

God tier Farm 2461

Chapter 2461 Diamond card (2)

"There's nothing inappropriate about it," Zhao Yongjun said with a bright smile. "You're a major shareholder of the club. Isn't it only natural for you to take card number one?"

"Aren't our shares the same?" Xia ruofei muttered.

"But you're still a major shareholder!" Zhao Yongjun said, "I took the number 2 card too, just take it!" It was actually just a card! If we come to the club to play, isn't it the same whether we have a card or not? That's what I mean!"

Song Rui also said, "ruofei, just accept it!" We've already discussed this. Everyone will get one. "

In fact, even if no one said anything, Xia ruofei was already the soul of the team. No one had any objections to giving him card number 1. Even someone like Zhao Yongjun was willing to take card number 2.

Xia ruofei thought for a while and said with a smile, "Alright! Then I'll accept it!"

Zhao Yongjun laughed and said, "that's right!" There is no money in this card. You can just put it in the account and deduct it from the dividends regularly! We brothers are the same!"

Xia ruofei naturally had no objections.

This was for the best. Brothers should settle their accounts clearly. Everyone had such a good relationship. It was originally a good thing to work together to set up a club. If they ended up parting unhappily because of money, then a good thing would become a bad thing.

As a shareholder of the club, Xia ruofei might not come here often. However, Zhao Yongjun and song Rui lived in the capital and their careers had shifted to the club. They would definitely come here often. After all, whether it was inviting friends or leisure entertainment, it was quite high – end.

If the shareholders were to do it for free, then some people would spend more, while others would spend less. It would inevitably lead to some conflicts in the end. Of course, Xia ruofei didn't care about this, but Xu Zixuan, Hou Liang, and the others weren't very rich. It was necessary to separate the money in advance.

Zhao Yongjun then turned to Ling Qingxue and the rest, "President Ling's card is the same as RUO Fei 's. Any expenses incurred on it will be directly charged."

Ling Qingxue held the shares of the club on behalf of lingji F & B, so she was also one of the shareholders. Of course, she had to be fair.

"Alright, thank you, big brother Zhao!" Ling Qingxue said with a smile.

"You're welcome!" Zhao Yongjun waved his hand and said, "as for Song Wei and Yiyi's cards, there's 200000 Yuan in them. You can spend it at the club!"

When Song Wei and Zhuo Yiyi heard this, they said in unison, "Ah? I can't accept that!"

Then, they handed their cards to Zhao Yongjun.

Zhao Yongjun took a step back and pretended to be angry. "What's wrong? You won't even give this little bit of face to brother Zhao? It's just a card. Although it's said to be two hundred thousand, the club's profit is very high. The cost isn't much, so you should just take it!"

"Big brother Zhao, I really can't accept this card!" Zhuo Yiyi hurriedly said. The Club is open for business, how can you ..."

"Yiyi," Zhao Yongjun said. "As the older brother, I'm just giving my sister – in – Law a small gift. Why can't I accept it?"

At this point, Zhao Yongjun seemed to realize that it wasn't appropriate, and quickly added, "Wei Wei is also our good friend. She's on very good terms with us and RUO Fei. Besides, the club business might not be good, and we might need your help to increase the popularity!"

Xia ruofei saw that Song Wei's face was a little red. He thought for a moment and said, "Weiwei, since it's brother Zhao's kind intentions, you should accept it!"

Zhao Yongjun smiled and corrected him, "ruofei, this is what we all want. Don't get it wrong!"

Everyone was a shareholder of the Paradise Association. In theory, the 200000 Yuan in this card was also given by everyone according to the ratio.

"Yes, yes, yes!" Xia ruofei smiled and said, "it's a token of our appreciation. Just accept it!"

Seeing that Xia ruofei had spoken, Song Wei's attitude became less firm. She hesitated for a while and said, "Alright then ... Thank you, Zhao Da ... Thank you, everyone!"

When Zhuo Yiyi saw Song Wei take the card, she couldn't help but look at song Rui.

Although Zhuo Yiyi was carefree, she was actually very clear about the priorities of the matter and did not rashly accept the card.

Song Rui smiled and said, "Yiyi, you should accept it too!" He had to give face to big brother Zhao! Besides ... You should treat your colleagues and friends in the hospital to meals and entertainment when you have time, so that you can get to know each other! I think our paradise gathering is not bad. You can bring your colleagues over to have fun, and it can also be considered as helping us increase our popularity!"

Only then did Zhuo Yiyi nod and say, "Alright then ... Thank you!"

Song Rui waved his hand and said, "you're welcome!" Besides, I don't have many shares. The two hundred thousand in this card is mostly from ruofei and brother Zhao!"

Zhuo Yiyi immediately reverted to her usual demoness and glared at song Rui. "Who's thanking you! I'm just thanking brother Zhao and handsome Xia!"

Xia ruofei and Zhao Yongjun looked at each other and smiled. Then, Xia ruofei said, "Sister – in – Law, no need to be polite! We're all on the same side!"

After handing out the membership cards to Xia ruofei and the rest, Zhao Yongjun led them towards the entrance.

“Brother Zhao, how many membership cards have we given out?” Xia ruofei asked as they walked. There shouldn’t be many of these diamond cards, right?”

The rarer something was, the more expensive it would be. Some of the tricks in the business world were no longer a secret. As a high – end club, Paradise Club would definitely set a threshold. Not just anyone could enter with money. The diamond card was the highest level of membership card, so it was definitely impossible to give it out everywhere. Otherwise, it would not show its nobility.

Zhao Yongjun laughed, “you’re finally concerned about the club’s operation!” You’re really thorough in being a hands – off shopkeeper!”

Xia ruofei laughed drily and said, “I’m just trusting you, aren’t I? I know that everyone here has outstanding abilities and I can’t help much ...”

Zhao Yongjun laughed and scolded, “stop trying to bewitch me!” I’m not a little girl at the nightclub, sweet words are useless Against Me!”

Of course, Zhao Yongjun was just joking. He didn’t really blame Xia ruofei for not helping.

In fact, they were all very clear that it was all Xia ruofei’s own strength that they were able to get this land at a low price after so many twists and turns.

Therefore, even if Xia ruofei never asked about the trifle matters of the establishment of the club, his contribution to the Paradise gathering was the greatest among the few people.

So, Zhao Yongjun only teased him a little and didn’t harp on the issue.

He introduced the cards to Xia ruofei. “There are 30 diamond cards in total. We announced that the annual fee is one million, but only a few of them are sold. Most of them are free.”

Xia ruofei understood. He nodded and said, “I understand!”

Xia ruofei had also participated in the design of the Paradise Club’s membership program. Hence, he knew very well that the so – called annual fee was actually a pre – charge. After a member paid one million, he would not only receive the highest VIP treatment in Paradise Club, but also have one million in his membership card. The usual spending in Paradise Club would be directly deducted from the balance.

Of course, this one million was valid for a year. After a year, no matter how much one million was spent, the remaining money would not be accumulated in the next year. If one wanted to continue to maintain the membership, they would have to pay an annual fee of one million for the second year. Of course, this would also be added to the balance of the membership card.

However, if the money in the card was spent within a year, it didn’t matter. He would still maintain his membership and pay the bill after each purchase. Some members even had a certain credit limit and could rely on the membership card to buy on credit.

This was for those who paid for membership. In fact, only a few diamond cards with a million – year fee were sold. Most of them were given away.

Those who could receive a diamond card were naturally the more influential people in the circle of rich Playboys in Beijing.

Of course, the free membership card would not have any balance in it. Members still had to pay for their own expenses in Paradise Club.

To put it bluntly, this membership card only represented one's identity. At the same time, being able to hold a Diamond Membership card was a symbol of identity in itself, especially when everyone was in the same circle. I was given a diamond card, while you only had a Gold Card. You even had to spend money to Buy Membership. When the two were compared, the difference was obvious.

In addition to the consideration of connections, this was also a marketing method.

Chapter 2462 A gathering of guests (1)

The membership card was sold at a low price, but it wasn't because no one was interested in Paradise Club.

On the contrary, when the Paradise society had just started its construction, many people had already rushed to it. However, it was definitely impossible to give out a diamond card so easily. The number of people had to be controlled.

Otherwise, not to mention 30, even 300 would be sold out.

There was no shortage of rich people now.

Zhao Yongjun continued, "we've released 80 Platinum cards with 500000 membership fees and 120 gold cards with 300000 membership fees. They're all sold out."

There were three levels of membership cards: diamond, Platinum, and gold.

In other words, the total number of members of the Paradise Club was less than 200, because many of the diamond cards were held by their internal shareholders.

Song Rui said proudly, "there are many people who want to buy a membership!" They're even willing to pay more, and it's purely membership fees, and there's no need to transfer the membership fees to the balance in the card. However, we've discussed it, and since we've decided on this amount for the first batch, the rules have to be set up. We can't change orders overnight, so they've all been sent back!"

"It seems like our paradise gathering has become popular!" Xia ruofei chuckled.

Zhao Yongjun said calmly, "the capital is a political center, and the business is very developed. There are many rich people, and with the people in our circle, the market is still very big." This time, there were a total of 200 membership cards for the three grades, which was definitely far from enough. It could be said that if the supply was opened, even if it was ten times more, it could be sold out cleanly. But we can't do that. "

“Yup! We can’t do something like drying up the pond to fish!” Xia ruofei smiled and said, “we can recruit more members in the future. However, we have to gradually expand our club and improve the facilities. In short, we can’t let the members’ spending experience decline. If we turn a high – end club into a vegetable market, we’ll become the joke of the circle!”

“Don’t worry! We all know what we’re doing!” Zhao Yongjun said with a smile.

The group of them chatted and laughed, and soon they arrived at the entrance of the club.

At this time, some guests had started to arrive one after another, and some people greeted Zhao Yongjun from far away.

Zhao Yongjun was very popular in the industry. He was forthright and loyal, so everyone gave him face.

“Brother Zhao! Congratulations! I wish you good luck!”

“Thank you, brother Zhou, for coming!” Zhao Yongjun said with a smile.

The person who came to greet Zhao Yongjun was in his early forties. He was slightly chubby, but his face was full of energy. He had a warm smile on his face, giving off a feeling of being bathed in the spring breeze.

“Brother Zhou, let me introduce you.” Zhao Yongjun said, “this is my good brother, Xia ruofei. He’s also one of the main investors of the Paradise society!”

Then, Zhao Yongjun smiled at Xia ruofei and said, “Ruofei, this is my good friend. He’s the chairman of glory world Corporation, Chairman Zhou leiyun!”

From the introduction, one could tell how close they were. Zhao Yongjun was obviously close to Chairman Zhou, or he wouldn’t have introduced him to Xia ruofei. However, one was a ‘good friend’ while the other was a ‘good brother’. There was obviously a difference between close and distant.

After Zhou leiyun heard Zhao Yongjun’s introduction, his eyes brightened. He came forward and said enthusiastically, “You must be CEO Xia from paradise Corporation, right? Aiya! I’ve always seen you on the internet. I didn’t expect to see you in person today!”

Zhou leiyun was like a fan of a celebrity. In fact, Xia ruofei had heard of glory world Corporation before. Among the private enterprises in the country, glory world Corporation was at least in the top ten. Zhou leiyun was definitely considered a super – rich person in reality. How could an ordinary celebrity allow Zhou leiyun to deliberately befriend them? Thus, Zhou leiyun was only making his stance clear.

Of course, the fact that Zhou leiyun could think of such a way to get close to Xia ruofei in such a short time also showed that Xia ruofei’s popularity was indeed very high.

“Chairman Zhou! ‘Nice to meet you!’ Nice to meet you!” Xia ruofei said with a smile.

Since Zhou leiyun could call Zhao Yongjun “brother Zhao”, it was clear that the two of them had a good personal relationship. Hence, Xia ruofei would not reject him.

Zhou leiyun took out a name card from the inner pocket of his suit and handed it to Xia ruofei. He smiled and said, “President Xia, this is my business card. We can keep in touch in the future!”

Paradise Corporation was thriving. As the chairman of the company, Xia ruofei was not like before, where he didn't even have a name card. After Qin Yanan took over Xia ruofei's security team, he personally made two sets of business cards for Xia ruofei. One of them was for socializing purposes, and the other was for people who were closer to him. The only difference was that Xia ruofei's personal phone number was on the latter set.

After Xia ruofei received the name card, he stored it in the spirit map space.

He first took Zhou leiyun's name card, then reached into his pocket. In reality, he took out a name card with his private number from the space and held it in his hand before reaching out.

"Chairman Zhou, we can have tea together when you have time!" Xia ruofei smiled as he passed his name card to Zhou leiyun.

"I will! I will!" Zhou leiyun took the business card and said happily, "peach blossom Da Hong Pao is famous far and wide now. If there's a chance, I'd like to try CEO Xia's personal collection of Da Hong Pao!"

"Hahaha! No problem!" Xia ruofei said with a smile.

After some small talk, Zhou leiyun went to the main banquet hall while Xia ruofei continued to wait at the door, accompanying Zhao Yongjun and the rest to welcome the guests.

After a while, Xia ruofei started to feel bored.

It wasn't that he wasn't good at socializing, but he wasn't too used to this kind of reception. Furthermore, the people who came today were either rich or powerful, and many of them were famous people in the circle of rich Playboys in the capital. Other than being familiar with Zhao Yongjun and his small circle, Xia ruofei didn't really have much interaction with the people in the circle of rich Playboys, so he naturally felt a little bored.

"Big brother Zhao, you guys go ahead with your work!" Xia ruofei said, "I'm going in to relax ..."

"Alright!" Zhao Yongjun said, "take CEO Ling, Weiwei, and the others around! If you're tired, you can go to the banquet hall and rest for a while!"

"Yiyi, go over first!" Song Rui said, "the sun is a little strong today. Don't get tanned ..."

Xia ruofei muttered, "this guy only has the opposite sex but no humanity!"

Zhuo Yiyi was already bored out of her mind, so she immediately replied, "Alright! Alright! I'll go with handsome Xia!"

Xia ruofei felt song Rui's resentful eyes and smiled bitterly. Can't you just say that you're with Weiwei?

Zhuo Yiyi had always spoken in a carefree manner, so how could she think so much? she impatiently said, "Handsome Xia! Wei Wei! Sister Qingxue, let's go! This place is so boring ..."

Hence, Xia ruofei brought the three beauties and swaggered around the Paradise gathering, attracting the attention of many guests.

Since they had already visited the place, they didn't stay outside for too long. After the three women took a few selfies by the lake, they followed Xia ruofei into the main building of the Paradise society.

The first half of the first floor was a tall Hall similar to a hotel lobby, while the second half was a banquet hall. There were a total of three restaurants, one big and two small. Other than the main banquet hall, there were also Ling's private kitchen and a Western restaurant.

When there was a need, the guest dining area could be opened up to form a large banquet hall.

All three restaurants had been opened up today, but the kitchen was still relatively independent.

This side of the restaurant faced the lake, and the side of the first floor facing the lake was a large glass wall, so the view was very wide. From most parts of the banquet hall, one could enjoy the beautiful lake view.

As soon as Xia ruofei and the others entered the banquet hall, a manager immediately came over and bowed slightly. "Hello, President Xia! Would you guys like anything to drink?"

As the major shareholder of the Paradise Association, Xia ruofei had never shown his face in the basic construction and employee training. However, Xia ruofei had just brought them to visit the place, and it was a must for the foreman to remember the names of the guests quickly in a short time. Moreover, this VIP was the major shareholder of the Paradise Association. As their real boss, the foreman would naturally have a good eye for this.

"Ladies First!" Xia ruofei asked in a very gentlemanly manner, "beautiful ladies, what would you like to drink?"

"I'll have some red wine!" Song Wei said after thinking for a while.

"I also want one! I also want one!" Zhuo Yiyi said.

Ling Qingxue saw that the two of them had ordered red wine, so she smiled and said, "Then give me a glass of red wine too!"

"I'll have a blue Martell!" Xia ruofei said.

"Alright, please wait a moment!" The head waiter said.

The head waiter went to pour the wine while Xia ruofei and the others looked around the banquet hall. They were just here to look around, but now they had more time to take a good look.

Today was the first day of the Paradise Club's operation, and the purpose of the Paradise Club was to create more opportunities for people in need to communicate, so Zhao Yong Jun and the others chose to have a cold dinner party.

There weren't many people in the banquet hall at the moment, so it seemed a little empty.

The hall was not filled with round tables like the Chinese banquet. Other than the long tables filled with various drinks, drinks, and cakes, the rest of the hall was very empty.

There were also many sofa seats around the banquet hall. If there was a need for further communication or people who wanted to find a place to sit down and rest, they could have their own semi – private space.

Xia ruofei and the others had walked quite a bit today, so they found a sofa and sat down. The four of them, one man and three women, just happened to fill the four seats opposite each other.

Soon, the head waiter personally carried a tray and brought over the red wine that Xia ruofei and the others had ordered.

Xia ruofei and the others sipped on the wine and chatted. The atmosphere was very relaxed.

At this moment, two young men walked in from the entrance of the banquet hall. They both had a trace of arrogance on their faces. This was a temperament that had been formed after being influenced by what they saw and heard for a long time.

They looked around and immediately noticed Xia ruofei.

One of the young men raised his eyebrows and said, ""Eh? Isn't that the song family's Wei Wei? When did she return to the capital?"

Chapter 2463 The ambition of a rich man (1)

The other young man in a Givenchy casual suit was stunned for a moment and asked, ""Which song family?"

The young man who had spoken earlier laughed and said, ""Zhou Yuan, which other song family could it be? Are there two song families in the capital?"

The young man called Zhou Yuan was still confused, he said, ""I just don't think I've ever heard of a Weiwei in the song family ... Young master Yun, am I ignorant?"

"You can't say that," young master Yun said, pursing his lips. "After all, Song Wei is a little different from the other song family members."

"Young master Yun, please give me some pointers!" Zhou Yuan quickly said.

Young master Yun raised his chin in Song Wei's direction and said, ""She's song Qiming's daughter. Song Qiming can only be considered a distant relative of that old man. Besides, song Qiming isn't in the capital, so it's normal that you don't know her. After all, you don't have much contact with people in this circle."

Although young master Yun's tone was calm, there was still a sense of superiority.

Zhou Yuan was enlightened, "so that's how it is!."

Following that, Zhou Yuan could not help but look towards Song Wei's direction, before whispering, ""Young master Yun, this Song Wei is really pretty!"

Young master Yun glanced at Zhou Yuan and asked with a hint of ridicule, ""What's wrong? Are you tempted?"

Zhou Yuan chuckled and said, "at first glance, it's more to my liking." Besides, Song Qiming's daughter ... If she really gets married, I'm sure my father won't object to it. "

"Zhou Yuan, do you like Song Wei?" young master Yun asked with a half – Smile. Or is it because of her father?"

Zhou Yuan didn't try to hide it as he smiled and said, ""Both! You also know ... I can't find a girl from an ordinary family. My family won't be able to get through! This Song Wei is a perfect match for him. If there's a chance, we can get to know her first!"

"You don't know about Song Qiming?" young master Yun asked indifferently.

Zhou Yuan was stunned for a moment, then he patted his forehead and said, ""Now that you remind me, I remember ... Song Qiming got into a traffic accident some time ago. He was seriously injured, right?"

Although the news of Song Qiming's injury was not announced to the public, it was just that it was not widely spread. Those who could attend the opening ceremony today were not simple, and they all had their own channels of information. Zhou Yuan was no exception, it was just that he did not think of this earlier.

Young master Yun smiled faintly and nodded, ""Do you still have feelings for Song Wei?"

Zhou Yuan's expression changed slightly as he asked in a low voice, ""Young master Yun, are you saying that Song Qiming ... Will be affected by his health?"

"I'm not too sure about that, but Song Qiming hasn't returned to work yet," young master Yun said. "It's mainly because she's been recuperating at home most of the time and acting all mysterious. I don't think many people know about his situation."

"You haven't gone back to work after so long?" The expression on Zhou Yuan's face changed. It was obvious that he was really tempted, and only at this time would he weigh the pros and cons.

Young master Yun said with a smile, "you're really thinking that far!" Alright! I'm just saying. If you can really catch up with Song Wei, you'll definitely have a lot of benefits!"

"What do you mean?" Zhou Yuan asked in confusion, "her father isn't?"

"Although Song Qiming has been recuperating, his position hasn't been replaced," young master Yun said mysteriously. "This means that his health shouldn't affect his future work. Also, the higher – ups still think highly of him. Do you understand?"

Zhou Yuan's mind was suddenly enlightened as he nodded and said, ""Young master Yun, you have a profound view of the problem! It must be that way!"

Zhou Yuan could not help but sigh in his heart. In this aspect, he was still not as good as these Playboys who had been influenced by him since young! Even if these people were good – for – nothing, they were very sensitive to political matters. This was something that he could not compare to in any way. It was a congenital deficiency.

Young master Yun seemed to be enjoying Zhou Yuan's look of admiration, and continued to point out,"Even if Song Qiming is no longer a B – list celebrity because of his health, he is still very influential. He is also related to the Song family. If you can really get Song Wei, you will definitely make a fortune!"

Zhou Yuan's eyes brightened as he quickly said,"Young master Yun, you have a lot of connections. Help me create some opportunities!"

"It's not difficult to introduce you to each other," young master Yun said."And as far as I know, Song Wei is currently single. But whether you can get together or not, it's up to you!"

"Of course! That's for sure!" Zhou Yuan quickly said,"young master Yun, no matter if it's a success or not, as long as you can introduce me to him, I'll always remember this brotherly love! I will definitely repay you in the future!"

A trace of disdain flashed through young master Yun's eyes, but he concealed it very well.

He still had a faint smile on his face, but he said in his heart,"If your father wasn't rich, would this brother take you to play? An embroidered pillow!"

With young master Yun's status, ordinary rich people naturally wouldn't enter his eyes, but this wasn't absolute. When one was rich to a certain extent, their influence couldn't be underestimated. These super – rich people couldn't be treated as pure businessmen.

Zhou Yuan's family was considered to be rich to a certain extent, and could basically be said to be at the top of China's Circle of Wealth. It was also because of this that young master Yun had pretended to be a snake with him, but in reality, young master Yun did not think much of this Zhou Yuan.

Chapter 2464 The ambition of a rich man (2)

Young master Yun smiled and said,"it's a piece of cake! Let's go! I'll bring you to meet him now!"

"Thank you, young master Yun!" Zhou Yuan quickly said,"I got a Ferrari Enzo a while ago. If you like it ..."

Hearing this, young master Yun's eyes narrowed slightly, and he asked,"You actually managed to get Enzo? Amazing!"

Ferrari Enzo was born in 2002. It was a gift for the 60th anniversary of the Ferrari brand. It was also the first flagship top sports car created by the Ferrari brand after entering the 21st century.

At that time, there were only 399 of this car in the world. It was said that the Pope's custom – made model was added in the end, so there were only 400 of it in the world.

The key was that each of the Ferrari Enzo had an owner long ago. After all, they were cars from more than a decade ago. Unless you bought them back then, you wouldn't be able to buy them even if you had the money.

Zhou Yuan chuckled."My dad has a good personal relationship with a rich man in Dubai. He has two Enzos at home. I had to pester him for a long time before my dad helped me to ask that rich man to buy one. He gave up one of them!"

Young master Yun was a person who loved cars as much as his life. When he heard the news about Ferrari Enzo, he was naturally very excited. Zhou Yuan was playing along.

“How’s the car?” young master Yun couldn’t help but ask.

Zhou Yuan smiled, “I tried driving it in Dubai previously. Although this Enzo is more than ten years old, it’s been maintained quite well. I don’t think it’s any different from a new one!” And this car’s mileage is less than 1000 kilometers!”

“Less than 1000 kilometers after more than ten years?” Young master Yun was in disbelief.

Zhou Yuan chuckled, “that Dubai tycoon really likes to collect all kinds of sports cars!” Most of the time when I bought it, I just enjoyed it and didn’t drive it much!”

Zhou Yuan continued, “young master Yun, do you know how exaggerated it is?” He had a large three-story garage specifically for him to store all the sports cars in his collection! It was a spectacular sight! He has hundreds of sports cars of all kinds. How many times do you think he can drive this Enzo in a year?”

Zhou Yuan was no match for young master Yun in terms of politics, but when it came to luxury cars, he immediately started to talk non-stop, finally regaining some confidence.

“Then you’re really lucky!” Young master Yun said with a hint of envy, “this kind of person doesn’t lack money at all. It’s harder than ascending to heaven to get him to sell you his collection of cars!”

“Isn’t that so?” Zhou Yuan said with a trace of pride, “the main thing is that my father’s face is big, so he wanted me to step in personally. It’s already good enough that he didn’t chase me out, so why would he sell it to me? And it’s not expensive, only 20 million!”

Back then, the Ferrari Enzo was sold for about 600000 dollars, which was about three to four million Chinese dollars. However, the value of this model of car couldn’t be measured by normal standards. An ordinary car would probably be worthless after more than ten years, but the Ferrari Enzo was completely different. The car was still maintained as if it was new, and its collection value rose steadily because of the commemorative significance of this model and the general rule that rare things were more expensive.

It was indeed not expensive to buy it for more than 20 million.

Following that, Zhou Yuan lowered his voice and said, “Young master Yun, I’ll send this car to you after it arrives at the port. Just leave the procedures to me!”

Young master Yun pondered for a moment, then waved his hand and said, “Forget about the formalities. When the car arrives, just let me drive it for a few days!”

Zhou Yuan immediately replied, “understood!” I’ll send it to you when the car arrives!”

Young master Yun wasn’t noble and unquestionable, but he didn’t want to cause any negative influence and avoid being punished by his family.

As for lending it to him for a few days, it was no different from giving it to him. As long as young master Yun did not take the initiative to return it, how could Zhou Yuan possibly ask for it?

It was just that the car was still Zhou Yuan's in name.

Young master Yun nodded with satisfaction, then said, "Go! I'll take you to Song Wei's place to say hi!"

After saying that, young master Yun led Zhou Yuan and strode towards Xia ruofei's direction.

Xia ruofei held the blue – Belt Martell and leaned back on the sofa. The three women were chatting beside him, but he couldn't interrupt. He just enjoyed the leisure.

Young master Yun walked over with Zhou Yuan and greeted him with a smile, "Wei Wei! When did you return to the capital?"

Song Wei and the other two stopped chatting and looked up.

Song Wei was slightly stunned and said with a hint of surprise, "Ling Yun? Why did you come to the capital?"

Ling Yun, also known as young master Yun, smiled and said, "My dad was transferred to Beijing half a year ago, so I followed him here! It seems that you don't care about me! I'm sad ..."

Song Wei felt a little awkward.

She wasn't embarrassed because she didn't know that Ling Yun had come to Beijing with his father. It was because she wasn't that close to Ling Yun. However, she wasn't used to Ling Yun speaking to her as if they were old friends.

Therefore, Song Wei didn't know how to respond to Ling Yun's words. She simply gave him an awkward but polite smile.

"Weiwei, I heard that uncle Song had an accident some time ago?" Ling Yun asked again. How is it now?"

Song Wei felt a trace of anger in her heart. In principle, news of Song Qiming's incident should be kept under wraps. However, Ling Yun asked such a question in front of so many people, especially when there was a young man she didn't even know beside Ling Yun.

However, since he had asked about her elder, Song Wei could not be rude. She replied, "I'm fine now. Thank you for your concern ..."

Zhou Yuan, who was standing at the side, saw that Ling Yun had been chatting with Song Weila but had no intention of introducing her to him. He couldn't help but feel anxious.

Ling Yun chatted with Song Weimo for a while before he pulled Zhou Yuan to his side as if he had just remembered something. "Look at me, I'm so happy to see my old friends that I forgot to introduce them to you. Wei Wei, this is the eldest son of glory world corporation's director Zhou, Zhou Yuan! Zhou Yuan, this beauty is the one I've been telling you about, the Pearl of Southeast's Secretary Song, Song Wei!"

When Xia ruofei heard Ling Yun's introduction, he couldn't help but raise his eyebrows. He had just chatted with glory world corporation's Chairman, Zhou lei-yun, at the door. That Zhou lei-yun looked like he was in his early forties! She already had a son this old?

Although he didn't know Zhou Yuan's age, he looked to be at least 25 or 26 years old. Could it be that Zhou lei-yun got married and had children in his teens?

Xia ruofei couldn't help but feel curious.

On the other side, Zhou Yuan saw that Ling Yun had finally remembered him. He was on the verge of tears as he hurriedly took two steps forward and extended his hands to Song Wei. "Miss song, it's a pleasure to meet you!"

Song Wei saw that Zhou Yuan was about to shake hands with her, and she could not help but frown. She took a step back and said, "Young master Zhou, it's a pleasure to meet you!"

Looking at Song Wei's calm expression, she did not seem to be pleased at all.

Zhou Yuan was not angry that he did not manage to shake hands with Song Wei. Instead, he took out a gold – stamped business card and handed it over with both hands, saying, "Miss song, this is my name card!"

Song Wei hesitated for a moment, but in the end, she still reached out and took the Kasaya. This was the most basic etiquette. Moreover, it was the opening ceremony of Xia ruofei's paradise chapter today, and she did not want to make the atmosphere too awkward.

Zhou Yuan saw that Song Wei had accepted his name card and was overjoyed. He rubbed his hands together and said enthusiastically, "Miss song, may I have the honor to have your name card?"

"I'm sorry, Mr. Zhou. I'm still a student. I don't have a name card!" Song Wei replied.

"Oh! It didn't matter! It's fine!" Zhou Yuan quickly said, "then ... Can we add each other on WeChat?"

At the side, Ling Yun couldn't help but frown. He felt that Zhou Yuan was indeed a little embarrassing. He noticed that the business card that Zhou Yuan gave Song Wei had a layer of gold foil on it. It was real gold, and it was too deliberate to show off his wealth. Furthermore, Song Wei's attitude was already very cold, yet Zhou Yuan still wanted her contact details. He had no sense of judgment at all.

In this situation, it was impossible to get his contact information by force. Moreover, it would easily cause the other party to be more disgusted.

Ling Yun, who prided himself on having an off – the – charts EQ, definitely wouldn't be so tactless.

Chapter 2465 Dejected and dirty – faced_1

Song Wei's tone turned cold. "I'm sorry, Mr. Zhou. I'm afraid that's not very convenient!"

Ling Yun furrowed his brows slightly and said, "Zhou Yuan ..."

Zhou Yuan turned to look at Ling Yun and smiled. Young master Yun, I just want to be friends with miss song. I don't have any other intentions."

After he finished speaking, Zhou Yuan looked at Song Wei and said with a smile, "It seems that miss song is still a little wary of me. Actually, there's no need to. I really want to be friends with you. You'll know in the future that I, Zhou Yuan, am absolutely sincere to my friends!"

He did not wait for Song Wei to say anything and immediately continued, "Miss song, it's fine if you don't want to exchange WeChat numbers with me. Since we're fated to meet, I'd like to give miss song a small gift!"

Ling Yun didn't know what Zhou Yuan was up to, but he didn't stop him since he didn't pester him.

Zhou Yuan looked around and raised his voice, ""Where's the person in charge of this club? Is there anyone in charge? come over!"

Xia ruofei had been sitting and watching the show for a long time and was already bored. He stood up and walked over."Mr. Zhou, I'm a shareholder of the Paradise Club, so I have some say in this club, right? Do you need something?"

Zhou Yuan took a look at Xia ruofei and found that he was very unfamiliar. His first impression was that Xia ruofei was not one of those rich people he knew and thought that he should be someone who helped the boss of the club.

Hence, Zhou Yuan said indifferently,"you are the person in charge of the Paradise society!" Miss Song Wei should have a membership card, right?"

Xia ruofei's eyes revealed a trace of interest. He said calmly, ""Of course!"

"It's good! I was worried that you didn't give miss song a membership card! That's a huge mistake!" Zhou Yuan said exaggeratedly. He then glanced at Xia ruofei and said indifferently,"top up one million Yuan to miss song's membership card. I'll pay for it!"

Xia ruofei was stunned for a moment. He couldn't help but smile and look at Song Wei.

Song Wei glared at Xia ruofei with a threatening look in her eyes.

"Mr. Zhou, right?" Xia ruofei asked seriously. I'm sorry! I can't do this ..."

Zhou Yuan frowned and asked,"what's going on?" Ah? Aren't you the person in charge of the Paradise gathering? Why can't you even do something as small as topping up? Then find someone who has the final say!"

Xia ruofei smiled."It doesn't matter who comes. If it can't be done, it can't be done."

"What kind of attitude is this?" Zhou Yuan was a little angry, especially when he saw the half – Smile on Xia ruofei's face, which seemed to have a trace of ridicule. He was even more furious,"let me tell you, I have a very good relationship with your paradise Association's director Zhao! Think carefully before you speak. Now that the economy is in a slump, it's not easy to find a job!"

"I'm also a shareholder of the Paradise society, so I don't need to find a job." Xia ruofei said with a smile.

"You!" Zhou Yuan was at a loss for words. After a long while, he finally said angrily,"alright! Then tell me, why can't I top up? Don't tell me that your club doesn't accept members 'pre – payment? If you don't give me an explanation today, I'm going to have a good talk with President Zhao!"

Zhou Yuan had mentioned the name "President Zhao" twice. Xia ruofei guessed that this "President Zhao" should be Zhao Yongjun. After all, Zhao Yongjun and Zhou leiyun were close friends!

However, Xia ruofei did not care about this kind of threat. It was just a joke.

In fact, Xia ruofei was also bored and wanted to tease this idiot rich man.

Xia ruofei shrugged his shoulders and said with an innocent look, "The reason is simple! Weiwei is a diamond card Member of Paradise Club, and it's a custom – made card issued by the shareholders. All her expenses in Paradise Club are free, so she naturally doesn't need to top up!"

Of course, Xia ruofei was just making up the so – called custom – made card. However, it was not fake. Xia ruofei was prepared to mention it to Zhao Yongjun after the opening ceremony. In the future, Song Wei's expenses here would be directly on his account.

Ling Qingxue's card could also be used to pay for the expenses. Since the Ling family was a shareholder, Xia ruofei had to treat her equally. Song Wei, on the other hand, enjoyed the same treatment.

Zhou Yuan's originally angry expression suddenly froze, as if someone had grabbed his neck. That expression was simply too interesting.

Ling Yun had been watching the show and felt that Xia ruofei looked familiar, but he couldn't put his finger on it.

Ling Yun hadn't been in Beijing for a long time. His father had been working with Song Qiming in a southwest province. That was why Ling Yun knew Song Wei. Actually, Song Wei didn't interact much with the rich kids in Beijing. Many of the rich kids only knew about Song Wei and didn't meet her often.

Ling Yun's father had been transferred back to Beijing to work more than half a year ago, and his rank was the same as Song Qiming.

Of course, the Ling family's power was not limited to Ling Yun's father. In reality, the Ling family was also a prominent family in Beijing. Compared to the Song family and the Liu family, the difference wasn't that great. However, Ling Yun had followed his father from a young age to travel all over the country, so he didn't have much contact with the rich and powerful in Beijing.

Chapter 2466 Dejected and dirty – faced_2

However, the Ling family's roots were in Beijing, and Ling Yun had spent his childhood in Beijing as well. Therefore, it wasn't too difficult for him to adapt to the environment here. Many of the people in the circle were his childhood playmates, so it was natural for him to be like a fish in water here. Coupled with the Ling family's power, Ling Yun naturally became an influential figure in the circle of rich and powerful people.

This was also the reason why Ling Yun could stand here today. There weren't many members in the misty Paradise Club. Those who could come here either came from powerful families or were very capable themselves.

At first, Ling Yun felt that Xia ruofei looked a little unfamiliar. Furthermore, Xia ruofei claimed to be a shareholder of the Paradise society. Thus, Ling Yun was like Zhou Yuan and thought that Xia ruofei was helping Zhao Yongjun and the rest to beat up a small shareholder of the society. He was the person in charge of the society on the surface.

But when he saw Xia ruofei's indifferent expression when facing Zhou Yuan, he could not fake the confidence that was in his bones.

If Xia ruofei was really just the representative of Zhao Yongjun and the others, he would definitely not speak to the members in such a manner. Ling Yun revealed a thoughtful expression when he thought of this.

Very quickly, he thought of a rumor in the industry ...

Ling Yun couldn't help but look at Xia ruofei a few more times. He then took out his phone and searched for Yingying. He had already guessed Xia ruofei's identity.

These young masters didn't usually pay attention to entertainment news. Even if they did, they would only occasionally pay attention to the pretty female celebrities. Otherwise, Ling Yun wouldn't have needed to search for Xia ruofei to recognize him.

There were many photos of Xia ruofei on Weibo and various forums. Naturally, Ling Yun found them quickly.

Ling Yun's facial muscles twitched uncontrollably when he saw Xia ruofei's selfie on Weibo. This was someone that even elder song had a good impression of! Although this person was not in the circle, he had long been a legend in the circle!

And she was different from him.

People like Ling Yun could live a decent life and be in high spirits mostly because of their fathers. On the other hand, Xia ruofei had made it this far with his own abilities. Xia ruofei's influence was no less than anyone in the rich and powerful circle. In terms of wealth, these people couldn't even compare to Xia ruofei.

Ling Yun's mind was racing as he quickly came forward with a warm smile. "You must be President Xia! I've long heard of your name! Today, he finally saw her in person! It's a pleasure to meet you!"

Xia ruofei was slightly taken aback. He was not used to Ling Yun's sudden enthusiasm after such a long time. He thought to himself, why does this self – approachable fellow speak so much like Zhou leiyun! What did he mean by finally seeing her in person ...

Ling Yun was very friendly. He immediately said enthusiastically, "President Xia, let me introduce myself. I'm Ling Yun, and I've been good friends with Weiwei for many years. My father and her father are old colleagues too!"

"So it's young master Ling, nice to meet you!" Xia ruofei said with a smile.

Even though this Ling Yun looked a little slippery, he wasn't as brainless as some nouveau riches. Moreover, one shouldn't slap a smiling person. Xia ruofei wouldn't give Ling Yun any attitude either.

"Hello! Hello there!" Ling Yun passed his business card over enthusiastically. "Director Xia, this is my business card!"

Xia ruofei took the name card and thought for a while. In the end, he reached into his pocket and took out a name card from his storage space. He passed it to Ling Yun out of courtesy.

Of course, this business card was a different set, specially for dealing with outsiders. There was only an email box that Qin Yanan and the others had taken care of, as well as the phone number of the Board of Directors. Xia ruofei's personal phone number was not on it.

Ling Yun carefully kept Xia ruofei's name card, then turned his gaze to the slightly dazed Zhou Yuan.

"Zhou Yuan, how can you speak to director Xia like that?" Ling Yun frowned slightly. President Xia won't stoop to your level, or else you'll be out of luck!"

Ling Yun was actually helping Zhou Yuan. Otherwise, if Zhou Yuan offended Xia ruofei too much, he would not be able to bear the consequences.

After all, Zhou Yuan was usually very respectful to him. If there was anything, especially if it required money, Zhou Yuan would do it at the first possible moment. There were also those luxury sports cars that Ling Yun coveted but didn't dare to ask his family for money to buy, especially the Ferrari Enzo that Zhou Yuan mentioned just now. Ling Yun had long taken note of them.

This time, after helping Zhou Yuan out of his predicament, he would be able to drive the Enzo car in peace.

Xia ruofei looked at Zhou Yuan in amusement and said, "It's unlikely! I don't think so!"

While Zhou Yuan was still in a daze, Ling Yun frowned and said, "What are you thinking? Why aren't you apologizing to President Xia?"

Ling Yun's voice was icy cold, causing Zhou Yuan to shiver. At this moment, no matter how slow he was, he could tell that this young man who always had a faint smile on his face must have a very powerful background.

Thinking of this, Zhou Yuan quickly said, "President Xia, I'm sorry ... I was a little impatient just now. Please don't take it to heart."

Xia ruofei did not take Zhou Yuan seriously, so he waved his hand and said, "Forget it, I'll just be more careful in the future. And ... When you're chasing girls, don't just use smashing, that's too tacky!"

Zhou Yuan didn't think much of it. However, after seeing Ling Yun's attitude, he didn't dare to refute Xia ruofei. He could only nod his head and say reluctantly, "I've learned a lot ..."

At this moment, a person walked over quickly, looking a little anxious.

"President Xia!" The man cupped his hands at Xia ruofei and said.

Xia ruofei took a closer look and smiled. "Chairman Zhou! Hello there!"

This person was Zhou leiyun, who had just chatted with Xia ruofei at the entrance of the club.

Just now, Zhou leiyun had gone upstairs to take a look. When he walked down the stairs, he saw Zhou Yuan standing in front of Xia ruofei, as if he was bowing and apologizing. His heart skipped a beat, and he quickly walked over.

After Zhou leiyun and Xia ruofei greeted each other, he immediately looked at Zhou Yuan sternly.

Zhou leiyun's gaze was like a knife, causing Zhou Yuan's entire body to tremble. He lowered his head and called out, "Second uncle!"

When Xia ruofei heard this, he finally understood.

Xia ruofei thought to himself, "I knew it. Zhou leiyun looked like he was in his early forties. How could he have a son in his twenties?" Zhou Yuan was his nephew after all!

Glory world Corporation was run by Zhou leiyun. Zhou leiyun's brother, who was also Zhou Yuan's father, Zhou leiming, was also an executive in glory world Corporation. However, Zhou leiyun was still the one who had the final say.

Furthermore, because Zhou leiyun had no sons and only two daughters, Zhou Yuan could be said to be the only male in his family's next generation.

As such, Zhou leiyun treated Zhou Yuan as half a son, and was usually more strict with his discipline.

This also caused Zhou Yuan to not be afraid of his parents, but the moment he saw Zhou leiyun, he was like a mouse that saw a cat, trembling and unable to speak clearly.

Zhou leiyun stared at Zhou Yuan and asked, "Zhou Yuan, what did you do just now? Are you being disrespectful to President Xia?"

Ten thousand alpacas galloped across Zhou Yuan's heart. He cried out in his heart, "What kind of God was this President Xia? He could even befriend young master Yun, and now even his powerful second uncle seemed to be fawning over him. Why was he so unlucky? He had accidentally touched the iron plate ...

Zhou Yuan did not dare to lie in front of Zhou leiyun. He lowered his head and stuttered, "Second uncle ... I ... I was just talking to CEO Xia just now, and my tone was a little rushed ... I ... I wasn't being disrespectful to CEO Xia!"

"You still dare to quibble!" Zhou leiyun glared at him and said, "what did I teach you? Did you just ignore it?"

Xia ruofei watched from the side and knew that Zhou leiyun was putting on an act for him. He felt a little bored and said, "Chairman Zhou! Forget it, forget it, it's not a big deal. It's just a few quarrels, and young master Zhou has already apologized to me! Just forget about it!"

Zhou leiyun then glared at Zhou Yuan and said, "Hurry up and thank President Xia for his magnanimity!"

Zhou Yuan quickly thanked Xia ruofei, "thank you, CEO Xia!" Thank you, President Xia!"

"What are you still standing there for? Why don't you go home and reflect on your mistakes?" Zhou leiyun said sternly, "what a disgraceful thing!"

Chapter 2467 Hiding from leisure (1)

"I know ..." Zhou Yuan's neck shrunk and he left the club as if he was flying, not even daring to look back.

It could be seen that Zhou Yuan was truly afraid of Zhou leiyun.

Zhou leiyun smiled bitterly and said to Xia ruofei, ""President Xia, I'm really sorry ... My family is unfortunate! In Zhou Yuan's generation, he was the only male in our family, but he was a hopeless case! My big brother and I have been so worried about this child! Please forgive me! Please bear with me ..."

Xia ruofei smiled and said, "Chairman Zhou, it's really not that serious. It was just a few words. Why would I take it to heart?" They were all young people, so it was normal to have a bit of a temper! We'll just educate them properly ..."

For Zhao Yongjun's sake, Xia ruofei wouldn't argue with Zhou leiyun over such a small matter. Besides, this had nothing to do with Zhou leiyun. As for Zhou Yuan, although Xia ruofei had put it nicely with Zhou leiyun, he actually understood that Zhou leiyun and Qianqian were born with a silver spoon in their mouths. They had never suffered much since they were young, which resulted in their low emotional intelligence.

"Yeah!" Zhou leiyun forced a smile. You are all young people, but Zhou Yuan, this child ... Sigh! If he's half as good as President Xia, my brother and I will wake up laughing in our dreams!"

After sighing, Zhou leiyun said, ""Let's not talk about him! President Xia, thank you for your magnanimity for today! I'll buy you a drink when I have the chance!"

"Then I'll thank you in advance, Chairman Zhou!" Xia ruofei said with a smile.

"You're welcome! You're too polite!" Zhou leiyun said, "director Xia, I won't disturb you and your friends anymore. I'll go over there and take a look!"

"Please do as you wish, Chairman Zhou!" Xia ruofei said with a smile.

After Zhou leiyun left, Xia ruofei saw that Ling Yun was still standing at the side. He couldn't help but ask, ""Young master Ling, is there anything else?"

Ling Yun was actually a little stunned when he saw how humble Zhou leiyun was in front of Xia ruofei.

Zhou leiyun's business empire could be ranked at least in the top ten of China's private enterprises. The influence of the head of such a giant company could not be underestimated. It could be said that although those second and third generation rich Playboys were all first and second to him, they still did not dare to act rashly in front of Zhou leiyun.

Even though Ling Yun had heard many legends about Xia ruofei, they were all hearsay. Today, he had witnessed this shocking scene with his own eyes. His heart was in turmoil.

Ling Yun only came back to his senses after Xia ruofei finished speaking.

"Oh ... I'm fine!" He quickly replied. He was fine! President Xia, I just wanted to explain the misunderstanding earlier ... Zhou Yuan wanted to get to know Wei Wei, so he insisted on me bringing him here ... I didn't expect this guy ..."

Xia ruofei waved his hand and said, "young master Ling, this matter is already in the past. I don't take it to heart." But ... Since you are Zhou Yuan's friend, then you should go back and advise him to keep a low profile. If it wasn't for me today, and it was a narrow – minded person, wouldn't he be bringing hatred to his family for no reason? No matter how big glory world Corporation is, it's still a private enterprise. Don't cause trouble for glory world Corporation because of him. "

“Well said, President Xia!” Ling Yun quickly replied, “this is simply bitter medicine! I will definitely pass on your words, and I believe that Zhou Yuan will definitely remember them.”

Xia ruofei smiled and said, “I hope so too ...”

Seeing that Xia ruofei had no intention of talking to him, Ling Yun thought for a while and said, “President Xia, Weiwei, I have a friend who’s here too. I won’t disturb you guys then ...”

“Take care, young master Ling!” Xia ruofei said, “let’s have a good time here today. At the same time, I hope that you members can give us more valuable advice!”

“I will! I will!” Ling Yun said hurriedly.

Song Wei nodded her head slightly and did not say anything.

Ling Yun nodded at Xia ruofei and the rest in acknowledgment before walking towards the entrance of the banquet hall.

After Ling Yun returned to the capital, he had made quite a few friends. There were also many who came today. He went to the door to say hello, mainly to leave a good impression on Xia ruofei.

After the outsiders had left, Zhuo Yiyi, who had been watching the show, came forward with a smile and said, “Wei Wei, you’re becoming more and more attractive! Even Zhou Yuan fell in love with you at first sight, hehe ...”

Song Wei playfully pinched the soft flesh on Zhuo Yiyi’s waist and said, “Wretched girl, I’ll let you gloat!”

Zhuo Yiyi was extremely ticklish, and she hurriedly waved her hands to beg for mercy.

Ling Qingxue glanced at Xia ruofei with a half – Smile, then asked with interest, “Yiyi, is this Zhou Yuan very famous?”

“It’s glory world Corporation, it’s very famous! A private group with a scale of hundreds of billions!” Zhuo Yiyi said, “didn’t that Chairman Zhou just say it? He’s the only male heir in their family, and he’s very likely to be the heir to glory world Corporation in the future!”

Ling Qingxue pouted and said, “that idiot?” If he really inherits glory world Corporation, he’ll lose everything in a few years!”

Ling Qingxue’s family also ran a business, and Ling Qingxue herself was also an elite in the business management. Towards a rich second generation like Zhou Yuan, who was ignorant and incompetent, she looked down on him from the bottom of her heart.

Although glory world Corporation was a giant on a large scale, if the helmsman did not deserve it, the possibility of this super – ship sinking was still very high. Moreover, if there was a crisis, the large glory world Corporation was like a piece of fat meat. Those who had their eyes on this fat meat would definitely rush forward and start a feast to divide the benefits.

Chapter 2468 Hiding from idle time (2)

Zhuo Yiyi giggled and said, "sister Qingxue, there are still 3000 nails left on this broken boat!" Not to mention such a big corporation like glory world Corporation. Even if he's in decline, at least he'll have a lifetime of wealth and glory!"

"That's true ..." Ling Qingxue giggled and said, "it seems like someone has met a strong competitor!"

Zhuo Yiyi's eyes lit up when she heard that, and she hurriedly asked, "Sister Qingxue! So ... Our Wei Wei already has a boyfriend?"

Ling Qingxue pursed her lips and smiled, "I'm talking about Wei Wei's future boyfriend ... You should be asking her if she has a boyfriend now!" I'm not sure!"

Zhuo Yiyi rolled her eyes and said, "Something's wrong ... Something's wrong ..."

With that, Zhuo Yiyi turned to Song Wei and said, "Wei Wei, you must be hiding something from me, right?"

Naturally, Zhuo Yiyi understood the underlying meaning behind Ling Qingxue's words. However, she was not very close to Ling Qingxue, so she could only ask Song Wei.

Song Wei blushed and said, "How could that be? Don't talk nonsense! Yiyi, when did you become so nosy? That Zhou Yuan ... I've never heard of him before, but you're able to make sense of him! Don't tell me you've taken a fancy to this rich second generation? Do you want me to tell uncle Rui?"

"I'm going to kill you!" Zhuo Yiyi said exaggeratedly, "would I be interested in such an embroidered pillow? You're insulting my taste!"

Zhuo Yiyi continued, "actually, a few days ago, a fangirl in our unit was gossiping about this person. She mentioned him. That's why I suddenly remembered him today."

Xia ruofei looked at Ling Qingxue innocently. Ling Qingxue's words not only shocked Song Wei, but also made Xia ruofei's heart beat faster. In the current situation, if the matter between him and Song Wei were to be spread, or more accurately, the matter between him, Ling Qingxue, and Song Wei were to be spread, it would definitely cause a huge uproar.

Ling Qingxue glanced at Xia ruofei with a smile in her eyes, then asked, "Yiyi, what gossip did you guys talk about?"

"It's just that this young master Zhou is a Playboy!" A look of disdain appeared in Zhuo Yiyi's eyes as she said, "he's been involved in scandals with many small – time celebrities, young models, and internet celebrities. The paparazzi often take photos of him going in and out of hotels with different women. It's no longer news!"

Zhuo Yiyi continued, "that love – struck girl from our unit actually said that he wouldn't care even if this guy was a Playboy. He even fantasized about marrying into a rich family and becoming a rich lady!" It was simply destroying his three views! I feel that this kind of person who is completely irresponsible in his personal feelings should be destroyed! What did he take women for? A toy?"

Even though Zhuo Yiyi was criticizing Zhou Yuan, Xia ruofei felt uncomfortable listening to her, especially when Ling Qingxue's half – smiling eyes kept glancing at him. Even song Wei secretly shot him a quick glance with hidden bitterness, making him feel like there was a dagger at his back.

Xia ruofei laughed drily and said, ""Let's talk about something else! He's just a prodigal second generation, what's there to talk about!"

"That's true!" Zhuo Yiyi said, then immediately giggled and said, "handsome Xia! You're good to Wei Wei! He had come out to support her at the critical moment! He even said that Wei Wei's card was free of charge! At that time, Zhou Yuan's expression was extremely interesting! Hahaha! But you can't go back on your word! Wei Wei can bring me here to eat and drink for free in the future ..."

Xia ruofei didn't know whether to laugh or cry, "Yiyi! Your song Rui is also a shareholder! In theory, you're also the lady boss! He was actually thinking of eating and drinking for free? Besides, why don't you just put it directly on song Rui's account? Do you still need Wei Wei to guide you?"

Zhuo Yiyi was stunned for a moment before she said, "that's true ... But if that's the case ... Wouldn't we be losing our own money?" I have to ..."

"Look at your money – grubbing face!" Song Wei snapped. Can't you be a little more promising!"

"Song Rui isn't as rich as handsome Xia!" Zhuo Yiyi said, "and he's usually very spendthrift. I'm counting on him to earn more money from this paradise gathering project!"

Xia ruofei couldn't help but laugh. "I'm just joking with you! I'll let brother Zhao know later. In the future, both of your membership cards will be on my account! But you have to explain it clearly to song Rui! It won't be good if you misunderstand!"

"What misunderstanding?" Song Rui's voice was heard.

"Speak of the Devil and the devil will come!" Xia ruofei laughed and said, "you weren't hiding and eavesdropping, were you?"

"Do I look like that kind of person?" Song Rui said arrogantly.

Xia ruofei, Song Wei, and Zhuo Yiyi all nodded in unison. Only Ling Qingxue was overjoyed.

Song Rui looked constipated and said, ""So this is what you think of me? This is too sad...I just walked over and heard RUO Fei's last sentence! What are you guys talking about?"

Xia ruofei laughed and said, "we're talking about your Yiyi's new life!" I've already promised her that I'll pay for all her membership cards in the future! I'm just asking her to explain it to you! You brat, you treat Yiyi as a treasure in your hands! What if there's a misunderstanding and you still come to mess with me? then wouldn't I be doing something bad with good intentions?"

Hearing that, song Rui immediately said with an exaggerated expression, ""Yiyi, I'm also a shareholder of the Paradise society! You can put your membership card on my account! It's not like I can't afford such a small expense! You actually want to put it on RUO Fei's account? I ... I can only say ... You ... Well done!"

At the end of his sentence, song Rui finally couldn't hold it in and burst out laughing. He even walked over and high – fived Zhuo Yiyi.

Song Rui pointed at Xia ruofei and said, "Yiyi, remember this. This guy is a big, big nouveau riche!" As long as there was a chance to kill him, he would not let it go, just like today! Do you remember that?"

“En!” Hearing this, Zhuo Yiyi immediately nodded her head.

Xia ruofei didn’t know whether to laugh or cry, “that’s enough!” He said. You’ve only been together for a short time, and you’re already following your husband?”

Song Rui rolled his eyes and said, “this is called tacit understanding!” You won’t understand even if I tell you!”

More and more guests came to attend the opening ceremony, and the banquet hall became more and more lively.

Those who were invited to the celebration were all rich and influential people in the political and business world. Xia ruofei was not very familiar with people in this circle and did not like these social activities. Therefore, most of the time, he sat in the opposite corner and chatted with Ling Qingxue, Song Wei, and Zhuo Yiyi.

Zhao Yongjun, who was good at dancing, brought Hou Liang, Xu Zixuan, and a few others through the banquet hall, stopping from time to time to greet familiar people and chat briefly.

Even song Rui quickly got into character and shuttled through the crowd with a glass of wine in his hand.

Xia ruofei and the others were in an unremarkable corner, which was relatively quiet.

This was mainly because Xia ruofei, Ling Qingxue, and Zhuo Yiyi were not part of the rich and powerful circle in the capital. Even song Wei had little contact with them. Under normal circumstances, no one would take the initiative to come and greet them.

In Xia ruofei’s eyes, the Paradise gathering was just for fun with a group of friends. He had never expected to make much money from this project. He didn’t think that today’s opening ceremony needed to be taken seriously. Naturally, he wouldn’t inform Tang Yitian, Hong Kong’s MA Xiong, United States’s Tang He, and his Grand – disciple Li Yifu.

However, Xia ruofei was no longer a nobody. Some people in the circle of Playboys might not know him, but Xia ruofei knew a few people in the business circle.

Xia ruofei’s joke had amused Ling Qingxue, Song Wei, and Zhuo Yiyi.

At this moment, a few middle – aged men in suits and leather shoes walked towards Xia ruofei with wine glasses in their hands. They were talking and laughing.

Chapter 2469 The big shots gather (1)

“President Xia, you’re really good at hiding!” The person in the lead laughed heartily.

Xia ruofei raised his head and looked over. He couldn’t help but be slightly shocked by this lineup. The person who had just spoken was short and had a “strange appearance”. It was the Chairman of the Board of Directors of the gold rush Group, Ma Yun, who was now firmly at the top of the Chinese internet industry. Don’t be fooled by the fact that this internet giant, who was called “father MA” by the netizens, was not tall in appearance or figure. However, his every move was very imposing.

The few people with Ma Yun were also successful people in the Internet industry. Among them were the few who had attended the release conference of Tao Yuan company's Jade skin cream, like Liu Dong of Jingbei group, Cheng Hao of Jumei shopping mall, and so on.

In addition to these few, there was also a legendary giant in the Chinese internet industry, the famous Chairman of the Board of Directors of Penguin Group, MA Huayi. After so many years of development, Penguin Group was no longer limited to the field of instant communication. This giant company's tentacles reached almost every corner of the Internet industry: Games, reading, e – commerce, group purchase, entertainment ...

All of these people added together could definitely top half of China's Internet industry.

Especially the two MA bosses, their permanent offices were not in Beijing. The gold rush group's headquarters was in Qiantang city, the capital of Jiangsu and Zhejiang Province, while the Penguin Group's headquarters was located in Shenzhen, a special district in Guangdong Province.

"Er MA" had actually flown in from outside to attend the opening ceremony of a club. If this news were to spread, it would definitely cause a lot of gossip.

"It's Boss Ma!" Xia ruofei smiled and went up to him. "Welcome! Welcome!"

Then, he immediately greeted the other internet bosses.

"Boss Liu! We meet again, welcome!"

"General manager Cheng, you're getting more and more handsome. Are you preparing to switch to the entertainment industry? Hahaha!"

"Boss Guo! You're still as elegant as ever, old man!"

.....

Finally, Xia ruofei walked to MA huasu and said with a smile, "Brother MA! I've long heard of your great name, and I've finally met you today!"

Ma Yun and MA Huayi, both Boss Ma, were here today. In order to distinguish between the two, Xia ruofei used the nickname 'little brother MA' from the netizens. This way, he would not neglect MA Huayi, and it would be easy to distinguish him.

MA huasu still had the image of a modest gentleman. In an era where people in the internet used jeans and T – shirts as the standard, he always appeared in public in a suit and tie.

Of course, everyone was dressed in formal attire today, so MA Huatong was not too conspicuous.

MA Huachen showed a strange smile and said, "President Xia, you can call me pony!"

Pony was MA Huayi's English name. In fact, "pony" meant "little ma" in English.

"Okay, brother MA!" Xia ruofei said with a serious face.

At the side, Ma Yun couldn't help but burst out laughing, "President Xia, well done! Hua Yan is too tsundere sometimes. This is an illness that needs to be treated!"

Liu Dong and the others also revealed knowing smiles.

Xia ruofei had a strange feeling when he saw this.

It was common for these internet bigwigs to bicker with each other on the internet. In the eyes of many people, these people would have a real – life PK after meeting each other. The kind that wouldn't stop until his brain was smashed.

In reality, they were like old friends.

As the big bosses of the same industry, the competition between them was naturally very fierce. However, these people were all super – rich people with assets in the hundreds of millions, and most of them were well – educated, so they were quite gentlemanly.

Besides, business competition was normal, and it didn't affect their personal relationship.

"Everyone, thank you for your support!" Xia ruofei smiled. "Let's sit here and chat!"

At this moment, Ling Qingxue whispered into Xia ruofei's ear, "Ruofei, I'm going to walk around with Weiwei and Yiyi. You guys can talk!"

Xia ruofei nodded and said, "okay, I'll go over to you guys in a bit!"

Since Ling Qingxue and the rest did not want to join in the fun, Xia ruofei would not force them.

Ling Qingxue and the rest nodded at Ma Yun and the rest, then left with their wine glasses.

Xia ruofei invited everyone to sit together and smiled. "I didn't expect all the big bosses of the Internet industry to come here today. They've added quite a bit of glory to our paradise gathering!"

"We must support President Xia's business!" Liu Dong said with a smile. He still had a strong Northern Jiangsu accent, but it was this accent that made people feel simple and kind.

The last time the Yushi cream's product launch was held in Beijing, Xia ruofei had asked song Rui to help arrange this matter. At that time, song Rui had contacted Liu Dong through his good friend Zheng bang in the industry. Thus, jingbei group had pulled several buses of employees to support the product launch. Liu Dong and the others had even supported the Yushi cream at the product launch and announced on the spot that they would open sales channels on the five major e – commerce platforms at the same time.

The reason Liu Dong had attended that event in person was mainly because of Zheng bang's reputation. Zheng bang's family had been living in the capital for a long time, and Zheng bang even held a small portion of jingbei group's shares.

However, since then, Xia ruofei and Liu Dong had been in contact on WeChat and they got along quite well.

Hence, Xia ruofei was the most familiar with Liu Dong and had the best relationship with him among all the people present.

As for Ma Yun, MA Huayi, and the others, other than a coincidence, it was also because of the Paradise Club's strong background. On the other hand, it was also related to Xia ruofei, or rather, the Paradise Corporation.

Not counting the ordinary products such as Iron Skin fengdou and Taoyuan Da Hong Pao, just the explosive sales of the Jade skin cream alone had already made Xia ruofei famous in the industry.

Although the scale of the Paradise corporation's assets could not be compared to any of the people present today, these were all big bosses in the Internet industry. Their eyes were absolutely sharp, and they could all see the terrifying potential of the Paradise Corporation.

Even if the Paradise Corporation didn't have more new products in the future, just relying on the Jade skin cream and heart nourishing soup would be enough to let the Paradise Corporation snowball and grow in a short period of time.

Everyone had come together to get to know Xia ruofei, who had single – handedly founded paradise Corporation. In addition, in the past few years, many people had been spreading their net to make investment arrangements. The few with the ability, such as Ma Yun, MA hualiu, and even Liu Dong, all wanted to try their luck and see if they could invest in the Paradise Corporation.

Ma Yun leaned back on the soft sofa and said with a smile, ""President Xia, we're all attending an Internet Summit in Beijing. When President Liu said that the Paradise gathering would be holding its opening ceremony today, we all wanted to get to know you, a young internet celebrity entrepreneur, so we came uninvited."

Chapter 2470 The olive branch (1)

The gentle and refined MA huasu also smiled and asked, ""President Xia, you won't blame us for being uninvited guests, right?"

Xia ruofei laughed and said, "what are you saying, brother MA?" I can't wait to welcome you all! How could he blame her? What did it mean to bring light to his humble dwelling? This was exactly what they were talking about! I feel that the banquet hall has become much brighter after everyone arrived!"

"President Xia, you're too good with your words!" Ma Hua said with a smile.

Ma Yun said, "President Xia, don't just talk and not practice!" Hurry up and give us a dozen of your paradise Association's membership cards!"

Xia ruofei couldn't help but laugh. Ma Yun had taken the initiative to ask for a membership card, so Xia ruofei naturally wouldn't reject these internet bosses of Yingluo to become members of the Paradise Club. This in itself was the best advertisement.

"Of course, no problem! I can't ask for more!" Xia ruofei said with a smile.

He beckoned the restaurant manager, who was shuttling through the banquet hall, over and whispered a few words into his ear.

The restaurant manager quickly nodded and quickly walked towards Zhao Yongjun.

After Zhao Yongjun heard the news, he looked over at Xia ruofei in surprise. When he saw that Ma Yun, MA Huayi, Liu Dong and the rest were indeed chatting happily with Xia ruofei, he couldn't help but be overjoyed. However, he didn't go over directly. Instead, he excused himself from his friends and brought the restaurant manager to the side.

Zhao Yongjun took out a stack of membership cards from his bag, counted them, and handed them to the restaurant manager. He gave a few more instructions, then walked to another friend with a glass of wine.

The restaurant manager returned to Xia ruofei's side.

Xia ruofei took the stack of membership cards. Without looking at the number on it, he directly sent one to Liu Dong, who was the closest to him, and gave one to each person.

Although there were only 30 diamond cards, Zhao Yongjun had a backup. The stack of cards he gave Xia ruofei were all diamond cards.

"Bosses, please come to our club more often in the future!" Xia ruofei said as he sent the message.

These diamond cards were numbered. Xia ruofei did not distribute them in order but in a complete mess. This was to prevent the business leaders from comparing with each other and turning good things into bad things.

One had to know that people like Ma Yun, Liu Dong, and MA Huatai, even if they appeared to be harmonious on the surface, they were definitely competing with each other in the dark. If they didn't even have the heart to compete, they wouldn't have been able to make their companies so big.

Ma Yun took the card and smiled, "Are you still counting on this little bit of profit?"

Xia ruofei said, "I'm not like you big bosses. Other than a small company, I only have this club!" How can I not be?"

Ma Yun pointed at Xia ruofei and smiled, "President Xia, let's not beat around the bush. Your company is not a small one! You can lie to others, but don't you think we know that?"

Liu Dong, Cheng Yu, and the others all agreed.

The sales of peach blossom company's jade skin cream were very popular on the top few e-commerce platforms. For these CEOs, the sales data was no secret at all. The profit margin of the cosmetics industry had always been very large, and the jade skin cream was almost always in a state of supply falling short of demand. Just this alone, the speed of making money could be imagined.

Not to mention, although the other products of paradise Corporation were less money-making than jade skin cream, all of them were the best in their field. It could be said that the image of paradise corporation's quality products had been deeply rooted in people's hearts.

The potential of such a company could be said to be infinite.

In the business world, strength had always been the deciding factor. Although the internet bigwigs could join the Paradise corporation's opening ceremony due to the fact that everyone was participating in the

internet Summit in Beijing, it was more because almost everyone was quite optimistic about the development prospects of paradise Corporation.

Xia ruofei begged for mercy and said, "Boss Ma, don't flatter me too much. Your gold – panning group is still bigger than my paradise company. Even if I pull out a hair from your leg." My company's current market value is at most one or two billion. "

The market value of the gold – panning group had already exceeded 100 billion. In terms of size, paradise company was really small in front of the gold – panning group.

"Market value doesn't mean anything, your company isn't even listed ..." Ma Yun said in all seriousness.

Xia ruofei acknowledged this point. The value of paradise Corporation was definitely not what it seemed on the surface. The invisible brand value and the value of Xia ruofei's exclusive intellectual property were difficult to measure.

Besides, Xia ruofei's actual wealth was far more than that of paradise Corporation. The funds in his overseas account alone were equivalent to several paradise Corporation 's.

And this was pure cash flow.

Even if Ma Yun was extremely rich, it would still be difficult to get him to take out one or two billion dollars immediately.

At this time, MA Huatang, who hadn't said anything, suddenly said, ""President Xia, you've worked with all of us here, you can't favor one over the other! Our Penguin Group is also very interested in working with your company!"

Xia ruofei was stunned for a moment, then he smiled and asked, ""Brother MA, is there any room for us to cooperate? I don't think they're in the same industry?"

Strictly speaking, peach blossom company was considered a real economy company and didn't have much interaction with internet companies. Their cooperation with e – commerce platforms was also because the other party controlled the channels. Strictly speaking, this wasn't considered a close cooperation. In essence, it was no different from a small shop owner opening a shop on the platform of the gold mining Group or kyokuboku shopping mall.

On the other hand, Penguin Group had tried to get involved in the e – commerce field and compete with Gold Rush Group. As for jingbei mall, when Penguin Group was playing e – commerce, jingbei mall didn't have much to do with this industry.

However, the Penguin Group's attempts in the e – commerce field had basically failed. Although Penguin Group invested in the e – commerce platform, it was only an investment.

"How can there be no room for cooperation?" MA huasu smiled faintly. Now that we've entered the era of the Internet of Things, the internet connects everything, and the Internet industry can cooperate with any industry. "

There was nothing wrong with that. The Internet of Things had been around for years, and it had developed very quickly in the past two years. The most typical examples were smart homes and self –

driving cars. Even so, Xia ruofei still couldn't think of any possible cooperation between paradise Corporation and Penguin Group.

"President Xia," MA Huachen said with a smile, "our group has too much cash flow recently. We have no place to spend it. Are you interested in financing?"

When Ma Yun heard this, he pouted and said, "After all this, he still wants to raise funds!"

MA Huayi acted as if he didn't hear her. He looked at Xia ruofei and said, "500 million Chinese dollars. I only want 10% of the shares, and I can give you all the voting rights. Also... Out of this 500 million, 100 million can be used to cash out to the shareholders."

The moment MA Huayuan said this, Ma Yun, who had wanted to mock him, was stunned.

Even Xia ruofei could not help but feel slightly tempted.

It had to be said that MA Huasheng's conditions were simply too good.

The estimated value of paradise Corporation was more than a billion, and at most, it was less than two billion. However, MA huasu had directly given a valuation of five billion. Moreover, 500 million Yuan for 10% of the shares was a pure investment. They didn't even need to vote. In addition, 100 million could be cashed out to the shareholders.

In general, the money obtained from corporate financing had to be invested in the business operation. Only when both parties agreed in advance could a certain proportion be cashed out.

Of course, with Xia ruofei's current stock ratio, the so-called shareholder cash-out was basically him alone.

Xia ruofei had not invested a lot of money into the development of paradise Corporation. After transferring 10% of the shares, he could cash out 100 million Yuan. He still had more than 80% of the company's shares and had absolute control over the company.

If it were any other entrepreneur, their brain would have been blown away by this sudden happiness, and they would have most likely agreed to MA huasu's financing plan.

However, the Paradise Corporation was not in need of money, and Xia ruofei was even more so. He would not dilute his shares for a few hundred million Yuan.

Hence, Xia ruofei was only a little moved at that moment. He quickly put on an apologetic smile and said, "I'm sorry, brother MA. The company doesn't have any plans for financing yet. If I need financing in the future, I will consider Penguin Group first."

MA Huatang couldn't help but show a hint of disappointment, but little ma had always maintained his demeanor. He quickly smiled and nodded. "Alright! Don't you forget! Also ... Whenever you need funds, you can contact me directly. My financing plan will always be effective."

"No problem! Thank you for your appreciation, brother MA!" Xia ruofei nodded.

Financing was sometimes like a gamble. Most premium financing was nothing more than a good outlook for the future of the startup. To put it bluntly, the premium part was just a bet on the future prospects.

It was obvious that MA huasu was very optimistic about the future of paradise Corporation.

Ma Yun immediately said, "President Xia, our gold mining Group is also very interested!" If you need financing, don't forget me! And don't we have a cooperative relationship? Don't let your own fertile water flow into others "fields!"

Liu Dong, Cheng Cheng, and the others also expressed their interest in investing in paradise Corporation.

Xia ruofei happily agreed to an empty check like Wanwan. Xia ruofei could write whatever he wanted. He was just doing her a favor. He had no intention of listing paradise Corporation, so it was even more impossible for him to raise funds.

Xia ruofei had a good time talking to these tech entrepreneurs. They were all outstanding in the tech industry and had rich experience in managing businesses. Many of their opinions inspired Xia ruofei.

During the conversation, Xia ruofei noticed that Liu Dong, who was usually forthright, did not seem to be in a good mood today. In fact, there was a hint of worry between his brows.

Xia ruofei felt a little strange. Coincidentally, Liu Dong was sitting beside him. Xia ruofei leaned over and asked in a low voice, "Chief Liu, I don't think you're in a good mood! Did you encounter any difficulties? "
