

God tier Farm 2051

Chapter 2051 Brother, I can only help you this much (2)

"Dating without marriage in mind is considered being a hooligan?" Xia ruofei smiled and said, "in terms of traditional values, this is not wrong. And I believe that most people with normal values don't think about breaking up in the future when they're in love, right? It was just that after a period of time together, she realized that the two of them had different personalities, living habits, and even values. That was why she chose to separate in the end! This kind of love can't be called being a hooligan, right?"

Zhuo Yiyi nodded. "I'm not that extreme either. But ... Song Rui's situation is a little different."

Xia ruofei nodded and said, "I understand." I'm probably under a lot of pressure when I'm with song Rui, and this pressure mainly comes from his family, am I right?"

Zhuo Yiyi nodded silently. Actually, she had heard most of song Rui's family situation from Song Wei. She had also heard about the marriage arrangements of the younger generation in these big families, which was why she had hesitated for so long.

Xia ruofei thought for a while and said, "it's not unreasonable to have such concerns." "However, Xiao Rui is a determined person. He won't give up easily once he's set his mind on something. You don't have to be so pessimistic about their future. Also, how much he can decide on his own marriage, in addition to his own determination, also depends on his achievements. This is also one of the reasons why he's working so hard now. "

Zhuo Yiyi was slightly moved, and she nodded silently.

"Also, as his brother, I will support him unconditionally." Xia ruofei said, "although I can't say that I have much influence on the song family, I can still help him!"

At this point, Xia ruofei stood up and said, ""Of course, as I said before, outsiders can't help in matters of the heart. The decision is still up to you. Just take it that I've had too much to drink and said a few words. Don't take it to heart!"

Zhuo Yiyi said seriously, "I understand. I will seriously consider it!" Thank you, ruofei!"

At that moment, the drunk song Rui mumbled, ""Yiyi ... I don't want to ... Be your good brother ... I never wanted to ..."

Zhuo Yiyi's face heated up, and she said in a flustered manner, ""Ruofei, I'll be leaving first! Don't get someone to send me off!"

"How can I do that?" Xia ruofei said and then shouted, "Wu Qiang! Strong martial arts!"

Wu Qiang, who had been on standby not far away, immediately pushed the door open and said, ""You called for me, boss?"

"Drive Zhuo Yiyi home. Be careful on the road!" Xia ruofei said.

"Yes!" Wu Qiang said, "miss Zhuo, this way please!"

"Ruofei, you should help big brother Zhao and the others settle down first before sending me off," Zhuo Yiyi said hurriedly.

Xia ruofei laughed and said, "don't worry!" With me around, song Rui won't sleep in the dining room. You can go back without worry!"

Zhuo Yiyi's face reddened, and she lowered her eyes. "I don't care if he's Dead or Alive!"

After saying that, she left the dining room in a hurry.

Xia ruofei patted the unconscious song Rui and said to himself, "Xiao Rui, this is all I can do for you. You'll have to rely on yourself for the rest!"

With that, he strode out of the restaurant and sent Zhuo Yiyi to her car. After waving goodbye, he turned around and left.

Xia ruofei held one person in each hand and carried the two of them to the front yard.

Wu Xiujian had already prepared the guest room in advance. The bedsheets were all new, and the smell of sunshine permeated through the room.

Xia ruofei made a few trips back and forth and sent Zhao Yongjun and the others to their respective guest rooms.

The good thing about the Drunken Eight Immortals was that even if one got drunk, they would not get drunk the next day.

However, in order to prevent them from vomiting at night, Xia ruofei used his true energy to force out a portion of the alcohol in their bodies.

Of course, he didn't completely help them get rid of the alcohol. He still kept them in a dazed state, the kind that could sleep all the way until dawn.

After settling down Zhao Yongjun and the others, Xia ruofei returned to the master's yard to rest. Wu Xiujian and Xia Xiaolan would take care of the mess in the backyard.

Xia ruofei used his genuine Qi to dispel the alcohol in his body. He took a hot bath and went back to his room to take out spiritual crystals to cultivate for a while before going to bed to rest.

The next morning, Xia ruofei was woken up by song Rui before he even got up.

He realized that he was sleeping in the guest room. He had drunk too much last night and had no memory at all. He quickly ran to the middle courtyard to look for Xia ruofei.

"RUO Fei, where's Yiyi?" Song Rui's loud voice could be heard from outside the alley. Naturally, Xia ruofei was woken up.

He put on his clothes helplessly and came out, saying, "I went back last night! Don't worry, I asked Wu Qiang to drive her home and only came back after she entered the house!"

Song Rui heaved a sigh of relief. Then, he asked nervously, "By the way, brother, you didn't say anything last night, right?"

Xia ruofei chuckled and said, "it's alright." He only held the girl's hand and confessed about seventeen or eighteen times!"

"Ah?" Song Rui was shocked. "Why didn't you stop me! Is Yiyi scared?"

Chapter 2052 Brother, I can only help you this much (3)

Xia ruofei couldn't help but laugh. "Alright, alright! I was just scaring you! You're such a coward even when you're sober, do you think you'll suddenly become a man after drinking a little?"

"Who's a coward! Who's a coward!" Song Rui said, unconvinced.

"If you're not afraid, would Zhuo Yiyi still treat you as a brother?" Xia ruofei said, "How long have you been here? Why is there no progress at all?"

"I'm just enjoying the process of pursuing a girl ..." Song Rui said.

"You don't even believe your own words, do you?" Xia ruofei sneered.

"Hey! Don't tear down hard times, you know? Why are you bringing it up?" Song Rui was flustered and exasperated.

Xia ruofei laughed and said, "I'm just worried about you!" Xiao Rui, as your brother, I have to remind you that you should work harder. The lady is not completely uninterested in you. As a man, you should take the initiative sometimes!"

"Did Yiyi tell you something yesterday?" song Rui asked immediately.

"What did she say to me? I didn't!" Xia ruofei yawned.

"She must have told you something. Otherwise, you wouldn't have said that!" Song Rui said, "ruofei, quickly tell your buddy. What did Yiyi say?"

"I really didn't say anything! It's up to you to believe or not!" Xia ruofei said. Then, Xia ruofei shouted, "Wuqiang, see if you're done earlier?" I still have to go to the airport later!"

With that, Xia ruofei strode towards the backyard. Song Rui followed him and asked him questions, but Xia ruofei refused to give in.

It wasn't that he was deliberately keeping them in suspense, but it wasn't a good thing to have too many outsiders involved in matters of the heart, especially when song Rui and Zhuo Yiyi were so close. It was the best choice to leave it for them to expose themselves.

Hence, Xia ruofei kept his mouth shut even after breakfast. He did not tell song Rui about what Zhuo Yiyi had told him.

However, song Rui was also a smart person. Xia ruofei believed that he would also increase his offensive. As for whether it would succeed, it would depend on whether Zhuo Yiyi had listened to his words last night and what decision she would make after listening to him.

Anyway, no matter what Zhuo Yiyi's decision was, the matter between her and song Rui would soon have a clear conclusion.

Of course, Xia ruofei hoped that this would be a good outcome. However, he had already done what he could. Now, he could only wish them well.

Zhao Yongjun and the others finished their breakfast and left.

Although Song Rui wanted to ask Xia ruofei, he knew that Xia ruofei would not say anything even if he knew, so he had to leave first.

Since Xia ruofei wanted him to step up his attack, he would give it a try. Speaking of which, he had never confessed to Zhuo Yiyi before! It seemed that he had to plan well and find a good time.

Although Xia ruofei often teased him and the two of them often bickered, Xia ruofei would never lie to him when it came to important matters. He would not harm him either. Song Rui was very clear about this.

After Zhao Yongjun and the others left, Xia ruofei went back to his room to pack his luggage. Then, he asked Wu Qiang to drive him to the airport.

Liu An's flight crew had flown from San Shan to Beijing overnight. The International flight route to Turin had been applied for, and the estimated time of departure was around 10:30 in the morning.

This time, Xia ruofei was using his own identity to go abroad, so there was no need to hide. He directly asked Wu Qiang to send him to an auxiliary building next to Terminal 2 of the Capital International Airport. The flight passage for the business jet was set in this auxiliary building.

At 10:35 A. M., The Gulfstream G650 business plane was allowed to enter the runway after an Airbus plane landed.

After a slide to accelerate, the Gulfstream plane's streamlined body leaped lightly on the runway, drawing a beautiful arc and rushing into the rare blue sky in Beijing ...

Chapter 2053 Meeting Monica again (1)

This time, they didn't need to go to Germany for a transfer flight. The Gulfstream plane's cruising speed was faster than ordinary commercial planes, so after more than nine hours of flight, the plane entered the airspace of Turin and began to descend slowly.

Moreover, the comfort of taking a luxury business jet was naturally not comparable to that of an ordinary flight. Even the first – Class cabin was on a completely different level from a private business jet.

Xia ruofei even slept on the big bed in the luxurious bedroom in the back cabin for a short while during the journey. After he got up, he enjoyed the Western food and red wine that the flight attendant had carefully prepared. Then, he went to the cockpit to take a look. The plane had basically started to approach.

The two pilots, who had been flying in shifts for more than nine hours, were about to enter a relatively busy period again. Xia ruofei naturally returned to the cabin and fastened his seat belt.

About 20 minutes later, the Gulfstream G650 commercial plane landed smoothly on the runway.

In general, this kind of long – distance flight would be equipped with two crew members, at least three to four people, so that they could take turns to rest. However, it was not so easy for the pilots of the commercial plane. Only two people cooperated with each other throughout the entire flight.

Fortunately, the entire flight was less than ten hours long. Although the two captains looked tired, they were in good condition.

Moreover, their usual flight missions were many times easier than that of Civil Aviation pilots. Occasionally, they would have one or two relatively difficult flights, but they would not have any complaints.

Xia ruofei went to the cockpit to express his gratitude to the two captains and asked them to bring the crew to the hotel to rest. He would be waiting in Turin for the next few days in Italy.

Xia ruofei carried a simple suitcase and walked out of the cabin along the accommodation ladder. Then, he walked along the VIP passage and quickly passed the customs inspection. He walked out of the restricted area with light steps.

“Xia!”

Xia ruofei looked towards the source of the voice. Among the people who were waiting to receive him, the blonde Monica’s tall figure was so outstanding. She was jumping happily and waving at Xia ruofei.

Xia ruofei also smiled warmly. He dragged his small suitcase and quickened his pace.

“Monica!” Xia ruofei came to Monica and smiled. “Long time no see!”

Monica’s eyes were misty. She hugged Xia ruofei tightly without a word.

This action also caused the two burly men behind Monica to reveal a hint of surprise. However, they did not dare to come forward and disturb Yingying at this time. After all, Monica’s words held enormous weight in the entire Grao family. Her power was even greater than that of Calas.

Monica might have acted like a little girl after Xia ruofei’s appearance, but in fact, she had shown her iron – handed methods in the past few days. Some family members who found evidence of corruption were all ruthlessly expelled from the family. A few insatiable people were even sent to prison.

He had called the police in the name of his family’s company, claiming that he had taken over his position.

What awaited these guys would be jail time of different lengths.

Monica used the power of the Hong sect in China to make a large scale adjustment to the personnel of the family and supported a group of loyal subordinates. On the other hand, they dealt a heavy blow to the people of the original Calas ‘faction. In just a few days, they had completely controlled the situation.

Monica was no longer the helpless little woman from back then. She was the Queen of the Grao family in the true sense.

Monica smelled the familiar scent on Xia ruofei’s body and mumbled, “It feels so good to see you again ... I thought I would never see you again in my life ...” He said.

In Europe, goodbyes and reunions often occurred at airports and train stations. Everyone was used to hugging and kissing goodbye. The passengers who passed by the two of them all gave them kind smiles.

Xia ruofei patted Monica's back and laughed. "Why would I? It's just that I was a little busy some time ago, so I'm here now, aren't I?"

Then, Xia ruofei caressed Monica's hair and said softly, "I really didn't know that you were in such a dangerous situation at that time. I wasn't able to appear by your side when you needed me the most. In my heart ..."

"No, Xia, no matter when, it's enough to see you!" Monica said, "it's all in the past. I'm fine now. Rousey is fine too ..."

When Monica mentioned Rousey, Xia ruofei immediately asked, "By the way, where's your brother? I'd like to check his condition as soon as possible."

Although Monica did not have much hope for treatment, Xia ruofei could not wait to ask to treat Rousey the moment they met. This still made her feel warm inside.

She wriggled out of Xia ruofei's arms and said, "The car is outside! I'll take you home. Rousey can't move, so I didn't take him out."

"Then what are we waiting for? let's go!" Xia ruofei said, "the treatment is more important!"

After he finished speaking, he walked out.

Monica's two burly men had already helped Xia ruofei with his luggage. The group walked through the airport Hall and headed outside.

A Bentley was parked quietly in the parking space outside the airport. The driver, who was wearing a suit and white gloves, was already waiting beside the car. When he saw Monica coming out, he quickly opened the door.

Chapter 2054 Meeting Monica again (2)

Xia ruofei and Monica sat in the car that had originally belonged to Calas.

One of the men placed Xia ruofei's luggage into the trunk and got into another black Mercedes – Benz. The other man sat in the passenger seat of the Bentley.

The two cars started slowly, and the Mercedes – Benz led the way. They drove out of the airport one after the other and headed to the manor in the suburbs.

Along the way, Monica was in high spirits as she introduced the buildings and historical sites along the way to Xia ruofei. Although Xia ruofei had just been to Turin not long ago, he still listened with great interest.

The last time he was here, all he wanted was to solve Monica's problem. He didn't have the time to tour the city.

Moreover, even if he knew the scenery like the back of his hand, having a hot beauty snuggling up to him and explaining it to him was in itself a pleasant sight.

After they passed through the city, Monica shut her mouth and quietly leaned on Xia ruofei.

After they got into the car, Monica held Xia ruofei's arm tightly and did not let go for a moment.

After surviving the disaster, she seemed to have a new understanding of the meaning of life. She did not care if Xia ruofei had a woman in Huaxia or if they could have a happy ending in the future. The only thing in her heart was to grasp the happiness in front of her.

Xia ruofei also felt Monica's attachment to him. He gently held Monica's delicate hand. Their heads were close together, feeling the long – awaited warmth.

The cars drove into the Grao family's small Manor one after another and slowly stopped in front of the largest house in the manor.

The driver and the burly man in the front passenger seat quickly got out of the car and opened the doors on both sides.

Xia ruofei and Monica got off the car.

Monica smiled and said, "Xia, this is my home!" I've grown up in this Manor since I was a child. It's been more than 20 years, but it's still exactly the same as before. There's almost no change!"

This was the second time Xia ruofei had come to the manor. The last time was a few days ago when he brought his brothers from the Turin branch to support Monica and witnessed Monica taking charge of the family.

Of course, he still cooperated and pretended to be here for the first time, looking around with a trace of curiosity.

Monica laughed and said, "let's go!" I'll show you around!"

Then, Monica held Xia ruofei's arm and walked in.

The exterior of the house looked a little old, and one could tell at a glance that it was an old building.

In fact, there were many such ancient buildings in Europe that had been well preserved. Therefore, many Chinese people who traveled to Europe would feel that many places were not as prosperous as China's capital and Shen Cheng, which were international metropolises. However, they could feel the strong cultural atmosphere.

As Monica walked past with Xia ruofei, people kept bowing to her and greeting her.

It could be seen that Monica had established her own prestige in just a few days. Xia ruofei was very happy to see this.

He was filled with a sense of achievement. Although Monica and Rossi, as well as his brothers in the Hong sect, did not know that he was the "Xia Tian" who had led the Hong sect on a killing spree a few days ago, it did not affect the sense of achievement in his heart.

The first floor was a tall Hall with beautiful interior decoration and a strong European style.

Two big men with Asian faces were sitting on the sofa. When they saw Monica walking in with a young man, they narrowed their eyes at the same time and stood up.

They walked in front of the two men. One of them sized Xia ruofei up and asked in Chinese, ""A Chinese?"

Xia ruofei naturally recognized the two of them. One of them was called ah Yong, and the other was called Ah Hua. A few days ago, he had incited the Hong sect's Turin branch to temporarily keep the two of them in the Grasso family. Of course, his purpose was to support Monica.

Now that Xia ruofei had come to Turin with his real identity, he had to pretend that he did not know the two.

He revealed an expression of pleasant surprise and said, ""Yup! You're Chinese too?"

The big man nodded slightly and said indifferently, ""I haven't asked for your name, Sir!"

In the eyes of ah Yong, Ah Hua, and even the brothers from the Hong sect's Turin branch, Monica and Mr. Xia were very close. Of course, Mr. Xia was referring to Xia Yingluo, who had shown her strength a few days ago. When they saw Monica being so close to another young man, they naturally felt a little hostile.

It was for Monica's sake that "Mr. Xia" went on a killing spree. He even used the power of the Hong sect's branch in Turin and paid a certain price.

From their point of view, "Mr. Xia" had spared no effort, so he must be interested in Monica. After that night, "Mr. Xia" had become a very important figure in the eyes of the Hong sect members. Although this young man was from China, he was also Mr. Xia's love rival!

Xia ruofei smiled kindly and said, ""I'm Xia ruofei! He's Monica's boyfriend!"

Ah Yong's expression changed slightly when he heard that. What he was afraid of really happened! Mr. Xia shouldn't have left in such a hurry. He had already done his best to help Monica. It was not easy for things to settle down and the dark clouds in the sky to disperse. It was the best time to launch a Love Attack! She didn't expect Mr. Xia to leave so suddenly. Look, her real boyfriend had appeared! It seemed like Mr. Xia's chances were slim ...

"Xia, these two are the people that the Hong sect sent to help me. This is ah Yong, and this is Ah Hua. They're both elites of the Hong sect!" Monica said.

"Nice to meet you!" Xia ruofei had a warm smile on his face as he nodded.

Although ah Yong and Ah Hua had a faint hostility towards Xia ruofei, they also knew that this was not something they could interfere with. Furthermore, Lu zhengfeng had specifically emphasized that the two of them were here to support the Grasso family. How could they overstep their boundaries in matters of love like this?

So, the two of them looked at each other, nodded at Xia ruofei in tacit understanding, and then ignored him.

“Xia, the two brothers from the Hong sect don’t like to talk, please don’t mind them!” Monica explained softly.

“They’ve helped you so much,” Xia ruofei chuckled. “Why would I mind?”

Monica let out a sigh of relief. She nodded and said, “Let’s go! I’ll take you on a tour!”

Monica really brought Xia ruofei around the place. She had grown up here and there were many beautiful memories of her childhood. To her, this house naturally meant a lot, so she brought Xia ruofei around the place.

Finally, Monica brought Xia ruofei to a bedroom upstairs. She pushed the door open and smiled. “This is my room, come in and take a look!”

Xia ruofei nodded and followed Monica into the room.

Monica closed the door with her feet. At the same time, she hugged Xia ruofei and took the initiative to kiss him emotionally.

Xia ruofei had already held it in for many days. How could he resist such temptation?

However, there was still a trace of rationality left in his heart, and he said vaguely, “Monica, your brother is still waiting for me to treat him!”

“He’s been in a wheelchair for so many years, he doesn’t mind sitting a little longer!” Monica said vaguely, “Xia, I’m the one who needs you more now ...”

Monica’s words completely ignited the fire that Xia ruofei had been accumulating for many days. He seemed to have transformed into a beast driven by his instincts. He carried Monica by the waist and strode into the room. He threw Monica on the soft bed and pressed her down impatiently ...

Chapter 2055 “Pretty boy”(1)

Xia ruofei departed from Beijing at around 10 am. After a ten – hour flight, he arrived at around 10 pm Beijing time. However, due to the time difference, it was still around 3 pm in Turin.

When he arrived at the Grao family’s Manor, it was not even four in the afternoon.

When Xia ruofei and Monica came out of the bedroom, the sky outside was starting to turn dark. The sun usually set around nine o’ clock in the evening in Turin. It was clear how crazy the two of them had been that afternoon.

Monica’s legs were still weak when she left the house. Even though Europeans had stronger physiques, she was still unable to withstand Xia ruofei’s storm of attacks.

However, the physical fatigue could not hide the joy in her mind. This could be seen from Monica’s beautiful face that was still flushed.

Monica did not hide her relationship with Xia ruofei at all. When they left the house, she held Xia ruofei’s arm tightly as if they were conjoined twins. She did not want to be separated for even a moment.

The people from the Grasso family couldn't help but look at Xia ruofei strangely. To them, this Asian man was most likely a pretty boy who lived off a woman.

Xia ruofei naturally did not care about how others looked at him. He was still smiling and calm.

"Is dinner ready?" Monica raised her voice.

"Patriarch, dinner is ready. Please head to the dining hall!" A few days ago, Monica had appointed Rodie as the family's butler.

Rodie was the brother of Monica's cousin, Jessica. She had been working in the Grao family's business. Monica had entrusted Jessica with an important task. After Jessica took charge of the family's internal affairs, Rodie had also been transferred to the family as a Butler.

"Um ... By the way, let's invite our two Chinese friends over for a meal!" Monica ordered.

"Yes, chief!" Rotie said respectfully.

Ah Yong and Ah Hua had been treated with great courtesy during their stay in the Glaso family. Monica had invited them to dinner because she considered that they were Xia ruofei's Chinese compatriots.

When they arrived at the restaurant, Monica led Xia ruofei to the long table.

Soon, Ah Yong and Ah Hua came to the dining room together. The faint hostility on their faces had long disappeared, replaced by unconcealable fear.

The two came to the table and bowed slightly to Xia ruofei and Monica. Hua said, "Mr. Xia, miss Grao, thank you for your kind invitation. We won't disturb you two from your meal."

The two of them had come over to say hello. After Ah Hua said that, the two of them prepared to leave the restaurant.

Xia ruofei said indifferently, "let's sit down and eat!" You don't have to be so formal. "

"This ..." Hua hesitated.

"Yes!" Ah Yong quickly replied. Then ... I'll do as you say!"

Ah Hua also reacted and quickly said, "Thank you, Mr. Xia!"

After that, the two of them walked to the end of the long table and sat down, their postures very low.

Xia ruofei looked strangely at the two of them whose attitudes had changed. However, he did not say anything. He just smiled and asked Monica, "Oh right, where's your brother? Why didn't he come for dinner?"

Before Monica could say anything, Rotie, the Butler, said, "Sir, Rousey has his dinner at around 19 every day. He's already finished."

Monica's face was slightly hot. She couldn't wait to meet her lover today and didn't even care about her brother's meal.

"If that's the case, let's eat!" Xia ruofei said with a smile.

Monica nodded and gestured to Rotie. Rotie immediately made a gesture, and the servants immediately served the dishes that had been prepared.

The dinner was obviously prepared carefully. It was not the Western food they often ate, but traditional Chinese food. However, they also used a separate eating system, and all the food was a small portion for each person.

Xia ruofei took a look and saw that there were home – cooked dishes like Yuxiang shredded pork and mapo tofu. It was obvious that Monica had specially invited a Chinese food chef over after knowing that he was coming to Turin.

“You’re so considerate!” Xia ruofei smiled at Monica, then picked up the chopsticks that were specially prepared for them. He said to ah Yong and Ah Hua, “don’t stand on ceremony. Let’s eat!”

The two of them stood up at the same time and bowed, “Thank you, Mr. Xia!”

They did not dare to look at Xia ruofei. Instead, they lowered their heads and focused on eating the delicious food in front of them. The atmosphere was a little strange.

.....

A few hours ago.

When ah Yong and Ah Hua saw Monica bring Xia ruofei into her boudoir, their expressions became even more serious.

They walked to the side and discussed in a low voice. They decided to call lui hai to report it.

Having returned to Milan, lui hai became serious after receiving Hua’s call. He asked about the details of Xia ruofei’s appearance and said, “Don’t act rashly. I can’t contact Mr. Xia right now, but I’ll report this to uncle Yi immediately. I’ll have to ask him for instructions on how to deal with this.”

After hanging up the phone, lui hai immediately called Li Yifu who was far away in the US.

Although “Xia Tian” didn’t express any special feelings for Monica, lui hai and the others had long regarded Monica as “Xia Tian’s” woman.

Chapter 2056 “Pretty boy”_2

Xia Tian’s performance in Turin had won over many brothers of the Hong sect, including lui hai. His strength that was beyond the limit of human beings made him a God in everyone’s eyes.

How could a woman of God be blasphemed?

Therefore, as soon as the call was connected, lui hai couldn’t wait to say, “Uncle Yi, there’s an urgent situation here that I need to report to you!”

“What’s wrong?” Li Yifu asked seriously. Is there any movement from the glory society?”

Ever since the Hong sect’s branch in Turin destroyed the German family’s base, the Hong sect had not dared to relax at all. They had been preparing for an all – out conflict with the glory society.

Therefore, when Li Yifu heard lui Hai’s anxious voice, he thought of the glory society.

“No, no! Uncle, it has nothing to do with the glory society. Those guys didn’t make any obvious moves, so they must have admitted defeat ...”Lui hai said quickly,” but ... This may be related to Mr. Xia.”

“What?” Li Yifu suddenly raised his voice.”Then why don’t you tell me quickly?”

Even though he had guessed that glory was going to make a big move, Li Yifu had always maintained a calm attitude. After all, some worldly conflicts could hardly cause any waves in Li Yifu’s heart. However, once Xia ruofei was involved, Li Yifu would immediately become very nervous.

“It’s like this, didn’t Mr. Xia save a woman from the Grasso family in Turin? The one called Monica. Before he left, he even specifically instructed us to send two of our brothers to the Grasso family to boost Monica’s reputation and deter the people in their family who are ready to make trouble. ” Lui hai said,”we all think that Mr. Xia might have some feelings for Monica ...”

“Get to the point,” Li Yifu said with a frown.”When did you become a gossip like a woman?”

Regardless of whether Xia ruofei was interested in Monica or not, Li Yifu would not be able to guess it. Xia ruofei was his senior granduncle! Could it be that Li Yifu still dared to guess all day long whether he was going to give him a Grandmaster? Regarding Xia ruofei’s private life, even if Li Yifu had more guts, he would not dare to make wild guesses!

Lui hai smiled awkwardly,””Uncle Yi, I can’t avoid gossip when I report this to you today. Ah Hua just called me and told me that Monica picked up a young man from the airport today. The two of them are very close, and Monica directly took the young man to her room. He hasn’t come out yet ...”

“What?” Li Yifu immediately frowned.”There’s such a thing?”

He did not dare to speculate about Xia ruofei’s private life, but it did not mean that he could just watch his senior granduncle be cuckolded! If the Grand uncle – Master was cuckolded, then he, as his grandnephew, would also lose face!

“Hua wouldn’t lie.” Lui hai said,”he has done some preliminary investigation. That young man is also from Huaxia. Coincidentally, his family name is also Xia ... Uncle Yi, what do you think we should do?” That Monica has publicly betrayed Mr. Xia. Shouldn’t we teach the Grasso family a lesson? Also, that pretty boy who seduced Monica, in my opinion ... We should just grab him and throw him into the river!”

“Wait ...” Li Yifu frowned slightly and asked,”you just said that the young man’s surname is also Xia?”

“Yup!” Lui hai said casually,”but he can’t be compared with Mr. Xia at all. He’s loose all over, and looks like a pretty boy who has drunk too much ...”

“What does he look like?” Li Yifu asked urgently.

Ah Hua had described the man that Monica brought back to lui hai. Therefore, even though lui hai had never met Xia ruofei, he could copy Ah Hua’s description and tell Li Yifu.

Li Yifu suddenly asked,””You guys must have found out the name of that young man, right? Is he called Xia ... Ruofei?”

Lui hai opened his eyes wide in surprise, ""Uncle Yi, you're really a living God! Could it be that you can read fortunes? That pretty boy was called Xia ruofei. Uncle, what should we do? please give us some instructions! The thought of that pretty boy in Monica's room makes me feel uncomfortable!"

On the other end of the phone, Li Yifu raised his eyebrows and said coldly, ""Ah hai, if you dare to say 'pretty boy' again, do you believe that I'll fly to Milan immediately and skin you?"

Lui hai quivered in fear, saying dazedly, ""Uncle Yi, did I ... Did I say something wrong? Just point it out directly, don't be angry and harm your body ..."

Li Yifu said unhappily, "angry with you, you little rascal?" Can I get over it? Cut the crap! Just pretend that today's incident didn't happen ..."

"Ah?"

"What do you mean" ah "?" Li Yifu said, "that's not right. Immediately call the two boys in charge of the Grasso family and ask them to be more respectful to Xia ... Mr. Ruofei! Don't show the slightest neglect!"

"This ... This ..." Lui hai was dumbfounded, "uncle Yi, this Xiao Bai ... He has stolen Mr. Xia's woman!"

Lui hai almost said "pretty boy" out of habit, but he stopped himself in time at the last moment.

Chapter 2057 "Pretty boy" _3

"You know nothing!" Li Yifu scolded him, "who told you that Monica is Mr. Xia's woman? Just do your own things, don't think about these gossips all day!"

Although lui hai couldn't figure it out, Li Yifu's words were the Golden Rule. Since the old man had spoken, lui hai naturally didn't dare to disobey, so he immediately said, ""I understand! Don't worry, uncle, I'll call the two boys right now ..."

"En!" Li Yifu nodded. He thought for a while and said, "Mr. Xia ruofei's status is even more distinguished. You can understand it as ... Mr. Xia can only be considered his subordinate! So ... Hurry up and call those two kids, don't be stupid enough to offend the noble!"

Li Yifu knew very well that the Xia Tian from before was just Xia ruofei changing his appearance. In this sense, Xia ruofei's "real" identity was naturally more honorable than his previous identity that he had hidden.

Not only did Xia ruofei use the identity of "Xia Tian" to solve Monica's problem, but he also used his original identity to rush to Italy to meet Monica. It could be seen that Monica was very important to Xia ruofei.

In Li Yifu's heart, the Grao family became even more important. He had decided that when Xia ruofei returned, he would ask lui hai to increase the support and protection for the Grao family, because the head of the Grao family might be his other "master's grandmother".

Lui hai heard that. He was so scared that his soul almost flew out of his body. In his opinion, 'Xia Tian' was already a God – like figure. He did not expect that the 'pretty boy' that Monica brought back had an even more distinguished identity. This was simply beyond his understanding.

He came back to his senses and quickly said, "uncle Yi, I know!" Then I won't talk to you anymore, I'll call Hua immediately!"

Lui hai respectfully said goodbye to Li Yifu and then immediately called Hua. After being scolded by Li Yifu, he naturally wouldn't be polite to Hua either, scolding him directly in the face.

After that, lui hai asked Hua to respect Xia ruofei, even more than "Xia Tian".

Although he did not tell Ah Hua everything Li Yifu had said, he made it clear that Xia ruofei's status was even higher than Mr. Xia's, and Li Yifu had personally confirmed it.

After the phone call, lui hai stopped what he was doing and called several guards to drive to Turin from Milan.

After answering the phone, Hua was stunned for a long time, then he conveyed lui Hai's order to Yong.

The two of them looked at each other in dismay. After a long while, they both showed a look of fear. When Xia ruofei entered the room, they did not hide their hostility. Fortunately, they did not say anything too extreme. In general, their attitude was a little cold, but it was not completely irreparable.

That was why the scene in the restaurant had happened.

As Xia ruofei ate, he looked at ah Yong and Ah Hua, who were acting unnaturally. He had already understood what was going on.

After dinner, Xia ruofei walked past Hua and whispered, "Tell your boss not to come to the Grasso family. Also ... Act naturally in front of Monica. I'm Xia ruofei, who just came to Italy from China. I don't know you guys, nor do I have any relationship with you. Understand?"

Those who could be trusted by lui hai were not idiots. Hua understood Xia ruofei's meaning at once and said, "I understand! Don't worry, Sir, we'll definitely follow your instructions!"

Xia ruofei nodded and turned to smile at Monica. "Monica, it's not too late yet. Take me to see your brother! I want to treat him as soon as possible. "

Chapter 2058 Not welcomed (1)

Monica also felt the subtle change in ah Yong and Ah Hua's attitude, but she was smart enough not to say anything. When she heard that Xia ruofei was going to see Rossi, her heart skipped a beat. She smiled and nodded. "Alright, he's staying on the first floor. I'll Take You There!"

Xia ruofei nodded at ah Yong and Ah Hua, then followed Monica to Luo Si's room.

In a large bedroom on the first floor that faced South, Rousey was sitting in a wheelchair in a daze.

He was naturally the first to know that his sister had brought back a young Chinese man. He even knew that Monica had brought the man into his boudoir as soon as she came back and didn't even come out during dinner time. What the two of them had done inside was self-evident.

There was an inexplicable irritability in Rossi's heart, and "summer 's" face would always appear in front of him from time to time.

Although he had not known that mysterious Chinese young man for long and was not familiar with him, he felt that Xia Tian was the best candidate for Monica's lover, not this Chinese kid who had appeared out of nowhere.

Even though he had heard from Rotie that the young man had come to Turin in a private jet, he was not afraid of the young man.

So what if he had some money? His sister was now the head of the Grao family. Although the Grao family was not one of the top rich families in Europe, as a family that had been operating truffles for a hundred years, their assets were quite rich.

A private jet might be a luxury in the eyes of ordinary people, but in the eyes of the truly rich, it was just a means of transportation to improve efficiency.

Furthermore, Monica was able to become the head of the Grao family all because of "Xia Tian".

Although Xia Tian did not express his admiration for Monica, Rossi and lui hai had the same feeling. He just did not say it out loud, but his actions had made it clear.

Rousey knew his sister very well. Monica was very conservative when it came to personal relationships. As far as he knew, Monica had never had a boyfriend before. He once thought that his sister and Mr. Xia Tian were a golden couple.

He didn't expect Monica to bring a man home directly and to be so eager.

Just as Rosey was frowning and thinking about something, there was a light knock on the door.

"Rousey, it's me." Monica's voice came from outside the door. "Can I come in?"

'She's bringing that wild man to see me ...' Rousey thought to herself.

He didn't respond to Monica immediately. Instead, he waited for Monica to knock on the door again before he slowly said, "Come in! The door's not locked ..."

The door was pushed open, and Rousey looked up. Sure enough, the Chinese young man was walking into the room with Monica with a smile.

In fact, in the eyes of many Europeans and Americans, Chinese people all looked similar.

However, Rousey immediately felt that the Chinese man in front of him looked different from Mr. Xia Tian, whom he had met a few days ago.

To be honest, although Xia ruofei was not considered handsome, he was not ugly either. In addition, after he had cultivated the "great Dao formula", he had unconsciously emitted a refined aura, which made him very approachable.

However, perhaps it was because of his first impression, but no matter how he looked at Xia ruofei, Rossi felt that Xia ruofei was detestable. Especially when he saw Monica's face brimming with happiness, as her younger brother, he felt inexplicably irritated.

"Rousey, let me introduce you, this is ..." Monica said with a smile.

“Hey! Monica, I’m not interested in your boyfriend!” Rousey said in a frivolous tone.

Monica’s smile froze. She turned to look at Xia ruofei awkwardly.

Xia ruofei was not angry. He walked up to her with a smile and said, “Rousey, let’s get to know each other. I’m Xia ruofei! I’m from China.”

Xia ruofei spoke in Chinese, which surprised Luo Si. He looked at Xia ruofei and asked, “You know I can speak Chinese?”

Xia ruofei chuckled. “I know that not only do you know Chinese, but you also know many other languages. You’re not only a language genius, but you’re also quite talented in business. Other than the fact that you can’t move freely, you’re better than most healthy people.”

“Don’t think that I’ll accept you being with my sister just because you praise me a little.” Monica told you all this, right?”

Xia ruofei laughed and nodded, “Of course, I’m not a prophet. If Monica doesn’t tell me, how can I know?”

In reality, Xia ruofei did not need to ask Monica about this. It was just that Xia ruofei knew Rossi quite well and expected that it would be difficult to get in touch with him. Hence, on the way back from the airport, Xia ruofei deliberately led the topic to Rossi and “asked” Monica about this.

Xia ruofei saw that Luo Si did not speak and continued with a smile, “Rousey, it doesn’t matter if you accept me or not. It’s enough as long as Monica likes me, isn’t it?”

Rousey snorted softly and said, “I don’t know what you’ve done to her. Mr. Xia is so outstanding, but she’s not moved at all. What’s so good about you? Why would she like you?”

This is the end of Part One, and

Chapter 2059 Not welcomed (2)

Monica’s face changed slightly. She scolded in a low voice, “Rousey, don’t spout nonsense. There’s nothing going on between me and Mr. Xia Tian ...”

Monica stole a glance at Xia ruofei. She was worried that Xia ruofei would be jealous.

If the Mr. Xia Rousey was referring to was someone else, Xia ruofei might have felt a little jealous. However, if it was Xia Tian, how could Xia ruofei be jealous of him?

He said in his heart, “so my brother – in – Law thinks that the other me is more suitable for her sister!” He really had no taste ...

Xia ruofei chuckled. “Rousey, I’m not here to discuss your relationship with you today.”

“Rousey,” Monica quickly added, “Xia came all the way from China to Turin just to treat your leg!”

Rousey’s eyes widened and he looked at Monica for a long time before he said, “Monica, are you sure you don’t have a fever?”

Monica was a little embarrassed. In fact, she did not believe that Xia ruofei could cure Rossi's leg. It was just that Xia ruofei had come all the way here enthusiastically and she really wanted to see him, so she did not stop him. However, this did not mean that she had much confidence in Xia ruofei's medical skills.

Rossi sighed and looked at Xia ruofei. "Are all the people with the surname Xia very powerful in China?"

Xia ruofei didn't quite understand. He shrugged and asked, "Why do you say that?"

"Up until now, I only know two Chinese people with the surname Xia. They're both quite capable."

Rousey said seriously, "Mr. Xia Tian's skills are even better than Spiderman and Superman combined. As for you, Mr. Xia ruofei, I'm amazed by your ability to pursue girls. Monica is a calm person. How did you make her fall for you and believe that you can cure the sequelae of polio?"

Xia ruofei was stunned for a moment. He smiled bitterly and said, "Can I take it as a compliment?"

Rosey shrugged and said, "of course!" In fact, I'm very inexperienced in this area. After all, not many girls are willing to date someone who's always in a wheelchair. "

Xia ruofei thought to himself, I don't think that's a compliment ...

If this brat wasn't Monica's brother, if his hidden hostility wasn't because of his other self, Xia ruofei would have left.

"Rousey, I don't need you to worry about my personal relationship," Monica said with a frown. I didn't come all the way from China just to hear your sarcasm ..."

Xia ruofei waved his hand to stop Monica from continuing. Then, he smiled at Rousey and said, "Hey! A life without love is incomplete. Have you ever thought that if you can stand up, with your intelligence and wealth, there will be countless beautiful women throwing flirtatious looks at you, making you dizzy?"

Xia ruofei only paused for a moment. Before Luo Si could speak, he continued, "I know that you've seen many doctors since you were a child, and there are many famous doctors among them, but those are all Western doctors. I believe you haven't tried Chinese medicine treatment, right?"

"Chinese medicine?" Rosey said with a frown.

His Chinese was very fluent, so he was naturally familiar with Chinese culture. He shrugged and said, "I'm sorry, Mr. Xia. I don't think my problem can be cured by drinking water boiled from tree roots and bark ..."

Xia ruofei didn't know whether to laugh or cry. Even a person with such good Chinese had such a huge prejudice against Chinese medicine. It could be seen that the demonic propaganda of European and American countries had a huge negative impact on Chinese culture and Chinese medicine.

"Traditional Chinese Medicine is not a witch doctor as some media say," he said seriously. "It's also a systematic subject that has been passed down for thousands of years. Different from Western medicine, which treated headaches and feet, Chinese medicine focused on the balance of yin and yang and systematic conditioning. And I have to correct you on one point. Chinese medicine doesn't just use Chinese medicine to treat diseases. This theory also includes acupuncture, massage, and so on. Even the

rehabilitation therapy methods in the Western Field have been used by Chinese medicine Masters hundreds of years ago. ”

“Xia, I’m sorry,” Monica said apologetically, “Rousey was rude ...”

“It’s fine. He just doesn’t know much about Chinese medicine.” Xia ruofei said with a smile.

He was not angry with Rousey and continued, “The Mr. Xia Tian you mentioned earlier is also Chinese. In your eyes, Eastern Huaxia is full of mystery. Xia Tian’s combat strength is comparable to Spiderman, so why can’t the Traditional Chinese Medicine that has been passed down for thousands of years cure your leg?”

Xia ruofei’s mention of Xia Tian made Rosi slightly dazed.

Xia ruofei continued, “Rousey, let me try!” Even if it can’t be cured, you won’t lose anything, right? If I’m lucky enough to succeed, you’ll be able to get rid of the wheelchair completely ...”

Xia ruofei used a bit of spiritual power and his voice was full of enchantment. Rossi could not help but follow Xia ruofei’s psychological suggestion and think about the beautiful life after he recovered his ability to walk and run. He nodded subconsciously.

Monica was both surprised and happy.

Xia ruofei had a gentle smile on his face. He walked over and pushed Rousey’s wheelchair to the table.

“Rousey, hold out your hand, I’ll examine you ...” He said with a smile.

Chapter 2060 Not welcomed (3)

If it were not for the inexplicable hostility, Rousey would have been a very curious young man. Now that he had already nodded in agreement, he simply did not dwell on those things and began to develop an interest in the treatment methods of Chinese medicine.

He stretched out his hand and placed it on the table. Xia ruofei moved a stool over and sat down opposite Luo Si. He reached out and felt Luo Si’s pulse.

After learning a few Chinese medicine books from the Jade talisman of inheritance, Xia ruofei could easily solve most problems with his own medical skills even if he did not use the petals of the spirit Heart Flower.

Therefore, he was not bluffing when he took Rousey’s pulse. He was really using Traditional Chinese Medicine methods to check Rousey’s pulse. Of course, he also used a little bit of mental strength to ensure the accuracy of the examination.

Xia ruofei closed his eyes and checked carefully. After a while, he asked Luo Si to use another hand to check on the man on the left and the woman on the right. In Chinese medicine, there was no such thing as this. A real Chinese medicine doctor would have to check the pulse with both hands.

The results of the examination were similar to Xia ruofei’s previous deduction. The meridians in Rossi’s leg were severely blocked, and it was difficult for his qi and blood to circulate below his calf.

“How’s the situation?” Monica could not help but ask.

“Rousey’s condition is relatively serious,” Xia ruofei said.

“Of course,” Rousey said, a little disappointed. “I’ve seen countless doctors and done countless tests over the years, and they all gave me the same answer. This is almost the most serious sequelae of polio. It’s very difficult to recover the feeling in the legs by medical means.”

“It doesn’t matter. We will think of a way in the future ...” Monica said.

Xia ruofei laughed. “I only said that the situation is serious. I didn’t say that it can’t be cured!”

“Xia, you really have a way?” Monica suddenly became alert.

She knew that Xia ruofei would not lie just to make her happy. As long as Xia ruofei said that he could cure Rousey, Monica would believe him without any hesitation.

In comparison, Rossi was much more rational. Or rather, he had not been optimistic about Xia ruofei from the beginning, so he was not too disappointed.

Xia ruofei smiled and said, “although it’ll be tricky, it’s not like there’s no other way ... How about this?” We’ll use acupuncture and physical therapy today, and I’ll make a few more doses of medicine tomorrow. The effect should be more obvious. ”

Then, Xia ruofei looked at Monica and said, “Get someone to bring my luggage over!”

“Alright!” Monica quickly responded and quickly walked out of Rousey’s room.

Xia ruofei said to Rousey, “let me help you to the bed!” You’ll need to lie down for the acupuncture later ...”

“Mr. Xia, can you really help my leg recover?” Rousey asked, half – believing and half – doubting.

He didn’t dare to hope for a complete recovery. If he could even walk a few steps after treatment, it would be a huge surprise for him.

Xia ruofei smiled. “Rossi, if I’m not wrong, you can’t feel anything below your knee, right?”

“Yes!” Rosey nodded.

“Then, I can tell you ...” Xia ruofei said, “after today’s acupuncture and massage treatment, your leg will regain some feeling. This should be considered effective, right?”
