Chapter 241: Chief Xiao makes his move (1)

The person Xia ruofei thought of was Tian Huilan's Secretary, Xiao Mei. After Wu Liqian was transferred to the deputy head of Changping County, Xiao Mei, who used to work in the first Secretary Department of the general office of the Sanshan Municipal Party Committee, took over her position and became Tian Huilan's full – time Secretary. After Xiao Mei took office, Tian Huilan specifically asked Xiao Mei to take the initiative to give Xia ruofei her contact information so that Xia ruofei could find her at any time if he needed help. Xiao Mei picked up the phone after two rings and said, "Hello, Mr. Xia!" Compared to Wu Liqian's relaxed and casual attitude when she was with Xia ruofei, Xiao Mei's attitude was more respectful. She even used the honorific "you". This was because Xiao Mei knew that Xia ruofei not only held a high position in Tian Huilan's heart, but he also had a deep relationship with the former core leader, elder song. The last time they went to Hongzhou, Xiao Mei had accompanied Tian Huilan and had personally witnessed Xia ruofei's amazing performance. Therefore, even though Xia ruofei was very young, Xiao Mei did not dare to neglect him. "Hello, chief Xiao!" Xia ruofei smiled and said, "I have something to trouble you with today." After Xiao Mei became Tian Huilan's Secretary, she was also appointed as the Deputy Director of the Secretary Department. Of course, the general office of the three mountains Municipal Party Committee was a Deputy – Level structure, so Xiao Mei's Deputy Director was actually only at the level of a Section Chief. "Mr. Xia, please go ahead." Xiao Mei quickly said. "It's like this. Isn't the general office of the municipal Party Committee recently re – bidding for designated reception units? My friend's hotel is also competing for it." Xia ruofei went straight to the point. "Her hotel was newly built in the second half of last year. It's almost a five – Star hotel and the hardware is definitely up to standard. However, it was rejected in the first round and was not shortlisted for the final bid. That's why I'd like to ask director Xiao to help me understand the situation. Is there any misunderstanding?" "No problem, I'll go and ask immediately," Xiao Mei immediately replied. Mr. Xia, what's the name of your friend's hotel?" "Lingyun hotel is a subsidiary of the lingji food and beverage group." Xia ruofei said. Xiao Mei quickly wrote down the name of the hotel Xia ruofei mentioned on a piece of paper and said, "Alright, Mr. Xia. I'll call and ask now. I'll report to you later." "I don't deserve a report!" Xia ruofei smiled and said, "sorry to trouble you, chief Xiao." "You're too polite." Xiao Mei said. After hanging up, Xia ruofei saw that Ling Qingxue had brought the dishes over. He walked over and said with a smile, "Let's eat, let's eat!" Ling Qingxue glanced at Xia ruofei and teased, "Finished your call? Did you find a state or a Minister?" "You don't have to worry about that ..." Xia ruofei chuckled. "Anyway, I'll definitely help you with this." "Yo, yo, yo ... You're quite bold!" Ling Qingxue smiled and said, "don't blow your own trumpet when the time comes!" "Just wait and see!" Xia ruofei said confidently. The two of them sat down and started eating. On the municipal Party committee's side, Xiao Mei finished Xia ruofei's call. After thinking for a while, she immediately picked up the phone on the desk and called Wang Xiao from the general office of the municipal Party Committee. Wang Xiao and Xiao Mei were admitted into the general office of the municipal Party Committee at the same time. One was in the Secretariat, and the other was in the general office. They had a good personal relationship. After Xiao Mei was chosen as Tian Huilan's Secretary, she was promoted to the Deputy Director of the first Secretary Department. Her rank was up to the main section, while Wang Xiao was still the Deputy Director, a Deputy section level. Therefore, when Wang Xiao received Xiao Mei's phone call, his attitude was much more enthusiastic than usual, and he even had a little more flattery. "Secretary Xiao, how are you?" Wang Xiao asked, "I wonder what instructions the leader has for me?" Xiao Mei smiled and said, "I

wouldn't dare to call it an order. I have something I want to ask you about. The bidding of the municipal Party committee's designated reception unit was handled by your General Administration, right?"

"Yeah!" Wang Xiao immediately replied. The shortlisted list for the primary selection is basically finalized, and the bidding will be held soon. I've been busy with this recently! Secretary Xiao, is there any hotel that needs my special attention?" They were all people in the system, so they naturally knew what was going on. In this day and age, people with connections would greet each other through various channels. Xiao Mei was now a popular person in the general office of the municipal Party Committee. If she spoke, Wang Xiao would definitely be happy to make friends. Xiao Mei pondered for a moment and said, "Wang Xiao, it's like this. I have a friend who owns a hotel that is more than a four – Star hotel. The facilities are also relatively new. However, it was eliminated in the preliminaries without any warning. Can you help me understand the situation and see what happened?" "No problem, Secretary Xiao," Wang Xiao said readily. "Tell me the name of the hotel and I'll get it done!" Wang Xiao was also criticizing in his heart, 'is there a need to say this? They must have been squeezed out by other hotels with powerful backgrounds! Why didn't he use his strong relationship with Secretary Xiao earlier? He only remembered it after he was eliminated ...

"Thank you! Wang Xiao." Xiao Mei smiled and said, "that hotel is called Lingyun hotel. I'll be troubling you then!" Wang Xiao was still smiling at first, but when he heard the words "Lingyun hotel", he couldn't help but freeze and let out an "ah" subconsciously. Xiao Mei frowned and asked, "what's wrong?" Wang Xiao, are you in any trouble?" "Chief Xiao, I really can't help you with this ..." Wang Xiao said with a bitter smile. "I see ..." Xiao Mei said thoughtfully. "It's okay, just point me in the right direction ..." Xiao Mei wasn't a newbie who had just started work. She knew that the higher – ups must have informed them about this. Wang Xiao, who was only in charge of the specific tasks, naturally couldn't help. As expected, Wang Xiao lowered his voice and said, "Chief Xiao, Secretary Lin personally asked about this ..." I understand. Thank you, Wang Xiao!" Xiao Mei said.

"Please don't say that," Wang Xiao quickly said. "I didn't help you. I'm sorry!" "The information you provided me with is very important. I'm already very grateful." Xiao Mei smiled and said, "I'll treat you to a meal some other day!" "Alright! Then I won't be polite!" Wang Xiao let out a sigh of relief and smiled. After hanging up the phone, Xiao Mei sat down and thought for a while. She then stood up, pushed the door open, and walked toward the office of the municipal Deputy Secretary General, Lin Wanshui. Lin Wanshui was the head of the general office, so Xiao Mei naturally couldn't call him to talk about this matter. This was the most basic courtesy in the system. Of course, Xiao Mei could also choose to report directly to Tian Huilan. Not to mention the preliminary list, even directly deciding on a final spot was just a matter of a few words to Tian Huilan. However, this matter was too small. If she troubled the leader for everything, it would inevitably leave the impression that she was incompetent. Xiao Mei felt that this matter was still within her ability to coordinate, so she decided to go and find Lin Wanshui herself. Soon, she arrived at the door of Lin Wanshui's office. Xiao Mei tidied up her appearance, then raised her hand and knocked on the door ...

Chapter 242: Deputy Secretary Lin (1)

Du du du! "Please enter!" Lin Wanshui's dignified voice came from the office. Xiao Mei pushed the door open and saw Lin Wanshui writing something. When he looked up and saw that it was Xiao Mei, he immediately put down his pen, stood up, and said with great enthusiasm, "Little Xiao! Come, come, come, please sit!" Xiao Mei was now a popular person in the office. Being the Secretary of the top leader was a very important and special position. Lin Wanshui was the leader of the office and was Xiao Mei's superior in name, but he didn't manage the Secretary. Moreover, Xiao Mei's real direct leader was Tian

Huilan, so Lin Wanshui didn't put on any airs. The Deputy Secretary General, who was usually known for being strict, immediately became a generous elder in front of Xiao Mei. Xiao Mei hadn't been Tian Huilan's Secretary for a long time, so she didn't have Wu Liqian's aura, so she was a little reserved. "Thank you, Secretary General," she said. Lin Wanshui personally poured a glass of water for Xiao Mei. Xiao Mei quickly got up and took it with both hands, thanking him again and again. Lin Wanshui sat down on the sofa next to Xiao Mei and asked, "Little Xiao, what's the matter? Does Secretary Tian have any new instructions?" "No, no..." Xiao Mei said, "Secretary Lin, I have something to report to you." "Oh? Go on." Lin Wanshui said in a friendly manner. "Secretary General, it's about the designated reception unit of the municipal Party Committee ..." Xiao Mei said carefully, "I have a good friend whose hotel is very good in all aspects, but he didn't pass the first round of preliminaries, so he asked me to find out more about it." "Oh, really? What's the name of the hotel?" Lin Wanshui said, "logically speaking, the possibility of this is very small. We all have clear standards! We also Welcome Hotels that meet the requirements to compete, so we can get more favorable conditions!" "Secretary General, there must be some misunderstanding! That hotel is called Lingyun hotel ..." Xiao Mei said. Lin Wanshui's expression didn't change at all and he still had a kind smile on his face, but he felt a little gloomy. However, this kind of cunning official was able to hide his emotions very well and didn't show it. Lin Wanshui nodded and said without changing his expression, "Alright, little Xiao, I understand. However, I don't know the specific situation. You know that I'm busy all day, and I can't ask about everything, right? How about this! I'll go and check it out immediately. If the situation is true, I'll add this hotel in!" "Okay, thank you, Secretary Lin!" Xiao Mei said with a hint of joy. Speaking of which, Xiao Mei was still too young, not as old as Wu Liqian. She had only been the leader's Secretary for a short period of time. When she first entered the office, she didn't know how to use Tian Huilan's influence. Instead, she took the initiative to say that it was her personal matter. In fact, she could be completely ambiguous. Even if someone mentioned it later, she wouldn't be considered to be working under the leader's banner. In addition, her observation skills were not as good as Wang Xiao 'S. Wang Xiao had clearly said that Lin Wanshui was personally involved in this matter, but Lin Wanshui said that he did not know the details. Although Xiao Mei noticed it, she took it for granted that Lin Wanshui was only concerned about her face as a leader. Xiao Mei's judgment was that Lin Wanshui had asked the staff to kick out Lingyun hotel, which had no background, in order to shortlist another hotel. Now that he had come over to say hello, Lin Wanshui definitely couldn't slap his own face, so he said that he didn't know the situation and then corrected the mistake. This way, it wouldn't hurt his face. And the one who would be eliminated would be another hotel without any background, and it would not hurt his vested interests. Of course, Xiao Mei's misjudgment and Lin Wanshui's shrewdness were also the reason why Lin Wanshui had been so friendly. When she said that, Lin Wanshui agreed without thinking. This gave Xiao Mei the wrong impression. Xiao Mei once again expressed her gratitude to Lin Wanshui and then politely left. Lin Wanshui laughed and personally sent Xiao Mei to the door before turning around and returning to the office. The moment he closed the door, Lin Wanshui's face turned dark. Kicking Lingyun hotel out of the preliminary list was Lin Wanshui's personal order. In the afternoon, his son, Lin Feng, was a little flustered and exasperated when he called him. After telling him about what happened at Jing Mi's Western restaurant, he was completely furious. This Ling Xiaotian really didn't put him, the Deputy Secretary General of the municipal Party Committee, in his eyes! It was their fortune that Xiao Feng had taken a liking to his daughter. It was fine if he didn't give them face, but he even acted two-faced behind their backs. He had agreed to it the day before yesterday, but today he deliberately put on such a show in front of the restaurant. This was a blatant slap in the face! Lin Wanshui immediately ordered

the General Administration Office to directly remove Lingyun hotel from the list. Originally, Lin Wanshui had thought that he could knock some sense into Ling Xiaotian and make him bring his daughter along as an apology. As long as his attitude was sincere, this matter could be considered over. He didn't expect Ling Xiaotian to find someone so quickly, and he even went straight to Secretary Tian's Secretary, Xiao Mei. He didn't have any respect for him at all! What could be tolerated? In fact, to put it bluntly, it was still Xiao Mei who didn't have enough power. Otherwise, even if a low – ranked Deputy Mayor of the government came out to persuade her, Lin Wanshui would also do her a favor, let alone Tian Huilan. But Xiao Mei's appearance made Lin Wanshui feel like his authority was being challenged. Although Xiao Mei's position in the municipal office was like the sun at its zenith, her Foundation was still shallow. She was just a mere official level cadre. Lin Wanshui might be polite to her because of Tian Huilan, but when it came down to it, Lin Wanshui didn't put Xiao Mei in his eyes. Hence, after Lin Wanshui finished smoking a cigarette, he picked up the phone on his desk and called the General Affairs Office. "Has the primary selection list of the designated reception units been drawn up?" Lin Wanshui immediately asked, "en ... Hurry up and send it over. Then, let Secretary Wu have a look at it as soon as possible!" After hanging up the phone, Lin Wanshui used his phone to call Lin Feng. "It's me. " Lin Wanshui said with a dark face. "Dad, what's the matter?" Lin Feng asked. "Have you made arrangements for Ling Ji's restaurant?" Lin Wanshui asked. The moment Lin Feng heard this, he immediately replied in a proud manner, ""Don't worry! This time, it's enough for them to suffer. Industry and Commerce, taxation, Environmental Protection, health ... As long as it's a functional Department that can manage them, I've already informed them, hehe! This time, we'll let him know how powerful we are!" Lin Wanshui nodded. "En, go and rush them. Tell them to do it as soon as possible. It's best if they do it today!" "Alright!" Lin Feng excitedly replied. Lin Feng was the most enthusiastic about causing trouble for Ling Ji's restaurant. After hanging up the phone, he immediately started to contact people everywhere to pass down his father's instructions. At Taoyuan farm, Xia ruofei and Ling Qingxue were taking a walk after lunch. The two of them cuddled together and bathed in the warm winter sun, not knowing that Ling Ji restaurant had been targeted ...

Chapter 243: coming in one after another (1)

Ling Qingxue and Xia ruofei were sitting on a bench by the road. Ling Qingxue rested her head on Xia ruofei's shoulder and asked, ""Ruofei, can the leader you found really get our hotel back into the preliminary list?" "I think so ..." Xia ruofei smiled. "She's pretty capable anyway." Qingxue, don't worry, I can always find someone else. I'll do my best to help you with this. " Xia ruofei was not a person who liked to talk big. He did not make any guarantees before the matter was settled. "En!" Ling Qingxue said softly. At the headquarters of the Ling Ji food and beverage group. Ling Xiaotian felt a little overwhelmed. He had received a call from the municipal Party Committee at noon that Lingyun hotel wasn't on the list of shortlisted candidates for the primary election. He didn't expect this to be just the beginning. In the afternoon, all of Ling Ji restaurant's restaurants in San Shan city were suddenly inspected. There was more than one such spot check. The health Bureau had just left, and the Environmental Protection Bureau had come, followed by the Industry and Commerce Bureau ... The inspection team came to the door like a trotting horse lamp. Furthermore, these inspection teams were all nitpicking. They said that the kitchen rags were not clean, the kitchen hood was too greasy, the oil stove's emission exceeded the standard ... In short, after their inspection, the well – known chain of Sanshan city, Ling Ji restaurant, became a classic example of dirty and messy. According to the severity of the situation, the customers would probably die after just one meal. What gave Ling Xiaotian the

biggest headache was that the inspection team did not only go to one store, but also the same team. It was as if they were sweeping through all the Ling Ji restaurants. The outcome was a huge fine and suspension of business for rectification. The group's public relations department was already very busy, trying to find ways to make connections. Ling Xiaotian was also sitting in his office with red eyes. He had been in the business for so many years, so he naturally knew that Ling Ji F & B was being targeted on purpose. Who was it? Ling Xiaotian's brain was spinning rapidly. He knew that it was most likely Lin Wanshui, but he couldn't understand why Lin Wanshui would be so against Ling Ji restaurant. Ling Qingxue didn't tell him what happened at jingmi restaurant. He thought that Lin Feng didn't like Ling Qingxue because of her cold attitude. In fact, other than Xia ruofei, Ling Qingxue had been cold to all the other men. Now, it seemed that things were not as simple as they seemed. Should I give Qingxue a call and ask? Could it be that Lin Feng had touched her in the afternoon and was taught a lesson by Qingxue? Ling Xiaotian was a little hesitant. However, he didn't hesitate for too long, because a new situation soon appeared. It was still a surprise inspection. However, this time, it was not the restaurant chain Under Ling Ji restaurant that was being inspected. It was the headquarters of the corporation. The people from the tax department came to the group and said that they had received a report that lingji F & B group had serious tax evasion and wanted their accounts to be sealed immediately for inspection. This time, Ling Xiaotian didn't have to hesitate anymore. Ling Qingxue was the Finance Manager, and with such a big problem in the company, she would definitely rush back. Thus, Ling Xiaotian dialed Ling Qingxue's number. Taoyuan farm. The phone rang. Ling Qingxue lazily got up from Xia ruofei's arms. When she saw that it was Ling Xiaotian calling, she couldn't help but smile and say to Xia ruofei, "Ruofei, my dad is calling. Perhaps the matter has already been resolved! It seems that the leader you found is quite powerful!" "Hurry up and answer it!" Xia ruofei said with a smile. Ling Qingxue nodded and picked up the phone. "Hello, dad!" "Qingxue, are you still at Taoyuan farm?" Ling Xiaotian asked in a low voice. Ling Qingxue was stunned for a moment because she felt that Ling Xiaotian's voice was a little hoarse. He was clearly not in a good mood. "Yes, dad. What happened?" Ling Qingxue asked, concerned. "There's a situation at the company. Come back immediately and we'll talk in detail when you meet!" Ling Xiaotian said. "Oh, I know!" Ling Qingxue said, "I'll be right back!" Xia ruofei also felt that something was wrong and quickly asked, "Qingxue, what happened?" "I'm not too sure. My dad said that there's a situation at the company and asked me to rush back immediately." Ling Qingxue furrowed her brows. "I think it's not a small matter!" Xia ruofei immediately stood up and said, "Then let's go! I'll send you back ..." "Alright ..." The two of them quickly walked back to the villa. Ye Lingyun had already cleaned Knight XV and parked it in the yard. However, he did not stay in the villa. Instead, he took lightning out for a walk. Xia ruofei drove Ling Qingxue to San Shan city. On the way, he gave ye Lingyun a call and asked him to look after the farm and the construction site. On the way, Ling Qingxue was worried while Xia ruofei drove very fast, almost at the speed limit. Soon, they entered the city and arrived at the office building where the Ling Ji restaurant headquarters was located. Xia ruofei was a little worried, so he accompanied Ling Qingxue to the elevator. The two of them heard Ling Xiaotian's voice as soon as they entered the company. "Leaders, our company has always been operating legally and paying taxes in full. There is absolutely no problem with tax evasion. Is there any misunderstanding?" A strange voice said, "It's not up to you to decide whether there's a problem or not. We received a report, so of course we have to verify it. If there really isn't a problem after we check it, wouldn't that prove your innocence?" Ling Xiaotian said, "we'll definitely cooperate with the inspection. However, can you make an exception? the accounts and financial computers have been sealed. We can't carry on with our daily operations ..." "We can't do anything about that! We're checking your company according to the law

and have issued a written notice. The sealing of the accounts and computers is also in accordance with the relevant regulations!” “Then ... How long do you need?” Ling Xiaotian asked helplessly. “We’ll see ... If we’re fast, we should be able to finish the investigation in ten days to half a month!” The man said indifferently. When Ling Qingxue heard this, she couldn’t help but pick up her pace. She almost jogged to the Finance Office. Xia ruofei also quickly followed. Ling Qingxue saw that the finance department was in a mess, and all the computers were sealed. She couldn’t help but ask anxiously, “Dad, what’s going on?” “Qingxue’s back!” Ling Xiaotian said helplessly, “these are the comrades from the National Tax bureau and the local taxation Bureau. Today, the joint inspection team came to our company to check our accounts ...” Ling Qingxue looked at the few people in tax uniforms and asked with a slight frown, “Leaders, I’m the Finance Manager of the lingji F & B group. Do you have any evidence? Isn’t it a bit of an abuse of power to seal our accounts and computers without solid evidence?”

Chapter 244: You guys are shameless first (1)

The faces of the tax officers immediately darkened when they heard this. One of the young officers with long hair said loudly, “Who’s abusing their power? Ah? Who was abusing their power? To think you’re a Finance Manager! How can you not know the rules!” “Then may I ask where’s the evidence?” Ling Qingxue refused to back down. “You’re trying to shut us up just because you made a baseless report. Aren’t you a little too overbearing?” At this moment, an older tax officer cleared his throat and said, “Little girl, you have to be responsible for what you say! Of course, we have the evidence, but this is confidential, and you are the direct party involved, so you should take the initiative to avoid suspicion! Why are you asking us for evidence? Can I let you guys look at it as you wish?” “You’ve already sealed the accounts. What else can we not see?” Ling Qingxue asked, “do you think we can fake the accounts again?” At this time, the young man with long hair frowned and said impatiently, “Old Yao, why are you wasting your breath on her! Just move it away directly!” After saying that, the young man with long hair came forward to carry the computer and accounts. “Who dares to move!” Ling Qingxue shouted as she covered the laptop and the stacks of account books. “Little girl, you’d better move away! You’re obstructing the law.” The older officer said, then pointed to the tax officer holding a portable DV and said, “we’ve been filming the whole process. Your behavior will cause the punishment to be more severe!” This group of people clearly had a clear division of labor. Some were the good guys, some were the bad guys, some were in charge of filming, and some were waving flags and shouting at the side. Ling Qingxue stubbornly held onto the stack of account books and refused to let go. She had heard everything clearly just now and knew that these people were deliberately looking for an excuse to seal the accounts. If they couldn’t operate normally for ten days to half a month, Ling Ji F & B would definitely suffer a great blow. “Damn it, he’s really refusing a toast only to drink a forfeit!” The long-haired man pulled the older officer away and cursed. Then, long hair stepped forward and tried to pull Ling Qingxue. Just as his hand was about to touch Ling Qingxue’s wrist, a large hand grabbed his wrist like a pair of iron pincers. Then, a faint voice rang out, “Speak properly, don’t touch me.” It was Xia ruofei. He had been watching coldly from the side. After all, this was Ling Ji’s food and beverage business. It was only when he saw long hair make a move on Ling Qingxue that Xia ruofei made a move. Long hair felt that his wrist bone was about to split open, and he could not help but cry out in pain. A few officers beside him immediately shouted, “Quickly let go!” “Why did you hit me!” “President Ling, why don’t your employees know the rules? Tell him to let go of Shen!” “Little Xia, let him go first,” Ling Xiaotian hurriedly called out. That long-haired little Shen was screaming like a pig being slaughtered. Ling Xiaotian was really afraid that Xia ruofei would break his wrist. Xia ruofei gave her a light push and

then let go. Little Shen staggered back a few steps. His colleague behind him supported him before he could stabilize himself. Little Shen gritted his teeth as he rubbed his wrist. There was a bruise on it, and it looked shocking. "Motherf * cker! You dare to hit me!" Xiao Shen's eyes were spitting fire as he charged at Xia ruofei. Xia ruofei's mouth twitched and he said indifferently, "Are you sure you can beat me? If I were you, I wouldn't come up here to be humiliated ..." The older officer quickly pulled Shen back and looked at Xia ruofei darkly. "Young man, I can understand that you're eager to show off, but your behavior is very stupid. Not only will it not add points to your score, but it will also cause big trouble for your boss." Xia ruofei didn't even bat an eyelid. Instead, he turned around and asked, "Qingxue, are you alright?" "We're fine ..." Ling Qingxue said. "RUO Fei, they're just trying to mess with us. If they take our computers and accounts, we won't be able to do business anymore ..." Xia ruofei patted Ling Qingxue's shoulder to comfort her and said, "I know. Don't worry! I won't let them have their way ..." The senior officer saw that Xia ruofei had ignored his words and couldn't help but feel a little angry. He continued, "Young man, I advise you to move away immediately! Interfering with our law enforcement will only bring more trouble to your company!" Xia ruofei acted as if he did not hear her and said to Ling Qingxue, "Qingxue, you go to uncle Ling's side first. I'm here. They won't be able to take a single piece of paper!" "En!" Ling Qingxue nodded her head obediently. "Too arrogant! He's simply too arrogant!" The senior officer finally couldn't take it anymore. He turned to Ling Xiaotian and asked, "President Ling, is this the attitude of Ling Ji's restaurant? Is this your so – called Cooperative Work?" Ling Xiaotian could only say, "Section Chief Yao, Xiao Xia is young and impetuous. Please forgive him ..." "This isn't a matter of being young and impetuous. This is already a violent resistance to the law!" Section Chief Yao said righteously, "President Ling, we have already recorded the entire process. The nature of this matter is very bad, and we will give you suggestions on how to deal with it soon! What you need to do now is to stop at the edge of the cliff and cooperate with us immediately." Ling Xiaotian couldn't help but be put in a difficult position. He naturally didn't want the company's accounts and computers to be taken away by these people. Yingluo could imagine how long it would take for the accounts to be taken away. If that happened, would the company still be able to operate? However, it was not a good idea to stop them. It would only make the matter worse. Ling Xiaotian, who had been in the business world for so many years, felt trapped for the first time. He subconsciously looked at Xia ruofei. Xia ruofei smiled faintly and said, "it's easy to take it away. Qingxue just said that you should show us the evidence." Didn't you say that someone reported it? Where's the report letter? Since it's so serious, there should be conclusive evidence in the letter, right?" "I'm sorry," Section Chief Yao said gloomily. "The letter is confidential. To protect the informant, I can't show it to you." "You can hide the person who reported you! Just a photocopy will do, we will only look at the contents." Xia ruofei said indifferently, "otherwise, you can just say that someone reported you. That doesn't make sense, does it?" "We definitely have evidence, but you don't have the right to see it. Not just you, even President Ling doesn't have the right to see it!" Section Chief Yao said, "if you're not satisfied, you can file a complaint or report to the letter and letter Department. However, you must cooperate with us first. Otherwise, it will be considered a violent act of defiance of the law." Xia ruofei shrugged and said, "since you guys are so shameless, what else is there to say?" Then let's see who has the bigger fist! Come on! Beat me down and you can take my things!"

Chapter 245: running on the road to death_1

"They're too rampant! He's simply lawless!" "Everyone, attack! Does he really dare to hit people?" "That's right. There are five of us. Are we afraid of him?" The few tax officers shouted angrily. On the

other hand, long – haired Shen, who was about to rush over, hesitated. Others might not know, but he had personally experienced Xia ruofei’s terrifying strength. He had no doubt that if Xia ruofei had used just a little more strength, his wrist would have broken. Most of these people had been trained. On the other hand, the five people on his side were either big – bellied or sallow – faced, all sitting in the office all year round. If they were to fight, they would not be enough. The oldest Section Chief, old Yao, did not act rashly. He just stared at Xia ruofei darkly for a while, then gathered everyone and walked to a corner of the office. “Brothers, today’s matter is a little out of our control.” Section Chief Yao frowned and said, “Shen, you should call President Lin and tell him about the situation!” To put it bluntly, Section Chief Yao was still not confident. He had come here on purpose to find trouble, and there was no evidence at all. Even this written notice was printed by him on the office computer, and then he used the official seal for his own use. The procedures were simply not valid. Once the matter was blown up and the higher – ups investigated it thoroughly, they would all be in trouble today. In fact, what happened today was arranged by that long – haired young Shen. Section Chief Yao’s original intention was to form a good relationship with him. After all, Lin Feng was the son of the Deputy Secretary General of the municipal Party Committee. He was also familiar with knocking down a private enterprise and causing them some small trouble. However, he didn’t expect to encounter such intense resistance. Moreover, the other party’s hotheaded youth was completely unmoved by force or persuasion. Therefore, Section Chief Yao naturally didn’t want to make a big deal out of it, for fear of accidentally getting himself involved. Little Shen nodded and took out his phone to call Lin Feng. “Brother Feng, it’s me, little Shen!” Xiao Shen said respectfully. Although Lin Feng wasn’t in front of him, he still had the appearance of a subservient servant. “Oh, Shen!” Lin Feng indifferently asked, “how’s the matter?” “Brother Feng, it was going quite well at first,” Xiao Shen said, a little dejected. “The accounts and computers were all sealed. Just as we were about to move out, their Finance Manager came back with a hotheaded young man ...” “Wait, the manager of the finance department?” Lin Feng replied, “is it Ling Qingxue?” Lin Feng had been eyeing Ling Qingxue for some time now, so he naturally knew about her situation. He knew that she was the Finance Manager of Ling Ji restaurant. “I don’t know her name, but she’s a beautiful long – legged beauty. Oh, she’s the daughter of the boss of this company.” Shen said. “That’s her!” Lin Feng said, “you said that she brought along a hothead?” “Yes, a young man with short hair ...” Then, Shen described Xia ruofei’s appearance. When Lin Feng heard this, he snorted coldly. He knew in his heart that this hotheaded young man was the one he had seen with Ling Qingxue at noon. “What’s wrong with this person?” he asked coldly. “Brother Feng, he’s stopping us from taking the account book and computer away.” Xiao Shen said, “I was even beaten up by him. This man is very barbaric, and he seems to be very good at fighting. Now, both sides are in a stalemate!” Lin Feng’s eyes brightened when he heard this. He hurriedly asked, “You said he made a move?” “Mm! My wrist is still bruised!” Xiao Shen said with some grievance. He was also trying to take credit for his work. He had been entrusted by you to do this, and now he was beaten up because of you. Shouldn’t you return the favor in the future? Lin Feng didn’t care about little Shen’s complaints. Instead, he anxiously asked, “I told you to bring the law – enforcement recorder with you. Did you record the process of his attack?” “I’ve recorded it all!” Xiao Shen quickly said, “we started recording as soon as we entered. We recorded the entire process of the kid violently resisting the law!” “That’s great!” Lin Feng slapped his thigh and said excitedly, “little Shen, with this video, regardless of whether there is a problem with the accounts, we can punish them to death!” “Definitely! Don’t think that Ling Ji F & B will have a good life!” Little Shen said hatefully, then asked tentatively, “brother Feng, should we retreat now? Anyway, with that video, we can do whatever we want to them!” At this moment, the scene of Xia ruofei and Ling Qingxue

hugging on the street in the afternoon appeared in Lin Feng's mind. The fire of jealousy in his heart began to burn. A hint of ruthlessness flashed in his eyes as he snorted coldly, "Retreat for what? He hadn't taken the account book away yet! You guys wait here! I'll bring people over to help you! Hmph! No matter how good he is at fighting, he's just one person. If ten isn't enough, then twenty will come at him together. I don't believe he can take it!" "Ah?" Xiao Shen hesitated for a moment and said, "brother Feng, this ... Wouldn't this be too big of a deal ..." "What are you afraid of!" Lin Feng said, "you guys are in the right now, okay? That kid started it first and beat up a government official. No matter what he says, he's still in the wrong!" "This ... Alright!" Xiao Shen said, "we'll wait for you here then ..." "Don't worry! I'll be there in a moment! Be careful not to let them transfer the account books!" Lin Feng replied. Lin Feng didn't know that the moment he made this irrational decision, he had already started to run madly on the road to death ... "I know, brother Feng!" Old Yao saw little Shen hang up the phone and quickly asked, "What did President Lin say?" "He'll immediately bring some people over." Xiao Shen said, "brother Feng said that he must take the account book away today. Let's wait first ..." Old Yao was also a little dumbfounded. He hesitated and said, "He still brought people?" Little Shen frowned and said, "old Yao, brother Feng has spoken, so let's just wait!" Anyway, if anything happens, he'll be there to take care of it, what are you afraid of?" Old Yao frowned and sighed before helplessly nodding. This was the only way. If they retreated now, it would be equivalent to them not being on good terms. They would have to bear the risk and not only would they not get any benefits, but they would also offend Lin Feng for no reason. That wouldn't be worth it. Moreover, old Yao also felt that little Shen's words made sense. In any case, if anything happened, Lin Feng would be the one to bear the brunt. Wanwan's father was the Deputy Secretary General of the municipal Party Committee. Hence, the officers of the tax bureau quickly decided to wait for Lin Feng here. On the other side, Xia ruofei called Ling Xiaotian and Ling Qingxue to his side to ask about the situation. Ling Xiaotian told them about the series of events that happened this afternoon, and then told them his own judgment that all of this was due to Lin Wanshui's methods. Xia ruofei frowned and asked, "Uncle Ling, regarding the preliminaries of the designated reception unit, was there ... No turning point after that?" Ling Xiaotian was stunned for a moment before he smiled bitterly, "What can we do? We also tried to get some people to help, but all of them rejected us. This must be the instructions of the leader, and no one dared to help!" Ling Qingxue gave Xia ruofei a strange look. Xia ruofei naturally understood the meaning behind Ling Qingxue's gaze and revealed an awkward expression. Xia ruofei felt embarrassed too. Although he did not promise anything, he had already said it. Now that there was no reaction at all, it was a little awkward. What's with this Xiao Mei? Why was there no movement at all? There must be something fishy about this! Xia ruofei frowned and thought. Now, the situation of Ling Ji F & B had become very critical. It was no longer a problem of just receiving a designated reception unit from the municipal Party Committee. If they didn't think of a solution soon, it might even cause a great loss to their vitality. Hence, Xia ruofei thought for a moment, took out his phone, and dialed Tian Huilan's number. ~

Chapter 246: On – site office (1)

In the small hall of the Sanshan Municipal Party Committee. A meeting regarding the change of work style was coming to an end. The members of the four groups of Sanshan city, the main leaders of the various counties (cities) under them, the relevant departments directly under the city, and the Deputy department level and above of the municipal Party and government all attended the meeting. Tian Huilan, a member of the Provincial Party Committee and Secretary of the Provincial Party Committee of Sanshan city, was giving instructions on stage. "Comrades, to forge iron, one needs to be strong

themselves. "The leading cadres should earnestly start from their own work, take the lead in promoting good work styles, drive the majority of cadres to change their work styles deeply, overcome the accumulated drawbacks and chronic illnesses of formalism, bureatism, hedonism, and extravagance, and drive the entire atmosphere of the city to change for the better ..." In the back row, Tian Huilan's Secretary, Xiao Mei, was sitting upright. She had personally written this manuscript, and Tian Huilan had made three changes to it. Xiao Mei was very familiar with every word of the script, and she also knew that Tian Huilan had reached the last big point. Xiao Mei was sorting out Tian Huilan's schedule in her mind when her phone suddenly vibrated in her bag. Xiao Mei furrowed her brows slightly. She opened her bag and took out her phone, only to find that the screen was dark. She was stunned for a moment, but the buzzing of the phone was still coming. Xiao Mei suddenly realized something and quickly opened her bag to take out another phone. This was Tian Huilan's phone. She was used to giving her phone to her Secretary for safekeeping before a meeting to ensure that it would not affect the meeting or miss any important calls. Xiao Mei immediately saw that the caller was Xia ruofei. She had an inexplicable feeling that something was wrong. She quickly stood up and gently pushed her chair away. She quietly walked out of the auditorium and quickly picked up the phone. "Hello, Mr. Xia! "Secretary Tian is in a meeting ..." Xiao Mei said. "Oh, it's chief Xiao!" Xia ruofei frowned slightly and said, "director Xiao, I have an urgent matter to report to Secretary Tian ..." Xiao Mei's heart suddenly quivered, and she carefully asked, "Mr. Xia, is this about Lingyun hotel? I've already spoken to Secretary Lin this afternoon. He said that he'll understand the situation in detail. If the hardware is up to standard, he'll add this hotel to the list." Xia ruofei said, "chief Xiao, that's not what I've found out. I'm at the headquarters of the lingji F & B group. Not only is the problem with Lingyun hotel not solved, but Ling Ji F & B is also under a series of malicious inspections ..." Xia ruofei listed out the inspections, fines, and other issues that Ling Ji restaurant had faced today. Xiao Mei was shocked and quickly said, "I'm sorry, Mr. Xia ... This ... This might be my mistake. Please wait a moment, I'll find a way to report to Secretary Tian!" Xia ruofei said, "okay ... Please hurry!" The situation here is a little complicated ..." Xia ruofei was very unhappy at this moment, especially when he had some opinions about Xiao Mei. He was not sure how Xiao Mei was going to handle this matter, but it was obvious that not only did it not work out, but it had also caused more problems. Hence, Xia ruofei's tone was slightly stiff. "Okay, okay ..." Xiao Yumei quickly said. Xiao Mei hung up the phone in a hurry, her mind in a mess. At this moment, Xiao Mei realized that she might have made a mistake. Lin Wanshui was probably beating around the bush with her at noon, but she actually took his insincere words seriously ... Xiao Mei was filled with regret. However, what made her even more anxious was that the situation had already become so serious. Thinking about Xia ruofei's position in Secretary Tian's and elder song's hearts, Xiao Mei felt a chill run down her spine. However, she couldn't care less about her fear. The most important thing now was to solve Xia ruofei's problem. On the stage, Tian Huilan was still giving a speech. This was a meeting on the deployment of mass education activities. Xiao Mei listened carefully and estimated that she would need about ten minutes to finish. It was impossible to report to Tian Huilan directly, but if he waited until she was done, who knew what would happen on Xia ruofei's side? Xiao Mei was caught in a dilemma. She quickly weighed the various situations in her mind and finally gritted her teeth and made a decision. She quickly tore a page from her notebook, picked up her pen, and started writing, describing today's events in as short a word as possible. Then, Xiao Mei went to the side of the venue and whispered a few words to the staff. She then handed the folded paper to the staff. Many leaders brought their own teacups for meetings, so they would arrange for people to fill the teacups with water during the meeting. Xiao Mei was the one who had found the staff to fill the teacups for the leaders. After the staff member received the note, she

immediately walked up to the stage with a kettle of water. She first came to Tian Huilan's side and filled her teacup with water. At the same time, she quietly pushed the note onto Tian Huilan's table, then went to fill up the water for the other leaders. Tian Huilan, who was holding a script in her hand, was slightly taken aback. She knew that there must be an extremely urgent matter for him to hand over a note at this time. So she cleared her throat, reached out for the teacup, and drank the water unhurriedly. Her eyes had already quickly swept over the note. Tian Huilan's expression changed slightly after she read it, but she quickly returned to normal. She adjusted the microphone and continued to speak. However, Xiao Mei's sharp senses told her that Tian Huilan didn't follow the script at all. She had basically just pointed out the key points in the script, so Xiao Mei immediately let out a sigh of relief. Tian Huilan finished her speech in two minutes, which was supposed to last for about ten minutes. The venue burst into a warm round of applause. Just as everyone was waiting for the emcee to announce the end of the meeting, Tian Huilan leaned into the microphone and said, "I'll mainly talk about changing the work style in today's meeting. Next, I'll temporarily arrange an on-site work session. Comrade Cheng Hua from the National Tax bureau, comrade Qian Sanyuan from the local tax bureau, comrade sun Zhijun from the health Bureau, comrade Liu ruiwu from the Environmental Protection Bureau, and comrade he jianian from the industrial and commercial Bureau. The comrades I just named will follow me to a place after the meeting." Then, Tian Huilan's eyes fell on the Deputy Secretary General of the municipal Party Committee, Lin Wanshui, who was sitting in the second row below the stage. She said, "Oh right, comrade Lin Wanshui, you should also participate." Then, Tian Huilan nodded to the mayor, who was presiding over the meeting, indicating that he would announce the end of the meeting. The mayor was also a little confused by Tian Huilan's "sudden attack." Tian Huilan had never talked to him about this on-site office! However, the mayor quickly came back to his senses and quickly announced the end of the meeting. Tian Huilan immediately got up and walked off the stage. Xiao Mei quickly packed up Tian Huilan's documents and water cup, then quickly followed. Considering that Tian Huilan might be at the scene, Xiao Mei quickly transferred Tian Huilan's car over after handing over the note. In addition to her political experience, she was still inexperienced. Overall, Xiao Mei's work as a Secretary was very meticulous. The few bureau chiefs who were called out by Tian Huilan were a little uneasy, not knowing what the situation would be. The one who was even more terrified was Lin Wanshui. The few units that Tian Huilan had pointed out, weren't they the units that Lin Feng had found today? Thinking about how Xiao Mei came to find him at noon, Lin Wanshui suddenly had a bad feeling. He quickly caught up and whispered to Xiao Mei, "Young Xiao, I've found out about what you told me this afternoon. It was indeed a mistake on our part. I've already instructed them to add Lingyun hotel to the preliminary list immediately." Xiao Mei's eyes flashed with a trace of disgust. She had been ruined by Lin Wanshui today. She even felt that after today's incident, it would be a problem if she could even stay as a Secretary. "Oh, thank you, Secretary Lin," Xiao Mei said indifferently. Now that things had gotten out of hand, Lin Wanshui only thought of doing him a favor. How could Xiao Mei say anything more to him? "Little Xiao, Secretary Tian, she ..." Lin Wanshui quickly asked softly. "I'm not too sure. This is an unplanned schedule. I didn't know the situation beforehand." Xiao Mei said, "Secretary Lin, I'm sorry. The Secretary's car is here. I'll take my leave first!" After she finished speaking, Xiao Mei left Lin Wanshui behind and quickly chased after her, opening the car door for Tian Huilan. Tian Huilan was just about to bend down and get into the car, but she straightened up halfway and turned to look at Lin Wanshui. She said indifferently, "Comrade Lin Wanshui, you can take my car! Don't call another car. " If it was any other time, Lin Wanshui would have laughed even in his dreams if he was able to ride in the same car as Secretary Tian. This showed that the leader thought highly of him! But today was the

exact opposite. His heart skipped a beat, and beads of sweat appeared on his forehead. He didn't even have the chance to understand the situation or disclose information! Lin Wanshui felt that the situation was bad. However, after Tian Huilan finished speaking, she didn't get on the car and just stood there looking at Lin Wanshui, so he didn't dare to hesitate and quickly said, "Thank you, Secretary Tian!" Then, he jogged over and opened the car door on the other side. After Tian Huilan got into the car, he hurriedly got in and sat beside her. After Tian Huilan got into the car, she said indifferently, "Little Xiao, let's go!" "Yes, Secretary!" Xiao Mei replied. She didn't need Tian Huilan's instructions to know where they were going. After Tian Huilan finished speaking, she leaned back in her chair and closed her eyes to rest, not saying a word to Lin Wanshui at all. Lin Wanshui felt like he was sitting on pins and needles. He kept wiping his sweat, and his heart was filled with fear. Xiao Mei saw the few bureau chiefs that Tian Huilan had pointed out also hurriedly get into their own cars, so she motioned for the driver to set off. Six or seven small cars left the municipal Party Committee compound in a single file and headed in the direction of the headquarters of the lingji food and beverage group.

Chapter 247: A bunch of weaklings (1)

Ling Ji F & B headquarters. Xia ruofei was still in a confrontation with five officers from the tax bureau. Ling Xiaotian and Ling Qingxue were standing beside Xia ruofei. Ling Xiaotian looked worried. Ling Qingxue, on the other hand, was relatively calm. She knew Xia ruofei very well and knew that he was not the kind of person who would act on impulse. Time passed by. The atmosphere in the Finance Office was very heavy, and the ordinary employees did not even dare to breathe loudly. Suddenly, there was the sound of footsteps coming from the elevator. Soon, a group of people barged into the company and went straight to the Finance Office. Industry, commerce, health, Environmental Protection ... There were people from all sorts of departments. These were the people who had swept through every restaurant Under Ling Ji restaurant. What made Ling Xiaotian frown was that other than this group of people, there were more than a dozen people in security uniforms. These people didn't look like good people. They were all rogues. Some of them had hideous scars on their faces. Almost everyone had tattoos. They glared at Xia ruofei with hostility. When little Shen saw who it was, his face lit up and he called out, "Brother Chen, brother Liu, you're all here!" One of the middle-aged men in a business uniform nodded at Shen and said, "Little Shen, I heard that there's a lot of resistance in your law enforcement, so we're here to help." "Thank you, brother Chen!" Xiao Shen said happily. Ling Xiaotian furrowed his brows and asked, "Who are you?" "Why did you break into our company?" Brother Chen, a middle-aged man from the Industry and Commerce Bureau, said, "You're the person in charge of Ling Ji F & B? We are all cadres of the various functional departments in the city, and now we have officially formed a joint inspection team. I hope you will stop being stubborn and cooperate with us!" Ling Qingxue pointed at the security guards and said angrily, "You guys are brutal law enforcement! Are these also executives?" One of them, a big man with a scary knife scar on his face, said with a smile, "The beauty really cares a lot! I'm such a capable man, of course I'm a cadre ..." "Hahaha ..." The security guards all burst out laughing, and they all looked at Ling Qingxue with perverted eyes. Ling Qingxue's face was red with anger. At this time, Xia ruofei gently pulled Ling Qingxue's hand and protected her behind him. Then, he glanced at the security guards with a calm look. Xia ruofei didn't look strong and his expression was calm. However, when Xia ruofei's eyes swept over these people, they clearly felt a bone-chilling coldness. The unbridled laughter stopped abruptly. The leader, Dao BA, quickly steadied his mind and coldly said, "I heard that someone stopped the tax bureau from enforcing the law. It was you, right? If you know what's good for you, quickly step aside to avoid suffering physical

pain!" Brother Chen from the Industry and Commerce Bureau also said,""These few comrades are employees of a regular security company. Because of your company's violent resistance to the law, we invited them over to protect you!" Another official from the health Bureau, surnamed Liu, also said with a fake smile,"By the way, pay for the security guards later. If it wasn't for your lack of cooperation, we wouldn't have needed to hire security guards at the last minute. You'll have to pay for it, right?" When the employees of the Ling Ji F & B group heard this person's words, they all looked angry. They really went too far! He hired a bunch of thugs to the company, and in the end, he even wanted the company to pay the so – called fees ... Ling Xiaotian's eyes also flashed with anger. These people were too arrogant! The Finance Office fell into silence, but anger was slowly brewing in this silence ... Whoosh ... Suddenly, a sneer broke the silence. Xia ruofei had a mocking smile on his face as he looked at the strange group of leaders, ordinary cadres, and hooligans. He said,"and you want us to pay for these punks?" I have to say ... This idea of yours is really creative, and your bottom line is really beyond my imagination! I'm impressed, I've finally seen what it means to be invincible in the world ..." The health Bureau officer surnamed Liu looked at Xia ruofei and said,""If you have time to mock me, why don't you think about yourself?" "Shen, when you get back, give the police a copy of today's video. This kind of brutal behavior against law enforcement must not be tolerated!" He said to Xiao Shen. "Alright!" Xiao Shen grinned. When it was just the five of them at first, little Shen was a little nervous. But now there were more than twenty people, including the dozen gangsters brought by Dao BA, and little Shen suddenly felt confident. "Old Liu, why are you wasting your breath on this grandson!" Scarface said loudly. After saying that, he pointed to the account books on the table and the sealed computer host and asked,""Are these the things you're moving?" Xiao Shen nodded. Scarface waved his hand and said,"brothers, go!" Move the things!" Ling Qingxue's expression changed and she rebuked,""Who dares to come up?" "Beauty, we all dare to do it!" Scarface said with a cheeky smile. Who wouldn't want to go for a beauty? brothers, don't you think so?" The hooligans were already drooling over Ling Qingxue's beauty, so they all laughed out loud when they heard this. Their gazes towards Ling Qingxue were filled with lust. Ling Qingxue was so angry that her chest heaved up and down, and her face was flushed red. At this moment, a figure flashed past and pounced at Dao BA and the others. Dao BA felt his vision blur and Xia ruofei, who was a few meters away, had disappeared. Then, he felt a strong force and a series of slaps. He felt a burning pain on his face. From the perspective of little Shen and the others, it was even more shocking. Xia ruofei dashed into the encirclement of Scar's men like a tiger among a flock of sheep. Xia ruofei's movements were so fast that they felt like they were watching a fast – forwarded video. On the other hand, Scar's men were extremely slow. In comparison, they looked like they were in slow motion on television. When everyone came back to their senses, Xia ruofei had already returned to his original position as if nothing had happened. Scarface and the rest of the men were all wailing as they lay on the ground. Their faces were all swollen. In such a short time, each of them had been slapped at least seven or eight times by Xia ruofei. Dao BA was in an especially miserable state. Xia ruofei did not hold back when he slapped him, and his molars were broken. Xia ruofei pursed his lips and said,"your mouths are too smelly. I'm helping you guys to remember!" Also, he dared to be someone else's hatchet man with such a weak appearance? Let's go back and drink milk for a few years first!" Little Shen and the others were all dumbfounded. They were completely shocked. Was he still human? Dao BA and the others were from the security company, but they were actually a bunch of aggressive gangsters. Fighting was a common occurrence, but in front of Xia ruofei, they were all weaklings. The reason why old Liu and the others had swaggered over to "support" was because Dao BA was their greatest support. Now that they had all fallen in a single exchange, what were they going to do? Ling Qingxue, on the other

hand, looked at Xia ruofei's back with bright eyes, full of admiration. Since ancient times, beautiful women loved heroes. Xia ruofei's display of such courage made Ling Qingxue's love for him even stronger. Xia ruofei looked around. Xiao Shen and the others could not help but avoid his gaze. "Who else is here to move things?" Xia ruofei asked indifferently. Other than Scarface and the rest who were wailing, no one else made a sound. Xiao Shen and the rest did not even dare to breathe. At this moment, a voice came from the office door. ""Yo! It's so lively! What are you doing?"

Chapter 248: You're in big trouble (1)

Everyone looked in the direction of the voice and saw Lin Feng's figure appearing at the door of the office. Ling Qingxue gritted her teeth, her eyes filled with disgust. Lin Feng maintained his gentle and refined appearance with a faint smile on his face. He didn't even look at Dao BA and the others who were wailing on the ground and walked straight to Xia ruofei and the other two. When Lin Feng's gaze swept past Ling Qingxue, a hint of lust flashed in his eyes. After that, his gaze went past Ling Qingxue and landed on Ling Xiaotian. "Hello, uncle Ling," Lin Feng slightly bowed. Ling Xiaotian's expression was complicated as he said, "so it's young master Lin!" May I know what business you have here?" "I came to your company's upper floor to handle some matters," said Lin Feng with a smile. "I heard it was so noisy here, so I came in to take a look." Uncle Ling, what happened?" Seeing Lin Feng's pretense, Ling Qingxue couldn't help but snort coldly and turn her head away. She felt like she would puke if she looked at him any longer. Ling Xiaotian stared into Lin Feng's eyes and said, ""Young master Lin should be very clear about what happened, right?" Lin Feng laughed, "I just came in. How can I be clear? However, I'm quite familiar with little Shen, old Liu, and the others. If there's any misunderstanding in the middle, I can help to mediate. We'll have to see if uncle Ling is sincere or not. " After speaking, Lin Feng turned his head and asked, "little Shen, tell me!" What happened here? How come someone's injured?" Xiao Shen immediately said, "young master Lin, we came to check the company's accounts today according to the law. We didn't expect them to resist the law so barbarically. Not only did they not let us take the accounts away, but they even injured our staff!" "Oh? He actually hit someone? This is too much!" Lin Feng said exaggeratedly, "by the way, didn't you all bring along your law enforcement recorder? Did you take a picture?" Xiao Shen glared at Xia ruofei and said, ""I've recorded it all!" When the two sides were arguing, the officer in charge of the recording had turned on the law enforcement recorder. The scene of Xia ruofei teaching the hooligans a lesson was also recorded. "Ah, that's not good ..." Lin Feng said to Ling Xiaotian with a smile, "uncle Ling, this is already a crime. If little Shen hands these videos over to the police, I'm afraid that the person beside you will have to bear the consequences!" Lin Feng's original intention was to use scar and the others to teach Xia ruofei a lesson and make him suffer some physical pain to relieve the hatred in his heart. But he didn't expect scar and the others to be so useless. Over ten of them were directly abused by Xia ruofei. Fortunately, all these scenes were recorded. If Xia ruofei's previous action of stopping Shen was considered extreme, then what happened just now was definitely a criminal act of beating others. With these videos, Lin Feng felt that he had already caught Xia ruofei's weak spot. He could do whatever he wanted to him with just a word. "Young master Lin, what exactly do you want? let's be straightforward and not resort to insinuations!" Ling Xiaotian said with a dark expression. "Uncle Ling, the current situation isn't in your favor!" Lin Feng said with a proud smile. If little Shen and the others take it seriously, the kid next to you will be in jail for at least a few years, and your company will receive a large fine, or even close down for reorganization. That will be a huge loss. " Ling Xiaotian quietly looked at Lin Feng, waiting for him to continue. Lin Feng's scorching gaze turned to Ling Qingxue as he said, ""Uncle Ling, you know that I've admired Qingxue for a long time. If Qingxue can

be friends with me, then we'll be a family. I think little Shen and the others will still give me face. Then, what happened today won't be a big deal anymore ... Right, little Shen?" "Yes, yes, yes! Young master Lin's girlfriend's family's company, we definitely have to take care of it." Xiao Shen quickly nodded and bowed. Lin Feng nodded in satisfaction, thinking that this little Shen wasn't bad. His mind was quick and he was also very understanding. He could nurture him later. Ling Qingxue's expression changed, and she coldly said, ""You're dreaming! I'll never like a despicable person like you in my life!" A hint of ruthlessness flashed in Lin Feng's eyes, but he quickly concealed it. He revealed a gentle smile and said, ""Qingxue, it seems that you have some misunderstandings about me. I think you'll understand me after we get to know each other more." Ling Qingxue coldly snorted, not hiding her disgust for Lin Feng at all. "Young master Lin, Qingxue has to make her own decisions in matters of the heart. Even if I am her father, I can't help her make this decision," Ling Xiaotian said in a low voice. "So you're saying that uncle Ling has rejected me?" Lin Feng's face turned cold. Ling Xiaotian calmly looked at Lin Feng. He didn't say anything, but his meaning was clear. Right now, Ling Xiaotian's heart was also filled with anger. To think that I used to think that this Lin Feng was a modest gentleman. I didn't expect him to be no different from those popinjays! He was just better at disguising himself! Ling Xiaotian said angrily in his heart. Lin Feng's smile turned cold as he calmly spoke, ""Shen, call the police!" "Alright!" Xiao Shen responded excitedly and directly took out his phone to call the police. "Young master Lin, Xiao Xia's attack was a little heavy, but it was this group of people who spoke rudely first!" Ling Xiaotian said with great difficulty, "you ... Can you have mercy ..." No matter how the company was messed up, Ling Xiaotian could still bear the consequences. However, Xia ruofei was not an employee of his company. Today, he had helped out for the sake of justice. No matter what, he could not let anything happen to Xia ruofei! Hence, Ling Xiaotian could only lower his face and beg Lin Feng. The warm smile on Lin Feng's face was long gone. It was replaced by an icy expression as he said, ""You can save these words for the police!" Ling Xiaotian's expression changed a few times. It was obvious that he was trying his best to suppress the anger in his chest. If it wasn't for Yi Shan's accident some time ago, I wouldn't have been humiliated like this by a little brat like you ... Ling Xiaotian thought angrily. Ling Xiaotian and Duan Yishan, the former deputy Mayor of Sanshan city, had a very close relationship. They were not in a relationship of power and money, but they were good Brothers who had played together since they were young. Ling Xiaotian started his business after he retired from the Army, and it could be said that the support of Duan Yishan was indispensable for his business to develop to its current scale. However, Duan Yishan was suddenly removed from his position during an Anti – Corruption campaign a few months ago. Now, he was in the stage of a judicial trial. It was said that the amount of money involved was over ten million. What awaited him was a long life in prison. While Ling Xiaotian felt pained that his good brother had not been able to withstand the temptation, he had also begun to keep a low profile in his business. Other than the more than half completed Lingyun hotel project, the lingji restaurant had stopped expanding. However, unexpected disasters like today were still hard to guard against. Ever since the first lingji restaurant chain was suddenly inspected, Ling Xiaotian had been calling for help from some of his acquaintances in the system. However, those people who had called him brother when Duan Yishan was still in office were all trying to avoid him, especially when they found out that this matter might involve the municipal Party committee's Deputy Secretary Lin. The fickleness of human nature made Ling Xiaotian extremely emotional. Ling Xiaotian retracted his thoughts. He looked at Lin Feng and then at Xia ruofei. He gritted his teeth and said, ""Little Xia, you go first! The things here have nothing to do with you!" "What does uncle Ling mean?" Lin Feng said leisurely, "are you instigating the suspect to escape? Shen's law enforcement recorder wasn't turned off!" Ling Xiaotian coldly snorted

and ignored Lin Feng. He continued to speak to Xia ruofei, "Little Xia, uncle thanks you for today. But I don't need your help here anymore, so you should leave!" Xia ruofei looked at Ling Xiaotian with a hint of admiration in his eyes. He smiled and said, "Uncle Ling, don't worry about me. They're just a few hooligans. It's fine if I beat them up." "RUO Fei ... Why don't ... You leave first ..." Ling Qingxue said, a little worried. "Qingxue, I promised you that I would help you solve your problem once and for all. How can I leave now?" Xia ruofei held Ling Qingxue's hand and smiled gently. "Don't worry! It was just a small mistake before, but the person we're looking for this time will definitely be fine!" "Hmph! "What a shameless boast ..." Lin Feng coldly laughed. Xia ruofei smiled at Lin Feng, "Do you dare to make a bet with me?" "What are we betting on?" Lin Feng coldly asked. "I bet that you'll be in big trouble when I count to three ..." "Hmph, you don't know your place!" Xia ruofei did not care about Lin Feng and started to count. Because he had exceptional hearing, he had already heard a series of footsteps. He was quite familiar with one or two of them. "1!" "2!" "3!" As soon as Xia ruofei finished his sentence, another group of people appeared at the entrance of the finance department ...

Chapter 249: Secretary Tian's outburst (1)

"What are you guys doing here?" A stern voice came from the door. Tian Huilan strode into the office with a dark expression. Behind her was a group of bureau chiefs who didn't know what was going on and were feeling uneasy. Of course, the Deputy Secretary of the municipal Party Committee, Lin Wanshui, was even more terrified. In fact, when Xiao Mei directed the driver to drive to the office building where the Ling Ji F & B headquarters was located, Lin Wanshui couldn't help but break out in a cold sweat. Tian Huilan didn't say a word to him the entire time. After getting out of the car, she still didn't say a word. She took the elevator straight to the floor where the Ling Ji F & B headquarters was located. The directors in the elevator didn't even dare to breathe loudly. After arriving at the headquarters of the Ling Ji F & B, Tian Huilan asked for the location of the staff Finance Office with a pleasant expression on her face. Then, she took the lead and directly walked over. It wasn't until Tian Huilan berated him that Lin Wanshui finally squeezed into the office, sweating profusely. When he saw that his son, Lin Feng, was also at the scene, and that there were more than a dozen punks lying in the office, wailing and screaming, Lin Wanshui was even more dispirited. When Lin Feng saw this Tian Huilan, he couldn't help but be stunned for a moment. After that, he saw Lin Wanshui and subconsciously called out, "Dad! What are you doing here?" At this moment, Lin Wanshui really wanted to stuff Lin Feng back into his mother's stomach. He had never felt like this before, wishing that he never had a son like Lin Feng. This was simply a scam! He still dared to call him "dad" at this time. Wasn't he just walking right into Secretary Tian's gun? Tian Huilan naturally heard Lin Feng's words, but she only frowned slightly and turned her head to look at Lin Wanshui with a meaningful look. Then, Tian Huilan quickly walked in front of Xia ruofei and asked with a trace of concern, "Xia, are you okay?" "Thank you for your concern, Secretary Tian. A few gangsters can't hurt me." Xia ruofei said with a smile. The words "Secretary Tian" were like a sudden clap of thunder, waking everyone up from their momentary daze. Wasn't this the number one person in the municipal Party Committee, Secretary Tian? She was actually so concerned about that little Xia! The office was deathly silent. Even Scarface and the others were so scared that they shut their mouths tightly. There was only the sound of heavy breathing in the entire office. Little Shen and the others were stunned on the spot like clay sculptures. Lin Feng and Lin Wanshui glanced at each other, their faces ashen. Shocking! Fear! Despair! All kinds of complicated emotions rushed into his heart, and Lin Wanshui's legs started to tremble uncontrollably. He realized that his political career might be completely over from today. Not only that, but he might also follow in

Deputy Mayor Duan's footsteps and begin a long prison life to reflect on what he had done over the years. He knew very well that if the organization took it seriously, he would definitely not be able to withstand an investigation. Ling Xiaotian also came back to his senses. He first looked at Xia ruofei with a complicated expression, then called out with a trace of respect, "Good day, Secretary Tian!" Tian Huilan smiled kindly. "You must be Chairman Ling? Hello, Xiao Xia has told me everything about today. I'm late and I'm sorry to have made you suffer ..." "I wouldn't dare, I wouldn't dare. Thank you, Secretary Tian!" Ling Xiaotian hurriedly said. Ling Qingxue looked at Xia ruofei in a daze. She could not believe what she was seeing. She had always thought that Xia ruofei was joking when he said that he would look for a Ministry official to help him. She did not expect that a Ministry official would really come. Tian Huilan was a member of the Standing Committee of the Provincial Party Committee and also the Secretary of the Sanshan municipal government, so wasn't she a Deputy – Level cadre? Moreover, he was one of the high – ranking vice – ministers. If that was the case ... Then the national level cadre that RUO Fei mentioned ... Ling Qingxue didn't dare to think further. At this time, Tian Huilan had already turned around and coldly looked at the silent crowd. She said indifferently, "Can you tell me what happened?" The few bureau chiefs who had followed Tian Huilan quickly ordered their subordinates. "Section Chief Yao, didn't you hear Secretary Tian's instructions? What's going on?" "Little Liu, why are you all mute? Say something!" "Old Chen, you're an old comrade. Tell me what's going on." The officers who had been arrogant just a moment ago were now crying. No one dared to say anything. Secretary Tian had already determined the matter the moment he came in. How could they still dare to argue? Not to mention, they were very clear about what was going on today. They couldn't afford to be investigated. "Don't you have anything to say?" Tian Huilan asked indifferently. Then, she turned around and coldly looked at Lin Wanshui. She pointed at Lin Feng and said, "Comrade Lin Wanshui, this is your child, right? What is he doing here?" At this moment, Lin Wanshui was already completely disheartened. Hearing Tian Huilan call out his name, he was so scared that he trembled and said in fear, "Secretary ... Secretary Tian ... I don't ... Don't understand the situation ..." Tian Huilan looked at Lin Wanshui with some disgust and then said, "Since you're not going to tell me, I'll tell you!" After she finished speaking, she looked around at the many executives in the office. No one dared to look her in the eye and they all lowered their heads guiltily. "Comrades!" Tian Huilan said. "Right now, from the central government to the local government, everyone is carrying out mass line education activities. We emphasize building our work style every day, emphasizing that the cadres should take the lead and set an example. But how do some of our cadres, even a few leading cadres, do it? The people didn't give you power to do whatever you want and to fish for the lives of the people!" The entire office was dead silent, and the directors were all sweating. Lin Wanshui and the officers that Lin Feng had found were even more dejected. Tian Huilan pointed at Ling Xiaotian and the others and continued, "Ling Ji F & B can be said to be the star F & B enterprise in San Shan city, but some leaders, for their own benefit, actually ordered their children to contact their so – called brothers and friends to carry out a raid on Ling Ji F & B within half a day. They picked on everyone, and in the end, they even stormed into the company's headquarters to seal the accounts! A good company was turned into a mess! He's simply insane and lawless!" Speaking of this, Tian Huilan angrily slammed the table, and Lin Wanshui and the others couldn't help but shiver. Then, Tian Huilan pointed at Dao BA and the others and coldly asked, "Also, what's with these people? Can any of you explain it to me?" There was a dead silence. Everyone kept quiet out of fear. No one dared to speak at this moment. At this moment, a series of noisy footsteps came from the door again ..

Chapter 250: A stray dog (1)

"Who called the police just now?" A rough voice rang out. Then, four police officers walked into the Finance Office. The Finance Office was originally quite big, but there were already 20 to 30 people in it. It seemed even more crowded with the police officers. The leader was a police officer with a full beard. After he entered the office, he was surprised to find that Secretary Tian of the municipal Party was also here. He couldn't help but be stunned. Some of the young police officers who came along didn't know Tian Huilan. When he saw that his Police Chief suddenly stopped talking and just stood there in a daze, he couldn't help but feel a little strange. He gently touched the bearded police officer's arm. Only then did the bearded police officer come back to his senses. He quickly strode in front of Tian Huilan and saluted, saying in a clear voice, "Reporting to Secretary Tian, the Deputy Director of the jinrong police station, song Tianhao, is currently on the move. Please give us your instructions!" Tian Huilan nodded slightly, then asked, "Who just called the police?" No one spoke at the scene. Lin Feng and little Shen, who had called the police, both lowered their heads guiltily. Originally, it was Lin Feng's greatest reliance to deal with Xia ruofei, but now, it had become the greatest hot potato. The Deputy Director, song Tianhao, saw that no one was speaking and couldn't help but feel strange. He looked at Tian Huilan, only to see that she was expressionless. He couldn't guess what the leader was thinking and didn't know what to do for a moment. Song Tianhao thought for a moment, then turned around and asked, "Little Zhang, check the phone number on the police report ..." Xia ruofei pointed at Shen and laughed. "Superintendent song, there's no need to trouble yourself. It was that colleague from the tax bureau who called the police." Little Shen's face turned pale and he stammered, "I ... I ..." "What's going on?" Tian Huilan frowned and asked. Xia ruofei said indifferently, "Secretary Tian, didn't they bring a bunch of hooligans to enforce the law?" "This group of hooligans caused trouble in the office and I subdued them. As a result, the Deputy Secretary's son ordered the tax bureau to call the police to arrest me ..." Xia ruofei's words contained a lot of information. The hooligan was "enforcing the law" with the government. He was the son of a Deputy Secretary and did not have any position, but he could give orders to the staff of the tax bureau ... Almost every word he said was a stab to the heart. The few bureau chiefs that Tian Huilan had brought with her all looked a little embarrassed, and Lin Wanshui's face was even paler. He had always thought that the worst had come, but he didn't expect that the worst situation would always exceed his imagination. "No!" Lin Feng's expression changed as he tried to explain, "I ... I didn't! You were the one who beat up the security company's staff first, and that's why Shen called the police! By the way, they're not punks, they're employees of a regular security company ... If it weren't for your violent resistance to the law, Shen and the others wouldn't have spent money to hire a security company for help ..." "Shut up!" Lin Wanshui came up and slapped Lin Feng twice in exasperation. He then roared, "you little bastard, you still dare to quibble now! Just how many disgraceful things have you done behind my back!" Two clear palm imprints appeared on Lin Feng's fair face. He looked at his father in fear, no longer having his usual elegance. Lin Wanshui immediately put on a bitter face and said to Tian Huilan, "Secretary Tian, it's all my fault for not disciplining this unfilial son. I didn't know that he had used my name to do so many lawless things outside. I need to reflect on myself ..." Tian Huilan's face was still as calm as an ancient well, completely unmoved by Lin Wanshui's performance. She didn't even look at Lin Wanshui as she indifferently said to song Tianhao, "Superintendent song, since you're all out, bring these troublemakers back! Interrogate him properly and find out who's behind this!" "Yes!" Song Tianhao stood at attention, raised his head, and replied in a clear voice. Then, he waved his hand and several police officers immediately came up to arrest him. They didn't have enough handcuffs, so they used plastic straps to tie up all the hooligans and took them out. After the police and the hooligans left, the office suddenly became much more spacious.

Tian Huilan looked around at the crowd and said indifferently, "Bureau chiefs, please come over and take your people back! I hope that you will immediately correct today's mistake after you go back and revoke the punishment for violating the rules. In addition, you will carry out a rectification of work style in your units. As an important link in this mass education activity, report the rectification situation to me directly!" "Yes, Secretary Tian!" "Secretary Tian, we will definitely carry out your instructions and requirements!" Several bureau chiefs expressed their opinions one after another, and then angrily called out a few of their subordinates who had caused trouble in their units. Little Shen and the others were all dejected. They knew very well that there would be a storm waiting for them when they returned. The directors took their people and left one after another. Only Lin Wanshui and his son didn't know whether to stay or leave. They were like prisoners waiting for their sentence. Tian Huilan continued to ignore them. Instead, she greeted Xia ruofei, Ling Xiaotian, and the others affably before walking out of the door. Tian Huilan's Secretary, Xiao Mei, looked at Xia ruofei. She opened her mouth as if she wanted to say something but stopped. Then, she sighed and quickly caught up with Tian Huilan. Xia ruofei looked at Xiao Mei's back thoughtfully and suddenly said in a clear voice, "Chief Xiao, thank you for today!" Tian Huilan and Xiao Mei both stopped and turned around. Xiao Mei had a complicated expression on her face. Xia ruofei smiled and continued, "Director Xiao, if you didn't report to Secretary Tian in time, this matter might not have been resolved so smoothly. Thank you!" Xiao Mei immediately understood. Her eyes flashed with gratitude and she quickly said, "Mr. Xia, you're too kind. I didn't do my job well, please forgive me!" "It's all in the past, let's not talk about it ..." Xia ruofei laughed. Tian Huilan looked at Xia ruofei and Xiao Mei thoughtfully. Then, she smiled and nodded at Xia ruofei before turning to leave the office. As Tian Huilan walked, she said to Xiao Mei, "Little Xiao, you can ask little Wu for more advice when you have time. She has a lot of experience in the field of being a Secretary." Xiao Mei was stunned for a moment, then she said with a smile, "Okay, thank you, Secretary Tian!" Tian Huilan had asked her to consult Wu Liqian more, which meant that her mistake this time had been covered up and she hadn't been kicked out. In the office, Lin Wanshui and his son stood there in a daze. Lin Wanshui thought about it and walked forward, saying, "President Ling, this is all a mistake ..." "Get lost!" Xia ruofei coldly spat out a word. "You ..." Lin Feng angrily shouted when he saw this. Lin Wanshui quickly pulled Lin Feng and said to Xia ruofei with a sad face, "Mr. Xia, please forgive us and let us go this time! Please help me in front of Secretary Tian ..." In the afternoon, Lin Wanshui was still the high-spirited Deputy Secretary of the municipal Party Committee. He had a serious tone when he talked to Xiao Mei, but now he had become a complete failure in politics. He was a stray dog that could face prison at any time. Xia ruofei did not even look at them and said, "A few men, get these two guys out!" "Mr. Xia, Mr. Xia ..." Lin Wanshui anxiously called out. A few male employees unceremoniously chased Lin Wanshui and his son out. They had witnessed little Shen's group's arrogant and domineering behavior. Now that they knew that these two people were the instigators, they were already filled with anger. After Lin Wanshui and his son were chased away, everyone in the office looked at Xia ruofei. In their eyes, this young man was really amazing. Even Secretary Tian had come personally to seek justice for him, and a Deputy Secretary General was like a chicken that couldn't even withstand a single blow. Some of the more observant female employees had noticed that during the conflict, Xia ruofei had held Ling Qingxue's hand tightly, so many people were looking at Ling Qingxue with more ambiguous looks. Ling Qingxue's face turned slightly red. She quickly glanced at Xia ruofei and said, "What are you all looking at? Hurry up and clean up the office! What kind of mess is this?" Ling Xiaotian laughed in comfort and said, "Everyone, please work hard and restore everything to its original position! Xiao Xia, Qingxue, let's go to my office and sit for a while!"
