

## God tier Farm 2191

### Chapter 2191 An unexpected visitor (1)

Xiao liuzi's Short Video usually had cheerful background music, so Feng Jing was very close to him and did not hear the footsteps behind her. However, Xia ruofei's hearing was so good that he noticed it immediately.

Only he and Ling Qingxue had the keys to the villa, so the only person who could have come in through the main door in the middle of the night was Ling Qingxue.

As expected, before Xia ruofei could stand up, Ling Qingxue opened the door and walked into the villa. She was holding a lunchbox in her hand.

When Ling Qingxue saw that Feng Jing was also in Xia ruofei's house, and their heads were almost touching, she was stunned.

Xia ruofei heard the sound of footsteps and reacted immediately. He stood up and greeted her awkwardly, "Qingxue's here!"

Only then did Feng Rao snap out of her daze. She turned around and saw Ling Qingxue standing by the button. She immediately stood up, and her face couldn't help but blush.

Feng Jing could feel the complicated look in Ling Qingxue's eyes. She felt a sudden sense of panic, like a child who had been caught doing something wrong.

Ling Qingxue's face didn't show any emotion, and she only said indifferently, "Sister ran is here too ... Ruofei, we made some dumplings tonight. My dad knows that you're back, so he asked me to send some over!"

Ling Qingxue then placed the dumplings on the cabinet at the entrance. She didn't even enter the house and said, "The dumplings are here. I'll go back first ..."

"Don't misunderstand, Qingxue!" Feng Rao quickly said. I came over to check on the progress of the renovation after work and happened to see that the lights in the Chairman's house were on, so I came over to take a look ... Didn't the chairman not return to the company for a while? That's why I'm reporting to him about my work. "

Ling Qingxue smiled and said, "Sister che, I didn't misunderstand. You guys can continue! I'll go home first ..."

Ling Qingxue had seen Xia ruofei and Feng Rao looking at their phones together and laughing. This did not look like a report.

However, Ling Qingxue didn't want to reveal everything. This wasn't something a smart woman would do. Therefore, although she felt a little bitter in her heart, she still chose to leave at the first moment. This way, she would not fall out with him, and at the same time, she would be able to express her feelings.

Moreover, Ling Qingxue believed that even if Xia ruofei and Feng Rao were in an ambiguous relationship, she had already seen through it. At least, there would not be any more drama between the two of them tonight because she left first.

Seeing this, Xia ruofei immediately said, "Qingxue, why are you leaving so soon?" Come in and sit for a while!"

Naturally, Xia ruofei could not let Ling Qingxue go back just like that. Otherwise, he would not be able to explain himself even if he was covered in mouths.

So as he spoke, he walked over and pulled Ling Qingxue's hand into the house without saying anything.

Ling Qingxue's heart was in a mess, but she didn't want to go back just like that. If he really left, she would definitely not be able to sleep the entire night.

Therefore, she said half – heartedly, "I haven't changed my shoes yet ..."

"Then change your shoes!" Xia ruofei smiled and said, "this is your personal pair of slippers."

Ling Qingxue remained silent. After changing her shoes, she bent down and carefully put her own shoes into the shoe cabinet. Then, she followed Xia ruofei into the living room without a word.

Feng Jing felt extremely embarrassed and regretful. If she hadn't agreed to stay over, there wouldn't have been so many problems.

Feng Jing couldn't help but curse herself in her heart. I knew that Qingxue lived not far away, but I still came with RUO Fei. Why am I so stupid? How could he explain it clearly now?

Xia ruofei was very open. He felt that he had not done anything wrong and there was no need to look guilty.

He held Ling Qingxue's hand and brought her to the living room to sit on the sofa. He then said with a smile, "Qingxue, sister ran was just talking to me about a new project on our farm! Didn't I set up a small goose farm on the farm before I went out to sea? There were six Strasburg geese raised there, which was also for the test and technical reserve for the next step of large – scale breeding. Well ... Xiao liuzi, who was in charge of the breeding farm, had posted a lot of videos on TikTok, and now those six Strasburg geese had become internet celebrities! We were just watching the video! There ... The screen hasn't been turned off yet!"

Ling Qingxue's gaze followed the direction of Xia ruofei's finger. As expected, she saw Feng Rao's phone on the coffee table. It was still playing the video that Xiao liuzi had posted.

If the video on TikTok ended, it would go back to the beginning and play on loop. In this state, as long as the screen was not turned off manually, the phone would not automatically turn off.

Ling Qingxue watched the video and knew that Xia ruofei was not lying. She was already 70 – 80% convinced.

Even though it was already so late and Feng Jing was still at Xia ruofei's house, which made Ling Qingxue feel a little uncomfortable, at least the scene that she had just seen was not an ambiguous one between the two of them. When she thought about it this way, she instantly felt much better.

"I didn't say anything ..." Ling Qingxue glanced at Xia ruofei and said, "why are you explaining so much? It's like I'm very petty ..."

Xia ruofei quickly replied, "how can I?" Our Qingxue is the most magnanimous, isn't she? Sister Che!"

Feng Rao also nodded awkwardly and said, "That's for sure! Is she your overbearing President? How can I not be generous?"

## Chapter 2192 An unexpected visitor (2)

Ling Qingxue felt even more embarrassed after being teased by Feng Rao. She glared at Xia ruofei and said, "You're so glib!"

Feng Rao felt like she was sitting on pins and needles when she saw Xia ruofei and Ling Qingxue flirting with each other.

She stood up and said, "ruofei, Qingxue, I'm almost done with my report. You guys can continue chatting. I'm going back."

Xia ruofei quickly said, "sister ran, it's already so late. Don't leave!" I have a lot of rooms here, so you can stay here for the night! I'm going to the company tomorrow anyway, so let's go together!"

In fact, this was a consensus that the two of them had reached before. However, in front of Ling Qingxue, Xia ruofei naturally could not say it out loud. This could be considered a white lie! After all, Xia ruofei did not have any ill intentions when it came to Feng Jing's accommodation.

Of course, he couldn't just let Feng Jing leave like that. Firstly, it was already late at night, and it was definitely not safe for a girl to leave by herself. Besides, he was the one who invited Feng Jing to stay the night. Now that Ling Qingxue had suddenly appeared and allowed Feng Jing to leave, Feng Jing would definitely feel aggrieved.

What was this? To come and go as he was called?

"No, no..." Feng Jing replied, "it's not too late yet. It's not too far away if I call a taxi back to the company."

When Ling Qingxue heard that Xia ruofei wanted Feng Jing to stay the night, she could not help but glance at Xia ruofei with a half – Smile, feeling a little sour in her heart.

However, looking at it from another perspective, if Xia ruofei allowed Feng Jing to stay in the room in front of her, didn't it mean that Xia ruofei was innocent and honest?

Ling Qingxue felt much better when she thought about it.

She looked at Feng Rao with a smile and said, "Sister ran, why are you being so formal? RUO Fei and I are not outsiders. How can we be at ease if you go out alone at this hour? I think you should just stay here for the night ... We haven't had a good chat yet! Let's Stay Together tonight!"

This move of Ling Qingxue's was very clever. It not only showed her magnanimous side, but also showed her status as the mistress of the house. Furthermore, if she stayed behind to sleep with Feng Rao, she would be able to eliminate any potential danger. It was killing three birds with one stone.

Xia ruofei was still in a daze as he looked at Ling Qingxue.

Why else would they say that women were natural – born experts in Palace Fighting? Ling Qingxue's almost thoughtless reaction made Xia ruofei gasp in amazement.

Of course, Ling Qingxue could not hide her thoughts from Xia ruofei and Feng Rao.

Feng Rao smiled bitterly in her heart. This way, she couldn't leave even if she wanted to. Otherwise, she would be too unreasonable.

Although it would be very awkward for her to stay, she had no choice but to nod and say, "Alright ... Then I'll have to trouble you!"

"Why would I?" Ling Qingxue said happily. We can't be happier! Right, ruofei?"

Xia ruofei squeezed out a smile and said, "Mm! Yes, yes, yes ..."

"Sister ran," Ling Qingxue said. "Sit down for a while. I'll call my dad and let him know!"

Ling Qingxue picked up her phone and went upstairs.

After Ling Qingxue went upstairs, Xia ruofei and Feng Rao looked at each other.

Feng Rao said to Xia ruofei silently. Xia ruofei could guess what Feng Rao was saying just by reading her mouth. Yingluo, it's all your fault!

Xia ruofei couldn't help but smile bitterly and said, "Sister che, take a seat. I'll heat up the dumplings. Let's eat some later!"

With that, he walked to the cabinet at the entrance and picked up the lunchbox that Ling Qingxue had brought. He then fled into the kitchen.

Feng Rao didn't know whether to sit or stand and felt uncomfortable.

Ling Qingxue finished her call very quickly. She told Ling Xiaotian that Xia ruofei had a female friend who was visiting and wanted to chat with her for a while. She was afraid that she would wake Ling Xiaotian up if she returned too late, so she was staying the night.

Ling Xiaotian agreed to Qianqian's request without hesitation. He did not care if it was Ling Qingxue's excuse. Anyway, he was well aware of the progress between Xia ruofei and Ling Qingxue.

What era was it now? Naturally, Ling Xiaotian would not be so old – fashioned.

Moreover, he was extremely satisfied with Xia ruofei as his future son – in – Law. How could he possibly set up obstacles in this kind of thing?

After all, Ling Xiaotian was once young! He knew the young man's mind very well.

Ling Qingxue went downstairs and asked with a smile, "Eh? Sister che, where did that guy go?"

"Ruofei said to heat up the dumplings ..." Feng Rao said unnaturally.

"Alright!" Ling Qingxue said enthusiastically, "sister ran, try it later!" My dad made this himself, he's really good at it!"

"Sure ..." Feng Jing felt like she was a toy at the mercy of others. She just had to agree to whatever Xia ruofei and Ling Qingxue said. "President Ling's cooking skills are definitely beyond doubt!"

In fact, Xia ruofei had already heated up the dumplings in the microwave very quickly. However, he waited until he heard Ling Qingxue coming downstairs before he brought the dumplings out.

"Time to eat dumplings!" Xia ruofei smiled and said, "sister ran, Qingxue! Come and eat with us!"

Ling Qingxue had brought a lot of dumplings. Xia ruofei filled up two big plates, along with the utensils and vinegar. He had to make three trips to bring them all out.

Ling Qingxue and Feng Rao went to the dining room. Although the three of them were not very hungry, they each ate a few dumplings and Xia ruofei put the rest in the refrigerator.

After finishing the dumplings, Feng Rao took the initiative to go to the kitchen with Ling Qingxue to wash the dishes. Xia ruofei also wiped away his cold sweat and sat on the sofa to rest with a bitter smile.

The two women quickly tidied up and walked out of the kitchen.

"Qingxue, I think I'll sleep alone tonight!" Feng Rao said. You can go with ruofei ..."

Ling Qingxue blushed and said, "sister ran, what are you saying?" How can I sleep with him? We're not even married ..."

Xia ruofei looked at Ling Qingxue in amusement and said, "Qingxue, I guess sister ran is not used to sleeping with others! Don't join in the fun, there are a lot of rooms here, I'll just get you another one!"

"Oh! "Alright ..." Ling Qingxue said, her face slightly red.

Xia ruofei's words seemed to be trying to hide something, but of course, Feng Rao was not stupid enough to expose him. She just smiled and asked, "Ruofei, which room should I sleep in tonight? I want to go to bed early ..."

Xia ruofei quickly replied, "Oh!" Okay, okay, okay ... Sister che, you can sleep in the guest room on the first floor! Qingxue, bring sister ran to her room and help her with the bed. There's a whole set of bedsheets in the cabinet, and they're all brand new!"

Ling Qingxue immediately replied, "sure!" Just leave it to me!"

"Sister Jing, come with me!" She turned to Feng Jing.

Xia ruofei also smiled at Feng Rao and said, "Good night, sister Che!"

The disappointment in Feng Rao's eyes disappeared in an instant. Then, she smiled and said, "Good night!"

Ling Qingxue brought Feng Rao to the guest room, while Xia ruofei quickly grabbed the cleaning tools and went to the second floor.

Today, he had only cleaned the first floor. Now, he needed to clean the master bedroom upstairs as well. As for the other rooms, he didn't need to care about them for the time being since no one lived there anyway.

Xia ruofei had just finished cleaning all the furniture in the room and was about to mop the floor when Ling Qingxue came into the room.

She leaned against the door frame, the corner of her mouth slightly curved into a charming arc, and said, ""President Xia, you're so diligent! Don't tell me you're feeling a little guilty?"

Xia ruofei mopped the floor and said without looking up, ""What's there to be guilty about? Am I doing this in a righteous manner? You're the one who's thinking the wrong way ... Lift your leg! Don't interfere with my work ..."

Ling Qingxue looked at Xia ruofei, who was dragging the second floor, and laughed. ""I was just joking with you! Even if I don't believe you, do you think I won't believe sister che?"

Chapter 2193 Cultivation advancement (1)

"What are you saying ..." Xia ruofei didn't know whether to laugh or cry. "You still don't believe me ..."

"I believe you! I believe in you! "That's enough ..." Ling Qingxue said with a smile.

Xia ruofei leaned the mop against the wall and said, ""Wife, I'm done mopping the floor. Do you want to sleep in the guest room? I'm going to clean up the place!"

Ling Qingxue glared at Xia ruofei and said in an unfriendly tone, ""What do you think? Could it be that someone wanted to steal my body from another room after I fell asleep?"

Ling Qingxue could stay in the same room as Feng Ye or Xia ruofei, because she could at least keep an eye on one of them. However, she was definitely not going to sleep in the guest room alone. Otherwise, what was the point of staying at Xia ruofei's house?

Xia ruofei chuckled, "you're the one who took the initiative to stay in the same room as me!" I didn't force you, right?"

Ling Qingxue finally understood Xia ruofei's intentions. She could not help but say in embarrassment and anger, ""Why are you so bad!"

Xia ruofei laughed and put his arm around Ling Qingxue's shoulder. "I was just joking! Wife, who told you to joke with me first?"

"Hmph! You only know how to bully me!" Ling Qingxue twisted her body, trying to break free.

However, Xia ruofei's grip was very tight, and Ling Qingxue did not really use much strength. So, not only did she not manage to break free, but she was also pulled into Xia ruofei's arms.

Ling Qingxue clattered and hit Xia ruofei's chest with her pink fist. She said, ""You're so bad ... You're so bad ..."

Xia ruofei stretched out his leg to hook the door of the room and closed it. Then, he carried Ling Qingxue by the waist and strode towards the soft bed.

This bed was chosen by Ling Qingxue and Xia ruofei together. It was three meters wide and had a size – made latex mattress on top. It was soft and had a hint of elasticity. The two of them had dated in this villa a few times, and this big bed was definitely the "main battlefield".

Now that the flames of war had risen again on this “main battlefield,” waves of heart – shaking murmurs accompanied by the creaking of the bed were like a Symphony that made people blush and their hearts beat faster. The bedroom was suddenly filled with Endless Spring light ...

After a long time, the two of them finally stopped and snuggled up against each other to rest.

Ling Qingxue’s face was still flushed as she said, “”Why are you so lecherous? If sister ran, who is downstairs, hears this, how can I still be human? It’s so embarrassing ...”

Xia ruofei said nonchalantly, “the soundproofing of this house is pretty good!” How could it be heard so easily? Unless you’re stupid enough to arrange a room for her just below our bedroom ...”

Ling Qingxue tilted her head and tried to recall. Then, she let out a scream, and her face, which was already flushed, became even redder.

“What’s wrong?” Xia ruofei caressed Ling Qingxue’s smooth skin and asked with concern.

Ling Qingxue looked at Xia ruofei in embarrassment and stammered, “”I ... I think I’ve really lost my mind ... What should I do?”

Xia ruofei sat up immediately. He stared at Ling Qingxue and asked, “”Wife, you’re not joking? There are a few guest rooms downstairs! You ... Are you sure you’re really going to stay in the room just below our bedroom?”

Ling Qingxue nodded silently.

Xia ruofei rubbed his forehead and was speechless. After a while, he said with uncertainty, “”Qingxue, we ... We didn’t make much noise just now, did we?”

“I think so ...” Ling Qingxue also had an awkward expression on her face.

The two of them looked at each other and covered their faces with the blanket at the same time. Then, they couldn’t help but laugh again.

Xia ruofei lifted the blanket and said, “let’s not care about that!” It’s already done anyway, there’s no medicine for regret!”

Then, Xia ruofei reached out and touched Ling Qingxue’s shoulder. “”Wife, why don’t we ... Have another fight? Let’s keep it a low profile this time ...”

Ling Qingxue was so scared that she quickly wrapped herself tightly with the blanket and said, “”Absolutely not! Ruofei, stop joking ... Sister ran is just downstairs! Don’t play any more tricks tonight! Otherwise, I’m really going to sleep in the next room ...”

Xia ruofei chuckled and said, “I was just saying ... Oh right, wife!” I still have something good to give you!”

Ling Qingxue peeked her head out from under the covers, her hands still gripping the corners of the blanket tightly. “”What is it?”

Xia ruofei smiled and said, “just wait!” I’ll go get it!”

He naturally thought of the two types of fruits he had collected on green travel Immortal Island. He had originally planned to give a few to Ling Qingxue, but in the afternoon, he thought that Ling Qingxue wouldn't be coming over tonight, so he had temporarily placed them in his spatial ring.

Xia ruofei got off the bed and opened the drawer with his back facing Ling Qingxue. After blocking her view, he took out a dark red fruit and a dark purple fruit from the medium. He held the fruit in his hand and walked back with a smile.

"Here!" Xia ruofei handed the fruit over.

"What is this? How come I've never seen this fruit before?" Ling Qingxue asked.

"Don't ask so much, you'll know after you eat it!" Xia ruofei smiled and said, "let's eat the red one first ..."

"Oh!" Ling Qingxue pouted.

She obediently picked up the red fruit and took a bite. She immediately felt her mouth full.

Chapter 2194 Cultivation base advancement (2)

"It's quite delicious!" Ling Qingxue said.

Xia ruofei watched as Ling Qingxue quickly swallowed the fruit. He smiled and asked, "Qingxue, how do you feel?"

Ling Qingxue took a tissue from the tissue box on the bedside table and wiped her mouth, then said, "I don't feel anything! I just feel that the taste is not ... Eh? What was going on? It's like in the dantian ..."

As Ling Qingxue spoke, she turned over and sat up. She didn't care that she was naked. She sat cross-legged on the bed and started to practice the "absolute beginning Heart Sutra".

Once Ling Qingxue entered a state of cultivation, her expression would become extremely focused, giving off a pure and holy feeling.

However, she had no clothes on her at the moment and she was sitting cross-legged in an extremely alluring position. Xia ruofei's heart skipped a beat when he saw her and he almost lost control of himself.

He quickly looked away and used his spiritual power to observe Ling Qingxue's condition.

Ling Qingxue cultivated for about an hour and a half before she let out a long breath and stood up.

Only then did she realize that she wasn't wearing any clothes. She couldn't help but scream and quickly burrowed into the blanket like a frightened deer. Then, she asked in a coy tone, "RUO Fei, why didn't you remind me? It's so embarrassing!"

Xia ruofei smiled and said, "wife, I'm not stupid!" Where would I usually see such a sexy scene? Why should I remind you?"

Ling Qingxue glared at Xia ruofei with a red face and said, "You ... You're full of bad ideas ..."

She had wanted to ignore Xia ruofei and ignore him for the time being, but she could not hold back her curiosity. After a minute, she could not help but ask, ""RUO Fei, what kind of fruit did you give me? In just one hour, my cultivation has increased by a huge amount! This effect is too amazing!"

Xia ruofei smiled."Of course, I gave you something good. But I don't know what this fruit is called. Wife, since you've finished absorbing it, you can eat the other fruit too!"

"I know ..." Ling Qingxue nodded and asked,"what special effects does this fruit have?"

"You guess!" Xia ruofei blinked and asked with a smile.

"Guess your head!" Ling Qingxue said unhappily. Then, she took a big bite of the fruit, as if she was mistaking it for Xia ruofei.

She also finished the fruit in a few bites and was ready for battle. Unexpectedly, the fiery feeling in her dantian did not appear. Instead, she felt a cool sensation in her head, as if a clear stream was nourishing her soul, making her so comfortable that she almost moaned out.

After about half an hour, the cool and moist feeling gradually disappeared.

Ling Qingxue sensed for a moment and cried out in surprise, ""RUO Fei, this fruit can actually nourish the soul! It's simply too miraculous ... My spiritual power has suddenly increased by a small realm!"

"You've reached the spirit throbbing stage?" Xia ruofei asked in surprise.

"En!" Ling Qingxue nodded her head and said,"this is a real surprise! Ruofei, the effect of this fruit is really amazing!"

Xia ruofei's feelings were a little complicated.

Ling Qingxue's cultivation had improved, and her spiritual power had reached the spirit throb stage. He was naturally happy for her.

But at the same time, as Ling Qingxue's cultivation level increased, the day they could cultivate their spirit bodies together was getting closer and closer. This also meant that the day he could tell Ling Qingxue about Song Wei's matter was getting closer and closer.

Xia ruofei's heart was filled with anxiety. He had no confidence at all. At the same time, he was afraid that the moment he laid his cards on the table, he would lose Ling Qingxue completely. He was in a very conflicted mood.

Seeing Ling Qingxue's excitement, Xia ruofei shook his head to get rid of all the distracting thoughts. Then, he said, ""Qingxue, I still have a few of these fruits with me, but I guess the effect is the best the first time you eat it. It will be weakened a lot after you eat it."

"Then don't waste it ..." Ling Qingxue immediately said.

"What are you saying? How can it be a waste if it's for my wife?" Xia ruofei said,"what I mean is that you should eat one fruit each from tomorrow onwards. After eating for five days, I think there won't be any effect."

This kind of fruit didn't have any obvious effect when it was consumed by people with high cultivation. Similarly, if the same person consumed it many times, the effect would only be most obvious the first time.

"Ah? That extravagant?" Ling Qingxue was a little hesitant.

Xia ruofei smiled and said, "it's nothing!" However ... I have to use special means to keep this fruit, or it will spoil easily. That's why ... You have to come to me every day to take it ..."

Ling Qingxue blushed and said, "I know ..."

Then, Ling Qingxue crawled out from under the blanket and said as she put on her clothes, "Ruofei, I'm not sleepy anymore after being stimulated by this fruit. Why don't we ... Cultivate for a while?"

Xia ruofei thought for a while and said, "sure!" I'll go get the formation flags!"

With that, he put on his pajamas and jumped off the bed. He walked out of the door and stayed in the next room for a while. Then he took out the array flag from the space and went back to the bedroom with it. He locked the door of the room.

Xia ruofei skillfully set up the time formation on the carpet in the bedroom. Then, he walked into the formation with Ling Qingxue hand in hand.

The two of them sat down cross – legged and Ling Qingxue was about to enter a state of cultivation. Xia ruofei smiled and said, "By the way, we don't need to use crystals today ..."

"You don't need crystals?" Ling Qingxue was stunned for a moment. "The spiritual Qi of heaven and earth is very chaotic!" Moreover, the amount is quite small, and it can't support our cultivation at all!"

Xia ruofei chuckled and said, "not using spiritual crystals doesn't mean that there are no other aids!" Just wait and see!"

With that, Xia ruofei put his hand into his pocket. When he took it out again, there was a piece of crystal in his hand.

"We'll use it today!" He said with a smile.

"What's this?" Ling Qingxue looked curiously at the origin crystal in Xia ruofei's hand and said, "such pure energy!"

Xia ruofei smiled and said, "of course it's good stuff!" Wife, come! Don't waste time ..."

"Oh!" Ling Qingxue stuck out her tongue and quickly extended her palms.

Xia ruofei pressed his palm against Ling Qingxue's, and the origin crystal was held between their palms.

The two of them tacitly circulated the "absolute beginning Heart Sutra" mental cultivation method, and instantly, an extremely pure energy was emitted from the origin crystal, following the two's meridians and reaching their dantian.

Ling Qingxue's cultivation level was slowly increasing as she completed the Qi circulation. More and more spiritual Qi was being converted into true Qi in her dantian.

Using Origin crystals to cultivate was much more efficient than using spiritual crystals. Even Xia ruofei, who was at level 8 of the refinement stage, felt that he had benefited a lot.

He had accompanied Ling Qingxue in the array for three to four days, and he could actually faintly feel the existence of refined Qi level 9. That bottleneck was already in sight, and it could be said that the breakthrough was just around the corner.

Ling Qingxue's cultivation had also increased by a large margin.

The "absolute beginning Heart Sutra" was originally a cultivation technique that was very suitable for two people to practice together. If it was cultivated alone, it would not even be as good as an ordinary cultivation technique. However, once two people practiced it together, it was simply a super cultivation technique. Especially the spirit body combined cultivation, it could really be said to be the creativity of a genius.

Xia ruofei was full of admiration for the creator of the "Scripture of the primogenitor".

It was no wonder that this cultivation technique was recorded in the Jade talisman of inheritance in the spirit map world.

When Xia ruofei was not by her side, Ling Qingxue could only cultivate alone, so her efficiency had always been low. Every time Xia ruofei trained with her, her cultivation would improve by a step. She felt like a child from a poor family celebrating the New Year.

Ling Qingxue could already feel the bottleneck of refined Qi Level 3. As long as she practiced with Xia ruofei for a few more days, she would be able to break through.

Xia ruofei kept the time array flag and put it in the drawer of the bedside table. He smiled and said, "Qingxue, it's already past three o'clock. Let's take this time to sleep! I still have to work tomorrow!"

Chapter 2195 Setting sail (1)

"Okay ..." Ling Qingxue nodded her head obediently and got into bed.

Xia ruofei climbed onto the bed and hugged Ling Qingxue's body from behind.

Very quickly, he heard Ling Qingxue's breathing slowly become even. She had clearly fallen asleep.

Xia ruofei's eyes were wide open, and he did not fall asleep for a long time.

Ling Qingxue's progress was much faster than he had expected. Once Ling Qingxue broke through to refined Qi Level 3, in addition to her spiritual power reaching the early stage of spiritual palpitations, she would be at the same level as Song Wei when he was cultivating with her spiritual body.

Furthermore, Xia ruofei's spiritual power cultivation had broken through to the spirit gathering realm. His control of his spiritual power was much better than when he was cultivating with Song Wei.

In other words, once Ling Qingxue broke through to refined Qi Level 3, she could basically start trying to practice spirit – body Fusion.

Xia ruofei didn't expect the showdown to happen so quickly.

Of course, even after the spirit and body combined cultivation, Xia ruofei could not have told Ling Qingxue about Song Wei. However, dragging it out was not a solution. It would go against his original intention and it would be unfair to Song Wei.

At that moment, Xia ruofei couldn't help but feel worried. He tossed and turned in bed for a long time before he managed to fall asleep.

At six in the morning, Xia ruofei felt Ling Qingxue move beside him. She gently lifted the blanket and prepared to get out of bed. He woke up in an instant.

In fact, Xia ruofei did not sleep much for the past two to three hours. At most, he was in a half – awake state.

Xia ruofei knew that Ling Qingxue probably wanted to go downstairs to prepare breakfast. After all, Feng Jing lived on the first floor. He guessed that Ling Qingxue had her own plans and did not want Xia ruofei to go down alone to prepare breakfast, so he decided to wake up earlier.

Xia ruofei laughed in his heart. He had wanted to pretend to be asleep, but on second thought, he realized that he couldn't. He was very clear about Ling Qingxue's cooking skills. For the sake of his stomach, he couldn't be lazy.

Hence, Xia ruofei lay down for a while. When Ling Qingxue came out of the bathroom after washing up and stood by the bed to change her clothes, he pretended to have just woken up and rubbed his eyes to look at Ling Qingxue.

"Why are you up so early?" Xia ruofei purposely asked with a hint of sleepiness.

"Ya! I woke you up!" Ling Qingxue said, "it's nothing. You should sleep a little longer! I'll go downstairs to make breakfast!"

Xia ruofei immediately got up from the bed and said, "Wife, how can I let you do this kind of rough work? I'll do it!"

After he finished speaking, he ignored Ling Qingxue's advice and quickly got dressed. Then, he walked to the bathroom as he said, "Wait for me! You don't have to worry about the breakfast, I'll take care of it!"

Xia ruofei washed up and went downstairs with Ling Qingxue.

Ling Qingxue took the initiative to go downstairs to cook because she had her own thoughts. Now that Xia ruofei went downstairs by himself and she was watching from the side, she was naturally happy to be free since Xia ruofei was willing to make breakfast.

She watched as Xia ruofei busied himself in the kitchen. Since she could not help, she went to the living room and cuddled on the sofa, scrolling through her phone.

After a while, Feng Rao also woke up.

It was obvious that she had not had a good rest. Her face still looked tired, and even her eye bags were showing.

When Ling Qingxue saw Feng Rao, she immediately put away her phone and stood up. She smiled and said, ""Sister che, you're up!"

"Yup! You guys are up early!" Feng Rao smiled.

Ling Qingxue looked at Feng Rao and asked with concern, ""Sister che, you don't look very good! Did you not rest well last night?"

Feng Rao's face reddened as she thought about the faint sounds coming from upstairs last night. She said unnaturally, ""Yup! I didn't sleep well ..."

"Why?" Ling Qingxue asked, concerned. Are you not used to a strange place?"

Feng Jing thought to herself, don't you guys know why?

However, she couldn't reveal this matter. She could only go along with Ling Qingxue's words and said, ""Maybe! I don't really like my bed ... It's okay, I'll just sleep early tonight and get some sleep ..."

"Poor sleep will have a huge impact on the skin." Ling Qingxue said, "by the way, I still have some Jade skin cream here. Come upstairs with me and use it!" The Jade skin cream is very effective in eliminating eye bags. It's simply immediate. "

Feng Jing knew the effects of the jade skin cream. She had planned to use it when she returned to the company, so she subconsciously declined, ""No need, no need ... I also have some over there ..."

"Why are you being so polite with me?" Ling Qingxue dragged Feng Rao upstairs without a second thought. "You need to get your skin treated immediately!" Let's go, let's go!"

Xia ruofei came out with a few side dishes and said with a smile, ""Time for breakfast! Eh? Qingxue, why are you pulling sister ran upstairs?"

"Don't blindly inquire about Women's Affairs!" Ling Qingxue said, "you eat first! You don't need to wait for us ..."

Xia ruofei smiled bitterly and put down the plates. He shook his head and went to the kitchen to get the porridge.

The breakfast that Xia ruofei prepared was simple. It was plain porridge and side dishes. There were also a few fried eggs with Lotus. It was not very sumptuous but it looked very exquisite.

After a while, Feng Rao and Ling Qingxue came down side by side. Feng Rao's complexion looked much better, and it seemed like the effects of the jade skin ointment were quite good.

However, the jade skin cream could only improve her skin, but it could not hide the disappointment between her brows.

Chapter 2196 Setting sail (2)

Of course, Feng Rao didn't show it. Instead, she held Ling Qingxue's hand and looked very intimate.

Xia ruofei could not understand the things between women. Ling Qingxue was obviously wary of Feng Rao. Last night, she even stayed over for the first time. Now, the two of them were as close as sisters.

Xia ruofei shook his head and called the two over for breakfast.

After the meal, Xia ruofei drove Ling Qingxue back to the company before driving to the Tao Yuan building.

On the way, Feng Jing remained silent, and the atmosphere was a little heavy.

Seeing that the Paradise building was not far away, Feng Jing suddenly asked, "RUO Fei, Qingxue ... Could there be some misunderstanding?"

Xia ruofei laughed and said, "it's fine!" Sister ran, don't think too much! Even if there's a misunderstanding, I've already explained it clearly last night ..."

Feng Rao couldn't help but think of the voice from upstairs last night. She nodded silently and didn't say anything else.

Xia ruofei parked the car in the underground parking lot and the two of them took the elevator to the top floor.

At the elevator.

Xia ruofei said to Feng Jing, "sister Jing, please inform the senior management at home that we'll meet up in an hour!" I'm listening to everyone's work reports during this period. "

The reason why he set aside an hour was that he considered that Xue Jinshan and the others were most likely at the construction site in Changping County, so he had to set aside time for the meeting.

"Alright!" Feng Jing nodded.

After returning to the company, Feng Jing became a strong career woman again, arranging her work meticulously.

An hour later, in the large conference room on the top floor, all the company's senior executives had arrived. Even Cao tieshu, who was in charge of the farm, had rushed over.

In fact, Feng Jing had already briefly reported the main work to him yesterday, so Xia ruofei had an idea of what to do.

After listening to everyone's report, Xia ruofei smiled and said, "Everyone has worked hard during this period of time, and your work has been fruitful. I'm often not in the company, but I'm very relieved to have a group of capable subordinates like you. I may have to go to Beijing again in a while, so I hope everyone doesn't slack off at work. It's going to be the new year soon, so I hope we can finish our work this year! Alright, let's split up! By the way, old Cao, please stay ..."

The high – ranking officials stood up and left the meeting room, leaving Cao tieshu behind.

"Big brother Cao, how did you get here?" Xia ruofei asked with a smile.

"Factory manager Xue gave me a ride." Cao tieshu said with a simple and honest smile on his face.

“Didn’t you leave a car at the farm? As the person in charge of the farm, you should just send the cars. You don’t have to save on gas. ” Xia ruofei said, “factory manager Xue must have gone back first. I’ll arrange a car to send you back later!”

“Thank you, Chairman.” Cao tieshu said.

Xia ruofei smiled and said, “big brother Cao, I asked you to stay because I want to tell you about the goose farm.” You’ve done well in this matter! That Xiao liuzi is a talent!”

“Chairman, Xiao liuzi is cultured. He likes to think about things. I can’t compare to him ...” Cao tieshu said with a smile.

Xia ruofei smiled and waved his hand. “No matter how capable he is, he’s still a young man who just graduated from school. He can’t be compared to you!”

Xia ruofei continued, “but he’s been doing a great job recently. I’ve decided to promote him to a full – time employee in advance!” Go back and inform him to come to the headquarters to handle the employment procedures. I have already spoken to President Feng about this, she will only report to the Human Resources Department. ”

Hearing this, Cao tieshu was overjoyed and quickly said, “Chairman, I thank you on behalf of Xiao Liu Zi!”

Xia ruofei waved his hand and said, “you’re welcome. That kid is a talent!” That’s our company’s culture. As long as you have the ability and make a contribution to the company, I will not be stingy with the rewards! Tell Xiao liuzi to run his TikTok account well. In addition, he has to continue to concentrate on raising the geese. I’m counting on him to take the lead when we start large – scale breeding next!”

“Alright, alright! I’ll definitely tell him your exact words!” Cao tieshu said.

Xia ruofei continued to chat with Cao tieshu about the farm.

Although the farm’s profits could not catch up to the factory ‘s, it was the foundation of Xia ruofei’s fortune. He had always placed great importance on the farm business.

After a few years of training, Cao tieshu had long since transformed from an illiterate uneducated man to a qualified farm manager. When he talked about the work that he was in charge of, he was also well – versed in it.

After the two of them talked for a while, Xia ruofei gave Lei Hu, who was in charge of the convoy, a call and asked him to send Cao tieshu back to the farm.

For the next two days, Xia ruofei showed up at the office on time, which was a rare occasion, and took care of the backlog of work.

In addition, he also took some time to go to the farm and personally inspected the manufacturing factory and the goose farm. He also gave Xiao liuzi some encouragement.

In the blink of an eye, it was the weekend.

Ling Qingxue had already informed Ling Xiaotian that she would be going out to sea with Xia ruofei this weekend. They would be returning on Sunday after spending a night at sea.

Ling Xiaotian could not wait for Xia ruofei and Ling Qingxue to be together! Xia ruofei was often not at home, and Ling Qingxue was usually very busy with work. The two of them did not spend much time together, and Ling Xiaotian was worried that their relationship would slowly fade! Therefore, he was quite supportive of it.

Early Saturday morning, Xia ruofei drove the Knight XV to pick up Ling Qingxue from the Ling family villa, then headed towards the Yacht Club.

On the way, Xia ruofei was a little nervous. He was full of anticipation for the upcoming trip to the sea, but at the same time, he was a little nervous.

This was because he had already decided that once they were out at sea, he would definitely cultivate together with Ling Qingxue. If Ling Qingxue's cultivation level broke through to refined Qi Level 3, then he would begin to try to cultivate both spirit and body ...

Naturally, Ling Qingxue did not know about Xia ruofei's plans. She was extremely happy and chattered non – stop.

It didn't take long for the car to arrive at the Yacht Club.

The manager, Qin Lan, who had been informed by Xia ruofei the day before, was already waiting at the club.

When she saw Xia ruofei, she immediately greeted him with a smile.

"Manager Qin, this is my girlfriend, Ling Qingxue," Xia ruofei introduced.

With a warm smile on his face, Qin Lan said, "Hello, President Ling! I've long heard of your great name!"

It was Qin Lan's compulsory course to study the client's information. On the other hand, Xia ruofei's information was quite easy to collect. One could get a lot of relevant information by asking Baidu directly. The relationship between Xia ruofei and Ling Qingxue was no longer a secret on the internet. Naturally, Qin Lan could recognize Ling Qingxue at first glance.

Ling Qingxue also smiled and greeted Qin Lan.

Xia ruofei asked, "manager Qin, is the maintenance of the yacht done?" And the fuel is full, right?"

"Don't worry. I personally made the arrangements after I received the notice yesterday." Qin Lan smiled and said, "your paradise is now full of health. You can set sail at any time!"

"Thank you!" Xia ruofei said, "send the bill to my email. I'll transfer the money to you as soon as possible!"

"Thank you, Mr. Xia!" Qin Lan said.

Qin Lan personally sent Xia ruofei and Ling Qingxue to the exclusive berth of the peach source. After watching them board the ship and leave the port, she returned in her scooter.

On the Paradise, Ling Qingxue could not contain her excitement. She stood in the cockpit and kept talking to Xia ruofei.

“Ruofei, this yacht is so beautiful!” Even though Ling Qingxue had already experienced the yacht on the day of the trial flight, she still couldn’t help but exclaim in admiration.

Xia ruofei laughed as he steered the yacht.””You don’t think I’m a prodigal now, do you? This 70 million is well worth it!”

After the yacht left the busy waters near the dock, it drove at full speed towards the open sea. It gradually left the land behind and came to the vast sea ...

Chapter 2197 willing to bet, willing to lose (1)

The two of them did not have a specific destination. Xia ruofei simply set a location on the navigation system and turned on the autopilot system. He brought Ling Qingxue to the deck of the flying bridge.

The view was the widest here, and there was also a control panel on the bridge. If anything happened, they could switch to manual control at any time.

It was still a little cold in winter, especially when the yacht was traveling at high speed. The wind on the flying bridge was also very strong, but the two of them were cultivators, so this cold did not affect them at all.

They really enjoyed the feeling of being able to sail freely on the sea.

They were far away from the hustle and bustle of the city, and the vast sea was all they could see. It was as if they were the only two people in the world. This was a real world for the two of them.

Ling Qingxue was also very excited. She held onto the railing of the deck and shouted at the sea,””Ah ... I want freedom!”

Xia ruofei also laughed and shouted along.

After a long while, the two of them looked at each other and smiled. Xia ruofei put his arm around Ling Qingxue’s waist and said with a smile,””Wife, let’s go out to sea when we have time in the future! Relax!”

“En!” Ling Qingxue nodded her head.

After sailing for about an hour, Xia ruofei stopped the yacht.

The weather was very good today. The cloudless sky was blue, and the warm sun shone down on them, making them feel very comfortable.

Ling Qingxue lazily leaned against the sofa on the deck and asked with a smile,””Ruofei, when are you going to catch a blue lobster for me to see?”

“Wife, you still remember this?” Xia ruofei asked with a smile.

“I must remember!” Ling Qingxue pouted and said,”I’ll send you to and from work every day for a month, and I’ll get a Chinese perch every day!”

“You’ll have to win the bet!” Xia ruofei laughed.

Ling Qingxue shrugged her shoulders and said, “I don’t see any chance of you winning this bet!” Student RUO Fei, why don’t you just admit defeat? How about losing half of the battle if you surrender? “I know you have to go to Beijing to record a program at the end of the month. It’s a little too much for you to stay at the three mountains for a month ...”

“You even know that?” Xia ruofei asked in surprise.

“Sister che told me!” Ling Qingxue lifted her chin proudly and said, “how is it? Please consider my suggestion!”

Xia ruofei laughed and said, “no need to consider!” My wife, since you can’t wait to lose, I can only fulfill your wish! Let’s go! Let’s cast the net now!”

“Really?” Ling Qingxue immediately sat up from the sofa.

“How can it be fake? I didn’t prepare many ingredients this time, so I’ll be eating seafood for the next two days!” Xia ruofei smiled and said, “let’s go! I’ll go get the fishing net!”

Ling Qingxue immediately got up without even putting on her shoes. The deck was warm from the sun anyway, and it was very comfortable to step on it with her bare feet.

After Xia ruofei took the fishing net, he brought Ling Qingxue to the bottom of the yacht, where the last of the intimate platform was. He smiled and said, “Just wait and see!”

Ling Qingxue giggled and said, “I don’t believe you’re that lucky!” I’m telling you, I’ve also specifically checked the information. The nearby Sea area is not the production area of blue lobsters at all, and the lobster’s range of activity is very deep in the sea. You were able to catch one with a net last time, and you already don’t know what kind of luck you have! I don’t believe that such luck can come a second time!”

Xia ruofei didn’t argue. He tidied up the net unhurriedly and then threw it out with great ease.

In fact, he had already prepared the blue lobster. In the past few days, he had specifically asked Xia Qing to get seawater, and then used the time array flag to quickly cultivate the blue lobster.

In fact, he had been out at sea for more than ten days, and the young lobsters attached to the blue lobsters he had caught had all left their mothers’ bodies and settled down at the bottom of the space sea.

However, Xia ruofei had absolute control over every blade of grass and every tree in the space. With him taking action personally, the twenty to thirty young prawns naturally had nowhere to hide.

He scooped up all the young prawns and raised them in a breeding box with seawater. Then, he handed it to Xia Qing and asked her to take care of the young prawns and change the seawater for them regularly.

In any case, one sheep was chased, and a herd of sheep was also chased.

Xia ruofei wanted to make use of the huge difference in time flow to “mature” all the young lobsters. This way, he could quickly breed the rare blue lobsters in the space ocean.

The time array flags, in addition to the time acceleration effect of an Archean expert, could accelerate time to a maximum of 2000 times. Even if Xia Qing frequently removed the array and changed the seawater, these few days were enough for the young prawns to grow up.

Now, the young prawns had grown to the size of their mothers. Xia ruofei had put them back into the sea space so that they could live and reproduce freely.

Xia ruofei only needed one blue lobster today. If he wanted to, he could take it from the space sea anytime.

For the first net, Xia ruofei did not immediately take out the blue lobster. He used his spiritual power to sense a small school of fish passing by and threw the net over decisively.

This net was quite a good catch. Xia ruofei threw some smaller fish and shrimp back into the sea, leaving only a few fish that weighed two to three catties.

Chapter 2198 willing to bet, willing to admit defeat (2)

Ling Qingxue chuckled and said, “Someone seems to have a bad start! Where’s the blue lobster?”

Xia ruofei was tidying up the net. He said without looking up, “What’s the hurry? If I can get a blue lobster with the first net, wouldn’t I be a God?”

“Even if I give you a hundred or a thousand chances, you still won’t be able to catch any more blue lobsters ... Oh, right, ruofei, should we set a number of times?” Ling Qingxue said rudely. You can’t keep casting your net without any restrictions, right? Then if we can’t fish it out, when will we get it?”

Xia ruofei smiled, “you can’t wait to win?” Then, my wife ... What if I lose if I can’t get anything?”

Ling Qingxue tilted her head and thought for a moment before saying, “It’s a bit of bullying if it’s too little, huh? After all, this was too difficult ... How about ... 50 times? However, you can only play the net 25 times today! The remaining half will come back tomorrow! We’re out at sea to play, not to fish ...”

Xia ruofei replied readily, “sure!” 25 times it is! Don’t wait until tomorrow, if I can’t get it today, I’ll lose! That’s good enough, right?”

“Really?” Ling Qingxue looked at Xia ruofei in disbelief.

Xia ruofei smiled and said, “can I go back on my word?” Let’s set the limit at 25 times, and we’ll decide the winner and loser today!”

“You said it!” Ling Qingxue said, “let’s continue! There are still 24 more ...”

“What happened just now counts as well?” Xia ruofei widened his eyes and pretended to be calculative.

“Of course!” Ling Qingxue said.

“Okay, okay, okay ...” Xia ruofei said, “I’ll go easy on you!”

With that, he cast the net out again.

This time, he was serious. He didn't cast the net far. At the moment he cast the net, he connected with space and instantly locked onto a blue lobster that was leisurely blowing bubbles at the bottom of the sea. He moved it to the outside world, making it appear directly in the sea, and right under the net.

The unlucky blue lobster didn't even realize that it had changed its position before it was caught by the net.

Ling Qingxue leaned back and placed her hands on the affinity platform. Her long legs were still shaking when Xia ruofei took back the net.

Ling Qingxue glanced at him and said with a smile, "The harvest from this net seems to be very small ..."

Xia ruofei did not deliberately look for fish. This kind of random casting would not yield much.

However, it was enough as long as the blue lobster was there.

Ling Qingxue couldn't see clearly through the net, but when Xia ruofei poured all the fish in the net onto the AGO, her eyes were immediately fixed on the pile of small fish and prawns. The big blue lobster was so conspicuous.

It was more than 40 centimeters long and bright blue in color. Even an ordinary person could tell the difference between this lobster and an ordinary lobster at a glance.

Xia ruofei also pretended to be surprised and said, "Ya! I think I've fished it out!"

Ling Qingxue was dumbfounded. After a while, she muttered, "This ... How is this possible?"

Xia ruofei stretched out his hand and poked the blue lobster. He teased, "Wife, seeing is believing! Look at my character! You gave me 25 chances, but I only used two ..."

Ling Qingxue's face was filled with disbelief. After she regained her senses, she pouted and said to Xia ruofei, "You must have cheated, right? How can there be such a coincidence?"

Xia ruofei put on an innocent expression and spread his hands. "Wife, have some conscience when you speak! How could I cheat? You saw me throw the empty net in and then you saw me bring the lobster up, right?"

"I don't care!" Ling Qingxue said. This was simply impossible! There must be something wrong with this abnormal situation! Ruofei, tell me honestly, how did you cheat?"

Xia ruofei blinked his eyes and said gloomily, "Wife, even if you want to go back on your word, you should at least find a better reason ... Forget it, I know you're competitive, so let's call off our bet! I'll just pretend that this never happened ..."

Ling Qingxue blushed and said, "No! Why can't I afford to lose? What's the point of calling off the bet?"

Xia ruofei spread his hands and said, "then you can't just insist that I cheated!" I've already fished up the blue lobster, you can't count it as my loss, right?"

"Then you win. Is that okay?" Ling Qingxue said reluctantly.

Xia ruofei immediately beamed with joy and said, ""Of course! Wife, I remember that our agreement was that if I win, you must agree to one of my requests, right?"

Ling Qingxue replied, a little embarrassed, "yes, yes, yes!" Go ahead! Do you have any requests? I'm warning you! You're not allowed to make such a dirty request!"

Xia ruofei looked at Ling Qingxue and asked, ""What do you mean by a dirty request? Wife, don't tell me you think I'm going to ..."

"You're not allowed to say anything!" Ling Qingxue's face was red as she interrupted Xia ruofei's words.

Xia ruofei laughed and said, "good, good, good!" I promise it's a normal request ... But I can't think of what I want to ask for at the moment, so I'll just owe you!"

Ling Qingxue finally let out a sigh of relief and nodded in agreement.

Xia ruofei placed the blue lobster into a separate bucket and picked out the other fish and prawns. He threw the small ones back into the sea and placed the slightly bigger ones into another bucket.

Xia ruofei said, "it seems like the harvest is a little lacking!" It's not even enough to make lunch, right? I'll cast a few more nets!"

Xia ruofei cast the net two more times and got a bucket of fish and a precious blue lobster.

Satisfied, he stood up and put the fishing net on his body. Then, he picked up a bucket in each hand and said with a smile, ""Today's lunch and dinner are settled! My wife! Let's go! Come and prepare lunch with me! Let's have a taste of the blue lobster this afternoon!"

"Didn't you eat it last time?" Ling Qingxue asked.

Xia ruofei was stunned for a moment. He then remembered that he had told Ling Qingxue that he had eaten the blue lobster. Otherwise, there was no other explanation! After all, the existence of the spirit map space was his biggest secret. Even someone as close as Ling Qingxue couldn't tell him.

"I thought you've never eaten it before?" Xia ruofei smiled and said, "I'm mainly here today to let you have a taste!"

Ling Qingxue smiled and nodded, "sure!" Then I'll go help you too!"

The yacht had a well – equipped kitchen, and the cooking of the seafood was very simple. Most of them were boiled in water or boiled in white. The simpler the cooking, the more delicious the taste could be preserved ...

Soon, a sumptuous lunch was prepared. The ingredients were all from today's fish, and the most important dish was naturally the steamed blue lobster ...

Xia ruofei even made a trip to the cabin and took out some wine from the medium and placed it in the wine cabinet. Then, he took a bottle of expensive sweet wine and returned to the dining room on the deck.

The two of them sat in the restaurant at the stern, facing the 360 – degree ocean view and a sumptuous seafood feast. They chatted while tasting the excellent white wine and seafood, and the atmosphere was quite warm and harmonious.

The blue lobster's meat was very fresh and tender. Perhaps it was because it had grown up in the medium, but its taste was excellent, and it even had a faint hint of a special sweetness. The two ate with relish.

Although the blue lobster had caused Ling Qingxue to lose her bet, she still couldn't help but give it a thumbs up, praising the taste of the lobster.

After lunch, the couple cleaned up the table together.

Xia ruofei said while washing the dishes, ""Wife, we can't just play on this trip. While no one is disturbing us on the sea, let's cultivate together in the afternoon! This time, I'll try to let you break through to refined Qi Level 3 in one go!"

Chapter 2199 An easy breakthrough\_Ling Qingxue was stunned for a moment before she said!"Why don't we cultivate at night?! I still want to sunbathe in the afternoon!"

This was the first time that Ling Qingxue had taken the initiative to ask to postpone the time of cultivation. Usually, if she heard that Xia ruofei wanted to cultivate together, she would definitely be very happy and agree.

Of course, this was mainly because of the picturesque view of the sea. Moreover, the weather was so good today. The sun was shining brightly, and it was rare for her to come out, so she wanted to enjoy it.

As for the night, the sea was dark and nothing could be seen, so cultivating in the cabin was the most suitable.

"I have more important things to do tonight ..." Xia ruofei chuckled.

From the day he bought the yacht, Xia ruofei had been looking forward to a "boat shake". It was not easy for him to go out to sea with Ling Qingxue. How could he bear to give up such a rare opportunity?

Ling Qingxue was no longer a Virgin and understood Xia ruofei's words in seconds. Her face heated up and she glared at Xia ruofei."You ... Your mind is filled with all sorts of weird things ..."

Xia ruofei chuckled and didn't say anything.

Ling Qingxue muttered to herself for a moment, then asked shyly, ""Then ... Where shall we train in the afternoon?"

Her words indirectly agreed to Xia ruofei's suggestion to train in the afternoon and do that at night ...

Xia ruofei was overjoyed and said,"anywhere is fine!" There's no one to disturb us on the sea anyway! Since you want to enjoy the sun, let's just cultivate on the deck of the flying bridge! How is it?"

"Yes, yes!" Ling Qingxue said as she nodded her head.

"I'll go get the formation flags!" Xia ruofei said.

Then, he went into the cabin. After a while, he took out the time array flag from the space and came to the deck of the flying bridge. Ling Qingxue was already waiting there.

Xia ruofei skillfully set up the array, then took Ling Qingxue's hand and walked into the array.

This time formation was very wondrous. Although the flow of time had changed, the sunlight from the outside world could shine in without any obstruction. It was equivalent to the time that the two of them could enjoy the sunlight being increased by dozens of times.

Under the warm sunlight, Xia ruofei took out a piece of crystal and sat down cross – legged with Ling Qingxue.

Their palms touched. Xia ruofei smiled and said, ""Qingxue, focus on your cultivation. Don't have any other thoughts. Just let nature take its course when you break through."

Ling Qingxue had been a little nervous at first, but after hearing Xia ruofei's words, she immediately calmed down.

"En!" Ling Qingxue nodded her head.

The two of them didn't say anything else. They looked at each other and started to operate the "absolute beginning Heart Sutra".

Boundless energy gushed out from the origin crystals and circulated in their meridians and dantians.

The amount of true Qi in Ling Qingxue's dantian was also increasing rapidly.

To begin with, the efficiency of two people training together was already much higher than her training alone. Adding on the fact that origin crystals were one level higher than spirit crystals, for Ling Qingxue, who was at the second Qi layer, this kind of training speed was simply like riding a rocket.

The true Qi in Ling Qingxue's dantian quickly became saturated.

The two of them were completely unaware and were still circulating the "absolute beginning Heart Sutra" at a steady pace.

His dantian couldn't contain the newly added true Qi, so it naturally began to compress it.

As her cultivation progressed, the true Qi in Ling Qingxue's dantian also became more solid.

Only when there was enough quantitative change would there be a qualitative change.

This cultivation continued for a full five hours, and the true Qi in Ling Qingxue's dantian was finally compressed to its limit.

Ling Qingxue seemed to have heard a loud bang in her body. The true Qi that had been compressed to the extreme suddenly collapsed a little more. Then, it seemed that all the true Qi circulation became much smoother.

At that moment, Ling Qingxue's dantian seemed to have become much emptier. In fact, the size of the dantian was constant. The amount of true Qi seemed to have decreased, but in reality, the degree of condensation of each wisp of true Qi was several times higher than before.

After five hours of non – stop cultivation, Ling Qingxue’s cultivation finally broke through to refined Qi Level 3!

Xia ruofei had trained together with Ling Qingxue. Naturally, he had sensed that Ling Qingxue had broken through.

Ling Qingxue seemed to be a little excited that she had successfully broken through to refined Qi Level 3. Even her breathing had become a little chaotic.

Xia ruofei said in a deep voice, “Qingxue!” Don’t let your thoughts run wild! Calm down! I’ll continue to consolidate my cultivation!”

Ling Qingxue nodded and quickly calmed down. She continued to work with Xia ruofei to practice the “absolute beginning Scripture”.

Because the cultivation of the “absolute beginning Heart Sutra” required both of their souls to be highly synchronized, so during the cultivation process, it would also greatly promote the spiritual power.

Of course, Ling Qingxue had just broken through to the early stage of the spiritual palpitations stage, so even though her spiritual power had also improved, she could not break through to the next level.

The two of them practiced together for more than two hours before Ling Qingxue’s cultivation was completely consolidated at refined Qi Level 3.

This breakthrough not only made Ling Qingxue’s true Qi more condensed, but it also widened her meridians.

With the cultivation of refined Qi Level 3 and the cultivation of spiritual power at the early stage of spirit palpitate, Xia ruofei’s cultivation was no longer the same as before. His spiritual power had even broken through a large realm and reached the spirit gathering realm. Xia ruofei knew that he should be able to try the wonderful combination of spirit and body.

However, he did not do so immediately.

After all, Ling Qingxue had just consolidated her cultivation, and the two of them had already been cultivating for seven to eight hours. They were not in their best condition in all aspects.

Chapter 2200 An easy breakthrough\_ Of course, he was still a little nervous. After all, he would have to tell Ling Qingxue everything about him and Song Wei after the spirit body Fusion cultivation. Subconsciously, he still hoped that he could delay it.

After Ling Qingxue had consolidated her cultivation, the two of them stopped cultivating.

Because he had only cultivated for a few hours, according to the difference in the flow of time, only a few minutes had passed outside the array.

So when they left the time formation, the sun was still shining.

Ling Qingxue giggled. “Ruofei, I didn’t expect to break through so quickly. It seems like even the heavens want me to enjoy the sun for a while longer!”

Xia ruofei smiled and said, "wife, you can go to the stern deck." There's no shelter there, and there's a comfortable sofa. It's perfect for sunbathing. "

"Yes, yes!" Ling Qingxue nodded and said, "I'm going to take a shower!"

Her cultivation had just broken through, so it was natural for her body to discharge some impurities. At this moment, her body was sticky and uncomfortable. As a little sister who loved cleanliness, it was naturally unbearable for her.

Xia ruofei smiled and nodded, "sure!" You go take a shower! I'll start the yacht and find a place where the school of fish often appear. Let's play some sea fishing ..."

It was faster to catch directly with the net, but it was not as fun as fishing.

"Good, good!" Ling Qingxue said happily.

Thus, one of them went into the cabin to take a shower, while the other went directly to the bridge and started the yacht to move forward.

Actually, Xia ruofei did not know much about the ocean currents and the habits of the fish. However, with his strong spiritual power, he could detect the activities of the fish in the water. It was not difficult for him to find an area with rich fish resources.

He turned the steering wheel to control the yacht to move forward while spreading out his spiritual power.

Although his spiritual power would be blocked by the sea water, it was easy for him to detect things dozens of meters below the water's surface with his spiritual power cultivation of spirit gathering realm.

The underwater world appeared clearly in his mind. Soon, Xia ruofei found an area with a lot of fish. He smiled, stopped the ship, and anchored it. Then, he got up and walked to the stern.

Ling Qingxue was dressed in a pink bikini and was lying on the sofa on the open – Air deck at the stern. Her eyes were slightly closed and she looked like she was enjoying herself.

Under the sun, her body was glistening with oil. She had obviously applied sunscreen in advance.

If an ordinary person were to wear a bikini outside in this weather, they would most likely be shivering from the cold. However, Ling Qingxue, who was already at the third level of the aura refining realm, didn't feel cold at all.

Bathed in the sun, Ling Qingxue's beautiful figure was revealed in her bikini, especially her slender legs that were slightly bent. It was a soul – stealing temptation.

Xia ruofei couldn't help but secretly swallow his saliva.

Ling Qingxue heard the commotion and opened her eyes to look over. Her eyes met Xia ruofei's fiery gaze.

Her heart couldn't help but tremble slightly. A sense of joy from the bottom of her heart spontaneously arose. Xia ruofei didn't hide his admiration at all. What was more worth being happy than being sized up by her lover?

"Are you going fishing?" Ling Qingxue asked.

"Oh! "It's fine ..." Xia ruofei returned to her senses and said,"you can bask in the sun for a while! We're out here for leisure, not to fish. "

"En!" Ling Qingxue leaned back on the soft fabric sofa and said coyly,"I really want to play at sea for a few more days. This feeling of relaxation and freedom is really great ..."

"I'll definitely bring you out more often in the future!"Xia ruofei said with a smile.

After he finished speaking, he lay down beside Ling Qingxue and naturally put his arm around her round shoulders.

Ling Qingxue snuggled into Xia ruofei's arms and shifted into a more comfortable position.

The two of them closed their eyes and took a nap under the sun. They felt that they were far away from the hustle and bustle of the city. After coming to the vast sea, time seemed to have slowed down.

After an unknown amount of time, the sun was no longer as hot as it was at noon. It was gradually setting in the West, and the Golden sunlight shone on the sea, making the waves shimmer beautifully.

Ling Qingxue reached out and touched Xia ruofei's arm lightly. She said,""Let's go fishing, ruofei! Otherwise, the sun will be setting soon!"

Xia ruofei laughed and said,"where did the mountain come from?" Even if it does, it should fall into the sea ..."

"I meant what I said!" Ling Qingxue pouted and said,"if you're so picky about your words, you'll lose friends easily, you know?"

Xia ruofei laughed and said,"you're right, wife!" I'll go prepare the fishing rod now!"

After that, he jumped up from the sofa and went to the cabin to get a fishing rod.

The two of them each took a fishing rod to the affinity platform at the stern and sat down on one side.

The intimate platform was the closest to the sea, and the sea was almost level with the platform. If the waves were a little bigger, the intimate platform would be wet. Moreover, this affinity platform had no guardrails. It was equivalent to a protruding piece at the end of the yacht, surrounded by water on three sides.

The spot where Xia ruofei had chosen to stop the boat had a lot of fish. The two of them started to have some harvest after a while.

Although the fish she caught weren't very big, and most of them were clownfish that were very common in the sea, Ling Qingxue was still very happy. Every time she felt the fishing rod sink, she couldn't help but cry out in surprise. Then, she quickly turned the reel and began to pull back the line.

By the time the sun had completely set below the surface of the ocean and the night had started to cover the waters, Xia ruofei and Ling Qingxue had already caught more than ten fish.

The two of them stood up to continue fishing. Although Ling Qingxue wanted to play for a while longer, the sky was already dark, and visibility was very low. On top of that, they had not had dinner yet, so they decided to end fishing for the time being.

Xia ruofei looked at the dozens of fish in the bucket. They were not very big. The biggest one was only the size of a palm, and they were all small fish from the sea.

Xia ruofei laughed and said, "wife, these fish ... Let's just barbeque them!" Tonight's dinner will be mainly barbecue, how about it?"

"I'll listen to you!" Ling Qingxue said with a smile.

"Alright!" Xia ruofei picked up the bucket and said, "let's have a barbeque party for two tonight!"

"I'll help!" Ling Qingxue was also excited.

The two of them walked into the small kitchen on the yacht. Xia ruofei thought for a while and said, "Qingxue, I'll go and prepare the barbecue. You can deal with these fish first!"

"How should we handle this?" Ling Qingxue asked.

"Hmm...You'll be in charge of removing their internal organs. If there's a bigger Gill, remove it too ..." Xia ruofei said, "if there's still time, make a few cuts on the fish. That's about it!"

Ling Qingxue was very enthusiastic. She replied without hesitation, "Alright! Leave it to me!"

In fact, it was best to marinate the fish before roasting it so that it would be easier for the flavor to enter.

However, Xia ruofei did not trust Ling Qingxue's skills, so he decided to do the process himself.

After assigning the task to Ling Qingxue, Xia ruofei went into the cabin to find the barbecue equipment.

A simple barbecue grill, special charcoal for barbecue, and all kinds of seasonings were readily available on the yacht.

Xia ruofei moved them to the deck of the flying bridge. Then, he put the charcoal into the grill and started a fire.

After successfully starting the fire, Xia ruofei went to wash his hands and then went to the kitchen to help Ling Qingxue.

It was not tiring for men and women to work together. Soon, the ten or twenty fish were all processed.

Xia ruofei and Ling Qingxue took them to the deck of the flying bridge. Then, Xia ruofei put on disposable gloves, grabbed the seasoning that he had just prepared, and applied it on the fish.
