### Chapter 2971 Getting your wish (3)

This wasn't even a hint, it was an indication.

Hearing this, Wu Ming only laughed strangely and didn't continue the conversation.

Anyway, no matter how Xia ruofei responded, the ore was in his hands.

As long as someone believed Wu Ming's words, he would have profited. No one cared about what he said, and he didn't lose anything.

Xia ruofei couldn't help but feel a little angry. This was the first time he felt disgusted by Wu Ming.

However, when he thought about how the ore would soon belong to him, Xia ruofei couldn't help but be filled with anticipation.

Especially when he looked through the floor – to – Ceiling glass of the box and saw the fallen leaves sect disciple go up the stage to get the ore, and then go straight to the number 20 box. He couldn't help but feel a burst of excitement in his heart.

Perhaps it could feel Xia ruofei's mood, or perhaps it was because the ore was getting closer and closer to the private room, the spirit painting scroll in Xia ruofei's palm was shaking more and more violently. Xia ruofei could not even suppress the shaking. He could only clench his fists so that Li Yifu and Luo Qingfeng would not notice anything unusual.

Fortunately, Xia ruofei's control over the spirit map was no longer comparable to the past. Although the ore was following the fallen leaves sect disciples step by step towards room 20, after his active intervention, he had successfully restricted the spirit map and suppressed it.

Very quickly, there was a knock on the door. A disciple of the fallen leaves sect respectfully said, "Senior, this disciple has brought the item you won."

Xia ruofei nodded at Li Yifu. Li Yifu immediately stood up and opened the door.

A fallen leaves sect disciple walked in with a tray in his hands. Just like when the item had first appeared, the tray was covered with a red silk cloth. However, Xia ruofei didn't even need to lift the silk cloth to know that the ore was in the tray and it had not been swapped. This was because even though he had firmly suppressed the spirit painting, he could still feel the throbbing and jubilant emotions of the spirit painting. Especially after the fallen leaf sect disciple had entered, the throbbing of the spirit painting had reached its peak.

"Senior, please inspect the item!" The fallen leaf sect disciple said respectfully.

"No need." Xia ruofei waved his hand and said, "that's 6010 spirit stones in total, right? You can count it."

As he spoke, he took out the spiritual stones from the spirit map space. There were exactly 6010 spiritual stones.

Naturally, the tray would not be able to fit so many spiritual stones. Hence, Xia ruofei used a cloth bag to store the spiritual stones. In fact, this cloth bag was also used to store the spiritual stones when the disciples of the fallen leaves sect delivered them.

The fallen leaf sect disciple clearly also had a certain level of spiritual power cultivation. He didn't really use his hand to point at it, but rather held the cloth bag in his hand. After standing still for a while, he immediately said, "Senior! The number is correct, it's exactly 6010 spirit stones!"

Xia ruofei nodded with a smile and said, "Since that's the case, then we'll settle the goods and money! You've worked hard!"

With that, Xia ruofei raised his hand and sucked the ore from the tray. He did not even look at it carefully and just kept it in the spirit map space. Of course, to Luo Qingfeng, Li Yifu, and the fallen leaf sect disciple, Xia ruofei had kept the ore in his storage treasure.

The falling leaf sect disciple was stunned for a moment and felt somewhat disappointed, but he still respectfully said, "This disciple will take his leave!"

#### Chapter 2972 cutting off the beard (1)

This fallen leaves sect disciple had previously delivered spiritual stones to room 20 and Xia ruofei had given him a lot of rewards. This time, he came with anticipation. He didn't expect Xia ruofei to not give him anything. He didn't even give him an extra spiritual stone. Naturally, he was very disappointed.

Of course, a low level disciple naturally did not dare to show his dissatisfaction. He could only bow respectfully to the three people and then leave the private room.

Xia ruofei did it on purpose.

He just wanted to act like he didn't care about this ore at all, even with a little bit of emotion. He even changed his habit of being generous. If after the auction, someone had inquired about this falling leaves sect disciple, then they would naturally notice this detail, making people think that he was in a bad mood after winning the ore.

From the looks of it, it seemed more like he wanted to trick Wu Ming, but ended up losing the rice instead of the chicken.

Of course, Xia ruofei did not know how useful it would be.

As mentioned before, the impact of Wu Ming's harsh words had already been created. What he was doing now was merely to remedy the situation.

Qingfeng Luo and Yifu li also noticed this detail, but they didn't dare to say or ask. They just sat carefully in the room with mixed feelings.

At this time, a new auction item was already being auctioned, and Hao Qingsong was currently introducing this item.

This was also an item that a cultivator had cut in line to enter the auction at the last minute, and it did not appear in the auction manual.

In other words, after the auction for this treasure was completed, there would be at least two to three more items to be auctioned. If there were no other items cutting in line, then it would be the storage ring's turn to appear.

He took out the auction manual from the spirit map space and casually flipped through it.

Because of Wu Ming's words, Xia ruofei felt a little irritated.

Xia ruofei snorted and said, "This Wu Ming is simply a Mad Dog! He would bite anyone he caught!"

Then, Xia ruofei mumbled, "I wonder if the spirit Vulture mountain submitted any treasures for the auction ..."

Xia ruofei was just talking to himself, but the listener took it seriously. Luo Qingfeng, who was at the side, could not help but laugh and say, "Master, this old servant knows a thing or two about this ..."

Xia ruofei looked at Luo Qingfeng in surprise and asked, "Aren't the auction items provided by the major sects all confidential? Where did you get that from? Could it be that the people of the fallen leaves sect revealed some inside information to you?"

"The relationship between the fallen leaves sect and our star Seizer sect is only average," Luo Qingfeng said with a smile. "Why would they reveal any inside information to me?" However, the auction item offered by the spirit Vulture mountain is quite famous, so not only this old servant, but many cultivators present should know about it. Moreover, many cultivators should have come for this auction item!"

"Oh? What was going on? Tell me about it!" Xia ruofei asked.

"Yes! Master!" Luo Qingfeng said respectfully, "this time, the spirit Vulture mountain has put up a remnant of a very famous ancient book for auction. This ancient book is called the 'true understanding of the glittering jewel'. It is a ..."

"It's a technique to increase one's mental energy!" Xia ruofei did not wait for Luo Qingfeng to finish and said.

Luo Qingfeng was slightly surprised and said, "So master knows!"

Of course, Xia ruofei knew about the "glittering jewel true understanding" because the complete archive of the "glittering jewel true understanding" was among the vast number of ancient books recorded in his jade talisman of inheritance.

Xia ruofei waved his hand and said, "I only know about the 'glittering jewel true Scripture'. I don't know anything else. I didn't know that the lingjue mountain had collected this cultivation technique and even put it up for auction." Qingfeng, hurry up and tell me what's going on. Make it short!"

In fact, Xia ruofei had already thought of Luo Qingfeng the moment he mentioned this book. He had already flipped through the auction manual from beginning to end. Although he did not read the introduction of the auction items in detail, with his current spiritual power cultivation, he would have an impression of everything he had read. Furthermore, if he remembered correctly, the glittering jewel Wonderland was scheduled to be auctioned before the storage ring. Hence, Xia ruofei had a deep impression of it.

When Xia ruofei found out that this cultivation technique was being auctioned by the spirit Vulture mountain, many thoughts flashed through his mind. Hence, he was eager to know the details.

Luo Qingfeng did not dare to delay and quickly said, "Master, the lingjue mountain has an incomplete version of the glittering jewel true understanding. This is a well – known fact in the cultivation world. About 20 years ago, the leader of the lingjue mountain, Wu Tiancheng, found this cultivation method in an ancient cultivation ruin. However, it was only the second volume, and I heard that a few pages were missing. However, this cultivation method is focused on cultivating spiritual power. Although it only has the content of the second volume, it is still very valuable for reference, especially when the second volume is used for Aurous core stage cultivation. Many Aurous core stage cultivators did not have a specialized psyche cultivation technique, so they were very tempted by this technique. It's said that Wu Tiancheng and Ren suling's spiritual power has been growing very fast these years because they have been studying the incomplete version of the glittering jewel Wonderland. The effect is very obvious. "

Qingfeng Luo paused, took a breath, and then continued, "This time, the Ling Jue mountain has put up a handwritten copy of the 'glittering jewel true understanding' for auction, claiming that it is to expand the communication between cultivators. However, everyone knows that they must be short of spirit stones, or there is a particularly important auction item in this auction that they are determined to get, but they do not have enough spirit stones, so they have put it up for auction. In any case, a hand – written copy is almost zero cost to them. It just increases the risk of this cultivation method being spread. "

Xia ruofei nodded as his brain worked quickly.

This wasn't the first time he had heard of the term 'ancient ruins'. It seemed like there were quite a number of ancient ruins on earth, including the ore that he had just obtained. Chen Xuan had also obtained it from one of the ruins. This made him very interested in the ancient cultivation ruins. What he wanted the most was naturally a treasure that could continuously upgrade the spirit map space. After all, the spirit map space was his Foundation and where his core competitiveness lay.

Of course, Xia ruofei had no time to care about this now. His top priority was to make a decision.

He also had the 'glittering jewel truth', and it was the complete version.

Wu Ming's actions had really made Xia ruofei very angry. The first thought that came to his mind was to take out the glittering jewel Wonderland to cut off the chase. He did not even need to take out the entire cultivation technique. Just the first and second volumes would be enough.

This was because Luo Qingfeng had also said that there was only the second volume of the glittering jewel true understanding in the hands of the spirit Vulture mountain, and it seemed to be missing a few pages.

The second volume was only suitable for cultivators in the Aurous core stage. Because the first volume was missing and a few pages were missing from the second volume, even cultivators in the Aurous core stage could not use it for cultivation. It could only be used as a great reference when cultivating their mental power.

From this, Xia ruofei could see that the cultivation world was full of techniques like the "true glittering jewel technique — Xia ruofei did not care to practice them. His" great Dao technique "was a

comprehensive technique – as long as he persisted in practicing the” great Dao technique “, his vital Qi and mental energy would increase at the same time – moreover, his mental cultivation had always been ahead of his time – hence, he naturally did not care about the” true glittering jewel technique — however, such an ancient book ..- Furthermore, it was a remnant scroll, and it was considered a treasure in the current cultivation world.

Xia ruofei also realized how precious the ancient books he had obtained from the Jade talisman of inheritance were.

As expected, anything that could be recorded in the Jade talisman of inheritance, even if it was an unremarkable cultivation technique, was actually quite valuable.

If Xia ruofei copied the first and second volumes of the glittering jewel true understanding and then cut the queue to auction it in front of the lingjue mountain, it would mean that ... The lingjue mountain’s incomplete volume would basically become a waste of paper. Even if they did not get the glittering jewel true understanding that Xia ruofei had provided, other cultivators who were interested in the incomplete volume would not be able to bid for it.

After all, people knew how to compare. If Xia ruofei had not taken out the first two volumes of the glittering jewel Wonderland, perhaps everyone would have treated the remaining volume of the Vulture mountain as a treasure. However, with the Pearl in front of them, everyone would definitely think that the value of the remaining volume of the Vulture mountain had decreased greatly. Many people might even change their minds because of this and give up on the remnant scroll of the spirit Vulture mountain.

Xia ruofei knew that if he did that, it would definitely be a heavy blow to the spirit Vulture mountain. Naturally, he would be able to vent his anger.

However, was it worth it to completely fall out with the spirit Vulture mountain for the sake of personal feelings? Xia ruofei was still considering.

He knew that he didn’t have much time, because there were still two items to be auctioned. If no other items cut the queue at the last minute, it should be the lingjue mountain’s “the glittering jewel true understanding” remnant volume that would be revealed. He had to make a decision before then, and also make time to submit the auction items to the organizer, the fallen leaves sect.

Xia ruofei’s mind raced, and he quickly made up his mind.

He knew that regardless of whether he did it or not, Ling Jue mountain had already formed grudges with him. At least, Wu Ming must have already gnashed his teeth in hatred, so there was no point in being soft – hearted.

Moreover, the meaning of his intervention was not just a dispute of personal feelings.

Since the spirit Vulture mountain was willing to auction their precious handwritten copies of ancient books, they were naturally in urgent need of a large number of spiritual stones. It was very likely that they had their eyes on one of the auction items.

This made Xia ruofei very interested in this item.

If he threw out the first and second volumes of the glittering jewel true understanding in time, not only would he be able to stop the lingjue mountain in time and prevent them from obtaining the large number of spiritual stones they had planned to obtain, he would also be able to obtain a large number of spiritual stones. Even if he didn't consider competing for the item that the Ling Jue mountain might be interested in, it would at least be of great help to him in competing for the storage ring.

Besides, Xia ruofei hated Wu Ming to the core. Naturally, he would not mind teaching him a lesson that would leave a deep impression.

These thoughts flashed through Xia ruofei's mind. He made a decision in the shortest time possible.

Then, he suddenly stood up and said quickly, "Two things! First, her adopted husband had to leave immediately and head straight to the airport. On the way, inform the crew to immediately apply for a temporary flight route. You will directly take the public jet paradise back to Paradise Island!"

"Ah?" Li Yifu was shocked. He couldn't help but ask, "grand uncle – Master, what happened?"

...

#### Chapter 2973 Split up (1)

After Li Yifu left, Luo Qingfeng looked at Xia ruofei with a serious expression and said, "Master, are you preparing to take action against the spirit Vulture mountain?"

Xia ruofei nodded and asked, "if we were to add another item to the auction before the remnant of the spiritual Vulture mountain, would the fallen leaves sect have any problems with it?"

"Under normal circumstances, they would usually fulfill such a request." Luo Qingfeng said, "but if ..."

"The item I submitted for auction is also the 'true understanding of the glittering jewel array'. It's the first and second volumes, two complete volumes." Xia ruofei knew what Luo Qingfeng wanted to say, so he said directly, "will the falling leaves sect agree if we make it clear to them?" This might completely offend the spirit Vulture mountain. "

Luo Qingfeng had already guessed that Xia ruofei might have some tricks up his sleeve to deal with the spirit Vulture mountain, but he did not expect Xia ruofei to take out the glittering jewel truth. Furthermore, the first two volumes were much better than the second volume of the spirit Vulture mountain. He had completely cut off the road to the spirit Vulture mountain!

Luo Qingfeng could not help but take a deep breath. Then, he quickly thought about it and said, "Master, this old servant should be able to do it!"

Xia ruofei naturally did not care what method Luo Qingfeng used. After all, time was of the essence.

He directly said, "alright!" The second thing I wanted to say just now was for you to carry it out! I need some time to prepare the contents of the first two volumes of the "glittering jewel true understanding." Before I return, you have to keep an eye on the auction house. Furthermore, you must not let the lingjue mountain 's "glittering jewel true understanding" fragments be auctioned before us!"

With that, Xia ruofei took out a set of sound – proof enchantment talismans from the spirit map space and handed them to Luo Qingfeng. "If you really can't do it, use this talisman to push it up first. You

must drag it out a little longer! Although this set of talismans is only for sound – proof barriers, its quality is much better than most of the barrier talismans used by the sects. It should be qualified to be auctioned!”

Xia ruofei was prepared for both eventualities. If the auction progressed faster than expected and he had not copied the first two volumes of the glittering jewel Wonderland, he would have to throw out an item to stop the lingjue mountain’s remnant volume.

Of course, this talisman wasn’t very precious to Xia ruofei. He could easily make one. The only purpose of auctioning it was to buy time. He didn’t care how many spiritual stones he could sell it for.

Upon hearing this, Luo Qingfeng immediately put away the array talismans and said, “I understand! Master, this old servant will go find sect leader Shao Qingyang and persuade him ... Oh right, master, I wonder if this old servant can give the falling leaves sect a certain discount on the auction’s Commission?”

Xia ruofei said without hesitation, “you will represent me. 10%, 20%, or even 30% will do!” As long as we can stop the Ling Jue mountain, we don’t need to care too much about the spirit stones!”

“Yes! This old servant is much more confident!” “Don’t worry, master,” Luo Qingfeng said excitedly. “The cut is just a supplementary method. I’ll try my best to convince Shao Qingyang!”

“I believe you!” Xia ruofei patted Luo Qingfeng’s shoulder and said, “let’s not waste any time. Let’s split up!” If there’s any emergency, contact me directly through the phone!”

“Yes!” “Yes,” Luo Qingfeng replied solemnly.

Xia ruofei immediately put away all the barrier talismans in the private room and left the private room with Luo Qingfeng.

Luo Qingfeng went straight to the preparation area backstage to look for Shao Qingyang, while Xia ruofei quickly walked to the elevator. He wanted to make a last – minute copy of the glittering jewel Wonderland, so he naturally needed a relatively safe environment. For now, he could only choose a hotel room. With the time array flags and the time acceleration at the Archean realm, he had plenty of time to copy. The real time – consuming part was the time to go up and down the stairs.

Xia ruofei raced against time to take the elevator back to his room. Then, he took all kinds of preventive measures as fast as possible before taking out the spirit map scroll and entering the medium.

He immediately appeared beside the spirit pond at the Archean realm and set up time array flags.

Xia ruofei finally heaved a sigh of relief when he was in an environment where time was flowing 2000 times faster than normal. With a thought, he took out a pack of paper, a box of black gel pens, a table, a chair, and other items from the space. Then, he bent over the table and started to copy.

All the books in the Jade talisman of inheritance were directly imprinted into Xia ruofei’s mind, so he could be said to be familiar with it.

Not only did these ancient books contain complete content, but they also contained the cultivation experiences and insights of many predecessors. Xia ruofei only needed to understand these things a

little. In fact, these experiences and insights were even more precious than the ancient books themselves.

Xia ruofei didn't need to think or recall anything. He copied everything in his mind as if he was copying a book. Naturally, his speed was very fast.

Moreover, he had also deliberately copied down a few of the insights and experiences left behind by his predecessors. These were naturally quite precious, the kind that could enlighten people with a few words.

In this way, the value of these two hand – written copies would naturally be higher.

.....

While Xia ruofei was writing furiously in the spirit map space, Luo Qingfeng had also successfully found the sect leader of the fallen leaves sect, Shao Qingyang.

Hao Qingsong was busy hosting the auction at the front desk, and as the sect leader, Shao Qingyang naturally didn't stay idle either. He had been busy all this time at the back.

Luo Qingfeng found Shao Qingyang and pulled him to a secluded corner to talk. Shao Qingyang did not know whether to laugh or cry as he said, "Sect leader Luo, if there's anything you want to say, just say it. All of the disciples here are elite disciples of my fallen leaves sect, and they are all very reliable."

#### Chapter 2974 Split up (2)

"Sect leader Shao," Luo Qingfeng said seriously. "It's best if fewer people know about my visit to you ..."

Seeing how serious Luo Qingfeng was, Shao Qingyang put away his joking expression and nodded. Then, he led Luo Qingfeng to a room not far away.

"Can you tell me now, sect master Luo?" asked Shao Qingyang. This room has already been set up with several kinds of barriers in advance, so there's absolutely no need to worry about the problem of the walls having ears!"

"Yes." Luo Qingfeng nodded and said, "sect leader Shao, I'll be honest with you. I've come to find you again to submit an item for auction at the last minute."

Hearing that, Shao Qingyang couldn't help but let out a sigh of relief. He smiled and said, "That's a good thing. We welcome you! Sect leader Luo, aren't you being too cautious? Could it be that it's an extremely precious treasure, and you don't want people to know that you submitted it for auction? Sect leader Luo can rest assured on this point. Since our fallen leaves sect is hosting this auction, we will definitely abide by the rules of the industry and will definitely not disclose the information of the client."

Luo Qingfeng sneered in his heart. Every auction said the same thing, but no matter which sect was the host, it was impossible to completely prevent the news from leaking out. After all, they were not a professional auction house. How could the confidentiality of the news not be leaked? What's more, as long as the other party's background was big enough, the higher – ups of the fallen leaves sect didn't even need to threaten them. They would fight to provide the information that the other party needed.

Although he was secretly complaining, Luo Qingfeng naturally would not say it out loud. He just smiled and said, "I naturally trust you, sect leader Shao. However, the auction item provided this time is no small matter. I have no choice but to be careful!"

As Luo Qingfeng spoke, he did not forget to pay attention to the situation at the auction house. He was also worried that the speed of the transaction was so fast that even the remnant scroll of the spirit Vulture mountain was on the stage. If that happened, it would be too late to say anything.

Hearing this, Shao Qingyang's eyes lit up, and he said with great interest, "Sect leader Luo, please elaborate!"

"We want to submit the first and second volumes of the glittering jewel Wonderland," Luo Qingfeng said indifferently. "We only have one request, and that is to auction it before the remnant volume of the spirit Vulture mountain."

Shao Qingyang couldn't help but take a deep breath. His eyes were wide open, and he stared at Luo Qingfeng for a long time before he said with a bitter smile, "Sect leader Luo, you've really shocked the world with one brilliant move! The items that your sect has submitted for auction this time are truly more frightening than the previous one!"

"Sect leader Shao, the remnant scroll of the Vulture mountain will be auctioned soon. You should just tell me if you can do it." Luo Qingfeng asked directly.

Shao Qingyang muttered to himself for a moment, then said with a bitter smile, "This really puts me in a difficult position ... Sect leader Luo, in this case, the spirit Vulture mountain will definitely be furious. They might even vent their anger on our fallen leaves sect!"

With the strength of the fallen leaves sect, do you really think that they are afraid of the spirit Vulture mountain? Even if you don't have as many golden core cultivators as the spirit Vulture mountain, if the spirit Vulture mountain wants to deal with you, they won't have much of an advantage! Wu Tiancheng is not an impulsive person. "

"Of course, we're not afraid of the lingjue mountain," Shao Qingyang said with a faint smile. "But why would I want to make an enemy out of nothing?"

Luo Qingfeng had already anticipated the attitude of the fallen leaves sect. He smiled faintly and said, "Sect leader Shao, according to the rules, as long as there is no problem with my item, your sect, as the organizer, can't reject the items we provide, right?"

"Of course!" Shao Qingyang said, "if the first two volumes of the 'glittering jewel Wonderland' that your sect provided are real, we naturally can't stop this cultivation technique from being auctioned. However, the order of the auction is decided by us, the organizers."

After saying that, Shao Qingyang smiled and looked at Luo Qingfeng.

Luo Qingfeng also showed a faint smile and said, "There are only two possibilities. The first is to follow our wishes and auction off our 'the glittering jewel truth' handwritten copy before the auction on the lingjue mountain. The second way was to auction the scroll fragment after the lingjue mountain! I think I still need to analyze the second situation with sect leader Shao ... Since we dared to submit the 'truth of the glittering jewel' to the auction, there is no doubt about its authenticity. If your sect were to auction

this special item after the remnant of the spirit Vulture mountain, then ... What would the fellow Daoist who spent a high price to buy the remnant of the spirit Vulture mountain think? For us, there's actually no loss. The higher the price of the lingjue mountain's remnant volume, the higher the price of our complete first and second volumes of the "glittering jewel truth" will naturally rise. With so many cultivators attending the auction, I don't have to worry about not being able to sell the cultivation method. "

Shao Qingyang couldn't help but take a deep breath. He had to admit that Luo Qingfeng's words made sense.

However, he thought about it again and immediately smiled, "I admit that what sect leader Luo said makes sense. However, your sect's sudden rush to sell the remnants of the "true glittering jewel Scripture" must not be just to gather spirit stones, right?"

Although Shao Qingyang didn't go to the front desk, he had been paying close attention to the situation of the auction. Naturally, he had also seen what had happened when the mysterious ore was being bid for.

Wu Ming's words put the star Seizer sect in a very passive position.

Shao Qingyang felt that Luo Qingfeng must have been extremely angry, which was why he had immediately taken out the transcript of the glittering jewel true understanding to attack the lingjue mountain.

Qingfeng Luo nodded generously and said, ""Sect leader Shao's eyes are as sharp as a torch. Naturally, you can see that our star Seizer sect is not to be bullied by anyone. What we did today was simply an eye for an eye. The little kid of the spirit Vulture mountain must be responsible for his words and actions. I will use this matter to teach him a lesson. Just take it as me teaching my son on behalf of Wu Tiancheng!"

Luo Qingfeng looked into Shao Qingyang's eyes and asked, ""How is it, sect leader Shao? Would the falling leaves sect help him with this? I hope that sect leader Shao can give me a straightforward answer. "

Shao Qingyang pondered for a long time before he raised his head and said, ""I can help, but I can't do it for free ..."

"I'll increase the auction Commission to 10%!" Qingfeng Luo said without hesitation.

"Sect master Luo, we don't need a few spirit stones ..." Shao Qingyang waved his hand.

"What do you mean, sect leader Shao?" Luo Qingfeng asked.

"I'm sure your sect has the original version of the glittering jewel Wonderland," said Shao Qingyang. "If we can help you with this, I wonder if I can take a look at it?" If it's not convenient to use the original, a handwritten copy is fine!"

"This ..." Luo Qingfeng could not help but freeze.

He did not expect that Shao Qingyang would make such a request. If it was just a concession in terms of Commission, he could make the decision himself. Besides, Xia ruofei had given him a lot of authority.

Even a 30% commission was not a problem. But if Shao Qingyang wanted to see the contents of the glittering jewel Wonderland, he could not make the decision.

Seeing this, Shao Qingyang immediately said, "I only need to borrow it for two hours. I also guarantee that the contents of the book will only be exchanged between the fallen leaves sect disciples and will not be spread to others!"

"Sect master Shao, I'm afraid ..." Luo Qingfeng smiled bitterly.

"What's wrong? Can't sect leader Luo make the decision?" Shao Qingyang was also a little surprised and asked with a slight frown.

At this moment, the door was opened and a young voice came in, "We can agree to this condition! However, you're only allowed to read the first volume for an hour!"

Luo Qingfeng's eyes lit up when he heard the voice. He turned around and said, "Junior Brother Xia, you've come?"

Xia ruofei smiled and nodded at Luo Qingfeng. He waved the two handwritten copies that had just been bound in his hand and said, "Senior brother Luo, the handwritten copy has been brought."

Shao Qingyang, who was standing at the side, was stunned. It was not because he could tell that Luo Qingfeng, the sect master of the star Seizer sect, could not make the decision, but because the young man in front of him had made the decision without hesitation. The main reason was ... The room was clearly set up with several kinds of barriers, but this young man had been able to hear their conversation from the outside!

This was simply too frightening ...

Chapter 2975 One step ahead (1)

Seeing Shao Qingyang's expression, Xia ruofei couldn't help but feel like laughing.

Naturally, he did it on purpose.

Actually, when Xia ruofei arrived at the auction house, he had already noticed that many of the cultivators in the private rooms were like them. They had set up all sorts of shielding barriers. However, out of curiosity, he tried to test them out and realized that the barriers set up by these cultivators were generally average. In his eyes, they were full of loopholes. He could completely penetrate them with his spiritual power without anyone knowing.

This was also the reason why Xia ruofei had the confidence to give the set of boundary talismans to Luo Qingfeng so that he could save the situation when time was tight. The quality of Xia ruofei's barrier was much higher than the various shielding barriers that almost all the sects had. The effect was also much better.

The same was true for the barrier that was set up in the room that Shao Qingyang and Luo Qingfeng were in. Xia ruofei only had to give it a try and he was able to break through the barrier.

He had only wanted to find out where Luo Qingfeng was, but he happened to hear the second half of their conversation.

Xia ruofei did this to give Shao Qingyang a little shock and make himself more mysterious in his eyes.

A young man whose cultivation level could not be seen through at all, who could ignore the barrier's shielding, and who seemed to have more authority in his words than the sect leader, Luo Qingfeng, would naturally shock Shao Qingyang.

In addition, Xia ruofei had given a discount on Shao Qingyang's conditions. He had only agreed to let him read the contents of the first volume, and he had even cut the time by half. The purpose was very simple – he did not want Shao Qingyang to feel that they were in a hurry to reach an agreement. He also did not want Shao Qingyang to feel that it was easy to make conditions.

Asking for a sky – High price and paying back on the spot was the logic of doing business.

After a brief moment of shock, Shao Qingyang turned to look at Luo Qingfeng.

"Sect leader Shao, this is my Junior Brother, Xia Tian," Luo Qingfeng quickly said. "His words represent the star Seizer sect's stance as well."

Shao Qingyang muttered in his heart, 'it seems like his status this summer is even higher than Luo Qingfeng's!'

A thought suddenly flashed through his mind. Could it be that this Xia Tian was the disciple of a hidden nascent soul old monster? If that was not the case, it would be difficult to explain Luo Qingfeng's attitude toward him!

Thinking of this, Shao Qingyang couldn't help but feel a chill down his spine, and he broke out in a cold sweat.

If this guess was true, then it meant that there was probably a Yuanying expert behind the star Seizer sect.

This was something that they had never heard of before!

The fallen leaf sect was the host of the auction, so Shao Qingyang was very familiar with the situation of all the auction items. The star Seizer sect, which had always kept a low profile, had brought out all the treasures that would make people's eyes burn with envy. Whether it was the exquisitely designed spirit gathering talisman or the shockingly effective protective jade talisman, they were all considered small top – grade treasures. Especially such a high quality Qi gathering pill, it subverted the knowledge of many cultivators.

If all of this was because there was a nascent Soul Stage old monster behind the star Seizer sect, then it would all make sense.

Countless thoughts flashed through Shao Qingyang's mind. At this time, Xia ruofei had already greeted Shao Qingyang with a smile, "Sect leader Shao, I've long heard about you!"

Shao Qingyang came back to his senses and quickly said, "Fellow Daoist Xia is truly young and promising! With such a young talent like fellow Daoist Xia, the Chinese cultivation world will be able to revive!"

“Sect leader Shao, you’re too kind! Xia Tian can’t afford that.” Xia ruofei said neither humbly nor arrogantly. He continued to ask, “time is tight, so I’ll get straight to the point. Sect leader Shao, are you satisfied with our conditions?”

Shao Qingyang also knew that if he delayed any longer and allowed the handwritten copy of the spirit Vulture mountain to be auctioned first, he would not only completely offend the two people in front of him, but also, as Luo Qingfeng had said, he would not be able to stop the star picking sect’s “the true understanding of the glittering jewel” from being auctioned. Then, the cultivators who had spent a high price to bid for the spirit Vulture mountain’s remnant would also hate the host, the fallen leaves sect, to the core.

Besides, Xia ruofei’s offer was not bad.

The glittering jewel truth was quite famous in the world of cultivation. The spirit Vulture mountain only had the second volume, and there was a missing page, but they could still comprehend a lot of experience in the cultivation of spiritual power from it. This made the Aurous core stage cultivators of the spirit Vulture mountain much more powerful than cultivators of the same level in terms of spiritual power.

This time, as long as he agreed to auction off the star Seizer sect’s transcript of the “true understanding of the glittering jewel array,” he would be able to study the contents of the first volume for free.

To the falling leaves sect, there was basically no cost. The only disadvantage was that they would offend the spirit Vulture mountain.

But if he didn’t agree, he would undoubtedly offend even more people, especially the star Seizer sect.

In the past, the star Seizer sect’s strength was not much weaker than the spiritual Vulture mountain’s. Now that there was a suspected nascent soul old monster behind them, in Shao Qingyang’s mind, the star Seizer sect’s power was naturally higher than the spiritual Vulture mountain’s.

If he had to choose between the two, Shao Qingyang would rather offend the spirit Vulture mountain than the star Seizer sect, which was becoming more and more mysterious in his eyes.

Furthermore, the first volume of the “glittering jewel Wonderland” would undoubtedly be a cultivation technique for Qi refining cultivators to train their spiritual power.

For a cultivator of Shao Qingyang’s level, an hour was more than enough for him to memorize the first volume of the glittering jewel true understanding.

Chapter 2976 One step ahead (2)

This was the complete content of the first volume!

Obtaining this cultivation method, in the future, all of the fallen leaf sect’s Qi layer disciples “spiritual power cultivation would welcome a rapid advancement.

This would be of great help to him in breaking through to the Golden core stage.

It would not be an exaggeration to say that the first volume of the “true glittering jewel technique” was enough to increase the strength of the fallen leaves sect by a large margin. Furthermore, the help it would provide for the development of the sect’s strength would be even more difficult to estimate.

Therefore, Shao Qingyang didn’t need to weigh the pros and cons. After a short moment of silence, he nodded and said, “Fellow Daoist Xia’s offer is very tempting, and it’s very difficult for me to refuse! I agree to it!”

Xia ruofei and Luo Qingfeng looked at each other, and a relaxed smile appeared on their faces.

On the auction stage, the auction was still continuing.

Now that the auction for this treasure had ended, another treasure appeared. According to the original plan, the second volume of the “glittering jewel true understanding” handwritten copy would be auctioned next.

Therefore, they still had plenty of time.

“Fellow Daoist Xia, sect master Luo,” said Shao Qingyang. “There’s still time. I still have a question to ask.”

Xia ruofei smiled and nodded. “Please speak, sect leader Shao.”

“What I’m most concerned about is how your sect is going to prove the authenticity of the” true understanding of glittering jewels,” Shao Qingyang said.

Xia ruofei was slightly stunned. He smiled and asked, “Then how does the spirit Vulture mountain prove that there is no problem with their” the true glittering jewel Scripture “?”

“The lingjue mountain ‘s’ the glittering jewel true understanding ‘has already been tested in practice,” Shao Qingyang said. “It’s indeed of great help to Aurous core stage cultivators in comprehending the cultivation of mental power!”

“But how can we be sure that their copy of the” truth of the glittering jewel “is the same as the original?” Xia ruofei chuckled and asked, “what if they’re up to no good and make some mistakes at some key positions?”

Shao Qingyang didn’t know whether to laugh or cry, “if the spirit Vulture mountain does that, their credibility will be completely broken. They’ll also become The Public Enemy of the cultivation world! No matter which force it is, the person who bid for this cultivation technique is naturally a cultivator in the Aurous core stage. They still have the most basic insight, and the Ling Jue mountain would never dare to risk universal condemnation by doing such a thing. ”

Xia ruofei shrugged and said, “The spirit Vulture mountain won’t do this, and we naturally won’t either. Moreover, our cultivation method is right there, so the cultivator who won the bid for it can naturally make an objective judgment. ”

“I’m just afraid that the spirit Vulture mountain won’t agree to such an explanation,” Shao Qingyang said with a bitter smile. “They’ll definitely raise strong doubts.”

Xia ruofei thought for a while and said with a smile, "It doesn't matter. If the spirit Vulture mountain questions me, I can naturally come up with a convincing solution to make them speechless!"

Seeing this, Shao Qingyang could only helplessly say, "If that's the case, then we'll do as fellow Daoist Xia says!"

Xia ruofei smiled and nodded. "Thank you, sect leader Shao. Do you have any other questions?"

"The core of the issue is the issue of authenticity," Shao Qingyang shook his head and said, "it's bound to cause controversy. Since fellow Daoist Xia already has a solution, the other problems are naturally insignificant!"

Xia ruofei said happily, "very good!" Sect leader Shao, I hope we can work well together! Then please arrange for the auction as soon as possible! I'm sure you're already clear about the basic situation of the glittering jewel true understanding. Unlike the lingjue mountain, I've provided the complete contents of the first two volumes of this cultivation method. And the first volume of the glittering jewel manual is just right for Qi refining stage cultivators to learn. Combining the first and second volumes will naturally be much more helpful to Aurous core stage cultivators than comprehending the second volume alone. I hope that sect leader Shao will inform elder Hao of this and emphasize on it. "

"No problem!" Shao Qingyang replied readily.

He then continued, "fellow Daoist Xia, according to the usual practice, the auction items of cultivation techniques are not handled by us in order to avoid suspicion. They will be kept by the deliveryman. After the auction is completed, both parties will hand it over directly. Is there any problem with this?"

Xia ruofei smiled and said, "of course, no problem!" I've already prepared the hand – written copies of the two martial arts manuals. As long as someone buys them, they can hand them over at any time! In addition, since we've promised sect leader Shao, then regardless of whether these two volumes of cultivation methods have a deal or not, I'll let sect leader Shao see the contents of the first volume for an hour as soon as possible!"

Shao Qingyang's face revealed a trace of joy, and he quickly said, "Alright! I'll immediately inform Qing Song to add your sect's item to the auction list! Fellow Daoist Xia, sect leader Luo, you can return to your room and wait for the auction to begin!"

Ever since Xia ruofei had entered the room, he had become the main person in the negotiation. Luo Qingfeng had been standing at the side without saying anything. Moreover, Shao Qingyang had always placed Xia ruofei before Luo Qingfeng in his words. It was obvious that he had already seen that Xia ruofei was the one who had the final say.

Xia ruofei and Luo Qingfeng cupped their hands at Shao Qingyang. Xia ruofei said, "Then I'll leave it to you, sect leader Shao!"

After that, the two of them left the room and returned to room 20 through the passage at the back.

Back in the private room, Xia ruofei had just set up a few shielding barriers when he saw that the auction item had finally been settled after many rounds of competition.

This item was very powerful and had bought Xia ruofei and the others a lot of time.

According to the original order, it would be the lingjue mountain's "glittering jewel true understanding" remnant volume's turn to appear after the auction of the next item.

However, after the fallen leaf sect disciple took the item that had just been sold off, Hao Qingsong did not immediately arrange for another disciple to bring out a new item. Instead, he stood on the stage and listened attentively. It was obvious that someone was transmitting his voice to him.

A shocked expression appeared on Hao Qingsong's face, but he quickly regained his calm, and even revealed a trace of excitement.

Xia ruofei and Luo Qingfeng knew that Shao Qingyang had probably informed Hao Qingsong of this sudden change. The reason why Hao Qingsong was so excited was obviously because he already knew that the fallen leaf sect might have the opportunity to obtain a volume of the "true understanding of the glittering jewel," and it was the first volume that was suitable for Qi refining cultivators to practice.

Hao Qingsong took a deep breath and then said, "Fellow Daoists, the next item is extremely special. It would be of great help to everyone's spiritual power cultivation! That's right, I'm sure many fellow Daoists have already guessed that the auction will begin soon with the handwritten copy of the 'glittering jewel Wonderland'!"

In room 15, Wu Ming and Luo Feng were slightly stunned.

"Did I remember it wrong?" Wu Ming asked. Our 'the truth of glittering jewels' should be in the next batch, right?"

Luo Feng slightly frowned and said, "Maybe the organizers changed the order at the last minute, but it doesn't matter. The key is that the 'the glittering jewel Wonderland' must bring us enough spiritual stones. Otherwise, we'll have to compete for the storage ring and buy that treasure at the same time. We'll be short of spiritual stones!"

"Don't worry, uncle Feng!" Wu Ming said casually. In today's cultivation world, there were very few inheritances. Even if it was only a fragment of a cultivation technique like the "glittering jewel true understanding", everyone would definitely go after it like a flock of birds. A conservative estimate would be that it could be sold for at least 50000 spirit stones! We didn't use much of the spirit stones we brought from the sect, so it should be enough to auction for that treasure. These fifty thousand spirit stones are more than enough for me to compete for the storage ring!"

"I hope so!" Luo Feng nodded.

At this moment, Hao Qingsong's words on the main auction stage made the two of them unable to help but freeze.

Hao Qingsong was currently introducing the "true linglang interpretation." He just said, "The 'the glittering jewel Wonderland' that is being auctioned this time is a complete hand – written copy of the first and second volumes ..."

Chapter 2977 Tit – for – tat (1)

When they heard this, Wu Ming and Luo Feng couldn't help but look at each other.

The impatient Wu Ming couldn't help but say loudly, "Elder Tong, you must have introduced the wrong person! Our hand – written copy of the "glittering jewel true understanding" only has the second volume, and there is no first volume. It is also completely unsuitable for Qi refining stage cultivators to practice. All the fellow Daoists present today have a very good understanding of our lingjue mountain's "glittering jewel true understanding." Aren't you misleading everyone with your introduction?"

Hao Qingsong had long since received Shao Qingyang's voice transmission and understood the entire situation, so Wu Ming's reaction was within his expectations.

Hao Qingsong stroked his beard and said with a smile, "young master Wu, please calm down. The 'true understanding of the glittering jewel array' that I've introduced was not provided by the lingjue mountain. It was submitted to the auction by another fellow Daoist at the last minute. I've already confirmed that it is indeed the complete content of the first and second volumes. There are no mistakes in my introduction."

Hao Qingsong's words were like a heavy bomb. It could be said that a single stone caused a thousand ripples, and all the cultivators from the various great sects that had participated in the auction were shocked.

Especially Wu Ming and Luo Feng, their eyes were wide open and their faces were filled with disbelief.

After he came back to his senses, the hot – tempered Wu Ming immediately exploded. He shouted, "Hao Qingsong, what is the meaning of your falling leaves sect's actions? Are you trying to embarrass our spirit Vulture mountain? Our "the truth of glittering jewels" is about to be filmed, but you guys suddenly inserted another "the truth of glittering jewels." Is there such a coincidence in the world?"

"Young sect Master Wu seems to have misunderstood us!" Hao Qingsong said unhurriedly. The auction is a spontaneous platform for fellow Daoists to exchange information. It's just that this year it's our Fallen Leaf sect's turn to host it. In principle, as long as there's no problem with the items you provide, we can't stop you from entering the auction process for no reason. Could it be that after your sect hands in the 'glittering jewel Wonderland', the other fellow Daoists have no right to do so? It didn't seem to make sense. And the "glittering jewel true understanding" submitted by this fellow Daoist is also different from the one submitted by the spirit Vulture mountain. As I've said just now, this handwritten copy contains the complete contents of the first and second volumes. "

Hao Qingsong's words naturally implied that the remnant scroll of the spirit Vulture mountain couldn't be compared to the handwritten copy that was currently being auctioned.

Even though he didn't say it out loud, the meaning was obvious.

Wu Ming flew into a rage out of humiliation and shouted in exasperation, "Then why is it that an item submitted at the last minute can be auctioned before our handwritten copy is about to be auctioned? Isn't this blocking our path to wealth? How could there be such a coincidence? Hao Qingsong, you still dare to say that you didn't do it on purpose?"

"Young sect Master Wu," Hao Qingsong's expression turned serious as he said, "your esteemed sect came to Shuangqing city two days ago. There doesn't seem to be anything we've been lacking in in our hospitality, right?" I've met sect leader Wu a few times, so we can be considered friends of the same

generation. But you always call me by my name. Is this how fellow Daoist Wu Tiancheng teaches his child?"

He was directly saying that Wu Ming had no manners.

Wu Ming's face alternated between red and white. He snorted coldly and said, "Don't try to change the subject! If it wasn't for the fact that your fallen leaves sect has gone too far, would I be so angry?"

"Then What do you mean, sect Master Wu?" Hao Qingsong asked with a faint smile. "What should we do to stop you from getting rich?" Did you deliberately put this obviously more complete manuscript up for auction after your sect's? Wouldn't that be unfair to the fellow Daoists who might be willing to pay a high price for your sect's copy? Will the other fellow Daoists also start to question our fairness? We can't be criticized by so many fellow Daoists for the sake of the lingjue mountain's wealth, can we? Young sect leader Wu, we, the fallen leaf sect, are hosting this auction to ensure that we have a clear conscience. We don't expect everyone to understand. If young sect leader Wu wants to misunderstand us, we have nothing to say. But ... Can I ask sect leader Wu to be patient and not interfere with the order of the auction?"

Hao Qingsong's words could be said to be reasonable and well – founded. Even Xia ruofei, who was sitting in the private room and watching the show with a smile, couldn't help but give a thumbs up.

It was no wonder that Shao Qingyang had arranged for Hao Qingsong to host this auction. This old man really did have some skill. At the very least, his eloquence was much better than many cultivators who only cared about cultivating.

Wu Ming was truly rendered speechless by Hao Qingsong's rebuttal.

More importantly, the cultivators of the other sects also believed that there were better things in Xuanji. Who would want a defective product?

If it was really the first and second volumes of the glittering jewel Wonderland, and it was complete, and the first volume was suitable for Qi refining stage cultivators, then the value of this handwritten copy was undoubtedly much higher than the one in the lingjue mountain. After all, in the current cultivation world, Qi refining stage was the backbone of the sect!

Moreover, the first and second volumes combined could even benefit Aurous core stage cultivators!

Luo Feng, who was in the same box as Wu Ming, had been frowning the entire time. He didn't say anything at first, but his mind was spinning quickly as he thought of a solution.

It was only after Wu Ming was rebuked by Hao Qingsong in a manner that was neither servile nor overbearing that he suddenly opened his mouth and spoke in a clear voice, "Elder Hao, there's something I don't understand. I hope elder Hao can advise me!"

Hao Qingsong's brows slightly twitched, and he calmly said, "You're elder Luo of the spirit Vulture mountain, right? What do you want to say?"

Hao Qingsong secretly raised his guard. Wu Ming, this hothead, wasn't difficult to deal with. The truly difficult one was an old fox like Luo Feng.

Luo Feng said indifferently, "as we all know, the" glittering jewel truth "of our lingjue mountain is very helpful to the cultivation of the spiritual power of Aurous core stage cultivators. This has already been proven." However, who could guarantee that this handwritten copy of the "true glittering jewel technique" that had suddenly appeared was the real one? Could it be that the falling leaves sect has already examined it?"

"Elder Luo, you must be joking. We naturally won't take any cultivation technique items. Otherwise, we won't be able to bear the responsibility if the cultivation technique is leaked!"

The corner of Luo Feng's mouth slightly curled up as he said, "If that's the case, does that mean ... Even your sect, as the organizer, can't guarantee the authenticity of this item? What if a fellow Daoist was full of hope and spent a high price to buy this so – called 'the glittering jewel manual', only to find out that he had been scammed? In the worst case scenario, if some Rascal sees this loophole in the future and often uses this trick to swindle spirit stones in future auctions, won't we also be unable to guard against it?"

Luo Feng's words were full of profound meaning. He had grasped the easiest part to attack, and he kept emphasizing words like "it's hard to distinguish between real and fake" and "so – called" to make the cultivators present more vigilant and suspicious.

Hao Qingsong's expression froze for a moment before he forced a smile and said, "Elder Luo, you're exaggerating things to scare us. Although we haven't read the contents of the manuscript, we've examined the fellow Daoists who submitted the items. It's not as if any cultivator who claims to have a cultivation technique can directly enter the auction process."

Luo Feng seemed to have seen the light of victory, so he naturally followed up, "Elder Hao's words are wrong! No matter what, the fact that cultivation technique items could not be inspected was a huge flaw. Otherwise, there wouldn't have been such a farce of two handwritten copies of the "truth of the glittering jewel" today! If this problem can't be explained clearly, I believe that fellow Daoists won't be able to buy it with ease!"

Luo Feng's words had caused some of the cultivators to become worried. Some of the cultivators who were originally excited and excited had calmed down a lot.

Hao Qingsong couldn't help but feel a little troubled. Luo Feng's relentless pursuit was within his expectations, but when Shao Qingyang had sent him a voice transmission, he had said that the spirit Vulture mountain might raise such a question, but the star Seizer sect would resolve it on their own.

Although he said that, Luo Feng had already forced him into a corner, and the star Seizer sect still didn't say anything!

As he thought of this, Hao Qingsong couldn't help but cast his gaze towards room 20.

In room 20, Luo Qingfeng looked at Xia ruofei worriedly and said, "Master, this Luo Feng is a bit hard to deal with!"

Xia ruofei smiled. "True gold fears no fire. He's just putting up a last – ditch struggle!"

With that, Xia ruofei shot a look at Luo Qingfeng, warning him not to speak. Then, he waved his hand to remove the sound – proof barrier and said in a clear voice, "Elder Luo's words are so ridiculous! Isn't the

spirit Vulture mountain offering a hand – written copy of a cultivation technique? Why is our ‘the truth of linglang’ being questioned so much, while yours can be auctioned in the open? Was this saying that only the officials were allowed to set fires, but the commoners were not allowed to light lamps? The spirit Vulture mountain is really overbearing!”

Xia ruofei’s words were equivalent to admitting that the star Seizer sect had submitted the two volumes of the glittering jewel true understanding.

The cultivators attending the auction couldn’t help but look at the ore with a hint of amusement. The spirit Vulture mountain and the star Seizer sect had fought over it. Although Wu Ming had proudly expressed that he was doing it for the sake of the sect, many people still thought that he had admitted defeat because of the budget. Soon, Wu Ming’s harsh words caused the star Seizer sect to fall into quite a bit of trouble.

It could be said that these two sides had already clashed today.

At this time, the star Seizer sect took out the handwritten copy of the “glittering jewel true understanding” and cut off the lingjue mountain. This was even more explosive.

Of course, there were also some cultivators who were wondering if the star Seizer sect was doing this on purpose to disgust and disgust the evil heart Mountain. Otherwise, how could it be so coincidental that the star Seizer sect also happened to have a hand – written copy of the ‘true understanding of the glittering jewel’? He had never heard anyone mention it before!

Hence, when Xia ruofei revealed his identity, many cultivators started to doubt the authenticity of the first and second volumes of the glittering jewel truth.

Upon hearing Xia ruofei’s voice, Wu Ming couldn’t help but fly into a rage. He shouted, “Why is it you again? You still dare to say you didn’t do it on purpose? Since when did your star Seizer sect have the “true glittering jewel Scripture”? No one here has ever heard of it before! Suddenly appearing on camera, I think you guys are here to cause trouble!”

Chapter 2978 Full of confidence (1)

When Wu Ming, who was sitting beside Luo Feng, heard this, he opened his mouth and wanted to speak without thinking.

However, Luo Feng waved his hand to stop him.

Luo Feng gave Wu Ming a look and then said in a clear voice, “If fellow Daoist Xia has a way to prove the authenticity of your handwritten copy, then go ahead and prove it. Our spirit Vulture mountain will be happy to see it happen. Why do you want to make a bet for no reason? Fellow Daoist Xia, please don’t try to change the subject!”

Luo Feng’s thoughts were very simple. Now that they had the absolute upper hand, as long as there were no changes, the cultivators who came to the auction would probably take a wait – and – see attitude because of their doubts. Therefore, he didn’t want any accidents to happen at this time and didn’t accept Xia ruofei’s bet at all.

To put it bluntly, it was to respond to changes by staying the same.

Luo Feng knew Wu Ming's character too well, so he stopped Wu Ming from speaking in time. Otherwise, Xia ruofei might really have "succeeded".

Xia ruofei smiled with confidence and said, "It seems that even though elder Luo's words are true, you know that there's no problem with the glittering jewel true understanding of our star Seizer sect. Since elder Luo doesn't dare to bet, then forget it!"

Luo Feng didn't say anything, but he didn't stop Wu Ming.

Wu Ming's stomach was already filled with anger. How could he stand Xia ruofei's mockery?

He suddenly stood up and shouted, "Who said we don't dare to bet? You say it! How do we bet?"

Luo Feng stomped his feet and sighed. With a helpless expression, he said in a low voice, "Young sect leader Wu, the people of the star Seizer sect clearly dug a hole for us to jump into! We've already taken the absolute cold, why bother with creating more trouble?"

Wu Ming said coldly, "uncle Feng, I don't beat around the bush like you!" I knew it, the other party has been provoking us all this time, they're about to ride on our necks and shit! If he kept dodging, what was the difference between him and a cowardly turtle? Besides, I'm just a little impatient, I'm not stupid! What did it matter if she heard what he wanted to bet? If it's really outrageous, it won't be too late for us to refuse!"

Luo Feng thought about it and realized that it made sense.

Moreover, Wu Ming had already said what he wanted to say. If he took it back now, wouldn't he be slapping his own face?

At this moment, Xia ruofei, who was in room 20, asked loudly, "What is elder Luo's opinion? Whose orders does the spirit Vulture mountain listen to? It's making us very troubled ..."

Luo Feng's expression turned cold and he said indifferently, "If fellow Daoist Xia only wants to drive a wedge between our spirit Vulture mountain, I'm afraid you're being a villain in vain. The opinion of young sect leader Wu naturally represents the opinion of the entire spirit Vulture mountain."

"Hahaha! Then I'll talk about the bet." Xia ruofei smiled nonchalantly and said, "it's simple. I'll put forward a plan that everyone agrees on to prove that there's no problem with our 'the true understanding of Linlang'. Therefore, let's bet on the authenticity of the two volumes of the glittering jewel manual. If they're real, we'll win. If they're not, you win. Elder Luo, do you dare to accept this bet?"

"First, tell me how you're going to prove it." Luo Feng smiled faintly.

Xia ruofei said with confidence, "our plan is to auction these two copies of the 'glittering jewel true understanding' as usual. The fellow Daoist who wins the auction can come to room 20. I will explain the contents of the 'glittering jewel true understanding' to him word by word. There are also many cultivation insights that are not recorded in the copies. I will give them away for free!" Whether it's the contents of the first volume for the Qi layer or the second volume for the Jindan layer, we'll definitely teach you! Fellow Daoists, you are all powerhouses of your own region, and every sect has sent a golden core cultivator. I believe that a fake cultivation technique can not be used to deceive you! Not to

mention the cultivation technique we're all cultivating? And I can guarantee that fellow Daoists who have never practiced the glittering jewel Wonderland before will gain some enlightenment on the spot after listening to my explanation!"

As soon as Xia ruofei said this, many cultivators were tempted. Clearly, Xia ruofei was very confident and did not seem to be deliberately disrupting the situation! According to Xia ruofei's plan, it was impossible to fool them. If there was any problem with the manuscript, they would be caught immediately.

Luo Feng's expression changed slightly when he heard this. His mind spun quickly, and he suddenly had a flash of inspiration. He sneered and said, "Fellow Daoist Xia's words are incorrect! I'll admit that fellow Daoist Xia's method is indeed effective to a certain extent, but that can only prove that the two volumes of cultivation technique you provided are effective. In fact, it will take a long time to gradually come to a conclusion. Most importantly, none of you can prove that this is the "true glittering jewel manual"! What if you created another spiritual power cultivation technique and changed the name to the glittering jewel truth just to attack our lingjue mountain? For fellow Daoists who have never cultivated this cultivation technique, there's no way to judge!"

Xia ruofei chuckled and said, "so according to elder Luo, there's no solution to this matter?" But how did you prove the "glittering jewel true understanding" of your spirit Vulture mountain? In the future, when he went to the spirit Vulture mountain and compared it with the original ... Hehe! Even if it's fake, I don't know which unlucky fellow Daoist won it, but he'll only get a refund of spirit stones. He could've made some gains at the auction, but what if he ended up with nothing because he invested all of his spirit stones into that incomplete scroll of yours? Our method can at least determine the authenticity on the spot. If there's really a problem with the auction item, the fellow Daoist who buys our hand – written copy won't suffer any losses, and will even receive compensation ten times the amount. As for who is better, I believe all the fellow Daoists present have their own opinions!"

Luo Feng's face darkened as he said, "fellow Daoist Xia has a glib tongue. You can even turn black into white!" There's naturally a way to prove the authenticity of your handwritten copy!"

Luo Feng was actually very helpless. The situation was originally very good, but because Wu Ming wanted to listen to the other party's bet, Xia ruofei had forcefully turned the tables.

He had to admit that Xia ruofei's proposal to verify the authenticity of the manuscripts, especially the compensation of ten times the price, was very confident. It would definitely make many cultivators who were in a dilemma make up their minds. After all, if there was something wrong with the two manuscripts, it would not affect their bid for the next one. They would also receive compensation of ten times the transaction price, which was a huge sum of money.

Luo Feng even felt that the star Seizer sect's promise of ten times the compensation would cause the price of the two handwritten copies to rise even further if they were to auction them off now.

Under such circumstances, he could not stabilize his defense and had to take the initiative to attack.

In fact, Luo Feng didn't believe that the star Seizer sect would really be able to produce the "true glittering jewel Scripture." After all, most of the cultivation techniques excavated from ancient cultivation ruins were unique copies, especially the "true glittering jewel Scripture," which was a high –

Quality cultivation technique. How could it be common? How could it be so coincidental that the star Seizer sect also had a collection? Luo Feng felt that the probability of this happening was extremely low.

Just like he had said before, he strongly suspected that the star Seizer sect had used a similarly good spiritual power cultivation method to change its appearance and auction it off as the “glittering jewel true understanding”. Their purpose was to stop the spirit Vulture mountain.

Hence, if they were to use Xia ruofei’s method to determine the truth, they would probably be in danger.

The hand – made copies of the spirit Vulture mountain would not be easy to sell ...

Xia ruofei responded to all the changes by remaining the same. He smiled and asked, “It seems that elder Luo already has a plan. I’m all ears!”

“It’s very simple,” Luo Feng snorted coldly and said, “I can guarantee that there’s no problem with the handwritten copy of the spirit Vulture mountain.” “The star Seizer sect’s two hand – written copies just so happen to have the second volume of the glittering jewel true understanding. So, if any fellow Daoist is able to bid for the so – called hand – written copy of the glittering jewel true understanding, the spirit Vulture mountain is willing to provide our hand – written copy. You can compare it with the star Seizer sect’s hand – written copy, line by line, page by page. If it’s exactly the same, then we’ll naturally acknowledge the authenticity of the star Seizer sect’s hand – written copy! I’m sure that all of you should be more in favor of this plan. After all, almost everyone in the cultivation world knows about the “true glittering jewel technique” of our Ling Jue mountain!”

“If we use this method, our star Seizer sect will lose without a doubt!” Xia ruofei said indifferently.

Luo Feng was overjoyed and quickly said, “What’s wrong? Fellow Daoist Xia, are you feeling guilty? We’re willing to provide our side’s handwritten copy for free to share the burden with fellow Daoists. Fellow Daoist Xia should be happy! Weren’t you all very confident in the authenticity of your so – called “the truth of glittering jewels” just now?”

Luo Feng was even more confident in his judgment now. It was possible that the star Seizer sect had changed its appearance and used another cultivation technique as a replacement!

Xia ruofei’s next words almost made Luo Feng’s lungs explode ...

## Chapter 2979 A Grand gamble (1)

Everyone quieted down after hearing Xia ruofei’s words.

The five bottles of Chi – amassing pills at the start of the auction had successfully attracted everyone’s attention. Many people were guessing which family had provided the Chi – amassing pills, and they had not expected the star Seizer sect to admit it.

“You have that kind of Qi gathering pill?” Luo Feng couldn’t help asking.

On the main auction stage, Hao Qingsong directly said, “I can vouch for that. The gathering Qi pills at the beginning were indeed provided by the star Seizer sect.”

As the host, the fallen leaves sect had the duty to keep the client's identity a secret, but since the client had taken the initiative to reveal it, Hao Qingsong naturally didn't need to hold back.

Moreover, Hao Qingsong was the one who had hoped the most that the star Seizer sect's handwritten copy would be successfully auctioned off. That way, the fallen leaves sect would also be able to obtain great benefits!

Hao Qingsong's words could be considered to be completely true.

Luo Feng couldn't help but gasp. Although they didn't participate in the competition for the Qi gathering pill, sun Tianfeng had personally appraised it, so it couldn't be wrong. There were many Qi refining cultivators in the spirit Vulture mountain, including the young sect leader, Wu Ming, who was still in the Qi refining stage. This Qi gathering pill was naturally a good thing.

Thirty pills were equivalent to one and a half bottles. If Wu Ming was the only one to use it, it would last for a long time.

However, Luo Feng wasn't satisfied with just winning 30 Qi gathering pills.

"Thirty Chi – amassing pills is too little ..." He said, squinting his eyes. "We'll lose tens of thousands of spirit stones if we withdraw our handwritten copies from the auction!"

"How many do you think is appropriate, elder Luo?" Xia ruofei asked lightly.

Luo Feng smiled and said, "fellow Daoist Xia should be very clear that if we don't get involved in this matter, you have no way of proving the authenticity of the two cultivation techniques. The fellow Daoists present will also not be able to buy them with ease!" So, all the benefits of this bet are on your side ..."

"What if my handwritten copy is different from the one in the Ling Jue mountain? Wouldn't we be losing both the wife and the soldiers?" Xia ruofei smiled faintly and said, "you don't have to say these words. Since elder Luo is still speaking with fervor and assurance, naturally, he wants to make this bet. It's nothing more than a matter of the bet. We've already wasted a lot of everyone's time, why don't you be more straightforward, elder Luo?"

"Alright!" Luo Feng said, "if we win, we don't want the Qi gathering pill, but the formula that you have!"

Xia ruofei and Luo Qingfeng looked at each other, then smiled disdainfully and said, "Elder Luo has such a big appetite! You want to bet a priceless medicinal formula on the right to auction off a mere remnant volume?"

"Fellow Daoist Xia can choose not to bet." Luo Feng seemed to have Xia ruofei in the palm of his hand.

"Why not?" Xia ruofei laughed and said, "however, the stakes are not equal. If elder Luo wants to exchange it for the formula, shouldn't you pay more if you lose?"

"What else do you want?" Luo Feng asked.

"In addition to the withdrawal of your 'the glittering jewel Wonderland' fragment from this auction, you will also have to pay us an additional 50000 spirit stones." Xia ruofei said without hesitation, "this is my

final condition. If you have no objections, then we'll bet! " If you don't agree, just say that you didn't say anything before. If our handwritten copies were to be auctioned normally, I believe that there will be fellow Daoists who know the value of it! I don't need to prove anything!"

Luo Feng couldn't help but fall into hesitation.

His instinct told him that Xia ruofei was not bluffing.

However, if one were to judge rationally, the chances of the star Seizer sect also having the ' true glittering jewel Scripture' were extremely low. In addition to the previous conflict between the two parties ...

If he had only bet that their " the glittering jewel true understanding " would leave the auction, he wouldn't have had too many concerns. After all, if they lost, it would prove that the star picking sect's " the glittering jewel true understanding " was also real. That would mean that the remnant scrolls that they would put up for auction later would likely not be sold, or they would be sold at a low price. So in reality, they wouldn't have to put in too much for this bet.

However, if he added 50000 spiritual stones, the impact would be a Little Big.

Without the income from the auction of the " glittering jewel true understanding ", their budget would be stretched thin. If they lost another 50000 spirit stones, there would be a difference of more than 100000 spirit stones. Basically, it meant that they had already withdrawn from the competition for that treasure.

Of course, if they won, not only would the " glittering jewel truth " fragment be auctioned for a higher price, but they would also get an extremely precious prescription for free. In the future, the lingjue mountain would be able to make a lot of money even if they sold Chi-amassing pills.

It could be said that the rewards were very attractive, but the risks were also quite high.

While Luo Feng was still weighing the pros and cons, Wu Ming, who was beside him, was already getting anxious.

Wu Ming said in a low voice, " uncle Feng, what are you thinking about? " Promise him! We can't lose! He's just giving us a prescription for free!"

Luo Feng smiled bitterly to himself – if only things were that simple.

However, he still couldn't resist the temptation of the Qi – gathering Elixir's prescription. He finally gritted his teeth and said, " "Alright! We'll do as fellow Daoist Xia says! We, the Ling Jue mountain, will bet on this!"

Xia ruofei laughed and said, "great!" Our star Seizer sect will naturally be more than happy to oblige!"

Following that, Xia ruofei turned to Hao Qingsong, who was on the main auction stage, and said, "Elder Tong, we'll have to trouble the falling leaves sect to be our witness!"

"No problem!" Hao Qingsong laughed. This is our honor! Furthermore, there are so many fellow Daoists present who have personally witnessed this. I believe that both of you will definitely not go back on your words! We're all witnesses!"

“Thank you!” Xia ruofei said with a smile.

Hao Qingsong nodded and said, “since there are no more questions, we’ll now begin auctioning off the star Seizer sect’s hand-written copies of the “true understanding of the glittering jewel,” Volume One and volume Two.” That’s right, there’s one more thing I forgot to introduce to everyone. Because these two hand-written manuscripts started from the beginning and were both complete, not only could Qi condensation cultivators directly cultivate the first volume, even golden core cultivators could cultivate according to the contents of the two volumes. Alright, let’s cut to the chase and start the auction! The starting price of the two copies of the ‘glittering jewel Wonderland’ was 30000 spirit stones, and each bid must be increased by at least 500 spirit stones! Fellow Daoists, you can start bidding!”

.....

The price on the big screen began to update quickly. Every time it flashed, it meant that someone had raised the price again.

Everyone’s increase in the bid was quite large. Except for a few who increased the bid by 500, most of them increased the bid by 1000 or 2000 spirit stones.

In a short while, the price on the big screen had reached 50000 spirit stones.

This was the item with the highest unit price in the auction.

Moreover, the price was still rising, but the speed of change was beginning to slow down. This meant that some people knew that they had no hope or that they didn’t have enough budget, so they wisely withdrew from the competition. The cultivators who were still competing also had to think twice before bidding because of the price.

Xia ruofei did not expect everyone to be so enthusiastic.

Even Luo Feng and Wu Ming, who were in room 15, were dumbfounded. Yingluo, this was much more popular than their own handwritten manuscripts!

According to their estimation, the ‘glittering jewel true understanding’ fragment could be sold for about 50000 spirit stones.

From the looks of it, the star Seizer sect’s handwritten copy had already reached 50000 spirit stones, and the final price was clearly far more than that.

Luo Feng quickly understood that the spirit Vulture mountain was actually “helping” the star Seizer sect. Their bet was basically a guarantee. If the handwritten copy of the star Seizer sect was real, then it would be worth it to buy it for fifty to sixty thousand spirit stones, or even seventy to eighty thousand – And if the star Seizer sect’s handwritten copy was fake, they wouldn’t suffer any losses either. They

could even get hundreds of thousands of spirit stones as compensation. No matter how you looked at it, it was not a loss.

Therefore, no one had any worries at all, and the bidding was naturally more refreshing.

Luo Feng was extremely unwilling to accept this, but he quickly changed his mind and thought, Hmph! Now, no matter how many spirit stones were auctioned, it was all in vain! As long as they compared the copies of both parties, their true colors would be revealed. The higher the transaction price, the more losses they would have to pay. By then, the star Seizer sect wouldn't be able to afford the losses even if they went bankrupt!

...

With this in mind, Luo Feng felt much more at ease.

In room 20, Xia ruofei looked at the rising numbers on the big screen and turned to Luo Qingfeng. "Qingfeng, do you not understand why I suddenly became high – Profile? He even took the initiative to admit to the matter of the Qi gathering pill."

"Master, you must have your own plans," Luo Qingfeng said quickly. "I don't want to speculate."

Xia ruofei sighed and said, "From the moment I participated in the competition for that ore, especially after Wu Ming's words, we were destined to be unable to keep a low profile. I don't know how many pairs of eyes are staring at us! Since that's the case, we might as well do the opposite!"

Xia ruofei patted Luo Qingfeng's shoulder and said, "I'm doing this for the star Seizer sect's sake. The more high – Profile we are, the less likely those with ill intentions will act rashly. It would be even better if they could be like Shao Qingyang and misunderstand that we have the support of a nascent Soul Stage old monster. Although the star Seizer sect has a profound Foundation and isn't easily afraid of those other sects, I still hope to reduce the pressure on you as much as possible."

Luo Qingfeng was touched and said, "On behalf of the star Seizer sect, I thank master for your concern!"

"We'll talk about it after the auction!" Xia ruofei said, "as long as my adopted husband's plane takes off successfully, the two of us won't have any worries. By then, I will naturally provide the star Seizer sect with even stronger protection!"

"Yes! Master!" Luo Qingfeng said, "I will follow master's arrangements!"

As the two of them conversed, the price of the two handwritten copies had unknowingly risen to 60000 spirit stones.

There were at least three or four sects that had not given up and continued to raise the price.

Xia ruofei noticed that there were cultivators from the flying flower Valley in Room 6.

...

In box six, Liu Mansha frowned slightly and said, "Although this price is not considered high, the 'true understanding of linglang' is worth it! However, if we bid for these two hand – written manuscripts, I'm

afraid we won't be able to compete for that treasure ... Junior Sister yang, let's give up! The overall situation is more important!"

At this moment, the person controlling the bidding device was actually elder Yang Liu of the flying flower Valley.

After Yang Liu heard Liu Mansha's words, she turned her head and smiled." "Senior Sister Liu, no matter what price we have to pay, we have to get these two cultivation techniques! If you weren't limited by your spiritual power, your cultivation would've broken through to the late – Stage of the Aurous core stage. These two handwritten copies of the "glittering jewel Wonderland" were simply a heaven – sent opportunity. They were specially prepared for you by the heavens! If you don't take it from the heavens, you'll be harmed!"

Willow continued,"as for the big picture ... It shouldn't affect it!" Didn't I prepare fifty thousand spirit stones? I'll use it to subsidize Senior sister's purchase of the "true understanding of glittering jewels"!"

Chapter 2980 On – the – spot appraisal (1)

After more than ten minutes of fighting, the ownership of the two handwritten copies of the 'the truth of glittering jewels' that Xia ruofei had taken out on the spur of the moment was finally decided.

In the end, Hao Qingsong announced that the final price was 73500 spirit stones, setting a new high for the final price since the start of the auction.

And the person who won this item that made many golden core stage cultivators "hearts skip a beat was the cultivator from the sixth box's flying flower Valley.

When Hao Qingsong announced the deal, Yang Liu, who had been clenching her fists the entire time, couldn't help but cry out in excitement.

"I got it!" She said excitedly. Senior Sister! We've taken it! Perhaps the opportunity for Senior Sister to break through to the late – Stage of the Golden core realm lies in these two hand – written copies!"

Liu Mansha looked at the Willow, feeling touched. She said softly," "Thank you!"

Even though it was just two simple words, it contained too much gratitude.

"Don't mention it, Senior Sister!" Yang Liu waved her hand. These two cultivation methods are not only beneficial to Senior sister's cultivation, but also to all the cultivators of our flying flower Valley in the future. In terms of mental power cultivation, they will be on the fast track. Spending more than seventy thousand spirit stones to get them is very worth it!"

Yang Liu had already made it clear that she had a total of 50000 spirit stones in her private stash, and she would also contribute them to purchase these two hand – written copies. If Qianqian didn't do this, then the soaring Flower Valley would have used up more than half of the 100000 spirit stones that they had prepared beforehand. The remaining 20000 spirit stones would mean that they had completely announced their withdrawal from the competition for that treasure. It was estimated that even the starting bid would be more than this.

If Yang Liu took out her own spirit stones, then there would be more than 70000 spirit stones left in the soaring Flower Valley. Although the competition would be much weaker, Liu Mansha herself also had

many valuable treasures. If it really didn't work, she could continue to participate in the auction by adding spirit stones and treasures. If she was lucky, the treasure she took out happened to be urgently needed by the person who entrusted it to the auction. Even if the spirit stones were a little less, the other party might still choose their soaring Flower Valley.

Liu Mansha smiled. "Junior Sister yang, let's not celebrate too early. What if the 'glittering jewel Wonderland' is not real?"

"That means we've earned more than 700000 spiritual stones!" Yang Liu chuckled. This was a huge sum of money! I wonder if the star Seizer sect would be worth that many spirit stones if I sold it off ..."

"Since that young man dared to make such a bet, he must be confident!" Liu Mansha took a deep breath and said, "if I had a choice, I would rather not have 700000 spirit stones. I would also hope that their two handwritten copies of the 'the true understanding of glittering jewels' would be as good as the introduction just now."

"Yup!" Willow also sighed with emotion.

Liu Mansha stood up and said with a smile, "Let's go! The show is just beginning!"

In the eyes of all the cultivators who were participating in the auction, the bidding for the star Seizer sect's two hand – held manuscripts had just ended. It was just the beginning, and the real highlight was yet to come.

Everyone was rather interested in the bet between the star Seizer sect and the spirit Vulture mountain.

It was a pity that because the cultivation technique transcript was very sensitive, it was impossible to verify it in front of everyone. Everyone was destined to wait for the final result.

The relevant personnel, including the cultivators of the spirit Vulture mountain and the cultivators of the flying flower Valley who had won the two hand – written manuscripts, all left their private rooms according to the agreement they had made in advance and headed towards room 20, where the star Seizer sect was located.

Xia ruofei and Luo Qingfeng were sitting on the fishing platform, calculating their gains while waiting for the arrival of Liu Mansha and the others.

The Three Treasures that were auctioned earlier had earned him a total of 39000 spiritual stones. However, Xia ruofei had spent another 6010 spiritual stones to bid for the mysterious ore, so he was left with about 33000 spiritual stones.

Since Xia ruofei had agreed to let the fallen leaves sect read the contents of the first volume for an hour, Shao Qingyang had generously expressed that he would no longer take a Commission for the sale of the two hand – held manuscripts. In this way, the 73500 spirit stones would be the pure profit.

In this way, Xia ruofei had around 106500 spiritual stones at his disposal.

In addition, after the bet, the spirit Vulture mountain had lost 50000 spiritual stones to them. In other words, Xia ruofei had more than 150000 spiritual stones at his disposal, which was more than the spiritual stones that many top sects had brought.

No matter what, there was no problem in competing for the storage ring.

Everyone was concerned about the final result of the bet between the spirit Vulture mountain and the star Seizer sect, so even the auction was temporarily suspended.

The host, the falling leaves sect's sect leader Shao Qingyang, acted as a witness and personally brought the cultivators of the spirit Vulture mountain and the flying flower Valley to room number 20.

Liu Mansha and Yang Liu were the only ones from the soaring Flower Valley. They had met Xia ruofei once in the elevator. On the other hand, Luo Feng and Wu Ming were on the other side of the spirit Vulture mountain. This was the first time Xia ruofei had seen their true faces.

Luo Feng looked like a skinny old man in his sixties. He was dressed in a dark blue Daoist robe and his hair was a little white. However, his eyes were very sharp. As soon as he entered the room, he glanced at Xia ruofei. As the sect master of the star Seizer sect, Luo Qingfeng had naturally met Xia ruofei before. Hence, there was no need for an introduction. Luo Feng knew that the young man in front of him was 'Xia Tian' from the star Seizer sect.

Similarly, Wu Ming also glared at Xia ruofei fiercely. His eyes were about to spit fire.

However, Luo Feng must have warned him in advance, so even though they seemed to be at daggers drawn, there was no conflict between the two sides.

In the soaring Flower Valley, Liu Mansha glanced at Xia ruofei meaningfully the moment she entered the room. She had also noticed that there was one less person in the star Seizer sect's private room. The oldest cultivator with the lowest cultivation level was gone.

Liu Mansha thought to herself, "could it be that they felt that they were in the limelight this time and let the low – Level cultivator leave first for safety?" This was a rather wise choice ...

Shao Qingyang chuckled as he made a brief introduction to both parties, then said, "Because of the bet between the star Seizer sect and the spirit Vulture mountain, and also to protect the interests of the fellow Daoist from the flying flower Valley, we now have to appraise the handwritten copy of the true understanding of the glittering jewel. As the middleman, I still need to confirm the bet with both sides before we start. "

Then, Shao Qingyang looked at Xia ruofei, Luo Feng, and the others and continued, "We'll make a comparison according to the agreed method. If the final result is that the star Seizer sect's handwritten copy is real, then the spirit Vulture mountain's handwritten copy will be withdrawn from the auction and you'll have to pay the star Seizer sect fifty thousand spirit stones. On the other hand, the deal between the star Seizer sect and the flying flower Valley would be nullified, and the star Seizer sect would have to compensate the flying flower Valley with 735000 spiritual stones. At the same time, they would have to hand over the formula for the gathering Qi pill to the spirit Vulture mountain. Are you all sure about this bet? Is there anything else you want to add?"

"No problem!" Xia ruofei nodded.

Liu Mansha smiled and said, "it seems that no matter what the outcome is, we'll be standing on an undefeatable ground!" Our flying flower Valley will also have no problem!"

On the Ling Jue mountain's side, Wu Ming's eyes turned and he said,"I have something to add!"

Shao Qingyang's brows twitched as he looked at Wu Ming and said in a friendly manner,"Please speak, sect leader Wu!"

Wu Ming looked at Xia ruofei proudly and said,"If the star Seizer sect loses, the formula they give us must be genuine and not tampered with in the slightest. Otherwise, if we bring back the wrong formula, it'll be equivalent to a piece of waste paper!"

Xia ruofei replied without hesitation,"of course, we can guarantee that." I can demonstrate to you once according to the formula and make the Qi gathering pills on the spot. I can guarantee that the average effect will be the same as the batch of Qi gathering pills at the opening auction. If you can't even make it like this, then it's a problem of skill, and it has nothing to do with my prescription!"

"Very good!" Luo Feng didn't wait for Wu Ming to speak and said directly,"fellow Daoist Xia, you're quite open and generous this time. Let's do it this way!"

Xia ruofei smiled nonchalantly and thought,"It's impossible for you to get that prescription, and everything you've said is just an illusion. What's the harm in being generous?"

"Do you have any other questions?" Shao Qingyang asked.

Luo Feng shook his head and said,"there's no more. I have officially confirmed the bet on behalf of the Ling Jue mountain. We can begin the verification process now!"

Even though Liu Mansha and Yang Liu were veteran golden core cultivators, they couldn't help but feel a little nervous at this time.

They were mainly worried about the personal gains and losses. They had very high hopes for these two handwritten copies. Just as Liu Mansha had said, they would rather not have 700000 spirit stones, because that would mean that the star picking sect 's' true understanding of glittering jewels 'was real.

"Now that the three parties have confirmed it, let's begin the verification process!" Said Shao Qingyang. Because it involves the secret of my cultivation technique, I'll take my leave first ..."

Xia ruofei waved his hand."It's fine. Sect leader Shao, please be a witness!"

Wu Ming objected the moment he heard this. He said loudly,"How can we do that? Our "the glittering jewel Wonderland" is a secret that can not be passed on!"

Xia ruofei smiled and took out a set of talismans from the space. He waved his hand and scattered them. He immediately set up a barrier that covered everyone.

"Elder Luo," Xia ruofei said,"you can go outside the boundary and try to see if your spiritual power can spy on the situation inside the boundary."

Luo Feng walked out doubtfully and released his spiritual force to probe. He realized that the barrier that Xia ruofei had casually set up was extremely tough. It seemed to have formed a naturally balanced field without any weak points. It could be said that the barrier against spiritual force had been done to the extreme.

Luo Feng immediately understood Xia ruofei's intention to ask Shao Qingyang to be a witness. Standing outside the boundary, he could see the situation inside the boundary with his naked eyes, but he could not use his spiritual power to spy on the contents of the handwritten book.

...

This barrier was so tough that even an Aurous core stage cultivator would find it difficult to break through it.

Moreover, if Shao Qingyang were to forcefully use his mental power to destroy the wizardry barrier, everyone would naturally be able to discover it.

In this way, it was indeed possible to have Shao Qingyang as a witness without leaking the secret.

Luo Feng couldn't help but look at Xia ruofei.

Xia ruofei was so confident. Could he really guarantee that he would win? Furthermore ... This kid was so young, but his attainments in the array Dao were really not bad! The array talismans used to set up the barrier might have been given by the elders in the sect, but the technique of setting up the array could not be given by the elders in the sect. Xia ruofei set up the array with a wave of his hand, and it was obvious that he was very familiar with it.

Luo Feng's heart couldn't help but beat like a drum, and the confidence he had in the beginning also began to waver ...
