

God tier Farm 2541

Chapter 2541 Expedition (1)

“This is unbelievable!” The fitness coach said excitedly, “Mr. Xia’s physical condition is quite good! He can even persist in playing the entire game!”

Ruby couldn’t help but raise his eyebrows and asked, “Is this true?”

“Of course! I swear on God’s name!” The fitness coach said with confidence, “it’s no exaggeration to say that Mr. Xia’s physical condition is better than many of the main players on the team! This is his physical data, you can take a look for yourself!”

Ruby grabbed the physical fitness data sheet from the fitness coach’s hand and looked at it eagerly.

After scanning through a few key data, Ruby couldn’t help but Mutter to himself, “This is simply too shocking! If I didn’t believe in your professionalism, I would even suspect that you took the wrong data sheet and brought Naldo’s physical data!”

The fitness coach said with some embarrassment, “I also can’t believe that the data is real. I even suspect that our testing equipment has malfunctioned, so ... I tested it again on the equipment just now to confirm that there is no problem with the data! And ... My physical condition is much worse than Mr. Xia’s!”

Ruby chuckled and said, “I must praise your strictness!” It seems like Mr. Xia’s overall condition has far exceeded my expectations ...”

Ruby turned his eyes to the training ground, and many thoughts came to his mind.

Xia ruofei’s physical fitness was no longer his weakness. Besides his precise free kick, his basic abilities such as ball control, passing, and shooting were all on point.

In that case, Ruby would be able to deploy his team easily in the match against Valencia the day after tomorrow.

.....

Xia ruofei easily completed the day’s training. In the afternoon, Ruby specially arranged for him to train in corner kicks and free kicks. Of course, there were also some psychological tests in it.

Xia ruofei’s performance made Ruby completely relieved. Xuxu’s free kick was still frighteningly stable. During the corner kick, his control of the drop point was also in place. Xia ruofei even played a trick and spun the ball directly into the goal during the corner kick. The arc was quite strange. Even the experienced old goalkeeper, Diego Lopez, who was called “brother octopus” by the fans, lost his balance and watched the football spin into the goal.

Ruby was both surprised and happy. This was really a 360 – degree blind spot! As long as he was within 33 meters of the opponent’s goal, Xia ruofei had the ability to kick the ball into the goal no matter the angle, even in the corner flag area.

At that moment, Ruby had made up his mind. As long as Xia ruofei was on the field, he would be the main player for free kicks, corner kicks, and even penalty kicks.

After a day of training, Ruby gathered everyone and announced the team list for the away game against Valencia the day after tomorrow.

Xia ruofei and Wu Lei were selected without a doubt. At the same time, the team's main center, Iglesias, the main goalkeeper, Diego Lopez, the main midfielders, Mark Roca, Darder, and so on were also selected. These were all the main players. It was no surprise that they would be on the main list and even the starting list.

Other than that, Metatron, Puador, and the others were also on the list. This result made Puador's heart finally relax. He thought that Xia ruofei's arrival would further reduce his space and that he might not be on the list for the next match.

Ruby didn't announce the starting lineup today. He wanted to keep the suspense until tomorrow or the day after. Of course, this was also because he hadn't completely thought about how to arrange the starting lineup.

The players who were not included in the squad list would stay in Barcelona for the next two days to continue their daily training, while the players on the squad list would fly to Valencia the next day.

After they returned to the hotel, Xia ruofei guided Wu Lei to practice the first set of movements for the Golden Man.

After a few days of practice, Wu Lei had basically mastered the essentials of the movements. Sometimes, there would be one or two small deviations. Xia ruofei would simply correct them and he would be able to quickly enter the state of practice.

Of course, every practice was a hellish experience. Wu Lei gritted his teeth and persevered.

In just a few days, his appearance didn't seem to have changed much, but in fact, his physical fitness had improved a lot, and his ability to resist had also increased.

As he had to board a plane the next day, Wu Lei left Xia ruofei's room immediately after he finished his training. He went back to rest early.

.....

The next morning, Xia ruofei and Wu Lei changed into the sportswear of the Spanish club and took the business car sent by the club to the Dani Halk training ground.

The two of them met up with their other teammates there and then took the bus to the airport.

Espanyol was playing in an away game, and many sports media and fans went to the airport to see them off.

Xia ruofei saw the situation and put on his sunglasses and mask before he got out of the car.

In addition to the players on the squad list, the coaching team and staff were also going to Valencia. Everyone was wearing the Spanish team's sportswear, so Xia ruofei did not stand out in the crowd.

Although the media managed to capture him, he was wrapped up so tightly that no one could recognize him.

Chapter 2542 Expedition_2

The team took a business jet – every time Spain had an away expedition, the club would basically book a business jet to reduce the fatigue of the journey as much as possible – there would not be any disturbance from other passengers on the same plane – and the players could get as much rest as possible.

The distance between Barcelona and Valencia was not far. They only flew for slightly more than an hour before the plane began to lower its altitude.

After Valencia landed, many home fans went to the airport to “pick her up”. When the Spanish club players came out, the crowd immediately burst into loud boos, and some people kept provoking her with words.

Most of the players on this trip were experienced and knowledgeable old players. They had seen this kind of formation many times, and the boos of the fans had no effect on them at all. As for Wu Lei and Xia ruofei, Wu Lei could not understand what the fans were saying and was not affected much. As for Xia ruofei, he was naturally a big – hearted person. This kind of scene could not stir up any waves in his heart.

Under the “protection” of the airport security personnel, the team quickly left the airport, got on the bus arranged by the club’s advance staff, and went straight to the hotel they were staying.

Along the way, Xia ruofei looked out of the car window with interest.

Valencia was the third largest city in Spain. It was located in the southeast of Spain and was close to the sea on the East. With its back facing the vast plains, it was evergreen all year round and had a pleasant climate. It was known as the “Pearl on the West Coast of the Mediterranean Sea” and also the “Sunshine City” of Europe.

From the airport to the hotel, Xia ruofei saw the exotic scenery along the way. He could not help but take pictures with his phone. He could not stop.

Xia ruofei and Wu Lei were assigned to a standard room. The club had initially arranged a single room or even a suite for Xia ruofei, but Xia ruofei felt that he was here as a player today, so he did not want to make it special.

If Xia ruofei had come as a shareholder of the club, it would be reasonable for him to stay in any luxurious room. However, now that he was positioning himself as an ordinary player, he could not be given special treatment.

Considering that Wu Lei had not mastered Spanish yet, Xia ruofei asked the staff to put him and Wu Lei in the same room to prevent him from staring at his teammates and not being able to communicate.

After they arrived in Valencia and checked into the hotel, Ruby quickly organized the players to go to the rented venue for pre – Match training. At the same time, he also arranged for them to check out the Mestalla Stadium, where the game would be held the next day, and so on.

The Espanyol club's official television station also sent people to Valencia on the same plane. While the players were training, they had already begun to shoot some highlights.

However, after Xia ruofei's special greeting, the cameras also deliberately avoided him.

Soon, it was the next day.

Espanyol would be playing against the home team, Valencia, at the Mestalla Stadium today.

On the way from the hotel to Mestalla Stadium, Xia ruofei saw many fans rushing to the stadium. In fact, it was still too early for the fans. There were still a few hours before the game kicked off! However, these fans seemed to be celebrating a Festival. Some of them even waved the team's scarves and sang and danced. The atmosphere was quite warm.

After Xia ruofei saw it, he couldn't help but feel a little envious. It wasn't that the moon was rounder in foreign countries, but objectively speaking, the atmosphere of the fans in Europe was really good.

When the team bus arrived at the stadium, there were also many reporters waiting there. Xia ruofei even saw a few Chinese reporters through the window.

Xia ruofei had already put on a disguise. He mixed in with the coaching staff and walked into the court with his teammates. Since Jian Jia had decided to remain mysterious, she might as well stay mysterious to the end.

In the changing room, Ruby announced the starting list for today's match. The list had just been submitted to the official team, and Ruby had kept the suspense until the last moment.

To Wu Lei's slight disappointment, Ruby had put him on the bench list for this game.

Xia ruofei was not in the starting lineup either.

Replacing Wu Lei in the starting lineup was Pouado, who had been promoted from the youth team this season.

When Pouado heard his name in the starting lineup, he was stunned for a moment before he was overjoyed. He couldn't wait to perform well in the game. When he thought of his speed in the wings and the scene of him running past several players, Pouado was so excited that he trembled.

He wanted Ruby to see that he was at least one level stronger than Wu Lei, Xia ruofei!

The players went to the field to warm up. Xia ruofei went straight to the away team's substitutes' bench and sat down at the side. He was wearing a club-made coat and pulled up the hat to cover half of his face. He leaned there and took a nap.

The coaching staff and staff were also doing their preparations on the bench. They saw Xia ruofei dozing off on the bench, but no one came out to remind him. Anyway, Xia ruofei was playing as a substitute, so it didn't matter if he didn't warm up at this time as long as he warmed up before the game.

The broadcaster's camera had been filming the entire process from the arrival of the team bus to the warm-up of the stadium. The broadcasting team would edit the material into short tidbits such as the

team's arrival and the team's warm – up at the fastest speed and broadcast it on the live broadcast before the start of the game.

However, Xia ruofei had always wrapped himself up tightly. Although the camera caught him a few times, it was just a flash and the people watching the TV could not see who he was.

The players returned to the locker room after their warm – up. The head coach had to make tactical arrangements at the end. The substitutes, including Wu Lei, followed them back to the locker room. However, Xia ruofei did not go back. He leaned on the substitutes 'bench and even started to snore.

.....

Outside the stadium, a group of Chinese people was slowly moving forward in the crowd.

They were the Paradise employees led by Xue Jinshan. Under Zhou leiyun's arrangement, they had come to Valencia yesterday to visit the famous Spain coastal city.

Today, the staff that Zhou leiyun had sent to accompany them throughout the tour had brought everyone to play for the entire day. When night had just fallen, they had brought them to the Mestalla Stadium.

Although it was an away game, it was not a problem for the Spanish club to come forward and ask for a few tickets.

After a long queue, Xue Jinshan and the others finally entered the stadium. They slowly walked along with the crowd and finally came to the stands reserved for the visiting team.

Many Expeditionary fans of the Spanish clubs had also arrived. They hung a huge Tiffany on the side of the stands, with the Spanish team emblem and the picture of the legendary Captain Dani Halk.

After Xue Jinshan and the others entered the stands, they immediately took off their jackets and put on the Spanish club's off – Field version of the jerseys that they had prepared in advance.

The number of these jerseys were all number 24, which was exactly the same as the clothes Wu Lei wore in the game.

The staff sent by Zhou leiyun had also prepared a small national flag for everyone.

It was clear that they were only cheering for Wu Lei.

Soon, the Spanish fans also noticed this group of Asian people. When they saw the Jersey numbers on the backs of Xue Jinshan and the others, as well as the large posters of Wu Lei they were holding, they immediately understood that they were Wu Lei's Chinese compatriots.

Many Spanish fans greeted Xue Jinshan and the others and gave them a thumbs – up.

One could only speak Chinese, and his English was also very poor. On the other side, most of the people spoke Spanish.

But there was one common word, and that was Wu Lei's name.

Therefore, when Xue Jinshan and the others found that they could not communicate with the Spanish fans around them, they simply shouted Wu Lei's name, which they could also understand.

The Spanish fans also shouted Wu Lei's name one after another, as if they were exchanging signals.

Wu Lei, who was still warming up on the field, heard his name in the noisy singing of Valencia's fans and could not help but look at the away team's stands.

Chapter 2543 Receiving orders in the face of danger (1)

The Spanish fans in blue and white striped shirts in the visiting stands were still very eye – catching. Wu Lei found them at a glance.

When Xue Jinshan and the other Spanish fans saw Wu Lei looking up, they could not help but shout even louder and wave the team scarves in their hands.

Due to the distance, Wu Lei could not see the faces of the fans clearly. Naturally, he did not know that there was a group of excited Chinese compatriots in the stands. He smiled and waved to the away team's stands, then continued to warm up with his teammates.

Xue Jinshan and the others also waved their scarves at Wu Lei excitedly. Their enthusiasm only slowly subsided when Wu Lei continued to warm up.

Xue Jinshan sighed, "I didn't really watch football in the past, but now that I'm back in the stadium, I realize how attractive football is!" With this atmosphere, even the most introverted person would not be able to help but shout along!"

"Isn't it? The competition hadn't even started! I feel like the stands are already boiling!"

"To be able to watch a top – tier League game live, I can brag about it for a year when I go back!"

The employees of paradise Corporation were also discussing this matter.

After the players finished their warm – up, they returned to the locker room one after another to make their final pre – Match preparations. The manager would also clarify the tactics for everyone again.

Xia ruofei did not return to the changing room with them. Instead, he sat on the substitute bench and napped. This was not considered special. The tactics that the coach set up were mainly aimed at the main players. Xia ruofei was a substitute for this game. Before the substitute came on, the coach would once again make clear how he should play after he went on. Besides, Xia ruofei had told Ruby in advance that he wanted to reduce his chances of appearing in public before the match, and Ruby had agreed.

.....

Beijing, China.

In a PP sports studio, the commentators for the game were still Shen fangjian and Jia Tianning.

Due to the time difference, the start time of the game was not very friendly for the Chinese fans. The game only started at 3 a.m. Chinese time. According to past situations, this time was enough to intimidate many fans and make them give up watching the game.

Fortunately, it was a Sunday the next day, so most people didn't have to go to work. In addition, Wu Lei's performance in the last game had raised the expectations of many fans, so there were still many fans who stayed up late to watch the game. The data of PP sports's background showed that the number of people online at the same time was not much less than the last game.

It must be known that the Spanish team's last game had started in the afternoon. On the Chinese side, it was about 11 p.m., which was a very suitable time to watch the game. It was not even 1 p.m. After the game.

Shen fangjian and Jia Tianning were in the pre – Match analysis and commentary segment. Both of them agreed that the Spanish team was much worse than their opponent in terms of strength. In this game, the Spaniards should give up the possession tactics and tighten their defensive line as much as possible. In addition, they should be determined when fighting back and speed up their advance.

Like many La Liga teams, Espanyol was used to playing pass – Control tactics. They liked to constantly pass the ball in the middle and backfield, hoping to pull the opponent's defensive line and find their flaws. Many of the Spanish players were used to controlling the ball after receiving it. If one or two players did this, the rhythm would be slowed down.

After the pre – Match analysis, they began to broadcast the images of the team's arrival, as well as the images of the players arriving in the locker room before the Spanish club's television station.

Shen fangjian and Jia Tianning's attention was on Wu Lei. Xia ruofei, who was wearing sunglasses and a mask and walking with the coaching staff, didn't attract their attention.

In the away team's locker room, the two noticed the number 25 Jersey that was next to Wu Lei's Jersey. Because the Jersey was hanging next to Wu Lei's Jersey and the name "XIA RUOFEI" was also very conspicuous, the two could not help but play the "guess who I am" game and made a lot of guesses in the live broadcast.

However, as the signal in front switched to the scene of the players' passageway, the two men's attention suddenly shifted.

In Valencia, Spain, the players from both teams were standing in the players' passageway, ready to enter the field under the guidance of the referee. As for Wu Lei and several other substitutes, they had already taken their seats on the substitutes' bench for the away team.

Shen fangjian looked at the screen and said, "we can see that the players on both sides are ready to play." Before the game, we got the starting list of both teams. Wu Lei is still on standby on the substitutes' bench for this game. This is really not good news for the fans who stay up late to watch the game. "

Jia Tianning said, "I think Ruby is still a bit conservative. Although Wu Lei hasn't been on the team for long, he showed his full strength in the last game. However, Ruby would rather use the young puaado than let Wu Lei start. I personally think the coach is too conservative."

"That's right! No matter how you look at it, Wu Lei is more suitable to be the starting player than puaado!" Shen fangjian said, "the most important thing is that Wu Lei has the support of the mysterious power of the East! You'll know after watching the last match!"

After the last game, because Shen fangjian and Jia Tianning sang praises for Wu Lei almost without any principles, the two were “promoted” to be the Vice – Leader of “Wu Chui Tang” on the internet, and they were teased by the fans. Now it seemed that the two of them wanted to continue to carry forward the glorious career of Wu Chui. They still had no intention of keeping a relatively low profile in this game.

Chapter 2544 Receiving orders in the face of danger (2)

Soon, the players from both sides, under the lead of the referee, walked out of the players ‘passage with the ball boy.

The originally enthusiastic atmosphere in the home team’s stands was instantly ignited at this moment. The cheers and applause instantly increased by several levels.

The sudden cheers and applause jolted Xia ruofei awake. He turned to Wu Lei in a daze and asked,””Lei Zi, who scored? Is it our team or the opponent?”

Wu Lei did not know whether to laugh or cry.”Brother Xia, it was the players who came in just now. The game hasn’t even started yet ... You’re sleeping too soundly, aren’t you?”

Xia ruofei rubbed his eyes and said,””Why hasn’t the competition started yet? This was too slow! I’ve already taken a nap ...”

Wu Lei couldn’t help but laugh out loud. The tension before the game had disappeared unknowingly.

After a while, the players on both sides were in position in their respective half of the field. The referee blew the whistle and the game officially began.

Due to the strength of his opponent, Ruby had been standing on the sidelines since the start of the match, nervously watching the situation on the field. He had no intention of returning to his seat.

“Alright, dear audience and fans of PP sports! The match officially began with the whistle of the referee! Today’s commentary is still from Jia Tianning, director Jia, and I, Shen fangjian!” Shen fangjian said with familiarity.

“Hello, everyone!” Jia Tianning also said in cooperation.

“We’ve just introduced the starting lineup of the valentian team. Now, let’s take a look at the starting lineup of the visiting Spaniards.” Shen fangjian said,”first of all, I have to tell everyone that Wu Lei is still on standby for this game. At the same time, we have to pay attention to the suspected Chinese player, number 25, who has been discussed on the domestic internet for the past few days. He has also appeared on the squad list today. Like Wu Lei, he is also on the bench for this game ... Everyone can pay attention to this player. I just observed him. In the few shots given by the broadcast, We did not notice the existence of this mysterious player ...”

After Shen fangjian briefly explained the situation that everyone was concerned about, he began to introduce the starting lineup of the Spanish team.”As we can see, the goalkeeper position is still the number one veteran, Diego Lopez, and the center back is the partner of Naldo and elmosa. They are currently the main force of the Spanish team. The two full – backs are separately ... Wait! Let’s look at this ball first!”

Shen fangjian had not even finished introducing the starting lineup when the situation on the field had already changed.

Espanyol kicked off the game. After the kick – off, the Spaniards 'players were used to passing the ball back and forth in the backfield, looking for opportunities.

They were already familiar with such a routine. Even though the valentian team pressed hard on the entire game, even forcing the defenders to pass the ball back to the goalkeeper, the Spanish team did not panic. The goalkeeper, Diego Lopez, did not nervously make a big kick. Instead, he gently passed the ball to Naldo when the opposing striker pressed up.

Naldo looked up and quickly observed before he passed the ball to puado.

Puador had been holding back for a long time, he wanted to perform well and shut up those who doubted him.

Therefore, after receiving Naldo's pass, puado did not think about it and rushed along the side with a medal, running all the way to the opponent's half of the field.

However, puado had just dribbled the ball past half of the field. In the face of the opponent's fast – paced rush, he still kept his head down and dribbled the ball forward, trying to use his personal ability to breakthrough.

However, he had clearly overestimated his personal ability. The opponent's defender did not take any of his feints. With a clean tackle and a save, he simply intercepted the ball from under his feet. He quickly got up and passed the ball out with a straight pass.

The valentian team's offensive and defensive switch was very fast. After a successful interception, they quickly pressed forward.

This was in sharp contrast to the Spanish team's slow pace.

The Spanish players in the middle and front field had been following puador s to run and receive the ball. However, puador s low – Level mistake led to the loss of the ball, and everyone had not had time to return to their defensive positions.

It was quite dangerous for the ball to be suddenly intercepted during an attack.

The valentian team quickly formed a situation of more players than players in the front field. They did not hesitate. After the two passes from the triangle, the football had already advanced to the front of the Spanish penalty area.

From the moment puador s lost the ball, he had been desperately chasing back in the hope of making up for it.

While Valencia's front field players were stunned at the front of the penalty area, puadoré was already in position to defend.

He saw that Valencia's players seemed to be ready to kick him, so he did not even think about it and shoveled from the side.

However, what Puado didn't expect was that the other side played a fake shot and a real hook, easily bypassing his defense and directly breaking in.

As soon as the opposing player entered the penalty area, the Spanish players were even more afraid to make any moves, for fear of giving the other side a chance to "dive" to cheat the penalty kick.

However, at this moment, the Valencia team's striker, Rodrigo, did not hesitate to shoot at an angle. With a swish, the football stuck to the inner side of the pillar and flew directly into the goal.

The scene immediately burst into a huge wave of noise.

Chapter 2545 Receiving orders in the face of danger (3)

Ruby angrily threw the bottle of mineral water in his hand to the ground. The fourth official of the game immediately came over and said in a serious tone, "Mr Ruby, please mind your behavior. Otherwise, I don't mind suggesting to the Chief Judge to punish you!"

Ruby spread his hands and shrugged. "Alright! Thanks for the reminder!"

He simply stopped standing on the sidelines to direct, but returned directly to his seat. He looked a little complicated and helpless.

He had anticipated many situations before the game, including the lightning – fast loss of the ball at the start of the game. But this was the worst case scenario, and it really happened.

Puado had failed to live up to his trust. He clearly had a good line to pass the ball, but he only knew to dribble the ball forward and break through in a moment of passion. He did not think about passing the ball at all.

Now that the Spaniards were one goal behind, they had no choice but to attack. On the other hand, Valencia, who was stronger than the Espanyol, could wait for the enemy to exhaust her and counterattack.

It could be said that the situation was quite unfavorable for Spain.

"Puado's responsibility for this ball can not be shirked!" Shen Fangjian said, "he's too clingy!"

"If it was Wu Lei, the ball would have been passed long ago!" Jia Tianning still did not forget to mention Wu Lei, "as long as you control the passing force, there was a lot of space on the left side. The Espanyol's left midfielder was already quickly plugging in, but Puado chose a path to the back, which eventually led to the goal conceded!"

On the internet, the bullet screen was also almost full of comments.

"Puado you idiot!"

"You can play in La Liga with this level of skill? I don't think he'll even be able to play the ball even if he gets to the second division!"

"Although the Spanish are behind, why am I so happy? Hmph Hmph! As long as I don't play Wu Lei, I'll be a fan of RCD Espanyol's opponent!"

“This is the bitter consequence of ignoring the power of the East! Ruby! You should be more careful ...”

Ruby naturally did not know that the Chinese fans thousands of miles away were reveling. He sat in his seat for less than two minutes before he could not help but stand up and walk to the sidelines again. He began to loudly direct the game.

The early loss of the ball caused the thoughts of the Spanish players to be a little inconsistent. Some wanted to stabilize the defense first, while others hoped to be able to attack and equalize the score as soon as possible.

This kind of disunity led to a bit of disunity in the middle and front field, which made it more difficult to pass the ball.

For a time, Spain’s situation became precarious. The ball could not cross the half of the field at all. Often, there would be mistakes when passing the ball and the other side would intercept the ball.

The players were all exhausted from running around and trying all sorts of ways to suppress Valencia’s offense.

Spain’s situation was getting worse and worse, and Valencia was in complete control of the rhythm of the game. If it were not for the old goalkeeper, Diego Lopez, who blocked the attack, the 0 – 1 score would not have been maintained for long before the other team’s lead would have been extended.

However, 35 minutes into the first half of the game, a goal concede occurred again.

The problem was still with puado’s pass. He passed the ball from the bottom, but the ball was headed out of the penalty area by Valencia’s players first. The second penalty kick was also snatched by Valencia’s players, and they launched a quick counterattack again.

The opponent quickly pushed along Spain’s right flank, but puado did not return to his defensive position for a long time, causing a large open space to appear on the right flank.

The valentian team easily broke through to the edge of the penalty area. The player who dribbled the ball directly passed the ball at a 45 – degree angle. Rodrigo jumped high in the penalty area and headed a theoretical dead angle, sending the ball into the Spanish goal again.

Rodriguez split open twice!

Ruby finally could not take it anymore. He had originally wanted to make a substitution during the halftime interval, but he felt that he could not wait a second longer.

Ruby immediately asked his assistant coach to inform Wu Lei and Xia ruofei to get up and warm up!

Wu Lei was excited. He quickly put on his Training Vest and went to the side of the field to warm up with Xia ruofei.

The camera also captured this scene, but because of the angle, the camera only captured a part of the warm – up area, and everyone could only see the back of the warming – up players.

“We can see that Wu Lei has already stood up to warm up!” Jia Tianning said excitedly, “it seems like Ruby is very dissatisfied with pupuado’s performance. He didn’t even wait for the halftime break before he made a substitution!”

“I also noticed that the mysterious number 25 player warmed up with Wu Lei!” Shen fangjian said, “it’s a pity we can’t see his face. Otherwise, the question that the fans have been discussing during this time would be revealed!”

“Don’t be in a hurry. If he’s really replaced in a while, the broadcast will definitely give a close – up. Then, the answer to who this mysterious number 25 is will be revealed!” Jia Tianning said.

Looking back at the game, puado obviously saw Wu Lei warming up. He felt a little bad. If he was in the starting lineup and was replaced after 30 minutes, he would definitely not be able to accept it. It was even more embarrassing than not being in the starting lineup.

The anxiousness in his heart was reflected in his actions, and that was, his movements would be a Little Big.

It was the same for puado. He was anxious to perform for Ruby, but the more he wanted to perform, the worse he did. Soon, he lost his balance. In a scramble, he tackled the ball from the side and back, which gave him a yellow card.

Ruby was so angry that he almost cursed out loud. He could not wait for the assistant manager to go to the fourth official to request for a substitution, while he personally went to the warm – up area and used the little time before the dead ball to clarify their task once again to the two players.

Soon, Xia ruofei and Wu Lei changed into their jerseys, put on their leg guards, and followed the fourth official to the side of the field.

Chapter 2546 Stunned and boiling (1)

The broadcast also noticed the situation on the sidelines. The director immediately cut the scene to the first half. After all, it was very rare to make a substitution 30 minutes into the first half, and to change two players at once.

There were only three substitutions in a game. Unless there were special circumstances such as accidental injuries, the manager would generally choose to make a change in the second half. Furthermore, the use of substitutions was also very cautious and would not use up the substitutions early.

Because in that case, once someone was injured in the later games and could not persist in the game, and the team no longer had any substitution spots, they could only face a passive situation of fewer players against more players.

Ruby was also desperate.

In fact, the two substitutions were both adjustments. Wu Lei replaced puado’s position and was the right wing during the attack. Xia ruofei, on the other hand, replaced the right midfielder, Granello, who had yet to recover from his old injury.

It was already a bit difficult for Granello to play in this game. He was clearly affected by his injury during the game and did not dare to make any moves.

Ruby took into account that Xia ruofei and Wu Lei were fellow countrymen, and they might be able to communicate more smoothly on the side. He was also worried that Granello's injury would worsen if he forced himself to play.

In the pre – Match Plan, Ruby was originally prepared to let Granello play half of the game. He could understand that Granello had been brought off about ten minutes in advance.

Therefore, when a dead ball appeared on the field and the manager signaled for a substitution, Granello glanced at the substitution card on the sidelines and jogged down the field. This way, Xia ruofei could go on the field directly.

Next, when Wu Lei replaced pouado, pouado looked unhappy. He did not care that the team was still two goals behind. He mumbled as he slowly walked toward the center line.

Ruby was so anxious that he kept waving his hands to signal puado to come down from the sidelines. However, puador pretended not to see anything and walked to the center line with his head down. He did not high five Wu Lei and just walked past him as if he was air.

Ruby glared at puador but puador didn't dare to meet Ruby's eyes. He lowered his head and went straight to the substitute seat and sat down. Then, he leaned back in his chair and closed his eyes.

As Wu Lei's Spanish was not good, Xia ruofei had another task after he came on. He had to convey the latest tactical arrangements of head coach Ruby to everyone and clarify everyone's positions again. After all, they had changed two players. If he did not make it clear, everyone's positions, including the arrangement of marking during defense, and so on, would be easy to make mistakes.

Xia ruofei used the Spain Language to convey the manager's instructions to everyone. He did not know that the scene he had just played had been faithfully recorded by the camera.

It was better overseas as not many people knew him. Meanwhile, the Internet in China was in an uproar at that moment.

.....

When changing players, the broadcast would usually give a close – up shot. As Granello was the closest to the stage, the broadcast only gave Granello a close – up shot before Xia ruofei entered the stage.

However, the camera still managed to capture a close – up of Xia ruofei. At this time, he was communicating the coach's instructions to his teammates in Spanish.

In the away team stands, as Xia ruofei and Wu Lei were waiting on the sidelines, Xue Jinshan couldn't help but Mutter, ""Why do I feel like that person looks a little like President Xia?"

The scene was very noisy, and an employee of paradise Corporation didn't hear what Xue Jinshan was saying, so he asked casually, ""Factory manager Xue, what did you say?"

Xue Jinshan took another look at Xia ruofei and said loudly, ""I mean, the person who's about to go on stage looks a little like CEO Xia!"

The away team's stands were further away from the center line. Even people with good eyesight couldn't see what the people on the sidelines looked like. At most, they could only see a general idea.

After the employee heard Xue Jinshan's words, he laughed and said, "Factory manager Xue, how is that possible? Aren't you overthinking this? Hahaha ..."

The other employees asked what the two were talking about, and the employee next to Xue Jinshan, Feng Lijun, repeated Xue Jinshan's words to everyone. Everyone could not help but laugh.

At this moment, the broadcast cut to a close – up of Xia ruofei. The big screen in the stadium also showed the close – up.

Xue Jinshan jumped up from his seat and pointed at the big screen, "Guys, look! Look! It's really President Xia!"

"Ah?" When Feng Lijun and the others saw the scene on the big screen, they were all dumbfounded, as if they were clay sculptures. The scene was particularly abrupt in the stands where the visiting fans were singing and dancing.

"This ... How did President Xia become a player?" Xue Jinshan couldn't believe his eyes.

However, after asking the staff from glory world Corporation who was in charge of receiving them, they finally confirmed that Xia ruofei had really signed a contract with the Spanish club and became a professional player.

Xue Jinshan and the others were dumbstruck.

At this moment, the Internet in China was in an uproar.

When Xia ruofei's close – up appeared, PP sports 'commentator Shen fangjian said, ""Let's see the new player, number 25. This mysterious player has finally revealed his true colors today. It is clear that he is a player from the East. Combined with his very Chinese – styled name, we can confirm that he is Chinese. He is another Chinese player that the Spanish club has brought in after Wu Lei!"

Chapter 2547 Stunned and boiling (2)

Jia Tianning's mouth was wide open, and he only came back to his senses after Shen fangjian finished his words.

Unlike Shen fangjian, Jia Tianning liked to surf the internet. He would post on Weibo almost every day, so Jia Tianning had long heard of Xia ruofei's name, who would appear on the hot search from time to time to make his presence known. Jia Tianning also knew Xia ruofei's deeds like the back of his hand.

So, when the close – up shot swept over, Jia Tianning recognized it at a glance.

"I can't believe my eyes!" Jia Tianning said, "I didn't expect 'XIA RUOFEI' to really be Xia ruofei!"

The name "XIA RUOFEI" was mentioned the most by the Chinese fans in the past two days. Everyone was guessing his name. Considering the naming habits of the Chinese, as well as other factors such as Pinyin, many Chinese fans pronounced the name "Xia ruofei" in the pinyin.

So, Jia Tianning's words sounded like, "Xia ruofei is really Xia ruofei!"

Shen fangjian was a little puzzled. Jia Tianning's words were a little nonsensical. If this were the National television sports channel, such obvious nonsensical words would be enough to cause a broadcast accident.

However, PP sports was an online broadcasting platform, so they were not that strict on this aspect.

Shen fangjian glanced at his partner and asked, "What do you mean, Danning?" Of course, it 's' XIA RUOFEI '!"

"You don't understand what I mean!" Jia Tianning said, "the Xia ruofei I'm talking about is ... Forget it, look at the comments!"

At this moment, on PP sports's live stream interface, a large number of bullet comments had suddenly exploded and filled the entire screen. The live stream was basically no longer visible.

The netizens expressed their shock one after another, and the commenters also worked through the night to collect the Golden sentences in everyone's comments and make up all kinds of jokes.

"My eyes are blinded! I actually saw Xia ruofei in La Liga?"

"Tell me, I'm not dreaming!"

"Shen fangjian is really out of date. He doesn't know our famous President Xia!"

"Jia Tianning sure keeps up with the trend. I heard his voice change just now, haha!"

"This is really too unexpected! Everyone has been guessing the real identity of the 25th for a few days, but no one dared to think that it was president Xia!"

"I remember when this news first came out, a guy posted that 'XIA RUOFEI' could very well be Xia ruofei, but almost no one supported this view. On the contrary, many people went to his post and mocked him ..."

"I admit, I dissed this old man two days ago! I'm really ashamed ..."

"That post must have over 60000 comments. We, who have laughed at him, owe him an apology!"

"President Xia, I just want to ask, is there anything you don't know? To be able to formulate an epoch – making product like the jaded skin cream; He had never flown a plane before, but he was able to land successfully. He's never been a professional player for a day, but he's able to enter La Liga in one go and be replaced early in the 30 – minute mark ..."

"President Xia! You'd better quickly withdraw your sacred art! You won't have any friends if you snatch other people's rice bowls!"

"Is there anything he can't do? I'm asking you if you're convinced!"

"I'm convinced!"

"I'm convinced!"

"I'm convinced!"

.....

The netizens were discussing happily and even forgot to pay attention to the game itself. Wu Lei, who was originally the focus of everyone's attention, appeared calm on the stage. There was no one talking about him in the bullet comments.

If Wu Lei knew about this, it was hard to tell if he would be happy or disappointed.

It was probably because he was happy. To be honest, the high level of attention from domestic fans and netizens still brought a lot of pressure to Wu Lei. It was already very difficult to adapt to La Liga, and there were countless Chinese fans staring at him from behind. Wu Lei often felt like there was a dagger at his back.

Now that Xia ruofei had attracted the attention of the "naturally hot topic", no one was concerned about Wu Lei.

On the grandstand, after Xue Jinshan and the others recovered from their shock, they also began to discuss excitedly.

Xue Jinshan even took out his phone and called Dong Yun.

One must know that it was almost four o'clock in the morning in China!

One could only imagine how furious Dong Yun was after being woken up by the phone.

She sat up from the bed in a daze and took the phone to look at the caller ID. Then, she saw the time on the phone. She gritted her teeth and swiped the screen to answer the call.

"Xue Jinshan! If you don't give me a reasonable explanation, tell me why you called me at four in the morning ... Just wait and see how I'll deal with you when we get back to China!" Dong Yun shouted angrily.

Xue Jinshan covered the microphone and said loudly, "President Dong! Quickly turn on the television! PP sports 'live broadcast of the LA Liga match, the away game where the Spaniards challenge Valencia, hurry up ..."

"Xue Jinshan, have you gone crazy from your vacation?" Dong Yun said unhappily. I'm not a fan of the Spaniards, in the middle of the night ... No! You woke me up so early in the morning just to let me watch the live broadcast?"

Dong Yun was a die-hard fan of Barcelona. She did not have a good impression of Barcelona's arch-enemy, the Spaniards. Even though she had received a warm welcome from Zhou lei in Spain not long ago, it only made her less hostile towards the Spanish clubs. It was simply impossible for her to stay up late to watch the live broadcast of the Spaniards' football games.

"You'll know when you turn on the TV!" Xue Jinshan kept them in suspense. "It's best to replay it, about 35 minutes into the first half, starting from when the Spanish team is ready to make a substitution!"

"What the hell?" Dong Yun couldn't help but say, "can't you be clearer? Xue Jinshan, why is it so noisy over there? Are you guys watching the game live?"

“Hahaha! You’re right, we were indeed at the scene!” Xue Jinshan said with a smile.

“And then ... The broadcast camera captured your image?” Dong Yun gritted her teeth and asked, “you woke me up so early in the morning just to let me see you two on TV?”

“Am I such a shallow person?” Xue Jinshan said, “anyway, I’ve already informed you. It’s up to you to decide whether you want to see it or not! I’m not going to talk to you anymore, we want to watch the game ...”

With that, Xue Jinshan hung up the phone.

Dong Yun was so angry that she almost threw her phone out. She threw her phone on the bedside table and lay down heavily ... But when she woke up, she was no longer sleepy. After staring at the ceiling for two minutes, she suddenly sat up.

Dong Yun muttered to herself while looking for the remote control, “I’d like to see what’s so amazing that I have to watch the live broadcast!”

She turned on the smart TV, found the PP Sports APP, and quickly found the game of Espanyol.

After entering the live broadcast, Dong Yun remembered Xue Jinshan’s words. She used the remote control to play some playback, starting from when the Spanish team was about to switch players.

Soon, Dong Yun saw the close – up of Xia ruofei’s appearance. When Dong Yun saw that Xia ruofei was wearing the Spanish team’s No. 25 battle uniform, her mouth opened so wide that an egg could be stuffed in.

Dong Yun felt that she was still dreaming. She pinched her thigh hard and screamed in pain.

“I’m not dreaming ... President Xia is really playing in La Liga ...” Dong Yun nodded in her head, but at the same time, she felt a strong sense of illusion.

Dong Yun only came back to her senses after a long while. As she adjusted the progress to live broadcast, she took her phone and searched through her address book.

...

“It’s better to be happy together than to be happy alone ... Since I’m awake, let’s not sleep anymore ...” Dong Yun muttered to herself.

After saying that, Dong Yun pressed the dial button ...

Chapter 2548 First goal in La Liga_1

The higher – ups of the peach blossom company sat in front of the television with a dumbfounded expression. There were also fans among the employees of the peach blossom company who stayed up late to watch the game. When they saw Xia ruofei, they were completely stunned at first. When they came back to their senses, their first reaction was similar to Dong Yun ‘s. They hurriedly picked up their phones and called their friends.

Who cared what time it was at this time?

Soon, the work WeChat groups of peach blossom company became more and more lively. At this time, it was still dark outside the window, the darkest time before dawn.

The Internet in China was also bustling with activity.

The number of posts on Weibo, Tieba, and forums was rising, and the traffic was rising rapidly. The curve was very steep, and it soon even exceeded the traffic during the prime time at night.

Xia ruofei's Weibo was flooded with a large number of netizens. They all left comments under Xia ruofei's latest post, which was the one where he took a photo with Wu Lei.

The number of comments went from 10000 to 100000 in just a few minutes.

The topic #Xia ruofei logging in to La Liga #instantly rushed to the top of the hot search without any suspense.

.....

At this time, at the Mestalla Stadium in Valencia city, Spain, the situation on the field was a bit tense.

After Xia ruofei and Wu Lei came on, the situation of Spain did not improve significantly.

The players also knew about Xia ruofei's amazing free – kick skills. However, with the Spanish team being pressed by the opponent's high post, it was difficult for the midfield to organize an effective attack. It was difficult to even break into the opponent's 30 – meter zone, so how could they create a free – kick?

Besides, it was Xia ruofei's first time playing in La Liga and he had no professional football experience before. So, even if he was the boss, the players did not dare to pass the ball to him easily.

After all, Xia ruofei's performance in training was only average. However, the pace of the game was much faster than the training. If the opponent intercepted the ball and quickly counterattacked, the defense might be compromised again.

They were already behind 0 – 2. If they conceded another goal, they would really be unable to play the game.

As for Wu Lei, he was cruising in the front field and had almost no chance to touch the ball.

As the game time went by, the score was still 0 – 2, and the manager, Rubi, did not have a good solution. He only had three cards in his hand, and he had already played two just now.

Xia ruofei also realized that the situation was not good for Espanyol. There were less than five minutes left until the end of the regular time of the first half. Including the injury time, there were only five minutes at most.

If Espanyol could not recover a ball before the end of the half, they would be very passive in the second half.

Xia ruofei felt that it was time to make some changes.

He ran forward slowly and waved at Wu Lei at the same time. Wu Lei quickly ran over and shouted, ""Brother Xia!"

"Lei Zi, we can't continue like this!" Xia ruofei said, "in the next few minutes, you must retreat to receive the ball and then try to play in the front field. If you can't find a suitable point to pass the ball, pass it to me. I will appear in the most comfortable position for you to pass the ball!"

In the past, Wu Lei's characteristic was to cruise around the offside line and constantly attack the gaps in the opponent's defensive line. To put it bluntly, he was a bit of an opportunist.

Before going on the field, Ruby had also arranged it this way. He had asked him to pay attention to flexible running positions in the front field. Even if he could not run out of an opportunity to go solo, he could at least pull the opponent's defensive line.

Ruby arranged tactics according to Wu Lei's characteristics. It was not wrong at first, but now the Spanish team's attack could not develop into the 30 – meter area of the opponent. Wu Lei could only futilely attack the gaps back and forth, but to no avail.

Xia ruofei knew very well that Wu Lei's physical confrontation was no longer the same as before. Not only was his confrontation much stronger, but his physical coordination had also improved. This could obviously improve his ability to dribble and protect the ball. Therefore, in the absence of an opportunity, it was the best choice to withdraw and receive the ball.

Although Xia ruofei's suggestion was different from head coach Ruby 's, Wu Lei did not hesitate at all. He nodded and said, ""I understand!"

"Mm! Take a gamble! Try to score a goal before the end of the half!" Xia ruofei said.

After the two of them finished their discussion, they returned to their respective positions.

Before Xia ruofei's tactics could work, the Spanish team really got a chance.

After getting the ball in the backfield, mark Rocca kicked the ball and passed it diagonally to the right side.

The full – back, rozales, quickly plugged in from the side and caught Valencia off guard.

It was one of the few opportunities for Spain to attack near the opponent's penalty area.

Rozales dribbled the ball down to the end line and did not hesitate to raise his leg to pass. A curved ball from the inside of his foot was sent near the near post.

Wu Lei, who had already started, rushed over and pushed the ball without stopping.

However, the opposing defender, Garai, also arrived in time and blocked the ball with his body.

After Wu Lei missed the opportunity, he held his head in his hands in frustration.

However, there was no dead ball at this time. After Garai blocked the ball, the Valensia team was not far away from the siege. Valencia's Captain, parrejo, judged the landing point in advance and waited for the ball in place.

At this moment, a blue figure suddenly rushed out from behind palrejo and jumped high in the direction of the football. He intercepted the ball with his chest in advance.

Chapter 2549 First goal in La Liga (2)

Palrejo only felt a blur in front of his eyes. He only saw the number 25 on the other side's back. He did not even have time to pull the other side to make a tactical foul. The other side had already moved the ball forward and was out of his control.

The one who rushed up to intercept the ball was Xia ruofei.

He had been lying in ambush in this area for a long time. He saw that the ball was high and floating, and although the captain of the other team, palrejo, was more accurate in his judgment of the landing point, he had the opportunity to intercept the ball with his own jump.

Xia ruofei made a decision in an instant. His timing was perfect and he intercepted the ball cleanly.

Ruby's eyes widened. He didn't even dare to blink as he stared at the situation on the field.

Xia ruofei's timing was perfect. Valencia had just resolved one of the Espanyol's attacks, and their players were dispersing. Since they were switching between offense and defense, it was Parejo's turn to counterattack after he received the ball, so the other Valencia players were running away quickly.

However, the ball was intercepted, which meant that they had to change from an offensive formation to a defensive formation all of a sudden. It was easy to have loopholes in the change.

If they could seize this loophole, it was very likely that they could create a good scoring opportunity.

Ruby's only worry was that Xia ruofei lacked experience and did not know what to do after stealing the ball.

However, Ruby was overthinking.

No one, including the Spanish players, knew that Xia ruofei had strong spiritual power. So, when it came to the breadth of mind, no player in the world could compare to Xia ruofei.

Because with Xia ruofei's spiritual power, it was not as simple as "having eyes on the back of one's head". It could be said that there were no blind angles at all.

Therefore, after he intercepted the ball, he did not even look up. With a sweep of his spiritual power, he knew the situation on the field and the positions of the players on both sides like the back of his hand.

Xia ruofei immediately found the best way to deal with the ball. When Xia ruofei intercepted the ball, Wu Lei, who had finished "holding his head in frustration" in the penalty area, was jogging back and had just passed the last defender of the opponent team.

Wu Lei's awareness was indeed strong. When Xia ruofei intercepted the ball, he almost subconsciously continued to accelerate towards the center circle. Then, he made a huge arc, a classic horse – hoof reverse run, and inserted himself into the opponent's penalty area.

This required the team members to have a good understanding of each other because Wu Lei was active near the offside line. If they hesitated, he would be in an offside position.

Although Xia ruofei had never cooperated with Wu Lei before, his spiritual power allowed him to see the situation on the field clearly. Just as Wu Lei was about to pass the last defender on the other side, Xia ruofei passed the ball over the head.

This pass was also very skillful. It made a beautiful arc, and the height was just right. It could ensure that the opponent's defensive player could not head the ball, and it could also ensure that the drop point was very accurate, just a few steps in front of Wu Lei.

A single blade again!

Unlike the previous times when there were interference from the opposing players not far away, there was no defender around Wu Lei this time. The full backs of Valencia raised their hands in unison to signal that Wu Lei was offside, but the assistant referee was unmoved, and the main referee did not say anything.

There was no one around to interfere, and the ball was passed just right, so Wu Lei did not need to adjust at all. He ran two steps after the ball, lifted his right foot, and shot directly.

He deliberately played a rolling ball and the football went straight to the lower left corner of the goal at a very fast speed.

Valencia's 1.9 – meter – tall goalkeeper, Neto, could not react in time. Youyou definitely could not stop the ball with his speed. Neto only made a symbolic side – dive, and his eyes followed the trajectory of the ball.

At this moment, he could only pray that Wu Lei missed.

But this time, Wu Lei did not disappoint the Chinese fans who were on tenterhooks. The shot was powerful and the football was fast. It went straight to the dead end of the goal.

Neto did not even touch the ball and just watched the football fly into his goal.

Neto was so angry that he slammed his fist on the grass. He could not lose his temper at his teammates because the ball was mostly to the No. 10 Captain, parrejo. It was his ball that was intercepted, which led to the RCD Espanyol's beautiful offensive cooperation.

The moment Wu Lei's goal was scored, Ruby, who had been maintaining a motionless posture on the sidelines, jumped up and kept waving his fists in the air, celebrating the goal with passion.

The home fans of Valencia let out a huge sigh at that moment, while the Spanish fans in the away stands cheered loudly, shaking the entire stands.

Xue Jinshan and the others also became the most popular people in the stands. Many Spanish fans ran over to shake their hands, hug them, and constantly gave them thumbs up.

Xue Jinshan asked the staff of glory world Corporation,""What did they say?"

The employee was also very excited. He shouted in a hoarse voice,""They are all saying that our Chinese players are awesome!"

This shot came entirely from the cooperation of two Chinese players, including the chairman of their paradise Corporation, Xia ruofei. Xue Jinshan and the others suddenly felt a sense of pride.

All the work groups of the Paradise Corporation were in an uproar as everyone was enthusiastically discussing the ball just now.

“The Chairman’s passing is so cool!”

“A beautiful arc!”

“Tears! I can vaguely see Xiaobei’s elegance!”

“That was a beautiful goal! Two Chinese players broke the defense of Valencia!”

All the major online platforms in Huaxia also welcomed a wave of traffic. All the posts related to football, Xia ruofei’s Tieba, and forums were filled with a large number of posts. Even peach blossom company’s official Weibo account gained some popularity and gained a lot of fans.

Beijing, PP sports studio.

Shen fangjian and Jia Tianning of wuchui Hall were even crazily speaking.

When Xia ruofei quickly passed the ball after he intercepted the ball, Shen fangjian shouted, “A direct pass! We saw that Wu Lei had already started moving ahead of time, and that was a huge opening! The pass was beautiful! It was a beautiful arc! The ball landed accurately at Wu Lei’s feet. He did not hesitate to shoot! The ball went in! The ball went in! The ball is in!”

The entire process only took a few seconds, but Shen fangjian’s mouth was like a machine gun. He spoke very quickly and when Wu Lei finally scored the goal, his voice was already hoarse from shouting.

After calming down, Shen fangjian said, “We want to congratulate Wu Lei! After creating a penalty kick in the previous round, he had taken a big step forward in this round. He scored his first goal in La Liga, which was also the first goal for a Chinese player in La Liga! This moment will be recorded in history!”

Jia Tianning said, “we noticed that the one who helped Wu Lei was Xia ruofei, who is also from China!” The pass was too beautiful. Whether it was the timing of the pass, the speed of the ball, the height, or the drop point ... It was almost perfect! Wu Lei’s position when he receives the ball is quite comfortable. All he needs to do is to raise his leg and shoot!”

“Valencia’s players are surrounding the referee to complain!” Shen fangjian said, “they’re probably complaining that Wu Lei was offside! But from the perspective of our broadcast, there’s no problem with this goal!”

“It’s definitely not an offside!” Jia Tianning said, “when Xia ruofei passed the ball, there was a Valencia defender at the far end who was behind!”

Shen fangjian said, “if it was an offside, the referee should have reminded us in the video. There’s no response now, which means ... Let’s watch the replay!” Xia ruofei intercepted the ball beautifully. He stopped the ball with his chest and chased after it for two steps. He did not look up at all and directly raised his leg to pass the ball! This was the moment when Xia ruofei passed the ball. Through the frozen

image, we could see that Wu Lei was at least half a body's length behind the last defender of the opponent team! This is a good shot!"

As soon as Shen fangjian finished speaking, the scene had already cut back to the court. The main referee simply asked the video assistant referee through the headset and immediately pointed his finger to the center circle.

The goal is valid!

Chapter 2550 Super long – range hanging shot (1)

In the stands, in front of the television, in front of the computer screens ... Countless Spanish and Chinese fans finally felt relieved.

Even louder cheers rang out in the away team stands.

Wu Lei rushed towards Xia ruofei as soon as he scored the goal. He pointed at Xia ruofei with a bright smile.

This gesture was very obvious. On one hand, it meant that most of the credit for the goal was Xia ruofei's. On the other hand, it was to express his gratitude.

Xia ruofei laughed and ran over to hug Wu Lei. He ruffled Wu Lei's hair and said loudly, "Lei Zi, that was a beautiful shot!"

Soon, the other players of Espanyol rushed up and surrounded Xia ruofei and Wu Lei.

After the referee confirmed that the goal was valid, the Spanish players had already walked back to their own half of the field with their arms around each other.

On the substitutes' bench, puado was still complaining to another substitute a moment ago, saying that Chinese football was weak, that Chinese players were not capable, but because of the boss, they got a lot of playing time, and that it was unfair to everyone.

However, the next moment, the two Chinese players on the field completed a beautiful cooperation and scored a goal.

There was no other Spanish player involved in the ball from the beginning to the end. Xia ruofei successfully intercepted it and then sent out a beautiful assist. Finally, Wu Lei completed the final blow.

Puador's eyes instantly widened, as if his neck was being clutched, he couldn't say a single word, his face alternating between red and white.

Without comparison, there would be no harm.

Compared to the two Chinese players who were substituted, puado's performance in the first 30 minutes was simply a pile of stinky shit ...

The players on the substitutes' bench were also celebrating happily. As for Xia ruofei, Wu Lei, and the other players on the field, they did not notice the ashen – faced puado in the corner of the substitutes' bench.

As the team was still one goal behind, the Spanish players quickly returned to their own half and urged the Valencia players to kick off quickly.

On the other hand, Valencia's players were dilly – dallying. As long as the referee did not rush them, they would try to delay.

After all, there were only two to three minutes left in the first half of the game, and the score was 2 – 1, with the home team still leading by one goal. Although it was a little unpleasant to be scored by the opponent at the end of the first half, it was better than being scored two times in a row, right?

Generally speaking, the team's morale was the highest right after a goal. If they were not careful in their defense, it was likely that the opponent would continue to work hard and score more goals in one go.

If he returned to the locker room with a score of 2 – 2, he would be in deep trouble.

By the time the valentian team kicked off again, the regular time for the first half of the game was about to enter the last minute. The fourth official was already standing on the sidelines with the go – in card. As long as the time jumped to 45 minutes, the fourth official would raise the card.

The Spanish players did not give up just because they were running out of time. As soon as Valencia kicked off, the entire team immediately rushed forward and surrounded her.

Valencia was also a strong team with a long history. When faced with the Espanyol's pursuit for the high post, they did not panic but passed the ball back and forth in the middle of the backfield in an orderly manner.

Valencia's goal was very clear. They did not plan to take the initiative to attack with little time left in the first half. They just wanted to drag the time out until the end.

Like Xia ruofei and igglasias, Wu Lei was also crazily pressing forward.

Needless to say, the effect of the players in the middle and front field launching a rush at the same time in unison was really good.

The valentian team's pass was getting closer and closer to their goal and was finally blocked by the Spanish team. They were a little unwilling to send a big kick to the front field, so they chose to return the pass to the goalkeeper.

At that moment, Wu Lei was almost in front of him, but Valencia's defender was a little hasty, so his strength was slightly reduced.

Wu Lei's flexibility was fully displayed at this time. The moment the other side passed the ball, he had quickly changed direction and changed to chasing after the ball.

The valentian goalkeeper, Neto, reacted quickly. When he saw that the pass was too small, he quickly abandoned the goal and went out.

Both Wu Lei and Neto were trying their best to chase after the football. In the end, because the football was rolling in the direction of the goal, Neto arrived in front of the ball a little earlier. He did not hesitate to make a long kick, trying to drive the ball to the front field.

At this time, Wu Lei had already caught up, and he subconsciously extended his foot to block it.

Wu Lei's foot touched the ball, and the football changed direction. It did not fly toward the RCD Espanyol's half of the field, but to the right flank.

Xia ruofei was in that area. Normally, it would be hard for the players to react to such a change in direction ball, but Xia ruofei's reaction was much faster than the other players. A Valencia defender should have been closer to the ball, but he was stunned for a moment. Xia ruofei, on the other hand, regained his senses almost instantly and chased after the ball with big steps.

Xia ruofei intercepted the ball before Valencia's defenders could. He did not make any adjustments or even lift his head. He kicked the middle part of the ball, and the ball flew in a high and Floating Arc towards Valencia's goal!
