Chapter 2221 The good boss of Huaxia (1)

Xia ruofei nodded and said, "Alright. There are a few things you need to remember. First, clean up the reception room in advance tomorrow and prepare the fruits that should be prepared in advance. Second, even though the southeast SARFT is responsible for food and accommodation, station head Gao is here to inspect our company, so we can't just treat it as nothing. We have to send someone to pick him up."

Since Gao Jun had put so much importance on this, Xia ruofei could not be too reserved. After all, he was representing the government, while the Paradise Corporation was just a private enterprise. As the saying went, everyone would give face to a person with high status. If others gave Xia ruofei face, Xia ruofei would always give them the respect they deserved.

"Alright!" Qin Yanan asked as she recorded, "Chairman, then ... What level of leader should we send to pick them up?"

Gao Jun was the Deputy Director of xiangnan TV, and his administrative level was equivalent to the Deputy Director level. If the person who went to pick them up was of a lower level, it was better not to go. Maybe it would be easier to make the other person feel bad if he went, so Qin Yanan naturally had to ask clearly.

Xia ruofei thought for a while and said, "Go and report to President Feng. If she's free, ask her to work hard. If she's busy with work and can't leave, then I'll have to trouble President Dong to make a trip!"

"Alright!" Qin Yanan quickly jotted it down, then asked, "Chairman, do you have any other instructions?"

"No, go do your work!" Xia ruofei waved his hand and said.

"Alright!" "Yes," Qin Yanan replied crisply and bowed slightly to Xia ruofei. He left Xia ruofei's office with light footsteps and closed the office door gently.

After Qin Yanan left, Xia ruofei continued to read the documents.

About half an hour later, Qin Yanan knocked on the door and walked in.

She came to Xia ruofei's desk and bowed. "Chairman, I've already reported to CEO Feng. She said that she'll personally pick us up tomorrow morning. She'll probably attend the southeast radio and television station's welcome luncheon for the high platform before returning to the company."

Xia ruofei nodded and said, "okay, I understand."

Qin Yanan smiled and said, "Chairman, I'll report to you. I've already moved all my office supplies here. From now on, if you have any instructions, you can directly contact me through the internal line."

Xia ruofei smiled and nodded. "You're pretty quick!"

"I don't have many things," Qin Yanan pursed her lips and smiled. "Your service and guarantee work are the most important!"

“Mm! You’ve worked hard!” Xia ruofei said, “you can go down first ... Oh, right! If there’s nothing else, I won’t be coming in the afternoon. I might not be coming tomorrow morning, but I’ll definitely be there before 3:30 in the afternoon. If you need anything, just call me directly.”

“Understood!” Qin Yanan said.

Seeing that Xia ruofei didn’t have any other instructions, Qin Yanan filled Xia ruofei’s Cup with hot water and left the office quietly.

Xia ruofei stayed in the office until noon before he picked up his handbag and left.

Qin Yanan, who was at the door, saw Xia ruofei coming out and immediately stood up. He pressed the elevator button for Xia ruofei first and then bowed slightly to him. “Take care, Chairman!”

Xia ruofei smiled at Qin Yanan and nodded, then walked into the elevator.

Xia ruofei was in a good mood as the elevator went down.

Although Xia ruofei did not think much of Feng Jing’s arrangement for him to have a service team, he felt that it was a good idea now. With such a team, he could save a lot of trouble.

Soon, the elevator reached the first floor.

Ding! The elevator door opened and Xia ruofei walked out.

In the lobby on the first floor, this side was the dedicated elevator to the top floor, and the opposite side was the general elevator to the other floors.

Xia ruofei saw a few delivery men in yellow or Blue Coats, holding a few bags of food in their hands, waiting for the elevator.

He couldn’t help but take a few more glances, deep in thought.

Currently, no other company had settled in the Paradise building. All of them were employees of the Paradise Corporation.

According to Xia ruofei’s thoughts, he would rather leave the remaining floors empty than rent them. After all, the company would definitely be in a stage of rapid development in the past few years. The scale of the company would definitely expand rapidly, and the demand for office space would gradually increase.

He didn’t want to rent out his office building just to earn more rent. If that happened, when the company needed more office space in the future, he would have to clear out the tenants first and then renovate it again, which would add a lot of trouble.

It was lunch break, and it seemed that many employees had ordered takeaway.

Xia ruofei pondered for a while. As he walked out, he took out his phone and gave Feng Jing a call.

“Ruofei, what’s the matter?” Feng Jing answered the call and asked in a relaxed tone.

When there were no outsiders around, Feng Jing and Xia ruofei would not show a clear superior – subordinate relationship and would address each other more casually.

“Sister ran, I suddenly have an idea that I want to discuss with you,” Xia ruofei said with a smile.

Feng Rao laughed, “based on my experience, your new ideas are usually golden!” Every time, it would bring huge benefits to the company! To be honest, I’m quite interested in it. What are you thinking?”

Chapter 2222 China’s good boss (2)

Xia ruofei laughed! You’re wrong this time ... Not only can I not make money for the company, but I might even have to spend a lot of money!”

“Ah? What exactly is going on! Don’t keep me in suspense. ” Feng Rao said with a smile.

“It’s like this. When I just came out, I saw a lot of delivery men delivering food upstairs.” Xia ruofei said, “it’s not a long – term solution for our employees to order takeaway every day! On one hand, it was a waste of money. On the other hand, their health might not be guaranteed. After all, the hygiene conditions of many take – out businesses were worrying. It would be troublesome if they got food poisoning from eating! Besides, the employees are working hard for the company, so we have to keep up with the logistics!”

“I’ve also noticed the problem you mentioned. ” Feng Jing replied, “but I haven’t thought of a good solution yet. In fact, many companies are in the same situation now, and we’re not the only one. ”

Xia ruofei thought for a while and then continued, “Sister che, this is what I’m thinking. In the short term, we can sign an agreement with a branded food and beverage company and ask them to customize healthy meals for us every day. Then, we’ll count the number of people who need to eat every day and report it to them in advance. In this way, we can pay the other party monthly, and I plan to have the company provide a certain percentage of meal allowance for each employee who eats. This way, the employees can eat delicious and healthy meals, and we can save on expenses. ”

“That’s not a bad idea!” Feng Jing said, “but the company might have to increase its fixed expenses.”

“There’s no need to save on this kind of money!” Xia ruofei said without hesitation.

“Alright! Since the boss has spoken, I’ll ask President Dong to bring out a Constitution!” Feng Jing smiled and said, “once you’ve taken a look and there are no problems, we’ll start implementing it!”

Xia ruofei nodded and said, “yes!” This matter could not be delayed! The earlier this was resolved, the earlier the employees could enjoy this benefit! In addition, I think Ling Ji restaurant is not bad. They’re a civilian restaurant, and they’re also a well – known enterprise in the province. Their hygiene conditions are definitely up to standard, so we don’t have to worry too much about food safety. ”

“Most importantly, Ling Ji F & B has a close relationship with our Chairman, so it’s naturally easier to talk about cooperation!” Feng Rao laughed. I understand!”

Xia ruofei smiled and said, “sister che, I’ve said it just now. This is just a temporary solution.” In the long run, it was imperative to set up a staff cafeteria in the peach blossom mansion. I see that we have a lot of vacant floors now, so we might as well take half of the floor and plan it as a staff cafeteria!”

“Swish!” Feng Rao exclaimed, “ruofei, you’re really generous! If you rent half of this building, the monthly rent is not a small amount!”

Xia ruofei chuckled and said, "I never thought of using the empty floor for rent!" "I think it's necessary to set up an employee cafeteria. The company should also provide food subsidies. For example, for breakfast, lunch, and dinner, an individual only needs to pay 5 yuan or 8 Yuan to eat three meals, and the rest of the money will be subsidized by the company. I think we should introduce the credit card system in the college cafeteria. It can only deduct the cost of the meal once a day. That way, the staff can swipe the card for every meal, but the fee will only be charged the first time they swipe the card. It doesn't matter if he eats one, two, or three meals a day. The deduction will be the same."

"I understand what you're trying to say," Feng Rao said, "since you have such an idea, I certainly won't object." "I'll put your instructions on paper as soon as possible, and then try to implement them as soon as possible!"

Xia ruofei smiled and said, "this isn't really an instruction. You executives can also study and see if my proposal is feasible." In addition, let the finance department estimate how much money we need to spend every month to subsidize the food. In short, we have to do enough preparation work!"

"Understood!" Feng Rao replied.

Xia ruofei said, "these two plans must be implemented as soon as possible." Also, once you've decided, inform all the employees on the company's intranet so that everyone can be happy!"

"Alright!" Feng Rao smiled and said, "ruofei, it's rare to see a good boss like you!"

"Don't flatter me!" Xia ruofei smiled and said, "Oh right, don't waste the other half of the floor. Since there's a canteen on this floor, it's unlikely that we'll turn the other half into an office space in the future. I think we should just make an activity room! Purchase some fitness equipment. If there is enough space, get a badminton court and two table tennis and pool tables. Nowadays, the White – collar workers in the company sit in the office and often don't move for a long time after sitting down. The young ones either have problems with their cervical vertebra or their shoulders and neck, and they also have scapulohumeral periarthritis. We should encourage employees to exercise more after work. After the construction of this activity room, it will be open to employees for free. Not only can they exercise during their rest time, but there will also be a 20 – 30 – minute break in the morning and afternoon. For example, at 10 am, everyone has been working for more than an hour. He could go down and exercise, and then come back to work until the lunch break; Set a break time between three to four o'clock in the afternoon and stay there until you get off work."

"You're really thoughtful!" Feng Jing laughed. "If the employees knew about this, they'd definitely praise you to the heavens!"

"You're exaggerating! I hope that the employees can have a sense of belonging to the company! They had put in so much effort and energy for the company, and the company would definitely not treat them badly. Sister ran, I'll have to trouble you to plan these things first!" Xia ruofei smiled and said, "Oh right, thank you for picking me up at the airport tomorrow."

"Why are you being so polite? it's part of my job!" Feng Rao laughed.

After ending the call with Feng Jing, Xia ruofei had already walked out of the peach blossom mansion.

At this time, he remembered that his car was parked in the underground parking lot. He couldn't help but pat his forehead, then turned around and walked in with a bitter smile.

He glanced at the security guard on duty at the entrance of the building and found that it was a veteran he knew, so he simply threw the car key over and said, "Xiao bin! Please help me drive the car up from the underground parking lot!"

"Alright! President Xia, please wait a moment!" Xiao bin quickly said, then ran into the building, from the stairs to the underground parking lot.

After a while, Xiao bin drove Xia ruofei's Knight XV SUV to the ground.

Xia ruofei thanked Xiao bin, who had jumped out of the car, then got into the car and left, returning to the villa area by the river.

The house was quiet. It seemed like Ling Qingxue didn't come back in the afternoon. Song Wei went back to the Provincial Party Committee's family courtyard.

Xia ruofei laughed bitterly. He did not know what kind of situation he was in right now. Speaking of which, the two of them had already tacitly acknowledged the existence of this relationship, but it was as if he did not have a girlfriend. On the contrary, even Ling Qingxue had deliberately distanced herself from him.

Xia ruofei knew that it would take some time. Since the matter had been made clear, he could not rush it. He could only take it slow.

He went to the kitchen and made himself a simple lunch.

He didn't go out in the afternoon. He had a short lunch break, then got up to clean the house. Then he went to the living room on the first floor to watch TV for a while.

As the sky gradually darkened, Xia ruofei started to look forward to it. However, neither Ling Qingxue nor Song Wei appeared.

Xia ruofei took out his phone and opened WeChat a few times, wanting to ask if the two of them would come over to cultivate tonight. However, in the end, he did not send anything and exited WeChat.

He shook his head with a bitter smile and went to the kitchen to make himself a bowl of noodles to finish his dinner.

It was a quiet night.

The next morning, Xia ruofei woke up early and cultivated for a while.

He did not go to the company in the morning. Instead, he chose to make tea at home and read a book. It was a rare moment of leisure.

At two o'clock in the afternoon, Xia ruofei, who had taken a short nap, got up and washed up. He changed into a tailored suit and went downstairs to drive straight to the peach Garden building.

Chapter 2223 A win – win situation (1)

When they arrived at the peach Garden building, Xia ruofei took the special elevator from the underground parking lot to the top floor.

As soon as the elevator door opened, Qin Yanan, who was at her desk facing the elevator, looked up and immediately stood up. She bowed slightly to Xia ruofei and said, ""Good day, Chairman!"

Xia ruofei smiled and nodded at Qin Yanan.

Without waiting for Xia ruofei to ask, Qin Yanan took the initiative to report, ""Chairman, director Gao from xiangnan TV arrived at the Tao Yuan building about ten minutes ago. He should be visiting the e – commerce Department at this time. President Feng and President Dong are with him."

Then, Qin Yanan quickly looked at her watch and said, ""Your meeting with him will be in about 20 minutes. The reception room is ready!"

Xia ruofei nodded and said, "okay, thank you!"

With that, Xia ruofei pushed the door open and walked in. Qin Yanan quickly followed him in and swiftly made Xia ruofei some tea. Then, he handed Xia ruofei a few documents that had been submitted since yesterday.

Xia ruofei glanced at the documents. They were arranged according to time and urgency. He nodded and said, ""Alright, leave it here first! I'll read it later. That ... When director Gao comes up, please remind me in advance. "

"Alright!" Qin Yanan said, "Chairman, I'll go out first!"

Xia ruofei smiled and nodded.

Looking at Qin Yanan's back as he left, then at the steaming teacup in front of him and the neat work desk, Xia ruofei felt that it was not bad to have a capable assistant.

Xia ruofei was reading some documents when Qin Yanan knocked on the door. She stood at the door and said, ""Chairman, the administration department said that director Gao and his men are already waiting for the elevator. They're ready to come up."

"Alright," he said. Xia ruofei said as he stood up.

He passed through the spacious office and went straight to the elevator. At this time, the elevator had just reached this floor.

The elevator door opened with a ding.

Dong Yun, who was dressed professionally, walked out of the elevator first and reached out to block the elevator door. Then, Gao Jun, the Deputy Director of xiangnan satellite TV, who Xia ruofei had met a few times, walked out.

When Gao Jun saw Xia ruofei standing not far from the elevator, he quickly walked over with a warm smile on his face. He reached out his hands and said, ""President Xia! Hello, hello!"

Xia ruofei shook Gao Jun's hand and smiled. ""Director Gao, welcome, welcome!"

The two of them exchanged a few words, and Qin Yanan led the group to a small reception room on the side just in time. Everyone took their seats according to the host and guest.

Xia ruofei chuckled. "Director Gao, it's just recording an episode of the program. It's not a big deal. Why did you personally come to the three mountains?"

Gao Jun said humbly, "President Xia is our important guest. I'm afraid that the people below will neglect you. It's better to communicate with you in person."

Xia ruofei laughed and said, "you're too kind, director Gao!" I'll do my best to cooperate with the festival Group. "

"Thank you! Thank you!" Gao Jun quickly said.

Even the son of chief hou of the headquarters was with Xia ruofei, so Gao Jun naturally did not dare to neglect him.

"Director Xia, do you have a certain level of understanding about our show?" Gao Jun asked.

Xia ruofei smiled. "I've actually watched a few episodes. That's why I know the basic structure of the show. Of course, that's on the premise that you guys don't make too many changes this season."

"That's good!" Gao Jun said. There were definitely some adjustments to the details, but the overall shape did not change much. President Xia, I'll go through the process with you first?"

"Alright!" Xia ruofei said readily.

"First of all, our photographer followed you throughout the entire process. I heard from Mr. Hou that you have a very good siheyuan in Beijing, and it's very unique." Gao Jun said, "if you don't mind, we hope to start shooting from the siheyuan."

Xia ruofei thought for a while and said, "no problem, but try not to involve too many private things."

"Of course! Of course!" Gao Jun quickly said, "after the final editing of the show is done, we'll let you review it first. If you feel that there's anything that's not suitable, we can make changes at any time. There won't be any problems."

"That's good. " Xia ruofei said with a smile.

Gao Jun said, "President Xia, how about this? according to the usual practice, our guests will call to order food before going to the filming location. Let's finish this order in the siheyuan!"

"Sure!" Xia ruofei said.

"Then the next step is to head to the mushroom house of the Paradise society." Gao Jun said, "we arranged for a car provided by the sponsor to come out of the courtyard house. There will be a photographer accompanying the car to take some highlights ..."

Gao Jun then explained the general process of the shooting to Xia ruofei. In fact, the framework of this season's show was similar to the previous two seasons. There were four permanent guests, and each episode would have a flying guest. Before the guests of the previous episode finished their journey, the

guests of the next episode would have arrived. This way, it seemed that every episode was seamlessly linked.

The main theme of the program was naturally the leisurely life in the village.

According to Gao Jun's introduction, this season's permanent guest lineup was basically the same. It was still two old and two new. The "two old" were the male host of xiangnan TV, He Jiong, and the famous actor, Huang Lei. The "two new" were Peng Chang and Zhang Xing, who had become more popular in the past two years.

Chapter 2224 Win – win (2)

The only difference between this lineup and the previous season was that the Chinese music youngster, Liu Xianhua, could not participate in the recording due to his schedule, so he was replaced by Zhang Xing.

For this kind of slow variety show that focused on a leisurely atmosphere, the entire recording process was not very tight. It was just to experience the leisurely village life with the guests. For the sake of the program's effect, a certain amount of work would be arranged. There was also cooking, drinking tea, chatting, and so on.

They arrived at the mushroom house in the morning, stayed there for a night, and left after lunch the next day. The task of being a guest for the first episode was completed.

The guests for the second episode would arrive the next morning, and the recording would continue.

Xiangnan satellite TV considered the fact that Xia ruofei was different from the other celebrities. To show their respect for him, he was the only flying guest in the first episode. Usually, there would be several guests in each episode.

Xia ruofei didn't have the bad habits of some big stars. After Gao Jun introduced the program in detail, he even took the initiative to ask Xia ruofei if he had any requirements, or if there were any taboos in his life or diet. Xia ruofei smiled and waved his hand. "Director Gao, I'm not that particular! I came from a poor life, and what kind of hardship did I not suffer when I was a soldier? Just tell the festival Group to do what they need to do. There's no need to give me any special treatment!"

Gao Jun said happily, "Thank you! Thank you! President Xia, I'm really grateful!"

The reason why Gao Jun had come personally was that he was worried that Xia ruofei would be difficult to get close to. He was worried that the festival Group would be careless and neglect her. In his opinion, a young rich man like Xia ruofei, who had such a strong network in the capital, would definitely not be easy to get close to. It was normal for him to be arrogant.

In fact, during the groundbreaking ceremony of the capital's peach blossom society, Gao Jun also felt that Xia ruofei was a little unreasonable through his short contact with him.

At that time, Gao Jun had offered to use the Paradise gathering's venue to film the third season of life I yearn for together. This was supposed to be a good promotion for the Paradise gathering, but Xia ruofei had flatly refused and was very determined.

If it wasn't for Zhao Yongjun and the others' support, this would have been over.

Gao Jun didn't expect that Xia ruofei was completely different from what he had imagined. She didn't put on any airs at all and was very easy – going. She was simply too easy to talk to.

"President Xia, there's something else that we hope to receive your company's full support ..." Gao Jun continued.

Xia ruofei smiled and said, "you're too kind, director Gao!" If there's anything we can help you with, just tell us. "

"Thank you!" Gao Jun said, "President Xia, it's like this. When we were planning the show, we designed a vegetable field. The quality of your company's vegetables is well – known, so ... We have a presumptuous request. Can your company provide us with some high – Quality vegetables and help us transplant them to the vegetable field next to the mushroom house?"

The life you yearn for was a variety show, so it was naturally impossible to plant the seedlings like a real vegetable garden in a village. After all, the program's recording cycle was only so long. If you started planting from the beginning, the vegetables might not be ripe by the time the program finished recording.

In fact, in the first season of the show, the vegetable field was directly filled with mature corn. The guests picking corn in exchange for ingredients even became a big selling point of that episode.

Xia ruofei fell into deep thought.

"President Xia, if it's for confidentiality or other reasons, just forget it. You don't have to feel embarrassed ..." Gao Jun quickly said.

Xia ruofei smiled and said, "director Gao, you've misunderstood. It's just a small matter. It's not difficult. I'm just thinking about which vegetables are suitable to be provided. After all, the north and south are different." Moreover, the weather in the North is still very cold. We still need to consider whether the vegetables can survive after being transplanted. "

"Director Xia, we've already built a greenhouse for the vegetables in advance," Gao Jun said quickly. "There's no problem with normal planting!"

Xia ruofei nodded with a smile and said, ""That's good! I agree to this! Chief Feng, you can talk to factory manager Cao and let him coordinate the specific things. You must cooperate with him and choose the best vegetables. Also, take the survival rate into consideration and prepare more vegetables. "

Feng Rao was also in the reception room. She immediately said, ""Yes, Chairman!"

"Thank you, President Xia!" Gao Jun was overjoyed. You've been a great help to me! With this batch of vegetables, the entire program would be promoted to a higher level! Your company only needs to provide the vegetables that are about to ripen. As for the other matters, including the transportation, we will take care of it ourselves!"

"Alright, this matter can't be delayed. Send someone to the farm today and communicate with factory manager Cao!" Xia ruofei smiled.

The program would start recording in a week, so the garden had to be prepared in advance.

“Yes, yes, yes!” Gao Jun said. Then he turned to one of his subordinates and said, “Xiao Liu, follow up on this matter. Make sure the garden is built before the shooting!”

“Yes, station head!” Xiao Liu quickly stood up and answered.

Then, Gao Jun put forward some specific requirements, including using the Taoyuan Da Hong Pao to serve the guests in the show, putting the jade skin cream in the bathroom for the guests to use, and also preparing a small amount of Taoyuan brand iron maple and Cordyceps.

These requests were not so much a request for the Paradise company’s support, but rather an advertisement for the Paradise company.

When the show was broadcasted, the products from paradise brand that could be seen everywhere would appear on the screen from time to time. The host would also randomly insert advertisements. For example, when he was making tea with the guests, he would definitely say that this was paradise Da Hong Pao. When they washed up in the morning, the guests had to use some jade skin cream, an internet – famous makeup. After all, celebrities paid great attention to their skin.

In addition, there was also the vegetable greenhouse named after the Paradise company. When the guests went to the greenhouse to plant and pick vegetables, they naturally had to thank the Paradise company for their friendly sponsorship. Moreover, paradise vegetables was now popular all over the country. Just its appearance alone could attract countless fans. When the time came, the festival group’s HD cameras would naturally take beautiful pictures of the vegetables.

This was excellent publicity.

In fact, this treatment was second only to the main sponsor in the show. The main sponsor not only had a variety of fixed advertisements, but also a large number of embedded advertisements.

In addition, it was estimated that the peach blossom company’s products had the highest exposure rate.

More importantly, all of this was free.

When Feng Rao heard this, she couldn’t help but feel a surge of emotions and almost cheered out loud.

No matter how well xiangnan satellite TV’s reputation was, their influence in the entertainment industry was undoubted. Besides, a life to look forward to had already gone through the market test and had a large fixed audience base. The advertising effect was undeniable.

Furthermore, Xia ruofei had personally participated in the first episode’s recording. He would immediately become a hot topic. As long as the show did not seek trouble, the third season would definitely be a hot topic again.

With regards to xiangnan TV’s “request”, Xia ruofei naturally agreed without hesitation. He even instructed Feng Jing on the spot to provide them with sufficient products according to xiangnan TV’s needs.

Of course, to xiangnan satellite TV, it was not an investment without any returns.

Xia ruofei's popularity was enough to increase the show's popularity by a large margin. Although they had sacrificed a lot of advertising spots, the revenue from the hard advertisements during the show's broadcast time could increase by a lot.

Besides the profits, he could expand the influence of the TV station in the entertainment industry and more importantly, gain Xia ruofei's friendship. To xiangnan TV and Gao Jun, these were all worthwhile returns.

So, this was definitely a win – win cooperation.

Chapter 2225 Departure (1)

The meeting ended in a very pleasant atmosphere. Xia ruofei and Gao Jun agreed to go to the capital in a week. At that time, Gao Jun would also go to the capital to personally supervise the recording of the first episode.

After the meeting, Gao Jun stood up and said with a smile, "President Xia, we've prepared some wine tonight. I hope that you and President Feng can give me a chance to express my gratitude!"

Xia ruofei laughed and said, "director Gao, you're a guest since you've come to the three mountains. How can I let you be the host?" We should be the hosts! I've already booked the place for tonight, how about it? Director Gao, do me a favor?"

Gao Jun was stunned for a moment before he smiled and said, "You're too kind, President Xia! Then ... I'll do as you say!"

"Director Gao is very straightforward!" Xia ruofei said with a smile.

There was still some time before dinner, so Xia ruofei invited Gao Jun to his office. The two of them made tea and chatted.

As for Gao Jun's accompanying staff, Feng Jing and the others naturally took care of them. It just so happened that there were some specific matters that needed further confirmation from both sides. After all, the leader was only holding the general direction.

That little Liu from earlier had even gone directly to Tao Yuan farm to discuss with Cao tieshu about the matter of transplanting the vegetables.

Gao Jun chatted with Xia ruofei for a while and felt closer to him. Xia ruofei never put on airs. If others gave him enough respect, he would naturally give them enough respect. Gao Jun didn't feel the arrogance of a rich Playboy from Xia ruofei. On the contrary, he felt like a spring breeze.

When it was about 5:30 pm, the two of them left the office together. They called Feng Jing, Dong Yun, Xiao Qiang, and Gao Jun's entourage to head to Ling Ji's private kitchen.

Xia ruofei and Feng Jing already had a high level of tacit understanding. Just now in the reception room, she already understood Xia ruofei's gaze. So when Xia ruofei returned to the office with Gao Jun, Feng Jing called the Ling Ji private kitchen as soon as possible.

When the private restaurant heard that Xia ruofei was going to entertain the guests, they did not say anything. The backyard was not open to the public, so Xia ruofei could use it anytime he wanted.

When Xia ruofei and the others arrived at Ling Ji private kitchen, the private room was already prepared. It was a quiet courtyard and the private room had an antique feel to it. One look and one could tell that it was of high quality.

Xia ruofei had prepared Ling Ji's signature dishes, Buddha Jumps Over the Wall, long river Chinese perch, exquisite Drunken Eight Immortals wine, and space – aged Semillon for the guests who had come from afar. Gao Jun could be considered experienced and knowledgeable, but he was still convinced by the delicious food tonight. Especially when he found out that many of the ingredients tonight were produced by the Paradise Corporation, he could not help but give a thumbs – up.

The banquet was naturally filled with both guests and hosts.

After they finished eating, a Buick GL8 commercial car was in charge of sending Gao Jun and the others back to the hotel. Xia ruofei personally sent them to the entrance of the private restaurant.

Gao Jun shook hands with Xia ruofei and said, ""President Xia, thank you for your hospitality!"

"Director Gao, you're too kind!" Xia ruofei said with a smile.

The electric car door opened slowly. Before Gao Jun got into the car, he turned around and said, ""By the way, director Xia, I would like to use some photos or videos for our meeting today to hype up life you yearn for. Is that okay?"

Gao Jun had brought two accompanying reporters with him this time. They had taken a lot of videos and photos of the whole meeting and uploaded them to the TV station. There was no shortage of talents in this area.

Xia ruofei smiled and said, "isn't this a spoiler?" Speaking of which, you guys should be trying to be as mysterious as possible before the show starts broadcasting!"

Gao Jun laughed and said, "there's no absolute!" From the perspective of the law of communication, at least it's better for the news of President Xia joining our show to be released earlier! Of course, if you mind, you can forget about it ..."

Xia ruofei waved his hand and said, "why would I mind?" As long as you think it's suitable, feel free to use it!"

Gao Jun was very happy, "that's great!" Thank you, President Xia!"

"You're welcome! You're too polite!" Xia ruofei said with a smile.

"President Xia, I'll take my leave then!" Gao Jun said, "let's meet in Beijing!"

"Mm! See you in the capital!" Xia ruofei smiled and nodded.

Gao Jun got into the Buick minivan. Xia ruofei stood at the side and waved at Gao Jun and the others in the car, watching the car leave Ling Ji's private kitchen.

Since the guests had left, Feng Jing and the others naturally arranged for the remaining MPV to send Xia ruofei home first. Yingying had just arrived with Xia ruofei's company car, so the Knight XV off – Road vehicle was left in the underground parking lot of the peach blossom mansion.

Xia ruofei did not stand on ceremony. However, he asked everyone to get into the car together and asked the chauffeur to send them back separately.

Along the way, Feng Jing and Dong Yun were extremely excited. Although the show had not started recording yet, they could already foresee that Xia ruofei would definitely gain a huge number of fans when the show aired. The reputation of paradise Corporation would also reach a new high.

Xiangnan TV would be hyping up The Show Before the Show even aired. By then, the netizens would know that the only flying guest in the first episode was Xia ruofei.

Initially, Xia ruofei wanted to take Feng Jing and Dong Yun home first as Ladies First. However, they had rejected him firmly. Moreover, the jiangbin villa district was the closest to Ling Ji private kitchen, so he decided to take Xia ruofei home first.

The car drove all the way to the entrance of the villa. Xia ruofei reminded the driver to be careful. Then, he waved goodbye to Feng Jing and the others and walked briskly into the courtyard.

.....

In the next few days, Xia ruofei's life became very regular.

As he had to go to the capital in a few days, Xia ruofei felt embarrassed to be a boss who did nothing. Even if he could not guarantee that he would get to work on time, he could at least go to the company every day.

With Qin Yanan and the team she led, Xia ruofei didn't have to worry about work. Qin Yanan was able to arrange his schedule well. Of course, he didn't have much to do. He left all the work that needed to be done on behalf of the company to Feng Jing. He enjoyed the feeling of being in charge behind the scenes.

In the past few days, Ling Qingxue and Song Wei did not avoid Xia ruofei. They either did not come at all or came together.

Moreover, every time they cultivated together, the two of them would just avoid each other a little to avoid being embarrassed in front of each other. In terms of the number of times they cultivated, they strictly followed the principle of equality. One for you and one for me. Neither of them was at an advantage.

Xia ruofei smiled wryly in his heart when he saw the situation. They were not giving him any chance at all ...

Of course, Xia ruofei was not in a hurry. In fact, when he was performing the soul – body Fusion cultivation, the pleasure from the soul level far exceeded the physical contact. Ling Qingxue and Song Wei had already completed their spirit body Fusion many times, so they were well aware of this. They just couldn't bring themselves to do it.

This rather strange and subtle state continued for a few days, and in the blink of an eye, it was time to set off for the capital.

Originally, Song Wei was going back to school as well. Xia ruofei wanted to bring her along to the capital city as it would be more convenient with his private jet.

However, perhaps Song Wei wanted to avoid suspicion and Ling Qingxue's overthinking, so she took a plane back to Beijing a day in advance. After Song Wei returned to the capital, Ling Qingxue "consciously" did not come looking for Xia ruofei again. Xia ruofei did not know whether to laugh or cry.

Early in the morning, after Xia ruofei had breakfast alone in the villa, the car sent by the company arrived at the entrance of the villa very quickly.

Xia ruofei sent a WeChat message to Ling Qingxue, then left the house with his small suitcase.

Qin Yanan quickly came up to him. The veteran who was the driver immediately took Xia ruofei's suitcase and put it in the trunk of the car.

This time, Xia ruofei brought Qin Yanan and another girl in her team who was in charge of external communications with the capital.

The car set off quickly.

The girl named he Yu sat in the front passenger seat, while Qin Yanan and Xia ruofei sat side by side in the middle row.

Qin Yanan and he Yu both knew that they were taking the Gulfstream business plane this time. They were both a little excited, but they did not show it in front of Xia ruofei.

After more than half an hour of driving, the car arrived at the Changping International Airport. There was a slightly lower building next to the terminal, which was commonly known as the "private plane building." If one took a private plane, they would enter the tarmac through the security passage of this building.

This Gulfstream G650 had always been paired with two pilots. The two pilots, Liu An and Zheng Daming, were both experienced pilots. They had received the flight mission a few days ago and had already applied for the route and the parking space at the Beijing airport. This was because Xia ruofei had said that they might be staying in Beijing for a few days.

After going through a simple security check, Xia ruofei and the other two saw the captain of the flight, Liu An, waiting at the security checkpoint with the crew.

"President Xia! Good Morning!" Liu An greeted Xia ruofei with a smile.

Xia ruofei smiled gently and said, "Captain Liu, I'll have to trouble you again this time!"

"You're welcome. This is our job!" Liu An replied, "President Xia, this way please!"

A flight attendant had already taken Xia ruofei's small suitcase. The group walked through a long corridor and entered the tarmac through a small door.

The Gulfstream G650 was quietly parked on the tarmac.

Although they were already mentally prepared, Qin Yanan and he Yu were still amazed when they saw the luxurious private jet named "paradise." Especially when they saw the distinctive vegetable and fruit coating on the body of the plane and the big LOGO of paradise company on the tail, a sense of pride welled up in their hearts ...

Chapter 2226 Back to the capital (1)

Surrounded by the flight crew, Xia ruofei was the first to board the plane, followed by Qin Yanan and the rest.

The luxurious facilities in the cabin naturally made Qin Yanan and he Yu secretly speechless. However, they were more professional and did not look around after boarding the plane. Instead, they each found a seat behind Xia ruofei and sat down.

After the flight crew boarded the plane, Captain Zheng Daming, who was the co – Pilot, went straight to the cockpit to prepare for the flight. The flight attendants also carried out their duties, while Captain Liu An came to Xia ruofei.

He smiled and said, "director Xia, let me report to you. Today's flight will be about two hours. The current weather conditions and traffic at the destination, Beijing airport, are within the normal range. We're expected to land before 11 O' clock. The overall weather on the route is good. There may be slight bumps during the take – off and landing, but it will not cause discomfort. "

Xia ruofei nodded and said, "okay, thank you for your hard work!" You can have a good rest for a few days after we arrive in the capital. "

"You're too kind, director Xia. If there are no other instructions, I'll go to the cockpit to prepare." Liu An said, "we expect to be granted permission to take off in ten minutes."

"Alright!" Xia ruofei said.

Xia ruofei and the others fastened their seat belts. A few minutes later, the Gulfstream business plane was allowed to be pushed out. After inspection and confirmation, the plane slowly began to glide.

After a Sichuan Airlines Airbus landed, the Gulfstream G650 bus that Xia ruofei and the others were in was allowed to enter the runway.

The plane made a 90 – degree turn at the end of the runway. After adjusting the body of the plane, it stopped for a short while and began to taxi at high speed on the runway.

Just as he experienced the obvious feeling of being pushed back, the plane quickly leaped into the sky.

After a series of pulling and turning operations, the Gulfstream business jet gradually entered the cruising altitude.

As soon as the seat belt indicator light went off, the flight attendant came over to serve them with a smile.

Although it wasn't mealtime during the flight, the private plane still had a variety of drinks, fine wine, and exquisite meals prepared.

Xia ruofei unbuckled his seat belt and waved his hand. "I'm going to take a nap at the back. You can see what Yanan and the others need to eat!"

"Yes, President Xia!" The flight attendant smiled and nodded.

Xia ruofei strode towards the private bedroom in the back cabin. After two steps, he stopped and turned back to Qin Yanan with a smile. "Yanan, do you want to take a look at the cockpit? That'll be a unique experience!"

"Can I?" Qin Yanan's eyes flashed with a hint of surprise.

Even though she was used to flying, she had never been to the mysterious cockpit. Xia ruofei's suggestion naturally piqued her curiosity.

Xia ruofei smiled and said to the flight attendant, "Go and ask Captain Liu! I'm sure he'll be happy to fulfill the wishes of the two beautiful ladies as long as it doesn't affect the safety of the flight."

"Alright!" The flight attendant smiled and nodded before walking toward the cockpit.

Xia ruofei smiled and said, "enjoy your journey!" I'm going to sleep for a while, you can ask the flight attendant to wake me up when the plane is about to land."

"Okay, thank you, President Xia!" Qin Yanan said.

Xia ruofei walked straight to the private bedroom in the back cabin and lay on the bed to take a nap.

Since Xia ruofei had personally spoken, Liu An naturally would not reject Qin Yanan and he Yu's visit to the cockpit. The two of them entered the cockpit with a trace of excitement under the guidance of the flight attendant.

The cockpit was known as the world's most beautiful office. The view of the sky from the cockpit was naturally completely different from the view through the porthole in the passenger cabin. This was indeed a very fresh and special experience for Qin Yanan and he Yu.

While they were looking around the cockpit, Xia ruofei had already closed his eyes and fallen asleep. It was only after more than an hour when the plane started to descend that the flight attendant knocked on the door to wake him up.

Half an hour later, the Gulfstream G650 plane landed smoothly on the runway of Beijing airport.

Xia ruofei brought Qin Yanan and he Yu out through the special passageway.

As soon as he stepped out of the door, Xia ruofei saw Wu Qiang who had been waiting for him.

After getting into the land Rover that Wu Qiang drove, Xia ruofei said to Qin Yanan, "Yanan, let's go to my house in Beijing for dinner first. Then, if you want to stay in a hotel, you can go to a hotel. It's not a problem to stay at my house. There are many rooms there."

Qin Yanan pursed her lips and smiled, "President Xia, let's save some travel expenses for the company!" We'll just stay at your place, it'll be more convenient for us to work!"

This time, she was going to Beijing with Xia ruofei because she had a lot of work to do. In the afternoon, she had to meet with xiangnan satellite TV. According to the arrangement, the film crew would arrive at Xia ruofei's courtyard house the day after tomorrow and begin the preliminary filming, followed by the recording of the show.

Although Qin Yanan and he Yu would definitely not appear on camera, they would definitely accompany Xia ruofei to the recording.

Xia ruofei smiled and nodded, "I'll do whatever is convenient!" The company doesn't lack the money for travel expenses. If you're not used to staying here, you can find a hotel to stay in."

They chatted along the way, and the car soon arrived at Desheng Gate Street and turned into liuhai Lane.

Although they already knew that Xia ruofei's house in the capital was a courtyard house, Qin Yanan and he Yu were still shocked when they saw the magnificent three – door courtyard.

Their impression of siheyuan was mostly from movies and TV shows. It was the kind of so – called siheyuan with many families living together and randomly built. More accurately, it should be called a large courtyard.

Xia ruofei's courtyard house, which was located in the center of the capital and had more than ten rooms, had completely overturned their stereotypes.

In such a large territory and in such a prime location, the value of this siheyuan could be imagined.

What's more, the two owners of this siheyuan had carried out quite a professional antique restoration of the courtyard. On the basis of ensuring the comfort of life, they restored the original appearance of the Beile mansion of the former Qing Dynasty to the greatest extent, which naturally looked quite magnificent.

Qin Yanan couldn't help but say, "President Xia, this place is great!" Even if you chase us away, we won't leave! What hotel can be better than this!"

Xia ruofei laughed and said, "sure!" If you like it, you can stay here. There are many guest rooms here, you can choose whatever you want!"

Naturally, Qin Yanan and he Yu were too embarrassed to stay in the courtyard in the middle with Xia ruofei. In the end, they chose two adjacent guest rooms in the front courtyard.

During this period of time, Wu Qiang had recruited two old comrades according to Xia ruofei's request. They were in charge of the security of the entire siheyuan and they lived in the front courtyard. Qin Yanan and he Yu lived in the front, so they weren't afraid of the house being too big and there weren't many people.

Wu Qiang, his sister – in – Law, Wu Xiujuan, and Xia Xiaolan, who had already become his girlfriend, still lived in the backyard.

The few of them had cleaned up Xia ruofei's courtyard house.

After putting down his luggage, Xia ruofei rested for a while before calling Qin Yanan and he Yu to the dining room in the backyard for dinner.

There were more staff members in the courtyard house now. Although Xia ruofei had a mild temperament and never put on any airs, Wu Qiang felt that it was not appropriate for them to eat with Xia ruofei. Therefore, he specially cleaned a small dining room next to the kitchen for the staff to eat.

The original restaurant was reserved for Xia ruofei and his customers.

In this way, only Xia ruofei and the other two were eating in the main dining hall.

Wu Xiujuan knew that Xia ruofei was going back to the capital yesterday and had made full preparations early. She had made a sumptuous lunch for them.

Xia ruofei did not think much of Wu Qiang's arrangement for the staff to eat in a small restaurant. However, since it had already been arranged, he did not say anything. However, he still pulled Wu Qiang over to have a meal with him and asked about the situation here.

Because Qin Yanan and he Yu still had work to do, they didn't drink at noon, and they finished their lunch very quickly.

Xia ruofei asked Wu Qiang to drive Qin Yanan to the hotel where the film crew was staying while he went back to the master's yard to rest.

When he saw Wu Qiang and the other two leaving the siheyuan in the Land Rover, he was slightly moved. "This car was certainly very convenient for home use, and it had good mobility, but if it was for business activities, it seemed a little inappropriate. For example, in today's situation, it could only be regarded as a temporary measure.

The courtyard house was very spacious. There were several garages and parking spaces in the front yard.

Hence, Xia ruofei wanted to buy another car. It would be best if it was a seven – seater business car to meet the needs of different situations.

Xia ruofei didn't know much about cars. He had also specifically told Wu Qiang not to reveal his whereabouts so that his friends in the capital wouldn't pick him up again. Hence, Zhao Yongjun and the others didn't know that he had come to the capital. Now that he had returned home, it was reasonable for him to contact them and ask about buying a car.

Xia ruofei took out his phone and dialed song Rui's number.

He felt that song Rui should be more experienced in buying a car.

The call went through very quickly.

"Hey! RUO Fei!" Song Rui said casually, "why did you suddenly think of calling me? Could it be that he found his conscience? Do you feel bad that we're working so hard in Beijing while you're enjoying life in the three mountains?"

"Go to hell!" Xia ruofei laughed and scolded, "I've worked hard for our club too, okay?"

"Has your conscience been eaten by a dog? How could he even say such words? Don't you feel red?" Song Rui said.

"Stop joking! I don't want to argue with you today!" Xia ruofei smiled and said, "didn't you say that I don't care about the club? You've really wronged me. Aren't you here today?"

“What? You’re in the capital?” Song Rui was stunned for a moment and said, “why didn’t I know? When did you get here?”

Chapter 2227 Internet celebrity MPV_Xia ruofei smiled. “I just got home. Didn’t I call you as soon as I got home?”

“Kid, why didn’t you tell me before you came?” Song Rui said, “alright! I still have something to do here, so I’ll call brother Jun and the others over in the afternoon. We haven’t gathered for a long time, so we should have a few drinks!”

“You must be thinking about the good wine in my wine cellar!” Xia ruofei scolded jokingly.

“Is this how you view your good brother?” Song Rui cried out in injustice. “Don’t tell me that our Brotherhood can’t compare to a few bottles of wine?”

Song Rui chuckled and said, “Of course, the wine you’ve stored is not bad ...”

“I knew you were up to no good!” Xia ruofei laughed.

“Then tell me the truth!” Song Rui chuckled and said.

“Alright! Everyone, everyone!” Xia ruofei replied readily, “there’s enough good wine! If you’re not drunk, you’re not allowed to leave the table!”

“You said it yourself!” Song Rui was overjoyed. I’ll call them one by one later!”

“Yes, yes, yes. You can come and inform everyone. I won’t be calling.” Xia ruofei said.

“By the way, what’s the matter with you coming back to the capital?” Song Rui asked.

“Didn’t I tell you? It’s for our club!” Xia ruofei laughed and said, “didn’t you guys say that you wanted to collaborate with xiangnan TV for a show? You even helped me to agree to help me record an episode of the show. Aren’t I here to pay off my debt?”

“Is the program recording about to start?” Song Rui said, “I was wondering why there were so many more workers in the mushroom house these few days!”

Xia ruofei couldn’t help but ask, “speaking of this, I’m a little worried!” Will their recording affect the construction of our club? Don’t lose more than you gain!”

To be honest, the cooperation with xiangnan TV this time was mainly beneficial to Tao Yuan company. For the club, of course, it had a promotional effect, but the large number of ordinary TV viewers were not the club’s target customers, so the promotional effect was basically negligible.

If the filming of the show affected the construction of the club, Xia ruofei would be sorry for his brother.

After all, the recording of the show could not be completed in a day or two. Xia ruofei only recorded one episode, but the guests changed every episode. It would take at least one or two months to finish recording a season of the show.

Song Rui smiled and said, "don't worry about that!" These problems were considered during the planning and design. The mushroom house was given priority. Now, the clubhouse and the mushroom house were separated to ensure that they wouldn't affect each other!"

"That's good ..." Xia ruofei said. "By the way, Xiao Rui, I have something I need your help with!"

"If there's anything, just say it!" Song Rui said readily.

"I want to buy another car!" Xia ruofei went straight to the point. "There's only a Land Rover in the capital right now. It's not appropriate to drive that car on some occasions ..."

"I agree," song Rui said immediately. "To be honest, the Land Rover is a good vehicle, but it won't be good for high – end occasions!" RUO Fei, leave this to me! Old Li's Xiao si had been specialized in reversing cars for the past few years! He had a lot of good stuff there! Whatever brand of car you like, just say the word and I'll get it within a month! And it's even cheaper than the market! Lamborghini, Ferrari ..."

"Stop! Stop!" Xia ruofei quickly said, "why would I do that? It's so expensive, and the base is so low, it's not practical at all!"

Song Rui was stunned for a moment, then he smiled and said, "Ah? I thought you were going to buy a luxury car ... I was mistaken!"

Xia ruofei didn't know whether to laugh or cry, "I have a lot of money to burn! Why would he buy a luxury car ..."

"You need to change your mindset!" Song Rui said, "you're a billionaire after all. You can't always be a loser in terms of spending!"

"Even if you have money, it's hard earned, not blown by the wind!" Xia ruofei said in a bad mood.

"Fine! Fine! Fine!" Song Rui quickly said, "I won't persuade you ... Then tell me! What car do you want to buy?"

Xia ruofei said, "I'm thinking that a car with good performance should be more comfortable." It's mainly because I don't know much about cars, can you give me some advice?"

"I see ..." Song Rui pondered for a moment and said, "ruofei, why don't you buy a Toyota Elfa?" The comfort of this car is unparalleled, it's a little similar to the celebrity nanny cars and it has a lot of space. This car has been very popular recently!"

Xia ruofei frowned and said, "The Japanese's car?"

He had an instinctive aversion to Wei nation cars.

Song Rui laughed and said, "yo!" I didn't expect our Big Boss Xia to be such a nationalistic young man!"

"Not really ..." Xia ruofei said. "But the Japanese's car doesn't seem to be very safe! Do you have any other recommendations?"

Song Rui said seriously, "in all fairness, there's no problem with the safety performance of this car!" Ruofei, I don't like the Japanese either, but objectively speaking, the cost – Performance ratio of several business cars of the same grade is still quite good. "

Xia ruofei wasn't against buying Wei nation's products. If they were really such nationalistic youths, they wouldn't be able to survive at all. This was an era of globalization. The parts of a car or an electronic product might be produced in many countries. For example, many domestic mobile phones had chips provided by foreign manufacturers. Even the Huawei mobile phones, which developed their own chips, also had many parts, including the screen and other parts. They were all foreign manufacturers.

Chapter 2228 Internet celebrity MPV_Therefore, after listening to song Rui's words, he pondered for a while and said, "Alright then! I believe in your judgment, so I'll buy an alpha!"

"Aren't you going to ask about the price?" song Rui asked with a smile.

Xia ruofei replied nonchalantly, "it's just a business car. How expensive can it be?" Go ahead! How much is it?"

"The official price is about 800000 Yuan!" Song Rui said. The price of the car. "

800,000 was nothing to Xia ruofei. He said without thinking, "I can accept this price! And didn't you say it already? Is the overall price – Performance ratio of this car not bad?"

"So, it's decided?" song Rui asked with a smile.

"I've decided!" Xia ruofei said, "I believe in your judgment."

"It's rare for me to be praised!" Song Rui smiled and asked, "how are you going to buy it?"

Xia ruofei was slightly stunned and said, "how else can I buy a car?" Go to a 4S shop! Don't tell me there's no Toyota 4S shop in the capital?"

"Of course, there's a Toyota 4S shop!" Song Rui smiled and said, "but if you go directly to a 4S store to buy it, I'm afraid you won't be able to buy it!"

"Don't keep me in suspense, what's going on?" Xia ruofei asked.

"I'll put it this way! This car is very popular in China, and many local tycoons are scrambling for it. Moreover, the Japanese are deliberately doing hunger marketing. " Song Rui said, "do you know how much quota the Toyota headquarters gives to the entire Greater China region every month?"

"How much?" Xia ruofei asked.

"800 units!" Song Rui said, "be careful! This is the quota for the entire Greater China region, including Hong Kong, Macau, and Taiwan!"

"So little?" Xia ruofei was slightly surprised.

"Things are precious when they are rare! Don't many local bosses like this?" Song Rui smiled and said, "I can't deny that the comfort of this car is absolutely first – Class. It's also very good – looking and has a sense of future. However, the Japanese's hunger marketing is indeed quite disgusting!"

Song Rui paused and said, "the effect of this hunger marketing is that if you go directly to a 4S store to buy a car, there will definitely be no new car!" This model of car was now being sold at a higher price, and it was a large price increase! And even if we increase the price, we'll have to wait for at least a month!"

"A large increase in the price?" Xia ruofei smiled and asked, "what's the extent?"

"Let's put it this way! This car is purely imported, and the price of the top version in Wei nation is about 400000 Chinese dollars. Because of tariffs, the price in our country is about 800000 dollars. " Song Rui said, "but in fact? The top – end version would have to be at least 400000 or even 600000 more! Including the purchase tax, insurance, and other expenses, it'll cost at least 1.6 million!"

Xia ruofei couldn't help but click his tongue when he heard this. After a long while, he said, ""A 400000 Yuan car is going to be sold for 1.6 million Yuan in our country? Four times more?"

"What do you think?" Song Rui smiled and said, "this is it. You might not be able to buy it! You'll still have to wait in line for the bus ..."

"That's crazy ..." Xia ruofei was speechless. "Who would be such a spendthrift?"

"You don't say. There are quite a lot of rich people nowadays who are silly." Song Rui smiled and said, "you know that they are doing hunger marketing, but you still want to buy it even if you have to pay more! It's just because this car will make you look good!"

Xia ruofei frowned and said, ""If that's the case ... Then I'll change the brand! I think Buick has a pretty good business car ..."

It wasn't that he couldn't afford 1.6 million Yuan. To him, this amount of money was really just a drop in the ocean. It was just that he felt that this money was not worth it at all! Moreover, if he drove this car out in the future, it would be easy for people to misunderstand him as a rich man. It was not good to think about it.

"Don't mind me!" Song Rui said, "didn't I just say it? Objectively speaking, it was a very good car model! Besides, not all the nouveau riche would buy this car! Many big entrepreneurs like this car!"

"I just don't think it's necessary ..." Xia ruofei said.

"Spending 1.6 million to buy a car that's only sold for 400000 in Wei nation, of course it's not necessary, only an idiot would buy it!" Song Rui said with a smile, "but since I recommended this car to you, I won't let you be a fool!"

Xia ruofei suddenly realized and smiled. ""I understand. Does our young master Song have a way to get a cheap car?"

"Not only is it cheap, but you don't have to wait too long!" Song Rui laughed.

"Oh?" Xia ruofei was also tempted.

"I told you just now!" Song Rui said. The Li family's Xiao si 'er specialized in reversing cars! He had a way to get the original car from the Wei nation! And ..."

Song Rui lowered his voice and said, ""You can even save on tariffs ..."

Xia ruofei raised his eyebrows. "Xiao Rui, it's just a car. There's no need to do all this. What if something happens ..."

"Don't you worry!" Song Rui smiled and said, "although they are not imported through legal channels, Xiao si 'er's cars are all fully processed and absolutely legal! I won't go into the details with you, but all in all, every cat has its own way. This is what he does for a living, and most of his customers are people in the circle. If there was a problem with the car, would he dare to sell it?"

The Li family's old master had passed away early, so the family had been on the decline in recent years. Their influence had also declined year by year. The Li family could not be compared with the song family, which was a rich and powerful family. In the entire capital, they could only be considered a second – rate family. Li Xiao Si was selling imported cars to people in the industry, so he definitely didn't dare to make any mistakes in the procedures, otherwise, it would be easy to offend people.

Hearing this, Xia ruofei thought for a while and said, ""How much would it cost to buy it from him?"

Song Rui said proudly, "it's definitely not that cheap for others, but if I ask, I should be able to get it for 500000!" This car costs 400000 Yuan in the Wei nation, and there's also the transportation cost, including opening up some joints, so 500000 Yuan is basically a guaranteed cost price!"

"Alright!" Xia ruofei said, "help me understand the situation first. If there's one, I'll order one!"

"Alright!" Song Rui smiled and said, "even if he doesn't have an existing car, he can transfer the goods at the last minute. If I were to step in, he would definitely do his best to send the car to you in the shortest time possible!"

"Then I'll leave this matter to you." Xia ruofei said, then smiled and asked, "we're done with the business. Now, it's time to care about your personal issues! How have you been with Zhuo Yiyi recently? Did you make any progress?"

The last time Zhuo Yiyi came to siheyuan, Xia ruofei had even helped song Rui find out more about her. He felt that Zhuo Yiyi did not hate song Rui and had some feelings for him. However, song Rui's family background had given her a lot of pressure and made her more apprehensive. Hence, Xia ruofei had also counseled Zhuo Yiyi.

However, he didn't know if Zhuo Yiyi had actually taken his words to heart.

Song Rui chuckled and said, "look at what you're saying!" How can I fail when I'm taking action? I have a name! He's known as the Jade – faced Playboy in the pugilistic world. Wouldn't it be a piece of cake for him to deal with a mere Zhuo Yiyi?"

"Woof! You've become so arrogant!" Xia ruofei laughed and said, "it sounds like you've won it!"

"It's a must!" Song Rui said triumphantly, "the lack of progress before was my strategy. If I were to launch an all – out attack, how could she resist my romantic attack?"

Chapter 2229 The final result (1)

Xia ruofei pouted and said, "I really regret not recording your pathetic state back then! Others might not know, but I do! Why are you acting in front of me?"

"I don't like what you just said!" Song Rui said, "I told you. It's called strategy ... Strategy, understand?"

"Screw you!" Xia ruofei laughed and scolded, "you're a little too arrogant! Don't you know your own worth?"

"You won't have any friends if you keep talking like that ..." Song Rui said gloomily.

"You're the one who didn't understand the situation!" Xia ruofei smiled and said, "I guess you didn't ask Zhuo Yiyi why she suddenly accepted you, right?"

"What other reason could there be?" Song Rui grinned and said, "of course, he was charmed by my personal charm! Of course, she was also moved by my meticulous care!"

"Oh my ..." Xia ruofei said, "without my help, would you have done this?" Last time at my house, you had too much to drink. I've done a lot of thinking for you!"

"What?" Song Rui couldn't help but be confused. He was stunned for a while before he asked, "you ... You're helping me persuade Yiyi? How come I didn't know about it?"

"Brother is a living Lei Feng! Do good deeds without leaving your name!" Xia ruofei said unhappily, "if you weren't so arrogant today, I wouldn't even have bothered to say anything ..."

Song Rui knew that Xia ruofei was probably telling the truth. The change in Zhuo Yiyi's attitude towards him seemed to have happened after the gathering at Xia ruofei's courtyard house. He had thought that it was because of her sincerity that could break through metal and stone! Now that he thought about it, it made sense.

Song Rui laughed dryly and said, "it's a misunderstanding!" It was a misunderstanding! I really don't know about this. I'll ask later ..."

"Don't be so silly as to really ask Zhuo Yiyi!" Xia ruofei quickly said, "girls are thin – skinned, be careful of her embarrassment turning into anger! You two are together anyway, so why bother with these things?"

"That makes sense! That makes sense!" Song Rui quickly said, "thank you, ruofei!"

"We're all brothers, don't say that ..." Xia ruofei saw that Song Rui was thanking him so seriously that he was too embarrassed to continue teasing him. "Alright, I'll hang up now. Gather the rest of us. Also, if Zhuo Yiyi is free, ask her to come over too!"

"Alright!" Song Rui said, "see you tonight!"

"See you tonight!"

After hanging up, Xia ruofei called Qin Yanan first. She and he Yu were still on their way to the hotel. Xia ruofei told her to finish her work early and go home for dinner. Anyway, there was still one day left tomorrow. Most of the issues that needed to be communicated had already been settled by Xia ruofei and Gao Jun. Qin Yanan was only responsible for the routine correspondence of the procedures.

Then, Xia ruofei found Song Wei's number. He hesitated for a while but still dialed it.

After a few rings, he heard a voice message,"on a call." He was stunned.

Don't tell me he won't even pick up the phone? Even if he wanted to avoid suspicion, there was no need to be so ruthless, right? He could not help but smile bitterly.

If that was the case, then he had two girlfriends in name, but in reality, he was not even as good as a single dog. As long as Song Wei and Ling Qingxue weren't together, he wouldn't be able to see any of them!

It seemed that he had a long way to go! Xia ruofei said in his heart.

Just as he was letting his thoughts run wild, his phone rang.

Xia ruofei picked it up and saw that it was from Song Wei. He quickly picked it up.

"RUO Fei, I'm sorry! "I was in the library just now, so ..." Song Wei said shyly.

Xia ruofei was relieved. He had misunderstood. At least the situation was not as bad as he had thought.

He laughed and said,"it's fine!" It's fine! By the way, why are you still in the library at this hour? Have you had lunch?"

"I finished eating and came over." Song Wei could feel Xia ruofei's concern for her. She smiled and said,"I'm going to finish the previous topic. I'm going to the library to find some information."

"But you still have to rest!" Xia ruofei said,"if I don't sleep in the afternoon, I'll break down in the afternoon!"

"You're exaggerating!" Song Wei chuckled. So what if he didn't have a lunch break for one or two days? Not to mention that I'm a cultivator! How could he be that weak?"

"I'm just concerned about you,"Xia ruofei chuckled.

"You're so talkative!" "You're in the capital?" Song Wei asked shyly.

She knew that Xia ruofei was going back to the capital today, so she had returned to school two days earlier. Now that Xia ruofei had called her, she could guess that he had already arrived in the capital.

"En!" Xia ruofei said,"well ... I just settled down and called you to invite you over for dinner!"

Song Wei's heart was filled with sweetness, but she still said,""I have something on tonight! We'll talk about it later ..."

"You didn't mention anything about not meeting Qingxue alone in your agreement, did you?" Xia ruofei could not help but ask.

"That's not the reason!" Song Wei quickly said,"don't think too much! I really have something to do!"

Actually, no matter how busy Song Wei was, she would still have time to have a meal with Xia ruofei. She did have some concerns and did not want Ling Qingxue to misunderstand.

Xia ruofei was well aware of this, but he could only smile bitterly in his heart. He said unwillingly, "Weiwei, big brother Zhao, Song Rui, and the others will be coming over tonight. Oh, and your classmate, Zhuo Yiyi, too. Are you ... Really not free?"

"I'm sorry," Song Wei said apologetically. "Xiao Fei ..."

"It doesn't matter!" Xia ruofei did not wait for Song Wei to finish her sentence. He smiled and said, "go do your work. We'll meet again when we have time!"

Song Wei heaved a sigh of relief and said, "Mm! Take care of your body too."

Xia ruofei hung up the phone with a bitter smile. He sat on the stone bench in the courtyard and smoked a cigarette. Then, he stood up and walked towards the backyard.

Wu Xiujuan and Xia Xiaolan were cleaning the kitchen. They stopped what they were doing and greeted Xia ruofei when they saw him.

Xia ruofei smiled gently. "Sister-in-law, some of my friends will be coming over for dinner tonight. I'll have to trouble you."

"Okay!" Wu Xiujuan quickly replied. "Boss, it's not hard to cook! By the way, how many people will there be tonight? I'll be able to make some preparations."

"Seven or eight!" Xia ruofei said, "you don't have to worry about the ingredients. I'll go out and prepare."

Xia ruofei wanted to take out some ingredients from his interspace. If he let Wu Xiujuan purchase the ingredients, he would not have the chance to take them out.

"Alright!" Wu Xiujuan said.

"Then you guys go ahead!" Xia ruofei smiled and said, "I'll go and buy some groceries first!"

With that, Xia ruofei left the courtyard house through the door in the backyard.

Since Wu Qiang had driven the car to send Qin Yanan and he Yu off, Xia ruofei could only walk to the entrance of the alley to get a taxi.

He also had a deeper understanding of the necessity of having another car.

Xia ruofei stopped a taxi at the entrance of the alley and went straight to the nearby Walmart.

He bought some ingredients from the supermarket, mainly meat. He bought a lot of organic mountain Black pork, ribs, beef tenderloin, and so on.

When it was time to pay, Xia ruofei specially bought a few more plastic bags.

After paying the bill, Xia ruofei took the ingredients he had bought from the supermarket and took a taxi back to the courtyard house.

This time, he walked through the main entrance on the side of liuhai Lane. After passing through the front yard, Xia ruofei first packed the ingredients back into the master bedroom in the master's yard in the middle. After locking the doors and windows and drawing the curtains, he took out a lot of vegetables from the space and caught two fish. He packed them all in Walmart's shopping bag and then carried the bag to the backyard.

Xia ruofei handed the ingredients to Wu Xiujuan and Xia Xiaolan to handle. Then, he went to the wine cellar in the basement and took out a few bottles of aged Drunken Eight Immortals and expensive rot wine. He found a box and put them away.

In order to prevent the wine from running out, he took out some from the medium and placed them on the shelf in the wine cellar. This way, he could ask Wu Qiang to come and collect them at any time during dinner at night and he would not have to make a trip personally.

Xia ruofei carried the box full of wine to the ground and asked the veteran in charge of security to help move the box of wine to the dining room in the backyard.

After doing all this, Xia ruofei finally took a break. Then, he went to the master bedroom's bathroom to take a shower, changed into a set of clean clothes, and lay on the bed to take a short nap.

It was almost three o'clock when he fell asleep, and he woke up around four o'clock. After a simple wash, he went to the yard for a walk, then laid on the recliner and smoked a cigarette.

Xia ruofei was spending a rare moment of leisure time in the courtyard. When it was almost five o'clock, the communication panel set in the master's courtyard in the middle gave out a notification.

Xia ruofei didn't stand up. Instead, he picked up the tablet on the stone table and tapped on it a few times. Suddenly, the camera at the door of the backyard appeared on the screen of the tablet.

This tablet was also the control terminal of the entire siheyuan's smart home. Through the Wi-Fi connection, it could easily control equipment such as access control, air conditioning, LED lights, and so on.

Xia ruofei saw that Song Rui was grinning at the camera and couldn't help but laugh. He pressed the microphone symbol on the control screen and said, "Come in!"

With that, Xia ruofei opened the control panel on his tablet and opened the door to the backyard. At the same time, he stood up and walked towards the backyard.

When he arrived at the backyard, Song Rui and the others had already driven in.

Other than Song Rui and Zhao Yongjun, Hou Liang, Liu Jian, Xu Zixuan, Wei Jun, and the others all rushed over too. Jian Jia now felt that Xia ruofei had become the core figure in their circle.

Of course, Zhuo Yiyi also followed Song Rui over. Although it was not time to get off work yet, the natural sciences Department where she worked had always been very free. Moreover, with her relationship with Song Rui, it was not a problem for her to take two hours of leave early.

Xia ruofei welcomed him happily and called out, "Big brother Zhao! Monkey, Zi Xuan, I've missed you to death!"

Xia ruofei hugged his good friends from the capital one by one and finally walked to Zhuo Yiyi. Song Rui said nervously, "Hey! It's fine if the men hug her, but you're not allowed to hug her!"

Zhao Yong Jun and the others couldn't help but burst out in laughter. Zhuo Yiyi glared at Song Rui in disdain, then smiled and reached out her hand to Xia ruofei. "Ruofei, we meet again!"

Xia ruofei politely shook hands with Zhuo Yiyi and smiled. "Yiyi! I want to congratulate you and Xiao Rui! It had finally come to fruition! This was not easy! We brothers are all anxious!"

Zhao Yongjun also teased, "Isn't that so?" We can't wait to help Xiao Rui! That kid is too cowardly!"

Xu Zixuan and the others burst out laughing again. Even Zhuo Yiyi was laughing with her face red.

Song Rui couldn't keep his face straight. He snorted and said, "This is called being gentlemanly! What did he mean by cowardly! It's romantic to be nice to the woman you love. You boorish people don't understand!"

Zhuo Yiyi shot Song Rui a glance, and he immediately shut his mouth.

Xia ruofei shook his head in his heart. It seemed like this kid was going to become his wife's slave. His future status in the family was worrying!

Seeing that Song Rui had shut his mouth, Zhuo Yiyi then said to Xia ruofei, "Student RUO Fei, you're congratulating me a little too early! We're just trying to get together, it's still too early for us to achieve anything!"

Xia ruofei laughed and said, "no matter what, we're happy that you guys are together!" There's no need to worry about the future, there's always a way out!"

When Song Rui heard this, he looked at Xia ruofei thoughtfully but did not say anything.

After exchanging a few pleasantries, Xia ruofei invited everyone to the master's courtyard in the middle to sit down and have some tea. It was still a little early after dinner. Wu Xiujuan was still busy in the kitchen, and Wu Qiang, Qin Yanan, and he Yu had not returned yet.

As the weather was still rather cold, Xia ruofei welcomed everyone into the master suite with floor heating.

On the east side of the suite was a spacious and bright master bedroom and bathroom, on the west side was a study room, and in the middle was a living room for guests.

Xia ruofei was personally in charge of making tea. He used the tea set with ease and familiarity while chatting with Zhao Yongjun and the others about the club's recent situation.

The club's planning and construction efficiency were very high. According to the current progress of the construction, it would be open for business in May.

The recruitment was already in progress, and the club needed a lot of people. Fortunately, Zhao Yongjun, Song Rui, and the others often went to various high – end events, so they knew many talents in this area.

They had poached a few management staff from some hot spring Clubs and private restaurants, and also recruited a group of ordinary staff.

Although the club had not been built yet, the staff had already begun their on – duty training.

When Zhao Yongjun heard that Xia ruofei was here to record the third season of the life I yearn for, he was very happy. After all, he was the one who made it happen in the first place. He also knew that this cooperation would be a good publicity opportunity for paradise Corporation.

Everyone chatted until about Sixo' clock before they got up and walked to the dining room in the backyard.
