Chapter 2061 Effect with one shot (1)

“What?” Rousey’s mouth opened into an “O” shape as he repeatedly said, “Mr. Xia, this is impossible! I’m not belittling Chinese medicine, it’s just that ... This isn’t scientific at all!”

If Xia ruofei had said that he could regain some feeling in his leg after a stage of treatment, he might have been skeptical. However, how could he have done it with just one acupuncture treatment?

If it could be so simple to restore the feeling in his leg, then this illness would not have left so many famous doctors helpless.

In fact, Rousey’s leg disease was very serious. After he unfortunately contracted serious polio, although his fever subsided and he saved his life, he had no feeling below his knee since then. His leg was severely deformed. After so many years, even if he insisted on rehabilitation therapy, his leg muscles still inevitably atrophied.

Rossi himself had almost given up hope. Now that he heard Xia ruofei say that he could recover the feeling in his legs with one acupuncture session, his first reaction was disbelief.

Over the years, he had experienced too many times the mental journey from hope to disappointment. Now, he was basically in despair.

Xia ruofei smiled and said, “the entire Chinese medicine system is not scientific in the Western mainstream view.” Rousey, won’t we know in a while whether it’s possible or not?”

Rousey looked at Xia ruofei deeply, took a deep breath and said, “Okay, then I’ll leave it to you, Mr. Xia!”

Seeing Xia ruofei’s confident look, Rossi’s emotions were unconsciously affected. A glimmer of hope began to appear in his heart.

Anyway, it didn’t matter if he tried it once. At most, it wouldn’t have any effect. It wasn’t the first time he had experienced such a process over the years.

After a while, Monica personally dragged Xia ruofei’s small luggage into the room.

She was a little surprised to see Rousey lying on the bed.

Xia ruofei smiled and said, “did you bring the thing?” Hurry up and bring it over!”

Monica handed the luggage to Xia ruofei. He opened it and took out an exquisite box that had been prepared.

When he opened the box, he saw a row of silver needles of different sizes on the side of the lid. Inside the box was a set of delicate tools for cupping, including a jar, mugwort, and so on.

Xia ruofei gestured for Rossi to take off his pants. Rossi was still a little embarrassed in front of his sister, but Monica went over to help him take off his pants quickly.

Xia ruofei carefully disinfected the silver needle with alcohol and sat down by the bed.

He said to Rousey, "today, we will mainly perform acupuncture on a few acupuncture points on your leg. Although these silver needles are very long and look a little scary, you won't feel any intense pain. So, don't be nervous. The more relaxed you are, the less pain you will feel."

Rousey rubbed his nose. "I can't feel anything in my legs," he said. "You can prick me however you want!"

Xia ruofei was stunned for a moment. He couldn't help but laugh and said, "You'll feel it soon."

Then, Xia ruofei turned to Monica and said, "Monica, if you're afraid, you can wait outside. Don't worry, I won't let anything happen to Rosey."

Monica looked at the trembling silver needle in Xia ruofei's hand. She was a little scared when she thought about how long the needle was going to be inserted into Rossi's leg. However, she still said bravely, "No need, I'll just watch from the side!"

"OK!" Xia ruofei didn't mind having someone by his side during the treatment.

He didn't say anything more, and his eyes became very focused. His right hand shook slightly, and a silver needle accurately inserted into the Yangling Spring Point diagonally below Rossi's knee. His movement was as fast as lightning. Monica even felt like she had blinked, and then the silver needle was already trembling slightly on Rossi's leg.

Xia ruofei had already found the right acupuncture points, so he did not hesitate at all. Very quickly, the second and third needles also found the corresponding acupuncture points.

His acupuncture technique came from a long – Lost Traditional Chinese Medicine book in the Jade talisman of inheritance. It was called "Xing Lin San Shou". He didn't look for too many acupuncture points, and the technique was very special. If he used it with a small amount of true Qi, the effect would be quite obvious.

After inserting three needles, Xia ruofei did not continue to take out needles from the box at the side. Instead, he took a deep breath and extended two fingers to gently twist the silver needles. Threads of true energy invisible to the naked eye followed the silver needles and entered Rossi's acupuncture points.

Because there was no feeling in his leg, Rousey did not feel anything at first, as if the needle had been inserted into someone else's body.

However, as Xia ruofei started to channel his essential Qi into the acupuncture points, Rossi also noticed something unusual. Unknowingly, he felt soreness, swelling, and numbness in the three parts where the needles were inserted. Although the feeling was not particularly obvious, it was very real.

Rousey could even feel that the soreness was centered around the silver needle, radiating about five or six centimeters. He still could not feel the other parts of his body below his knee, but the soreness was becoming more and more obvious at the spot where the needle was inserted.

Rousey couldn't help but draw in a breath of cold air, revealing a shocked expression.

He had lost feeling in his legs for more than ten years. This was the first time he felt the existence of his legs after he fell ill. The feeling was very wonderful, and at the same time, it set off a great storm in his heart.

Xia ruofei wasn't lying. From the acupuncture to now, less than a minute had passed, and the effect he had mentioned before had already appeared.

"Rousey, do you feel uncomfortable?" Monica asked, a little worried.

"No, no, no..." Rousey quickly said, "Monica! This feeling was great! It can't be any better ... I ... I can feel my legs ..."

Xia ruofei, who was focused on acupuncture, said without looking up, "Keep calm, don't move, it's best not to speak ..."

Monica was also surprised and happy. She quickly said, "Yes, yes, yes! Rousey, do as Xia says. Don't move around, so as not to affect his treatment."

"Alright," he said. Rousey whispered.

From the moment Xia ruofei walked into the room, Rossi was the most obedient. Now, he would do anything Xia ruofei asked him to do without hesitation.

Xia ruofei continued to twist the silver needles, and wisps of true energy continued to stimulate Rossi's acupuncture points. In the second half of the acupuncture treatment, Xia ruofei began to flick the ends of the silver needles with his fingers, and the three silver needles began to vibrate at different frequencies.

The expression on Rossi's face also became more and more varied, because as the silver needle trembled, his soreness became more intense. He could even feel a hot flow being transmitted from the tip of the silver needle, making his lower leg feel like it was bathing in a hot spring.

After a long time, Xia ruofei waved his hand and removed the three silver needles at a very fast speed. Then, he slowly disinfected them with alcohol, wiped them clean, and put them back into the box one by one.

"Xia, are you done with the treatment?" Monica asked.

Xia ruofei closed the box and nodded. "Yes! The effect of this treatment should be pretty good! What do you think? Rousey!"

As Xia ruofei spoke, he winked at Rousey and smiled.

"Of course!" Rousey said excitedly. "Mr. Xia, I haven't felt the existence of my legs for many years, and no doctor has ever been able to restore the feeling in my legs. You're the first one to succeed!"

Xia ruofei smiled. "It's not a big deal to feel your legs during acupuncture. When I remove the silver needles and you can still feel them, that will be the first step to success."

Rousey reached out to touch his slightly deformed and shriveled calf and said, "Mr. Xia, I don't know if it's just my imagination, but I feel like I can feel my legs. It's just that the feeling is very weak, as if they're separated by several layers of pants ..."

Xia ruofei said with certainty, "this is not an illusion, Rossi. Acupuncture is stimulating a few of your acupuncture points and clearing your meridians. From a Chinese medicine point of view, when your qi and blood flow is smooth, you will feel that your nerves are gradually recovering ..."

"Xia," Monica said excitedly, "then you can continue treating Rousey!"

Rousey also nodded and said, "Mr. Xia, I'm not afraid of pain!" Please continue to treat me!"

Xia ruofei chuckled. "It's not a matter of whether you're afraid of pain or not. Acupuncture treatment requires a certain amount of time to let these acupuncture points recover their energy. If you don't control it, they will continue to overdraw and eventually harm the body." In addition ..."

Xia ruofei paused for a moment before he continued, "Today was only the first treatment, and there was no external or oral Chinese medicine, so the effect was not particularly ideal. I'll prepare the Chinese medicine tomorrow. After that, I'll use massage and acupuncture. The effect will definitely be very good!"

"I'm looking forward to it!" Rousey said excitedly, "I might not be able to sleep tonight ..."

In fact, Rousey was so excited that he was about to cry. His hands were almost constantly rubbing his two calves as if that was the only way he could really feel the hope of standing up.

"That won't do!" Xia ruofei smiled and said, "the only way to guarantee the effect of tomorrow's treatment is to rest well! "If your body is too weak, then many treatments can't be carried out simultaneously ..."

"I understand!" "Don't worry," Rousey said. "I'll force myself to sleep as soon as possible!"

Xia ruofei nodded and stood up. He smiled and said, "Then I won't disturb you any longer. Rest early, good night!"

"Good night! Mr. Xia!" Rousey said respectfully.

After Xia ruofei showed off his skills, Rousey's attitude towards him had changed dramatically. After seeing that he had a chance to stand up again, Rousey almost worshipped Xia ruofei like a god.

Monica also smiled and nodded at Roxi. Then, she walked out of the bedroom with Xia ruofei.

As soon as they left, Xia ruofei said, "Monica, inform ah Yong and Ah Hua to come and see me!" I have something I need them to do!"

Chapter 2062 Reward (1)

"Okay, I'll take you to your room first!" Monica said with a smile. Then, she glanced at Xia ruofei flirtatiously. "Don't lock the door after you see the two of them!"

Xia ruofei's heart skipped a beat. He asked, "Why?"

"You've worked so hard to treat my brother," Monica said. "As his sister, shouldn't I reward you?"

"That's what you said ..." Xia ruofei chuckled. "Am I free to choose that position?"

Monica pouted and pinched Xia ruofei's arm. Her face was red as she said, "I'll go get ah Yong and the others!"

After she finished speaking, she walked straight to the other end of the corridor. Xia ruofei laughed and said, "Hey! You haven't brought me to my room yet!"

"The one at the end of the corridor on the left!" Monica said without turning her head.

Xia ruofei watched as Monica left with flirtatious steps. Then, he dragged his small suitcase and walked back to his room.

After he returned to his room, he had just sat down for a while when there was a knock on the door.

"Come in!" Xia ruofei said loudly.

Ah Yong and Ah Hua pushed the door open and walked in.

As soon as they entered, the two bowed to Xia ruofei respectfully and said, "Mr. Xia, you were looking for us?"

Xia ruofei nodded and pouted. "Sit down!"

"Thank you, Mr. Xia!"

Ah Yong and Ah Hua sat down on the sofa opposite Xia ruofei, looking a little reserved.

Xia ruofei looked at the two of them and asked, "Your boss is here in Turin?"

"Mr. Xia, brother hai ..." Ah Hua quickly stood up and said.

"Sit down and talk!" Xia ruofei said.

"Yes!" Ah Hua sat down again and said, "brother hai heard that Mr. Xia came to Turin, so he rushed over from Milan overnight ..."

Xia ruofei said, "tell him not to come to the Grao family. I don't want Monica to think that I have anything to do with the Hong sect."

"Yes, we have contacted brother hai immediately after you gave us your instructions." Hua said respectfully, "he'll be staying at the Hong sect's Turin branch. He'll be at your command."

Xia ruofei nodded. He knew that lui hai must have reported it to Li Yifu, but he didn't know if Li Yifu would tell lui hai that Xia Tian and Xia ruofei were the same person. According to Xia ruofei's speculation, Li Yifu wouldn't.

Xia ruofei thought for a while and said, "Actually, I'll be fine here. I should be returning to China in a few days. Your brother hai doesn't have to stay in Turin all the time. He can go back to Milan if he has something to do."

"We'll let big brother hai know," Ah Hua replied.

"There's something I need your help with," Xia ruofei nodded.

"Please give me your orders!" Ah Hua quickly said.

“Is there any Traditional Chinese Medicine clinic in Turin?” Xia ruofei asked.

“There are.” Ah Hua thought for a moment and said, “the Chinese medicine in Huichun Hall, Lingzhi Hall, and Chinese medicine Hall are all good. The doctors in charge of the hall are very good. Many local Chinese people often go to them for treatment.”

“Are their medicinal herbs authentic?” Xia ruofei asked.

After all, this was Europe. It was impossible for anyone to grow Chinese medicinal herbs. Therefore, foreign Chinese medicine clinics probably bought medicinal herbs from China. With tariffs and international shipping, the cost would be very high. This did not rule out the possibility that some unscrupulous merchants would buy inferior medicinal herbs.

“Mr. Xia, Lingzhi Hall has a close relationship with the Hong sect and they have a good reputation. There should be no problem with the herbs.” Ah Hua said, “whatever medicinal herbs you need, just leave it to us. Even if the Lingzhi Hall really has low – Quality medicinal herbs, they would never dare to sell them to us.”

“That’s true ...” Xia ruofei smiled and said, “I’ll make a list. If possible, please prepare the medicinal herbs for me as soon as possible.”

“Yes!” Ah Hua said respectfully, “the medicinal herbs you need will be delivered tomorrow morning!”

It was already Teno’ clock in the evening. If the herbs could be delivered tomorrow morning, they must have prepared for it overnight. The clinic was almost closed at this time. However, for the Hong sect, it was easy to prepare a few sets of herbs at any time.

Xia ruofei nodded and grabbed a piece of paper from the table. He picked up his pen and listed more than ten kinds of medicinal herbs, even noting down the amount of each herb.

Then, Xia ruofei passed the note to Hua and said, “That’s it. We can relax on the time, but we must ensure the quality of the medicinal herbs!”

“Don’t worry!” Ah Hua stood up and said, “if there’s any problem with the medicinal herbs, I’ll be the one to answer for it!”

“Then I’ll have to trouble you!” Xia ruofei said amiably, “that’s all. You guys should go back and rest early!”

“Yes!” Ah Hua said, “Mr. Xia, we’ll take our leave then!”

The taciturn ah Yong also said to Xia ruofei, “Mr. Xia, good night!”

After they left Xia ruofei’s room, they immediately called lui hai and asked the Grasso family to fax the list of herbs that Xia ruofei had written down.

Lyu hai attached great importance to Xia ruofei’s request. He immediately asked Lyu zhengfeng to call the manager of Lingzhi Hall.

When the manager of Lingzhi Hall heard that it was lui hai, the boss of the Italy Freemasonry, who wanted to buy some medicinal materials, he dared not to delay. He hurriedly got out of bed and rushed

to the Ling Zhi Tang Chinese medicine Hall in person. On the way, he also called medicine master and woke him up.

Half an hour later, the herbs that Xia ruofei needed had been packed and labeled. They were then sent to the Hong sect's branch in Turin.

Considering that the Hong sect needed a lot of these herbs, which were obviously not to be boiled and taken at once, the manager of Lingzhi Hall considerately prepared an exquisite scale to measure the weight of the herbs. At the same time, he also gave a clay stove and three claypots to the Hong sect's branch in Turin.

Lyu hai immediately arranged for someone to pack these herbs and tools into a box and told Lyu zhengfeng to send them to the Grasso family's Manor in the suburbs.

If Xia ruofei didn't emphasize twice that lui hai was not allowed to meet him at the Grasso family, lui hai would have sent him there personally.

Although it was already midnight, the Grao family did not dare to neglect the Hong sect's brothers' visit. Their Butler, Rotie, personally welcomed them.

Lu zhengfeng didn't stay for long. He directly handed the things to his Butler, Rotie, and told him to pass them to Ah Hua as soon as possible. Then, he took a deep look at the interior of the Grasso family's Manor, got into the car, and left.

When ah Yong and Ah Hua received the box, Monica had already sneaked into Xia ruofei's room.

Both of them were at their most energetic age and the afternoon's lingering was not really satisfying. Monica locked the door and immediately threw herself into Xia ruofei's arms. The two of them hugged and kissed passionately.

The endless Spring in this luxurious room only reluctantly came to an end at one or two in the morning.

Xia ruofei was still full of energy and didn't look tired at all. Monica, on the other hand, was so tired that she felt like she was floating in the clouds. She had yet to recover from the strong impact on her senses.

"Xia, thank you!" Monica muttered, "I have never seen Rousey so happy. It was you who gave him a new light of hope in his life ..."

Xia ruofei gently kissed Monica's forehead and said, "Monica, he's your brother. It's my duty to do anything for him. Besides, it's only within my power. Also, you and I should never say thank you to each other. That's too distant ..."

"I know ..." Monica was already surrounded by a thick sense of happiness. "But I just want to thank you. Other than thanking you, I really don't know how to express my current feelings ..."

"There are many ways to thank someone, such as ..." Xia ruofei chuckled.

With that, Xia ruofei's demonic claws began to move restlessly again. Monica was shocked and quickly said, "God ... Are you not tired at all? How could there be such a strong man ..."

Xia ruofei answered with his actions.

Suddenly, the heart – shaking voice in the bedroom started to echo again ...

The next morning, Xia ruofei and Monica were in bed for a long time before they reluctantly got out of bed and got dressed.

It was already past eight o' clock when the two of them finished washing up and walked out of the room.

If Ling Qingxue and Xia ruofei lived in such a big family and slept in the same room last night, even if they were tired from rolling around in the sheets the whole night, they would definitely wake up early and sneak back to their own room.

However, European girls were different from traditional Chinese girls. Monica didn't care about these things. She was always open when she was with Xia ruofei. After a night of hard work by Xia ruofei, Monica, who had been nourished, was glowing. She held Xia ruofei's arm and walked out of the room openly.

When they arrived at the dining room, Luo Si was already seated at the table. Ah Yong and Ah Hua were also there. They did not eat first and chose to wait for Xia ruofei.

When Xia ruofei and Monica walked into the restaurant, Rousey immediately greeted them with a smile. Ah Yong and Ah Hua hurriedly stood up and greeted Xia ruofei and Monica.

Xia ruofei nodded slightly and walked straight to the table to sit down.

"Mr. Xia, we've prepared everything you need," Hua stood up and said.

"So fast? You've worked hard!" Xia ruofei said happily, "please bring the things to my room after we finish eating!"

"Alright!" Ah Hua replied.

"Xia, what did you ask Mr. Hua to prepare?" Monica asked curiously.

"It's the herbs I need for the next step of my treatment." Xia ruofei smiled and said, "I'm not familiar with the place in Turin. Considering that Ah Yong and Ah Hua are Chinese, they might know where to buy the most authentic Chinese medicine, so I tried to ask them for help. I didn't expect them to be so efficient. It's beyond my expectations!"

Chapter 2063 Multi – pronged approach (1)

"It's nothing. We're more familiar with the area, so it's best to leave this matter to us." Hua said humbly.

Xia ruofei had given instructions beforehand, so Hua did not dare to be too respectful.

After breakfast, Ah Yong and Ah Hua brought the box that Lu Zhengfeng had sent over the night before to Xia ruofei's room. Then, the two of them politely said goodbye.

Xia ruofei opened the box and saw that the medicinal herbs were placed neatly inside. The tools for decocting the medicine were also available. He was very satisfied.

He skillfully picked out the required Chinese medicinal herbs and put them into the earthenware pot. Then, he added water and began to boil them over the charcoal fire.

He had checked the herbs, and they were all of the best quality. The Hong sect was quite reliable.

Xia ruofei's purpose of brewing Chinese medicine was not just to fool people. He used these Chinese medicinal herbs to make an ointment called "muscle relaxing and bone strengthening ointment" that was mentioned in Chinese medical books. This ointment was very effective in recovering meridians and bones. Moreover, the prescription had long been lost in the long river of history.

It took a long time to make the ointment, mainly to ensure the efficacy of the medicine. Xia ruofei used slow boiling with fire, hoping to force out the medicinal properties of the herbs.

After about two hours, Xia ruofei checked the herbs carefully and nodded in satisfaction. He poured the herbal soup into a soup bowl and threw away the dregs. The dregs had no more medicinal properties, and the essence was already in the soup.

After washing the claypot, Xia ruofei poured the medicinal soup back into the claypot and continued to simmer it over the charcoal fire. At the same time, he found the last medicinal herb from the box, crushed it, and poured it into the medicinal soup. He used a spoon to stir it continuously.

This medicinal herb was like a catalyst. After mixing with the medicinal soup, the medicinal soup gradually began to become thick and finally formed a jelly – like state, about half the amount of the casserole.

Xia ruofei followed the instructions in the Traditional Chinese Medicine books and stirred the claypot with a spoon. When he felt an obvious resistance, he took the claypot from the charcoal stove.

According to the normal process, as long as it was left to cool, the 'muscle and bone strengthening ointment' would be completed.

However, Xia ruofei still had to add something to them. The petals of the spirit Heart Flower, which played a key role in healing, had not been added yet!

Xia ruofei had chosen to add the petals after the ointment had taken shape because he was worried that it would affect the formation of the gel. After all, he did not understand why the soup would slowly coagulate after adding the last herb.

With a thought, Xia ruofei took out a spirit Heart Flower petal from the space.

Once the petal touched the human body, it would be absorbed immediately. Hence, Xia ruofei did not dare to touch it with his hands. He wrapped the petal with his spiritual power and put it in the claypot.

Then, Xia ruofei took out a set of butonen – butter – butter – butter – on – one gloves from his space and put them on. This was to prevent his skin from coming into direct contact with the petals and ointment.

Then, Xia ruofei added a small amount of water.

The petals of the spirit Heart Flower dissolved quickly when they came into contact with the water. Xia ruofei picked up the spoon and stirred quickly.

During the stirring process, the ingredients of the spirit Heart Flower petals naturally mixed evenly with the ointment. At the same time, it also accelerated the heat dissipation. After stirring for about 15 minutes, Xia ruofei nodded in satisfaction.

He tidied up the room and opened the windows to get some fresh air. He didn't want the room to be filled with the smell of Chinese medicine when he slept.

Xia ruofei carried the clay pot with the ointment and walked out of the room.

Monica had been near Xia ruofei's room the entire time. She immediately walked up to him the moment he opened his door.

"Xia, you've worked hard!" Monica was touched when she saw the claypot in Xia ruofei's hands.

Xia ruofei laughed and said, "I'm not tired at all!" Let's go! He continued to treat Rousey today. I plan to use acupuncture and massage techniques, coupled with the ointment I just made. The effect should be much more obvious than yesterday. "

"En!" Monica nodded heavily.

She did not know why, but her confidence in Xia ruofei had suddenly increased a lot. Perhaps it was the immediate effect of the acupuncture yesterday that had shocked her.

Monica followed Xia ruofei to Rousey's room with anticipation.

Rousey was sitting in a wheelchair, staring blankly at the free – flying birds outside the window.

After hearing the knock on the door, Rousey came back to his senses and said in a clear voice, "Please enter!"

When he saw Xia ruofei, Rousey immediately looked at him expectantly and greeted, "Mr. Xia!"

Last night, Xia ruofei's acupuncture skills had completely won Rousey over. His attitude now was completely different from yesterday.

Xia ruofei smiled and nodded at Luoxi. "How do you feel today?"

"Very good!" Rousey said excitedly, "I can feel that my legs are a little numb. When I touch them, my skin seems to feel something. It's not like before, where I can't feel anything even if I cut myself."

Xia ruofei chuckled and said, "Rousey, don't get too excited ..."

"How can I not be excited?" Rousey said, "Mr. Xia, Chinese medicine is really amazing. It's just a few simple needles, and it actually has such a magical effect ..."

Xia ruofei couldn't help but criticize in his heart. What did he mean by a few simple needles? Even some Chinese medical Masters might not be able to perform the acupuncture techniques he had used yesterday.

Of course, it did not mean that Xia ruofei's skills in Chinese medicine were better than those Masters. The main thing was that the acupuncture techniques he used came from ancient Chinese medical books, most of which were lost.

## Chapter 2064 Multi – pronged approach (2)

Of course, Xia ruofei would not correct Rossi's misunderstanding. He just smiled and said, "I'm saying that yesterday's acupuncture was only the beginning of loosening up your meridians. Today, I'll use a variety of techniques and medicine to treat you. If you're so excited about the little effect yesterday, then you'll be so excited that you won't be able to sleep in the days to come."

"Xia," Monica said with a smile, "if he can really stand up again, I'm sure Rousey will be willing to go without sleep for a few days!"

"Of course!" Rousey said excitedly, "Mr. Xia, let's start the treatment!"

Xia ruofei smiled and nodded. He went forward to help Luo Si up and let him lie on the bed. Jian Jia called it 'help', but Luo Si's legs could not exert any strength at all. Basically, he had put all the weight on Xia ruofei. However, Xia ruofei still managed to complete it easily.

Xia ruofei took out a silver needle and said while disinfecting it, "The acupuncture point for today's acupuncture is on the upper body. Rousey, take off all your clothes on the upper body!"

"Mr. Xia," Rousey said in surprise, "my problem is in my legs. Why did I have to do it on my upper body?"

Of course, he was just curious and did not question Xia ruofei's decision. When he asked the question, he had already started to unbutton his shirt. Monica came over and helped him take off his shirt.

Xia ruofei chuckled and said, "I told you yesterday that Western medicine treats headaches and feet pains. If it can't be cured, it's simply amputation and organ replacement. However, it's different. Traditional Chinese Medicine focuses on the balance of yin and yang and treats the human body as a comprehensive system to regulate. So, it's not unusual to use acupuncture on the upper body to treat leg injuries."

"Chinese medicine is really unfathomable, Mr. Xia. I was really ignorant yesterday," said Rosey with a nod.

Xia ruofei smiled and motioned for Rousey to lie down. Then, he picked up a silver needle with two fingers and moved as fast as lightning.

Monica, who was at the side, only felt a blur in front of her eyes. A silver needle as thin as a cow's hair was stuck in Rossi's chest.

Rossi did not feel much as he lay there, but Monica could see it clearly. The long silver needle had actually pierced a large portion of it. Most importantly, the silver needle was very thin, as if it would break if she was not careful. She had not seen Xia ruofei use much strength, but he had easily pierced that much.

Xia ruofei's expression was very focused. His hands moved quickly and decisively. His eyes did not even blink. In the blink of an eye, he had inserted the silver needles into five acupuncture points.

Then, he used the Xinglin Sanzhou acupuncture technique and gently twisted the silver needle.

Actually, it was a little scary to see so many silver needles being inserted, but Rossi did not feel too much pain. The main reason was that most human nerves felt pain on the surface of the skin. The silver needles were thin and Xia ruofei's technique was clean. Rossi felt like he had been bitten by a mosquito.

However, when Xia ruofei started to perform the acupuncture technique, a warm current immediately came from the acupuncture points and flowed slowly along the meridians. It felt like bathing in a hot spring. It was so comfortable that Rosi almost cried out and even felt like falling asleep.

Xia ruofei twirled the silver needle as he said, "Rousey, you should be feeling warm right now, and the part where the needle was inserted will feel a little sore. These are all normal reactions, so don't be nervous. If you feel any other discomfort, tell me immediately!"

"Got it," said Rosey, nodding.

After about 30 minutes of acupuncture, Xia ruofei kept the silver needles in a specific order.

Monica hurriedly came forward and used a hot towel to wipe Xia ruofei's forehead. Actually, Xia ruofei was not sweating. She was just expressing her concern.

Xia ruofei smiled at Monica and said, "It's fine, I'm not tired!"

"Luo Si, how do you feel now?" Xia ruofei asked.

"Mr. Xia," Rousey said, "I feel a little warm in my legs, and a little itchy below my calves, like many ants are crawling!" Mr. Xia, the feeling today is even stronger than yesterday!"

Xia ruofei smiled and said, "the channels and collaterals are cleared step by step. Naturally, the effect is getting better day by day." If you can feel the numbness and itchiness, it means that the purpose of the acupuncture has been achieved."

"That's great!" Rousey said excitedly.

Although the itch wasn't very comfortable, it really made him feel the existence of his two legs.

Xia ruofei said, "I'm going to massage the area below your knee. The process might be a little painful. You have to bear with it." If you really can't hold it in, it's fine if you scream out loud. We won't laugh at you."

Xia ruofei said as he rolled up Rossi's pants to cooperate with the treatment. Rossi had specially worn a pair of loose pants today so that he did not have to take off his pants awkwardly.

"Mr. Xia, I'm not afraid of pain," said Rosey nonchalantly. What I'm most afraid of is not being able to feel any pain. That would simply make people ... Ah!"

Luo Si could not help but cry out in pain as Xia ruofei had already started massaging his calf. The intense pain caused him to cry out subconsciously.

Monica could not help but take a deep breath. Actually, she had seen everything clearly. Xia ruofei did not seem to have used much strength and had only pressed down twice casually. She did not know why Rousey had such a big reaction.

"Rousey, are you okay?" Monica asked worriedly.

Rousey gritted his teeth and said, "I'm fine. This feeling is great. I ... I haven't felt pain in my legs for many years. It's reminding me that my legs are still ... Still growing on my body."

When Rossi was speaking, Xia ruofei did not stop massaging. He was very accurate in finding the acupuncture points. With the stimulation of a small amount of essential Qi, the pain was actually very strong. However, after Rossi was mentally prepared, he gritted his teeth and did not make a sound.

Xia ruofei said while massaging, "Don't talk so much. You can save your strength this way."

Rousey was in so much pain that the muscles on his face twitched, but he still squeezed out a smile and said, "It's ... It's okay ... I can take it ..."

In fact, Rousey's smile was a little sinister under the stimulation of the pain. Monica was even more worried. At the same time, her heart ached when she saw her brother in so much pain.

Fortunately, Xia ruofei did not massage for long. He stopped after about ten minutes.

At this moment, Rousey's body looked as if it had been splashed with water. He was sweating a lot, and the sheets under him were wet.

"Mr ... Mr. Xia, is it ... Over?" he asked, panting.

"The most painful process has ended." Xia ruofei smiled and said, "there won't be much pain in the next treatment. Rousey, your willpower is very strong. I'm more confident in healing your leg!"

"Thank you!" Rousey said weakly. He had been enduring the pain and had consumed a lot of energy.

"Take a rest first. Next, we'll start applying the ointment." Xia ruofei said as he stood up.

He first went to the side and brought over the earthenware pot with the ointment and placed it on the stool next to Rousey's bed. Then he took out a new pair of butonened gloves from his pocket, tore open the package, and slowly put them on.

Then, Xia ruofei grabbed a ball of ointment and applied it on Rousey's leg. He said, "After the acupuncture and massage, your channels and collaterals have been cleared up quite a bit. Now is the time when your qi and blood flow is at its smoothest, and you can better absorb the medicinal properties of the ointment."

As he spoke, he spread the ointment evenly on Rousey's leg.

When the ointment touched his skin, Rousey could not help but take a deep breath ...

## Chapter 2065 Meeting (1)

Seeing this, Monica couldn't help but ask worriedly, "Rousey, what's wrong? Does it hurt?"

Monica had never come into contact with Chinese medicine before. The strong smell of medicinal herbs emitted by the ointment was quite pungent to her. Now that she saw Rousey's reaction, she subconsciously thought that the ointment was very strong and made Rousey feel very painful.

Rousey raised his hand and waved it, saying, "No, no! Monica doesn't hurt at all. On the contrary, it's simply ... It's simply too comfortable. Compared to the massage just now, it's like hell and heaven!"

After the ointment came into contact with Rousey's skin, he immediately felt a cooling sensation. Especially after he had just experienced the painful massage process, this cool feeling made him feel like he was drinking sweet dew. He was so comfortable that he almost moaned.

Xia ruofei applied the ointment on Rousey's calf seriously and said without turning his head, "Monica, I just said that the next treatment process would not be painful. It seems that you don't believe me! This is really sad ..."

Monica said, a little embarrassed, "Xia ... That's not what I meant. I was just too concerned about Rousey ..."

"But my heart has been hurt, you have to compensate me!" Xia ruofei said deliberately, "why don't we ..."

"Yes! I'll listen to you!" Monica did not wait for Xia ruofei to finish and said hurriedly.

Her younger brother was right beside her. If this guy said something explicit, she would really have no place to hide her face.

"You said it yourself!" Xia ruofei laughed.

"En!" Monica glared at Xia ruofei and said.

Rousey tactfully maintained his silence and even closed his eyes to recuperate. Of course, that slight cool feeling also made him relax. Closing his eyes to rest for a while at this time was simply too comfortable!

After Xia ruofei finished applying the ointment for Rousey, he stood up and said, "Monica, this ointment is very precious. Don't waste it ..."

After saying that, he pretended to apply the remaining ointment on Monica's body.

Monica's beautiful face turned pale. She laughed while stepping back and said, "I don't want to ..."

Xia ruofei sighed and shook his head. "You really don't know your stuff!"

With that, he turned around and applied the ointment on Rousey's body. Rousey didn't put on her clothes, and applied it directly on his chest and abdomen. It was very convenient.

"Hey! Xia, don't you dare bully my brother!" Monica shouted.

Without waiting for Xia ruofei to speak, Rousey quickly said, "It's fine, it's fine! It's very comfortable to apply on your body!"

"Did you hear that?" Xia ruofei said proudly, "Luo Si is the one who knows the best!"

Monica flattened her nose and said, "As long as you can cure his leg, forget ointment, even if you take ... Some kind of excrement and apply it on him, he won't have any objections ..."

"Hey, Monica, you're too disgusting!" Rousey cried out in dissatisfaction, and then laughed. "But you're not wrong ..."

Xia ruofei had already used both of his hands to apply as much of the ointment as possible on Rousey's body. He was not joking with Monica. The petals of the spirit Heart Flower were evenly mixed in the ointment. Such precious petals should not be wasted.

Xia ruofei took off his gloves and threw them into the trash can. Then, he said, "Alright! Rousey, just leave the ointment here. Wash it off before you go to bed at night. You might have to eat your lunch in bed."

"No problem, I'll do as you say!" Rousey said readily.

Xia ruofei nodded and said to Monica, "Cover the rest of the ointment with a preservation film and store it in the refrigerator."

The ointment he had made this time was enough to be used three to four times.

"Alright, leave it to me!" Monica said, "Xia, you've worked hard in the morning. Go back and rest for a while. I'll call you for lunch!"

Xia ruofei smiled and nodded. He bade Luo Si farewell and left the room.

Xia ruofei's plan was to treat Rossi once a day. He would split the components of a spirit Heart Flower petal into three to four days and let Rossi absorb them all. Supplemented by acupuncture, massage, and the medicinal effect of the ointment itself.

The first stage of the treatment had basically come to an end.

In reality, Xia ruofei's current stock of spirit Heart Flower petals was relatively rich. If he used a few petals and let Luo Si consume them all at once, there was a high chance that Luo Si would recover immediately.

However, in this case, it was far from being able to be explained by having excellent medical skills. It had even exceeded the scope of human understanding.

To be safe, Xia ruofei would rather take the trouble.

Luo Si's condition was relatively serious. According to Xia ruofei's deduction, after using an entire spirit Heart Flower petal, in addition to his special acupuncture and massage techniques, Luo Si's leg deformity should be able to be corrected. The nerves in his leg should also be able to recover.

But after all, Rossi's leg muscles had atrophied. If he wanted to completely return to normal walking, he would need follow-up rehabilitation therapy, which could be completed by normal medical means.

Hence, Xia ruofei's mission would be considered complete if he could solve the problem that the medical experts were helpless against.

In the afternoon, Monica had lunch with Xia ruofei, while Rousey had lunch in his room while lying on the bed.

Chapter 2066 Meeting (2)

In fact, it was quite uncomfortable to lie in bed for an entire day. However, Rousey saw the real hope of standing up and did not take this little inconvenience to heart at all. Even if he were to lie down without moving, he would gladly endure it.

This was because he could feel the slight coolness coming from his legs. The feeling in his legs was becoming more and more obvious, like a withered tree coming back to spring. This allowed his already despairing heart to gradually have a chance of survival.

After lunch, Xia ruofei smiled at Monica and said, "Monica, I'm planning to go out in the afternoon. It's not easy to come to Italy, so I have to take a look at Turin's beautiful scenery. Otherwise, it'll be a pity."

Monica said without thinking, "okay!" I'll go with you!"

Xia ruofei waved his hand and said, "don't go out. You've been with me for the past two days. You've just taken over the position of the family head. There must be a lot of things waiting for you!" We've already delayed quite a lot of things these past two days ..."

"It's okay, I can work overtime at night to deal with it!" Monica said, "you're in Turin. Of course, I have to be a good guide for you!"

Xia ruofei laughed and said, "girls shouldn't stay up late. Besides ... You have a more important task at night!" How Can you work overtime?"

Monica couldn't help but giggle. "It's okay. I can work overtime after I finish the 'important task'!"

"Come on, you!" Xia ruofei smiled and said, "who was the one who turned into a pile of mud last night?"

Monica's face heated up and she couldn't help but glance at Xia ruofei.

Xia ruofei laughed and said, "alright, you can settle your work in the afternoon. You can take care of Rousey when he's at home. I'll get Ah Yong and Ah Hua to accompany me. We're all Chinese, so we have a common language."

Monica pondered for a moment, then smiled and nodded. "That's good too!"

"Alright! Just arrange a car for us!" Xia ruofei said, "by the way, if Rousey feels any discomfort, you must contact me immediately."

"Alright!" Monica said.

Ten minutes later, a Mercedes – Benz arranged by Monica slowly drove out of the manor.

Xia ruofei sat in the back seat. Ah Yong was driving while Ah Hua, who was more talkative, sat in the passenger seat.

After the car left the manor, Hua turned around and asked respectfully, "Mr. Xia, where do you want to go first?"

Xia ruofei said indifferently, "we'll go to your place first!" Isn't your boss here? I'm going to meet him. "

"Understood!" Hua said quickly.

The car soon entered the city and arrived at the building where the Hong sect's branch was located.

On the way there, Hua had already texted lui hai, so he was already waiting in the yard with Lu zhengfeng and some backbone members of the branch in Turin.

Before the car stopped, lui hai walked up quickly and opened the back door for Xia ruofei.

“Mr. Xia, Hello!” Lui hai said with enthusiasm, “welcome to Turin!”

Xia ruofei had a gentle smile on his face as he asked, “You must be ah hai?”

Last night, Xia ruofei had talked to Li Yifu on the phone. He knew that Li Yifu just told the Italy Freemasons to respect him, but he didn't tell Lu hai that Xia ruofei and Xia Tian were the same person.

Lui hai was slightly stunned, and then asked, “Mr. Xia, you know me?”

“Xia Tian told me everything.” Xia ruofei said indifferently, “thank you for the troubles of the Grao family. I thank you on behalf of Monica!”

Since Li Yifu did not point it out and even said that “Xia Tian could only be considered Mr. Xia ruofei's subordinate”, Xia ruofei decided to carry out this persona to the end. It would make more sense.

Sure enough, after hearing Xia ruofei's words, lui hai immediately started to imagine why Mr. Xia had spared no effort for the sake of the Grao family. Although he cared about Monica very much, he had never shown any intimate relationship with her. It turned out that everything he had done was instructed by Mr. Xia! In fact, Monica was Mr. Xia's woman!

Everything could be explained in this way.

Lui hai broke out in a cold sweat when he analyzed the situation. He even reported this to Li Yifu and called him “pretty boy”. If Mr. Xia knew this ...

However, seeing Xia ruofei's friendly attitude, he knew that Li Yifu had not told Xia ruofei about it, so he felt a little more at ease.

Lui hai calmed down and said, “you're welcome!” In fact, the Hong sect stands to gain more from this. ”

“Let's benefit and win!” Xia ruofei said with a smile.

Then, he turned his eyes to Lu zhengfeng and said with a gentle smile, “This must be the person in charge of the Turin branch, Lu zhengfeng!”

“Hello, Mr. Xia!” Lu zhengfeng also quickly came forward to greet him.

“You've worked hard!” Xia ruofei nodded.

After some small talk, lui hai and lui zhengfeng welcomed Xia ruofei in.

They arrived at the small meeting room that Xia ruofei was familiar with. Everyone took their seats. Xia ruofei said, “Ah hai, zhengfeng, I hope that our relationship, including my relationship with Xia Tian, will be kept to ourselves. I don't want Monica to know about this, do you understand?”

“Don't worry, we'll definitely keep our lips sealed!” Lui hai said, “I've reminded ah Yong and Ah Hua. They won't let it slip!”

Lui hai didn't feel strange. He understood that Xia ruofei didn't want Monica to know what he had done for her. It meant that Xia ruofei had deep feelings for Monica and didn't want her to feel too much pressure.

"How's the situation in Turin?" Xia ruofei asked.

Lui hai said with a smile, "I'll go back to Milan after this. Let zhengfeng report the situation." He has a more comprehensive grasp of it. "

After saying that, lui hai gestured to LV zhengfeng, who immediately said, "Okay, Mr. Xia. The Gehrman family was uprooted overnight, and the other forces in Turin were also shocked. Although the nihilians also took the opportunity to seize some territory, most of it is under our control. The most powerful force in Turin is undoubtedly the Hong sect!"

Lu zhengfeng was very excited. He took a sip of water and continued, "In the beginning, the police's actions were quite big. It was mainly because we had too many flowers that night, and half of the city was in chaos, so the police were more nervous. Although the underworld knows that we were the ones who did it that night, the police didn't have any evidence to directly accuse us, so they only increased the intensity of their patrols and dealt with some cases of street fighting and group trouble more seriously. We've already restrained our men in advance, so basically, we weren't affected. "

Xia ruofei nodded. "It's good that you're fine. I was worried that the police in Turin would take special care of you!"

"We're the biggest force in Turin, and we're Chinese. It's normal that we're being watched," anfei said. Lu zhengfeng said indifferently, "it doesn't affect us much."

"I'm relieved to hear that," Xia ruofei said. "Since you've taken over the territory and assets of the Gelman family, I have to give you a few words of advice."

"Please!" Lui hai said respectfully.

"It turns out that you should never get involved in the heartless business of the Italy Mafia!" Xia ruofei said sternly, "drugs, firearms, and even the prostitution business may make money quickly, but it's beyond our principles. We don't care what other forces do, but not the Hong sect!"

Li Yifu was one of the leaders of the Hong sect. As Li Yifu's senior uncle and Xia ruofei had helped the Hong sect to conquer Turin, he felt that it was necessary to remind them.

Lui hai hurriedly said, "Mr. Xia, don't worry. Hong sect has strict rules. We won't touch any of the businesses you mentioned!" You can investigate as you wish, but if you find out that our Italy Freemasonry brothers have touched those businesses, you don't have to deal with them according to the sect rules. Just say the word and I'll chop them up myself!"

Lui hai said with killing intent. Xia ruofei smiled, "That's good. I'm just giving everyone a heads up. Even if he was making a living in the underworld, he had to have his own principles and bottom line. By the way, what was the reaction of the glory society?"

Chapter 2067 Returning the favor (1)

Lui hai said, "there are no obvious movements against us for the time being. The Honorable elder of the German family sent people to Duling city and checked the German Manor that had been blown to ruins. But he said nothing and went back to Sicili Island."

"We still have to be wary of their sudden attacks." Xia ruofei said, "these Mafia groups are cruel and merciless. They would definitely not remain silent after suffering a loss."

"Mr. Xia, we didn't ask for help from other regions in Turin. This is the power struggle in Turin. The glory society won't dare to take the risk of a full – scale conflict." Lui hai said.

"A full – scale conflict is not worth it for them. It can be said that they will hurt others and hurt themselves. I don't think they are crazy to this extent." Xia ruofei said, "but the family they were protecting was destroyed just like that. They can't just leave it at that, right? Maybe they don't dare to launch a large – scale attack on the Freemasons, but what if they only target some of the key figures in the Italy Freemasons?"

Xia ruofei glanced at Lu hai and Lu zhengfeng, saying, ""For example, the two of you. You can't possibly be under heavy protection forever, right? It's impossible to stay at home forever, right? By then, they only need one sniper bullet. Bang!"

Lui hai and lui zhengfeng couldn't help but shiver. What Xia ruofei said was totally possible.

The other core members of the Hong sect's branch in Turin also looked at each other. If the glory Association really wanted to take revenge, they would be the first targets.

Xia ruofei smiled. "It's also difficult to find evidence for such an assassination. By then, would the Hong sect take the risk of mutual destruction to launch a full – scale attack on the glory Association?" Besides, even if the Hong sect gathered all their forces and destroyed the glory Association, what's the point if you're all dead?"

Lui hai said, "Mr. Xia, we have considered this possibility. In fact, we have been very careful since we exterminated the Gelman family. We never go out alone. We always bring many people to protect us."

"Mr. Xia," Lu zhengfeng said with a smile, "we've been living a life of bloodshed. If we really die under a sniper rifle, that's our fate!"

Xia ruofei chuckled. "It's good that you're on guard. I'm afraid that you don't take it seriously and go to see the King of Hell without knowing it ... Speaking of which, this is Europe. The King of Hell might not be able to control this place!" You guys probably won't be able to see God, so let's see if you can see Satan!"

Lyu zhengfeng, Lyu hai and the others all laughed.

Indeed, they did not take life and death too seriously. After all, in the underworld, even without the incident with the Gelman family, they had made many enemies over the years. There were many people who wanted to tear them into pieces! Isn't he still alive and well now?

He just had to be careful. If he really fell for it, it was his fate. He couldn't blame anyone else.

Xia ruofei smiled. "You guys did this to help me. That's why I can't do anything. After all, you're all my adopted husband's disciples."

Hearing Xia ruofei's words, Lyu hai and the others couldn't help but stare. They knew that this Mr. Xia was of noble status, but seeing him call Li Yifu's name so naturally and as if it was only natural, they couldn't help feeling a surge of emotions.

Li Yifu's position in the Hong sect was very high. Even the leader of the Hong sect respected him. He was also one of the leaders of the Hong sect. Judging from Mr. Xia's tone, he was at least on the same level as Li Yifu, and his status was even slightly higher than Li Yifu's. How could this not be shocking?

Xia ruofei smiled and looked around at the people in the meeting room. He took out a few jade pendants from his bag and said, "Come and get it! One for each person, everyone who sees it gets a share!"

Lui hai looked at the jade pendant on the table curiously. The design of the jade pendant looked very ordinary and the Jade used was not the rare Imperial Green, but just average.

Why did Mr. Xia give each of us a jade pendant? Lui hai muttered in his heart.

"What are you doing?" Xia ruofei smiled and said, "come and get it! Do you want me to deliver them to you one by one?"

"I wouldn't dare!" Lui hai said hurriedly. He walked to Xia ruofei first and picked up a jade pendant, "Thank you for your reward, Mr. Xia!"

No matter if the Jade was valuable or not, Xia ruofei's status was there. He had to be grateful for the gift from the bottom of his heart. Even if it was a screw, it was still giving him face!

When Lu zhengfeng and the others saw this, they followed suit and walked over one by one, each holding a jade pendant.

Xia ruofei smiled as he watched everyone take out a jade pendant. Then, he glanced at the table and said, "Yo! There was one more! That's just nice ..."

Then, Xia ruofei walked to lui hai and asked, "Ah hai, did you bring a gun?"

Lui hai was confused by Xia ruofei's thinking. They had just finished talking about the potential threat of the glory society, and then he changed the topic without any warning. He gave everyone a piece of Jade that didn't look high – end at all, and then immediately asked if he had a gun. These things seemed to have nothing to do with each other, right?

Chapter 2068 Returning the favor (2)

Lui hai didn't dare to ask more, and said hurriedly, "I brought it, do you want to use it?"

Xia ruofei smiled and nodded.

Lui hai pulled out a gun from his waist without any hesitation. He grabbed the gun barrel and handed the handle to Xia ruofei.

Then, he took out a silencer from the holster and said with a smile, "Mr. Xia, if you want to test the gun, I suggest you wear this. The police in doling city have been on high alert recently, and the sound of gunfire might cause some trouble."

“Alright!” Xia ruofei took the silencer with a smile and slowly put it on the muzzle.

Xia ruofei unloaded the clip, looked at it, and immediately loaded it again. Then, he skillfully pulled the trigger and loaded the first bullet into the chamber.

Lui hai and the others all fixed their eyes on Xia ruofei, not knowing what he was up to.

At this moment, Xia ruofei, who was standing beside lui hai, suddenly raised his gun and aimed at his head.

This sudden change shocked Lu zhengfeng and the rest. Their subconscious reaction was to take out their guns and point them at Xia ruofei.

“Put down your guns!” Lui hai was calm. He glared at LV zhengfeng and the others, saying, “who gave you the courage to point a gun at Mr. Xia!”

“But ...” Lu zhengfeng mumbled a few times but still put down his gun resentfully. However, the way he looked at Xia ruofei was no longer respectful. Instead, there was a trace of killing intent.

After all, even though Xia ruofei had a powerful background, he was not the leader of the Hong sect. Moreover, he was pointing a gun at his boss ‘head. How could the hot – blooded Lu zhengfeng have a good impression of Xia ruofei?

Xia ruofei was still looking at lui hai with a smile, waiting to see his reaction.

Facing the black muzzles, lui hai didn’t show any fear, but said calmly, “Mr. Xia, did I offend you in any way? If I’ve done anything wrong or offended you, please tell me. Even if I die, I can’t be a muddled ghost!”

“You didn’t offend me,” Xia ruofei said with a smile. “You didn’t do anything wrong. It’s just that I suddenly want to try this gun ...”

After saying this, Xia ruofei pulled the trigger without any hesitation before lui hai could react.

Seeing Xia ruofei’s movement, lui Hai’s pupils contracted. He felt all the hair on his body stood up and was disheartened.

At such a close distance, and it was aimed at the head, lui hai had no chance to Dodge. He didn’t even have time to blink his eyes.

Lu zhengfeng and the others did not expect Xia ruofei to shoot directly. They had already lowered their guns and could not react in time.

All this happened in a flash. Under the sudden tension, it was as if time slowed down. Lui hai even saw the weak flame coming out of the muzzle and the bullet flying toward the forehead ...

However, when lui hai was lamenting that he was a fool, a light flashed, and the bullet slowed down as if it had fallen into a swamp.

The bullet was like a high – speed drill, constantly spinning forward. After it fell into the Halo, although its speed slowed down for a moment, it still persevered in drilling.

However, the resistance of the Halo was too great. By the time the bullet came out, it had completely lost its speed.

In the end, the bullet lost all its kinetic energy before it touched lui Hai's forehead and fell to the floor.

Lu zhengfeng's face was filled with anger and madness. When he saw this magical scene, his expression froze.

The other core members of the Hong sect's branch in Turin were the same. They looked like they had seen a ghost.

Of course, lui hai felt it the most directly.

He could even see the bullet getting bigger and bigger in his field of vision because the speed of the bullet had been reduced too much, as if it was in slow motion.

From despair to disbelief, lui Hai's mood was like a roller coaster during the bullet's movement. He was stunned and didn't even notice that the bullet landed on his feet and then jumped up.

The meeting room was silent. Everyone felt like they were in a dream.

Xia ruofei, who was the only one awake, chuckled and threw his gun on the conference table. "This gun's performance is not bad!"

Lui hai then came back to his senses, stammering, "Mr ... Mr. Xia, what ... What is going on? Why would the bullet ..."

"Take a look at that jade pendant!" Xia ruofei said indifferently.

Lui hai woke up from his dream and put his hand into his pocket. But the jade pendant was not the same as before. It had been broken into five or six pieces and lost its luster.

Lui hai was dumbfounded. After a long while, he asked excitedly, "Mr. Xia, this ... This jade pendant can resist gunshots?"

Xia ruofei smiled and said, "you've seen it. If a large – caliber sniper rifle were to shoot from a few hundred meters away, the effect would be similar to the previous one." However, this thing can only withstand one attack. Look, it shattered after one attack ..."

Xia ruofei could create this kind of basic protective array in minutes. Of course, its effect was not as good as the protective amulets he gave to little Huanhuan and the others. It was basically a one – time use and was limited to conventional hot weapons. If he were unlucky enough to meet a cultivator, this level of protective array would not be able to withstand a single blow.

Last night, Xia ruofei had decided to meet lui hai and the others today. They had helped him a lot this time. Now that he realized that they might be in danger, he decided to make friends with them.

If lui hai and the others were in danger of being assassinated by the glory society because they wanted to help him, Xia ruofei would give them one more life and end this karma.

Therefore, after Monica fell asleep from exhaustion, Xia ruofei went to the washroom and spent a few minutes. He cut some jade pieces from the space and made them into these jade pendants. He was going to give them to Lui Hai and the others.

Lu Zhengfeng and the others also revealed looks of disbelief. They took out the jade pendant from their bodies in unison.

They had never even heard of such a treasure, let alone seen it.

However, Li Yifu had always been a legend in the Hong sect. His father, Li Jiu Zhou, was even more legendary. There were many legends and proofs that Li Jiu Zhou was the disciple of an immortal in the Hong sect.

Therefore, Lu Zhengfeng and the others were not unable to accept such a phenomenon that could not be explained by science. After all, they had Li Jiu Zhou's legends as the foundation, and they had seen it with their own eyes today!

Lui Hai's mood was even more complicated. On one hand, he felt that he had survived a disaster, but on the other hand, he wanted to cry but had no tears.

You can just tell us directly, we will definitely believe you. Why do you have to be serious! Now, such a good life – saving weapon had completed its historical mission after proving its awesomeness. It had been completely reduced to a useless rock ...

Seeing the Jade pendants in the hands of Lu Zhengfeng and the others, Lui Hai couldn't help but wail in his heart, "Why? Why am I always the one getting hurt?"

Xia ruofei couldn't help but laugh and scold, "ah Hai, look at you!" Wasn't there another one on the table? That's yours!"

Lui Hai seemed to come back to life. He rushed over and grabbed the jade pendant, holding it like a treasure, and giggled, "Thank you! Thank you! Mr. Xia!"

"Remember to bring it with you, don't lose it! Also, this thing can only protect you once, so whatever happened in the past, you have to do it again in the future. Make sure to take good care of your safety." Xia ruofei said indifferently.

Chapter 2069 Rapid recovery (1)

"I understand, I understand!" Lui Hai said hurriedly, "it's our last chance to save our lives, and it's a one – time thing. We won't use it unless we have no other choice."

Xia ruofei smiled. "You can't use it even if you want to. This thing is triggered passively. Once it works, it means that you've already brushed past death once."

"Yes, yes, yes! Thank you, Mr. Xia!" Lui Hai said.

"Thank you, Mr. Xia!" Lu Zhengfeng and the others also said in unison.

This time, their gratitude came from the bottom of their hearts. Previously, they respected Xia ruofei because of Li Yifu's repeated reminders, but it was more because of Xia ruofei's identity. However, it was completely different now. This respect came from the bottom of their hearts.

For people like them who lived on the edge of blood, such a jade pendant was no exaggeration to say that it was their Second Life!

Hence, it was not an exaggeration to say that Xia ruofei had given them a new life.

Xia ruofei laughed as he looked at Lu zhengfeng and asked, "You won't be pointing a gun at me again, right?"

Lu zhengfeng's face was full of shame. He lowered his head and pondered for a moment. Then, he immediately raised his head and said, "Mr. Xia, zhengfeng didn't know what was good for him and misunderstood your good intentions! My brothers are all following my orders, it has nothing to do with them! This spear – wielding arm will be zhengfeng's apology to you!"

After saying that, Lu zhengfeng secretly gritted his teeth, pulled out a dagger from his waist, and cut his arm fiercely.

Xia ruofei's eyes narrowed and he exerted a little force on his feet. He was a few meters away from Lu zhengfeng and in a flash, he was in front of Lu zhengfeng. He stretched out his finger and gently touched Lu zhengfeng's arm that was holding the knife.

Lu zhengfeng suddenly felt half of his body go numb, and the dagger in his hand fell to the ground with a clang.

Just now, Lu zhengfeng was very determined. Although Lu hai and the others were very close to him, none of them could react in time. When they came back to their senses, Xia ruofei had already come to Lu zhengfeng's side from a few meters away. Then, they saw the dagger fall to the ground.

Lui Hai's heart skipped a beat. Seeing that Xia ruofei stopped Lu zhengfeng, he let out a sigh of relief. If Lu zhengfeng really cut off his arm, they would have nothing to say, they would even take it for granted. But Lu zhengfeng was Lui Hai's cousin after all. From the point of view of justice, he could not stop Lu zhengfeng, but from the perspective of a brother, Lui hai naturally did not want to see Lu zhengfeng become disabled.

If Xia ruofei stopped him, that would be the best result.

Except for being slightly relieved, lui hai was also shocked by Xia ruofei's strength.

The instantaneous speed that was almost beyond the limit of human beings and the light finger attack reminded lui hai of Xia Tian who had killed more than a dozen core members of the Geerman family like a ghost a few days ago.

Xia ruofei's face darkened. "I'm most annoyed with you people who live in the underworld. You Cut Off Your Hands and feet for no reason. Is it fun to make blood all over the place?" Why would I want your arm? Roast and eat? Will the fishy smell be lighter if I add more cumin?"

Lyu hai and the others didn't dare to speak. Lyu zhengfeng also said awkwardly, "Mr. Xia, I ..."

“You what you?” Xia ruofei said, “you were concerned about ah Hai’s safety and subconsciously took out your gun to protect him. What’s wrong with that? You don’t know that I’m showing you the function of the jade pendant. Haven’t you heard of the old saying “those who don’t know are not guilty”?”

“I see ...” Lu zhengfeng said, “thank you for your magnanimity, Mr. Xia ...”

“Use your brain when you do things in the future, don’t cut yourself for fun! How much meat do you have on your body? how many cuts is it enough for you?” Xia ruofei said.

“Yes!” Lu zhengfeng lowered his head and said.

Although Xia ruofei’s words were rude and his tone was a little harsh, Lu zhengfeng felt warm in his heart.

Lui hai was also touched, “Mr. Xia, thank you!” Zhengfeng is just an impulsive person, thank you for your magnanimity!”

“Ah hai, you should be very happy to have a brother like zhengfeng,” Xia ruofei said indifferently.

“Yes, yes, yes!” Lui hai said.

Xia ruofei looked around and said seriously, “I have to emphasize one more thing. What you saw in this conference room today, including this jade pendant, must be kept in your heart after leaving here. You can’t tell anyone else except your foster husband, even your closest family members. Am I clear?”

Xia ruofei used his spiritual power when he said this. He was already very familiar with this kind of hypnosis technique.

Lui hai and the others were all ordinary people without any cultivation. Plus, Xia ruofei’s superb skills had left a deep impression in their hearts, so they were all affected by the spiritual power at the first moment.

Of course, they didn’t realize it themselves. They only felt that Xia ruofei was full of pressure when he said those words. Everyone felt a kind of respect from the bottom of their hearts.

In fact, Xia ruofei’s order had been deeply imprinted in their subconsciousness. Every time they thought about what happened today, they would unconsciously think of this scene. Even if they were drunk, or if they were forced to confess or if they were under special drugs, their subconsciousness would still tell them to keep this secret.

“Understood!” Lui hai answered seriously, “don’t worry, Mr. Xia. We will keep our mouth shut about the jade pendant!” If anyone dares to leak it, I’ll be the first to clean up the house!”

Xia ruofei dispersed his aura and smiled, “Of course I believe in everyone. I’m just giving you a reminder.”

Not until then did lui hai and the others feel relaxed. They found that their backs were wet with cold sweat unconsciously. They were also shocked, “how could a person’s pressure be so strong?”

Xia ruofei laughed and said, "okay, I'm done!" This is my first time in Turin! Who's going to accompany me for a walk?"

"Mr. Xia, I have nothing to do in Turin. Let me go with you!" Lui hai said hurriedly.

"Alright! Then I'll follow your arrangements." Xia ruofei said, "I'll be going back to the Grao family's place tonight. If there's nothing, you don't have to look for me. If there's anything urgent, you can ask Ah Hua to pass the message."

"Understood!" Lui hai said and then turned around, "zhengfeng, arrange the car!"

"Alright!"

In the afternoon, lui hai took Xia ruofei to tour around Turin. It was not a long tour, so they could only take a quick look.

Lyu zhengfeng wanted to arrange some people to protect Lyu hai, but Lyu hai refused. He felt that it was very safe to stay with Xia ruofei. Even if the glory society wanted to assassinate him, they would not succeed.

In fact, Xia ruofei had been using his spiritual power to be on alert. Not only did he have to pay attention to his safety, but he also had to be careful not to be spied on. After all, he had come out with his original identity. If he was targeted by the glory society, there might be some trouble.

However, Xia ruofei did not find anything unusual in the afternoon. He did not know if the glory society was really willing to suffer in silence or if they had other plans.

Xia ruofei thought about it and realized that there was another possibility. With the destruction of the Gelman family, the glory Association's power in Duning city had been reduced by half. It would not be easy to harm the Hong sect here.

Therefore, it might be more dangerous for lui hai to go back to Milan than in Turin.

Xia ruofei also told lui hai his guess and reminded him to be careful.

After getting the jade pendant, lui hai became more confident, but he said he would pay more attention to it.

Lui hai treated Xia ruofei to a good Western restaurant in Turin and then sent a car to send Xia ruofei back to the manor of the Grasso family.

Xia ruofei didn't want Monica to know his relationship with the Hong sect, so lui hai didn't send him back.

After returning to the Grao family's small Manor, Xia ruofei went straight to Luo Si's room.

Monica was talking to Rousey in the room. When they saw Xia ruofei, they both greeted him happily.

Monica said, "Xia!" Rousey feels much better today. The effect of your treatment plan is very obvious!"

Xia ruofei laughed and sat down on the stool beside Rousey's bed. "That's good, Rousey. The ointment's medicinal properties have been mostly absorbed. You just have to wash it off before you go to bed."

“Yes, Mr. Xia!” Rousey said excitedly, and then he asked, “Mr. Xia, when can I get off the bed and walk?”

Xia ruofei said gently, “Rossi, in China, there’s a saying that goes, ‘when you’re old, you have to take things one step at a time.’ Your leg has been injured for so many years. We can’t rush in the treatment. We need to take it step by step.”

“I understand, I’m not rushing you!” Rousey quickly said, “it’s just that it’s been too long since I’ve gotten off the ground and walked. I’m looking forward to it. Can you give me an approximate time?”

Xia ruofei smiled and said, “Rousey, the first stage of the treatment will take about three to four days. Of course, this is only the first step. After this stage of treatment, it is expected that your leg deformity will be corrected and the nerves in your leg will recover. After that, you will need to go through long – term rehabilitation training to gradually recover your atrophied muscles. At the same time, you will also need some time to overcome your psychological barrier before you can really walk.”

“I see ...” Rousey said.

Xia ruofei could tell that Rossi was a little disappointed, so he smiled and said, “Rousey, I can tell you clearly that the real key is these three or four days. If the treatment can achieve the expected effect, it means that all the difficulties have been overcome. Then, you will be fully recovered, and the rest is only a matter of time. I’m very confident that in the future, not only will you be able to walk, but you’ll also be able to run as if you’re flying. You’ll be a completely healthy person!”

When Rousey heard this, his heart was filled with burning faith again. In fact, he had complete faith in Xia ruofei’s medical skills, but his leg injury was too serious. He was not confident to what extent he could recover. Now that he heard Xia ruofei personally tell him that one day, he would be able to fully recover and become a normal person, he could not suppress the joy in his heart.

Xia ruofei smiled and stood up. “Alright, all you have to do is to fully cooperate with my treatment. You don’t have to think about anything else. If there’s nothing else, you should rest early! I should go back to my room and sleep. “
