### Chapter 2501 Arrival at Barcelona (2)

Wu Lei had successfully passed the physical examination of the Spanish club a few days ago and officially joined the club.

Perhaps it was because of the club owner's Chinese background or the huge Chinese market behind Wu Lei, the Spanish club held a special press conference for Wu Lei's joining and also organized a Grand joining ceremony.

Many Chinese people in Spain rushed to Barcelona from afar to attend Wu Lei's joining ceremony.

Wu Lei also showed off his footwork on the court as usual. His performance could be said to be average, or at least he did not make a fool of himself.

"That's right. He usually rests in the club at noon. After a day of training, there's a car that will send him back to the hotel!" Zhou leiyun nodded.

"This treatment is not bad!" Xia ruofei grinned. "Director Zhou, find a time for me to meet Wu Lei. I want to talk to him!"

"No problem!" Zhou leiyun promised.

The two of them chatted for a while and soon, the check – in procedures were completed. Zhou leiyun personally sent Xia ruofei upstairs.

This time, Zhou leiyun had shown his sincerity, and the reception was also very high.

Xia ruofei was staying in a luxurious suite, while the other employees were staying in the king – sized rooms. At first, Zhou leiyun did not know that there was a higher – up from Paradise Corporation in Xia ruofei's group. After knowing Dong Yun's identity, he immediately ordered Zhou Yuan to change Dong Yun's room to a suite, and it was on the same floor as Xia ruofei's room.

...

Everyone went back to their rooms to rest while Zhou leiyun accompanied Xia ruofei to the luxurious suite.

As for Zhou Yuan, Zhou leiyun was annoyed when he saw his cautious and submissive appearance, so he simply sent him away.

The luxury suite had a spacious living room, a dining room, a small kitchen, and a large bathroom with a high – end Jacuzzi. The view of the suite was also the best of all the rooms. Standing in front of the bay window in the bedroom, one could have a panoramic view of the beautiful scenery of Gorte, and the main cathedral of Barcelona was close by.

Zhou leiyun chatted with Xia ruofei about the upcoming arrangements, then got up and left. Xia ruofei and the rest had been on the plane for more than ten hours. Now that they had arrived at the hotel, they definitely had to rest. Zhou leiyun did not want to disturb them.

Earlier on, Zhou leiyun had already discussed with Xia ruofei. Xia ruofei and the rest would be resting in the hotel that afternoon to recover their energy. The next day, Zhou leiyun would arrange for someone to accompany Dong Yun and the rest on a tour around Barcelona. Xia ruofei would follow Zhou leiyun to the Espanyol club and make a trip to the club. Although Xia ruofei and Zhou leiyun had signed the share transfer agreement, there were still some procedures that could only be completed in Spain.

However, Xia ruofei had underestimated the enthusiasm of Dong Yun and the others. As soon as Zhou leiyun left, Dong Yun asked in the group, "Chairman, what are our plans for the afternoon? Is it a group activity or a free activity?"

Xia ruofei couldn't help but send a message in the group. "He didn't have any plans for the afternoon! Everyone had been on the plane for such a long time, were they not tired? I think it's better to rest in the hotel and go out tomorrow!"

Dong Yun directly sent a voice message over, "I'm not tired at all!"

Shi wen, [not tired +1]

Jiang Zhou, [not tired +2]

.....

...

The employees replied that they were not tired. Xia ruofei did not know whether to laugh or cry.

Hence, he gave Zhou leiyun a call and asked him to arrange for someone to bring Dong Yun and the others out for a trip.

"No problem!" Zhou leiyun said with a smile. President Xia, I'll get someone to show President Dong and the others around the Laocheng District, and we can try the local specialties tonight!"

"I've caused you trouble!" Xia ruofei laughed bitterly. "These employees have been too tense for a while. Now that they're on vacation, they look like they've been revived!"

"Hahaha! It's no trouble at all!" Zhou leiyun said candidly, "director Xia, aren't you going out for a walk?"

"I'm not going!" Xia ruofei said, "I can't rest well on the plane. I think I'll catch up on sleep!"

"That works too! I'll come and find you for dinner tonight, and I'll call Wu Lei along. " Zhou leiyun said readily, "let's have a meal at the hotel today. The main thing is to have a good chat!"

"I'll follow your arrangements!" Xia ruofei said.

Then, Xia ruofei suddenly thought of something. After hesitating for a while, he asked, "Director Zhou, is it convenient to arrange for everyone to visit nokapu tomorrow?"

The Espanyol and Barcelona clubs were not on the same level at all, but they were still arch – enemies in the same city. Even Xia ruofei felt that it was a little too much to ask the Espanyol club owner to send someone to take everyone to visit Barcelona's home ground, nokapu Stadium.

Zhou leiyun was stunned for a moment, then he smiled bitterly and asked, ""They all want to visit nokapu?"

...

"Not really, but President Dong is a die – hard fan of Barcelona. Since she's in Barcelona this time, she's definitely going to make a pilgrimage to nocape!" Xia ruofei said,"a few other employees also expressed similar opposite opinions. They are not loyal to Barcelona, but when their friends in China learned that they were on vacation in Barcelona, fans would ask them to bring some Barcelona souvenirs, authentic jerseys, and so on. It would be even better if they could get Messi's autograph ..."

"I understand!" Zhou leiyun said with a bitter smile,"but on non – Match days, I won't be able to see those star players in nokapu ..."

To be honest, Zhou leiyun felt a little bitter in his heart. As the owner of the Spanish club, how could he be willing to let his Club Live in the shadow of bar?a? However, this was the cruel reality for now.

Even with Wu Lei, the fans from China would obviously like bar?a more at the club level.

If they were given a choice between visiting Barcelona's home ground and visiting Spain's home ground, everyone would probably choose the former without thinking.

The two of them chatted for a while more before Zhou leiyun hung up. He wanted to arrange for someone to be Dong Yun's tour guide.

As for visiting nokapu, that would be tomorrow at least, and the premise was that nokapu would be open tomorrow.

Xia ruofei took a bath in the bathroom, changed into a bathrobe in the closet, and lay down on the bed in the bedroom. Because China and Spain had a six – hour time difference, it was almost time to sleep in China, so Xia ruofei fell asleep very quickly after lying down.

When his phone on the bedside table vibrated, the sky outside had already turned dark.

Xia ruofei reached for his phone and glanced at it. It was Zhou leiyun. He picked it up and said, ""General manager Zhou ..."

"President Xia, are you still sleeping?" Zhou leiyun said apologetically,"I'm sorry! I've disturbed your rest ..."

...

Xia ruofei yawned and said, ""It's fine, I should get up too! Otherwise, he wouldn't be able to get over the time difference. General manager Zhou, have you arrived at the hotel?"

"I just arrived. I'm at the bar on the second floor!" Zhou leiyun chuckled and said,"it's fine. You can take your time to pack. Wu Lei has just returned from training. We'll meet on the second floor later!"

"Alright!" Xia ruofei said.

He rolled out of bed and went to the bathroom to wash his face. Then, he changed out of his pajamas and took out a casual suit from the space. After that, he left the room and took the elevator to the second floor.

As Xia ruofei walked into the bar on the second floor, he saw Zhou leiyun waving at him from a distance. Opposite Zhou leiyun sat a young man in the Spanish team's yellow sportswear.

Xia ruofei walked over.

Zhou leiyun did not choose a private room. Instead, he asked for a booth by the window, where he could enjoy the night view of the Laocheng District.

"Director Zhou, sorry to keep you waiting!" Xia ruofei walked over and said with a smile.

"I've only just arrived!" Zhou leiyun smiled and said, "President Xia, let me introduce you ..."

"There's no need for an introduction. Wu Lei is a famous star player in our country. Who doesn't know him?" Xia ruofei laughed and said, "Hello! I'm Xia ruofei."

"Hello, President Xia!" Wu Lei quickly said.

...

"Let's sit down and talk!" Zhou leiyun beckoned him over. "Wu Lei, don't be so reserved. Have a seat!"

#### Chapter 2502 First time meeting (1)

Wu Lei looked the same as he did on TV and in photos, but in reality, he looked more innocent and shy. His small eyes, short hair, and somewhat honest appearance made it difficult for people to have any bad feelings about him.

However, Wu Lei was clearly a little reserved in front of his Big Boss, Zhou leiyun.

Zhou leiyun was not only the chairman of the RCD Espanyol club, but this club was just a playful investment by him. The scale of his assets was one of the best among the private enterprises in the country.

Usually, Zhou leiyun had a lot of things to do, so he did not come to the RCD Espanyol club often. He would appear on the podium for some key games, or he would attend when the club had a big event.

Throughout Wu Lei's entire transfer process, including his arrival in Spain this time, he was mostly in contact with the interpreter that the Spanish clubs had arranged for him. He did not even meet Zhou leiyun's agent, Jiang Xiaochen, often.

Now that he was sitting in front of the big boss, Zhou leiyun, how could Wu Lei not be nervous?

"Don't be so reserved, Wu Lei," Zhou leiyun chuckled. "We're all fellow countrymen overseas." Oh right, I haven't introduced you to the one beside you! He is ..."

"Director Zhou, director Xia is a famous internet celebrity. In China, as long as you're on the internet, there's probably no one who doesn't know him." Wu Lei said with a smile.

"Do you guys go online often?" Xia ruofei asked, surprised.

Wu Lei smiled shyly and said, ""In addition to competitions and training, my spare time is also very simple. I spend time with my family. When I have time, I go online to watch videos, play games, and browse Weibo. I'm also a Weibo fan of yours!"

...

"Is that so?" Xia ruofei chuckled and said, "then I'll pay attention to you too!"

Xia ruofei took out his phone. He thought for a while and said, "Come on! Let's take a selfie first! General manager Zhou, come over and sit! Come sit over here!"

Zhou leiyun was slightly older than Zhao Yongjun. He wasn't very interested in the things that young people played, but since Xia ruofei had invited him, he still had to show his support.

Hence, Zhou leiyun stood up and walked to the seat opposite him with a smile. Wu Lei quickly squeezed in. The three of them sat side by side in the booth. Xia ruofei raised his phone and took a few selfies.

Then, Xia ruofei opened the Weibo app and followed Wu Lei's post. Then, he posted another post: I've met director in Barcelona. I'm looking forward to Wu Lei's performance in the top league!

The accompanying picture on Weibo was selected from the few selfies he had just taken.

Both Xia ruofei and Zhou leiyun's attitudes were friendly and approachable. Wu Lei's nervousness was reduced by a lot. He smiled and said, ""President Xia, you're still on the hot search list! This time, I can ride on your popularity!"

Xia ruofei laughed and said, "you still need to ride on my popularity!" You're the most popular person in the domestic football world these days! Everyone is very concerned about your every move! If we're talking about freeloading, at most, we're freeloading each other! Hahaha!"

Zhou leiyun had already returned to his seat and sat down. He smiled and said, ""Wu Lei, although you're more familiar with President Xia, I can guarantee that you don't know about his other identity!"

"Oh?" Wu Lei was stunned for a moment before he said, "director Zhou, then can you tell me what other identity director Xia has?"

Zhou leiyun laughed and said, "a shareholder of the real Espanyol club!" And he was the second largest shareholder! You don't know about this, do you?"

...

"Ah?" Wu Lei was really shocked this time. "Why haven't I heard of it before?"

He had done a lot of research before coming to Spain. He had some understanding of the Spanish club's equity structure, especially the big boss Zhou opposite him. He was the club's absolute controlling shareholder and the club chairman. He was clear about all these, but he did not know that Xia ruofei was also a shareholder of the club.

Zhou leiyun chuckled and said, "it's not just you. The number of people who know about this can be counted on ten fingers!" Because the transfer of shares has just been completed, there is no time to change it in Spain!"

“Wu Lei, general manager Zhou transferred a portion of his shares to me.” Xia ruofei explained with a smile.

“Oh! “So that’s how it is ...” Wu Lei obviously had not recovered from this shocking news.

“But don’t worry! I reduced my Holdings not because I was not optimistic about the RCD Espanyol. On the contrary, I was very optimistic about the future of our club, so I gave part of my shares to President Xia. We are friends!” Zhou leiyn said, “therefore, we will continue to support the club’s development. We will also increase our investment when necessary to strengthen the club’s strength!”

Zhou leiyn’s investment in the Spanish clubs was indeed for fun, but it was also because he was optimistic about China’s huge football market, especially after the introduction of Wu Lei. These days, Wu Lei had not officially appeared, but the influence of the Spanish clubs in China had risen sharply. Even the stock Price of Glory World Group had risen because of the stimulation of this good news.

With glory world corporation’s huge size, a slight rise in the stock price would bring huge wealth.

Moreover, Zhou leiyn had already joined hands with Xia ruofei to invest in the Spanish football club. Just based on this point alone, it was even more impossible for him to give up. Even if it meant that he would lose money in the long run, he would continue to invest.

## Chapter 2503 First time meeting (2)

Zhou leiyn’s words were like a calming pill for Wu Lei. He nodded and said, “I understand!”

Xia ruofei smiled. “I’ve signed an agreement with director Zhou. I won’t interfere with the club’s management. So, for you, everything will be the same as before. Nothing will change.” For you personally, you just have to focus on training for the game. The domestic fans are looking forward to seeing you in La Liga as soon as possible!”

“I understand. Thank you, President Xia!” Wu Lei said, “I will definitely work hard!”

“Come on! For the sake of our fate, let’s drink!” Zhou leiyn raised his glass and smiled.

“Cheers!”

The three of them clinked their glasses. As an active soccer player, Wu Lei was very self – disciplined, so he only drank fruit juice while Xia ruofei and Zhou leiyn drank red wine.

“Eat something!” Zhou leiyn said, “President Xia, try the local delicacies!”

Zhou leiyn ordered a lot of Catalan food, such as salted cod, cold – cured meat, roasted snails, and so on. However, Wu Lei could not eat high – calorie food, so he ordered a steak and a chicken breast.

The Barcelonan cuisines were a little different from traditional western cuisines, or rather, it was somewhere in between Chinese and Western cuisines. There was even a dish called “carneldon” that looked a little like Beijing roasted duck. It was made with duck filling wrapped in pasta and some sauce.

Xia ruofei felt that the taste was not bad. For a Southerner like him who did not have strong tastes, the taste was just right.

...

Eating the local delicacies and admiring the old buildings outside the window, it really had a rich exotic atmosphere.

The three of them chatted in low voices as they ate, and the atmosphere was very harmonious.

Xia ruofei clinked his glass with Zhou leiyun's and took a sip. He put down his glass and turned to Wu Lei. "Wu Lei, how many days have you been in Spain? are you used to it?"

Wu Lei pursed his lips and said with a shy smile, "I'm feeling pretty good. The sun is shining brightly here, and the scenery is pleasant. The club's facilities were excellent, and they were more professional than the local clubs in all aspects. It's just that I can't have in – depth communication with my teammates for the time being. In addition ... I'm not used to not having my wife and children by my side."

Xia ruofei had seen some news about Wu Lei and knew that he was a man from the Gu family. Unlike many domestic football stars, Wu Lei rarely had any news outside of the stadium, and he had never had any negative news.

After the popularity of the Chinese Super League, the income of players had also increased greatly, so it was common for players to buy luxury cars. Wu Lei's car was very ordinary. The only time it was photographed by the media was actually accompanying his wife on the subway, which was jokingly called "a luxury car worth more than 20 million" by the netizens.

In fact, Wu Lei's income was one of the top among the Chinese Super League players. After all, he was the local player who broke the foreign aid monopoly and won the best striker. He could be said to be the best local striker, but he never squandered. Instead, he supported the training of the young players and was willing to take out tens of thousands of Yuan to buy nutrition for the young players.

In addition, Wu Lei was almost the only player in the Chinese Super League who did not have any tattoos.

It was because of this positive image that Xia ruofei had a good impression of Wu Lei.

After he heard Wu Lei's words, he smiled and said, "Everything is difficult in the beginning! Since you've already taken the first step, the next step is to find a firm foothold. I think it's one thing to work hard during training, but it's also very important to master Spanish as soon as possible. Otherwise, it'll be difficult for you to really integrate into the team. Although President Zhou and I are the major shareholders of the club, we can't interfere with the manager's lineup. You have to fight for everything yourself."

"I understand!" Wu Lei quickly said, "director Xia, the club has arranged for me to have a Western language teacher. I'm now cramming for this lesson!"

...

Xia ruofei nodded and said, "it's good that you've realized this!" I believe you'll be able to integrate into the team very soon!"

Wu Lei was 27 years old this year, the same age as Xia ruofei. However, his words did not sound like an old man's words to anyone who heard them. It felt very natural.

"Thank you for your encouragement, President Xia!" Wu Lei said.

"Oh right, how's your shoulder injury?" Xia ruofei continued.

"The team doctor has done a preliminary examination. He needs to undergo surgery." Wu Lei said with some frustration, "although this operation doesn't need to be done immediately, and this injury won't affect my participation in the competition too much, it may cause serious consequences if I hurt the same place again in the competition. But I don't want to miss the games during this time. After all, more than half of the season has passed. Once I get operated on, I'll miss all the games this season ..."

Zhou leiyun also said, "director Xia, Wu Lei has to make his own decision. The club can only give suggestions." His injury doesn't affect the training and competition, but there are some risks. "

"It seems like I'll have to weigh the pros and cons myself!" Xia ruofei said with a smile.

"En!" Zhou leiyun nodded, then looked at Wu Lei and said, "you have to make this decision yourself. I've already told you that no matter what decision you make, the club will support you unconditionally! It was also fine if he wanted conservative treatment to ensure training and competition. If you want to have surgery immediately, we'll contact the best sports Surgery experts for you. "

"I'll seriously consider it, director Zhou!" Wu Lei nodded and said.

"If it's a surgery ... How long will it take for him to recover?" Xia ruofei asked.

"The doctor estimates that it will take two to three months for me to recover from the surgery and be able to participate in team training as usual," Wu Lei said. "By then, I'll have finished talking about La Liga for this season. I can only wait for next season!"

...

Xia ruofei nodded thoughtfully, then asked, "Director Zhou, if Wu Lei is to be operated on immediately, how long will it take for the doctor to arrange it?"

Zhou leiyun looked at Xia ruofei in surprise, then said, "Dr. Havimir is a world – renowned expert in upper limb surgery. He has operated on some world – Class star players, and we're going to ask him to be the chief surgeon for Wu Lei. As for the exact time ... We'll only know after the club contacts him, but it usually doesn't take too long. "

Such an authoritative sports surgeon's surgery fees were very high, and ordinary patients could not afford it at all. He mainly operated on professional athletes, so his schedule was not as tight as ordinary surgeons.

Xia ruofei nodded. He looked at Wu Lei and asked seriously, "Wu Lei, if there's a way for you to recover within a week after the surgery, would you be willing to have the surgery immediately?"

"What?" Wu Lei could not help but cry out.

He immediately realized that they were in a restaurant. He covered his mouth subconsciously and lowered his voice. "President Xia, you ... Are you joking with me?"

"Why would I joke about this?" Xia ruofei said seriously.

“This is not in line with medical laws ...” Wu Lei hesitated and said.

This was related to his development in the RCD Espanyol club. Wu Lei had to be careful. He did not even care about Xia ruofei’s identity as the boss. He had to question it when it was time to.

He had always considered the recovery period to be two to three months. If he could persist until the end of the season before he had surgery, then he could use his vacation to complete his postoperative recovery. It would not affect his preparation for the new season. And if they could perform well in the remaining games of the season, their situation next season would naturally be much better.

If he were to go for surgery directly, by the time he recovered to the point where he could participate in training, the season would be over again and the team would be on vacation. It would be somewhat disadvantageous for his recovery. This was directly related to whether he could occupy a main force or standing substitute position on the team next season.

...

Xia ruofei’s “one week to recover” sounded like a fantasy to Wu Lei. It would be great if it was true, but he was afraid that Xia ruofei was just bragging. If that happened, it would have a huge impact on him.

At that moment, Zhou leiyun suddenly said, “Wu Lei, since CEO Xia said a week, he must be confident. Don’t you know President Xia very well?”

When Wu Lei heard this, he was stunned for a moment, then his eyes immediately lit up and his face revealed a trace of joy ...

#### Chapter 2504 New shareholders, new atmosphere (1)

The joy on Wu Lei’s face disappeared in an instant. He then hesitated and said, “There’s a saying on the internet that the jaded skin cream and heart – nourishing soup were both developed by President Xia. Some people say that President Xia’s Chinese medicine skills are very high. “However, there are also many people who have opposite opinions. After all, President Xia is so young ...”

In fact, the rumors on the internet were not groundless. After all, Xia ruofei had treated many people and many people knew about his medical skills. Although this kind of news was mostly spread among the upper – Class circle, it was inevitable that some people would spread it on the internet.

Zhou leiyun was on good terms with Zhao Yongjun. Although he didn’t know that Xia ruofei could cure cancer, he at least knew that Xia ruofei was highly skilled in Chinese medicine. He was also very sure that Xia ruofei was the main person who developed the heart – nourishing soup and the jaded skin ointment.

Therefore, after hearing Wu Lei’s words, Zhou leiyun laughed and said, “Wu Lei, I can tell you responsibly that President Xia’s Chinese medicine skills are very high. Since he said so, he must have a certain level of confidence. You can consider President Xia’s suggestion.”

Xia ruofei laughed and said, “general manager Zhou, are you that confident in me?” What if I was just bragging? Wu Lei won’t be able to play this season. It’ll be a great loss for you and the club!”

“You’re also one of the club’s shareholders, aren’t you?” Zhou leiyun shrugged. I’m not the only one who lost it!”

Wu Lei could not help but be speechless. In fact, after listening to Zhou leiyun's words, he was already tempted. After all, he had only missed one round of the league tournament in a week. After the league tournament ended, he still had at least seven or eight chances. Moreover, if he could completely solve the problem of his shoulder joint injury, it would be good for his form.

After all, even though he could play football now, he was always worried about hurting his shoulder joint again. There would be a certain psychological shadow, and it was naturally impossible to fully play his technical movements.

However, the moment Zhou leiyun finished speaking, he immediately started to joke with Xia ruofei.

For the two big bosses, this loss was nothing, but it was different for him!

...

He was already 27 years old this year, and every game he played was precious to him. If he could not play this season, he would have to wait until the new league season in September to start playing.

In this case, Wu Lei was more inclined to go for surgery at the end of the season.

Xia ruofei saw Wu Lei's conflicted expression and smiled. "Wu Lei, since I made this suggestion, of course I have some confidence. I'm also a shareholder of the club. I can't sacrifice the interests of the players for no reason, right? Besides, you're already a benchmark for Chinese football! Your influence is very important to the club. I won't joke about this kind of thing."

At this point, Xia ruofei paused and continued, "Of course, the final decision is still up to you."

Wu Lei nodded gratefully and said, "I understand. I will consider it seriously. Thank you, director Xia! I ... I still need to discuss it with my family, so I can't give you an answer immediately ..."

"I understand!" Xia ruofei smiled and said, "come, come, come! Drink another one!"

After that, they did not talk about any more sad things. They ate and chatted. In a foreign country, there was a special sense of intimacy between fellow countrymen. Although Xia ruofei and Zhou leiyun were Wu Lei's bosses, they did not put on any airs. Wu Lei gradually let go of his reservations and the atmosphere became more and more harmonious.

After dinner, Zhou leiyun made an appointment with Xia ruofei to go to the Spanish club the next day to handle the relevant documents for the transfer of shares. Then, he bid farewell and went back to convince Xia ruofei to buy a Manor in Barcelona. He could stay there for about a month in a year.

Xia ruofei and Wu Lei went back to their rooms to rest.

After Xia ruofei returned to his room, he took a shower in the bathroom. After changing into a loose bathrobe, he sat on the sofa in the living room and turned on his phone. He asked about everyone's situation in the WeChat group.

After all, this was a foreign country and he was unfamiliar with the people and place. Since he had brought these employees out, he had to be responsible for them.

...

Dong Yun replied to Xia ruofei in the group. She was still out with her employees. The nightlife in Barcelona was very rich. To the young girls and boys, everything here was very fresh.

Xia ruofei didn't ask for too much. He just reminded everyone to be careful.

Under normal circumstances, there would not be any problems with the company of Zhou leiyun's men. Although the security in Europe was not as good as in China, it was still pretty good in Barcelona.

.....

The next day, Xia ruofei and his staff split into two groups.

Zhou leiyun sent two subordinates who were familiar with the situation in Barcelona to accompany Dong Yun and the rest on a trip, while Xia ruofei went to Espanyol.

It just so happened that Wu Lei also had to go for training, so the two of them left the hotel in the business car sent by the club.

The hotel wasn't too far from the club's training base. It was about seven or eight kilometers away, a ten – minute drive.

Soon, Xia ruofei could see the blue outer wall of the Espanyol club training base from afar. The wall was inlaid with a huge white team emblem and the words "real Espanyol Football Club" in Spanish.

Wu Lei was sitting beside Xia ruofei. He introduced,""Director Xia, this training base is called Dani Halk base. It's named in memory of the Spanish legendary Captain, Dani Halk, who passed away in 2009."

...

## Chapter 2505 New shareholders, new atmosphere (2)

Xia ruofei looked at the bronze statue of Dani Halk and nodded.""I heard that the fans still maintain the tradition of applauding in the 21st minute of the game, just to commemorate the legendary Captain?"

"Yup! Dani Halk wore the number 21 Jersey when he was in Espanyol. " Wu Lei said,"CEO Xia, the football atmosphere here is really great! I like to play football here!"

Xia ruofei smiled."Then train hard. I hope you can be a main player soon!"

"Mm! I'll take your blessings!" Wu Lei said.

The car drove into the training base. Xia ruofei sat in the car and looked around. He realized that the Dani halke base was a little small. Although the facilities were more professional, it was a little small for a top league team.

Wu Lei had strength training in the morning, so he got out of the car when they arrived at the training room. Xia ruofei sat in front of a small building and took a look at the Espanyol club's office building.

Zhou leiyun was already waiting in front of the building. There was a man in his 30s standing beside him. This was Zhou leiyun's spokesperson in the Spanish club, Jiang Xiaochen.

In addition to Zhou leiyun and Jiang Xiaochen, the Spanish club's management also came to welcome them.

These managers and directors had received Zhou leiyun's notice yesterday and knew that some of Zhou leiyun's shares had been transferred to a boss who also came from China. They were a little nervous. After all, RCD Espanyol was a team that had been hovering near the relegation line for a long time. Zhou leiyun had suddenly reduced his shares. They did not know if there would be any changes in the club's future business thinking.

The LA Liga rankings were very chaotic this season. Although RCD Espanyol was currently in the middle, they were not far from the European zone. At the same time, they were not far from the relegation zone. A slight mistake could lead to a relegation was not impossible. If the boss reduced his investment and caused people to be tempted, the team might collapse at the end of the season.

...

When the club management saw the young Xia ruofei get out of the car alone, they were still thinking about the transfer of shares worth tens of millions of euros. This new shareholder of the club did not even bring a legal counsel ...

However, while they were still in a daze, Zhou leiyun had already walked up to them and greeted them with great enthusiasm.

When the management saw that this rich Chinese boss's attitude was so polite, they naturally didn't dare to neglect and also went forward to welcome him.

After Zhou leiyun exchanged a few pleasantries with Xia ruofei, he introduced him to the management of the Espanyol club, while Jiang Xiaochen personally acted as a translator.

Jiang Xiaochen had studied in Spain in his early years and obtained a master's degree in sports management. He had worked in many Spanish clubs before. It was only after Zhou leiyun acquired the Spanish club that he recruited Jiang Xiaochen through a headhunting company.

Jiang Xiaochen had another advantage working here. He had studied in Catalonia in Spain, so he had no problem in listening, speaking, reading, and writing Catalan.

Catalan was also the official language of Spain. Compared to standard Spanish, it was like Chinese and Cantonese. People who only knew Spanish could understand some of the meaning of Catalan, but there were still some obstacles in normal communication.

The Spanish club was a long – standing club in Catalonia. Many of its staff, including many players, were actually from Catalonia, and the language they communicated with was Catalanian.

Jiang Xiaochen's ability to use Catalan was naturally of great help to his work.

Xia ruofei had a polite and reserved smile on his face. He shook hands with the management of the clubs one by one, then walked into the office with Zhou leiyun.

The club's management had all returned to their respective positions and only participated in the welcome to show the importance of the club.

...

Zhou leiyun and Jiang Xiaochen accompanied Xia ruofei to an office. The legal advisor had already prepared all the documents that needed to be signed. He had also made a few copies of Xia ruofei's passport.

After Xia ruofei signed the document, he handed it to the legal counsel along with a copy of his passport. He did not need to attend to the rest of the matters personally. The professionals would go to the officials to register and file the records.

Espanyol clubs were not listed, so the transfer of shares was relatively simple. However, with the efficiency of work in Europe, it was estimated that it would take at least five days to a week.

But in reality, Xia ruofei was now a shareholder of the Espanyol club. As the person who transferred the shares to him was Zhou leiyun, there could not be any changes in the whole process.

Then, Zhou leiyun asked Jiang Xiaochen to gather the club's shareholders and management in the meeting room, including the first team's head coach, Ruby. Ruby was also a very important part of the club. He naturally could not be absent from such a big event as the change in the club's shares.

After everyone had arrived, Zhou leiyun accompanied Xia ruofei into the meeting room.

Xia ruofei had a faint smile on his face. He looked around and felt that everyone's expressions were different. They were probably nervous.

After the two of them sat down, Zhou leiyun said, "I believe everyone knows that I've transferred about half of my shares to Mr. Xia ruofei. From today on, Mr. Xia ruofei will become a shareholder of the real Espanyol club and hold 25% of the club's shares! Next, let's invite President Xia to speak!"

After Jiang Xiaochen translated Zhou leiyun's words, there was a rather warm round of applause in the meeting room. Everyone looked at the young new shareholder of the club.

Xia ruofei waited for the applause to die down before he smiled and said, "Thank you for your enthusiasm! I need to make it clear that this is only one of my many investments, and I don't have much energy to pay attention to the daily operation of the club. Therefore, when I transferred the shares, I also signed a collaborative action agreement with general manager Zhou and gave him full voting rights to my shares."

Xia ruofei paused for a moment and waited for Jiang Xiaochen to finish translating his words before he continued, "So, Mr. Zhou leiyun will still be the chairman of the real Espanyol club. The club's daily operations will continue as usual, and you don't have to worry about any major changes."

...

The shareholders, management, and head coach Ruby in the meeting room were relieved after hearing Xia ruofei's words. They were worried that the club would undergo drastic changes. If it led to the team's relegation, it would be a disaster. The number of Barcelona fans was not as many as Barcelona's. If they were demoted to La Liga, it would be worse.

Xia ruofei continued, "before I came, I learned about the situation of the Spanish clubs and also paid attention to this season's points ranking. They are currently ranked 15th, 11 points more than the

relegation zone, but only 12 points away from the European region. It can be said that one step to heaven, one step to hell.”

However, the following schedule is still more advantageous for us. We haven’t encountered too many strong teams. If they performed well, it would be impossible for them to charge into the European battle zone. This would require the joint efforts of everyone present! What we can do is to do our best to guarantee everyone’s safety!

President Zhou and I have a consensus, and that is to hope that the real Espanyol club will return to the European tournament as soon as possible. I think there is hope this season! If the team can make it into the UEFA Europa League this season, even if it’s only the qualifiers, the bonus will definitely satisfy everyone. We’ll also increase our signing efforts next season to keep the team competitive!”

After Xia ruofei’s words were translated by Jiang Xiaochen, everyone in the meeting room had a strange look on their faces. Even Zhou leiyun looked at Xia ruofei in surprise.

#### Chapter 2506 Bold and ambitious words (1)

In fact, for Zhou leiyun, although investing in the Espanyol club was just for fun, he also had the intention of increasing his influence and popularity. Therefore, he did not fully acquire the entire club. Instead, he held the shares that had just reached the holding line and did not increase his shares.

Zhou leiyun naturally did not care about the little profit from running a Football Club, not to mention that many football clubs were operating at a loss.

When he invested in the club, the most important thing was still the brand effect.

In fact, the introduction of Wu Lei this time could be said to be of good quality and cheap, with a high price – Performance ratio. After the news of Wu Lei joining Espanyol was announced to the public, even glory World group’s stock price rose a little. In the future, if Wu Lei could play in the game or continue to score in La Liga, the brand effect would be even more obvious.

It was also because of this that Zhou leiyun’s philosophy in running the club was to maintain the status quo. He had no strong desire to invest large amounts of money. As long as the club could stay in La Liga, coupled with Wu Lei’s advertising effect, he would have already made a lot of money and did not need to invest without restraint.

Although Zhou leiyun was not short of money, a businessman’s calculations were always the best. He would not spend a single cent that he did not need to spend.

Therefore, when Xia ruofei announced that he hoped the team would work hard to get into the European zone, and even promised to give a huge bonus, as well as a large investment to bring in strong players next season, Zhou leiyun was a little surprised.

However, Zhou leiyun was very clear about what was more important. Since Xia ruofei had already said it, he naturally would not jump out and undermine her.

Moreover, for the Spanish team, investing tens of millions of euros to recruit was already a big deal. As long as Xia ruofei was happy, he did not mind investing another tens of millions of euros into the club.

This way, he could also get the other shareholders to invest as well. If the other shareholders were not willing to invest, Zhou leiyun would be happy to see their shares be diluted and his own share ratio increase a little.

...

Hence, the strange look on Zhou leiyun's face only lasted for a moment. He quickly put on a kind smile and nodded his head lightly, making others feel that he had already reached an agreement with Xia ruofei.

Xia ruofei's words fell into the head coach Ruby's ears. He could not help but smile bitterly.

As the team's manager, Ruby knew the situation of his team the best. Xia ruofei was right that the Espanyol club was only 12 points away from the European zone, which seemed to be a difference of four games. With more than ten rounds left in the league, it was completely possible to catch up. However, the actual situation was that the gap between the last ten teams in the league was very small. If they were not careful, they could even fall into the relegation zone.

Therefore, Ruby had always believed that staying in the league was the most important thing. In the next few rounds of the league tournament, when they encountered opponents who could theoretically stay in the league, they must fight to the death. As for the traditional strong teams such as bar?a, Atletico Madrid, and sevilla, it would be best to get points, but not getting any points was expected. There was no need to fight hard.

After all, fighting head – on with the opponent might get more red and yellow cards, and even an increase in injuries, which would affect the number of games that should really get points.

Goose ... Alright ... Barca should be excluded.

Even though bar?a was a strong team in the universe, the Spaniards did not have to give up when facing them. They had to fight to the death.

It was because they were mortal enemies from the same city.

Ruby couldn't help but say, "Mr. Xia, I think ... The team's goal should still be to play steadily and prioritize staying in the league ..."

The smile on Xia ruofei's face didn't fade. He didn't feel that the other party had offended him. He smiled and said, "Mr. Ruby, whether it's to avoid relegation or to fight in Europe, the team has to get as many points as possible. I don't think the two are contradictory, do they?"

"Of course! However ... In some competitions where the gap in strength is too big, it's not worth it to fight hard." Ruby said.

...

This could only be said internally. It could not be admitted to cowardice in front of outsiders. Even in front of the players, it could not be said clearly.

Xia ruofei smiled. "I used to be a soldier. The word 'give up' doesn't exist in my dictionary. In my opinion, we must give it our all in any competition."

Then, Xia ruofei changed the topic and said, ""Of course, I'm just setting a big goal. I don't want to interfere with the coach's arrangement. Everything will go according to your established arrangement."

Xia ruofei did not expect the manager to be so stubborn. He insisted on his point of view even in front of the club's major shareholders.

He thought to himself, "it seems that Wu Lei can't get any preferential treatment with his Chinese identity. If he wants to get stable playing time, he still has to show his strength in training!"

Of course, Xia ruofei would not interfere with all this as long as the manager did not discriminate against them. It was fair to rely on one's ability to make a living.

Moreover, if he really wanted to help Wu Lei, he had a way to improve Wu Lei's strength.

After hearing Xia ruofei's words, Ruby replied in a neutral tone, ""Thank you for your support, Mr. Xia. We'll definitely work hard!"

After the short meeting, Xia ruofei visited Dani Halk training base with Zhou leiyun and the others. He even saw Wu Lei in the training room, who was doing strength training with his teammates under the guidance of the physical coach.

#### Chapter 2507 Bold and ambitious words (2)

In front of the club's management and head coach Ruby, Wu Lei did not speak to Xia ruofei. He only smiled and nodded as a greeting.

It could be seen that Wu Lei was working hard in training. He did not deliberately show it because of his boss and manager. In fact, his training attitude had always been very good. Manager Ruby also saw this and was ready to arrange Wu Lei on the big list for the away challenge against the Yellow Submarine Villarreal this weekend.

However ... In the end, Wu Lei did not follow the team to villiaryol. In the afternoon, under the personal accompaniment of Zhou leiyun, Xia ruofei visited the Columbus Monument and the Holy Family Hall. After having dinner with Zhou leiyun and Jiang Xiaochen, he had just returned to the hotel when he received a WeChat message from Wu Lei: Mr. Xia, I've decided to undergo the operation immediately and have already informed the club of my wishes. I'll have to trouble you with the recovery after the operation!

Xia ruofei couldn't help but smile and replied, "No problem! Don't worry, if you're lucky, you might be able to make it in time for the home game next weekend!"

Wu Lei replied, [yes!] Thank you!

Xia ruofei called Zhou leiyun after he heard that Wu Lei had decided to have the surgery as soon as possible.

Wu Lei was a player that Zhou leiyun had personally contacted and brought in. The club also attached great importance to Wu Lei, so after he made the decision to have surgery, the club reported it to Zhou leiyun as soon as possible.

"I already know about this, chief Xia," said Zhou leiyun. Don't worry, I've already contacted Dr. Havimir. He doesn't have any other surgeries scheduled for him recently. Wu Lei will go for a comprehensive examination tomorrow. If everything goes well, he can even have the operation tomorrow afternoon! Also, Dr. Havimir said that he could perform the surgery for Wu Lei in his surgical clinic in Spain, so that he wouldn't have to go to Germany "

"That's great!" Xia ruofei said, "there are still nine days until the home game next weekend. If everything goes well, he might even have the chance to make his home debut!"

Zhou leiyun chuckled and said, "that's all thanks to your miraculous hands!" Doctor havimir's initial assessment is that the patient will need two to three months for postoperative recovery. "

...

"Don't forget that I'm also a shareholder!" Xia ruofei smiled and said, "I will definitely do my best to help him!"

The next day, Zhou leiyun personally accompanied Xia ruofei and Dong Yun to continue their tour of Barcelona, while Wu Lei headed to Dr. Havimir's surgical clinic with the company of the Spanish club's team doctor and Jiang Xiaochen.

Barcelona's historical and cultural landscapes were very rich. It would take many days to explore them in depth. Xia ruofei and the others could only be considered as having a cursory look. And today was finally the opening day of nokapu. Dong Yun had finally completed her pilgrimage as she had wished. As the chairman of Barcelona's arch – enemy club, Zhou leiyun accompanied her on a tour of nokapu Stadium with mixed feelings.

In addition to his psychological discomfort, he also needed to be careful to cover it up. Otherwise, if he was photographed by reporters, the newspapers tomorrow would probably be full of news like "the Chinese rich boss of the Spanish club visits nokapu." He would be drowned by the spittle of the Spanish fans.

When they returned to the hotel that night, Zhou leiyun invited Xia ruofei and the rest to a banquet at the hotel's restaurant. After the meal, he personally sent Xia ruofei back to his room.

Just as Zhou leiyun was about to leave and go home, Jiang Xiaochen called.

Zhou leiyun took a look at the caller ID and quickly picked up the call. He was also very concerned about the situation of Wu Lei's surgery.

"Xiaochen, how is it?" Zhou leiyun asked.

"Director Zhou, I have good news for you. Wu Lei's operation has just ended. Dr. Havimir said that the operation was very successful!" Jiang Xiaochen said excitedly.

Xia ruofei's hearing was much better than the average person's. Although Zhou leiyun did not put it on speaker, he could still hear it very clearly.

Without waiting for Zhou leiyun to speak, Xia ruofei said, ""General manager Zhou, was Wu Lei's surgery a success? That's great!"

...

Zhou leiyun was all smiles as well.””What did Dr. Havill say?”

Xia ruofei quickly said,”general manager Zhou, turn on the speaker!” Turn on the speaker!”

Zhou leiyun nodded. He turned on the speaker and placed his phone on the coffee table.

Jiang Xiaochen’s voice was heard from the phone’s speaker.””Dr. Havimir said that he mainly repositioned Wu Lei’s collarbone and reconstructed the shoulder ligament. The surgery went very smoothly and even exceeded the expected results. He also said that Wu Lei’s body is in great condition and that this operation will not affect his career!”

“That’s great!” Zhou leiyun clenched his fists and immediately asked,””Did the doctor say how long it would take to recover?”

Jiang Xiaochen hesitated for a moment before saying,””Dr. Havimir told me that Wu Lei needs to undergo shoulder fixation in the first two weeks. He can start receiving physical treatment in the third week, and it will take about six to eight weeks for him to fully recover.”

Jiang Xiaochen did not know about Xia ruofei’s promise to Wu Lei, so he felt that it was not wise for Wu Lei to choose surgery at this time. Because the recovery period of six to eight weeks meant that the season was basically over by then. Moreover, Wu Lei had rested for such a long time, and he still needed to get back to his form. It could be said that there were not many opportunities left for Wu Lei this season.

Zhou leiyun raised his head and looked at Xia ruofei. Xia ruofei chuckled and said,””General manager Zhou, let Wu Lei stay there and observe for a day. Let him come back tomorrow! Leave the rest of the rehabilitation to me!”

“Alright!” Zhou leiyun said happily and immediately instructed Jiang Xiaochen over the phone,”Xiaochen, did you hear what President Xia said just now?”

“I heard it!” Jiang Xiaochen said.

“We’ll do as President Xia says!” Zhou leiyun said,”send Wu Lei back tomorrow!”

...

“Alright! I got it!” Jiang Xiaochen said.

He didn’t know what Zhou leiyun was up to, but the operation was a success, and the team doctor could help Wu Lei with the rehabilitation training, so it wouldn’t be a big problem for him to return tomorrow.

Xia ruofei saw that Zhou leiyun had hung up the phone, so he asked,””Director Zhou, are there any Chinese medicine shops in Barcelona? I need to prepare a few medicinal herbs in advance.”

“Of course there are Chinese medicine shops. In fact, as long as there are Chinese people in the world, there are basically Chinese medicine shops.” Zhou leiyun smiled and said,”I’ll arrange for someone to send you there!”

Xia ruofei smiled and said, "I'm too lazy to run!" I'll make a list of the medicinal herbs I need, so please send someone to buy them for me! Also, we need to buy a set of tools for decocting the medicine."

Zhou leiyun had thought that Xia ruofei would be worried about the prescription being leaked, so he had asked for someone to send him to a Chinese medicine shop. He did not expect Xia ruofei to not care about this at all.

Zhou leiyun was stunned for a moment before he immediately said, "No problem! Just send me the list and I'll arrange for someone to take care of it!"

After Zhou leiyun left, Xia ruofei immediately listed all the herbs he needed on WeChat and sent them to Zhou leiyun.

Xia ruofei was a little tired after a day of sightseeing.

After Zhou leiyun left, he quickly took a shower and went to bed early.

.....

...

The next day, all the herbs that Xia ruofei needed had been sent to his room. At the same time, there was also a set of claypot, charcoal and other things. These were all things that Xia ruofei had requested Zhou leiyun's subordinates to prepare.

If he wanted Wu Lei to recover quickly, he naturally needed to use the spirit Heart Flower petal solution. As for these herbs, some of them had no effect at all, while some were used to relax the tendons and activate the muscles. How could he achieve the effect of a complete recovery in only a week with these herbs alone?

Xia ruofei used these herbs to make an ointment and added a certain amount of the spirit Heart Flower petal solution.

After Xia ruofei mixed the ointment evenly, he kept the bowl of ointment in the small refrigerator in the suite.

#### Chapter 2508 Rapid recovery (1)

Wu Lei finally returned to the hotel in the afternoon.

The club had arranged for an ambulance to take him from havimir's surgical clinic to the central Grand Hotel.

Although Harvey mill did not recommend Wu Lei to be discharged so soon, after all, the facilities in the surgical clinic were more complete. However, Wu Lei's surgery was very successful, and the follow – up rehabilitation training was not complicated. So when Wu Lei asked to be discharged, Dr. Havimir did not object. He was only responsible for writing the medical advice in detail and handing it over to the Spanish club's team doctor.

Under Zhou lei's personal care, the Spanish club adjusted a suite for Wu Lei. Wu Lei's decision to undergo surgery was very quick. His family was still in China and could not make it in time, but the surgery was already completed. So, the club also hired professional care workers to take care of Wu Lei.

After Xia ruofei received the news, he personally carried the first aid kit to Wu Lei's room.

Wu Lei's room was quite lively. The Spanish club's team doctor, interpreter, and the nurse the club hired for Wu Lei were all there.

Wu Lei, who was lying on the bed, saw Xia ruofei and quickly raised his hand to greet him. "President Xia!"

"Don't move, don't move ..." Xia ruofei smiled and said, "you look good!"

Wu Lei was in a good mood after the operation. He smiled and said, "The doctor the club found is very skilled. He said the surgery was perfect and it wouldn't affect his future career!"

"Hahaha! The heavens bless the good!" Xia ruofei laughed. "You're the hope of our entire village! With the blessing of hundreds of millions of Chinese fans, how can the operation not be successful?"

...

After Wu Lei transferred to La Liga, he was jokingly called the "hope of the whole village" by the domestic fans because he was a Chinese player who entered the five major leagues again after many years.

Wu Lei laughed in embarrassment.

"Please wait outside for a while. Wu Lei and I have something to discuss," Xia ruofei said to the translator.

The translator already knew that Xia ruofei was a shareholder of the Espanyol club, so he naturally did not dare to be negligent. He quickly nodded and said, "Alright! Alright!"

After they had left, Xia ruofei put the medical kit aside and said, "I'll help you check first."

"Then you'll have to untie the equipment first ..." Wu Lei nodded.

"No need, no need ..." Xia ruofei waved his hand and said, "Chinese medicine and Western medicine are different. I'm mainly checking the circulation of qi and blood."

After that, Xia ruofei moved a chair over and sat on Wu Lei's bed. He reached out and felt Wu Lei's pulse.

Xia ruofei released his mentality and quickly understood Wu Lei's physical condition. The operation on the scapular joint was a success. The joint reduction and the recovery of the ligament were both perfect.

Other than the operation, Wu Lei had some minor injuries.

This was also unavoidable for professional football players, but these injuries did not have much of an impact on him for the time being.

...

After Xia ruofei finished the examination, he was more confident.

The operation was very successful. What Xia ruofei needed to do now was to speed up the recovery of the wound, which was the most effective healing effect of the spirit Heart Flower petals.

Xia ruofei thought for a while and said, ""The situation is not bad! If there are no accidents, I should be able to recover in six or seven days!"

"Then I'll have to trouble you, President Xia!" Wu Lei nodded heavily.

"The team will be setting off for Villarreal tomorrow. Are you feeling anxious?" Xia ruofei chuckled.

Wu Lei was a little embarrassed as he smiled and said, ""I came here to play football! But next week's home game is valekano. It would be perfect if he could play!"

Xia ruofei nodded in agreement and said, ""It's important to make your home debut. Vallekano's strength is average. If you can play well, it will indeed be better for you to gain a firm foothold in the team."

"Even if I can resume training, I've just had an operation. I don't think the head coach will put me on the list!" Wu Lei said.

Xia ruofei smiled."Haste makes waste. Let's take it one step at a time. Let's recover from our injuries first."

"En!" Wu Lei nodded heavily.

Xia ruofei said,"my treatment idea is very simple. While applying the ointment externally, I will promote the circulation of qi and blood through acupuncture. This will speed up the absorption of the medicine and the recovery of the wound." So I'm going to untie your shoulder, but you don't have to worry, I'll be extra careful and won't cause your joint to shift. "

...

"I believe you!" Wu Lei said,"to be able to develop such an amazing product like the jade skin cream, your medical skills must be good!"

Xia ruofei could tell that Wu Lei was still a little nervous, so he smiled and said, ""Of course! Even if it's really dislocated, I can help you recover without the need for surgery!"

"President Xia, please don't scare me anymore!" Wu Lei said with a bitter smile.

Xia ruofei laughed and said,"I'm just joking. I'm just trying to ease my tension."

With that, Xia ruofei reached out and carefully removed the strap on Wu Lei's shoulder, revealing the wound.

He took out the ointment that he had prepared from the medicine box, then put on a pair of disposable gloves. The components of the spirit Heart Flower petals could not come into direct contact with his skin, or they would be absorbed by him.

Xia ruofei applied the ointment on Wu Lei's shoulder evenly.

Wu Lei took a deep breath and said in surprise, ""President Xia, this ointment feels very cool when applied, and the pain has been reduced by a lot! It's really godly!"

#### Chapter 2509 Rapid recovery (2)

Wu Lei had just finished his surgery, and the anesthetic had worn off, so his wound would definitely hurt. As professional athletes, they had to use as little anesthetic and painkiller drugs as possible, so they could only endure the pain.

Wu Lei immediately felt the effects as soon as the ointment was applied. The effect was immediate. He had been a little uncertain at first, but now he was confident.

After Xia ruofei finished applying the ointment on Wu Lei, he took off the disposable gloves and threw them into the trash can. Then, he closed the container for the ointment and stood up to put the ointment in the refrigerator.

Then he told Wu Lei, "change the medicine once a day. With the help of acupuncture, the wound and ligament will heal within a week. I guarantee that you will be able to resume training with the ball!"

Xia ruofei had assessed Wu Lei's condition before. He added a good amount of the spirit Heart Flower petal solution after brewing the ointment to ensure that Wu Lei would recover completely.

And this ointment was enough to last for about six days.

"President Xia, I've troubled you so much!" Wu Lei said with a touched expression.

Xia ruofei was a shareholder of the club and had a big business in the country. Now that he had to spend so much time to help him recover, he was naturally touched.

Xia ruofei waved his hand and said, "you're now the club 's' high – Quality asset '!' I'm helping myself by helping you! You don't have to be nervous. As long as you have the right technique and the right acupuncture points, you won't feel any pain. You might feel sore, swollen, or numb, but you won't feel any pain!"

"It's fine even if it hurts. I can take it!" Wu Lei grinned.

Xia ruofei nodded. "You managed to finish the Asian Cup with a dislocated shoulder joint. You even wanted to finish more than ten rounds of La Liga before the surgery. I don't doubt your willpower at all!"

Wu Lei was embarrassed by Xia ruofei's compliment and laughed.

Xia ruofei took out a whole set of silver needles from the first aid kit. He opened the bag containing the silver needles and laid it flat on the bedside table.

Then, while he was chatting with Wu Lei, he suddenly and quickly inserted the silver needles into the acupuncture points near the shoulder and neck. In the blink of an eye, nine silver needles were accurately inserted into the acupuncture points, and the ends of the needles were still trembling slightly.

Xia ruofei smiled and asked, "what do you think?" It doesn't hurt, right?"

Wu Lei raised his eyebrows and asked in surprise, ""You're done?"

Xia ruofei said, "I'm done!" However, the acupuncture has only just begun, and the process will take about 15 minutes. If you feel any discomfort during this time, you must let me know immediately. "

"Alright, I got it!" Wu Lei nodded and said.

Then, Xia ruofei used the nine needles of cloud contact technique to continuously twist the silver needle. At the same time, wisps of genuine Qi slowly stimulated the acupuncture points through the silver needle.

Wu Lei immediately felt a warm feeling at the spot where the needle was inserted, and this warmth spread from the acupuncture point. It was as if he was soaking in a hot spring near his neck and shoulders, which was quite comfortable.

Xia ruofei could perform the nine cloud contact needles with ease. He had time to chat with Wu Lei while performing the acupuncture. They talked about Wu Lei's performance in the domestic clubs in the past few seasons and how he had embarked on the path of professional football when he was young. The two of them had a great time.

If Xia ruofei's physician brother Ge Jun were to see this scene, he would definitely be shocked. The nine needles of moyun was very complicated and difficult to perform. Even experienced Chinese physicians needed to be fully focused. Xia ruofei was able to do it as if it was light and was even able to divert his attention to chat with the patient. It was beyond ordinary knowledge.

After the acupuncture session, Xia ruofei helped Wu Lei to fix the band on his shoulder. He said, ""Try not to move for the next two to three days, and don't eat spicy food."

Wu Lei felt that the acupuncture process was too comfortable. Even after Xia ruofei had withdrawn the needles, he still felt that it was not enough.

"Okay, President Xia, I'll definitely follow the doctor's advice!" Wu Lei smiled and said, "your medical skills are amazing! Whether it's the ointment or the acupuncture, they're the best I've ever seen!"

"You've seen many Chinese medicine doctors?" Xia ruofei asked with a smile.

"Of course! Which football player doesn't get injured?" Wu Lei said, "when I was in China, most of the physiotherapists in the team were Chinese medicine practitioners. They also knew how to massage and acupuncture, but they didn't have the effect of the acupuncture you gave me!"

"It's my honor to be praised by Ball King Wu!" Xia ruofei laughed.

"President Xia, please don't ridicule me ..." Wu Lei said with a bitter smile.

"Hahaha! The club has arranged a nurse for you. If you need anything else, just tell the translator, or you can just send me a WeChat message!" Xia ruofei stood up and said.

"Alright! President Xia, thank you again!" Wu Lei said.

Xia ruofei waved his hand as he packed up the silver needles and the first aid kit. "You're welcome, but ... Please keep my treatment a secret. I don't like trouble, and I don't want everyone to know about it. "

"I will! Even if my wife asks, I won't tell her!" Wu Lei said.

Xia ruofei laughed."That's not necessarily the case. Just don't go around telling everyone."

Wu Lei was well known for being good to his wife and children. He seemed to be happy to be a 'wife slave' and was happy all day. It wasn't easy for him to say something that he wouldn't even tell his wife.

Xia ruofei left Wu Lei's room and went to the living room. He told the translator and the nurse to take good care of Wu Lei before he went back to his room.

For the next few days, Xia ruofei would change his medicine and perform acupuncture on him every morning. Then, he would tour Barcelona alone in the afternoon. Dong Yun and the others had already left Barcelona, and Zhou leiyun had arranged for someone to accompany them to tour other cities in Spain.

Five days passed in a flash.

Wu Lei had been able to get out of bed two days ago. He had spontaneously started some lower body strength training. On the one hand, it was to maintain his condition. On the other hand, he was really on the verge of collapse from lying down.

After Xia ruofei finished the acupuncture for Wu Lei, he said,""You can remove the fixation on your shoulder. Just cover the ointment with ordinary gauze!"

"So ... I can train with the ball?" Wu Lei asked in surprise.

Xia ruofei nodded and said,"that's right!" However, don't be too strong at the start. "

In fact, Wu Lei's injuries had basically recovered, including minor injuries in other parts of his body. However, athletes who had been injured would more or less have some trauma, so they would be particularly careful about the injured parts.

If they could not overcome the psychological barrier, they would naturally not dare to play against each other in the game. Many players could not recover to their former state after being seriously injured. Physical functions were one aspect, but psychological factors also accounted for a large proportion.

"I'll go to the club now! Also, let the team doctor examine me again. " Wu Lei said impatiently, then explained,"I can only resume training with the permission of the team doctor!"

Espanyol was already preparing for the home game against valekano in three days.

In La Liga last weekend, Espanyol scored 2:2 thrilling draws with Villarreal and 1 point in the away game. This was already a very satisfactory result for the current Spanish team.

They were facing valekano on the weekend. The opponent's strength was average, and the Spanish team was playing on their home ground, so their goal was naturally to win.

Wu Lei was also eager to play in this game, so he hoped to join the pre – Match preparations as soon as possible.

Xia ruofei smiled and said,"no problem!" You can go and check it again so that you can be at ease!"

So, Wu Lei went to the Spanish club with the interpreter.

When the team doctor saw Wu Lei, his eyes almost fell out of their sockets. He thought that Wu Lei should be recuperating in bed at the moment. How could he be running back to the club so fast?

Chapter 2510 The mysterious power of the East (1)

“Wu! How can you get out of bed and move around?” The team doctor asked sternly, “Dr. Havimir told you that you have to stay in bed for 20 days after the operation. How could you not follow his advice? What if the shoulder joint is dislocated?”

From the team doctor’s point of view, Wu Lei’s actions were very irresponsible.

After Wu Lei heard the translation, he quickly said, “Dr. Diego, I’m here for a physical examination!” He said.

“A physical examination?” The team doctor, Diego, asked in confusion.

“Yes, I feel that my body is recovering very well, and it doesn’t affect my ability to get out of bed. I can even feel no pain in my shoulder.” Wu Lei said, “that’s why I wanted to come back to check on my recovery.”

“This is impossible!” The team doctor, Diego, shouted, “it’s only been five or six days. The wound hasn’t even completely healed yet. How could you not feel any pain?”

Diego looked at Wu Lei and said, “Wu, I understand your eagerness to serve the club. However, the recovery of sports injuries requires science!” Your surgery was very successful, and Dr. Havimir also said that you’ll be able to resume ball training in six or seven weeks. Although the season will be over by then, you’ll have a full pre – season training, which will be of great help to your performance next season. If you’re in such a hurry now, it might affect the recovery of your injuries instead, and it won’t be worth it. ”

Diego also knew that the player in front of him had been personally brought in by the Chinese boss, and that it was of great significance to the club’s expansion into the Chinese market. Therefore, he did not say anything too harsh. Instead, he spoke with a heavy heart. It was precisely because he knew how important Wu Lei was that he would never agree to such an unreasonable request.

Wu Lei looked at the translator helplessly and said, “Please tell Dr. Diego that since I’m already here, please ask him to check on me. If my recovery is still far from complete, I’ll definitely cooperate with the recovery plan. Also ... Tell him that I’m going back to the club for a check today with President Xia’s permission. ”

“Alright!” The translator nodded and translated Wu Lei’s words for Diego.

After listening to the translator’s words, the team doctor nodded reluctantly and said, “Alright then! Since it’s Mr. Xia’s order, I’ll check it for you! However, I hope that after the examination, you can recuperate well according to the doctor’s advice. Otherwise, I will suggest that the club arrange for you to live in the youth team dormitory and send someone to supervise you. ”

“No problem!” Wu Lei replied with a smile. No problem!”

Diego brought Wu Lei to the club's medical room and carefully examined Wu Lei's shoulder.

The results of the examination made Diego gasp. Wu Lei's recovery speed was completely beyond his imagination. The surgical wound had completely healed, leaving only a faint scar. The preliminary examination showed that the scapular joint and ligament had basically returned to normal.

This result made Diego doubt his life. Was all the sports Medicine he had studied for so many years fake?

Diego looked as if he had seen a ghost. He checked again, and the results were the same. If it was a joint and ligament examination, it could be due to a problem with the equipment. However, the wound left by the operation had completely healed. This could be seen clearly with the naked eye without the need for a professional.

However, Diego still could not believe the result. He felt that the conditions in the club's medical room were limited, after all. So, after applying with the club manager, he took Wu Lei to a local hospital in Barcelona for a more comprehensive examination.

Diego felt that this result was too subverted, so he did not dare to tell the club manager. He only said that he would take Wu Lei to the hospital for a follow – up to check on his recovery. The club manager didn't think much about it and readily agreed.

After an in – depth examination such as an MRI scan, Diego finally got the results after a long time.

Diego had finally given up and accepted the fact that Wu Lei was infinitely close to a full recovery.

Diego became even more excited. He grabbed the translator and said anxiously, "Please immediately ask Wu how he did it. Could it be that the Constitution of the Easterners is different from ours?"

The interpreter was also a Spaniard, but he had studied in China for many years and was very good at Chinese. It just so happened that the Spanish team had brought in Wu Lei, so he got this well – paid job. In addition to being Wu Lei's translator, he was also responsible for teaching Wu Lei Spanish.

Translation was only a short – term job. It was impossible for the club to assign a translator to a player for a long time. Even the boss's fellow – townsman could not have such treatment.

More importantly, Wu Lei had to pass the language barrier on his own in order to better integrate into the team. After all, it was impossible to rely on a translator to convey everything. In that case, there would be obstacles in communication with his teammates. Moreover, the locker room was a very private place. Unless the head coach arranged tactics, the players were definitely not allowed to bring a translator in. It was up to Wu Lei to deal with the relationship in the locker room.

The interpreter was well – versed in Huaxia. After hearing what Dr. Diego said, he said with a confused look, "I've lived in Huaxia for five years, but I don't feel anything special about the physique of the Easterners!"
