

God tier Farm 2631

Chapter 2631 Returning to the Hunter Valley (1)

Xia ruofei thought for a while and happily accepted the invitation. Qianqian was a friend who had experienced a life – and – Death landing with him. Xia ruofei was also very willing to share this happy moment with Captain Brook. Besides, everyone knew about the forced flight. Qstrang airlines was already preparing for a movie. Xia ruofei had a lot of exposure during that period, so there was no need for him to keep a low profile at this time.

Hence, Xia ruofei followed Captain Brook and Molly to the welcoming crowd.

The Senior Vice President of qishang, Tony, also attended the event personally. There were also people in charge of the public relations department of qishang and the A350 fleet. When they realized that the person who had been watching from afar was actually Xia ruofei, they were all very surprised.

When he was dealing with the incident, Xia ruofei had interacted with all of them. With his extraordinary memory, he could not forget them. He could even call out their names proficiently, which made everyone feel closer to him.

Xia ruofei naturally stood with Tony and the rest. Brook walked to the side and faced the media with a smile.

Of the two pilots flying with Captain Brook, other than the co – Pilot, the other was an inspector of a very high rank. The inspectors were in charge of the captain’s assessment. The assessment flight when the co – Pilot was promoted to Captain or when the captain’s flying qualifications were restored was the responsibility of the inspectors.

The inspector said with a smile, “Captain Brook’s performance in the flight assessment was perfect. I’m very honored to announce that he will be reinstated as the captain of the Airbus A350 from today onwards!”

Although Brook had already completed two flights, strictly speaking, this flight was an assessment flight. Only by passing the assessment could he regain his qualifications to fly the Airbus A350. In other words, it was not until the inspector’s announcement that Captain Brook had truly recovered physically and mentally and was back in his flight position.

The moment the inspector finished speaking, a round of applause broke out. Tony and the other executives also came forward to congratulate him. Captain Brook was all smiles as he expressed his gratitude.

The media reporters all reached out to Captain Brook and asked him how he felt at the moment.

As the person who experienced the most thrilling forced landing in the history of QSO, Captain Brook had always received a high level of attention from the media. For his assessment flight, QSO had informed reporters from major media in advance to come to the tarmac for interviews.

Brook laughed and pulled Xia ruofei over. “Before I answer your questions, I would like to let you all meet someone!”

“Wow!”

“God! Are my eyes playing tricks on me?”

“It’s Mr. Xia!”

The media reporters exclaimed in surprise.

To be fair, the public opinion in Australia was not particularly friendly to China. The arrogance and prejudice of some Western White people were particularly obvious here. These local media usually carried out some misleading reports about China with colored glasses.

However, Xia ruofei was definitely an exception. Almost all the Australians had a good impression of him. In the Western society that advocated individual heroism, very few people would have a bad impression of such a heroic figure. Even the Australian athletes, who were extremely hostile to China, could only suppress their dissatisfaction and praise Xia ruofei when they talked about him.

There was no doubt that Xia ruofei was also the darling of the media in Australia. In fact, he was even more popular than Captain Brook. Everyone knew that even though the epic forced surrender was not without captain Brook’s technical guidance, Xia ruofei had at least 80% of the credit.

After that incident, there were also experts who had carried out countless re – examine. Some people even found volunteers to carry out experiments.

The test was simple. Didn’t Xia ruofei claim that he had received simple helicopter flight training? Hence, they found a pilot who had just started to fly solo and had no knowledge of fixed – Wing aircraft to simulate Xia ruofei’s role. Then, they found an experienced A350 Captain who was as knowledgeable as Captain Brook and entered the flight parameters into the simulator. The experienced captain did not participate in the flight control throughout the entire process and only gave technical guidance. The entire process was operated by the pilot.

The results of the experiment were brutal. After 20 to 30 attempts, the helicopter pilot student had no successful landing.

There was only one time when the plane landed awkwardly on the runway, and the landing gear was broken when it landed. If it had been the real situation on that day, even if there were no other planes on the runway, such a landing was likely to cause the plane to disintegrate.

Moreover, in reality, the wind was howling in the plane. Such an environment could not be simulated at all.

After the results of the experiment were announced, it further emphasized how great and unbelievable Xia ruofei’s feat of forcing the plane to land was.

“Ladies and gentlemen,” said Captain Brook with a smile, “I also want to tell you that considering that Mr. Xia is thousands of miles away, I did not inform him of this assessment flight. Our two planes landed in Sydney almost at the same time today. It was a complete coincidence. That’s why I said ... This is all God’s arrangement. “

Chapter 2632 Returning to Hunter Valley (2)

“This is unbelievable!” A reporter exclaimed and then asked, “Mr. Xia, is what Captain Brook said very true?”

Xia ruofei smiled and said, "I indeed didn't receive any notice beforehand." However, I'd like to use a phrase that we Chinese people often say to describe this coincidental encounter with Yingluo as fate that brought us here at the same time!"

The reporters' flashlights kept flashing, and another reporter asked loudly, "Mr. Xia, today is a special day for Captain Brook. Do you have anything to say to him?"

Xia ruofei was used to dealing with the media's attention. He said, "I've already congratulated you, Captain Brook. I would also like to say that to be able to recover from that degree of psychological and physical trauma, Captain Brook is an amazing person! Once again, I congratulate him on regaining his flying qualifications! I'm also very willing to take his flight! Of course, I'm afraid that my ride won't bring any benefits to qiuhan. After all, I'm an 'honorary passenger' of qiuhan!"

Xia ruofei's words made everyone smile kindly. Even Captain Brook could not help but grin.

Standing on the side, Quto's senior vice president, Tony, smiled and said, "No matter what time it is, we welcome Mr. Xia to board Quto's flight! In fact, Mr. Xia is the first 'lifelong honorary passenger' of quodan and has taken quodan planes countless times. We want to express our respect to him, but we have no opportunity to do so!"

A reporter pointed at the nearby Peach Garden and said, "I don't think Mr. Xia will have many opportunities to take quodan in the future."

Everyone couldn't help but burst out laughing.

Today's main character was still Captain Brook. After asking Xia ruofei a few questions, the reporters turned their attention to him.

After regaining his flight qualification, Captain Brook was in a good mood and answered all the questions from the media. Xia ruofei stood at the side and waited with a smile.

After the media interview, Quto's staff pushed out the cake that had been prepared.

Captain Brook invited Xia ruofei to cut the cake with him.

After sharing the cake with everyone, Xia ruofei bade farewell to the staff of quodan and prepared to go through the immigration procedures.

Qplease airlines even prepared a small buffet party for Brook. Tony and Brook's family sincerely invited Xia ruofei to join them, but Xia ruofei had already informed Liang qishao, who was in charge of Paradise Farm, to pick them up. He was already delayed for a while, so he didn't want to stay too long, so he politely declined.

Xia ruofei told Brook that he would be staying in Australia for a short time and had some things to do. The next time he came to Australia, he would take the initiative to meet up with him.

Tony personally arranged for the staff of qiuhan to assist Xia ruofei and Liu Kuan with the departure procedures.

As for Liu An and his crew, they still had to stay behind to do some cleaning work. The traffic at the airport was very busy, so paradise still had to be transferred to a remote plane. In addition, necessary inspections, refueling, and other operations had to be carried out.

After the flight crew finished their work, they would find a hotel near the airport to check in. They would continue to fly to China the next day.

Xia ruofei and Liu Kuan went through the VIP passage and successfully entered the country.

When Xia ruofei first came to Australia, he had personally experienced the difficulties of the customs officers when he entered the country. This time, however, the treatment was completely different. The staff of the Australian Airlines personally accompanied them, and the customs staff obviously still remembered Xia ruofei, the well – known hero of Australia. Their attitude was quite enthusiastic, and they handled the entry procedures for Xia ruofei and Liu Kuan as quickly as possible.

After walking out of the airport, Xia ruofei saw Liang Qichao waiting anxiously.

“Brother Liang!” Xia ruofei smiled and waved at him.

Liang Qichao and Daphne, who had accompanied him to the airport, turned their heads at the same time. When they saw Xia ruofei, they quickly walked up to him.

“Ruofei, what’s taking you so long?” Liang Qichao said, “I thought you were in trouble when you entered the country!”

Xia ruofei laughed and said, “I met a few old friends just now and we had a chat.” Sorry to keep you waiting!”

“It’s fine to wait a while!” Liang Qichao said, “it’s good that you’re not in trouble!”

Xia ruofei said, “by the way, let me introduce you. This is Liu Kuan, uncle Liu. He’s here with me.” Uncle Liu, he’s Liang Qichao, the person in charge of Paradise Farm. ”

“Hello, uncle Liu!”

“Hello, CEO Liang!”

The two of them exchanged a few words before the group walked toward the parking lot.

Xia ruofei nudged Liang Qichao’s arm and pouted at Daphne. He said with a smile, “It looks like you’ve already taken it down?”

Liang Qichao chuckled and said, “what do you think?” This brother still has some skills, right?”

“It’s alright!” Xia ruofei pursed his lips and said, “it’s been two years. If you can’t even win this, you can go eat sh * t!”

“Can you not say such disgusting things?” Liang Qichao said with a look of disdain, “you’re the National hero of Australia, after all, and you’re worth at least a few billion, right? Be more civilized!”

“This is already very civilized!” Xia ruofei blinked and said, “otherwise ... I wouldn’t have said sh * T. I would have said ...”

“Stop! Stop!” “Didn’t you say it was about Daphne?” Liang Qichao quickly asked. How did we end up talking about such disgusting things?”

Xia ruofei laughed and patted Liang Qichao’s shoulder.””Right, I haven’t asked you yet! What happened between you and Daphne ... Did you get over your father?”

Liang Qichao’s face turned bitter when he heard this.””It’s not like you don’t know my father. He’s an old – fashioned man! How would I dare to tell him?”

“Do you want a brother to give you some advice?” Xia ruofei said with a smile.

“You say it! You tell me!” “I know you have the most wicked ideas!” Liang Qichao said.

“It’s simple! Work harder, you two, and try to make a human as soon as possible!” Xia ruofei said with a smile.

“What kind of stupid idea is this?” Liang Qichao couldn’t help but exclaim,”if my dad finds out about this, he’ll skin me alive!”

“You don’t understand, do you?” Xia ruofei smiled and said,”although uncle Liang is against you finding a foreign woman, he doesn’t have any solid evidence, does he? Moreover, you’re so far away from him, he can’t possibly come here and monitor you every day, right?”

“That’s true, but what does that have to do with having a child?” Liang Qichao asked.

“What I’m saying is, you have so many advantages but you don’t know how to make use of them. Aren’t you stupid?” Xia ruofei said,”there’s an irrefutable truth that you have to remember, and that is cross – generational marriage! Don’t be fooled by your father’s curses. If you and Daphne really give birth to a fat grandson for him, do you think he’ll be happy? Besides, the mixed – Blood child is so handsome. Your dad will be so happy that he won’t be able to close his mouth. He’ll want to hold his grandson every day and not let go! Do you believe me?”

“It does make a little sense!” Liang Qichao mumbled.

“You can’t go wrong by listening to me!” Xia ruofei said,”I don’t think the ladies in Australia are so traditional that they have to get a marriage certificate before giving birth, right?”

“It’s normal for people here to fall in love and have children. Some people only get married when their children are quite old!” Liang Qichao said.

“Then isn’t it settled?” Xia ruofei said,”you can discuss this with Daphne. As long as she agrees, it’ll be easy!”

The two of them chatted as they walked, and they soon arrived at the parking lot.

Liang Qichao drove the farm’s Black Mercedes – Benz. He was the driver, with Daphne in the front passenger seat, while Xia ruofei and Liu Kuan sat in the back.

The car drove out of the airport quickly and headed in the direction of Hunter Valley.

Chapter 2633 Prospering (1)

Liu Kuan was a man of few words. He didn't talk much along the way. Only Xia ruofei and Liang Qichao chatted. Occasionally, Xia ruofei would chat with Daphne and Liu Kuan so that he wouldn't leave them out.

In fact, Liu Kuan had hoped to fly back to China directly. After all, he was still worried about his father's health.

When he learned that Xia ruofei wanted to stay in Australia for a day, Liu Kuan did not object. At first, he wanted to find a hotel near the airport to rest for a day and then go back the next day. However, he thought about it and decided to go with Xia ruofei.

His main purpose was to stay by Xia ruofei's side and observe some details to determine if Xia ruofei was interested in Qingyun Island. This was also one of the tasks that old master Liu had given him.

In fact, Liu Kuan had already made a basic judgment, and that was that Xia ruofei was quite satisfied with Qingyun Island. He should be a little tempted, but not particularly interested. Since they set foot on the island yesterday, Xia ruofei had not talked much about this other than asking him about the basic situation on the island. From the moment they boarded the plane until now, Xia ruofei seemed to have forgotten about the incident on the island. He did not mention a word about it at all.

In fact, this was the impression that Xia ruofei wanted Liu Kuan to have.

The reason why he chose to stay in Australia for a day was that he didn't want the Liu family to think that he was in a hurry to go back and was eager to get the green cloud Island. Of course, he hadn't been to Australia in a long time. He could also inspect Paradise Farm, West Winery, and gold oak winery. It could be said to be killing two birds with one stone.

The road conditions on the road from Sydney to Hunter Valley were not bad. After leaving the city, it was quite free and there was no traffic jam at all.

The scenery along the way was still as beautiful as ever. The pure blue sky, the verdant grass on both sides of the road, and the occasional flash of kangaroos in the bushes in the distance. Everything here made people feel close to nature.

The car drove all the way to the Hunter Valley. It didn't stop at the entrance of Paradise Farm and drove straight in.

There were vegetable greenhouses in many places on the farm, and the scenery was not as beautiful as the last time Xia ruofei came. Qianqian could not help it. The vegetables and fruits produced by Paradise Farm were very popular in Australia, even though the price was several times more expensive than the same variety of vegetables. This was mainly due to the Super – Beautiful appearance of the vegetables and fruits, as well as all the retail stores related to the Mei ya group under Tang Yitian. Without exception, all of Paradise Farm's products were placed in the most eye – catching positions. Since the goods were selling so well, Liang Qichao naturally continued to increase production.

Now that the farm had thousands of hectares of vegetable greenhouses, the benefits of large – scale planting had also begun to show. After the scientific arrangement of the planting time, Paradise Farm could produce dozens of tons of vegetables, melons, and fruits every day. A large number of

refrigerators entered and exited Paradise Farm every day, bringing the high – Quality vegetables, melons, and fruits to Maya supermarkets all over Australia.

The average price of the vegetables, fruits, and fruits produced by Paradise Farm was about 30 Australian dollars per kilogram. In other words, the farm's daily output value could reach three to four million Australian dollars, which was several billion Australian dollars a year. If converted to Chinese dollars, that was more than 10 billion.

Of course, the labor costs and transportation costs in Australia were much higher than those in China. In addition to various taxes, the profit margin was not as high as that of domestic farms.

Even so, the annual net profit could still reach billions of Yuan. This was mainly because the most important cost was the seeds of the Pi Xiu, which were almost cost – free for Xia ruofei.

Moreover, Paradise Farm was still gradually increasing its production capacity, constantly building vegetable greenhouses. Qinqin farm had thousands of hectares of land, and more than half of the land had not been built in time. When Paradise Farm's production capacity reached its peak, the profit figure would increase several times.

It could be said that Paradise Farm was also a super terrifying money – making machine.

At that time, Grandpa Tang He's investment was a huge success because of the introduction of Xia ruofei as a business partner and the courage to give Xia ruofei the equity of flight control. It could be said to be a qualitative leap.

After the car turned a corner, the farm's living area appeared in front of them.

The tranquil lake, the elegant Swan, the exquisite lakeside villa ... Everything in front of them was like a painting, making people's hearts unconsciously become a bit more peaceful.

Even Liu Kuan, who was a man of few words, couldn't help but exclaim in admiration when he saw this beautiful scene.

The car stopped in front of the small villa, and a few figures quickly ran over.

Xia ruofei took a closer look and could not help but smile.

The newcomers were the Veterans he had sent to Australia, Xu Yougang, Zeng Liang, Wang Chong, and Zhang Aijun, who were responsible for the security of Paradise Farm.

After Xia ruofei got out of the car, Xu Yougang and the others greeted him excitedly.

"Boss!"

"Boss!"

Xia ruofei laughed and patted Xu Yougang's shoulder."Old Xu, you've become much whiter! It seems life in Australia is not bad!"

Xu Yougang laughed in embarrassment and said,""The food here is better ..."

"That should be fat, not white!" Xia ruofei smiled and said, "I see that you've maintained your figure well! You still have training?"

Chapter 2634 Prospering (2)

"En!" Xu Yougang nodded and said, "we have never dared to relax in our business!"

"Not bad! Not bad!" Xia ruofei nodded his head in satisfaction. Then, he continued to chat with Wang Chong, Zeng Liang, and Zhang Aijun.

"Brother Liang, these are my good friends. You have to make the necessary arrangements!" Xia ruofei turned around and asked.

Without waiting for Liang Qichao to speak, Xu Yougang quickly said, "Brother Xia, CEO Liang has been taking good care of us. He's arranged our lives very well and we don't have any worries!"

Liang Qichao said with a chuckle, "the farm has added quite a few more workers. Also, because the prices of our vegetables and fruits are relatively high, there have been cases of theft from time to time. After Yougang and the others came, I handed over the security work to them. They did a very good job!"

"Oh?" Xia ruofei asked with great interest, "old Xu, tell me how you guys started your work?"

"Yes!" Xu Yougang nodded and said, "brother Xia, the farm is very large, and the boundary is quite blurry, so it's impossible for the four of us to cover all of it. After we arrived, we mainly did these things: "The first is to recruit personnel. We personally interviewed them and recruited a local security team of good quality. The second was to clear the boundaries of the farm and install security and surveillance facilities. The third was to purchase electric patrol cars, apply for firearms and other security equipment, and arrange for personnel to constantly increase the patrol of the edge of the farm."

Xu Yougang and his comrades looked at each other and continued, "After the work was in place, we caught a few groups of thieves in a row, which probably had a certain deterrent effect. After that, the theft of the farm was almost non-existent."

Xia ruofei nodded approvingly and said, "Very good! It seemed like professional matters should be left to the professionals! Old Xu, I'm very satisfied with your work!"

"Thank you for your encouragement, brother Xia!" Xu Yougang said excitedly.

Their gratitude towards Xia ruofei came from the bottom of their hearts. Initially, they were chosen by Lei Hu to carry out the mission of tracking and monitoring Liu haojun for Xia ruofei. On the other hand, it was also because they all had their own family difficulties. Of course, everyone knew each other well during their years in the Army. Lei Hu had confidence in their character, which was why he recommended them to Xia ruofei.

After Xu Yougang and the others completed the task for Xia ruofei, Xia ruofei not only gave them a generous reward to help their families tide over the difficulties, but also put himself in their shoes. In order to prevent the Liu family from finding clues and taking revenge on them, he decisively arranged for them to work in Australia. If they were willing, they could even settle their families there. This made them extremely grateful to Xia ruofei.

Xia ruofei asked, "brother Liang, old Xu and the others have brought their families along. You have to ensure that they have food and accommodation!" As you can see, they're all rare talents!"

"Don't worry!" Liang Qichao said with a smile. When have I ever given any discounts on the things you've instructed me to do? "Our farm has a lot of new employees, so we're building a staff apartment that can also function as a night shift resting room. I can give tomogang and his brothers a large apartment each! There's no problem for a family of three generations to live together!"

Xu Yougang also said, "brother Xia, boss Liang takes great care of all of us!" The family members who came along with us have all been properly settled. The children have all been arranged to go to the Community School. "

"Very good! Very good!" Xia ruofei said happily and then asked, "can they all adapt?"

"I wasn't used to it when I first came, but I've gotten used to it after a long time." Xu Yougang said, "children adapt faster. There's a language environment here, and they can even speak English very well now!"

Xia ruofei nodded with relief. Then, he patted Xu Yougang's shoulder and said, ""Brothers, do your best here! We can expand the security team and slowly take over the security of the two wineries!"

"Yes!" Xu Yougang puffed out his chest and said, "I promise to complete the task!"

Xia ruofei thought for a while and said, "old Xu, I still have something for you to do. Let's talk in private later!"

"Alright, brother Xia!" Xu Yougang replied.

"Let's go! All of you, go in!" Xia ruofei laughed and said, "I can even smell the aroma of roasted suckling pig! It must be uncle Wester and Auntie cabalie who are preparing good food inside, right?"

"Your nose is so sharp!" "They wanted to give you a surprise!" Liang Qichao said with a smile.

Xia ruofei laughed out loud. "It was like this last time. This old man and old lady are nothing new!"

After that, Xia ruofei walked into the small villa first, followed by Liang Qichao, Liu Kuan, Xu Yougang, and the others.

As expected, the moment Xia ruofei entered the house, he saw West and Kelly busy in the open kitchen. Both of them were wearing aprons. When they saw Xia ruofei, they immediately called out happily, ""Hey! The boss! I'm so happy to see you again!"

"Uncle Wester! Aunty cabalie!" Xia ruofei chuckled and said, "long time no see. I really miss your food!"

The old couple's cooking skills were pretty good. Feng Rao and Xia ruofei were addicted to Old West's apple pie last time. As for the roasted suckling pig, it was really tender on the inside and crispy on the outside. The aroma was overwhelming, and the Golden suckling pig was appetizing.

"Boss!" Cabbies chuckled. Then hurry up and wash your hands! It'll be ready soon!"

After a while, the food prepared by the old couple was served one after another. Xia ruofei and the others sat around the table. Old West even brought a few bottles of Semillon wine that Xia ruofei and Feng Jing had personally brewed for Xia ruofei to try.

In all fairness, the wine from West Winery and gold oak winery was slightly inferior to the wine that Xia ruofei had brewed in the medium. However, if one were to compare them, they were on a higher level compared to the wine from the two wineries in the past.

"How's the taste?" Old West stared at Xia ruofei and asked.

Xia ruofei gently put down his glass and gave a thumbs up. "Very good Semillon! Uncle Wester, it seems that it's necessary to stick to the traditional brewing process!"

Old West was grinning from ear to ear. "It's mainly because of the high quality of the grapes you brought in. The Semillon produced by our two wineries this year is second to none in the entire Hunter Valley area! The sales are very hot!"

"You've all worked hard!" Xia ruofei said with a smile.

"Boss, don't forget what you promised me!" Old West asked.

Xia ruofei was stunned and asked, "what I promised you?" "What's the matter?"

"You didn't really forget, did you?" Old West shouted, "oak! You promised me that you'll prepare enough oak for me this year for the high – Quality project last year. At least, I'll be able to guarantee the required wine for this year!"

Xia ruofei suddenly remembered, but he disguised himself well and did not show any surprise. He just smiled and said, "How could I forget such an important matter? Don't worry! I'll naturally get it ready for you when the time comes!"

"Then we'll have to hurry!" "There's still about two to three months before the new round of grape harvesting begins!" This time, we're mass producing oak barrels, so the wood needs to arrive at least a month in advance. Otherwise, it's impossible to complete it before the wine brewing!"

"Don't worry! Don't worry!" Xia ruofei promised, "I promise you that you will see the wood within two months!"

"That's great!" Old West happily said, "boss! I'll toast you!"

Everyone had a happy lunch together and went back to work.

Liang Qichao had arranged a guest room for Liu Kuan on the first floor, while Xia ruofei's room was on the second floor. Liang Qichao wanted to give Xia ruofei the largest guest bedroom with a balcony, but Xia ruofei thought it was too much trouble and insisted on a guest bedroom that was as good as the master bedroom.

Xia ruofei returned to his room. Not long after, he heard footsteps and a knock on the door.

"Come in!" Xia ruofei shouted.

Xu Yougang walked into the room and said,""Brother Xia, if there's anything you need me to do, just let me know!"

Chapter 2635 Back to the capital (1)

Xia ruofei nodded with a smile and said,"old Xu, come in and have a seat." What would you like to drink?"

"Brother Xia, don't bother!" Xu Yougang quickly said,"just tell me if you need anything!"

Xia ruofei laughed and asked Xu Yougang to sit down on the guest sofa. Then he said,""Old Xu, do you have any retired comrades with better military qualities? Of course, the person must be absolutely reliable!"

"Brother Xia, are you looking to recruit some people to work in Australia?" Xu Yougang's eyes lit up.

If they wanted to recruit people from China to work in Australia, they would need a work visa. Moreover, the security work was more special. They also needed to go through the procedures for holding a gun here. In addition, if people from China worked abroad, they would also need to issue an allowance. The labor cost was not much cheaper than directly recruiting people in Australia, and the process was more troublesome. Therefore, Xu Yougang and the other three people had discussed in the beginning stage and finally chose to recruit people in Australia to form a security team. Xia ruofei had agreed to this.

From Xia ruofei's words, it seemed like he wanted to recruit some veterans.

In terms of feelings, Xu Yougang was naturally more willing to recruit some old comrades, so after hearing Xia ruofei's words, he couldn't help but feel a little happy.

Xia ruofei smiled."It doesn't have to be working in Australia. I need to train some people first. They might be in Australia in the early stages so that they can participate in the work here while training. Later on, I plan to transfer them to other Places to Work."

Xia ruofei was making plans for the construction of green cloud Island.

In terms of the safety of green cloud Island, the Liu family's approach was to put a mercenary army on the island and use money to solve the problem.

Although this would save a lot of trouble, there were also many hidden dangers. Mercenaries only recognized money, and loyalty was nothing at all. Moreover, once they encountered a strong enemy, after paying a certain number of casualties, the mercenaries would most likely collapse and escape. After all, at that time, survival was the most important.

Besides, Xia ruofei needed to do some renovations on clear sky Island. When the time came, the safety issues would have to be handed over to reliable people, not mercenaries.

He did have some men in the spirit map space, but Xia ruofei could not control them in the outside world. Hence, he could not use them to guard the Azure cloud Island. To put it bluntly, these people were destined to spend the rest of their lives in the spirit map space, unless Xia ruofei obtained a method similar to the soul seal in the future and could control a large number of ordinary people.

After hearing Xia ruofei's words, Xu Yougang didn't dare to ask more. He nodded and said, "I definitely have the manpower. I have a lot of comrades who have excellent military quality, and many of them have not been doing well in their jobs after they retired. How many people do you want?"

Xia ruofei pondered for a moment and said, "at least a hundred!" "But I'll also recruit them through other channels. You can recruit as many as you can. You must follow the principle of" better quality than quantity. "Although we're all brothers from the Army, everyone's experience after retirement is different. The necessary screening is still necessary. It's not that I don't trust my brothers."

"I understand, brother Xia!" Xu Yougang said with a straight face. I'll definitely do a good job in this aspect. I'll take responsibility for any problems that arise with the people I've recruited!"

Xia ruofei smiled and waved his hand, "not that serious!" I'm just giving you a reminder!"

After the recruitment, Xia ruofei would have to "interview" them one by one. The so – called interview would be to hypnotize them with spiritual power and screen them one by one to prevent people with ulterior motives from sneaking in.

After all, once the great formation of the green cloud Island was successfully set up, the importance of the island would be second only to the spirit map space.

Xia ruofei continued, "also ... You have to make it clear to your comrades that the workplace is not in China, so it's best not to have too many people holding you back. If the elderly at home are not in good health or the children are very young ... Of course, I'm not saying that we don't want to do it in such a situation. You have to make it clear to them and let them decide for themselves."

"Understood!" Xu Yougang said, "brother Xia, if that's the case, I might have to go back to China first. After all, there are some things that can't be clearly explained over the phone. Also, you said it yourself. We still have to go through some screening!"

Xia ruofei said without hesitation, "arrange the work here today and let Wang Chong temporarily take charge." You'll be flying back with me tomorrow!"

"Yes!" Xu Yougang stood up and answered firmly.

.....

After Xia ruofei took a short break at noon, he went to visit Paradise Farm and the two wineries in the afternoon. He also listened to Liang Qichao and Old West's progress reports and gave them full recognition for their work.

After a night's rest at Paradise Farm, Xia ruofei, Liu Kuan, and Xu Yougang left the farm in a car the next morning and went straight to Sydney's Kingsford Smith Airport.

After a night's rest, Liu An and the flight crew were "full of energy". They were all in high spirits. When Xia ruofei and the others entered the landing strip through the public service plane passageway, they were already prepared for flight.

Ten minutes later, paradise took off from the runway of Kingsford Smith Airport and leaped into the sky.

Chapter 2636 Back to the capital (2)

After about 12 hours of long – distance flight, paradise finally landed at Beijing International Airport.

Xia ruofei and the rest walked out of the public airport's dedicated passageway and quickly got into their respective cars that had come to pick them up. They drove into the capital airport's Expressway at the beginning of the night.

Liu Kuan took the car sent by the Liu family and returned to the house where old master Liu lived to report.

Xia ruofei did not go over. Instead, he took Xu Yougang on the Toyota Elfa driven by Wu Qiang and returned to the courtyard in liuhai Lane.

There was a two – hour time difference between Beijing and Australia. The plane took off from Sydney at about 9 A. M. And landed in Beijing at about 7 P. M., China time.

Since it was the rush hour in Beijing, it was almost 8:30 P. M. When they got home.

Although it was not too late, both of them had been on the plane for more than ten hours. Moreover, Xia ruofei and Xu You had already had dinner on the plane when the plane was about to start descending. So, they went straight back to their rooms to rest after they arrived at the courtyard house.

.....

In the Liu family's house, Liu Kuan, who had just returned from a long journey, went straight to Grandpa Liu's room without even taking a breath.

"Master, I'm back!" Liu Kuan said as he bowed slightly.

Old man Liu had been taking the medicine that Xia ruofei had provided for the past few days. Although his condition did not improve much, he was still in good spirits.

"It's been hard on you, Kuan," he said with a smile.

"Master, you're too kind ..." Liu Kuan said respectfully.

"Tell me! According to your observations these past two days, what is Xiao Xia's attitude toward the green cloud Island?" Old man Liu asked indifferently.

"Yes!" Liu Kuan slightly bowed and said, "master, according to my judgment, Mr. Xia should be interested in the blue cloud Island." After he arrived at the green cloud Island, he observed every place he visited carefully and asked a lot of questions. Then, he took a helicopter and flew around the island a few times. "

"En!" Old man Liu asked without changing his expression, "so, he might choose to go to the blue cloud Island?"

"I can't make a judgment on this," Liu Kuan said honestly, "after all, Mr. Xia didn't show much interest in it. I tried to test him several times, but he didn't reveal anything. I don't know if he's interested in blue cloud Island or not, but one thing should be certain. That is, even if he is inclined to choose blue cloud Island, he is not very eager. This can be seen from many details. And ... He stayed in Sydney for a day on his return trip. He doesn't seem to be in a hurry to return home. "

Old man Liu revealed a thoughtful expression and asked, "Then ... If I want him to choose the blue cloud Island, do you have any suggestions?"

"Master, I think Mr. Xia is a very opinionated person, and it's difficult for others to change his decision easily." Liu Kuan said, "if he doesn't want to choose the blue cloud Island, it's useless for us to say anything. And if he has already made up his mind and wants this Island, then we don't need to do anything. We just need to wait for his notice."

"That makes sense ..." Elder Liu nodded slowly and said.

Then, he sighed and said, "If it wasn't for the fact that there were no better choices, I really wouldn't want him to take the blue cloud Island. That Island is the result of over ten years of our hard work! Moreover, if we really lose the blue cloud Island, our Liu family will have no way out!"

Liu Kuan hesitated and said, "master, don't you want him to choose cash the most?" Why did you change your mind?"

Old man Liu smiled and said, "actually, I hope that he would choose the Liu family's shares the most. However, Xiao Xia is a smart person. He probably wouldn't choose the shares." The reason why I included the shares in the selection plan was just because I had a glimmer of hope, but the hope was not big."

At this point, elder Liu paused, as if he was out of breath after saying so much in one breath.

After a while, he continued, "As for cash ... It's very difficult for us to raise that much money. Even if we borrow it, if we lose such a huge amount of cash, we're likely to be doomed ... This can be solved by installments or other methods, but some difficulties can't be solved."

"Master, I don't know much about these things." Liu Kuan said, "whatever you say, I'll do it. I promise I'll go wherever you want me to go!"

Old man Liu laughed and said, "In fact, after thinking it through, I think that the plan of blue cloud Island seems to be the most suitable for both sides. To us, although the island is very precious, we have to invest in the project every year. Even if the island was not given to Xia ruofei, the money has already been spent. As for Xia ruofei, he doesn't need such a huge cash flow. Instead, it seems more attractive for young people of his age to have an Island of his own in the distant South Pacific Ocean."

Liu Kuan nodded and said, "I also think that Mr. Xia should not be interested in the pure cash plan." As for green cloud Island ... I really can't see through Mr. Xia's true thoughts, but he at least showed a certain interest in green cloud Island, so I think the hope is still very high."

Xia ruofei's cover – up was so successful that Liu Kuan did not notice his intention at all.

Liu Kuan's conclusion was basically the judgment that Xia ruofei wanted him to make.

"Yes, I know what to do!" Grandpa Liu nodded and said, "Kuan, you must be tired after a long journey! Hurry up and take a shower and then rest! You don't have to worry about me tonight ..."

Liu Kuan showed a grateful look and said, "Thank you for your concern, master. You should rest early too. I'll go down now."

“Go!” Old man Liu waved his hand and said.

.....

The next morning, Xu You said goodbye to Xia ruofei after having breakfast with him.

“Brother Xia, I’ll take my leave then!” Xu Yougang said, “I have two comrades in Beijing. I’m going to talk to them first.”

Xia ruofei nodded and said, “yes!” Go! Remember to tell them the pros and cons clearly. Also, tell them that if they work here, their income will definitely be much higher than in China!”

“Alright, brother Xia!” Xu Yougang replied respectfully, “by the way, brother Xia, after I’m done talking in Beijing, I’ll go to the next place and won’t be coming back here.” After I’ve talked to all the comrades I can contact, I’ll report to you according to their decisions. ”

Xia ruofei smiled and said, “sure!” Don’t Save Me any travel expenses, and if you can take the plane, don’t take the train! Also, pick a better hotel for your accommodation, understand?”

When Xia ruofei was in Australia, he had already asked the finance department of paradise Corporation to transfer 200000 Yuan to Xu Yougang’s domestic bank account as an advance for travel expenses. As for the procedures, Xia ruofei could just make up for them when she returned to Sanshan.

It wasn’t a lot of money, but Xu Yougang and the others were originally employees of paradise Corporation. Their work in Australia was actually considered an assignment. Including Grandpa Tang He, they had to bear these people’s salaries according to a proportion. However, these were all recorded by the finance department and directly withdrawn from Paradise Farm’s account. They could settle the payment when it was time for dividends.

The hiring of security personnel was also part of the peach blossom company’s business, so Xia ruofei followed the principle of business. Through a pre – Loan, he asked the finance department to transfer the money to Xu Yougang.

“Alright!” Xu Yougang said. Thank you, brother Xia!”

“Also ...” Xia ruofei continued, “you comrades should get together when you meet. Besides, it’s easier to talk about many things after drinking, so you can’t save money in this area. Moreover, this is official business. You can’t pay for it yourself, so you should still use the money from the advance loan! You can keep the receipts and write them off when you come back!”

“I got it!” Xu Yougang said gratefully, “thank you for your concern, brother Xia!”

Xia ruofei smiled and waved his hand. “You don’t have to be so polite. Just go!”

Xu Yougang took his simple backpack and left the courtyard house. After a while, Xia ruofei also took his bag and got into the Toyota Elfa driven by Wu Qiang. They went to the Liu family’s residence to check on old master Liu.

At the same time, in order to avoid any complications, Xia ruofei also planned to settle the matters of the green cloud Island today.

Chapter 2637 As expected (1)

At the Liu family's residence.

Liu Qunfeng had been waiting in the courtyard. When Liu Kuan came back last night, Liu Qunfeng knew that under normal circumstances, Xia ruofei would come over today. After all, he had been away for three or four days. It was reasonable for Xia ruofei to come and check on old master Liu. Besides, the medicine left behind last time had been used up. If he didn't come back, the medicine would run out.

Liu Qunfeng was secretly looking forward to Xia ruofei's success. He hoped that Xia ruofei would be satisfied after seeing the island, and then he would choose this plan.

Compared to old master Liu, Liu Qunfeng hoped that Xia ruofei would choose Qingyun Island.

As the eldest son of the Liu family, he still had enough potential to continue to develop and find the last way out for the family in the ocean thousands of miles away. In his heart, he was somewhat disapproving. If it were not for old man Liu's insistence, he would not have agreed to the family to invest so much money in green cloud Island.

In Liu Qunfeng's opinion, this plan wouldn't cost him too much cash. Most importantly, it would protect his family's shares.

After Liu Kuan came back, he went directly to report to Grandpa Liu. Then, he stayed in Grandpa Liu's room for a long time before coming out. Grandpa Liu didn't take the initiative to call him, so he didn't want to disturb him.

As for Liu Kuan, he had always been directly responsible for elder Liu. Liu Qunfeng didn't ask Liu Kuan about it, so he didn't want to be embarrassed.

Therefore, Liu Qunfeng's heart was like a cat scratching at it. He was both excited and nervous.

When Xia ruofei's Toyota Elfa slowly drove into the courtyard, Liu Qunfeng subconsciously went up to him.

"Mr. Xia, you've had a long journey!" Liu Qunfeng said enthusiastically.

Xia ruofei smiled. "Chief Liu, you're being too serious. The scenery at Qingyun Island is beautiful. It's like I'm going on a vacation."

"It's at least 20000 kilometers to and fro!" Liu Qunfeng said, "it must have been tough on the plane!"

The moment Liu Qunfeng said that, he regretted it. Wasn't Qianqian reminding Xia ruofei that Qingyun Island was too far away? It was located deep in the South Pacific Ocean! Every time he went there, he had to fly for more than ten hours. If Xia ruofei felt that there was not much use for the green cloud Island because of his reminder and was tired from the long journey every time he went for a vacation, wouldn't he be shooting himself in the foot if he changed his mind?

Fortunately, Xia ruofei did not seem to have much of a reaction to this sentence. The smile on his face did not weaken either. He only said casually, "It's alright, I'm still young. Besides, it's quite convenient to fly now!"

Then, Xia ruofei said, "chief Liu, the old man should be awake by now, right?" I'll give him a checkup first!"

"Alright! Alright!" Liu Qunfeng quickly said, "by the way, Mr. Xia, the Chinese medicine you prepared last time has been used up ..."

"I prepared some last night, don't worry! The raw materials and medicinal herbs are still sufficient for the time being, so we won't run out of medicine." Xia ruofei said indifferently.

At this time, Wu Qiang had already gotten out of the car and brought out a thermal container from the trunk. It contained the Chinese medicine that Xia ruofei had asked Xia Qing to brew last night. Of course, it was also diluted with the petal solution of the spirit Heart Flower.

Xia ruofei took the thermal container and said to Wu Qiang, "Wait for me in the car!" He said.

"Yes!" Wu Qiang replied.

"Let's go!" Xia ruofei said to Liu Qunfeng, holding a thermal container.

Liu Qunfeng wanted to ask his men to help Xia ruofei carry the bag, but after thinking about it, he gave up on the idea. Even he did not have the intention to help Xia ruofei carry the bag. He was reminded of the time when Liu Lifang had ruined the medicine. Once bitten, twice shy. He was a little oversensitive now.

Xia ruofei walked up the stairs with great familiarity. He went to the room next door and personally took out the bags of Chinese medicine from the thermal box and put them into the refrigerator. Then, he said to Liu Qunfeng, "Chief Liu, please get someone to send the thermal container to my car and tell my driver to go back and wait for orders."

"Alright! Alright!" Liu Qunfeng quickly said.

Then, he beckoned for a big Man in Black and gave Xia ruofei's orders.

Then, Liu Qunfeng immediately sent people to guard the room, especially the refrigerator that contained the Chinese medicine.

Xia ruofei was already very familiar with this place and naturally did not need anyone to lead the way. He went straight out and walked to the door of the room next door. After knocking on the door gently, he pushed the door open and walked in.

Old man Liu was lying on his bed, watching the morning news on the TV. Although Youyou had retired many years ago, old man Liu still watched the news broadcast every night. He would also sometimes pay attention to the news that was broadcast at different time periods in the day.

Seeing Xia ruofei enter, old master Liu smiled and waved at Xia ruofei, saying, "Little Xia is here!"

"Mr. Liu, I'm here to bring you your medicine. I'll also help you check up." Xia ruofei walked to the head of the bed and asked casually, "how have you been these few days?"

"I feel fine," said old Liu. "I don't feel like I'm getting better every day like before, but at least my condition hasn't worsened. It's just that I've been feeling uneasy. I think ... You'd better give me a calming pill today!"

Xia ruofei chuckled, "I can't just say something I'm not sure of!" In short, you must believe me. I'll definitely do my best to treat you. "

Chapter 2638 Just as I expected (2)

After Xia ruofei finished speaking, he placed his finger on elder Liu's pulse and closed his eyes to examine him.

Old man Liu had wanted to change the topic to Qing Yun Island, but Xia ruofei did not give him the chance. After Xia ruofei started to take her pulse and check, it was not convenient for old man Liu to speak. He was also worried that he would disturb Xia ruofei and cause an oversight in the examination.

Therefore, old man Liu simply kept his mouth shut and looked at Xia ruofei, hoping to find some clues from his expression.

However, old master Liu was destined to be disappointed. Xia ruofei's expression was still very calm, and there was no change in her mind.

After a long time, Xia ruofei opened his eyes and said, "Elder Liu, I have good news and bad news, which one do you want to hear first?"

When old man Liu heard this, he couldn't help but smile bitterly. "Xiao Xia, your words remind me of the story about cow dung."

"What ... What does this have to do with cow dung?" Xia ruofei asked curiously.

"Do you want to hear it?" Old man Liu asked with a smile.

"I want to hear a little." Xia ruofei nodded.

"They said that the two of them went to play on the Prairie and lost their way. They were surrounded by vast grasslands and didn't know how to get out." Old man Liu continued, "one of them was injured and was resting at the same spot, while the other went to explore the nearby area. After he came back, he said something to his companion. It was like what you said just now. There was good news and bad news. He asked his companion which one he would like to hear first."

"I'm guessing his companions want to hear the bad news first?" Xia ruofei said with a smile.

"Yes, I am!" Old man Liu said, "the Pathfinder said," The bad news was that they were indeed lost. Now, they could only wait for help, because if they ran around randomly, they might go deeper into the grasslands. At that time, no one would respond to them. In addition, their food has been eaten up, and there's only grass and cow dung in the surroundings. They may have to rely on cow dung to survive."

Xia ruofei couldn't help but laugh. "We've already come to this point, is there still good news?"

"His companion asked the same question. Can you guess what the person who went to Scout the way said?" Old man Liu asked in high spirits.

"I can't guess ..." Xia ruofei shook his head decisively.

The main reason was that he felt that the story was ridiculous and that he didn't need to waste his brain cells. It was better to listen to the answer directly.

"The Pathfinders said," old man Liu said with a smile. The good news is ... There's enough cow dung!"

Xia ruofei couldn't help but laugh. He said, ""Elder Liu, that's a sad story. However, the news I'm going to tell you doesn't have that many twists and turns. I won't keep you in suspense and will just tell you directly!"

At this point, Xia ruofei paused and looked at elder Liu. ""Actually, the bad news is that after this period of treatment, your recovery isn't particularly obvious. The effect of this substitute formula doesn't seem to be very good."

Old man Liu nodded silently. He was already mentally prepared for this outcome, so he didn't feel too depressed. He asked directly, ""What's the good news?"

"The good news is that your body has not continued to deteriorate." Xia ruofei said, "this at least shows that the prescription I developed is at least right. Before it develops a drug resistance, it can at least maintain your current condition."

"That's good enough!" With a bitter smile, elder Liu said, "but ... I can't even get out of bed now. This kind of life is really torturous ... So ... Let's go back to what I just said ... I hope you can give me a bigger surprise this time."

Then, old man Liu stared into Xia ruofei's eyes, waiting for his answer.

Xia ruofei pondered for a while and said with a bitter smile, ""Mr. Liu, I've told chief Liu more than once. I'm very confident in the previous prescription. I believe that if we continue to use the prescription, there's a high chance of curing your illness. It's just that we don't have enough medicinal herbs now ... At that time, chief Liu also said that he would do his best to gather the required medicinal herbs. I wonder if there are any results?"

Old man Liu also smiled bitterly and said, ""It's a little embarrassing to say this. We've been searching for so long, but we couldn't even find a single herb, so ... We might have to trouble you to put in more effort ..."

Xia ruofei said helplessly, "I know ... Actually, I've been collecting those herbs through my own channels. The effect ... Is still a little bit!"

Hearing that, old man Liu was even more confident. He asked with a happy expression, ""How many did you find?"

Xia ruofei thought for a while and said, ""Maybe I'm still one or two away from gathering all of them! There's already some progress on these two herbs, I'm waiting for the news. "

Old man Liu thought to himself, "as expected ..."

He put on a happy expression and said, ""Little Xia, I'll still have to rely on you at the crucial moment!"

Then, old man Liu asked hesitantly, "These herbs must be very precious, right? If you want to collect so many at once, won't the funds ..."

Xia ruofei said indifferently, "I have enough cash. The other medicinal materials are too precious. I don't have a clear price. I obtained them through bartering."

"That's great!" Old master Liu said, "but ... We can't let you keep putting money in! Even if it's bartering, you'll still have to pay a precious treasure of roughly the same value, so ... Why don't you consider the treatment fee plan I proposed a few days ago? You have to choose one, or else I'll feel bad!"

Old man Liu heaved a sigh of relief in his heart after saying these words. The topic had finally been brought to this side.

Xia ruofei waved his hand and said, "I haven't found all the medicinal herbs yet!" Moreover, even if he found all the medicinal herbs and made the previous pill, it would only increase the possibility of healing, but it was not a hundred percent success rate! Why don't we wait until the treatment is successful?"

Old man Liu said in his heart, "If you can really treat it and then pay, why would you spend so much effort?"

He cursed in his heart, but his face was still full of smiles as he said, "That won't do! Even the hospital required the patient to pay in advance! Even if the final treatment was not effective, the treatment fee could not be refunded! So there was no such rule! You have to choose a payment plan for the treatment fee now! This way, we can be more at ease ..."

Seeing that old man Liu was so cooperative, Xia ruofei took the opportunity to put on an expression that said, "Then ... Alright! We'll do as you say!"

Old man Liu was overjoyed and quickly asked, "Xiao Xia, which plan do you want to use?"

At this point, even though old man Liu was a shrewd person, he still couldn't help but feel nervous.

Xia ruofei looked at old man Liu with a faint smile and asked, "Which plan do you want me to choose?"

Old man Liu laughed and said, "Since I've put forward three plans, I'm sure I've thought it through carefully and with the greatest sincerity. No matter which plan you choose, it's the same for me. Otherwise, I wouldn't have put forward these few plans."

Xia ruofei smiled and said, "then I'll thank you for your generosity!" To be honest, when I heard these three plans, I was a little dumbfounded too. It was as if a pie had fallen from the sky and hit me ..."

"Don't say that. In order to treat me, you've actually used up a lot of precious herbs. If you convert them into money, it's already an astronomical figure." Old man Liu said seriously, "besides, as you can see, many medicinal herbs are priceless treasures that can't be bought with money! So, we're the ones taking advantage of you!"

Xia ruofei smiled and said, "since you've said so, I won't keep you in suspense." To be honest, I'm not too short of money. I don't have such a big desire for money and power. However, after seeing green cloud Island this time, I feel that it's a very good place. The scenery is beautiful, the environment is pleasant,

and it gives me a feeling of a paradise. If it's possible, I hope that you can part with your beloved green cloud Island and give it to me!"

Chapter 2639 Full of sincerity (1)

After listening to Liu Kuan's report last night, old man Liu had a rough idea of what Xia ruofei was going to do. However, when Xia ruofei told him about her choice, he had a different feeling.

After weighing the pros and cons, old master Liu had made clear cloud Island his top priority and hoped that Xia ruofei would choose this option. However, when Xia ruofei made this choice, he still felt very reluctant.

After all, he had poured too much blood, sweat, and tears into the blue cloud Island.

These complicated emotions lingered in old man Liu's mind for a moment, but he quickly composed himself and nodded with a smile. "No problem! So ... You've decided to choose this plan? Green cloud Island and 500 million US dollars in cash. "

Xia ruofei waved his hand. "You don't need the money. You can just transfer the ownership of the island to me."

"Just the value of the green cloud Island is not worth 3 billion US dollars, much less 40% of the shares of our family group." Old man Liu said, "the value of the three proposals I've proposed are roughly the same."

"It doesn't matter. I only want the blue cloud Island." Xia ruofei smiled and said, "old man, I saved your family 500 million dollars. You should be happy!"

"But if that's the case, I'll feel even more apologetic!" Old man Liu said with a bitter smile. And ... I'm worried that old song will scold me for taking advantage of the younger generation! No! I really can't take advantage of this! Blue cloud Island and the 500 million US dollars are bundled together. If you choose this plan, you have to have both. Otherwise, you can just choose one of the other two!"

Xia ruofei didn't know whether to laugh or cry. There was still someone who was in a hurry to give away money, and it was 500 million US dollars ...

Elder song probably played a big part in this. After all, 500 million dollars was not a small amount for house Liu, but it was within their budget. They could take it out all at once, so there was no need for them to give him a hard time.

Since old master Liu had said so, Xia ruofei did not insist.

He had originally thought that he had already taken a huge advantage by taking the blue cloud Island. Moreover, he was not in need of money now, so he had saved a little for the Liu family. However, old man Liu was firm in his decision, so he could not push the money away anymore. Otherwise, it would easily arouse suspicion.

Hence, Xia ruofei revealed a helpless expression and said, "Alright! Then we'll do as you say!"

Old man Liu finally showed a satisfied smile and said, "That's the way!"

“Since it’s already decided, let’s do it as soon as possible!” Old man Liu said.

With that, old man Liu pressed the call bell on the bed. Soon, a burly Man in Black walked in and bowed slightly to old man Liu.

“Go and call Liu Kuan and Qunfeng over,” said old man Liu lightly.

“Yes!” The black – clothed man replied respectfully, then turned around and walked out of the room.

After a while, Liu Qunfeng and Liu Kuan arrived at old master Liu’s room. They saw Xia ruofei sitting by the bed and nodded at him.

Seeing this, Liu Qunfeng knew that the results were probably out. He couldn’t help but feel a little nervous.

I hope it’s not the worst result! Liu Qunfeng said to himself.

“QUN FENG, Kuan, Xiao Xia has just chosen the treatment fee plan. He wants the plan of adding cash to the blue cloud Island ...” Old man Liu said.

When Liu Qunfeng heard this, his tensed heart relaxed. At the same time, he looked at Xia ruofei gratefully. After all, to him, 40% of the shares was the best choice. Xia ruofei might have considered his request if he did not choose to take the shares.

Liu Kuan had accompanied Xia ruofei throughout the tour of the island, so he was not surprised by Xia ruofei’s decision.

“Qunfeng, immediately ask your uncle Chongli to transfer the cash. The 500 million US dollars must be paid to little Xia within three days,” old man Liu continued.

Then, old man Liu looked at Xia ruofei and said, “Little Xia, you can provide the account number to QUN FENG later! Any account in the world will do.”

Old master Liu knew that Xia ruofei probably had an overseas account to make it easier for him to use his funds.

Xia ruofei said, “Mr. Liu, there’s no hurry. 500 million US dollars is not a small amount. It’s not easy to get it all in three days.” I’m not in urgent need of money, so I can wait for a while, or I can pay in installments!”

“We can gather the funds in a short time,” elder Liu said with a smile. “Since you’ve chosen this plan, we also hope to fulfill the agreement as soon as possible.”

Xia ruofei smiled and did not say anything else. He understood the hidden meaning behind elder Liu’s words. He wanted the Liu family to fulfill their promise so enthusiastically. Naturally, he had to cure elder Liu as soon as possible. He could not use the excuse of not having enough medicinal herbs anymore.

“Alright!” Liu Qunfeng said. I will contact uncle Chongli immediately and ask him to raise the funds!”

Grandpa Liu nodded, then turned to Liu Kuan and said, “Kuan, I’ll leave the transfer of the blue cloud Island to you! I’ll have to trouble you to make another trip to the Ponaafford map.”

"Yes, master!" Liu Kuan said calmly.

Old man Liu explained to Xia ruofei, ""When we first got the permanent ownership of blue cloud Island, we had an agreement with the agate map. We can transfer this ownership, and the agate map will also recognize it, but we need to go to them to make a record, and you also need to be there to confirm it."

Chapter 2640 Full of sincerity (2)

"I'm fine with it!" Xia ruofei nodded and said, "I can make time anytime! Let's do this! There should be news about the last two herbs I've been looking for in the next two days. If the herbs are all gathered, I'll make a batch of Pills first, and then go to the agate map with uncle Liu. "

The Liu family had shown enough sincerity. Naturally, Xia ruofei could not delay the treatment with the excuse of insufficient medicinal materials.

Old man Liu revealed a look of joy. He nodded and said, ""Then I'll leave it to you! Tell Kuan to inform the agate map in advance and be ready to set off at any time. "

"Yes, master!" Liu Kuan still agreed very simply.

Old master Liu asked Xia ruofei kindly, ""Xiao Xia, our construction project on blue cloud Island has basically been completed. There are still a few projects in the plan that haven't started yet. What are your thoughts on the construction? If there is a need to continue the construction, we can also provide assistance. "

Xia ruofei thought for a while and said, ""As for the current construction project, just finish the finishing touches. As for the subsequent construction, I may have other considerations."

Old man Liu smiled and nodded. ""No problem! There's not much work left. I'll get them to retreat after they're done!"

The construction plan of cyan Cloud Island was formulated by old man Liu based on the position of the Liu family's last refuge. Xia ruofei did not have a large family to consider. After he took over cyan Cloud Island, he would definitely have his own considerations in the construction. This was very normal, so old man Liu was not surprised.

Xia ruofei smiled and said, "thank you!" I'll bear all the expenses incurred by the finishing touches. "

"There's no need for that. The rest is just some cleaning up. Some of the materials that should be purchased have already been purchased in advance, so it won't cost too much. It's too troublesome to calculate." Old man Liu laughed and said, "consider it a friendly gift from us!"

Since it was not a lot of money, Xia ruofei did not reject it too much. He just smiled and expressed his gratitude to old man Liu.

"If that's the case," old man Liu continued, "after the ownership transfer, we'll withdraw some of our people first. The rest of them will gradually come back after they've finished cleaning up the few construction projects on hand."

"Alright, we'll do as you've arranged." Xia ruofei nodded.

"In addition ..." Old man Liu continued, "the security work of our blue cloud Island is handed over to a mercenary organization. They have two relatively fixed teams, and they will take turns to be stationed on blue cloud Island. They are responsible for the defense and safety of the entire Island."

Old man Liu paused for a moment before he continued, "What do you plan to do with the guards? If you want to continue to hire these mercenaries, we can help you get in touch with them and sign a new contract. Of course, you can also form your own guard team."

Xia ruofei thought for a while and said, "In the short term, I'll still rely mainly on mercenaries. However, I should be building my own team of guards. After all, I'm not at ease leaving the safety of the entire Island to mercenaries."

"That's fine," old man Liu said with a smile. "We won't terminate the contract with that mercenary organization for the time being. Just let us know when you're done building your own guard team, and we'll end the contract with the mercenary organization."

Xia ruofei nodded and said, "that's good. After all, it's troublesome to sign a new contract." In this way, after I take over green cloud Island, I will bear the mercenary expenses incurred, and I will transfer the money to you at that time! Elder Liu, you can't reject this again! I won't insist if you don't accept the expenses for the completion of the project, but the cost of hiring a team of guards is not a small amount. I can't take your blue cloud Island and still want you to pay for the guards. This is unreasonable."

Old man Liu chuckled and nodded. "Alright, alright, alright! Then we'll do as you say! Kuan, do a good job with Xia when the time comes."

"Yes, master!" Liu Kuan said.

After making all the arrangements, old man Liu looked tired and said, "Then let's do this first! I'm going to rest for a while ..."

Hence, Xia ruofei, Liu Qunfeng, and Liu Kuan left elder Liu's room.

After leaving the house, Liu Kuan said goodbye to Xia ruofei and Liu Qunfeng and went to make arrangements for the matters on the green cloud Island.

Liu Qunfeng turned to Xia ruofei and said, "Mr. Xia, thank you!"

Xia ruofei was stunned for a moment, then he realized what Liu Qunfeng meant. He smiled and said, "You're too polite! I have my own reasons for choosing the green cloud Island. Moreover ... I really don't have much interest in the shares of your family group."

"No matter what, you don't have the option of choosing shares. It's of great importance to the internal stability of our family. Thank you very much!" Liu Qunfeng said sincerely.

He then said, "Mr. Xia, please give me your account number." The transfer to the green cloud Island may not be so fast, but we will transfer the cash to you within three days."

They had already discussed this, so Xia ruofei did not hold back. He sent his overseas bank account to Liu Qunfeng through text.

Xia ruofei stayed in the Liu family's residence for two days. Every day, he would routinely check on elder Liu and personally supervise the entire process of taking the medicine. The rest of the time, he would stay in the guest room that was arranged for him.

On the third day, the Liu family's 500 million dollars had been transferred to Xia ruofei's overseas bank account. His assets in that account had already exceeded two billion dollars.

Although it was just a string of numbers in his account, it still felt good to have a large sum of money in his account.

After Xia ruofei received the money, he went to look for old master Liu and said, "Elder Liu, I'm going out today."

Old man Liu's eyes flashed and he asked, "Is there any news about the two herbs?"

Xia ruofei smiled and nodded. "If nothing unexpected happens, I should be able to get all the medicinal ingredients."

"That's great!" Old man Liu was overjoyed. I've been in good condition these past two days, so there shouldn't be any problems with my body. "

Xia ruofei nodded and said, "okay!" If everything went well, he should be able to make a batch of pills tonight! You can change your dressing starting tomorrow. "

Xia ruofei had only brought three days 'worth of Chinese medicine this time. After drinking it today, it should have been enough to replenish his energy. If he had the pill from last time, it would be seamless.

"Good! Good! Good!" Old man Liu said repeatedly.

Xia ruofei had already informed Wu Qiang in advance. Very soon, Wu Qiang drove to the Liu family's residence.

Xia ruofei told Wu Qiang to take a taxi back while he drove away from the Liu family's residence.

Of course, Xia ruofei wasn't going to meet any friends.

Although the possibility of the Liu family following him was very low, Xia ruofei still did a few anti – tracking actions out of his habit of being cautious. He also used his mental strength to check continuously to make sure that no one was following him. Then, he drove the Toyota Elfa commercial car out of the city.

Xia ruofei found a remote place to stay for more than an hour before driving back to the city. When he passed by a Walmart, he went in to buy a huge plastic sorting box.

It was the kind of opaque tidying box size was quite large and almost took up the entire space in the trunk of Elfa.

Xia ruofei drove back to liuhai Lane courtyard house and went straight to his own house. He told Wu Qiang not to disturb him unless it was an emergency.

After setting up the alarm array, Xia ruofei walked into his bedroom and summoned the spirit map scroll from his palm. He then entered the space.
