

God tier Farm 2491

Chapter 2491 Sneaking back to the sect (2)

"I know." Liu chengfeng replied respectfully, "I had an epiphany after returning to my hometown. I only broke through after 20 days of closed – door cultivation!"

Xia ruofei nodded in satisfaction and said, "Now that you're a Qi level 8 cultivator, you'll probably be put in an important position when you return to the sect. You have to seize this opportunity. Only when your position in the sect is high will you be able to help me in the future!"

"Understood!" "Yes!" Liu chengfeng replied, "as long as master gives the order, I will go through fire and water without hesitation!"

"Of course I don't doubt your loyalty!" Xia ruofei said with a smile.

Then, he took out a bag from the spirit map space and handed it to Liu chengfeng. "This is for you! There's a cell phone inside that's used to contact us. In addition, there's a spirit crystal and some cash. The spirit crystal can support your daily cultivation expenses, but you must remember to avoid people's eyes and ears. Once they find out that you have a spirit crystal, you'll definitely cause trouble!"

Although Xia ruofei and Liu chengfeng could sense each other's location from a long distance due to the soul seal, and Xia ruofei could even communicate telepathically with Liu chengfeng, if the distance was too far, the sense would become more or less blurry, and it would be much more convenient with a mobile phone.

As for spiritual crystals, Xia ruofei no longer needed them. Song Wei and Ling Qingxue would definitely use higher quality origin crystals for cultivation. Hence, he did not mind giving one to Liu chengfeng.

In Xia ruofei's eyes, the value of spiritual crystals had been greatly reduced, but in Liu chengfeng's eyes, they were priceless treasures.

After he heard Xia ruofei's words, his hands couldn't help but shake. He said in a trembling voice, "Master ... Thank you! This subordinate will definitely work hard to cultivate and strive to raise my cultivation to the next level so that I can serve master better in the future!"

Xia ruofei nodded and said, "go!" We're in Sanshan city right now. If you go straight along this road, you'll be able to get a taxi at the intersection. You can go directly to the airport!"

"Yes!" Liu chengfeng said.

Then, he knelt down in front of Xia ruofei and kowtowed a few times. "Master, this subordinate will take his leave!"

"En!"

"Master, take care!"

After Liu chengfeng finished speaking, he opened the door and jumped out of the Knight XV SUV.

After he closed the door, he bowed slightly to Xia ruofei and turned around to walk towards the intersection.

Xia ruofei looked at Liu chengfeng's back with a complicated expression.

He had finally planted a nail in the modern cultivation world, but he did not want to use this nail one day.

If the people in the world of cultivators did not provoke him, he would not go against them for no reason.

After all, due to the poor cultivation environment on earth, the number of cultivators was decreasing. As a fellow cultivator, Xia ruofei did not want to fight with his family.

However, a rational voice was telling him, "That was just an unrealistic wish of his. The world of cultivation had always been the survival of the fittest. Sooner or later, he would have to cross paths with those cultivators, and it was likely that a conflict would break out.

After all, an ordinary man's possession of a Jade was a crime. If even a little of Xia ruofei's cultivation resources were leaked, the cultivators would probably gather like sharks that smelled blood.

Xia ruofei sat in the car and watched Liu chengfeng flag down a taxi at a distant intersection. Soon, the car disappeared from his sight.

Only then did he start the car, drive to the intersection, make a turn, and drive towards the headquarters of the peach blossom company in the city.

After returning to the company, Xia ruofei took the private elevator to the top floor.

It was he Yu's turn to be on duty today. She was sitting at the work desk next to the chairman's office door, typing materials on the computer. Seeing Xia ruofei come in, he Yu quickly put down her work and stood up to greet Xia ruofei with a slight bow.

Xia ruofei nodded and asked, "do you have any important things to do today?"

He Yu didn't even need to flip through the notebook and directly said, "Chairman, I don't have any special schedule today, but President Dong called a few minutes ago to report to you. She didn't come because she heard that you weren't in the company."

Xia ruofei nodded and said, "President Dong is back from Qiantang?" Then give her a call! Tell her I'm back at the company. "

"Yes, Chairman!" He Yu replied.

Xia ruofei pushed open the door and walked into his super – Large office, which was exclusive to the chairman.

He Yu picked up the phone and dialed an internal short number. After receiving the notification, she said with a trace of respect, "Hello, President Dong. I'm he Yu. The chairman has returned to his office. He said that if you need to report to him, you can come over at any time!"

"Thank you he Yu, I'll head over now!" Dong Yun said from the other end of the phone.

After informing Dong Yun, he Yu knocked on the door and entered Xia ruofei's office. She reported to Xia ruofei that Dong Yun was coming over.

Xia ruofei nodded."Yes. Just let her in when President Dong is here. There's no need to inform her."

"Understood!" He Yu replied. She filled Xia ruofei's glass with hot water and left the office.

After a while, Xia ruofei heard a knock on the door.

"Please enter!" Xia ruofei said loudly.

The office door opened, and he Yu stood at the door and made a gesture of invitation. Dong Yun nodded slightly to he Yu to thank her and then walked in.

"Chairman!" Dong Yun greeted Xia ruofei with a slight bow.

Xia ruofei laughed and pointed at the chair in front of his desk."President Dong, please sit!"

After Dong Yun sat down, Xia ruofei asked with a smile,""Has everything been arranged at the money pond?"

Dong Yun came here to report the situation of the pharmaceutical Group, so she immediately said,""It's all been arranged. I left half of the team members at Qian Tang. We'll split into two groups and take turns to go to Spain for a vacation."

"Do you have enough manpower?" Xia ruofei asked,"do you need the headquarters to send some people over?"

"No need, Chairman!" Dong Yun said,"the pharmaceutical Group has not started production yet. The next stage of work is mainly the installation and debugging of the production line, as well as the screening and training of the personnel. Half of the staff is enough, so I brought the other half back to San Shan this time. I'm just waiting for you to fulfill your promise!"

Xia ruofei laughed and said,"sure!" However, if there's a shortage of manpower, you can't force yourself. There's still a lot of manpower in the headquarters, so it's definitely not a problem to send a few people over!"

"I'll ask the Chairman if I need anything,"said Dong Yun with a nod.

"Yanan's side has already registered everyone's passport information for this trip to Spain. A few employees who don't have a passport have also gone to apply for one in the past few days. I wanted to ask you if we should contact a few travel agencies in advance to compare the price or something?"

Xia ruofei waved his hand."Not for now. You guys stay put and wait for my news!"

"Yes, Chairman!" Dong Yun said.

Following this, Dong Yun began to report on her work at the Qian Tang over the past few days, as well as her plans for the future.

Although Xia ruofei didn't want to care about the details, he could only sit in his seat and listen to Dong Yun's serious report.

Just then, Xia ruofei's phone rang. Dong Yun, who was reporting, immediately shut her mouth.

Xia ruofei gestured for Dong Yun to take a seat and not to leave. He glanced at the caller ID on the screen.

The call was from Zhou leiyun. The moment the call connected, he chuckled and said, ""President Xia, are you in the office?"

"I just arrived at the office." Xia ruofei smiled and said, "director Zhou, you look so happy. You must have good news!"

"Hahaha!" Zhou leiyun did not hide his happiness at all. "CEO Xia, you can just go on Weibo! It's currently being broadcast live!"

Hearing this, Xia ruofei was overjoyed. He quickly asked, ""You're announcing it already?"

Chapter 2492 Official transfer announcement (1)

Zhou leiyun chuckled and said, "yeah!" We have reached an agreement with the Shengang club. As long as there is no problem with the physical examination Spain, Wu Lei will be a player of our club!"

Xia ruofei opened Weibo on his computer and asked, ""How much is the transfer fee?"

"Two million euros!" Zhou leiyun said with a smile.

Xia ruofei easily found the link to the live broadcast of the press conference. He clicked on the Live Broadcast page and said in surprise, ""So cheap? It seems that the Shenggang team is very supportive of Wu Lei's decision to stay abroad!"

Wu Lei was the best shooter in the Chinese Super League this season. So many big – Name foreign players were trampled under his feet. Although he had the support of the entire Shengang system and strong foreign players, it also fully showed that Wu Lei's own strength was not ordinary.

In the Chinese Super League, if a striker of Wu Lei's level were to transfer, according to the current domestic market, it would cost at least a hundred million Yuan. Two million euros was not even one – fifth of the price.

Of course, the Chinese Super League had been burning money in recent years. The price of a Chinese player was falsely high. Moreover, transferring from the Chinese Super League to one of the five major leagues, La Liga, was in a sense a "higher social ladder." Even so, two million euros was really too cheap.

Zhou leiyun laughed and said, "they've indeed made a huge concession!" Although the Shengang club's reputation in the country has not been very good for the past two years, there is nothing wrong with supporting the players to stay abroad!"

Shengang club was also a mid – tier super nouveau riche. They had spent a lot of money to bring in two super foreign players. They were strong contenders for the championship every season, but they were a little stingy in some things.

For example, in Shengang's home game against Tianjin, the Tianjin team had a defender who was good at throwing the ball with great strength. The out – of – bounds balls near the end line were directly thrown into the penalty area by him. In order to prevent his hands from slipping when he threw the ball, the defender would wipe the ball with a towel every time he served the out – of – bounds ball.

Therefore, the Tianjin team placed towels on both sides near the bottom line in advance.

However, during the game, the ball boy from Shengang took the towel away and had a conflict with the assistant coach of the Tianjin team.

In addition, the Shengang team was also very familiar with many of the common means used at home, such as a lot of watering before the game and deliberately delaying time with the ball boy.

In addition, the Shengang team was a team from the shencheng area and belonged to the state – owned shencheng Port Authority group. Therefore, some fans called the Shengang team “dock team,” “little men team,” “towel team,” and so on.

Of course, these were all not very pleasant to hear.

Xia ruofei had not watched much football for the past two years. However, during this period of time, because he had invested in a Spanish club and there was news of Wu Lei’s transfer, he had taken advantage of his break to understand the situation of the two clubs. He had even watched a live broadcast of Shengang team’s game last weekend. Thus, he had some understanding of the “deeds” of the Shengang team.

Xia ruofei smiled and said, “that’s why I said nothing is absolute!” From this incident, it also shows that this club is still generous. My impression of them has changed a lot!”

“That’s true, but this transfer isn’t that simple. ” Zhou leiyun laughed and said, “let’s say we have the same ownership of Wu Lei as the Shengang club! If Wu Lei were to transfer to another club in the future, a part of the transfer fee would be given to Shengang club. Also, if Wu Lei transfers back to the Chinese Super League, Shengang club will have priority. ”

Zhou leiyun continued, “of course, the Shengang club is not without effort. Other than the concession on the transfer fee, because Wu Lei only has an annual salary of one million euros in our RCD Espanyol, which is almost half of his income in the Chinese Super League, the Shengang club also gave Wu Lei some compensation on the annual salary. It is still very humane.”

With Wu Lei’s current value and the fact that he had never proven his strength in the five major leagues, the Spanish club certainly could not offer a high salary. Even if the boss was Chinese, they could not act recklessly. After all, the club had 20 to 30 players in the first team alone. If Wu Lei was paid a high salary, what would the other players think? How could the changing room be stable? What if everyone demanded a pay raise? Do you still want the club’s financial balance?

In order to realize his football dream, Wu Lei was willing to reduce his salary by 50% to play in La Liga. This was him paying for his dream and feelings. The Shengang club gave Wu Lei a certain subsidy on his annual salary to try not to make him lose too much of his income. This was indeed a very humane approach.

Although Shengang did this so that Wu Lei would be willing to return to Shengang to play football unconditionally in the future, this practice still made Xia ruofei’s impression of the club improve.

Xia ruofei smiled and said, “I have to give this club’s leader a thumbs up!” By the way, CEO Zhou, when is Wu Lei going to Spain?”

"It should be within these two days!" Zhou leiyun said, "it's either tomorrow or the day after tomorrow. He has to go to Spain for a medical examination. If there are no problems, he can officially sign the contract. In addition, his shoulder injury can't be delayed any longer. If everything goes well, we'll arrange for him to go to Germany for surgery after signing the contract, and then return to Barcelona to recuperate. This way, he can also have some time to adapt to life Spain and the team's environment. "

Chapter 2493 Official transfer announcement (2)

"You're quite thoughtful!" Xia ruofei laughed and said. Then, he asked worriedly, "is his shoulder injury that serious?"

Wu Lei's shoulder was injured in the AFC Asian Cup, but he still participated in the Asian Cup after that, so the outside world had always thought that his injury was not serious.

Zhou leiyun said, "yes, the dislocation of the scapular joint and the tearing of the ligament are still quite serious. It's just that it's not a lower limb injury, so he can still continue to play. However, if he were to suffer a second injury during the confrontation, his injury may become more serious. Therefore, the doctor recommended immediate surgery. He is still considering it. After all, there are not many rounds left in La Liga. If he were to undergo surgery, he will definitely be eliminated for this season. It's also unknown whether he can fit into the team next season."

Xia ruofei's heart skipped a beat, but he did not say anything about Wu Lei's shoulder injury.

"Director Xia, are you sure you can go to Spain?" Zhou leiyun asked.

Xia ruofei smiled and said, "I was just about to tell you about this!" I'm going to reward a group of outstanding employees and let them go to Spain for a holiday in two groups. I'll go to Spain with the first group of employees. Please arrange for the club to send out an invitation for a business inspection! We'll apply for a business contract. "

"No problem!" Zhou leiyun said, "I'll send you the contact information of the Chinese person in charge of the club later. At the same time, I'll contact him. If you have any specific requests, your company can contact him directly."

"Alright!" Xia ruofei said, "general manager Zhou, let's meet in Spain!"

"Hahaha! I'll see you in Spain!" Zhou leiyun laughed heartily.

After hanging up the phone, Xia ruofei saw that the news conference was still playing on the computer screen. It was mainly about Shengang club's announcement of the transfer and answering the reporters' questions. Wu Lei was not present.

The news conference was filled with official news. The actual content was definitely not as much as what Zhou leiyun had said in his chat with Xia ruofei. Hence, Xia ruofei did not continue to watch the live broadcast and directly closed the Live Broadcast page.

Dong Yun was still in Xia ruofei's office. Xia ruofei had told her not to leave so Dong Yun had heard the conversation between Xia ruofei and Zhou leiyun.

If Dong Yun could not guess what had happened just by listening to the phone call, then Xia ruofei's computer had been on speaker just now. Combined with the information revealed at the press conference, how could Dong Yun not know what had happened?

After Xia ruofei hung up, Dong Yun could not help but ask, "Chairman, is it Wu Lei from Shengang club who transferred to RCD Espanyol?"

Xia ruofei looked at Dong Yun in surprise and said with a smile, "I didn't expect President Dong to be a fan! There aren't many girls who watch football nowadays!"

"Why can't girls watch the game?" Dong Yun asked, somewhat unconvinced. There are a lot of female fans now, okay? When I was studying abroad, I often went to the stadium to watch the game!"

"Chairman, I know why you arranged for everyone to visit the Spanish club!" Dong Yun said with a smile. You must have known about Wu Lei's transfer, didn't you?"

Xia ruofei didn't deny it. He nodded and said, "Yup! I've talked about this with director Zhou from glory world Corporation in private, and he invited me to Spain for a few days. Then, I was just about to go to Qiantang, and I thought that since everyone worked so hard, other than the monetary reward, I should also let everyone relax, so I decided to arrange for everyone to go to Spain for a few days!"

Dong Yun gave Xia ruofei a thumbs up and said, "You're indeed a good leader who empathizes with your subordinates! But ... I'm a Barça fan, what should I do?"

Xia ruofei laughed and said, "you can choose not to visit the Espanyol club!" Or if you want to visit nokapu is no problem! I'll get someone to make the arrangements ..."

"But I also like Wu Lei a lot!" "Why did he choose to join Barça's arch – enemy?" Dong Yun asked, feeling a little conflicted.

Dong Yun's current appearance did not look like a strong woman at all. She looked like a loyal Barça.

Xia ruofei laughed and said, "he does want to join Barça!" But Barça doesn't like her either ..."

"That's true ..." Dong Yun agreed.

This was an objective fact, and it wasn't to disrespect Wu Lei, but his strength was indeed not enough compared to the overall requirements of the universe team.

"Forget it!" Dong Yun continued. He was no longer conflicted! I'll just go to nokapu first and then visit Wu Lei!"

"That's the way!" Xia ruofei said with a smile.

At this time, Zhou leiyan had already sent the contact information of the Chinese representative from the Spanish club to Xia ruofei via WeChat. At the same time, he said in a voice message, "President Xia, I've already spoken to him. You can ask him for anything at any time. In addition, he will arrange everyone's food and accommodation during your stay in Spain. In short, after you get your visas, buy your tickets and fly directly to Barcelona. You don't have to worry about anything else!"

“Thank you!” Xia ruofei replied to Zhou leiyun’s message and forwarded Zhou leiyun’s contact information to Dong Yun.

Xia ruofei said to Dong Yun, “CEO Dong, this is the contact information of the Chinese person in charge of the Spanish club. You’ll be in charge of the liaison!” We’ll get the other party to send an invitation first. Also, after we’ve decided on our members, we can also get him to arrange for our accommodation in advance. Chief Zhou has already informed us!”

“Alright!” Dong Yun replied.

Then, she hesitated for a moment and said, “Chairman, can factory manager Xue ... Follow the second batch of employees to Spain?”

Xia ruofei frowned and asked, “Is there something that he can’t leave for this period of time? Didn’t I tell him to rest for a while?”

“Not really, but he does have a lot of work on hand. Even if he hands it all over to someone else, he has to do it well!” Dong Yun said, “also ... Factory manager Xue’s main consideration is that you and I will be in the first batch. There won’t be any company leaders in the second batch. He can also play a leading role in the second batch ...”

Xia ruofei laughed and said, “we’re not kids anymore. Do we still need someone to lead us?” I think he just can’t let go of the pile of things in his hands ... Forget it! He couldn’t attack their enthusiasm. Since he had suggested it, then he would do it! However, tell him that he’s not allowed to work overtime and stay up late. If I find out about this again, I’ll force him to take a leave!”

“Alright!” Dong Yun smiled and said, “Chairman, if there’s nothing else, I’ll go and make the arrangements first.”

“Mm! You go! You’ve worked hard!” Xia ruofei said.

“It’s not hard this time. I don’t feel tired at all when I think of going for a vacation, going to nokapu, and maybe meeting Messi!” Dong Yun said with a smile.

Xia ruofei couldn’t help but laugh and said, “then I wish you good luck!” I can arrange for you to meet Wu Lei, but Messi ... No way! Hahaha!”

.....

Dong Yun was very efficient. Very soon, the Spanish club’s invitation letter was faxed over. Then, Xia ruofei, Dong Yun, and the first batch of staff to Spain began to process their visas.

Qin Yanan’s team was very professional in handling such matters. After they helped everyone prepare the information, they contacted the Spain consulate in Guangzhou and suggested that everyone go to Guangzhou together because they needed to be there in person to record their fingerprints.

Hence, Xia ruofei flew to Guangzhou with the first batch of employees who were going to Spain and handed in the visa materials at the consulate.

Since there was nothing urgent this time, Xia ruofei did not ask his friends in the capital to help him. After handing in the information, he entered his fingerprint and verified the photo. Then, there was nothing else.

They didn't stay in Yang Cheng and took a plane back to San Shan that day.

The embassy's website stated that it would take five to ten working days. Initially, Xia ruofei and the rest thought that they would have to wait for a while. They did not expect to receive a call from the Embassy the next day. This batch of visas had been approved, and their passports had been mailed back to San Shan through ERMS. The Embassy had given them a month's time. It was more than enough.

Chapter 2494 Playing with the lucky draw (1)

On the third day, Xia ruofei received his passport and visa.

Moreover Spain a Shengen. Within the effective period of the visa, Xia ruofei could easily enter and leave more than 20 Shengen countries, including most of the European countries.

After Xia ruofei received the passport that Qin Yanan had given him, he sat in his office and pondered for a long time. Then, he took out his phone and called Liu An, the captain of the public jet who was on standby at San Shan.

"Hello, Mr. Xia!" Liu An said respectfully.

Xia ruofei asked, "Captain Liu, I'd like to ask if your flight crew can enter European countries?" Spain, Italy, and so on. "

"Mr. Xia," Liu An replied immediately, "we have an United States passport. We don't have to go to Shengen."

Xia ruofei held his forehead and smiled bitterly. He had really forgotten that although the crew members were all Chinese, they were all United States citizens. It was just that Li Yifu had specially selected Chinese who could speak Chinese to form this crew for the convenience of serving Xia ruofei.

At the same time, Xia ruofei could not help but complain that the treatment of the citizens of the lighthouse nation was really good ... But Xia ruofei immediately said to himself in his heart, "No matter how good their treatment is, don't they still have to work for me?"

"Is it okay for paradise to fly to Europe?" Xia ruofei continued.

"Of course!" Liu An said, "as long as it's within the range of the flight, it can fly anywhere!"

"OK!" Xia ruofei said, "then you guys can apply for the route first! I'm going to ... Fly to Barcelona, Spain, the day after tomorrow. Can I make it in time?"

"There's more than enough time to request for a flight route!" Liu An said, "as long as the airport at the destination meets the landing conditions, there will be no problem!"

"Alright! Let's apply for a flight route first!" Xia ruofei said, "we'll take off at San Shan the day after tomorrow!"

"Yes, Mr. Xia!" Liu An said.

"Oh, that's right!" Xia ruofei thought of something and immediately asked, "how many passengers can paradise carry at most?"

"The Gulfstream G650 can carry a maximum of 18 passengers," Liu An said without thinking. "However, Mr. Li paid more attention to the comfort of the plane back then. So, according to the current cabin layout, in addition to two pilots and two crew members, it can carry eight more passengers!"

"Alright, I got it." Xia ruofei smiled and said, "if nothing goes wrong, we should take off the day after tomorrow with a full load. You have to take this into account when you make the flight plan."

"Understood!" Liu An replied briefly.

After the call with Liu An, Xia ruofei raised his wrist and looked at the time. There were about 20 minutes left before he got off work. He thought for a while, picked up the phone on his desk, and dialed an internal number.

"President Dong, you're still working, right?" Xia ruofei smiled and asked, "do you have time now? I have something to discuss with you ... Okay, I'll wait for you in the office!"

After a few minutes, someone knocked on Xia ruofei's office door.

"Please enter!" Xia ruofei shouted.

Dong Yun, who was dressed professionally, pushed the door open and walked in. She came to Xia ruofei's desk and asked, "Chairman, you were looking for me?"

Xia ruofei nodded and said, "come!" Sit down and talk!"

After Dong Yun sat down, Xia ruofei asked, "How many people will be in the first group to Spain?"

"Including you and me, there are 12 of us," Dong Yun said without hesitation.

"That means there are 10 more employees?" Xia ruofei nodded.

"Yes, I am!" Dong Yun said. She then asked, "Chairman, when do we plan to leave?"

As a loyal fan of Barcelona, Dong Yun was looking forward to this trip to Spain.

"I really can't ..." Xia ruofei muttered to himself.

"What?" Dong Yun asked.

"Oh! It's nothing!" Xia ruofei said, "President Dong, why don't you create a WeChat group and add the first batch of people to Spain, including me!"

Dong Yun didn't think much about it. Usually, when a team went on a trip, they would create a WeChat group. If there was anything, they could just call out in the group and it would be more convenient for everyone to communicate.

Therefore, Dong Yun immediately took out her phone and created a WeChat group. There were a few employees that Dong Yun did not add as friends on WeChat, so she asked the other employees to pull each other in. Soon, all 12 people were in the WeChat group.

As soon as the group called “Spain freshman” was created, Dong Yun sent an emoji in.

Soon, the employees started to talk at the same time.

“There’s a group! Are we going to spend too much?”

“I’m looking forward to it!”

“Waa! The chairman was also in the group! Chairman, we’re all taking turns today. We’re not playing with our phones during working hours!”

“Yes, yes, yes! President Dong gave us a few days off!”

Dong Yun couldn’t help but laugh at everyone’s comments. She glanced at Xia ruofei.

Although Xia ruofei rarely appeared in the company, he had a high prestige among the lower – Level employees.

Xia ruofei didn’t say anything. Instead, he sent a red packet in the group.

After he sent it, he immediately said, “President Dong, don’t order it! A total of 10 copies were distributed!”

Dong Yun couldn’t help but burst out laughing and said, “Don’t worry! I won’t fight with my employee for benefits!”

In fact, Dong Yun did not know Xia ruofei’s intention at all. She thought that Xia ruofei was just sending a red packet to liven up the atmosphere in the group. Under such circumstances, she would not snatch the red packet from the employees. Unless Xia ruofei sent a red packet to everyone, she would only count it at the end.

Chapter 2495 Playing with the lucky draw (2)

When the employees in the group saw that the chairman had directly sent red packets without saying a word, they all hurriedly opened the red packets.

Everyone thought that the Chairman’s Red packet would definitely not be small.

He didn’t expect that one by one, he would get one or two Yuan at the most, a few cents at the least, and even a penny at the most.

Xia ruofei was usually more easy – going, and this was not a formal work group, so a bold employee could not help but complain, “Chairman, you’re too stingy! He only sent ten Yuan and strongly requested the chairman to issue it again ...”

This guy was the “unlucky guy” who only got one cent.

“It is! That’s right!” Another employee jumped out and said, “although I’m the luckiest, it’s only 2.30 yuan!”

“Refire!”

“Additional discussion!”

“+10086 reissues!”

Dong Yun opened the red packet curiously and looked at the amount that everyone had received. Then, she looked at Xia ruofei with a smile. She wanted to see how Xia ruofei would respond to his employees.

Xia ruofei was busy typing on his phone. Soon, a message from Xia ruofei popped up in the group.

“Instead of focusing on the amount of red packets, why don’t you focus on your own ranking? Because I’m going to Spain this time, there are still 6 seats left in my plane. The red packet snatching was just a lucky draw, so I’ve already decided to give these 6 seats to the 6 people who received the least amount of red packets. As for the 4 people who are more lucky, I’ll have to trouble you to take the commercial plane!”

After Xia ruofei said that, the group suddenly quieted down. Everyone hurriedly opened their red packet records to check their ranking, especially those who had a moderate amount of money. They were extremely anxious.

Only the “unlucky guy” who had only managed to get a penny was very confident. He sent a laughing emoji and said, “Thanks for letting me win! Thanks for letting me win!”

As for the one with the ‘best luck’, he didn’t even need to look to know that he had no chance, so he immediately sent a crying emoji.

“Chairman, you’re really going all out!” Dong Yun couldn’t help but say. It’s not cheap to fly an official jet to Spain, right?”

“Since we’re going out to play, of course, it’s more important to be happy!” Xia ruofei smiled and said, “it’s a pity that there are too many people. The plane is too small to fit.”

At this time, everyone had already checked their own rankings. Those in the bottom six were naturally ecstatic. For these ordinary employees, having public expenses for a vacation was already a super good benefit, and to be able to travel by public jet was an even bigger surprise.

Some people were happy, while others were disappointed. The four people who got the highest amount of money all sent a crying emoji.

At this moment, Xia ruofei sent a message. “It seemed that someone had just suggested re – publishing it, right?”

At the same time, he also tagged the girl named Shi Wen, Jian Jia, who had snatched a penny. She was the first one who jumped out to ask Xia ruofei to send a big red packet.

“Don’t!” Shi Wen quickly sent out a message.

Very quickly, the group chat was filled with messages. Those who managed to get a spot in the official jet naturally begged for it while the other four were the loudest and actively responded to Xia ruofei.

Xia ruofei couldn’t help but send a laughing emoji, followed by another message, “What a joke, this was the final result. However, don’t be discouraged if you didn’t get it. We’ll draw again on our way back, and it’ll still be six spots. In addition, although you didn’t get to board the Paradise business plane, the company will book you a business class ticket, so the comfort is still guaranteed!”

After Xia ruofei's message, the employees in the group finally stopped and expressed their support.

The four employees who didn't get the spots thought that they still had a chance to come back. The probability of three in five was still very high. In addition, the chairman had even booked expensive business class tickets for the four of them. How could they still complain?

Dong Yun, who had been silent all this while, saw this message and could not help but give Xia ruofei a thumbs up. "The chairman is really generous! I can't say for sure about other things, but at the very least, this batch of employees will have a much stronger sense of belonging to the company!"

Xia ruofei laughed and said, "I'll leave the rest to you!" By the way, the second batch of employees will definitely know the news soon. Why don't you tell everyone that there will be seven slots for the public jet, and they will be drawn out using the same method as today!"

Paradise could carry eight passengers. This time, Xia ruofei and Dong Yun would have to take a seat each, so there were still six seats left. In the second batch, Xue Jinshan would definitely take the public transport as well, so there were only seven spots left.

"Chairman, there's no need for the next batch, right?" Dong Yun asked in surprise. Now, commercial planes are also very convenient. There's a direct flight to Barcelona from Beijing, and the flight is about 11 hours. There's no need to waste money on a commercial plane to fly again!"

Dong Yun felt that it was reasonable for Xia ruofei to use the plane since he wanted to go on his own. However, the next time, other than Xue Jinshan who was part of the company's management, the rest were all ordinary employees. There was no need to use the plane. In her opinion, it was a waste.

Xia ruofei smiled and waved his hand. "It won't cost much. The most important thing is to be fair. The second batch of employees are still staying at Qiantang. Speaking of which, they're working harder. We can't let them be disappointed."

"It's not that bad ..." Dong Yun hurriedly said.

"It's decided then!" Xia ruofei said, "by the way, I've decided to leave the day after tomorrow. Arrange for the remaining four employees to book their tickets in advance! Since there's a direct flight to Beijing, then let's fly from Beijing!"

"Alright!" Dong Yun stood up and said.

"By the way, is the Spain team done with the docking?" Xia ruofei asked.

Dong Yun nodded and said, "the RCD Espanyol has made very thorough arrangements. They have arranged everything after we landed in Barcelona. We don't have to worry about the hotel, transportation, food, and even the tour in Barcelona."

"That's good!" Xia ruofei smiled and said, "President Dong, you can go and do your work! By the way, I won't be coming to the company tomorrow if I don't have anything to do. I'll come to the company early in the morning the day after tomorrow to go to the airport with everyone!"

"Alright!" Dong Yun said.

.....

When Xia ruofei returned home from work in the evening, he specially asked Ling Qingxue out for dinner.

Ling Qingxue knew that Xia ruofei was going to Spain, so she stayed behind to accompany Xia ruofei. Now, Ling Qingxue was no longer as resistant as when Xia ruofei had first revealed his relationship with Song Wei. In reality, both Song Wei and Ling Qingxue were well aware that their agreement had long been “in name only.”

The next day, Ling Qingxue even took a day off and did not go to the office. She accompanied Xia ruofei at the jiangbin villa. The two of them chatted, cooked together, cultivated together, and happily rolled in the sheets together ...

On the morning of the third day, after Ling Qingxue and Xia ruofei had breakfast together at the jiangbin villa, Xia ruofei picked up the small registration case and was ready to leave.

The two of them went to the courtyard. After Xia ruofei placed the box into the trunk of the Knight XV off – Road vehicle, Ling Qingxue carefully helped Xia ruofei tidy up his clothes and said softly, “Be careful when you go out!”

Xia ruofei grinned and said, “wife!” Don’t you worry! Don’t forget that I’m a cultivator of refined Qi level 9. Ordinary people are not my opponent at all! Even if someone wanted to take advantage of me, it wouldn’t be easy to kill me!”

“Pei Pei Pei!” Ling Qingxue quickly said, “can you not talk about this kind of toxic healer in the future? It’s very inauspicious!”

Xia ruofei couldn’t help but rub Ling Qingxue’s face. He smiled and said, “I didn’t expect my wife to be so superstitious! Alright, alright, alright! I won’t say anymore, don’t worry, don’t worry! I’ll be careful!”

“Go! Don’t let your staff wait too long!” Ling Qingxue said, “I’ll help you clean up the villa!”

Xia ruofei kissed Ling Qingxue’s pretty face and said, “Then I’ll have to trouble my wife! I’ll bring you a present!”

With that, Xia ruofei opened the car door and got in. He waved at Ling Qingxue and drove the Knight XV out of the jiangbin villa district, heading in the direction of the Tao Yuan building.

Chapter 2496 Flying to Spain (1)

When Xia ruofei parked his car in the underground parking lot of the peach blossom mansion and took the elevator to the first floor, he found the coaster arranged by the company waiting in front of the building.

Although Xia ruofei had arrived earlier than the agreed time, the other employees who were on the same flight as him to Spain were earlier than him. Dong Yun was already waiting in front of the building. Xia ruofei was the last one.

Xia ruofei dragged the computer case and walked faster. He smiled at the employees and said, “I’m sorry! Sorry to keep everyone waiting!”

“Chairman, it was us who were so excited that we didn’t sleep last night! They’ve all come to the company this morning!” A girl with a ponytail said.

This girl was Shi Wen, who had only managed to grab a penny from the red envelope in the group the day before yesterday. She had a lively personality and was usually the joy of the team. Besides, Xia Ruofei, the chairman, did not put on any airs, so she would not be submissive in front of Xia Ruofei.

Xia Ruofei smiled and said, “so I’m the one who harmed everyone!” If I had known earlier, I would’ve let everyone take the commercial plane there. ”

“I didn’t say that!” Shi Wen quickly said.

Xia Ruofei laughed and scolded, “look at your useless faces!” Get in the car!”

With that, Xia Ruofei took the lead and got into the car with the boarding machine. Dong Yun and the employees also got into the car one by one. The electric door of the Toyota Coaster slowly closed with a beep. The car started smoothly and drove out of the city.

Sanshan city’s airport was located in Changping County. From the city to the airport, one had to take the winding highway and then the airport Highway. The whole journey took about 40 to 50 minutes.

Most of the people in the team were young people. It was their first time traveling abroad, and they were going to take the legendary Gulfstream plane this time, so they were all excited. The whole journey was full of laughter and laughter.

Xia Ruofei and Dong Yun were sitting side by side. He felt very relaxed when he saw the young employees talking and laughing happily. In fact, he was about the same age as these employees, and some of them were even a few years older than him. However, his experience over the past few years had made him more mature than these young employees who had just entered the workforce a few years ago.

“President Dong, have you arranged for the four employees?” Xia Ruofei asked.

“Don’t worry!” Dong Yun smiled and nodded. Everything has been arranged according to your instructions. “They set off for the capital city yesterday. The direct flight from the capital to Barcelona is about 3 am this morning. It’s just that the time is a little unfriendly, but they will definitely arrive in Barcelona before us! “Moreover, from San Shan to Jing city and from Jing city to Barcelona, the two shipping companies have booked business class for them. The comfort level of the long – distance flight is still guaranteed.”

“That’s good. ” Xia Ruofei said, “by the way, they arrived early. Did someone pick them up in Barcelona?”

“It’s all arranged!” Dong Yun smiled and said, “you’re a Big Boss, so you don’t have to worry about these small things! A few days ago, you were criticizing factory manager Xue for being so detailed! How come when it comes to you, you seem to be even better?”

Xia Ruofei chuckled. “You’re right, President Dong. I’ll humbly accept your criticism!”

“I’m just joking with you. I know you care about your employees!” Dong Yun said with a smile.

About 40 minutes later, Xia ruofei's coaster arrived at the airport in Changping County and stopped in front of the private jet building.

Liu An was already waiting for Xia ruofei in front of the private plane building. He knew that there would be more passengers this time, and it was an overseas trip, so he had brought the crew to the airport in advance to prepare. He asked the second captain, Zheng Daming, to make the final flight preparations while he came to the private plane building to wait for Xia ruofei and the others.

With Liu An's help, Xia ruofei and the others quickly completed the security check, border inspection, customs inspection, and other inspection procedures. They successfully entered the restricted area of the airport.

Paradise was parked in the parking lot next to the private jet building, so after the group left the private jet building and walked a short distance, they could see the public jet, paradise, glistening in the sun.

The paint coating of the peach blossom was very distinctive. In addition to the big LOGO of the peach blossom company, the body of the plane was also covered with fresh and green peach blossom vegetables and delicious peach fruits. When the employees saw the distinctive features of the peach blossom company on the plane, they could not help but feel a sense of pride.

They were all young people, so they didn't deliberately suppress their emotions. Seeing this, they all shouted and quickened their pace, and in the end, they basically all jogged.

After arriving at the plane, the employees took out their mobile phones and took pictures of paradise. Of course, a few girls who loved to look pretty also took selfies.

When Xia ruofei, Dong Yun, and Liu An arrived at the plane, Shi Wen could not help but exclaim, "Chairman, let's take a group photo! The sky was so blue today! It'll definitely look great if you take a picture in front of the plane!"

Xia ruofei laughed and said, "sure!" Captain Liu, call Captain Zheng and the others down as well! Everyone, let's take a family photo!"

The blue sky, white clouds, streamlined business planes, a group of young employees brimming with youth, and the crew members wearing flight and flight uniforms. Everything was so beautiful under the sun.

One of the employees had brought a tripod. He fixed his phone on the tripod, set the delay setting, and then ran to everyone. With the sound of the shutter clicking, this beautiful moment was captured.

Chapter 2497 Flying to Spain (2)

The employee named Jiang Xiaoming didn't even have time to take his phone off the tripod before everyone gathered around him impatiently and said, "Quick, take a look at how good the photos are!"

The group of young people quickly picked a photo from the series of photos that everyone had a very good expression on, and then urged Jiang Xiaoming to send the original photo to the WeChat group.

Xia ruofei clapped his hands and laughed. "Handsome guys and beautiful girls! If there's anything, we'll talk about it after we get on the plane! Just now, Captain Liu said that the airport forecast is that there will be a thunderstorm in about 40 minutes, so we must take off as soon as possible!"

Dong Yun looked up at the sky and said, "The weather today is very good! It doesn't look like it's going to rain."

Xia ruofei laughed. "The weather radar at the airport is very accurate. Besides, you know the weather in the three mountains. Thunderstorms come at will!"

"That's true!" Dong Yun said, "everyone, hurry up and get on the plane!"

As usual, Xia ruofei was the first to board the peach Garden, followed by Dong Yun.

Then, the employees stepped onto the accommodation ladder and entered the interior of the peach essence.

This was their first time taking a public jet and seeing the interior of the peach source. Everyone gasped when they saw the luxurious interior.

Shi wen even patted her chest cutely and said, "Am I dreaming? This is too luxurious!"

Some of the employees rarely even took a plane, let alone a private plane like this.

Although the employees had checked the Gulfstream G650 plane's pictures at home after knowing that they were about to take a private plane, pictures were still pictures. The shock of seeing it with their own eyes was still very big.

Moreover, Li Yifu had bought the Gulfstream G650 as a gift to Xia ruofei. The interior design was naturally extremely luxurious. It was much more luxurious than some Gulfstream G650 passenger cabins that could be found on the internet.

Hence, the moment the employees entered the cabin, they were all stunned.

Xia ruofei could see that everyone was a little nervous, so he laughed and said, ""Don't just stand there! Hurry up and find a place to sit! Put on your seat belt, I don't need to remind you, do I?"

Xia ruofei then pointed at two individual sofa seats that were placed opposite each other and said, ""Leave these two seats for me and President Dong. You can choose any of the other seats!"

The two single – seater sofas were the most comfortable seats on the plane. They were located in the middle and back of the cabin, and further back was the separate bedroom.

In front of this pair of seats, there were two seats placed side by side, separated by a small table. Opposite them were also two seats placed side by side. Further in front, there were two seats placed side by side. These six seats were basically arranged in this order. In terms of comfort, of course, it was a little worse than the two single – seat sofas at the back.

However, it was just relative. Each seat in the public service airplane was much more comfortable than the public service cabin seats in Civil Aviation aircraft in terms of comfort and space. Additionally, each seat could be adjusted to a flat position.

Further ahead of these six seats, there was a small control room between the cockpit and the control room. There were two retractable seats on the side of the control room. Those were the flight attendants' seats, which were similar to the flight attendants' seats in Civil Aviation planes.

Beside Xia ruofei's seat, there was a three – seater leather sofa. However, the three seats did not have seatbelts. The sofa and the bedroom in the back cabin could only be used during level flight. During take – off and landing, passengers had to sit in the seats and fasten their seatbelts.

After Xia ruofei and Dong Yun sat down, the staff also found their seats. The flight attendants retracted the accommodation ladder and locked the cabin door.

The employees inside the plane couldn't help but take photos.

Not long after the door was closed, the plane started to move backward and taxied. It didn't stop until it reached the runway.

A Boeing 777 landed on the other side of the runway. Then, an Airbus A330, which was in front of paradise, entered the runway first. It quickly taxied on the runway and took off.

Then, paradise was allowed to enter the runway and take off.

The plane made a beautiful turn at the end of the runway, and the nose of the plane was aimed at the center of the runway. Then, the plane began to accelerate rapidly, and everyone could feel an obvious push on their backs.

After sliding for a distance, the plane's speed became faster and faster. Finally, it leaped up and flew up lightly.

Through the porthole, they could see that the ground was getting further and further away, and the buildings on the ground were getting smaller and smaller.

The plane was climbing rapidly.

The Gulfstream plane's cruising altitude was higher than the general commercial aircraft, but the climbing time was almost the same. It only took about 20 minutes before the seat belt indicator light went out.

At this time, the cockpit door opened, and Liu An, who was wearing the captain's uniform, walked out. He picked up the cabin speaker from the side of the control room and said with a smile, "President Xia and all the other distinguished guests, I'm Liu An, the captain of the peach Garden. Welcome to the paradise. Please allow me to introduce the route from the triplet mountains to Barcelona."

Liu An turned to look at Xia ruofei.

After seeing Xia ruofei nod with a smile, he continued, "We just took off from the Sanshan. In the next 11 hours, we'll cross the Eurasian continent, then fly over the Mediterranean Sea, and finally arrive at Barcelona in Spain. Along the way, we'll pass through the airspace of Myanmar, India, Oman, United Arab Emirates, and other countries. It needs to be specifically stated here that although the Gulfstream G650's designed flight range is enough to guarantee that we can fly directly from the triplet mountains to Barcelona when it is full of fuel, we do not intend to do so for safety reasons. Therefore, in the middle of this journey, we will land in Dubai and stop for a short while. After filling up the fuel, we will continue to take off and head to Barcelona!"

Liu An had asked Xia ruofei about this flight plan. Although there was enough fuel to support the flight to Barcelona, Liu An did not recommend such extreme flight. If the destination airport could not land

due to weather or other reasons, paradise, which was almost out of fuel, would be very passive and would have fewer options for landing.

"We can see a lot of beautiful scenery along the way," Liu An continued. "I'll remind everyone to enjoy it through the captain's broadcast. I'll be returning to work now, and my colleagues will serve you with all they have!"

After that, Liu An hung the cabin Radio microphone back and bowed slightly to everyone.

Shi wen was the first to clap, followed by the other employees.

After Liu An returned to the cockpit, the two flight attendants got busy, bringing the menu and preparing meals for everyone.

Xia ruofei unbuckled his seat belt and asked the staff to get up and take a look at the cabin. After obtaining the permission of the captain, Liu An, Xia ruofei even arranged for the staff to enter the cockpit in batches.

If they were on a passenger airliner, it would definitely not be allowed. However, there were not so many rules on a private plane, and everyone knew each other. Besides, Xia ruofei was standing at the door of the cockpit, so there was no need to worry about any safety issues.

After having some desserts with the employees and chatting on the sofa for a while, Xia ruofei went back to the bedroom in the back cabin to rest for a while. He knew that even though he was not arrogant, he was still the chairman. The employees would feel more or less uncomfortable if he sat there.

Although Dong Yun was also a company leader, they had fought side by side in Qiantang for a long time. In addition, Dong Yun was a beautiful woman, so she had a natural advantage. Thus, the employees felt more at ease in front of her.

Xia ruofei had thought about this as well, so he decided to sleep on the soft bed for a while. When he woke up, he leaned on the bed and played on his phone for a while. There was WiFi in the plane. Although the internet speed was slower than on the ground, it was not a problem to browse the internet and read the news.

The plane landed in Dubai to refuel. Xia ruofei treated the employees to a meal at Dubai's airport. Then, the plane quickly took off from Dubai and continued to Barcelona.

Chapter 2498 On the hot search again (1)

When the plane took off again, there were about five hours left on the flight. Xia ruofei did not return to the bedroom in the back cabin to rest. He sat in his seat with Dong Yun and the other staff, enjoying the red wine that was prepared on the plane and chatting casually.

The employees had been on the plane for five to six hours, but they didn't feel tired at all. However, everyone had passed the initial stage of novelty and no longer looked around like they were visiting a Grand View Garden.

The bravest of them all, Shi wen, was sitting on the long sofa beside Xia ruofei. She blinked her big eyes and said, "Chairman, your performance in life to look forward to was great! Especially the magic show, it

was simply too magical! A lot of people on the internet said that it was edited for the show's effect, but teacher he, teacher Huang, and Pengpeng all vouched for it with their integrity. The magic show's process was not cut at all, and now the internet is in an uproar!"

"Has the show started broadcasting?" Xia ruofei asked, surprised.

"You didn't see it yourself?" Shi wen asked in surprise.

Xia ruofei laughed dryly, "no one told me!" I guess the Jie Ji group has forgotten about me ..."

"That's not right!" Shi wen said, "I even saw you interacting with the festival Group on Weibo yesterday!"

Xia ruofei was even more embarrassed. At this moment, Dong Yun turned to him and said, ""The Chairman's account is maintained by Qin Yanan and the others. I guess the chairman hasn't logged in to his Weibo for a long time!"

Xia ruofei nodded unnaturally and said, ""It's true that I don't really use social media ..."

"Chairman, please take a look now!" Shi wen quickly said. The topic of your magic show has even made it to the top search on Weibo! By the way, I just posted a photo with paradise and tagged you! Please forward it or reply to it! This way, I can also gain some fans!"

"Xiao Shi," Xia ruofei said with a half – Smile, "the latter part is your main purpose, right?"

"It's just ... Just by the way ..." Shi wen pursed her lips and smiled.

Xia ruofei stretched and said, ""Alright! I'm free anyway ..."

After saying that, he took out his phone and opened the Weibo app. Although the Wi – Fi speed on the plane was not as fast as the 4G network on the ground, as long as he was not watching videos, the average page could be opened after loading for a short while.

Xia ruofei took a look. As expected, there were so many messages that he couldn't count them. The red corner sign no longer showed the specific number.

He checked his Weibo first and found that he had indeed reposted the news released by the life I'm looking forward to the night before. He also had an interaction with Peng Peng about how Peng Chang kept pestering him to learn magic.

And the topic #President Xia's magic show #had actually reached the third most searched spot on Weibo.

Xia ruofei clicked on the topic page and saw that it was indeed in full swing. There were thousands of Weibo posts about this topic today. Both sides had their own arguments. Everyone had their own reasons. They analyzed the magic technique, the principle of the three Immortals return to cave, and so on. In the end, they came to opposite conclusions.

Xia ruofei couldn't help but mumble to himself, 'how free are people these days? Such a small thing actually made it to the hot search ..."

"I've realized that anything related to the chairman can easily get on the hot search list. Is the chairman the legendary 'hot search physique'?" Dong Yun said with a smile.

Shi wen pursed her lips and smiled. "Chairman, your words will attract hatred. I don't know how many celebrities have tried to stir up scandals and scandals just for the last trending search, but it's extremely difficult!"

Xia ruofei chuckled and said, "you're too concerned about gains and losses. It's not a good result." What was this called? The flowers planted with a heart did not bloom, but the Willows planted without a heart grew into shade! Hahaha!"

"Look at how proud our Chairman is!" Dong Yun said with a smile.

Dong Yun's words made the staff in the cabin burst into laughter.

Xia ruofei thought for a while and sent a Weibo message on his phone.

The content was very simple: "I saw everyone discussing the little magic trick I performed on the show. Actually, there's really no editing. In a few days, when I have time, I can post the full video of this magic trick. I also welcome everyone to watch and see if it can be disclosed."

The Weibo post was filled with the topic #President Xia's magic show #, and the life I'm looking forward to was tagged along with the festival team, He Jiong, Huang Lei, Peng Chang, and the others.

After sending the message, Xia ruofei didn't bother about it anymore. Instead, he looked at Shi wen and asked, "Xiao Shi, what's your Weibo ID? There are too many people tagging me backstage, it's really hard to find, I'll just search directly!"

Shi wen said, a little embarrassed, "My ... My ID is 'refined little field flower' ..."

Xia ruofei raised her eyebrows and asked, "The flower of the factory?"

"It's not a factory! It's a farm!" Shi wen hurriedly reminded him, her small face also blushing.

This ID clearly implied that she wanted to be the most beautiful girl on Peach Blossom Farm. Saying it in front of so many people was really too embarrassing ...

"Oh ..." Xia ruofei dragged out his words.

"Si Wen isn't the word in my name, it's SI Wen ..." Shi wen quickly reminded him.

"Refined beast! Am I right?" Xia ruofei asked with a smile.

Shi wen stomped her feet in embarrassment and said coyly, "Chairman ..."

Chapter 2499 On the hot search again_2

Xia ruofei couldn't help but shiver and said, "Xiao Shi, please don't speak in such a tone. I'm getting goosebumps!"

Dong Yun and the other five staff members who were watching the show laughed so hard that their bodies convulsed. The cabin was filled with everyone's laughter.

Xia ruofei quickly found shi Wen's Weibo and clicked on her main page.

Xia ruofei took a look and saw that shi wen had indeed posted two Weibo posts related to Taoyuan.

The first post was about the blue sky and white clouds at the airport, the appearance of peach origin, and the group photos taken in front of paradise. There was a short sentence attached. Immediately fly to Spain! And we'll be taking the Chairman's private plane. With such benefits, I just want to ask: Who else was there?

The second Weibo post was obviously just posted, and it was accompanied by photos of Paradise's interior. There were exquisite leather aviation seats, shiny crystal lights, soft wool carpets, and a high – tech display screen ...

In this Weibo post, shi wen wrote: We just landed in Dubai to refuel, and now we are taking off again. Barcelona, we are here!

Shi wen had tagged the official Weibo account of Tao Yuan company and Xia ruofei's Weibo account in both Weibo posts.

Xia ruofei thought for a while and reposted shi Wen's first Weibo post with a short paragraph of text: A small team from the company recently completed a beautiful siege battle. In order to reward them, and since I'm going to Spain for business, I'll take everyone on a vacation. It seemed that the girls and boys were already having fun before they even reached Barcelona!

Shi wen had been staring at her own Weibo. Once Xia ruofei's post was posted, she received news that someone had tagged her. She didn't have many Weibo fans and usually didn't have any news backstage, so she saw it the moment Xia ruofei reposted it.

...

Shi wen opened the platform and saw that Xia ruofei had indeed reposted it. She said excitedly, "Chairman! Thank you! I'm sure I'll have a big wave of fans this time!"

"Only one fan?" Xia ruofei teased, "my influence can't be that bad, right?"

"Not one, I mean a big ..." Shi wen corrected.

At this point, shi wen suddenly reacted and her face heated up. "Chairman, you're too evil! He actually ..."

Xia ruofei also felt that it was inappropriate to make such a perverted joke with a young lady. In fact, he had blurted it out without thinking too much.

To Xia ruofei's surprise, shi Wen's reaction was so fast.

Xia ruofei awkwardly scratched his head and said, "I must have heard it wrong ... The engine must have been too loud! It seems that the Gulfstream G650's sound insulation is not very good!"

Dong Yun and the other employees knew that Xia ruofei was driving, so they all smiled knowingly.

Fortunately, Xia ruofei had his authority as the chairman, so no one exposed his explanation.

As for Shi Wen herself, her attention was not on this at all. In less than a minute after Xia Ruofei reposted her Weibo, the number of views on her Weibo account was increasing rapidly. The comments below were also popping up like bamboo shoots after a rain. Moreover, there were constant notifications of new fans appearing in the background. It was too much for her to take in.

“Awesome!” Shi Wen said excitedly, “Chairman, it’s only been a minute or two, but I’ve already gained hundreds of fans!”

...

“Look at you! What’s the big deal with a hundred fans?” Xia Ruofei said with a smile.

“No! It had just been forwarded! The number of fans increased so quickly!” Shi Wen said, “It’s still rising! And it’s even faster now, there’s no way to stop it!”

Shi Wen’s eyes did not leave the phone screen for even a second as she kept refreshing the background news.

Seeing this, Xia Ruofei smiled and said, “Take your time!” I really don’t understand ... So what if I have a lot of fans? Can it be eaten as food?”

“You’re a verified user with millions of fans, don’t attract hatred here!” Shi Wen said without raising her head.

“Chairman, this wave of publicity is pretty good!” Dong Yun said with a smile. I think it’s very likely that it’ll make it to the hot search again! We’ve saved so much advertising fees this way!”

After all, Dong Yun was a senior executive in the company. Naturally, her perspective was different from that of a young lady like Shi Wen.

Although it was just a simple interaction with Xia Ruofei, she keenly felt that this kind of down – to – Earth content might be what the netizens would like to see the most.

Let’s not talk about Xia Ruofei’s previous Weibo post about magic. After all, the topic of Ran Ran was already ranked third on the hot search. It was already very popular. Just Shi Wen’s Weibo post alone would definitely have a different effect if Xia Ruofei reposted it.

It was a simple Weibo post, but it revealed a lot of information: First, the Paradise company’s benefits were very good. They would reward their employees with an overseas trip and even use the boss’s private plane to send them there. Second, Xia Ruofei was a friendly boss and had good interaction with the ordinary employees. Third, the private jet was really beautiful and luxurious ...

Different people would have different interpretations of this Weibo post.

...

It was just that this Weibo post had just been posted, and it would take time for it to make it to the hot search.

However, with the popularity of the magic show, Xia ruofei's Weibo post would definitely be more well – known than usual. In addition, Xia ruofei's "hot search physique" made thousands of celebrities envious. It wouldn't be long before he made it to the hot search list.

Shi wen was completely immersed in the joy of the rapid growth of her fans. The other employees also joined in the fun and started to scroll through Weibo and TikTok. Although the in – Flight WiFi speed was not very fast, it was much faster than some Commercial Airplanes that were equipped with Wi – Fi. After all, Commercial Airplanes often had hundreds of people sharing the same Wi – Fi, and there would never be so many people sharing the same WiFi on the peach source.

Xia ruofei sat with him, sipping red wine and chatting.

More than five hours passed by quickly.

Finally, the peach origin landed smoothly at the Barcelona Airport and slowly glided to the private jet parking spot.

Due to the time difference, it was only threeo' clock in the afternoon in Spain.

Xia ruofei and the staff expressed their gratitude to the two captains for the long flight that lasted for 11 to 12 hours. It was a great test of the pilot's physical strength.

The two pilots, Liu An and Zheng Daming, personally sent Xia ruofei and the others off the plane.

Xia ruofei took his login case from Zheng Daming's hands and said,""Captain Liu, Captain Zheng, after you're done with the follow – up matters, you should also go to the hotel to rest as soon as possible! We shouldn't be returning so soon. You can have fun in Barcelona and wait for further notice!"

"Alright, President Xia. We'll be on standby!" Liu An nodded and said.

...

At this time, a warm voice came from not far away,""President Xia! You've had a long journey!"

Xia ruofei looked up and realized that Zhou leiyun had come to the tarmac personally. There were two Mercedes – Benz MPVs parked not far away. It was obvious that Zhou leiyun had brought them over.

Xia ruofei quickly walked up to him and said,""Chief Zhou, why did you come to the airport in person? How can I accept this?"

Zhou leiyun laughed heartily and said,""President Xia, a friend from afar has come. Of course, I have to welcome him personally!"

Then, he frowned and looked at the young man beside him who had his head lowered. "Aren't you going to greet the guest?"

The young man then raised his head somewhat unnaturally.

Only then did Xia ruofei see that the person who had his head buried in his chest was Zhou leiyun's nephew, Zhou Yuan. This kid had probably been taught a lesson by Zhou leiyun recently. He no longer had the high – spirited attitude he had at the peach blossom Association. Instead, he was a little submissive.

“Good ... Good day, President Xia!” Zhou Yuan looked at Xia ruofei in fear and stuttered.

Xia ruofei couldn't help but secretly shake his head. Zhou leiyun was a little resentful towards this nephew of his for failing to live up to his expectations, and Zhou Yuan was obviously very afraid of Zhou leiyun. Under such pressure, how could Zhou Yuan be successful? The only result was that he was like this now. He was like a grandson in front of Zhou leiyun, but once he went out, he would be arrogant and domineering, afraid that people would not know that he was rich.

This emotion was like a spring. The more tightly it was suppressed by Zhou leiyun, the stronger the rebound after leaving Zhou leiyun's side.

Xia ruofei could even somewhat understand this good – for – nothing second generation Zhou Yuan.

...

However, this was Zhou leiyun's family matter, so Xia ruofei naturally would not meddle in it. He only lightly greeted Zhou Yuan.

Chapter 2500 Arrival at Barcelona (1)

Zhou leiyun also knew that Xia ruofei did not like Zhou Yuan very much. He had brought him to pick him up today to express his attitude. Thus, after greeting him, Zhou leiyun warmly welcomed everyone to board the car.

When the employees saw that Zhou leiyun, one of the richest men in the country, had personally come to pick them up, they could not help but feel flattered. Even Dong Yun could not help but take a few more glances at Xia ruofei.

Dong Yun knew that Xia ruofei's trip to Spain was an invitation from Zhou leiyun. However, she did not expect Xia ruofei to be so close to Zhou leiyun. In the entire China, there were not many people who could make Zhou leiyun come to the airport to pick them up.

Xia ruofei introduced Dong Yun to Zhou leiyun as they walked side by side towards the car.

When Zhou leiyun heard that Dong Yun was the Managing Director of paradise Corporation, he was very friendly. He did not act arrogantly just because paradise Corporation was much smaller than glory world Corporation. Since she was going overseas with Xia ruofei, she must be a trusted subordinate. How could Zhou leiyun neglect her?

Xia ruofei, Dong Yun, and Zhou leiyun sat in the car in front. Shi wen sat in the back of the car while the other five sat in another Mercedes – Benz.

After the two cars left the parking ground, they went around to the other side. Zhou leiyun personally led Xia ruofei and the rest to complete the immigration procedures. Then, everyone got into the car again and left the airport, heading in the direction of the hotel.

Barcelona, a Southern European resort, had warm sunshine, beautiful beaches, and enthusiastic bikini girls all year round. Along the way, it was full of exotic scenery.

Xia ruofei asked, “by the way, director Zhou, there are two other employees from our company who took the Huaxia airlines 'flight. They should have arrived earlier than us. Have you picked them up?”

“Don’t worry! Your two employees have already arrived at the hotel!” Zhou leiyun chuckled and said, “I arranged for Jiang Xiaochen to personally pick us up.”

...

Jiang Xiaochen was Zhou leiyun’s Chinese agent in the Spanish club and had been working there for several years.

“Thanks!” Xia ruofei said with a smile.

Zhou Yuan sat upright in the front passenger seat, not even daring to breathe loudly. Zhou leiyun and Xia ruofei sat in the middle row, while Dong Yun and shi wen sat in the back row.

The Mercedes – Benz business car had a longer wheel – Length, and there were three seats in the back, so it was not crowded with two petite girls sitting in the back.

Zhou leiyun was in high spirits and introduced the scenery to Xia ruofei along the way.

The city of Barcelona had a long history, and there were many historical sites in the city. The old buildings in Europe were well – preserved, and medieval – looking buildings could be seen standing on both sides of the road.

After Zhou leiyun had acquired the Espanyol club, he had frequently traveled between China and Spain. He was already quite familiar with the city of Barcelona and had no problem being Xia ruofei’s tour guide.

The car drove through the streets of Barcelona and finally arrived at the Grand Central Hotel in the Laocheng District.

The hotel was located in a building from the early 20th century. The furnishings were elegant, and the exterior was filled with a sense of historical heaviness. However, the interior was very luxurious.

Zhou leiyun asked Zhou Yuan to bring Dong Yun and the rest to handle the check – in procedures. Xia ruofei’s passport was also handed over to Zhou Yuan to handle while he and Xia ruofei sat on the sofa in the lobby and waited.

Zhou leiyun smiled. “Director Xia, this hotel doesn’t have a Presidential Suite. I’ve asked them to book a luxurious suite for you. I’ll have to trouble you for a while.”

...

Zhou leiyun owned a mansion in the wealthy district of Barcelona. He had originally wanted to invite Xia ruofei to stay at his house, but Xia ruofei had used the excuse of bringing his employees along as an excuse to reject him.

Xia ruofei laughed and said, “a luxury suite?” I say, even a standard room would do! I’m not that spoiled. When I was in the Army, I lived in a row of rooms that could accommodate more than ten people. Didn’t I eat and sleep well?”

Zhou leiyun sighed and said, "that's right!" Sometimes, it was not necessarily a good thing to have superior living conditions! President Xia's experience in the military will be very beneficial to your future career development!"

Xia ruofei knew that Zhou leiyun was thinking about his good – for – nothing nephew, Zhou Yuan, so he smiled and said, "Everyone wants to live a more refined life. I have no choice. I was born with a silver spoon."

Zhou leiyun laughed and said, "chief Xia, the conditions of this hotel are quite good!" The local food here was very authentic, and the fitness center was also great! I'm sure President Xia will like it there. By the way, there's also an endless pool on the roof. In our country's words, it's an internet – famous attraction! Some of our wealthy compatriots who come to Barcelona for a vacation like to choose this hotel because of the endless pool on the roof!"

"Is that so?" Xia ruofei said, "I'll find time to experience it!"

"I must go and experience it!" Zhou leiyun smiled and said, "there are many pretty girls in bikinis there too!"

Zhou leiyun continued, "that's right. Wu Lei has also been arranged to stay in this hotel for the time being. However, once he has settled down, he should be going to rent or buy a house. After all, he will be staying here for a few seasons!"

"Wu Lei should be at the training base now, right?" Xia ruofei nodded.
