

Chapter 281: Brother Fu (1)

"Uncle Fu?" Xia ruofei was also a little stunned. The villager in front of him looked to be at least 60 years old. If li Zhifu was the "uncle Fu" he mentioned, how old was he? At this time, eccentric song also walked up and said, "Fellow townsman, if the 'uncle Fu' you mentioned used to live in that house, then he should be the person we're looking for. May I ask if you know his current situation?" "Uncle Fu moved away eight years ago," the villager said, "I heard that he's getting old and his daughter took him away for retirement ..." Eccentric song revealed a trace of joy and said, "So, brother Fu should still be healthy?" Xia ruofei was shocked again. It seemed that li Zhifu was not young anymore. Even elder song called him "brother Fu". Elder song was already in his 80s. "I'm not too sure about that." The villager said, "but he was still quite strong before he moved away. He could even go up the mountain to pick tea himself!" Eccentric song's expression was somewhat excited as he asked, "Fellow townsman, do you know where brother Fu's daughter lives?" The villager scratched his head. "I'm not too sure about that. I remember that before uncle Fu moved away, his daughter would often come to visit him. I don't think he married out of town, but I really don't know where he lives." "Oh ... Then do you know if brother Fu has any relatives in the village?" Elder song asked. "I don't think so!" "I've never heard of uncle Fu having any other relatives in the village ..." The villager said with uncertainty. "I see ..." Elder song said disappointedly, "thank you, my fellow townsman!" "You're welcome!" The villager asked, "by the way, are you also here to ask uncle Fu to make tea? I think there was a group of people from the city who came to the village to look for him some time ago ..." "Making tea?" Elder song was stunned for a moment, then he muttered to himself, "brother Fu's tea – making skills were really good back then! Was he that famous now? Even the people outside came to look for him ..." "Uncle Fu's tea – making skills are well – known in the surrounding villages, especially in his control of the heat of the baking process," the villager said. "You can say that no one in the entire Mount Wuyi is better than him." The tea that he baked himself would at least double his net worth! But uncle Fu hasn't made tea for many years. If you're here to ask uncle Fu to make tea, you should go back! Even if we do find him, he won't do anything." "Why?" eccentric song asked, puzzled. "I'm not sure about that. Uncle Fu stopped making tea for people about ten years ago. At first, many bosses came to ask him to come out of retirement, but he refused no matter how much money they offered. Gradually, people stopped coming." The villager said. "Oh ... I see. Thank you, fellow townsman!" Elder song said. The villager carried his hoe and left. Eccentric song frowned slightly, deep in thought. "Chief, why don't we ask around in the village?" Xia ruofei asked. Maybe someone knows where Mr. Li Zhifu's daughter lives!" "I guess this is the only way." Eccentric song sighed. Xia ruofei remembered that there were many people sitting at the entrance of the village and chatting. Most of them were elderly people, so he walked towards the entrance with elder song. After asking, there was really an old lady in her 60s who knew the general situation. It turned out that li Zhifu's daughter had not been married yet when the old lady had just married into xiankeng village. The two were good friends. According to the old lady, li Zhifu's daughter, Li Guizhi, was married to yangdun town, which was 30 kilometers away. She didn't know the exact address, but Li Guizhi mentioned that her family opened an electrical repair shop in the town when she returned to her mother's house. However, this news was from eight years ago. After li Zhifu moved to his daughter's house, everyone lost contact. Even though the information was vague, it was very useful to elder song. He kindly expressed his gratitude to the old lady. Although the villagers did not know elder song's identity, everyone could feel elder song's superior bearing, so the old lady was very polite. Elder song

smiled and nodded at the villagers. Then, he left with Xia ruofei. The villagers were still talking about these two strangers with extraordinary bearings. They would never have dreamed that the silver – haired old man was actually a famous legendary General Star in China, one of the core members of the leadership. “Xiao Xia, you must be very curious as to how I know an old man from this remote mountain village, right?” Elder song said with a smile. “I’m indeed curious.” Xia ruofei said, “but I’m guessing it has something to do with the troops you left behind to exterminate the bandits!” “We were stationed in this small pit village back then,” said elder song with a nod. “I also lived in brother Fu’s house.” After Xiaodong’s death, I’ve been in a very low mood. Coupled with the humidity in the mountains, I had a high fever within two days, and it didn’t go down even after two days ...” Xia ruofei raised his eyebrows. He knew how dangerous it was to have a high fever in such a remote mountain village. Elder song continued, “it was brother Fu who risked being attacked by bandits to gather herbs in the mountains. In order to avoid the bandits, he almost fell off the cliff. It was very dangerous. If he wasn’t caught by a Crooked Tree, he would have lost his life. Even so, he still broke an arm.” As he walked, eccentric song revealed a nostalgic expression and continued, “It was these herbs that brother Fu picked that saved my life. My fever went down after two days.” “Chief, did you guys stop contacting each other after that?” Xia ruofei could not help but ask. Elder song used to be in a high position in the core leadership. Even in such a remote mountain village, elder song could be seen on TV. Did that old man Li Zhifu not contact elder song? “I came back once 30 years ago,” said elder song. “It was the time I erected the monument for Xiaodong. I also saw brother Fu.” At that time, it wasn’t as convenient to communicate as it is now. I wrote a few letters to brother Fu, but I didn’t receive a reply. Later, we gradually lost contact. Xiaodong used to live with me at brother Fu’s house, and he was very diligent, often helping brother Fu with chopping wood and fetching water. So after his death, his grave was taken care of by brother Fu until it was later handed over to the local Garrison. ” Eccentric song paused for a moment and continued, “I’m sure brother Fu will continue to take care of Xiaodong’s grave after the garrison was withdrawn. That’s why when I saw Xiaodong’s grave covered in weeds today, I was mentally prepared. Maybe brother Fu has already passed away, or maybe he’s too old to do anything.” Xia ruofei nodded and said, “chief, since we have a lead, let’s go to yangdun town!” It’s only been eight years since we moved out! This old Mister li Zhifu might still be healthy!” “Good! Let’s go to yangdun town!” Eccentric song said with a hint of excitement.

Chapter 282: Finally found_1

Even with Xu Wu’s confident assurance, the head of security, Huang Fang, was still a little uneasy. It was only when he saw elder song and Xia ruofei’s figures at the intersection that the stone in his heart was lifted. He quickly brought two subordinates to welcome them. “Old commander, did you find the person you wanted to see?” Huang Fang stepped forward and asked respectfully. “He’s already moved away,” said elder song. But we’ve found some clues. Little Huang, let’s go to yangdun town next.” “Yes!” Huang Fang puffed out his chest and said. The group got into their respective cars, and the convoy restarted, driving toward yangdun town, which was more than 30 kilometers away. Along the way, elder song’s mood was a little agitated. He looked out of the window at the fields that flew past, and his thoughts were complicated. Xia ruofei and the others kept quiet and did not disturb elder song. The car was equipped with advanced navigation equipment, so the driver found yangdun town easily. It was a very ordinary town, similar to the thousands of small towns in China. There was only one main street in the entire town, and the houses on both sides were at most three or four stories. There were some snack shops, hardware stores, small supermarkets, and tea shops that were everywhere on Mount

Wuyi. Xia ruofei thought for a while and said to elder song, "Chief, I'll go and check on the situation later. How about you rest in the car?" Xia ruofei's main concern was that the town was not as remote as xiankeng. If elder song showed his face in public and went around to ask for information, it was inevitable that he would be recognized. By then, it would go against the old man's original intention of traveling in plain clothes. Eccentric song had obviously considered this point as well. He pondered for a moment before nodding. "Sure, Xiao Rui will go with you!" "Alright!" Song Rui said happily. He was already feeling uncomfortable from sitting in the car, and he wanted to go out for some fresh air. The car stopped by the roadside and Xia ruofei and song Rui got out. Huang Fang, who was in the black Mercedes – Benz in front, also got out of the car. After asking Xia ruofei, he arranged for two men to accompany Xia ruofei and song Rui. The town wasn't big, and it had a name. The information was very clear. He even knew that Li Guizhi's wife ran an electrical appliance repair shop on the streets of the town. Unless this shop had closed down in the past few years, it would be easy to find out. It turned out that Xia ruofei's luck was not bad. After asking two people, he had already found the exact location of Li Guizhi's shop. The electrical appliance repair shop was not far away. Hence, Xia ruofei did not return to the car. Instead, he gestured to Huang Fang to follow them. Then, Xia ruofei and song Rui led the two men in Black and walked forward. After walking for about 30 to 40 meters, Xia ruofei saw the electrical appliance repair shop that the passerby had told him about. There was an old sign with the words "Yusheng electrical appliances repair shop" on it. The paint on the sign had peeled off a little, and the words were barely recognizable. The shop was very small. There was a small counter at the outermost area, which sold some small electrical appliances. There was a key – matching machine next to the counter. It should be a derivative business of the repair shop. Further in, there was a row of shelves, on which were some disassembled old electrical appliances. Next to the shelf was a workbench, which was scattered with some electronic components. An old man in his 60s was holding an electric soldering iron under the table lamp, welding an electronic board. "Excuse me ... Is this Li Guizhi's family's shop?" Xia ruofei asked. The old man in blue overalls heard the sound and put the electric soldering iron back on the shelf. He then took off his reading glasses and turned around. When the old man saw Xia ruofei, song Rui, and the two men in Black, his expression changed slightly. His eyes flickered as he said, "I don't know any Li Guizhi. You've come to the wrong place." "How is that possible?" song Rui immediately asked. We just asked the townspeople, and they all said that this Yusheng electronics repair shop was opened by Li Guizhi's lover!" The old man frowned and said, "I don't know, I don't know!" You guys can leave!" Xia ruofei looked at the old man thoughtfully and smiled. "You should be Li Guizhi's lover, Mr. Niu Yusheng, right? Was there some misunderstanding here? We're not bad people. We're here to visit old Mr. Li at the request of an old friend of Mr. Li Zhifu. " When the old man heard Li Zhifu's name, his face changed. He said, "Why are you so strange? I already said that I don't know any Li Guizhi or Li Zhifu. You guys should leave! Don't disturb my business!" At this time, the innermost door of the shop was pushed open, and an old woman in her 60s came out and asked, "Yusheng, what happened? I could hear your loud voice from the second floor. Dad had just fallen asleep and was almost woken up by you!" "This is none of your business, go back!" The old man said with a frown. The sixty – year – old woman also saw Xia ruofei and the others. When she saw the two burly Men in Black behind Xia ruofei, her expression changed and she shouted, "What are you guys doing here? My dad was so scared of you guys, and you still haven't given up?" "Auntie, when did we scare your dad?" Song Rui was confused. "Did you make a mistake?" Xia ruofei smiled and said, "this must be Madam Li Guizhi?" I think you might have misunderstood. We are not bad people. We are here to find Mr. Li Zhifu. " "I know you're looking for my dad!" Li Guizhi said angrily, "aren't you guys annoying? My dad already said that he

won't be coming out of retirement. Why are you guys still shamelessly coming to my door?" "You've misunderstood. We're not here to invite old Mr. Li to come out of retirement." Xia ruofei said patiently, "we were asked by an old friend of old Mr. Li to come and visit him." "A new trick again?" Li Guizhi glanced at Xia ruofei and said, "young man, you look like a talented person. Why don't you walk the right path? If you want to make tea leaves, just do it. Why do you have to involve my dad?" Xia ruofei saw that Li Guizhi seemed to have determined that they were bad people and couldn't help but smile bitterly. He thought for a while and said, "it seems like you have misunderstood me. How about this? you can tell Mr. Li Zhifu that Mr. Song from the capital is here to visit him. He should know." "What elder song from the capital?" Li Guizhi obviously didn't believe her. "My dad has never left the southeast province in his life. How could he know people from Beijing?" Young man, can't you make it more believable when you're lying?" "Auntie, why can't you tell good from bad?" Song Rui couldn't help but frown. "We already said that we're old Mr. Li's old friends. Won't you know if you ask him?" "My dad was shocked the day before yesterday and has fallen ill!" Li Guizhi said coldly, "he just fell asleep. Do you think I'll wake him up again for you?" At this moment, the door at the back of the shop was opened again, and a white-haired old man walked out with a cane. Li Guizhi's expression changed slightly. She quickly went over to support him and said, "Dad, Didn't I tell you to rest upstairs? Why did you come down on your own? What if I fall down again?" The old man ignored his daughter and looked at Xia ruofei. His voice trembled as he asked, "Who did you say was from the capital?"

Chapter 283: Reunion after a long separation (1)

"Dad, don't believe their nonsense ..." Li Guizhi said hurriedly. "Hurry up and go rest!" "We'll take care of this!" Li Zhifu still ignored his daughter and looked at Xia ruofei with excitement. Seeing this, Xia ruofei already had an idea. He smiled and said, "You must be Mr. Li Zhifu! I think you still remember company commander song, who was staying at your house that year, right?" Sure enough, Li Zhifu couldn't help but tremble after hearing Xia ruofei's words. His cloudy eyes shone with a strange light. "Little ... Little song?" Li Zhifu's lips trembled as he spoke. "Dad! Do you really know an elder song from Beijing?" Li Guizhi asked in disbelief. In her impression, her father was an old farmer who had to face the earth and the sky all his life. Other than the tea-making skills passed down from his ancestors, there was nothing special about him. Moreover, Li Zhifu had never left the southeast province in his entire life. How could he know someone from the capital? In fact, Li Zhifu had a daughter at an old age. When the Army was stationed in Xiakeng village, Li Guizhi wasn't even born yet. When elder song returned 30 years ago, Li Guizhi was already married. Li Zhifu had always kept a low profile, especially when elder song's status was getting higher and higher. Li Zhifu didn't even mention that elder song had stayed in his house for the night, let alone contact elder song. Hence, Li Guizhi knew nothing about it. Seeing the old man's reaction, Xia ruofei had an idea. He turned his head and said in a low voice, "song Rui, you can go out and let the chief in." "Alright!" Song Rui responded and quickly walked out. When the two of them walked over just now, a few cars were following them slowly. Therefore, song Rui walked a few steps back and reached the car. "Grandpa, I've found it!" Song Rui said excitedly. "What did you find?" Elder song repeated subconsciously. "Mr. Li Zhifu found it!" Song Rui said happily, "he lives here with his daughter and son-in-law! Grandpa, Mr. Li Zhifu is in the shop now." "Let's go!" Elder song immediately said. Elder song stepped out of the car and manager Lu, who was sitting in the back, quickly called out, "Chief, slow down! Xiao Rui, quick, quick, quick, hold on to him!" "Alright, Uncle Lu, don't worry!" Song Rui said with a smile. As he spoke, song Rui reached out his hand to help elder song. However, elder song gently shook song Rui off and walked toward the store not far away. In the small

shop, Li Zhifu's lips trembled as he asked, "Young man, did Little Song really send you?" "Old Mr. Li, you'll know soon enough if it's true or not." Xia Ruofei said with a smile. At this moment, a series of powerful footsteps could be heard. Elder Song appeared at the entrance of the store, followed by Song Rui, Huang Fang, and the others. The two old men's eyes met, and their bodies trembled slightly. Eccentric Song took two steps forward and called out in a trembling voice, "Brother Fu ..." Li Zhifu's eyes were also wet. He opened his mouth and after a long time, he walked up shakily. He looked at Elder Song up and down and said, "Little Song ... You ... You're old too!" Elder Song grabbed Li Zhifu's hand and said, "Brother Fu, it really is you! We ... Haven't seen each other for thirty years!" "Yup! Thirty years ..." Li Zhifu was also filled with emotion. "Little Song, I didn't expect to see you again before I die!" "Brother Fu! I'll go to Xiakeng village to find you." Elder Song said, "I saw that the old house was abandoned. My fellow villagers told me that you moved out of the village eight years ago. I asked around and finally found this place!" "Brother Fu, why didn't you reply to my letters all these years?" Elder Song continued. "Little Song, your position is getting higher and higher. I'm just a farmer ... So I thought I shouldn't disturb you ..." Li Zhifu said slowly. "Big brother Fu, no matter how high my position is, I'm still your little brother," said Eccentric Song angrily. Back then, if it wasn't for you and our fellow villagers, I might not even be alive!" Li Zhifu smiled and didn't say anything. As the two old men spoke, their wrinkled hands were tightly held together. It was clear that they were very excited. Li Guizhi, who was at the side, had been sizing up Elder Song. She opened her mouth slightly and exclaimed, "You ... You're Song ... Song ..." It was obvious that Li Guizhi had already recognized Elder Song. A few years ago, before Elder Song retired, he would appear on the news every day, so there were very few people in China who didn't know him. However, Elder Song had left his leadership position in recent years. In addition, there was no need to consider the country's image when it came to his personal image, so he appeared much older than he was in the past few years. Li Guizhi didn't react for a moment, but she quickly recognized him. At this moment, she was extremely shocked. She never thought that her honest farmer father would know a leader who played an important role in China. Her old father even called this leader "Little Song", and Elder Song himself also called himself "little brother." This was simply beyond her expectations. Li Zhifu looked at his daughter indifferently and said, "This is your uncle Song!" Li Guizhi, who was already over 60 years old, called out cautiously, "Uncle Song, how are you?" "Brother Fu, this must be your daughter, Guizhi, right?" Elder Song smiled kindly. When I came back 30 years ago, you told me that you had a daughter who was already married. At that time, I was busy with work and didn't have time to meet her. "Yeah, I'm living with my daughter and son-in-law now!" Li Zhifu nodded. Eccentric Song nodded. After a moment of silence, he turned to Huang Fang and the others. "Huang, I'm going to stay behind to catch up with Brother Fu. You guys go back to the hotel! Xiao Xia, Xiao Lu, and Xiao Rui will stay. You guys can just leave the car here." "Old commander, this ..." Huang Fang revealed a difficult expression. He was mainly doing this for safety reasons. "Carry out the order!" Elder Song said, leaving no room for doubt. What are so many people doing here? It's fine as long as Little Xia is here! All of you, go back." Xia Ruofei gave Xu Wu a look. Xu Wu immediately understood and pulled Huang Fang's sleeve. He said in a low voice, "Supervisor Huang, listen to the chief! There won't be a problem with Ruofei around!" Huang Fang had already seen Elder Song and Xu Wu's blind confidence in Xia Ruofei. Seeing Elder Song's firm attitude, he could only nod helplessly and say, "Yes! Old commander, we'll be going back first!" "Go, go!" Eccentric Song waved his hand. Huang Fang brought his subordinates and drove away with Xu Wu. They left the Mercedes-Benz car behind and handed the car keys to Xia Ruofei. After Huang Fang and the others left, the shop suddenly became much quieter. However, Huang Fang and the others had surrounded the store just now, and this was the main street of the town, so they had already attracted

some people to watch. “Yusheng, close the shop. We’re not open for business today!” Li Zhifu said to his son – in – Law. “Alright, dad!” Niu Yusheng hurriedly responded and went over to pull down the rolling curtain Door. “Little song, let’s go upstairs and have a seat!” Li Zhifu said, “I’ll make you some tea!” “Alright!” Elder song laughed and said, “it’s been 30 years since I’ve had brother Fu’s tea ...” Then, elder song said to Xia ruofei and the rest, “Little Xia, you guys are in for a treat today! Brother Fu’s tea – making skills are top – notch. The tea at his house can’t be bought outside even if you have money!” “This is all thanks to the Bureau chief! Then we’ll have to have a good taste!” Xia ruofei said with a smile. “Everyone, let’s go upstairs and sit!” Li Guizhi greeted him enthusiastically. “Alright, let’s go!” Li Zhifu turned around and led the way. When elder song saw the back of li Zhifu’s head, his face couldn’t help but change slightly.

Chapter 284: Top – grade Dahongpao (1)

Elder song’s face changed when he saw the White gauze on the back of li Zhifu’s head, and some blood was faintly visible. From the moment elder song entered the shop, the two of them had been standing face to face. In addition, the light in the shop was not very bright. The only light source was the old table lamp on Niu Yusheng’s work desk, so elder song did not notice it at first. Li Zhifu turned around and walked a few steps. There was a street lamp on the door that led to the stairs at the back of the shop. Elder song saw it clearly. In addition to the White gauze, elder song also found some small bruises on li Zhifu’s face and arms. He frowned slightly and asked anxiously, “Brother Fu, what’s wrong? Why are you injured?” Li Guizhi’s eyes turned red when she heard that. She couldn’t help but say, “Uncle song, my dad ...” “Little song, I accidentally fell down yesterday!” Li Zhifu interrupted Li Guizhi and said, “it’s not a big deal. They’re just external injuries.” After saying that, he looked at Li Guizhi sternly. Li Guizhi bit her lower lip and didn’t say anything in the end. Elder song had been in the system all his life and had reached the top position of a civil servant. How could he be bad at observing people? He could tell at a glance that li Zhifu was hiding something. However, elder song didn’t point it out. He looked at li Zhifu and Li Guizhi thoughtfully, then said, “Brother Fu, you must be careful! You’re over ninety this year, right?” “Hehe, my virtual age is 93!” Li Zhifu said with a smile. “Yup! He’s already in his 90s, and his body can’t be compared to a young man’s. What if something bad happens to him from the fall?” Elder song said. “I see, little song. I’ll be careful in the future.” Li Zhifu chuckled. Let’s go upstairs and sit!” The group of people went upstairs. This shop belonged to Niu Yusheng’s family. It was a three – story building. The first floor was used as a shop, while the second and third floors were for people to live in. There was a small living room and a bedroom on the second floor. For the convenience of the elderly, Niu Yusheng and Li Guizhi gave the master bedroom on the second floor to li Zhifu, while the two of them stayed on the third floor. Li Zhifu happily asked everyone to sit down. Then, he personally opened the box and took out a tin can from the bottom of the box. He smiled and said, “Little song, I’ll treat you to a taste of my handmade Da Hong Pao!” “Alright!” Elder song said happily, “brother Fu, I haven’t tasted the tea you made in 30 years. I can’t stop thinking about it!” “Then you’ll have to taste it today!” Li Zhifu said, “I can’t even bear to drink this tea myself! Little song, although my Da Hong Pao didn’t come from one of the six mother trees, it was the first generation of Da Hong Pao, which was grown by cutting from the branches of the mother tree. It’s still very precious.” Elder song laughed and said, “brother Fu, no matter how precious the tea is, it’s not as precious as your craftsmanship!” This high – quality tea leaves, when matched with your ancestral tea – making skills, that’s called bringing out the best in each other!” Li Zhifu chuckled. He carefully took out some tea leaves from the tin can and began to make tea with great familiarity. Xia ruofei watched from the side and couldn’t help but ask curiously, “Old Mister

li, these tea leaves are curved and look a little like dragons. However, why is it that the tea leaves are all black in color, but why is it called Da Hong Pao?" Before li Zhifu could say anything, elder song laughed and said, "Little Xia, the red in Da Hong Pao doesn't refer to the color of the tea leaves. There's a story behind it!" Then, elder song said to li Zhifu, "Brother Fu, why don't you tell Xiaoxia about it?" Li Zhifu nodded and began to explain. It turned out that there was a rumor that a scholar had gone to the capital to take an examination. When he passed by Mount Wu Yi, he fell ill. He was coincidentally met by an Abbot who brought him back to the temple to be treated. The abbot plucked the leaves of the tea tree from the Jiulong nest and made tea for the scholar to drink. After a few days, the scholar recovered and entered the capital to take the examination for being the top student in high school. Therefore, he came back to repay his abbotship. At the same time, he brought tea leaves to the capital to offer to the Emperor. It just so happened that the Emperor was sick at this time and couldn't be cured no matter what. Later, he drank this tea and his illness was cured. So the Emperor bestowed a red robe and asked the scholar to wear it on a tree. At the same time, he gave it the title of Imperial tea and offered it as tribute every year. Later on, this tea was known as Da Hong Pao. Xia ruofei and song Rui were both fascinated by the story. When li Zhifu finished, Xia ruofei sighed. "I didn't expect the Dahongpao tea leaves to have such a story ..." Elder song laughed and said, "there is no way to verify the authenticity of this legend. However, Dahongpao is extremely precious. When the chairman met the American president who visited China, he once gave 4 taels of Dahongpao as a gift. At first, the American thought that the chairman was stingy. He only gave 4 taels of Dahongpao tea! Later, the Prime Minister explained that this high – Quality Da Hong Pao only produces 8 taels a year, and giving him 4 taels is equivalent to giving him half of the country!" Although elder song had not been a high – ranking official in the past, he was very familiar with these anecdotes, which were very fascinating. Li Zhifu also smiled and said, "speaking of Da Hong Pao, it was a tribute tea in the past!" It's also said that in one of the gongna Qianlong's gift lists, there was a record of 'Biluochun 20 Jin, Longjing 30 Jin, and Dahong Pao 8 taels'. From this, we can see how precious Dahong Pao is. " Although li Zhifu was an old farmer who didn't speak much, when he talked about his ancestral tea business, he could speak like a river. Xia ruofei chimed in. "Old Mr. Li, I've also heard that a few years ago, a 20 – gram Da Hong Pao was auctioned for a sky – High price of 208000 Yuan!" "That's right. "Li Zhifu nodded with a smile. "However, the Da Hong Pao tea leaves we are talking about are the true Da Hong Pao parent trees. After 2007, in order to protect the six parent trees, the government had ordered a stop to harvesting them. Therefore, we can no longer drink such high – quality tea leaves." "But brother Fu's Da Hong Pao was the first generation of Da Hong Pao, which was reproduced asexually from the mother tree. With brother Fu's own handiwork, I'm sure it's not much worse than the mother tree's Da Hong Pao!" Elder song said with a smile. "We can't compare, we can't compare ..." Li Zhifu said modestly. While everyone was chatting, li Zhifu's hands didn't stop. Soon, the tea was ready. He poured a small cup for everyone, then smiled and said, "Come, come, come, have a taste! If you taste it carefully, you will find that the tea of our Wu Yi mountain has a 'rock rhythm', which other tea leaves don't have!" At that moment, there was a sudden knock on the door downstairs. Li Zhifu slightly frowned and said, "Yusheng, can you go down and see what's going on?" "Alright!" Niu Yusheng immediately stood up and went downstairs. "Come, come, come, Let's Drink Tea!" Li Zhifu continued to greet him. Xia ruofei and the others picked up their teacups and took a sip. Even if he didn't know much about tea, he could still feel that this Da Hong Pao was extraordinary. It was slightly bitter in the mouth, but the sweetness returned very quickly and it was quite rich. Just as everyone was tasting the tea, the sound of quarrels came from downstairs. Niu Yusheng's angry and loud voice was especially obvious ...

Chapter 285: Is your head stuck between the door (1)

Elder song could not help but frown when he heard the commotion below. Xia ruofei stood up and said, "Chief, I'll go down and take a look!" "Alright," he said. Elder song nodded. "I'll go with you!" Song Rui quickly said. This kid was someone who craved for the world to be in chaos. He would definitely not miss the opportunity to join in the fun. Xia ruofei and song Rui went downstairs and saw a fierce – looking man in a black suit and sunglasses strangling Niu Yusheng's neck. He said fiercely, "Old man! You'd better call Li Zhifu out immediately and make him cooperate with us obediently. Otherwise ... Hehe, the day before yesterday was just an appetizer. We won't be so polite in the future!" Xia ruofei's expression turned cold and he shouted, "Stop! Let him go!" With that said, Xia ruofei rushed forward and grabbed the man's wrist. With a slight shake, the man immediately lost all feeling in his arm and let go of his hand. Xia ruofei snorted coldly and swung his arm. The Man in Black immediately took a few steps back. His arm drooped limply and there was a sharp pain in his joints. The black – clothed man's expression changed. He cried out in pain and asked, "You ... What did you do to me?" Xia ruofei didn't even look at the burly Man in Black. Instead, he turned to Niu Yusheng and asked with concern, "Uncle Niu, are you alright?" "I'm fine ..." Niu Yusheng replied while rubbing his neck. Xia ruofei furrowed his brows and asked, "who are these people?" Why did they come to your shop to make trouble?" Niu Yusheng's eyes were filled with anger as he said, "This is a group of hoodlums! They're here to find my father – in – Law!" The burly Man in Black saw that he was being ignored by Xia ruofei and was already fuming with anger. In addition, Niu Yusheng called them hoodlums and scoundrels. He couldn't help but glare at Xia ruofei and shouted fiercely, "Old man, be careful with your words! Believe it or not, I'll bring my men and smash this little shop of yours tomorrow!" This black – clothed burly man was aggressive, but one of his arms hung limply by his side, which made him look less imposing and instead looked a little comical. Seeing this, song Rui picked his nose and said, "You're so fierce even when your hand is dislocated, you're really big – hearted!" Xia ruofei coldly glanced at the Man in Black and his men. He took two steps forward and said, "If you don't want your other hand to be crippled, then get lost immediately!" The black – clothed man snorted and said, "Little brat, I don't see your face. You must be a foreigner! It's best not to meddle in some other people's business, or else you'll get into trouble!" Xia ruofei's face revealed a mocking smile. He crossed his arms in front of his chest and asked, "Oh? Then can you teach me what I should do?" Song Rui also stood beside Xia ruofei with a smile on his face, as if he was watching a good show. Although this kid's combat strength was weak, he was not nervous at all. He had personally seen Xia ruofei challenge ten Scouts and easily win, so he knew that these three to five hooligans in front of him were not enough to deal with Xia ruofei. The big man in Black said proudly, "kid, you listen clearly. We are brother de's people. If you don't want your body to be exposed in the wilderness tomorrow, you'd better kneel down and apologize to me now. Then, compensate me with 50000 Yuan for medical expenses. Then, this matter will be over. Otherwise ... Hmph!" Xia ruofei and song Rui looked at each other and laughed. Xia ruofei pretended to be surprised and said, "So you're brother de's man!" "Hmph Hmph! Are you afraid now?" The Man in Black said, "if you're afraid, kneel down! Obediently pay for my medical expenses!" After saying that, the Man in Black said to his underling proudly, "See? As long as you mention brother de's name, no one will not be afraid!" The three or four underlings also nodded and held their heads high. It was as if they also felt honored because of their relationship with brother de. Xia ruofei and song Rui couldn't help but laugh. "What are you laughing at?" the black – robed man asked with a dark expression. "Who is brother de after all this talk?" Xia ruofei laughed and said, "I don't even know if he looks like a pig or a monkey. Why should I be afraid of him? I even have to kneel down and apologize to you, and compensate you with 50000 Yuan? I

think your brain was either kicked by a donkey or caught by the door!" "It must have been caught in the door!" Song Rui chimed in and laughed. "Where do you get donkeys from in the South?" "That makes sense ..." The black – clothed man's expression became extremely unsightly. He gritted his teeth and said, ""Kid, are you playing with me?" "Yeah! "I'm just toying with you ..." Xia ruofei looked at the man in Black and said sincerely. "Motherf * cker!" The Man in Black was furious. He waved his hand that had not dislocated and shouted, "brothers, beat him to death! If something happens, brother de will cover for you!" The burly Man in Black had a total of four underlings with him. Then, he took a steel pipe from one of his underlings and 'went to battle with injuries'. A total of five people rushed towards Xia ruofei. Seeing this, Niu Yusheng's expression changed drastically. This 60 – year – old man subconsciously picked up a bench in the shop and was about to rush over to help. Song Rui quickly pulled Niu Yusheng back and said in a relaxed manner, ""Uncle Niu, quickly put it down! They're just a few small fries, not even enough for RUO Fei to take care of!" "This ... Will he be able to do it?" Niu Yusheng clearly didn't quite believe it. Xia ruofei didn't look very strong, especially after absorbing the petals of the strange flower and practicing the strange posture demonstrated by the little golden man in the stone tablet. His body had discharged a lot of impurities and he looked even whiter and purer, a little like a weak scholar. No matter how Niu Yusheng looked at Xia ruofei, he didn't seem like the kind of person who could fight. "Uncle Niu, you can just remove the 'mo'!" Song Rui said with a smile. As the two of them spoke, Xia ruofei's expression turned cold and he took the initiative to welcome them. The Man in Black who was at the forefront felt his vision blur and Xia ruofei's figure disappeared from his sight. Then, he heard a loud crack. He felt a sharp pain in his intact left arm and the steel pipe fell to the ground with a clang. Then, he found that he had lost feeling in his left arm. Then, the Man in Black heard screams one after another. When he came back to his senses, his four underlings were already lying on the ground and wailing. He was the only one standing, but his two hands hung limply by his side. He looked rather comical, just like a servant in the Qing court. Xia ruofei looked at the man in Black indifferently and took a step towards him. The Man in Black was so scared that his face turned green, and he couldn't help but kneel on the ground ...

Chapter 286: fleeing in defeat (1)

"Brother, don't come over ... I was wrong, I was wrong ... Please spare me!" The black – clothed man's face was ashen as he repeatedly begged for mercy. "Who's your brother?" Xia ruofei asked coldly. "Big brother! You're the Big Brother!" The Man in Black hurriedly changed his words, "big brother, please let me go! I don't dare to do it again ..." Xia ruofei's eyes flashed with disdain. He asked, ""Tell me, why are you looking for Mr. Li Zhifu?" "Big brother, it's brother de who wants to cooperate with that old man ... Oh, no, no, no, with Mr. Li Zhifu. Brother de wants to invite Mr. Li to be the technical consultant of our Yuanshan tea factory ..." The Man in Black quickly said. "Oh?" Xia ruofei pursed his lips and said, "then your way of inviting people is really unique!" "Big brother, I was wrong!" The Man in Black said with a long face. But I'm only following orders! Old Mr. Li was unwilling to cooperate, so brother de asked me to bring some people to scare him ... We really didn't want to hurt old Mr. Li! Brother de also said that if old Mr. Li is willing to come out of the mountain, he will give him an annual salary of 100000 Yuan!" Xia ruofei's face turned cold and said, ""You didn't want to hurt old Mr. Li? Then what's with the wound on his head?" Not only did elder song find out that li Zhifu's injury had a hidden story, Xia ruofei also saw it clearly. Combined with the fact that these hooligans had come to threaten him, it was easy to analyze that li Zhifu's injury was definitely related to these people. "I really don't know about this, big brother!" The black – clothed man quickly replied. The night before yesterday, brother de asked us to warn this

family. We ... We only broke a piece of glass in his house and did nothing else!" Xia ruofei stared coldly at the Man in Black. The Man in Black did not even dare to breathe. He lowered his head and no longer had the arrogance he had earlier. After a long while, Xia ruofei said calmly, "Get lost! Tell your brother de that if he doesn't want to die, he better restrain himself. If he dares to harass old Mr. Li again, he will regret being born into this world." "Yes, yes, yes ..." The Man in Black said. Only then did he dare to stand up from the ground. However, because both of his arms were dislocated, it was hard to maintain his balance, so his entire body swayed. The burly Man in Black called out to a few of his underlings to help each other and left in a sorry state. Xia ruofei walked back and asked, "Uncle Niu, have these people been harassing old Mr. Li for a long time?" "It's been a while. At first, they didn't know that the old man lived here and even went to the village to ask around. Later on, they found out and came to visit almost every day. In the beginning, brother de was more polite, but my old man refused to give in, so he began to call some little punks to threaten us ... The glass of our house was smashed the day before yesterday! The old man happened to be beside the window and was a little frightened. He even fell down ..." "Then why didn't he tell my grandfather about his injury?" song Rui asked curiously. "The old man is afraid of troubling song ... Bureau chief!" Niu Yusheng said. He had always been like this. He would rather carry everything on his own, afraid of causing trouble for others. Yesterday, he said that he wanted to move out! He said that those people had caused a ruckus and I couldn't do business here anymore! He's already over 90 years old, and he only has Guizhi as his only child. How can we be at ease and let him live outside?" "This old man ... He really has a character!" Song Rui said. Xia ruofei looked at song Rui and said, "Song Rui, didn't you say that you have a lot of friends on Mount Wu Yi? You have to help old Mr. Li solve this matter completely!" "No problem!" Song Rui said without thinking, "I'll contact my friend later. I guarantee that brother de will come to apologize tomorrow!" I won't dare to harass old Mr. Li anymore!" "Then, thank you!" Niu Yusheng said, "but ... Don't tell the old master that I was the one who told him about this! Otherwise, he's going to nag at me again!" Niu Yusheng was also an old man in his sixties, but he still respected and feared his father – in – Law. It could be seen that li Zhifu's daughter and son – in – Law were quite filial. The three of them talked as they walked into the shop, and Niu Yusheng pulled down the curtain Door. In the beginning, the burly Man in Black didn't even dare to turn his head and ran forward with all his might. After running for some distance, he slowly stopped and gathered his courage to turn around. Seeing that Niu Yusheng's electrical appliance repair shop had already closed, his eyes revealed a bit of resentment and hatred. He gritted his teeth and said, "Brat, you're dead! You even dare to hit brother de's people, just wait to suffer brother de's anger!" Then, the Man in Black said to his lackeys, "Let's go! Go to brother de!" "Boss, don't you want to go to the hospital to check your arm first?" one of the lackeys asked. "Idiot! Is brother de's matter more important than my injury?" The Man in Black cursed, "why aren't you getting the car?" "Ah? I ... I'll go?" The underling's entire body trembled as he spoke. Their car was parked next to Niu Yusheng's electrical repair shop. The underling couldn't help but feel scared when he thought about going back to drive his car. "Nonsense! If you don't go, I'll go." The Man in Black said angrily, "can I still drive like this?" After saying that, the Man in Black raised his foot and was about to kick him. The younger brother quickly shouted, "Boss, I'll go, I'll go ..." Then, he carefully walked back and quickly got his car. The underlings helped the Man in Black into the car, and the car left yangdun town. When Xia ruofei and the others went upstairs, elder song and Li Zhifu were chatting and drinking tea. The two of them laughed happily from time to time. Seeing Xia ruofei, elder song asked, "Little Xia, you've settled it?" "Mm! Chief, it was just a few hooligans who caused trouble and I chased them away!" Xia ruofei said with a smile. Eccentric song nodded and smiled. "Let's sit down and have tea together! Brother Fu's tea is really good! It's even

better than those specially supplied tea leaves!" "Little song, if you like it, you can take some with you!" Li Zhifu said with a smile. "Alright! Brother Fu, then I won't be polite with you!" Elder song said happily. "Hey! What's there to be polite about our home – made tea!" Li Zhifu said. Xia ruofei and song Rui also sat down and drank tea. One had to admit that li Zhifu's tea – making skills were superb. Even Xia ruofei, who didn't know much about tea, could clearly feel the difference from the tea he had drunk before. Perhaps he couldn't understand the "rock charm" that li Zhifu mentioned, but he could taste the unique taste of this Da Hong Pao. Everyone drank tea and chatted. Soon, the sky gradually darkened. Li Zhifu called Li Guizhi to prepare dinner. Then, he smiled and said, "Little song, we haven't seen each other for so many years. Why don't you stay for a meal?" Eccentric song didn't decline politely and said with a smile, "Alright!" Then, he asked manager Lu to call Xu Wu and Huang Fang to inform them that he would not be returning to the hotel for dinner. Just as everyone was having a good chat, the big man in Black and a few of his underlings drove back to the Yuanshan tea factory in the suburbs. As soon as he got out of the car, the Man in Black rushed into the general manager's office of the tea factory and cried, "Brother de, you ... You have to make the decision for me!"

Chapter 287: mobilizing a large force to condemn someone (1)

A middle – aged man in his early forties was sitting behind the large desk in the general manager's office. His figure was a little thin, and his high cheekbones had a pair of small eyes that revealed a trace of shadow. He was wearing a beige Tang suit and was rubbing two walnuts in his hands, looking quite sanctimonious. This middle – aged man was the "brother de" that the burly Man in Black had mentioned. Brother de's full name was Wu De. He had only started his tea business in recent years. Previously, he started from scratch as a street gangster. He had accumulated a lot of wealth by relying on swindling and cheating. He also had a group of underlings under him. Therefore, although Wu De was new to the tea business, he relied on some unconventional means to suppress his competitors, and his business quickly flourished. With money, Wu De could naturally raise more thugs. Gradually, his reputation in the suburbs and several tea – producing towns became more and more famous. Many people couldn't help but be afraid when they mentioned "brother de." Even if some children in their families were disobedient, they would scare them and say, "if you don't be obedient, brother de will take you away." Wu De also became more and more arrogant. This year, when Wu De heard of li Zhifu's fame in the tea – making industry, he had the idea of inviting li Zhifu to his tea factory to guide the tea – making process. Of course, Wu De's intention was to make use of li Zhifu's craftsmanship and reputation to occupy a place in the high – end tea market. He had thought that li Zhifu would not refuse his high salary of one hundred thousand Yuan and his famous name as "brother de". He didn't expect li Zhifu to be as stinky and hard as a stone in a latrine pit. He tried to persuade li Zhifu in any way possible, but it didn't work at all. He was determined not to come out of the mountain. Wu De had his own way of doing things, and he believed that his way of doing things would be effective wherever he went. Therefore, he continued to send those punks to threaten and harass them. Today, he had just fought 300 rounds with the voluptuous female secretary in the office. When he was sitting in the chair and reminiscing about the taste of ecstasy, the black – shirted man rushed in, which made him feel a little unlucky. "Get out, knock on the door!" Wu De said with a frown. The Man in Black trembled and quickly said, "Swish!" He turned around and took two steps out, then turned back and said with a sad face, "Brother de, I ... I can't knock on the door like this!" Only now did Wu De notice that the two arms of the big man in Black were dislocated. His eyes revealed a sharp light as he asked, "What's going on?" The Man in Black quickly told him what had happened that day. He inevitably added some

embellishments, especially Xia ruofei's disdain for brother de. Wu De's face grew gloomier and gloomier as he listened. In the end, he asked indifferently, "Do you know who this person is?" "I'm not sure ... Brother de, he looks unfamiliar, and his accent is different from ours. He should be a foreigner!" The Man in Black said, "he came out of old Niu's shop. I guess he might be a relative of his ..." Wu De's eyes were filled with anger. He gritted his teeth and said, "This kid is quite bold! You even dare to hit my, Wu De 's, underling! Hmph! I'd like to see how he'll make me regret being born into this world!" After that, Wu De stood up and threw two walnuts into the drawer. He said, "Go! Come with me to meet this little brat!" Wu De walked out and then quickly stopped. He frowned and looked at the black – clothed man and said, "Forget it, you'd better not go. Help me gather all the people I can find, and then you can go to the hospital to check your arm!" "Good, good, good! Brother de, I'll go get people now!" The black – clothed man quickly said. Wu De nodded with a gloomy expression. Yangdun town. Li Zhifu's family, elder Song, Xia ruofei, song Rui, and manager Lu were sitting around the dining table. They were eating and chatting. The atmosphere was very harmonious. The dishes were all home – cooked dishes from the countryside. Since elder song had a serious liver disease before, they didn't drink. However, elder song and Li Zhifu were reunited after a long time, so they were in a good mood. Everything they ate was delicious. While they were eating, Xia ruofei curiously asked Li Zhifu about Da Hong Pao. He was especially interested in the six mother trees. This was because Xia ruofei was still thinking about whether he could take advantage of this trip to Mount Wu Yi to obtain a few stalks of the six mother trees and plant tea trees in his interspace. Xia ruofei believed that as long as he had the ear – planting technique, he would definitely be able to successfully breed tea trees in the unique environment of the spirit map. Furthermore, once the cutting was successful, the tea trees in the interspace would not only be the first generation of the Da Hong Pao mother tree's products from cutting. The spirit Qi in the interspace was extremely rich, and the environment was suitable for the growth of almost all plants. Therefore, in theory, Xia ruofei could even cultivate tea trees of higher quality than the Da Hong Pao mother tree. With this thought in mind, Xia ruofei was naturally very concerned about the six mother trees, Da Hong Pao. After chatting with Li Zhifu for a while, Xia ruofei had obtained a lot of information about the six mother trees, Da Hong Pao. For example, after 2007, the mother tree Da Hong Pao stopped harvesting, and there were professional organizations that maintained the environment around these six Da Hong Pao trees. In addition, the parent tree, Da Hong Pao, was managed by the Wuyishan City's tea Bureau, which was also an uncommon branch, and had been upgraded from the previous tea Bureau. From this, it could be seen how much importance the local government placed on the six Da Hong Pao parent trees. The Wuyishan City government had even bought a huge amount of insurance for the parent trees. Just as everyone was eating and chatting, the sound of banging came from the first floor's shutter door again. It was mixed with the sound of shouting and scolding. When they heard it, they knew it was not something good. Elder song put down his chopsticks and frowned. "What's going on? She couldn't even have a peaceful meal with brother Fu! Why is the security in this place so bad?" "Chief, do you want me to call the relevant leaders in the southeast province?" manager Lu asked immediately. The public security in this town is really outrageous!" Elder song waved his hand. "Forget it, forget it. If you're not in your position, you shouldn't meddle in politics. Besides, there's no need to call the provincial leader for such a small matter!" "Okay ..." Manager Lu said. Song Rui stood up and volunteered, "Grandpa, I'll go down and take a look! This bunch of grandsons just need to be taught a lesson, I'll just teach them a lesson ..." "Xiao Rui, it's good for you to go and take a look first!" Elder song said, "but you must be careful!" "Alright! Don't worry, you can!" Song Rui said with confidence. Then, he got up and went downstairs. There happened to be a window on the side of the stairs facing the street.

When song Rui passed by, he inadvertently glanced out of the window and was stunned. He rubbed his eyes, opened the window and stuck his head out to take another look. He was so scared that he immediately shrank back. Song Rui's face was slightly pale. He looked at Xia ruofei and asked, "Ruofei...ERM...Can you go down with me?"

Chapter 288: Gunshots in the small town (1)

Xia ruofei saw that song Rui's face had turned pale and couldn't help but laugh. "Yo! What's wrong?" As he spoke, he stood up and walked to the window to take a look. He immediately frowned, and his eyes revealed a sharp light. He saw that there were more than a hundred Men in Black on the street, surrounding the door of the shop. These people were holding steel pipes and even machetes in their hands. They all looked fierce, and several of them were smashing the rolled – up Curtain Door downstairs with steel pipes. Xia ruofei's expression changed. "Chief, there are a lot of people outside. The situation is a little complicated. For your safety, I suggest you evacuate first!" "Uncle Niu, do you have a back door here?" Xia ruofei asked immediately. "Yes, yes, yes!" Niu Yusheng hurriedly said, "young man, quickly escort the Bureau chief out from the back door!" Unexpectedly, eccentric song snorted and said, "I'm not leaving!" "Chief!" "Grandpa!" Xia ruofei, song Rui, and manager Lu couldn't help but shout. "Xiao Xia, I can't leave!" Elder song said calmly. We're leaving, what about brother Fu?" "Then let's go together!" Xia ruofei made a prompt decision. "We'll settle the score with them later!" At this moment, Li Guizhi came up the stairs with a pale face. "The back door is also blocked! We're surrounded by people now, we can't get out ..." Xia ruofei's expression turned ugly. If it was just him, he would be able to escape safely even if there were twice the number of people. However, there were two old men and song Rui and the others. Other than himself, they had no other combat power. There were more than a hundred people outside, armed with weapons. No matter how good Xia ruofei was, he couldn't fight against so many people. If a conflict broke out, it would be difficult for him to protect elder song in such a chaotic situation. The sound of knocking on the door was getting louder and louder. Xia ruofei knew that the rolling curtain Door would not last long. He pondered for a moment and made a prompt decision, "Go! Everyone, go downstairs!" The group of people followed Xia ruofei to the shop on the first floor. Xia ruofei took a look and realized that the back door was made of metal and looked quite secure. Moreover, those people were mainly focused on the front door, and there were only a few people guarding the back door. There was no movement at the back door. Hence, Xia ruofei said, "uncle Niu, you and Xiao Rui will guard the back door. If anything happens, you must inform me immediately. If they really want to smash the door, you must try your best to block them!" "Alright, don't worry!" Niu Yusheng said. Niu Yusheng and song Rui stood guard at the back door while Xia ruofei brought elder Song, Li Zhifu, manager Lu, and Li Guizhi to the shop. Xia ruofei asked Li Guizhi to find a stool for the two old men to sit down. Elder song and Li Zhifu still looked very calm. The two old men seemed to have the spirit of not changing their expressions even if Mount Tai collapsed in front of them. Of course, as a man who had been through mountains of corpses and seas of blood all his life, he wasn't afraid of such a small battle. Li Zhifu's life was full of ups and downs. He had also experienced the era of bandits. At his age, he was naturally not timid. Xia ruofei asked Li Guizhi to take care of the two elders and then said to manager Lu, "Manager Lu, immediately call Xu Wu and Huang Fang and ask them to come over for reinforcements. Also, immediately inform the local government! This group of people is really lawless. I don't think this matter can be settled peacefully today!" Manager Lu's face was also livid. He didn't expect that someone in the local area would be so rampant. They didn't care about the law at all. He looked at elder song and saw that elder song had no intention to object. He immediately said, "Alright!

I'll make the call immediately!" After Xia ruofei was done with the arrangements, he walked to the shop's rolled – up Curtain Door. He knew that hiding in here was not a good idea. This group of people was extremely daring. Now that they had already started to smash the door, they would break in sooner or later. Elder song looked at Xia ruofei and said, ""Little Xia, be careful!" Xia ruofei turned around and smiled. ""Don't worry, chief!" A cold light flashed in Xia ruofei's eyes as he finished speaking. He skillfully pulled out a Type 92 pistol from the holster under his arm, loaded the bullet with a click, and strode towards the store. This bunch of lawless people dared to surround one of the core members of the organization, elder song. Even if they killed a few of them, it would be for nothing. Just then, Xia ruofei heard the commotion outside getting louder. "Brat, hurry up and obediently come out on your own!" "We won't be so polite when we smash the door open!" "Those who dare to hit brother de's people are really looking for death in the toilet!" Xia ruofei said lazily, "what are you shouting for?" It called for his soul! Your Grandpa is coming out!" Xia ruofei unlocked the door on the roller shutter and dashed out. He then quickly locked the door again. Li Zhifu watched as Xia ruofei rushed out alone. He couldn't help but worry, ""Little song, this young man ..." "Brother Fu, don't worry!" Elder song smiled calmly. He'll be fine!" Manager Lu walked over and said respectfully, ""Chief, I've already contacted the relevant responsible comrades in the southeast province. The local government of Mount Wuyi should be making an emergency response immediately. In addition, Xu Wu and Huang Fang are also rushing over as soon as possible!" Elder song nodded slightly, indicating that he understood. Outside. Xia ruofei walked out of the shop and saw that the street was filled with big Men in Black suits, all looking at him fiercely. In the middle was a middle – aged man in a rice – colored Tang suit. He was like a moon surrounded by stars. One look and you could tell that he was the leader of this group. This middle – aged man was Wu De. When he saw Xia ruofei coming out of the shop, he squinted at him and asked, ""Is it him?" Beside Wu De stood a Lackey with a bloody nose and a swollen face. He was one of the hooligans that Xia ruofei had taught a lesson to in the afternoon. He immediately said, "brother de, it's him!" He's the one who hit us!" Wu De's eyes flashed fiercely. He raised the cigar in his hand and pointed at Xia ruofei. He said lightly, ""Break both his hands first!" "Yes!" The black – robed men responded loudly. Then, more than a dozen people grabbed steel pipes and looked at Xia ruofei with ill intentions. They surrounded him step by step. Xia ruofei's face revealed a mocking smile. He slowly raised his hand and raised the gun. He said in a relaxed manner, ""If you're not afraid of death, then come up and try." The Men in Black then saw that Xia ruofei had a gun in his hand. They were so scared that they stopped in their tracks and looked hesitant. Wu De could not help but raise his eyebrows and stare at the gun in Xia ruofei's hand. After a moment, he revealed a mocking smile. ""Little friend, you can't possibly think that you can scare people with a toy gun, right? Do you really think we're scared of you?" Wu De's underlings also came back to their senses and ridiculed him one after another. "It's a toy gun! Fortunately, brother de's eyes are sharp!" "You don't say, this toy gun is quite realistic!" "Hehe, it's a pity that this kid met brother de. Ordinary people might really be intimidated by him!" When the Men in Black heard this, they felt relieved. They thought it was impossible. Gun control in China was very strict. How could this young man take out a gun so easily? Unless he was a Desperado, but even so, he wouldn't dare to pull out a gun in public! Thinking of this, the Men in Black flew into a rage out of humiliation. They felt embarrassed that they had been intimidated by Xia ruofei's "toy gun". They greeted him and quickened their pace. Some even raised the steel pipes in their hands, wanting to teach Xia ruofei a lesson. Pa! A clear gunshot was heard. Then, with a clang, a steel pipe fell to the ground, and a terrifying bloody hole appeared on the knee of one of the black – shirted men. At such a close range, the kneecaps of the Man in Black were shattered, and he fell to the ground from the impact. A moment later, the intense pain was transmitted

to his brain through his nerves. He let out a heart – wrenching scream and rolled on the ground while holding his already crippled leg. Xia ruofei's expression was still calm. Wu De and the others were shocked to see that the barrel of the type 92 pistol in Xia ruofei's hand was emitting a faint green smoke. The scene suddenly became deathly silent ...

Chapter 289: One person holding the field (1)

Except for the black – shirted man who was shot, everyone else was silent. Xia ruofei took control of the situation with a shot without hesitation. A cold smile hung on the corner of his mouth as he slowly raised his hand again. The black muzzle of the gun was pointed at Wu De, who was in the crowd. This guy was wearing a beige Tang suit, and he was too obvious a target among a group of black – clothed men. Wu De was so scared that he quickly hid behind his two underlings and shouted, "Don't mess around! You have to pay with your life for killing someone!" The two underlings' faces turned green. They were also afraid of death! How could they not be afraid when they had to face the dark muzzles of the guns and act as shields for their boss? However, the two of them did not dare to move away because they knew how ruthless brother de was. If they moved away at this time, they would definitely be tortured by brother de after this matter was over. The two men's faces were as pale as paper. They looked at Xia ruofei with trembling bodies and pleading expressions. Xia ruofei sneered, "a life for a life?" This old man has killed many people, but no one has ever made me pay with my life!" Xia ruofei was telling the truth. In his seven years in the military, he had killed many people. However, most of them were drug dealers or terrorists who deserved to die. However, to Wu De, these words had another meaning. This kid was really a Desperado! This thought emerged in Wu De's mind at the first moment. He cursed in his heart, why am I so unlucky? How did that old man Li know such a ruthless person?! Old man Li has no background at all. His relatives and friends are all ordinary people! Where did this kid come from? At this time, Xia ruofei's hand that was holding the gun moved slightly. Once the gun was pointed at the Men in Black, they immediately dodged to the side in fear. In an instant, these Men in Black felt threatened and wanted to turn around and run. Xia ruofei said indifferently, "back off, all of you. Why are you surrounding his shop?" As soon as Xia ruofei finished speaking, the group of men in Black immediately retreated far away. However, without Wu De's order, they did not dare to escape. Wu De had several underlings as meat shields, and his heart was a little more at ease. "Brother, we don't mean to offend you. We just want to ask old Mr. Li to cooperate with us ..." He shouted at the top of his voice. Xia ruofei pointed at the deformed rolling curtain Door behind him and sneered. "Is this how you invite people to cooperate?" Then, Xia ruofei picked his nose and said leisurely, "I think I heard someone say that the person who beat up his little brother should come out and die! I'm the one who beat him up, and now that I'm out, I'm ready to die!" Wu De's face alternated between red and white. He felt extremely embarrassed. He gritted his teeth and shouted, "brother, we're all from the underworld. Tell me your name!" Maybe we have some history!" Xia ruofei laughed, "from the underworld?" That Dao? Is it Jianguo Avenue or Red Star Avenue?" Wu De snorted coldly and said, "a straightforward person doesn't resort to insinuations. Today, I, Wu De, have failed to recognize Mount Tai. What do you want, brother? just lay out the rules!" "I don't want anything!" Xia ruofei smiled innocently and said, "I just heard someone bragging that there's a super cool brother de here. I really want to get to know him!" "I'm Wu De! Friends in the underworld, please give me some face and call me brother de!" Wu De said, "brother, do you have any advice for me?" "Why am I the one looking for you? Didn't you bring your men here to teach me a lesson?" Xia ruofei said calmly, "brother de, you're so awesome. Why don't you come out and have a fight with me?" I promise I won't use a gun!" Wu De's

expression turned even uglier. The gun in Xia ruofei's hand was extremely glaring to him. As long as the gun was in Xia ruofei's hand, he would not dare to go out! If Xia ruofei was a hothead, wouldn't he be dead if he shot him? Bullets don't have eyes! Wu De had been in society for so many years, and it was not easy for him to have his current wealth and status. Naturally, he cherished his life more and more. "Brother, since you don't have any advice, we'll go back." Wu De said with a cold face, "we admit defeat for today's matter! I won't bother old Mister Li anymore." "Let's go!" Wu De waved his hand and said. At this moment, Xia ruofei said indifferently, "Did I let you go?" Although his voice was very calm, it carried a cold killing intent, causing the hearts of the Men in Black to tremble. Wu De's heart also inexplicably palpitated. He was even more certain that this young man in front of him was a Desperado. Only people whose hands had been stained with blood would have this kind of murderous aura. Wu De gritted his teeth, turned his head and said, "brother, I advise you not to go too far!" Leave a line in your work, and we'll meet in the future!" "I'm not glass! I have no interest in meeting you!" Xia ruofei said, "since you're here today, don't leave! Just stay here obediently!" Wu De's expression changed drastically, and his voice turned cold. He said, "Brother, don't tell me you think you're invincible just because you have a gun in your hand! I have more than a hundred brothers here! Don't tell me you have an endless supply of bullets?" Wu De's threat was very obvious. He meant that if Xia ruofei continued to force him, he would have to fight to the death. If it really came to that, with more than a hundred people rushing at him at the same time, even if Xia ruofei hit every single one of them, he would not be able to hit many of them. After all, there was a limit to the number of bullets. However, Xia ruofei's expression did not change. He still had a relaxed smile on his face and said, "You can try!" "What do you want?" Wu De asked angrily. "Are your ears covered in shit?" Xia ruofei said rudely, "I want all of you to stay where you are. Whoever dares to move, my bullets have no eyes!" "You ..." Wu De's eyes were filled with smoke. "I advise you to stop while you're ahead!" It looks like you've taken a few lives. If the police call you, I'm afraid you won't be able to handle it, right?" "You don't have to worry about this!" Xia ruofei said indifferently. In fact, Xia ruofei was still worried. If so many people rushed over recklessly, he would not be able to control the situation and elder song might be in danger. However, he, who had a strong psychological quality, still showed a relaxed and casual expression. Wu De could not see it at all. However, Wu De's casual remark just now reminded him of something. He immediately gave a look to one of his underlings next to him and made a phone call gesture with his hand. The underling immediately nodded slightly in understanding. Under the cover of the Men in Black, the underling quietly took out his phone and dialed 110. At the same time, the atmosphere in Songping city and the city of Wuyishan City became extremely tense because of what had happened in this remote town ...

Chapter 290: shock from all sides (1)

Manager Lu's phone call was directly to the relevant leaders of the southeast province. The news that elder song went to Mount Wuyi in plain clothes and was surrounded by more than a hundred hooligans in yangdun town caused a thousand ripples. Secretary Lin of the southeast Provincial Party Committee had personally instructed the Songping and WYS municipal governments to immediately activate the emergency mechanism to deal with the situation, ensure the personal safety of the chief, and punish the rioters. At the same time, the political and law secretary personally led the team from the Provincial Party Committee to rush to Songping city with the relevant comrades from the provincial Public Security Department. Of course, the people in the province were far away, so they had to deal with the follow-up matters. What was really getting nervous was that Songping city and WYS city's Mount Wuyi was a County – Level city that was under the jurisdiction of the prefecture – Level city, Songping. The order

reached WYS city in the shortest time possible, and the only city that had the time to deal with it was the first – tier city. When du Xiaohai, a member of the Standing Committee of the Songping Municipal Party Committee and the Secretary of the WYS Municipal Party Committee, got the news, he was also shocked. As a world – famous tourist city, Mount Wuyi had many opportunities to receive leaders of various levels. However, leaders at elder song’s level were still very rare, especially when this former core Big Shot had come to Mount Wuyi without any notice. What was even more ridiculous was that he was now surrounded by more than 100 gangsters in a small town. Du Xiaohai broke out in a cold sweat in an instant. This was a real feeling of coldness from head to toe. His first thought was that his prospering official career would come to an end today. As the first person in charge, he couldn’t absolve himself from the blame for such a big incident. However, du Xiaohai was the first to calm down. He knew that his top priority was to deal with the emergency. If he delayed any more time and caused elder song to be hurt, he was afraid that it would not be as simple as ending his political life. He might even have to be put in jail. Du Xiaohai, who quickly calmed down, began to issue a series of orders. He didn’t have time to hold any meeting, nor did he have time to communicate with the leaders of the branch. He directly passed the order to the specific unit. The Public Security Bureau quickly took action, and a large number of police forces were dispatched urgently. Du Xiaohai considered the fact that there were so many hooligans surrounding elder song, and the police force of the Public Security Bureau must be severely lacking. Therefore, he immediately asked for help from the local Garrison. WYS city didn’t have any other Garrison troops. It was just a regular County – Level armed police Squadron and fire Brigade. The armed police Squadron was led by two people. Therefore, after du Xiaohai’s call, the entire Squadron immediately assembled. Everyone quickly collected their equipment. Soon, armed police soldiers boarded the trucks and rushed in the direction of yangdun town. The leaders of the southeast province and Songping city were all on their way to Wuyi Mountain, but du Xiaohai couldn’t care less about welcoming and sending them off. He followed the first batch of Public Security Bureau vehicles and rushed to yangdun town. In fact, there was another group of people who had arrived in yangdun town earlier. They were the security team led by Xu Wu and Huang Fang. Manager Lu called the leaders of the southeast province. The order was passed down layer by layer, so it would take some time. Xu Wu and the others received the call directly and immediately rushed over. Therefore, Xu Wu and Huang Fang were ahead of the armed police and public security Bureau. On the way, Xu Wu and the others were burning with anxiety, but Xia ruofei was still calm and composed in yangdun town. As for that Wu De, he had also calmed down at this time, and stood in place with a sullen face. Because under Wu De’s instructions, the underling had secretly taken out his mobile phone to call the police, and said that someone with a gun wound was likely to be on the run. The control of guns in China was extremely strict, and the police would definitely pay special attention to gun – related cases. Wu De could foresee that a large number of police officers would arrive at the scene soon. He said hatefully in his heart, “kid, aren’t you very powerful? Let’s see how you’re going to act when the police come later! The two sides were in a stalemate for more than ten minutes. The roar of an engine came from the old Street of the small town, and two black Mercedes – Benz sped over. Xu Wu and Huang Fang’s expressions changed drastically when they saw so many Men in Black surrounding elder song’s small shop. They immediately drove towards the men. The Men in Black were so scared that they dodged to the sides, leaving a passage. The Mercedes – Benz drove straight to the entrance of the electrical appliance repair shop before stopping. Xu Wu and the others quickly got out of the car. When he saw Xia ruofei holding a gun and guarding the door of the store, he was slightly relieved. When Xia ruofei saw Xu Wu and the others, he grinned and said, “”You’re quite fast! Not bad, not bad, your emergency response is pretty good!”

How could Xu Wu still be in the mood to joke? "Ruofei, is the chief alright?" he asked anxiously. "In the house!" Xia ruofei said casually, "supervisor Huang, take your men inside to protect the chief! Staff officer Xu and I will be enough!" "Alright!" Huang Fang hurriedly replied. He and his security guards opened the small door on the curtain Door and entered the shop. Then, Xia ruofei said to Xu Wu, "Xu Can, keep a close eye on him! Don't let those bastards get away!" Seeing this, Xu Wu also took out his gun and glanced at the hooligans, then asked, "What's going on? What are these people doing?" "They're just a motley crew!" Xia ruofei looked at them contemptuously and said, "I think he's the local tyrant here, called brother de or something. He wanted to ask old Mr. Li to be a technical consultant for their tea factory. After he was rejected, he came here every day to threaten and scare him. Today, a few more came and I taught them a lesson and chased them away. I didn't expect them to be so bold. They directly pulled a few truckloads of people over and blocked the shop!" "F * ck! This is too lawless!" Xu Wu was also dumbfounded. "Isn't that so?" Xia ruofei said, "it was an emergency. I shot them immediately. Otherwise, I wouldn't have been able to stop them!" Then, Xia ruofei laughed evilly and said, "Xu Can, when we get back, you'll have to write the report on the use of guns!" I don't care about these things ... When they used guns during the mission, they had to write a report, including the time, place, reason, what equipment was used, how many bullets were fired, what the consequences were, etc. All of it had to be clearly explained, and all the shells had to be collected for inspection. Naturally, Xu Wu did not care about this. If Xia ruofei had not been so fearless, he would not have been able to bear the consequences if anything happened to elder song. In comparison, what was the point of writing a report? On the other side, when Wu De saw Xu Wu and the others rushing over, his expression became even more uncertain. The other side's support was definitely extremely disadvantageous for their side, especially when Xu Wu also took out his pistol. Wu De's heart sank. Moreover, although Xia ruofei was a little far away from them and he could not hear the conversation between Xia ruofei and Xu Wu very clearly, he could vaguely hear the words "chief" and so on. This made Wu De start to feel a little suspicious. Wu De, who had originally been greatly relieved after reporting to the police, was now a little uneasy. He began to think of escaping. Wu De slowly moved back without a trace, but Xia ruofei noticed him immediately. Wu Decai had only taken three or four steps back when Xia ruofei raised his eyebrows and fired a shot without thinking. Pa! The crisp sound of a gunshot rang out. The bullet accurately passed through the gap between several big Men in Black and then pierced through Wu De's calf. Wu De let out a blood – curdling screech and fell forward to the ground. "Whoever dares to take one more step will end up like your awesome brother de." Xia ruofei said emotionlessly, "and ... I'm not a good marksman. I can't guarantee where I'll hit. I might accidentally hit the heart or the head. Don't blame me for not warning you!" "We wouldn't dare, we wouldn't dare ... We definitely won't move ..." "Big brother, please spare me!" When the little punks saw that brother de had been shot to death, they did not dare to resist or escape. One by one, they began to beg for mercy. Xia ruofei's expression was cold as he scanned these people over and over again with his gun. They were also as silent as cicadas in winter, not even daring to breathe loudly. More than a kilometer away from yangdun town, a convoy of public security and armed police dispatched by the city was also moving at lightning speed. When the gunshot was heard, du Xiaohai, the Secretary of the municipal government in car No. 1, couldn't help but change his expression. "Not good! They've already fired!"
