Chapter 2861 Salut_

Just by looking at Xia ruofei's movements, many people even thought that he was passing the ball.

But in fact, Xia ruofei's kick was quite powerful. After a "bang", the Herona players who formed a human wall subconsciously jumped with all their strength.

However, Xia ruofei's kick was not only fast, but also very high. The human wall did not play any role and the football flew directly over the human wall.

Shots from the outside of the instep often had a wide arc, so the Herona goalkeeper made a quick judgment in a flash. When the football appeared above the heads of the players who formed the human wall, he had already quickly pounced in the direction of the far post.

However, he did not expect the arc of Xia ruofei's shot to be so strange. At first, the football was indeed heading towards the far corner. If the arc was not too wide and it did not slide out, the trajectory should have led to the far corner. However, in the process of flying, the football swayed slightly due to the friction with the air and the arc was further widened ...

When the Herona goalkeeper pounced out, he saw the football first approach him quickly, then quickly draw an arc away from him, and rush in the direction of the near corner of the goal.

Herona's goalkeeper felt desperate. He had already lost his center of gravity and could not possibly pounce in the opposite direction.

In the process of landing, it was as if there were countless alpacas running in the mind of the gate general Heron. He gritted his teeth and thought, "This was the first time they had seen someone take such a long detour to get close to the corner! Are you showing off your footwork? 'Damn it ...

In fact, Xia ruofei's shot was very fast. The football only flew in the air for two seconds.

When the time shown on the big screen jumped to exactly 21 minutes, the football also whizzed into the net at the same time.

Boom ... Boom ...

The stands at elprat Stadium were in an uproar.

All the Spanish fans stood up from their seats and applauded Xia ruofei excitedly.

After scoring the beautiful arc, Xia ruofei signaled to his teammates not to come up and celebrate.

He extended his index finger and pointed to the sky with both hands. Then, he ran to a huge tifo on the north side of the stands. He stood below the stands and saluted the tifo.

Xia ruofei's celebration made the Spanish fans even more excited. They applauded in Xia ruofei's direction and cheered loudly.

The fans in the stands were even more excited. Some of the young fans were constantly beating their chests, while others were waving the flags in their hands.

The El prate Stadium suddenly became a sea of joy.

The commentators, who were familiar with the history of the Spanish clubs, immediately reacted.

The Spain national television Channel 4's football commentator immediately said, "There is no doubt that Xia's goal was wonderful and worthy of the world's Mr. Bo! However, what I want to say is that this goal has a more important meaning. After Xia scored the goal, he immediately rejected his teammates' celebration. Instead, he pointed his hands to the sky and ran to the North stands ... I think the Spanish fans should know best what this means!"

After a short pause, the commentator immediately explained to the fans watching the game in front of the television, "Xia is paying respects to the late Captain of the Spanish team, Dani Halk! Therefore, he saluted Dani Halk's tifo in the North stands! Since Dani Halk's sudden death from a heart attack, there has been an additional tradition at El prate. In the 21st minute of every game, the fans in the stadium will spontaneously applaud to pay tribute to the late Captain of Espanyol, because Dani Halk's jersey number in Spain was number 21!"

"Xia scored this goal in exactly the 21st minute." The commentator continued, "so, it's obvious that he's taking this goal as a gift to Dani Halk! The Spanish fans in the stadium were obviously very touched. Through the close-up shots, we even saw that several female fans' eyes were red! Now, all the fans in the stadium are calling Xia's name. At this moment, he is the well-deserved King of this Stadium!"

On China's side, PP sports commentators Shen fangjian and Jia Tianning, who were in charge of the live broadcast, were also excited about the goal.

Moreover, the two football commentators already had enough understanding of the Spanish club. In Wu Lei's first game on behalf of the Spanish, in the 21st minute of the applause, Jia Tianning explained to the Chinese fans watching the live broadcast the reason for the applause of the Spanish fans.

So, when Xia ruofei made this celebratory gesture, Jia Tianning immediately said, "Xia ruofei is paying his respects to Dani hark! The fans were very touched. They chanted Xia ruofei and Dani Halk's names. It is not an exaggeration to say that Xia ruofei has become the Spaniards' new spiritual leader with this goal!"

Shen fangjian's observation was more detailed than the Spain commentator's. After all, there were only two Chinese players on the field, and their every move was closely watched by the Chinese commentator.

So, he immediately continued Jia Tianning's words, "I also noticed a detail. Before the free throw, Xia ruofei kept looking at the time on the scoreboard. He even used an excuse to reset the ball and wasted more than ten seconds. Then, he did not hesitate to shoot directly. The ball went into the goal at the 21st minute, without a second of deviation! Obviously, Xia ruofei had planned this!"

"I also noticed this detail!" Jia Tianning laughed. In fact, when Xia ruofei created this free kick, he had already taken a look at the time on the scoreboard. He clearly realized the special meaning of this time, so he deliberately controlled the time!"

"This fully shows Xia ruofei's confidence in his footwork!" Shen fangjian said, "he even thought about how to celebrate with such a long-ranged free kick before the penalty shot. It's terrible!"

“Other than his skills, I think Xia ruofei’s emotional intelligence is also very high!” Jia Tianning laughed and said, “I’m sure that after this goal, Xia ruofei will definitely be the most popular among the Spanish players. Also, since he’s a shareholder of the club, I think some of the local fans’ resistance to the Chinese capital – controlled club will be reduced a lot because of Xia ruofei’s goal and the celebration to pay tribute to Dani hark!”

“We can pay attention to the slow motion playback!” Shen fangjian said, “I’m not sure if the live broadcast team noticed these details. It would be a pity if Xia ruofei’s actions before the free throw were not cut into the replay of the goal ...”

“I’m sure our Spain counterparts won’t make such a mistake!” Jia Tianning laughed. Based on my experience of commentating La Liga matches for so many years, the Spain broadcasters are still very professional. ”

As they spoke, the television had already begun to replay the goal.

Jia Tianning’s guess was right. The Spain television broadcast did not miss out on the details before the free throw. They cut in the few times Xia ruofei looked at the big screen time, including the delay of more than ten seconds when Xia ruofei repositioned the ball. They also cut in the camera language. They even cut in the scene of the big screen time on the scoreboard from another fixed position, followed by Xia ruofei’s retreat, run – up, the free throw, and then naturally, the multi – Angle replay of the goal. Finally, it was the scene of Xia ruofei running to the stands with Dani hark tifo for a special celebration.

The replay edited the entire process of the goal and told the audience in camera language that Xia ruofei had already “planned” to pay respects to Dani hark before the free throw.

Chapter 2862 Complete collapse (1)

The fans watching the game in the stadium might not have noticed these details, but the staff in charge of the television broadcast keenly captured them and clearly told the audience through the camera language.

In addition, the commentators who saw the replay also realized that they had missed this detail when they explained, so they began to make up for it during the replay.

In this way, the fans watching the game in front of the TV would soon know.

At that moment, whether they were Spanish fans or not, they were all in awe of Xia ruofei’s operation. The Spanish fans were touched, while the neutral fans saw Xia ruofei’s absolute confidence before the free kick.

Before the free throw had even started, he had already calculated to let the ball enter the goal at the 21st minute. No one could compare to this!

This also reflected the stability of Xia ruofei’s footwork.

Through these three matches, the public had a rough picture of Xia ruofei: Exquisite footwork, wide field of vision, strong overall vision, excellent long shot ability ...

With all these advantages gathered in one person, he was simply born to play football! Using the slang of the crosstalk world, this was a gift from the Grandmaster!

If the football industry also had ancestors.

Xia ruofei's goal successfully set off a frenzy in El prlat Stadium. The fans were unwilling to sit down for a long time. They kept shouting Xia ruofei's name, and many fans even made worshiping actions.

It seemed to have announced the birth of a new king at the elprat Stadium.

Ruby was also very excited on the sidelines. When Xia ruofei was ready to take the free kick, he had already stood up and walked to the side of the field.

When Xia ruofei's shot accurately hit the goal, Ruby couldn't help but raise his arms and cheer. He knew that Xia ruofei's free kick technique was very accurate, but he was still excited when it turned into a goal in an official game.

It was just like a foreign commentator who had analyzed Xia ruofei's goal and ridiculed that any free kick within the 30 – meter zone would be a penalty kick for Xia ruofei!

There was a big difference between a free kick and a penalty kick.

When Ruby Heard the fans in the stadium chanting Xia ruofei's name and even worshiping Him, he was happy but also secretly sighed. He was such a good player and definitely had the potential to become a star player at the level of Ronaldo and Messi. He would definitely be a Big Shot in Espanyol, but why did he have to be a successful businessman? Xia ruofei's career was so successful that he could not make football his main business.

This was simply a waste of God's gift!

In the VIP box in the stands, Ling Qingxue and Song Wei cheered at the same time when Xia ruofei's shot entered the net. They hugged each other tightly.

Zhou leiyun also stood up and applauded with a smile on his face, especially when he saw Xia ruofei use such a special way to pay respect to Dani hark and receive the worship of all the fans in the stadium. Zhou leiyun could not suppress his excitement.

After he took over the Espanyol club, there were always some voices of opposition, whether it was within the club or among the fans.

The arrogant Europeans seemed to be unable to completely accept the fact that China had risen. When the club's master became a Chinese, these people's hearts still couldn't take that turn.

Although there was no large – scale resistance, Zhou leiyun could still feel the rejection.

One could imagine that after today, because of Xia ruofei's actions, at least at the fan level, their impression of the Chinese people would suddenly change a lot. Their rejection of the Chinese boss of the club would also be much less.

After all, Xia ruofei was one of the bosses of the club!

Zhou leiyun could not help but secretly sigh. He had spent a lot of effort but it was still difficult to change the prejudices. Perhaps Xia ruofei's one goal could change everything.

Now that he thought about it, it was the best decision he had ever made to bring Xia ruofei's capital into the Spanish club.

After the Spanish team reversed the situation and defeated Barça, the stock price of Zhou leiyun's glory world Corporation reached its limit. His net worth had also increased by at least one or two billion because of Xia ruofei's hook shot.

The news of Xia ruofei and Wu Lei's outstanding performance in this game would obviously become a huge piece of good news for Shengshi group when it was spread back to China. If the Spanish team finally made it to the European region because of these two victories, that would be even better.

Zhou leiyun could not help but laugh when he thought about the stock price that was likely to soar all the way up.

On the court, the Spanish players also reacted after seeing Xia ruofei's celebration.

They all ran towards Xia ruofei and surrounded him in the middle. They saluted Dani Hark's huge tifó in the stands.

Several of the players were old players of the Espanyol club. They used to be teammates with Dani Hark. Some of these players were still fighting for the club on the field, while others spent most of their time sitting in the substitutes' bench, reaching the end of their careers. At this moment, their hearts were filled with gratitude. Some of them even had tears in their eyes.

This time, the celebration of Xia ruofei's goal took a little longer. It was not that he wanted to delay the time, but the fans in the stands and his teammates on and off the field were too enthusiastic.

Chapter 2863 Complete collapse (2)

The main judge clearly knew Dani Hark's importance to the Spanish team, so he did not interrupt Xia ruofei's team.

Even the players of Spain's opponent, Herona, did not protest, and no one was in a hurry to restart the game.

Although the game had only been going on for more than 20 minutes, Herona was already behind by three goals. He had just managed to recover a little on the field when he was immediately hit by Xia ruofei's super – long free – kick.

Now, the faces of the players in Herona were filled with confusion, and their manager was even more dazed.

In such a situation, even the best manager could not do anything. Even if he used the substitution quota in the twenty – minute mark to make adjustments to the team, the effect would not be good.

That was because the problem with Herona was that he was completely suppressed. It was not the weakness of any player or link at all. How could the manager adjust?

The morale of Herona's players was already very low. They did not even have any hopes of catching up with the score. As long as they did not concede any more goals in the back, they would be grateful.

The problem now was that there were still more than 70 minutes of the game. With the state and strength gap between the two sides, it was too difficult to not concede the goal ...

In fact, Herona's next goal concede came very quickly.

After the restart, Herona could not attack and could not defend. The players played very hard and everyone's thinking was not unified enough. The middle and backfield were also disconnected.

It was Xia ruofei who seized the opportunity. In the 35th minute of the game, he passed the ball like a scalpel and directly passed through the defensive line of Herona.

Wu Lei, who had an excellent sense of smell in front of the goal, once again rushed forward from between the Herona defenders. With a wonderful straight pass and anti – offside cooperation, he once again got a chance to be alone.

This time, Wu Lei did not let Xia ruofei down. Facing the goalkeeper who was attacking, Wu Lei calmly used his bow to kick a low flat ball. It passed directly through the goalkeeper's crotch and went in together with the small gate.

4:

The first half of the game was not over yet, and the score had already reached 4 – 0.

Out of the four goals, Xia ruofei took two of them. The other two were scored by iglassias and Wu Lei respectively. In fact, both goals were directly related to Xia ruofei. They were both from his sharp straight ball.

If Wu Lei had not stepped too far for the first goal, he would have already scored. In the end, it became an assist for iglysias, and Xia ruofei, who should have received an assist, became the instigator for the attack.

Naturally, Xia ruofei assisted with the second goal.

In other words, at the 35th minute of the game, Xia ruofei had already scored two goals and two assists. Wu Lei had also scored a goal and had two assists in hand.

Such a performance was something that even C.R.O. Or Messi could not perform in every game.

Even if this was the data for the entire game, it was still a rather eye – catching result.

In the face of such a result, who dared to say that the Chinese players were not good?

After Wu Lei scored, he ran towards Xia ruofei excitedly. He even shook off a few teammates who came to celebrate with him and hugged Xia ruofei tightly.

“Thank you! Brother Xia, thank you!” Wu Lei said excitedly.

Xia ruofei laughed and patted Wu Lei's shoulder, “Did you see? A single blade was actually that simple! Don't feel any psychological pressure in the future and play normally. The probability of scoring a goal is

very high. And even if he didn't score, don't take it to heart. No player has a 100% scoring rate when he's single – handed! You've already shown your abilities as an Archer by getting the chance to fight solo!"

Xia ruofei took advantage of the celebration to give Wu Lei some psychological counseling.

After all, Wu Lei's "impenetrable" image had been deeply rooted in the hearts of the people. Every time he missed a shot, he would attract a huge wave of ridicule, and the psychological pressure on him would also increase, forming a vicious circle.

Xia ruofei did not want the best striker in the country to be traumatized. Besides, Wu Lei was humble, hardworking, and had almost no negative news outside the field. Xia ruofei felt that he was very much like him.

"I know! Thank you, brother Xia!" Wu Lei grinned.

His teammates also came up to celebrate, and everyone walked towards their own half with their arms around each other.

After conceding four goals in a row in about half an hour, the players of Herona were on the verge of collapse.

After the restart, they did not even have the desire to organize an attack and kept on returning the ball in the backfield.

However, the Spanish team took advantage of their high morale and immediately tacitly began to press forward in the front field, which made it difficult for Herona to pass the ball around. As long as the ball stayed at his feet for a little longer, the Spanish players would quickly approach, making the players of Herona very embarrassed. They could not pass the ball out and could only kick the other side halfway.

The result of doing so was to return the ball to the other party for nothing.

On the Spanish side, their attack was impressive.

With four goals at the end, all the players no longer had any psychological burden. This was a game that they were sure to win.

In a game, the more relaxed one was, the better one could play.

Many players performed very well during training, but once they entered actual combat, they would expose various problems, which were mostly caused by mentality.

In fact, no player could bring their form from training 100% into the game. This was why even the footwork that many Chinese football players showed off the field looked good, but when they played in the game, people could not help but curse and make mistakes immediately when they were pressed.

Spain's two wings also began to frequently plug in to assist. Jerrona was in danger in front of the goal and relied on the goalkeeper's superb play to barely hold on to the current score.

However, they were still unable to defend to the end of the half. In the 43rd minute, the tragic Herona goal was lost again.

In fact, the goal was a bit accidental. It was already close to the end of the half. The Spanish players were not made of iron. They had been carrying out the pressing tactic with the boost of morale from consecutive goals. At this point, everyone was more or less tired, so the pressure on Herona was not as strong as it was ten minutes ago.

There were only two exceptions, Xia ruofei and Wu Lei, who were full of energy.

Ever since Wu Lei started practicing the first set of the Golden Man body refining movements that Xia ruofei had taught her, his physical fitness level had been on a straight line. At the beginning, it was difficult for him to support himself in the high – intensity matches of La Liga. Now, he was almost one of the most physically fit people on the team.

Therefore, even if the other players were a little relaxed, Wu Lei continued to carry out the harassment tactics in the front field without tiring.

As for Xia ruofei, he always kept an appropriate distance from Wu Lei, ready to support him at any time.

Wu Lei's efforts seemed to be in vain most of the time, but in the end, he still received rewards.

This time, it was Herona's Center back who gave him a big gift.

Under the Spaniards' overall pressure, Jerona had almost no way to send the ball forward, and they were forced to constantly pass the ball back.

In the end, the football reached the center back's feet, and Wu Lei, after following the football in a big circle, still rushed at the Herona defender at high speed.

The Herona Center – back, who took the ball, misjudged Wu Lei's speed at the beginning, so when Wu Lei came a few meters in front of him, he seemed a little flustered and hurriedly sent a long kick to the front field to clear the siege.

However, the tragedy was that he made a mistake. The ball did not rise at all, but rolled softly toward Wu Lei.

In the face of this sudden gift pack, Wu Lei was stunned for a moment, then subconsciously stopped the ball. Then, with a kick, he bypassed the already dumbfounded Center – back and got the chance to face the goalkeeper directly.

The Herona goalkeeper did not even have time to curse as he rushed to the football.

...

In fact, at this time, Herona's goalkeeper hurriedly attacked and could not block all angles. Wu Lei had a lot of space to shoot.

However, he caught a glimpse of Xia ruofei from the corner of his eye. In an instant, his Restless Heart as a striker calmed down. He even calmly took a step in the direction of the Herona goalkeeper.

Just as the Herona goalkeeper, who had already landed, was about to touch the football, Wu Lei nimbly did a pick pass. The football passed over the Herona goalkeeper's body and bounced and rolled toward the middle of the penalty area.

At this time, Xia ruofei was cutting in at high speed. In front of him was the empty Herona goal ...

Chapter 2864 Run after pretending (1)

When Xia ruofei saw Wu Lei pass the ball over, he was stunned.

That was because Wu Lei's position was actually very good, and the angle of his shot was not small. He could totally shoot on his own, and the probability of scoring was very high.

Xia ruofei did not expect Wu Lei to pass the ball.

To be honest, Xia ruofei felt that it would be a bit of a bully to kick a ball without any skill. He was facing a big gap now. Even if someone had never played before, they would still have a high chance of scoring.

Of course, since Wu Lei had already brought the biscuit to his mouth, Xia ruofei could not reject him.

He steadied his mind, sped up, and ran two steps to catch up with the football. Then, with a light push of the arch of his foot, he easily sent the ball into the empty goal.

Five to zero.

Near the end of the first half of the game, Xia ruofei re – wrote the score again. He also made use of this easy goal to perform a hat – trick in the first half of the game. Wu Lei, as a striker, actually performed a hat – trick with an assist.

The faces of the players from Herona were a little numb. They stared at the football in the goal as if the first half of the game was a nightmare.

In particular, the center back who had just made a big mistake and given a big gift lay on the grass with his face in his hands, not getting up for a long time.

Wu Lei was even more excited than Xia ruofei after the goal. He rushed to Xia ruofei and said loudly, ""Brother Xia! A hat – trick! A hat – trick! You only used half the time to score a hat – trick!"

Xia ruofei smiled bitterly, "Lei Zi, why didn't you just open the door?" You could have easily scored!"

Wu Lei laughed and said, "your position is even better!" Besides, if the goal was scored, it would be a hat – trick, which would be different! Also, didn't I also help with a hat – trick? Speaking of which, it's a milestone. In the past, my assists in a season might only be in the single digits, but today I got three in one game! It's still better to play football with you!"

Xia ruofei didn't know whether to laugh or cry, "we could have scored a goal!" Yet, you turned it into an assist! You're still laughing!"

"I'm just as happy as you are when you score!" Wu Lei said with a smile.

At this time, the Spanish players also came up to celebrate. Xia ruofei did not say anything more. Anyway, the goal had become a reality. He touched the back of Wu Lei's head and said, ""Let's continue to score in the second half! No matter how many assists you get, it's not as practical as a goal. After all, you're a striker!"

"Understood!" Wu Lei said happily.

The RCD Espanyol players did not celebrate. After high – fiving Xia ruofei in celebration, they walked in the direction of their own half with their arms around each other.

The Spanish fans in the stands were really singing and dancing, as if they were celebrating a Festival. With the overall strength of the Spanish team, it was extremely difficult to have such a big victory in the entire season. The home fans were really worth the ticket price!

The commentators from all the broadcasting platforms were naturally not stingy with their words of praise. They did their best to give all the praise to Xia ruofei. The commentators from China, Shen fangjian and Jia Tianning, were even more excited. After all, the ball came from the exquisite cooperation of two Chinese players.

First, Xia ruofei's brilliant pass tore Herona's entire line of defense apart, giving Wu Lei the chance to face the opposing goalkeeper. Then, Wu Lei returned the ball to Xia ruofei without any hesitation. In the end, Xia ruofei easily pushed open the empty door and completed the entire attack process.

Basically, the other players of Espanyol did not participate in the attack. It was completely the cooperation of Xia ruofei and Wu Lei, who easily penetrated Herona's goal.

As Shen fangjian and Jia Tianning chatted, they changed the topic to the national football team. The news of Xia ruofei's confirmation to join the national football team a few days ago had long been known to the fans, which meant that the national football team had another stable scorer. Especially Xia ruofei's free kick, which could definitely bring a surprise to the national football team at the critical moment.

Xia ruofei and Wu Lei's form was hot, and everyone was full of anticipation for the World Cup qualifiers.

Many sports media reporters, including some Chinese sports media reporters stationed in Barcelona, had also come to the El prate Stadium.

While the reporters marveled at Xia ruofei's state, they couldn't help but feel a trace of sympathy for Xia ruofei's sacrifice, Herona. Especially when they saw the blank and numb faces of the players on the field, they couldn't help but feel sympathetic.

However, competitive sports was cruel. If you were not good enough or in a bad state, you could not blame the other party for not showing mercy.

The reporters had even thought of the title for the game report, which was inseparable from keywords such as "tragedy" and "one – sided massacre."

After the game resumed, Spain finally stopped their frenzied attacks, and Herona's side had no fighting spirit at all. So, in the end, with about five minutes of injury stoppage time, both sides played a little dull. The control of the football was more often switched back and forth in the midfield area.

As soon as the injury stoppage time was over, the referee did not even make up for a second more and directly blew the whistle to end the first half of the game.

The players of Herona felt as if they had been granted Amnesty and heaved a long sigh of relief in their hearts throughout the first half. They felt that every second on the field was torture. After hearing the

whistle, they did not hesitate at all and all walked towards the players' passageway with their heads lowered.

Chapter 2865 Run after pretending (2)

On the other hand, the Spanish players were all smiling as they walked to the sidelines, talking and laughing with each other. It was a stark contrast to the players of Herona.

Even though it was only the end of half the game, manager Ruby still stood on the sidelines to welcome his players and high – fived each of them in celebration as if the whole game had ended. He only turned to the locker room when the last player left the field.

.....

The 15 – minute halftime passed quickly, and the players from both teams returned to the field under the lead of the referee.

At this moment, the fans in the stadium realized that Xia ruofei was not on the field.

The fourth official also raised the substitution card on the sidelines. At the same time, the Spanish number 14, merendo, also stood on the sidelines. After the fourth official showed the substitution card, merendo ran straight to the field as he did not need to wait for the player to be replaced to leave the field.

It was only then that everyone was sure that Xia ruofei had been replaced.

Not only did he not appear on the field, but he was also not even seen on the substitutes' bench.

The fans watching the game at the stadium and in front of the television could not help but feel a little regretful. With Xia ruofei's hot form and his complete physical fitness, if they continued to play in the second half, they would definitely score more goals. The chances of getting four big happy goals and five goals were very high.

In the PP sports studio, Shen fangjian noticed the substitution and immediately said, "I'm a little surprised that Xia ruofei has been replaced. However, no one would think that Xia ruofei's strength was only enough to play half the game. I even think that he should have asked to leave the field. After all, he had only used half a long time to show his strength and the team had long taken the lead. I guess he felt that it was meaningless to only bully noobs!"

"Although it's a little disappointing, the fans must not go away," Jia Tianning said with a smile. "There's also a Chinese player, Wu Lei, on the field. He scored a goal in the first half and got three assists at the same time. His performance was quite eye – catching. However, in terms of the number of goals, he was slightly inferior to Xia ruofei's hat – trick. I believe his performance in the second half is also worth looking forward to!"

"Right!" Shen fangjian said, "although Xia ruofei is not on the field and the RCD Espanyol's offensive power in the front field will be reduced, Wu Lei's characteristics are very distinct. His running position is quite outstanding and his sense of smell in front of the goal is also top – notch. Against a completely dispirited Herona, there's still a full forty – five minutes. He definitely has a chance to score!"

Shen fangjian and Jia Tianning's guess was right. Xia ruofei's departure was indeed his own request. Otherwise, how would Ruby dare to replace him?

During the half – time break in the changing room, Xia ruofei told Ruby that he did not intend to continue playing in the second half. From Ruby's point of view, he was still a little worried that Herona would lose in a fit of rage and would stoop to Xia ruofei's level, the initiator of today's tragedy! Xia ruofei was not only a core player of the team, but also a shareholder of the club! If he was crippled in the competition, he would really become a joke. Thus, Ruby happily expressed that he had the same intention. Then, he called merendo over and told him to go out and warm up in advance so that he could replace Xia ruofei in the second half.

There was no longer any suspense in this match, so Xia ruofei did not even appear on the court. Instead, he showered and changed in the changing room.

Of course, he didn't forget to remind Wu Lei to bring back a game ball. Although he easily completed a hat – trick, it was still a real hat – trick, so he definitely had to bring a ball back as a memento.

When the Spanish Main players walked out of the field, Xia ruofei had already taken a shower and changed into the Spanish team's yellow training suit. He quietly came out of the locker room and walked to the VIP box in the stands.

Along the way, Xia ruofei even changed his appearance slightly and lowered the brim of his hat. In addition, many of the fans were wearing the Spanish team's uniform or training uniform. Xia ruofei's outfit was not eye – catching at all, so the fans did not notice that the new king of the team, Xia ruofei, was walking past them.

Xia ruofei quickly arrived at the VIP box of the host team. Before he pushed the door open, he had already restored his original appearance.

In the private room, Zhou leiyun, Song Wei, and Ling Qingxue were discussing. They had also noticed the substitution and found out that Xia ruofei was not playing in the second half. At this moment, the door was pushed open by Xia ruofei. The three of them turned around at the same time. When they saw that it was Xia ruofei, they were all in disbelief and quickly stood up to welcome him.

"Why did you come here?" Song Wei asked with a smile.

"President Xia, you said you'd play a game to show your strength, but you haven't finished playing yet!" Zhou leiyun chuckled and said,"and you're not in the bench. You're in the stands ..."

Xia ruofei laughed and said,"I've already made my opponent cry in the first half of the game. I'd be bullying him if I played again in the second half." As for the replacement seats ... How could that place be more comfortable than this place? It's just watching the game anyway, so it doesn't matter where we watch it. "

Xia ruofei then walked to a soft seat and sat down comfortably. He turned around and said,""Sit down and watch the game! The second half is starting!"

Ling Qingxue and Song Wei couldn't help but laugh and shake their heads. They returned to their seats.

In the second half of the game, the morale of the Herona team was still low. Even though their manager had given everyone a lot of encouragement during the halftime interval and even made changes to the players, it still seemed to have little effect.

Without Xia ruofei, the Spanish team's attack power and control of the midfield had declined. However, overall, the Spanish team still had the initiative.

Wu Lei was still very active, cruising between the defensive lines of Herona. His running was too flexible, which gave the players of Herona a headache.

Besides, with Xia ruofei's support and his own hard work, Wu Lei was no longer isolated in the team. Everyone was getting more and more familiar with his characteristics. He often passed good shots to him and his running position was often responded to by his teammates.

However, when it came to passing, Xia ruofei's pass was the most comfortable.

Without Xia ruofei, the Spanish team's attack power dropped significantly. Compared to the first half, the game was a lot more dull.

However, Wu Lei's relentless running still paid off. At the 63rd minute, Spain's number 10, Dardell, made a long shot in front of the penalty area, causing the Herona goalkeeper to lose his grip on the ball. When Dardell shot, Wu Lei had already quickly inserted himself into the penalty area to make up for the shot.

And the football just happened to bounce in Wu Lei's direction. He faced the incoming ball with the tip of his foot and gently poked it, and the football went into the net.

After the goal, Wu Lei ran to the Billboard. The fans sitting in the front also reached out to him and shouted his name. Wu Lei also kissed the team emblem in front of the fans and suddenly gained a lot of good feelings.

The moment the goal was scored, the director in charge of the live broadcast immediately used the walkie – talkie to inform one of the cameras in charge of the grandstand area to quickly point the camera at the Spanish VIP box. They had long discovered that the Spanish boss, Zhou leiyun, was also watching the game live. So every time the Spanish team scored a goal, the broadcast camera would be aimed at this box.

After the slow motion replay of the goal, the director cut the scene to the VIP box after the goal was scored.

Naturally, Zhou leiyun stood up with a smile on his face and applauded his compatriot for scoring a goal. This scene was not surprising, but very quickly, the director in the stadium, the commentators in charge of the commentary, and the fans who were paying attention to the big screen in the stadium and the fans watching the game in front of the television all widened their eyes in unison.

That was because ... They saw Xia ruofei standing beside Zhou leiyun, clapping and laughing.

Chapter 2866 Good news (1)

According to the rules, if a player was replaced, he would not be able to play again in the game. Even so, the player who was replaced would still sit in the substitutes 'bench and wait for the end of the game. This was also a form of support and respect for his teammates, as well as team spirit.

Of course, no one would think that Xia ruofei had no team spirit or disrespected his teammates when he appeared on the bench. After all, he was one of the bosses of the club.

However, when everyone saw Xia ruofei directly go to the VIP box to watch the second half, they had a feeling that Yingying didn't treat the Herona team as a dish anymore. This was undisguised contempt!

What was the underlying meaning? I only need half a long time to deal with the Herona team. In the second half, I can take a shower and sit in the stands quietly waiting for the game to end.

Many commentators could not help but laugh when they saw this scene. The Spanish fans seated near the VIP box were quite excited. Although their area was separated from the VIP box, they could not help but stand up and wave and shout in this direction to express their love for Xia ruofei.

Xia ruofei saw a close – up of his VIP box on the big screen and knew that he had been a little impulsive.

Xia ruofei could not help but smile bitterly when all the fans in the stadium were waving and shouting in the direction of the VIP box, completely forgetting about the two opposing teams in the game.

Zhou leiyun laughed as he watched the show, while Song Wei and Ling Qingxue laughed so hard that they couldn't even straighten their backs.

Xia ruofei could only stand up and wave to the two sides of the stands to show his respect to the fans.

The live broadcast camera was also broadcasting the reactions of the fans in the stands and the situation in the VIP box. For a full half a minute, the camera did not switch to the field. This was probably a very rare situation in the history of football broadcasting.

Beijing, China, PP sports studio.

The commentator, Shen fangjian, laughed and said,""It seems that Herona's threat to the Spaniards is really too small. It took President Xia a long time to feel bored and simply run to the stands to watch the game."

Jia Tianning added,"I saw some fans on the bullet screen saying that Xia ruofei's behavior is disrespectful to his teammates and opponents." I don't know what these netizens are thinking. When our Chinese players don't perform well, they want to criticize us. Now, we finally have a Chinese player who is performing so outstanding...No! It was two! Our players were just replaced and did not return to the substitutes 'bench, and there were actually people who criticized them ... Had they really knelt for too long? If it were C – list, would the same person say something different and think that C – list had a personality? Domineering ..."

Jia Tianning was only a guest invited by PP sports, so he didn't have much scruples in his words.

Shen fangjian, as the commentator for PP sports, felt that Jia Tianning's words made sense, but he could only smooth things over,""It's normal for the netizens to have different opinions. After all, everyone has different opinions! However, I personally think that it's better to be more tolerant to everyone. Besides, Xia ruofei's performance was really eye – catching. His performance in the last two matches was definitely phenomenal. Even the foreign media is doing their best to praise him. Why are we so harsh on him? This is indeed worthy of our deep thought ..."

Shen fangjian was more tactful, but his meaning was the same as Jia Tianning 's. To put it bluntly, he was on Xia ruofei's side.

The match on the court had to continue, and the broadcast camera could not always be facing the stands. After the commotion, everyone finally focused on the court. Xia ruofei could finally have some time to rest.

"Director Xia," Zhou leiyun turned around and said with a smile,"we're definitely winning this round!"

Xia ruofei smiled and said,"if we still lose, then we can forget about the European war!" Next season, you should think about staying in the league!"

Espanyol already had no worries about staying in the league this season and was now working hard for the European tournament.

Zhou leiyun laughed out loud and said,"didn't you already say that you were going to invest at least 100 million euros to bring in players after your press conference with Barcelona?" With such a large sum of signing costs, do we still have to worry about staying in the league next season?"

Xia ruofei said,"general manager Zhou, get this straight. It's our club, not me!" I'll only pay for the portion of money that's equal to my shares! All the shareholders had to pay in proportion. If they didn't, they would be diluting the shares! Are you willing to have your shares diluted?"

"Although I really want to say that I'm the one who can make the decision, if I'm not willing to spend a lot of money to buy the players, it's useless even if you say it, because you and I are a team, and my decision is the final one." Zhou leiyun chuckled and said,"but I do think your suggestion is good! So I'll definitely fork out the money. As for the remaining few small shareholders, it would be perfect if they were not willing to pay! I was just thinking of buying more shares!"

Chapter 2867 Good news (2)

Zhou leiyun had tasted the sweetness of investing in football clubs.

Initially, glory world corporation's acquisition of the Spanish clubs did not cause much response in the country. Now, there were many Chinese clubs, including Granada, who was about to rush into La Liga, and even Inter Milan, who was in Serie A, were actually Chinese teams. It was just that the Spanish club made a clever move and brought in Wu Lei. In just two or three months, they had become a well – known club in China.

The direct benefit of this wave of reputation harvesting was that glory world corporation's stock price continued to rise. Indirectly, there was also an invisible reputation, which was even more difficult to estimate.

After Xia ruofei heard this, he shrugged and said,""That's good! 100 million euros, it can only be more, not less. You have to think about it. If we play in Europe next season, we will face a situation of multiple tournaments at the beginning of the season, especially when RCD Espanyol has not appeared in the European arena for many years. We will definitely have all kinds of difficulties adapting to it. When the bench is not deep enough, we may collapse in multiple tournaments. Not only will we not gain anything in the European tournament, but the league will also fall into the mire of relegation. So, bringing in players is necessary. And we must bring in good players at all costs!"

"Understood!" Zhou leiyun nodded and said, "the club has already sent Scouts to inspect the players. Once Ruby Heard that the club was going to vigorously sign players, he became more enthusiastic about his work!"

At this time, Song Wei said, "wasn't there a rumor some time ago that his former club, Real Betis, was going to invite him back and let him coach the Betis team next season?"

Zhou leiyun was slightly taken aback. He said in surprise, "I didn't expect miss song to know so much about our club."

Zhou leiyun had only said it casually, but Song Wei's face had inexplicably heated up, and she actually felt a little guilty.

After all, to the public, Ling Qingxue was Xia ruofei's official girlfriend. This was something that everyone knew.

"I just happened to see this news a few days ago," replied Song Wei quickly.

Zhou leiyun smiled. "That's true. Also, Royal Betis is really in contact with Ruby. I'm not sure if Ruby was tempted before, but he's clearly rejected now." This is all thanks to President Xia!"

"Just because I said that the club will spend no less than 100 million euros on the transfer fee next season?" Xia ruofei asked, raising his eyebrows.

"Not entirely ..." Zhou leiyun said with a smile. "Ruby told me frankly that, in addition to the 100 million euro transfer fee that President Xia said, which made him more confident about the multi – line battle situation that the team might face next season, what made him determined to renew his contract was president Xia's superior skills. Although President Xia can not guarantee that he will participate in every game with the team, as long as President Xia can provide support for the team in key games, it will be much easier for him to be the manager. Maybe he can make a name for himself in the European arena next season!"

Xia ruofei didn't know whether to laugh or cry, "so you've been waiting for me here! It's not enough to make me run around this season and you're thinking about it next season?"

Zhou leiyun quickly smiled apologetically and said, "the capable do more work!" President Xia is a fan of football. Now that the club is United and the results are so gratifying, don't you want the club to flourish in the future?"

Xia ruofei replied noncommittally, "it depends!" It seems that no matter how good the club's performance is, I don't have any benefits! On the other hand, someone's company stock price ... It's going up like crazy!"

Zhou leiyun replied without hesitation, "director Xia, glory world Corporation will always welcome any partnership with you on the capital level. I can transfer a portion of my shares to you or use your paradise corporation's shares in exchange. There's no problem with that!"

Zhou leiyun was determined to be deeply tied to Xia ruofei. If Xia ruofei was willing, he could not wait to give some shares of glory world Corporation to Xia ruofei for free. However, he knew that Xia ruofei would not take it for free, which was why he suggested a capital cooperation.

Of course, Xia ruofei wasn't too interested in it. He smiled and said, "I was just joking, let's talk about this later! Let's watch the game first ..."

Zhou leiyun could not help but feel a little disappointed. However, since Xia ruofei did not seem to be interested, he could not rush to ask Xia ruofei to invest in glory world Corporation. Hence, he nodded and said, "Alright! President Xia, you can consider my suggestion when you have the time...Oh right, there's another piece of good news for the club ..."

"Oh?" Xia ruofei raised his eyebrows. "Can you tell me?"

"Our opponent for seventh place, team sevilya, has just started their game. Our staff has sent news from the venue that they are now one goal behind!" Zhou leiyun smiled as he waved his phone. "It happened while we were chatting!"

Xia ruofei couldn't help but say, "There's basically no suspense in our game now. If the sevilya team ends with this score, then ... We can rise to the seventh place?"

"Yes, I am!" Zhou leiyun said excitedly, "if that's the case, then the initiative will be in our hands in the remaining three rounds. As long as we don't make any mistakes, we don't have to hope that our opponents will make any mistakes to reverse the situation. After all, we no longer have the chance to face off against Sylvia!"

"That's great!" After Xia ruofei finished speaking, he picked up the glass of wine on the coffee table and said, "then what are we still talking about? Let's drink one! Let's cheer for sevilya's opponent!"

Zhou leiyun laughed out loud when he heard that and said, "that makes sense!" Drink one!"

Everyone laughed and clinked their glasses, then continued to watch the game.

"Oh right, ruofei, we made a bet just now on when you'll score, and in the end ..." Ling Qingxue said with a smile.

"Who won in the end?" Xia ruofei said with a smile.

"No one won!" Ling Qingxue said, "Wei Wei is the closest to the correct answer, but she's still a long way off. Who knew you would score in 15 seconds!"

"Yup! I'm embarrassed to say that I won!" Song Wei said.

"Therefore!" Ling Qingxue said, "we had originally agreed that whoever lost would treat everyone to a big meal! In the end, we decided that you'll be the one treating. Who asked you to not play by the rules?"

Xia ruofei laughed and said, "no problem! This meal is on me! You guys pick the place! That's right, if the Spanish team could really rise to seventh place after this round! I'll treat the entire team to a big meal!"

Naturally, there was no suspense in the game. The Spanish fans were singing and dancing in the stands for the entire half of the game, enjoying the joy of victory in advance.

To the Chinese fans in the stadium and the fans who were watching the live broadcast in China, it was actually a hat – trick by the referee, Xia ruofei, and a goal by Wu Lei. They even had three assists. Their performances were perfect!

However, everyone still felt that something was missing. It was Xia ruofei's performance that raised everyone's expectations, so everyone hoped that Wu Lei would score another goal in the second half.

Even if they couldn't perform a hat – trick, they could at least do something like a plum blossom.

After all, a fish belly was not something that could be encountered often.

Wu Lei did not let everyone down. To be precise, the entire Spanish team did not let everyone down. In the 45 minutes of the second half, the Spanish team scored three more goals, one of which was the goal in the 80th minute.

The goal was not very exciting. Both sides of the game had some physical problems at this time. Wu Lei was still energetic. He still used his best running position and keenly found an opening. Then, he used his speed to tear open Herona's defense. After breaking into the penalty area, he shot with a strong kick and steadily scored the ball.

After Wu Lei scored this goal, the Spanish team finally stopped their frenzied scoring. In the end, they swept Herona with an 8 – 0 disparity and obtained a hearty big victory.

Chapter 2868 Everyone is happy (1)

When the referee blew the whistle to end the game, the players of Herona did not want to stay on the field for a moment longer. The humiliating defeat that would almost be written in the team history had dealt a heavy blow to their minds.

The matches of their relegation opponents had not yet ended, and some had not even started. Even so, Herona was still ranked third from the bottom. After this round, they would undoubtedly be deep in the relegation zone. Although there were three rounds left, the possibility of struggling to get out of the relegation zone was very low.

In particular, they had lost 0:8 in this round, which was a kind of devastation to the players' confidence. They really did not know how they would play in the next three rounds.

Sometimes, a team that wanted to stay in the league just had to hold on. Once this momentum was released, coupled with the despairing number of points they had before reaching the top, there was really no way to turn the situation around.

Although in theory, there was still hope for Herona to stay in the league, anyone who understood football could see that if they wanted to watch Herona play next season, they would probably have to go to the LA Liga.

As soon as the referee blew the whistle to signal the end of the match, Xia ruofei stood up and said, "General manager Zhou, let's go to the changing room together! Give the morale of the players another boost!"

"Give out some bonuses?" Zhou leiyun asked.

"It's a must!" Xia ruofei laughed and said, " of course, it's enough to increase the prize by 20% . Just take it as an early encouragement! In addition, we have to promise that if we enter the European battle, everyone will get a generous bonus! Sometimes, money is the best way to stimulate enthusiasm!"

"No problem!" Zhou leiyun said.

Xia ruofei turned to Song Wei and Ling Qingxue and said, " "Should I get chief Zhou to send you two back to the hotel first? "

It was not suitable for the two girls to enter the changing room. Xia ruofei did not want them to wait for him, so he wanted them to go back to the hotel first.

"Sure!" Ling Qingxue nodded. But don't forget your promise to treat us to a big meal!"

Xia ruofei laughed and said," don't worry!" I can't forget! I'll get it done tonight! General manager Zhou, please get someone to arrange for the best place! I'll pay!"

"Then I won't stand on ceremony ..."Zhou leiyun said with a smile.

The four of them left the room together. Zhou leiyun's assistant came over to take Ling Qingxue and Song Wei back to the hotel while Xia ruofei and Zhou leiyun walked down the steps of the grandstand to the changing room.

This time, Xia ruofei did not deliberately hide his appearance. Moreover, the fans knew that he was in the VIP box. So, along the way, the fans beside him kept coming over to greet Xia ruofei. They were so enthusiastic that Xia ruofei felt that the muscles on his face were frozen from the smile. From the VIP box down, it took him more than ten minutes to walk the short distance.

Zhou leiyun also received a lot of warm greetings from the fans. As the club chairman, he also enjoyed the feeling of being surrounded by fans for once, which was rare. He was in a good mood.

When the two men arrived at the locker room, the Spanish players had just returned from the field to check on the fans. They were too enthusiastic.

Ruby was also in a very happy mood as he went to attend the post-match press conference. This time, the player under him was Wu Lei, who had scored two goals and three assists. He was the most eye-catching player in the game besides Xia ruofei.

Although Xia ruofei had only played half a match, he still won the best of the match without a doubt.

When mark Rocca returned with the trophy for the best single match, he happened to see Xia ruofei and Zhou leiyun at the entrance of the changing room.

Mark Rocca was holding a ball in one hand and a trophy in the other. When he saw Xia ruofei and Zhou leiyun, his face lit up with joy. He quickly walked over and greeted Zhou leiyun before turning to Xia ruofei. " Mr. Xia, this is your trophy for the best player. And this ball was specially left for you by Wu. He went to the press conference and told me to give it to you personally! "

Xia ruofei took the two items with a smile and said, " "Thank you, Rocca!"

He then said to the players, "everyone, go in and take a shower and change your clothes!" The season had entered the crucial closing stage, and he couldn't fall sick at this time! General manager Zhou and I have good news to announce to everyone in a while."

The players agreed and walked into the locker room.

Xia ruofei and Zhou leiyun, the two bosses, did not put on any airs. They just sat in the changing room and chatted while waiting for everyone to come out. The players all knew that the big boss was waiting outside, so they all took a shower as fast as they could, changed into dry sportswear, and quickly came out.

Coincidentally, Wu Lei and Ruby had also finished the press conference and returned to the locker room together.

Ruby saw Xia ruofei and Zhou leiyun and hastened his steps to greet them.

After politely greeting Zhou leiyun, he turned to Xia ruofei. Xia ruofei could communicate with him in Spanish. Besides, Xia ruofei was not only the boss, but also a big-time player of the Spanish team. In comparison, he naturally felt closer to Xia ruofei.

"Mr. Xia, your performance today was completely phenomenal!" Ruby said excitedly, "most of the questions at the press conference were about you!"

Xia ruofei smiled. "Team Herona isn't that strong. There's nothing to be proud of even if we beat them."
"

Chapter 2869 Everyone is happy (2)

Ruby couldn't help but show an unnatural expression. Although Espanyol was not as miserable as Herona this season and had established their advantage of staying in the league early on, on paper, Espanyol and Herona were basically similar in strength. Xia ruofei had so casually placed Herona in the weak ranks that Ruby felt that he was not showing his face.

After Xia ruofei left the field, Espanyol used their regular main players to score three goals in forty-five minutes of the second half. It seemed that the strength gap between the two teams was quite big, but this had to be looked at separately. Without the five-goal lead in the first half, the Spanish players could not play so casually, and the players of Herona could not be distracted, which led to frequent mistakes in the rear defensive line. Under such circumstances, it was normal to concede three goals.

Ruby thought for a moment and decided not to discuss the issue of Herona. He said sincerely, "Mr. Xia! Thank you very much for everything you've done for the team! The six points from these two games are valuable to the club. Maybe after the end of the season, they will look back and find that these six points will be the key to our entry into Europe! Especially against Barça, that was an unexpected three points!"

Xia ruofei smiled and nodded. "If possible, I'd even like to play for the team in the last three rounds, but I'm really sorry. I'm very busy at home, so I'm afraid I'll have to rely on you all for the remaining three rounds!"

Ruby quickly replied, "Mr. Xia, please rest assured!" We'll definitely do our best to get a spot in the European tournament!"

Xia ruofei had already "exceeded his mission". He had originally come to play one game for the team against Barcelona and was going to leave. Now, he had played one more game and helped the team win a big victory of eight to zero. Not only did they obtain three points, but they also added eight goal difference for the team, five of which were directly related to him. For the club, if they needed to calculate the small points for the end-of-season tie, these eight goal difference might play a decisive role.

Xia ruofei had already helped the team through the toughest game. They had successfully defeated Barcelona in the away game and then made Herona cry. This was like in a game. The most difficult obstacle had been pushed through and they had also gotten rid of a small fish. If they could not deal with the remaining opponents and could not hold on to the victory in the final stage, they would be too ashamed to face the elders of Jiangdong.

Xia ruofei smiled and nodded. "I heard that Sevilla is still behind. If this score is maintained until the end of the game, then we'll be in the top seven and basically have a place in the European tournament. Then In the remaining three matches, as long as we do not make any mistakes, no one will be able to snatch the fruits of victory from our hands!"

Ruby nodded excitedly and said, "Yes! Our staff has been watching the game from the front. The score is still 1 – 0 and Sevilla is behind!"

Xia ruofei said, "then turn on the TV and let's watch the game together!" I don't want to keep thinking about this matter!"

The home team's locker room was well – equipped. As soon as Xia ruofei finished speaking, a player ran over to turn on the TV and quickly found the channel to broadcast the game.

Everyone looked at the live broadcast and saw that Sevilla was still behind by 0 – 1. The second half of the match had just begun, so Xia ruofei and Zhou leiyn decided to watch the match with everyone.

The 45 – minute game was fast, but it was still quite torturous for the Spanish players, especially now that Sevilla was behind. They could not wait for time to pass and the score to not change again.

Xia ruofei and Zhou leiyn sat in the middle of the front row. Ruby sat beside Zhou leiyn. Xia ruofei called Wu Lei, who had just finished his shower, to sit beside him. The three of them watched the game and chatted in Chinese.

The strength of the Sevilla team was still quite strong, especially in the situation where they were one goal behind, their offensive was even more fierce.

Throughout the second half, Sevilla's opponent, Mallorca, was jittery and did not have any decent counterattacks. The three lines were almost pressed together, so the Spanish players were also frightened.

Fortunately, even though Mallorca looked like he would concede the ball at any moment, luck was always on their side. In the second half alone, Sevilla had already shot twice at the pillar. There was also a powerful header that was about to go in, but it was cleared by the Mallorca defender on the goal line.

The feeling of losing the ball at any moment made the Spanish players extremely nervous. They were even more nervous than Mallorca's fans, and even more nervous than when they were playing.

As time passed, Mallorca miraculously managed to keep the goal from falling despite the wind and rain.

The Spanish players felt like every second was like a year. The game finally entered the injury stoppage time. The fourth official raised the sign. When everyone saw that the stoppage time was actually five minutes long, they could not help but curse.

Although the Spanish players knew that it was useless to curse in front of the television, they still subconsciously cursed. The broadcast camera also showed that Mallorca's manager was very dissatisfied with the stoppage time and kept looking for the fourth official to protest.

Chapter 2870 Everyone is happy (3)

In fact, from an objective point of view, Mallorca had more or less used some "lying on the grass tactics" in the second half. With just a little physical contact, he would fall to the ground in an exaggerated manner, especially after the 70th or 80th minute. There were people falling to the ground with "cramps" and the main referee had to interrupt the game again and again.

When Xia ruofei was watching the game, he was much more relaxed than the other RCD Espanyol players. The game had just entered injury time when another Mallorca player fell to the ground, clutching his thigh in pain. The Sevilla player next to him also looked helpless. There was no physical contact between the two men at all.

After the referee blew the whistle to stop the game, the Mallorca player indicated that he had a cramp. Many Sevilla players showed dissatisfaction, while the Mallorca players nervously went over to press on the player's leg. The referee could only signal the team doctor to enter the field.

"From what I can see in the second half of the match, Mallorca's team doctor is probably the most tired ... I'm even worried that their team doctor might get cramps from all the running ..." Xia ruofei said with a smile.

The Spaniards' players burst into laughter.

In fact, although Spain's strength wasn't very strong, their professional ethics in the game were good. They rarely deliberately delayed time in the game.

However, when they were watching this match, none of them showed any contempt for Mallorca. In fact, they were secretly hoping that Mallorca would be even more shameless and drag the time out a little longer.

Under the continuous demands of the referee and the protests of the Sevilla players, the team doctor helped the Mallorca player out of the field. They had wanted to go out from the sidelines, but the referee stopped them in time and let them leave the field from the end line.

After Mallorca's player left the field, he jumped on the spot and became lively again. He quickly ran to the sidelines and raised his hand to signal to the referee that he wanted to get back into the game.

The main referee was probably a little displeased with Mallorca's behavior, so he turned a blind eye to it and dropped the ball first, letting Sevilla kick off first. The Sevilla players had not committed a foul just now, and the game was blown to a stop because of an injury. So, after the game resumed, the ball was still on Sevilla's side.

Sevilla immediately took the ball and launched an attack. The Mallorca player waited anxiously on the sidelines, his hands almost sore from raising the ball. The referee finally turned his head to look at him and then waved to signal him to enter the field.

In the end, the game's actual injury time reached more than six minutes. This was also the referee's compensation for Mallorca's delay in the injury time period to Sevilla.

However, Sevilla was indeed lacking in luck in this game. The bombardment in the final stage still could not penetrate Mallorca's goal. In the end, they could only pay for a low – Level mistake in the first half and lose the away game with a score of 0:1.

When the referee finally blew the whistle to end the game, the El prate locker room burst into loud cheers. The Spanish players hugged each other in celebration, happier than when their team had won.

Xia ruofei, Wu Lei, Zhou leiyun, and Ruby hugged and celebrated. After the result of this match was out, no matter what the other teams' results were, the Spanish team was guaranteed to be in seventh place at the end of this round.

In other words, the Spanish team had already taken half a step into the European arena!
