Chapter 1951 Small trick (2)

He didn't speak very quickly because he had more time to think and to prevent himself from saying the wrong thing.

The female reporter didn't want to let him go so easily and immediately asked, "But, according to the rumors on the internet, the adulterous affair should have happened when Liu haojun was the Deputy Secretary, right? Shouldn't the Changping District Committee be involved in the investigation?"

"The investigation will definitely be carried out," Zeng jianzhang said with a smile. "It's just that comrade Liu haojun has already returned to his hometown in Beijing, and the person involved in the incident you mentioned can't be contacted for the time being, so the investigation has not made any progress. Even if ... I'm just assuming! "Even if the rumors on the internet are true, it's still within the scope of a lifestyle problem and not related to a crime. According to the organization's discipline, the most severe punishment is punishment from the party. Now that comrade Liu haojun has resigned from his position, it's much more serious than punishment from the party ..."

Zeng jianzhang paused for a moment before he continued, "Here, I also sincerely hope that all media friends here will pay more attention to the achievements of our Changping County, instead of focusing on some groundless news. If they only report these after – Dinner gossip, I think it will be difficult for such a media to have any big development. There are still many things worth reporting in our Changping County! For example, the introduction of the Taoyuan pharmaceutical factory project this time can greatly promote the development of the county's economy and provide more and more employment positions ..."

Regarding the introduction of the project, the county party Committee had arranged the information and thought of some possible questions from the media in advance. They had also prepared the answers in advance, so when Zeng jianzhang spoke about this, he was obviously much more fluent.

"That's my answer. I hope this reporter friend will be satisfied. " Zeng jianzhang ended his answer with a smile.

"Thank you, Secretary Zeng," the female reporter said. "I still have one last question. Is that okay?"

At this moment, Zeng jianzhang definitely had to show a friendly attitude. He smiled and raised his hand. "Ladies have special privileges! I don't think the other reporters would mind, so please go ahead!"

The female reporter had a faint smile on her face and asked, "Secretary Zeng, it's said that the project to bring in Tao Yuan pharmaceutical factory was previously handled by Deputy Secretary Liu haojun, but there wasn't much progress. However, after it was changed to Deputy County Head Wu, this project was easily won in just two to three days. Is there any inside story behind this?"

Zeng jianzhang's face showed a hint of displeasure.

He didn't know what the female reporter's purpose was, but all the questions she asked involved Liu haojun. The question just now was not a question, but a checkmate.

If there was such a thing, didn't it mean that he didn't know people well and made a mistake in his decision? If there was no such thing, the female reporter might be able to come up with other evidence to refute him.

Moreover, the female reporter's questions were all about Liu haojun, which made Zeng jianzhang feel that something was wrong.

He stared at the female reporter for a few seconds before he slowly said, "I don't know where you got this information, but what I want to say is that comrade Liu haojun was indeed in charge of this work when he was in office. Deputy County Head Wu thought that she had been studying in Beijing before, and this time, it was for the organization's needs, so he asked her to take a temporary leave to come back and take charge of this work. This was just the normal division of work, there was no inside story. "In addition, no work can be done overnight. Deputy County Head Wu was able to discuss this project in such a short period of time because of comrade Liu haojun's effective work. His work has laid a solid foundation for the subsequent negotiations!"

Even though Liu haojun did nothing, Zeng jianzhang had to pinch his nose and praise him a little. Otherwise, it would be difficult to answer this question full of traps.

Of course, Liu haojun had already packed up and left, so there was no harm in giving him a few free praises. It was like a person who had passed away. The life announcement at the memorial service would be full of words of praise. Even if the person's life was full of misdeeds, no one would criticize him at his funeral.

After Zeng jianzhang answered the question, Wu Liqian immediately said, "Friends from the media who are going to ask questions later, please be careful not to stray from the topic. Let's continue with the questions. The man in the striped suit on the left of the third row, please ask!"

This time, Wu Liqian specifically picked a reporter she knew, because she was worried that the situation just now would happen again.

Zeng jianzhang had responded appropriately just now and didn't leave any evidence for the media to say.

After all, he was an old Secretary who had been in a leadership position for so many years, and his words were watertight.

The male reporter stood up and said, "Thank you, host. I'm a reporter from the Sanshan megacity newspaper and the Sanshan megacity network. This question was for director Xia. I would like to ask why the Paradise Corporation chose to invest and build a factory in Changping County? Would the company's strategic focus shift to cosmetic production in the future? Thank you!"

Xia ruofei had been watching the show.

Actually, when the female reporter asked the second question, Xia ruofei also felt that something was wrong. He thought of the female reporter's company, Yanjing E family network, and his heart was moved. It was a website under the Beijing newspaper group. Liu haojun's father, Liu Qunfeng, was a Deputy Minister of the publicity department and also the chairman of the Beijing newspaper group.

It seemed that Liu haojun was not willing to lose. Even if he had been pulled down from the stage, he still wanted to mess things up! Xia ruofei said in his heart.

The only reason why the people from Changping knew so little about Liu haojun's background was that they would not have arranged for the female reporter to sit in the center of the room. Wu Liqian would also not have asked her questions.

In that case, he could only ask Zeng jianzhang questions after the press conference. However, this way, the impact would not be as great as the questions at the official press conference, and Zeng jianzhang could continue to play Tai Chi.

Xia ruofei's mouth twitched. Liu haojun was too narrow – minded. He could only resort to such disgusting tricks. In reality, no matter how much Yanjing's E family spread the news, it would be difficult to cause any substantial damage to Changping and the Tao Yuan company.

Xia ruofei's mind was filled with these thoughts, so he couldn't help but be a little distracted.

Xia ruofei came back to his senses after the reporter asked his question. He touched his nose awkwardly and said, "I'm sorry, I didn't hear you clearly just now. Can you please repeat it again?"

"Alright! I want to ask Chairman Xia, why did you choose to build a factory in Changping County? also, does the launch of this project mean that the strategic Center of paradise Corporation will shift to cosmetics production in the future?"

Xia ruofei nodded and said, "actually, you have two questions." The first question is very simple. Whether it's the geographical location or the investment environment of Changping, it meets our requirements. In addition, everyone knows that our paradise Corporation has a farm located in Changping. This time, we plan to expand the farm's scope at the same time, and have optimized the land acquisition plan. In the future, the factory and the farm can be connected together, which will be more conducive to management ... Of course, there's a more important reason, and that is that Changping County has given us many preferential measures. It could be said that he was full of sincerity! Once again, I would like to thank Secretary Zeng, County Head Zhu, and Deputy County Head Wu for their support and help to the Paradise Corporation!"

Xia ruofei paused and continued, "The second question. Do you want to move the company's strategic Center? In fact, the pharmaceutical factory is only one of the core businesses of our paradise Corporation. I can't deny that this is very profitable, but I think our company's determination to develop in multiple ways will not change! And after the new factory is built, half of the production line will be used for the production of the heart – nourishing soup. I hope it can help more children with autism!"

"Right, Speaking of which, let's also announce a piece of news!" Xia ruofei said with a smile.

Chapter 1952 Promotion by half a rank (1)

Xia ruofei paused for a moment. After everyone's attention was on him, he smiled and said, "Tomorrow, our company will be holding a special auction in Hong Kong. Many of paradise corporation's products will be up for auction, including the best truffles, one – headed abalones, Cordyceps, wild ginseng, and so on. This auction will be hosted by Hong Kong's Hengfeng group, and so far, we have received more than 300 million Hong Kong dollars as the auction deposit. Some of the

Super – rich in Europe and the United States, as well as the managers of world – famous Michelin star restaurants, have arrived in Hong Kong in advance. This will be the first time our company will auction off a series of high – end products!”

There was a commotion among the reporters. Everyone was more concerned about the news in the mainland. The peach blossom company’s product auction in Hong Kong had been hyping up for some time, but the ordinary people in the mainland, including these reporters, were not aware of this news.

Some of the high – end auctions in Hong Kong were very well – known in the world. It was quite impressive for a company from mainland China to hold a special auction in Hong Kong, and the deposit of the auction alone was more than 300 million Hong Kong dollars.

No one suspected that Xia ruofei had given a false number because the news of the auction was not a secret. Previously, no one had paid attention to it. Now that they knew the news, they could just go to the Hengfeng auction house’s official website to check.

Moreover, the speed of the mobile internet was very fast these days. Basically, such high – end auctions would have a live video broadcast of the entire process. The number of rich people attending and the approximate number of people attending could be roughly calculated through the live broadcast.

Hence, there was no point in Xia ruofei making a false number as it would be exposed very quickly.

Xia ruofei smiled and said, “that’s why, of course, we won’t shift all our focus to the production of the jaded skin cream just because it’s selling like hotcakes.” The company’s strategy is to go for the high – end and premium route. In the future, our company’s product line will become richer and richer, and the fields we will be involved in will also become wider and wider. ”

After Xia ruofei answered this question, the reporters immediately got excited and couldn’t wait to continue asking questions.

Wu Liqian quickly appointed another reporter.

The next few reporters asked Xia ruofei questions one after another. Many of them were about the details of the auction.

Zeng jianzhang didn’t feel unhappy about being ignored. On the contrary, he was secretly relieved.

The female reporter’s question just now had made him sweat a little. Time was short, and the answers to these questions were not prepared in advance. If he was not careful, he would say the wrong thing and then be magnified by the media infinitely.

Now that everyone’s attention was on the auction that Xia ruofei had mentioned, he felt much more relaxed.

Zeng jianzhang even secretly thanked Xia ruofei. He felt that Xia ruofei had chosen to reveal the news of the auction at this time to help him divert the reporters’ attention.

After Xia ruofei had answered about four to five questions, Wu Liqian said, “”Thank you for your questions, reporters. Because of time constraints, President Xia has to fly to Hong Kong to attend the auction, so today’s Q & A session will end here. Thank you!”

After the press conference ended, the reporters didn't want to leave. They all gathered around the podium, hoping to continue asking Xia ruofei questions.

Usually, after a press conference, the spokesperson would be willing to answer questions from the reporters. However, Xia ruofei was in a hurry today, so he had to separate the crowd and said, "I'm sorry! I'm sorry! We have to rush to the airport immediately. If you want to know more, you can contact our company's marketing department or directly contact the Hengfeng auction house! Thank you, everyone ..."

Finally, they returned to the lounge next to the conference room. Xia ruofei wiped his sweat and said, "The reporters are so enthusiastic ..."

Zeng jianzhang laughed and said, "that's because you have your own traffic, President Xia!" Usually, when we want to release news in our County, many media outlets are not willing to come! This time, when they said it was related to the cooperation with the Paradise Corporation, even though they only contacted each other last night, the media in San Shan all rushed over!"

Xia ruofei didn't expect Zeng jianzhang to know the internet slang for "built – in data." He couldn't help but feel surprised. He smiled and said, "Secretary Zeng, you're too kind."

Zeng jianzhang asked with a smile, "you really don't want to stay for a meal?" I've already asked the comrades from the county party Committee to book a hotel!"

Xia ruofei shook his head. "Secretary Zeng, I didn't lie to the reporters. We really have to catch a flight to Hong Kong. We even brought our luggage with us."

Sanshan's airport was located within the borders of Changping County. Xia ruofei and the rest had planned to go to the airport directly from Changping County after attending the signing ceremony and the press conference. They did not have to make a round trip from the city. Therefore, a few of them who were going to Hong Kong had packed their luggage in advance and placed them in the car.

"Alright then! I won't keep you!" Zeng jianzhang said readily, "director Xia, I wish your Hong Kong auction a great success!"

"Thank you, Secretary Zeng!" Xia ruofei smiled. "We'll push on with the pharmaceutical factory project as soon as possible! Of course, we'll also need help from Changping County for the land acquisition. Otherwise, we won't be able to proceed with the land leveling and construction. "

Chapter 1953 Promotion by half a rank (2)

"Don't worry about that, President Xia!" Zeng jianzhang said, "after the specific land acquisition area is mapped out, the county will handle it. Just wait to receive the land! We also hope that the Taoyuan pharmaceutical factory can start production as soon as possible!"

"Then I'll leave it to everyone!" Xia ruofei said, "Secretary Zeng, County Head Zhu, County Head Wu, we'll take our leave first!"

Xia ruofei winked at Wu Liqian, and Wu Liqian smiled.

Zeng jianzhang and the others personally sent Xia ruofei and the others out of the hotel. They waved and watched as Xia ruofei and the others left in their commercial vehicle before they turned around and walked back.

In the hotel lobby, Zeng jianzhang affectionately said, ""County Head Wu, it's all thanks to you that this matter was so successful!"

"Secretary Zeng, you're too kind!" Wu Liqian smiled and said, "it's all because of the trust of the leaders and the cooperation of the comrades that we were able to close this project in such a short time! I didn't make any personal contributions!"

At a time like this, she should be polite and humble. Anyway, no one could take her credit and achievements away.

Zeng jianzhang smiled and looked at Zhu zhihang, saying, ""County Head Zhu, in the future, you should recommend more capable and humble officials like County Head Wu to our party Committee!"

"Secretary Zeng, County Head Wu is my most capable subordinate!" Zhu zhihang forced a smile. You're stealing my girl without saying a word. It's hard for the government to carry out their work!"

Wu Liqian was confused when she saw the first and second – in – command teasing her. She couldn't help but ask, ""What are the two leaders talking about? I don't understand what you're saying. "

Zeng jianzhang and Zhu zhihang looked at each other, then laughed and said, "County Head Wu, County Head Zhu has some opinions! It's like this, didn't Liu haojun resign from his position? "Right now, the party Committee is lacking a Deputy Secretary. After discussing with County Head Zhu, I recommended you to the higher – ups, hoping to give you more responsibilities. The city has already agreed to our recommendation in principle, so you can take care of the work at hand in the next two days and be ready to hand it over at any time!"

"Me?" Wu Liqian's eyes widened. "Isn't this a little too sudden?"

Liu haojun had been forced to resign after the scandal. At first, Wu Liqian just felt relaxed because she didn't have to face his endless pestering. She didn't think about fighting for the position of the Deputy Secretary. After all, she had been the executive Deputy County Head for less than three years. A Deputy Secretary was equivalent to the third in command. Such an important position shouldn't have been hers.

She didn't expect that this position would fall into her hands even though she didn't fight for it. This was an unexpected surprise.

Zeng jianzhang smiled and said, "the position is vacant now, but someone has to do the work, right?" Also, with County Head Wu's ability and prestige, he's the most suitable candidate to take over. That's why I don't think it's sudden at all!"

"Thank you for your trust!" Wu Liqian said.

No one wouldn't want to keep improving in their career. Since she was given a more important position, she couldn't refuse it.

Although the Deputy Secretary and the executive deputy head of the county were of the same rank, they were ranked differently in the team. The importance of the two positions naturally had a difference.

Wu Liqian had been promoted to the Deputy County Head position in just one or two years, which could be considered a promotion.

Zeng jianzhang waved his hand and said, "it's mainly because you've done well in your work!" "County Head Wu, although the project contract has been signed, the working group can not be disbanded. It can be used as a temporary part – time organization. Normally, the comrades should go back and divide the daily tasks. If the working group needs anything, you can call everyone together at any time. The task of this Working Group is still to coordinate with the peach blossom company. The construction period of the entire project will take at least a few months. During this period, there will definitely be a lot of things that need to be coordinated. How was it? Do you have the confidence to complete the mission?"

"No problem!" Wu Liqian said. Secretary, please rest assured! However, Secretary Zeng, I have a request ..."

"Do you still want to go back and continue your training?" Zeng jianzhang chuckled and said, "County Head Zhu has already told me about this. We respect your personal wishes. If you want to go back and continue your studies, there's definitely no problem. It's just that you'll have to work harder when you're studying. Other work can be handed over to other Deputy County heads, but you still have to take on the responsibility of the work group. You can remotely command them through email or phone!"

"Alright! Secretary Zeng, don't worry! I won't delay my family's work!" Wu Liqian said happily, "also, the training course will only last for two months. I'll be back soon!"

Zeng jianzhang said meaningfully, "I'm just afraid that you won't be able to come back after the training!" Such an outstanding female cadre, if she is fancied by any Ministry ..."

"I think that's very likely!" Zhu zhihang also said.

Wu Liqian smiled. "Don't worry, leaders. I'm not going anywhere. I'll go back to Changping after the training!"

"We will remember your promise!" Zeng jianzhang said, "then we'll wait for you to come back after you finish your studies!"

Chapter 1954 Promotion by half a rank (3)

.....

Sanshan airport.

In front of a slightly lower building next to the main building of the terminal building, Xia ruofei and the rest got off the car. Lei Hu, who was the driver today, was busy taking everyone's luggage from the trunk, while Xia ruofei was briefing Xue Jinshan, who was left behind.

“Keep a close eye on the pharmaceutical factory project!” Xia ruofei said, “we won’t be in Hong Kong for long. These few days, we will focus on land acquisition. We have to keep in close contact with Changping County. If necessary, urge them! You can contact County Head Wu directly. She will spare no effort to solve the problem for us. While she is still in Changping, we should quickly settle the land acquisition!”

The scope of the land that Tao Yuan company needed had already been clearly stated by the company. Thus, Xue Jinshan only needed to cooperate with Changping County for surveying and mapping in the early stage, and then urge them to complete the land acquisition as soon as possible. The work was not complicated.

“Don’t worry, Chairman!” Xue Jinshan nodded. This was the most important matter right now! I’ve handed over the daily production work to the Deputy Director!”

“We can’t relax on safety production either!” Xia ruofei said, “especially when we’re giving birth to products that are either to be applied on the face or to be drunk. We can’t have any safety issues. Otherwise, the reputation that we’ve built up with so much effort will be destroyed!”

“I understand! I’ll supervise and check!” Xue Jinshan said.

Xia ruofei patted Xue Jinshan’s shoulder and said, “Thank you for your hard work these few days! When the pharmaceutical factory project is over, I’ll give you a few days off, and you can go on a vacation. The company will pay for it as compensation for not being able to go to Hong Kong this time!”

“Then I’ll thank the chairman first!” Xue Jinshan chuckled, “Chairman, you guys go in quickly! Don’t miss the flight!”

“It’s fine!” Xia ruofei laughed and said, “Kanayama, we’re leaving!”

“Have a safe journey!”

Xia ruofei brought Feng Jing, Dong Yun, and pang Hao into the building with their luggage.

“Chairman, how are we going to enter from here? Isn’t the departure hall in the building in front?” Pang Hao could not help but ask.

He had wanted to ask for a long time, but he never had the chance. Xia ruofei had been telling Xue Jinshan about work.

Feng Rao smiled and explained on Xia ruofei’s behalf, “Director pang, this is the private passageway for public business plane passengers!”

“Tsk, tsk!” Pang Hao said. I almost forgot, we’re taking a public service plane this time! Chairman, isn’t it expensive to rent a plane? You’ve really put in a lot of effort!”

“If I say I won’t spend a single cent, would you believe me?” Xia ruofei smiled faintly.

Feng Jing and the others shook their heads in unison. How could there be a free lunch in this world? The rental of a plane was easily hundreds of thousands of Yuan per take – off and landing. Which company would be so generous as to directly waive the fee? Xia ruofei was not their father!

Indeed, Xia ruofei was not Li Yifu’s father, but he was his senior granduncle ...

Xia ruofei smiled but did not explain. He led Feng Jing and the rest through the security check.

They were taking the Gulfstream G650 to Hong Kong today. The flight crew had already reported the passenger list and information to the airport in advance. The security check of private planes was far less strict than that of ordinary commercial planes. Basically, as long as they did not carry dangerous items such as guns and bombs, they could pass through the security check smoothly.

On the other side of the security passage, a flight attendant in uniform had been waiting for a long time. Yingying was a member of the G650 flight crew. She was more than enough to be a chief flight attendant in an ordinary airline.

Of course, the salary of the purser of other airline companies was far less than that of an ordinary flight attendant in the G650 crew.

The flight attendant came up to him with a generous smile on her face and said, "Mr. Xia, distinguished guests, the plane is ready! This way, please!"

Chapter 1955 Private jet (1)

After passing through a corridor, the tarmac was outside. Through the large fan's floor – to – Ceiling glass, one could see the Gulfstream G650 business jet parked outside. The streamlined body glowed under the sun, giving off an indescribable sense of beauty.

Although the Gulfstream series of commercial planes seemed to have shrunk a lot compared to the commercial planes in the distance, private planes and commercial planes were two completely different concepts. Although the Gulfstream was small, it appeared so domineering when it was parked there.

The captain, Liu An, and Zheng Daming, along with the crew, stood in two rows at the door of the cabin to welcome Xia ruofei and the others.

Pang Hao mumbled softly, "which company rented this plane?" The service is really on point ..."

Even though Feng Jing and Dong Yun had both lived overseas before, this was the first time they had ever been in a business jet. Feng Jing said uncertainly, "Maybe this is their service process ..."

"President Xia!" Liu An stepped forward and said, "everything is ready. Please board the plane!"

Xia ruofei laughed and said, "why does it sound like he's going to be the Emperor?"

Feng Rao and Dong Yun couldn't help but burst into laughter.

Xia ruofei patted Liu An on the shoulder and said, "I'm just joking! Captain Liu, the weather is not bad today, right?"

"It's a very suitable weather for flying!" Liu An said, "I've checked the weather forecast for the route. It should be very stable along the way." Also, San Shan airport and our destination Hong Kong airport will not have too much traffic during our take – off and landing phase. Today should be smooth!"

"That's good! Thank you for your hard work, everyone!" Xia ruofei said, "we might be staying in Hong Kong for two to three days. Do you need me to arrange for your food and accommodation during this period?"

“No need, President Xia!” Liu An said, “the Kyushu group has set up an office in Hong Kong. They have already made arrangements for us ...”

“Alright then!” Xia ruofei said, “you guys can tour Hong Kong. We should be here for at least two days!”

“Alright!” Liu An said.

Xia ruofei turned around and said with a smile, “Comrades! Get on the plane!”

When he turned around, he saw Feng Jing, Dong Yun, and Pang Hao all wearing the same expression. Their mouths were wide open as they stared at the tail of the plane in a daze.

“Hey! My soul has returned!” Xia ruofei waved his hand in front of Feng Rao’s eyes and she finally came back to her senses.

With a look of disbelief, Feng Rao pointed to the tail of the plane and said, “President ... Isn’t ... Isn’t this our company’s LOGO?”

It turned out that when they came out of the security check and walked to the front of the plane, they were walking from the front of the plane, so they couldn’t see the Department at the tail of the plane. Now that they turned to the side, the three of them were attracted by the huge Paradise Corporation LOGO on the tail of the plane.

At first, when everyone saw the green paint on the body of the plane, they felt that it was a little novel. It felt a little like the Qinba plane that had changed its paint, but it didn’t directly print Taoyuan vegetables. They felt that the rented plane was quite suitable for the scene and matched the positioning of Taoyuan company.

However, when they saw Paradise Corporation’s LOGO, a wave of emotions suddenly surged in their hearts. If they were renting a plane from a business jet company, no matter how good their service was, they wouldn’t change the paint of the plane to the client’s company’s LOGO at the last minute!

Xia ruofei raised his head and glanced at the big Logo of the Paradise Corporation. He smiled and said, “You guys have good eyes! I recognized it at a glance!”

Pang Hao couldn’t help but roll his eyes and said, “Mr. Chairman, the LOGO is so big. As long as you’re not blind, you can definitely see it, okay? Don’t tell me this is the company’s new business plane! When did our company become so rich and overbearing? And as the director of China, how come I didn’t know about the hundreds of millions of expenses?”

Feng Rao and Dong Yun also looked at Xia ruofei.

“I didn’t buy it!” Xia ruofei chuckled.

Feng Jing heaved a sigh of relief when she heard that. To be honest, the total assets of Paradise Corporation were only about one billion Yuan. Although it was developing rapidly, it was still a little too extravagant to buy a brand new Gulfstream G650 plane. This plane was worth more than half the company. She did not want Xia ruofei to be such a prodigal.

“This was a gift from someone else!” Xia ruofei continued.

Feng Rao and the other two's eyes almost popped out.

"What?" Feng Jing couldn't help but cry out, "who would give you such an expensive private jet?! Chairman, this ... This is too unbelievable, right?"

"Chairman, don't try to fool me if I'm uneducated!" Pang Hao chimed in. Even the former richest man in the United States, Mr. Bill Gate, couldn't be so generous, right? Unless ... You're his illegitimate child ..."

At this point, pang Hao couldn't help but chuckle evilly.

Xia ruofei glared at pang Hao and said, "I'm not lying to you! It's a gift from an old friend of mine! Do you know about the Kyushu group in the United States?"

Feng Jing and Dong Yun nodded in agreement. As Wanwan worked overseas, how could she not have heard of the Kyushu group? Although the Kyushu group was not one of the top richest people in the United States, the company's Chinese background was enough to make all the overseas Chinese very familiar with it.

Chapter 1956 Private jet (2)

"This plane was given to me by the chairman of the Kyushu group, Li Yifu." Xia ruofei said, "but it's still under the Kyushu group's name. It's just for my long – term use."

"I see ..." Feng Jing said.

There was still a difference between giving away an airplane and giving away the right to use an airplane.

However, Xia ruofei's next words made her gasp.

Xia ruofei said, "so, Captain Liu and the others are actually all employees of the Kyushu group. All the expenses incurred by this plane are borne by the Kyushu group. In fact, I only have the right to use it."

'That's all ...' Feng Rao and the others couldn't help but curse in their hearts.

Wasn't this even better than giving it away for free? Even if an ordinary person was given an airplane, he would not be able to afford it. Even if the plane did not fly for a day, the daily rental and maintenance costs generated by the airport were not something that ordinary people could afford.

But now, the Kyushu group had covered all the expenses, and Xia ruofei could use it at any time without having to pay a single cent. There was actually such a good thing in the world.

Could it be that Xia ruofei was really the illegitimate son of the chairman of the Kyushu group, Li Yifu? The age didn't seem to match, right? Li Yifu is quite old ... Feng Jing couldn't help but Mutter in her heart.

Xia ruofei saw Feng Jing's strange look and knew that she must have misunderstood.

He didn't know whether to laugh or cry as he said, "don't look at me like that!" "The reason why Mr. Li Yifu gave me an airplane is because there are some hidden reasons. Anyway, it's not what you think. Let's put it this way ... The help I gave him is no less valuable than an airplane ..."

Feng Jing could understand Xia ruofei's explanation.

She knew that Xia ruofei had good medical skills. He was the one who had developed the jade skin cream and the heart – nourishing soup.

Although Xia ruofei was being tactful, Feng Jing guessed that Xia ruofei had used his medical skills to help Li Yifu. After all, world – Class tycoons valued their lives very much. If he really did save their lives, what was a plane worth?

Although Feng Rao's guess was wrong, it was not far from the truth. Xia ruofei did not save Li Yifu's life, but it was equivalent to giving him a Second Life. In the eyes of cultivators, how could money in the secular world compare to the help and support on the road to cultivation? Moreover, Xia ruofei was Li Yifu's grand uncle – Master, so it was only natural for him to be filial to his elders.

Xia ruofei said, "Alright, alright. Let's not waste time here. Let's get on the plane!"

"Let's go! Let's go up and take a look!" Pang Hao shouted.

If it was a rented plane, no one would be too interested. After all, it was someone else's. Although the rent was more expensive, it could only be used once or twice. Even if they rented it again, it might not be this plane anymore.

However, this was Xia ruofei's private plane, so it was a different feeling.

The group boarded the plane one after another, with Xia ruofei at the back. Before he stepped onto the ramp, he turned back and asked, "By the way, have you packed the things that Tao Yuan farm sent over?"

Before Xia ruofei set off today, he had already packed all the auction items into boxes and asked ye Lingyun to personally escort them to the airport with three cars and more than ten veteran soldiers.

After all, the overall value of these items was quite high. The key was that the press conference would be held tomorrow. Xia ruofei did not want any accidents to happen during the delivery process.

"Yes!" Liu An replied immediately. "They're all in the plane. According to your request, we've installed a freezer. The boxes 01 and 02 are already in the freezer!"

Xia ruofei placed the truffle and one – Head abalone, which needed to be frozen, in two thermal containers. They had been kept fresh with ice during the transportation process. After they were sent to the plane, they were directly placed in the freezer.

Xia ruofei nodded and said, "that's good!" Captain Liu, let's leave as soon as possible!"

"Alright, director Xia!" Liu An accompanied Xia ruofei to board the plane. "The airport usually gives priority to small business jets like us. I also contacted the air traffic control department yesterday. As long as we close the doors and get ready, we won't have to wait too long!"

After everyone boarded the plane, the stewardess retracted the accommodation ladder and closed the cabin door.

In the cabin, Feng Jing, Dong Yun, and pang Hao were still looking around the plane with great interest, occasionally letting out sounds of praise. Even Dong Yun, who had a rather cold personality, revealed a look of envy.

This plane could have been customized by a Mexico tycoon, but the order was later canceled, and Li Yifu bought it. Although Li Yifu was worried about the difference in Eastern and Western aesthetics, so he made some changes to the interior design, he was sure that he made better changes. It would not be lower than the original Mexico tycoon's standard.

Therefore, the interior of the plane could be said to be extremely luxurious. The entire cabin was decorated with warm colors, and the decoration was made of mahogany with a strong contrast, giving a very modern feeling. In addition, some of the more prominent parts were decorated with red sandalwood strips, which made it even more high – grade.

There were a total of four single seats in the front area, all of which were handmade leather sofas from the aeristio brand. The color matching matched the double – colored leather ceiling and the leather walls of the side cabin.

The metal part glowed with a silver light. The floor was covered with a hand – made Italy wool carpet, which made it look noble and luxurious.

The lights on the top of the cabin emitted a soft light, making the entire cabin space seem even more dreamy.

"It's so good to be rich ..." Pang Hao couldn't help but Mutter, "Chairman, I saw a single room at the back of the plane! There's even a double bed ..."

Xia ruofei looked at pang Hao's perverted eyes and knew that he must be thinking of something like "vibration" in his mind. He couldn't help but glare at him and said, ""Do you want to go up and lie down? It's only two hours to fly to Hong Kong from here, is it enough for you to sleep?"

When pang Hao heard Xia ruofei's unfriendly tone, he quickly waved his hand and said, ""I'm just envious, I don't have that kind of intention! Brother Fei, I'm in the wrong, okay?"

"Director pang, the chairman is inviting you to go to bed with him ..." Feng Jing said with a smile.

Xia ruofei almost vomited blood. The air stewardess beside him who was preparing for take – off was also trying very hard to hold back her laughter.

Xia ruofei said, "everyone, pick a seat!" Put on your seat belt, the plane will take off soon!"

There were four single – seater sofas in the front area. Xia ruofei's group also had four people. Everyone chose their own seats and sat down.

Pang Hao's body almost sank into the sofa. He let out a comfortable moan, ""This is so enjoyable ... When I have money, I'll have it too ..."

"You want to buy a plane like this?" Feng Rao asked with a smile.

Pang Hao's expression froze for a moment before he said, ""I want to buy a sofa of the same style and sit on it every day at home!"

“Hahaha!” Xia ruofei and the others burst out laughing.

At this moment, two air stewardesses came over to serve everyone. They brought red wine and drinks. At the same time, he brought the menu.

“We can even order food?” Pang Hao said.

“There aren’t many choices. Everyone can choose.” Xia ruofei smiled and said, “but don’t eat too much. I’m guessing that after the plane lands, Chairman MA will treat us to a meal!”

“Then I’ll save my stomach for a big meal!” Pang Hao said.

“As you wish!” Xia ruofei shrugged.

Having said that, the four of them still looked at the menu and each ordered a meal.

At this moment, the plane trembled slightly and began to push outward. Captain Liu An’s announcement was also heard from the cabin.

Chapter 1957 Arrival in Hong Kong (1)

The Gulfstream G650 was allowed to enter the runway after a Boeing plane landed and left the runway.

After taxiing into the runway at the end of the runway, the Gulfstream plane accelerated rapidly on the runway against the sun. The people on the plane suddenly felt an obvious back – pushing feeling.

Then, the nose of the plane rose slightly, and the plane jumped into the sky.

The flight from San Shan to Hong Kong was only about two hours. The Gulfstream G650 was equipped with two Rolls – Royce engines and could reach a maximum speed of 0.925 Mach, which was much faster than the general commercial aircraft, so the entire flight time was shorter.

About 20 minutes after taking off, the plane had climbed to a cruising altitude of 41000 feet. At this altitude, it could avoid most of the crowded routes and bad weather.

Therefore, the entire flight was just as Captain Liu An had said before taking off. It was quite stable.

Less than an hour had passed on the cruise, and the plane began to slowly lower its altitude again.

When the plane landed smoothly on the runway of Hong Kong International Airport, the setting sun was still high above the sea in the West of the airport. Sitting in the cabin, one could see the sparkling sea. In fact, this was just a Bay, and on the opposite side was Pearl.

The Gulfstream G650 plane slowly entered the tarmac through the runway. It was far away from the busy parking space next to the terminal and had a quiet feeling. The only thing that matched the busy Hong Kong airport in his impression was the various models of aircraft taking off and landing on the runway in the distance.

The sound of the plane’s engine was rapidly decreasing. After the car was shut down, Captain Liu An walked out of the cockpit first. He handed over the follow – up work to Captain Zheng Daming, who was acting as the co – Pilot.

“President Xia!” Liu An walked over and greeted Xia ruofei.

Xia ruofei smiled."Not bad. The flight was very stable."

"Thank you!" Liu An said,"I wish you a happy life in Hong Kong!"

At this moment, the air stewardess had already opened the cabin door and let the accommodation ladder down. Xia ruofei nodded and said," then we'll be leaving first!" Captain Liu, I wish you all the best in the next few days!"

"At your call!" Liu An said.

He led the crew to see Xia ruofei and the others off at the cabin door.

There were already three cars parked on the tarmac. One of them was a small refrigerated cargo van, the other was a Mercedes-Benz luxury business vehicle, and the third one made pang Hao and the others' eyes light up with an extended Phantom of a Rolls-Royce. Judging from the thick body of the car, it should be a customized bulletproof model.

Xia ruofei could not help but raise his eyebrows as he saw MA Xiong standing beside the car. Ma Zhiming, his wife, and their daughter, Huan Huan, were also with MA Xiong. Liu Qian was also in the welcoming party.

In fact, this Rolls Royce Phantom was one of MA Xiong's cars. It was also a limited edition. There were only two of them in Hong Kong, and the cost was more than 100 million Hong Kong dollars. Although the mass-produced Phantom was the most luxurious car in the market, it paled in comparison to MA Xiong's limited-edition extended bulletproof Phantom.

"Uncle Xia!"

Huan Huan was the first to show an extremely happy expression. She ran towards Xia ruofei.

Xia ruofei also let go of his luggage. He squatted down and opened his arms, and Huanhuan jumped into his arms.

"Huanhuan has grown taller!" Xia ruofei laughed and touched her nose.

An innocent smile appeared on Huan Huan's porcelain doll-like face. She said proudly, "Yup! I'm already in primary school!"

Even though she had not met Xia ruofei many times, she did not feel unfamiliar with him.

Before the age of four, Huanhuan lived in her own world. She had almost no reaction to external stimuli and was considered a person with severe autism.

Xia ruofei's appearance was like a crack in the dark World. The light from the outside world shone in and Huanhuan walked out completely.

To her, this was like a rebirth in a sense. It was Xia ruofei who had brought her out of her lonely world. Xia ruofei was the first person she had seen when she left this world, so she had a natural closeness to Xia ruofei from the beginning. This closeness did not drift apart with time.

It could be said that Xia ruofei had a special place in Huan Huan's heart. In a sense, even Ma Zhiming and his wife could not compare. Of course, these were two completely different feelings, and there was no way to compare them.

In fact, when Ma Zhiming and Tian Huixin saw that Huan Huan and Xia ruofei were so close, they were both happy and envious.

MA Xiong also greeted him with a smile.

Xia ruofei carried Huanhuan easily with one hand and dragged her luggage with the other.

"Mr. MA, why did you come to the airport in person? As a junior, I can't afford to do that!" Xia ruofei said with a smile.

"Xia Sheng is the MA family's benefactor. Of course I have to welcome him personally!" MA Xiong laughed heartily.

Then, MA Xiong pouted at the airplane behind Xia ruofei and asked with a smile, " "This model of plane is not bad, right? Xia Sheng, you should've bought a private jet A long time ago. That's more befitting of your status!"

MA Xiong's private jet was also a Gulfstream G650. In fact, many tycoons in the world preferred Gulfstream series business jets. When he saw the logo of paradise Corporation on the plane, he naturally thought that Xia ruofei had bought it recently.

Xia ruofei didn't explain much and said, ""It's indeed very good! Mr. MA, let me introduce you to the elites of our company!"

Chapter 1958 Arrival in Hong Kong (2)

"President Feng, we're old acquaintances!" MA Xiong said with a smile.

"Hello, Chairman MA! We meet again!" Feng Rao said with a smile.

Xia ruofei introduced Dong Yun and pang Hao one by one. Naturally, MA Xiong also welcomed them warmly.

Then, Xia ruofei asked again, " Oh right, old Mr. MA, all the auction items have been shipped over. Are you ready to receive them? "

"Everything's ready!" MA Xiong said.

Ma Zhiming, who was at the side, understood and waved his hand. The small refrigerator Van immediately reversed, and several staff members got out of the car and quickly walked forward.

Xia ruofei gestured for Liu An to bring a few people to the back cabin to retrieve the things. Ma Zhiming also personally boarded the plane and supervised them from the side.

Although the items Xia ruofei brought were priceless, they were not too big. The few big boxes were moved in a short while and were all placed in the refrigerated compartment.

” Xia Sheng, we’ve also hired the best security company in Hong Kong. They’ve sent five cars and dozens of elites to wait outside the airport. They’re in charge of escorting this batch of auction items! ” MA Xiong said.

Xia ruofei nodded and said,” thank you!” Old master Ma, are these items to be sent to the hotel? Then let’s follow the convoy!”

The auction would be held at the Hengfeng Jiahua flagship hotel in Hong Kong. Xia ruofei and the others would be staying there as well. Therefore, the cars should be going the same way.

Xia ruofei also wanted to be as close to the auction items as possible. It was not that he did not trust the guards that MA Xiong had hired with a huge sum of money. However, there was always a “what if”. With Xia ruofei’s current cultivation, as long as he was in the convoy, the “what if” would definitely not exist.

“Good! Let’s talk in the car!” MA Xiong said,”everything has been arranged at the hotel. Please rest for a while after you arrive. I’ll treat you to dinner tonight. I’ve also invited a few old friends from Hong Kong to accompany me. Xia Sheng, CEO Feng, and the two directors, please do give me the honor of coming!”

“We definitely wouldn’t dare to refuse old Mr. Ma’s hospitality!” Xia ruofei joked.

“Come, Xia Sheng, please get in the car!” MA Xiong laughed.

Xia ruofei and MA Xiong got into the Rolls – Royce Phantom. Huanhuan naturally wanted to stay with Xia ruofei. MA Xiong doted on his granddaughter a lot, so she got into the Rolls – Royce Phantom as well.

Ma Zhiming personally sat in the refrigerator Van, while Tian Huixin brought Feng Rao, Dong Yun, pang Hao, and Liu Qian, who had come to pick them up, to sit in the Mercedes – Benz Wittes commercial car.

The three cars drove out of the airport’s restricted area in a single file. Outside, five bulletproof cars were lined up in a row. The people in the cars were all big Men in Black suits and sunglasses with cold expressions.

When the convoy drove out, the five cars immediately started. One of them led the way, two protected the flanks, and two covered the back, forming a larger convoy. They drove out of the airport and headed in the direction of Hengfeng Jiahua Hotel.

The accident that Xia ruofei was worried about did not happen. The fleet of cars arrived at Hengfeng Jiahua Hotel smoothly. The auction items were immediately taken out of the car and sent upstairs by the elevator.

In the magnificent hotel lobby, publicity materials for tomorrow’s auction could be seen everywhere, including brochures that could be taken away and read at will, as well as signs and promotional posters in eye – catching positions. From time to time, well – dressed guests would stop in front of these promotional posters, and people would constantly take away the brochures from the shelves. They seemed to be the guests of tomorrow’s auction.

“Xia Sheng, I’ve already told the hotel to stop accepting reservations for meetings and large – scale events from three days ago,” MA Xiong said with a smile.”We don’t want to affect the auction tomorrow.”

A high – end hotel like Hengfeng Jiahua had a few conference rooms and banquet halls of various sizes. Moreover, there were almost no breaks in the orders for all kinds of conference activities. In order to prevent the hotel from having many activities at the same time tomorrow, MA Xiong directly cleared the hotel in advance.

“Mr. MA, your hotel will suffer a huge loss this way!” Xia ruofei said.

“Hahaha! It’s just a small amount of money, not worth mentioning!” MA Xiong said, “in addition, there have been many guests coming from all over the world over the past few days. The hotel’s check – in rate has also increased a lot compared to the same time last year. This is all because of the auction! Therefore, there’s no loss to speak of!”

Even though MA Xiong said that, Xia ruofei still said, “You’re so considerate!”

He knew that even during the off – season, the check – in rate of Hengfeng Jiahua Hotel would not be low. If they undertake a few fewer activities, the hotel would suffer a real loss.

“Let’s not talk about this ...” MA Xiong waved his hand and said, “xiasheng, I have an afternoon tea appointment with director Guo, so I’ll take my leave first!” Zhiming and the others will arrange everything. We’ll meet at dinner!”

“Alright, you can go now!” Xia ruofei said immediately.

As a rich man, MA Xiong’s schedule was usually very full. Xia ruofei already felt that it was troublesome for him to make a special trip to the airport to welcome him.

After MA Xiong left, Ma Zhiming and his wife brought Xia ruofei and the rest to the Presidential Suite on the top floor in the special elevator.

This was how the MA family welcomed Xia ruofei. As long as Xia ruofei stayed in any of the hotels under Hengfeng, the best room would be reserved for him. Hengfeng Jiahua was a high – end brand under Hengfeng Hotel Group, so the best room was naturally the Presidential Suite on the top floor.

From the moment they boarded the plane at San Shan, pang Hao felt that his eyes were dazzled.

A private jet worth hundreds of millions, the arrival of the Super – rich in Hong Kong at the airport, the luxurious Presidential Suite ...

After all, pang Hao was a senior executive in the company. He had seen a lot of things with Xia ruofei in the past two years, but he still felt like he was in the Grand View Garden.

The big boxes of items that Xia ruofei had brought had already been sent to the Presidential Suite.

Ma Zhiming had arranged for someone to renovate one of the staff’s bedrooms in the Presidential Suite in advance. He had cleared out everything inside and then placed two huge refrigerators to store these precious auction items.

“Xia Sheng, everything is here. You can check it!” Ma Zhiming carried Xia ruofei to the room where the auction items were placed.

Xia ruofei scanned the boxes with his spiritual power and knew that they had not been touched. He left a faint mark on each box with his spiritual power. If the boxes had been opened, he would have sensed it long ago.

Not to mention ordinary people, even cultivators might not be able to discover this spiritual mark. Therefore, it was basically impossible for anyone to avoid the spiritual mark and open the box to steal things without anyone knowing.

If he was really that capable, he wouldn't be interested in the things in the box.

Top – grade truffles and abalones were simply priceless in the eyes of ordinary people, but in the eyes of cultivators, perhaps only a few old mountain ginsengs had some value and could barely play a little role in the formulation of spirit herbs. However, this little value was relative. In fact, the value was very limited. After all, they were not spirit herbs or spirit herbs.

Xia ruofei laughed and said, "there's no need to check!" How can I not trust you?"

Thank you, Xia Sheng, for your trust!" Ma Zhiming said.

He had been keeping an eye on this batch of boxes the entire time. Naturally, he was confident that they would not be swapped. However, his confidence was his own business. These boxes were worth over a hundred million. He was very touched and happy that Xia ruofei trusted him so much.

Ma Zhiming and his wife knew that Xia ruofei and his team must have something to do, so after leaving the room cards of pang Hao and the others, they took Huanhuan and left.

Huan Huan was naturally very reluctant to leave, but she was much more sensible than before. Tian Huixin told her that uncle Xia was busy and that she would be able to see uncle Xia again at dinner. She did not act coquettishly and obediently followed her parents to wave goodbye to Xia ruofei.

After Ma Zhiming's family left, Xia ruofei brought Feng Jing and the others to the small conference room in the Presidential Suite. They wanted to have a short meeting.

"Chairman, isn't it a little unsafe to leave the items in the room like this?" Feng Jing asked as soon as she sat down. Do you want Boss Ma to arrange for a few guards to stay here?"

Chapter 1959 An old friend visits (1)

Xia ruofei laughed and waved his hand. "It's safe here, so there's no need for that. Besides, I'm not used to staying in the same room with so many people!"

Liu Qian also said, "director Feng, the 36th floor and above of the hotel are all sealed off. Only those who are participating in the auction can enter. Moreover, there are strong security forces arranged on the top floor. They are just standing guard outside the suite. Safety should not be a problem."

"That's good." Feng Rao nodded. "I just feel that this batch of goods is too valuable. I hope nothing goes wrong ..."

Xia ruofei smiled and said, "don't worry about your safety." Liu Qian, tell us about the preparation situation here!"

“Alright!” Liu Qian calmed her mind.

She was originally just Feng Jing’s assistant. This was her first time being sent out to work and her first time taking charge of an area on her own. It was obvious that the company had the intention of nurturing her. Now that she was facing the company’s chairman, general manager, and two directors, she couldn’t help but feel a trace of invisible pressure.

Liu Qian cleared her throat and said, “director Xia, director Feng, director Dong, director pang, Hengfeng group and its auction houses have attached great importance to this auction. They have unconditionally fulfilled some of our requests. The preparations for the auction can be said to be very smooth ...”

Then, Liu Qian reported her work in Hong Kong for the past few days and said, “As of 3 p.m. Today, the auction house has received a total of 386 million Hong Kong dollars as the bid deposit. More than 200 companies and individuals have signed up for the auction. In addition, we have also invited some media reporters, so tomorrow’s auction will be held in conference hall No. 1, which can accommodate 800 people!”

Each auction allowed three people to enter. Of course, not everyone would use up their slots. In addition, with the media reporters and staff, conference hall No. 1 was definitely enough.

“Yes.” Xia ruofei nodded and asked, “have you compiled the list of companies and individuals participating in the auction?”

“I have a copy here that ends at 12 noon today!” Liu Qian quickly said.

She passed the folder with the name list to Xia ruofei and continued, “This list is updated every three hours. I got it this afternoon. I went to pick them up later and didn’t have time to get the new list.”

Xia ruofei smiled. “It’s okay. I’ll just take a look.”

Tomorrow was the day of the auction, and those who wanted to sign up must have paid the auction deposit long ago. There was no need to hide this kind of thing, and there was no need to sign up at the last time. It was completely meaningless.

There was only a difference of a few hours. Even if it was the latest list, it wouldn’t be much different from the one Liu Qian had.

Xia ruofei opened the folder and said, “Liu Qian, you’ve done well! She was quite meticulous! This month’s bonus will be doubled!”

Liu Qian was overjoyed, not because of the bonus, but because she had been recognized by the chairman, which would be a great benefit to her future development in the company, especially at this time when the company intended to cultivate her.

Xia ruofei flipped through the name list quietly. Liu Qian sat there with a surge of emotions. She couldn’t help but recall the time when she first joined the peach blossom company.

At that time, Liu Qian had hesitated for a long time when she chose to interview at a startup company far away from the city. But when she walked into Taoyuan farm, she immediately fell in love with the environment.

What left the deepest impression on Liu Qian was that she had even treated her boss, Xia ruofei, as someone who had gone through the interview with her. After joining the company for a long time, she had the urge to hide in a hole whenever she saw Xia ruofei.

In the blink of an eye, more than a year had passed. She had also grown from a young and inexperienced person who had just stepped out of the University gate to an assistant general manager of paradise Corporation. Working as a general assistant in such a company with unlimited potential meant that his future could be said to be limitless.

This was a situation that Liu Qian didn't even dare to think about when she first joined.

She naturally cherished such an opportunity.

Xia ruofei saw many familiar names on the list, including the Hong Kong tycoons such as Guo Hongjiang and Zheng jianian that he had met before. There were also the United States King of shoes, Lophis, the Romania tycoon Nicolay, and so on. They had all attended the auction last time and had come personally this time.

In addition, Xia ruofei also saw the name of shengbang group. However, he guessed that Grandpa Tang He had sent someone to support him. He did not come to Hong Kong, or he would have contacted him long ago.

The Kyushu group's name was also on the list. Xia ruofei did not know if Li Yifu would come in person, but according to Xia ruofei's understanding of Li Yifu, he would most likely come.

Besides that, Xia ruofei also saw a familiar name, the black family.

At the truffle auction, George Blake from the Blake family was humiliated by Xia ruofei. In the end, old Blake personally came forward to put out the fire and even stripped George Blake of his position as the heir in exchange for Xia ruofei's cooperation.

This time, old Blake had probably seen the best truffles on the auction list, so he couldn't sit still and came to Hong Kong in person.

Xia ruofei read from the beginning to the end, but he did not see the name that he wanted to see. Even the Grao family that Monica belonged to was not on the list. This made Xia ruofei feel a little disappointed.

Chapter 1960 An old friend visits (2)

However, he quickly adjusted his emotions and closed the folder. He smiled and said, "Liu Qian, you've done a good job during this period of time, and you've considered all the details in all aspects very well. In the next one or two days, you have to continue to work hard and don't drop the ball at critical moments. We're mainly here to watch the fun. You'll be in charge of the auction, understand?"

What Xia ruofei meant was that Liu Qian would be in charge of the organization and coordination of the entire auction.

Liu Qian felt that she had a pillar of support after picking up Xia ruofei and the others. Now that Xia ruofei said this, she immediately felt great pressure.

If this job was done well, it would naturally be an outstanding thing, but once there was a mistake in any part, it would be equivalent to losing points in front of the four company executives at the same time.

However, Liu Qian quickly stood up and replied, "I understand! President Xia and the other leaders, please rest assured! I won't betray your trust!"

Xia ruofei gestured with his hands and smiled. "Sit down and talk, sit down and talk, I'm not asking you to show your determination ..."

Liu Qian smiled a little embarrassedly and sat back in her seat.

Xia ruofei said, "that's true, but it's not like we don't care anymore. If there's anything that we can't coordinate or if there's something you don't understand, you can come and ask us anytime. We're a team, after all!"

"I understand. Thank you, President Xia!" Liu Qian said with a sweet smile.

She knew that if she really asked Xia ruofei or Feng Jing for help, the leaders would definitely not sit by and do nothing. However, this way, her mission's KPI would definitely drop. Although there was no clear quantitative index, there must be a scale in the leaders' hearts.

"President Xia, if there are no other instructions, I'll go down first!" Liu Qian said. I'm going to take a look at the venue again. I'll be doing the final adjustments today. "

Xia ruofei smiled and nodded. "You can go!"

Then, he turned to Feng Jing and the others and smiled. "You guys should also go back to your rooms and rest for a while! You can go out if you want, but don't delay your dinner time!"

"Alright! Then we'll go down too!" Feng Jing smiled and said, "Chairman, you should rest too. See you at dinner!"

"See you tonight!" Xia ruofei stood up and said.

Feng Jing and the others had gotten their room cards in advance. Their rooms were located one floor below the Presidential Suite, and everyone was arranged to a Business Suite. In fact, even Liu Qian was staying in a luxurious King – sized room. It could be said that the Hengfeng group's reception standards were quite high.

After Feng Jing and the other two left, Xia ruofei changed into a comfortable set of home clothes. He poured a glass of red wine and sat in front of the bright floor – to – Ceiling window. He looked at the White sails on Victoria Bay in the distance and muttered to himself, "Should I give her a call?"

Xia ruofei was still looking forward to meeting Monica again in Hong Kong.

The two of them exchanged contact information, but they didn't contact each other much, especially in the past few months.

Xia ruofei did not know how Monica was doing.

Actually, from a certain perspective, Xia ruofei's personality was a little passive. Monica did not contact him, so he did not contact her either. He was always worried about whether he would disturb Monica.

Besides, Xia ruofei could not figure it out. Although he had been with Monica twice and he was Monica's first man, Western women had a different mindset from traditional Chinese women. Xia ruofei did not know what position he was in Monica's heart. Perhaps she really thought of him as a man who was solving her physiological needs or a man who could comfort each other at a certain time.

As he thought about it, Xia ruofei couldn't help but feel a little irritated. He took out a cigarette and put it in his mouth. Ding! He flicked the Zippo lighter away and lit it.

He took a deep breath and then exhaled, as if he was exhaling all the foul air in his heart.

Just then, Xia ruofei heard the doorbell ring.

He turned to look at the display on the access control system not far away, then walked over and pressed the intercom button. "Please enter!"

The door of the Presidential Suite opened from the outside. A middle-aged man in a tuxedo and a bow tie walked in. He was the Butler of the Presidential Suite. His English name was Tony. He was actually Chinese. He was a native of Hong Kong. Hong Kong had been colonized by the United Kingdom for many years, so they had a tradition of using English names. They mainly used English names at work.

"Tony, what's the matter?" Xia ruofei asked.

Tony bowed slightly. "Mr. Xia, there's a Mr. Jason Blake here to visit you. He said he's an old friend of yours. Would you like to meet him?"

Xia ruofei's eyebrows raised and a faint smile appeared on his face.

Jason Blake was the head of the Blake family. After the auction, he was the one who discussed the collaboration with Xia ruofei. He was also the one who made the decision to appoint George Blake, who had always been against Xia ruofei, as the successor.

When Xia ruofei saw the name of the Blake family on the auction list, he had already guessed that old Blake would come to see him. However, he did not expect the old man to be so eager.

Xia ruofei smiled and said, "lead him to the guest room!" "I'll come over after I change my clothes!"

Although they were in their own hotel room, they still had to dress formally when meeting guests. At least, they couldn't wear casual clothes. This was also basic social etiquette.

"Yes, Mr. Xia!" Tony bowed slightly and then left quietly.

Xia ruofei stubbed out his cigarette in the ashtray and strode towards the large master bedroom in the Presidential Suite.

When Xia ruofei changed into a well-tailored suit and arrived at the reception room, old Blake was already sitting there waiting.

The silver-haired old Blake looked energetic. When he saw Xia ruofei, he immediately stood up and took two steps forward. He opened his arms and said with a warm smile, "My dear Xia! We meet again!"

Xia ruofei was not used to the foreigner's habit of hugging. However, he could only endure the discomfort in his heart when old Blake was so enthusiastic. He hugged old Blake and then they took their seats.

After Tony served the tea, he bent over and whispered into Xia ruofei's ear, "Mr. Xia, I'll take my leave now. If you have any instructions, please press the call bell at any time!"

Xia ruofei nodded slightly, and Tony immediately walked out of the guest room and closed the door behind him.

"Mr. Blake, thank you for coming to support me again!" Xia ruofei smiled and spoke in fluent English.

"The black family is very interested in any high – Quality truffles, not to mention the truffles brought by Mr. Xia. Each piece is enough to amaze the world. How can we miss such a grand event?" Old Blake said with a smile,

"You flatter me! You're too kind!" Xia ruofei said indifferently, "then ... What business do you have with me today, Mr. Blake?"

Old Blake hesitated for a moment and said, "Mr. Xia, our black family has signed a supply agreement with your paradise Corporation. Why don't you sell the truffles to us directly? Our purchase price is already a premium on the base of the average price of the last auction. I think that if you sell it to us directly, the profit won't be less than the auction, and you can save a lot of trouble. If you count the share of the auction house, I think the profit may be higher if you sell it directly. "

Xia ruofei knew that old Blake would definitely tell him about this when he met him. This foreigner was quite ambitious. He wanted to get everything done in one go!

But how could Xia ruofei let old Blake do as he wished? He wasn't auctioning truffles just for money. His more important goal was to make the Paradise Corporation famous overseas.

Although there were many products being auctioned this time, truffles and top – grade one – headed abalones were still the most important items in this batch of goods. If any of them were missing, this comprehensive "product exhibition" would lose a lot of points.

Hence, Xia ruofei smiled and said, "Mr. Blake, I certainly won't forget the agreement we signed. But if I remember correctly, the agreement should be in effect starting next year. My truffles are not within the scope of the agreement, right?"
