollars and the black truffle at 1200 dollars per unit!" Xia ruofei was shocked by MA Xiong's bid. This year was a year of high yield for truffles. The market price of truffles was lower than previous years, but MA Xiong's new bid was almost twice the market price. "No, no!" He quickly said. "Mr. MA, your offer is too high. I'm taking advantage of your company. No, no, no, absolutely not ..." "Xia Sheng, this is definitely a real price. Your truffles are not only of first – Class quality, but their weight and size are also far above average." MA Xiong said, "let's trade at this price!" The voice on the phone wasn't soft, so manager Zhong, ye Lingyun, and Lin Qiao could hear it clearly. They had long been stunned. The buyer kept asking for a higher price, but the seller firmly disagreed. What were these two people doing? Seeing Xia ruofei and MA Xiong arguing over the phone, everyone did not know whether to laugh or cry. This was truly a magical deal ... In the end, the two of them both took a step back and agreed on a price of 6500 dollars per kilogram of white truffle and 1100 dollars per kilogram of black truffle. Xia ruofei hung up the phone and passed it to manager Zhong. He complained, "Manager Zhong, why do you have to report everything? You're a big manager, you should have some opinions! As long as there's no problem with the quality of the truffle, you can just trade directly according to old Mr. Ma's instructions!" Manager Zhong smiled bitterly. "Mr. Xia, you're very understanding. The truffle I saw was different from Chairman Ma's description. Of course, I have to report it. Otherwise, if the old man blames me, I can't bear the responsibility as a small Regional Manager ..." "Forget it, forget it ..." Xia ruofei said helplessly. "Let's just trade according to the new price!" "Thank you for your understanding, Mr. Xia!" Manager Zhong said quickly. Then, he gestured to the staff who came with him to bring over a very accurate electronic scale and began to weigh the truffles. There was also a staff member on the

side who was responsible for recording the weight. Soon, all the truffles in the three large boxes were weighed. "Mr. Xia, there's a total of 18.3 kilograms of white truffle and 11.9 kilograms of black truffle here. This is the detailed data we recorded. Please take a look." Xia ruofei waved his hand and said, "no need to look!" I can trust you ... " "Alright," he said. Manager Zhong quickly calculated and said, "Mr. Xia, the total is 132040 US dollars. Would you like us dollars or Chinese dollars?" "Just pay me in Chinese dollars at today's exchange rate!" Xia ruofei said with a smile. "Alright!" Manager Zhong said. He took out his mobile phone and checked the exchange rate between Chinese yuan and US dollars today. Then, he quickly converted it with the calculator on his mobile phone and said, "Mr. Xia, that's 880574.76 Chinese dollars in total," Xia ruofei smiled and said, "round it down. Give me 880000!" "This ..." "Those peddlers even cut off the odd numbers when doing business! Besides, old Mr MA raised the price by so much in one go. " Xia ruofei smiled and said, "it's decided then! Your Chairman MA will not blame you. " "Then ... Alright! Thank you, Mr. Xia. " Manager Zhong said. Manager Zhong was well prepared. He had brought a wireless point – of – Sale machine with him, so he immediately transferred 880000 Huaxia dollars from the company account to Xia ruofei's bank card. The staff carefully moved the sorting boxes to the small refrigerator car's container outside. Manager Zhong took out a list of goods with detailed information about truffles and asked Xia ruofei to sign it. After Xia ruofei signed the document for manager han, manager han expressed his gratitude and left politely. Xia ruofei watched the refrigerator car leave. Lin Qiao and ye Lingyun also followed them out. Lin Qiao, who witnessed the transaction, was speechless. "Brother ruofei, you sold that little thing for 880000? Is that truffle worth that much?" "To be more precise, high – Quality truffles are very valuable." Xia ruofei smiled and said, "truffles are very rare and almost impossible to cultivate. It's normal for them to be more expensive." "Mm! Brother ruofei is a big tycoon now!" Lin Qiao smiled and said, "it's a business worth millions!" "I'm not a nouveau riche! The truffles were also bought by my friend, so I'm just making a profit from the price difference. " Xia ruofei said with a smile. Xia ruofei could only say that. Otherwise, he would not be able to explain the origin of the truffles. "He's richer than me, anyway!" Lin Qiao said with a smile. "Of course!" Xia ruofei laughed and said, "now you know your brother ruofei's financial strength, right? In the future, if you're short of money, just tell me. You must spend the money you need to spend. Don't let yourself suffer, understand?" "Mm! Thank you, brother ruofei!" Lin Qiao replied sweetly. Just then, Xia ruofei's phone rang. "Hello," he said. "Hello, are you Mr. Xia ruofei?" "I am, Who are you?" Xia ruofei asked. "Hello, Mr. Xia. We're from the wild fun fishing equipment store. Your custom – made fish tank has been completed. Is it convenient for us to deliver it to you today?" Xia ruofei laughed and said, "yo! It was a day earlier! That would be great! Send it over immediately, I'll be home the whole day!"

Chapter 193: The Red Dragon moving house (1)

"Brother ruofei, what did you order?" Lin Qiao asked curiously. "I ordered a fish tank two days ago. I'm going to keep some ornamental fish to liven up the house." Xia ruofei said with a smile. "Oh, I'm not interested ..." Lin Qiao stuck out her tongue. The little girl grew up by the sea and had seen countless fish, so she didn't really have much expectations for ornamental fish. Xia ruofei knew that Lin Qiao must have thought that he was going to keep the ordinary ornamental fish that were sold in the market. He just smiled and didn't explain. More than an hour later, ye Lingyun, who was patrolling the farm with lightning, called Xia ruofei and told him that a small truck had arrived. It was a delivery from the wild fun fishing equipment store. Xia ruofei asked ye Lingyun to let the truck in and went downstairs to wait. In a short while, the white van arrived at the villa's courtyard. The three workers got out of the car, and the driver took out a bill of goods and asked, "Which one of you is Mr. Xia ruofei?" "I am." Xia ruofei

stepped forward and said with a smile, "the fish tank is here? Everyone, you've worked hard!" "It's not hard, not hard." The driver said, "Mr. Xia, may I know where you are going to put your fish tank?" "Oh, it's the living room on the first floor. Just come in." Xia ruofei said. "Alright," he said. The driver and three workers immediately opened the carriage door and carefully unloaded the custom – made fish tank from the carriage. Ye linyun was surprised to see such a big fish tank. "Brother Xia, what kind of fish are you raising? Why did you get such a big fish tank?" Ye linyun asked. "Red Dragon." Xia ruofei smiled and said, "the two fish that I have my eyes on are bigger. You'll know when I bring them back." Xia ruofei then led the workers into the house and instructed them to place the fish tank next to the TV background wall and against the wall in the living room. The fish tank, which was nearly three meters long, occupied more than half of the wall. Below the fish tank was a black piano – painted cabinet. It was made into one with the fish tank, and the color of the sides of the fish tank was the same. Of course, the cabinet did not have a storage function. There was a complex filter system inside, which was directly connected to the fish tank above. After the workers placed the fish tank in place, they started to connect the wires and test it. After the lights and filtering system were confirmed to be normal, the driver asked Xia ruofei to sign on the bill of receipt for confirmation. Xia ruofei signed and took out his wallet to pay for the fish tank. After the driver checked everything, he shook Xia ruofei's hand and said, "Thank you, Mr. Xia. If you have any problems with the fish tank in the future, you can call us directly. We will provide free warranty for the next three months." "Alright, thank you for your hard work." Xia ruofei said with a smile. As soon as the delivery workers left, Lin Qiao, who was doing her winter vacation homework upstairs, heard the noise and came downstairs. When she saw the Super long fish tank in the living room, she couldn't help but ask in surprise, "Woof! Brother ruofei, why did you get such a big fish tank? How many fish do you want to keep?" "Just two!" Xia ruofei said with a smile. "Why did you get such a big fish tank for two fish? This ... It's more than enough to raise 20, right?" Lin Qiao's eyes widened exaggeratedly. "Aren't you afraid that they'll get lost in the fish tank?" "You little girl, you're exaggerating ..." Xia ruofei laughed. "You'll know when I bring the fish back!" "Okay ..." Lin Qiao stuck out her tongue mischievously. Xia ruofei went back to his room first. He locked the door and windows, took out the spirit map scroll, and entered the original space. Xia ruofei took out two of the largest tidying boxes and went to the spatial spirit pond. Each box was half – filled with the water from the spirit pond. Then, he moved the two tidying boxes to the fish pond where the red Arowana were raised. Xia ruofei then poured a small amount of diluted flower petal solution into the two boxes. Then, he used his mind to connect with the space and quickly locked onto the two big red Arowana. The space around them seemed to have frozen. Then, Xia ruofei used his mind to control the two red Arowana and moved them to the edge of the pond. Although the spatial evolution was incomplete, Xia ruofei's control of the spirit map space had improved. In the past, he could not control the items in the space with his mind, especially the movement of living things. Now, he could try it. Xia ruofei squatted down and carefully picked up one of the red Arowana. Under Xia ruofei's control, the red Arowana did not resist at all and was lifted up by him. Xia ruofei split his attention to control the other Red Arowana. At the same time, he carefully placed the red Arowana in one of the boxes. The other one did the same. In this way, Xia ruofei moved the two red Arowana from the pond to the tidying box. The sorting box was quite spacious, and the two red Arowana were very happy with the petal solution added to the spirit pool, so they didn't feel uncomfortable for the time being and didn't go crazy. However, Xia ruofei knew that the two red Arowana would not be able to stay in the tidying box for long. It would be difficult for them to even turn around. Moreover, the flow of time in the original space and the outside world was 30 times slower! Hence, Xia ruofei made his decision after a short thought. He transferred the two large boxes

containing the red Arowana into the new space. In the new space, Xia ruofei drew a big circle on the ground and strictly ordered Blackie, fluffy one, and fluffy two to never enter the circle. Even if Blackie and the others didn't have any ill intentions, once they got close to the red Arowana and frightened it, it was easy to damage the scales and other parts of the fish, and then the value would definitely be greatly reduced. Blackie, fluffy one, and fluffy two had lived in the interspace for so many days. Blackie, especially, had been in the original interspace for so long. It was already very intelligent. Therefore, after Xia ruofei gave the order, Blackie barked twice to show its understanding. Then, it brought fluffy one and fluffy two to the other side of the space to play. Seeing this, Xia ruofei left the spirit map space with a peace of mind. However, he still paid some attention to the situation in the spirit map space. This was the improvement Xia ruofei had made after the incomplete evolution. He could contact the space and check the situation without taking out the spirit map scroll. However, he still couldn't store or withdraw items directly. When he wanted to store or withdraw items, he still had to take out the spirit map scroll. Xia ruofei felt that if this evolution was completed, he might be able to store and store items from the space without taking out the spirit map or painting. After keeping the painting, Xia ruofei opened the door and went downstairs. He said something to Lin Qiao and left the farm in the pickup truck. Of course, he just wandered around outside for a while. Then, he found a place with no one around and took out the two boxes with the red Arowana from the space. After that, Xia ruofei drove back to the farm. As soon as they returned to the villa, Xia ruofei shouted, "Ling Yun, come over and help me move these things!" Ye Lingyun quickly ran out. Lin Qiao knew that Xia ruofei had brought back the ornamental fish, so she followed him out of curiosity. When the two of them saw the red Arowana in the two large boxes in the back of the pickup truck, their mouths opened wide in unison, and their eyes revealed shock ...

Chapter 194: unexpectedly popular (1)

"Brother ruofei ... These ... These ... Are the two ornamental fish you were talking about?" Lin Qiao was dumbfounded. "This is ... Too big ..." Xia ruofei laughed and said, "I never said it was little Yu 'er!" They were already this big! Otherwise, I'll make such a big fish tank for two fish. I'm sick ..." "Who told you to keep me in suspense!" Lin Qiao blushed and rolled her eyes. Xia ruofei and ye Lingyun carried the two large boxes into the living room. Xia ruofei first found a water ladle from the kitchen and scooped some water from the box into the big fish tank that had been cleaned. Then, he carefully picked up the red Arowana with both hands and gently put it in. The two red Arowana had changed their environment and Xia ruofei had scooped them out of the water. Logically, they should be shocked. However, the red Arowana had been living in the Spirit map space for a long time and were very familiar with Xia ruofei's aura. Furthermore, Xia ruofei often fed them and added flower petal solution to them, so their reaction was not very intense. They just swam quickly in the shallow water in the fish tank. Xia ruofei quickly scooped the water from the two large tidied boxes into the fish tank. He tried his best to pour the water along the walls of the fish tank so as not to cause any more disturbance to the red Arowana. The two large boxes were filled with spatial spirit pool water. There was even some flower petal solution. Hence, Xia ruofei did not waste a single drop and added it all into the fish tank. After the water was added, the water level in the fish tank was just right. Ye Lingyun and Lin Qiao were also looking at the two rare red Dragons in front of the fish tank. Lin Qiao couldn't help but click her tongue in wonder. Xia ruofei turned on the lights. The fish tank was equipped with a kind of light tube specially produced for the blood red Dragons. Under the light, the surface of the two big red Dragons emitted a faint red light. There was a trace of golden light in the red light, which made them look very beautiful. It was said that this lamp also

had all the spectrum needed for the growth of the Blood Red Dragon, which was very beneficial to the growth of the Blood Red Dragon. The side of the fish tank against the wall was also black. When they swam in the fish tank, it was as if they were in a painting, especially the delicate fins and neatly arranged scales under the light, which really gave people a sense of amazement. "Brother ruofei, this pair of fish is so beautiful ..." Lin Qiao said, "why are their heads raised?" What kind of fish is this? I've never seen this before ..." "This is a Red Arowana." Xia ruofei smiled and said, "as for their heads ... Don't you think that they look beautiful when they tilt their heads up?" "I can't tell ..." Lin Qiao said, "but the curve of the whole fish is quite beautiful!" "Mm! It's said that wild red Arowana mainly relied on speed when hunting, so they slowly evolved into this streamlined body." Xia ruofei said with a smile. "So that's how it is!" Lin Qiao looked at the red Arowana and said, "this fish is really big! No wonder you ordered such a long fish tank." Xia ruofei laughed and said, "didn't you say you could pack 20?" Give me twenty of these red Arowana ..." The two red Arowana were close to 90 centimeters long. The fish tank looked big, but it was just enough to keep the two red Arowana. There was just a little space left for the length. "It's you who didn't explain clearly ..." Lin Qiao blushed and said, "who knew you would bring back two such big fish?" Xia ruofei couldn't help but laugh when he saw Lin Qiao's exasperation. Lin Qiao rolled her eyes at Xia ruofei and said, "I can't be bothered with you! I'll take some photos and post them on my moments, Hmph!" After that, Lin Qiao took out her phone and took several photos of the fish tank from various angles. Then, she adjusted the camera to the front and took two selfies with the phone. Lin Qiao clicked on the photo that she had just taken and pouted, "The angle of the selfie isn't good...Brother ruofei, help me take a few pictures ..." After that, Lin Qiao stuffed the phone into Xia ruofei's hand. Then, she walked to the fish tank, lifted one leg slightly, and made a cute Pose. Xia ruofei smiled and shook his head. He took out his phone and took a few pictures of Lin Qiao. "It's fine this time!" Lin Qiao looked at the photo and said with a smile, "thank you, brother ruofei! I'm posting it on my moments ... Done!" Xia ruofei opened WeChat on his phone with interest and looked at Lin Qiao's post. He laughed and said, ""Girl, are you posting a picture of the red Arowana or a selfie? How come I don't see any pictures with fish?" "None of your business! "I like it ..." Lin Qiao blushed and pouted. "Okay, okay, okay, as long As You Like It ..." Xia ruofei was also admiring the red Arowana in the living room. He felt more and more that he had made the right decision. Other factors aside, although the red Arowana were more suitable for the wild environment, he had to admit that they were really beautiful in the tank. Against the black background, the two red, nearly one – meter – long big fish swam leisurely back and forth, which was really pleasing to the eye. Xia ruofei and Lin Qiao didn't expect that after that seemingly ordinary post, these two red Arowana would become popular in such an unexpected way. In the district of the capital of the great Confucian sect. In the penthouse apartment in block A of Building 5. A middle – aged man with slicked – back hair and a big belly came to the living room with a glass of water. He glanced at his daughter, who was playing with her phone on the sofa. He frowned and said, ""Lulu, why are you still playing with your phone? Have you finished your winter homework?" "There's only a little left!" Lulu replied without raising her head. Isn't there still a few days before school reopens?" The middle – aged man put down the cup and sat next to Lulu. He said in a serious tone, "Lulu! You're going to be in the second semester of your third year of high school soon. Time is very tight, and your learning tasks are very heavy! Your priority now is to take the college entrance examination. Do you think you can get into university if you hold your phone every day?" As the middle – aged man spoke, he looked at Lulu's phone screen and continued, "He's refreshing his moments again! What's there to see in this moments? I think you'll have to do it 800 times a day ... Huh?" When the middle – aged man saw the photo displayed on Lulu's phone, his preaching came to an abrupt end, and his face showed a very

surprised look. Then, he couldn't help but move his head closer to Lulu's phone screen. Lulu subconsciously protected her phone and said in a coquettish voice, "Dad, why are you still looking at my phone? This is my private ..." "No... You ... This ... This photo ..." The middle-aged man was very shocked, and he was even incoherent. Lulu looked at the middle-aged man warily and said, "What's wrong with the photo? This is my classmate! Dad, do you have to be like this? Do you believe that I can tell my mom that you can't move after seeing my beautiful classmate ..." The middle-aged man didn't know whether to laugh or cry, "you child! What are you talking about ... What beauty? I'm talking about this fish!"

Chapter 195: Viral transmission (1)

"What fish? This is my classmate, Lin Qiao!" Lulu said. "No... The one in front ..." The middle-aged man said. He simply reached out and took Lulu's phone. "Al! Dad ..." Lulu called out, but the middle-aged man had already reached out and flipped to the front of the photo in his moments, and his eyes almost popped out. "It's really a Blood Red Dragon ... Perfect hair color ... So long ... And they're a pair ... Oh my God!" The middle-aged man kept mumbling. His expression changed from disbelief to extreme excitement. Lulu looked at her father and carefully asked, "Dad, are you okay?" The middle-aged man said without raising his head, "I'm fine, I'm fine ... Lulu, can you send me these photos?" "Ah? But she's my classmate ..." "I didn't ask for your classmate's photo, just these few photos of the Blood Red Dragon ..." The middle-aged man said, not knowing whether to laugh or cry. "Oh ... Alright!" Lulu said. She took her phone and saved the photos of the red Arowana sent by Lin Qiao. Then, she sent the photos to her father via WeChat. The middle-aged man took out his phone and looked at it. After confirming that he had received the photo, he thought for a moment and said, "Lulu, and this one ... It's the front photo of your classmate standing beside the fish tank. Send it to me too!" "Dad, didn't you say ..." "What are you thinking?" The middle-aged man said, "I'm just using this photo to compare and calculate the size of the fish tank. That way, I can roughly calculate the length of the blood red Dragons ... Hey! You don't understand, just send me the photo ... You don't really think that dad has feelings for this little girl, do you?" "That's not it ..." Lulu smiled, a little embarrassed. "Then isn't it settled?" The middle-aged man said, "hurry up and release it!" Lulu smiled wryly. She didn't know what to do with her father who was obsessed with fish. She could only download the photo of Lin Qiao from the best angle and send it to her father on WeChat. The middle-aged man acted as if he had found a treasure. He took his cell phone and walked back to his room. He had forgotten that he had come out to get some water and did not even care about the cup on the coffee table. The middle-aged man mumbled to himself as he walked, "Judging from the width of this little girl's body, this fish tank is at least 2.5 to 2.8 meters ... Look at this one ... Oh my God ... This pair of blood red Dragons is at least 80 centimeters, no, no, no ... I'm afraid it's more than that ..." The middle-aged man went back to the study without looking up while looking at his phone. He didn't care about his daughter playing with her phone. He was so focused that he almost hit the door frame of the study. Lulu saw this scene and shook her head, not knowing whether to laugh or cry. Then she picked up her phone and continued to browse her friends' circle. Her father had no time to care about her. She was also happy to enjoy this free time without anyone nagging her. The middle-aged man went back to the study and sat down. He then transferred the photo on his phone to the computer. Then, he opened the photo on his computer and admired it carefully. The computer screen was much bigger than a cell phone, so the middle-aged man could see more details. He was even more mesmerized as he looked at it and muttered to himself, "It's simply perfect ... The figure, the back of the head, the side lines, the hair color ... There's almost no flaw ... It's unbelievable

..." After looking at it for a long time, the middle – aged man finally couldn't help but open the browser on the computer. He skillfully entered a series of URL links and opened a website. At the peak of the Dragonfish. This was a professional Arowana Forum in the country, and it was also the best website for communication between Arowana lovers. The middle – aged man was an old friend of this forum. His ID was Fishman No. 1, and he was quite famous in the forum. He quickly logged into his account and created a post in the Arowana players 'section. After thinking for a while, he came up with the title,"a top – tier Blood Red Dragon appears in the three mountains. There are pictures and the truth." The middle – aged man typed quickly, briefly describing how he saw the blood Dragons, and then directly posted the photos. Of course, he blurred out the photo of Lin Qiao and covered a large area. He only needed to keep the comparison of the fish tank and Lin Qiao's upper body. Under the photo, the middle – aged man also wrote down a series of speculations he made based on the photo. The final conclusion was that the pair of blood red Dragons were at least 85 centimeters long. After making sure there were no mistakes, the middle – aged man pressed the "confirm" button. Soon, this post appeared in the forum of Dragon Peak. In a short while, this post had attracted many people to watch. "My God!" "My titanium alloy dog eyes are blinded by this!" "Brother Fishman hasn't come for a few days. He's using a big move the moment he comes!" "Whose Dragon is this? This is the first time I've seen such a perverted ..." "It's really of the highest quality! She's so beautiful!" "What a vicious blood – Red streak. I've never seen such a top – notch blood – Red streak before. It's definitely going to defy the heavens!" Within a few minutes, the post received hundreds of replies and was quickly pushed to the front page of the forum. Soon, even the forum administrator was alarmed. After sending a private message to the middle – aged man to confirm, he set the post to be bolded and highlighted, added a hot post label, and pushed it to a more eye – catching position on the home page. More and more long – time friends flooded into this post. At the same time, other forums, Tieba, Weibo, and WeChat moments also began to repost. The photos of Xia ruofei's two blood – Red Dragons spread like a virus on the internet. Many experienced dragon friends began to analyze the photos from various angles, from the hair color, body shape, lateral lines, posture ... They analyzed all aspects, but in the end, they couldn't find any flaws. Some experts even estimated that if these blood red Dragons were to be sold, they would once again create a record price that would shock people. Of course, there were some different opinions on the forum. The most popular one was that the fish tank in the photo had its lights on, and the special light tube could make the Red Dragon emit a beautiful red light. Therefore, some people also questioned," "Change the light to white before taking the photo! If you can still be so beautiful, I'll twist my head off and let you kick it like a ball!" "The lighting is secondary, but this photo was obviously photoshopped! How can there be such a perfect Blood Red Dragon, and it's a big Blood Red Dragon that's 80 to 90 centimeters long. Do you think we're all idiots?" "Brother Fishman, you're a little mean this time! Is it that you want to sell it?" However, these voices of doubt were quickly suppressed by more voices of support. "Are you an idiot or do you think everyone is an idiot? Was this a matter of lighting? Even if you had 10000 light tubes attached to that red ribbon you showed off last time, would you be able to produce such an effect?" "You photoshopped it? I think your brain was photoshopped! So many teachers can't tell, and you're the only one?" "Oh! So those who are stronger than you are all photoshopped! Isn't his mind too dark?" "Mr. Fisherman's character is well known. When did he deliberately hype it up? He saw something good and couldn't help but share it with everyone! If you don't like it, go out and close the door. Don't pollute the page with your sarcastic remarks!" For a time, everyone expressed their own opinions in the post, and it was abuzz. There were also many people who started new posts to discuss this matter. The activity level of the forum on the day quickly exceeded the

record since the website was launched. Even the server was a little jammed because people kept coming to Fishman No. 1's post to watch and discuss it. Ling Ji F & B headquarters. Ling Qingxue massaged her throbbing temples as she knocked on the door of the chairman's office. She pushed the door open and entered. "Dad! What were they doing? It's time to eat ..." "You can go first ... I still have something to do." Ling Xiaotian said without looking up, his eyes fixed on the computer screen. Ling Qingxue was puzzled. She walked around to Ling Xiaotian's desk and asked, "Why can't you even eat? What are you so engrossed in?" Ling Qingxue walked behind Ling Xiaotian and saw a photo on his computer screen. The photo was of a pair of stunning blood red Dragons ...

Chapter 196: A sudden attack (part two)_1

"Looking at the fish again?" Ling Qingxue didn't know whether to laugh or cry. Can't you be serious?" "What do you mean by no serious business?" Ling Xiaotian said in all seriousness, "I'm so busy with work all day long. I don't have any other hobbies except for Arowana. I'll look at them occasionally to relax my nervous nerves so that I can have a better job!" Ling Qingxue pouted and said, "as expected of the chairman!" You can even say that you're absent-minded during work hours in such a fresh and refined way ..." This pair of father and daughter, one was obsessed with Arowana, while the other was crazy about meat. It really lived up to the saying that if Wanwan wasn't a family, she wouldn't be married into the same family. Ling Xiaotian laughed and scolded, "you little girl, how can you say that?" Your father only has this one hobby, and you still have the heart to limit me? Look at those big bosses, which one of them doesn't have a loose relationship and change their mistresses every other day? Did I?" Ling Qingxue smiled and said, "you can also find a companion!" I have no objections. " Ling Qingxue's mother had passed away from an illness a long time ago, and Ling Xiaotian had been single all these years. "Why are you talking about this again?" Ling Xiaotian was a little embarrassed. "I've been busy all day long. Where would I find the time and energy?" "You're not that busy, are you? "You still have time to browse the Dragon Peak forum ..." Ling Qingxue said with a smile. "You ... I'm too lazy to tell you! "You don't understand ..." Ling Xiaotian was at a loss for words. He said, "elder Li called me today and said that he saw a pair of top quality blood red Dragons on Dragon Peak. They were going crazy on the internet, so I clicked on it to take a look ..." Ling Xiaotian pointed at the computer screen and said, "The result really shocked me! Qingxue, look at this pair of blood – Red Dragons ... This hair color, this body! Also ... Everyone has deduced that these blood red Dragons are at least 85 centimeters long. Do you know what this means?" "Stop, stop!" Ling Qingxue quickly said, "I don't know anything about all these things you're saying. You should keep it for yourself ... Eh?" Ling Qingxue's eyes fell on the photo on the screen and she couldn't help but be stunned. "What's wrong?" Ling Xiaotian asked. "Oh ... It's nothing ..." Ling Qingxue said. However, her eyes never left the screen. The more Ling Qingxue looked at the photos, the more familiar she felt the furnishings in the photos were. In particular, there was a photo that took half of the television background wall. The patterns on the background wall, the style of the television cabinet, and the pot of devil's ivy on the cabinet ... Isn't this ... RUO Fei's house? Ling Xiaotian was not very familiar with the furnishings in Xia ruofei's house, but Ling Qingxue could remember them clearly. There was a huge commotion in her heart. Did this pair of blood red Dragons belong to RUO Fei's family? Then ... Ling Qingxue's eyes fell on the photo with Lin Qiao. Ling Xiaotian was pointing at the photo and said, "Qingxue, look at this one ... By comparing it to this little girl, it's easy to estimate the length of the blood Dragons ..." Ling Qingxue didn't hear a single word. She just stared at the screen in a daze. Ling Xiaotian spoke excitedly for a long time, but he did not hear his daughter's response. He turned around and looked at her strangely. When he saw Ling Qingxue's stunned expression, he couldn't

help but ask, ""Qingxue ... Qingxue ..."" "Ah?" "What's wrong with you?" "I ... I'm fine!" "You're really fine?" "I'm really fine. What could be wrong with me?" Ling Qingxue squeezed out a smile. Then, she took a deep breath and said as if nothing had happened, ""Dad, if you're not leaving, I'll go first? I'm so hungry ..."" "You go first!" Ling Xiaotian said, "I will leave later!" Ling Qingxue nodded and walked out of the office. "Qingxue, are you really alright?" Ling Xiaotian asked as he lifted his head. Although he was obsessed with the top blood red Dragons, he still noticed that something was wrong with his daughter. "I already said I'm fine!" Ling Qingxue pouted and said, "Oh right, I have something to do in the afternoon. I won't be going back to the company after I eat ..."" "Alright, you've been exhausted these past few days. Go home early and rest after you're done. Don't come to the company." Ling Xiaotian nodded and said. "Mm! Dad, I'll be leaving then ..."" Taoyuan farm, a small villa. Xia ruofei was playing with lightning in the yard after lunch. Lin Qiao, who used to be disdainful of ornamental fish, was still in the living room watching the fish. Out of the four of them, she loved the pair of Blood Dragons the most. Whenever she had time, she would stand in front of the fish tank and watch it for a long time. Just then, Xia ruofei heard the sound of a car engine. Everyone had been at home these few days, so Xia ruofei had instructed ye Lingyun not to lock the farm's Gate during the day. Soon, an orange Porsche 911 appeared in Xia ruofei's sight. He was stunned for a moment. He was all too familiar with this car. Wasn't this Ling Qingxue's car? While Xia ruofei was still in a daze, Ling Qingxue had already opened the car door and alighted. Ling Qingxue had obviously put in a lot of effort in her dressing up today. She had light makeup on her face, a pair of tight – fitting black jeans, and long brown calfskin boots, which made her long legs look even more attractive. She was wearing a long beige trench coat and a black and white shirt with wavy dots. She also had an orange scarf on her head, which formed a beautiful scenery in winter. Ling Qingxue first put her hands in the pockets of her trench coat and tilted her head slightly to look at Xia ruofei. Then, she took off her sunglasses and revealed a half – Smile. Xia ruofei asked, "Qingxue?" Why didn't you call me before you came?" "I have some free time in the afternoon, so I came over!" Ling Qingxue smiled. "What's wrong? Do I need to make an appointment to see you now, boss Xia?" "That's not it! "I'm just a little surprised ..."" Xia ruofei smiled and said, "come in and sit!" With that, Xia ruofei led Ling Qingxue into the villa. Ling Qingxue came up and naturally held Xia ruofei's arm. Xia ruofei was stunned for a moment, then turned to look at Ling Qingxue. Ling Qingxue smiled sweetly at Xia ruofei and said, ""Let's go!" "Oh ... Okay!" Xia ruofei said. He felt that Ling Qingxue was not quite right today, but he could not put his finger on what was wrong. Xia ruofei and Ling Qingxue walked into the villa. Lin Qiao heard Xia ruofei's footsteps and said happily, ""Brother ruofei! I just saw them eating the small fish, their speed is really good ... Huh?" Lin Qiao turned around and saw Ling Qingxue holding Xia ruofei's arm. She was stunned. After entering the house, Xia ruofei wanted to separate from Ling Qingxue without leaving a trace. After all, his relationship with Ling Qingxue was not confirmed yet. In front of Hu Zi's mother and Lin Qiao, Xia ruofei would definitely feel a little embarrassed. However, when he tried to break free, Ling Qingxue's grip on his arm tightened. She leaned her entire body against Xia ruofei's and her beautiful face gently leaned on his shoulder. Ling Qingxue didn't seem to notice that there was another person in the room until Lin Qiao spoke. She raised her head slightly and smiled sweetly at Xia ruofei. ""RUO Fei, who is this?"

Chapter 197: Hello, Sister – in – Law

Lin Qiao was also stunned by this scene, and her expression became very subtle. Xia ruofei smiled awkwardly and said, ""Qiao' er, let me introduce you! This is Ling Qingxue, my junior high school classmate ... Qingxue, this is Lin Qiao. "" Ling Qingxue let go of Xia ruofei's hand and took two steps

forward. She looked at Lin Qiao with a smile and said, "Little sister Qiao' er is so young! He should still be in University, right?" Lin Qiao looked at Ling Qingxue and then at the embarrassed Xia ruofei. She didn't answer Ling Qingxue's question, but said to Xia ruofei, "Brother ruofei, is this your girlfriend?" "Yup!" Ling Qingxue didn't wait for Xia ruofei's reply and quickly said, "sister Qiao' er, ruofei and I have liked each other since middle school! After that, he joined the Army, and I waited for him for seven whole years ..." "Qingxue, we ..." Xia ruofei was dumbfounded. "RUO Fei, you haven't told me about sister Qiao' er's situation!" Ling Qingxue interrupted Xia ruofei and said with a smile, "she looks so young and innocent. She must still be a student, right?" At this moment, Lin Qiao's eyes flashed with an imperceptible sense of loss. Then, she quickly adjusted her expression and revealed a surprised smile. "Brother ruofei, it's really sister – in – Law! Why didn't you tell me before? As expected of someone who was in the military, you've done a good job of keeping this a secret!" Sister – in – Law? Ling Qingxue was stunned. Lin Qiao came forward and held Ling Qingxue's hand. She said very affectionately, "Sister – in – Law, brother ruofei didn't introduce himself clearly just now. Let me introduce myself to you! Sister – in – Law, my name is Lin Qiao. I'm Brother ruofei's ... Sister! He's in his third year of high school this year." "I ... I'm not ..." Ling Qingxue's face was red, and she was stuttering. This time, it was her turn to be embarrassed. She had just declared that she was Xia ruofei's girlfriend, that they had been in love since middle school, and that she had waited for Xia ruofei for seven years ... When she thought of what she had just said, she wished there was a hole in the ground for her to crawl into. Especially when she thought of Xia ruofei's strange look just now, Ling Qingxue felt even more embarrassed and embarrassed. Xia ruofei did not know what Ling Qingxue was up to. He smiled bitterly and shook his head. Then, he added, "Qingxue, Qiao' er is Hu Zi's sister, Yueyue. I told you about Hu Zi when we were at the beach." Ling Qingxue finally understood. She looked at Lin Qiao and said, "So you're the little sister RUO Fei was talking about! Hey, I thought ..." "What did you think?" Xia ruofei and Lin Qiao asked in unison. "Ah? It's nothing, nothing." Ling Qingxue blushed and said, "ruofei, why didn't you tell me earlier that Qiao' er was staying at home? So that I can come earlier! You see ... I didn't even prepare a gift for Qiao' er ..." At this moment, Hu Zi's mother, who was watching TV in her room, heard the noise and opened the door to come out. As soon as Lin Qiao saw her mother, she immediately said, "Mom, come quickly! Brother ruofei's girlfriend is here!" Ling Qingxue's face turned even redder. She didn't even know how to explain herself. Hu Zi's mother's eyes lit up when she heard that, especially when she saw Ling Qingxue's tall and beautiful figure. Her heart bloomed with joy. She smiled at Ling Qingxue and said, "Young lady is really good looking! By the way, what's your name? How old are you this year? Who's in the house?" Xia ruofei did not know whether to laugh or cry. "Aunty," he said, "don't scare her anymore. Besides, Qingxue and I haven't ..." Ling Qingxue rolled her eyes at Xia ruofei and interrupted him. She then said sweetly to Hu Zi's mother, "Aunty, my name is Ling Qingxue. You can just call me Qingxue." Xia ruofei had told Ling Qingxue about Hu Zi's family the last time. She was very clear about the relationship between the two families. She also knew that Xia ruofei, who was already an orphan, actually treated Hu Zi's mother as his own mother. Therefore, when she faced Hu Zi's mother, she was very polite and basically treated her as Xia ruofei's mother. "Qingxue ... That's a nice name ..." Hu Zi's mother said happily. "Come, come, come, sit here ... Qiao' er, why are you not moving?" Hurry up and pour some tea for your sister – in – Law!" "Oh!" Lin Qiao replied and quickly went to wash the cup and find the tea leaves. Hu Zi's mother took Ling Qingxue's hand and sat down on the sofa. The more she looked at Ling Qingxue, the more she liked her. She pulled her and asked her about this and that. Lin Qiao deliberately coughed a few times to remind her, but Hu Zi's mother didn't notice. Xia ruofei stood at the side with a bitter smile on his face. He felt that he was an unnecessary person. Lin Qiao couldn't

stand it anymore. She pulled her mother aside and said softly, "Mom, what are you doing?" "I was chatting with Qingxue! What's wrong?" Hu 'er's mother was a little confused. Lin Qiao didn't know whether to laugh or cry, "she's here to find brother ruofei, why are you talking to her?" It's not easy to meet them, so we have to make room for them ..." Hu Zi's mother immediately nodded and said, "Qiao' er, you're right! Hey ... Why didn't you remind me earlier?" "My throat is about to burst from coughing. Why didn't I remind you?" Lin Qiao was speechless. "Hey ... I didn't notice. "Alright, alright, I know ..." Hu Zi's mother was also a little embarrassed. Then, she smiled at Ling Qingxue and said, "Qingxue! Stay for dinner later!" "Will I disturb you guys too much?" Ling Qingxue asked. "You child, why are you treating me like an outsider?" Hu Zi's mother rebuked, "this is our home! It's settled then. I'll cook a few dishes later, and you can try auntie's cooking. " "Alright! "Thank you for your trouble, Auntie ..." Ling Qingxue said with a sweet smile. "It's not hard, not hard!" Hu Zi's mother chuckled and said, "then you talk to ruofei for a while. I'll go to the county town to buy some groceries! "Qiao' er, you're coming too. Oh, right, where's Xiao Ye? Give Xiao Ye a call and ask him to drive us to the county ..." "Oh, okay!" Lin Qiao went to call ye Lingyun. "You guys can talk, you guys can talk ..." Hu Zi's mother said with a smile. Then, the mother and daughter left the villa together and closed the door behind them. The living room of the villa, which had been very lively just a moment ago, suddenly quieted down. Only Xia ruofei and Ling Qingxue were left. Xia ruofei then walked to the sofa opposite Ling Qingxue and sat down. He looked at Ling Qingxue with a half – Smile and asked, "Qingxue, what are you up to today? I'm still in a daze ..." [Book pushing] the invincible Celestial Emperor reincarnated and possessed a student of Huaxia medical school. He has extraordinary skills and amazing medical skills. He has dominated Huadu city and is extremely lucky with women. I strongly recommend his friend's MP3 player's new book, "the city's best celestial doctor." It's priced at 5000 Yuan on the first day of publication. You deserve it!

Chapter 198: Palpitating heart (1)

Ling Qingxue was a little shy and flustered at the same time. She quickly glanced at Xia ruofei, then immediately lowered her gaze and asked, "What do you mean by that? Didn't you ask me to come over when I'm free?" "I didn't say that," Xia ruofei said, "I'm just curious when we became lovers. You've waited for me for seven years when I joined the Army, and we've started since junior high ... Hey! Then wouldn't I be in a relationship?" Ling Qingxue chuckled and glanced at Xia ruofei. "Are you suffering a great loss from what I said? Is it degrading for you to be in a relationship with the second high school's Belle?" Xia ruofei could not help but smile bitterly. "That's not what I meant. It's just that ... We haven't ... Why did you say that?" "I ... I wanted to play a joke on Qiao' er, but I didn't expect aunty to come out later ..." Ling Qingxue said. "You saw the scene at that time. How could I deny it at that time? I can only suffer for a while!" "It's that simple?" Xia ruofei looked at Ling Qingxue and asked. Ling Qingxue didn't dare to look at Xia ruofei. She turned around and looked to the side before saying, "It's that simple!" Xia ruofei felt that something was not right. In fact, Ling Qingxue's explanation was full of loopholes and unreasonable in many ways. This included Ling Qingxue's sudden visit today, which made Xia ruofei feel that it was very abrupt. However, other than the reason that Ling Qingxue had mentioned, Xia ruofei could not think of any other reason for her to do so. At this time, Ling Qingxue also seemed to feel that her reason was too weak to be convincing, so she also looked around nervously. When she saw the huge fish tank in the corner of the living room, she quickly said, "Ruofei, haven't you always been curious why I suddenly came up to our house?" "Yes, that's right!" Xia ruofei said, "I remember you saying that the company will be very busy before the 15th day of the first lunar month." "There! It's because of them!" Ling Qingxue pointed at the pair of blood red Dragons in the fish tank and said, "do you know that the

pair of blood red Dragons in your family has already gone viral on the internet? I saw a post on the internet and found out that the red Arowana were raised in your house, so I came over after lunch ...” Xia ruofei was shocked. Online? I just got this pair of Red Arowana this morning. How could it be on the internet?” If Xia ruofei had really bought the pair of blood red Dragons from outside, he would not have been so surprised. It was possible that the seller had taken photos of them and posted them on the internet. But it was clearly not! This pair of Red Arowana had always been kept in the medium. They were both very small when they were bought! The female fish was barely alive at that time. If Xia ruofei had not bought it, it might have died on the same day. How could they possibly appear on the internet again? “Yup! I saw it in my dad’s office.” Ling Qingxue saw that she had successfully changed the topic, so she immediately smiled and said, “my dad is a super Arowana fan. He visits the Arowana Summit forum every day. I saw the photo on the forum today and immediately recognized that it was your house ...” “The peak of the Dragonfish, right? “Let me see ...” Xia ruofei said. As he spoke, he took out his phone and quickly opened the browser. He searched for the keyword ‘Dragon Peak’ and found the Dragon Peak forum. The post by Fishman No. 1 was directly at the most eye – catching position on the home page, and the name was also very obvious: “a top – tier Blood Red Dragon appears in Sanshan city. There are pictures and the truth.” Hence, Xia ruofei found the post almost immediately. At that moment, Ling Qingxue suddenly realized something and quickly said, “Ruofei, don’t look ...” However, it was too late. Xia ruofei had already opened the post. He didn’t read the text but went straight to the photo. He couldn’t help but laugh. “Hey! Wasn’t this the photo Qiao’ er took this morning? She just posted it on her moments! How did it get reposted online?” Ling Qingxue’s face was burning. She peeked at Xia ruofei nervously, hoping that Xia ruofei would not notice anything. Xia ruofei didn’t notice anything wrong with Ling Qingxue. He smiled and mumbled to himself as he looked at her, “Woof! Quite a lot of people were following this! There are already dozens of pages of replies ... It must be one of Qiao’ er’s friends who reposted it online ... Hey! There really was an expert! Just based on Qiao’ er’s photo, she really managed to calculate the length of my Arowana! However, the mosaic was too big! I can only vaguely see that Qiao’ er is a woman ...” At this point, Xia ruofei suddenly stopped. An idea flashed through his mind, and he couldn’t help but look up at Ling Qingxue. Ling Qingxue avoided Xia ruofei’s gaze guiltily. Xia ruofei’s brain was spinning fast. The scene of Ling Qingxue’s sudden appearance at the farm appeared in his mind, especially the abnormal behavior of Ling Qingxue after she entered the house. He looked at the photo of Lin Qiao on his phone screen ... Xia ruofei felt that he had found a string of things that he could not understand. Everything suddenly became clear, and he seemed to have found a reasonable answer to all his questions. He was still looking at Ling Qingxue, but the smile in his eyes was getting stronger. At first, Ling Qingxue avoided Xia ruofei’s gaze. However, after being stared at by Xia ruofei for a long time, she finally glared at him and asked, “Why do you keep looking at me?” “Qingxue, I think I know why you’re here ...” Xia ruofei said with a smile. “You’re not allowed to say anything!” Ling Qingxue’s face was red as she shouted. Xia ruofei’s smile widened, “alright!” If you don’t want me to tell you ... Then I won’t ...” Xia ruofei’s smile made Ling Qingxue even more embarrassed, especially Xia ruofei’s gaze, which made Ling Qingxue’s face blush and her heart beat faster. Finally, she couldn’t help but raise her head and bravely met Xia ruofei’s gaze. “Alright! I admit that I’m a petty and suspicious silly woman! Don’t laugh at me anymore ...” As she spoke, Ling Qingxue’s eyes started to get wet. Xia ruofei saw the tears in the eyes of this beautiful lady with long legs. He thought of all the things she had done for him and suddenly felt a rush of excitement. He didn’t want to wait another moment ... Under Ling Qingxue’s surprised gaze, Xia ruofei stepped forward and hugged her tightly in his arms. Ling Qingxue was stunned. Then, like a Frightened Rabbit, she tried to break free from Xia ruofei’s arms.

“What are you doing ... You’re a hooligan!” She even said. Xia ruofei didn’t say another word. He lowered his head and sealed Ling Qingxue’s moving red lips with his ...

Chapter 199: Ten thousand kinds of gentleness (1)

“Oh ...” Ling Qingxue’s body suddenly stiffened, and her watery eyes widened. She subconsciously wanted to break free, but Xia ruofei held her tightly, and their bodies were pressed against each other. Ling Qingxue’s eyes were filled with emotion as she rolled her eyes at Xia ruofei. Xia ruofei just chuckled and did not say anything. He pulled Ling Qingxue’s slender hand and sat down on the sofa. Their fingers were intertwined. Xia ruofei’s other hand was around Ling Qingxue’s soft and slender waist. Ling Qingxue leaned her head on Xia ruofei’s shoulder and let out a happy sigh. At this moment, silence was better than words ... “Qingxue ...” Xia ruofei called out softly. Ling Qingxue leaned lazily on Xia ruofei’s shoulder and said, “Eh? What’s wrong?” “Nothing, I just wanted to hear your voice ...” “Pfft ... Silly!” Ling Qingxue laughed so hard that she was shaking. At this moment, she felt that all her years of persistence had been worth it. From junior high to the dramatic reunion last year, Ling Qingxue had only had Xia ruofei in her heart for ten whole years. Moreover, Ling Qingxue had always been very clear that her secret love might never come to fruition. The stories of a rich lady falling in love with a poor loser often did not have a good ending. However, she finally managed to rely on her own perseverance to hold on until the clouds parted and the moon appeared. This feeling was like exploring a dark tunnel for a very long time and suddenly a moving light appeared in front of him. Such an excited mood could really make people suddenly burst into tears. Xia ruofei was holding Ling Qingxue in his arms. He felt like he was in a dream. Perhaps everything would come naturally, but when the canal was truly formed, one would still feel as light as a feather, as if one was floating in the clouds. The two of them snuggled together and seemed to have endless topics to talk about Yingying’s past in junior high school, their respective careers, and interesting things in the Army ... From time to time, Xia ruofei would kiss Ling Qingxue’s bruised face like a Dragonfly skimming the surface of the water. Then, the two of them would look at each other and smile, filled with endless tenderness. Love seemed to be self – taught. Xia ruofei had never been in a relationship before. However, when he was with Ling Qingxue, he quickly adapted to his new role. All sorts of sweet nothings and intimate actions were very natural. Ling Qingxue’s wish was fulfilled. Her heart was like a jar of honey. No matter what Xia ruofei said, she liked it. She felt that she was willing to snuggle up to him until the end of time ... As they chatted, the two of them naturally talked about the pair of Blood Dragons. Xia ruofei gently caressed Ling Qingxue’s hair. Her hair was very soft and comfortable to the touch. He asked, “Qingxue, did you just say that our dad is a super Arowana fan?” Ling Qingxue’s face was slightly red. She lowered her eyes and said, “That’s my dad ...” “Don’t mind the details ...” Xia ruofei said with a smile. “Shouldn’t the focus be on the Blood Red Dragon? Does our dad like this pair of blood red Dragons?” “It’s my dad ...” Ling Qingxue glared at Xia ruofei. Xia ruofei laughed, “Alright, alright!” If it’s my dad ... My dad really likes this pair of blood red Dragons, right?” Ling Qingxue was speechless. She pouted and punched Xia ruofei. “You’re doing this on purpose, right? Do you think I won’t pinch you?” Actually, how could Ling Qingxue bear to use her strength? And even if Ling Qingxue used all her strength, it was no different from scratching an itch for Xia ruofei. However, Xia ruofei still begged exaggeratedly, “I was wrong, I was wrong. I’m your father. Is that okay, wife?” Ling Qingxue had just revealed a satisfied expression after listening to Xia ruofei’s words. However, when she heard the word “wife”, her face turned red again. She bit her lower lip and reached out to pinch Xia ruofei’s waist. Then, she twisted it 90 degrees ... “Ah ...” Xia ruofei howled like a pig being slaughtered. This time, it really hurt a little. “Do you still dare to be glib – tongued?” Ling Qingxue asked

fiercely. "I won't dare to anymore ..." Xia ruofei said repeatedly. Ling Qingxue finally let go of Xia ruofei and couldn't help but burst into laughter. Xia ruofei was a little dazed by her beautiful smile. He couldn't help but hold her face and kiss her smooth forehead. Ling Qingxue also moaned and buried her head in Xia ruofei's arms. Her slender Jade – like hands gently rubbed Xia ruofei's chest. After a long time, the two of them reluctantly separated and returned to the pair of blood – Red Dragons. Ling Qingxue told Xia ruofei how obsessed her father was with the Arowana and how excited he was when he saw the post on the Dragon Peak forum about the blood red Dragons. She even talked about how Ling Xiaotian had driven a few hundred kilometers just to catch a glimpse of a top – grade Arowana. After Xia ruofei heard this, he smiled and said, ""Qingxue, since your father likes raising Arowana so much, why don't we give him this pair of blood red Dragons?" "No!" Ling Qingxue said immediately. "Why?" "RUO Fei, do you know how precious these red Arowana are?" Ling Qingxue said, "the internet is speculating that your blood red Dragons are 85 centimeters long. Many professional players estimate that this pair of blood red Dragons is worth at least a few million! And I just took a look, it's more than 85 cm! It's at least 90 cm, right?" "More than 90 ..." Xia ruofei said with a smile. "That's even more precious!" Ling Qingxue said seriously, "how can you just give away such an expensive fish?" Xia ruofei said nonchalantly, "it's just a pair of Blood Dragons." Even his most precious pearl has become my girlfriend. I won't exchange it no matter how much money you give me! I'm just giving him a gift, do I need to consider its value?" Ling Qingxue was touched, and the gentleness in her eyes grew stronger. "That won't do either," she said. "Let's take good care of these Blood Dragons. If it weren't for them, we wouldn't be together so quickly ..." Xia ruofei was stunned for a moment, then he laughed. ""That's right! That pair of Red Arowana is our matchmaker! In that case, I really can't give it away so easily ... But what should I give to my future father – in – Law?" Xia ruofei furrowed his brows as he pondered. Suddenly, his eyes lit up as he thought of a good idea ...

Chapter 200: deep affection (1)

Xia ruofei hugged Ling Qingxue from behind and said with a smile, ""Alright, I'll listen to you! I won't sell these blood red Dragons no matter how much you pay me. I'll just raise them well! This is the proof of our love!" "En!" Ling Qingxue nodded her head in happiness. "But ... I still have to prepare a gift for your father." Xia ruofei replied, "after a while! Give me some time to prepare. I'll definitely give your father a surprise!" "It's actually fine ... My dad doesn't lack anything now ..." Ling Qingxue said softly. "Oh, really? He doesn't even lack top quality blood red Dragons?" Xia ruofei asked with a faint smile. "That's not the same," Ling Qingxue said without hesitation. "As long as it's a good Arowana, he won't feel it's too much no matter how much we give him ... But ... Didn't we agree to keep the blood Dragons for ourselves?" Ling Qingxue suddenly stopped and looked at Xia ruofei in surprise. ""Don't tell me you can find such a perfect red Arowana!" Xia ruofei smiled mysteriously and said, "it's not impossible!" But I'm afraid it'll be a little difficult to find a pair as big as this one, but there's still hope of finding a smaller one. Besides, other than being shorter than this pair, the quality won't lose to them!" "Really?" Ling Qingxue asked, pleasantly surprised. "Would I Lie to You?" Xia ruofei chuckled. "But you have to give me some time ..." "That's for sure! Although I don't know much about Arowana, my dad talks to me every day, so I know a little about it. "I know that this kind of top – grade Arowana is hard to come by ..." Ling Qingxue said with a nod. "In any case, you can rest assured!" Xia ruofei smiled and said, "when I find him, I'll pay your father a formal visit. I'll definitely give him a good gift for our first meeting!" "En!" Ling Qingxue said as she nodded happily. Xia ruofei already had a plan in mind, so he did not mention the gift anymore. Hu 'Zi's mother and the others had also deliberately left some space for the two of them. They

had gone out to buy groceries and had not returned. After Xia ruofei and Ling Qingxue were intimate with each other in the house for a while, they decided to go to the beach together. The two of them still remembered the last time they went to the beach. That was the first time Xia ruofei talked to someone about the past in the Army, and it was also the first time their hearts were so close. That beach had become a beautiful memory for them. Holding hands, they walked to the courtyard. Xia ruofei smiled and said, "Wait a minute! Drive my car to ..." With that, Xia ruofei jogged into the house and entered the garage from the inside of the villa. The sound of an engine revving could be heard, and the garage's electric door slowly opened. The pure black Knight XV let out a low roar and slowly drove out of the garage, stopping beside Ling Qingxue. The Porsche 911 that Ling Qingxue drove next to the Knight XV looked like a petite woman standing next to a super muscular man. It was the first time Ling Qingxue had seen Xia ruofei's car. Her beautiful eyes were filled with surprise, and her cherry – like mouth was slightly agape. She did not expect Xia ruofei to have changed to such a domineering armored SUV. It was only when Xia ruofei poked his head out and called her to get in the car that she snapped back to her senses. She quickly walked to the passenger seat, opened the door, and climbed into the car. Ling Qingxue had been sizing Xia ruofei up ever since she got into the car. It was as if she was meeting him for the first time. "Ruofei, this is an off – Road vehicle worth tens of millions!" "When did you become so rich?" Ling Qingxue asked. "I can't afford this car! This is a gift from someone else." Xia ruofei smiled and said, "but strictly speaking, I didn't take it for free ... I did help him a little." "You're giving me such an expensive car just because I did you a small favor?" Ling Qingxue was even more surprised. "Who could be so rich?" Xia ruofei did not want to hide it from Ling Qingxue. Since the two of them were together, as long as it did not involve the core secrets of the spirit map space, there was no need to hide things like MA Xiong's car. "You've heard of Hong Kong tycoon MA Xiong, right?" Xia ruofei smiled. "Hong Kong's King of jewelry? MA Xiong from Hengfeng group?" Ling Qingxue took a deep breath and said, "you actually know the Super – rich MA Xiong? And you even helped him?" It wasn't that Ling Qingxue didn't believe Xia ruofei. It was just that the news was too shocking. It made her feel unreal for a moment. "It's just a coincidence. I'll tell you in detail in the future." Xia ruofei smiled and said, "anyway, you just need to know that although your boyfriend is very good at making money, I'm not good enough to buy a ten – million – Yuan off – Road vehicle in such a short time ..." "Then I'm relieved." Ling Qingxue smiled and said, "I thought you went to rob a bank!" Her attention quickly shifted to the interior of the car and the equipment. "There aren't many cars like this in China!" Ling Qingxue said, "and your car seems to have been modified! I've seen the Knight XV at a luxury car show, and the interior is quite different from yours." "Yes, old Mr. MA spent a lot of money on the modification. He was planning to keep it for himself, but he gave it to me later." Xia ruofei said and continued to ask, "Qingxue, do you like this car? Why don't you drive it back? I basically don't need them, and I put them in the garage most of the time!" "I don't want to!" Ling Qingxue looked at Xia ruofei in amusement and said, "what girl drives such a domineering car? I think I'll just drive my 911 ..." Xia ruofei laughed. "That's true. My Qingxue is a cute girl. But when she drives this car, she immediately becomes a tough girl." "You're so annoying!" Ling Qingxue rolled her eyes at Xia ruofei and said. The car soon arrived at the seaside. The two of them got out of the car and strolled on the beach hand in hand. It was almost evening, and their shadows were long under the setting sun, forming a beautiful silhouette ... It was still the same rock. The two of them snuggled up to each other and looked at the endless sea in front of them. The sound of the waves hitting the shore rang in their ears. They quietly felt the flow of time as if they were the only two people left in the world. Xia ruofei could not help but lower his head and kiss Ling Qingxue's Red lips ... It was not until the sky turned dark that the two of them drove back

to the villa. Hu Zi's mother and the rest had already returned. Xia ruofei then introduced Ling Qingxue to ye Lingyun. Ling Qingxue greeted ye Lingyun graciously and then took Lin Qiao's hand to sit on the sofa in the living room and whisper to her. Ye Lingyun was naturally happy for Xia ruofei and even secretly gave him a thumbs up. Very quickly, Hu Zi's mother prepared a sumptuous meal. The family sat around the table and had a happy dinner. During the meal, Hu Zi's mother kept putting food into Ling Qingxue's bowl. The more she looked at Ling Qingxue, the more she liked her. This was a joy that came from the bottom of her heart. After Hu Zi's death, Xia ruofei had treated Hu Zi's mother as his own and treated her like his own. Didn't hu Zi's mother also treat Xia ruofei like her own son? Now that her son had found such an outstanding girlfriend, as a mother, she was really overjoyed. After dinner, because Ling Qingxue still had to drive back to the city, she took her leave after sitting for a while. Xia ruofei walked her to the door and reminded her to drive carefully. He watched as the orange Porsche 911 disappeared from his sight before he returned to the villa with a smile.
