

## **God tier Farm 1931**

### **Chapter 1931 Reward (1)**

After the call, Liu haojun fell into silence.

Fan Tianfeng told him that it was already too late when he called. The news video had already been broadcast on the evening news at 9 o' clock. Of course, this was not the most serious thing. What was more troublesome was that as early as half an hour ago, the official Weibo of Haixi satellite TV had already pushed the news.

Fan Tianfeng said that he had already coordinated with Haixi satellite TV to delete the news video in the rebroadcast. At the same time, he had also asked them to delete their Weibo posts. However, the impact had already been caused. There were hundreds of reposts on Weibo. Deleting the original Weibo post might not eliminate the negative impact, because there must be people who had saved the video and continued to spread it on Weibo and other platforms.

This was a news video released by the TV station, so there was no problem with breaking the law at all. There was no need to worry about what would happen if it reached 500 reposts.

Fan Tianfeng made it very clear that this was all he could do for Liu haojun. After all, he was not in charge of the publicity department, and Weibo was a national platform. The southeast province's publicity department did not have absolute power to influence Weibo.

In fact, a provincial publicity department could do something like this if they were to coordinate it carefully. However, fan Tianfeng was obviously not willing to spare no effort in doing it.

To put it bluntly, this was not something to show off. He had done so much for Liu haojun within his ability, and he had already done his best.

Fan Tianfeng also tactfully suggested that Liu haojun ask for help from the Liu family in the capital to eliminate the negative impact of this incident.

After all, the news videos were all censored, and it had not caused a viral spread, so the impact was limited. Once it became a hot topic of public opinion, and his identity was exposed, his power would be gone, and his political future would be bleak.

The power of human search was well known in the internet age, not to mention that Fang Chenchen's husband's side was also filled with righteous indignation. If they were to reveal any information, Liu haojun would be in a very passive position.

Therefore, fan Tianfeng also advised Liu haojun to get rid of Liu Dong as soon as possible. No matter what price he had to pay, he had to make Liu Dong shut up.

Liu haojun's face was frighteningly dark. He held Fang Chenchen's phone tightly as he was having an intense mental struggle.

He really didn't dare to ask for help from his family at this time.

One could imagine how furious the old master in the capital would be if he knew about this.

When he left the capital, the old man had made it clear that this was his last chance. If he caused any more trouble in the local area, the family would give up on his training. In other words, he would come to an end in the system.

But if he didn't ask his family for help, what else could he do?

All of his connections were built on the foundation of his family, especially the connections within the system. It was simply a fool's dream for him to use these connections without his family's knowledge.

Fang Chenchen quietly sat by the bed and peeled an Apple for Liu haojun. When she saw Liu haojun sitting there in a daze, she passed him the peeled apple and said, "Jun bro, have an Apple first!"

Liu haojun suddenly flew into a rage and pushed the Apple away, causing it to roll far away,

Then, Liu haojun slapped him again and scolded, "Get lost! Stinky B \* tch! It's all because of you! That's why I'm in such a sorry state!"

Fang Chenchen held her burning cheek and looked at Liu haojun in disbelief.

Ever since they met, Liu haojun had always been sweet – talking her. Putting aside the guilt in her heart and Liu haojun's ability in that aspect, she sometimes had the illusion that she was being pampered.

But today, Fang Chenchen had seen another side of Liu haojun.

She was the biggest victim of this incident. Not only did Liu haojun not comfort her, but he also put all the blame on her. He was no longer as gentle and considerate as before, and his attitude had become so rough.

This made Fang Chenchen's heart turn cold, and at the same time, the regret in her heart grew stronger ...

Liu haojun glared at Fang Chenchen and shouted, "What are you looking at me for? Get lost!"

Fang Chenchen was filled with hatred for Liu haojun.

It was her own vanity that had led her to where she was today. Back then, she had also slept with Liu haojun after a bit of hesitation. If Liu haojun had not tried to please her back then, how would things have turned out this way? She knew very well that Liu haojun had his eyes on her since the first time they met. He didn't even try to hide the desire in his eyes.

Now that something had happened, not only did he insult her, but he also kicked her away, wanting to immediately cut off their relationship. How could Fang Chenchen not hate him?

However, no matter how much she hated him, Fang Chenchen did not dare to show it. She had been with Liu haojun for a few months and knew very well what kind of power he had. He was not someone ordinary people like her and Liu Dong could compete with.

Fang Chenchen looked at Liu haojun with a sad look, got up, and walked to the door of the ward.

"Wait!" Liu haojun said coldly.

Fang Chenchen stopped in her tracks and turned around to look at Liu haojun silently.

"Take your phone away!" Liu haojun said, "also, go back and tell your husband to watch his mouth! As long as this matter doesn't spread, I can consider letting him go! If he dares to go around and say that you know my strength, I don't need to say more, right? You, your husband ... Oh right, you guys have a cute daughter, right?"

Fang Chenchen's body trembled violently, and a chill ran down her spine.

"Big brother Jun, I'll remind him ..." She quickly said.

"Get lost!" Liu haojun said as he looked at Fang Chenchen in disgust.

Fang Chenchen picked up her phone and walked out of the ward. Her legs felt weak and the fear in her heart could not be any greater. Although she did not know how to face her husband who had once loved her deeply, she had no choice but to go back ...

.....

Liu haojun was lying in the hospital waiting for ol 'Zhou. He had to come up with a plan as soon as possible.

At this time, in the rental house in the old community opposite the West Lake Mansion, Xu Yougang and the others had already packed their things and were ready to leave.

The whole plan was executed perfectly. Some of the expected accidents didn't happen. In fact, the situation was even better than expected. For example, Liu haojun actually fainted at the critical moment, which also allowed the news on Haixi TV to be broadcast smoothly.

It was already close to ten at night. Wang Chong and the other two were resting in the rented house while Xu Yougang went to a teahouse near Xibin road alone.

Although it was called a teahouse, it mainly provided Mahjong and mahjong tables for customers to entertain themselves, so it was basically open all night.

Of course, compared to the teahouses that could be seen everywhere on the streets of the three mountains, this teahouse was more high – end in its decoration and more elegant environment.

Smoke rose in the private room, and the sandalwood incense in the incense burner burned quietly.

Xia ruofei smiled at Xu Yougang who was sitting opposite him and said, ""Old Xu, well done! The execution of my brothers has exceeded my expectations! Although I didn't go to the scene, I've been paying attention to your actions today, and the results were very good!"

"It's all thanks to your good planning, brother Xia," Xu Yougang said humbly. "We're just in charge of the execution."

Xia ruofei laughed and said, "a good plan has to be carried out properly!" After all, the situation is ever – changing, and the four of you have to keep an eye on so many clues. It's impossible to do it without good planning and super ability, so don't be modest!"

"Thank you for the compliment, brother Xia." Xu Yougang said.

Xia ruofei reached out and picked up a backpack by his feet. He threw it to Xu Yougang and said, ""This is the reward I promised you!"

In order to prevent any accidents, Xia ruofei was very cautious in choosing cash. For this reason, he had specially made an appointment to withdraw money in advance and had prepared the money in advance.

In fact, Xia ruofei had also withdrawn a lot of cash and stored it in the spirit map space. Although mobile payment was very common now, cash was more suitable in many cases, such as this situation.

"Thank you, brother Xia!" Xu Yougang said gratefully.

"Count it!" Xia ruofei said with a smile.

"Yes!" Xu Yougang didn't hesitate. He opened his backpack and took out the stacks of money.

After all, this wasn't his money alone. There were three brothers waiting for the money, so it was better to count clearly in person.

Of course, he couldn't count them one by one. Otherwise, he might not be able to count them even by the second half of the night.

The money that Xia ruofei gave him was directly withdrawn from the bank. It was ten thousand Yuan per stack. He just had to count how many stacks there were.

To be honest, the feeling of a stack of red bills in front of him was still very shocking, especially for Xu Yougang, who was very short of money. His heart could not help but race.

As he counted, Xu Yougang raised his head in surprise and said, ""Brother Xia, the amount doesn't seem right! You're giving too much ..."

There were 100 stacks of 100 – Yuan bills here, which was a full one million Yuan.

Xia ruofei had promised to pay each of them 200000 Yuan, and he had already paid half of it before the operation started. Now, he only needed to pay Xu Yougang another 400000 Yuan. There was too much money here!

Xia ruofei laughed and said, "you've completed your mission very well. This is your reward!" Including the money they had paid in advance, each of them would receive 300000 Yuan! The remaining 200000 Yuan is for your vacation funds. Tomorrow, you guys can go to Sanya for a dozen days of vacation. This money should be enough to spend. Anyway, I'll refund more and make up for less!"

Xu Yougang and the others were taking a big risk to help Xia ruofei, so Xia ruofei would not be stingy to them. On one hand, they had been very tense these days and needed to relax. On the other hand, he more or less wanted to go out and lie low for a while.

Although Xu Yougang and the other three had been very careful and professional during the execution of the plan and had not left any traces, there was always a possibility!

"Brother Xia, this is too much!" Xu Yougang quickly said. We can't take it. Actually, liangzi and I both think that 200000 is too much, and we didn't do anything ..."

Xia ruofei waved his hand and said, "there's no need to talk about this. You've done a great job. You deserve this money." I've already promised you that we'll go on a vacation, so let's not delay it any longer. Book a plane ticket tonight and leave early tomorrow!"

Chapter 1932 Prostrating on the ground (1)

"This ..." Xu Yougang hesitated for a long time, then raised his head and said, "then I'll thank you on behalf of my brothers, brother Xia!"

Xia ruofei finally showed a satisfied smile and said, "That's the way! Old Xu, take your brothers to Sanya to relax. Don't worry about the money, and adjust your body and mind to the best state. I'm still waiting for you to come back and help me with my work!"

"Yes!" Xu Yougang said, "brother Xia, we'll give you our lives! In the future, if you have any instructions, we'll definitely go wherever you point us to!"

Xu Yougang knew very well that Xia ruofei gave them so much money to shut them up. After all, if this matter were to be disclosed, it would be a big deal.

Of course, this didn't prevent Xu Yougang from being grateful to Xia ruofei. The four brothers were really at their wits' end. Their families were extremely short of money in various situations. Xia ruofei's money could be said to be a timely help.

Xu Yougang, Zeng Liang, and the others were ready to die for Xia ruofei.

Xia ruofei laughed and said, "I'm not a Bandit who takes over a mountain. I don't need you to help me conquer the world." It's just that in the future, as the company grows bigger and bigger, it'll be inconvenient for me to show my face in some matters. When the time comes, I'll need you to show your skills!"

Xu Yougang understood tacitly and nodded. "Brother Xia, don't worry!"

Then, Xu Yougang hesitated and said, "By the way, brother Xia, before I left, I saw that the official Weibo of Haixi satellite TV had deleted that post. I'm afraid Liu haojun has already started to use his own connections to remedy the situation ..."

"Liu haojun may be a bastard, but he's not an idiot." Xia ruofei chuckled and said, "this is within my expectations ..."

Xu Yougang said anxiously, "then we have to think of a way to deal with it!" "I took a look. Although that Weibo post is quite popular, with hundreds of reposts and comments, once the original Weibo post was deleted, those reposts on Weibo can't see the specific news video anymore. It's equivalent to cutting off the source! And needless to say, when the evening news rebroadcast, that news will definitely be removed ..."

"So?" Xia ruofei shrugged and asked.

Xu Yougang gritted his teeth and said, "brother Xia, we still have a lot of Liu haojun's videos. They are not censored like the news videos. Why don't we ..."

Without waiting for Xu You to finish, Xia ruofei immediately said, ""No, we can't use those videos unless we have to! Once we use it, we can't guarantee that it won't leave behind any traces. If the Liu family really finds out, it'll be evidence that we plotted against Liu haojun!"

Xia ruofei emphasized, ""You're not allowed to use the videos you've taken these days without permission, and you're not allowed to leave any backups. Before we set off tomorrow, give me the laptop that stores the videos! Do you understand?"

"I see, brother Xia ..." Xu Yougang nodded and said, "but we have to think of something, right? Otherwise, wouldn't our efforts these past few days have been in vain?"

Xia ruofei laughed and said, ""Don't worry! You've done your job well, and I'll take care of the rest. It's impossible for Liu haojun to get away so easily. This time, even if he doesn't die, he'll be skinned alive!"

Xu Yougang's eyes lit up. "Brother Xia, you've already thought of a solution?"

After this incident, Xu Yougang had a blind admiration for Xia ruofei. The image of Xia ruofei's flawless plan had been established in his heart. Subconsciously, he felt that no problem could stump Xia ruofei.

Xu Yougang was deeply involved in this matter, so Xia ruofei did not plan to hide anything from him. He smiled and opened the laptop he brought on the table, waving at Xu Yougang.

Xu Yougang immediately stood up and went behind Xia ruofei.

Xia ruofei showed him a page on the computer screen.

Xu Yougang took a look and was surprised. He said to himself, ""So many posts!"

"This is just one of the forums ..." Xia ruofei said with a smile.

Then, he opened a few pages that had been opened for a long time and refreshed them to show Xu Yougang.

Tianya, Mao po, Weibo, today's headline, TikTok ... Almost all of the largest forums, news convergence platforms, and Short Video platforms in the country were covered.

In just half an hour, many posts about this news suddenly appeared on these platforms. The video in the post was extracted from the Weibo post posted by Haixi satellite TV on the Weibo platform.

When Xu Yougang saw the content of these posts, he could not help but widen his eyes. These posts were not just reposts of censored videos. The post clearly pointed out that the person lying on the ground like a dead dog was the Deputy Secretary of Changping County, Liu haojun, and the person trembling and squatting next to him was the married woman, the head female anchor of Sanshan TV station, Fang Chenchen.

Liu haojun could be considered a leader, and Fang Chenchen appeared on camera a lot. There were also many photos of the two of them on the internet in the posts, and they were compared to the people in the videos. After all, the news video only covered their faces with a thin layer of mosaic, and many of their physical features were not covered.

Even the cell phone, watch, and clothes scattered on the coffee table in the video were circled in red. Photos of Liu haojun and Fang Chenchen at other events were found, and the corresponding items were also circled.

#### Chapter 1933 Prostrating on the ground (2)

In addition, because the news video mentioned that the incident happened in the West Lake Mansion community, the poster somehow found the information of the house registration. The owner of the house in the West Lake Mansion community building 3, room 1092, was Liu haojun!

The poster also analyzed that from the news video, one could see the lit Ferris wheel in the distance and a landmark building further away, the Baofeng building. The design of the building was very strange, as if it had been cut in the middle by a knife, so it was still very obvious from a distance.

Then, the poster posted the distribution map of the West Lake Mansion and the surrounding area. It could be clearly seen that the balcony of Unit 02 of Building 3 was facing the direction of the Ferris wheel and the Baofeng building. The angle was almost the same as in the video ...

In the end, the poster concluded that the news that was immediately deleted after the broadcast was so “short – lived” because the person involved in the news was Liu haojun.

At the end of the post, there was also Liu haojun’s resume, which made all the bottom – Level civil servants envious.

Xu Yougang was dumbfounded. He couldn’t help but ask, “”Brother Xia, these ... Are all your masterpieces?”

From Xu Yougang’s point of view, only Xia ruofei could analyze so many things from an edited news video.

Xia ruofei chuckled. “I’m the one who provided the material, but I’m not the one who posted it. There are so many websites and forums, and I have to use different accounts to top the posts. I can’t finish it in such a short time even if I die of exhaustion!”

“That’s true ...” Xu Yougang also found that these posts were very popular, and there were a lot of replies. If it was all spontaneous replies from netizens, no matter how naive Xu Yougang was, he would not believe it.

Xia ruofei smiled. “A lot of things can be solved with money. Why should we put in so much effort and take the risk?” This is also the reason why I didn’t let you continue to be in charge of this plan, because the premise is that you have provided enough ‘shells’. Dangerous work like firing the cannons should be left to those who are not afraid of death!”

“Internet Water Army?” Xu Yougang also came to his senses.

Xia ruofei chuckled and nodded. “”While you’re busy, I’m not idle either. I’ve already contacted three internet water armies in advance and paid them well. They’re ready to launch a tidal wave of public opinion attacks at any time.”

Xia ruofei paused and continued, “”Tonight, I’m just going to prepare all the hot news after this news is posted on Weibo. Then, I’ll send it to the Internet Water Army, and it’ll be done!”

Xia ruofei made it sound easy. In fact, it was not easy to find so many valuable clues in the video in just half an hour, even with the answers and evidence. At least, Xu Yougang felt that he could not do it.

"Brother Xia, I'm really convinced!" Xu Yougang prostrated himself in admiration.

Xia ruofei laughed and said, "okay, now you don't have to worry, right?" Tomorrow, you can go and play in peace. You must be gone for at least ten days, and you are not allowed to come back before the time is up!"

"Yes!" Xu Yougang said.

"Also, don't try to save money for me! You'd better spend that 200000 Yuan! They stayed in the best hotel, ate the best food, and played the best games! Just pick the best of everything!" Xia ruofei laughed. "But don't mess around outside! I don't want to affect your family's harmony ..."

200,000 Yuan was only enough for a meal at a top club. However, if four people went on a vacation in China, they could definitely enjoy the best conditions.

"I know, brother Xia!" Xu Yougang said, touched.

"Don't forget to save the money tomorrow. " Xia ruofei reminded them again, "if you need money, use cash first. Try to avoid transferring large amounts of money into your account."

"We'll be careful!" Xu Yougang said.

Then, the two of them drank tea and chatted while paying attention to the situation of the troll Army's overwhelming promotion on the internet.

.....

At the provincial Hospital.

Liu haojun finally saw old Zhou.

Not only did old Zhou go to the West Lake Mansion to get his phone, but he also brought a laptop with him.

"Secretary, I took a look online before I came out. This matter shouldn't have spread much. The main thing is that after the Weibo was deleted, many of the reposts can't be seen anymore. I don't think it's a big problem." Old Zhou analyzed.

"Yeah, but we can't let our guard down!" Liu haojun said, "there are two things that are more urgent now. Give me some ideas. One is to shut Fang Chenchen's family up. I understand what you mean, uncle fan. Spend as much money as you can and try not to cause any trouble at this time. "

Old Zhou nodded.

Liu haojun continued, "the other thing is to eliminate the negative influence on the internet as fast as possible." It's best to get it done on the internet, but I can't let my family know about it. I don't have any good ideas for the time being ..."

“Secretary Liu, I think we should try to settle it with money first. I heard that some companies are quite powerful these days. They can help delete the posts with money ...” Old Zhou said after a moment of silence.

Liu haojun’s eyes lit up.

He was used to solving problems through connections because it was often the easiest and most convenient way for him. However, old Zhou’s words provided him with a new way of thinking.

“That makes sense!” Liu haojun said, “old Zhou, go and ask around. As long as there’s a company that provides this kind of crisis public relations service, money is not a problem!”

“Alright! I’ll immediately ask around!” Old Zhou said.

“Remember to keep it a secret!” Liu haojun said sternly, “don’t let it slip. If the old man finds out about this, I’ll really have to bear the consequences ...”

As soon as Liu haojun finished speaking, his phone suddenly rang.

He took a look at the caller ID, and his little heart couldn’t help but tremble. This was really what he said! It’s already so late, and the old man actually called me personally. What could it be?

Liu haojun had a bad feeling about this.

However, even if he had ten thousand guts, he wouldn’t dare to not answer the phone call from the old man. So, he made a shushing gesture to ol ‘Zhou, and then nervously swiped the phone to answer.

“Grandpa! It’s so late, why aren’t you resting?” Liu haojun tried to make his voice sound normal, but it was still inevitably trembling.

The majestic voice that made his heart tremble came from the phone. “How can I sleep with a good grandson like you?”

Liu haojun’s heart skipped a beat. He was already panicking.

However, he definitely couldn’t admit it at this time. What’s more, the old master didn’t say anything specific. What if something else made the old master angry? if he messed up, wouldn’t he be confessing?

Therefore, Liu haojun forced himself to say, “Grandpa, I’ve been pretty well – behaved recently! He had already devoted himself to the grassroots work. These few days, he had been busy coordinating an investment project for Changping County! Once this project can be settled in Changping, it can bring in thousands of jobs, and the tax revenue will also be substantial ...”

“Liu haojun!” The old master couldn’t take it anymore. “Enough! I didn’t call you to listen to you talk about these useless things!”

“Grandpa, what did I do wrong?” Liu haojun said innocently, “I really didn’t know! Tell me, I’ll definitely change!”

“You really don’t know?” the old man’s voice was cold. Liu haojun, I’ll just ask you one thing. Who is Fang Chenchen?”

When he heard the name “Fang Chenchen,” Liu haojun felt as if his head had been hit by a heavy hammer. With a “bang”, he lost all ability to think ...

Chapter 1934 Boundless despair (1)

“Grandpa ...” Liu haojun said awkwardly, “I ... I ...”

“Aren’t you good at talking? Why did you stop?” The old man said sternly, “now, our Liu family has become the laughing stock of the whole capital! It’s all your fault!”

“I ... I’ve already dealt with this matter!” Liu haojun’s face was full of disbelief. “Weibo and the program have already been deleted!”

“That’s why I said you have a pig’s brain!” The old man said without any mercy, “go online and see for yourself. There are ugly scenes of you everywhere! Are you that desperate? You’re even provoking a married woman!”

“Grandpa, I was wrong!” Liu haojun immediately panicked and didn’t dare to quibble anymore.

The old man sighed. His tone was no longer as angry as before, but rather a little bleak. “Come back to Beijing tomorrow!”

“Grandpa, what ... What do you mean?” Liu haojun asked in a trembling voice.

“I’ll get someone to take care of the organization’s procedures. In the future, you shouldn’t stay in the organization. You ... Are not suitable!” The old man said.

Like a bolt from the blue, Liu haojun was stunned.

The old man was serious this time! Organization program? What organizational procedures? It’s definitely to settle the procedures for his automatic resignation!

The rank of the Vice Director and the position of an even higher one in the future were all gone just like that? Was he abandoned by his family just like that? Liu haojun felt like he was in a dream.

“Grandpa, please don’t ...” Liu haojun begged, “I really know I was wrong ... I won’t do it again!” Please give me another chance! I ... I’ll definitely work hard and not embarrass the Liu family!”

“Haven’t I given you enough opportunities over the years?” The old man retorted indifferently, “when have you ever truly repented? Besides, this matter has blown up so much. Do you really think you can still stay in the southeast province? Could it be that this country is owned by our family?”

Liu haojun’s face was ashen, but he still said unwillingly, “Grandpa, I ... I can go to a more difficult place!”

“Enough!” The old man chided, “Liu haojun, when have I ever changed my decision? Go back to the capital tomorrow, don’t force me to send people to catch you!”

Liu haojun’s face was full of despair. He still struggled and said, “Grandpa, my ... My leg was broken by someone. I ... I can’t even get out of bed ...”

He was pretending to be pitiful. If the old master's heart ached for him, he might just soften and take back his order.

Liu haojun knew very well that he would only have a glimmer of hope if he stayed at the three mountains. Once he returned to the capital, he would be completely abandoned by his family.

There were many people in the Liu family. Even in the direct line, there were many uncles and brothers. The son of his third uncle, Liu Haoping, graduated from the National College Entrance Examination two years ago. It was said that he was already doing very well in the Ministry. He was only the eldest grandson of the eldest branch of the family. If he failed this time, the family could turn to train Liu Haoping.

In the future, he, Liu haojun, would have no future to speak of. He might still be able to live a carefree life, but at best, he would just be a useless person raised by his family. His status would not even be as high as Liu haofan, who started running a business after graduating from university!

However, what made Liu haofan's heart turn cold was that the old man said without thinking, "It doesn't matter if you can't get out of bed! You can apply for the airline to provide medical monitoring and transfer services. I'll get someone to make an appointment for you tonight, and it'll definitely be ready tomorrow afternoon! It's decided!"

Passengers who could not move freely could apply for medical service from the airline in advance. For Liu haojun's case, he needed to be transferred while lying down, so it would take some time to modify the seat. However, these were all standard components, and the modification speed was very fast. It would definitely not be a problem to make an appointment a day in advance.

The old man hung up the phone right after he finished speaking. He didn't give Liu haojun any chance to beg for mercy.

After Liu haojun heard that, he was in complete despair. Elder Xuanji was determined to send him back!

The phone was already dead, but Liu haojun was still holding the phone tightly and sitting on the bed with a dull expression.

"Secretary Liu, what did the old man say?" Old Zhou asked with concern.

Liu haojun slowly turned his head to look at Old Zhou and muttered, "It's over ... Old Zhou, it's all over ... The old man knows everything. He ... He wants me to return to the capital tomorrow ... In the future ... In the future, I'll have no hope ..."

"Secretary Liu, please admit your mistake to the old man when you get back!" Old Zhou quickly comforted him. You're his grandson, he won't ignore your future!"

"Impossible ..." Liu haojun laughed bitterly. "The old man is completely disappointed in me this time. He won't care about me anymore ..."

Then, Liu haojun unwillingly said, "Old Zhou! Hurry up and turn on your computer! Didn't you say that there wasn't much on the internet and that after Haixi satellite TV deleted their Weibo post, the news basically stopped spreading? Why did the old man say that the entire internet was flooded with it? This doesn't seem right."

Old Zhou quickly turned on his laptop.

Liu haojun took it and randomly opened a few forums with relatively high traffic through the navigation website. He was immediately dumbfounded.

This post could be seen on almost every forum, and it was basically a hot post with a lot of views and replies. Several forums even pinned the post to the top because the post was more popular.

Liu haojun didn't want to give up. He clicked on a few more websites. Every time he opened a few, his heart would turn cold. In the end, he couldn't help but shout and smash his laptop on the ground.

"How could this be? How did this happen?" Liu haojun was like a trapped beast. His eyes were red as he shouted, "it's only been a short while. Why ... Why are there so many posts on the internet? And he even mentioned me ..."

Old Zhou looked at Liu haojun with pity. He had worked for the Liu family for more than ten years and knew old Liu's character and temper very well. When he saw the posts on the internet, he knew that old Liu was serious this time because Liu haojun's behavior had crossed the line and was something that old Liu would not tolerate.

"Young master, someone must be behind this!" Old Zhou said.

He no longer called Liu haojun "Secretary Liu" because Liu haojun's position as the Deputy Secretary was definitely over. Now, he called Liu haojun "Secretary Liu", which was even more exciting for Liu haojun. Therefore, he simply changed back to the address he used in Beijing.

"Who would it be?" Liu haojun said. Then, he frowned and said thoughtfully, "perhaps, this whole thing was planned by someone behind the scenes. It's definitely not a coincidence!"

Old Zhou nodded. "If we investigate carefully, we should be able to find some clues. But young master, you're going back to the capital tomorrow. There's no point in talking about this now."

At that moment, Liu haojun's phone rang again. This time, it was his father, Liu Bo.

Liu haojun answered the phone without a second word.

Liu Bo was even more impatient than the old man, and as soon as the call connected, he couldn't help but curse, "Liu haojun! What the f \* ck did you do! The old master is almost sick from anger! Can't you just stop for a while? You ... You unfilial son! You'll die on a woman's stomach sooner or later!"

"Dad!" Liu haojun said with a sad face. You have to help me! Grandpa, he ... He wants to kick me out of the system ..."

Liu Bo said unhappily, "help?" How can I help? You've done such an embarrassing thing, I can't even lift my head in the family! Besides ... When has the lordmaster ever changed his decision?"

"Dad! This time I've been tricked!" Liu haojun said hatefully, "this is obviously planned by someone behind the scenes. Otherwise, how could it spread so fast?"

"Hmph!" Liu Bo snorted and said, "do you think your grandfather and I are old fools? If you can see it, how can we not? However, no matter what, a fly wouldn't bite a seamless egg. If there was no sh \* t

under your butt, would others be able to harm you? Liu haojun, you're getting worse and worse! Isn't it easy to get a woman? Why do you have to find a married woman of all people?"

"Dad ... I know I'm wrong!" Liu haojun said, "I've regretted it for a long time ... But ... I'm really not willing to accept this! Are we just going to suffer in silence?"

"Hmph! You don't need to worry about that!" Liu Bo said, "this matter must definitely be investigated! But no matter what the result is, it has nothing to do with you! You better come back here tomorrow! You're not allowed to leave the house as long as the old man is still angry!"

Liu haojun said pitifully, "dad ... My legs are broken. I can't go out even if I want to ..."

Hearing this, Liu Bo's facial muscles couldn't help trembling.

No matter how good – for – nothing Liu haojun was, he was still his son. As the saying went, father and son were connected by heart. When he heard that Liu haojun's leg had been broken by Fang Chenchen's husband and his men, he was very distressed.

"Alright, that's enough!" Liu Bo gritted his teeth and said, "the person who hit you will pay the price! The person who planned this behind the scenes would have to pay the price! You don't have to act pitiful here! There was no room for discussion about returning to the capital! Just like this!"

With that, Liu Bo hung up the phone.

Liu haojun threw his phone to the side and stared at the ceiling with an ashen face. His heart was filled with despair.

"Young master ..." Old Zhou called out softly.

Liu haojun waved his hand and said, "old Zhou, go and make the arrangements. I'm going to be discharged tomorrow ... We should go back to the capital ..."

"Young master, is there no room for discussion?" Even though Lao Zhou had already expected this, he still couldn't bear to ask.

Liu haojun shook his head dejectedly and closed his eyes. "You go! I want to sleep for a while ..."

"Yes!" Lao Zhou got up and dimmed the lights in the ward. He then walked out and gently closed the door.

.....

On the afternoon of the second day, a Boeing plane headed for Sanya took off from Sanshan airport. Xu Yougang, Zeng Liang, Wang Chong, and Zhang Aijun were on this plane.

Almost at the same time, an ambulance arrived at the airport. The aviation Medical team received Liu haojun, who was lying on a stretcher, from the doctors of the provincial Hospital. They then transported him to the tarmac on an electric transportation vehicle.

Old Zhou was also with Liu haojun.

On the tarmac, an empty plane was waiting quietly.

The plane had undergone the necessary modifications in the morning. A row of seats had been dismantled, and the stretcher had been fixed.

Liu haojun was settled at the back of the cabin. After the preparations were done, the ordinary passengers began to board the plane.

About half an hour later, the vacant flight to Beijing also took off smoothly.

The three mountains seemed to have calmed down in an instant.

But in fact, the storm of public opinion on the internet did not stop. Instead, it was becoming more and more intense.

#### Chapter 1935 Completely no chance (1)

What Xia ruofei provided to the Internet Water Army team was solid and could withstand any scrutiny.

It was originally just social news about an ordinary woman having an affair and her husband catching her in the act, but once it involved a certain level of cadre, it immediately became different.

Coupled with the deliberate guidance of the Internet Water Army, after half a day of preparation, this matter successfully became a National hot topic.

Although the traditional media didn't participate in the report, online media and self – Media reposted it one after another. Liu haojun had become famous this time.

Changping County.

Secretary Zeng jianzhang was sitting in his office, looking very upset.

Nowadays, the party Committee and government at all levels had done a perfect job of public opinion monitoring, mainly because of the highly developed online media. If they did not pay attention to this aspect and accidentally became a hot topic of negative public opinion, the leaders would not be able to bear the consequences. Therefore, in terms of public opinion monitoring, all levels were willing to spare no expense. It was so that when a hot public opinion appeared, it could be discovered immediately and appropriate responses could be made.

Public opinion monitoring in Changping County was the same as many other County – Level units. It was entrusted to a professional company in Heron Island.

The company had its own data room. Through big data analysis, it would capture hot keywords on the internet 24 hours a day. Once they matched with the customers, public opinion monitoring warnings would be triggered.

The company also had a special team to form a public opinion monitoring Report through professional data analysis when public opinion appeared.

Changping County received a public opinion warning from this company at around 11 P. M.

That was the time when the Internet Water Army hired by Xia ruofei was fully activated.

After the system developed by the company captured keywords such as Liu haojun and Changping County, it automatically triggered an alarm mechanism and informed the publicity department of Changping County overnight.

When the staff on duty in the publicity department saw this, they didn't dare to delay and quickly reported it to Zeng jianzhang.

Zeng jianzhang had already fallen asleep, but when he heard this, he rushed back to his office.

A preliminary report automatically generated by the system provided by the public opinion monitoring company was presented in front of his desk. The detailed analysis report still needed time, and a professional team was analyzing it overnight.

But just looking at the preliminary report gave Zeng jianzhang a headache.

The overwhelming number of posts on the internet pointed out Liu haojun and his position. This was equivalent to throwing Changping District into the whirlpool of public opinion.

The preliminary report also reminded that, from the graph of public opinion, it was likely that the Internet Water Army team was manipulating this topic. It was recommended to prepare for the outbreak of public opinion hot spots tomorrow in advance.

Zeng jianzhang tried to contact Liu haojun immediately, but no matter how many calls he made, it was like a clay ox entering the sea. No one picked up.

In fact, Liu haojun had already muted his phone at this time. Although he saw Zeng jianzhang's call, he had no strength to deal with him.

Anyway, he was going back to the capital tomorrow. In the future, there was a high probability that he would leave the system. Even if he was lucky enough to get the old man's forgiveness, he would definitely have to move to another place. It was impossible for him to return to Changping, so he couldn't be bothered about the feelings of the leaders in Changping!

Zeng jianzhang had a sleepless night. When he saw the posts on the internet, he was shocked and his heart was in a mess. He gathered the people in the publicity department overnight to discuss how to deal with the media.

The next day, the detailed analysis report from the company in Heron Island was finally sent.

The situation was not optimistic, and the curve of public opinion was very steep, which meant that it was in a hot outbreak period, and the pressure of public opinion would be very high in the next few days.

In terms of response plans, the professional team came up with a few plans, but no matter which one, they all had one thing in common, and that was to respond to the media's concerns as soon as possible.

According to their experience, negative public opinion like this should be responded to as quickly as possible, and the truth must be disclosed truthfully and sincerely.

Because at this time, public opinion was at a high level, and all kinds of discussions were growing exponentially, many of which were completely unreliable rumors. At this time, only by releasing an official voice and the real voice at the first moment could the survival space of the rumors be reduced.

This was the first rule of public opinion management nowadays.

However, what gave Zeng jianzhang a headache was that he had no way to verify the truth of the incident and the details of the process, because by noon, Liu haojun had simply turned off his phone. It was as if a dignified Deputy Secretary had disappeared from the world.

Changping didn't have any useful information, so how could they disclose it to the outside world through the Golden window of public opinion management?

The publicity department had already made the report. Since this morning, the media had been calling non – stop, asking for interviews. By noon, the publicity department's public phone was about to explode with calls. All of them were asking about Liu haojun.

Zeng jianzhang couldn't help but be upset. Ever since Liu haojun, this wastrel, came to Changping, he didn't do a single proper thing, but instead, he got into a lot of trouble.

.....

Beijing, party school.

Wu Liqian, who had just finished her training class, turned on her phone and immediately received several messages on WeChat.

Most of them were news links from various platforms sent to her by her old colleagues from Changping County and the original Sanshan city.

Wu Liqian clicked on it, and her beautiful eyes suddenly showed a strange look.

These news links came from many platforms. The titles were all unique, but the content was mostly the same. They were all about Liu haojun's big scandal.

Wu Liqian suddenly felt extremely relaxed, as if a big stone that had been pressing down on her heart had been lifted.

She had been in the system for so many years, and the most basic judgment she had was: After all this, Liu haojun would definitely not be able to stay in Changping County.

In other words, after she finished her training and returned to the southeast province, she would no longer have to endure Liu haojun's endless harassment.

At this thought, Xia ruofei's figure suddenly appeared in Wu Liqian's mind.

Could he have done it? Wu Liqian had such a thought.

The main thing was that the timing was too coincidental. Liu haojun had been working in Changping for a few months. There had always been rumors about his lifestyle, but it had never become such a hot topic of public opinion.

However, this time, when the pharmaceutical factory was trying to attract investment, Xia ruofei found out that he was being pestered by Liu haojun. Liu haojun suddenly had bad luck. How could there be such a coincidence in this world?

Wu Liqian's heart was beating very fast. She had visited Tian Huilan in the past few days since she came to the capital. Now, she was very clear about Liu haojun's background and power. She was very clear that if it was really Xia ruofei who did it, then Xia ruofei would have to bear a considerable risk.

Wu Liqian's heart trembled at the thought of Liu haojun's powerful family.

She felt a warm current in her heart. Her intuition told her that this matter was definitely related to Xia ruofei.

.....

At almost the same time, in a courtyard within the red walls of the capital.

A spirited old man put down the documents on his desk, stood up, stretched, and walked out of the room. The health doctor often reminded him to stand up and move his muscles every hour or so of work. After all, he was already in his 70s.

The old man walked out of the room, and the Secretary, who was in her forties, quickly put down her pen and followed.

"Little Wu, is there any interesting news these past two days?" The old man asked with a smile as he moved his hands and feet.

This was also his habit. As he was in a high position, what he saw and heard was often filtered information, so he was used to chatting with the staff around him when he was relaxed. Although the information given to him by his Secretary was definitely selective, it was still more down – to – Earth than the documents and internal reference.

Secretary Wu thought for a while and said, "chief, I did notice some rumors about Liu haojun on the internet this morning." Oh, Liu haojun is the eldest grandson of elder Liu ..."

"Oh? Since you're free, tell me about it!" The old man said with great interest.

He was from the same generation as the old man of the Liu family. However, the old man had failed to reach a higher position and retired, while he continued to work in this important position.

"Liu haojun was transferred to the southeast province's Changping County a few months ago ..."  
Secretary Wu nodded.

The old man quietly listened to Secretary Wu's words and asked with a slight frown, "How true is this information?"

Secretary Wu said cautiously, "it looks like it's close to the mark. I noticed that Changping County has responded to the media this afternoon. They said that Liu haojun has taken sick leave and can't be contacted for the time being. The details have yet to be verified ..."

Such a response was basically a solid proof.

The old man shook his head with a complicated expression and sighed, "This old Liu...He's not doing enough in the education of his children! I heard that Liu haojun's life in the capital wasn't good ..."

Secretary Wu couldn't help but look surprised. He didn't expect the Bureau chief to know about Liu haojun, and it seemed like he had heard of the rumors about Liu haojun in Beijing.

Should Liu haojun feel honored? Or should he feel sad? Secretary Wu felt that it should be the latter. After all, this was not something to show off.

Sure enough, the old man continued, "you took time to give it to Liu's eldest son...His name is Liu Qunfeng, right?" Just give him a call and give him a good beating. What is he doing?"

"Yes, chief!" Secretary Wu said quickly.

The old man didn't say anything more. After all, it was a small matter for him. After chatting for a while, he returned to his room to continue working.

Secretary Wu thought about what to say and called Liu Qunfeng. The old man didn't give any specific instructions, so he had to grasp the standard himself.

Of course, Secretary Wu had been working by the old man's side for a long time, so he understood a lot of things and didn't need the old man to waste his breath.

.....

After Liu Qunfeng finished the call with Secretary Wu, his face turned pale. He hurried to the backyard to report to his father.

Liu haojun, who was still on the plane, had no idea that the last bit of hope in his heart had been completely destroyed by this phone call.

The old man was already angry, but after hearing Liu qun's report, he became even more determined and decisive. He immediately made arrangements.

Liu Qunfeng, as Liu haojun's father, didn't dare to plead for mercy. He was also shocked by the phone call.

Half an hour later, Changping County took the initiative to hold a press conference.

Zeng jianzhang personally attended the press conference, and at the press conference, he announced to the reporters, "The Deputy Secretary, Liu haojun, had decided to resign from all his positions for personal reasons. The county party Committee had already received Liu haojun's personally signed resignation letter and had reported it to the higher – ups for approval as soon as possible.

#### Chapter 1936 Lowering one's status (1)

Xia ruofei was about to leave for Hong Kong when he saw the news.

After a period of warm – up, the auction in Hong Kong had entered the final preparation stage.

This time, the ingredients and medicinal herbs that Tao Yuan company planned to auction in Hong Kong included the top – grade one – headed abalone, Cordyceps, iron – Skin fengdou, Dahongpao tea leaves,

as well as the top – grade black truffle and white truffle. Besides, Xia ruofei had also found a few old mountain ginsengs in the medium and added them to the auction catalog.

These old mountain ginsengs were planted by Xia ruofei in the spatial zone. After being bathed in the extremely rich spiritual Qi for such a long time, they were at least three hundred years old according to the standards of the outside world and were considered extremely precious medicinal herbs.

The special auction this time had become a product exhibition for Paradise Corporation. Except for the Jade skin cream and heart nourishing soup produced by the manufacturing factory, which did not participate in the auction, basically all of Paradise Corporation's high – end products would be revealed.

Xia ruofei also attached great importance to this auction. He saw it as an opportunity to showcase the image of Paradise Corporation.

After more than a year of rapid development, it was time for the Paradise Corporation to show its comprehensive strength to the outside world.

After waves of publicity, the attention of the auction was very high, especially the rich who had participated in the auction before. They all expressed great interest.

In addition, people in the food and beverage industry were also paying special attention to the auction.

Many Michelin – starred restaurants sent people to Hong Kong to register at Hengfeng auction house in advance and pay the deposit for the auction.

Because the value of the auction items was different, the security deposit was also divided into several levels. Different levels allowed different items to participate in the auction, and the auction house would give out different colored plates.

This was also to lower the threshold. For example, some people only wanted to buy iron Kaede Dou, and their economic strength was average. If they standardized a high deposit standard, it was equivalent to directly rejecting these people at the door.

The highest level of security deposit was 10 million Hong Kong dollars, and any item could be auctioned. The minimum security deposit was only 500,000 Hong Kong dollars, and the bidding scope was limited to iron – skinned fengdou and Dahongpao tea leaves.

According to the feedback from Hong Kong, the bid deposit received during this period had exceeded 300 million Hong Kong dollars. It could be seen that everyone's enthusiasm for registration was quite high.

While Xu Yougang and the others were busy keeping an eye on Liu haojun, Xia ruofei had already started preparing. The top – grade truffles that were going to be auctioned had all been packaged and stored in the space.

Xia Qing had also cultivated ten pairs of top – Quality one – Head abalones using the same method as last time and made them into dried abalones.

The Da Hong Pao tea leaves were also the most precious, second generation of the Da Hong Pao tea tree in the realm. They were the most essential parts of the tea tree. Xia Qing had done her best to produce

them. There were only about 1500 grams in total. Xia ruofei planned to split them into five portions and auction them off in units of 300 grams.

The rest of the herbs, such as Cordyceps sinensis, iron – skinned fengdou, and old mountain ginseng, were also prepared.

These few days, Xia Qing had become the busiest person, especially the Cordyceps, which was more time – consuming. Xia ruofei even took some time to go to the medium to help Xia Qing dig. They had picked about 2700 of the highest quality.

These 2700 stalks of Cordyceps weighed 3000 grams, which meant that every 900 of them weighed 1000 grams. This quality had already far exceeded the 1100 stalks per kilogram that he had previously harvested. The standard of 1500 stalks of special grade grass per kilogram had also far exceeded that.

Of course, the planting area this time was much larger than the first time, so they had harvested more Cordyceps. Xia ruofei and Xia Qing had specially picked out the larger Cordyceps to process, so it was normal that the quality was much higher than the last time.

All the items prepared for the auction had already been sealed in the spirit map space. Other than the tin bucket that was made in the outside world, the rest of the auction items were basically selected and made in the space.

The auction was approaching, but there were still no signs of the auction items. Feng Rao was not in a hurry because she knew that Xia ruofei would never fight a battle that he was not confident of winning. She would never fire an empty cannon, so she did not urge him at all. She just did her job with all her heart and did her best. She kept in touch with Liu Qian, who was sent to the front line, and made sure that the preparations were flawless.

Taoyuan building, chairman’s office.

Feng Jing walked into Xia ruofei’s office with a laptop and asked with a smile, “Chairman, Liu Qian just called and said that the auction will be held in three days. Is that okay with you?”

Xia ruofei laughed and said, “everything is ready. We can go to the port at any time!” You tell Liu Qian that I’ve already prepared the actors. It’s up to them to set up the stage!”

“Alright! I’m relieved then!” Feng Rao pursed her lips and smiled.

“By the way, there aren’t many things at home on this trip to Hong Kong. Many senior executives will go with you!” Xia ruofei said, “sister ran, you must go too!”

“Alright, then I’ll go ask for everyone’s opinion.” Feng Rao said, “going to Hong Kong isn’t a difficult task. I’m sure everyone will be very happy to participate! However, I don’t think manager Xue and director Xiao will be able to leave. Director Dong and director pang should be fine!”

“Just say it in the group!” Xia ruofei smiled and said, “there’s no need to send an email for such a small matter ...”

Chapter 1937 Lowering one’s status (2)

Sometimes, Feng Jing still maintained her habit of working overseas and communicating with her colleagues through email. She wasn't being pretentious, but she was already used to this kind of work mode.

Feng Rao was stunned for a moment before she pursed her lips and smiled. "Alright then!"

Paradise Corporation had a special WeChat group for directors and above. Xia ruofei was also in the group, but he didn't really speak. Of course, people rarely chatted in this kind of work group. They mainly talked about work.

Feng Jing sat opposite Xia ruofei and took out her phone in the WeChat group. At the company's auction in Hong Kong three days later, the chairman instructed: Those who are free, try to participate. Register now!

Xiao Qiang from the marketing department: "cover my face!" "Cover my face!" "Cover my face!" I really want to go! Unfortunately, he couldn't!

Pharmaceutical factory Xue Jinshan: "cover my face!" "cover my face!" "cover my face!" I'm busy inspecting the location of the new factory, can I get a discount?"

Finance department pang Hao: Count me in! She asked meekly, can I bring my family?

Other than Dong Yun, everyone else quickly replied. Feng Jing was right. Xue Jinshan and Xiao Qiang had been very busy with work these past few days and couldn't leave.

Xia ruofei saw pang Hao's reply and could not help but laugh. He picked up his phone and replied, "@Finance department pang Hao Do you have a family member? Smug!"

Pang Hao from the finance department: She had forgotten that the overbearing President was also in the group, so she was trembling ...

Feng Jing couldn't help but chuckle. Everyone was usually serious when they communicated at work or through email, but in an environment like WeChat, they unconsciously became more casual.

She couldn't help but think, "should I send less cold work emails in the future and communicate more like this?" The atmosphere seemed to be much more harmonious ...

Everyone chatted for a while in the WeChat group before Dong Yun replied, How long will you be gone? "The administrative work at the headquarters has just been sorted out. If it's not a hard request, I won't be joining ...

Feng Jing thought for a moment before privately messaging Dong Yun, "Xiao Yun, the chairman means that this auction is very important to the company. It can be considered a milestone in the company's development. He hopes that everyone can attend it if their work is available.

Feng Jing knew that Dong Yun was a workaholic. She probably thought of this as a benefit that Xia ruofei gave to the executives, so she had no intention of going to Hong Kong.

As expected, after Feng Jing's private chat, Dong Yun quickly replied, "So it was like this! Then I'll arrange the work at hand and participate!"

Feng Rao replied,[OK!] This was the way! Then I'll talk to the chairman!

Feng Jing put away her phone and said,"done!" Dong Yun will come with us!"

Xia ruofei smiled and nodded.""If you have free time, you can stay in Hong Kong for a few more days. The company will pay for the expenses! Everyone's been working very hard and almost no one has ever taken a break. This is a small – scale team building. "

"Alright!" Feng Jing said,"since the staff has been confirmed, I'll get the administrative department to book plane tickets as soon as possible." Ruofei, I'll book a first – Class ticket for you. The rest of us can't waste it ..."

"Sister Che!" Xia ruofei waved his hand and said,"you don't have to book the ticket!"

"Ah?" Feng Rao was stunned and confused.

Xia ruofei chuckled and said,"isn't it too low for half of paradise corporation's executive team to travel together and take a civil flight?" This time, we'll take the Gulfstream business jet!"

Feng Jing didn't know that Li Yifu had gifted Xia ruofei a Gulfstream G650. She couldn't help but smile and say,"Woof! The cost was not low! Chairman, you're prepared to bleed this time! Are you sure you're not joking? I've really asked the administration department to contact the public service Company!"

Xia ruofei laughed and said,"you don't have to worry about the plane!" I'll take care of it!"

After that, Xia ruofei looked for the person in charge of the public business jet team, Liu An, who was the more senior of the two pilots, and dialed his number.

Liu An and his team had been on standby at San Shan these days. They were so idle every day. They felt a little guilty staying in a high – end hotel every day without doing any work and getting such a high salary.

Xia ruofei made the call and Liu An immediately picked up.""President Xia, is there a flight mission?"

Xia ruofei laughed."Captain Liu, you seem to be a little impatient."

"You're not working, but you're getting such a high salary," Liu An chuckled."Everyone's feeling uneasy ..."

"That's just right, there's work to do!" Xia ruofei said.

"President Xia, please wait a moment. I'll get a pen and paper to record it down!" Liu An said immediately.

A moment later, Liu An's voice rang out again,"President Xia, please speak!"

"We'll fly to Hong Kong from the three mountains in three days,"said Xia ruofei." If you apply for the route now, you should have plenty of time. " In addition, there will be about four to five passengers on this flight. Please prepare meals and other guarantees in advance. "

Liu An quickly jotted it down and then said,"No problem! We'll start the preparations immediately!"

A business plane might seem convenient, but in fact, before flying, one had to first apply for the route, contact the departure airport and the destination airport, and the flight crew had to prepare meals and other security measures in advance according to the situation of the passengers. After landing, the accommodation of the crew members and so on. In fact, the preparation work was relatively complicated.

Xia ruofei nodded. "If time permits. Try to arrange for the departure to be at eight or nine in the morning the day after tomorrow."

"Understood!" Liu An said calmly.

After hanging up, Xia ruofei raised his eyebrows at Feng Ye and said, "Done!"

Feng Jing wasn't surprised that Xia ruofei was willing to use a business jet for travel. Xia ruofei had always been very generous to his subordinates, and he didn't lack money. However, what she did not expect was that Xia ruofei had arranged everything with just a phone call. He did not even mention the price, any procedures, deposits, and so on. It was settled just like that?

Since when did the service of a business jet company become so thoughtful?

At this moment, someone knocked on the office door.

"Please enter!" Xia ruofei said loudly.

It was a 20 – year – old girl in professional attire. Jian Jia had been working at the peach blossom mansion as usual, and her work was rather complicated. Hence, Feng Jing had asked the administrative department to arrange for this girl named Zhou Yu to come over. She was basically a temporary Assistant to the Chairman.

"Chairman, the front desk called and said that Zhu zhihang, the mayor of Changping, is here to visit you." Zhou Yu said, "because they didn't make an appointment in advance, the front desk couldn't make a decision. They asked me to ask you ..."

Xia ruofei and Feng Jing looked at each other and said, "You actually came uninvited? It seems like the people in Changping County can't hold it in anymore ..."

"They're afraid that the project might go awry," Feng Jing chuckled. "They're really worried, aren't they?"

"I think they can't hold on much longer ..." Xia ruofei smiled.

He was well aware of the pressure that Changping District was facing. Liu haojun's incident was a huge scandal. Now that Liu haojun had left, the group of people in Changping District would have to deal with the mess left behind.

This negative public opinion was probably enough to make things difficult for the team in Changping. In addition, the Taoyuan pharmaceutical factory was constantly conducting site selection inspections, but they had no intention of going to Changping to take a look. How could they not be anxious?

If this project was also snatched away by other districts and counties, especially by competitors from other cities, they would definitely not be able to explain themselves to the leaders of Sanshan city.

Xia ruofei knew that Zhu zhihang had come to visit in person because he wanted to get this project to Changping as soon as possible. When the time came, they would publicize it and let such a super quality project be settled in Changping. It would definitely dilute the impact of Liu haojun's incident.

Xia ruofei said indifferently, "go and tell them that I'm in the middle of a very important meeting. I don't have time to receive them at the moment."

Chapter 1938 Hanging you out without discussion (1)

"Ah?" Zhou Yu was stunned.

Zhu zhihang was the second – in – command of Changping. Although he did not make an appointment to visit directly, Zhou Yu felt that Xia ruofei would still receive him out of courtesy. She did not expect him to refuse so firmly.

Feng Rao looked at Xia ruofei and said after a moment of silence, "Zhou Yu, stop daydreaming! Reply according to the Chairman's instructions!"

Zhou Yu came back to her senses and quickly nodded. "Alright!"

After Zhou Yu left the office, Feng Jing asked with a slight frown, "RUO Fei, isn't this a little inappropriate? After all, County Head Zhu ..."

Feng Jing didn't support Xia ruofei's decision, but she still had to protect Xia ruofei's authority as the chairman in front of Zhou Yu. Now that there were no outsiders, Feng Jing finally voiced her opinion.

Xia ruofei pouted and said indifferently, "There's nothing inappropriate about it! I don't have a good impression of the leaders of Changping County! So what if he was left hanging? We're not begging him!"

Feng Jing couldn't help but smile bitterly. After working together for so long, she knew Xia ruofei better than anyone else. Xia ruofei usually looked very kind and didn't put on airs, but when he was serious, he wouldn't listen to anyone's advice.

She looked at Xia ruofei and said, "I've been meaning to ask you!" What did the leaders of Changping County do to you? Didn't we have high hopes of expanding our farms and building pharmaceutical factories in Changping? From the moment you asked factory manager Xue to inspect the other places, I felt that something was wrong ..."

Xia ruofei thought for a while and said, "these people don't follow the rules!"

Then, Xia ruofei told Feng Jing about the negotiation with Wu Liqian, but the Changping County had a change of personnel at the last minute. They had openly stolen Wu Liqian's political achievements. Then, he said, "Sister ran, tell me, what kind of good feelings can I have for these bureaucrats?"

Of course, Xia ruofei didn't mention that Liu haojun kept pestering Wu Liqian and even used some underhanded means to push Wu Liqian aside at work. On the one hand, it involved Wu Liqian's privacy. On the other hand, he didn't want Feng Jing to link it to Liu haojun's scandal and "resignation."

So it's all for a female confidante ... Feng Jing thought to herself.

She knew about the relationship between Wu Liqian and Xia ruofei. She also knew that Xia ruofei had looked for Wu Liqian immediately after the incident at Taoyuan pharmaceutical factory. Now that she thought about it, Xia ruofei had also wanted to give this heavy political achievement to Wu Liqian. In the end, there was a problem in Changping County. Someone came out of nowhere. No wonder Xia ruofei was so angry.

Thinking about this, Feng Jing couldn't help but feel a little sour. She said to herself, "If I'm treated unfairly like this, will he also be angry?"

"Sister Che! Sister Che!" Xia ruofei's voice brought Feng Rao back to her senses.

"Ah?" Feng Rao said subconsciously.

Xia ruofei laughed and asked, "what's the situation?" Why did she get distracted while talking? Did you not sleep well last night?"

"No, I didn't! I don't have any!" Feng Jing quickly said, "now that you've said that, I also think that the leaders of Changping County have gone too far!"

"So, you agree with what I'm doing?" Xia ruofei asked happily.

"I think ... We can just give them some time to think about it. There's no need to push things too far ..." Feng Jing said. "Firstly, we don't know the inside story. Maybe County Head Zhu and the others have their own reasons. Also, our farm is still in Changping, and from a strategic point of view, Changping is the most suitable location for the manufacturing factory. The terrain there is flat, the transportation is developed, and the preferential conditions given by the county are very sincere. The most important thing is that it's very close to the airport. In the future, when the production capacity is increased, it will be very convenient to ship goods to the country ... Even if we don't do business in Changping, there's no need to make our relationship with the local government so stiff. Peace is the most important thing in business, we seek wealth, not Qi!"

Xia ruofei couldn't help but look at Feng Rao with a smile and said, "Sister ran, I find that you have the potential to be a political commissar. It's a pity that our company is not the Army and we don't have such a position ..."

Feng Rao glared at Xia ruofei and said, "I'm talking about serious business with you! You're starting to be naughty again ..."

Xia ruofei laughed and said, "Alright, alright!" I've heard everything you said ... How should I put this? I agree to part of it! To forge iron, one needs to be strong. The reason why we are so apprehensive is because we are not strong enough! Think about it, if it was tycoon Wang or father MA, would they care if they offended a County – Level administrative organization?"

"You'll have to wait until you're the richest man in the country!" Feng Rao laughed. At least, we don't have the confidence to do so now. This is also a result of our national conditions. If we want to have as few constraints as possible, we have to compromise!"

"Understood!" Xia ruofei said lazily, "sister che, let's see if they're sincere enough this time. If they can't even take this little bit of anger and just leave, then don't blame me ..."

"You! "Don't overdo it ..." Feng Jing said."Alright, I won't try to persuade you anymore. You can do it yourself!" I'm going back to my office first. I'll be going to Hong Kong in a few days, so I have to arrange some work in advance ..."

Chapter 1939 Hanging you out without discussion (2)

"Sister che, take care!" Xia ruofei said with a smile.

.....

At the front desk of the company on the 11th floor of the Tao Yuan building.

Xiao Li, the clerk in charge of the reception, picked up a phone call and couldn't help but look at Zhu zhihang and the others with a slightly embarrassed look on her face. However, she quickly calmed down and said,""County Head Zhu, I'm sorry! The chairman is in a high – Level meeting and may not have time to receive the leaders ..."

Shi Qingyuan, the director of the government office who came with Zhu zhihang, heard this and his face suddenly sank. He said,""What? Did you make it clear that the person who came to visit director Xia today is County Head Zhu?"

"I've given a detailed report, but that's the Board of Directors 'reply," said Xiao Li."Leaders, I'm really sorry ..."

Xiao Li was on the verge of tears. She was just a little girl who had just graduated from Junior College. Facing Zhu zhihang, Shi Qingyuan, and the other powerful leaders, she was already under a lot of pressure. When Shi Qingyuan glared at her, her little heart could not help but beat faster.

"Isn't he too arrogant?" Shi Qingyuan said angrily.

Zhu zhihang's face also darkened slightly, but he quickly returned to normal. He waved his hand to stop Shi Qingyuan.

It wasn't a good thing to show off in front of a young receptionist. Zhu zhihang also knew that it was useless to say so much to this little girl. She was just a Messenger and could not decide anything at all.

Zhu zhihang thought for a while and said to Xiao Li with a pleasant expression,""Young comrade, when will President Xia's meeting end?"

"I really don't know about this, County Head Zhu," said Xiao Li. I asked just now, but the Board of Directors said that the time is not easy to grasp. This meeting is very important and it concerns the company's development strategy ..."

In fact, these words were added by Zhou Yu himself. The purpose was to show that Xia ruofei was indeed unable to leave because of a very important matter, so as to reduce the unhappiness in the hearts of Zhu zhihang and the others as much as possible.

However, the speaker had no intention, but the listener paid attention.

Zhu zhihang's face changed slightly. He thought to himself,"the company's development strategy? Could it be that he wanted to choose the location for the Taoyuan pharmaceutical factory branch? With the

terrifying ability of the Taoyuan pharmaceutical factory to make money, building a new branch factory was indeed a big problem for the company's development strategy.

He was even more anxious because up until now, the Paradise Corporation had yet to inspect Changping County. If they decided on the location now, it went without saying that it would definitely have nothing to do with Changping County.

However, no matter how anxious he was, Zhu zhihang couldn't do anything. He couldn't just barge in!

He thought about it and felt that he could not leave no matter what. He had to wait here. No matter how long he waited, he had to see Xia ruofei as soon as possible. Regardless of whether they had decided on the location, he had to work hard.

Right now, Changping County was in a state of turmoil. The negative impact caused by Liu haojun's problem was too great. The Taoyuan pharmaceutical factory project was like a life – saving straw that had to be seized no matter what.

Once this project is ruined, then the life – saving straw will become a deadly poison. The peach blossom company initially had its eyes on Changping County, so why did it turn to invest in other areas? It must be because the investment environment in your Changping County is too bad!

Thinking of this, Zhu zhihang said with a pleasant expression, ""Little comrade, in that case, can we wait here for President Xia to finish his meeting? Please report that we're waiting here and hope that President Xia will find time to meet us after the meeting. We have very important things to discuss with him. ""

Xiao Li also heaved a sigh of relief. She was really afraid that Zhu zhihang and the others would be furious.

“Alright!” She quickly replied. County Head Zhu, please take a rest here! I'll contact the Board of Directors immediately!”

Xiao Li led Zhu zhihang and the others to the reception room at the door and served them hot tea. Then, he returned to the front desk and called Zhou Yu with the landline.

.....

On the 15th floor, in the chairman's office.

After Xia ruofei heard Zhou Yu's report, he looked interested and said, ""Since they're willing to wait, then let them wait!”

At this point, Xia ruofei raised his hand and looked at his watch. After a moment of silence, he said, ""If they haven't left after an hour, go downstairs and pick them up!”

Zhou Yu was slightly stunned. At the company, they got off work at 12 o' clock, had an hour of lunch, and then continued to work at 13 O' clock. It was already 10:30 in the morning. An hour later, it would be 11:30. Including the time it took for the elevator to go up and down, Xia ruofei had less than half an hour left for them!

Although her mind was spinning, Zhou Yu was not dazed for too long this time. She quickly nodded and said, "I understand, Chairman!"

She knew that it was impossible for her to understand her boss's intention, but she was determined to carry out the order.

.....

In the reception room on the 11th floor.

As time went by, Zhu zhihang sat on the sofa with his eyes closed, like an old monk in meditation.

On the other hand, the director of the government office, Shi Qingyuan, seemed a little anxious. He kept pacing back and forth in the reception room, raising his hand to check his watch every few minutes.

"I say ... This paradise Corporation is too arrogant!" Shi Qingyuan said to the new Secretary, Luo Jinxian, who came with Zhu zhihang, "Mayor Zhu came here personally. Even if there's something important, can't you just put it aside? It's been almost half an hour, and there's still no movement!"

Luo Jinxian had always been a staff member of the government office and an old subordinate of Shi Qingyuan. This time, he was working beside Zhu zhihang to replace Jin Yuan, who had been demoted to be a village cadre. It could be said to be a rare opportunity in his life, so he had been cautious with his words and actions.

On such an occasion, County Head Zhu did not say anything. As subordinates, it was inappropriate for them to say anything. As an old comrade, it was fine for Shi Qingyuan to occasionally complain. If Luo Jinxian went along with him, he would definitely be called "immature."

So, Luo Jinxian just smiled at Shi Qingyuan and said, "Director Shi, why don't you take a seat and drink some water ..."

Half an hour, 40 minutes ...

As time went by, Zhu zhihang's anxiety became more and more intense. He couldn't show it on his face, or he would lose his dignity as a superior in front of his subordinates.

I don't know when this kind of waiting will end ... Zhu zhihang thought anxiously.

He could even imagine Xia ruofei and the high ranking officials in the meeting room of the Paradise pharmaceutical factory discussing the location of the branch factory. He became even more anxious.

Finally, at around 11:30, the door of the reception room was pushed open, and a girl in black – rimmed glasses and business attire walked in.

"Are you county Head Zhu?"

Zhu zhihang immediately opened his eyes and said, "I am!"

"Hello, County Head Zhu! I'm Chairman Xia's assistant, Zhou Yu. I'm sorry to have kept you waiting!" Zhou Yu smiled and said, "the chairman has finished his meeting. He asked me to come and take you upstairs!"

That's great! Zhu zhihang shouted in his heart.

On the surface, he was still very calm. He said very politely, "Alright, thank you for your trouble, assistant Zhou!"

Zhou Yu took Zhu zhihang and the others to the 15th floor by elevator.

Zhou Yu knocked on the door of the chairman's office, then pushed the door open, turned sideways, and said, "County Head Zhu, leaders, please come in!"

Zhu zhihang and the others walked into Xia ruofei's huge office. Looking at the spacious and luxurious office, Zhu zhihang could not help but secretly click his tongue.

There was still some distance from the entrance of the office to Xia ruofei's desk in front of the floor – to – Ceiling window. Xia ruofei had been sitting in his seat and reading the documents in his hand. When Zhu zhihang and the others were almost at the desk, he seemed to have just realized it. He quickly put down the documents in his hand, stood up, and walked out.

Xia ruofei walked quickly to Zhu zhihang and said, "County Head Zhu, I'm sorry! There are too many things on hand, I've neglected you!"

Chapter 1940 Sitting steadily on the fishing platform (1)

Although Zhu zhihang and Xia ruofei had never met face to face, Xia ruofei was an internet celebrity. Zhu zhihang was no stranger to Xia ruofei and often saw his photos and news on the internet.

Even so, when Zhu zhihang saw Xia ruofei in person, he was still secretly surprised by his young age.

Zhu zhihang felt that Xia ruofei was about the same age as his son, who had just graduated from college. He was only a few years older than Xia ruofei, but his son was living off of his parents and did not even have a proper job. On the other hand, Xia ruofei already had such a big business and his social influence was growing day by day.

It was really infuriating to compare people! Zhu zhihang muttered in his heart.

"No, no, no!" Zhu zhihang said with a smile, "President Xia is so busy. It's a little rude of us to come uninvited ..."

"You're too kind, County Head Zhu. You're an important guest!" Xia ruofei smiled and said, "come, come, come, this way please ..."

Xia ruofei led Zhu zhihang to the reception room next door and said to Zhou Yu, "Go and make a few cups of tea. Use my precious Da Hong Pao."

"Yes, Chairman!" Zhou Yu immediately responded.

Of course, Xia ruofei had his treasured Da Hong Pao tea leaves, but they were all stored in the spirit map space. The Da Hong Pao tea leaves in his office were only used for guests. In fact, they were the same kind sold in the flagship store of paradise corporation's heavenly cat. Although the price and quality were very high, no matter who came to visit, the tea served was the same.

Of course, Zhou Yu would not be stupid enough to expose him. After responding, she quickly went to make tea.

Zhu zhihang naturally didn't know about this and quickly said, "You're too kind, President Xia ..."

"County Head Zhu is an honored guest!" Xia ruofei smiled and said, "come, this way please!"

Xia ruofei led Zhu zhihang and the others through the big office. After pushing open a door on the side, it was a different world. It was a reception room of more than 100 square meters.

The reception room was covered with soft wool carpet and was surrounded by a circle of wide, soft leather sofas. Calligraphy and paintings hung on three walls, and the entire side was a glass wall. The height of the top floor made the view of the reception room excellent. The entire reception room was very high – end in both decoration and style.

Zhu zhihang looked at it and sighed again.

This reception room was much better than the reception room in the county government. Moreover, this was only a small part of the chairman's office. It was still the same saying, "it's infuriating to compare people!"

Xia ruofei went straight to the side facing the door and against the wall. There were two sofas in the middle of this side, while the other sofas were on both sides in the shape of stars surrounding the moon, highlighting this position.

Xia ruofei and Zhu zhihang took their seats respectively. Zhu zhihang's entourage also naturally found their seats on both sides according to their positions.

Zhou Yu quickly carried a tea tray and served everyone a cup of hot tea.

Zhu zhihang took a sip of the tea and smiled. "It's really good tea! President Xia, I can only drink such authentic Da Hong Pao at your place. "

Xia ruofei smiled. "You're too kind, County Head Zhu. It's our family's tea. It's not a precious variety."

"No, no, no!" Zhu zhihang said, "although the production of Taoyuan Dahongpao is not high, it has a good reputation. It is definitely a treasure among the high – end tea leaves! Not to mention, this is President Xia's private collection!"

Xia ruofei saw that Zhu zhihang was making small talk, but he was not in a hurry. He smiled and accompanied Zhu zhihang in circles.

Zhu zhihang was actually quite anxious, but he hoped to find a more natural entry point, or Xia ruofei could just ask. This way, he could smoothly lead the topic to the Tao Yuan pharmaceutical factory project.

However, Xia ruofei was not in a hurry at all and had no intention of taking the initiative to ask. Seeing that a few minutes had passed, Zhu zhihang finally could not hold it in.

He cleared his throat and said, "President Xia, I've come here to discuss something with you,"

"Oh? Please go ahead, County Head Zhu. " Xia ruofei said with a smile.

"I heard that your company is preparing to build a new pharmaceutical factory," Zhu zhihang went straight to the point. "I wonder how far this project has progressed?"

Xia ruofei had already expected what Zhu zhihang would ask. He smiled and said, "It seems that county Head Zhu is quite concerned about our company's development! On behalf of the company, I thank you first!"

Zhu zhihang thought to himself, "although Xia ruofei is young, he's obviously a cunning one!" How could he not know that our Changping County has always wanted to introduce this project? He was afraid that county Head Wu had already told him about the preferential conditions! Now, he was actually pretending to be confused.

However, Zhu zhihang did not say anything and did not show any displeasure. He just smiled at Xia ruofei and waited for him to continue.

"Our company is preparing to expand the scale of Taoyuan pharmaceutical factory in the near future." Xia ruofei nodded and said, "we're building a new branch. This project is progressing in an orderly manner, and it's going very smoothly so far. I think it shouldn't be long before we can start construction!"

Zhu zhihang's heart trembled – start the construction! Could it be that they had a meeting just now and had already decided on the location of the pharmaceutical factory? In that case, there was no more hope for Changping?

For a moment, Zhu zhihang could not help but feel confused.

Shi Qingyuan, the director of the government office, saw that Zhu zhihang was distracted at the critical moment and could not help but feel anxious. He could not help but ask, "President Xia, may I ask where you plan to build the pharmaceutical factory?"
