Chapter 2651 Using the chess piece (1)

“Yes! Brother Xia.” Wu Qiang said, “also ... I heard from Gu Yong that these two people look a little like scammers. They’re asking for billions of US dollars ... He said that the middle – aged man looks fine and has quite a style. There’s also an old man in a long shirt beside him who looks weird ... In short, you have to be careful.”

“I know what I’m doing,” Xia ruofei said, “I’m not a child anymore. Do you think we can just give up billions of dollars just because they say so? You can send me your business card.”

“Yes!” Wu Qiang said.

After Xia ruofei hung up the phone, he received a picture from Wu Qiang on WeChat.

Xia ruofei took out his phone and looked at it carefully. The content of the business card was very simple. It only had a name, title, contact number, and email.

This man named Wang Boshan was the Chairman and CEO of stars Corporation.

Xia ruofei looked at the stars corporation’s LOGO on the top right corner of the business card. The LOGO looked pretty. It was a planet with a blue halo and a ring of shining stars around it. The design was not particularly creative, but it gave people a different feeling, as if the planet had life.

Xia ruofei couldn’t help but take a few more looks at it. It was a great LOGO design, but he had no impression of it.

Then why did he have a faint sense of familiarity with stars Corporation? Xia ruofei could not help but frown.

Perhaps they were really just two liars, then there was no point in thinking so much.

However, there was another possibility that the other party had taken a fancy to Paradise Island.

If that was the case, it would attract a lot of attention.

When Peach Blossom Island was still called green cloud Island, very few people knew that the island belonged to the Liu family. Even fewer people knew that it had been transferred to Xia ruofei. The fact that the Liu family could find Xia ruofei with such accuracy meant that they were not simple.

More importantly, under normal circumstances, even if someone knew that Paradise Island now belonged to Xia ruofei, they would not be interested in Paradise Island and rush to the capital to negotiate with him.

After all, this was a deal worth billions of dollars. To throw so much money on an island in the South Pacific Ocean? Unless his brain was damaged.

Even Liu Qunfeng, a member of the Liu family, secretly hoped that Xia ruofei would choose Paradise Island instead of cash or shares. In other words, to him, cash and shares were obviously more important than Paradise Island.

It clearly didn't make sense, but it still happened. There must be a problem.

There was only one possibility, and that was that the other party had discovered the true value of the Paradise Island.

Thinking of this, Xia ruofei's expression turned serious. Only people from the cultivation world could see the value of the Paradise Island.

Could it be that someone in the cultivation world had set their eyes on the Peach Blossom Island?

Of course, all of this was based on the assumption that the other party was aiming for peach source Island. Hence, Xia ruofei remained calm even though he was not sure of anything.

He took a deep breath and quickly sorted out his thoughts. The most important thing now was to figure out the other party's background.

He didn't plan to call Wang Boshan back directly. He didn't want to have direct contact with Wang Boshan before the situation was clear.

Xia ruofei looked at the name card again. The words "stars Corporation" still felt familiar.

He remembered what Liu chengfeng had told him. In order to obtain resources, the cultivation world would hire agents in the secular world. Some would even send true disciples to the secular world to take charge of Affairs.

Could it be that stars Corporation was also a company set up by a cultivation sect in the secular world? Xia ruofei's guess was getting closer to the truth.

There was indeed such a possibility. Liu chengfeng had briefly explained the power of some cultivation sects in the secular world, but it was a brief introduction. After all, Liu chengfeng himself did not know much.

Maybe stars Corporation was mentioned? Xia ruofei said in his heart.

After some analysis, Xia ruofei finally had an idea.

He sent a message to Wu Qiang on WeChat, telling him to ask Gu Yong to keep an eye out and see if Wang Boshan would continue to come over or guard outside. If he saw Wang Boshan, he would tell him that boss Xia would not be coming to Beijing in the near future.

At the same time, considering that Wang Boshan might be a cultivator, Xia ruofei specifically instructed Wu Qiang to pay attention to the safety of the courtyard house. In addition, if the other party really barged in, he was not to put up any unnecessary resistance.

Wu Qiang found it hard to understand. However, he had always carried out Xia ruofei's orders without any hesitation. Even if he did not understand, he would still obey.

After sending the WeChat message, the plane began to descend and was about to land.

Xia ruofei kept his phone and leaned back on the soft seat. He took a deep breath and closed his eyes.

About ten minutes later, the Taoyuan landed at Jinling's Lukou International Airport.

After the plane landed, his cell phone had signal.

Xia ruofei was not in a hurry to get off the plane. Instead, he used his phone to send a text message to a number.

The content of the text message was very ordinary. It looked no different from any other spam message, just a recommendation of the stock code.

The message was naturally for Liu chengfeng.

The reason why he didn't contact Liu chengfeng directly was to prevent Liu chengfeng from not being able to answer the phone or even read the message. He didn't want the content of the message to expose Liu chengfeng.

Chapter 2652 Using the chess pieces (2)

The content of the message was also what he had agreed on with Liu chengfeng.

There was a hidden meaning in the stock code. Liu chengfeng could tell at a glance that the set of stock code that Xia ruofei had chosen today meant that it was relatively urgent. After he received the text message, he would call Xia ruofei as soon as possible to ensure his safety.

After sending the text, Xia ruofei carried his backpack and got off the plane.

Liu An led the flight crew to stay in Jinling. The plane was parked at Lukou airport for necessary maintenance, and the crew was staying in a nearby hotel.

Xia ruofei's phone rang just as he left the airport's restricted area.

Xia ruofei took it out and glanced at the number. He immediately picked up the call as he walked out. "Chengfeng, is it convenient to talk now?"

"Master, I'm doing something near the sect." "What can I do for you?" Liu chengfeng asked respectfully.

Xia ruofei had already walked out of the airport. He walked to a place with fewer people and asked in a low voice, "I need to confirm something with you. Do you know stars Corporation? Is this company established by a cultivation sect in the secular world?"

"Stars Corporation?" Liu chengfeng was slightly taken aback, but he immediately replied, "master, the star Seizer sect's company in the secular world is called stars Corporation. If they don't have the same name ..."

Xia ruofei's heart sank and he said, "It shouldn't be the same name ... Star Seizer sect ... Is the person in charge of stars Corporation called Wang Boshan?"

"Master, I really don't know much about this." "I've only heard about the star Seizer sect's arrangements in the mortal world," Liu chengfeng said, somewhat ashamed.

Liu chengfeng immediately added, "Master, I'll go get some information immediately!"

Xia ruofei said, "no need!" Your primary task is to protect your own safety. If you deliberately inquire about information, it will easily make people feel that something is wrong! Let me emphasize once

more, you are not to deliberately inquire about any information in the sect, and it is the same normally!”

Liu chengfeng could not help but feel touched. Under the effect of the soul seal, his loyalty was already very high. Furthermore, Xia ruofei had never treated him as a chess piece that could be sacrificed at will and had even helped him improve his cultivation. This made him even more loyal to the Wufu soul seal. It could only control people and would not make them lose their minds. Their basic judgment was still the same as normal people.

“I understand, master!” Liu chengfeng was touched. “Don’t worry, I’ll protect myself!”

Liu chengfeng continued, “however, the sect has a collection of information about the other sects. It’s very safe for me to read this information ... This time, because my cultivation has improved, the sect has paid more attention to me. I’ve also started to take charge of some Affairs. I can come into contact with this information often during my work. It won’t raise any suspicion.”

It turned out that the development of technology in the secular world had also brought some changes to the sect. For example, in the fallen leaves sect where Liu chengfeng was, many people used mobile phones, and the sect also bought some computers. Although they could not connect to the internet, they could be used to store some information. Not being able to connect to the internet was just right to ensure the security of the information.

Of course, it was impossible to store cultivation techniques in a computer. In fact, better cultivation techniques could not be converted into electronic documents. They could only be stored in Jade storage media.

The fallen leaves sect’s computers mainly stored the situation of the cultivation world, information about the major sects, and some spiritual medicine illustrations.

Liu chengfeng had broken through one level this time, and was considered one of the higher leveled disciples in this generation of the falling leaves sect. He had also spent less time to reach the eighth Qi layer from the seventh Qi layer. The elders of the sect all thought that Liu chengfeng’s talent was a late bloomer, and now it had finally burst out. Therefore, the sect paid more attention to him and gave him more power.

The elders of the falling leaves sect naturally didn’t know that Liu chengfeng had spent more than ten days in the spirit map’s space where time flowed thirty times faster than the original level. The density of spirit Qi in the environment was far greater than even the core cultivation grounds of the falling leaves sect. After staying in such an environment for more than a year, how could he not have broken through?

Liu chengfeng was now in charge of a lot of basic work in the fallen leaves sect, including the management of the computer room. Liu chengfeng had more contact with the secular world. He knew how to use mobile phones and computers. The work in the computer room could be said to be important, since the computer had a lot of important information. It was also true that it was not important, after all, it was the same logic as the data room in the secular world. Liu chengfeng’s position was simply a Data Manager, but he could manage the computer room in the sect. It was also a symbol of status.

Because of this, Liu chengfeng could access the information openly. The computer also needed to be maintained, and the information in the computer needed to be sorted and sorted out. The information that the sect disciples found out needed to be entered and supplemented in time. These were all Liu chengfeng's duties.

After hearing Liu chengfeng's explanation, Xia ruofei was relieved. At the same time, he felt a little surprised. It was as if the heavens were helping him. Liu chengfeng was in charge of this job, so naturally, he could get in touch with more things about the cultivation world and collect more information.

Xia ruofei said, "that's fine. Help me understand the star Seizer sect's situation without arousing suspicion. Also, help me understand the situation with the stars Corporation." Then find a chance to go out and send it to me by email. Is that okay?"

Xia ruofei had heard from Liu chengfeng that there was a small town near the fallen leaves sect's base. Sometimes, the young disciples of the sect would take the opportunity to go to the small town's internet cafe to surf the internet.

The current cultivation world was not isolated from the world as many people thought. The development of science and Technology in modern society was also affecting them little by little.

"No problem!" Liu chengfeng answered without hesitation, "master, it's very convenient for me to go out now!"

"That's good. I'll be waiting for your news." Xia ruofei said, "by the way, since you're in charge of the computer room, I hope that you can collect and sort out all kinds of information about the cultivation world under safe circumstances. Also, under the premise of ensuring safety, you can pass me this information."

Xia ruofei had never stopped trying to understand the situation of the cultivation world on earth. Now, Liu chengfeng, the chess piece he had placed in the falling leaves sect, was starting to play its role. Liu chengfeng could easily access all kinds of information collected by the falling leaves sect. This was simply a heaven – sent opportunity!

After all, the fallen leaves sect was the strength of the entire sect and had always occupied an extraordinary position in the cultivation world. Their ability to collect information in the cultivation world was something that Xia ruofei could not compare to.

Liu chengfeng immediately replied, "understood!" Master, I've been doing this all along, but there's a lot of information and I can't stay in the computer room all day, so I can only use the limited time to organize it intermittently. But don't worry, I'll finish this job as soon as possible!"

"You've done well!" Xia ruofei said, "first of all, you have to ensure your own safety. I have emphasized this many times. I believe you know that I don't want to sacrifice you as a dispensable chess piece. As long as you work hard with me, your future achievements will not be limited to the Qi refining stage!"

"Thank you, master!" "I'll definitely work hard!" Liu chengfeng said excitedly.

"Mm! Be careful." Xia ruofei said calmly, "I'll wait for your good news."

After Xia ruofei hung up the phone, he looked up at the sky, and a dark look flashed across his eyes.

If the star Seizer sect really had set their eyes on the Peach Blossom Island, then the situation would truly be quite bad. However, the situation was still unclear. Xia ruofei could not make any judgment based on his guess.

All he could do now was wait patiently.

Xia ruofei would not act rashly before he received the information from Liu chengfeng.

Only by knowing yourself and your enemy can you win a hundred battles.

Chapter 2653 The old army (1)

In a mountainous area suburbs Jinling.

A yellow taxi stopped in front of a remote military camp and stopped in front of a striking yellow stop line.

Xia ruofei scanned the QR code to pay the fare and got out of the car.

He looked up at the familiar military camp with a hint of nostalgia in his eyes. He was too familiar with this place. It was no exaggeration to say that he could find any place in the military camp with his eyes closed.

This was the base of Xia ruofei's military service. Many people would not have thought that the internationally famous lone wolf assault team would be stationed in such an unremarkable mountain area.

Of course, the lone wolf assault team was a special case. Most of the troops were stationed in this camp all year round. The assault team itself was often out for training or to carry out missions. They might only stay in this camp for about one – third of the time in a year.

Xia ruofei looked away from the red 81 military emblem on the door and walked forward.

The Sentry at the entrance of the campsite had noticed that Xia ruofei's campsite was very remote. Other than the military vehicles of the Army, there were very few other vehicles. The moment the rental car entered the Sentry's line of sight, he had noticed it immediately.

When Xia ruofei approached the second line of defense, the Sentry immediately raised his hand to block him. He said seriously, "Comrade! Please stop!"

Xia ruofei smiled. "Class monitor, I'm here to look for someone. Can you please help me make a call?"

Although this Sentry was only a first – Class soldier who made two turns, when he met soldiers he did not know in the Army, he would usually address them as squad leader. As a veteran who had served for many years, Xia ruofei naturally knew this unwritten rule.

The Guard's face had a trace of childishness. He sized Xia ruofei up with a vigilant look and gradually revealed a shocked expression. His originally righteous face suddenly became stammering as he said, "You ... You are ... You are class monitor Xia?"

There was shock in his eyes and uncertainty in his tone. It was obvious that he found it hard to believe that Xia ruofei had suddenly appeared in front of him.

The Sentinel was only a two – year soldier. Xia ruofei naturally could not take him under his wing.

However, the management of the troops was very humane. Although the control of smartphones was still relatively strict, every weekend and holiday, the soldiers could still take back the phones that were managed by the central management. They could only use them for a limited time.

With Xia ruofei's current popularity on the internet and the fact that he had just retired from this military camp, almost all the soldiers here regarded him as their idol. There were so many pictures and videos of Xia ruofei on the internet. How could the Sentry not recognize her after observing her at such a close distance?

Moreover, Xia ruofei's photo was still hanging in the lone wolf assault team's honor room. It was taken when he was called back to perform a second – Class mission.

The first lesson for new soldiers was to visit the Commando unit's honor room. It was the same for these non – combat troops in charge of the camp's security.

Therefore, the soldiers here were all familiar with Xia ruofei's deeds. After all, those heroes were too far away from them. But Xia ruofei was different. He had become a popular star. Whether it was the internal information that he had been summoned back to carry out the 615 mission, or the stories that had circulated online, including his forced surrender, he had long left an indelible impression on these new soldiers who were mainly born after the 90s.

Xia ruofei was slightly stunned. He nodded and said, ""I'm Xia ruofei. I didn't expect you to know me."

"Class monitor Xia, you're our idol!" The Sentinel looked excited and asked, "are you here to find the wolf King?"

Wolf King Guo Zhan was the captain of the lone wolf assault team. In this military camp, he was the highest ranking military officer. These assigned security troops were also under his command.

However, due to the special nature of the lone wolf assault team, the combat unit and the security team were strictly distinguished. These security teams were actually only responsible for daily security, including food security, vehicle security, and guard duty. During the training period, these security teams would not go with the team.

In fact, the lone wolf assault team was a small but elite special combat force. Most of their missions were to penetrate the enemy's rear and venture into the dragon's pool and Tiger's Den alone. Therefore, they were all carrying various supplies alone, and there was no special security team accompanying them.

Xia ruofei nodded and said, "can you please use the military line to pass the message?"

"Alright! Alright!" The Sentry quickly said, "squad leader Xia, please wait a moment!"

After that, the Sentinel pressed on the walkie – talkie hanging on his chest and said with his head lowered, ""Class monitor Gao! Please come out for a moment, there's a situation at the entrance!"

There was some noise from the walkie – talkie, and then a voice came, ""Immediately!"

Soon, the door of the guardhouse opposite the Sentry post opened, and a fully armed warrior wearing the same camouflage uniform walked out quickly.

The officer on duty in the guardroom had actually noticed the situation here long ago, but the sentries were dealing with it, so he just kept an eye on it and didn't immediately come over to understand the situation.

When the Sentinel called him through the walkie – talkie, he quickly got up, pushed the door open, and went out to check on the officer on duty. He was worried that the Sentinel would have a conflict with the people, or even an attack on the Sentinel.

Chapter 2654 The old army (2)

The officer on duty jogged a few steps and arrived at the Sentry post.

When he saw Xia ruofei, he was stunned. Then, he gave a warm smile and called out, ""Class monitor Xia! Why are you here?"

Xia ruofei took a closer look and a smile appeared on his face. He looked at the military rank on the officer's shoulder and teased, ""It's class monitor Gao! You're already a Sergeant, not bad!"

A Sergeant was actually equivalent to a second class Sergeant in the past. Under normal circumstances, one would only be awarded this rank in their fifth year of service.

The sergeant on duty, Gao Yang, quickly waved his hand and said, ""Class monitor Xia, you can just call me Xiao Gao! How would I dare to call myself the class monitor in front of you!"

When Gao Yang had just joined the Army, Xia ruofei had been the leader of the new recruits. At that time, Xia ruofei had already been selected as a member of the lone wolf assault team. However, he had suffered a little injury during training and needed to rest for a while. He could not continue with high – intensity military training. The company commander of the newly formed recruit company had asked Guo Zhan for help, saying that they were seriously lacking in the backbone of their troops and hoped to transfer a leader from the assault team to help.

Guo Zhan naturally chose Xia ruofei, who was temporarily unable to train normally, to be the new recruit's squad leader.

Just like that, Xia ruofei picked up his backpack and went to the recruit company.

Gao Yang's group of soldiers were actually the only batch of new recruits that Xia ruofei had led after he was transferred to the lone wolf assault team.

It could be said that Gao Yang respected and feared Xia ruofei. Even now, he could not help but subconsciously stand straight when he saw Xia ruofei.

Xia ruofei patted Gao Yang's shoulder and said, ""Who dares to say you're not the class monitor? I think you're doing it well now! You're no longer the little Gao who loved to cry in the recruit company!"

Gao Yang didn't know whether to laugh or cry. He whispered, "Squad leader Xia, save me some face. There are new recruits here!"

"Oh ... Yes, yes, yes!" Xia ruofei smiled and said, "I shouldn't have said that you were crying ..."

The Sentry at the Sentry post had a hard time holding back. He gently bit his lower lip, raised his head, puffed out his chest, and stared ahead, trying hard not to laugh out loud.

"Class monitor Xia, you're here to see the wolf King, right?" Gao Yang quickly changed the topic.

"Yup! Hurry up and help me call the wolf King!" Xia ruofei said.

"What's the point of reporting your arrival! Let's just go in directly!" Gao Yang said casually.

"That won't do. I'm just an ordinary person now!" Xia ruofei smiled and said, "let's follow the rules!"

"Alright then!" Gao Yang said, "please wait a moment, class monitor Xia. I'll call Wolf King."

Xia ruofei laughed and said, "looks like I'm in luck!" Every one of them is accurate!"

The lone wolf assault team would often be sent to the deep mountains and forests for field training. It was common for them to not return to camp for ten days to half a month. Xia ruofei was indeed very lucky to be able to find Guo Zhan the moment he arrived.

Gao Yang revealed a bitter smile and said, "You're quite lucky. If you had come a few days later, I'm afraid you wouldn't have found them ..."

Xia ruofei thought that Gao Yang was referring to the fact that the Army was going to pull him out for training again. This was a common occurrence during Xia ruofei's service period, so he was not very surprised. He just smiled and said, "Hurry up and help me make the call!"

"Yes!" Gao Yang quickly ran to the guard room and used the military line phone there to call Guo Zhan's office and report to him that Xia ruofei had suddenly arrived.

Guo Zhan immediately ordered Gao Yang to let them pass.

Xia ruofei waited at the door for about a minute or two before Gao Yang jogged over and said, "Squad leader Xia, the wolf King said to let us through immediately! Let me bring you in!"

Xia ruofei did not know whether to laugh or cry, "which part of this place am I not familiar with?" Just tell me where the wolf King is now! I can find it myself. "

"No, that's a task assigned by Wolf King himself. I must complete it to the letter!" Gao Yang said, then reached out his hand and made a gesture of invitation. "Class monitor Xia, please!"

Xia ruofei thought about it and did not insist. After all, he was a local citizen now and the lone wolf assault team had a very high level of security. Naturally, they could not let anyone in. According to the rules, this kind of visit had to be held in the reception room next to the guardroom. However, Xia ruofei's identity was a little special, so there was no need to guard against him like this. However, when walking in the camp, he had to be accompanied by someone. This was also clearly written in the rules.

Xia ruofei and Gao Yang walked side by side into the camp. Gao Yang said as they walked, ""Class monitor Xia, Wolf King is in the general office building. He asked me to take you there."

"Xiao Gao, I'll have to trouble you to come with me!" Xia ruofei said with a smile.

The two of them had not walked far when Xia ruofei saw a few bright red banners hanging on the tree beside the road. The words on the banners were white and the content of each banner was different.

Xia ruofei took a glance and his eyes widened in disbelief.

The slogans on the banners were all similar in content. Some of them were 'a thousand – mile defense shift' and 'it's time to test our loyalty!' "The standard of combat power will not be reduced! The style of a soldier is still the same! Your fighting spirit hasn't decreased!"

Xia ruofei stopped in his tracks. He pointed at the banners and asked, ""Xiao Gao, what's going on? The troops are moving?"

"You can ask the wolf King about the details!" Gao Yang nodded. You came here a few days earlier. If you had come a few days later, this camp would have been set up by new troops. "

"Why so sudden ..." Xia ruofei mumbled.

The entrance wasn't too far from the general office building, so it didn't take long for the two of them to reach it.

Gao Yang stopped and said, "squad leader Xia, Wolf King's office hasn't changed. It's still on the fifth floor." I can't be away from the gate guard for too long, so I won't be able to send you up. "

"Alright! You've worked hard!" Xia ruofei patted Gao Yang's shoulder and said.

He walked into the comprehensive office building. The building had a total of five floors, so there was no elevator. He climbed up the stairs briskly and soon arrived on the fifth floor.

Xia ruofei was very familiar with the place. He turned right as soon as he got out of the staircase and walked to the end of the corridor. He stopped in front of the last office, knocked on the door, and called out, ""Report!"

There was no sound from the room, but the office door suddenly opened. Guo Zhan stood at the door and sized Xia ruofei up. Then, he grinned and said, ""Not bad! Not bad! Looking at his body, he shouldn't have lost his Kung Fu!"

Xia ruofei also grinned.

Then, the two of them each took a step forward and gave each other a big hug.

"Come in!" Guo Zhan let go of Xia ruofei, turned around, and walked into the office."It's a bit messy in the room. Find a place to sit!"

Xia ruofei looked around Guo Zhan's office. It was not as clean and tidy as before. A few cardboard boxes were placed on the desk. Some documents and personal belongings had not been put into the boxes in time and were scattered on the desk, looking a little messy.

Xia ruofei took another look at Guo Zhan and realized that he had not shaved his beard. His hair was a little long and his eyes were bloodshot. It was obvious that he was not in a good mental state recently.

"Wolf King, it seems like ... I came at the wrong time?" Xia ruofei said.

Guo Zhan grinned and gave Xia ruofei a heavy punch on the shoulder. "What nonsense are you saying! This is your home. You're welcome to come here anytime ..."

Speaking of this, Guo Zhan couldn't help but reveal a sad expression and said, "But ... I'm afraid ..."

"I saw it in the camp just now. The troops ... Are they moving?" Xia ruofei asked and then immediately added, "if it's not convenient to tell you, then forget it!"

Guo Zhan waved his hand and said, "there's nothing inconvenient about it. The order to move the defense has been issued. This time, it's not just moving the defense. The strength composition and structure of the entire Army will have to undergo a major adjustment. Our lone wolf is no exception ..."

Chapter 2655 I'll take as much as you have (1)

Xia ruofei's eyes narrowed and asked, "The most awesome military reform in history?"

Although Xia ruofei had left the Army for a few years, he was still very concerned about the news about the Army. He knew that the Huaxia Army was undergoing a major change from top to bottom. This change was passed down from the highest authority and affected every soldier.

In this wave of reform, some troops had been reorganized and the personnel had been split up. Some of the troops were moved thousands of miles away. Some of the troops were collectively converted to local establishments.

"The news of the reform has been spreading for a long time, and everyone is ready for it. This time, it's just a matter of boots landing on the ground." Guo Zhan nodded slightly.

Then, Guo Zhan said, "this time, our station has been changed to a province in the southern part of our country. We've been transferred to the Marine Corps. We will move to the new station through the railway. Then, we will change our clothes together."

Guo Zhan did not go into detail. After all, this involved military secrets. Although he had absolute trust in Xia ruofei, he still had to abide by the confidentiality rules.

Xia ruofei laughed and said, "you've changed from the Big Brother of the Army to the Navy!" This change is a bit big!"

"The Navy is a rising military branch. The state has been heavily biased toward it, be it in terms of funding or equipment." Guo Zhan said, "what's the saying again? Our future lies in the distant sea!"

"That's true!" Xia ruofei agreed with Guo Zhan. "That's a good thing! Why do I feel like you're a little angry?"

Guo Zhan sighed slightly and said, "looking at the big picture and the long term, this is definitely a good thing!" A more reasonable military structure, a more scientific system, and a smoother command

system would obviously improve the combat ability. However, I'm not sure if it's specific to each individual. Reform is always accompanied by pain!"

Guo Zhan waved his hand and took out a bottle of mineral water from a pile of books. He threw it to Xia ruofei and said, "Let's not talk about this! Tell me why you're here! You definitely wouldn't come to this ravine to find me for no reason!"

Xia ruofei grinned as he opened the bottle of water and took a big gulp. Then, he wiped his mouth and said, "Old leader, I'm here to ask for your help!"

"Oh? What can I do to help you?" Guo Zhan laughed and said, "you're already a billionaire. If we don't have anything to eat in the future, we'll come to you!"

"No problem!" Xia ruofei immediately replied, "that's what I wanted to talk about!"

Guo Zhan couldn't help but raise his eyebrows and said, "What do you mean? You want to give us money? Blood Wolf, I'm telling you, don't make me make a mistake!"

Xia ruofei didn't know whether to laugh or cry. I would be crazy to give you money! I'm saying, can you give me some people?"

Then, Xia ruofei immediately explained, "I have an overseas project and I need high – end talents in security, but it's not easy to find people with real skills in this area. I need a lot of people, so I thought of the old army and you, my old leader. I'm sure you've contacted all the retired soldiers of lone wolf over the years. Help me recommend a few more! Don't worry, we're all brothers in the same trench. I won't treat them badly in terms of treatment!"

The lone wolf assault team was a bit special. The team was relatively stable, and most of them were non – commissioned officers and officers. The volunteers were as rare as giant pandas. It could be said that there were very few people who could meet the selection standards of the lone wolf assault team in just two years.

Furthermore, the number of retired lone wolf commando unit members and the number of new recruits each year were much fewer than that of ordinary troops. This was the elite of the elite, and their stability was relatively high. Most of them served for a long time.

But even so, there were still people who retired from active service every year. There were factors such as age, physical condition, and personal reasons. In short, there would be more or less a few.

The saying "an iron camp with flowing soldiers" was also applicable to the lone wolf assault team.

Guo Zhan had led this unit for many years, from an ordinary member to a company leader, chief of staff, and finally to the military chief of this unit. He was the most familiar with lone Wolf's situation. Most of the retired soldiers, like Xia ruofei, still kept in touch with Guo Zhan.

Xia ruofei wanted to build an elite security force for Peach Garden Island. It was not enough to rely on the old comrades that Xu Yougang had found. The number of people was far from enough, so Xia ruofei's first thought was the lone wolf assault team and Wolf King Guo Zhan.

Hearing this, Guo Zhan's eyes narrowed and he teased, "You're not thinking of building an army, are you? This is a very sensitive matter!"

Which of lone Wolf's retired soldiers hadn't gone through the tempering of war and devil training day after day? Their individual quality was terrifyingly strong. If such a force was controlled by people with ulterior motives and used to endanger society, the destructive power would be quite amazing.

Of course, Guo Zhan's words were mostly a joke. He also believed that Xia ruofei would not have any ulterior motives.

Xia ruofei smiled and said, "don't worry!" I don't intend to put this team in the country. Let me put it this way! I bought an Island in the South Pacific Ocean, and it's not very peaceful there, so I have to arrange an elite guard on the island. They will stay on the island most of the time and will hardly have any contact with the country!"

Chapter 2656 I'll take as much as I have (2)

"You bought an Island ..." Guo Zhan couldn't help but be speechless for a while. Then he said, "you're really rich!"

"Wolf King, be more forthright!" Xia ruofei said, "are you going to help me or not?"

Guo Zhan touched the stubble on his chin and his eyes flashed. He then said with a smile, "It's rare for you to ask me, so how can I not help you? Just tell me how many people you need!"

"I'll take as many as I can!" Xia ruofei smiled and said, "our lone Wolf's soldiers are the best of the best. I can't have too many of such talents!"

Xia ruofei himself was from this unit. He knew the soldiers in this unit too well. It was no exaggeration to say that if these people were to participate in the International Scout competition, they would definitely be able to beat up the contestants from other countries. Also, if the small mercenary organizations were to encounter the lone wolf assault team, they would definitely be beaten to a pulp.

Such elites, naturally, they would take as many as they could, only a fool would refuse!

"Rich and overbearing ... You're exuding the aura of a local tyrant from head to toe!" Guo Zhan couldn't help but point at Xia ruofei and said, "sure! I'll remember this. I'll try my best to contact them for you later. I'll also help you with this! However, I'll definitely be busy for the next few days. I'll probably only be free after the defense is in place. "

"No problem!" Xia ruofei said, "it's not that urgent, but you have to remember it. Don't forget about it!"

"I'm not that old to the point of forgetfulness!" Guo Zhan said as he glanced at Xia ruofei.

Then, Guo Zhan suddenly asked, "sanguine Wolf, you want all those retired sergeants, then ... Do you want the officers?"

Xia ruofei couldn't help but be stunned. He subconsciously asked, "Officer? Why would the officer be here?"

The officers of the lone wolf assault team were more stable than the soldiers. Even if they left the Army, they would be transferred to another job. The country would arrange a job for them. At the very least, they would be employed by a career or enterprise. Many of them could work as civil servants. The military reform period for officers who had reached 20 years was reduced to 18 years. They could still

choose to find their own jobs, which meant that they did not need the country to arrange a job for them. Instead, they could find a job on their own, and the country would give them a monthly pension.

It could be said that the treatment was very generous.

Because the combat attributes of the lone wolf commando team were very strong, even officers would generally transfer to other troops if their physical conditions were not suitable for the job after they reached a certain age. It was very rare to meet the requirements to choose a job during the working period of the Commando team.

In other words, most of the retired officers of the lone wolf commando unit were the kind of people who were assigned to work by the country. Why would they work for Xia ruofei?

Even if there were, they should be in the minority! Why did Guo Zhan specifically ask this question? Xia ruofei was also a little confused.

Guo Zhan smiled bitterly and said, "after the military reform, we were assigned to the Marine Corps, and the number of authorized personnel has been reduced a lot. We may become an assault Battalion under a certain Army Brigade ..."

"Ah?" Xia ruofei couldn't help but cry out, "downgrade to Battalion? Then ... Then you ..."

Originally, the lone wolf assault team was a regimental establishment. Guo Zhan, the military chief, was a Colonel. If he was transferred to the Naval Brigade and downgraded to an assault Battalion, it meant that the number of authorized personnel would be reduced. In addition, Guo Zhan was a Colonel. How could he be a battalion commander?

Guo Zhan heard this and said with a worried expression, "The organization made me the Chief of Staff of the land Brigade and the commander of this assault Battalion."

Only then did Xia ruofei relax a little. The Chief of Staff of the Kongtong Brigade was also a Regiment commander. Although he was no longer the military chief, being transferred to this leading position that played an important role in the military work of the entire Brigade was considered an important position for Guo Zhan.

Guo Zhan continued, "my position as battalion commander is temporary. The main thing is that after lone wolf is transferred over, there needs to be someone who can hold the team back ... Because of the established positions, some comrades will have to leave their leadership positions, and many comrades will be separated or even arranged to change jobs."

Xia ruofei immediately understood that the military reform this time was to first determine the establishment and then arrange the personnel according to the establishment. The lone wolf assault team had become an assault Battalion, and there were fewer positions from top to bottom. There would definitely be some officers and soldiers who could not be incorporated.

For the time being, these people could still continue to work in the case of overstaffed. However, because they could not be enlisted this time, the only options waiting for them were to be transferred to other troops or transfer to another profession on the spot. The newly implemented civilian staff system was mainly targeted at colleges, hospitals, and some troops with concentrated skills. There were very few civilian positions in a pure combat force like the Marine Corps.

Xia ruofei thought for a while and couldn't help but say, ""Wolf King, even if some of lone Wolf's officers can't join us this time, they can still choose to be separated! Even if they were transferred to another job, it would still be a formal establishment, and there would be no problem for them to be stable for the rest of their lives. Why would they choose to work for me? It's impossible!"

"Our officers have always been working in the field of combat. Many of them have transferred to other places and don't have a suitable position at all. For example, a sniper can shoot accurately from a thousand meters away and clear targets when he was still a lone wolf. He's become the enemy's nightmare, but what can he do when he transferred to other places? Go to the public security or special police force and continue to be a sniper? After all, such positions are limited. Many people can only go to the local government offices and do some writing work that they are not good at. "

Speaking of this, Guo Zhan couldn't help but sigh and say, ""The young comrades nowadays are bold, quick – witted, and relatively new in terms of ideas. Although some of them do not meet the requirements to choose their own career, they still choose jobs that do not need to be arranged. They are willing to leave the Army with the Veterans 'treatment and then go out to start a business or work. As far as I know, there are already a few executives who have the same idea. "

Guo Zhan looked at Xia ruofei and continued, ""I'm just thinking, if these comrades choose to be discharged, would your place be a good place to go?"

Xia ruofei replied, "of course I welcome you with open arms!" I'm just worried that everyone will be wronged! After all, I'm a private enterprise, and I don't have any official organization. Of course, if my brothers come to work with me, no matter if they are officers or soldiers, I will definitely not mistreat them in terms of treatment. Take officers as an example, if you work with me, your income will at least double or even several times that of when you are transferred to another profession!"

"I'm relieved to hear that!" Guo Zhan said happily, "let me tell you ... Soldiers like us are really not used to working from nine to five in the morning. I guess if those guys hear that you have an Island overseas and can operate guns and cannons there all day long, they will definitely choose to be discharged and go to your place without even thinking about it!"

"No problem!" Xia ruofei said, "the equipment is definitely awesome! I'll try my best to get any equipment that they want! If I can't buy it through the normal channels, I'll go to the arms black market! As long as you have money, there's no equipment that you can't get. "

"You Rascal ... You're making me want to go!" Guo Zhan couldn't help but laugh and say, "alright, don't go back today! I'll find a few comrades you're familiar with tonight and we'll get together!"

"Ah?" Xia ruofei said subconsciously.

He had originally wanted to return as soon as possible after he had finished his business here. The matter of the star picking sect had been on his mind all this time, and he was always a little absent – minded before he solved this problem.

"What's with the "ah"? You still want to run?" Guo Zhan laughed and scolded, "it's settled then! This is an order!"

Without waiting for Xia ruofei's reply, Guo Zhan picked up the phone on his desk and called a civil servant, asking him to arrange a guest room for Xia ruofei.

Chapter 2657 Revisiting an old place (1)

Guo Zhan was still the same as before. In Lone Wolf's territory, no one could refute his decision.

Xia ruofei had not felt this way for a long time. After he had retired and started his company, he had always been the one who kept his word. Facing the overbearing Guo Zhan, Xia ruofei did not feel uncomfortable. Instead, he felt warm in his heart. He smiled and nodded, "Alright, then we'll stay for one night!"

"This is right!" Guo Zhan patted Xia ruofei's shoulder and said, "I'm a little busy here. I'll get a civil servant to accompany you around the camp. You can also go and reminisce with your old comrades. There's no training for the past two days. Everyone is packing up."

"Alright!" Xia ruofei nodded.

The style of a soldier was straightforward and never sloppy. Guo Zhan directly shouted, "Little Zhao! Come over here!"

"Here!" The civil servant little Zhao had just called the guest house to arrange a room when he heard Guo Zhan's call and ran over.

Guo Zhan pointed at Xia ruofei. "Show squad leader Xia around the camp. Later, we'll go to the canteen. Ask them to prepare a table of dishes!"

After that, Guo Zhan took out a few hundred Yuan from his pocket and gave it to Xiao Zhao. He said, "Take the money first! If it's not enough, I'll make up for it!"

The food expenses in the Army were fixed, and the soldiers had allocated food expenses. The officers had to hand over their food. Although Guo Zhan was the chief of this unit, he had to pay if he wanted to treat Xia ruofei to a meal in the canteen. Otherwise, he would be encroaching on the soldiers' interests.

In the past, when some Army leaders treated people to a meal in the canteen, they would pay for it directly from the food expenses. Everyone was used to it. Now that the military's style had changed, even the troops under the Supreme Commander took the initiative to join forces. With such an example, naturally, no one would dare to covet such small advantages.

Of course, Guo Zhan's style had always been extremely upright, and he would never do such a thing. As his civil servant, Xiao Zhao naturally understood his temper, so he took the money without saying anything.

"Wolf King, you can go ahead with your work!" Xia ruofei said with a smile.

"Go! Just don't forget to go to the cafeteria during dinner time!" Guo Zhan said, waving his hand.

Xiao Zhao accompanied Xia ruofei out of the office. When they reached the stairs, Xiao Zhao finally relaxed. It was clear how "scary" Guo Zhan was in front of these soldiers.

Xiao Zhao looked at Xia ruofei with admiration and said, ""Squad leader Xia, this military camp has always been filled with your legend. Today, I finally see you in person!"

Xiao Zhao was a corporal who had joined the lone wolf commando unit after Xia ruofei had retired. Like the Sentinels at the door, many of the newcomers had already known about Xia ruofei's past before they had joined the lone wolf commando unit. It was only after they had joined the lone wolf commando unit that they found out that the Mr. Xia, who was so popular on the internet, had retired from the lone wolf commando unit. The sense of recognition they had for him had suddenly changed.

Xia ruofei chuckled. "So, all the people I've seen in the past were 'dead people'?"

"God, don't scare me!" Xiao Zhao waved his hand and said. Didn't I say something wrong because I was too excited? I wanted to say that I've finally seen him in person! Really, all the soldiers in our class regard you as their idol!"

"Your idols should be those Battle Heroes!" Xia ruofei said seriously.

"You're also a war hero!" Little Zhao said, "although we don't know the specific content of the 615 mission, an old squad leader sacrificed himself in the mission, and you made a second – Class merit. This is enough to prove the difficulty of the mission and the excellent role you played in the mission!"

After hearing Xiao Zhao's words, Xia ruofei fell silent.

His thoughts were pulled back to the time when he was summoned back to perform the mission. When he was involved in this mission, the old squad leader Luo Zhicheng, who had brought him up, had already sacrificed himself. He still remembered the heartache he had felt when he saw squad leader Luo's face in the hospital morgue.

Xiao Zhao seemed to realize that he had said the wrong thing. He looked at Xia ruofei uneasily and said in a low voice, ""Class monitor Xia ..."

Xia ruofei waved his hand and said calmly, ""I'm fine ... Little Zhao, come with me to the honor room. "

"Oh ... Okay, class monitor Xia!" Little Zhao said.

The two of them walked towards the honor room. Xia ruofei was very familiar with the camp and did not need Xiao Zhao to lead the way. The two of them were silent all the way until they reached the entrance of the honor room.

"Class monitor Xia, please go in!" Said Xiao Zhao. I'll wait at the door. "

Xiao Zhao knew that it was not a good time to disturb Xia ruofei.

Xia ruofei nodded slightly and said, "you've worked hard ... Didn't the wolf King ask you to go to the cafeteria?" You can go over first, I'll stay here for a while. "

Little Zhao hesitated for a moment and then nodded, ""Alright!"

Xia ruofei pushed the door open and entered the honor room. He found the switch by the door and turned it on.

The place was exactly the same as before. The furnishings and layout had not changed at all. Every item in the room carried the heavy honor and glorious past of this unit. Now, the name of this unit was about to disappear in the long river of history. Some of the officers and soldiers had to travel thousands of miles to change into Navy uniforms. Some even had to take off their uniforms and become ordinary people. From then on, they would bury these extraordinary years deep in their hearts. Xia ruofei looked at the pictures in front of him. The certificates and the flags made her feel emotional.

Chapter 2658 Revisiting an old place (2)

Although the entire camp was packing up, the honor room was still quiet and neat, no one came to disturb them.

Guo Zhan probably wanted to move this unit's glorious history to the new camp area after they settled down!

In the most eye – catching position in the honor room, there was a photo of Xia ruofei. It was taken after he had been called back to participate in the 615 mission and achieved second – Class merit.

However, Xia ruofei did not stay in these places for long, including his own photos. He only glanced at them and went straight in.

Xia ruofei soon arrived in front of a wall. Unlike the other parts of the honor room, which were designed with a fiery red color tone, this wall was mainly black and white. There was a black flannel Flower in the middle of the wall, and two black ribbons extended from the Flannel Flower to both sides, giving off a solemn feeling.

Rows of black – and – White photos were neatly hung on the wall. It was a Wall of Heroes, with the portraits of all the martyrs who had sacrificed since the establishment of the lone wolf assault team.

The Wall of Heroes was silent.

Xia ruofei's eyes scanned the young faces in the photos and finally stopped on the second to last photo, which was a familiar face.

Lin Hu was Xia ruofei's good comrade and brother in the new recruit company. They had joined the Army together and then joined the lone wolf assault team together. In order to protect Xia ruofei, he had sacrificed himself in the forest.

Xia ruofei muttered, "Hu Zi, how are you doing over there?" I promised you that your mother will be my mother from now on, and now she's my godmother ... Qiao' er has already been admitted to a University, Heron Island University, and it's one of the top advertising majors in the country. If you were this good at your studies, you wouldn't have joined the Army ..."

Xia ruofei was chatting with Lin Hu as if he was a friend. As they talked, his eyes turned red ...

Then, Xia ruofei's eyes fell on the last and latest photo.

In the photo, monitor old Luo's lips were slightly pursed, his eyes were bright, and his face had begun to show the vicissitudes of time.

“Class monitor, I know that you are most worried about sister – in – Law and Nan Nan.” Xia ruofei said, “don’t worry. Sister – in – Law is working in my company now. Nan Nan has also been transferred to the best primary school in Sanshan. The elderly in your family are also being well taken care of. You don’t know ... Nan Nan is very smart! She couldn’t keep up with the progress when she first transferred, but her grades quickly shot up to the top of the class, and all the teachers praised her ...”

Xia ruofei felt that his vision was a little blurry. He rubbed his eyes and looked at Lin Hu and Luo Zhicheng on the Wall of Heroes. They seemed to have heard what Xia ruofei had said, and the smile on their faces grew wider.

.....

The civil servant, little Zhao, jogged all the way to the cafeteria and conveyed Guo Zhan’s instructions to the purser. After leaving the few hundred Yuan, he ran to the honor room.

“Little Zhao!” The fat director shouted from behind him. You brat, make yourself clear! What kind of guests was Brigade leader Guo going to entertain? How many people are there?”

Without turning his head, little Zhao said loudly, ““Class monitor, the chief only has one guest, but I don’t know how many people he’ll bring!”

“Who’s the guest?” The purser shouted, “I should at least understand his taste, right?”

“Class monitor Xia!” Xiao Zhao shouted, “you should know what flavor of dishes class monitor Xia likes, right?”

“Which class monitor Xia is it?” The purser was speechless.

Xiao Zhao had already run past the corner of the cafeteria, but his voice could still be heard faintly, ““Which class monitor Xia can it be? Xia ruofei, class monitor Xia!”

After the Secretary heard this, he couldn’t help but feel a little dazed. Xia ruofei’s thin figure appeared in his mind. He scratched his head and grinned as he muttered to himself, ““Little Xia, you’re back?”

The epaulet of the purser was a class four Sergeant Major with two thick crutches. Xia ruofei was really a new recruit in front of him.

The Secretary turned around and shouted towards the kitchen, ““Boys! Everyone, raise your spirits! Help me prepare a table full of dishes!”

After saying that, the agile fat man quickly walked into the kitchen operation room and directed the Warriors of the cooking squad to get busy.

Xiao Zhao arrived at the entrance of the honor room but did not see Xia ruofei.

He peeked in and saw that Xia ruofei was still standing quietly in front of the Wall of Heroes. He heaved a sigh of relief. He held the door frame of the room of honor and took a few deep breaths. Then, he stood upright and waited outside.

However, after waiting for a long time, there was no movement from inside. Xiao Zhao could not help but look out again. When he saw that Xia ruofei was still standing in front of the Wall of Heroes, he immediately turned back and stood up straight again.

As time passed, little Zhao's legs were numb from standing outside the honor room. He couldn't help but stomp his feet secretly. He could no longer maintain the standard military posture. In fact, after standing there for so long, he was like a pancake. The soldiers passing by couldn't help but take a few more glances at him. He also felt that he was a little silly.

Xiao Zhao had peeked into the honor room several times, but he only saw Xia ruofei standing quietly in front of the Wall of Heroes. He did not move at all. Every time he looked in, Xia ruofei's position, posture, and even the angle of his head were almost exactly the same.

Xiao Zhao did not dare to disturb him and could only wait patiently outside.

When Xia ruofei finally walked out of the honor room, Xiao Zhao was on the verge of tears. Xia ruofei had been in there for the entire afternoon and the sky was starting to get dark.

Xia ruofei stayed there for the whole afternoon while Xiao Zhao stood at the entrance of the honor room for the whole afternoon. Now, his legs didn't even seem to belong to him. However, Xia ruofei acted as if nothing had happened. Xiao Zhao clearly saw that Xia ruofei didn't move at all the whole afternoon.

"I'm sorry! "Sorry to keep you waiting ..." Xia ruofei said with a gentle smile.

"I'm fine! I'm fine!" Xiao Zhao quickly said, "class monitor Xia, if you still don't come out, I really have to go in and call you!"

"Don't worry! I remember it's mealtime." Xia ruofei smiled. "Besides, I wasn't asleep. The call for the end of exercise was so loud. How could I not have heard it?"

Xiao Zhao chuckled and scratched his head. A God is a God! You can even reach such a level of military posture, we weaklings really can't compare!

Xia ruofei and Xiao Zhao arrived at the canteen in no time.

Xia ruofei went straight to the second floor from the side stairs. He was too familiar with this place. He knew that there was a small private room on the second floor of the cafeteria. If Guo Zhan entertained guests, he could only do it here. There was no other choice.

In fact, the usage rate of this private room was extremely low. The Commando leadership, including Guo Zhan, usually ate with the soldiers in the large cafeteria. There was no special treatment at all.

It was only because Xia ruofei had come today that Guo Zhan made an exception.

Even so, Guo Zhan still paid out of his own pocket and did not encroach on the soldiers' interests.

Xiao Zhao followed behind Xia ruofei and walked up the stairs with heavy steps.

When they arrived at the door of the private room, Xiao Zhao quickly called out, "Report!"

"No need to report! Tell that kid to get the hell in here!" Guo Zhan's voice came from the private room.

Xiao Zhao looked at Xia ruofei with a strange expression.

Xia ruofei smiled and said, "you can go!"

"Alright! Then I'll go down to the kitchen and urge the Secretary to serve the dishes!" Xiao Zhao said quickly.

Xia ruofei nodded, pushed the door open, and entered the room.

As soon as he entered the door, Xia ruofei felt a strong wind behind his head. He smirked. His body didn't move at all, but he moved half a meter away. Then, without looking back, his right hand passed under his left armpit and grabbed behind him, accurately catching a fist.

Xia ruofei squeezed it lightly, and a strange cry came from behind him ...

Chapter 2659 The old company commander comes to seek refuge (1)

"I'll go! This kid has become much more powerful!"

Xia ruofei heard the familiar voice and immediately let go. He turned around and called out, "Good day, Captain!"

The person who had "ambushed" Xia ruofei behind the door was MA Deputy, Xia ruofei's company commander when he was in the Army.

Wolf King Guo Zhan was sitting at the table with a few officers and was looking at the two of them with a smile.

Xia ruofei took a closer look. The military rank on Ma Su's shoulder had become two bars and one star. He had been promoted to major.

Ma Jia forced a smile and said, "I'm no longer a company commander ..."

Xia ruofei was stunned for a moment. This was obviously a promotion, but why did he feel that Ma Jia was still a little unhappy?

"Blood Wolf, you should call him Deputy instructor now!" Guo Zhan said.

"Ah?" Xia ruofei couldn't help but cry out.

He was very surprised that Ma Jia had been promoted to a political cadre.

It wasn't that being a political cadre wasn't good, but Ma Su had always been a military cadre. Needless to say, when he was a platoon leader, he was a Deputy company commander, a training staff officer, and a company commander.

According to the normal development trajectory, even if Ma Su was promoted, he should be a Deputy battalion commander or a staff officer or a Section Chief. How did he become a deputy instructor?

In a unit like the lone wolf assault team, after being changed to a political cadre, the road ahead was much narrower.

"What do you mean" ah "?" Guo Zhan said, "come and sit down. Let's talk while we eat!"

“Yes!” Xia ruofei said subconsciously.

Guo Zhan sat on the main seat. On his left was a major who was of the same rank as Ma Su. On his right, the guest seat was empty. It was obviously reserved for Xia ruofei.

When Xia ruofei was still in the Army, he would not have been able to sit at this table of lieutenants and lieutenants.

But now that he had retired, he would be a guest if he returned to his old army, so there was nothing inappropriate about it.

Besides, Xia ruofei was no longer the ignorant fool from back then. He had seen many more big scenes than these captains and major.

In fact, Guo Zhan had made this arrangement after some consideration, including the officers he had called over to accompany him.

To put it bluntly, Xia ruofei had helped him solve a big problem this time. Not to mention that Xia ruofei was deeply loved by Guo Zhan when he was in the Army. After he retired, he performed very well. Naturally, Guo Zhan treated Xia ruofei with great courtesy.

Xia ruofei only hesitated for a moment before he smiled and nodded. He walked over to Guo Zhan and sat down beside him.

Ma Jia also sat next to Xia ruofei on his right.

After everyone had taken their seats, Guo Zhan shouted, “Come on! Fill it up first!”

A first lieutenant across from him immediately stood up and filled everyone’s cups.

However, it was not filled with wine, but sprite. There were a few bottles of sprite on the table.

Ever since the commander – in – chief made the decision to rectify the style of the Army, the Army had implemented the strictest ban on drinking.

Alcohol was strictly prohibited on weekdays. Not a drop of alcohol was allowed to be touched. It was a high – pressure line.

Even if one could drink in moderation at the end of the week or during holidays, one was absolutely not allowed to drink excessively. Furthermore, one was not allowed to drink in the unit’s cafeteria.

In other words, he could drink a little on weekends and holidays, but he could only have a small drink with two or three friends at home.

Guo Zhan also smiled and explained, “Blood Wolf, you must know about the prohibition, so I definitely can’t drink with you today.” I’ll go find you the next time I’m on vacation, and we can drink to our hearts “content!”

“I understand, old leader!” Xia ruofei smiled. Besides ... As long as we have a good relationship, what can’t we drink?”

“Hahaha! Well said!” Guo Zhan laughed and said, “it’s worth a toast!”

“Come on! Cheers!”

“Welcome back to your old unit, squad leader Xia!”

“Welcome home! Cheers!”

After everyone clinked their glasses, they raised their heads and drank an entire glass of sprite. Although he wasn’t drinking alcohol, he still had the heroic spirit of a soldier.

After drinking, Xia ruofei turned to Ma Jia and asked, “Old company commander, what’s going on? Why did you suddenly change the government?”

Ma Jia pursed her lips and said in a low voice, “It’s not that sudden ... In fact, not long after you left the Army, I was already transferred to an instructor ...”

At this time, Guo Zhan said, “ruofei, something happened to Young MA a few years ago ... He was injured during training and ruptured his anterior cruciate ligament. Although the repair surgery was successful, it is impossible for his physical function to recover to its previous level. Whether it is his speed or explosive power, they have been greatly affected. After evaluation, he is no longer suitable to serve as a military chief, so he was changed to an instructor.”

Xia ruofei immediately understood that a normal soldier would not treat a cricket like this. After all, although the cruciate ligament rupture was a major injury, since the repair surgery was very successful, it would not affect normal exercise. It would not be a problem to cope with daily training. Soldiers were not professional athletes. However, the lone wolf assault team was special in nature, and their requirements were much higher than ordinary troops. When Ma Su suffered such injuries, it was almost a foregone conclusion that he would be promoted to a political cadre.

Xia ruofei said to Ma Jia, “old company commander, don’t be so depressed. You’re still contributing to the Army no matter what position you’re in ...”

Xia ruofei felt that his words of comfort were weak, but Ma Jia smiled indifferently and said, “Little Xia, you don’t have to comfort me. It’s been a long time since that happened, and I’ve already gotten over it.”

Chapter 2660 The old company commander comes to seek shelter_2

Guo Zhan was silent for a moment before he said, “Ruofei, this time, the number of cadre positions has been reduced by a lot, and the number of leadership positions has been reduced even more. In addition, the unit has been downgraded, so Ma Jia might ...”

Xia ruofei fell silent. He had already guessed this outcome.

The lone wolf assault team, a regimental unit, became an assault Battalion under the Marine Brigade. The ones who were affected the most were the officers at Ma Su’s level. After all, the section chiefs and old staff officers in the regimental office were all Deputy battalions. In addition, there were several Battalion Deputy battalion commanders and Deputy instructors ... After the transfer, the assault Battalion itself was only a Battalion – Level unit. How could they arrange so many people?

Ma Su’s body was still injured, so elimination was almost inevitable.

“Ma SU’s situation was considered by the organization, so he could choose to be diverted to other troops. To be honest, with ma SU’s military qualities, even if his ligaments were severed before, it would not be a problem for him to be the battalion commander of the Reconnaissance Battalion!”

“Yup! There’s no problem with the old company commander’s ability, and he has enough experience!” Xia ruofei said, “it’s not a bad choice to go to another unit!”

Guo Zhan glared at Ma Jia and said, “But this stubborn donkey firmly rejected the diversion plan!”

Speaking of this, Guo Zhan was also furious and said to ma su, “Kid, do you know how difficult it is to arrange for you to be promoted to a military commander in this situation? The group’s army chief ... Even the Army’s army chief spoke up for you personally, saying that you’re a second – Class hero who’s risked your life for the country and the Army, so you must be given special care! And you? He didn’t listen to anyone’s advice and let go of such a good opportunity! What are you planning?”

“Wolf King,” ma su said with a smile, “this matter has already been settled. It’s no use for you to get angry ...”

“Isn’t this to make you angry? Whenever I think of this, I can’t help but get angry!” Guo Zhan said.

Guo Zhan was really nice to his subordinates, especially to people like Xia ruofei and ma su who had real skills. He was also good to them from the bottom of his heart. What he looked down on the most were those soldiers who were of poor quality and dawdled all day.

Of course, such soldiers basically didn’t exist in the lone wolf assault team.

The smile on Ma Jia’s face gradually disappeared. He said seriously, “Brigade leader, ruofei, I’m not as enlightened as everyone says ... Actually, my thoughts are very simple. I studied special combat in the military school and joined lone wolf not long after graduation. I’m already used to Being The Elite of the elite, the tip of the sharp knife! To be honest, I can’t get used to joining a normal Army!”

Speaking of this, Ma Jia picked up the cup in front of her, as if it was filled with fragrant wine, and drank it all in one gulp.

He continued, “since lone wolf doesn’t need me anymore, why should I force myself to stay in the Army?” If we were in another place, even if I’m wearing the same military uniform, even if there’s one more star on my qualification card, I wouldn’t be happy!”

“As for the second – Class hero that the Chiefs mentioned ...” Ma Jia said with a self – deprecating smile, “isn’t it normal for our lone Wolf’s soldiers to be rewarded for their contributions? After RUO Fei was discharged from the Army, he even made a second – Class merit! Our little contribution is nothing compared to the comrades who have sacrificed themselves! What right do I have to be a second – Class medal and be a battalion commander in another army?”

Xia ruofei, Guo Zhan, and the others were also moved.

Although ma SU’s words were simple and didn’t have much logic, they were very touching, especially those who had similar experiences. They had a strong sense of identity in their hearts.

Guo Zhan let out a sigh. He stood up and walked to Ma Jia’s side with a cup in his hand. He patted Ma Jia’s shoulder and said, “Good brother, I’ll toast to you alone!”

“Thank you, great captain!” Ma su quickly stood up and clinked his cup with Guo Zhan’s. After the two of them finished their drink, they couldn’t help but laugh.

After Guo Zhan returned to his seat, he turned to Xia ruofei and said, “RUO Fei, ma su, he ...”

“Great captain, let me say it myself!” Ma su interrupted Guo Zhan’s words.

Guo Zhan was stunned for a moment before he nodded silently.

“Ruofei, I heard from the brigade leader that your company needs talents with combat skills.” Ma Jia looked at Xia ruofei and said. If you don’t mind that one of my legs is already half – crippled, I plan to recommend myself!”

Xia ruofei couldn’t help but widen his eyes. In the afternoon, Guo Zhan had said that he wanted to arrange for officers to work for him. He was talking about Ma Jia!

“Old company commander, you have to consider this carefully!” Xia ruofei said, “you’ve made your choice, but there’s no medicine for regret. If you give up on the government’s resettlement work, it’s the same as giving up your position as a cadre and giving up the rest of your life!”

Ma Jia smiled and said, “it’s not as serious as you say. I’ve served in the Army for 18 years this year. According to the policy during the reform period, Deputy Battalion officers can also choose their own profession after 18 years. This can be considered as a special treatment for us who were eliminated ...”

Guo Zhan chuckled and said, “if you choose your own career, you’ll at least be able to get a retirement pension every month after you leave. Although the money will be less, at least you won’t starve to death.” If it wasn’t for this policy, I wouldn’t have agreed to let this little rascal leave! Of course, ruofei, you weren’t here yet at that time. Now, it seems that ma SU’s choice to help you out with his own career was not a bad one!”
