Chapter 2011 Checks and balances_3

Xia ruofei left the gun to Monica and got out of the car with his bare hands. When facing ordinary people, Xia ruofei did not need a gun.

It was very dark in the bushes at night, but Xia ruofei could see very clearly. He dodged the thorns with agility and quickly made his way out.

At this time, the car opposite them had already slowly turned into this small road.

This road was narrow and overgrown with weeds. They had been in the bushes for a long time, but no car had passed by. Now, a car had come. There were basically two possibilities. One was that lui hai had arrived, and the other was that the German family had sent people to chase them here.

The second possibility could not be ruled out. Perhaps Monica or Rousey had a tracking device on them. Xia ruofei had not checked them carefully just now.

Xia ruofei looked over and felt a little relieved. Although the headlights of the car were a little glaring, he could still see the situation inside with his super eyesight.

There were four people in the Ford SUV, all of whom were Asian. The person sitting on the left side of the back row also looked like the person in the photo Li Yifu had sent.

.....

In the off – Road vehicle, a strong man in the front passenger seat turned around and said, Big brother hai, who are we going to meet tonight You actually personally rushed over from Milan overnight! And this meeting place was too strange! He actually chose such a desolate place in the middle of the night!

Big brother hai was a brawny man in his forties with a full beard. He looked a little rough, but his bright eyes showed a hint of cleverness from time to time. It was obvious that he was not as simple and honest as he looked.

Brother hai was lui hai, the leader of the Italy branch of the Hong sect. Of course, he was not a boorish man. Otherwise, how could he have taken such an important position

Lui hai said lightly, Ali, don't ask what you shouldn't ask. Don't you know the rules Also, the guests we're meeting tonight are very distinguished, so be more alert and don't make any trouble!

I understand, big brother hai! Ah li nodded.

Lui hai was still in a daze. Two hours ago, he received a call from Li Yifu and received such a task. Li Yifu's serious tone had left a deep impression on him.

Li Yifu asked lui hai to obey Xia Tian unconditionally and to respect him as much as he respected Li Yifu.

Although lui hai was confused, he still took three of his best underlings and rushed to Turin from Milan.

Actually, it wasn't just ah li. Even lui hai was curious about this distinguished guest.

The car was getting closer and closer to the standard position on Google Maps when a figure suddenly appeared 20 to 30 meters in front of the car. The driver quickly stepped on the brakes and finally stopped the car steadily just as the car was about to hit the person.

Before the driver could scold him, the man had already walked to the side of the car and asked, Is lui hai here

Ah li immediately frowned and shouted, impudent! Big brother Hai's name is you ...

Ah li, shut up! Lui hai had seen the man's face clearly and knew that he was Mr. Xia, the man Li Yifu had been talking about. Therefore, lui hai stopped ah li, opened the door and got out of the car ...

Chapter 2012 A strategy (1)

Lui hai sized Xia ruofei up under the light. He was too young and looked plain, but he was exactly the same as the picture Li Yifu sent him.

Hello, Mr. Xia, I'm lui hai! He said hurriedly.

Hello, Mr. Lu! Xia ruofei nodded and said, thank you for your hard work. You guys came here very quickly ...

Lui hai said a bit cautiously, you're welcome! Just call me ah hai! Uncle Yi told us to follow your arrangements! If you need us to do anything, just tell us!

In fact, when Li Yifu called him, he was even more serious than this. He told lui hai that Mr. Xia had a very distinguished status, so he should respect Mr. Xia as much as he respected him.

Li Yifu's position in the Hong sect was very high. Not only was he one of the big bosses in the United States headquarters, but he also controlled a huge amount of wealth. His father, li Jiuzhou, was also a legendary Big Boss of the Hong sect. Therefore, his influence in the Hong sect was much stronger than that of ordinary big bosses.

Li Yifu asked lui hai to respect Xia ruofei as much as he respected him, which meant Xia ruofei's status was elevated to the level of the leader of the Hong sect.

Lui hai couldn't understand why Li Yifu didn't pay so much attention to Qianqian even though Xia ruofei was from a top family. The heads of those families could barely enjoy such treatment, but Li Yifu didn't care much about the junior Disciples.

Even so, lui hai didn't dare to neglect Li Yifu's warning, so he was very respectful to Xia ruofei.

Xia ruofei didn't beat around the bush. He nodded and said, Okay, ah hai, I still have two friends here. I need you to find a safe place for us to settle down.

No problem! Lui hai said without hesitation, we have our own branch in Turin. It's absolutely safe there!

En! Xia ruofei nodded and said, they can understand Chinese. Let's not talk about it on the way. We'll talk about it when we get there!

Lui hai only heard from Li Yifu that it might be related to the local mafia, but Li Yifu didn't know the details. After hearing Xia ruofei's words, he immediately nodded and said, No problem!

Please wait for a moment, I'll bring them out! Xia ruofei said.

With that, Xia ruofei turned around and went into the bushes. He opened the door of the Mercedes – Benz and got in.

Mr. Xia, are your friends here Monica asked.

Xia ruofei nodded and said, yes! They'll settle you down first. You'll be safe once you're there. We'll go out now!

Alright! Monica said.

She was not worried that Xia ruofei would lie to her. If he had any ill intentions, he would not have needed to go through so much trouble, much less help her rescue Rousey.

Besides, the siblings had no other choice but to trust Xia ruofei.

Xia ruofei started the car and drove out of the bushes to lui Hai's SUV.

He opened the door and got off, saying to lui hai, I have three people with me. Also, I need your help to deal with this car and make it disappear completely.

This Mercedes – Benz was going to take Monica to the Toles villa, and it would definitely become an important clue in the Gehrman family's search. It had to be cleaned up.

No problem! Lui hai nodded. Just leave it to us!

After that, lui hai said after a moment of silence, Ah li! The three of you will drive Mr. Xia's car. After you've cleaned up the car, you can return on your own!

Alright, big brother hai! Ah li quickly said.

Lui hai then said to Xia ruofei with respect, Mr. Xia, you can let your friend in!

Xia ruofei nodded and walked to the side of the Mercedes – Benz. He opened the door and told Monica, Monica, let's switch to that car!

With that, Xia ruofei carried Rousey easily and Monica followed him to the SUV.

All the seats in the car were empty. Monica and her brother sat in the back, Xia ruofei sat in the passenger's seat, and lui hai drove himself.

The two cars drove out of the road one after another. Ali and the others drove the broken Mercedes – Benz and disappeared into the night, while lui hai drove towards the downtown area of Turin.

As Xia ruofei had told them in advance, lui hai didn't talk much on the way. It was very quiet in the car.

After entering the downtown area, lui hai drove through the streets and alleys. After about half an hour, he arrived at a small building.

This small building was also a typical French style building, and it looked a little old.

In fact, the entire block was basically filled with old buildings that were full of a sense of age, which made it look very amorous.

The French building had a small yard. Lui hai flashed the car lights in front of the door and someone opened it immediately. It was a young Chinese man in his 20s. Lui hai stuck his head out of the car and waved his hand. The young man immediately pushed the door open.

Lui hai drove the car into the yard. As soon as the car stopped, he unbuckled his seat belt and got off the car. He trotted to the other side of the car to open the door for Xia ruofei.

Mr. Xia, please! Lui hai said respectfully.

This scene stunned the young man who opened the door.

Thank you! Xia ruofei said with a smile.

After Xia ruofei got off the car, lui hai said to the young man, Ah Yong, arrange three empty rooms. There are two guests here. Take them to rest ... Oh, right, push a wheelchair over first.

Obviously, lui hai was not as rough as he looked. From this detail, one could see his attentiveness.

Alright! Ah Yong quickly ran into the small building.

Xia ruofei said to Monica, go and rest with Rousey. You'll be safe here. Don't worry! I'll solve the problem with the Gelman family as soon as possible. You don't have to escape abroad.

Lui hai raised his eyebrows when he heard the name of the Geerman family, but he didn't say anything.

I understand. Thank you, Mr. Xia! Monica said.

Ah Yong quickly pushed a wheelchair over. Xia ruofei personally carried Rossi out of the car and placed him in the wheelchair. Then, he patted his shoulder and said, Rest early!

Ah Yong pushed the wheelchair and led Monica into the small building.

Lui hai also stepped aside and walked into the building with Xia ruofei.

Ah Yong, after you've settled the two guests, inform Zhengfeng and the rest to come to the small meeting room in ten minutes. There's something important to discuss! Lui hai said.

Alright, big brother hai! Ah Yong said.

Considering Rousey's inconvenience, the rooms Ah Yong arranged for them were on the first floor.

When they reached the stairs, lui hai said, Mr. Xia, this way please!

He brought Xia ruofei to a small meeting room on the second floor and busied himself with making tea for Xia ruofei.

Xia ruofei said, hai, don't be busy! I'll tell you what happened first ...

Yes! Lui hai sat down opposite to Xia ruofei.

Xia ruofei thought for a while and said, You've heard it just now. It has something to do with the Gelman family. Those two people just now are my friends ...

Xia ruofei briefly told lui hai about Monica's situation, and then said, That's the general situation. My request is very simple, and that is to completely solve Monica's problem. Do you have any suggestions

Lui hai thought for a while and said, Mr. Xia, we know about the situation between the Gelman family and the Moore family. The influence of the Gelman family in Turin is growing rapidly. If it wasn't for Toles' incident, the Gelman family would have to give me some face. But now ...

Xia ruofei said directly, there's no need to worry about the Gelman family. I don't have a good impression of this Mafia family. Just destroy them. I'm worried about whether the glory society will retaliate ...

Lui hai couldn't help but smile bitterly, thinking, Young master! You're really saying it without pain! In all of Italy, the Gelman family was not a big force, but it was not easy to destroy them ...

But since Xia ruofei said so, lui hai couldn't refute Jian Jia. Li Yifu told him to be careful. Otherwise, he would have given a tight slap to any young man in the Hong sect who dared to talk big.

Fighting and killing all day long wouldn't be able to achieve much.

Mr. Xia, lui hai frowned, if we want to kill the Gelman family, we must mobilize people from all over the country. It's impossible to hide such a big move from the glory society ...

Do you need a lot of manpower Xia ruofei asked, how many people do you have in Turin

There should be a few hundred people who can fight! Lui hai said, but the Gelman family has gained a firm foothold in Turin. Their influence is in many fields such as restaurants and construction companies. If we want to cripple the whole family, we won't have enough manpower. There are too many aspects and we can't kill them in one blow. When they come back to their senses and start to mobilize manpower or even ask for help from the glory Association, things will be very troublesome.

Xia ruofei thought for a while and asked, Ah hai, if ... And I'm saying if, you didn't mobilize people from other places, and only attacked the Gelman family in Turin, what would the glory society's reaction be

Lui hai felt this question was a bit ridiculous. He had clearly explained that the manpower of Turin alone could not defeat the German family. What was the point of this assumption

However, since Xia ruofei had asked, he did not dare to not answer.

After thinking for a while, lui hai said, Mr. Xia, if it were any other small force, the glory society would definitely send reinforcements to the Gelman family. After all, the Gelman family is backed by one of the glory society's elders. But if it's US, the Hong sect, they'll most likely just wait and see ...

Oh Xia ruofei raised his eyebrows and asked with interest, is there something in this

Chapter 2013 I'm just doing it (1)

Lui hai smiled and explained, Mr. Xia, in Italy, the Hong sect might be slightly weaker than the glory sect. But the gap is not obvious. Besides, we have strong forces in Europe and North America, and our overall strength is only stronger than the glory Association!

Lui hai showed a proud look and continued, If it was just a dispute in Turin, the glory society would not dare to act rashly without our reinforcements. After all, we are not in direct conflict with the glory society. The Gelman family is at most their vassal organization. The glory society would not risk a full – scale conflict and intervene in the dispute! If a full – scale conflict were to break out, we would be able to mobilize enough forces from all over Europe within a day, and even send reinforcements from North America. We would not need to support their glory society at all!

Lui hai then added, but ... Mr. Xia, this is all under the condition that we only use the strength of the Turin branch. If we mobilize all the manpower Italy, it's equal to provoking them. If the glory Association doesn't respond, they will lose their face. They will definitely intervene! But I just said that it's not realistic to defeat the Gelman family with our power in Turin alone ...

After talking for so long, everything was just a castle in the air without a Foundation. The first premise was already invalid.

Xia ruofei smiled and said, ah hai, nothing is impossible. Only you don't dare to think about it. Why don't you think about it, if we can get rid of the Gehrman family in Turin, how good would that be for the Hong sect

Lui hai forced a smile, thinking it was too unrealistic. But since Xia ruofei said so, he would just take it as a daydream.

Lui hai said, Mr. Xia, it'll be great if we can eliminate the Gelman family with the help of the Turin branch. The Italy Mafia has always been based in the southern part of Italy. That's where their lair is. Our Hong sect is relatively weak, but in the cities in the North, we're basically equal in strength. For example, Milan, Rome, and Turin, the Hong sect is no weaker than the Mafia. It's just that in recent years, the Mafia has gradually extended their tentacles to these big cities. They have the local advantage, which we can't compare with, so the balance is gradually being broken.

Lui hai paused and said, just like in Turin. The Moore family was at most on par with the Hong sect's branch in Turin. Generally speaking, everyone followed the rules and lived in peace. However, after the Gelman family, supported by the glory society, replaced them, the situation was different. The Gelman family was much stronger than the Moore family. Some other forces in Turin, including the Hong sect and the nihilian gang, Nigeria to make some concessions. There were also small conflicts ...

Rome and Milan are in a similar situation now. If this continues for a long time, our power will be eaten away bit by bit! Lui hai said, if we can use the strength of the Turin branch to deal a head – on blow to the German family, not only can we take back our resources and territory, but it will also be a warning to the glory society and other established Mafia groups! I believe that many foreign powers will follow our example!

Xia ruofei listened and nodded.

At this moment, a voice rang out from the door of the small conference room. Big brother hai! Are we going to attack the damn Gelman family I've been tolerating them for a long time! This bunch of grandsons were simply insatiable and all of them were extremely arrogant. They just needed to be taught a lesson! Big brother hai, when will our people arrive in Turin At that time, you will lead us to kill them! Hahaha!

Xia ruofei looked up and saw a 28 or 29 – year – old man walking in. He looked similar to lui hai. Behind him were three or four people, all of them were strong and had sharp eyes. They must be experienced people in the underworld.

Lui hai frowned, what the hell is this Zhengfeng, come and greet Mr. Xia!

Then lui hai said to Xia ruofei, Mr. Xia, I'm sorry! This guy is Lu zhengfeng, my cousin. He's in charge of the things in Turin.

Xia ruofei smiled and nodded.

Lui hai glared at lui zhengfeng, Look at you, you're almost 30 years old, but you're not stable at all! Do you think it's still twenty years ago

Lyu zhengfeng was confused by Lyu Hai's scolding. He opened his mouth, but before he opened his mouth, Lyu hai scolded, What are you still doing Aren't you going to come over and greet Mr. Xia

Lyu zhengfeng respected and feared his cousin since he was young, so he didn't dare to disobey Lyu Hai's words. He walked over quickly, slightly bowed and said, Good day, Mr. Xia!

Then, he couldn't help but look at Xia ruofei who was younger than him. He didn't know why lui hai valued this young man so much.

Lui hai said coldly, zhengfeng, Mr. Xia is a distinguished guest introduced by my uncle! Uncle Yi said that we have to respect Mr. Xia as much as we respect him!

Lu zhengfeng's body trembled. He quickly bowed deeply to Xia ruofei and said, Hello, Mr. Xia! I was too slow just now, please don't take offense, Mr. Xia!

This time, his tone was much more respectful.

Xia ruofei thought to himself, it seems like my adopted husband has a high reputation in the Hong sect! Just by mentioning his name, Lyu zhengfeng's attitude immediately changed ...

You're welcome. I'll need your help this time! He said with a smile.

Mr. Xia, Lu zhengfeng quickly said, if you need anything, just tell us directly. We have some influence in Turin!

Lyu hai glanced at Lyu zhengfeng, Didn't you say that the Gehrman family was very arrogant in Turin I think you're even more arrogant than them!

Big brother hai, how can this be the same Lu zhengfeng laughed. Mr. Xia is an important guest, we'll do anything for him, even if we have to go through fire and water!

You ... Seeing LV zhengfeng's cheeky look, lui hai was so angry.

Xia ruofei felt that Lu zhengfeng was interesting. Although he was not as thoughtful as Lu hai, he seemed more real.

Xia ruofei laughed. Don't just stand there. Let's sit down and talk.

Thank you, Mr. Xia! Lu zhengfeng said.

After that, he asked the other members of the branch to sit down with him.

Hai, where were we Xia ruofei smiled.

Mr. Xia, I'm almost done with my analysis of the advantages and disadvantages of destroying the Gelman family ... Lui hai answered.

Hearing that, LV zhengfeng became spirited as he realized that lui hai and Mr. Xia were really discussing how to deal with the Gelman family.

If we destroy the Gelman family, can the Hong sect rule the underground world of Turin Xia ruofei nodded.

When he asked this question, he looked at Lu zhengfeng.

Upon seeing this, Lu zhengfeng said without hesitation, Mr. Xia, if we can really destroy the Gelman family, then our Hong sect will be the strongest among the remaining forces. However, it is not realistic to rule them completely. After all, there are still the Niliya gangs, Southeast Asian gangs and other small and medium – sized forces. We can't destroy them one by one. Besides, the government and the police will not allow such a situation to happen.

No matter what, lui hai added, if we can eliminate the Gelman family, the Hong sect's power in Turin, even in northern Italy, will rise by a lot!

Yes, yes, yes! Lu zhengfeng also nodded in agreement.

Hearing this, Xia ruofei nodded and said, very good! Then let's do it!

Lyu zhengfeng excitedly exchanged a look with several backbones of his subordinates, while Lyu hai was confused. The hundreds of people in Turin were not enough! Did I just analyze for nothing Or was this young master only selectively listening to the beneficial aspects

Lui hai hesitated for a while and reminded him, Mr. Xia, if we were to transfer manpower from other regions, I'm afraid that the Association's backlash would be very intense ...

Xia ruofei smiled and said, no need. We'll use the people from the Turin branch.

What Lu zhengfeng cried out involuntarily, there's no support ... Mr. Xia, we're not trying to boost other people's morale and diminish our own prestige! This ... With just a few hundred people on our side, we might not be able to win against the Gelman family ...

Lui hai didn't scold Lu zhengfeng this time, because he had the same opinion as Lu zhengfeng. He just looked at Xia ruofei, waiting for his answer.

Xia ruofei smiled and said, we'll only know if we can destroy them after we've done it! Zhengfeng, don't tell me you don't even have the courage to do this!

Lu zhengfeng was very shrewdness, and he immediately said, Mr. Xia, we're really not afraid! Our brothers have lived on the edge of the blade for so many years, who would be afraid of death I'm just afraid that if we don't have enough manpower, our brothers will lose their lives in vain, and we won't be able to complete the task you gave us!

Xia ruofei chuckled and said, ah hai, zhengfeng, how about this You should be very familiar with the situation of the Gelman family. Tonight, you should first think about what to do if you want to completely destroy this Mafia family! Don't they have so many properties and territories Where to attack first Where else to attack Who were the core members of their family Where were they located Which few of them must be killed Can you organize all this information and come up with a plan we'll talk about the rest tomorrow, okay

Lyu hai and Lyu zhengfeng looked at each other, both feeling it was ridiculous. But thinking of Li Yifu's advice, Lyu hai nodded, Alright, Mr. Xia. We'll start making plans immediately!

Anyway, it was just a plan on paper, and not for the brothers to fight with real swords and guns. Just treat it as a wargame ...

Anyway, when the time came, he would make his plan a little more conservative. When Xia ruofei saw that they obviously did not have enough manpower tomorrow, he would probably give up on this unrealistic idea.

Of course, lui hai was also worried that Xia ruofei was a fool who would carry out the plan regardless of the difficulties in reality. So he decided to ask Li Yifu tonight ...

Chapter 2014 The stormy waves (1)

Xia ruofei smiled and nodded. He stood up and said, Ah Yong, take me to my friend's room!

Yes, Mr. Xia! Ah Yong quickly replied.

Xia ruofei slightly nodded to Lu hai, Lu zhengfeng and the others, saying, You guys discuss, I'll go rest first!

Mr. Xia, take care! Lui hai and the others stood up to see him off.

Ah Yong brought Xia ruofei to Luo Si's room on the first floor. Monica had not rested yet and was accompanying Luo Si in the room.

Xia ruofei chatted with the siblings for a while, mainly to let them relax. He told them that it was very safe here and that the Gelman family and the Grasso family would not be able to find her. Even if they did, they would not dare to come in and take her away.

Then, Xia ruofei returned to the room that ah Yong had prepared for him. He took a shower and went to bed.

In the small meeting room upstairs, Lyu zhengfeng looked at Lyu hai, Brother hai, what's the situation with Mr. Xia

Lui hai said unhappily, you're asking me Who am I supposed to ask!

Lu zhengfeng's subordinates also expressed their opinions. They all felt that Xia ruofei's request was unrealistic and might even put the Hong sect's Turin branch in danger.

Lui hai waved his hand impatiently, Alright! That's enough! That's enough! Everyone, let's not talk about this for now! I'll give uncle Yi a call and tell him about the situation here. Let's see what he'll do!

Right! Right! That's right! Lu zhengfeng agreed very much. We still have to find uncle Yi to make a decision on this matter! After all, he was the one who introduced us!

Lui hai nodded slightly.

Then ... Big brother hai! Lu zhengfeng asked again. Are we still going to carry out the plan that Mr. Xia mentioned

Lui hai glared at him, don't you talk nonsense Since Mr. Xia has spoken, can we not do it Not only did he have to do it, but he also had to do it in detail, in place, and with feasibility! We can't let Mr. Xia think that we're being perfunctory, understand

But ... Aren't you also against this unrealistic idea Lu zhengfeng asked.

Lui hai said with disappointment, Opposing it is one thing, and doing it or not is another. That's a matter of attitude! Mr. Xia is a distinguished guest that my adopted uncle has personally greeted, do I need to teach you

Lu zhengfeng shrank his neck and said, I know!

You guys are the most familiar with the situation in Turin. You guys should work together! Lui hai stood up, I'll call uncle Yi!

After that, lui hai got up, pushed open the door and walked out.

He thought about his words a little, then called Li Yifu with his mobile phone.

Li Yifu quickly picked up the phone and asked in a dignified voice, Ah hai, have you seen Mr. Xia

I've already received them! Lui hai said hurriedly, Mr. Xia and his two friends are now in our branch in Turin. I've settled them down!

We must receive them well! Li Yifu said seriously, no matter what request Mr. Xia has, you must obey it unconditionally!

Lui Hai's heart skipped a beat. It seemed that this Mr. Xia was more important than he had imagined in his adopted uncle's heart!

But what happened tonight was related to the survival of the Hong sect's branch in Turin. Even though Mr. Xia had a high status, lui hai had to report it to Li Yifu.

He took a deep breath and said, Uncle Yi, I was just about to report to you! That ... Mr. Xia suggested ...

Don't you understand what I'm saying Li Yifu interrupted lui Hai's words seriously and said in a heavy tone, I'll emphasize it again! No matter what request Mr. Xia makes, you must obey it unconditionally!

Yes! Uncle, we respect Mr. Xia very much! Lui hai said with a bitter smile, but tonight, he suggested that our branch in Turin attack the biggest Mafia force in Turin! And from what I can see, Mr. Xia wants to destroy this force in one fell swoop!

Then you guys should cooperate! Li Yifu said, do you need me to teach you this

Lui hai didn't know whether to laugh or cry,uncle, you might not know the situation here ... Turin is a Mafia family. It's the subordinate force of an elder of the glory Association. If we rashly mobilize our men to deal with the Gelman family, it might lead to a full – scale conflict between the Italy branch of the Hong sect and the glory Association! I've asked Mr. Xia about this, but I think he wants us to leave the people in the city to the branch in Turin. However, the branch in Turin is not powerful enough to destroy the Germain family. We might suffer heavy losses and we might not be able to achieve our goal!

Lui hai said all that in one breath and felt relieved. No matter whether Li Yifu would blame him or not Italy he was doing his duty as the boss of the Italian Freemasonry.

In any case, he had the obligation to explain the stakes to Li Yifu.

Li Yifu listened to lui hai quietly and said lightly,Ah hai, that's all

Lui hai was stunned,that's all! Uncle, is it convenient for you to tell Mr. Xia that if we want to get rid of the Gelman family, we can think of a plan. Besides, it's good for us to take out the biggest Mafia group in Turin. We'll do our best to get this done, but we can't rush in!

Chapter 2015 The stormy seas (2)

Enough! Li Yifu scolded,ah hai! I think you've been too comfortable in Italy so your brain has degenerated a little!

Lui Hai's forehead was full of sweat, and he stammered,Uncle Yi, I ...

You what you! Li Yifu said mercilessly,you also know that destroying the Gelman family will be good for the Hong sect's development in Italy! Mr. Xia is doing you a favor, and you still don't know what's good for you!

Lui hai opened his eyes wide, saying hurriedly,Uncle Yi, I don't quite understand! Can ... Can you be more specific

How do you want me to explain it clearly Li Yifu said in a bad mood,I can only tell you that since Mr. Xia asked you to do this, he must have his reasons! He wasn't the kind of person who didn't care about the life and death of the people below! Since he suggested it, he must be confident!

Li Yifu didn't know what Xia ruofei was thinking, but he knew that with his grand uncle-master's strength, he didn't need the help of the Hong sect at all. He could wipe out a small Mafia group like the Gelman family by himself.

The difference in strength between cultivators and secular gangs was like the difference between cloud and mud. It was an absolute suppression of strength. Even if he faced gangsters who had a lot of hot weapons, the senior granduncle would definitely be able to beat them up.

Perhaps it would be difficult to eliminate a behemoth like the glory society by one person, but the Gelman family He was just an eyesore!

However, since Xia ruofei wanted the Turin branch of the Hong sect to be involved, he must have his own reasons. The Hong sect did not need to think too much. They just had to follow his orders.

Li Yifu said in his heart,ah hai, this kid is usually quite clever, why is he so wishy – washy now

In fact, it was not that lui Hai's thinking was rigid, but that he could not understand the terrifying strength of a cultivator. He was used to judging Xia ruofei's suggestion from the perspective of ordinary people. Therefore, the plan that was not difficult for Xia ruofei became crazy in his eyes.

After hearing Li Yifu's words, lui hai was also shocked. He was dumbfounded and didn't speak for a long time.

Ah hai, Li Yifu said meaningfully. Some people's strength can't be judged with common sense. Do you understand

Lui hai quivered and said hurriedly, I understand this! Uncle Yi, you're the best example!

There was a rumor within the Hong sect that Li Jiu Zhou's longevity was because he had cultivated an immortal's spell technique. The strength that Li Jiu Zhou had displayed in his early years had also indirectly confirmed this.

Li Yifu had also shown his strength a few years ago. An old man in his 70s or 80s was able to beat the Hong sect's double flower red rod with one finger. This kind of power had exceeded the common understanding of ordinary people and could not even be explained by science.

Mr. Xia has instructed that you can't say too much about him, Li Yifu said lightly. But you just have to remember one thing, and that is that Mr. Xia's strength far exceeds mine!

Li Yifu didn't want to say too much because of Xia ruofei's order. But he could tell that lui hai was still suspicious. Li Yifu was worried that lui hai would be hesitant and ruin the Grand uncle master's plan, so he revealed some information to lui hai after some consideration.

Lui hai felt like he was struck by lightning, his head was buzzing. Li Yifu's words were like a bomb that had been thrown into a calm lake, causing lui hai to lose his ability to think.

He was much stronger than his adopted uncle. What did that mean

This Mr. Xia didn't look strong, and the key was that he was so young. Even if he had started practicing martial arts in his mother's womb, he couldn't be stronger than his adopted uncle!

Of course, lui hai didn't doubt Li Yifu's words at all, and he didn't think Li Yifu was exaggerating, because he didn't need to.

Could it be that this Mr. Xia had actually cultivated to the legendary realm of everlasting appearance, and his actual age was even older than his adopted uncle Lui hai couldn't help having some random thoughts.

Li Yifu said lightly, ah hai, stop guessing. Mr. Xia is only in his twenties this year. The world of geniuses is not something you or I can imagine!

Li Yifu had seen through lui Hai's thoughts, so he said with embarrassment, I know, uncle Yi!

Li Yifu said seriously, ah hai, if this matter can be said by me and heard by you, it will end here. Mr. Xia doesn't like to be public. Don't mention this matter to anyone, understand

Yes! Uncle Yi, don't worry! I'm keeping my mouth shut! Lui Hai's heart skipped a beat, and he immediately swore.

Mm! Remember my words and cooperate! Li Yifu said, no matter what request Mr. Xia makes, you must do your best to fulfill it unconditionally, without hesitation, and without hesitation! Do you understand

Understood! Lui hai puffed out his chest and said.

After hanging up the phone, lui hai was still in a bad mood. He smoked a cigarette in the corridor, then turned around and walked into the conference room.

In the small meeting room, Lu zhengfeng was having a heated discussion with his subordinates.

In the beginning, Lyu zhengfeng thought that this plan was unrealistic, but Lyu hai ordered him to carry out Xia ruofei's order with a proper attitude. Out of his long-term respect for his cousin, he carried it out to the letter.

Chapter 2016 The stormy seas (3)

After his subordinates analyzed it for a while, Lu zhengfeng also felt that it was quite interesting. Although he still did not think that this plan had the possibility of being implemented, it was quite good to occasionally deduce it and have some fun.

Seeing lui hai coming in, LV zhengfeng stood up immediately, Big brother hai, what did adopted uncle say Do we still have to carry out this plan

If Li Yifu agreed to persuade Xia ruofei to give up on the plan, then everything they were doing now would be in vain.

Lyu hai glanced at Lyu zhengfeng, Uncle Yi only said eight words, I'll do my best to fulfill all your requests!

What Lu zhengfeng cried out involuntarily. Are we really going to do as Mr. Xia said Don't tell me uncle Yi also ...

Li Yifu's prestige was too high. Even though he was not by their side, Lu zhengfeng still did not dare to say anything disrespectful.

Even so, lui hai still glared at lui zhengfeng, Zhengfeng! You've got guts, huh You actually dare to speak ill of uncle Yi behind my back!

I didn't! Big brother hai, don't you slander me! Everyone can be my witness! Lu zhengfeng quickly said.

Lui hai pouted, Okay, okay! Let's not talk about this! He had to hurry up and draw up a plan! I'll work overtime with you tonight. We must come up with the most efficient plan with the highest success rate and the least loss!

Don't, don't, don't. You should go rest! Lu zhengfeng quickly said, we can handle this! I guarantee that Mr. Xia will be satisfied with the plan!

Lui hai glared at lui zhengfeng, You think I'm joking We'll work on the plan together, and I'll check for you! Also, inform the brothers to start preparing tomorrow. We must be ready to be pulled out at any time!

Lu zhengfeng was dumbfounded as he looked at his cousin's meaning. He was going to mess around with that Mr. Xia! What had he experienced when he went out to make this phone call Why did his attitude suddenly change 180 degrees

.....

The next morning, when Xia ruofei saw lui hai and the others, they all had huge dark circles under their eyes and their eyes were bloodshot.

Lui hai, Lu zhengfeng, and the others stayed up all night.

Lyu hai was not familiar with the specific situation of the Gelman family, so he asked Lyu zhengfeng to explain it in detail at the beginning. After that, they all worked together to figure out what to do to maximize the impact.

The result of an all – nighter was a thick book of plans.

Xia ruofei quickly flipped through the pages and nodded in his heart. Obviously, lui hai and his team had put in a lot of effort. The first part was the basic information about the Gehrman family, written in detail. It seemed that the intelligence work of the Hong sect was really good. The middle part was the suggestions on the main targets, attack routes, order, and the arrangement of the existing forces. At the end, a list of the core members of the Gelman family was attached.

This list was not just a name. There were photos, resumes, personality analysis, lifestyle habits, and so on.

At the same time, the list was also arranged according to their importance. It could be said to be clear at a glance.

After Xia ruofei finished reading, he said with satisfaction, Very good! Ah hai, I can tell that you've put in a lot of effort! You've worked hard!

You're welcome! You're welcome! Lui hai said hurriedly with a more humble attitude than yesterday, Mr. Xia, what do you think ... Of this plan

Xia ruofei nodded and said, it's done very carefully. Not bad! However ... I have a few suggestions for some changes!

Please speak! Lui hai said hurriedly.

Xia ruofei picked up the red and blue pencil on the table and circled the last part. Then, he used the arrow to point at the first part of the plan.

Facing the confused looks of lui hai, lui zhengfeng, and the others, Xia ruofei smiled, My opinion is to move the part of attacking the core members of the Gelman family to the front! After we clear the area, I'm sure the Gelman family will be in a mess. That way, it'll be much easier for us to carry out our other plans!

Chapter 2017 Action (1)

When Lu zhengfeng heard this, he subconsciously said, Mr. Xia, I'm afraid the difficulty of assassinating so many important targets at the same time ...

Lyu hai didn't wait for Lyu zhengfeng to finish his words, he hurriedly interrupted him, No problem! We'll do as Mr. Xia says!

Lyu zhengfeng couldn't help but look at Lyu hai with his eyes wide open. Xia ruofei's plan looked beautiful, but in fact, it was almost impossible. Lyu zhengfeng didn't understand why Lyu hai didn't object at all.

He didn't believe that lui hai couldn't see how unrealistic it was to assassinate so many high – Level members of the Gelman family at the same time.

Lyu hai didn't pay attention to Lyu zhengfeng, but continued, Mr. Xia, if you need us to cooperate, just tell us! We'll follow your orders!

Lui hai knew that Xia ruofei must be confident since he mentioned it. The power of these Masters was beyond their imagination. Since Li Yifu revealed a little bit to him last night, lui hai had no more doubts about Xia ruofei.

Xia ruofei looked at lui hai and smiled, Just now, zhengfeng felt that the targeted elimination mission was more difficult, so I'll take care of it. What I need you to do is to provide intelligence support! The more detailed the target's information, the better. Also, send one or two people to cooperate with me and be in charge of communication ...

Lui hai said without hesitation, Mr. Xia, I'll work with you!

Xia ruofei thought for a while and nodded. Alright. Also, zhengfeng, mobilize all the people in your branch in Turin. After I start the operation, there will be chaos in the Gelman family. You must seize the opportunity and attack them from all sides, and try to defeat them in one fell swoop!

Alright! Lyu zhengfeng seemed to be affected by Xia ruofei's confidence or out of his trust in Lyu hai. This time, he nodded his head and agreed.

Xia ruofei said, one last thing to emphasize. Launch multiple attacks at the same time. If any of you encounter any difficulties, contact ah hai immediately. I will rush over to help!

Understood! Lu zhengfeng replied.

Xia ruofei nodded and said, alright. You guys go and deploy your men first. Increase the intelligence gathering. I'm going to rest for a while. I need to recharge my energy!

Then, Xia ruofei said to lui hai, Ah hai, when the time is right, just call me! Let's try to finish everything in one fell swoop tonight and let the glory Association not have time to react!

Lui hai felt his blood boiling as if he had returned to the days when he was young and fought together with the brothers of the Hong sect. He puffed out his chest and said, Yes!

Xia ruofei turned around and went back to his room.

Before Lyu zhengfeng said anything, Lyu hai said directly,Zhengfeng, say no more! As long as it's Mr. Xia's orders, we'll do it to the letter! Don't ask me why, if I could tell you, I would have told you long ago!

I know! Lu zhengfeng smiled bitterly. Big brother hai, you ... When you're with Mr. Xia, you have to be careful ...

It didn't matter to Lu hai as he had prepared in advance. But it was extremely dangerous for Lu hai to follow Xia ruofei. He might lose his life if he wasn't careful.

Lui hai said unhappily,I will be very safe with Mr. Xia! You should worry about yourself! Don't screw it up! Otherwise, you can quit your position as the branch boss!

I don't know where you get your confidence from ... Lu zhengfeng muttered.

However, after being glared at by lui hai, he didn't dare to say anything more. He hurriedly pulled some core members and started to arrange people.

Although the Gelman family had not been in Turin for a long time, they had taken over almost all of the properties of the Moore family, so they had a large territory and a lot of properties. They had to be prepared for an attack in advance. In a situation where they were short on manpower, it was also a test of Lu zhengfeng and the others 'ability to coordinate.

But Lyu hai was not worried about this. Lyu zhengfeng was not a greenhorn anymore. He was able to take charge of the Turin branch not only because of his relationship with Lyu hai but also because of his leadership ability. But he was not as smart as Lyu hai and did not know how to be flexible.

.....

The night slowly descended.

As usual, there was a sense of leisure in the bustling city. No one noticed that some Chinese people in Turin had secretly gathered together ...

After the dinner, Xia ruofei left the building with lui hai.

During the day, Monica and Rousey had come to look for Xia ruofei as they were worried about their situation. However, Xia ruofei did not tell the siblings about tonight's operation. He only consoled them and told them to stay here for a few days without worry.

Xia ruofei also told them that the storm would soon subside.

This time, Xia ruofei had the intention to kill the Gelman family because of Monica.

If Toles did not covet Monica, perhaps Xia ruofei would not have taken such extreme measures.

Now, the Gelman family had clearly touched Xia ruofei's bottom line.

It was not advisable to kill indiscriminately, but Xia ruofei did not feel any psychological pressure when killing a notorious mafia organization like the Geerman family.

Chapter 2018 Operation (2)

During the day, he even went to a few local English websites in Turin to look at them. The security in Turin had become worse, and robbery, rape, and other crimes had been on the rise.

Without a doubt, this was all thanks to the Gehrman family.

Therefore, eliminating them was equivalent to getting rid of evil for the people.

Lui hai drove Xia ruofei out of the building and into the night.

At the sanguine Dusk Bar.

An ordinary Horton car slowly stopped on the side of the road one street away from the bar, and a young man who was smoking against a light post immediately walked over.

Lui hai rolled down the window and asked lightly, Is target number 9 still inside

They numbered the targets according to their importance. Then, considering the distance and the importance of the targets, they chose the Scarlet Dusk Bar as their first stop.

The young man said respectfully, Big brother hai, he went in at six and hasn't come out. We have an unfamiliar brother watching us in the bar! Target number nine is in the bar's Supreme private room, that's his exclusive private room!

Lui hai nodded, okay, you continue to be on standby! Inform the brothers inside to withdraw first. In addition, once the bar is in chaos, you all must leave immediately! Don't stay here!

Alright, big brother hai! The young man nodded in response and then retreated into the distance.

Lui hai turned to Xia ruofei, asking respectfully, Mr. Xia, what do you think

Show me the photo of the ninth target! Xia ruofei said calmly.

Yes! Lui hai answered.

All the information had been prepared. Lui hai took out a photo with the Arabic number 9 on the back and handed it to Xia ruofei.

Xia ruofei took a look, nodded, and kept it in his arms. Then he said, Ah hai, you wait here! I'll be back soon ...

Mr. Xia, I will go with you! Lui hai said hurriedly.

Xia ruofei waved his hand. You'll affect my actions. Ah hai, just do the liaison work and stay as far away from the scene as possible. I don't want any accidents, understand

Lui hai couldn't help but smile bitterly. He was at least one of the top three fighters in the Italy branch, but he was despised by Xia ruofei ...

However, even if he had more courage, he would not dare to go against Xia ruofei's will. Moreover, he did not think that there was anything wrong with Xia ruofei's words. They were not on the same level at all. He might really become a burden to Xia ruofei.

After Xia ruofei gave his orders, he immediately opened the door and got out of the car without any hesitation.

.....

The music in the sanguine dusk was deafening. Everyone on the dance floor raised their arms and twisted their bodies to the rhythm of the music. Under the flashing lights, they looked like a group of demons dancing.

Turin had a lot of quiet bars, and the locals enjoyed their leisure time. They would chat with their friends over soft music and drink coffee.

However, there were a few bars that were as popular as the sanguine dusk. Most of the people who frequented these bars were either problematic young men or rebellious young ladies.

Such a place was naturally a place to hide filth. Selling alcohol to minors was child's play. Some people in the bar had blurred eyes, lying on the sofa with their eyes rolled back like dead pigs. They even twitched a few times from time to time. It was obvious that they had a drug overdose. There were also people who took off their pants and tied them together in the dark corners of the bar ...

In the VIP room, a young man with a six – pointed star pattern on the back of his hair was holding a hot girl on one side, slightly shaking his head to the rhythm of the music.

There were many men and women around his age in the room, and they were all drinking happily.

There were also two burly Men in Black suits and sunglasses standing guard at the door of the VIP room.

The young man with the six – pointed star hairstyle was one of the heirs of the Geerman family. He was also the grandson of the current head of the Geerman family. His name was Moyes Geerman.

Moyes was handsome. He had deep eyes unique to Italians, a high nose, and a handsome face. If he were to wear a tailored suit, he would definitely be an elegant young master.

However, his friends who were familiar with him knew that there was an evil soul hidden in Moyes's bright skin.

Moyes, who had been influenced by the Mafia since he was a child, could be said to be cruel and merciless. He was also very arrogant and even a little perverted.

The first time Moyes killed someone was when he was twelve.

Because the maid at home had accidentally spilled a little yogurt on him, he was furious and strangled the Philippines maid with a rope.

His father, REM Gehrman, had been there at the time. Not only did REM not stop Moyes, but he had also praised his ruthlessness. In their eyes, these maids were no different from goods. What was the big deal with the death of a maid Just report an accident and pay a sum of money. The families of the Philippines women would be happy to settle it privately and would not pursue the matter.

One could imagine how twisted Moyes's personality would be if he grew up in such an environment.

Just a week ago, a waiter at the sanguine Dusk Bar had to rush to the VIP room a few minutes late because he had other work on hand when the call bell rang.

Then, Moyes, who suddenly went crazy, tied the waiter up and cut him dozens of times. The screaming lasted for two to three hours. In the end, his voice was hoarse and he was tortured beyond recognition. Moyes then ordered his men to drag the waiter out and throw him off the overpass ...

Moyes had even proudly shown off to others for a few days.

These were all described in the information collected by Lu zhengfeng. After Xia ruofei read it, he only had four words in his heart He deserved to die!

Xia ruofei wore a cap and entered the bar. He walked around the dance floor, aiming for the VIP room.

Although the dance floor was crowded with people, Xia ruofei seemed to be taking a leisurely stroll as he walked past them.

The people in front of him seemed to be pushed away by a gentle force, making way for Xia ruofei.

In the corridor outside the VIP room, there were also two tall and burly Men in Black. They looked warily at Xia ruofei who was walking straight towards them.

Xia ruofei ignored the two men and went straight to the door of the VIP room. Before the two men could scold him, he bent down and punched them in the abdomen.

The two of them groaned and fell limply to the ground.

When the people in the bar saw that there was a fight, not only did they not flee in panic, but they whistled excitedly.

The atmosphere in this kind of bar was too hot, and it could be said that fighting was a common occurrence. The people who came here more or less had some gang background, so they were not afraid of fighting at all.

Xia ruofei did not stop and kicked the door of the private room.

In the private room, Moyes also heard the faint sound outside the door. Before he could scold them, the door suddenly opened to the left and right. The two men in Black who were on guard in the private room didn't even have time to Dodge subconsciously and were knocked unconscious by the door.

When Xia ruofei walked in, the two doors were still shaking. It was clear how much strength he had used.

The two men in Black wouldn't wake up for a while.

Xia ruofei quickly looked around and immediately locked on to Moyes, the target of the operation.

His figure flashed, and a shadow streaked across. He had already arrived in front of Moyes.

Just as Moyes looked frightened, Xia ruofei's palm had already hit his head.

The life in Moyes's eyes quickly disappeared. His eyes lost their light and he fell limply to the ground.

Only then did the people in the room react. Xia ruofei had already thrown the photo with the Arabic number 9 on Moyes's body. Then, he rushed to the dance floor and quickly disappeared into the crowd ...

Chapter 2019 one after another

Lui Hai's Horton car was parked at the corner of the intersection. The bar across the street was a bit blurry in the drizzling rain. Lui hai fixed his eyes on the road ahead. Although he was confident in Xia ruofei's strength, he still felt nervous.

Lui hai felt a shadow flashed by the door of the bar, but he didn't see it clearly. It seemed that he was just dazzled. When he looked again, he didn't see anyone.

However, only two or three seconds later, the door of the passenger seat was opened. Lui hai was shocked. He had been on the road for more than ten years, but he didn't notice that someone was so close to him and opened the door.

Lui hai reached for a large – caliber pistol on his waist.

It's me!

Hearing Xia ruofei's familiar voice, lui hai relaxed.

A thought appeared in his mind. Could it be that he wasn't seeing things just now The shadow at the bar entrance was Mr. Xia

The parking place was more than 100 meters away from the entrance of the bar, but Xia ruofei only took two or three seconds to get back to the car. He was several times faster than the fastest 100 – meter sprinter in the world ... Lui hai was speechless.

Xia ruofei sat down and said, It's done! Let's go to the next place!

Lui hai came back to his senses and answered excitedly, Yes!

He started the car and quickly drove out of the parking space, driving in the opposite direction of the bar.

After driving for another ten meters, lui hai saw a large group of people rushing out of the bar in anger through the rearview mirror ...

Those people naturally didn't think that Moyes 'murderer could run more than 100 meters away in just a few seconds, so they didn't pay attention to the Hutton car that was gradually disappearing into the night. Instead, they spread out and searched the nearby area while shouting.

.....

At 2108, Moyes Gehrman was killed by a mysterious Asian with a single palm at the Scarlet Dusk Bar, which he frequented the most. Then, the Asian left.

At 2120 am, the third son of the elder of the Gehrman family, Adam Gehrman, who was in charge of the family's finances and was known as a business genius, was working overtime in the company office. He was killed on the spot by a black – clothed Asian with a finger through his temple.

Adam Gelman's bodyguard watched as the eastern man jumped out of the 19th – Floor office window after killing Adam. It was as if gravity had no effect on him. He didn't rely on any equipment to assist him. He only lightly grabbed the outer wall a few times during the fall and landed lightly on the ground. Then, with a strange flash, he disappeared into the night at an extremely fast speed. It was almost impossible for the naked eye to catch his movement trajectory.

At 2133, old Gelman's younger brother, philgeman, who was in charge of the internal order of the family, was attacked by a mysterious Easterner on his way home after attending a dinner party and died on the spot.

Filgeman's driver survived. According to his description, he was driving back normally when an Asian Man in Black suddenly jumped onto the front of the car as if he had fallen from the sky. It looked like he had only stomped his foot lightly, but the engine of the car had been destroyed through the hood.

Immediately after, the Asian man raised his hand, and a sharp light flashed. The car's windshield broke, and when the driver turned back, he saw an ordinary stone embedded in the space between philgeman's eyebrows. Phil's eyes were wide open, and he had died on the spot.

At 2146, old Gelman's second son, Pedro Gelman, who was in charge of the family's drug business, was happily rolling flyers in his lover's house when a masked Man in Black suddenly appeared in front of his bed. Before he could react, a punch landed on his heart. Without even making a sound, Pedro Gelman tilted his head and went to see Satan.

Pedro's lover witnessed everything with her own eyes, and she was so scared that she almost had a mental breakdown. In her terrified and incoherent story, she said that the masked man was the incarnation of the devil.

The two first – Class bodyguards of the Gelman family who were standing guard below Pedro's lover's building didn't react at all. They had no idea that someone had sneaked into the house and killed the person they were protecting.

At 2208, old Gehrman's cousin, Silvio Gehrman, who was in charge of the family's arms business, was conducting an arms deal. An Easterner in black sneaked into the abandoned car recycling factory where they were doing their business and nailed Silvio to the ground with a rusty steel bar. Silvio waited for three minutes before he died.

The Men in Black were very fast, coming and going like the wind. The Gunners brought by Silvio could not react in time.

They vented their anger on the small family that bought firearms from the Gelman family. They thought it was a trap set by the small family, so the few people from the small family who participated in the deal were shot into sieves by the angry Gunners.

.....

The core members of the Gelman family had been assassinated one after another. In less than an hour, five people had died.

The Moore Manor had been renamed to the Gelman Manor.

This place was originally the residence of the core members of the Moore family. After the Moore family was almost uprooted, the Gelman family took the responsibility of receiving the spoils of war.

Old ghelman's eyes were bloodshot, like a wild beast. On the floor in front of him, there was a pile of ceramic fragments. A few minutes ago, these ceramic fragments had not turned into fragments. They were relics from the Ming Dynasty of China and old ghelman's favorite collection. Now, they were smashed into pieces by the angry old ghelman.

The servants at home were hiding outside the door in fear. No one dared to come in to clean up at this time. They had no doubt that if they touched bad luck now, they would definitely be torn to pieces by the brutal old Gehrman!

From nine o'clock in the evening, the news of the assassination of the core members of the family came one after another. Those who were killed were his most beloved grandson, his most valued son, his most trusted brother ... On each person was a photo left by the murderer, and on the back of the photo were Arabic numbers of different sizes ...

The assassination of each of them was no less than cutting a piece of flesh off old Gehrman's heart.

Anger, sorrow ... A variety of emotions were intertwined. Old Gehrman's body trembled involuntarily, and he had fallen into a state of madness.

Who are they Who did this! Old Gelman's voice was hoarse as he roared, investigate it immediately! I'll find him tonight, and I'll tear him into pieces! Cut off his flesh and feed it to the dogs!

In the shadows, someone bowed slightly to old Gelman and then quickly disappeared into the darkness ...

Old Gelman panted heavily and only gradually regained his calm after a long time. His face was dark as water as he said, Immediately inform all the family members that from now on, no one is allowed to leave the manor! The family members who were outside had to return immediately! Tell them to pay attention to safety on the road! Bring more people to protect him!

Yes! Another person bowed slightly and disappeared into the darkness to convey old Gehrman's orders.

In the rainy night, the Horton car was like a ghost that was taking lives as it shuttled through the city that was gradually filled with the smell of blood.

Lui hai, who was driving, couldn't control his excitement, asking, Mr. Xia, there are still six main targets. This place is not far from Moore Manor. Should we go to the manor first

Xia ruofei waved his hand and said, there's no hurry. Let that old man live a little longer. I want him to personally see his family fall apart. He can't do anything about it! I've decided to kill target number one last!

Yes! Lui hai answered, then we should go ... Near the museum. Target No. 5 lives there! According to our brothers intelligence, he should be in his own home right now!

Xia ruofei nodded and said, sure! However ... Inform zhengfeng that they can start the attack! Tell them to be careful. The Gehrman family must have received the news by now. Although it will inevitably

increase the difficulty, at the same time, they will definitely be in a mess. This is the best time to make a move ...

Understood! Lui hai took out his phone excitedly and dialed the number, zhengfeng, Mr. Xia said we can start now!

Lu zhengfeng could not wait any longer. He had urged Xia ruofei to send his men from the Hong sect to collect intelligence and to keep an eye on every target. Thus, Lu zhengfeng had already known from his subordinates 'reports that Xia ruofei had been successful in his assassinations without any effort.

Lu zhengfeng couldn't wait to go to war with the headless Gelman family to vent the resentment he had accumulated recently.

Therefore, after hearing lui Hai's words, LV zhengfeng was so excited that his voice changed, Received! Big brother hai, let's get started!

Xia ruofei said indifferently, ah hai, tell zhengfeng to act according to his ability. If there's any difficulty, he must inform me at once. I will go and help him!

Yes, Mr. Xia! Lui hai said.

Then, he said to Lu zhengfeng, who was on the other end of the phone, Zhengfeng, did you hear what Mr. Xia just said

I heard it! Big brother hai, please thank Mr. Xia for me! Lu zhengfeng said, please rest assured, Mr. Xia. Once things go south, I'll immediately ask him for help!

En! Lui hai said, go! Be careful!

After hanging up, lui hai asked, Mr. Xia, now ... Shall we go to the museum first

Xia ruofei thought for a while and said, no hurry! Let's just wait for them! I think that after that old man learned of this series of news, he would definitely recall the core members of the family in a hurry! Drive the car into the forest and hide. Without my order, you're not allowed to stick your head out, understand

Chapter 2020 A sharp turn for the worse (1)

Although being regarded as a burden by Xia ruofei again and again made lui hai feel embarrassed, he was clear that he could not help Xia ruofei with his current strength. He might even drag Xia ruofei down. After all, Xia ruofei's advantage in speed could not be fully utilized with him on his side.

Yes, MA 'am! Lui hai said immediately.

Xia ruofei opened the car door and got out. In a flash, he quickly hid in the bushes by the side of the road.

Lui hai didn't dare to delay. He quickly drove forward and hid the car in a small road. Then he got off the car and climbed up a tree. From here, he could still see the road that he had to pass to Moore Manor.

In the drizzling rain, the road in the wealthy District was very quiet.

But lui hai was clear that under the calm surface, there was a strong killing intent. For the core members of the Gelman family who might return to the manor, this might be a road of no return ...

Time passed by, and the intersection was still calm. Lui hai was wet from the drizzle and felt uncomfortable, but he still sat on the branch, staring at the front.

After about 30 to 40 minutes, a car's headlights finally flashed in the distance. It was obvious that the car was heading towards the Gelman Manor.

Lui hai suddenly became spirited, sitting up straight and staring at the front with his eyes wide open under the dim light of the street lamp.

The car got closer and soon reached the intersection.

Lui Hai's heart was beating faster. He didn't even dare to blink his eyes, for fear of missing the moment when Xia ruofei launched the strange attack.

However, the car passed the intersection slowly and nothing happened. Lui hai was confused. Was Mr. Xia not ready Or was it because the opportunity wasn't too good that he didn't make a move

Lui hai didn't know that Xia ruofei had already seen the man in the car with his super eyesight. Although he was a member of the Geerman family, he wasn't on his must – kill list.

Although Xia ruofei had dealt with the Gelman family in a brutal way, he did not want to kill too many people. Since he was not on the must – kill list, he would just let it go.

Of course, this was also to avoid alerting the enemy.

The car's appearance in the middle of the night also proved that Xia ruofei's judgment was correct. There should be more core members of the Gelman family coming to take refuge. If they attacked now, the people behind would definitely receive a warning, and the ambush would be ineffective.

Hence, Xia ruofei just let the car pass.

Xia ruofei had always been very patient with his prey. He hid in the grass by the road without moving and did not show any impatience.

Another ten minutes passed.

Finally, there were car lights in the distance. Xia ruofei, who had been resting with his eyes closed, suddenly opened them and looked in the direction of the car.

This time, three cars drove in.

The car was getting closer and closer. Although there was a blinding light shining on his face, Xia ruofei could still see everyone in the car clearly with his strong eyesight and the faint light from the dashboard.

The people in the car were all Men in Black with cold expressions. There were no members of the Gelman family.

However, Xia ruofei was not disappointed because the security was so high. The people who were being escorted must be very important. It was impossible for all three cars to be filled with these thugs. It was

so late at night to pull three cars of people to the manor, and they were all in a big Benz. It could not be these bodyguards.

Therefore, there must be an important figure among them, and it was very likely that he was in the second car!

As it was blocked, Xia ruofei could not see who was in the second car.

He quietly hid in the grass and let the first car go.

He could already see the people in the second car.

When his gaze fell on the back seat of the car, his eyes suddenly lit up. He saw two people sitting in the back seat. They were actually core members of the Gehrman family on the must – kill list.

One was target number five and the other was target number four.

As the distance was very close, the car was about to drive away from Xia ruofei. He did not hesitate. After confirming that the target was in the car, he immediately turned his hand and took out a steel rod from the spirit map space.

Then, Xia ruofei suddenly threw the javelin in a javelin – like movement.

The steel rod spun, making a sharp sound as it cut through the air, and almost instantly flew to the side of the car.

It was as if the steel rod had eyes, directly passing through the gap in the wheel and firmly locking the wheel.

The car suddenly made a teeth – numbing sound of metal friction, and it was stopped by the steel stake.

At the same time Xia ruofei threw the steel rod, his entire body rose into the air and pounced directly at the black Mercedes – Benz.

He heavily punched the back window of the car. The window made a muffled sound and cracked.

Xia ruofei was stunned. The thickness of the car window was beyond his expectations. It seemed that this was a specially made bulletproof car.

Two cars of bodyguards escorted them, and they even used bulletproof cars. It could be seen how terrified the Gelman family was after an hour of darkness. Everyone was like a bird startled by the mere twang of a bow.

Through the car window, Xia ruofei could clearly see that the two people in the car were extremely frightened and were speaking loudly in Italian.

He was only stunned for a moment before he immediately punched the same spot. Then, without any pause, he punched again.

In two short seconds, Xia ruofei had thrown five punches.

Although the bulletproof glass was thick and strong, Xia ruofei's five punches, which were infused with genuine Qi, were enough to break gold and stone.

Finally, the bulletproof glass was completely broken, and the glass shards fell down.

The two people in the back seats showed a look of despair.

Xia ruofei did not hesitate. He reached out and picked up the two pieces of glass. Then, he raised his hand and the glass shards shot out like lightning. They accurately hit the area between the eyebrows of the two people and were deeply embedded.

The fear on their faces froze the moment the glass shards hit them in between their brows. The huge impact of true energy had turned their brains into mush. Naturally, they couldn't be more dead.

After he got it, Xia ruofei didn't say a word. He threw two photos with the number on them into the car and ran into the grass. Then, under the cover of the night, he ran at his top speed in the opposite direction of lui Hai's car.

From the moment Xia ruofei threw the metal rod to the moment he succeeded and ran away from the scene, the entire process took at most ten seconds. By the time the bodyguards in the two cars reacted and chased after him, Xia ruofei's figure had already disappeared.

Lui hai saw Xia ruofei's successful attack from a distance, so he jumped down from the tree, went back to the car and started it.

Sure enough, Xia ruofei opened the door and sat in the car. He told them that he ran in the opposite direction to mislead the bodyguards. After he hid in the dark, he quickly ran to meet up with lui hai.

Targets No. 4 and No. 5 have been eliminated! Xia ruofei said, leave this place immediately!

Yes! Lui hai was prepared, so he started the car and drove forward.

This small road could leave the wealthy District in another direction, and through the Constantine bridge downstream of the Bo River, he could return to the city.

Mr. Xia, where are we going next lui hai asked while driving.

Xia ruofei said without hesitation, we can only block the road and ambush them once. They will definitely be more vigilant later on. Let's go back to the city directly. This way, if zhengfeng needs help, I can get there faster!

Understood! Lui hai answered calmly.

Xia ruofei continued, other than old Gelman, there are three more targets that we haven't dealt with! Contact the brothers who are waiting and see if there's any news! If possible, kill them all in one go. If it's not easy, then let them go back to the manor! When the time comes, I'll wipe him out in one go!

Alright! Please wait a moment!

After saying that, lui hai immediately contacted him with his phone, Mr. Xia, as you expected, the important targets have left their original locations. The security is very strict. Our people said that the remaining three targets are likely to join forces and try their best to rush back to the manor.

Xia ruofei nodded and said, then let them go!

Understood!

.....

In Gehrman Manor, old Gehrman received a report that two of his family's core members had been attacked and killed at the intersection at the foot of the mountain. He was so angry that his body trembled, and a pile of ceramic fragments immediately appeared on the floor that he had just cleaned up.

Immediately inform the others to change into the bodyguard's clothes and blend in with the team of bodyguards. All the vehicles move together and retreat to the manor as soon as possible! Old Gelman ordered.

After taking over the manor of the Moore family, old Gehrman abandoned the original security system and spent a lot of money to set up a brand new security system. He also arranged for hundreds of very skilled fighters to be stationed in the manor.

Therefore, he was still very confident in the safety of the manor, which was why he repeatedly asked his family members to return to the manor.

Yes! His subordinates immediately split up and contacted the remaining core members of the Gelman family.

At this time, another subordinate ran in, panting, Mr. Gelman! This is bad ... One of our restaurants, two convenience stores, and two construction sites in the city have been attacked by the Huaxia Hong sect! Their attacks are very sharp, and our people are like dragons without a leader. The current situation is very unfavorable to us!

What When old Gelman heard this news, he was so anxious that he fainted ...
