Chapter 2041 A confused look (3)

He took a deep breath and said, "yes!" It'll take some time to get the visa, so I'll come over as soon as possible!"

"I'll wait for you!" Monica said, and then gave him a kiss over the phone. "Yeah!"

.....

After Xia ruofei hung up the phone, he hailed a taxi and headed to the courtyard in liuhai Lane.

In the car, Xia ruofei gave Zhao Yongjun a call.

"Brother Zhao, I'm back!" Xia ruofei said.

"It's good that you're back! It's good that you're back!" Zhao Yongjun let out a sigh of relief. "You don't know how worried I was when you were out! If anything were to happen to you, I'd feel guilty for the rest of my life ..."

"Is it that serious?" Xia ruofei laughed and said, "I haven't seen you for a few days and you've learned how to be emotional?"

"Get lost! Am I stirring up emotions? It's clearly a deep brotherly love, alright?" Zhao Yongjun laughed and scolded, "ruofei, since you're back, I'll call song Rui, Hou Liang, and the others tonight. I'm here to prepare for a game! Speaking of which, you haven't seen them for a long time!"

"Let's not rush into this first!" Xia ruofei said, "I'll be staying in Beijing for a few days. There will be plenty of opportunities to drink and chat! Big brother Zhao, I have something I need to trouble you with!"

"Yo, yo, yo! And you're being so polite with me!" Zhao Yongjun said, "if you have anything to say, just say it! How come you've learned to dawdle?"

Xia ruofei couldn't help but laugh. "I want to go to Italy. About the visa ..."

"Wait! What did you just say?" Zhao Yongjun interrupted Xia ruofei. "Is there something wrong with my ears, or did I just transmigrate?"

Xia ruofei didn't know whether to laugh or cry, "you didn't hear wrong. Xia ruofei! I want to go to Italy!"

Since they were in a taxi, Xia ruofei couldn't explain it too clearly, but how could Zhao Yongjun not react to it?

"RUO Fei! What's going on with you?" Zhao Yongjun smiled bitterly and said, "so you're going against Italy? I'll go out with a different identity, then another identity, and then another trip ..."

"It's a special case ..." Xia ruofei said. "And it's a safe trip. There won't be any problems!" It's just that I'm in a hurry, so I'll need you to help me find someone for the visa. Hurry up!"

A few days ago, Zhao Yongjun had helped him with the same thing. Xia ruofei naturally knew that Zhao Yongjun had this channel, so he didn't stand on ceremony with him.

“Alright! I’ll go and say hello!” Zhao Yongjun said, “brother, if you come here a few more times, the guy at the Italy Embassy will definitely suspect that I’m a professional in getting visas. Why does this happen every two or three days?”

Xia ruofei couldn’t help but laugh. “Then I’ll leave this matter to you! I’m a little tired after flying for more than ten hours. Let’s not get together today, tomorrow! I’ll treat all the brothers to a big meal in the courtyard house!”

“You said it!” Zhao Yongjun said.

“I said it! When the time comes, I’ll personally cook, and you’ll have enough good wine and good food!” Xia ruofei smiled and said, “let’s drink till we’re drunk! No one is allowed to leave early tomorrow. If you’re drunk, just sleep in the guest room. I have a lot of rooms over there anyway!”

Xia ruofei’s words fell into the taxi driver’s ears, and he could not help but glance at Xia ruofei through the rearview mirror.

It was mainly because Xia ruofei’s tone was too arrogant. In a place like the capital, saying that he had more rooms was definitely showing off his wealth!

“Alright!” Zhao Yongjun replied happily.

After hanging up, Xia ruofei was about to keep his phone when he received a new email notification ...

Chapter 2042 A windfall (1)

Xia ruofei opened the email and took a look. He couldn’t help but gasp. If he wasn’t still in the car, he would have cried out in surprise.

It was an email from the bank he had opened an overseas account. The content was simple. Ten minutes ago, a sum of money had been wired into his account. The amount was...270 million! And the unit of measurement was ... Euro!

What was going on? A windfall? Xia ruofei couldn’t help but think to himself.

He looked at the email carefully. The huge amount of money had been transferred in by a trading company called Lehmann.

It was an unfamiliar company name. Xia ruofei was sure that he had never heard of this company before.

However, this was normal. It was likely that this was a shell company set up in Cayman Islands as a tax – avoiding paradise. The real controller behind it couldn’t be found just by looking at the company information.

Who on earth had transferred such a large sum of money to him? Xia ruofei was also puzzled.

With such a large amount of money, it was impossible to have been transferred by mistake. First of all, it involved 200 to 300 million euros. The probability of a low – Level mistake during the transfer was almost zero, and the bank had to confirm it repeatedly before the money was transferred.

He thought about it but couldn’t think of a clue.

“Sir, we’ve arrived!”

The taxi driver’s voice brought Xia ruofei back to her senses. She looked over and saw that the car had stopped at the entrance of the courtyard house in liuhai Lane.

“Oh! Thank you!” Xia ruofei said as he took out a hundred Yuan bill from his wallet and handed it to the driver.

After getting out of the car with his small suitcase, Xia ruofei walked to the gate of the courtyard house and stood still. After a while, the iris recognition door lock opened automatically and Xia ruofei pushed the door open and entered.

Outside the door, the taxi driver turned his head and couldn’t help but look at the magnificent siheyuan gate again. He thought to himself, this guy really wasn’t bragging in the car just now! Other people really only had a lot of rooms! Such a large courtyard house in the central Urban area must cost hundreds of millions ...

When Xia ruofei entered the first courtyard, Wu Qiang had already come out to welcome him.

The security system of the entire courtyard house had been upgraded. There were many cameras installed on the four walls, and the access control system was also integrated. When the front door opened, Wu Qiang was notified immediately. Although it did not open abnormally, he still checked the surveillance camera at once. Naturally, he realized that Xia ruofei had returned and quickly came out to welcome him.

“Boss, you’re back!” Wu Qiang greeted as he took Xia ruofei’s luggage.

Xia ruofei smiled and nodded.””How’s the family these few days?”

“Everything is normal!” Wu Qiang said.

The two of them passed through the moon gate and arrived at the second courtyard where Xia ruofei lived.

Even though they had not stayed there for a few days, the yard was still spotless. Xia ruofei pushed the door open and entered the house. He realized that the house was very clean and tidy.

He did not inform them in advance that he was coming back today. It was obvious that Wu Qiang, Wu Xiujuan, and Xia Xiaolan had worked very hard and were very meticulous.

“Let’s get Mrs. Wu to prepare something light for lunch!” Xia ruofei took off his coat and hung it on the coat rack as he said,”buy more ingredients tomorrow. Brother Zhao and the others will come over for a small gathering!”

“Alright!” Wu Qiang replied,”boss, do you have any specific requirements for the ingredients?”

“Pick the good ones! Don’t be afraid of spending money. ” Xia ruofei said,”why don’t we go to the Sam’s Club to buy some? Try your best to pick our paradise brand’s ingredients. If the company doesn’t have any products, just pick the best!”

“Understood!” “Alright.” Wu Qiang replied, “then you should wash up and take a rest first. I’ll call you when lunch is ready!”

“Mm! Go!”

After Wu Qiang left, Xia ruofei took a bath and walked out of the bathroom feeling refreshed.

The heater in the house was on, and Xia ruofei had almost fallen asleep in the jacuzzi.

He had been busy and on the move for the past few years, so he could be considered to have stolen half a day of leisure.

However, he was still thinking about the 270 million euros in his overseas account, so after soaking for a while, he got up, put on a bathrobe, and went back to his bedroom.

While he was taking a bath, Xia ruofei had thought about it and felt that there was something fishy about the money. Hence, he wanted to find out the background of Lyman company first.

After returning to the bedroom, Xia ruofei was about to call Li Yifu and ask him to check on the direct line of Lyman company. However, when he picked up his phone, he realized that he had a missed call. It was from Li Yifu.

Hence, Xia ruofei did not even think and called back.

“Senior granduncle!” Li Yifu answered the phone in the shortest time possible, his attitude as respectful as ever.

“Foster husband, you called me just now?” Xia ruofei said, “just in time. I have something to discuss with you!”

Li Yifu didn’t have time to talk about his own matters and quickly said, “Martial granduncle, please give me your orders! This disciple will definitely do his best!”

“It’s not that serious!” Xia ruofei smiled and said, “help me check the background of a company called Lehmann. Just now, a sum of money was inexplicably transferred into my account. It was from this company! I don’t know what’s going on ...”

Hearing this, Li Yifu’s tone suddenly became a little strange, or rather a little embarrassed. He said, “That ... Martial granduncle! Lehman was a shell company under the Hong sect ...”

Chapter 2043 A windfall (2)

“The Hong sect?” Xia ruofei immediately raised his voice. “Adopted husband, tell me clearly. What’s going on?” Why did the Hong sect transfer money to me? and it’s 270 million euros!”

“Yes,” Li Yifu quickly said, “great uncle, it’s like this ... A few days ago, when we were dealing with the Geerman family, didn’t you find a treasure room in the manor? This amount of money ...”

“Don’t tell me that this money was exchanged for that batch of gold coins and jewelry?” Xia ruofei said.

“And almost 100 million euros in cash!” He said. Li Yifu quickly added, “the remaining 170 million Yuan is almost the valuation of the jewelry.”

“Isn’t this just playing the zither randomly?” Xia ruofei frowned and said, “I’ve already said that the wealth will be left for the Italy Freemasons as funds! Because of me, many of our brothers died that day!”

Li Yifu hurriedly explained, “please forgive me, senior granduncle!” I’ve asked around, the reason why the Geerman family was wiped out that day was all because of my grand uncle’s power. The Hong sect has already gotten a huge piece of land for free! Besides, you were the one who discovered the treasure room, so ah hai and the others definitely wouldn’t dare to take the money!”

Without waiting for Xia ruofei to speak, Li Yifu continued, “Senior granduncle, the Hong sect has a comprehensive compensation system. We will compensate our brothers who died that night and those who are disabled! Don’t worry about this! Besides, ah hai and zhengfeng won’t be leaving empty – handed after attacking the Gelman family. There are many valuable things in the manor, and they’ve already gotten a big bargain. We can’t take this money anymore!”

“I said I’d give it to them, so why wouldn’t they dare to take it?” Xia ruofei said, “this ah hai is too much. He has to ask for instructions for everything. He doesn’t have any courage at all!”

“Yes, yes, yes!” Li Yifu quickly chimed in and said, “grand uncle – Master, please understand our difficulties. It’s not easy for us to deal with the wealth. Furthermore, it was the decision of the higher – ups of the Hong sect to convert all the jewelry and gold to cash, please accept it!”

Xia ruofei shook his head helplessly and said, “Alright, alright! Since you’re already here, I’ll keep it!”

He also knew that an overseas organization like the Hong sect with a long history had accumulated a shocking amount of wealth over the years. It was even comparable to those giant enterprises that were worth tens of billions.

In fact, the rich list had never reflected the true wealth ranking. There were many hidden rich people or low – Key organizations in the world, and the wealth they controlled was even more than the world’s richest people on the surface.

To the Hong sect, 200 to 300 million euros was nothing.

Since the Hong sect was so sincere, Xia ruofei would not reject them. Moreover, from Li Yifu’s point of view, Xia ruofei had a deep relationship with the Hong sect. When the time was right in the future, he would just help the Hong sect.

After Xia ruofei relented, Li Yifu heaved a sigh of relief and said, “Thank you, martial granduncle! Thank you, senior granduncle!”

Those who didn’t know better would think that Xia ruofei had transferred 270 million euros to the Hong sect. Why would Jian Jia thank the person who gave the money, but the person who accepted the money looked like he was forced to do so?

“By the way, why were you looking for me just now?” Xia ruofei asked.

Li Yifu said, somewhat embarrassed, “Senior granduncle, this disciple originally wanted to report to you about this sum of money, but it’s fine now ...”

Xia ruofei said, "okay, let's do this first!" By the way, is there anything you don't understand about cultivation?"

"Thank you for your concern, senior granduncle!" Li Yifu was somewhat flattered. "I'm still digesting the content that senior granduncle taught me last time. There's no problem for now!"

"Alright! If there's anything you don't understand, don't practice blindly. You can come and ask me at any time!" Xia ruofei said.

"Yes! I understand!" Li Yifu said gratefully.

After hanging up, Xia ruofei threw his phone on the bedside table. Then, he leaned against the headboard, put his hands behind his head, and stared at the ceiling in a daze.

He had thought that there was a strange story behind this huge sum of money! He didn't expect that it would be so simple after the mystery was revealed.

In fact, Xia ruofei should have thought about the wealth that he had taken out from the Golman family's treasure vault long ago. However, he did not take it to heart, especially after he found more than half of the box of world stones. He focused almost all of his attention on the world stones.

He didn't expect that after so many twists and turns, the wealth would still end up in his pocket.

270 million euros was equivalent to two to three billion Chinese dollars, which was more than the current assets of the Paradise Corporation.

It had only been one night, and they had already gained so much from taking down a small Mafia family. If they were to take down all the Italy Mafia, how much money would they get?

Xia ruofei did not become greedy because of this. On the contrary, he became more alert.

After having absolute power, it could be said that it was easy to obtain wealth. And it was precisely because it was too easy that many people would inevitably lose their way and walk the evil path.

The great Dao Sutra was a cultivation technique that was filled with righteousness. If Xia ruofei's Dao heart was really covered in dust because of worldly wealth, then his cultivation would definitely be affected. In serious cases, he might even suffer a backlash, similar to the Qi deviation in martial arts.

Xia ruofei silently recited the "great Dao technique" a few times and gradually calmed down.

Then, he gave Song Wei a call and told her that he was in Beijing today.

Ever since the two of them had that special cultivation experience, Song Wei had left an indelible mark in the depths of Xia ruofei's heart. He could not tell if his feelings for Song Wei were deeper than his feelings for Ling Qingxue. However, he could be sure that since they had parted in the capital, his longing for Song Wei had deepened.

Xia ruofei thought that he would be able to see Song Wei today. To his surprise, Song Wei had gone to Guanzhong province with her mentor two days ago. He heard that a Tang Dynasty tomb had been destroyed by grave robbers and they needed to go there to rescue and excavate it.

Feeling extremely regretful, Xia ruofei could only remind her to take care of her safety and then hung up the phone.

Song Wei was not in the capital and Xia ruofei felt bored. He wanted to get the visa as soon as possible with his identity. Then, he would go to Italy and help Monica's brother, Rousey, cure his leg. After that, he was ready to go back to San Shan.

After all, the company was building a pharmaceutical factory branch, as well as the expansion of the farm and a lot of other things. He felt a little bad for being away from home for a long time and throwing all the work to Feng Jing and Dong Yun.

Hence, Xia ruofei gave Captain Liu An a call and told him that he had to fly to Italy in the next few days. He asked him to make preparations in advance.

For international flights like this, not only did they have to apply for a route in advance, but the cabin crew also had to go through some procedures. After all, when they arrived in Italy, Xia ruofei did not return home immediately, and the cabin crew could not stay on the plane all the time. They would have to enter the country too.

Fortunately, most of the crew members were Chinese – American, so it was easy to go to Italy.

After making the arrangements to leave the country, Xia ruofei had some free time. He thought of the gray box that was still lying in the spirit map space and the world stones inside.

Once this thought appeared, it immediately grew. Xia ruofei couldn't help but take out the box from the space.

1,2,3 ... A total of 18 world stones. Not a single one was missing.

After Xia ruofei took out the world stone, he removed the restriction on the white fox. Then, he ignored the little fellow's protest and retracted his consciousness.

He stood up and went over to lock all the doors and windows. Then, he drew the curtains tightly. Only then did he take out the spirit map scroll from his palm. He casually picked up a world stone and slowly moved it closer to gupu's scroll ...

Chapter 2044 Evolution of the rules_1

Under Xia ruofei's control, the spirit map scroll emitted rays of light. Fortunately, Xia ruofei had closed all the doors and windows tightly, and the curtains were drawn. He had also set up a small formation, so he did not have to worry about the strange phenomenon attracting the attention of others.

A suction force came from the spirit map scroll and instantly devoured the entire world stone.

The world stone seemed to have encountered an invisible vortex as it spun and flew towards the spirit map scroll. Then, it disappeared into thin air.

Xia ruofei's mind was still connected to the spirit map. He could clearly sense that the moment the world stone entered the spirit map's space, all the essence of the stone was absorbed almost instantly, turning into traces of spatial power and fusing into the spirit map.

Even the White realm Fox, which had rushed over after sensing the aura of the realm stone, could not catch up with the speed of the absorption of the spirit map. By the time it arrived, it only saw that the realm stone had turned grayish – White and its surface was filled with cracks.

After losing the support of the spatial power, the world stone fell to the ground and shattered into many pieces.

The White realmfox waved its front claws in frustration and squeaked a few times at the sky in the spirit map space.

Xia ruofei chuckled and picked up another realm stone from the box.

The spirit map scroll greedily swallowed the realm stone. This time, the White realm Fox was prepared. The moment the realm stone appeared in the spirit map space, it immediately pounced on it. Unfortunately, although it had successfully grabbed it, the realm stone was also absorbed in an instant. What it had grabbed was only an ordinary stone that had lost its essence.

The third, the fourth, the fifth ...

Xia ruofei could feel that the speed at which the spirit map was devouring the realm stone had slowed down. Hence, he used his spiritual power to speak to the White realm Fox in the space, "Little brat! That's enough ... Let's stop for a while!"

With that, Xia ruofei used his spatial power to imprison the little guy in mid – Air.

Xia ruofei even shamelessly confined the white fox near the location where the realm stone appeared. He did not use the overlapping small spaces to completely confine it but only used spatial energy to bind it.

In this way, the white fox could still move its limbs randomly, but its body could not move at all.

The boundary stones appeared one by one within reach, but they were just a tiny bit away. The White boundary Fox was so angry that its lungs were about to explode. If only it had lungs like humans.

The last time it leveled up, the spirit map space still wasn't enough after absorbing seven world stones. Later, Xia ruofei even went to stone gambling and got a batch of jades, which allowed the spirit map space to break through the bottleneck and successfully level up.

Hence, Xia ruofei was mentally prepared.

According to his observation, the difficulty of each space upgrade would increase.

The last time he had leveled up twice, he had used 5 world stones the first time. The second time, he had used 7 world stones, and it was still not enough.

This time, Xia ruofei felt that it would be normal to use up 10 world stones.

In the beginning, Xia ruofei did not feel anything when he sent the world stones one by one to the spirit map scroll. When the tenth world stone was quickly absorbed and the space still showed no signs of upgrading, Xia ruofei could not help but feel apprehensive.

Every single realm stone was extremely precious. This was because Xia ruofei had yet to find any effective method to search for realm stones. Every time he found one, it was by chance. Although Xia Qing had told him that the White realm Fox had an innate sensitivity to realm stones, and its sensing range was much further than the sensing array he had done previously, Xia ruofei had never seen it before. It was as if it did not eat or drink in the space and would often be in a daze for a few days. He really couldn't see what kind of amazing ability it had.

Moreover, Xia ruofei had no idea how many world stones were in storage on earth.

This time, Xia ruofei had obtained a total of 18 world stones. In the blink of an eye, more than half of them had been absorbed by the spirit map.

Xia ruofei couldn't help but mumble to himself, "could it be that after using up all 18 world stones, the space can't be upgraded again?" That would be too much ...

Although his heart was beating like a drum, Xia ruofei did not hesitate at all. After the 10th world stone was absorbed, he immediately took out another world stone from the box and continued to feed it to the spirit map scroll.

In any case, other than providing energy for the upgrade of the spirit map, the only use of these world stones was to be food for the realm Fox.

Comparing the two, Xia ruofei basically did not need to answer the multiple choice question. Of course, he would let the space absorb it! The realm Fox didn't put in any effort at all, yet it still wanted to take advantage of this place for no reason? in its dreams!

It did not matter if the space could be upgraded or how many world stones it had to absorb to upgrade. Anyway, the fate of these world stones was the same. Hence, Xia ruofei did not bother to think about it anymore.

11,12,13 ...

Xia ruofei was almost numb. He felt that the spirit map was devouring the world stones as if they were jelly beans. One after another, he was not full at all!

Finally, when the 14th world stone was about to be completely absorbed, Xia ruofei, who had been paying attention to the spatial situation, clearly felt a wave of fluctuations in the laws of the entire space. It was as if it had been compressed to the extreme before suddenly erupting.

Xia ruofei was connected to the spirit map space by heart and blood, and his spiritual power cultivation was much higher than before. Hence, he could vaguely feel that the spatial rules of the spirit map world seemed to be in chaos at this moment. Even the White realm Fox felt a trace of uneasiness and stopped its meaningless struggle. It was suspended in the air quietly by the invisible force of the space.

Chapter 2045 Evolution of the rules (2)

Of course, this trace of law disorder lasted for a very short time, almost an instant, and then the many laws in the spirit map space began to operate again.

Xia ruofei could feel that the rules of space and time in the spirit map world seemed to be clearer than before.

Now, the upgrade of the space was not only an expansion of the area and an increase in the concentration of spiritual Qi. Xia ruofei vaguely felt that the space was becoming more and more real.

It was a strange feeling.

The spirit map space had always been there. By right, it would not give Xia ruofei the feeling that it was illusionary. However, he could clearly sense the difference between this man – made space and the outside world, especially when he first obtained the space. Compared to the current space, there was a very obvious change. The spirit map space was getting closer and closer to the outside world.

For example, when he first obtained the spatial zone, although the spiritual Qi was rich, there was a sense of deathly stillness. Now, the changes to his senses were very obvious. When Xia ruofei's mind stayed in the spatial zone, he could even feel the gentle breeze and the rippling of water. If the sky in the spatial zone also had sunrise and sunset, it would be no different from the outside world.

This was an evolution of the rules.

Perhaps every time the space leveled up, the rules of the spirit map world would evolve to different degrees. However, at that time, Xia ruofei's spiritual power cultivation was not strong enough, and his connection with the space was not as close as it was now, so the feeling was not as obvious.

This was the first time Xia ruofei felt the internal rules of the space gradually being perfected.

He closed his eyes slightly and silently felt it for a while. He felt that his understanding of the rules of space and the truth of the great Dao had improved a little.

Xia ruofei opened his eyes and looked at the box.

There were still four world stones in the box, so it was definitely not enough to upgrade the space to another level.

However, Xia ruofei did not intend to keep them. The upgrade of the space was a process of changing from quantity to quality. Even if it could not change the quality of the space, it was at least a kind of accumulation of quantity. This way, if he could get more world stones next time, he would need fewer world stones to upgrade. Overall, it was the same.

Hence, Xia ruofei only muttered to himself for a moment before reaching out to pick up another realm stone and bringing it close to the spirit map.

Although the space had just been upgraded, the spirit map scroll still did not reject the world stone. It absorbed the world stone in an instant.

At this moment, the White realm Fox, which was still confined in the air, could not help but squeak.

Xia ruofei used his mind to sense it with interest. This little guy seemed to be stopping him from continuing to let the space absorb the world stones.

However, when it looked at the world stone, it realized that the essence contained within the world stone had already been completely absorbed.

Xia ruofei chuckled and said to the white fox telepathically, ""Leave a few for you? Give me a reason!"

“Squeak!” The White realmfox gestured with its hands and legs.

Xia ruofei could easily guess the white fox’s intention. It wanted to help Xia ruofei find the realm stone on the condition that it would eat two of them to satisfy its hunger. After all, it had been starving for a long time since they left the tomb.

Xia ruofei laughed and said, “I thought you didn’t know how to be hungry!” Since that’s the case, you should hurry up and try to sense the world stone! If I can find it, I’ll keep my promise and give you your share. You’ll have food then, right?”

The White realmfox squeaked and gestured a few more times, meaning that it was so hungry that its chest was sticking to its back. It had no strength to sense the location of the world stone, unless it ate two of them to recover its vitality.

Xia ruofei couldn’t help but laugh, “I like your shamelessness!” Little guy, if you want to eat for free, you’d better give up this idea as soon as possible! Here, you must be paid according to your work. If you don’t put in effort, you can’t get anything in return!”

Xia ruofei’s mind swept over the dejected white fox and continued, “If you’re not willing to cooperate, I naturally won’t force you. Moreover, I won’t drive you away. You can stay here to comprehend the spatial laws as long as you want! As for the matter of finding the world stone, since you can’t help, then forget it! I’m not in a hurry anyway ...”

After saying that, Xia ruofei released the seal on the white fox.

The little guy landed on the ground, got up, and waved its claws in the direction of the sky as if to show off.

Xia ruofei couldn’t help but laugh. He had made a last – minute decision to not let the spirit map scroll absorb the remaining three world stones.

With a thought, the three world stones and the box disappeared from the bedroom. The next moment, they appeared in the spirit map space.

Xia ruofei did not give the spirit map space an order to devour and the space would not absorb the realm stones on its own. Hence, the realm stones could still be stored in the space, provided that Xia ruofei’s connection with the spirit map space was precise enough and he had precise control over the space.

After the box containing the three realm stones entered the space, Xia ruofei did not wait for the White realm Fox to react. With a thought, he made use of the space rules to create a small space and wrapped the box up.

When the White sector Fox reached the box, it was immediately blocked by an invisible space membrane.

To the white fox’s despair, in just a few seconds, Xia ruofei had stacked more than twenty small spaces on top of the box. The small spaces were connected to each other, protecting the box and the realm stone inside.

With the white fox's current strength, even if it did not sleep or rest, it would still take a long time to crack all these small spaces.

Furthermore, Xia ruofei knew everything that was happening in the space like the back of his hand. Once he noticed that the white fox was destroying those small spaces, he only needed to think about it slightly and he would be able to build a solid space barrier again.

The speed at which the realm Fox broke through the spatial barrier was definitely not as fast as the speed at which Xia ruofei set up the small space.

Therefore, unless Xia ruofei was willing, the White realm Fox would never be able to touch the realm stones.

Xia ruofei smiled at the white fox and said, "Little guy, don't even think about causing any destruction in my space! Otherwise, it wouldn't be as simple as being confined ..."

The White realmfox also knew that a strong Dragon could not suppress a snake in its own territory. In the spirit map space, Xia ruofei could mobilize all resources. Even if someone with a higher cultivation than him was dragged into the space, it would be difficult to threaten him. Moreover, the White realmfox's cultivation was not high. It only had a deeper understanding of the rules of space. It could not defeat Xia ruofei in the outside world, let alone in the space.

How could he not bow his head when he was under the roof?

Therefore, the white fox could only look at the gray box in a daze. It decided to hide far away and continue to comprehend the rules of space.

At this moment, Xia ruofei added, "as for the matter of cooperating to find the world stone, you can weigh the pros and cons yourself." Every word I say is a nail in the coffin! As long as I find the world stone with your help, I will definitely give it to you. You don't need to doubt this! In addition, if you're really famished, I can lend you one or two world stones to satisfy your hunger. It's not impossible ..."

Hearing this, the White realmfox's spirit was lifted, and it squeaked a few times.

"Let me finish first, I have a condition!" Xia ruofei smiled and said, "first of all, I still need your help to find the location of the world stone. I have a sensing array here as well, but it's not as wide as your sensing range! So ... If I follow your instructions, my induction array will also discover the existence of the realm stone. That will prove that you did not deceive me and that you did not slack off. By then, I don't mind giving you two realm stones in advance! How was it? Isn't this a good suggestion?"

Chapter 2046 Personally cooking (1)

The White realmfox tilted its head and thought for a while. It was very dissatisfied with Xia ruofei's behavior of not letting the Eagle go until he saw the rabbit. However, there was no other way. The initiative was in Xia ruofei's hands!

If it was like a few days ago, it would be able to comprehend new spatial laws every day and live a comfortable life. In any case, it was different from ordinary spirit beasts. It could eat ten or eight or even more world stones at a time, and it would not starve to death even if it did not eat for a long time. It was just that it was difficult for it to improve its cultivation.

However, the situation was different now. Xia ruofei was extremely lucky to have obtained so many realm stones. The realm Fox could only watch helplessly as the realm stones were swallowed by the spirit map.

Now, Xia ruofei had deliberately placed the remaining three world stones right in front of it, but it could only see them but not eat them.

The temptation of the realm stone to the White realm Fox was extremely great. If one were to compare it, it was equivalent to the temptation of an unparalleled delicacy to a glutton. The temptation would be more or less the same if it was magnified dozens of times.

Once the appetite of the realm Fox was stimulated, it would be difficult to suppress it.

In the end, the little guy had no choice but to accept Xia ruofei's suggestion. It waved its paws in dissatisfaction.

Xia ruofei laughed and said, "I'll be a little busy for the next few days. Be good and stay in the space. If you can sense the world stone, let me know. It's okay if you can't. When I have time, we can travel around the world. It'll all be up to you then!"

After talking to the white fox, Xia ruofei wanted to go into the medium to feel the changes after the upgrade. However, he heard Wu Qiang's footsteps coming from the backyard. He looked up at the clock on the wall and knew that lunch was ready.

Therefore, he put away the spirit map scroll and waved his hand to remove the protective array. He then pushed open the door and walked out of the bedroom.

"Boss, it's time to eat!" Wu Qiang quickly said as he turned the moon gate and saw Xia ruofei.

Xia ruofei nodded and said, "let's go!" I haven't tasted your sister-in-law's cooking for a few days!"

Xia ruofei and Wu Qiang went to the backyard. Wu Xiujuan and Xia Xiaolan quickly came up to greet them.

Xia ruofei greeted them warmly and then looked at Xia Xiaolan. He asked with a smile, "Wu Qiang, when are you and Xiao LAN getting married?"

Xia Xiaolan's face immediately turned red. Wu Qiang chuckled and said, "Boss, it won't be that fast!"

"You're not young anymore, it's about time you get married!" Xia ruofei smiled and said, "do you think that sister Xiaolan is not good enough? You still want to wait and see?"

"No, no, no!" Wu Qiang quickly replied. Xiao LAN is so beautiful, and it's my good fortune to be able to marry her. Why would I look down on her?"

Hearing this, Xia ruofei couldn't help but burst into laughter. Xia Xiaolan's face was red with embarrassment as she glared at Wu Qiang.

Wu Xiujuan also laughed and said, "Boss Xia, qiangzi listens to you the most. You should persuade him. This child is not enlightened!"

An elder sister – in – Law was like a mother. Wu Xiujuan naturally hoped that her brother – in – Law would get married soon. After all, he was not young anymore.

Not to mention, Xia Xiaolan was one of the best girls in their hometown. Now that they were working under the same roof, it was a good opportunity to be in a favorable position. However, Wu Qiang was a little slow in this aspect. The two of them did not progress very quickly, and Wu Xiujuan was also a little anxious.

“Sister – in – Law ...” Xia Xiaolan shyly called out.

Xia ruofei laughed and said, “Wu Qiang, Xiao LAN, sister – in – Law is right. You two are of the same age. It’s time for you to start a family.” Of course, it’s still up to you to decide on your own relationship. We’re just giving you a suggestion. ”

“I know, boss!” Wu Qiang puffed out his chest and said. I’ll work hard and propose to Xiao LAN when I have enough money!”

“Brother qiangzi ...” Xia Xiaolan hurriedly said, “I’m not after your money ...”

Xia ruofei laughed and said, “Wu Qiang, did you hear that?” Xiao LAN didn’t make any requests of you. You still don’t understand?”

Wu Qiang couldn’t help but laugh.

Xia ruofei continued, “you guys can discuss this among yourselves!” Wu Qiang is my brother, and sister Xiaolan is from the same family as me. If you two get married, I’ll take care of the car!”

After Wu Xiujuan heard this, she couldn’t help but smile.

After coming to Beijing to work, Wu Xiujuan felt that her brother – in – Law had really met a noble person. Not only was the salary high, but the job was also very easy. He could also live in such a good courtyard. Even the rich people in Beijing could not live such a life!

Now, Xia ruofei even wanted to give a car to Wu Qiang as a wedding gift. Such a boss was hard to find!

“Boss!” Wu Qiang quickly said. This gift is too generous, we don’t dare to accept it ... Besides, we’re not even married yet!”

“What’s there that you guys don’t dare to accept?” Xia ruofei said angrily, “this matter is settled! Let’s eat, let’s eat!”

With that, Xia ruofei walked into the dining room.

Wu Qiang and Xia Xiaolan looked at each other. They were both embarrassed and quickly avoided eye contact.

Xia ruofei walked to the dining table and sat down. Then, he looked up at them and said, “What are you guys doing? Come in and eat!”

“Boss, we can just eat in the kitchen ...” Wu Xiujuan said quickly.

“Wu Qiang, Didn’t I tell you? There aren’t so many rules in my house!” Xia ruofei frowned and said, “everyone is equal. It’s more lively to eat together! Isn’t it a waste for me to eat such a large table of food alone? All of you, come over here!”

Chapter 2047 Personally cooking (2)

After Xia ruofei greeted them, Wu Qiang finally persuaded Wu Xiujuan and Xia Xiaolan to go into the dining room together. They sat down cautiously.

Xia ruofei laughed and said, “that’s right!” In the future, unless there are too many guests and we can’t sit down, this is how we usually eat. You’re working for me, not the servants of the old society, so why are you all being divided into different classes?”

“I know, boss!” Wu Xiujuan said.

Her heart felt warm. It felt great to be respected.

She used to be a nanny in the county, eating and living at her employer’s house. The feeling of living under someone else’s roof was very obvious. Every time she ordered a few dishes in her own kitchen, her employer never asked her to serve them.

Xia ruofei saw that Wu Xiujuan and Xia Xiaolan were a little restrained, so he laughed and chatted with them while eating. Slowly, they relaxed. They sat around and ate, and it was quite a happy and harmonious feeling.

As Xia ruofei had instructed them to make the food light, there were no greasy dishes for lunch. Wu Xiujuan’s cooking was very good, and Xia ruofei ate with relish. He could not help but give Wu Xiujuan a thumbs – up.

Wu Xiujuan was happy that her cooking skills had been recognized. She quickly advised Xia ruofei to eat more.

Xia ruofei had just finished his lunch and was about to go for a walk in the front yard when he received a call from Zhao Yongjun.

“Big brother Zhao! Have you eaten?” Xia ruofei chuckled as he answered the call.

“I really didn’t eat it!” Zhao Yongjun said, “you want to treat me to a meal?”

Xia ruofei laughed and said, “you’re thinking too much!” I just wanted to tell you that I’ve already finished my meal. If you want to come over for a free meal, it’s too late now ...”

“Damn ... You’re too stingy!” Zhao Yongjun laughed and scolded, “to think that I’ve been busy all this time for you!”

“Oh, really? Have you settled the visa issue?” Xia ruofei quickly asked.

“You have a passport ready, right?” Zhao Yongjun asked.

“Yes, yes!” Xia ruofei said.

It was his first time in Hong Kong, so he had applied for a passport along with the pass.

"That's good. You can go to the Embassy to get a visa in the afternoon. Go and find that person." Zhao Yongjun said, "is the phone still there?"

"I've saved it!" Xia ruofei smiled and said, "brother Zhao is awesome!"

"Don't praise me so hypocritically! You didn't even treat us to a meal, and you're so full of yourself!" Zhao Yongjun said with a smile.

"Please! You must!" Xia ruofei said, "let's do it tonight! Don't wait until tomorrow, call the few brothers over to my courtyard house, let's get drunk!"

"I think you want to buy this meal as soon as possible so that you can go to Italy directly!" Zhao Yongjun said.

Xia ruofei wasn't embarrassed that Zhao Yongjun had seen through his thoughts. He just laughed.

"I don't know what's so attractive about Italy that you can't even wait for a day ..." Zhao Yongjun said. "Okay, okay, you go and get your visa in the afternoon. I'll take care of them. We'll go by ourselves in the evening!"

"Alright!" Xia ruofei said happily.

After hanging up the phone, he turned around and walked back to the backyard.

Wu Xiujian and Xia Xiaolan were cleaning up the mess, while Wu Qiang was washing his car in the yard. When they saw Xia ruofei, they quickly stopped what they were doing and greeted him.

Xia ruofei said, "Wuqiang, sister – in – Law, the meal tomorrow night has been changed to tonight. Go and prepare the ingredients in the afternoon. Can you make it in time?"

"No problem!" Wu Xiujian said, "half a day should be enough!"

"Alright! Wu Qiang, you drive her there. " Xia ruofei said, "just do as I say and pick the good ones! By the way, go to Walmart and see if there's any of our paradise brand's Yangtze River beluga. If there is, buy a few back!"

"Alright!" Wu Qiang replied in a straightforward manner.

Xia ruofei had previously left a card for Wu Qiang. Whether it was for gas, grocery shopping, or other expenses, he had used this card.

This was similar to the company's public service card. Wu Qiang only needed to arrange the invoices and card swipe forms regularly and mail them back to the company's finance department to cancel out the accounts.

After that, Xia ruofei walked to the middle courtyard and called Captain Liu An.

He first asked Liu An about the crew's situation and learned that they were all ready. He asked Liu An and the crew to fly to Beijing today and get ready to fly directly to Turin, Italy the next day.

After everything was arranged, Xia ruofei saw that it was almost time, so he went to the alley and took a taxi to the Italy Embassy.

He already had the experience of applying for a visa using Xia Tian's identity, so he was very familiar with the process.

Zhao Yongjun's acquaintance was also very helpful. He brought Xia ruofei through the procedures quickly and successfully applied for the visa.

Of course, he didn't know that this young man in front of him was the "Xia Tian" that Zhao Yongjun had introduced a few days ago.

After getting the visa, Xia ruofei took a cab and returned to siheyuan.

The round trip took more than two hours, and most of the time was spent on the road.

After he returned home, he did not go straight to the backyard, but went to the basement.

There was a wine cellar here. Although the area had been reduced by half after the renovation, it was still quite large.

Xia ruofei was the only one who had access to the wine cellar's door. Hence, even Wu Qiang did not know that there were only a few bottles of wine inside. All of Xia ruofei's wine was stored in the spirit map space.

There were many surveillance cameras in the courtyard house. Xia ruofei's act of taking wine from the wine cellar was naturally a cover – up.

Although the possibility of Wu Qiang analyzing the surveillance video was extremely low, Xia ruofei had already formed a habit of being cautious, especially when it came to the core secret of the spirit map space. He never dared to relax.

After staying in the wine cellar for a while, Xia ruofei took out ten bottles of the best Drunken Eight Immortals white wine from the medium. Then, after some thought, he took out two bottles of Semillon white wine.

Xia ruofei packed the wine in a paper box and left the wine cellar with it.

After locking the wine cellar's door, Xia ruofei carried the box to the backyard.

Wu Qiang and Xia Xiaolan were busy preparing the ingredients under Wu Xiujuan's command. When Wu Qiang saw Xia ruofei, he quickly put down the knife in his hand and took the paper box.

"Just leave the wine in the restaurant!" Xia ruofei said.

"Yes!" Wu Qiang replied.

Xia ruofei strolled to the kitchen and laughed. "Sister – in – Law, you've worked hard!"

Wu Xiujuan wiped the sweat off her forehead with her sleeve and said with a smile, "What's the trouble? Compared to the farm work we do in the village, this is nothing!"

Xia Xiaolan also nodded in agreement.

"Sister – in – Law, let me take care of those Chinese perch. I promised my friend that I'd cook for you," said Xia ruofei.

Xia ruofei had already caught a glimpse of the three Chinese perch in the tank.

“Alright!” Wu Xiujuan replied, “this kind of fish is more common in the South. I really don’t know what to cook to make it delicious!” It’ll be a waste if such an expensive fish is ruined ...”

This afternoon, Wu Xiujuan and Wu Qiang were shocked by the price of the Yangtze River pomfrets. These three small fish actually cost thousands of Yuan. In total, they were only a catty, and they were frozen ...

Xia ruofei laughed and said, “then let me do it!” Although my cooking skills are average, I do have some experience in making pomfrets ...”

The first time Xia ruofei had tasted the Chinese perch, it had been personally cooked by Ling Ji restaurant’s chef, Su Yu. After tasting it, Xia ruofei was full of praise for the delicious taste, so he had specially asked Su Yu how to cook the Chinese perch.

Although he couldn’t make it to Su Yu’s level, the ingredients were so good. If he made it according to Su Yu’s method, the taste would definitely be quite good.

Now, the production of pomfrets had also increased a little. They could produce about 3500 catties a month. The selling price was basically maintained at more than 4000 Yuan per catty, and the supply was often in short supply.

Wu Qiang and Wu Xiujuan were very lucky to be able to buy pomfrets today.

As Xia ruofei spoke, he found an apron and put it on. He rolled up his sleeves and said, “It’s time to show my strength!”

“Boss, can you teach me?” Wu Xiujuan said with a smile. “I can make it for you if you want to eat this kind of Chinese perch in the future!”

“No problem!” Xia ruofei said, “sister – in – Law, remember this. The first thing to do when cooking pomfrets is not to scrape off the fish scales. They are more delicious than the fish ...”

Chapter 2048 Drinking and chatting merrily (1)

In fact, the cooking process of Pomfret was not complicated. It could be steamed and steamed. In fact, top – grade ingredients did not have so many complicated procedures in cooking. The simple cooking process could highlight the taste of the ingredient itself.

Xia ruofei asked Wu Xiujuan to remove the gills and internal organs of the Chinese perch. After that, Xia ruofei put the Chinese perch in boiling water to remove the fishy smell.

Then, Xia ruofei spread ham slices, mushroom slices, bamboo shoots and other auxiliary materials on the fish body. Then, he added the cooked lard, white sugar, refined salt, shrimp, cooking wine, chicken essence soup and other seasonings.

After that, Xia ruofei smiled and said, “It’s done. Later, we’ll directly steam it in the steamer for 20 minutes and then it can be served directly on the table. Sister – in – Law, just pay attention to the timing. Serve the steamer after the guests arrive. ”

"It's that simple?" Wu Xiujuan asked in surprise.

"Of course! Pomfrets are a top – tier delicacy, and they don't require so many complicated cooking techniques!" Xia ruofei smiled and said, "then I'll leave this place to you?"

"Good, good, good!" Wu Xiujuan quickly said, "boss, you can go!"

Xia ruofei nodded and walked out of the kitchen. As he was walking out, he heard Wu Xiujuan muttering the keywords "steam it over a fire" and "20 minutes". He couldn't help but smile at Wu Xiujuan before leaving the kitchen.

Zhao Yongjun and the others arrived very early. Xia ruofei had just come out of the kitchen and sat down on the wicker chair under the eaves in the backyard to rest for a while when he heard song Rui's noisy voice outside the door.

"RUO Fei, open the door, open the door!"

Xia ruofei smiled as he stood up. He pressed a button on a control panel not far behind him and the door to the backyard opened.

There were many control panels like this in the courtyard. Each panel had an LCD screen so that no matter where the owner was, he could easily see who the visitors were and control the opening and closing of the courtyard door.

The three cars entered in a single file. Wu Qiang quickly went over to direct the cars to Park in the parking space on the side of the courtyard.

Zhao Yongjun, song Rui, Hou Liang, and the others all got out of the car. Xia ruofei's group of brothers in the capital all came.

Xia ruofei was surprised to see Zhuo Yiyi in the same car as song Rui.

Could it be that the two of them had finally made substantial progress? Xia ruofei could not help but look at song Rui and Zhuo Yiyi.

This was also a pair of jokers. Zhuo Yiyi was a little insensitive when it came to relationships between men and women. Song Rui was so obvious to her, and everyone around her knew it, but she just treated song Rui as her male best friend. Song Rui was once the number one profligate young master in the capital. However, after meeting Zhuo Yiyi, he had turned into an innocent young man. His ability to pursue girls had deteriorated to the negatives. The relationship between the two had always been at a very awkward distance. Even Xia ruofei, Zhao Yongjun, and the others, who were outsiders, could not help but feel anxious for them.

"Boss Xia, I'm here to freeloader a meal. Any objections?" Zhuo Yiyi asked casually.

Xia ruofei smiled and said, "why would I have any objections?" I'm more than happy that beauty Zhuo is willing to do me a favor! As long as you're willing, you can come here every day ..."

When Xia ruofei said this, he could feel song Rui's murderous gaze. He immediately changed his words. "I don't even mind you freeloading with song Rui every day!"

"You can talk!" Zhuo Yiyi said happily.

Xia ruofei greeted Zhao Yongjun, Hou Liang, Wei Jun, and the others one by one and led them into the dining room in the backyard.

In the kitchen, Wu Xiujuan saw that the guests had arrived and immediately placed the Chinese perch that Xia ruofei had prepared into the steamer and started to steam it.

As for the other dishes, some of them were already being simmered and could be served at any time. Some of the ingredients had already been prepared and were about to be stir – fried.

Xia Xiaolan also went over to help, and the kitchen was in full swing.

Wu Qiang followed everyone to the restaurant and helped Xia ruofei entertain the guests.

After everyone had taken their seats, Wu Qiang went to open the wine.

Xia ruofei smiled. "I've prepared a bottle of half – Lon. It's for the ladies. The men will drink white. Is that okay?"

"I'll listen to you!" Song Rui said, "we don't plan to leave today anyway. We can drink to our hearts' content!"

"No problem! We'll get drunk tonight!" Xu Zi Xuan also said with a smile.

"Straightforward!" Xia ruofei gave him a thumbs up and said to Wu Qiang, "Wu Qiang, all the men will use white wine. Give each of them a small Zha Hu and everyone will take their own wine. It's fair and just!"

"Alright!"

Xia ruofei then looked at Zhuo Yiyi and asked, "Yiyi, you're fine with drinking white wine, right? If you can't drink, I've prepared some fruit juice."

"Drink some! You guys are all drinking, it's such a killjoy for me to drink juice alone!" Zhuo Yiyi said.

"You're bold!" Xia ruofei complimented.

Very quickly, everyone poured the wine and a few cold dishes were already placed on the table. Wu Qiang then ran to the kitchen, and soon, one or two hot dishes were served.

Xia ruofei raised his glass and said, "come, come, come!" It's rare for us brothers to be together again, and beauty Zhuo is here to support us. Let's drink together!"

"Cheers!"

"Cheers!"

A burst of laughter came from the dining room in the backyard.

After eating for a while, Wu Qiang served a large plate with the steamed kun fish on it.

Xia ruofei immediately put down his chopsticks and said with a smile, "Come, come, come. Everyone, try this dish. I made it myself!"

Chapter 2049 Drinking and chatting merrily (2)

"Holy sh * t, kun fish!" Song Rui still knew what was good.

He was the first to reach out with his chopsticks and pick up a piece of meat near the fish's belly. There were also large pieces of fish skin and scales, and he attentively placed it in Zhuo Yiyi's bowl.

"Yiyi, try it!" Song Rui said. This is a wild Chinese perch, and it's very hard to eat now ... Right, don't lose the scales! This is the most delicious part of the Chinese perch. It's both nourishing and beautiful. "

After being steamed, the fish scales of the Chinese perch had all softened and turned into jelly. The taste of bamboo shoots, mushrooms, and other auxiliary materials had also seeped into the fish scales, making it quite delicious.

"Can the fish scales be eaten?" Zhuo Yiyi looked at song Rui in disbelief. "You're not teasing me on purpose, are you?"

Song Rui didn't know whether to laugh or cry. "If this can't be eaten, can you keep it, ruofei? You'll know when you try it! A fish like this would cost a few thousand Yuan! You can't usually eat it ..."

"So expensive?" Zhuo Yiyi couldn't help but draw in a breath of cold air when she heard this.

Her monthly salary was only five to six thousand Yuan. Even if she didn't eat or drink, it would only be enough to buy a fish like this?

When Zhuo Yiyi thought of this, she couldn't help but think that 'comparisons are odious'.

Xia ruofei laughed. "Yiyi, the scales of Chinese perch are edible. Su Shi, a great writer in the song Dynasty, once called Chinese perch 'cherishing scale fish'!"

Zhuo Yiyi nodded and said, "yes!" I still believe in boss Xia's words ..."

Song Rui almost hit the table with his head. "Why didn't you believe me when I said it? Xia ruofei just said it casually and added Su Shi in it. Why did you believe it so easily?" Do you really think I have no credibility?

Xia ruofei held back his laughter and said, "everyone, don't be so polite!" Hurry up and try it!"

After taking a bite, Zhuo Yiyi immediately said, ""It's too delicious!"

When song Rui saw this, he quickly grabbed another piece of beluga and placed it in Zhuo Yiyi's bowl before Hou Liang. He said, ""If you like it, eat more ..."

Zhuo Yiyi was a little embarrassed as she said, ""Don't give me any more food. We didn't eat much!"

Pomfrets were generally not big, and the three of them added up to less than one or two catties. With so many people eating them together, if anyone ate more, there would definitely be people who couldn't eat it.

"It's okay, you can have my share!" Song Rui said casually.

"You're my brother!" Zhuo Yiyi said.

Xia ruofei almost laughed out loud. Song Rui had tried so hard for so long, but he still couldn't get rid of his brother's identity!

After Zhao Yong Jun, Xu Zi Xuan and the rest tried it, they were naturally full of praise.

"Ruofei, after our paradise gathering opens, Ling Ji 's' Buddha Jumps Over the Wall 'and this steamed kun fish must be our signature dishes!" Zhao Yongjun said.

These two delicacies were extremely attractive even to Zhao Yongjun and the others, who had high standards.

Song Rui chimed in."And the Drunken Eight Immortals we're drinking today can't be bought in the market. It's best to get some of it too. We'll divide the members into several levels. Only the highest level members can enjoy this kind of Drunken Eight Immortals wine!"

Xia ruofei laughed and said,"Hey! I didn't expect Xiao Rui to have improved so much! You're quite a business – minded person ..."

Song Rui said proudly,"I'm gifted, okay?" It's just that I didn't learn it seriously in the past!"

Xia ruofei laughed and said,"don't worry!" Although the production of Drunken Eight Immortals was extremely low, it wasn't a problem to supply a portion of it to the peach blossom Association! As for the 'Buddha Jumps Over the Wall', even though the ingredients used were precious, they could be bought in the market. More than 10% of our peach blossom company's monthly production of this Chang Jiang Chinese perch is supplied to the Ling Ji F & B group. When the time comes, the peach blossom Association's restaurants will definitely have this signature dish!"

"That's great!" Zhao Yongjun said happily,"with just these two dishes and the Eight Immortals drunk that Xiao Rui mentioned, I'm afraid we'll be able to attract many more members!"

"And the other projects we've designed are definitely top – notch in the entire Beijing – Tianjin region!" Xu Zi Xuan smiled and said,"our club is still under construction. Recently, many friends have been asking me when we will open the membership application ..."

"Hahaha!" Xia ruofei raised his glass and said,"then everyone should have a drink for the success of the Paradise gathering!"

"Cheers!"

"Cheers!"

Xia ruofei drank a glass of white wine and wiped his mouth with a small towel.""Speaking of which, I haven't paid attention to our paradise gathering for a long time. How's the construction going?"

Song Rui said unhappily,"you know that too!" Leave us brothers in the capital and we'll work ourselves to death, while you go around the world to have fun! I heard from brother Zhao that you're going to Italy?"

"Official business! Official business!" Xia ruofei said with a smile.

"Xiao Rui, although RUO Fei didn't manage the specific matters, the peach blossom Association's project being able to get started smoothly is definitely due to his efforts." Zhao Yongjun said, "we're familiar with Beijing. It's only right to do more!"

"I understand," Song Rui said. "But I'm so angry when I see this kid being free and unfettered all day ..."

Xia ruofei laughed bitterly, "Xiao Rui, you're only eating meat when you see a thief, but you're not getting beaten when you see a thief!" I'm not free and easy! Wasn't he still extremely busy every day? Hundreds of people in the company are depending on me to make a living!"

"Brother Xia is definitely showing off!" Hou Liang said with a smile.

Zhao Yongjun couldn't help but laugh, "Ruofei, the club's construction is going very well, much faster than we expected. We expect it to be completed before the end of the year and start operations before the Spring Festival. There will definitely be no problem!"

"It's much faster than I thought!" Xia ruofei smiled and said, "thank you for your hard work!"

Zhao Yongjun laughed and said, "the construction company is quite good, and it can't be done without Yiyi's strong support!" She also participated in the entire design process, and many of the eye-catching designs were Yiyi's ideas!"

Xia ruofei had also looked at the design plan, and the final draft was indeed stunning. He immediately smiled and said, "Then what are we waiting for? Let's give a toast to consultant Zhuo!"

Xu Zi Xuan and the others immediately responded, and everyone filled their glasses.

Zhuo Yiyi was a little embarrassed as she said, "I don't actually have a job, but you guys are paying me such a high salary ..."

Song Rui had asked Zhuo Yiyi to be his consultant because he wanted to give her some extra income to help with the family. Otherwise, with a salary of 5000 to 6000 Yuan in an institution, it would be hard for her to make ends meet in the capital.

This club was built by a group of good friends, so the brothers naturally didn't mind giving them an extra salary.

However, no one had expected Zhuo Yiyi to be so serious and responsible. She was very involved in the project and even provided many constructive suggestions, which was of great help to the design and construction of the club.

"Labor is the most glorious thing. You've worked hard, and we'll pay you. Isn't that normal?" Xia ruofei said, "right, Xiao Rui?"

"Yes, yes, yes!" Song Rui quickly replied. Come, come, come, let's all give a toast to Yiyi!"

Only then did Zhuo Yiyi clink her glass with everyone's. Then, she very forthrightly downed a glass of half-Ilon white wine.

After putting down the glass, Zhao Yongjun smiled and said, "By the way, ruofei, the mushroom house that Xiangnan TV is working on is almost complete. Director Gao seems to want to start filming before

the end of the year. The new season of a life you yearn for will be broadcast around the Spring Festival at the latest. You have to be prepared to be on the show!"

Xia ruofei smiled bitterly, "you're all waiting to see a joke!" President Feng is really too much, he's simply pushing a duck onto a rack ..."

"I think that's a good idea!" Xu Zixuan said, "not only did you promote our Paradise Club and your company, but you also increased your exposure. You're now the living signboard of your company! Just your fans alone can increase the sales of your company by a lot!"

Xia ruofei rolled his eyes and said, "please, our company's products have always been in short supply." The only thing restricting our sales is our production capacity!"

"I'll ... Find someone to show off ... We're caught off guard!" Song Rui said, "brothers, Xia ruofei is so arrogant. Do you agree?"

"I don't agree!" Xu Zi Xuan and the others jeered.

"Then what should we do?" Song Rui only wished for the world to be chaotic.

"Pour it on him!" Xu Zixuan and the others said in unison, even Zhao Yongjun laughed and joined in.

"I'll come! I'm not afraid of you!" Xia ruofei said as he slammed the table.

Another round of competition at the wine table began ...

Chapter 2050 Brother, I can only help you this much (1)

The facts had proven that it was not wise to compete with a cultivator in drinking.

Xia ruofei did not even use his true energy to force the alcohol out of his body. His terrifying alcohol tolerance after the change in his physique was enough to knock them all out without any suspense.

Zhao Yongjun mumbled, "good wine!" Satisfying ..."

With a loud thud, he collapsed on the table. Only Zhuo Yiyi and Xia ruofei were left in the dining room, fully awake.

Xia ruofei was slightly tipsy as he said to Zhuo Yiyi, "Yiyi, if you want to go back, I'll get Wu Qiang to drive you back later. There's no problem with staying here for a night. There are many rooms in the house, so I'll let Wu Qiang's girlfriend stay next to you. "

He was also worried that a girl like Zhuo Yiyi would be afraid of living in a foreign place.

Zhuo Yiyi thought for a moment and said, "I think I'll go back!" You reek of alcohol, you still have work tomorrow!"

Xia ruofei smiled and said, "deal!" But you'll have to wait for a while. First, we have to settle these guys down!"

Zhuo Yiyi said, "it's fine. It's already so late. Don't let Wu Qiang run back and forth. I'll just call a cab!"

"That won't do!" Xia ruofei said. It's not safe for a girl to book a car online at this hour! If something really happens, Xiao Rui will kill me. "

An unnatural expression appeared on Zhuo Yiyi's face, and she said, ""What does it have to do with that guy?"

Xia ruofei chuckled, "you're just playing dumb!" We outsiders can see clearly what Xiao Rui's intentions are. No matter how slow you are, it's impossible that you can't feel it at all, right?"

Then, Xia ruofei patted song Rui, who was like a pile of mud, and asked loudly, ""Right? Xiao Rui!"

Song Rui twisted a few times and said in a daze, ""Who is it? Who wants to drink with me? Come! Cheers ..."

Zhuo Yiyi smiled bitterly as she looked at song Rui. She sighed softly and said, ""Ruofei, I didn't mean to keep song Rui in suspense ..." He said.

"So you don't have any feelings for him?" Xia ruofei asked.

"No!" Zhuo Yiyi said without hesitation. Then, she immediately came back to her senses. Her pretty face heated up slightly as she lowered her head and said, "song Rui is very concerned about me. I'm not made of mud, so how can I not feel anything at all?"

Xia ruofei had wanted to call Wu Qiang in to help Zhao Yongjun and the others get to sleep in the guest rooms, but after hearing what he said, he was no longer in a hurry.

He reached out to grab the bottle and poured Zhuo Yiyi a glass of Semillon.

Zhuo Yiyi was the only one drinking this bottle tonight, and since she was a lady, Zhao Yongjun and the others wouldn't intentionally challenge her to a drinking contest, so there was still half a bottle left.

Xia ruofei also poured himself a cup of Drunken Eight Immortals. Then, he raised his cup and gestured to Zhuo Yiyi, saying, ""Let's have a drink first! If you don't mind, you can tell me what you're thinking. "

This matter was related to his good brother's lifelong happiness, so Xia ruofei was naturally very concerned. It just so happened that Zhuo Yiyi had drunk a little today. If he could take the opportunity to ask her about her true thoughts, it would be a good thing for song Rui.

Zhuo Yiyi was rather bold when it came to drinking. She raised her glass at Xia ruofei and downed it in one gulp.

Then, Zhuo Yiyi sighed softly and said, ""Ruofei, I'm more cautious when it comes to relationships ... I know a little about song Rui's family situation. I think ... The possibility of us ending up together is not high, so it's better not to start something that's destined to end without a result ..."

Xia ruofei sipped on his wine and did not interrupt Zhuo Yiyi.

Since she had opened her mouth, Zhuo Yiyi would naturally say what she had been keeping in her heart. She did not need Xia ruofei to guide her.

"That's why I deliberately kept a certain distance from him," Zhuo Yiyi continued. "I even treated him like a good brother. I wanted him to back off in the face of difficulties ..."

Hearing this, Xia ruofei couldn't help but laugh. "That's because you don't know Xiao Rui well enough. Although he may seem a little boisterous and unreliable at times, once he gets serious, he will never give up easily."

Zhuo Yiyi nodded. "I've been holding myself back from contacting him because I don't want to give him any hope. I don't want to keep him in suspense like this either. But he ... He never seems to be discouraged, and he never gets impatient ..."

"Yiyi, let me share my opinion!" Xia ruofei laughed.

Zhuo Yiyi immediately nodded and said, "sure!" I don't have anyone to talk to, not even Weiwei. After all, she's a relative of song Rui ..."

"Actually, an outsider can't help you with matters of the heart." Xia ruofei said, "however, my personal opinion is that you are both still young. There is no need to suppress your current feelings for the future. Wasn't it more important to experience a true love that both sides had given their all to? Wasn't there a saying that was very popular now? It's called grasping the present. We're all young people in our twenties, so there's no need to act like an old man. What do you think?"

After Xia ruofei finished speaking, he looked at Zhuo Yiyi with a smile.

Zhuo Yiyi's eyes revealed a hint of confusion as she said, "I know you're right, but I've been educated to be more traditional since I was young. Isn't dating for marriage? If it's not for marriage, then what's the point of dating?"
