Chapter 2261 Decisiveness_In an antique study, elder song was reading today's newspaper with his reading glasses. Although elder song had left his position as a leader, he would still read the newspaper and documents sent by the veteran Cadre Department every day. He was still very concerned about the state affairs.

Manager Lu knocked on the door and said,"Chief, Xia ruofei is here."

Elder song took off his reading glasses and smiled at Xia ruofei, who was standing at the door."Why are you standing there? Come in and sit!"

"Yes!" Xia ruofei responded and walked into the study.

Manager Lu personally went to fill elder song's teacup with water and then poured another cup of tea for Xia ruofei.

Xia ruofei quickly stood up and thanked manager Lu. Manager Lu's administrative level was the Deputy Department, which was the same level as the Deputy Governor of the southeast province. Since he personally poured water for Xia ruofei, Xia ruofei naturally couldn't just accept it. He still had to be polite.

Manager Lu smiled and nodded at Xia ruofei. Then, he left the study quietly and closed the door behind him.

The study immediately fell silent.

Xia ruofei stared at elder song, who was sitting opposite him. He noticed that elder song's face was ruddy and he looked energetic. What was even more exaggerated was that his silver hair had turned Back to Black and white.

"Grandpa song, you look great." Xia ruofei smiled."That's really worth celebrating!"

Elder song laughed heartily and pointed at Xia ruofei."This is all thanks to you, little guy! The Guanyin pendant you gave me was too magical. It wasn't so obvious at first, but as I wore it for a long time, the effect became more and more magical. Not only did I grow black hair, but I also feel a little dizzy wearing these reading glasses. I think my eyes have also improved. I'll have to get Xiao Lu to give me a new pair of reading glasses tomorrow. "

Xia ruofei smiled and said,"you've regained your youth!" This is great news!"

The spirit – gathering Jade Guanyin could gather spiritual energy to nourish the wearer at all times. Naturally, the longer one wore it, the more obvious the effect would be. Now, it seemed that the effect of elder song wearing the Jade Guanyin was gradually showing. Xia ruofei was naturally happy for him.

"I want to dye my hair back to white so that people won't think I'm an old monster!" Elder song said with a smile.

Xia ruofei couldn't help but laugh."Grandpa song, you're exaggerating! Besides ... Even if he wanted to dye it, he should have done it black! Who dyes their hair white?"

“That’s not a bad idea.” Elder song said with a smile.

In fact, when he held a leadership position, he had dyed his hair black. Of course, that was for the sake of the country’s image. After all, as a leader, he was on the news almost every day. After he retired, he did not dye his hair at all. It should be known that hair dyes were not good for the body. No matter how natural it was, it was impossible to not have any harm.

Elder song continued, “and that Zhong Kui ornament you gave me last time, it’s also quite extraordinary!” In the past, This Old House always had a cool feeling, and after living here for a long time, I felt a bit uncomfortable. However, after that decoration, I feel that the air has become much warmer, and the staff at home look much better!”

“It’s good that you can help!” Xia ruofei smiled.

Elder song sighed, “ruofei!” It’s the song family’s fortune to have met you. If it wasn’t for you, I would probably be playing chess with my old comrades at the eight Treasures mountain. Our song family has been going smoothly for the past two years, and it’s all thanks to the miraculous hand that brought us back to life!”

Xia ruofei replied, “Grandpa song, you’re too kind!” You’re the general that I admired the most when I was a soldier. It’s my honor to be able to help you with your health!”

Xia ruofei knew that elder song was going to talk about the Liu family, so he just said a few polite words and closed his mouth. He looked at elder song with clear eyes, waiting for him to continue.

Elder song looked at Xia ruofei and asked, “Did Xiao Rui tell you?”

Xia ruofei was stunned and said, “you mean the Liu family?” He didn’t tell you the details ... He only said that the old master of the GAO family came to see you.”

“You don’t have to be nervous,” said eccentric song with a smile. Old Gao came looking for me, and it’s about old Liu. He hopes that I can persuade you to help.”

Xia ruofei looked at elder song quietly without saying a word. He knew that elder song had already made his decision. He just needed to listen.

Of course, elder song couldn’t force him. If he really didn’t want to, it was useless even if the God of heaven came to intercede. Although paradise Corporation was in the country, its core competitiveness had nothing to do with the domestic farms and pharmaceutical factories. If he was forced into a corner, Xia ruofei could directly go abroad.

Most of his funds were in his overseas account, and as long as the spirit map space was still there, it wouldn’t be difficult to build another paradise company. The only loss he would suffer was the money from the initial investment.

Of course, Xia ruofei did not want to do this unless he had no other choice. He also believed that elder song would not force him to do something he was not willing to do.

“You know, old Gao saved my life. If he didn’t carry me down from the battlefield, I would have been dead. How could I have become a general or even a leader of the country?” elder song continued.

Chapter 2262 Decisiveness_Then, elder song changed the topic and looked at Xia ruofei.""But I told old Gao that he saved my life, and you are my Savior too. House song will never force our Savior to do something he doesn't want to do, and if someone tries to use the influence of the family to force you, house song will not sit by and do nothing!"

Hearing this, Xia ruofei felt a surge of warmth in his heart.

To be honest, the fact that elder song could say this was enough to show how important Xia ruofei was to him.

No matter what, elder Gao was elder song's old comrade – in – arms, and they had gone through life and death together. Now that the GAO family was also a big family, Xia ruofei could not even compare to them in terms of strength on the surface.

However, elder song had made such a strong stand for him, even at the expense of offending his Savior. Xia ruofei was touched.

After elder song said that, he smiled kindly and said,""RUO Fei, I didn't call you here today to pressure you, but to give you a mind – calming pill. You just need to do this with your heart. You don't need to worry about the influence of the Liu family or the GAO family. "

"Grandpa song, thank you ..." Xia ruofei's voice was choked with emotion.

"It's my duty,"elder song waved his hand and said," this matter was drawn out because you treated me. It's also because we didn't keep it a secret. " Besides, you don't have to feel any psychological burden. This is the current situation. If old Liu can't hold on for long, the Liu family will definitely be biding their time at this stage and won't reveal their sharp edge."You don't have to worry about the GAO family. Although old Gao and I haven't been in contact for many years, we were still comrades in the trenches. There aren't many of our old brothers left alive, so he still has to give me face. After all ... His body is much worse than mine ..."

When elder song said this, there was a faint sense of dominance. Xia ruofei felt as if he was seeing the all – Powerful general in his memory.

After retreating, eccentric song became more and more peaceful, rarely revealing such a sharp edge.

After hearing elder song's words, Xia ruofei thought for a while before asking,""Grandpa song, I want to know ... Other factors aside, what do you want me to do?"

Eccentric song was stunned for a moment, then he smiled and asked,""Shouldn't this matter be decided by your opinion? Why are you asking about my thoughts?"

"Because your position is also very important!" Xia ruofei grinned."If you don't want me to treat the old master of the Liu family, then I'll pack my things and return to the three mountains today without a second word!"

"You little rascal!" Elder song couldn't help but chuckle. He then asked meaningfully,"what if I hope you can help him appropriately?"

Xia ruofei had already expected this. He said without hesitation,""Then I can consider it. At least I won't reject you."

Eccentric song's eyes revealed a trace of relief. He sighed and said seriously, "Ruofei, my opinion is only for reference. I didn't say it before because I was afraid it would affect your decision. Since you asked, I'll tell you my opinion!"

Xia ruofei nodded and looked at elder song as if he was listening.

"I've said it before," said eccentric song, "he was an old man who came out of the trenches back then, but not many of them are left. Other factors aside, I don't want old Liu to leave so early, especially if there's a chance to save him. "But then again, the Liu family has caused us a lot of trouble these years. Whether it's in the political or business fields, they've been holding us back. From this perspective, if old Liu is no longer around, the Liu family is nothing to worry about ..."

Elder song was very honest. He did not hide his conflicted feelings from Xia ruofei.

To be honest, at elder song's level, even if he didn't speak in a mysterious manner, he would at least have a hidden meaning. It was impossible for him to be so direct. He had only said those words without any qualms because he treated Xia ruofei as his own nephew.

Xia ruofei smiled and said, "I understand ..."

"You understand?" eccentric song was stunned for a moment. I haven't even thought clearly about which side I should stand on, and you already understand?"

Xia ruofei laughed and said, "Grandpa song, you're being too careful!" In fact, after hearing your words, I still admire you very much!"

Indeed, if elder song had told Xia ruofei that he did not want the old man of the Liu family to survive, Xia ruofei would not have felt that it was wrong. After all, from the perspective of the family, it was the best result. However, elder song still expressed his reluctance to part with their old friendship. This was a rare flash of humanity.

A person was a human because he was an emotional animal. If everything was done from the pros and cons and considered the benefits, then from the perspective of human nature, there were some flaws.

"Don't be sarcastic!" Eccentric song said with a bitter smile.

Xia ruofei replied seriously, "I wouldn't dare to mock you!" These are my heartfelt words!"

"Ruofei, you said you understood. Have you decided what to do?" elder song asked with a smile.

Xia ruofei smiled and nodded. "Almost! I already have a rough plan. "

In fact, Xia ruofei had a basic principle before he came.

Since the Liu family already knew about his medical skills, it would be unwise to reject him. Although Xia ruofei was not afraid of trouble, it did not mean that he liked to be bothered by it.

If he agreed to treat old master Liu, Xia ruofei would not be able to get over it. If he were to give in just because the other party put a little pressure on him, would he have any backbone? Besides, it was not in Xia ruofei's interest to give the Liu family a living and healthy pillar of support. It was not in the song family's interest either.

So he needed to find a balance point in between.

In fact, this was very similar to elder song's mentality.

The only difference was that elder song was only in a dilemma. In fact, he had given the choice to Xia ruofei. He did not exert any influence on Xia ruofei at all. Instead, he stood up and supported Xia ruofei. The only thing Xia ruofei needed to consider was how to minimize his troubles and maximize his benefits.

Now that elder song's mentality was basically in line with his considerations, he was naturally firm in his decision.

Eccentric song couldn't help but ask curiously, "Then can you tell me what your decision is?"

Xia ruofei smiled and said, "Grandpa song, please let me keep you in suspense." I'll have to trouble you to pass a message to the Liu family that I hope to meet with the old master of the Liu family, just for a moment. "

"It seems like you don't intend to refuse?" eccentric song raised his brows.

"Of course!" Xia ruofei smiled and said, "Grandpa song, I'll tell you everything after I meet with the old master of the Liu family. I'll give you a detailed report then."

Eccentric song chuckled and waved his hand. "There's no need to report ... I've already said that no matter what decision you make, I'll support you unconditionally! And no one, no power can force you to do something you don't want to do!"

Elder song continued, "I'll get Xiao Lu to contact the Liu family immediately. I'm sure there won't be any suspense. They have no other choice. They'll definitely agree to meet!"

"En!" Xia ruofei nodded and said, "then I'll have to trouble you, Grandpa song."

Elder song chuckled as he pressed the call button on the phone in the study room. He directly said, "Let Xiao Lu in for a moment!"

Then, he looked up at Xia ruofei and said, "Ruofei, you stay for lunch! If everything goes well, you should be able to see that old guy of Liu family in the afternoon!"

Chapter 2263 Meeting (1)

Xia ruofei nodded with a smile. He did not feel very restrained in elder song's place. He was also very relaxed. Although it was not exactly like his own home, it was not as restrained as at the chief's house.

At this moment, there was a light knock on the study door. Manager Lu pushed the door open and walked in. "Chief, you were looking for me?"

Eccentric song nodded and said, "Xiao Lu, contact the Liu family immediately. RUO Fei wants to meet the old man of the Liu family alone. Ask them to arrange it as soon as possible!"

Since it concerned the life and death of the pillar of the family, the people of the Liu family would definitely arrange a meeting as soon as possible. Elder song didn't need to say anything else.

Manager Lu was a little surprised. He glanced at Xia ruofei. However, after working for the Bureau chief for so many years, he had long developed the habit of not speaking out of turn. So even if he had doubts in his heart, he did not say anything. He just nodded and simply replied, "Okay, I'll contact him immediately!"

"Tell the kitchen to prepare more dishes for lunch, I'm going to stay at home to entertain ruofei," elder song said.

"Alright!" Manager Lu replied, "chief, you can continue chatting with ruofei. I'll be going down!"

"En!" Elder song nodded.

After manager Lu left, elder song was curious but he did not mention the Liu family. Instead, he started chatting with Xia ruofei.

He asked about Xia ruofei's company's situation with great concern.

Xia ruofei wasn't a competent chairman. He didn't know the company as well as Feng Jing, the CEO. However, elder song didn't care about the detailed business data. Xia ruofei knew the general direction. After all, even if he wasn't in the company, Feng Jing would still report to him through phone or email.

Hence, Xia ruofei gave a brief introduction of the company's development, focusing on the construction of a pharmaceutical factory in Changping County and the preparation to expand the production of the Jushi cream and heart – nourishing soup.

Elder song had always been impressed by Xia ruofei's heart – nourishing soup. When he heard that Xia ruofei had insisted on the low – Price strategy, that most of the production was inclined to domestic patients, and that he had even cooperated with the hospital to crack down on scalpers, elder song was very happy and praised him a few times.

"Ruofei, as an entrepreneur, you must have a strong sense of social responsibility!" Elder song said earnestly. You've done well in this regard! You're a good child, I didn't misjudge you! Remember, you must persevere! The heart – nourishing soup is not only a ray of hope for an autistic child in the dark night, it is also a ray of humanity for your paradise Corporation. As long as you do this project well and the company's management is upright, no one will dare to have any crooked ideas about your company!"

Xia ruofei nodded in agreement. Elder song's meaning was clear. The heart nourishing soup project was the protective talisman of the Paradise Corporation. The bigger the influence of this project, the higher the positive image of the company. Those who wanted to covet the company would have to think twice.

Not to mention that the song family had already openly supported the Paradise Corporation, so as long as one wasn't a fool who couldn't understand the situation, under normal circumstances, no one would dare to be jealous of the Paradise corporation's future prospects and have any crooked thoughts.

Of course, families like the GAO family and the Liu family, who were on par with the song family, might also be wary of the song family, but the extent of their restraint would depend on how much the song family protected the Paradise Corporation.

Elder song then asked about the Paradise gathering.

Song Rui had a stake in the Paradise Association's business and was one of the main founders. Elder song was naturally very concerned about his grandson's rare business.

Xia ruofei said with a trace of shame, "Grandpa song, you know that I'm quite busy at the three mountains, so I don't pay much attention to the peach blossom society. Big brother Yongjun and Xiao Rui are the ones taking care of things in Beijing, so I don't know the details. However, from what I understand, the preparations for the Paradise gathering are going quite smoothly. Xiao Rui's contributions can't be overlooked!"

"Xiao Rui is my grandson, how can I not know him?" elder song waved his hand. This kid always did things in a three – minute fervor, and he was always carefree all day long. He was not meticulous enough! RUO Fei! This peach blossom gathering involves several families' children. With so many people participating, Xiao Rui is also one of them. You can't just sit back and do nothing! You have to keep a close eye on them, in case these kids do something good and turn it into a bad thing!"

Xia ruofei didn't know whether to laugh or cry, but he didn't dare to talk back to elder song. He could only nod and say, "I know, Grandpa song! You don't have to worry too much. Brother Zhao Yongjun is mature and reliable. He's also familiar with all aspects of Beijing. With him at the helm, Xiao Rui and the others won't take any detours! Don't you worry!"

"That kid from Zhao Cheng's family?" Elder song nodded and said, "Xiaojun has the style of a general. He's more or less reliable in his work! However, ruofei, you can slack off too. You have to keep an eye on Xiao Rui and the others! Especially after the club opens, you have to remind Xiao Rui!"

"Okay, Grandpa song!" Xia ruofei nodded.

After the two of them chatted for a while, manager Lu knocked on the door and came in.

He bowed slightly to elder song and reported, "Chief, the Liu family has replied. The meeting is scheduled for 2:30 this afternoon. Is that okay?"

Chapter 2264 Meetup (2)

Elder song looked at Xia ruofei and saw him nod his head. He said, "This time! Old Liu lives in Room 301, right? You don't need the Liu family to pick you up, you can arrange a car ... Forget it, just use my red flag car! In addition, let little Fang go with ruofei!"

Manager Lu's eyes revealed a strange look.

"Little Fang" was Colonel Fang Zhongming, who was in charge of the security of the song family's old house. He was also an elite trained by the central guard force, so it was needless to say that he was skilled.

Elder song sent Xia ruofei in his own car and even sent his "guard leader" to accompany Xia ruofei. Naturally, it was to protect Xia ruofei's safety. After all, his car was a bulletproof model specially used by the central leaders. It could even withstand the attack of small bombs. But this was only one aspect. More importantly, he wanted to show the Liu family the song family's attitude, especially elder song himself.

"I understand! I'll make the arrangements immediately!" Manager Lu replied.

Xia ruofei chatted with elder song for a while before they went to the dining room for lunch.

Most of elder song's children were working in other places. Even those who worked in the capital did not live in the old residence. As for his grandchildren, they were all in awe of this Grandpa who was a soldier and would not appear in the old residence if there was nothing. Even song Rui, who came with Xia ruofei, was hiding somewhere.

Therefore, elder song was alone at lunch with Xia ruofei and manager Lu.

Elder song's body was getting stronger by the day, so his doctor was also the most idle. He basically didn't need to take care of his medicine every day like other old Chiefs, and he didn't need to remind them of what to avoid from time to time. Elder song's doctor even allowed him to drink a small glass of wine every day. This was the scientific conclusion made after assessing the old man's physical condition.

Today, elder song raised the "limit" of the glass of wine that he had originally planned for the evening to the afternoon. Then, he asked Xia ruofei and manager Lu to pour the wine and drink with him.

In fact, elder song's health wouldn't be affected even if he drank a few more glasses. However, he would usually follow the doctor's advice. In his words, the children were doing it for their work, and he shouldn't cause extra trouble for them.

The lunch was not sumptuous, but the nutritional mix was still quite good. The taste was mainly light, which was also for the sake of a healthy diet for the elderly. However, after manager Lu knew that Xia ruofei would stay for dinner, he specially asked the cook to add one or two more salty and spicy dishes, taking care of Xia ruofei's taste.

It was rare for him to have someone to eat with him today. Furthermore, it was the young man he admired the most, Xia ruofei. Therefore, elder song was very happy.

Everyone chatted as they ate. Elder song only took a small sip each time. Basically, he just took a light sip and then put down the glass, as if he couldn't bear to finish the wine in one go.

Xia ruofei and manager Lu couldn't help but smile at the old man's childish behavior.

Elder song was very talkative. The meal lasted for more than an hour, and the small glass of wine in front of him also lasted for more than an hour. In the end, when it was almost time for Xia ruofei to leave, elder song finished the last mouthful of wine.

"Ruofei, don't think too much when you go to see old Liu." Elder song said meaningfully, "just follow your heart! No one can force you to do anything, not even the Liu and Gao families!"

"I understand, Grandpa song!" Xia ruofei nodded.

"Go!" Eccentric song smiled. I should go and sleep for a while ..."

With that, elder song walked towards the study alone. Not only was there a huge collection of books in the study, but there was also a bed in the compartment. Sometimes, when he was late reading documents, he would directly rest in the study.

Manager Lu personally accompanied Xia ruofei to the car in the front yard.

The red flag car that had picked Xia ruofei up in the morning was ready to set off. The car had just been washed and was black and shiny under the sun. There was not a single stain on it.

A man of about 34 or 35 years old, wearing a leather jacket, stood beside the car. His eyes were sharp, and his back was straight. One look and you could tell he was a professional soldier.

Manager Lu smiled and said, "ruofei, let me introduce you. This is Colonel Fang Zhongming. He's in charge of coordinating the security work next to the chief. This time, the chief has specially appointed Colonel Fang to accompany you."

Xia ruofei nodded and stepped forward. "Colonel Fang, I'll have to trouble you!"

Fang Zhongming said in a neither humble nor overbearing manner, "you're being too serious. This is my duty!" Please get in the car!"

Xia ruofei nodded and turned to manager Lu. "Manager Lu, I'll be on my way!"

Manager Lu smiled and nodded. He patted Xia ruofei's shoulder and said, "Ruofei, remember the chief's words. The song family will always be your strong backing!"

Xia ruofei's heart felt warm. He didn't say anything and got into the car after nodding.

Fang Zhongming immediately sat in the co – Pilot seat and said to the driver, "Go to Room 301!"

"Understood!" The driver responded, turned the steering wheel, and drove the heavy red flag sedan out of the Fang family's old house, heading in the direction of 301 Hospital.

At 2:25, the car arrived at 301 Hospital. Fang Zhongming didn't say a word on the way, but looked straight ahead and glanced left and right from time to time. His Eagle – like eyes showed that he was always on high alert.

In fact, there was no danger on this trip, but Fang Zhongming had already formed a professional habit.

Elder song's car had a special license plate, so he was allowed to enter at the entrance.

The driver didn't ask any more questions and drove the red flag car through the courtyard area with ease. They came to another courtyard area that was obviously much quieter and more heavily guarded.

At the gate of the courtyard, the car stopped for inspection. Fang Zhongming got out of the car, showed his id, and registered at the Sentry post. Soon, the car was allowed to enter.

The red – flag car stopped in front of a building. Xia ruofei saw a middle – aged man with a slightly balding head standing in front of the building. When he saw the red – flag car, his eyes clearly narrowed, and then he walked over to greet him.

Xia ruofei and Fang Zhongming got out of the car.

When the balding middle – aged man saw Fang Zhongming, he looked even more serious, but he soon showed a kind smile and said enthusiastically, "Colonel Fang, you've come in person!"

Fang Zhongming nodded his head and said, "Hello, chief Liu!"

Then, Fang Zhongming moved to the side and Xia ruofei appeared.

The bald, middle – aged chief Liu naturally looked at Xia ruofei. The sharp intent in his eyes did not escape Xia ruofei's eyes. Xia ruofei did not mind and continued to smile.

Chief Liu smiled and said, "this must be Mr. Xia!" Nice to meet you!"

Xia ruofei looked at Fang Zhongming.

"Mr. Xia, this is Liu Qunfeng, the head of the xxx Department," Fang Zhongming introduced.

Xia ruofei recalled that this was undoubtedly a very important Ministry. However, among the leaders, the Minister's surname did not seem to be Liu. It seemed that this Minister Liu was a Deputy.

However, even if it was a Deputy profession, it was still a very impressive figure.

It was obvious that this wretched – looking balding middle – aged man was one of the sons of the Liu family's old master.

"Good day, chief Liu," Xia ruofei said with a smile.

"Hello, hello!" Liu Qunfeng smiled and said, "Mr. Xia, thank you for your help ..."

Chapter 2265 The ambitious and ruthless past his Prime (1)

Xia ruofei said calmly, "chief Liu, you've misunderstood. I'm only here to meet elder Liu. As for other things, it's not too early to say. After all, elder Liu's condition is very serious. No one can guarantee anything."

Liu Qunfeng's expression froze. He was just being polite, but Xia ruofei refused to budge. Although he felt a little unhappy, he did not dare to show it at this time.

Even though he was a Minister, he had no power in front of Xia ruofei.

This time, elder song had used his own car and even sent the head of security to protect Xia ruofei. This was already a very obvious gesture.

To put it bluntly, no matter how powerful Liu Qunfeng was or how powerful the Liu family was, they could not do much to Xia ruofei, who was under the protection of the song family. Besides, once old man Liu passed away, the Liu family would have no time to hide their wealth. How could they have the energy to stir up more trouble?

On the contrary, Xia ruofei had the capital to do so. There was no other reason other than the fact that there was no cure for elder Liu's illness. Even the best specialist on the planet could not save his life. However, Xia ruofei might have the means to miraculously recover elder Liu.

The Liu family was quite confident in this judgment. After all, elder song's condition was not much better than elder Liu's. Even when elder song was on the verge of death, Xia ruofei pulled him back from the gates of hell. Not only that, but elder song was getting stronger and stronger. It seemed that he would have no problem living to a hundred years old.

This made the Liu family envious and jealous. They were even more enthusiastic about Xia ruofei's matter.

Liu Qunfeng's eyes flickered, and he smiled. "That's true, that's true ... In the face of such an illness, who would dare to guarantee anything? I just hope that Mr. Xia can do his best to help my father. This is also a plea as a son! I hope Mr. Xia won't take offense. "

Xia ruofei was unmoved by Liu qun's emotional card. He just smiled and said, "Chief Liu, I think I'd better meet elder Liu first! We'll talk about it after we meet!"

"Alright! My father just had an IV drip, and he's still in good spirits. " "Mr. Xia, this way please," Liu Qunfeng said.

After that, Liu Qunfeng led Xia ruofei and Fang Zhongming into the building.

The building looked very ordinary from the outside, but the sentries around the building and the tight security line at the entrance had already shown that it was not ordinary.

This building was called the "South Building" in 301 Hospital. It was dedicated to receiving important patients, and there were many retired old Chiefs who recuperated here all year round.

Before retirement, elder Liu had been at the same level as elder song, so he naturally had the highest level of medical protection.

Elder Liu's ward was located on the sixth floor of the South Building, in the northernmost suite. Other than the spacious Ward, there were also a few attached rooms. The staff and nurses could all stay in the suite so that it was convenient for them to serve the chief.

Liu Qunfeng took Xia ruofei and Fang Zhongming to the door of the ward on the sixth floor. Xia ruofei stopped and looked at Liu Qunfeng. "Chief Liu, I hope that no one will disturb my meeting with elder Liu. Is that okay?"

Liu Qunfeng hesitated, then said, "Mr. Xia, my father's condition is quite serious. There's usually a doctor on duty next to him to prevent any unexpected situations ..."

Xia ruofei rudely interrupted Liu Qunfeng and said, "With me here, there won't be any unexpected situations. If you're suspicious of even this, I think there's no need for the Liu family to invite me here."

The Liu family had invited him here to save their lives. If there was a sudden change in her condition during the conversation and Xia ruofei could not handle it, how could he overcome the illness?

The reason was simple, and Liu Qunfeng naturally understood. He pondered for a moment, then nodded and said, "I'll have everyone withdraw. "

Xia ruofei nodded.

"Mr. Xia, please wait for a moment. I'll go check on my father," Liu Qunfeng said.

Then, Liu Qunfeng nodded at Xia ruofei and Fang Zhongming, gently pushed the door open, and walked in.

After a while, Liu Qunfeng walked out of the ward with a few medical staff. He said to Xia ruofei, "Mr. Xia, please come in!"

Xia ruofei nodded slightly and looked at Fang Zhongming.

“Don’t worry, Mr. Xia,” Fang Zhongming said lightly. “I’ll keep guard at the door and not let any unrelated people get close.”

The muscles on Liu Qunfeng’s face twitched slightly. So, as elder Liu’s son, he had become an unrelated person?

Liu Qunfeng was a little upset, but his many years of experience in politics had made him calm. He acted as if he hadn’t heard anything. His expression didn’t change as he walked straight to the long chair and sat down.

Xia ruofei pushed the door open and walked in.

The ward was very heartwarming, and there was almost no disinfectant smell in the air, which was common in hospitals. The curtains were half – Open, and the afternoon sun shone on a pot of green plants on the window sill, making it look full of vitality.

On the bed, a Haggard old man was lying quietly.

The moment Xia ruofei entered the room, the old man’s gaze fell on him.

Chapter 2266 The ambitious and ruthless past his Prime (2)

Xia ruofei didn’t avoid his gaze and met it.

Xia ruofei could see that the skinny old man in the patient’s garb had a sickly sallow face. His white hair was very sparse. No matter how he looked at it, he was an ordinary old man who was beyond cure and could be blown away by a gust of wind.

However, even though he was already old, his eyes still had a sharp glint. His turbid eyes emitted a sharp light, as if he could see through people’s hearts.

Their eyes met, and a smile gradually appeared on the old man’s face. He said weakly, “Mr. Xia, please sit.”

Xia ruofei smiled and walked to the bed with steady steps. He bowed slightly and said, “Hello, elder Liu!”

Then, he sat down on the stool beside the bed and looked at Mr. Liu, who was lying on the bed.

The sharp look in elder Liu’s eyes disappeared. He sized Xia ruofei up with a smile and asked, “I heard you want to meet me alone?”

Xia ruofei said in a neither humble nor arrogant manner, “elder Liu has made great military achievements. As a former soldier, I admire elder Liu very much. It’s just that I’ve never had the chance to meet him. I’m taking this opportunity to fulfill my long – cherished wish.”

Elder Liu showed a self – deprecating smile and said, “He was once a Tiger General, but now he can’t get on a horse, can’t hold a gun, and even walking is difficult!”

Then, elder Liu looked at Xia ruofei and said, “Sometimes, I really envy old song for being able to get to know such an amazing person like you ... In fact, my children and juniors also have different opinions about my treatment. Some of them see you as a life – saving straw and insist on doing their best to

invite you to treat me;”There are also some people who think that it’s just a rumor without any scientific basis. They hope that I can go abroad for treatment so that my old bones can struggle on at death’s door for a while longer ...”

Perhaps it was because he said too much in one breath, but elder Liu’s breathing became a little rushed. He took a few deep breaths and continued,””From the moment you entered the door, I firmly believed that if there was anyone in this world who could cure my illness, it would be you!”

Xia ruofei replied indifferently,”elder Liu, you’re flattering me. I’m only slightly familiar with medicine. I’m not so arrogant as to be able to cure any illness.” There are some illnesses that even I can’t help with. ”

Elder Liu smiled noncommittally and asked,””Then am I a fated person?”

What was interesting was that he did not ask if his illness was considered “undying disease”, but directly asked if he was “fated person”. It was obvious that he had already decided that as long as Xia ruofei was willing to help, he would not die.

And whether Xia ruofei was willing to treat him would naturally depend on whether he was ‘fated’.

Xia ruofei revealed a thoughtful expression.

Elder Liu took it all in, but he was not in a hurry to get an answer. Instead, he said casually,””Old song and I can be considered old comrades. We’re about the same age, but he joined the Army earlier than me ... That year, when we attacked Pingchuan County, my regimental unit was responsible for covering the flanks, while old song and old Gao’s regimental unit was the main attack unit. The three of us once served in the same company. After the battle ended, I only found out that old song was shot here ...”

Elder Liu pointed to his chest and continued,””And it was a large – caliber machine gun bullet. It even formed a penetrating wound and he went into shock on the spot. It was old Gao who carried him down. Everyone thought he wouldn’t survive, but when they went to the field hospital for a check, they found that his major internal organs were not injured. Of course, even so, his situation was still very dangerous because such a big wound could easily get infected, and he had lost a lot of blood from the front line. Therefore ... After the operation, he was in a coma for a full six days before his life was finally saved. Do you think ... This old man’s life is tough enough?”

Xia ruofei was enjoying the story. He had heard elder song mention it before, but he had not gone into such detail.

Xia ruofei nodded and said,”Grandpa song is quite lucky.”

Elder Liu’s eyes lit up when he heard Xia ruofei address him as ‘Grandpa song’. He then smiled and said,””After recuperating for a few months, this old fellow actually recovered and was able to jump around energetically. This battle also allowed him to earn a first – Class merit, and not long after, he was transferred to our group. “Later on, he became the Chief of Staff and I became the Deputy regimental commander. From then on, the two of us were constantly competing ...”

Xia ruofei listened quietly and did not disturb the old man’s reminiscence.

Elder Liu continued, "after that, he became the regiment commander while I lost the competition and went to be the political commissar of another Regiment ... In the decades that followed, we often crossed paths in our work. It could be said that we had been fighting for most of our lives! I didn't expect that this old man would still be alive and well, while I ... Am beyond cure ..."

At this point, elder Liu couldn't help but sigh. Seeing that Xia ruofei didn't say anything, he suddenly asked, "Xiao Xia, do you know what old song's biggest problem is?"

"What?" Xia ruofei asked subconsciously.

"He's too upright!" Mr. Liu said with a smile.

"Chief, I don't think that's a problem," Xia ruofei said with a smile.

"It's easy to break if it's just over!" Elder Liu said, "elder song has always been like this. He can't tolerate any mishaps! Otherwise, with his ability, he might be able to reach even higher heights! It was also because of his bad temper that he had made many enemies in his life. House song is like the sun in the sky now, but there are a lot of forces watching them. If old song falls, house song will be in a much more difficult situation than house Liu without me!"

"Elder Liu, what you've just said doesn't seem to have anything to do with me ..." Xia ruofei asked.

"How can it not be related?" Old Liu laughed and said, "I heard from Qunfeng that this old man even sent himself in the car and his head of security to personally send you here. What was he trying to do? Are you trying to show off to me?"

"You're mistaken." Xia ruofei said, "Grandpa song is just more concerned about me ..."

Elder Liu waved his hand and said, "little Xia, I know this old man too well. I know how many worms he has in his stomach." However, it was no wonder that he was so proud. I heard that this guy was getting younger and younger as he lived, while I was lying in bed waiting for death. So in the battle between us, he won in the end. The longer he lives, the greater victory!"

Elder Liu shook his head with a self – deprecating smile.

He continued, "little Xia, old song's care for you is already on the surface. I'm sure all the big and small families and forces in Beijing are aware of this." In the eyes of outsiders, you, old song, and the entire song family are one. In that case, the enemies of the song family ... I'm afraid they also ..."

Xia ruofei smiled and said, "Elder Liu, I've always been an upright and honest person, doing business in an honest and upright manner, and never getting involved in these family disputes."

"We can't help ourselves in the martial world!" Elder Liu said meaningfully, "it's not that you don't do a lot of things, and trouble won't come to you ..."

Speaking of this, a smile appeared on elder Liu's face as he said, "That's all I have to say. You can slowly experience it when you go back. I also have a suggestion ... House Liu's gratitude towards our Savior is no less than house song's. As long as you're willing to treat me, house Liu will also be your strong support. I'm sure no force will dare to act rashly against you when that time comes ..."

Xia ruofei had already guessed elder Liu's intention, so he was not surprised. He smiled and said, "Elder Liu, Grandpa Song's concern for me is not out of selfishness or an exchange of interests. Moreover, I've said it before ... I don't need the protection of any power, so ... Your proposal doesn't appeal to me at all. "

Chapter 2267 All means exhausted (1)

After he finished speaking, Xia ruofei smiled and met elder Liu's sharp gaze. His expression was calm as usual and he did not feel any restraint or uneasiness from the old man's shocking aura.

Actually, Xia ruofei had another unspoken meaning that he did not say.

In a sense, the Liu family was also the Song family's enemy. According to old man Liu's theory, the Liu family should also be hostile to Xia ruofei. If she saved old man Liu, wouldn't that strengthen the enemy by a large margin? Why? Just based on the old man's empty words? He was not a fool.

The sharp glint in old man Liu's eyes quickly disappeared, and a faint smile appeared on his face.

Obviously, he was not so naïve as to think that he could convince Xia ruofei so easily. However, he also knew that since Xia ruofei was willing to meet him today, it meant that there was still room for negotiation. Otherwise, Xia ruofei would not have made such an unnecessary move.

Old master Liu looked at Xia ruofei and said, "Little Xia, I heard that Haofan suffered a loss on your side?"

Xia ruofei raised his eyebrows and said, "Elder Liu, I don't think I've suffered a loss." It was normal business behavior. After your grandson bought that piece of land, he wasn't very optimistic about the development prospects of the land, so he transferred it to us at a low price. This should be a very normal operation in the real estate industry!"

A smile appeared in old man Liu's eyes as he said, "Is it really that simple? That piece of land is haunted for no reason. Don't you know what's going on?"

Xia ruofei shrugged innocently and said, "I really don't know. How would I know such metaphysical things? However, he heard that brother Yong Jun did invite a famous Fengshui master in Hong Kong to help decorate it. Maybe he had a higher level of Feng Shui! I guess your grandson didn't find the right person?"

Old Liu was speechless. With the Liu family's intelligence network, how could they not find out whether the Feng Shui Master of Hong Kong, Xu Lang, had played a role in this matter?

However, old man Liu obviously didn't want to be entangled in this matter. He waved his hand and said, "It doesn't matter, it's just a piece of land! Haofan had always been arrogant, and he could temper his mind by hitting walls! Speaking of which, I really have to thank you!"

"Elder Liu, you're being too polite. I can't afford to be thanked. After all, I don't do anything." Xia ruofei's answer was flawless.

At that moment, elder Liu suddenly asked, "Xiao Xia, something happened to our Haojun at the three mountains. It has something to do with you, right?"

After old man Liu finished speaking, he fixed his eyes on Xia ruofei, trying to find some clues from the subtle changes in Xia ruofei's expression.

In fact, Liu haojun's incident had blown up so much that the Liu family had naturally done their best to investigate it. Xia ruofei's arrangements had been too meticulous, so the Liu family had not found any useful clues. It could be said that this matter was a headless case.

However, some people in the Liu family had analyzed that Xia ruofei was probably involved in this. Of course, this judgment was based on motive. After all, the relationship between Xia ruofei, Wu Liqian, and Liu haojun and some of the things that happened could not be hidden from the Liu family.

After that incident, Wu Liqian was undoubtedly the one who gained the most.

Therefore, old man Liu wanted to use this opportunity to launch a surprise attack. If Xia ruofei's heart was not firm, he would be exposed.

With the short interaction between Xia ruofei and old man Liu, he actually did not have much hope. After all, Xia ruofei's previous response was too strict. He did not look like a young man in his twenties at all. In old man Liu's opinion, he was probably as steady as his son, Liu Qunfeng, and the others.

However, what old master Liu did not expect was that Xia ruofei did not deny it. Instead, he smiled meaningfully and asked, "But you don't have any evidence, do you?"

Old man Liu was stunned. His eyes were sharp as he stared into Xia ruofei's eyes. Xia ruofei didn't back off and looked back at old man Liu calmly.

"So, you admit it?" old man Liu said indifferently.

Xia ruofei shrugged and said, "elder Liu, you must have heard wrong." What did I admit? I'm just saying that what you said just now is pure speculation, and there's no evidence at all, right?"

"Is there a difference?" Old master Liu's voice became a little gloomy. "Xiao Xia, to be honest, I admire your courage. You dare to admit this in front of me ... Do you know that haojun is the third generation of the Liu family? His political life has almost come to an end in this incident!"

Xia ruofei smiled faintly and said, "I've read about Liu haojun's situation on the internet. I just want to say: One could do evil by the heavens, but one could not live for one's own sins! Such a good – for – nothing child, even if he is forcefully pushed to a high position, won't he still become a time bomb in your family in the future? If it were to detonate at that time, I'm afraid the damage would be much greater!"

The corners of old master Liu's mouth curved up slightly. He looked into Xia ruofei's eyes and asked, "Little Xia, do you think that there's only the two of us here and you won't leave any evidence behind no matter what you say? Don't you think that the Liu family is a little too simple?"

Chapter 2268 All means exhausted (2)

The smile on Xia ruofei's face became even more radiant. He asked with a smile, "Old Liu, are you talking about the two hidden cameras at my five and seven o'clock? Oh right, there's also a recording device half a meter to the right of your bed. If that's all there is to it, then your Liu family really wouldn't be that complicated!"

Old man Liu was finally moved.

After Receiving Manager Lu's call in the morning, the Liu family had arranged for the top intelligence experts to make some arrangements in the ward.

Xia ruofei had made it clear that he wanted to meet with elder Liu alone. However, due to various considerations, the Liu family decided to record the entire meeting.

This was what old man Liu had requested. He had wanted to make an issue out of Liu haojun's incident. Once Xia ruofei admitted to it, the recording would naturally become evidence.

By then, not only would it be legally reasonable for the Liu family to deal with Xia ruofei, but they could also openly hand the matter over to the public security organization to deal with. After all, Xia ruofei had ordered the Veterans to fully monitor Liu haojun and even enter his house to set up a recording device. All of these were obviously illegal.

What old master Liu did not expect was that Xia ruofei, who had always been flawless, did not even hesitate when Liu haojun asked the question and admitted it directly.

What shocked elder Liu even more was that Xia ruofei knew everything about the gadgets that were installed in the ward. He even knew their exact location and functions.

These were all temporary arrangements, and after the arrangement, the intelligence expert stayed in an empty Ward not far away to operate the signal receiving equipment. During this time, there was no way to contact the outside world, so the possibility of the news leaking from the Liu family was very low.

The only possibility was that Xia ruofei had found the recording equipment after entering the ward.

However, Xia ruofei had not looked around since he entered the room. He had even sat on the stool by the bed and could not see what was happening behind him.

However, he was able to pinpoint the location of the camera so accurately.

This caught old man Liu off guard.

He also knew that since Xia ruofei dared to say those words, it meant that Xia ruofei had absolute confidence that the recording equipment would not work.

This method was a little magical ...

In fact, old master Liu didn't know that it was too easy for Xia ruofei.

When he entered the room, he used his mental power to perform a comprehensive examination of the entire Ward. After all, the Liu family had a faint hostility towards him, so he couldn't let his guard down.

After finding out about the existence of the cameras and recording devices, Xia ruofei did not show it. Instead, he continued to deal with old man Liu.

The only thing he did was to set up a sound – proof barrier to keep both him and old man Liu within the boundary.

In this way, the recording device at the head of the bed naturally couldn't record any sound, and the camera behind him couldn't capture his front face, so the possibility of lip – reading and the like was non – existent. As for capturing his back, it was useless.

Not only that, the soundproof barrier could completely isolate the sound from the outside world. Even if someone in the next room used special equipment to record against the wall, they would not be able to collect any sound.

The Liu family wanted to leave some evidence through this meeting, but it was destined to be useless.

Hence, Xia ruofei was a little mischievous. When old man Liu brought up Liu haojun's question, he did not deny it as he did before. Instead, he admitted it in disguise.

As long as he did not leave any evidence, Xia ruofei was not worried that the Liu family would find out that he was the one who had planned this. There were only two possible outcomes for ran ran to come here today. First, if he let go of this matter, then old man Liu would not have much time left. The Liu family, who had lost their pillar, would not be able to deal with him. Second, if he was involved in the treatment, everything would go according to his plan. By then, the Liu family would no longer be a threat to him, and old man Liu would definitely not risk his life for Liu haojun.

Hence, although Xia ruofei seemed to have admitted to the matter easily, he had actually rehearsed it in his mind countless times before he came. He had already predicted all of elder Liu's possible reactions.

Old man Liu was stunned for a long time before he finally revealed a bitter smile. "The future generations are formidable! The future generations are to be feared!"

"Elder Liu, you're too kind. I'm just a little more cautious." Xia ruofei said with a smile.

Old man Liu sighed and said with a trace of fatigue on his face, "Little Xia, it seems that I've really underestimated you ... Since you've already said this, there's no point in hiding it anymore. Why don't you open your mouth and tell me! What are your conditions?"

Old master Liu knew that since Xia ruofei was willing to meet him, it meant that there was still room for negotiation. Besides, Xia ruofei would definitely have his own conditions. It was just a bargain.

Since he had tried all the methods and they were still ineffective, he might as well use them to negotiate the price.

Xia ruofei finally smiled. To be honest, he had a good impression of this old man who had once contributed a lot to the country after meeting him. Although he had used some words and tricks today, as expected, he was not as dark and vicious as the portrait he had in his mind before he came.

On the contrary, perhaps because he was about to reach the end of his life, the old man gave him a feeling of freedom. Even if he was not as righteous as elder song, he was at least able to let go of things.

Xia ruofei smiled. "Mr. Liu, it's not a condition. After all, your condition is rather complicated. I don't even know if I can treat you ..."

Old Liu waved his hand and said, "there's no need to talk about this. If you can't cure it, then no one else can. So the result is the same for me. Tell me your conditions!"

“Chief, you’re so straightforward!” Xia ruofei gave him a thumbs up and said, “I can try to treat you, but I’ve studied your condition before I came. It’s unlikely that you’ll recover in a short time. Even if I can control your condition through Traditional Chinese Medicine, I’m afraid you’ll need to take medicine for a long time ...”

Old master Liu’s eyes narrowed. He had already thought of this. No matter if Xia ruofei was confident or not, he would not be able to cure him easily. This was the only way for the Liu family to be held back and for Xia ruofei to be invincible.

Therefore, it did not matter whether Xia ruofei was telling the truth or not.

Old man Liu naturally wouldn’t be bothered by this. He smiled and said, “It’s better to live than die a good death. It’s always good to see more of this world ...” He said.

“It’s good that you’re mentally prepared.” Xia ruofei said with a smile.

“Little Xia, I’m afraid the consultation fee won’t be too cheap if you treat me, right?” Old man Liu asked indifferently.

“The Liu family has a pharmaceutical factory in the East China region ...” Xia ruofei smiled.

Before he could finish, old man Liu said directly, “No problem. Within three days, the factory will be transferred to the Paradise Corporation!”

Xia ruofei had expected that old master Liu would agree, but he did not expect him to agree so readily.

The scale of the Liu family’s pharmaceutical factory was not something that paradise pharmaceutical factory could compare to. To be more precise, it was a Pharmaceutical Group with many branches in several provinces in East China.

Each branch factory was several times the size of the Paradise pharmaceutical factory. Including the expensive imported equipment in the pharmaceutical factory and the value of the land, the overall value of this Pharmaceutical Group was probably higher than the current paradise Corporation.

Before Xia ruofei went to see elder song, he had analyzed the Liu family’s situation. He was determined to get the Liu family’s pharmaceutical factory. Once he got the factory, he could immediately switch to producing heart – nourishing soup and jaded skin ointment with a little modification.

And by then, the production of these two products, which were in short supply, would increase by at least ten times!

“Xiao Xia, just state your conditions in one go!” Old man Liu said indifferently. We don’t need to waste too much time on these trivial things ...”

Chapter 2269 Reaching a consensus (1)

A Pharmaceutical Group with a scale of at least a billion Yuan was only a minor problem in old man Liu’s eyes.

In fact, anything that involved money was not a problem at all in the eyes of old man Liu, not to mention that the pharmaceutical Group was not the most important in the Liu family’s business. Although it

could produce considerable benefits every year, it was not the main direction of the Liu family's business.

Although it was a bit painful to give up directly, it was not a serious injury.

As long as he could keep his life, he wouldn't even frown if he had to cut off a part of the Liu family's main business, let alone a Pharmaceutical Group.

What he was more concerned about was not these economic matters.

Xia ruofei thought for a while and said tentatively, "Elder Liu, you and Grandpa Song are old comrades and have known each other for so many years. Before coming here, Grandpa Song has been trying to persuade me to treat you as much as I can ..."

Elder Liu laughed and waved his hand. "Xiao Xia, I know that old man Song too well. He would never say such things. Don't try to play tricks in front of me!"

Xia ruofei could not help but feel a little awkward.

What was the saying again? Perhaps your enemy is the one who understands you the most.

Although it wasn't appropriate to describe elder Song and elder Liu as enemies, it could also explain the relationship between elder Liu and elder Song.

Xia ruofei said, "Elder Liu, Grandpa Song respects my opinion, so he doesn't want to affect my decision." However, he did say that if something were to happen to you this time, his heart would be empty and he would feel very upset!"

"That sounds more like something old Song would say!" Mr. Liu laughed and then looked into Xia ruofei's eyes. "Xia, I know what you're thinking ... But that's impossible!"

Xia ruofei frowned and asked, "why?" Elder Liu, both your families have great influence. If the two of you join forces, it'll be a strong Alliance. I think it'll be good for both of you!"

Although Xia ruofei did not say it out loud, old master Liu had already guessed that Xia ruofei hoped that the Liu family would turn from enemies to friends with the Song family.

Of course, old man Liu rejected it without thinking.

After hearing Xia ruofei's words, old man Liu smiled bitterly and said, "Xiao Xia, there are complicated reasons behind this. It's not something that can be explained in a few words ..."

"Then, make it short!" Xia ruofei said, "with me here, your body will be fine. We have a lot of time."

With that, Xia ruofei walked up and gently massaged several acupuncture points on old man Liu's body. At the same time, he inserted a small amount of true Qi to stimulate these acupuncture points.

Old man Liu immediately felt a warm current flowing through his meridians. His body, which had been extremely weak from the torture of the illness, seemed to have become much lighter all of a sudden. He felt that his body was full of strength.

Even though old man Liu had experienced many storms and waves, he still couldn't help but lose his composure at this moment, the shock on his face not dissipating for a long time.

After a long while, old man Liu muttered, ""This ... This is the real hand of rejuvenation! Little Xia, I'm getting more and more confident in your treatment methods now ..."

Xia ruofei did not use any needles or medicine just now. He only used his bare hands to massage the acupuncture points, and yet it was so effective. This opened elder Liu's eyes and gave him a strong hope of survival.

Xia ruofei smiled and said, "this is just a small trick. It can only treat the symptoms but not the root of the problem ... By pressing and stimulating specific acupuncture points appropriately, it can stimulate your body's potential and make you feel better than before. However, that's the only effect. It can't help your condition much!"

"This is already amazing!" Old man Liu sighed. "Ever since I found out about this disease, I've never felt so full of energy like I am now ..."

Xia ruofei smiled and said, "elder Liu, please satisfy my curiosity first." Just now, you said that it was impossible for the Liu and song families to form an alliance. What are your concerns?"

After old man Liu's spirit had recovered, his mood seemed to have improved as well. He said, ""Xiao Xia, politics is really too complicated. There's no standard of black and white. You know, our two families have been fighting for so many years. Although there is no blood feud between us, the grudges between us are countless. Old song and I can meet and smile, but what about our children? What about his grandchildren? "There are also large family members, as well as forces and allies that are close to our family ... These people are not on the same side as the song family, especially our allies. They basically have some grudges with the song family. If the Liu and song families form an alliance, where will our allies stand? This isn't child's play ..."

Xia ruofei nodded. Although he didn't know much about the big families, he was inspired by old man Liu's words. He knew that he had been too naive.

Old man Liu smiled and continued, ""There is a more important reason."

"Oh? What's the reason?" Xia ruofei asked curiously.

Chapter 2270 Reaching a consensus (2)

"You just said that our Liu family and the song family both have great influence." Old master Liu said, "right now, our two families are not convinced by each other. It's relatively safe to fight with each other. Have you ever thought that if the Liu family and the song family really formed an alliance, the influence of this Alliance would be too terrifying? He might even be above the country! Do you think that such an Alliance can survive?"

At this point, old master Liu revealed a meaningful smile and looked at Xia ruofei.

Xia ruofei's heart trembled when he heard this. Old master Liu's words were on point. The reasons mentioned before were probably not the main reason. This was the only point that was truly critical.

Xia ruofei nodded silently. He had indeed agreed with elder Liu's words.

However, he did not know what to say. Before he came here, he had already thought about what he wanted. One of the most important things was to facilitate the Alliance between the Liu and song families. Now it seemed that this was really difficult to achieve. Or rather, he had thought of things too simply.

Thinking of this, Xia ruofei could not help but smile bitterly.

“Xiao Xia, I definitely can’t do what you’ve just said,” said Grandpa Liu. “If there’s no way to turn this around, then I can only lie here and wait for my death ...”

Old man Liu was dead set on his words. He would rather die than let his family be in extreme danger.

Forming an alliance with the song family was a huge gamble for the Liu family. Obviously, old master Liu was not willing to bet on his family because he already knew that there was a high chance that he would lose the bet if what Xia ruofei had said was true.

“If that’s the case, then just pretend I didn’t say anything!” Xia ruofei nodded.

Old man Liu nodded with a smile and said, “Little Xia, we definitely can’t form an alliance. The most I can promise you is that from now on, as long as the song family doesn’t provoke us, the Liu family won’t deliberately fight against the song family. In addition, house Liu will remain neutral in any conflict between house song and the other forces!”

Xia ruofei nodded and said, “sure!” Then it’s a deal!”

It was impossible to write a contract for this kind of thing, because it had no legal effect at all. Even if there was a contract, it would not have any binding effect. Hence, Xia ruofei could only choose to believe that old man Liu would not go back on his word.

Of course, more importantly, Xia ruofei had the means to counter – attack at any time, so he was not afraid of the Liu family going back on their words.

Old man Liu smiled and said, “Tell me your other conditions!”

Xia ruofei shrugged. “No, that’s all!” He said.

“No more?” “Is it really that simple?” elder Liu asked in surprise.

Xia ruofei spread his hands and said, “in fact, I didn’t take a single cent when I treated Grandpa song.” This is equivalent to paying more than a billion in consultation fees at once. Isn’t that high enough?”

If Xia ruofei didn’t want to avoid trouble, he might not even consider coming to see elder Liu and reject him directly. In his mind, elder Liu and elder song’s status were completely different, which was why he accepted a complete Pharmaceutical Group as the consultation fee.

Old man Liu laughed and said, “What’s a few billion? If it wasn’t for you, even if I were to throw out 10 billion or 100 billion, I wouldn’t be able to save my life! Old song was really lucky! You didn’t die from that kind of injury back then, and now I’m old enough to meet such a strange person like you ...”

Xia ruofei smiled. “You’re overpraising me. I’m not an extraordinary person.”

Then, Xia ruofei stood up and said, "Alright then! Elder Liu, I'm very happy to have met you today, so I'll take my leave first. I'll come to treat you in a few days as promised."

Seeing that Xia ruofei was about to leave, old master Liu could not help but say, "Xia, can you ... Give me some medicine first? This illness was really painful! I feel like I'm being bitten by ants, and there's not a single part of my internal organs that doesn't hurt ..."

When he recalled that feeling, old man Liu couldn't help but shiver. It was so painful that even a veteran like him who had survived through blood and fire on the battlefield couldn't help but cry out in pain. He could only rely on painkillers to ensure that he had a certain amount of sleep.

Xia ruofei smiled and said, "a few days shouldn't be a problem!" "Besides, I'll be in Beijing for the next few days. If your condition really worsens, you can just call me directly. I'll be there as soon as possible ..."

Old master Liu knew that Xia ruofei would not make a move before he saw the real money. After all, the cooperation between the Liu family and Xia ruofei was more like a business deal. Since it was a business deal, there was no need to send the goods out before the money was paid.

Even so, he still couldn't help but ask, "Then ... Then, can you do a few more of those muscle relaxing massage you just did? I feel much better after the massage ..."

Xia ruofei smiled and said, "sure!" Just take it as a gift!"

With that, Xia ruofei smiled and walked in front of elder Liu. He reached out and accurately found a few acupuncture points. As he pressed them gently, he sent a small wisp of true Qi into them ...

A few minutes later, Xia ruofei pushed open the door of the ward and walked out. He nodded slightly at Fang Zhongming who was at the door.

Liu Qunfeng, who was sitting on a bench next to him, immediately stood up and walked over.

Xia ruofei smiled at Liu Qunfeng and said, "Chief Liu, I'll take my leave now!"

Liu Qunfeng was stunned. He couldn't tell what Xia ruofei and his father had talked about in the ward or if they had reached a consensus.

In this moment of shock, Xia ruofei had already turned to Fang Zhongming and walked towards the elevator.

"Xia ..." Liu Qunfeng subconsciously called out.

"The peaks!" "Come in for a moment!" Elder Liu's voice came from the ward.

"Alright!" Liu Qunfeng quickly replied.

He looked at Xia ruofei's back again, then walked into the ward with a stomach full of questions.

"Dad, did he agree to it?" Liu Qunfeng asked as soon as he entered the room.

Old man Liu didn't give a direct answer. Instead, he said indifferently, "Go to that room first and see if the equipment they installed in the morning recorded anything."

Even though Liu Qunfeng was full of doubts, he didn't dare to ask his father. He could only nod helplessly and leave the ward.

After a while, Liu Qunfeng returned to the ward with a strange look on his face.

Old man Liu saw his son's expression and had a guess. He asked indifferently, "Did you not record anything?"

Liu Qunfeng furrowed his brows and said, "It's not that there's nothing, it's just that ... There's no sound, and ... The images captured by the two cameras are very blurry, as if the light was distorted. I can't even see the shape of your mouth in the images at all. That Xia brat's back is facing the camera, so I can only see a blurry back ..."

In fact, this was the effect of the array. Xia ruofei did not deliberately take more precautions, but the recording device arranged by the Liu family was blind and deaf.

Actually, elder Liu had already expected this, so he only nodded slightly.

Liu Qunfeng mumbled to himself, "this is too strange ... I tested it a few times this morning, and it's all fine!" And ... I've checked. Before that kid Xia came in, the sound and image were normal, but after he sat down here, the image became blurry. From the beginning to the end, there were some environmental sounds recorded, but there was no sound of the two of you talking. "

Xia ruofei did not do anything to the recording device. He only set up a soundproof barrier around the small area where he and old man Liu were. Hence, the recording device could still record sounds like birds chirping outside the window, but it could not record their conversation.

Liu Qunfeng couldn't understand it at all, unless Xia ruofei and elder Liu had sat there staring at each other for nearly half an hour without saying a word.

But this was too ridiculous! Even Liu Qunfeng found it unbelievable.

"Qunfeng, don't worry about these small things ..." Old man Liu said indifferently. "Go and call all the core family members in the capital over. I have something to say!"
