Chapter 2471 Liu Dong's predicament (1)

Liu Dong looked a little embarrassed. He glanced at Xia ruofei unnaturally and asked with a strange expression, "Haven't you been watching the news recently?"

Xia ruofei was slightly stunned. He had been so busy recently that he did not pay much attention to the news. Could it be that everyone knew about Liu Dong's incident?

At the thought of this, Xia ruofei smiled bitterly. "I've been busy these days. I didn't pay much attention to the news." Boss Liu, what happened? Is there anything I can do to help?"

Liu Dong could tell that Xia ruofei was not pretending and his tone was sincere. He knew that Xia ruofei really did not know about him.

However, when he thought about the chaotic situation, Liu Dong could not help but sigh. "Thank you for your kind intentions, President Xia, but I'm afraid you can't help much with this ..."

Xia ruofei saw that Liu Dong did not want to say more, so he did not intend to pursue the matter. After all, everyone had their own secrets. Since Liu Dong was reluctant to talk about it, it must mean that he did not want to talk about it.

At this moment, Ma Yun, who was sitting on the other side of him, smiled and said, "President Xia, President Liu has had some bad luck recently."

Following that, Ma Yun looked at Liu Dong and asked, "Boss Liu, is it okay if I talk about this?"

"If you want to say it, then say it!" Liu Dong laughed bitterly. The news is all over the world. Even if you don't say it, President Xia will know after looking at the news on his phone."

Ma Yun laughed and said, "boss Liu, don't think too much." There's always a way out, difficulties are only temporary!"

Liu Dong's eyes gleamed as he said, "That's for sure! Since I started my business in Zhongguancun, I've encountered a lot of difficulties, but I've still made it all the way here."

Ma Yun gave Liu Dong a thumbs up and said, "Although our two families are competitors, I admire your drive!"

Liu Dong waved his hand helplessly and said, "Boss Ma, don't flatter me to death ..."

Ma Yun smiled and did not explain further. He turned to Xia ruofei and said, "President Xia, you'll know once you open the headlines or take a look at Weibo. President Liu's luck hasn't been very good recently ... To put it simply, he was set up in Italy some time ago and is now in a Whirlpool, facing problems both internally and externally."

As Ma Yun said this, he smiled at Liu Dong and asked, "Boss Liu, I'm not wrong, right?"

"Very objective!" Said Liu Dong with a wry smile.

Italy? Xia ruofei was slightly moved.

However, Ma Yun was clearly not giving a clear answer because Liu Dong was also present.

Xia ruofei thought for a while and said with a smile, ""President Liu, I'm really curious to see what's making you so worried ..."

Liu Dong said helplessly, "use your phone and see for yourself!" The news is all over the place. Although some of them are true and some are false, and most of them are exaggerated, the overall situation is more or less the same. "

"Alright!" Xia ruofei said with a smile.

He took out his phone and opened the news app, and as expected, he saw news about Liu Dong on the first screen.

Xia ruofei opened the news and read it carefully.

Liu Dong looked a little embarrassed. He stood up and walked to the sofa across from him. He sat down and started chatting with MA Huayi, Cheng Hao, and the others.

There was a lot of news about Liu Dong on the headlines, but the quality of the articles from the media was mixed. They were not as credible as the authoritative media. Xia ruofei read many articles with the mentality of understanding the situation.

Soon, he had a general understanding of the situation.

In fact, the ins and outs of the matter were not complicated. A few days ago, Liu Dong went to Rome, Italy on a business trip for business negotiations. As a result, he encountered a Badger game and was in a very sorry state. Moreover, the storm had not subsided until now.

Xia ruofei had been in charge of the Paradise Corporation for a long time. He was no longer the veteran who knew nothing. Naturally, he would not see the problem so simply.

Now, kyokuboku group was clearly having some internal problems, and there were even more storms in the capital market, causing its market value to shrink.

The most important thing was that for a very simple case, the Roman police and prosecution had not come to a conclusion for a long time, allowing all kinds of news to fly around.

This was obviously not a simple case of extorting money. Someone must have been manipulating this.

After Xia ruofei understood the general situation, he gradually came to a conclusion that the crux of the whole incident was related to Rome. If the police could handle it efficiently, things would be much simpler. The earlier they gave a conclusion, the earlier Liu Dong could free up his hands to solve all kinds of internal and external problems. He might even take the opportunity to clean up the internal affairs. Perhaps, a bad thing could turn into a good thing.

After all, for a behemoth like kyokuboku group, it was inevitable that there would be a place where they would hide their dirty deeds. If they could take this opportunity to clean up their own mess, it might not be a bad thing.

Xia ruofei actually had a good impression of Liu Dong. This legend in the Internet industry started from scratch and was a generous person. Liu Dong had personally attended the launch of the jade skin cream and even pulled several buses of employees to support him. Although this was for the sake of Song Rui's little brother, Zheng Bang, Xia ruofei still had to accept this favor.

Thinking of this, Xia ruofei stood up and said with a smile, "Dear CEOs, please make yourself at home. I'll excuse myself for a moment."

Xia ruofei nodded to everyone and walked to the side door of the banquet hall. After leaving the banquet hall, he asked the service staff to open a quiet lounge for him and walked in.

Xia ruofei found the phone number of Lui Hai, the person in charge of the Italian branch of the Hong sect, and dialed it.

After several rings, Lui Hai, who was far away in Milan, finally answered the phone.

His voice was filled with fatigue and a hint of anger. "Hello? Who is it!"

Xia ruofei was stunned for a moment, but he quickly realized that Italy was six hours earlier than China. It was ten in the morning here, which meant that in Milan, it was only three or four in the morning, the time when a person was in deep sleep.

To be woken up by the phone ringing at this time, anyone would be angry.

Xia ruofei guessed that Lui Hai didn't open his eyes. He picked up the phone in a daze, so his voice was full of resentment.

"Ah Hai, it's me, Xia ruofei!" Xia ruofei said.

Hearing that, Lui Hai quivered, and his sleepiness disappeared instantly.

He immediately sat up on the bed and said in a respectful tone, "So it's Mr. Xia! I'm really sorry, I wasn't fully awake just now, so my tone was a little ..."

"I should be the one saying sorry!" Xia ruofei laughed and said, "I didn't consider the time difference. I'm sorry for disturbing your sweet dream!"

"I'm fine! I'm fine!" Lui Hai said quickly, "Mr. Xia, it's my honor to work for you! If you have any instructions, just say it!"

Xia ruofei had a very high status in Lui Hai's heart. When Xia ruofei flew to Italy, Li Yifu had revealed that he was more distinguished than Xia Tian. Lui Hai, who had long admired Xia Tian's fighting skills, had more respect for Xia ruofei.

What was more, when Xia ruofei was in Italy, he had given a big gift to Lui Hai and his brothers in the Turin branch. It was a jade pendant engraved with basic protection arrays. With this jade pendant, they could stop a fatal attack.

Even though the jade pendant was engraved with the most basic defensive formation and would break when it was triggered, it was still a priceless treasure for Lui Hai and the others, especially for these brothers who had been living a life on the edge of a knife. It was equivalent to having one more life!

Therefore, lui Hai's respect for Xia ruofei came from his heart.

Hearing this, Xia ruofei stopped beating around the bush and asked directly, "Ah hai, do you know about the Chinese businessman, Liu Dong?"

"Mr. Xia," lui hai smiled, "it's explosive news in Italy, especially in the Chinese circle. How can I not know about it?"

"It's good that you know. That saves me the trouble of wasting my breath!" Xia ruofei said with a smile. Then, he said seriously, "Ah hai, Liu Dong is my good friend, and it's obvious that he was set up by someone this time, so I want to help him."

Since Xia ruofei had spoken, lui hai felt it was his duty to do so.

"Mr. Xia, what do you need me to do?" he asked without hesitation.

Xia ruofei said calmly, "as for Italy ... I hope that they can close the case as soon as possible. Of course, the conclusion should be in Liu Dong's favor." Ah hai, the Italy Roman police and the prosecution are deliberately delaying the time. How is the influence of the Hong sect on the official level?"

"Close the case as soon as possible, is it?" Lui hai thought for a while and said, "it shouldn't be a problem. After the last incident, the Hong sect's influence in Italy is much greater than before. We also have some friends like the Senators. We can ask them to exert some pressure."

"Then I'll have to trouble you all!" Xia ruofei said.

"You're too kind!" Lui hai said straightforwardly, "we're all Chinese. President Liu fell into a trap in Italy, so we should help him."

In fact, if Xia ruofei didn't ask, lui hai wouldn't have used his resources to help Liu Dong just because he was from Huaxia.

As for Xia ruofei, lui hai was Li Yifu's trusted subordinate. He didn't have any psychological burden to use the resources of the Italy branch of Hong sect, and he didn't need to worry about owing Xia ruofei a favor. Speaking of favors, lui hai was the one who really owed Xia ruofei a huge favor.

The Italy branch's current situation was inseparable from Xia ruofei's defeat of the Gelman family, not to mention the magical Jade.

The two of them chatted for a while before hanging up.

Xia ruofei went back to the banquet hall but didn't tell Liu Dong about this. He wasn't sure how long lui hai would take to settle this. It was unnecessary to tell Liu Dong now. If things didn't go well, he would be overjoyed.

Xia ruofei did not mention it, and Liu Dong would not bring it up either. Everyone leaned back on the sofa and chatted casually, as if they had forgotten about it.

Soon, the cold dinner party to celebrate the opening of the Paradise gathering began with a round of applause.

Zhao Yongjun, who looked like a bridegroom, held a wireless microphone in his hand and stepped onto the small stage at the front of the banquet hall with a red face.

Chapter 2472 A shot to fame (1)

The opening ceremony was naturally very successful. Zhao Yongjun, Song Rui, and the others were all from prominent families. The guests they invited today were either the leaders of their circle of rich Playboys or influential wealthy businessmen, so naturally, they were carried by everyone.

Zhao Yongjun only said a few words and then announced the start of the cold dinner.

Everyone was freely moving around the banquet hall, chatting with their close friends.

In order to create an atmosphere, Hou Liang had even specially arranged for a few popular singers to come over and sing.

In the eyes of ordinary people, the line – up of singers who were responsible for warming up the stage could be considered luxurious. In fact, most concerts might not even be able to gather so many a – list celebrities. And at the opening ceremony of the Paradise gathering, they really only played the role of warming up the stage.

All of these celebrities came to perform for free. On one hand, Hou Liang was the son of Hou Tai. The resources he had in the entertainment industry were so many that it was frightening. Those who were in the entertainment industry were naturally willing to be on good terms with Hou Liang. On the other hand, the Paradise gathering was a high – end social event to begin with, and celebrities naturally flocked to such places.

Therefore, even if it was a free performance, there were still a lot of celebrities who fought to come.

Hou Liang only decided on their current lineup after a round of selection. Celebrities who were not famous enough would not have a chance to come even if they paid for it!

After the cold dinner party started, Ling Qingxue even went to the Lingji private kitchen to take a look.

Today's event was also very important to the Ling Ji private kitchen. Although senior brother Wu's abilities were outstanding and he was also a disciple that Ling Xiaotian valued greatly, Ling Qingxue was still a little worried.

Although the opening banquet was called a "cold dinner party," there were actually many "hot dishes". It was actually a bit similar to a buffet, but on a larger scale and of a higher standard.

Among them, a few of the Ling Ji private kitchen's signature dishes would also be revealed at the cold dinner party.

Including the secret Buddha Jumps Over the Wall soup.

Senior brother Wu had rushed to the capital a few days ago to start preparing. This dish would become the signature dish of the Ling Ji private kitchen in the capital in the future, so he didn't dare to neglect it.

There was a long dining table around the banquet hall today, and on it was a variety of exquisite desserts and delicacies. The most eye – catching one was the first table at the entrance, on which there

was a row of eye – catching jars, a total of five. These jars were placed on a specially designed shelf on the table, with hot water circulating below to keep them warm.

This was the ‘Buddha Jumps Over the Wall’ that had been specially prepared for Ling Ji’s private kitchen for the past few days.

The jar used to store ‘Buddha Jumps Over the Wall’ was also specially made. It was several times bigger than the ‘Buddha Jumps Over the Wall’ sold in Ling Ji’s private kitchen. It looked like a wine jar, and the layers of ingredients inside were very solid. Every ingredient was processed in strict accordance with the standard and in place.

Just these ingredients alone were already expensive.

Before the start of the cold dinner party, the mouth of the jar was sealed with lotus leaves, so no one felt anything strange about it. At most, they were a little curious when they saw a few big jars placed there.

As soon as the buffet party started, the service staff removed the seal on the jar, and the unique rich fragrance immediately spread throughout the banquet hall.

Today’s guests were either rich or noble. What good things had they not eaten? However, everyone still couldn’t resist the temptation of the fragrance and looked in the direction of the source of the fragrance.

Soon, someone couldn’t help but walk over with a plate.

Today, the entire Paradise club’s service staff was basically gathered in the banquet hall. To them, this was the first “real battle” since the opening of the club, so everyone was in high spirits.

When the customers came to the ‘Buddha Jumps Over the Wall’, a waiter immediately went up to serve them. He scooped out all kinds of ingredients that had been cooked just right from the jar.

Fish maw, chicken, pig trotters, abalone, quail eggs ... Each of these ingredients exuded an alluring fragrance. When these fragrances were mixed together, it had a special attraction. Many customers couldn’t help but swallow their saliva.

Very quickly, the area around the long dining table where the Buddha Jumps Over the Wall soup was placed became the most lively place. There was an endless stream of customers who were attracted by the delicious food.

After everyone had a taste, they were all convinced by this absolutely beautiful taste, and praises rose one after another.

Zhao Yongjun and the others also took the opportunity to promote it.

“Dongzi! This ‘Buddha Jumps Over the Wall’ was not bad, right? “There’s a private restaurant in the Paradise society, and this ‘Buddha Jumps Over the Wall’ is the signature dish of the private restaurant. The chefs were specially invited from the three mountains, and their skills are absolutely authentic! If you have time, you can bring more people here to try it!”

“Director Guo, I’m not bragging, am I? Was the signature Buddha Jumps Over the Wall soup delicious? Next time, if you want to try it, you can directly come to our paradise gathering’s Ling Ji private kitchen, but remember to make a reservation in advance!”

“Hahaha! Yongzi, if you have any social events in the future, think of our paradise society’s private restaurant! Not only is the environment here good, but the food here is also first – Class. If you treat your friends to a meal here, you’ll definitely have a lot of face!”

.....

Of course, compared to tasting the food, everyone was more interested in communicating with each other. The main purpose of the guests coming here was not to eat. They valued the Paradise gathering as a platform and the network that they could expand here.

Therefore, it could be said that it was a victory for Ling Ji ‘s’ Buddha Jumps Over the Wall ‘to be able to create such an effect in such an environment.

Ma Yun, MA Huayi and the rest could not help but go and try it too. When they returned, they gave Xia ruofei a thumbs up.

Chapter 2473 A shot to fame (2)

As a Cantonese man, MA Huayi loved to eat and had his own unique views on food.

He smiled at Xia ruofei and said, “CEO Xia, your” Buddha Jumps Over the Wall “is amazing!” I’ve tried the most authentic Buddha Jumps Over the Wall soup at the three mountains, but it was far from as fragrant as the one made in the big jar today. ”

“Our Jiang Nan club also wants to bring in this dish ...” Ma Yun couldn’t help but say, “President Xia, your private kitchen can work with us!”

Without waiting for Xia ruofei to speak, MA huasu smiled and said, “I also want to add this dish to the staff cafeteria of our Penguin Group!”

“Low – end!” Ma Yun scoffed.

“Everyone is equal in the face of delicious food!” “Don’t think that you can deprive others of their right to taste good food just because you have some money!” MA huasu retorted sarcastically.

MA huasu’s words caused Liu Dong, Cheng Hao, and the others to burst into laughter.

If one were to say “how much money”, everyone here was within the range of “how much money”. MA Huatong’s words even included himself in the scolding.

Seeing this, Xia ruofei spread his hands and said, “Boss Ma, brother MA, the one providing ‘Buddha Jumps Over the Wall’ is Ling Ji’s private kitchen. This is also specially invited by our Paradise Club. We have a cooperative relationship, so if you want to cooperate, you can discuss it with Ling Ji F & B group. I believe they will be very happy to have such a cooperation.”

“Ling’s restaurant?” Liu Dong, who had been silent the entire time, mumbled to himself. Then, he slapped his forehead and said, “President Xia, that seems to be your girlfriend’s family’s business, right?”

Anyone who paid attention to entertainment news would know about the relationship between Xia ruofei and Ling Qingxue.

Ma Yun laughed and pointed at Xia ruofei, ""President Xia, you're not kind! He actually wanted to get away with it! Fortunately, boss Liu gave us a reminder! President Xia, since it's your girlfriend's family's business, you're not an outsider! You have to help facilitate the cooperation, it's all up to you!"

MA Huayi also nodded seriously and said, ""Yup! President Xia, I'm also very sincere in bringing in such a high – Quality food and beverage company to our staff cafeteria. "

Xia ruofei joked, "it's not a problem for me to help you pull the strings!" But if I succeed, how are you going to thank me?"

"Why don't ... I get brother MA to top up some Q coins for you?" Ma Yun asked, scratching his head.

Everyone burst into laughter upon hearing this. Even MA huasu couldn't help but burst out laughing.

Xia ruofei looked helpless. He spread his hands and said, ""He really didn't pluck a single hair!"

In fact, whether it was in the Jiangnan club or in the staff cafeteria of Penguin Group, if Ling Ji's private kitchen could really be introduced, the effect on the promotion of reputation would be immeasurable. Moreover, Ling Xiaotian had always been planning to expand, so he would definitely be more than happy to cooperate with him.

Hence, although Xia ruofei looked very reluctant, he still agreed in the end. He said that he would try his best to mediate and facilitate cooperation.

The influence of Ma Yun and the others in China was not inferior to some of the middle – Class wealthy families. Hence, people would come over to greet them and hand their business cards to them from time to time.

When they saw familiar friends, they would also pick up their glasses and walk over to chat.

Ma Yun and the rest had already experienced such social events countless times. They were all like fish in water and were very familiar with the place.

Xia ruofei, on the other hand, didn't like to socialize much, so other than getting food from the table, he spent most of his time sitting in the corner, watching Zhao Yongjun and the others work around while he himself enjoyed the leisure.

After the opening ceremony ended, Ma Yun and the rest bade Xia ruofei farewell and left together.

Many guests stayed behind to experience the various leisure and entertainment programs of the Paradise gathering.

The experience naturally led to consumption. The Paradise Club's first income after its opening quickly produced a few of song Rui's friends to play at the small golf course. Using such a venue naturally required payment.

Initially, Xia ruofei wanted to bring Ling Qingxue and Song Wei back with him. However, after the 'Buddha Jumps Over the Wall' was revealed today, many customers had gone to book the 'Buddha

Jumps Over the Wall' for the night. The other signature dishes were also very popular, so Ling Qingxue was also busy with the staff at the private restaurant.

Hence, Xia ruofei, Song Wei, Zhuo Yiyi, and song Rui decided to go to the filming location of the life I yearn for and take a walk by the lake.

Just as they were taking a walk along the lakeside, Zhao Yongjun called.

Xia ruofei picked it up and said with a smile, ""Big brother Zhao, you should drink slowly! Please don't drink the fragments!"

Zhao Yongjun was a little tipsy and laughed, ""I don't think so. I know how much I can drink ... Ruofei, brother Zhou came to me just now. He wants to talk to you about something. Are you free now?"

Zhou leiyun? Xia ruofei was a little suspicious. Zhou Yuan's matter had already been resolved, so why was Zhou leiyun still looking for him?

However, he had to give face to Zhao Yongjun. Xia ruofei thought for a while and said, ""Brother Zhao, I'm fine. Since he wants to see me, get someone to arrange a small reception room for him! I'll be there in a while!"

"Alright!" Zhao Yongjun said, "leave it to me! Make the arrangements immediately!"

Xia ruofei could hear the excitement in Zhao Yongjun's voice. He wasn't completely drunk, but he must have drunk a lot.

After Xia ruofei hung up the phone, he said to Song Wei and the rest, ""I have to go. Brother Zhao is looking for me. You guys can play here first! I'll come find you guys later!"

"Go!" Song Rui waved his hand. Go! We're happier without you ..."

Xia ruofei chuckled. "Yiyi, please educate your song Rui. This kid is getting more and more arrogant!"

At this time, Song Wei also smiled and said, ""I won't stay here to be a third wheel, let's go together! I'll go find sister Qingxue!"

"Alright!" Xia ruofei nodded.

Hence, he brought Song Wei to the main building of the club, Leaving Song Rui and Zhuo Yiyi some space.

Song Wei went to the Ling's private kitchen to look for Ling Qingxue, while Xia ruofei went to the small meeting room that Zhao Yongjun had just arranged for him. He pushed the door open and walked in.

Zhao Yongjun and Zhou leiyun were sitting inside and chatting. When they saw Xia ruofei walk in, the two of them stood up at the same time and walked out to welcome him.

"President Xia!" Zhou leiyun had an apologetic look on his face as he said, "I'm apologizing to you again! Previously, it was my nephew Zhou Yuan ..."

Xia ruofei waved his hand and said, "director Zhou, it's all in the past now. Brother Zhao knows me well. I'm not the kind of person who would do things in front of others but plot behind their backs. So, let's not talk about this matter anymore, okay?"

"Good, good, good! I thank you on behalf of Zhou Yuan for your magnanimity, general manager Xia!" Zhou leiyun said.

Zhao Yongjun smiled and said, "brother Zhou, I told you!" RUO Fei is a very magnanimous person, and he won't beat around the bush. Let's just forget about this matter, and don't mention it to anyone in the future. "

"I know, Yongjun!" Zhou leiyun said.

Xia ruofei looked at Zhou leiyun and asked with a smile, "General manager Zhou, I don't think you're meeting me again just to apologize, right? If there's anything, why don't we just get straight to the point? I'm a straightforward person and I don't like to beat around the bush, so let's just be straightforward. "

Chapter 2474 Invitation to invest (1)

Zhao Yong Jun did not know why Zhou leiyun wanted to meet Xia ruofei, so he looked at Zhou leiyun.

"It's nothing much, actually," said Zhou leiyun with a smile. Yongjun, I bought a Football Club two years ago to play with. You know about this, right?"

"I have some impression of it," Zhao Yongjun said after some thought. "Is it ... A club from Spain?"

Zhou leiyun chuckled and said, "I can tell that you don't usually care about football." It was indeed a Spain football Club, but it was not an ordinary club. It was a La Liga club, one of the five major leagues in the world! Does Messi know? The Barcelona team he's in is a La Liga team!"

"Of course, I know about Messi!" Zhao Yongjun said, "he's the world's number one in football!"

Messi was so famous that even people who did not watch football had heard of him.

"If you put it that Zhou leiyun laughed and said, "I'm a huge fan of C Luo!"

Zhao Yongjun smiled awkwardly and said, "Brother Zhou, I really don't know much about football, but I do know Messi and Ronaldo ..."

Zhou leiyun nodded. "The full name of the club I bought is real Espanyol. This is the 'Royal' title granted by the King of Spain, so there is a crown on the team emblem!"

Hearing this, Xia ruofei couldn't help but laugh. "CEO Zhou, as far as I know, there are many Spain teams with the title of Real Madrid!"

Xia ruofei counted on his fingers and said, "Real Madrid, Real Betis, Real Zaragoza, Real Sociedad ..."

Zhou leiyun revealed an awkward smile and said, "It seems that you know a lot about football, President Xia! Although there were many teams in the Spain football world with the name of the royal family, it was also a great honor! And the so – called universal team, Barcelona, is not a real team!"

Xia ruofei laughed and said, "director Zhou, you seem to be getting into character very quickly!" As far as I know, Barcelona is the Spanish's mortal enemy! Every time, the scene in Gattelby is quite hot!"

Xia ruofei did know a lot about football. In fact, there were many soldiers in the military who liked football. When Xia ruofei was in the Army, he often played with his comrades. He was fast and had good physical fitness. His favorite position was the right wing. He often broke through along the right side and had a great time playing.

On the weekends, his teammates would also watch the game together at the team Club.

However, after his retirement, he had been busy and watched the game a lot less.

Even so, Xia ruofei's understanding of the top league far exceeded that of a football noob like Zhao Yongjun.

He was familiar with some of the grudges of the five major leagues, such as the double red Club between Manchester United and Liverpool, the National Derby between Real Madrid and Barça, the Merseyside derby between Liverpool and Everton, and the Catalan derby between RCD Espanyol and Barça.

The feud between Spain and Barcelona had been going on for a long time. At the beginning of the team's establishment, the two teams were full of various conflicts. Barça was established by the United Kingdom and other foreigners in the Gatai region at that time. After Barça was established, the local Spaniards in Gatai also established a club, and directly used the name "Spaniards." It could be said that they were at odds with each other.

In addition, because of the gap in strength, Barcelona had been suppressing the Spanish team for a long time. After so many years, the Spanish players and fans naturally held a grudge.

Of course, there was a more important reason. Both teams were located in Barcelona. Barcelona was world-famous, while Espanyol was not very well-known. They were all in the same city, and the honor would always belong to Barcelona. When others mentioned the city of Barcelona, they would only know about Barcelona. Many fans might know that Espanyol was also a regular in La Liga, but they did not necessarily know that this team was actually in the same city as the powerful cosmic team, Barcelona. This was intolerable in the eyes of the Spanish team.

The so-called mortal enemy of the same city was probably such a situation.

Therefore, whether it was in the Kings' Cup or in the league tournament, whenever Spain met Barça, there was no need to mobilize at all. Each and every one of them was full of fighting spirit. It was often because of this strong spiritual motivation that the players often played beyond their level, and occasionally they could draw or even beat Barça.

Against Real Madrid, which was basically on the same level as Barcelona, the Spanish team had very few wins. It was not an exaggeration to say that they were the point boy.

"Of course!" Zhou lei-yun replied. Although our strength on paper is not as good as the other party's, so what? Just do it!"

Xia ruofei could not help but laugh when he heard that. He did not have any bias. To put it bluntly, he did not have a loyal team. He liked high – Level teams, whether it was Barcelona or Real Madrid. He also admired top star players like Messi. However, Zhou leiyun's words were very much in line with his temper.

"Director Zhou, we've been talking about soccer for so long. You haven't told me why you're looking for me!" Xia ruofei continued.

Zhou leiyun smiled and said, "of course it has something to do with football!" I would like to ask President Xia and brave army, are you interested in investing in a Football Club? I can give up some of my shares in RCD Espanyol, and everyone can invest some money to play!"

Chapter 2475 Invitation to invest (2)

Zhao Yongjun couldn't help but raise his eyebrows.

Even though he did not know much about football, as Zhou leiyun's friend, he had an impression of the acquisition.

"Brother Zhou, if I remember correctly, you only have about 50% of the shares in that team, right?" Zhao asked.

"That's right. We spent more than 60 million euros and got about 54% of the shares!" Zhou leiyun said with a smile.

Zhao Yongjun couldn't help but ask, "that's just past the holding line! If you give some of your shares away, you won't be able to have absolute control of the company, right? Don't tell me that glory world Corporation is short of money! This isn't funny at all ..."

For the scale of shengshi group, tens of millions of euros was nothing. If the group was in financial difficulties, even if they sold all of the Spanish shares, it would not be enough.

Zhou leiyun chuckled. "We're all on the same side. What's the difference between giving the shares to you and keeping them in my hands?" Besides, we can sign an agreement to act together! If you trust me, you can just give me the voting rights. I can still have absolute control!"

"That's true ..." Zhao Yongjun shrugged, "but I'm not interested in that! I don't know much about football, and after investing in Paradise Club, my funds are a little tight, so I'll forget about investing in a Football Club. You can ask ruofei, this guy is also a small nouveau riche!"

Zhou leiyun himself did not put this small investment project in his heart. He made this suggestion only because he wanted to get closer to Zhao Yong Jun and Xia ruofei, and at the same time, he wanted to mend the rift created by Zhou Yuan.

Hence, Zhou leiyun replied without hesitation, "It doesn't matter if you don't have money for now! I'll give you some dry shares ..."

"Don't!" Zhao Yongjun waved his hand and said, "brother Zhou, I've never done something that's not worth it. I'm really not interested."

Although Zhao Yongjun didn't really watch football, he knew that investing in football was slow and that it needed to continue burning money. Besides, it didn't conform to his principles to take dry shares without investing money, so he firmly rejected it.

Xia ruofei did not show much interest, but since Zhou leiyun was so enthusiastic, he could not reject him directly. He asked, "Director Zhou, how many shares do you plan to sell?"

Zhou leiyun smiled and said, "that will depend on how interested you are, CEO Xia. Since brave army is not interested, we can split it equally. Of course, if you want less, that's fine too. Anyway, we're just throwing in some money to play."

Xia ruofei looked pensive. He did not want to reject Zhou leiyun's suggestion so quickly. He also needed to think about what to say to reject Zhou leiyun's suggestion.

At that moment, Zhou leiyun revealed a mysterious look and said, "President Xia, it's not a bad idea to invest in RCD Espanyol now! We're going to make a big move in the transfer market soon!"

"Oh?" Xia ruofei was also curious. He smiled and asked, "director Zhou, have you taken a fancy to some world – Class star player? Could it be that the Spaniards are planning to do something big at the winter window?"

Zhou leiyun chuckled and said, "I don't have any world – Class star players. My philosophy in running this team is not the kind of money – burning, I still want to play steadily and steadily, and the water flows slowly. However, for China, this transfer might cause as much of a stir as buying a superstar!"

"Is that so?" Xia ruofei raised his eyebrows and said, "so ... CEO Zhou is getting our Chinese players to join the team?"

Since it was not one of those hot superstars who could cause a sensation in China at the same time, the answer was obvious. They were most likely going to bring in a Chinese player!

It must be known that China's football had just experienced the Dark Age, and it could be said that its vitality had been greatly damaged. In the past few years, because some big companies had entered the circle and started a money – burning mode, the popularity of the China League had begun to slowly return. The broadcasting rights of the China Super League had also become more and more hyped up, and everyone's attention to football had naturally increased.

However, those dark years had a long – term impact on Chinese football. The problem of a shortage of football talents was very serious. In recent years, the ability of Chinese players was obviously not as good as the group of players who had entered the World Cup in 2002. It had been a long time since Chinese players had a firm foothold in the five major leagues, not counting those who looked at water bottles and sold cars.

If they could bring in a capable Chinese player and maintain a certain number of appearances, it would undoubtedly cause a stir.

China's football market was quite huge, and the fan base was also coveted by teams in small European countries. If a Chinese player really joined the Spanish team, then the Spanish team could undoubtedly become the LA Liga team with Chinese fans second only to Barcelona and real Madrid.

They might even surpass Barcelona and real Madrid to become the most popular team in La Liga.

It would be a great boost to the team's popularity and subsequent commercial development.

Zhou leiyun smiled and said,"director Xia, you're really quick – witted!" I guessed the main point at once!"

"Director Zhou, can you tell us which Chinese player you're going to bring in?" Xia ruofei asked with great interest.

Before the transfer was completed, everything would be kept a secret. However, Zhou leiyun did not plan to hide it. He said,""You should know about Wu Lei, right?"

Xia ruofei nodded."Of course! He's the best shooter in the Chinese Super League!"

Zhou leiyun laughed and said,"it seems that director Xia has not been watching the Chinese Premier League for a long time. This season, you can remove the word 'local'. It should not be a problem for him to win the title of best shooter in the Chinese Premier League!"

"Oh? Is that so?" Xia ruofei looked surprised."He's in such a good state?" Even those big – Name foreign players can't beat him?"

After the Chinese football Super League started burning money, many of the big star players in their Prime changed teams and came to China. Because of the limited foreign aid quota, teams generally gave priority to bringing in mid – and front – Field players. The efficiency of these players scoring was much higher than that of the local Chinese players.

This also led to many domestic strikers slowly beginning to change their positions. They were either pulled to the side to become assaulters or simply changed to playing in the backfield.

Wu Lei's physical condition was not particularly outstanding, but he was able to stand firm in the front field of a strong player like Lin. This was not easy in itself. No one expected him to be able to beat so many popular star players with an annual salary of more than ten million euros this season and become the best striker in the entire league.

"Yeah!" Zhou leiyun said with a smile. Wu Lei's characteristics were very distinct. He was very agile in running and had a very sensitive sense of smell in front of the door. With so many excellent foreign players feeding him the ball, his scoring efficiency will definitely be much higher!"

Xia ruofei couldn't help but laugh.""His positioning is top – notch, but his last kick seems to be lacking something!"

Wu Lei was often criticized for missing a single – handed ball, especially when he was in the national team. The support from the backfield was not as good as the club 's, so the efficiency of scoring was reduced.

Zhou leiyun also knew that Xia ruofei was teasing Wu Lei about how he often missed a knife ball. He gave a bitter smile and said,""No one is perfect! Even Messi could not guarantee that he would score with a single knife! Besides, the fact that he could lose so many single – Blade attacks meant that his running was amazing! He also has a very keen sense of smell in front of the door. Otherwise, why haven't I seen other people get so many chances to fight alone?"

"That's true ..." Xia ruofei smiled and said, "regardless of whether Wu Lei is a solo player or not, at least among the domestic players, he is really good. Moreover, his characteristics are quite suitable for playing in La Liga! After all, La Liga is more technical. It's not a big problem to be a little worse in physical confrontation!"

"Great minds think alike!" Zhou leiyun said happily.

When Xia ruofei heard that Wu Lei might join RCD Espanyol, he had originally planned to reject Zhou leiyun, but now he was a little tempted.

"Director Zhou," Xia ruofei asked, "can you tell me what's the possibility of this transfer?"

Chapter 2476 Reaching an agreement (1)

Zhou leiyun revealed a confident smile and said, "President Xia, you're not an outsider, so I don't have to hide anything from you. In fact, this transfer is infinitely close to success!"

Zhou leiyun paused for a moment, then continued, "This season, the Shengang club, where Wu Lei is, should have no problem winning the league title. The Shengang club had shown great sincerity to Wu Lei's decision to stay abroad. They were very supportive of it! As for Wu Lei himself, I'm sure he's willing to go to a higher level platform to show off and pursue his dreams!"

"Oh?" Xia ruofei said, "if the club doesn't set up any obstacles, it won't be a big problem."

"Yes, I am!" Zhou leiyun nodded and said, "in fact, Shengang club is indeed very generous. They have also made a lot of concessions in terms of the transfer fee. You know, the transfer fees for domestic players are very high. If we follow the domestic market, no European club will buy our players. In addition, Wu Lei's salary in China was too high. A player of his level would definitely not be able to get that much money in Europe. And if he were to be paid such a high salary, the rest of the team would definitely ask for a raise, and the financial balance that I've been working hard to achieve for the past two years would be broken in an instant."

Xia ruofei laughed and said, "the central Super League is a little prosperous now!" The transfer fees and the players' salaries are all unreasonably high. No wonder so many big – Name star players come to China to make money."

Zhou leiyun nodded and said, "this time, Wu Lei himself is also very eager to facilitate this transfer. He took the initiative to offer a salary reduction. In addition, Shengang club will subsidize Wu Lei's salary. The only condition is that if Wu Lei chooses to return to play after his contract with us expires, Shengang club will have priority under the same conditions."

"This is very sincere!" Xia ruofei smiled and said, "then I'll have to congratulate you in advance, general manager Zhou. If you can't even sign him, then your team can have a change of manager."

Zhou leiyun laughed. "We've basically reached an agreement now. There are still some details that are waiting to be finalized. Next, we'll have to announce it."

Zhou leiyun then asked, "how is it?" President Xia, are you interested in playing football together?"

Xia ruofei thought for a moment and said, "I'm actually quite interested. Is general manager Zhou really willing to part with her?"

"Of course!" Zhou leiyun said happily,"director Xia, I'll give you 25% of the shares! I'll just keep about 30% for myself!"

"No problem!" Xia ruofei said,"just calculate it according to the current valuation. I'll transfer the amount as soon as possible."

Zhou leiyun said nonchalantly,"the Spanish club has not been very popular in the past two years, and their market value has not changed much. You can just give them 30 million euros!" There's no need to calculate so clearly!"

Xia ruofei nodded and smiled."No problem, then I'll take advantage of you!"

Xia ruofei knew that Zhou leiyun would not play any tricks on such an issue. 30 million euros for 25% of the shares was definitely a profit.

Moreover, once the news of Wu Lei joining RCD Espanyol was officially announced, RCD Espanyol's market value would be affected by the huge Chinese market. With such a huge positive factor, it would definitely rise. Even Zhou leiyun's glory World group's stock price would probably rise. At this time, even if they bought RCD Espanyol's shares at market price, it would definitely be a big profit.

Xia ruofei was very clear that Zhou leiyun was trying to be friendly. If he did not take advantage of the situation and insisted on evaluating the market value of the Spanish club and then buying the shares at the actual price, it would seem a little unreasonable. Moreover, the money from the difference was not a big deal to Xia ruofei or Zhou leiyun.

Hence, Xia ruofei agreed to Zhou leiyun's plan without much hesitation.

"By the way, director Zhou, have you sold the team's breast advertisement for the new season?" Xia ruofei asked.

There were still about 15 rounds left before the end of La Liga. This season's chest advertisement must have been decided long ago and could not be changed halfway. Xia ruofei was interested in next season's chest advertisement.

"I haven't!" Zhou leiyun smiled and said,"now this sponsor wants to renew the contract with us, but considering that the team's brand value will be greatly improved after bringing in Wu Lei, we have decided not to talk about the sponsorship contract for the chest advertisement for the time being. Why? Are you interested in it, President Xia?"

Xia ruofei nodded and said,"of course!" If Wu Lei could successfully enter La Liga, it could be imagined that there would be a wave of enthusiasm in China. At that time, the Spanish team's chest advertisement would be very popular! Especially if there's a Chinese advertisement, it will definitely attract the attention of the Chinese audience!"

"No problem! Since you're interested, I'll leave it to you!" Zhou leiyun smiled and said,"the price will be the same as the current sponsorship price. Our sponsorship contract for the chest advertisement had just expired this season. It was signed for five years and a total of ten million euros, which is equivalent to two million euros a year. How does President Xia want to sign it? It's fine to sign for a year, or a few more years. "

Xia ruofei waved his hand and said, "let's sign a contract for a season first!" After Wu Lei joined, the team's influence will definitely increase greatly. I can't take advantage of this! Besides ... Two million euros was definitely low. Three million euros a season, and we have the priority to renew the contract. "

Chapter 2477 Reaching an agreement (2)

"Director Xia, there's no need for that, really ..." Zhou leiyun said after some hesitation.

"Director Zhou, if we're working together, please follow my plan. Otherwise, I don't want this chest advertisement anymore!" Xia ruofei said.

This was a matter of principle. Xia ruofei did not want to go against his principles just to save some money.

The advertisement on the chest of the Jersey was a little different from the previous share transfer.

Those shares were all owned by Zhou leiyun's glory world Corporation. Even if he gave it to his friends for free, no one would say anything about it, let alone giving it to them at a cheaper price.

However, it was different for the Jersey breast advertisement. Zhou leiyun only had 54% of the shares in the club, and the other 40% was owned by others. If Zhou leiyun sold the Jersey breast advertisement at a low price, the other shareholders would also have some objections.

Although Zhou leiyun's shengshi group had absolute control over the Spanish clubs and had absolute authority, it was not a good thing to leave a bad impression.

Besides, Xia ruofei felt that it was worth it to spend three million euros on the chest advertisement for a season. There were 30 to 40 games in a season. Every game would be broadcast live in China and would attract a large number of Chinese viewers. Once again, there were Chinese people in the LA Liga. The Chinese advertisement on the chest of the LA Liga team's Jersey was very eye – catching. The effect of the advertisement was definitely worth three million euros.

Seeing Xia ruofei's firm attitude, Zhou leiyun could only say helplessly, "Alright then! We'll do as you say, President Xia ..."

Zhou leiyun could not help but say, "Actually ... Even if Wu Lei joins, RCD Espanyol is only a mid – tier team in the league after all. A 50% increase in the chest advertisement is still a bit too high. It's not worth it ..."

The seller kept pushing the price down, which was a wonder.

Xia ruofei smiled and said, "it's only three million euros. It's not a big deal. Don't worry about it, director Zhou." Moreover, if Wu Lei performs well in the next few rounds of the league tournament, or if we are a little bolder and Spain enters the European League this season, wouldn't I make a big profit?"

Zhou leiyun forced a smile and said, "European war?" We can't even dream of it. Our team is still struggling to avoid relegation!"

"So miserable?" Xia ruofei said with a smile.

"In fact, the ranking is not bad. There are still five teams behind us. It's just that this year's La Liga is polarized and the points gap between the last dozen teams is very small. Although we are ranked sixth from the bottom, we are only two points away from the relegation zone. It's only a matter of one game." Zhou leiyun laughed bitterly. "And we still have Barcelona, Atletico Madrid, and Sevilla as our opponents ... So this season is very dangerous! If we really get demoted, your three million euros will be wasted!"

Xia ruofei laughed and said, "then let's take a gamble!" Wasn't the martial Ball King joining? The Espanyol will definitely rush up in the last dozen rounds and it's impossible to be relegated!"

"Then I'll count on your blessings!"

"Of course! I'm going to be a shareholder of Spain soon! And he's a major shareholder!" Xia ruofei said with a smile.

"That's true, that's true ..." Zhou leiyun could not help but laugh.

Zhao Yongjun saw the two of them talking and laughing, and he couldn't help but feel envious. He said, "You two nouveau riche, can't you keep a low profile? A poor man like me is right next to you! Can't you consider the feelings of a pauper?"

"Director Zhou said he'd bring you out to play, but you didn't want to!" Xia ruofei said with a smile.

"Yongjun is sticking to his principles." Zhou leiyun smiled and said, "he's always been like this. This is what I admire most about him!"

"Don't flatter me!" Zhao Yongjun said, "now that your business is done, shouldn't you treat me, the witness, to a meal?"

"Sure! There's a ready-made place to eat in our Taoyuan club! Ling's private kitchen, just eat and order whatever you want, just put it on my tab!" Xia ruofei said with a smile.

"You're really good at saving money!" Zhao Yongjun couldn't help but laugh.

The three of them chatted and laughed as they left the lounge. Xia ruofei went to look for Ling Qingxue, Song Wei, and the rest. Zhou leiyun did not leave either. Instead, he gave a call to the person in charge of the legal department in his Corporation and ordered them to quickly draft up the contract for the transfer of shares.

At the same time, he immediately made an overseas call to Spain asked the manager of the Spanish team to prepare a chest advertising contract for next season and send it over by email.

When the manager heard that a Chinese company had bought a season's chest advertisement for three million euros, he was both surprised and happy. This was 50% more than the previous sponsorship contract! He quickly agreed.

At this time, the Spain team had just started work. The club had a dedicated legal counsel, and the template of the sponsorship contract was ready-made. The contract was drafted very quickly and sent to Zhou leiyun's email.

On glory world corporation's side, the legal department had also completed the share transfer contract at the fastest speed possible and had even sent an experienced lawyer to the Paradise society.

.....

Paradise club's mini golf course.

Xia ruofei and the rest were there to experience golf.

Song Rui stood in front of the golf ball with the club. After a few strokes, he swung the club high. With a "clang", the White golf ball immediately flew high up.

However, song Rui didn't control his strength very well. What was worse was that his judgment of the wind direction and wind power had a big deviation. After he threw the pole, he knew that he had missed it, and it was a little too far off.

Sure enough, the White golf ball eventually landed in a sand pit on the side. It was the complete opposite of song Rui's original plan.

In the end, it took song Rui seven golf balls to put the four holes in the hole.

Xia ruofei walked to the starting point and looked at the hole from afar. He raised the cue and closed one eye as if he was aiming. After looking for a while, he extended his thumb to measure the distance.

Song Rui, who was depressed, couldn't help but say, "Are you still fighting?"

"Of course, how can we not fight?" Xia ruofei chuckled and asked, "by the way, how many shots have you lost to me?"

Song Rui couldn't help but sneer and said, "Song Wei is calculating! You won't be left out!"

"10000 Yuan for one?" Xia ruofei smiled and asked, "let me confirm!"

"Ten thousand dollars!" Song Rui's face turned even uglier. He felt his heart ache at the thought of the Number of poles he was behind.

How long had it been? He was already so far behind.

Xia ruofei even said that he had never played golf before and that his swing posture at the start was not very standard. However, after a few shots, he became like a professional athlete.

No! He was even more perverted than a professional golf player. No matter how he played, he would get it ...

I don't believe you! He actually thought that he was a rookie!

This bad old man is really evil!

Xia ruofei chuckled and asked, "By the way, Xiao Rui, I really don't know much about golf. I made the three – hole hole in one go. You said it was called an Eagle ball? This was a hole in four, but what about a hole in one? What should it be called?"

“You’re thinking too much, aren’t you?” song Rui said with an exaggerated expression. You want to get a hole in one after four holes? Do you really think you’re a god?”

Xia ruofei smiled and swung the club.

With a bang, the golf ball flew high into the air and accurately flew toward the small hole in the distance where the flag was inserted. After landing, it jumped a few times on the grass and then slowly rolled toward the hole ...

The return point for the level four hole was actually quite far from the hole. It was impossible to see it clearly from where they were standing. However, song Rui could roughly see that the golf ball landed quite accurately. Even if it was not a hole in one, with Xia ruofei’s fiery hand, he could easily push the golf ball in with a push rod.

Song Rui could not help but feel speechless ...

Chapter 2478 Signing the contract (1)

Xia ruofei and song Rui came to play golf for leisure. So after hitting the ball, they chatted as they walked towards the hole.

Ling Qingxue, Song Wei, and Zhuo Yiyi were also with them.

With the blue sky and white clouds that were rare in the capital above his head and the green grass beneath his feet, Xia ruofei was naturally in a very pleasant mood with three beautiful women by his side.

Song Rui, on the other hand, was not in the mood to appreciate the beautiful scenery. He was still counting how many shots he had lost after this hole ...

After a while, the group arrived at the ball hole.

Song Rui still looked around with a trace of hope and muttered to himself, “Where’s the ball?”

Xia ruofei went straight to the hole and pointed at the golf ball lying quietly in the hole. He said, “Xiao Rui, can you tell me what a hole – in – one for a four – hole is called now?”

Song Rui’s face was full of disbelief. He took a few quick steps to the ball hole.

When he saw the golf ball in the hole, he could not help but mumble, “You really didn’t cheat?”

Xia ruofei shrugged. “You were right beside me when I hit the ball. How could I cheat?”

Song Wei and Ling Qingxue looked at each other and laughed at the same time.

Song Rui didn’t understand the situation, but Song Wei and Ling Qingxue, who were also cultivators, knew what was going on.

With Xia ruofei’s cultivation at refined Qi level 9, his control of his strength had long reached the level of fine control. In addition to the help of his mental power, the golf ball he hit was like a precisely – guided missile, hitting wherever he pointed.

If Xia ruofei had not mastered the key movements of golf at the beginning, there would be some deviations when he struck the ball. However, after a few rounds of adjustment, he would still be able to hit the ball. Not to mention that song Rui's level was only relatively good among the amateurs, even a professional golf would lose to Xia ruofei!

Song Rui could not figure it out. However, he had seen Xia ruofei hit the ball violently and then made a hole in one with his own eyes. He had to believe it.

In the end, song Rui looked bitter and said unwillingly, "The hole – in – one of the four holes is called albatross ..."

At this moment, Zhuo Yiyi came forward and teased, "Song xiaorui, where's my Swarovski?"

During the visit to the Paradise gathering in the morning, song Rui had bragged that he would compete with Xia ruofei in golf. If he won the money, he would buy a crystal necklace for Zhuo Yiyi. He even claimed that he would split the land with the rich.

He didn't expect that he would be smacked by the tycoon instead ...

Xia ruofei couldn't help but laugh. "Yiyi, Xiao Rui is about to go bankrupt. I don't think the crystal necklace is going to work anymore. I won quite a lot today, so why don't I give you one?"

"Hey! A warrior can be killed but not humiliated!" Song Rui called out from the side.

"What if I write off today's gambling debt?" Xia ruofei asked with a smile.

"Then you can insult me however you want!" Song Rui said without thinking.

He closed his eyes and let Xia ruofei humiliate him.

Ling Qingxue and the other two couldn't help but laugh.

They knew that Xia ruofei and song Rui were not really gambling. Even if song Rui was not as rich as Xia ruofei, tens of thousands of Yuan was not a big sum. Song Rui was just playing around.

At this moment, an electric car drove over from afar. Zhao Yongjun jumped out and said, "Ruofei, director Zhou's legal counsel is here. He's asking you to sign the contract!"

Xia ruofei smiled. "Brother Zhao, you can just make a phone call. Why did you have to come personally?"

Zhao Yongjun laughed. "I also wanted to come out for some fresh air. It's so tiring to entertain people in the club!"

That was what Zhao Yongjun said, but he was actually happy to do so. On the first day of the club's opening, the members who were not short of money were already spending all kinds of things, and the momentum was quite good.

Even the Ling's private kitchen was extremely busy. The northern market of the Ling's private kitchen was basically still empty. The famous 'Buddha Jumps Over the Wall' in the southeast was basically the first time it entered the sights of the upper – Class circle in Beijing. After everyone had tried it, they were full of praise. Therefore, even though they had just finished lunch, there were still many members who

went to order 'Buddha Jumps Over the Wall' and prepared to pack it back. There were also people who made reservations for tonight's dinner and were prepared to invite their friends there.

It was a good thing that Ling Qingxue had asked senior brother Wu to prepare enough ingredients in advance. Otherwise, they really wouldn't have been able to handle it.

The steadily rising sales volume meant high profits. The Paradise Club, which mainly focused on high – end products, had a shocking price tag. Whether it was food or entertainment, the profit margin was shockingly large.

Profits were one thing, but what made Zhao Yongjun even more pleased was the connections that the Paradise Club had gathered. With their high – Quality service and Zhao Yongjun's background, people in the upper – Class circle would definitely go after them like ducks. After a long time, it would form a virtuous cycle, and the influence of the Paradise Club would naturally rise day by day.

Everything was going according to everyone's initial expectations. In fact, it had even exceeded everyone's expectations.

So even though Zhao Yongjun and the others said they were tired, they were actually very happy.

Xia ruofei smiled and said, "director Zhou is so efficient!" Could it be that he's afraid that I'll go back on my word?"

"Brother Zhou is also trying to make friends with you," Zhao Yongjun said. "He's very sincere. " Regarding Zhou Yuan's matter ... I should let him off the hook! It's not easy for brother Zhou to have such a good – for – nothing nephew ..."

Chapter 2479 Signing the contract (2)

Xia ruofei waved his hand and said, "brother Zhao, I, Xia ruofei, am not that stingy."

"Hahaha! That's good!" Zhao Yongjun laughed.

Zhao Yong Jun and Zhou leiyun had a very good personal relationship. If Xia ruofei were to have a conflict with Zhou leiyun because of Zhou Yuan's offense, it would be very difficult for him to be caught in the middle.

After song Rui heard this, he couldn't help but say, ""In my opinion, this little brat Zhou Yuan really needs to be taught a lesson! If I was there, I would have given him a good slap!"

He had already heard from Zhuo Yiyi about what had happened before the cold dinner party. Hitting on a beautiful lady was nothing, as everyone loved beauty. However, that kind of blatant use of money was very disgusting, especially when Zhou Yuan's target of money was Song Wei. This kind of behavior was extremely laughable, and it also made song Rui feel that this was an insult to the song family. After all, Song Wei was also considered a member of the song family.

Zhao Yong Jun said nonchalantly, "Zhou Yuan is always like this. This time, brother Zhou will definitely teach him a good lesson."

In fact, Zhao Yong Jun was only a few years older than Zhou Yuan, but he was of the same generation as Zhou Lei Yun, and his status was much higher than Zhou Yuan 's, so his words did not sound like he was speaking like an old man.

Zhao Yongjun continued,"ruofei, you can take the battery – powered cart there!" I'm also itching to play a few more rounds with Xiao Rui!"

Song Rui was speechless. He waved his hand and said,""I don't want to play anymore ... You can play by yourself!"

"What's wrong?"Zhao Yongjun asked, surprised.

"Big brother Zhao," Zhuo Yiyi chuckled,"song xiaorui must be scared of being tortured. I don't think he'll play golf anymore ..."

"Hey! Yiyi, which side are you from?" Song Rui called out in dissatisfaction.

Zhuo Yiyi blinked her eyes and said,""I'm just stating a fact!"

Zhao Yongjun saw this and couldn't help but laugh,""I didn't expect RUO Fei to be an expert! If there's a chance, I'll have a taste of it!"

Song Rui's eyes lit up and he said,""Don't get a chance! Let's see it now! Zhou leiyun can just wait for a while. What's the rush in signing the contract?"

Xia ruofei did not know whether to laugh or cry."Xiao Rui," he said."Do you really want to drag someone down with you?"

Zhao Yongjun also laughed,"stop it!" We're the hosts of the peach blossom gathering, it's not good to make them wait too long. RUO Fei, don't listen to Xiao Rui's jesting. Hurry over first!"

"Alright!" Xia ruofei said,"you guys have fun. I'll go over first!"

Xia ruofei returned to the main building of the peach blossom Association in his electric car. He quickly met Zhou leiyun and the legal counsel of glory world Corporation in the guest room.

"Director Xia, I've already prepared the contract!" Zhou leiyun said enthusiastically.

"Alright! I'll take a look!" Xia ruofei said with a smile.

Zhou leiyun gestured for the legal counsel to hand the printed draft of the contract to Xia ruofei. There were two copies in total. One was glory world corporation's transfer of shares to Espanyol, and the other was the sponsorship contract for the advertisements on the Espanyol club's chest.

"President Xia, do you want to get your company's legal staff to come over and take a look?" Zhou leiyun asked.

Xia ruofei smiled and waved his hand,"how can I not trust you?" I'll just look at the terms myself!"

He knew very well that Zhou leiyun would definitely not, and would definitely not dare to play any tricks on the contract.

Even if Zhou leiyun really did plot against Xia ruofei, Xia ruofei had absolute confidence that he would make Zhou leiyun pay a hundred times the price.

Xia ruofei was confident of his absolute strength.

He quickly read through the two contracts, then nodded and said, ""No problem, it's very rigorous! If director Zhou doesn't have any more questions, we can sign the contract now!"

Although Xia ruofei could read very quickly and looked like he had only skimmed through it once, in reality, with his current cultivation, even if he did not have a photographic memory, he could basically read the entire page with just a glance. He could even read it better than an ordinary person who read it word by word.

Even if Xia ruofei was not a law major, he could still see the obvious problems in the contract.

"That's great!" Zhou leiyun said happily.

He turned around and instructed his legal counsel to print out the formal contract on the spot.

Xia ruofei said, "director Zhou, I'll transfer the 30 million euros for the shares to your company's account later today." The sponsorship fee for the chest advertisement has to be transferred from my company's account to the club's account. It will be a little later, but it will be received by tomorrow at the latest. Also ... This sponsorship contract will be signed with my company's seal, so you have to leave me two copies after you sign it."

Xia ruofei did not intend to use his own savings to sponsor the chest advertisement. He just had to use the company's account. Three million euros was equivalent to more than 30 million Chinese dollars. Paradise Corporation had abundant cash flow now, so this amount was not considered too big.

Moreover, the advertising sponsorship fee was signed in the name of the Paradise Corporation and the Spanish football club. The company's official seal must be in the Sanshan Corporation, and Xia ruofei could not possibly travel around the world with the company's official seal.

As for the transfer of shares, it was simple because these shares were owned by Xia ruofei. He only needed to sign and seal it.

"No problem! No problem!" Zhou leiyun said.

Soon, the contract was printed out. There were two contracts, and each one was in two copies.

Xia ruofei quickly flipped through it and signed his name.

In just a short while, a business that was equivalent to more than 300 million Chinese dollars was completed in a low – Profile manner in this reception room of the Paradise gathering.

Zhou leiyun and Xia ruofei did not plan to hold any press conference or hold a public signing ceremony. Zhou leiyun did not want the outside world to interpret his "dumping" of Spanish club shares in any way, or even affect glory world corporation's stock price. On the other hand, Xia ruofei simply didn't want to cause any trouble or increase his exposure.

After signing the contract, Xia ruofei and Zhou leiyun signed the agreement to act as one. He promised that he would not interfere with the club's operations and would follow Zhou leiyun's opinion on the matters of the club.

In fact, Xia ruofei was afraid of trouble. He did not even care about his own company's Affairs if he could. He was happy to be a hands – off manager. Investing in a Football Club was just for fun. Why would he interfere with the club's operation for no reason?

Xia ruofei shook Zhou leiyun's hand and smiled."President Zhou, I wish us a happy cooperation!"

"Happy cooperation!" Zhou leiyun said happily,"Wu Lei's contract should be finalized within a week. He will be able to go to Spain within ten days at the earliest. If there are no problems with the medical examination, we will hold a signing ceremony at our home stadium, El prate. President Xia, if you have time, we can go to Spain for a few days! If Wu Lei is in good form, he might be able to play in the next round of the league!"

Xia ruofei had never watched a game live before. He did not have the financial ability to do so in the past, and he did not have the conditions to go out to watch a game when he was in the Army. Later, after the peach blossom company was established, the number of times he watched the live broadcast on TV was very few, let alone taking time to watch the game live. He had no time at all.

After hearing Zhou leiyun's words, Xia ruofei was slightly tempted. He said,"We'll see when the time comes! If you have time, it's not a bad idea to go to Spain. I heard that the weather there is not bad ..."

"Alright! I'll let you know the progress of the transfer as soon as possible!" Zhou leiyun said,"you're a major shareholder of the club now! Hahaha ..."

"Shouldn't we have a drink at this time?" Xia ruofei said with a smile.

"I think this is a good suggestion!" Zhou leiyun chuckled and said,"I heard that the Paradise gathering has a lot of good wine ..."

Chapter 2480 When the water flows, the canal is formed (1)

Xia ruofei personally went to get a bottle of Semillon white wine and opened it. This was naturally the wine he had brewed in the space. Although the wine from West Winery was not as well – known as Lafite and Matthus, this bottle of Semillon had made Zhou leiyun, who had tasted countless famous wines, praise it endlessly.

This was not just a courtesy. Zhou leiyun was truly amazed by the unique taste of this bottle of Semillon. He could not help but ask Xia ruofei about this bottle of wine.

When Zhou leiyun found out that Xia ruofei had bought these from a winery in Australia, he immediately expressed his desire to order a batch. Even though Xia ruofei had said that the bottle he had just opened was a small amount of premium quality and that the quality of the Semillon sold by the West Winery was not that high, Zhou leiyun still did not change his mind and insisted on placing an order.

Xia ruofei had no choice but to give Zhou leiyun the contact information of West Winery.

After signing the contract, the busy Zhou lei Yun left. Before he left, he once again sent an invitation to Xia ruo fei. Xia ruo fei also said that if time allowed, he would definitely go to Spain before Wu Lei's signing ceremony. After all, there were some procedures to be completed for the change of shares.

After Zhou lei Yun left, Xia ruo fei didn't stay in Taoyuan club for long. He found Zhao Yongjun and the others who were still playing golf at the mini golf course and bade them farewell as he prepared to return to the courtyard house.

Ling Qingxue said, "ruo fei, you can go back first!" It'll be very busy at the private restaurant at night, so I have to help senior brother Wu keep an eye on it. "

The Ling's private KITCHEN IN PARADISE Club was the first step for Ling's restaurant to enter the northern market. Ling Xiaotian and Ling Qingxue both placed a lot of importance on it. The members of Paradise Club were all outstanding people in the upper – Class circle of the capital city. They could be said to be rich and Noble. If they could create a good reputation here, it would have a very positive effect on the layout of Ling's restaurant in the northern market.

It was the first day of business, and they had already received a lot of reservations, so Ling Qingxue was a little worried and wanted to keep an eye on it personally. After a period of operation, everything would be on the right track, and the staff would gradually adapt. She would not need to be so tired then.

Xia ruo fei nodded and agreed. When I get home, I'll ask Wu Qiang to drive the car over and wait for you. I'll pick you up then. "

Zhao Yongjun smiled and said, "ruo fei, there's no need to go through so much trouble!" Did the club still lack cars? Don't worry, sister – in – Law won't suffer here. No matter how late it is, we'll arrange a car to send her back!"

"That's right!" Song Rui also said. You can just go!"

"That works too!" Xia ruo fei smiled and said, "brother Zhao, Xiao Rui, please take care of Qingxue here. If anything happens, call me immediately."

Xia ruo fei was mainly worried that a beauty like Ling Qingxue would attract a lot of men. After all, those who could spend money in the Paradise Club were definitely not weak. Ling Qingxue might not be able to handle it.

Zhao Yongjun laughed and said, "don't worry!" Who would dare to cause trouble in the peach blossom Association?"

"Unless he's tired of living!" Song Rui immediately added.

"That's true. " Xia ruo fei nodded.

"Ruo fei, I'll stay here with Qingxue ..." Song Wei said.

Ling Qingxue immediately replied, "Wei Wei, I don't need your company!" You can go back with RUO Fei! I might be working late ..."

As soon as Ling Qingxue finished speaking, Zhao Yongjun, Song Rui, and Zhuo Yiyi's gazes fell on Xia ruofei and Song Wei, all of them looking thoughtful.

Xia ruofei quickly said, "don't get the wrong idea!" Weiwei came over with Qingxue. Her luggage is still at my house! Before she goes back to school, she has to come to my place first!"

"I understand ... I understand ..." Song Rui said with a smile. He looked at Xia ruofei with a hint of mockery and ... Deep envy.

Xia ruofei felt a little guilty. He knew that it would only make things worse if he tried to explain. It would be easier to avoid suspicion if he remained calm. After all, Ling Qingxue, his girlfriend, was also present!

Hence, Xia ruofei waved his hand and said, "I can't be bothered to talk to you people with impure thoughts! I'm leaving! Wei Wei, come back with me! Didn't you say that you like the environment of Siheyuan? Then stay for a few more days before going to school!"

After that, Xia ruofei glanced at Song Rui and pretended to be nonchalant.

Song Rui and Zhuo Yiyi looked at each other. They were a little shaken. Actually, they could feel that Song Wei was looking at Xia ruofei with an unusual gaze. As Song Wei's best friend, Zhuo Yiyi knew Song Wei quite well, so she was more sensitive. However, Xia ruofei looked as if he had a clear conscience. Most importantly, Ling Qingxue was also present. After thinking about it, he felt that his guess was too ridiculous.

Song Wei's heart was beating like a deer in the headlights. She was so embarrassed that she did not even dare to look at everyone. After hearing Xia ruofei's words, she made up her mind and quickly nodded her head. Then, she followed Xia ruofei and left.

Song Rui looked at their backs and then at Ling Qingxue. He shrugged and said, "Brother Zhao, let's continue! I've only won two rounds, it's not enough!"

Zhao Yongjun laughed and scolded, "you lost to ruofei by a large margin, and now you're trying to get back your presence on me!" This bro is not going to serve you! Let's go, let's go, I'm going to take a look at the club too!"
