

God tier Farm 2251

Chapter 2251 The happy times of master and disciple (1)

Everyone came to the spacious living room below the mushroom house and sat around the tea table to chat.

Huang Lei and the others were very interested in the relationship between Xia ruofei and Tang Yitian's family. Tang Yitian didn't hide anything and told them about the first time they met Xia ruofei.

Of course, he knew what he should say and what he shouldn't, so he certainly wouldn't say anything about Tang Haoran's special physique. He only said that they had met by chance on the flight to Sydney, and that Tang Haoran suddenly fell ill on the plane and was in a very dangerous situation. Xia ruofei happened to know how to perform first aid and saved Tang Haoran's life in time.

With Xia ruofei's military experience, it was normal for him to have some first aid knowledge. Even if this part was broadcasted, it would not affect Xia ruofei much.

The Huaxia families who knew about Xia ruofei's amazing medical skills did not need to get information through a program.

After listening to Tang Yitian and Jennifer's story, He Jiong, Huang Lei, and the others couldn't help but sigh, sighing at the wonder of fate between people.

According to Tang Yitian, there weren't any other doctors on the plane at that time. Whether it was to return or to find the nearest airport to land, there wasn't enough time. If Xia ruofei hadn't acted in time, Tang Haoran's life would have been in danger.

It was this accident that caused Xia ruofei and Tang Yitian's family to have an unsolvable fate.

After chatting for a while, He Jiong began to assign work to everyone again.

Huang Lei's task today was more important. Jennifer volunteered to stay behind to help with the kitchen, Peng Chang was in charge of the fire and helping out, while He Jiong brought Zhang Xing and Tang Yitian to town to buy groceries.

Xia ruofei's task was to take care of the greenhouse with Tang Haoran and pick some vegetables for lunch.

Xia ruofei had already gone to the vegetable greenhouse yesterday. The greenhouse was originally built with the help of Tao Yuan company and all the vegetables inside came from Tao Yuan farm. In the eyes of He Jiong and the others, Xia ruofei was the most professional, so there was no need for the permanent guests to accompany him today.

Tang Haoran had lived in a rich environment since he was a child. The opportunity to be close to nature and do manual labor could be said to be very rare. He was quite excited in the vegetable greenhouse.

Although the little guy was still young, he was a cultivator after all. Naturally, he was not as weak as an ordinary child. He could complete the watering and cultivating work in the vegetable greenhouse as long as Xia ruofei gave him a few instructions.

The master and disciple cooperated very well, and the work was quickly completed.

Xia ruofei held Tang Haoran's hand in one hand and carried a big basket of fresh vegetables in the other. The two of them returned to the mushroom hut.

After the vegetables were brought back, Peng Chang, who was in charge of assisting, immediately took over the task of washing and picking the vegetables.

Xia ruofei and Tang Haoran had nothing to do since he Jiong and the others who went to town to buy groceries had not returned yet.

Xia ruofei strolled around the mushroom hut for a while. Seeing that he could not help much in the kitchen, he strolled to the tool shed.

He immediately saw the fishing rod leaning against the wall of the tool shed and was immediately interested.

"Haoran!" Xia ruofei called out.

"Teacher, I'm here!" Tang Haoran said as he stuck his head out of the door.

Xia ruofei pointed at the fishing rod and said, "how about I bring you fishing?"

"Great!" Tang Haoran said excitedly. Good!"

There was a full set of fishing equipment here. Xia ruofei carried two fishing rods on his back, a plastic bucket and two small folding stools in his hands, and a bag of bait in his pocket. Tang Haoran carried a net bag. The two of them beckoned to Huang Lei and Jennifer in the kitchen and walked towards the lake.

The lakeside on the side of the mushroom house had been built with a landscape Plank Road. The plank Road was curved along the lakeside, and some places even protruded out. It was a bit similar to the three – sided water – surrounded intimate platform on a yacht, but there was an additional railing.

The railings of this kind of Plank Road were also very low, not even reaching the height of an adult's knee. It was more for people who were taking a stroll to sit on it at any time to rest.

Xia ruofei and Tang Haoran found a Plank Road platform.

The small folding stool he brought was of no use, so the master and disciple sat directly on the railing.

Xia ruofei skillfully prepared the fishing tools. He and Tang Haoran each held a fishing rod. They sat on the railing and started fishing.

He didn't use his spiritual power to check the situation of the fish in the water. Just like an ordinary fisherman, he stared at the buoy on the water and came here to relax his body and mind. As for whether he could catch any fish or how many fish he could catch, Xia ruofei didn't care.

This was the mentality of "fishing is better than fishing" as mentioned in the books.

There were quite a lot of fish in the lake, and the festival team had specially set up a large area of water near the mushroom house to keep a lot of fish. After all, the environment here was so good that it was

perfect for fishing. There would be so many programs in the future, and the guests could all experience the fun of fishing.

Moreover, the pictures taken here were quite beautiful.

Even though he did not care about the catch, some fish took the bait very quickly. Xia ruofei saw the buoy on the water surface shaking slightly. He ignored Tang Haoran's excited hand gesture and kept his calm as he stared at the buoy. Usually, at this time, the fish were just testing the waters and did not really take the bait.

The buoy trembled a few times before it suddenly sank. Xia ruofei then held the fishing rod with both hands and swung it backward. A struggling carp was pulled out of the water.

The carp was about the size of a palm and was firmly hooked by the hook. Its tail was still wagging wildly, making a futile struggle.

Tang Haoran excitedly put down his fishing rod, picked up the net bag next to him, and caught the fish.

Xia ruofei kept the fishing rod and the master and disciple unhooked the carp in the net together.

Xia ruofei picked up the plastic bucket behind him and filled it with water. Then, he threw the carp into the bucket.

"That's a good start!" Xia ruofei laughed and said, "Haoran, you have to work hard too!"

"En!" Tang Haoran nodded his head heavily.

He pulled up the fishing rod to take a look and found that the bait on the hook had been eaten. It must have been in the short time he put down the fishing rod.

Tang Haoran pulled his fishing rod back gloomily and asked Xia ruofei to help him hook the bait.

The bait on Xia ruofei's hook had been used up, so he put on another bait on his own hook. The master and disciple started fishing again.

There must be a lot of fish in the lake. After a while, another fish bit the hook on Tang Haoran's side. Unfortunately, the little guy was too anxious. He pulled the fishing rod impatiently, but the fish came out of the water. It only struggled a few times before it escaped the hook. It fell into the water with a splash and swam away without a trace.

Xia ruofei chuckled as he explained the essentials of fishing to Tang Haoran. After a few words of advice, he helped him to put on the bait again.

Tang Haoran's comprehension was still very strong. After reigniting the flag and drum, he really caught a chub very quickly.

This fish wasn't too big either, about the same size as the carp that Xia ruofei had caught.

Tang Haoran was so excited that he almost jumped up. This was the first time in his life that he had caught a fish with his own hands. Xia ruofei patted his head lovingly and said, "Haoran, let's keep it up! Catch a few more and you can eat the fish you caught yourself at noon!"

“Yes, yes!” Tang Haoran nodded and said.

Just like that, the master and disciple sat by the lake for more than an hour and caught more than a dozen fish. Although they weren’t particularly big, they definitely wouldn’t be able to finish it in one meal.

Xia ruofei saw that it was almost time to take the fish back and give Huang Lei some time to cook. If he took it any later, he would have already finished preparing lunch.

He called out to Tang Haoran, who was still unsatisfied, and packed up his things.

Tang Haoran was very strong. He had to personally carry the bucket of fish. The master and disciple talked and laughed as they walked back, like a general who had returned victorious.

He Jiong, Tang Yitian and Zhang Xing had already returned to the mushroom hut.

Zhang Xing might have gone to help out in the kitchen, while he Jiong and Tang Yitian were sitting under the gazebo, making tea and chatting.

Before Tang Haoran even entered the house, he could not help but shout, “Dad! Mother! My teacher and I caught so many fish! We can have an extra lunch!”

Everyone came out to greet him, including Huang Lei, who was very curious. He turned down the fire for the soup and walked out.

Huang Lei wiped his hands on his apron and said with a smile, “I’m here to see if our Haoran’s harvest is enough for a dish. ”

“There are more than ten of them!” Tang Haoran was not afraid of strangers. He proudly showed the bucket to everyone.

Huang Lei and the rest looked at the dozens of fish in the bucket and couldn’t help but show their admiration. They all looked at Xia ruofei.

Xia ruofei smiled and said, “at least half of the fish here were caught by Haoran!” We’re going to have a good meal at noon! Teacher Huang, I’ll have to trouble you to make one more dish!”

“No problem! No problem!” Huang Lei quickly said.

Seeing their son so happy, Tang Yitian and Jennifer were also very happy. They felt that it was the right decision to accept xiangnan TV’s invitation to participate in the show.

Originally, they had only agreed to xiangnan TV’s invitation because they wanted to help Xia ruofei promote Paradise’s products. Now, it seemed that Tang Haoran liked this place very much. Moreover, he was able to find happiness that was impossible to find in a mansion in Sydney, Australia. Such precious childhood experiences were also very precious.

“Haoran, you’re awesome!” Tang Yitian and Jennifer both gave him a thumbs up.

He Jiong and the rest naturally did not hold back their praises. The courtyard of the mushroom hut was filled with a cheerful atmosphere.

Jennifer carried the bucket to the pond to kill the fish, while Huang Lei and the others returned to the kitchen.

Xia ruofei carried Tang Haoran and sat on the bamboo chair under the pergola. He was making tea and chatting with He Jiong and Tang Yitian.

Tang Haoran also liked Xia ruofei's aura very much. He obediently sat on Xia ruofei's lap and listened to the adults' conversation, not fully understanding.

After another half an hour or so, Huang Lei finally finished preparing lunch for the day. This was also Xia ruofei's last meal in the mushroom house. According to the program's schedule, Xia ruofei would have to take the Buick minivan provided by the program team to return home after lunch.

Tang Yitian's family would stay here for the night.

The guests for the new episode would arrive the next morning. Tang Yitian's family stayed in the mushroom house for another half a day, just like Xia ruofei did today. They left after lunch to complete their recording tasks.

At He Jiong's call, everyone got up and went to the kitchen to help serve the food.

Chapter 2252 Mission complete_ In the limited conditions of the mushroom house, Huang Lei's lunch was quite sumptuous. In addition to the home – cooked Yuxiang shredded pork and other home – cooked dishes ordered by Tang Yitian's family, there were also several Taoyuan vegetables and a steamed Chinese perch.

As for the fish that Xia ruofei and Tang Haoran had caught, Huang Lei took out a portion of them and used the most common method of braising them. They were fragrant and appetizing.

The two of them had caught quite a lot of fish. They definitely couldn't finish them all in one meal, so they saved the rest. Who asked the festival Group to be so stingy? Right now, He Jiong, Huang Lei, and the others felt as if they had already eaten their last meal and had no more next.

Everyone enjoyed the meal. Under such an atmosphere, even some home – cooked dishes tasted completely different. What's more, "chef Huang" 's cooking skills were indeed excellent. What was even rarer was that every dish he made tasted good. He knew a lot about Sichuan, shrimpy, and Huaiyang cuisines.

After lunch, Xia ruofei took a short break and was ready to leave.

Zhang Xing rushed upstairs to help Xia ruofei with his luggage. They bid each other farewell in the courtyard.

He Jiong and Xia ruofei hugged each other and said emotionally, "President Xia, I've had a great time chatting with you. It's just that I'm really reluctant to part with you so soon!"

Xia ruofei smiled. "Happy times are always short. Teacher he, thank you for taking care of me these past two days. If there's a chance in the future, you're welcome to visit the three mountains. Let me do my part as a good host!"

"I will! I will!" He Jiong said.

Huang Lei walked up and hugged Xia ruofei. ""President Xia, I've already become a fan of your paradise Corporation! I have to thank you from the bottom of my heart! It's because you've provided so many high quality products!"

He Jiong added from the side, "also, their company's heart – nourishing soup has been hailed as a blessing for children with autism!" Moreover, the Paradise company insisted on selling at a low price and prioritized the supply of children in the country. We are very impressed by this!"

"Teacher he is right, director Xia. The Paradise Corporation is a respectable company!" Huang Lei said solemnly.

"You're too kind! You're too kind!" Xia ruofei said, "we should do more. The bigger the company, the greater the social responsibility. This is not a simple slogan!"

Then, Zhang Xing and Peng Chang also came forward to hug Xia ruofei and bid him farewell.

When Zhang Xing met Xia ruofei for the first time yesterday, he had already expressed his "thirty – year – old fan of the CEO" status. After more than a day of contact and understanding the details of Xia ruofei's forced flight, he was even more impressed with Xia ruofei. Therefore, he was also very reluctant to part with him after a short meeting.

Xia ruofei patted Zhang Xing's shoulder and smiled. ""Little Xing, I'm always in Beijing, so we'll have plenty of chances to meet in the future! Right, maybe we'll have the opportunity to cooperate in the future! Our company may also add a spokesperson. "

"If President Xia needs it, I'm willing to be the spokesperson for free!" Zhang Xing said excitedly.

"Hahaha! We'll talk about the price later. I can't let you suffer a loss. " Xia ruofei smiled and said, "just give me a discount!"

Zhang Xing nodded heavily.

Peng Chang came over and said to Xia ruofei, "President Xia!" I really want to learn magic from you! The magic show yesterday was so cool!"

Xia ruofei didn't know whether to laugh or cry, "you're still thinking about this! "Pengpeng, magic requires talent and long – term practice. Although I'm not a professional magician, I practiced the magic trick yesterday for a long time, so ... I'm afraid it won't be easy for you to learn ..."

"I'm very determined, I'll definitely be able to persevere!" Peng Chang said.

"You're talented in acting, but not necessarily in magic," said Xia ruofei. Actually, it's good to enjoy the magical feeling of magic, why do you have to get to the bottom of it?"

"But I really want to learn ..." Peng Chang said. "Maybe I'm talented too ..."

Xia ruofei saw that this child was still wasting his time on a dead end and didn't know whether to laugh or cry. He looked to the side and saw two decks of playing cards on the table under the canopy. He walked over to open the box and casually took out one.

"This is an ordinary poker card, right?" he asked Peng Chang.

Seeing that Xia ruofei was about to perform magic again, Peng Chang couldn't help but get excited. He nodded and said, "That's right!"

He Jiong, Huang Lei, and the others also gathered around curiously. The cameraman even subconsciously pushed for a close – up.

Xia ruofei held the poker card in his hand and waved it in front of Peng Chang. Then, Peng Chang saw the poker card disappear.

Before he could react, Xia ruofei opened his hands and the poker card was held between his fingers.

Xia ruofei smiled. "This card has always been in my hands. However, no matter how I try to show it, you will always see that I have an empty hand."

After that, Xia ruofei waved his hand again and showed it to Peng Chang from all angles.

Xia ruofei said, "actually, this is one of the basic techniques of magic. Your fingers must be very flexible and you must go through a lot of practice to be able to control it accurately. Even if there are so many cameras, you won't be exposed!"

He really didn't use the spirit map space this time. When he was in the Army, Xia ruofei had practiced this move. It was just that he didn't hide poker cards, but razor blades. At a critical moment, these razor blades would become fatal weapons.

Hiding a shaving blade was naturally more difficult than hiding a poker card, because both ends were very sharp, and if one didn't control it well, they would cut themselves.

Of course, Xia ruofei was not wrong. Most magicians would do this, but their level of proficiency would be different.

Then, Xia ruofei called Peng Chang to stand behind him and demonstrated the moves in slow motion.

From a different angle, Peng Chang could clearly see the poker cards moving between Xia ruofei's fingers. Every control was precise and the person standing opposite him would not be able to find any flaws.

Xia ruofei continued, "when you can control it as well as I do, it will show that you have the talent to learn magic. This is just the minimum requirement. As for whether you can achieve anything, it will depend on the subsequent situation."

Then, Xia ruofei stuffed the poker cards into Peng Chang's hands and said with a smile, "You can practice it first! You'll only feel it after you've tried it yourself. "

Peng Chang subconsciously took the card and tried it according to Xia ruofei's demonstration. The card fell to the ground.

Xia ruofei saw that Peng Chang was a little embarrassed, so he laughed and said, "It doesn't matter. It's always like this at the beginning. You can practice for a while! If you're really talented in this area, I can teach you a few magic tricks. "

With Xia ruofei's current skills and coordination, it would not be difficult for him to learn a few magic tricks. If Peng Chang had such great perseverance, he could just teach Peng Chang what he learned on the spot.

As for the magic trick last night, if Peng Chang really wanted to ask, he would just say, "it's too difficult, I don't recommend you to try it." He believed that after Peng Chang learned a few magic tricks, he wouldn't be so persistent in learning the magic trick.

"Thank you, director Xia!" Peng Chang scratched his head in embarrassment.

Xia ruofei nodded with a smile and walked towards the door.

Huang Lei, He Jiong, Peng Chang, Zhang Xing, and Tang Yitian's family were naturally sent out as well.

Xia ruofei took the luggage from Zhang Xing's hands and turned to Tang Yitian, "Big brother Tang, you can go to my house directly after you finish recording the program tomorrow! It's been a while since we've had a proper gathering. Since you're in the capital, I'll be the host and entertain you well!"

"Alright!" Tang Yitian said straightforwardly, "we didn't even book a hotel when we came back. We're already planning to stay at your place!"

"That's right! If you guys book a hotel, I'll definitely get mad at you!" Xia ruofei smiled and said, "brother Tang! Jennifer! Haoran, I'll go back first!"

Tang Yitian and Jennifer also smiled and nodded. Tang Haoran waved to Xia ruofei and said, "Goodbye, teacher!"

Xia ruofei saw that the little guy was still a little reluctant and couldn't help but smile. "Haoran, see you tomorrow!"

He was reminding Tang Haoran that they only needed to record a program here for one more day. They would be able to see him around this time tomorrow.

Tang Haoran also came back to his senses. The sorrow of parting that he couldn't help but feel just now was obviously reduced a lot. He grinned and said, "I know! I'll see you tomorrow, teacher!"

Xia ruofei nodded and waved to the crowd. He took his luggage and walked down the steps.

A Buick GL8 commercial car had been waiting for a long time. Xia ruofei placed his luggage in the trunk and got into the car.

He Jiong and the rest followed him down the steps. Everyone came to the side of the car and said a few words of farewell to Xia ruofei. Then, the car started up slowly and left the mushroom house.

Xia ruofei's recording had ended, so there was no need for the cameraman to follow him. There was only one camera that was filming Xia ruofei's car from the entrance of the mushroom house, recording the scene of Xia ruofei's car driving away.

The car made a turn and the mushroom house disappeared from the rearview mirror. Xia ruofei's recording was officially over.

Of course, he didn't take this car back directly.

They were still in the Paradise Club's territory. Before the car left the club, Xia ruofei saw the Deputy Director of xiangnan TV, Gao Jun, and the others waiting by the roadside. Qin Yanan and he Yu were also standing in the crowd.

Without Xia ruofei's instructions, the car had already come to a slow stop.

With a beeping sound, the electric door slowly opened.

Xia ruofei stepped out of the car. Gao Jun quickly stepped forward and said enthusiastically, "President Xia! Thank you very much! Thank you very much! Although this episode hasn't been edited out yet, I've been following the entire filming process closely. I can foresee that this will be a rather successful show. Who knows, the first episode might even be a hit!"

Xia ruofei laughed and said, "then I'm lucky that I didn't fail you!" To be honest, after I accepted this job, I was quite nervous. After all, I didn't study acting, so I was afraid that I would mess up your show!"

"Director Xia, you're too humble. I saw everything clearly on the monitor. Your camera sense is very strong. Many professional actors can't even compare to you!" Gao Jun said, then emphasized, "I'm not flattering you! Some of our station's senior editors also feel the same way!"

"Gao tai, you're too kind ..." Xia ruofei said with a smile.

Gao Jun quickly said, "that's a realistic evaluation!" There was no exaggeration at all! President Xia, in order to thank you for your support, I would like to invite you, assistant Qin, and assistant he to have a meal together. Please do come!"

Chapter 2253 Returning the favor (1)

Xia ruofei had wanted to decline, but on second thought, xiangnan TV had spared no effort in promoting the peach blossom company. Although the company had also provided a lot of support to the filming of the show, whether it was in terms of manpower or material resources, considering the sky – High advertising and title sponsorship fees of a popular show, it was obvious that the peach blossom company had received far more than what they had paid. Therefore, Xia ruofei felt that it was not good to reject Gao Jun's invitation. Otherwise, it would seem unreasonable.

He pondered for a moment and said with a smile, "Then I'll accept your invitation!"

Gao Jun was overjoyed and quickly said, "It's our honor to invite President Xia! President Xia, then let's meet at the Wang family's private kitchen, ya Qing's private room, at 6:30 pm. I'll see you there!"

"I won't leave until we meet!" Xia ruofei smiled and said, "by the way, do you mind if I bring two friends with me?"

"Of course I don't mind!" Gao Jun replied. You can bring as many as you want! The more people there are, the more lively it is!"

"Alright!" Xia ruofei smiled. "See you tonight then!"

"See you tonight!"

Xia ruofei, Qin Yanan, and he Yu got into the business car arranged by the festival team and left the Paradise gathering's filming location. They returned to the courtyard house in liuhai Lane.

When they got home, Xia ruofei said to Qin Yanan, ""You've all worked hard these two days! Have a good rest in the afternoon and come to the banquet with me tonight. "

"Alright, director Xia!" Qin Yanan said, "Oh right, I have something to report to you."

"Speak!"

"The festival team has discussed with us whether we can help to promote this show on social platforms." Qin Yanan said.

"My personal social media account?" Xia ruofei asked.

"We're thinking of using your personal account to post news about the show's recording, and then repost it on your official account." Qin Yanan said.

It was now the era of the fan economy, and Feng Jing paid a lot of attention to social media. Therefore, peach blossom company had several large and small social media accounts, including peach blossom company's official account, as well as the certified accounts for peach blossom vegetables, peach blossom Da Hong Pao, Jade skin cream, and other products. Moreover, these accounts were opened simultaneously on Weibo, TikTok, and other social media platforms, forming a publicity matrix.

However, in terms of influence, Xia ruofei's personal account had the highest number of fans and the most active fans. This was, of course, due to Xia ruofei's unparalleled popularity on the internet.

Xia ruofei thought for a while and said, ""No problem! I'll leave this matter in your hands!"

As the person in charge of Xia ruofei's assistant team, Qin Yanan also had Xia ruofei's social media account password. Xia ruofei did not have to personally do the daily maintenance or publicity of the account.

"Alright, President Xia." Qin Yanan nodded.

Xia ruofei thought for a while and reminded, ""By the way, let the festival Group know before you post anything. They must have a set of promotional procedures in mind. We can't post anything casually in case we accidentally spoil the story."

"President Xia, don't worry!" Qin Yanan smiled and said, "the festival Group has selected some still photos and sent them to me. These have passed their internal review. The material is selected from these, so there will definitely be no problems."

"That's good!" Xia ruofei said, "you have to do this well. After all, xiangnan TV is a good friend. We can't hold them back. We'll help them if we need to!"

"Understood!" Qin Yanan said, "President Xia, please rest for a while! We're going back to our room!"

"Mm! Tell Wu Qiang that he doesn't need to prepare dinner for us tonight. Just come and call me before we set off in the evening. " Xia ruofei said indifferently.

"Alright!"

Qin Yanan and he Yu returned to the guest room in the front yard, while Xia ruofei returned to the suite in the master's yard.

After he put down his luggage, he changed out of his clothes and placed them into two laundry baskets. When Xia ruofei was living here, Wu Xiujuan would come over to clean up the house every day. He just had to sort out his clothes and Wu Xiujuan would take them to wash. The clothes in one of the laundry baskets could be machine – washed directly, while the clothes in the other basket had to be sent to the dry cleaner for dry cleaning. After all, Xia ruofei had many coats from expensive luxury brands, and the workmanship and fabric were very expensive. If they were washed in the washing machine, they might not be able to wear it next time.

Of course, Xia ruofei was still not used to having someone else take care of his undergarments. He would usually wash them with his hands after his shower.

He took out a set of clean home clothes from the space and went to the bathroom to take a hot shower. After changing into dry clothes, he suddenly felt relaxed.

After living in the mushroom house for more than a day, although it was not hard, it was not as convenient as at home. Not to mention other things, they even had to line up to take a bath. During the recording process, there were many staff members watching in places where the camera could not capture. There were also cameras everywhere. No matter how relaxed they were, it was impossible to reach the leisurely state that the show presented.

After taking a shower, Xia ruofei lay comfortably on the soft lounge chair in the living room. As he rocked back and forth, he took out his phone and dialed Hou Liang's number.

"Brother Xia! You're done recording?" Hou Liang asked enthusiastically the moment he picked up the phone.

Chapter 2254 Returning the favor (2)

"Yup! I just got home!" Xia ruofei said with a smile.

"How do you feel?" Hou Liang chuckled and asked, "the festival Group didn't let you suffer, right? If there's anything they haven't done enough, just tell me directly! I'll get station head Gao to give them a good scolding!"

"Monkey, I'm not that precious!" Xia ruofei smiled and said, "it's just a show. The entire journey had been delivered by car, and they had been served with good food and drinks! What grievances could she have suffered! It's not easy for her to record a program, so don't make things more difficult for her!"

"Hehe! I'm just afraid that they'll be rude to brother Xia. " Said Hou Liang with a dry laugh.

After some small talk, Xia ruofei got straight to the point and asked, ""Monkey, do you have any plans tonight? Accompany me to have a meal!"

"Brother Xia, you've spoken. Even if there's a big matter, I have to put it aside first!" "Brother Xia," Hou Liang said without any hesitation. "Brother Xia, where do we meet tonight?" What time? I promise I'll be there on time!"

"It's director Gao from xiangnan satellite TV," Xia ruofei said with a smile, "he wanted to treat me to a meal to express his gratitude. They've given me a lot of face this time, so I can't really reject this kind of social event. But after thinking about it, I'm not familiar with the people and things in the SARFT circle. There wasn't much to talk about in the past, so after some consideration, I decided to invite you along. Just treat it as having a meal with me!"

"No problem!" Hou Liang said, "this Gao Jun is quite sensible! I won't hold it against him for asking for so many of your products for free this time ..."

Xia ruofei didn't know whether to laugh or cry, "you're still thinking about that stupid thing!" I don't even mind, so why are you following me? I'm telling you, don't mention this at dinner tonight! After all, he was the son of a high – ranking official, and he was about to become a shareholder of the Paradise Association. How could he be so petty? You've embarrassed us for no reason ..."

"I know, brother Xia ..." Hou Liang chuckled.

Xia ruofei's words made Hou Liang feel a little smug. Before he got on Xia ruofei's good side, Hou Liang could barely be considered as song Rui's Lackey. It was because he spared no effort to be on good terms with Xia ruofei that he was now truly accepted by the circle. Most importantly, the Paradise gathering that Xia ruofei and the rest had set up would definitely have a bright future. Putting aside the economic benefits, the various connections that this gathering would bring were extremely valuable resources. It was all thanks to Xia ruofei that he was able to have a share in this business.

Therefore, Hou Liang was completely loyal to Xia ruofei.

Xia ruofei said, "6:30 in the evening, in the private ya Qing private room of the Wang family's residence. Don't play the big – Name game!" I'll be there on time. You can't expect me to wait for you there, right?"

"Brother! I wouldn't dare to!" Hou Liang quickly said, "don't worry! I'll definitely go there in advance!"

"Alright!" Xia ruofei smiled and said, "then I'll see you tonight!"

"See you tonight!"

.....

After hanging up the phone, Xia ruofei took out a cigarette and lit it up. He puffed out a cloud of smoke.

He was still smoking the brand – less internally – supplied cigarette that elder song had given him. In fact, after his cultivation, the impurities in Xia ruofei's body had been expelled, and the smoking addiction he had gotten from the Army had magically disappeared. So, he did not feel anything even though he had not smoked for many days. Only when he was bored or thinking about a problem would he unconsciously take out a cigarette and light it up.

Of course, with Xia ruofei's current cultivation, the tar and nicotine in the cigarette would not cause any harm to his body. Forget about cigarettes, even if he injected himself with drugs, it would be difficult for him to get addicted.

As long as it was a harmful substance, it would be destroyed by the true energy after entering the body, forming impurities and being expelled.

Xia ruofei stubbed out his cigarette on the ashtray when he was halfway done.

He thought of the car purchase that he had mentioned to song Rui two days ago. He wondered how the guy was doing.

Xia ruofei took out his phone and called song Rui.

"Ruofei, have you finished recording the show?" Song Rui asked as soon as he picked up the phone.

Xia ruofei couldn't help but want to laugh at song Rui's words. They were exactly the same as the first sentence Hou Liang had said when he picked up the phone.

"I just got home." Xia ruofei asked, "what are you busy with?"

"I'm busy! It's all about the club, there's a thousand things to do!" Song Rui complained out of habit.

Xia ruofei laughed and said, "the capable do more work!" Besides, you're a shareholder of the Paradise Association, so it's your own business, how can you not be concerned about it?"

"You're a major shareholder!" Song Rui said indignantly, "why have I never seen you care about the club?"

"Although I'm a major shareholder, the club business has the smallest investment out of all my businesses. Besides, I'm so busy every day, so it's natural that I can't take care of such a small business. Please understand ..." Xia ruofei said with a smile.

Song Rui suddenly felt 10000 points of critical damage and couldn't help but complain, "F * ck you ... This is such a big blow ..."

Xia ruofei laughed and said, "Alright, I'm not going to bicker with you! I'm looking for you to ask you about the matter I mentioned last time. How's it going?"

"What is it?" Song Rui asked subconsciously.

Xia ruofei couldn't help but say, "did you forget?" The matter of buying a car! What the ... Why do I feel like you're a little unreliable!"

Only then did song Rui come to a realization and quickly said, "You're talking about this! How could he forget? I was busy at the club and didn't think of it. "

"Why do I not believe it? Forget it, just tell me, how did it go?" Xia ruofei asked.

"No problem!" Song Rui said, "I really couldn't react in time just now. I was going to call you to tell you about this, but I was worried that it would affect you since you were recording the show!"

He paused for a moment, then continued, "I've already spoken to Li Xiao si 'er, there's no problem!" It's just that he doesn't have any cars on hand right now. "

"How long do I have to wait?" Xia ruofei asked.

If the waiting time was too long, he might as well go and bid for one directly. After all, hundreds of thousands of Yuan was really nothing to him.

"If someone else wanted it, they would have to wait at least a month! This is already considered fast. After all, this car is in high demand." Song Rui said smugly, "but I asked for it myself. Li Xiaosi immediately went to coordinate it when he heard that you wanted it ..."

Xia ruofei was speechless and said, "You brat, you bragged for half a day, but you'd better be accurate! How long do you need?"

Song Rui laughed dryly and said, "three days!" It would not take more than five days! Li Xiao si 'er already has a batch of cars on the sea, and if everything goes smoothly, they'll arrive at Jing – Jin port in three days. There are a few Alphard models among them, but they were all pre – ordered by others, so he forcibly detained one for you. "

Xia ruofei smiled and said, "I didn't expect you to have such a big face!" Would he offend someone because of this? If it really doesn't work out, I don't mind waiting for a few more days ..."

Anyone who could order a car from li Xiaosi was definitely not an ordinary family. If li Xiaosi offended someone because he reserved a car for himself, Xia ruofei would definitely feel bad.

"I'm fine!" Song Rui said casually, "that car was ordered by one of his childhood friends. He just had to say so. It doesn't matter if he gives it to me later."

Then, song Rui smiled and said, "ruofei, I'm not the only one who's influential. When li Xiaosi heard that you wanted to order a car, he agreed without thinking. He said that he had heard about you for a long time and wanted to be friends with you!" This is also because of your face!"

"Nonsense! What kind of fame do I have?" Xia ruofei said nonchalantly, "I'm different from you young masters who were born with a silver spoon in your mouth!"

"Look at you, you're so self – deprecating!" Song Rui said proudly, "although you're not in this circle, you're quite well – known in the circle. Which wastrel doesn't know you, President Xia?"

Xia ruofei laughed, "so I'm A Celebrity now?"

"Don't count me as one! It has to be!" Song Rui asked, "by the way, are you free tonight? Li Xiao si 'er has been begging me to introduce you two to each other! If you're free, why don't you come out for a meal?"

Chapter 2255 Returning the favor (1)

Xia ruofei smiled and said, "you're too late. I really have something on tonight." He had already agreed to someone else's request ... Wait! Why don't you guys come over together tonight? You will go with the Li family's fourth brother. "

"What's your game tonight?" Song Rui asked, "is it convenient for us to go over?"

"There's nothing inconvenient about it. It's just that xiangnan TV's director Gao is treating me to a meal. I even dragged Hou Liang along to accompany him!" Xia ruofei smiled and said, "if you don't mind, you can bring li Xiaosi along!"

Song Rui laughed and scolded, "you're just lazy!" You don't want to entertain too many people, so you decided to get together, right?"

“Where did all this nonsense come from?” Xia ruofei laughed and scolded him. Then, he asked, “just tell me if you’re coming or not!”

“Come!” Song Rui said without hesitation, “why can’t I go if someone is treating me? It’s settled then! Where’s the place tonight?”

In fact, song Rui was doing this for Xia ruofei’s sake. Otherwise, there would be a long line of people waiting to treat him to a meal on Chang ‘an Street. He would not be interested in ordinary people’s meals.

In fact, Xia ruofei was just returning the favor. Xiangnan TV and Gao Jun had done a good job in promoting paradise Corporation this time. He believed that the effect would be obvious after the show was broadcast. Therefore, he was trying to pull some connections for Gao Jun. Although Gao Jun had been in contact with Hou Liang and even song Rui, the significance of this dinner was different. Although Gao Jun could not get on song Rui’s good side just because of one dinner, the relationship between both parties would be much closer. This was undoubtedly Gao Jun’s dream.

“The Wang family’s private kitchen, ya Qing’s private room. You can go there by yourself. The time is 6:30!” Xia ruofei said.

“Alright! I’ll give Li Xiao si a call, that guy has long wanted to get to know you.” Song Rui smiled and said, “but don’t take him too seriously. The Li family is not as good as they used to be. Otherwise, li Xiaosi wouldn’t be selling imported cars all the time.”

In the eyes of a top rich man like song Rui, the job of selling imported cars was obviously a bit degrading.

Xia ruofei smiled and said, “alright!” I know what I’m doing. ”

He was not that utilitarian when making friends. As long as their personalities and tempers were compatible, he did not care about the other party’s status or the prosperity of their family. If they didn’t get along, he wouldn’t even look at someone from the second or third generation like song Rui.

As his cultivation continued to improve, Xia ruofei’s mentality had gradually changed. Secular power and status could no longer cause any waves in his heart.

Sometimes, he even wondered what kind of state the mayfly’s evolution would reach in the end – And would the life forms that had evolved to a higher level still be considered the same as ordinary humans? In a sense, it was already a different species, right?

After hanging up the phone, Xia ruofei went to his bedroom to take a nap. He got up at around four o’ clock and washed up. He changed into casual clothes and went to the living room to find some tea leaves to make tea.

It was a little past Five O’ clock when Qin Yanan knocked on his door, telling him that it was almost time to leave.

At Five O’ clock, the traffic in Beijing had already started to get heavy. If they didn’t set off earlier, they would probably be stuck on the road.

Xia ruofei picked up a bag of tea that he had prepared after waking up and walked out of the room.

This was the gift he had prepared for Gao Jun. After all, he was treating Gao Jun to a meal, so it wasn't good to come empty – handed. This bag of tea was naturally the peach garden's Da Hong Pao, but it was not the mass – produced version sold in the official flagship store of Peach Garden. Instead, it was produced by the tea trees in the spirit map space and personally fried by Xia Qing. The quality was naturally much better than the Da Hong Pao sold on the market.

In terms of taste alone, the Da Hong Pao in the space was not inferior to the famous mother tree, Da Hong Pao. Although the tea leaves in the space were bred from the branches of the mother tree, Da Hong Pao, and belonged to the second generation of tea trees, the spirit map space's unique environment and rich spirit Qi made the tea trees in the space even better than the mother tree of the nine Dragons carriage, Da Hong Pao.

However, the value of tea leaves could never be determined by the taste alone. The five parent trees, Da Hong Pao, were the ancestors of all Da Hong Pao tea leaves. Moreover, with the accumulation of history, these were all intangible values.

But no matter what, this gift was definitely not light, and it was also something that money couldn't buy.

Xia ruofei saw Qin Yanan and he Yu standing outside the door.

"President Xia, the car is ready," Qin Yanan said.

"Then let's go!" Xia ruofei nodded.

When they arrived at the backyard, Wu Qiang had already started the Land Rover and was waiting. He Yu sat in the front passenger seat, while Xia ruofei and Qin Yanan naturally sat in the back seats.

This made Xia ruofei determined to buy an MPV as soon as possible. The Land Rover was good for family use, but it would not be suitable for business activities.

Wu Qiang calmly drove the car on the road that was gradually becoming congested while Xia ruofei leaned back in his seat and closed his eyes to rest.

There were indeed a lot of cars in Beijing, and with the peak traffic after work, the traffic on the road was getting more and more serious. The distance from the courtyard in liuhai Lane to the Wang family's private kitchen was not too far, but the car finally arrived at around 6:20. It took a full hour to get there.

Xia ruofei waited in the car for Wu Qiang to Park before getting off with Qin Yanan and he Yu. He also called Wu Qiang over to take a look at how they had come out earlier today. Wu Qiang had not had dinner yet.

Chapter 2256 Returning the favor (2)

"President Xia, I'll just eat a little outside." Wu Qiang said as he walked.

"Let's come over together!" Xia ruofei said, "the other party must have arranged a driver's meal in advance."

Xia ruofei knew that Wu Qiang was not good with words and did not like social events, so he did not intend to let him attend the banquet.

After hearing Xia ruofei's words, Wu Qiang did not say anything more and quickly followed.

Walking through the wide and bright gate of the private kitchen of the Wang family, Xia ruofei was about to find a greeter to ask for the location of ya Qing's private room when he was surprised to find that Gao Jun was already waiting there in advance.

Standing beside him were Hou Liang and two other women who looked extremely capable.

Unlike hotels, private restaurants didn't have a lobby. In fact, there was a Hall separated by a well. Hou Liang, Gao Jun, and the others were all standing there waiting. Seeing this, Xia ruofei couldn't help but speed up.

Gao Jun and the others naturally saw Xia ruofei and the others at a glance and also quickly walked up to them.

"President Xia!"

"Brother Xia!"

The two of them greeted him at the same time.

Xia ruofei took two steps forward and said, "I'm sorry, there was a traffic jam on the road. I've been waiting for a long time ..."

"We've only just arrived." Gao Jun said with a smile. There was a hint of excitement and gratitude in his eyes. It was obvious that Hou Liang's arrival was a great surprise to him.

Qin Yanan and he Yu also came forward to greet him. They should also know the two women next to Gao Jun, so they quickly smiled and exchanged greetings.

Gao Jun introduced, "President Xia, this is Huang Yajuan. She's the Executive Director of this season's life you yearn for. The one beside her is her Executive Director, Luo Xue."

Xia ruofei felt that the two ladies looked familiar. He must have met them before in the festival Group.

The filming of life's yearning was different from that of movies and television series. It was even different from most reality shows. The staff would do their best not to disturb the guests' natural performance and would not re-shoot after they shouted 'cut'. This was because there were no NGS in this kind of show. They would record the entire process and then post-edit it. Therefore, the director's presence was not that strong during the filming process. Xia ruofei only felt that the two of them looked familiar.

In fact, what he saw was mostly the director and the cameraman. Huang Yajuan and Luo Xue spent most of their time in the attached building and would not be watching the recording scene all the time.

This was also the reason why they could still come out to socialize today.

Xia ruofei smiled and said, "so you're the female hero under the high platform!" Director Huang! Director Luo! Nice to meet you!"

"I'm flattered. You can just call me Huang, President Xia!" Huang Yajuan quickly said.

Hou Liang also came forward to greet him with a smile. Xia ruofei smiled and said, "Monkey, you're early!"

"Brother Xia, I wouldn't dare to be late if you summoned me!" "Of course." Hou Liang smiled and said, "although we're hosting on a high platform today, I'll have to offer you a few cups of wine later!"

Xia ruofei smiled and nodded. "There's nothing to do today. Everyone, drink a little! By the way, Xiao Rui isn't here yet?"

"Brother Rui will also be coming?" Hou Liang asked in surprise.

It was obvious that song Rui and Li Xiao si had not arrived yet. Otherwise, Hou Liang would not have asked such a question.

"I knew this kid was unreliable!" Xia ruofei laughed and said, "let's not wait for him. Let's go to the private room first!"

Gao Jun, who was at the side, had already thought about it. If even Hou Liang had to call him "brother," it meant that the friend that Xia ruofei had invited was not an ordinary person. Although he had the honor of having a meal with song Rui once, they were not familiar with each other. Naturally, he could not guess that the person who would be attending the banquet was song Rui from the few words between the two.

After hearing Xia ruofei's words, Gao Jun quickly said, "President Xia, why don't you ... Go to the private room and rest while I wait here?"

Xia ruofei smiled and waved his hand, "no need!" High platform, let's go to the private room to sit for a while, or we can eat first! That guy has always been unreliable. Who knows if he'll stand me up!"

Gao Jun was in a difficult position. He was afraid of offending that "brother Rui," so he couldn't help but look at Hou Liang for help.

"Gao tai, let's just listen to brother Xia!" Hou Liang said with a smile.

Hou Liang knew about Xia ruofei's relationship with song Rui, so he naturally had to listen to Xia ruofei's opinion.

"Alright! Alright!" Gao Jun quickly said, "President Xia, young master hou, assistant Qin, assistant he, this way please!"

Xia ruofei nodded and said, "Oh!" By the way, Gaotai, my pilot hasn't had his dinner yet. Please arrange something for him to eat!"

"Alright!" Gao Jun quickly responded and then said to Luo Xue, "Xiao Luo, go and make the arrangements immediately!"

"Alright, high platform!" "Yes, master!" Luo Xue hurriedly replied. She then smiled at Wu Qiang and said, "master, please follow me!"

Xia ruofei nodded at Wu Qiang and asked him to follow Luo Xue. Then, he brought Qin Yanan, he Yu, Gao Jun, and the others through the hall to the next courtyard, to ya Qing's private room.

This private room was not the largest among the private dishes in the Wang Residence, but the environment was quite elegant.

After entering the private room, the group of people took their seats by the antique coffee table. The waitress in the cheongsam began to make tea for everyone.

The faint sound of guzheng and the faint smell of sandalwood in the room, as well as the smell of tea, made people feel a lot more relaxed.

Xia ruofei nodded slightly at Qin Yanan, and the latter immediately took out Xia ruofei's bag of tea and walked to Gao Jun.

Xia ruofei smiled. "Director Gao, this is a small token of my appreciation. I hope you won't mind!"

Gao Jun stood up, feeling a little flattered. He took the tea leaves from Qin Yanan's hands with both hands and said, "President Xia, how can I accept this? You've helped me so much, why are you still giving me a gift? We should be the ones ..."

Xia ruofei waved his hand and interrupted Gao Jun. He smiled and said, "Director Gao, let's cut the formalities. Some homemade tea leaves aren't considered an expensive gift. It's just a small token of my appreciation."

"Then I'll be impolite to refuse!" Gao Jun happily took the tea leaves and said, "the peach garden's Da Hong Pao is famous all over the world. I'm finally lucky to have a taste! Thank you, President Xia!"

In fact, with Gao Jun's status, it was not a problem for him to buy a few catties of Taoyuan Dahongpao. Besides, Xia ruofei had sponsored a lot of tea leaves to the festival Group this time. As the Deputy Director, it was easy for Gao Jun to get some for himself to taste.

Of course, Gao Jun didn't know that the tea leaves given by Xia ruofei were completely incomparable to the peach blossom Da Hong Pao that was sold in bulk.

Everyone sat down to make tea and chat, the atmosphere was very harmonious.

After a while, Xia ruofei raised his hand to look at his watch. It was already 6:40. He said, "Director Gao, my friend is already ten minutes late. Let's not wait any longer and eat first!"

"This ... Isn't very good, is it?" Gao Jun hesitated for a moment before saying, "it's still early anyway. Why don't we ... Wait a little longer?"

"Eating while waiting, that's not considered cruel." Xia ruofei smiled and said, "I had an appointment with him at 6:30 pm. It's already past 6:30 pm. Director Gao, please tell the waiter to serve the dishes first! It doesn't matter if we're men, but it won't be good if the ladies are hungry ..."

Gao Jun turned his gaze to Hou Liang, only to see Hou Liang slightly nodding his head. Thus, he didn't think too much about it and just nodded his head, saying, "Alright then, let's get to the table!"

Then, he ordered the waiter to pour the wine and serve the dishes while he led Xia ruofei and the others to the Round Table.

At this moment, there was a soft knock on the door of the private room. A waitress in a cheongsam gently pushed the door open. Then, everyone saw song Rui walking in with a young man in his mid -20s.

Chapter 2257 Toasts (1)

Gao Jun was humbly giving way to Xia ruofei, wanting to let him sit in the main seat. When he heard the voice, he quickly looked up.

When he saw that the person was actually song Rui, he was surprised and happy. At the same time, he quickly walked out to welcome him.

“Young master Song! Please come in! Please come in!” Gao Jun said enthusiastically.

Song Rui nodded casually at Gao Jun and walked past him to tease the Deputy Director of the provincial station. He was indeed not interested in communicating with him.

Song Rui said as he walked, “ruofei, you’re not being kind!” He actually didn’t wait for me and went to the table first!”

Xia ruofei pouted. “Please look at your watch. What time is it now?” he asked.

The young man next to song Rui showed an embarrassed expression and said, ““President Xia, I’m sorry for the delay, and then ... There was a traffic jam on the road. I’m really sorry!”

Xia ruofei smiled and said, “I was just joking with song Rui!” We’re used to bickering when we meet, and we don’t mean to blame you. ”

Xia ruofei continued, “this must be young master Li!” I’ll have to trouble you with the car!”

The young man quickly said, “I don’t dare to accept it!” President Xia, you can call me Xiao si! That’s what brother Rui and the others call him!”

Song Rui also laughed and said, ““Yes, ruofei! I’ve almost forgotten this guy’s full name ... Xiao si, what’s your name again?”

The young man looked helpless and said, ““Li Zhe ...”

“Yes, yes, yes! Li Zhe!” Song Rui smiled and said, “but this name doesn’t sound good. Li Xiaosi is more comfortable!”

Li Zhe smiled and said, “you can call me whatever you like, brother Rui!” Calling me Xiao si is even more intimate!”

Xia ruofei smiled and said, “sure!” Then I’ll also call you Xiao si!”

“Alright!” Li Zhe said happily.

Xia ruofei saw that Gao Jun was a little embarrassed, so he said, ““Oh right, let me introduce you. This is xiangnan TV’s Deputy Director Gao Jun. He’s the host tonight ...”

“Nice to meet you! ‘Nice to meet you!’ Young master Song, young master Li, please take a seat!” Gao Jun said politely.

However, he was in a difficult position. If Song Rui hadn't come, he would have tried his best to let Xia Ruofei sit in the main seat. Now that Song Rui was here, he was not sure.

Gao Jun didn't know who should sit in the main seat between Song Rui and Xia Ruofei. If there was a mistake, it would turn out to be a bad thing. If he was narrow-minded, he might even hold a grudge against Gao Jun.

Xia Ruofei knew what was going on. He laughed and said, "President Gao, don't shirk away anymore. Isn't the main seat the main seat? You're the host today, so you'll definitely take this position! Are you hoping that we'll pay the bill?"

"Well ..." Gao Jun hesitated for a moment and said, "Alright!" We'll listen to President Xia!"

After he finished speaking, he took the lead and walked to the main seat in the middle. Xia Ruofei and the others naturally sat down at will.

Xia Ruofei sat between Song Rui and Gao Jun. Further to the side was Huang Yajuan, and then Li Zhe. Hou Liang sat on the other side of Gao Jun. Beside him was Huang Yajuan's assistant, Luo Xue. Further out were Qin Yanan and He Yu.

Gao Jun also intentionally let everyone sit in a row so that it would be more convenient to make a toast and adjust the atmosphere at the table.

After everyone had taken their seats, the waiter quickly began to serve the dishes.

After a few hot dishes were served, Xia Ruofei smiled and suggested for Gao Jun to make the opening remarks.

He paid more attention to Gao Jun's feelings. After all, Gao Jun was the host today, and with so many top-notch nouveau riche who usually didn't have a say in the business, Gao Jun was inevitably a little nervous.

Gao Jun declined and stood up with a glass of wine in his hand, saying, "I'm very honored today that President Xia accepted the invitation and brought along good friends like young master Song, young master Hou, and young master Li. It's fate that brought us together. Let's have a drink together!"

If Gao Jun really wanted to let loose, he could even hold a glass of wine and talk for an hour or two. Improvising on the spot was also a basic skill for leading cadres. However, he also knew that in this kind of occasion, he could not say those official pleasantries, otherwise, he would be despised by others for no reason, so he was also concise and comprehensive.

Xia Ruofei was the first to respond. Everyone raised their glasses and took a sip. The dinner party officially started.

Although it was a dinner organized by Gao Jun in name, Xia Ruofei was the center of attention.

Not only did Gao Jun frequently toast Xia Ruofei, but Song Rui, Hou Liang, Li Zhe, and the others also came to toast and talk from time to time.

However, Xia Ruofei was also very careful. He often chatted with Gao Jun beside him so that he would not be left out.

Gao Jun was very grateful and felt that Xia ruofei was a very loyal person. Of course, he also took this opportunity to toast Hou Liang and subtly express his wish to report to Hou Liang's father when he was free.

Hou Liang's heart was naturally as clear as a mirror. Although he didn't overstep his boundaries and agree on behalf of his father, he still said some words of encouragement and said that he would pass on the message to his father when the time was right.

Gao Jun was overjoyed.

In fact, Gao Jun was a very capable person. Otherwise, he wouldn't have been able to manage xiangnan TV's most important entertainment business so well. Over the years, he had been in charge of the entertainment section, and xiangnan TV's revenue had also been booming. On top of its already strong foundation, it had made even more progress.

Chapter 2258 Toasts (2)

Gao Jun's only weakness was that he came from an average family background. He had graduated from the capital Broadcasting college, which was now the media College. From an a – list host to the second – in – command of the station, he had taken it one step at a time. Every improvement was made through solid performance. But after reaching his position, if he wanted to carry out greater ambitions, he did not just need to work hard. He also needed help and opportunities from all sides.

If he could “report” to Hou Liang's father this time, it would be equivalent to having a powerful assistant at the headquarters “level. Thus, he was naturally very concerned.

In comparison, although song Rui's family was obviously much stronger than Hou Liang 's, Gao Jun was not so eager to befriend them. After all, he was far from being able to reach the song family's status. It might not be a good thing for him to be overly attached to them.

Gao Jun and Hou Liang were chatting happily while Li Zhe took the initiative to talk to Xia ruofei. It was obvious that he wanted to make friends.

Li Zhe walked to Xia ruofei with a glass of wine and said with a smile, “Brother Xia, let's have another drink! I've long heard of your great name, but I've never had the chance to get to know you! Thanks to brother Rui, we finally have this opportunity!”

Xia ruofei chuckled and said, “Xiao si, you're too polite!” Speaking of which ... I should thank you properly for buying the car!”

“Hey! It's a small matter!” Li Zhe waved his hand nonchalantly and said, “brother Xia, getting a few imported cars is no problem for me! Please don't take it to heart ... If it wasn't for brother Rui saying that you definitely wouldn't agree, I would have given that car to you directly!”

“That won't do!” Xia ruofei laughed and said, “I can't ask you to help me and pay for it at the same time! That didn't make sense. You don't have to give me a discount. To be honest, I don't lack money. You've already helped me a lot by letting me get the car so quickly!”

“Alright! You're a rich man, so I won't be pretentious!” Li Zhe smiled and said, “come, I'll drink first!”

After he finished speaking, Li Zhe raised his cup and drank it. Then, he showed the bottom of the cup to Xia ruofei.

This was a tael of white wine. Tonight, he had used Drunken Eight Immortals at 53% alcohol. After drinking this tael of wine in one gulp, Li Zhe felt that he had drunk a little too much. He quickly reached for the glass and took another big gulp to suppress the alcohol.

Xia ruofei also downed his drink. Compared to Li Zhe's sorry state, he seemed to be very calm, as if he had just drunk plain water.

Li Zhe couldn't help but give Xia ruofei a thumbs up and said, "I've long heard that brother Xia can't get drunk even after a thousand glasses. I've finally seen it for myself today!"

"There's no one who can't get drunk after a thousand cups!" Xia ruofei smiled and said, "I'm just a little better at drinking than the average person. It's not as exaggerated as you say! Little four, don't drink too much, it's bad for the liver!"

"I know, brother Xia!" Li Zhe grinned and said, "there aren't many people who can make me toast to them like this. It's fine to drink once or twice occasionally!"

Then, Li Zhe said to Xia ruofei, "Brother Xia, the car will be here in a few days. Do you want to pick a good license plate first?"

Li Zhe specialized in the imported car business, and most of the buyers were rich and powerful people like song Rui. Naturally, it was a one – stop service. Therefore, he must have made connections with a unit like the vehicle Administration.

Before Xia ruofei could say anything, song Rui stood up and said, "Little four, are you done yet? Why did he have to chat with RUO Fei? I haven't even had a drink with RUO Fei!"

"Yo!" Li Zhe quickly said. Brother Rui, I was just talking to brother Xia about the license plate. The Elfa will be arriving at the port soon. I want to ask brother Xia if you have any license plates you want so that you can prepare in advance!"

"That's it!" Song Rui said. Just do as you see fit ... Pick a lucky number for RUO Fei, or 6666,8888, or something of the same number. Don't get those special numbers. "

Then, song Rui smiled at Xia ruofei and said, "RUO Fei, do you agree with what I said?"

Xia ruofei laughed and said, "Xiao Rui knows me best!" Xiao si, let's do as your brother Rui says! Actually, I don't have any requirements for the license plate number. If it really doesn't work out, I can just choose one of the normal ones. "

"No, no, no!" Li Zhe quickly said. Isn't that a slap to my face? Brother Rui's request isn't difficult at all, I'll definitely get it done properly!"

Xia ruofei smiled and nodded. "Alright then. Thank you for your hard work!"

"It's not hard! It's not hard!" Li Zhe said, "then, brother Xia, you can talk to brother Rui! I won't disturb you any longer ..."

Then, he filled Xia ruofei's glass with wine and returned to his seat.

Song Rui then took his glass and clinked it with Xia ruofei's. He said, "Let's have a toast as brothers!"

"How about ... A bigger cup?" Xia ruofei said half – jokingly.

Song Rui immediately replied, "don't even think about it!" Xia ruofei, whoever drinks with you in the future is your grandson! Just use a small cup, you can drink it if you want!"

Every time song Rui drank with Xia ruofei, he would be so drunk that he was unconscious. The most annoying thing was that Xia ruofei was fine no matter how much he drank. Such an abnormal drinking capacity had already made song Rui and the others despair. They could not even have the thought of competing with Xia ruofei.

Xia ruofei laughed and said, "a small cup it is!" Come on! A toast to you!"

After that, Xia ruofei clinked his glass with song Rui's and finished the whole glass of white wine in one gulp.

Song Rui had no problem with such a small glass, so he naturally wouldn't back down and drank the wine in the glass.

Then, song Rui put down his glass and said, "Let's go out for a chat?"

Xia ruofei looked at song Rui and nodded. "Alright! It's good to go out and get some fresh air ..."

After that, he whispered to Gao Jun beside him and walked towards the door of the private room. Song Rui quickly followed.

The Wang family's private kitchen was reconstructed on the basis of a siheyuan. After the private room was a large courtyard. The layout of the courtyard was well – arranged and there were many secluded places.

Xia ruofei and song Rui found an empty corner and sat down on the stone chairs.

Xia ruofei took out a box of cigarettes and passed one to song Rui. Then, he took one for himself and put it in his mouth.

He turned on the Zippo lighter for himself and handed it to song Rui without turning it off.

Song Rui took the lighter and lit the cigarette. Then, he closed the lighter and played with it in his hand as he said, "Li Xiaosi has been trying to get a share of our club's business, he's been trying to stall me for days ..."

Xia ruofei smiled and said, "no wonder he's so attentive!" What are your considerations?"

"We have the same opinion. We don't want to recruit new shareholders for the time being." Song Rui said, "anyway, we have plenty of funds. Although li Xiaosi's character is not bad, his strength is a little lacking."

The strength that song Rui was talking about was not in terms of financial strength. In terms of money, Li Zhe, who was in the imported car business, was probably much richer than people like song Rui and Hou

Liang. Otherwise, he wouldn't have been in such a hurry to invest in the peach blossom Association and Exchange it for Hou Liang and the others. He couldn't even afford this capital.

Xia ruofei smiled and nodded, "you can decide on your own. I won't interfere." Even if you want to pull in a few people to work together, as long as you think they are trustworthy, I will agree."

Song Rui nodded and said, "let's do that for now." Let's see this guy's performance! Anyway, I think so! "Even if we want to absorb new shareholders, we'll have to wait until our paradise society officially opens and makes a name for ourselves. At that time, the value of each share will definitely not be the same as now. Only in this way can we show the advantage of being the original shareholders!"

"You're still very clear-headed!" Xia ruofei smiled and asked, "you called me out just to talk about this, right?"

Chapter 2259 Elder song's summoning (1)

Song Rui took a puff of his cigarette, smiled, and said, "Of course not!"

Xia ruofei looked at song Rui quietly, waiting for him to continue. Xia ruofei knew that song Rui must have something important to tell him. Otherwise, he would not have avoided the people around him.

"Grandpa wants to meet you and talk to you about old master Liu ..." Song Rui said lightly.

Xia ruofei was a little surprised. He raised his eyebrows and asked, "Grandpa song, have you made a decision?"

Song Rui shrugged and said, "I don't know ... The Liu family asked to see him many times, but he refused them all." However, this time, the Liu family found a person whom Grandpa couldn't refuse. After talking with him for more than an hour, Grandpa asked you to meet him at home ..."

Xia ruofei nodded thoughtfully and said, "Alright! The time is easy to arrange on my side, you can set the specific meeting time!"

Song Rui couldn't help but say, "ruofei, that lobbyist is the old master of the GAO family. How should I put it ... Back then, Grandpa Gao and my grandfather were in the same Army. In a fierce battle, my grandfather was seriously injured. It was Grandpa Gao who risked his life to carry my grandfather down. Otherwise, my grandfather would have died!" So ... My grandfather owes Grandpa Gao his life. If he comes to my grandfather in person, there's no way the old man can avoid him. "

"Is this old man Gao very close to the old man of the Liu family?" Xia ruofei asked curiously.

He was indeed curious, and he couldn't understand the relationship between the elders. Elder Gao and elder song were friends who had fought to the death on the battlefield, and the song and Liu families were competitors in various fields. It was unlikely that elder Gao would be close to the Liu family!

Of course, Xia ruofei had simplified things.

If they were still the hot-blooded young men from back then, this set of standards might still be applicable. But now, whether it was elder Gao, elder Liu, or even elder song himself, they all had a huge family on their shoulders. Any decision they made would not be measured by their own likes and dislikes.

What's more, it had been decades since that war. How could the events that had happened in those decades be explained clearly with a few simple words?

"Grandpa Gao and Grandpa Liu are life – and – Death friends," song Rui nodded and said, "besides, their families have helped each other both politically and economically. You can say that they're allies! "As for our family, although we've maintained a rather friendly relationship with the Gaos, we've rarely cooperated with them because of the Liu family. It's already good enough that we don't have any friction in various fields."

Xia ruofei immediately understood. He nodded and said, ""I understand. Then please arrange for me to meet with Grandpa song as soon as possible!"

Song Rui couldn't help but look at Xia ruofei and said, ""Ruofei, you don't have to do things that you're not willing to do for Grandpa. Grandfather definitely wouldn't force you. I'm guessing grandfather probably wouldn't make any promises to Grandpa Gao. At most, he'd only agree to persuade you ..."

Xia ruofei smiled and waved his hand, "we'll talk about it after we meet." Report to Grandpa song and set a time for the meeting as soon as possible. I should be in the capital for the time being. "

"Grandpa said that he can adjust his schedule at the last minute." Song Rui said, "since you don't have any problems, let's set it for tomorrow morning! I'll bring a car over to pick you up, you just have to wait at home!"

"No problem!" Xia ruofei said as he stood up from his chair. He smiled and said, "we've been out for a while. Let's go in!"

Seeing Xia ruofei's relaxed look, song Rui was a little confused. If it was someone else in this situation, even if they had a little confidence, they would still be a little nervous. After all, they were facing the pressure from the GAO clan and the Liu Clan, two behemoths.

Unless Xia ruofei had already decided to treat old master Liu, how could he be so calm?

However, song Rui felt that it was unlikely. It was not the first time that the Liu family's disciples had a conflict with Xia ruofei. Last time, when they fought for land in the capital, Liu haofan of the Liu family was already at odds with Xia ruofei. Later on, Liu haojun, who had been working in the southeast province, returned to the capital with an ashen face. Although there was no evidence, song Rui and the others had vaguely guessed that Xia ruofei had something to do with it. With Xia ruofei's personality, how could he easily bow to the Liu family?

Song Rui was deep in thought and followed Xia ruofei back to the private room.

When everyone saw Xia ruofei and song Rui return to their rooms, they quickly invited them to take their seats. Gao Jun and the others came forward to toast the two of them. The two female directors that Gao Jun had brought with him were obviously experts at drinking. They were good at adjusting the atmosphere and had good tolerance for alcohol. They also came forward to toast Xia ruofei and song Rui.

Recently, Li Zhe had been thinking of becoming a shareholder of the Paradise Association. Even if it was just a small share, it would be fine. Therefore, he was very attentive to Xia ruofei and song Rui.

Li Zhe's investment in the Paradise society naturally wasn't for the sake of making money. To be more precise, it wasn't just for the sake of making money. What he valued more was the connections in this circle.

As a shareholder of the Paradise Club, not only could he be in the same boat as Song Rui and Zhao Yongjun, but the nature of the club itself also determined that this was a top social event. As a shareholder of the club, he would naturally be able to enjoy the benefits of being in a favorable position.

Chapter 2260 Elder Song summons (2)

This was undoubtedly very important to the gradually declining Li family.

Therefore, Li Zhe spared no effort to please Xia Ruofei and Song Rui. However, the two of them had already discussed outside that they would not accept any new shareholders for the time being. Hence, they accepted all kinds of flattery from Li Zhe and pretended to be confused about all the hints and explicit hints that he wanted to invest in the company.

Li Zhe's status was also a little lacking. If Song Rui did not relent, he did not dare to show the slightest bit of impatience. He could only sigh in his heart and continue to carry on his shamelessness. From now on, he would continue to get close to Song Rui and the others.

To Xia Ruofei, this drinking session was definitely not as enjoyable as drinking with his brothers. Not only was it because everyone at the table had their own thoughts and did not feel like a simple gathering of brothers, but another important reason was that the Liu family's matter had more or less affected Xia Ruofei's mood.

So, at nine o'clock, Xia Ruofei smiled and said, "Everyone, it's getting late. I suggest that everyone finish the wine on the table and go back to their own homes. How about it?"

Naturally, no one objected to Xia Ruofei's suggestion. Gao Jun quickly asked the waiter to pour the rest of the wine together, then took the initiative to stand up and make another toast. Everyone divided the remaining wine, and each person poured half a glass.

Gao Jun raised his glass and expressed his gratitude. Then, everyone toasted and the dinner was over.

The Assistant Director, Luo Xue, who was brought by Gao Jun, left the room quickly after finishing the last glass of wine.

When Xia Ruofei and the others walked out of the private room and arrived at the entrance of the Prince's Mansion's private kitchen, Luo Xue had already directed the guests' cars to wait at the entrance. Ran Ran had come down earlier to inform the driver.

Wu Qiang drove Xia Ruofei's Land Rover and sat in the first row. Gao Jun and the others sent Xia Ruofei and the other two off first. It was not convenient for cars to turn around and many people were preparing to leave at this time, so Xia Ruofei did not reject them. He cupped his hands to everyone and got into the car.

Qin Yanan and He Yu also got into the car separately. The two of them had also been toasted a lot tonight, and their faces were red. However, they seemed to be in a good condition, and their eyes were relatively clear. They probably didn't drink too much.

Xia ruofei rolled down the window and waved at Gao Jun and the others with a smile. Qin Yanan gestured for Wu Qiang to drive.

The car started slowly. Song Rui stood by the window and said, ""Ruofei, contact me by phone tomorrow!"

Xia ruofei nodded understandingly and rolled up the window.

The car drove smoothly all the way and returned to the courtyard house in liuhai Lane after about 40 minutes.

Xia ruofei brought Qin Yanan and he Yu to the courtyard in the middle. He stopped and said, ""Yanan, Heyu, you also drank a lot tonight! Hurry up and go back to your room to rest!"

"Yes, Chairman!" Qin Yanan and he Yu responded at the same time.

Xia ruofei continued, "I have something to do tomorrow. I need to go out. You don't have to accompany me." You can choose to sleep in or walk around the capital. "

"Then we'll have to thank the chairman for his understanding!" Qin Yanan said with a smile.

Xia ruofei laughed and said, "if you go out to play, remember to issue an invoice. The company will pay for the expenses!" Alright, go back to your rooms and rest ..."

After Xia ruofei returned to her room, she took a quick shower and sat on her bed to cultivate the great Dao Arts. After she was done, she lay down to rest.

The next morning, when Xia ruofei was eating breakfast in the backyard, she saw that Qin Yanan and he Yu had also arrived. She couldn't help but ask jokingly, ""Eh? It's not easy to give you a day off, why don't you sleep a little more?"

Qin Yanan said cheekily, "President Xia, you've already promised to reimburse our travel expenses. How can we let down your good intentions?" Of course, I have to get up early! There are a lot of scenic spots in Beijing!"

Xia ruofei laughed and said, "that makes sense!" Then hurry up and eat breakfast! Oh right, let Wu Qiang drive with you! I'm not using a car today!"

When they went to elder song's place, the song family must have sent a car to pick them up, because ordinary cars that wanted to enter the area where elder song lived would have to go through a strict inspection, which was too troublesome.

Qin Yanan quickly waved her hand and said, ""President Xia, no need! No need! We can even take a taxi or the subway! There's no need to trouble brother Wu!"

Xia ruofei thought about it and realized that Qin Yanan and Xia Ling probably wanted to be free as well. They could go wherever they wanted. Besides, Beijing's subway traffic was indeed very convenient. As long as they didn't become "human meat cans" during rush hour, the experience was pretty good.

Hence, he said, "that's fine!" I'll respect your opinions. However, you two girls must be careful when you go out! If there's anything, you can call me or Wu Qiang immediately!"

If he let Wu Qiang follow them, there was no need to worry about their safety. However, if they were to travel by themselves, Xia ruofei would still be worried.

“Don’t worry, President Xia!” Qin Yanan said with a smile. We’ll be careful!”

Xia ruofei nodded and did not say anything else. He sat down and started eating breakfast.

After eating, Qin Yanan and he Yu said goodbye to Xia ruofei and went out to take a taxi to the capital.

Xia ruofei, on the other hand, returned to his courtyard. He sat by the stone table and made tea. The fragrance of the tea leaves calmed Xia ruofei down.

At around 9 am, Xia ruofei received a call from song Rui.””RUO Fei, come out! We’ll be there in about five minutes, at this side of liuhai Lane!”

“Alright!” Xia ruofei replied.

He got up and went back to his room. He picked up a bag that he had prepared in advance yesterday and walked to the front yard.

The bag contained high – Quality iron – Skin maples, which were also iron – Skin dendrobes produced in the space. They were personally made by Xia Qing, and the quality was better than the iron – Skin maples sold by the Taoyuan company and Tongren Hall.

Of course, no matter how high the quality was, it was still an iron – skinned maple bucket. Compared to eccentric song’s status, this gift was really nothing.

However, with Xia ruofei’s relationship with elder song, he did not have to spend so much effort to prepare a gift every time. It was just a kind gesture.

Xia ruofei strolled to the front yard and waited in the alley outside for two minutes. He saw a black sedan with a red flag driving over from the side of Desheng Gate. He saw song Rui sitting in the front passenger seat.

The car stopped at the entrance of the courtyard house. Song Rui stuck his head out and said,””Ruofei, get in the car!”

The chauffeur had already gotten out of the car. He quickly walked to Xia ruofei’s side and opened the back door.

Although the driver was wearing a black suit, his short hair, straight back, and sharp aura showed that he was a soldier, and a high – Quality soldier at that.

Xia ruofei nodded at him and got into the car.

The chauffeur returned to the car, and soon, the red flag sedan started slowly and drove steadily towards the other exit of the alley.

Xia ruofei and song Rui did not speak along the way.

Song Rui sat in the front passenger seat and looked at his phone absentmindedly. Xia ruofei simply leaned back in the soft seat and closed his eyes to rest.

The car drove for about an hour before they arrived at elder song's antique house.

The red flag car drove in through the open middle door and stopped in the first courtyard.

Xia ruofei did not wait for the chauffeur to open the door. He pushed the door open and got out.

Xia ruofei's old acquaintance, Master song's personal secret, manager Lu, stood beside the car with a smile on his face. He said to Xia ruofei, ""Comrade ruofei, the chief has been waiting for a long time."

Xia ruofei said half – jokingly, "then I'm in big trouble. Grandpa song is very busy. How can he waste so much time for me?"

"If that's the case, then let's not waste any more time and hurry up to see the chief!" Manager Lu laughed.

"You're right, manager Lu!" Xia ruofei agreed.

Manager Lu made an inviting gesture and said, ""RUO Fei, this way please!"

Xia ruofei looked at song Rui, who had just gotten out of the car. Seeing that he had no intention of following them, he nodded and walked towards the courtyard in the middle.
