

God tier Farm 2481

Chapter 2481 When the water flows, a channel is formed (2)

"I'm going to check on senior brother Wu and the others. Xiao Rui, you can play with Yiyi for a while longer!" Ling Qingxue said with a smile.

Zhuo Yiyi rolled her eyes at song Rui and said, "I don't want to play with him! Sister Qingxue, I'll go with you to the private restaurant!"

Therefore, in the blink of an eye, everyone left, Leaving Song Rui holding the cue stick in a mess.

Song Rui was stunned for a while before he shouted, "Hey! Wait for me! If all of them leave, I'm not playing with air! Yiyi, don't be so heartless as to leave me behind ..."

.....

The Elfa van was driving smoothly on the road back to the Urban area.

Xia ruofei and Song Wei sat in the most comfortable seats in the middle row. Song Wei's face was still red.

At this time, the glass partition had already been raised, so Wu Qiang, who was in the front driving area, could not hear their conversation.

"Ruofei, do you think brother Zhao and uncle song Rui have noticed something?" Song Wei asked nervously.

Xia ruofei said nonchalantly, "you really think they're super detectives?" And even if they did see something, they would definitely not go out and gossip! They knew the severity of this! Don't worry!"

Song Rui and Zhao Yongjun were Xia ruofei's best friends. Even if they knew that Xia ruofei had an affair with Song Wei, they would not spread the news. Instead, they would help Xia ruofei keep this secret.

"That means ... They really found out?" Song Wei asked, worried.

Xia ruofei laughed and said, "Weiwei, it's just an assumption ... Don't worry!" By the way ... Did you just say 'brother Zhao' and 'uncle song Rui'? The seniority is really messy ..."

Song Wei couldn't help but burst out laughing and said, "It's true! You're with me, so you should call song Rui uncle!"

"In his dreams!" Xia ruofei immediately said, "let's see if Xiao Rui dares to let me call him uncle when we really publicize our relationship in the future! I dare to call him, but he doesn't dare to answer! Do you believe me?"

Song Wei's eyes were a little dazed as she mumbled, "Will our relationship ... Really be made public one day?"

Xia ruofei went over and hugged Song Wei's shoulder. He said softly, "There must be ... We are cultivators. What kind of danger can stop us?"

"Yeah!" Song Wei nodded. I believe you ..."

Xia ruofei smiled."Let's not talk about this. Qingxue reminded me yesterday. We should find a suitable martial art for uncle song as soon as possible!"

"Ah?" Song Wei turned to look at Xia ruofei in surprise.

Xia ruofei smiled."It's a blessing in disguise for uncle song. His body is more suitable for cultivation now. We can't waste it!" Moreover, regardless of how much he could achieve if he started cultivating at this age, at least his body would be better after cultivating! Isn't it good to live a long life?"

"Of course it's good!" Song Wei said,"but ... It's not that easy to find a cultivation technique, right?"

Xia ruofei chuckled,"to other cultivators, martial arts techniques might be more precious than anything else, but I'm different!" I know quite a few cultivation techniques, but the problem now is that I don't know which one is the most suitable for uncle song. I'm just having a problem with choosing!"

"You're bragging!" Song Wei laughed.

Song Wei and Ling Qingxue did not know the secret of the spirit map space, nor did they know that Xia ruofei was not lying. He had obtained a lot of techniques from the Jade talisman of inheritance. Although these techniques could not be compared to the "great Dao technique", and were even slightly inferior to the "absolute beginning Heart Sutra", any one of them could cause a crazy fight in the current cultivation world of Huaxia.

After all, the world of cultivation had declined and cultivation resources were scarce. Most of the cultivation techniques that Xia ruofei had obtained from the inheritance talisman could be used to maintain his cultivation to the nascent Soul Stage or even higher. These kinds of cultivation techniques were very rare in the cultivation world of Huaxia. Even if there were, most of them were incomplete.

Xia ruofei didn't explain much and just said,""Anyway, I'll choose a cultivation technique that suits uncle song the most. However ... How to tell him about it is still a problem!"

Song Qiming had received a materialistic education since he was young. He was now a high – ranking official in the system. It was not easy to make him believe in cultivation.

Xia ruofei continued,"let's not think too much!" Anyway, there would always be a way out when they reached the mountain! If I can 't, I'll show you the magical means of a cultivator on the spot!"

"My dad will definitely think that it's a magic trick!" Song Wei laughed.

Xia ruofei leaned back in his chair dejectedly and smiled bitterly."That's possible ... Forget it, I'll just take it one step at a time! Uncle song must be able to feel the spiritual Qi in the air now. It's just that he doesn't have a cultivation technique, so he can't absorb spiritual Qi on his own! When the time comes, I'll help him guide him and let him experience that magical feeling for himself. He won't think that it's a smokescreen, right?"

"En!" Song Wei nodded her head and said,"thank you, ruofei!"

"Silly girl! You're not allowed to be so formal between us!" Xia ruofei said as he flicked Song Wei's nose lovingly.

After the car returned to the courtyard house, Wu Qiang asked Xia ruofei if she wanted to go back to Tao Yuan Association to wait for Ling Qingxue.

Xia ruofei waved his hand and said, "no need. The club will send a car to send Qingxue back." Wu Qiang, you've also been tired for most of the day, go and rest first! I'll call you if I need anything. In addition ... If there's nothing particularly important, no one is allowed to enter my courtyard in the afternoon. "

"Okay, boss!" Wu Qiang bowed and replied.

Wu Qiang kept his mouth shut. He would never ask about things that he should not ask. He would always carry out Xia ruofei's orders without hesitation.

Xia ruofei brought Song Wei back to the master's courtyard. They each went back to their rooms to take a shower. Then, the two of them spent the afternoon cultivating in Xia ruofei's room.

Song Wei had just broken through and her main task now was to consolidate her cultivation.

They didn't cultivate for a long time. After two days in the time formation, they stopped.

When they left the array, only twenty to thirty minutes had passed in the outside world.

Song Wei strode out and prepared to return to her guest room.

Xia ruofei gently held her hand and said, ""Wei Wei, don't go back ..."

Song Wei's delicate body trembled slightly. She turned around and saw Xia ruofei's passionate eyes. She could not help but tremble.

She avoided Xia ruofei's gaze and lowered her head. "RUO Fei, Qingxue and I have already made a promise ..."

"Qingxue has already accepted it completely." Xia ruofei said, "and ... She broke your promise first. You knew about it, didn't you?"

In the morning, when Ling Qingxue sneaked back to her room, Song Wei had already seen it, but she pretended not to know. But how could Xia ruofei not know? His mental power was enough to cover the entire courtyard house.

Song Wei's eyes became even more flustered. Her breathing became rapid as she said, "She's different, she's your girlfriend ..."

"There's nothing different. " Xia ruofei said, "Weiwei, since we're already together, why do you have to suppress your true feelings?"

In fact, when Xia ruofei and Song Wei were cultivating the spirit body, they had already experienced love. This kind of experience was even more intense than the intimate contact in the outside world. It was a feeling that made one's soul tremble.

However, Xia ruofei still felt that he had to give Song Wei a proper explanation. Otherwise, it would be too unfair to her.

Of course, this was all based on Song Wei's own willingness to do so. It would be a matter of time. Otherwise, it would be difficult for them to get to that point.

Song Wei's current situation was obviously not like that. She was just feeling a little depressed because of Ling Qingxue.

After Xia ruofei finished his sentence, he pulled Song Wei into his arms before she could say anything ...

Chapter 2482 Another piece of good news (1)

When she returned to the guest room with a flushed face, Song Wei felt as if she was floating in the clouds, or in a dream.

However, the strange feeling that remained in his body was very real.

This was different from the previous spirit and body combined cultivation. Although the contact between the soul and the body during the spirit and body combined cultivation was hard to erase, this intimate contact was different.

Song Wei touched her burning face and unconsciously, a bright smile bloomed on her face ...

She had been hiding in her guest room and did not even go out for dinner. Now that she saw Xia ruofei, she could not help but blush and her heart beat faster. In the end, it was Xia ruofei who asked Wu Qiang's girlfriend, Xia Xiaolan, to send dinner to Song Wei's room.

Even when Ling Qingxue returned to the courtyard house at night, Song Wei did not leave her room.

When Ling Qingxue returned, it was around Teno' clock. She went to Xia ruofei's room first, lay down on the sofa, and said, ""I'm so tired today ... Ruofei, get me some water!"

Xia ruofei chuckled as he walked to the water dispenser, filled a cup of water, and handed it to Ling Qingxue. He said, ""Did today go smoothly? How's the situation at Ling Ji's private kitchen?"

Ling Qingxue took a few sips of water and said, ""At least nothing went wrong. All the private rooms in the private restaurant are full tonight. Senior brother Wu did his best. Fortunately, we prepared enough ingredients in advance. In general, the guests are very satisfied and are full of praise for our signature dishes!"

"That's good! Everything is difficult at the beginning, so the first shot has already been fired. Ling's reputation in Beijing's upper – Class circle is slowly rising. " Xia ruofei smiled and said, "it will be much easier for Ling Ji to enter the northern market in the future. But ... The more you do this, the busier you'll be! I really don't know if it's a good thing or a bad thing!"

Ling Qingxue rolled her eyes at Xia ruofei and said, "Are you hoping that our family's business won't do well? Of course, it was a good thing! In our company, my dad is also looking for a suitable professional manager. In addition, he's also focusing on training a few senior brothers. In the future, I don't have to do things by myself like now!"

Then, Ling Qingxue looked out the window at the courtyard and asked in surprise, ""Wei Wei, you're going to bed so early?"

Xia ruofei said unnaturally, ""She went back to her room after dinner. Maybe she's a little tired!"

Ling Qingxue didn't think too much about it. She stretched and said, ""I'm tired too ... No, I need to take a bath here and relax ... Help me fill the tub! I'll go back to my room and get my clothes!"

"Yes, sir!" Xia ruofei replied with a smile.

He filled the jacuzzi in the bathroom and tested the water temperature.

Ling Qingxue quickly came in with her loungewear and went straight to the bathroom to take a bath.

The two of them chatted idly through the bathroom door. Ling Qingxue kept talking about what had happened at the Paradise gathering today. It was obvious that she was in a good mood because Ling Ji's private kitchen had gotten off to a good start.

After Ling Qingxue was done with her bath, she did not wait for Xia ruofei to speak and said, ""Don't even think about it! You've caused me so much trouble yesterday! I'll go back to my room to sleep tonight ..."

"I haven't even said anything ..." Xia ruofei said, not knowing whether to laugh or cry.

"So, you don't need to say anything ..." Ling Qingxue chuckled.

Then, without waiting for Xia ruofei to react, she carried the clothes she had changed out of and ran out of Xia ruofei's house.

"I didn't plan to let you stay the night ..." Xia ruofei muttered to himself with a bitter smile. "I've exhausted myself in the afternoon. I'd better rest and conserve my energy tonight!"

After that, Xia ruofei went to the bathroom and took a hot bath in the bathtub that still had a faint fragrance. Then, he went straight to the bedroom to rest.

.....

In the next few days, Xia ruofei stayed at home except for one follow – up visit to elder Liu.

Ling Qingxue would still go to the Taoyuan club every day, but she didn't stay there until 10 pm like the first day. She would basically have lunch at the Taoyuan club, then stay for a while before returning to the courtyard house in the afternoon.

Song Wei did not mention that she wanted to go back to school. The three of them lived in the master's courtyard in the middle of liuhai Lane, maintaining their own tacit understanding.

Ling Qingxue and Song Wei both knew that Xia ruofei and the other were not just cultivating in the house. However, they did not point it out. The three of them maintained a delicate balance.

On the fifth day, Ling Qingxue decided to return to the three mountains. The Ling's private kitchen of the Xuanji peach blossom gathering was basically on the right track. With the experienced senior brother Wu here, she could basically rest easy.

When she heard that Ling Qingxue was leaving, Song Wei immediately told her that she should return to school.

Xia ruofei was already mentally prepared for this. This was probably a tacit understanding between Ling Qingxue and Song Wei.

Hence, he informed the flight crew to apply for a flight route one day in advance. The next morning, he and Song Wei sent Ling Qingxue to the public jet named paradise. On the way back, they sent Song Wei to Capital University.

When they returned to the courtyard in liuhai Lane, Xia ruofei suddenly felt a little uncomfortable.

For the past few days, he had been accompanied by two beautiful women. His ears were also filled with Song Wei and Ling Qingxue's crisp laughter. Now that the two of them had left, Xia ruofei suddenly felt that the courtyard was too quiet.

Chapter 2483 Another piece of good news (2)

He felt a little bored after staying for a while, so he asked Wu Qiang to drive him to the Paradise gathering.

Xia ruofei's Toyota Elfa was very recognizable. The security guards of the Paradise Association were very familiar with it. Hence, when the car arrived at the entrance of the Association, the security guards immediately let it through.

Zhao Yongjun wasn't in the club today. Song Rui and Hou Liang had been staying in the club for the past few days. The environment here was very good, and there was a formation to gather spirit Qi. It was quite comfortable to stay in the club.

Zhao Yongjun also had other businesses, but he would come to the Paradise society whenever he had time.

The shareholders had reserved rooms that were not open to the public. No matter when they came, they would have a place to stay.

As for the small villa by the lake, it was reserved for Xia ruofei. No one was allowed to enter it.

As soon as Xia ruofei walked into the main hall of the peach blossom society's main building, song Rui and the others, who had been informed by the security guard at the entrance, came out to welcome him.

"What a rare guest! President Xia, how come you're so free today to take care of my business?" Song Rui exclaimed exaggeratedly.

Xia ruofei glanced at him and said, ""Stop mocking me! Otherwise, I'm going to ask you for your gambling debt! Or ... Let's play a few more rounds of golf?"

Song Rui immediately shrank his neck and said, ""You can't do this!"

Hou Liang, Xu Zixuan, and the others couldn't help but laugh. Hou Liang stepped forward and asked, "Brother Xia, what do you want to play today?"

"So you have everything here?" Xia ruofei teased.

“Although it’s not too accurate, it’s about the same!” Xu Zixuan grinned and said, “although our Paradise Club has only been open for five to six days, it has already spread in the circle. Our reputation is simply explosive!”

“Look at you guys!” Song Rui said, “this is just the beginning, okay? You’re already so excited over such a small situation. What about the future?”

Xu Zi Xuan said weakly, “brother Rui, who was the one who looked at the Paradise gathering’s single day flowing water and couldn’t stop smiling?.”

Xia ruofei burst into laughter. He patted song Rui’s shoulder and said, “The pot calling the kettle black. That’s you, Xiao Rui!”

After being exposed by Xu Zixuan, song Rui couldn’t help but feel a little embarrassed and angry. He said, “Xuan Zi, you’re cutting yourself off from the people! Is this the attitude a small shareholder should have? Ah?”

Xu Zi Xuan hurriedly raised his hands and begged for mercy: “Brother Rui, I was wrong! I won’t dare to do it again ... Even if you drool at flowing water, I won’t dare to go out and say anything!”

“Hahaha!”

Everyone was convulsing with laughter.

After some small talk, Xia ruofei and the rest went upstairs to book a private room. They asked the waiter to bring some peanuts, melon seeds, and a plate of fruit over. Then, they took a few bottles of beer. The few of them drank and chatted. The atmosphere was quite lively.

Xia ruofei clinked his bottle with song Rui’s and took a big gulp of beer. Then, he said, “Xiao Rui, liangzi, I still have to give you a warning. Our paradise society’s current momentum is very good, so you must not make a wrong decision in a moment of hot – headedness! Who knew how many pairs of eyes were staring at this place! If something goes wrong, it won’t just be a loss of money, it might even affect the family. ”

“Ruofei, don’t worry!” It was rare that song Rui did not argue with Xia ruofei. He said seriously, “I can still distinguish right from wrong! In the Paradise gathering, there are a lot of entertainment items, but there are two things that we absolutely don’t touch. One is women’s lust, and the other is drugs. Those young models and internet celebrities, if they have the ability, they can come in with the members. We don’t care, but we definitely won’t provide such services ourselves. ”

Song Rui paused for a moment before he continued, “And then there’s drugs. We definitely won’t get involved in this business. Not only that, but the entire club is also under strict surveillance. We definitely won’t allow members to bring those things in. Whether it’s ice cream or weed, they can do whatever they want outside. In any case, once they enter the door of Paradise Club, these things must be put an end to!”

Xia ruofei nodded approvingly and said, “Well done! This rule should be established! He couldn’t leave any room for gossip! The conditions of the peach Garden party are unique, and we don’t need those crooked ways. We can already have a very good development by relying on the upright business!”

Song Rui, Hou Liang, Xu Zixuan, and the others all nodded in agreement.

In fact, before the opening of the Paradise gathering, everyone had already formed a consensus and thought so. However, Xia ruofei saw that the Paradise gathering was doing well these days. Song Rui, Xu Zixuan, and the others were even a little out of it, so he couldn't help but remind them.

Pulling up his sleeves at the critical moment was what a true friend should do.

Everyone was drinking, chatting, and singing. It was very lively.

At this moment, Xia ruofei's phone on the coffee table vibrated. He glanced at it and saw that it was Feng Jing calling. He immediately stood up and took his phone out of the private room. After drinking some wine, the few of them were roaring and singing rock and roll. It was like a group of demons dancing around. He could not hear their voices and could not pick up the call.

Xia ruofei walked out of the private room. When the thick door closed, the ghostly wails and howls of the singing in the room were suddenly cut off.

He swiped the screen and answered the call.

"Sister Che! Is there something you need?" Xia ruofei asked with a smile.

"Are you a little too happy to return home? "My Dear Chairman ..." Feng Jing asked with some resentment.

Xia ruofei was becoming more and more "ridiculous". He used to go out often but would come back in a few days. Now, he would go out for ten to twenty days, even for a month or two. He did not care about the company's Affairs in between. He could really rest assured!

If it was a more ambitious general manager, he might be more than happy to do it!

However, Feng Jing had put all her heart and soul into the company's operations and had no interest in it at all. It was also because she was more serious and responsible that she would not make decisions on her own when Xia ruofei was not around. Instead, she would report to Xia ruofei over the phone.

After hearing Feng Jing's words, Xia ruofei laughed dryly and said, "Sister che, I still have some things to deal with in Beijing. Aren't you helping me to keep an eye on the company? I'm not worried! By the way, did you call me today for something at the company?"

Feng Jing was helpless against Xia ruofei's shamelessness. Every time Xia ruofei praised her, saying that "the capable do more work", the resentment in her heart would disappear.

Feng Rao grumbled in her heart, 'this guy really has me in his palm!

She said, "we've already completed the deal with miles Pharmaceutical Group in Jiangsu and Zhejiang Province. President Dong asked me to ask you when you'll have to go and inspect it!" Also, the next step is the transformation of the production line and the adjustment of the pharmaceutical company's structure. You have to make the final decision!"

Xia ruofei's eyes lit up and he said, "sure!" Dong Yun's actions were very fast! It's worthy of praise!"

"It's mainly because of the pharmaceutical Group. They've suddenly become very cooperative during this period of time. Otherwise, for such a large group, the workload of just checking the accounts would be terrifying." Feng Jing said, "President Dong has worked hard this time! Don't forget to reward him!"

Xia ruofei smiled and said, "no problem!" Give a big red packet to everyone in the handover team!"

Speaking of money, Xia ruofei suddenly remembered something and asked, "By the way, sister che, have you transferred the three million euros I asked you to transfer a few days ago?"

A few days ago, after Xia ruofei signed the contract with Zhou leiyun, he transferred 30 million euros from his overseas bank account to glory world corporation's account.

As for the three million euros that sponsored the chest advertisement, he had called Feng Jing and asked the company's finance to transfer it directly to the Spanish football club.

"I've already arranged for the financial department to transfer the money. It should have been transferred." Feng ke said.

"That's good! That's good!" Xia ruofei smiled and said, "Oh right, I've thought of a better reward plan!"

Chapter 2484 Flying to the Qiantang (1)

"What reward plan?" Feng Rao was taken aback.

Xia ruofei laughed and said, "we're going to take over the pharmaceutical group's team!" Didn't you say that they've worked hard and achieved great merits? I also agree that it's not enough to give them a big red packet. I've decided to arrange for this team to go to Spain a few days! The company will cover all the expenses!"

Feng Rao finally reacted and said with a smile, "Sure! How generous! Then do I get a share?"

"Of course you can go!" Xia ruofei laughed and said, "if we're talking about hard work, my dear sister ran is the one who has worked the hardest in the entire company! You're more qualified to enjoy this benefit than anyone else!"

Feng Rao's face couldn't help but heat up as she said in a low voice, "You're treating me like a child again! Don't think that you can make me work like a horse for the company! You capitalists, none of you are good!"

"I don't think I'll go ..." Feng Jing continued, "you're not in the company, and there's a lot of work going on in every department. Someone has to be in charge of the company." However, the team led by director Dong had indeed worked very hard this time, so it was necessary to reward them. I won't tell them about this for now. When the time comes, you can announce it yourself and give them a surprise!"

"Thank you, sister Che!" Xia ruofei said sincerely.

After ending the call with Feng Jing, Xia ruofei immediately called Qin Yanan.

"Yanan, help me book a ticket to Qiantang in Jiangsu and Zhejiang for tomorrow morning." Xia ruofei said.

Paradise had just flown from the capital to the three mountains to send Ling Qingxue back. Xia ruofei didn't want to bring the crew back from the three mountains. He wasn't a person who paid too much attention to the enjoyment of life. It was only a total of two hours to fly from the capital to Qiantang. Even if he took Economy Class, it was no big deal, so he simply asked Qin Yanan to book a ticket for him to fly directly.

"Yes, Chairman!" Qin Yanan immediately said.

When Xia ruofei returned to the private room, song Rui and the rest were still singing "fake monk". He happily opened a can of beer and sat on the sofa alone to drink.

Xia ruofei finished his dinner at the peach blossom banquet and bade farewell to song Rui and the rest. He returned to the courtyard at liuhai Lane.

The next morning, after he had his breakfast, he took Wu Qiang's car to the airport.

Qin Yanan had booked a flight at around 10 am. She had already sent the flight details to Xia ruofei via WeChat yesterday.

When they arrived at the airport, Xia ruofei asked Wu Qiang to go back. He dragged the small boarding case to the VIP counter to change his boarding pass. Then, he went through the security check and went to the VIP lounge to rest. Qin Yanan had booked him a first – Class ticket.

The traffic at the airport was normal. Xia ruofei's flight took off on time and landed in Qiantang city, the provincial capital of Jiangsu and Zhejiang, at a little past 12.

When Xia ruofei dragged his boarding box and walked out of the corridor, he saw Qin Yanan and he Yu standing in the crowd of people who were waiting to receive him. Dong Yun was beside them and they were waving at him.

The three of them were all good – looking and could be noticed at a glance in the crowd.

As soon as Xia ruofei walked past the yellow no – go line, Dong Yun and the others who had already come up to him snatched his login case.

Xia ruofei wanted to decline. After all, the luggage was not heavy. It was just for show and there was nothing in it. As a man, how could he let a girl help him with his luggage?

However, when he saw Dong Yun pass her luggage to a tall and strong young man beside her, he retracted his hand.

As long as it wasn't a lady who helped with the luggage, it was still acceptable.

Dong Yun did not introduce the tall and strong young man to Xia ruofei. Xia ruofei guessed that he was the driver of the insurance company so he did not ask further.

"Yanan, Heyu, why are you here?" he asked.

Qin Yanan deliberately showed an aggrieved expression and said, ""Chairman, we're responsible for your safety! But you've only been in the company for a few days, and we've been doing nothing every day. We're afraid that people will say we're idle!"

In fact, Qin Yanan was exaggerating a little. Even if they stayed in the headquarters of the three mountains, they still had a lot of work to do, including the maintenance of Xia ruofei's social media account and remote reporting to Xia ruofei for instructions. At the same time, they also participated in some of the daily work in the president's office. Even if they were not too busy every day, they were not idle every day.

"Isn't it good to have some free time?" Xia ruofei laughed.

He was just asking casually. Since Qin Yanan's enthusiasm for work was so high, how could he dampen their enthusiasm? It wasn't like the company couldn't afford the travel expenses.

"President Dong, you've all worked hard these days!" Xia ruofei continued.

Dong Yun did look Haggard. It seemed that it was really hard on her to take over the pharmaceutical Group at Qiantang.

"Chairman, although the work here is a bit tiring, we're all full of energy!" Dong Yun said with a smile. When they thought that such a big pharmaceutical Group would be under our company, everyone was so excited!"

"Are you exaggerating?" Xia ruofei laughed.

"It's true! It's not an exaggeration at all!" Dong Yun said seriously, "CEO Xue from the pharmaceutical factory still has a renovation project to monitor at San Shan, so he's been running from one end to the other. He doesn't even rest for more than three hours a day. I think he's lost a bit of weight, but he's still quite energetic!"

Chapter 2485 Flying to the Qiantang (2)

Xia ruofei said seriously, "no!" No matter how busy he was at work, he had to ensure that he had enough time to rest. Wasn't this overdrawing his life? I didn't set a time limit for you guys, I was afraid you guys would try too hard! This Xue Jinshan ... I'll have to teach him a good lesson later!"

"Chairman, although you didn't set a time limit for everyone, everyone's still anxious!" Dong Yun said with a smile. Our pharmaceutical factory's products have always been in short supply, and the netizens are about to blow up our official Weibo. Now, no matter what the pharmaceutical factory's Weibo posts, the bottom is full of messages urging us to start selling the jade skin cream! After taking over the pharmaceutical company, we still have to upgrade the production line and train the technical workers. Everyone feels that time can't wait!"

Xia ruofei smiled bitterly and shook his head. "Now that we're done, everyone should take a good rest! This time, I'll give your temporary team a great merit! I've also prepared some benefits for everyone, so I'll announce it in front of everyone later!"

Dong Yun laughed and said, "the Chairman's benefits have always been generous!" Then I'll thank you on everyone's behalf!"

"I should be the one to thank everyone!" Xia ruofei waved his hand.

The group of them chatted as they walked and soon walked out of the airport and arrived at the parking lot.

The tall and strong young man who was helping to carry the luggage was indeed the driver that Dong Yun had brought over.

They drove a black Mercedes – Benz, and the driver opened the trunk to put the luggage. Dong Yun pointed at the car and said with a smile, “This is one of the assets of the pharmaceutical Group, and it now belongs to us!”

“Not bad, not bad!” Xia ruofei said with a smile.

The group got into the car. Dong Yun naturally accompanied Xia ruofei to sit in the most comfortable seat in the middle row. Qin Yanan sat in the front seat, so he Yu could only sit in the last row.

Fortunately, the Mercedes – Benz car had a longer wheel – Drive, so the space in the last row was not cramped. Moreover, he Yu’s figure was petite and dainty, so she did not feel uncomfortable sitting there.

As the car drove toward the pharmaceutical Group, Dong Yun said, “Chairman, I’ll arrange for you to stay in the pharmaceutical group’s guest house this time! Please don’t complain about the simple conditions!”

Xia ruofei waved his hand. “I’m not picky about these things. Do you all live there?”

“En!” Dong Yun nodded. “We’ve been living in that guest house since we entered the pharmaceutical Group. But we’re already the owners of that place!”

Xia ruofei laughed and said, “if you guys can live here, of course I can too!” It’s pretty good to stay in a guest house, and it’s also convenient to communicate with everyone. ”

After chatting for a while, Dong Yun began to report on the team’s work.

In fact, it was not complicated to take over the pharmaceutical Group, and it was very smooth at the beginning. However, the original management team of the pharmaceutical Group began to be a little uncooperative. Some of the accounts, creditor’s rights, and debt relations were not clear, and many of the assets were not clear.

After that, Xia ruofei personally got involved in this matter. At the same time, he borrowed a few people from the song family who were familiar with the situation to strengthen the team. The progress of the handover was accelerated.

Now, the entire Pharmaceutical group’s accounts had been checked. The group’s assets, including the plant, equipment, and some land, had been checked. Originally, there was still a lot of money outside, but this time, with the cooperation of the Liu family, it was quickly collected. Some of the supply contracts signed by the pharmaceutical Group had also been terminated in advance.

After all, after the Paradise Corporation took over the pharmaceutical Group, they would basically not produce the previous drugs. As far as the current situation was concerned, in the future, the pharmaceutical Group would only produce two products, the Jade skin cream and the heart – nourishing soup.

Therefore, the next step would be to modify the production line and train workers.

The production line had already been ordered Germany in advance. In the past two years, paradise Corporation had been continuously expanding the production scale of their pharmaceutical factory and had ordered production lines from German manufacturers many times. Therefore, the German manufacturers had also listed paradise Corporation as their priority customer. As soon as this order was placed, they immediately began organizing production. Now that the first batch of production line equipment had arrived in Hong Kong, they could basically connect seamlessly.

It could be said that paradise corporation's professional technical team, financial team, and administrative team had put in a lot of effort into this handover.

Xia ruofei nodded in satisfaction and asked, ""President Dong, are there any other questions?"

"There's basically no problem," said Dong Yun. "According to the law, peach blossom company owns 100% of the pharmaceutical group's shares, so the pharmaceutical Group is now our wholly owned subsidiary. However ... Some of the original management team of the pharmaceutical Group wanted to stay and continue working here. We can't make the decision, so we didn't give them a clear answer. "

Xia ruofei thought for a moment and asked, ""Are there many people who want to stay?"

"About half!" Dong Yun said, "I mean the management level above the Department manager. The business backbone and the bottom – Level workers are even more willing to stay."

Xia ruofei nodded and asked, "have you found out about the background of these people?"

There were a few people from the song family in the receiving team. They had a better understanding of the overall situation. Dong Yun also paid attention to asking them for advice. Hence, she was prepared for Xia ruofei's question.

She nodded and said, "I've done some research. The people who want to stay are basically professionals or management talents. They don't have the Liu family's background. They just entered the pharmaceutical Group through normal employment."

Dong Yun knew what Xia ruofei was concerned about, so she went straight to the point.

"Then, with their academic qualifications and experience, it shouldn't be difficult for them to find a similar job!" Xia ruofei said with a smile.

Dong Yun revealed a proud expression and said with a smile, ""That's right! However, when they heard that it was the Paradise Corporation that had acquired the pharmaceutical Group, and that the pharmaceutical Group would mainly produce Jade skin cream and heart – nourishing soup in the future, they immediately lost interest in other jobs. They all expressed their desire to stay and work, even if the pay was lower than before!"

"Woof! There's already such a huge brand effect!" Xia ruofei said with a smile.

Then, he muttered to himself for a while before saying, ""In principle, I agree that these people should stay, but they need to be screened further ... Forget it, leave this job to me! Today, you can gather these people and I'll meet them separately ... By the way, are there many people?"

Xia ruofei had a lazy personality. If there were hundreds of people, he would be in trouble.

Moreover, he would definitely use some hypnosis techniques. If there were too many people, it would consume a lot of mental strength.

“Not too many,” Dong Yun said with a smile, “there are only about 20 people in the group’s headquarters. In any case, there won’t be more than thirty people!”

Xia ruofei hesitated and said, “Alright! There are too many people ... Let’s make arrangements for tomorrow! Call them all to the guest house tomorrow, I’ll meet them one by one!”

“Understood!” Dong Yun said.

“By the way, make it clear to them in advance. If they stay, they might not have their previous positions. They used to be a big group, but now it’s just a branch of our Taoyuan pharmaceutical factory. Moreover, our production line is highly automated, so we don’t need to invest too much manpower in sales. As for storage ... It doesn’t seem necessary either, so some people in certain positions might need to transfer.” Xia ruofei said, “if they can accept it, then they can come and meet me tomorrow. If they can’t, then don’t waste everyone’s time!”

“Alright!” Dong Yun said.

Soon, the Mercedes – Benz van drove into the pharmaceutical group’s factory and stopped at the foot of an eight – story building with red tiles on the outside.

Xue Jinshan and the others were waiting in front of the guest house. Beside Xue Jinshan, there were a few people Xia ruofei did not know at all. They were all smiling warmly and greeted him before the car even came to a stop.

Chapter 2486 Reward (1)

The electric door of the Mercedes – Benz business car slowly opened with a beep.

Xue Jinshan took a step forward and said with a smile, “Chairman, you’ve had a long journey!”

Xia ruofei got out of the car and looked at Xue Jinshan up and down. He saw that Xue Jinshan had indeed lost a lot of weight. The dark circles under his eyes were very obvious and he looked very Haggard.

Xia ruofei patted Xue Jinshan’s shoulder and said, “It’s you guys who have worked hard!”

He continued, “on the way here, director Dong told me that you’ve been going back and forth these days. You’ve been working day and night. This can’t do!”

“Chairman, it’s fine. I’m still young, my body can handle it!” Xue Jinshan laughed.

Xia ruofei said seriously, “I don’t want people to say that I’m abusing my employees!” I don’t want our company to die from overwork! It’s not wrong to work hard and it’s worth encouraging, but I’ve never encouraged my employees to overwork, and I don’t want the company to have such a corporate culture!”

“Yes! “I’ll pay more attention in the future ...” Xue Jinshan said with a smile.

Xia ruofei could tell that Xue Jinshan did not take it to heart. He frowned and said, "I'm almost done here. You can start taking a break in two days. You need to adjust yourself. How can you do it in your current state?"

Xia ruofei's Chinese medicine skills were quite advanced. Although he did not give Xue Jinshan a detailed examination, he could tell from his complexion that Xue Jinshan's body was very exhausted. He was relying on his young age to bear the burden, but in fact, his body was already showing signs of warning.

"That won't do!" Xue Jinshan immediately said, "Chairman, after the handover here, we will immediately carry out the transformation of the factory, followed by the installation and debugging of the production line, as well as the recruitment and training of workers ... A lot of things are waiting for me to do! How can I take a break at this time?"

Xia ruofei raised his eyebrows and said, "I'm not discussing this with you!" This was an order! You just have to execute it! You're not allowed to negotiate with me!"

"This ..." Xue Jinshan could not help but be dumbfounded. However, he did not dare to go against Xia ruofei's will. In the end, he could only say dejectedly, "alright! I'll do as you say ..."

Xia ruofei's tone softened and said, "Jin Shan, it's not just you. All the employees who are involved in the handover of the pharmaceutical Group will have to take a break in a few days! I'll tell you the specific arrangements later ..."

Xia ruofei patted Xue Jinshan's shoulder and said earnestly, "Kanayama, I have to say a few more words. As the main leader of the pharmaceutical factory, you should change your work mindset sometimes. A leader doesn't have to do everything by himself. Just like the handover here, since you are busy with the expansion and expansion of the factory in San Shan, you can send a Deputy Director over! "As a leader, the most important thing is to be able to relax and relax at will, so that you can better play the role of your subordinates. This is the embodiment of the level of a leader, and not to do everything by yourself. How are you going to give your subordinates the opportunity to perform like this?"

Xue Jinshan finally understood. He lowered his head and said, "I understand, Chairman ..."

Xue Jinshan had joined the company in the early stages of the Taoyuan pharmaceutical factory. At that time, he was mainly responsible for the drug testing of the heart – nourishing soup. After Taoyuan company acquired the pharmaceutical factory, he began to transform into a management position. However, the pharmaceutical factory was not very large. Although he was the factory director, Xue Jinshan was still used to handling everything himself. To put it bluntly, he had not yet gotten used to the change in his role.

There were many people waiting to welcome them, so Xia ruofei did not talk much with Xue Jinshan.

Dong Yun had already gotten out of the car. Seeing that Xia ruofei and Xue Jinshan had finished their conversation, she immediately pointed to a middle – aged man who was balding and said, "Chairman, let me introduce you. This is the former general manager of the pharmaceutical Group, Wang Jian, President Wang!"

Wang Jian was in his early forties. Although his eyes were a little small, they were very bright and he looked very shrewd.

After hearing Dong Yun's introduction, Wang Jian quickly stepped forward and said enthusiastically, "President Xia, welcome, welcome!"

Xia ruofei glanced at Wang Jian and said indifferently, "President Wang, you've all worked hard!"

Wang Jian was the head of the pharmaceutical Group, so he was naturally from the Liu family. Moreover, there had been various obstacles during the handover process some time ago, so Wang Jian was definitely involved. Hence, Xia ruofei did not give him a good look.

Wang Jian wryly smiled and quickly said, "Director Xia, there have been some small problems during the handover process. It's mainly because we were not prepared in all aspects and it was a little rushed. We can't do it well, so please forgive us, director Xia!"

Wang Jian had no other choice. As the saying goes, when the gods fight, the little devil suffers. He was only carrying out Liu Lifang's orders. Now, Zhu Bajie was looking at himself in the mirror, feeling extremely embarrassed.

Some time ago, Xia ruofei had heard from Dong Yun that there had been a series of problems during the handover process. He had given the Liu family a warning.

The Liu family reacted quickly. Liu Qunfeng even took away his sister's power and left her at home.

Then, Liu Qunfeng sent his confidants to Qiantang and directly fired a few of the most aggressive Pharmaceutical Group executives.

Chapter 2487 Reward (2)

If it wasn't for the cooperation of Wang Jian, the corporate legal person and the head of the company, during the handover process, Wang Jian would not have been able to escape the fate of being fired.

Wang Jian also felt very aggrieved. It was Liu Lifang who gave the order. As a high – ranking employee who could only be regarded as an outer member of the Liu family, how could he dare to disobey the order? Later, when a problem occurred, he could only take the blame. He didn't even have a place to explain.

The Liu family became well – behaved after Xia ruofei's words, but Wang Jian had to face Xia ruofei directly. He was indeed in a difficult situation.

"Mr. Wang, you're too serious," Xia ruofei said indifferently.

With that, Xia ruofei nodded at Dong Yun and walked in. As he walked, he nodded at the staff who had welcomed him.

Most of the people who came to welcome Xia ruofei were employees of paradise Corporation, and a few were sent by the song family to support him. Only Wang Jian and the former director of the General Manager Office, Lu Weifeng, came to welcome Xia ruofei.

In fact, Wang Jian's current status was very awkward. The entire Pharmaceutical Group had been given to paradise Corporation, and all the transfer of debts and debts had been settled. Therefore, paradise Corporation was the owner of this place now, and they were outsiders.

However, Wang Jian had no choice. As the spokesperson of the Liu family in the pharmaceutical Group, he couldn't just run away without a word! It didn't make sense in terms of etiquette.

Hence, even though he could imagine that Xia ruofei would not give him a good look, he still had to brace himself and come over to welcome him.

Xia ruofei's cold attitude was within Wang Jian's expectations. He was even a little glad that Xia ruofei did not give him a harsh scolding as soon as he got out of the car. If that were the case, he could only accept it and did not even dare to express his dissatisfaction.

Xia ruofei walked straight in, and Xue Jinshan quickly led the way.

Dong Yun ordered the chauffeur to put Xia ruofei's luggage into the suite that had been prepared and quickly followed behind.

"Chairman, what's the next arrangement?" Dong Yun asked, "do you want to go back to your room and rest?"

Xia ruofei waved his hand and said, "let's find a meeting room!" I'd better meet the staff who will be taking over the team first!"

"Yes, Chairman!" Dong Yun said.

After she finished speaking, she gave her assistant a look. The assistant nodded in understanding and quickly ran to the second floor of the guest house.

In fact, Dong Yun was already prepared. Everything was ready in the meeting room. She just asked her assistant to quickly check in advance to see if there were any mistakes.

Xia ruofei's group quickly arrived on the second floor. Behind Xia ruofei were the staff who were taking over the team, as well as Wang Jian and Lu Weifeng, who looked embarrassed.

Arriving at the spotless conference room, Xia ruofei walked straight to the middle of the long conference table and sat down. Then, he smiled and gestured for everyone to lower their hands. "Find your own seats and sit down!"

The employees filed in, including a few people from the song family, Wang Jian, and Lu Weifeng. However, Wang Jian and Lu Weifeng both chose seats at the back. After sitting down, they drooped their heads, trying to keep a low profile.

In contrast, although the employees of paradise company more or less had a trace of fatigue on their faces, at the same time, everyone's face was brimming with the pride and joy of success.

After everyone sat down, Dong Yun, who was sitting on the right side of Xia ruofei, leaned over and asked softly, "Chairman, shall we start?"

Xia ruofei nodded and said, "Let's begin! I won't say much. Everyone, please report what you are responsible for and focus on the main points!"

"Alright!" Dong Yun said. Then, she sat up straight, cleared her throat, and said, "everyone, stop talking! Let's have a meeting! Today, the chairman flew from Beijing to Qiantang to check on everyone's in –

Progress results. He will give instructions later, so let's all report on the work that we're responsible for.

"

Dong Yun was in charge of the handover team, but she was also divided into several teams. One of them was a Financial Review team made up of mainly financial staff, who were responsible for reviewing the pharmaceutical group's accounts and other matters involving money transactions. There was also a professional technical group. Their job was to inspect the pharmaceutical group's existing machinery and equipment, test technical indicators, and register.

In addition, there were some administrative teams, logistics teams, and so on. In short, everyone had a clear division of labor and each had their own role.

Every small team also had a corresponding person – in – charge, and today, it was mainly these people – in – charge who came to report.

Everyone had been fighting for so many days, especially since the people in charge had led a team to fight, so they were very familiar with the situation. In addition, they had made some preparations last night, so everyone's report was very smooth.

Besides, everyone understood Xia ruofei's style, so there were no empty words when he reported. He used all kinds of data as support and could be said to be full of solid information.

After all the leaders of the small team, including Xue Jinshan, had finished their reports, Dong Yun gave a brief report on the overall work. It was mainly a summary and supplement to the previous leaders' reports.

Xia ruofei listened attentively. He was much friendlier to his employees. He always had a smile on his face, giving people a feeling that he was easy to approach.

Dong Yun had already given a simple report on the way here, so she did not read it from the script. The content of the report was also more concise.

"That's the general situation, Chairman," said Dong Yun. As of today, we can already announce that the acquisition of the pharmaceutical Group has been completed, and the pharmaceutical Group is now under our complete control. "

Xia ruofei nodded and said, "very good!" I'll seriously consider the questions you've raised, including the employment of the original workers and management, and give you a clear answer in the shortest time possible!"

"Alright!" Dong Yun said.

Then, Dong Yun looked around and said, "Next, let's welcome the Chairman's instructions with a warm round of applause!"

Thunderous applause suddenly rang out in the conference room. Although there were not many people, everyone was clapping with all their might, so it sounded quite loud.

With a smile on his face, Xia ruofei gestured for the crowd to lower their hands. The applause in the meeting room gradually died down.

Xia ruofei said, "everyone, including the brothers from the song family who have come to help us, thank you for your hard work!"

"After listening to everyone's report, I feel that you have done a good job during your time at Qiantang. Everyone has a strong sense of responsibility and a sense of ownership. You have completed this complicated and difficult task very well!" Xia ruofei said, "if there's a weakness ... It's that everyone works too hard and doesn't pay attention to their bodies. Especially Xue Jinshan, as a middle – ranking leader, he didn't lead everyone well and instead took the lead to exhaust his body! I'm here to criticize you!"

The meeting room burst into laughter. Xue Jinshan quickly said, "Chairman, I'll humbly accept the criticism and will firmly correct it in the future!"

Even though Xia ruofei said that he was criticizing Xue Jinshan, he was not really dissatisfied. He smiled and said, "The work is done, and it was done very well and perfectly! Our paradise Corporation has always been fair in reward and punishment. This time, we will give recognition and rewards to everyone's hard work! I've already instructed the finance department to give everyone a special bonus. I won't say the exact amount, but you'll know when you see the salary slip in the middle of the month!"

"That's great! Long live the chairman!"

"Thank you, Mr. Chairman! Hahaha ..."

The employees knew Xia ruofei's personality and knew that he was always generous. So even if he kept them in suspense, they knew that the bonus would not be small!

Xia ruofei pressed his hands down and said, "Don't get so excited, I'm not done yet! Just a little bonus and you're already so happy, look at you guys!"

After Xia ruofei finished speaking, the crowd burst into laughter.

"Chairman, are there other rewards?" a bold employee asked.

"Of course!" Xia ruofei said, "not only will there be rewards, but the rewards will also let everyone feel the value of their efforts! This time, the company will arrange for all the employees to travel to Spain. All the expenses will be covered by the company! However, considering that there is still some follow – up work at the pharmaceutical Group, we may have to split into two or three groups!"

Chapter 2488 Screening (1)

As soon as Xia ruofei finished speaking, the cheers in the meeting room almost blew the ceiling off. The employees who were taking over the team were all smiling.

Although everyone knew that Xia ruofei had always been generous, the reward that Xia ruofei gave this time was beyond their expectations.

Xia ruofei looked around and said with a smile, "Brothers of the song family, this time, you should go to Spain with the employees of our paradise Corporation and have fun for a few days! Relax, relax!"

The song family's support staff also showed joy when they heard this. They were all professionals working in the song family's group company. The leader was an outer disciple of the song family, named

Song Yong. He knew more about the family affairs. His main task was to prevent the Liu family from leaving any hidden hands in the handover process.

"Thank you, director Xia!" Song Yong replied respectfully. However, we don't need it. After the mission here is over, we have to go back and report!"

Xia ruofei waved his hand and said, "time doesn't conflict!" We won't be leaving so soon! Go back to the capital first and wait for our notice. No declining! I'll let the song family know. "

Song Yong knew about Xia ruofei's close relationship with the song family. He knew that Xia ruofei only needed to say the word to give them a few approvals.

Song Yong did not dare to disobey Xia ruofei's arrangement. Besides, this was a good thing. Even if he did not care about traveling abroad, it was a very attractive benefit for his employees. Besides, he could also make friends with Xia ruofei. Even for Song Yong, it was very attractive.

Therefore, Song Yong no longer hesitated. He stood up and bowed slightly, "Then we'll thank you, President Xia!"

The few people sent by the song family also thanked Xia ruofei happily.

Xia ruofei waved his hand and said, "you're welcome!" You've helped us a lot this time. I should be the one to thank you!"

Wang Jian and Lu Weifeng felt awkward in the conference room that was full of laughter. Xia ruofei was giving them a big bonus, but of course, the Liu family would not get a share. Even if he gave it to the security guards at the door, he would not give them a single cent as a reward.

However, they could not leave. They could only sit in their seats awkwardly and look at the people around them smiling.

Xia ruofei turned his head and said, "Yanan, please register everyone's passport information. There's no need to contact the travel agency for the time being. Everyone just needs to be prepared."

"Yes, Chairman!" Qin Yanan immediately replied.

Xia ruofei smiled and said to Xue Jinshan, "You're going to Kanayama too! You're not allowed to take leave! He could take this opportunity to relax and recuperate. Hurry up and assign your work to the others!"

"I see, Chairman," said Xue Jinshan with a forced smile.

Xue Jinshan could tell that Xia ruofei was insistent on letting him rest for a while. Although he still could not let go of the work at hand and was a little resistant, he felt warm inside.

Then, Xue Jinshan couldn't help but ask, "Chairman, why are you traveling to Spain this season? Is there any special arrangement?"

Xia ruofei chuckled. "I might as well reveal to everyone here that we have yet to make other arrangements for this trip to Spain. However, we will definitely be going to Barcelona. If everything goes

well, we will also arrange for everyone to visit the Spanish football club. If any of you are fans, you will be in luck!"

Xue Jinshan loved to watch and play football in University, but he had almost no time to pay attention to it after he started working. But at least he knew about football.

Hence, Xue Jinshan could not help but ask, "Spanish? Chairman, if you're going to Barcelona to visit the football club, shouldn't you go to Barcelona?"

The world – famous Barcelona's home ground, nokapu Stadium, was not as unattainable as everyone thought. When the fans were open, everyone could buy tickets to visit.

Normally, if one wanted to visit a Stadium or a Football Club in Barcelona, the first choice would definitely be nokapu. As for the RCD Espanyol and their home stadium, El Pratte, one might not have even heard of it if one was not a senior La Liga fan. Many people did not even know that the RCD Espanyol was also in Barcelona.

Xia ruofei laughed and said, "there must be a reason for choosing a Spanish club!" I'll keep you in suspense for now, but I'm sure everyone won't be disappointed!"

After listening to the report and announcing the benefits, Dong Yun invited Xia ruofei to have a meal in the canteen of the pharmaceutical company. After the meal, Xia ruofei inspected the entire pharmaceutical company with Dong Yun and the others.

The group of people accompanied Xia ruofei on the Toyota Coaster of the pharmaceutical Group. They looked around the entire factory area. Although it was just a cursory view, Xia ruofei still had a deep impression of it.

After returning to the company's guest house, Xia ruofei said to Dong Yun and Xue Jinshan, "I can see that the conditions of this Pharmaceutical Group are very good, and the infrastructure is also very good. There are still two sub – factories that I haven't visited, but after listening to your report, I can see that the conditions there are also very good. You must make good use of these unique conditions and speed up the pace of development!"

"Understood!" Dong Yun and Xue Jinshan replied in unison.

Xia ruofei then pointed at Xue Jinshan and said, "Of course, speeding up the pace of development does not require you to risk your life. It is still the same sentence: you must be a qualified leader, not an old yellow cow who works hard! Do you understand?"

Chapter 2489 Screening (2)

"I'll remember that, Chairman!" Xue Jinshan laughed.

Following that, Xue Jinshan immediately asked, "Chairman, the work here has temporarily come to an end. I want to fly back to San Shan tonight ..."

"What's wrong?" Xia ruofei frowned slightly and said, "didn't I say to strike a balance between work and rest? Why are you in such a hurry?"

Xue Jinshan quickly explained, "the factory construction in Changping is also in progress. Didn't you arrange for me to go to Spain for a vacation?" I have to hurry back and hand over some work! "In addition, we need to send some capable people to Qiantang to preside over the subsequent modification and debugging work ..."

In fact, Xue Jinshan just wanted to rush back to San Shan as soon as possible. This way, he could personally keep an eye on the Changping construction site for a few days. Of course, the factors that he had mentioned were also present. He had personally handled a lot of work in the past, and now he had to carefully select capable subordinates to take over.

Xia ruofei pondered for a moment. "You can go back if you want, but you have to rest for one night. We'll go back tomorrow!"

"Chairman ..."

"It's decided then!" After Xia ruofei finished speaking, he ignored Xue Jinshan and turned to Dong Yun. "Director Dong, hurry up and arrange the team's rotation. Try not to affect your work. In addition, I'll meet with the middle management and technical backbone who want to stay tomorrow. You organize the personnel. "

"Yes, Chairman!" Dong Yun replied.

After the arrangements were made, Xia ruofei returned to the guest house that Dong Yun had arranged for him to rest. Dong Yun, Xue Jinshan, and the rest went their separate ways. Wang Jian and Lu Weifeng also left the pharmaceutical Group as if they had been pardoned.

Xia ruofei did not plan to hold a Grand handover ceremony, and the Liu family naturally did not want to publicize this matter. Hence, after the handover of the entire Pharmaceutical Group was completed, Xia ruofei's arrival today marked the completion of the handover.

After dealing with the last scene, Wang Jian and Lu Weifeng left the pharmaceutical Group and went directly to the airport. If there were no special circumstances, they would not come back again.

However, they did not know how their new work arrangements would be when they returned to Beijing this time. Thinking of how they had secretly obstructed the handover work according to Liu Lifang's instructions some time ago and how things had gotten out of hand, Wang Jian felt that his future would be bleak when he returned to Beijing.

Xia ruofei politely declined Dong Yun's suggestion to have someone bring him to Qiantang for a tour. In the afternoon, he rested in the best suite in the guest house. In the evening, after having dinner at the group's restaurant, he took a walk in the factory area and returned to the guest house.

At night, Xia ruofei didn't cultivate. After all, he wasn't at home. He didn't want to enter the spirit map space here. Cultivating outside would consume spiritual crystals or origin crystals, and Xia ruofei felt that it was a waste.

He watched TV in his room for a while and went to bed early.

The next morning, Xia ruofei met with the middle – Level leaders and technical backbones of the former Pharmaceutical Group who clearly wanted to stay in the conference room of the guest house.

As for the top management of the corporation, almost 100% of them were from the Liu family. Naturally, they would not stay. Even if they wanted to stay, Xia ruofei would not want them.

Xia ruofei had also considered that in such a large Pharmaceutical Group, if the middle management and technical backbone were all gone, it would not be easy to fill the vacancy. These people were originally working here. If there were no problems, he would welcome them to stay.

What he did was naturally to screen for people with ulterior motives.

As for the professionals and management skills, Feng Jing, Dong Yun, and Xue Jinshan would be in charge of them.

Only those who could pass him would be qualified to accept the professional interview.

There were a total of 26 people who had come for Xia ruofei's "interview" today. Everyone was gathered in one room waiting. Qin Yanan took the name list and called them to Xia ruofei's side for the interview.

Everyone was a little apprehensive and worried about their personal gains and losses. Since they were able to come here, they naturally wanted to stay and work. Today was the personal interview of the boss of paradise Corporation. They were not sure if they would be able to catch Xia ruofei's eye.

When someone came out of the meeting room and returned to the room, the people waiting immediately surrounded them and asked nervously about the interview.

They were all colleagues, and in theory, there was no competition in this interview. If they passed, they could all stay, so there was no need to worry.

However, those who had been interviewed were also dumbfounded.

Because Xia ruofei only asked a few simple questions, as if they were having a casual conversation, and then they ended the interview in a daze. They did not even know if they passed or not.

A few people returned to the waiting room in a row, and the situation was the same.

Those who had not been interviewed were even more uncertain.

Actually, Xia ruofei's method was very simple. He just used his spiritual power to hypnotize the interviewees. This kind of hypnosis was not as strong as the one he used to extort a confession from them. There was no need to use that kind of strength to deal with ordinary people. However, the hypnotized person would have no impression of what happened during the hypnosis process. Their memory would be blank. However, Xia ruofei's questioning time was very short and the questions were very simple. He also used some small tricks. These interviewees did not even realize that they had been hypnotized.

In fact, some powerful hypnotists could also achieve the same effect. However, with the help of Xia ruofei's spiritual power, it was easier. He did not need to choose an easy target to hypnotize. As long as the target was an ordinary person and not a cultivator of spiritual power, he would not fail.

Hence, Xia ruofei's interview speed was very fast. In less than an hour, all 26 people had been tested by him.

Dong Yun asked the interviewees to go back and wait for the news. Xia ruofei had not made it clear who would stay and who would leave. She did not know if Xia ruofei would make a decision immediately, so she asked the interviewees to go back.

When Dong Yun knocked on the door and entered the meeting room, she saw Xia ruofei scribbling on the interview list with a pencil.

Xia ruofei raised his head and saw Dong Yun walking in. He smiled and waved, "President Dong, come, come, come!"

Dong Yun walked to Xia ruofei's side. Xia ruofei handed the list to Dong Yun and said, "This ... This ... And this, I don't want these three people! As for the remaining 23 people, you can go through the professional ability interview as soon as possible. If they meet the requirements, let them stay!"

Seeing that Xia ruofei had made up his mind, Dong Yun did not ask any further. She nodded and said, "Alright! You've worked hard, Chairman. Leave the rest of the work to us!"

Xia ruofei smiled. "I'm going back to San Shan in the afternoon. I'll leave it to you to arrange the work here." In addition, the employees of our handover team should also arrange their follow – up work and leave as soon as possible. The company will organize them to get their visas in the next two days! You have to go too!"

Dong Yun was stunned for a moment and said with a smile, "Chairman, I think I'll pass ..."

"I said, not a single one less!" Xia ruofei said, "you're the leader of this team. How can we leave you out? I'll put aside the company's work for a week at most, so I'll still be able to free myself. "

"Alright! Thank you, Chairman!" Dong Yun nodded and said.

Xia ruofei returned to his room after handing the list to Dong Yun.

He was very satisfied with the interview because it turned out that such a screening was necessary. Didn't he find three problematic people?

Chapter 2490 Sneaking back to the sect (1)

If anyone had ulterior motives, they would not be able to escape Xia ruofei's hypnosis.

During the interview, Xia ruofei had found three problematic people. One of them was eliminated on the first question after the hypnosis. He admitted that his Ph.D. Was fake and that his master's thesis had academic misconduct.

This was a matter of character, so Xia ruofei naturally put him on the elimination list without thinking.

As for the other two people, they made Xia ruofei even angrier.

The two of them had genuine academic qualifications, but they had proposed to stay and work because they knew that Qiantang would also produce Yushi cream and heart – nourishing soup in the future. They had the idea of stealing the formulas of these two products.

Except for these three people, the other 23 people did not have any major problems. Most of them did stay because of the Jushi cream and Yangxin soup. However, they stayed because of the fame and wanted to make a business here, so they had no covetous thoughts.

So, as long as the 23 people's abilities met the requirements, Xia ruofei would naturally welcome them to stay and work.

Although there was one student who faked his academic qualifications and two who tried to steal the formula, Xia ruofei was still a little annoyed. However, Xia ruofei was satisfied that the Liu family did not send anyone to "hide".

This was actually the main reason why Xia ruofei personally went to screen the 26 people. If the Liu family really had a hidden hand, they would not be able to escape Xia ruofei's inspection. By then, Xia ruofei would really not be polite to the Liu family.

Now it seemed that the Liu family had given up on the idea of dealing with Xia ruofei. At least, they did not dare to have any evil thoughts about handing over the pharmaceutical Group.

In the afternoon, Xia ruofei, Qin Yanan, and he Yu flew back to Sanshan from Qiantang.

For the next few days, Xia ruofei stayed in San Shan to deal with the company's Affairs. He even made a special trip back to Tao Yuan farm to add some spirit Heart Flower petal solution to the farm and the water tower of the pomfrets cultivation workshop. He also went to the farm's expansion and pharmaceutical factory's construction site to inspect.

At the same time, Xia ruofei had also handed over a batch of Drunken Eight Immortals wine to the winery.

These few days, Xia ruofei had been very fulfilling. It was rare for him to go to work for a few days in a row. He dealt with some documents that needed the Chairman's signature and even took time to visit Hu Zi's mother. He brought a lot of nutrition for his godmother and even left a bottle of diluted spiritual heart Flower petal solution. He also added a certain amount of medicinal wine in it to remind Hu Zi's mother of her serious uremia. Although she had recovered and her body was stronger, Xia ruofei did not forget that Hu Zi's mother had been poisoned. However, Xia ruofei still hoped that she would be in better health.

Xia ruofei specifically told Hu 'Zi's mother to keep this bottle of medicinal wine 'in the refrigerator. If she felt a headache, fever, or pain in her back and legs, she could take it out and drink a sip or two.

After having dinner with Hu Zi's mother, Xia ruofei returned to his house by the river.

In the afternoon, Xia ruofei drove away from the villa area alone. However, he did not go to the office. Instead, he drove directly to a relatively remote section of the road near Jiangbin Park. After making sure that there were no surveillance cameras around and no one was spying on him, he used his mind and a person suddenly appeared in the front passenger seat.

This man was the first soul slave that Xia ruofei had ever taken in. He was a true – Blue cultivator, Liu chengfeng.

Liu chengfeng, who had reappeared in the outside world, was circulating his energy. He had broken through to the eighth level of the Qi refining realm, and his cultivation was very stable. It was obvious that he had been cultivating for a long time after the breakthrough.

As soon as Liu chengfeng appeared, he quickly turned to the side and knelt down in front of Xia ruofei. Fortunately, the front row of the Knight XV was very spacious. Otherwise, he would not have had a place to kneel.

Liu chengfeng's face was full of gratitude as he said, ""Thank you, master, for teaching me!"

"Get up!" Xia ruofei said indifferently, "chengfeng, now that you have broken through to refined Qi level 8, more than ten days have passed in the outside world. It's time for you to return to the sect."

"Yes! This subordinate will do as you command!" Liu chengfeng said respectfully and then got up to return to his seat. However, he only sat on half of his butt and kept his side facing Xia ruofei. He was very respectful.

Because of the soul seal, Liu chengfeng's obedience and worship to Xia ruofei came from the bottom of his heart. Besides, after cultivating for so long in the spirit map space, he felt that his cultivation had advanced by leaps and bounds. The endless supply of spiritual Qi was almost unlimited. Since he had started cultivating, he had never been able to cultivate to such an extent.

Hence, Liu chengfeng was even more grateful to Xia ruofei.

Xia ruofei instructed, "after you return to the sect, you don't have to collect information. Just note down the valuable information that you can come into contact with. I don't need you to risk your life for me. Safety should be the most important."

"Yes, master!" Liu chengfeng said gratefully.

Even if Xia ruofei asked Liu chengfeng to die now, he would not hesitate to do it because of the soul seal. However, he was still very touched that Xia ruofei put his safety first.

"When you return, if someone asks you about your breakthrough, do you know what to say?" Xia ruofei asked.
