

God tier Farm 2201

Chapter 2201 Entering the sea of consciousness (1)

After a while, the deck of the flying bridge was filled with a rich fragrance.

After Xia ruofei started to roast the fish, Ling Qingxue could not join in anymore. She just stood at the side and waited to eat.

The fragrance started to spread, and Ling Qingxue couldn't help but ask, "RUO Fei, are you done? I'm so hungry ..."

Xia ruofei smiled and said, "wait a moment!" It wasn't the right time yet! Haven't you heard of this saying? You can't eat hot tofu in haste ..."

"Oh ..." Ling Qingxue pouted.

As Xia ruofei turned the grilled fish, he used a brush to apply some seasoning on the fish. As the oil dripped onto the charcoal, the fragrance became even stronger.

Finally, Xia ruofei put the five or six grilled fish on a plate and smiled. "Qingxue, let's go and eat first! I'll roast some more ..."

"Yes, yes, yes!" Ling Qingxue couldn't wait to take the plate.

On the table not far away, Xia ruofei had prepared some beer.

He had actually bought them from the supermarket before he went out to sea. He had always kept them in his interspace. This time, he took some and put them in the wine cabinet on the yacht.

Ling Qingxue brought the grilled fish over. She had long been attracted by the aroma. She didn't care that it was hot and took a bite.

The steaming hot fish meat rolled in her mouth. It had the unique taste of natural sea fish and the unique fragrance of Xia ruofei's exclusive seasoning secret. Ling Qingxue couldn't help but say vaguely, "Delicious!"

Xia ruofei put the fish on the barbeque rack and turned around, smiling. "Eat slowly! Don't get scalded!"

Ling Qingxue smiled sweetly and said, "I know!" RUO Fei, I didn't expect you to be so good at barbecuing! This fish tastes great!"

Ling Qingxue couldn't help but take another big bite.

The fish had been roasted just right. The skin was already a little brown, but the fish meat inside was still very fresh and tender. A bite of it had a crisp texture, soft and chewy texture, and Ling Qingxue was very satisfied with it.

In the blink of an eye, the grilled fish was reduced to a pile of bones.

After Ling Qingxue finished one, she took out a tissue and wiped her mouth, then picked up another grilled fish.

She thought for a while and put it down. She opened a can of beer, took the grilled fish, and walked to Xia ruofei's side.

Xia ruofei was standing in front of the barbeque rack, roasting the fish seriously. Ling Qingxue smiled and said, ""Ruofei, thank you for your hard work!"

Then, she put the grilled fish in Xia ruofei's mouth and said, ""You should try your own cooking first!"

Xia ruofei opened his mouth and took a bite. He smiled and said, "Thank you, my wife!"

"How is it? Is it good?" Ling Qingxue asked.

Xia ruofei nodded and said, "my wife fed me personally. How can it not be good?" It's so delicious that it's exploding!"

Ling Qingxue burst out laughing and said, ""You're so glib! I think you just want to praise your cooking skills! You're going in such a big circle ..."

Xia ruofei chuckled, "cooking is just one aspect. There's also my wife. You've helped me boost my spirit!" If you give me another one, it'll be even more different!"

"Even roasted fish can't shut your mouth!" Ling Qingxue's face turned red.

Then, she leaned over with a beer and asked, ""Do you want another mouthful of wine?"

Xia ruofei shook his head and said, "let's not drink for now ... Qingxue, it's smoky here. Don't stay here. Go and eat first!" I'll go over after I'm done with these. We'll marinate the rest and roast them later, so they'll be more flavorful!"

"Oh! Then hurry up!" Ling Qingxue said.

In a short while, Xia ruofei had finished roasting the batch of six fish. He carried the plate to Ling Qingxue's side and sat down. He realized that Ling Qingxue had three more sets of fish bones in front of her.

Xia ruofei laughed and said, "wife, let's eat here!" It's freshly roasted and tastes good!"

" You're so good to me ..." Ling Qingxue said coyly.

Just like that, the two of them had a grilled fish and beer for dinner on the vast sea.

Cultivators had a larger appetite than the average person. Even a delicate beauty like Ling Qingxue could eat a lot if she ate without restraint. So, ten to twenty fish were nothing to them. They were quickly devoured by the two of them.

By the time Xia ruofei and Ling Qingxue had finished packing up the barbecue grill and other tools, the sky had already turned dark.

During the day, it was a sunny and cloudless day, and the horizon could be seen at a glance on the sea. The scenery was magnificent and moving. At night, although there were still no big waves on the sea, it was dark outside. The bottomless sea was close at hand, which more or less magnified people's fear of the sea.

After all, Ling Qingxue was a girl. After Xia ruofei had finished packing, she said, "RUO Fei, why don't we go into the cabin? It's so dark outside, and I feel like something is staring at us from the sea. I'm so scared ..."

Xia ruofei laughed, "don't think too much!" Since you're a little scared, let's go into the cabin!"

There was a very spacious and comfortable master bedroom on the yacht. At this time, the cabin was brightly lit. Ling Qingxue, who had been a little scared, immediately calmed down after entering the cabin. She even felt a sense of comfort.

In fact, many people had the same experience. They would sleep especially well on rainy or Typhoon nights.

Chapter 2202 Entering the sea of consciousness (2)

Perhaps it was because the harsher the outside environment, the more precious the comfort of one's own home was.

It was the same on the yacht. Outside was the terrifying sea shrouded in darkness, but here, there were warm lights, soft beds, and comfortable living facilities ...

Xia ruofei and Ling Qingxue went to take a shower separately. They had barbecued meat and drank beer. Both of them reeked of charcoal and alcohol.

Xia ruofei really wanted to take a couple's bath with Ling Qingxue. The bathroom on the yacht was very big and even had a Jacuzzi. Unfortunately, Ling Qingxue was still cheeky and stopped Xia ruofei outside, quickly locking the door. Xia ruofei 's' scheme 'would not succeed.

However, when Xia ruofei came out of the shower, the two of them first hugged and kissed passionately, then quickly fell onto the soft bed. A new battle began ...

Tonight, the moon was bright and the stars were few. In the vast sea, it was dark all around. A brightly lit yacht was moving up and down rhythmically. It was unknown if it was because of the waves and waves on the sea.

Perhaps the moon was also shy, she sneaked behind a cloud and only revealed a small part.

After an unknown period of time, the "war" on the yacht finally ceased, and the swaying of the yacht seemed to have reduced a lot.

The two of them were very open in such an environment. Xia ruofei let loose of his abundant energy to his heart's content. Ling Qingxue did not have as many concerns as she did on land. In the depths of their love, she even let out a hysterical cry. When the two of them called for a retreat, her voice was a little hoarse.

Xia ruofei and Ling Qingxue took a quick shower and then fell asleep in each other's arms on the large bed in the yacht's master bedroom.

The yacht swayed gently like a cradle, allowing Xia ruofei and Ling Qingxue to sleep soundly.

Even when the sun shone through the window, the two were still in deep sleep. Ling Qingxue was lying on Xia ruofei's arm, her delicate body pressed tightly against Xia ruofei's. There was a satisfied smile on her face, and it was unclear if she was dreaming about last night's intimate scene ...

Xia ruofei opened his eyes first. Last night's absurdity did not make his back ache. On the contrary, he felt refreshed after waking up.

He was worried that he would wake Ling Qingxue up, so he didn't move after he woke up. Instead, he maintained his original position and gently hugged Ling Qingxue.

After a while, Ling Qingxue's long eyelashes moved slightly, and she slowly opened her eyes.

The moment she opened her eyes, she saw Xia ruofei looking at her with a smile. Thinking of the crazy time they had last night, her face heated up and she snuggled into Xia ruofei's arms again.

Xia ruofei laughed, "lazy cat, if you're awake, then get up!" It's already late in the morning!"

Ling Qingxue moaned and pouted, "Let me lie down for a while longer ... I feel so weak that my bones are about to fall apart ..."

Although Xia ruofei knew that a cultivator at the third level of the aura refining realm would not be unable to get out of bed just because of a night of nonsense, Ling Qingxue's words still gave him a great sense of achievement.

He laughed and patted Ling Qingxue's shoulder. "Then lie down for a while. I'll go prepare breakfast!"

Ling Qingxue smiled sweetly and nodded. "Mm! I know you're the best ..."

Xia ruofei shook his head helplessly and said, "Don't stay in bed for too long! I still want to cultivate with you for a while after breakfast ..."

"Ah?" Ling Qingxue cried out. Still cultivating? It's not easy for us to go out to sea for two days. Why don't we cultivate after we go back ..."

Xia ruofei laughed. "This cultivation is different from the past. I'm sure you'll like it!"

"What's the difference in cultivation?" Ling Qingxue asked in confusion.

Xia ruofei smiled mysteriously and said, "you'll know soon!" You can get up and wash up after you lie down for a while!"

"You're still keeping me in suspense ..." Ling Qingxue muttered.

However, Xia ruofei's words had piqued her curiosity. She was not in the mood to stay in bed anymore, so she got up and put on her clothes.

Ling Qingxue first tidied up the messy bed, then went to the bathroom to wash up.

Girls always took a longer time to dress up. By the time she was done, Xia ruofei had already finished preparing breakfast.

Of course, he didn't make a sumptuous meal like he did on land. He used ready – made ingredients. He baked a few pieces of bread, heated two glasses of milk, and fried bacon and eggs. It was simple and fast, but also guaranteed nutrition.

The two of them quickly finished their breakfast.

Their minds were not on breakfast. Xia ruofei was a little distracted, thinking about how to explain Song Wei's matter to Ling Qingxue. On the other hand, Ling Qingxue kept thinking about the different cultivation method that Xia ruofei had mentioned.

After packing up, Ling Qingxue couldn't help but ask, ""RUO Fei, how do you want to cultivate? Are you going to teach me a new technique? Isn't the "Taichu Heart Sutra" good?"

Xia ruofei laughed and said, "it's not a new technique, but it's more advanced than the previous one!" You'll know in a while, let's go! I'll go set up the formation first!"

Xia ruofei took out the time formation flag from the cabin and brought Ling Qingxue to the top deck of the flying bridge. She started to set up the time formation.

The reason why he insisted on cultivating inside the formation was to save time. More importantly, due to the difference in the flow of time inside and outside the formation, Xia ruofei and Ling Qingxue, who were inside the formation, would have more time to react if there were any sudden changes outside the formation. They could calmly end their cultivation and leave the formation to deal with the danger.

It was a very important guarantee for his cultivation on the sea where the weather was unpredictable.

The two of them held hands as they walked into the formation. Xia ruofei held the origin crystal in his hand and sat down cross – legged with Ling Qingxue.

"What do we do next?" Ling Qingxue asked.

"Just listen to my instructions," Xia ruofei said. "Just start like how we usually cultivate."

"Understood!" Ling Qingxue said.

Although she did not know what kind of wonderful situation she was about to encounter, she could not help but feel a little nervous when she saw Xia ruofei's serious expression.

Xia ruofei and Ling Qingxue pressed their palms against each other and started to merge their genuine Qi according to the cultivation method of the " Scripture of the primordium origin ".

The two of them were already very familiar with the practice of the " absolute beginning Heart Sutra ". The true energy fusion, which was more dangerous at the initial stage, was not too difficult for the two of them.

Soon, the two wisps of true Qi gradually merged together, forming a situation where you were in me, and I was in you. The two of them took turns to control the merged true Qi and began to operate it according to the " primordial heart Sutra ".

After a few cycles, the two souls' frequencies gradually synchronized.

One round, two rounds ...

Finally, the fusion of true energy almost reached the extreme, and the soul Frequency of the two had basically reached the degree of complete synchronization.

This was much easier than when Xia ruofei and Song Wei were cultivating. This was mainly due to the improvement of Xia ruofei's cultivation. His control of spiritual power was much stronger than before.

This was the time! Xia ruofei thought to himself,

He said in a deep voice, " Qingxue, I'll take full control of what's going on down there. Don't try to control your vital energy. At the same time, let down all your defenses. My spiritual power is going to enter your sea of consciousness! "

If it was another cultivator, they would definitely be suspicious of Xia ruofei's request. However, Ling Qingxue had absolute trust in Xia ruofei. Without hesitation, she nodded and said, "Understood."

At this moment, the essential Qi was still under Xia ruofei's control. When the essential Qi was transferred into Ling Qingxue's body, it should have been Ling Qingxue's turn to take control. However, Xia ruofei continued to control the essential Qi. With his strong spiritual power, he guided the essential Qi along the correct path without any mistakes.

His spiritual power weaved into an impenetrable invisible net, completely wrapping that ball of true Qi.

His essential Qi traveled upwards. Suddenly, Xia ruofei felt that his spiritual energy had been sent to a vast and empty world.

With the experience of co – cultivating with Song Wei, Xia ruofei knew that this was Ling Qingxue's consciousness ...

Chapter 2203 Joint cultivation of the spirit and body (1)

Ling Qingxue's sea of consciousness was also filled with chaotic airflow like a vast ocean. In this chaotic airflow, the Black Rock Island where her soul was could be vaguely seen.

Rays of golden light flickered in and out of the chaotic airflow. Xia ruofei knew that this was Ling Qingxue's spiritual power.

These golden lights formed by spiritual energy were very agile, swimming quickly in the ocean of Qi flow like fish.

However, because Ling Qingxue had completely let down her guard against Xia ruofei, the spiritual energy did not actively attack Xia ruofei's spiritual energy.

Xia ruofei's spiritual power was also golden in color, but it was many times stronger than Ling Qingxue's. If Ling Qingxue's spiritual power was like an agile fish, Xia ruofei's spiritual power was more like a giant shark.

After all, crossing a large realm meant a qualitative leap. The spiritual power of the Spirit palpitating stage and the spiritual power of the Spirit gathering stage were not on the same level at all.

Of course, Ling Qingxue's consciousness didn't have the pink threads formed by the peach blossom miasma, so it looked more vibrant than Song Wei's.

After a short pause, Xia ruofei controlled his spiritual power and headed straight for the Black Rock Island in the center of Ling Qingxue's sea of consciousness.

Compared to the dangerous situation in Song Wei's sea of consciousness, this time, there was no danger. The chaotic airflow and the Golden spiritual energy even parted to allow Xia ruofei's spiritual energy to flow smoothly.

In a short while, Xia ruofei's spiritual power had reached the Black Rock Island, the core of his sea of consciousness.

The island was still protected by a transparent film of light, but Ling Qingxue had completely let down her guard. Xia ruofei's spiritual power went through it without much effort.

Just like Song Wei's sea of consciousness, the island seemed to be made up of a whole piece of black stone. The entire Island was one.

The black stone tablet at the edge of the island had two golden lines, one thick and one thin.

Xia ruofei knew that this meant that Ling Qingxue's spiritual power cultivation was at the early stage of the spiritual palpitations.

This was much more powerful than Song Wei. When Song Wei first performed the spirit body combined cultivation with Xia ruofei, she was only at the middle stage of the spirit Movement realm.

Xia ruofei couldn't see what was happening in his sea of consciousness, so he was curious. He wondered what kind of symbol would appear on the black stone tablet with his cultivation of the spirit gathering realm.

Xia ruofei's spiritual power only stopped for a moment. Soon, it passed the black stone tablet and flew towards the center of the island.

Unsurprisingly, he soon saw a small, naked person sitting cross – legged, with Ling Qingxue's face between her brows.

Ling Qingxue's soul seemed to be more solid than Song Wei's. It was probably because her cultivation level was higher than Song Wei's.

When Xia ruofei's spiritual power was near Ling Qingxue's spiritual body, just as he had expected, the form of his spiritual power had changed.

Xia ruofei did not panic because he had experienced it before. He looked at his head, facial features, and body with great curiosity until it completely simulated the state of a spirit.

Xia ruofei even split some of his attention and said to Ling Qingxue calmly, "Qingxue, don't panic. From now on, you just have to cooperate with me in circulating the absolute beginning Heart Sutra ". No matter what happens, you don't have to panic."

Although Ling Qingxue's cultivation level was not high enough for her to see her own consciousness, she could still sense the situation inside when external spiritual power entered her consciousness.

Fortunately, she was in a relationship with Xia ruofei. Even though it was a little awkward to appear naked in front of Xia ruofei, it was not enough to cause her to be excited.

In short, this combined spirit and body cultivation was much better than the last time Xia ruofei and Song Wei combined cultivation.

Back then, he and Song Wei had cultivated together. It could be said that they were surrounded by danger, and they had finally achieved it by accident. If anything went wrong in the middle, it might be a result of eternal damnation for the two of them.

Ling Qingxue nodded slightly, her face slightly red as she said, "I know ..."

The spiritual body formed by Xia ruofei's spiritual power floated in front of Ling Qingxue's spiritual body and sat down cross – legged.

He extended his hand, and Ling Qingxue's spirit body also extended its hand. When the palms of the two spirit bodies touched, the fear that came from the depths of their souls was felt again.

The two people in the outside world couldn't help but tremble.

Fortunately, Xia ruofei was prepared and had also warned Ling Qingxue in advance. Hence, their breathing was only a little messy. Very quickly, the two of them adjusted.

In a short while, the two of them continued to circulate the "absolute beginning Heart Sutra" in the outside world. In Ling Qingxue's consciousness, the two spiritual bodies also began to use this technique.

The only difference was that true Qi circulated in their bodies, while pure mental energy circulated in the spirit body's meridians.

As the cultivation progressed, on the deck of the yacht, two people closed their eyes and continued to operate their cultivation techniques. They looked solemn and had a sense of holiness.

But in Ling Qingxue's consciousness, the contact between the two souls made the two of them involuntarily get closer.

Ling Qingxue was Xia ruofei's girlfriend and they were already very close to each other, so she did not even have the most basic self – restraint.

Xia ruofei knew the huge attraction and temptation of this kind of spirit body joint cultivation. Even without the peach blossom miasma, he did not deliberately suppress himself.

Chapter 2204 Joint cultivation of the spirit and body part Because of the previous experience of cultivating with Song Wei, he was very clear that even if the two spiritual bodies carried out the most primitive and instinctive movement, it would not affect the operation of the "Scripture of the primogenitor". In fact, when the two spiritual bodies merged, the effect of cultivation would be better.

Hence, Xia ruofei would not suppress his human instincts.

Just like that, the two people's souls were unknowingly entangled together.

If the joy of the two souls touching each other when their palms touched was 1, then the joy of the souls being entangled together and starting the most primitive movement of human instinct was at least 100, or even higher.

The two of them quickly immersed themselves in this boundless pleasure, to the point that they completely forgot that they were cultivating.

Fortunately, even though the two of them did not control it with their consciousness, both their physical bodies and Ling Qingxue's soul in her sea of consciousness were still instinctively circulating the "absolute beginning Heart Sutra".

Xia ruofei had already experienced this before. It was like when the two spirits combined their cultivation. When their spirits started to merge and intertwine, the cultivation of the "Scripture of the primogenitor" would enter a special state. There was no need for the two of them to control it at all, and the cultivation speed would be faster.

It was the same this time.

The two's mental energy blended together and circulated between the spirit bodies according to the "the primordial heart Sutra"; cultivation technique.

In this process, their spiritual energy was also constantly growing.

On the black stone tablet in Ling Qingxue's sea of consciousness, the thin golden line beside the thick golden line was also becoming more and more solid.

This was a sign that his spiritual power was growing rapidly.

At the same time, in the bodies of the two people outside, wisps of true Qi were constantly being produced from their dantian.

This was the ultimate mode of the "absolute beginning Scripture" cultivation. Under the situation of both internal and external cultivation, the cultivation efficiency was several times higher than the simple joint cultivation.

In addition, there was an endless supply of origin crystals to support the energy. The two of them benefited greatly in this kind of cultivation state.

In the state of selflessness, the two of them could not feel the passage of time. They could only rely on their instincts to constantly intertwine and merge.

Finally, with a shiver, the two souls separated unwillingly.

At this time, the two people outside were still using the "absolute beginning Heart Sutra" cultivation technique, but the cultivation efficiency had dropped by a lot.

In fact, this was the normal efficiency of joint training. However, compared to the "advanced mode"; just now, this efficiency seemed too low.

Xia ruofei's spiritual energy, which had been condensed into a soul, gradually moved away from Ling Qingxue's soul. When he had left a certain range, his spiritual energy turned back into a thick golden light.

Before leaving the black stone Island, Xia ruofei scanned the black stone tablet with his spiritual power. He was delighted to find that there were three golden lines on it, one thick and two thin. The two thin golden lines were almost solid. Beside them, he could also see a faint golden line.

It was obvious that Ling Qingxue's spiritual power had made a breakthrough after this round of cultivation. She had already reached the middle stage of the spirit heart realm and was only a paper window away from the late stage.

Although the effect of the first combined cultivation was the strongest and might not be as good in the future, Xia ruofei was still very happy.

His spiritual power quickly passed through the ocean formed by the chaotic airflow and left Ling Qingxue's consciousness.

The two of them had a high level of tacit understanding. After Xia ruofei's spiritual power withdrew from Ling Qingxue's sea of consciousness, the two of them ended their cultivation very quickly.

Xia ruofei was not in a hurry to collect the time array flags. He looked at Ling Qingxue with a faint smile on his face.

At this moment, Ling Qingxue's pretty face was still flushed. Under Xia ruofei's burning gaze, she could not help but glance at Xia ruofei flirtatiously and said coyly, "Hooligan!"

Xia ruofei's eyes widened and he said innocently, "What did I do? How are you a hooligan?"

Ling Qingxue said with a hint of shyness, "You can even come up with so many tricks in your cultivation, what are you if not a hooligan?"

Xia ruofei immediately cried out, "This is the correct cultivation method of the absolute beginning Scripture. Previously, it was just that your cultivation level had not reached the requirements, so you did not carry out the spirit body Fusion cultivation. Qingxue, your thinking is wrong! I've been cultivating properly. Why did I become a hooligan when I'm with you?"

Ling Qingxue couldn't help but feel embarrassed. She said coyly, "Who created this cultivation technique! How could there be such a cultivation method ..."

Xia ruofei deliberately said in a serious tone, "you can't comment on senior cultivators! To be able to create such an amazing cultivation technique and to have such a good cultivation effect, he must be a genius among geniuses!"

Xia ruofei's words were not an exaggeration. He had read so many cultivation classics and understood so many cultivation techniques. The "absolute beginning Heart Sutra" was indeed the only one. It could be said to be a unique path. Without the imagination and creativity of a genius, it was absolutely impossible to create such a technique.

Ling Qingxue stuck out her tongue and said, "Oh! I'm wrong ..."

Xia ruofei laughed."Wife," he said."Actually, there's another great benefit to this technique."

"What benefits?" Ling Qingxue asked curiously.

"Save on toilet paper!" Xia ruofei laughed evilly.

Ling Qingxue was stunned at first, then her face flushed red. She could not help but glare at Xia ruofei.

Xia ruofei was still smiling."Think about it! In the future, if we want to have sex, we can just cultivate. It's simply a win – win situation! And the pleasure of cultivation and the real sex ..."

"Don't say anymore!" Ling Qingxue interrupted Xia ruofei's words with a red face and ears. She couldn't help but reach out and hit Xia ruofei's body lightly.

Xia ruofei couldn't help but laugh.

Although Ling Qingxue was shy as a girl and didn't want to talk too much about spirit and body combined cultivation, the pleasure from the direct contact on the soul level had also left a deep impression on her.

She thought about Xia ruofei's words and had to admit that this kind of spirit body combination cultivation was indeed more comfortable than the two of them having sex in bed ...

Ling Qingxue couldn't help but blush at that thought. What kind of nonsense is this in my head! Hmph! He must have been led astray by RUO Fei ...

She could not help but glare at Xia ruofei.

Xia ruofei did not know what was going on and shrugged innocently.

Then, Xia ruofei smiled and said,""Wife, don't just be shy! Have you noticed that your cultivation has improved by a large margin after this cultivation session?"

Ling Qingxue was slightly taken aback. She had been completely engrossed in the spirit body Fusion cultivation and had completely forgotten about herself. After the cultivation ended, she had really been too shy to check her own cultivation level.

Thus, Ling Qingxue sensed it and immediately revealed a look of disbelief. Her delicate cherry – like mouth was wide open, and her entire person was stunned.

"I ... I broke through again ..." Ling Qingxue was dumbfounded. After a long while, she said,"RUO Fei, my spiritual power has reached the middle stage of spiritual palpitations. No... I think I'm about to reach the late stage of spiritual palpitations. How ... How is this possible?"

Xia ruofei already knew Ling Qingxue's spiritual power cultivation. He smiled and nodded."What about your true Qi cultivation?"

Ling Qingxue said in shock,"the peak of refined Qi Level 3!" It seemed that he could break through to refined Qi Level 4 at any time! This ... I just broke through to refined Qi Level 3 yesterday! When did it become so easy to break through?"

Xia ruofei laughed and asked, “do you still think that this ‘absolute beginning Scripture’ is a rogue technique?”

Ling Qingxue still couldn’t believe it. She felt like she was dreaming.

You can actually cultivate like this? He had a ‘good time’ in his sea of consciousness in a daze, and then his mental power cultivation and true Qi cultivation rose by a large margin?

When did cultivation become so simple?

Chapter 2205 Confession (1)

“RUO Fei, this new cultivation method ... Is it really that powerful? If I cultivate a few more times, won’t my cultivation catch up to yours?” Ling Qingxue then asked, “Oh right, what about you?” After you finished cultivating, did you have a breakthrough in your cultivation?”

Xia ruofei laughed and said, “it’s not that easy for me to break through!” However, it’s also an obvious improvement. ”

Xia ruofei’s current cultivation was at refined Qi level 8, and his spiritual power had even reached the spirit gathering realm. His cultivation was much higher than Ling Qingxue’s, so the improvement was naturally not as obvious.

Although he was about to break through to refined Qi level 9, after today’s practice, he had only advanced a step further from the foundation of the peak of refined Qi level 8. It could be said that he had completely touched the threshold of refined Qi level 9. The only thing he was lacking was the last step.

When one’s cultivation base had reached this realm, every breakthrough was extremely difficult.

It could be said that the amount of true Qi needed to break through from the peak of refined Qi level 8 to refined Qi level 9 was definitely more than the amount needed to break through from refined Qi Level 3 to refined Qi Level 4.

His spiritual power cultivation had also advanced by a large realm. This time, he had only taken a big step forward from the foundation of the initial stage of the spirit gathering realm. He had not yet reached the intermediate stage of the spirit gathering realm.

Of course, the efficiency was relative.

Although Xia ruofei’s cultivation level did not increase as rapidly as Ling Qingxue’s, compared to his usual self – cultivation or joint – cultivation with Ling Qingxue, this increase was still very gratifying.

If he were to rely on his usual cultivation, it would take at least ten to twenty days for his cultivation to increase by so much. However, he had only cultivated for two hours.

Xia ruofei continued, “Qingxue, don’t expect too much from this technique. It’s the first time you’ve come into contact with spirit – body combination cultivation. The effect will be more obvious.” “In the future, when we do spirit body joint cultivation, the effect will be reduced by a lot. Of course, it won’t continue to decrease. In the end, it will stabilize at a certain level. No matter what, even if it decreases again, the effect will definitely be much better than the joint cultivation we used to do.”

"I know ..." Ling Qingxue said.

For a moment, she had not recovered from the shock of her cultivation level increasing rapidly. She even checked her own cultivation level from time to time, afraid that it was just her illusion and then returned to reality in the blink of an eye.

Xia ruofei chuckled and said, "alright, there must be a limit to the spirit and body combined cultivation." In fact, it's the same for any cultivation technique. You have to do it step by step, and there are definitely no shortcuts, unless it's an evil cultivation technique. You Must Remember This. "

Ling Qingxue couldn't help but ask, ""RUO Fei, then this" absolute beginning Heart Sutra,"will it ..."

"Don't let your imagination run wild. This is an authentic Daoist cultivation method!" Xia ruofei guessed what Ling Qingxue was going to ask and answered directly.

Ling Qingxue let out a sigh of relief and said, ""That's good ... That's good ..."He said.

Xia ruofei reached out and flicked her head affectionately. He smiled and said, "What are you thinking about every day? Can I give you an evil cultivation technique to cultivate?"

Ling Qingxue was a little embarrassed as she said, ""I was just asking. I know you're good to me ..."

"It's good that you know!" Xia ruofei said.

The two of them stood up and walked out of the time formation. Xia ruofei kept the precious time formation flags.

The two of them didn't spend a long time cultivating. Only a few minutes had passed outside the array.

"Qingxue, you rest here for a while. I'll put away the array flags first!" Xia ruofei said.

"Mm! I'll be under the sun for a while!" Ling Qingxue said.

She had a special love for sunbathing on the sea, yesterday, and today.

Xia ruofei took the time array flag and walked down the stairs to the cabin.

He naturally wouldn't leave the time array flag outside. After avoiding Ling Qingxue's line of sight, he put the array flag directly into the spirit map space.

However, Xia ruofei did not go out immediately. Instead, he went to the large bathroom in the master bedroom to wash his face.

He turned off the tap, put his hands on the sink, looked at himself in the mirror, and said to himself, ""Xia ruofei ... Running away is something only cowards do! You're a man! And it was the blood Wolf that had once frightened the enemy! Ping Sheng hated deserters the most! A real man will take responsibility for his actions!"

Xia ruofei mumbled to himself like a Chuunibyou. It made him more determined. This was also a psychological hint.

After he finished speaking, he wiped the water droplets off his face and strode out of the cabin.

Ling Qingxue was still on the deck of the flying bridge, smiling as she enjoyed the sea breeze. When she saw Xia ruofei, she smiled and said, ""RUO Fei! Come and enjoy the scenery with me! The vast ocean was truly magnificent! I feel like my heart has opened up a lot!"

Xia ruofei thought to himself, "no matter how open – minded you are, I'm afraid you won't be able to accept it later ...

Ling Qingxue didn't notice Xia ruofei's strange behavior. She continued to wave at Xia ruofei and said, ""What are you doing? Hurry up and come up!"

"Oh!" Xia ruofei responded and walked up the stairs to the deck of the bridge.

Looking at the carefree smile on Ling Qingxue's face, he felt guilty for no reason.

However, at this point, Xia ruofei did not want to back down.

He took a deep breath and stared into Ling Qingxue's eyes. ""Qingxue, there's something I want to tell you ..."

Ling Qingxue, who was originally facing the sea, turned to look at Xia ruofei. She smiled and asked, ""If you have something to say, just say it! Why did you suddenly become so serious?"

Xia ruofei took two steps forward and held Ling Qingxue's hand. He brought her to the soft sofa in the middle of the deck and sat down.

Seeing Xia ruofei's serious expression, Ling Qingxue couldn't help but ask, ""What's going on?"

"Qingxue, there's something I have to tell you." Xia ruofei held Ling Qingxue's hand tightly and said, "do you remember the time when I left the three mountains for a foreign land?"

Ling Qingxue blinked and said, ""You go out often! On the contrary, he didn't have much time to stay in the three mountains! No... What are you trying to say?"

Xia ruofei didn't know whether to laugh or cry. "It's fine if you don't remember. What I want to tell you is that I went to xiangnan province. To be specific, it was an ancient tomb in Yuezhou ..."

"Ah?" Ling Qingxue's eyes widened. "You ... You're not going to Rob a tomb, are you?"

Xia ruofei said awkwardly, "that's not the point ... I got the news that there are some things in the ancient tomb that are very useful for cultivators. So, I rushed over immediately." By the way, I found the spiritual crystal you used for cultivation in that tomb!"

Xia ruofei's words were half true and half false. His purpose of going to the ancient tomb in Mount Yu was to find the world stone. The spiritual crystals were just an additional reward. However, the world stone was related to the secret of the spirit map scroll, so he naturally couldn't say it. Moreover, spirit crystals were also very precious treasures to ordinary cultivators.

As expected, Ling Qingxue immediately exclaimed, ""Waa! There were spiritual crystals there! RUO Fei, it seems like you're quite lucky!"

Ling Qingxue was already a cultivator, so she naturally knew that without spiritual crystals, she would probably still be at Level 1 Qi refinement if she only relied on absorbing the spiritual Qi in the air to

cultivate in such a barren environment. If she was unlucky, she might not even be at the elementary level!

But now, she was already at the peak of refined Qi Level 3 and could break through to refined Qi Level 4 at any time. The gap was so big that the preciousness of spirit crystals could be seen.

"The person who told me this news is Song Wei. Do you still remember her?" Xia ruofei nodded.

"Of course, she's Secretary Song's daughter!" Ling Qingxue replied.

Xia ruofei felt a little awkward, but he concealed it well.

He continued, "Song Wei studied archeology. She once excavated the tomb. However, due to various reasons, they gave up on the excavation halfway. The tomb was also buried again. However, she was more familiar with the situation inside, so she personally took me to Yuezhou ..."

"Oh ... And then?" Ling Qingxue asked.

She did not know why Xia ruofei was telling her all this, but she felt a little uneasy.

Xia ruofei had no choice but to fire the arrow. He continued, ""After we arrived in Yuezhou, we found the tomb very quickly and dug a hole to enter the tomb ... But the difficulty was greater than we thought. We encountered many dangers along the way. We even had a slim chance of survival!"

"Ah?" Ling Qingxue couldn't help but exclaim.

Although she knew that Xia ruofei was standing in front of her unscathed, she could not help but feel nervous when she heard Xia ruofei describe the trip to the tomb.

Xia ruofei then told Ling Qingxue about his experience in the ancient tomb on Mount Yu.

Of course, it was impossible in the first place. He would naturally hide the parts that involved world stones.

But he didn't hide anything else, and he didn't cut anything out or add anything.

At first, Ling Qingxue felt a little uncomfortable with Song Wei by Xia ruofei's side. However, as Xia ruofei continued to talk, she couldn't help but be immersed in it. Xia ruofei and Song Wei's experiences in the tomb were linked one after another. It made her extremely nervous, but at the same time, she felt a little excited.

Ling Qingxue only heaved a sigh of relief when Xia ruofei told her that he had successfully obtained the spiritual crystal and saved Song Wei from the ancient tomb.

She could not help but ask, "ruofei, you said that Song Wei had fainted. How is she now?" Are you alright now?"

When Ling Qingxue heard that Song Wei had taken such a huge risk to help Xia ruofei find the spiritual crystal and that she was almost possessed by the spiritual body, she felt a little uncomfortable, but that feeling disappeared.

Especially when she heard that Song Wei was unconscious, she was even more concerned from the bottom of her heart.

Xia ruofei couldn't help but feel even more nervous because the core issue was about to be solved ...

He took a deep breath and continued, ""Song Wei is fine now, don't worry! However, it was indeed very dangerous at that time. She was almost possessed by that spirit body, so her soul injury was more serious. What's more dangerous is that when the spirit left her body, it planted a very poisonous poison called the peach blossom miasma ... If it's not removed in time, Song Wei will become a zombie driven by her instincts!"

Chapter 2206 Reveal everything (1)

"Ah?" Ling Qingxue couldn't help but turn pale. She couldn't help but cover her mouth and then asked with concern, "what happened after that?"

Xia ruofei said, "the situation was really bad at that time. The peach blossom miasma is a poison that invades the soul. Ordinary detoxification methods can't cure it. I happened to have a spiritual medicine that can warm the soul. I gave it to Song Wei in time and the injury of her soul got better. At the same time, it temporarily suppressed the peach blossom miasma."

At this point, Xia ruofei paused and looked at Ling Qingxue before he continued, ""However, that method only treats the symptoms, not the root cause. Because the peach blossom miasma had already infected her sea of consciousness, my spiritual power cultivation at that time was not much stronger than yours now, so I had no ability to expel the poison. "

"And then?" Ling Qingxue asked.

"You know, using spiritual force to penetrate into another person's sea of consciousness and fighting the poison in her sea of consciousness is an extremely dangerous thing. A single mistake can cause her soul to suffer irreversible damage, and even become a true living Dead." Xia ruofei said, "Song Wei was poisoned because she tried to help me. I tried my best to think of a way to save her."

Ling Qingxue had a faint guess in her heart, but she didn't say anything. She only listened quietly.

Xia ruofei continued, "so I thought of the 'Scripture of the primordial heart'. I got this by chance. Its biggest feature is that during the cultivation process, it can make the soul Frequency of two people gradually synchronize. Under such circumstances, the risk of entering the other person's sea of consciousness would naturally be much lower."

"This means ... Song Wei has also cultivated this technique?" Ling Qingxue asked.

Xia ruofei nodded and said, "I couldn't think of any other way at that time. It was almost like a life – saving straw!" Luckily, Song Wei's talent for cultivation is not bad. Not long after she came into contact with this technique, she successfully completed the first step. "

"Cultivation talent?" Ling Qingxue asked, "does cultivation require talent? RUO Fei, what about my talent? If I were to compare myself to Song Wei, who is more talented?"

Xia ruofei did not expect Ling Qingxue to interrupt him again when he was about to get to the most important point. He laughed bitterly in his heart, but he still explained patiently, ""The path of cultivation

is a heaven – defying one, and not everyone can cultivate it. Some people are born with poor physiques, and even if they have top – tier cultivation techniques, they may not be able to enter it even after a lifetime of hard work. As for your talent ...”

Xia ruofei hesitated for a moment.

“What’s wrong? RUO Fei, you can just tell me the truth.” Ling Qingxue asked, “is it because my talent is too bad?”

Xia ruofei smiled and said, “That’s not necessarily true. If it’s now, your talent should be a little stronger than Song Wei’s ...”

Ling Qingxue understood the underlying meaning and immediately asked, “Now? Are you saying that my talent was very poor in the past? Could it be that one’s talent can be changed?”

Since Ling Qingxue had asked this question, Xia ruofei had no intention of hiding anything. He thought for a while and nodded. “Your innate talent is indeed not very good. It should be said that you are not suitable for cultivation. Normally speaking, a person’s talent is inborn, and it’s difficult to change it. But there are exceptions to everything ...”

He paused for a moment and continued, “Do you still remember how I gave you a lot of Chinese medicine before I officially taught you the absolute beginning Scripture”? I said it was for you to recuperate.”

“Of course I remember!” Ling Qingxue said, “that medicine is bitter ...”

“Do you know what the ingredients in the Chinese medicine are?” Xia ruofei asked again.

Ling Qingxue shook her head.

Xia ruofei smiled and said, “the main herb in there is called the heart concentrating grass. It’s a precious spiritual herb that has a great nourishing effect on the soul.” This spiritual herb is rare in the entire cultivation world.”

Ling Qingxue couldn’t help but stick out her tongue and say, “It’s so precious!”

Xia ruofei smiled and said, “Song Wei’s soul was injured, and she had to use the heart – concentrating grass to recover.” She used one of my heart – concentrating grasses, and you ... You used two of them even though you didn’t have any injuries to your soul ...”

“Heavens!” Ling Qingxue said, “isn’t this too wasteful?”

Even though she said that, she still felt a sense of sweetness in her heart because she could feel how much Xia ruofei cared about her. The more precious the heart – concentrating herb was, the more important she was to Xia ruofei.

Furthermore, Xia ruofei only gave Song Wei a stalk of heart – concentrating grass when her soul was injured. Obviously, he was treated much better.

Ling Qingxue was also very happy to see that it was even more precious now that there was a comparison.

Xia ruofei smiled and said, "Qingxue, after you consumed the two heart – concentrating herbs, your cultivation talent is already higher than Song Wei's." The more you have, the better. If you continue to take it, the effect will be very limited. In addition, I don't have any more heart – concentrating grass on hand, so ..."

"RUO Fei, you're already good enough to me ..." Ling Qingxue said, a little touched. "You don't have to explain!"

Xia ruofei smiled and nodded. "Let's continue talking about Song Wei ... She's quite talented in cultivation, and we soon began to practice the "absolute beginning Heart Sutra" together. You know, the efficiency of practicing it alone is very low, and the original intention of me teaching Song Wei this cultivation method was to use the practice together to adjust the soul Frequency of the two to the same state at any time. This way, I can help her suppress the peach blossom miasma in her sea of consciousness. The peach blossom miasma will definitely be destroyed in the end. "

Chapter 2207 Revealing everything (2)

Ling Qingxue nodded in agreement.

Xia ruofei continued. "Actually, the 'Scripture of the primordium origin' didn't mention the method of combining the spirit and the body. The technique only mentioned that two people could greatly increase the efficiency of cultivation. The reason why I discovered that the method of combining the spirit and the body was the best way to cultivate the 'Scripture of the primordium origin' was because ..."

When Xia ruofei said this, he hesitated for a moment. On the other hand, Ling Qingxue was very calm. Although her face was a little pale, she still calmly took the initiative to ask, "This method ... Was discovered by you and Song Wei during your cultivation, right?"

Xia ruofei nodded, speechless.

"You guys have also undergone spirit body Fusion cultivation?" Ling Qingxue asked.

Her voice was still very calm, but her eyes were slightly red, and her face was unable to hide the aggrieved expression.

Xia ruofei nodded and sighed. "Qingxue, it was really an accident ... I was in the capital doing some work and Song Wei was also studying in the capital. We both wanted to get rid of the peach blossom miasma as soon as possible, so she would come to the courtyard house to cultivate with me whenever she was free, hoping to improve her cultivation as soon as possible ..."

Then, Xia ruofei told Ling Qingxue everything that had happened during the joint training.

Of course, he didn't say that Song Wei insisted on taking the risk to try to get rid of the peach blossom miasma. Instead, he said that at that time, they felt that their cultivation had improved a lot. In order to prevent the peach blossom miasma from mutating in the sea of consciousness, they decided to try to get rid of it in the sea of consciousness.

After he finished speaking, Xia ruofei looked into Ling Qingxue's eyes and said, "Qingxue, I really didn't expect something like this to happen ... To be honest, I don't know much about the sea of consciousness. The situation was very critical at that time. The peach blossom miasma mutated on its

own and started to devour each other, becoming stronger and stronger. If I didn't make a quick decision, not only would Song Wei's soul be destroyed, but I would also be severely injured. So I had no other choice but to take the risk and enter the core Island in Song Wei's sea of consciousness. I didn't expect ..."

After Ling Qingxue heard these words, she fell silent for a long time.

Xia ruofei also looked at Ling Qingxue quietly.

After a long time, Ling Qingxue asked,"so ... What do you think?" To the two of us ..."

Xia ruofei said,"Qingxue, you've also tried the soul – body Fusion cultivation. You should know that the contact at the soul level is really unforgettable." I have to be honest with you, I...I...Can't give up on Song Wei. What happened between us was an accident in the process of expelling the poison from her body. Even though we didn't have any intimate contact in real life, our souls have already ..."

"You don't need to say anything!" Ling Qingxue interrupted Xia ruofei with red eyes."I don't want to hear you say this! RUO Fei, I just want to know ... You and her ... Combined cultivation of spirit bodies, was it before or after you taught me how to cultivate?"

Xia ruofei was silent for a while, but he still said,""Before ..."

"If that's the case, then why are you still teaching me cultivation?" Ling Qingxue became a little excited."The feeling of spirit body joint cultivation is so wonderful. It'll be great if you're with her!" Why did you pull me in?"

Xia ruofei's face was filled with guilt. He said,""Qingxue, it was Song Wei who told me to do this. She hoped that you would understand and forgive her. However, if you are not a true cultivator, you will not be able to understand the concept of spirit body Fusion cultivation. You might even think that it is a fantasy."

Ling Qingxue revealed a self – deprecating smile and asked,""So you want me to experience that feeling for myself? Just to make me understand you?"

"Of course not!" Xia ruofei immediately said sincerely,"Qingxue, of course I want you to cultivate with me! Cultivators have long lifespans. Of course, I don't want you to leave me after a few decades, while I have to live alone in this world for a few hundred years, or even longer ..."

"Don't you already have Song Wei?" Ling Qingxue's face had a trace of resentment."You guys are the real couple. I'm not even necessary!"

Xia ruofei said anxiously,"Qingxue, what are you talking about?" You will forever be irreplaceable in my heart! Two stalks of heart – concentrating grass were enough to improve the talent of two cultivators by a large margin, but I used it on you without hesitation. I had also made up my mind at that time that if you still couldn't step into the cultivation threshold, I would get a third stalk of heart – concentrating grass for you to consume no matter how big the price was ..."

When Ling Qingxue heard Xia ruofei's words, the scene of Xia ruofei serving her the medicinal soup appeared in her mind again. At that time, she naturally didn't know how precious the medicinal soup was. Now that she thought about it, those scenes made her heart warm again.

However, Ling Qingxue's thoughts turned to Song Wei. She even imagined the scene of the two of them cultivating together. She couldn't help but feel aggrieved.

Ling Qingxue's face was filled with conflicting emotions.

Xia ruofei looked at Ling Qingxue, his heart aching. He said, "Qingxue, I'm not asking for your forgiveness and understanding, but I really hope that you won't blame Song Wei. She didn't want this to happen either, it's just fate ..."

Ling Qingxue silently stared at the deck below her feet. After a long while, she raised her head and asked, "Ruofei, I just want to ask you one thing. Both her and I have combined cultivation with your spirit body. Who do you want to choose?"

Xia ruofei was in a difficult position. He asked carefully, "Can I choose both?"

Ling Qingxue's eyes widened. She glared at Xia ruofei and asked, "What ... What are you thinking?"

"This wasn't my idea ..." Xia ruofei quickly said.

"Could it be Song Wei's idea?" Ling Qingxue asked in a bad mood.

"She really was the one who suggested it." Xia ruofei smiled bitterly. "To be honest, I was really shocked at that time. However, she said that if I chose to be with her, she would feel guilty for the rest of her life. If I choose you, she, who has experienced the spirit body combined cultivation, will not be able to accept it. So ..."

"She really said that?" Ling Qingxue asked in disbelief.

"Those were her exact words." Xia ruofei said with certainty.

Ling Qingxue had just experienced the wondrous experience of spirit and body combined cultivation, so she naturally knew how intense the thrill that came from the depths of the soul was in that state.

When she thought about the experience she had just had, Ling Qingxue actually understood Song Wei a little.

However, she quickly came back to her senses and snorted, "How could she have such a ridiculous idea! What era was it now? How could two people ... Be together with the same man at the same time?"

Xia ruofei knew that this was the best time to act humble. He said with a pitiful face, "Qingxue, what should we do? No matter which one of you, I can't give up on either of you ... Well ... Your cultivation level has reached the standard for joint cultivation, so I immediately brought you to undergo the spirit body joint cultivation. I hope that after you experience it personally, you can understand my ... And Song Wei's suggestion ..."

Ling Qingxue was stunned for a moment, then she looked at Xia ruofei deeply and said, "RUO Fei, you chose to tell me this when we were out at sea because you were worried that I would leave in a fit of anger, right? In this ocean, I can't leave even if I want to, right?"

"Isn't ... Isn't this a coincidence?" Xia ruofei laughed dryly.

"I think you've arranged this, haven't you?" Ling Qingxue said with a half – Smile,"also, I remember that you won the bet very miraculously yesterday. The bet was for me to agree to one thing. You must have planned this in advance, right? I really didn't expect that the honest – looking you would actually be so scheming ..."

Chapter 2208 Facing_Xia ruofei couldn't help but smile bitterly. Ling Qingxue was in a bad mood now, so everything seemed to be premeditated by Xia ruofei.

"Qingxue, then ... Can I use the condition of the bet on ..." He asked with an innocent face.

"You can 't!" Ling Qingxue did not wait for Xia ruofei to finish his sentence and interrupted him."Do you think this is a game?"

Xia ruofei smiled awkwardly and said,""If I lose the bet, I'll definitely fulfill my promise. I'm a man ..."

"You said you're a man, but unfortunately, I'm a woman!" Ling Qingxue pursed her lips and said,"and she's a woman with a narrow heart ..."

"Why would I? My Qingxue is the most generous!" Xia ruofei smiled apologetically.

He knew that he couldn't afford to provoke Ling Qingxue, so he had to be extremely careful with his words.

Unfortunately, Ling Qingxue was not moved at all. She pouted and said,""You know how to flatter now?"

"I'm just telling the truth ..." Xia ruofei smiled.

Ling Qingxue glared at Xia ruofei. She did not know how to criticize Xia ruofei and was even more furious.

It was a sunny morning, and the view of the sea was quite wide. At first glance, one could see the boundless sea. However, the same view was not beautiful in Ling Qingxue's eyes at all.

Many times, it didn't matter what you saw. When you were in a good mood, even if it was dark clouds, you would still find it as beautiful as a painting.

Ling Qingxue did not say anything and Xia ruofei did not dare to provoke her. The two of them fell silent and the atmosphere became very heavy.

After a long while, Ling Qingxue finally said,""RUO Fei, my cultivation has already reached the peak of refined Qi Level 3, and I've also successfully combined cultivation with your spirit body. This is such good news, why don't you quickly report it to Song Wei? Wasn't she the one who directed all this?"

Xia ruofei looked embarrassed and said,""This ... There's no hurry. I'll let her know when I have time ..."

"I told you to contact her now, video call her on WeChat!" Ling Qingxue said, not allowing any room for discussion.

Xia ruofei explained helplessly,"there's no internet at sea!" I can't use WeChat ..."

“Did you forget about the equipment you introduced to me yesterday?” Ling Qingxue asked with a half – Smile. You told me yourself yesterday that even if there’s no signal in the open sea, we can connect to the internet through satellite on this yacht. There’s even WiFi coverage!”

Xia ruofei wanted to slap himself! Why would he show off this for no reason? This time, he couldn’t even hide ...

Xia ruofei smiled and said, “Qingxue, why did you spend so much time and effort to contact Song Wei?” Don’t tell me you ... Want to talk to her?”

Ling Qingxue immediately replied, “of course not!” I just want to hear what you guys have to say! Didn’t you say that Song Wei was the one who suggested this? I have to see if you’re lying! So ... You’re not allowed to tell Song Wei that I’m by your side, not even a hint! Otherwise, I’ll ignore you for the rest of my life!”

Hearing this, Xia ruofei could not help but feel a headache. Ling Qingxue, on the other hand, was still looking at him with a burning gaze.

Xia ruofei was a little scared by Ling Qingxue’s stare. In the end, he could only nod helplessly.

“Take out your phone!” Ling Qingxue said, satisfied.

Xia ruofei said helplessly, “but we have to connect to the internet first!” We need to go to the cockpit ...”

“Let’s go together!” Ling Qingxue said indifferently.

Although Xia ruofei’s head was spinning, he could only nod and bring Ling Qingxue back to the cockpit.

Although he dawdled for a while, he still managed to connect to the internet.

Then, the two of them went to the stern of the ship. Under Ling Qingxue’s watchful eyes, Xia ruofei sent a video call request to Song Wei on WeChat.

Ling Qingxue was standing behind Xia ruofei. From this angle, she could see Xia ruofei’s phone screen and it just so happened that he was out of the range of the camera.

Before Xia ruofei opened his WeChat, Ling Qingxue had specifically warned him not to turn his phone around on purpose and take a picture of himself. He had to keep his phone in a fixed position.

Now that Xia ruofei was in the wrong and was full of guilt towards Ling Qingxue, he naturally agreed to whatever she said ...

The familiar dial tone came from the phone. Xia ruofei prayed in his heart. Please don’t answer it ... Please don’t answer it ... It’s best if you don’t even have your phone with you ...

However, things often turned out contrary to one’s wishes. Soon, the dial tone stopped, and the phone showed that it was connected.

Immediately after, the video call was connected.

In the video, Song Wei was wearing outdoor clothes and carrying a huge backpack. When she saw Xia ruofei, she said coyly, ""Are you on the yacht? You really know how to enjoy life ... I'm still suffering in the wilderness! Aren't you just drawing aggro?"

Ling Qingxue was standing right behind Xia ruofei. Hence, when Song Wei spoke to Xia ruofei in such a coquettish tone, Xia ruofei felt extremely embarrassed. However, he could not show it.

He could only try to maintain a more natural expression and asked, ""You guys haven't finished your field trip yet?"

"Soon, there's still some finishing touches ..." Song Wei said, "are you in San Shan or Jing?"

"I'm currently at Mt. Three, but I'll probably be going to Beijing in about ten days." Xia ruofei replied, "I'm going to film a show on xiangnan TV's life I'm looking forward to. I've already promised them."

Chapter 2209 Face to face_ "Oh!" Song Wei said, "then I'll go back to the capital directly after the field trip! I'll see you in Beijing then!"

"Good, good, good!" Xia ruofei said.

Ling Qingxue saw that Xia ruofei and Song Wei had been talking for a long time and did not get to the point. She could not help but frown. She went around to Xia ruofei and quickly wrote on the paper, "stop talking nonsense and get to the point!" He picked it up and showed it to Xia ruofei with a threatening look.

"Ruofei, why did you video call me today?" Song Wei asked.

Xia ruofei smiled awkwardly and said, ""That's true ... That ... Qingxue's cultivation has been progressing rather quickly recently. She has already reached the peak of refined Qi Level 3."

"Is that so?" Song Wei was pleasantly surprised. "That's really fast progress! Then, did you ..."

"We've already tried to combine our spirit and body once!" Xia ruofei gave a definite answer.

"That's great!" Song Wei said happily. Then, she asked nervously, "ruofei, then ... Did you tell her what happened between us?"

Xia ruofei raised his head and looked at Ling Qingxue with a questioning gaze.

Ling Qingxue quickly wrote a few words on it and showed it to Xia ruofei.

Xia ruofei took a look and saw that it said, "I didn't agree. You've decided to leave me and be with her!"

Xia ruofei's eyes widened and he looked at Ling Qingxue in shock.

Ling Qingxue quickly gave Xia ruofei a look and glared at him at the same time.

On the other end of the video call, Song Wei had already noticed that something was wrong with Xia ruofei. She could not help but ask, ""RUO Fei, what's wrong? Why are you in a daze?"

Xia ruofei quickly replied, "oh, oh, oh! It's fine, it's fine ... I just saw a whale spraying water in the distance. It's the first time I've seen something like this. By the way ... What did you just say?"

Although Song Wei wanted to see the whale as well, she was more concerned about their relationship. So, she quickly asked again, ""I asked you if you told Qingxue about us."

Xia ruofei couldn't help but look at Ling Qingxue again. Then, he said helplessly, ""I ... Told her after I finished cultivating ... Her reaction was stronger and more agitated, and she also expressed that she was determined not to agree to such a ridiculous thing ..."

"Ah?" Song Wei was disappointed again. She bit her lower lip and asked, "why?" Did you not make yourself clear? Qingxue has experienced what it's like to cultivate a spirit body together, so she should be able to understand us ..."

"I've made it very clear to her!" Xia ruofei looked at Ling Qingxue and said, "I've explained the entire incident in detail, but she didn't agree!"

Song Wei let out a long sigh and said, "Ruofei, it seems that I've thought too simply of this matter ... I'm sorry! It's all my bad idea, but you didn't get it done, and instead, you're facing a difficult situation ... It's all my fault ..."

Although Xia ruofei's heart ached when he saw Song Wei's sad look, he was secretly relieved after hearing her words. It proved that he was not lying. Song Wei was the one who suggested this.

He couldn't help but look at Ling Qingxue, meaning: I didn't lie to you!

Ling Qingxue glared at Xia ruofei and pointed at the paper. Then, she made a hand gesture to Xia ruofei to grab it.

Xia ruofei saw that Ling Qingxue's finger was pointing at the words 'decided to leave me and be with her'.

Only then did he realize that he had not conveyed the message that she wanted to tell Song Wei, and that had made her angry.

Xia ruofei quickly said, "Weiwei, don't blame yourself ... I've already decided. Since Qingxue is so determined, it seems that this matter is over. We can only blame it on our fate!" I'll leave her and choose to be with you ..."

After hearing Xia ruofei's words, Ling Qingxue couldn't help but carefully walk to the blind spot behind Xia ruofei. She wanted to see how Song Wei would react when she heard the news.

To Ling Qingxue's surprise, Song Wei didn't show any signs of joy. On the contrary, after hearing Xia ruofei's words, Song Wei's expression changed and she said excitedly, ""RUO Fei! What are you saying? You and Qingxue are a match made in heaven! You've known each other since junior high school. Was it easy for you to come this far? It's not your style to give up just like that!"

Xia ruofei felt helpless. However, Ling Qingxue had already given him this setting. In order to avoid further dissatisfaction from Ling Qingxue, he could only act according to this setting. He could not take the initiative to reveal any flaws and let Song Wei find out. Otherwise, he believed that Ling Qingxue would really do as she said and ignore him forever.

Xia ruofei smiled bitterly and said, "this isn't a matter of whether I want to give up or not!" Wei Wei, it's Qingxue who's not willing to forgive me. She wants to break up with me! I can't hold her back and not let her go! That's just how she is. Once she has made up her mind, no one can shake her decision ..."

Xia ruofei paused and continued, "So ... You don't have to talk about this anymore. Let's just forget about Qingxue's story ..."

"I don't agree!" Song Wei said agitatedly, "ruofei, if you leave Qingxue, I will never forgive myself for the rest of my life. I will live in guilt for the rest of my life. There will always be a voice reminding me that I am a dishonorable third party! You two were childhood sweethearts, and then you fell in love with each other. How can you break up just like that?"

Xia ruofei could not help but glance at Ling Qingxue from the corner of his eyes.

He could clearly see the tears in Song Wei's eyes in the video. It was all because of Ling Qingxue's settings.

On the other side, Song Wei only paused for a moment before she took a deep breath. Her eyes revealed a determined look and said, "RUO Fei, I've thought it through. Since Qingxue can't accept me, then ... I'm the one who should leave! You two are a match made in heaven, and I only entered your life because of an accident! I'm the one who should leave ..."

As Song Wei spoke, her tears fell uncontrollably. She looked like a Pear Blossom in the rain, and anyone who saw her would pity her.

She was still sobbing as she said, "ruofei, I hope to have the chance to explain to Qingxue face to face. If she's not willing to see me, then forget it." In short ... I won't contact you again, and I hope you don't come looking for me again! Quickly go and coax Qingxue back! Put all the blame on me, and tell her that you will never look for me or contact me again. Try to get her forgiveness!"

Xia ruofei's heart ached for Song Wei.

Ling Qingxue, who was standing in the blind spot behind Xia ruofei, looked at the pitiful Song Wei on her phone screen and her heart softened.

Ling Qingxue's heart trembled when she heard Song Wei's words.

She was the most familiar with the intense attraction and pleasure that came from the soul after the soul and body combined cultivation. She knew that Song Wei had the same experience.

Under such circumstances, it was definitely not an easy decision to leave Xia ruofei. It must have been a very difficult decision!

When Ling Qingxue saw this scene, her mind was filled with a myriad of thoughts.

Just as Song Wei was about to hang up the video call with tears streaming down her face, Ling Qingxue suddenly stood beside Xia ruofei and said loudly, "Song Wei, why are you so stupid! What's so good about Xia ruofei that you're willing to sacrifice so much for him? In my opinion, we should both ignore him and let this greedy man go alone!"

Chapter 2210 Meeting_Song Wei was about to end the video call when Ling Qingxue suddenly appeared. She was stunned. Her eyes were wide open as she stared at her phone screen. She did not move an inch, as if the video call was stuck.

Xia ruofei was also stunned. Then, he said in his heart, "You're the one who exposed yourself, so you can't blame me!"

As he thought about it, he looked at Ling Qingxue carefully.

Song Wei was stunned for a while before she came back to her senses. She looked very embarrassed and did not dare to look at the screen. She bit her cherry lips and said, "Qingxue ... So ... So you're here too!"

Ling Qingxue could empathize with Song Wei's pain, which was why she had jumped out in a moment of impulse. Now, she was also a little regretful, because the situation was too awkward.

Even though this was not a face – to – Face conversation between the three of them, the atmosphere of awkwardness was very thick.

Ling Qingxue glared at Xia ruofei and said, "Song Wei, I've heard about what happened between you two ..."

"I'm sorry, Qingxue!" Song Wei quickly said.

"This isn't your fault ..." Ling Qingxue sighed and said, "I'm not an unreasonable person. RUO Fei has already told me about it. You were poisoned because you were trying to help him. In addition, the matter of cultivation ... It was purely an accident. No one can be blamed for this. "

Xia ruofei couldn't help but feel surprised. Ling Qingxue was actually so reasonable? She wasn't like this before the video call! Once a woman threw a tantrum, who cared if it was reasonable or not?

It was a huge mistake to reason with a woman.

Song Wei didn't know what Ling Qingxue meant by that, so she just went along with her and said, "Qingxue, you're right. This was indeed an accident. "But ... It's all my fault. If I wasn't so anxious, I could have waited for ruofei and I to improve our cultivation before getting rid of the peach blossom miasma. Maybe it wouldn't have been so dangerous. Ruofei wouldn't have taken the risk and rushed into the core of my sea of consciousness. Then, there wouldn't have been those things ... So, you can't blame ruofei. If you want to blame someone, blame me for being too anxious ..."

Ling Qingxue glanced at Xia ruofei unhappily and said, "Don't take all the responsibility on yourself. This guy might be secretly happy!"

"I didn't ..." Xia ruofei immediately explained.

"You shut up!" Song Wei and Ling Qingxue said in unison.

After saying that, the two of them felt a little embarrassed and their faces became slightly hot.

Ling Qingxue said to Xia ruofei, "you have no right to speak here!" We haven't even found lunch yet! Hurry up and go fishing!"

"Oh ... Then you guys can talk ..." Xia ruofei awkwardly handed his phone to Ling Qingxue and then ran away.

He knew that the best thing to do at this time was to hide far away. The two women were like gunpowder barrels now. Perhaps he would just sit there and detonate their emotions.

Xia ruofei obediently took the fishing net and came to the affinity platform at the end of the yacht.

Of course, he couldn't really focus on fishing. He was just mindlessly digging and pulling in the net. It didn't matter if he got anything or not. Most of his attention was still on Ling Qingxue.

Xia ruofei's spiritual power had already spread out. He was carefully observing Ling Qingxue's situation, afraid that she would fall out with Song Wei again.

Xia ruofei's spiritual power was much higher than Song Wei's, so his spying did not attract Ling Qingxue's attention.

After Xia ruofei left, Ling Qingxue sighed and said to Song Wei, "Song Wei, tell me ... What do you plan to do?"

Song Wei blushed and said, "My thoughts ... RUO Fei should have told you, right? At that time, I was the one who suggested for you to come into contact with the 'absolute beginning Heart Sutra.' Other than feeling that cultivating it would bring you countless benefits, there was another important purpose. I hoped that after you personally experience the feeling of cultivating it, you could understand us ..."

"Don't you think this suggestion is too ridiculous?" Ling Qingxue couldn't take it anymore. She frowned and said, "what era is it now? Which man would have three wives and four concubines? Why can men be so fickle?"

"Qingxue, I know that you're feeling indignant. After all, RUO Fei is your boyfriend. I ... Although it was an accident, I'm still the disgraceful third party ..." Song Wei said awkwardly.

When she said this, Song Wei could not help but lower her head in shame.

However, Ling Qingxue suddenly asked, "Song Wei, you've liked him even before you combined cultivation with his spirit body, right?"

Song Wei was stunned when she heard that. She looked up at the screen.

Ling Qingxue was also staring at the camera. From Song Wei's angle, it was as if Ling Qingxue was looking at her. Her gaze seemed to be able to see through her heart and it made her panic.

After hesitating for a while, Song Wei nodded her head.

"As expected ..." Ling Qingxue said softly.

"Qingxue, please don't misunderstand. Even RUO Fei doesn't know about this. I've been keeping it to myself ..." Song Wei quickly explained.

"He doesn't know?" Ling Qingxue was in disbelief. "Men and women are very sensitive to such things. If you have feelings for him, he can definitely feel it. Maybe he's just secretly happy!"
