### Chapter 3071 Welcoming them through the night (1)

After Xia ruofei heard this, he smiled and said, ""You can deal with this matter as you see fit, but remember not to beat him to death with a stick. He still needs this to support his family! Just let him have a long memory!"

"Yes! I'm going to ask the transport management to suspend his service for a week as punishment. " Sun Xiao said, "anyway, he has already admitted it. Now, the evidence is conclusive!"

Xia ruofei nodded. "Sure ... Oh, right. Did you give him the fare?"

"I've given it, I've given it!" Sun Xiao quickly said, "I did as you instructed!"

"That's good! You've worked hard!" Xia ruofei said with a smile.

"No problem!" Sun Xiao quickly waved his hand and said, "young master Xia, you're too kind!"

Then, Sun Xiao immediately said, "young master Xia, the young sect leader will soon receive news of your visit. During your stay at sky peak, you can let me know if you have any needs. This is my business card!"

With that said, Sun Xiao respectfully handed over his business card with both hands.

Xia ruofei took the name card with a smile and kept it in the spirit map space.

Sun Xiao hesitated for a moment before asking, ""Young master Xia, if I may ask, can you provide more personal information? In this way, this disciple can report to young sect leader, in case young sect leader asks and this disciple doesn't know anything ..."

Xia ruofei laughed heartily and said, ""Of course! Just tell him that Xia Tian from the star Seizer sect is here to visit, and brother Chen Xuan will understand!"

Sun Xiao heaved a sigh of relief and quickly said, ""Alright! Thank you, young master Xia! Then disciple won't disturb you any longer, you can rest here first!"

Xia ruofei smiled and nodded. ""You've worked hard!"

"It's not hard! It's not hard!" Sun Xiao quickly said, "young master Xia, I will take my leave!"

Sun Xiao bowed to Xia ruofei respectfully and left the room.

It was not until he closed the door that Sun Xiao heaved a long sigh of relief.

In the short time that he had spent with Xia ruofei, Sun Xiao had felt immense pressure.

In fact, Xia ruofei had been very kind and friendly from the beginning to the end. However, Sun Xiao could feel an inexplicable pressure. This feeling was similar to the feeling he had when he was fortunate enough to receive the Golden core cultivators in his sect, including Chen Xuan and the other experts.

He even felt that the invisible pressure from Xia ruofei was stronger ...

After sun Xiao bade farewell, he immediately returned to his exclusive dormitory in this subsidiary building and directly reported the situation to the sect through the phone.

The heavenly sect's communication method was similar to the star Seizer sect's. They both set up a point near the mountain Gate, with disciples guarding it and people in charge of delivering news to the sect. Some news from the secular world was sent to the sect through this point.

The reason why he could not directly contact the sect was also because of the sect protecting formation.

However, the development of modern communication technology had brought great convenience and improved efficiency.

It was said that in the ancient cultivation world, there was a means of long – distance communication between cultivators. However, this kind of magic treasure had been completely lost. In the cultivation world, they had to rely on some scientific means to achieve rapid communication.

In the No. 3 suite of the attached building.

It was already Teno' clock at night. Xia ruofei had already had his breakfast, and sun Xiao had personally brought it to the suite.

After the shower, Xia ruofei was ready to go to the bedroom to rest.

At this moment, there was a knock on the door of the suite.

Xia ruofei scanned the room with his spiritual power out of habit and was surprised. He quickened his pace and opened the door.

Standing at the entrance was the young sect master of the first heaven sect, Chen Xuan, whom he had just met at the auction not long ago. Sun Xiao was also by his side.

In fact, Sun Xiao was very shocked.

It had only been a few hours since he had sent the news to the sect, but the moment Chen Xuan received the news, he didn't care that it was already night time and rushed to Tai city. Although the first heaven sect was located in the depths of Mount Tai, it was still quite far from tai city. From the looks of it, Chen Xuan must have rushed over after making some simple arrangements. Furthermore, he must have flown over on his sword or on his flying boat.

Of course, the sect was located in a remote area, and the mountain roads there were difficult to walk on. It would take a few hours for an ordinary Qi refining disciple to come to Tai city from the first heaven sect.

"Brother Chen! Why did you rush here overnight?" Xia ruofei said in surprise, "you're making me feel uneasy!"

Chen Xuan laughed and said, "brother Xia, you're treating me like an outsider!" How could I not welcome an honored guest? Besides ... You're not only an honored guest, you're also my creditor!"

After sun Xiao heard this, he was even more shocked.

Their young sect master had never lacked cultivation resources since he was a child, let alone spirit stones. Yet, he wanted to borrow money from this young cultivator? Could it be that this person's background was greater than the young sect leader's?

Looking at the dazed Sun Xiao, Chen Xuan said indifferently, "You can leave first! Tell the kitchen to prepare some supper. I want to have a few drinks with brother Xia!"

"Yes! Young sect leader!" Sun Xiao quickly replied.

Then, with a belly full of questions and shock, he respectfully bowed to the two of them and turned to leave.

Xia ruofei smiled and invited Chen Xuan into the house. They sat down in the spacious living room.

Chapter 3072 Welcoming them overnight (2)

Xia ruofei laughed and said, "brother Chen, let me make this clear!" I'm here to visit a friend, not to collect a debt!"

Chen Xuan burst into laughter upon hearing this. "I don't care if you're here to collect a debt or not, but I still have to pay back the spirit stones I owe you. The reason I'm a little late today is to prepare the spirit stones!"

Xia ruofei quickly said, "brother Chen, what are you doing?" Didn't I tell you last time? I'm not short of spirit stones right now. You've spent a lot of spirit stones to bid for the five sages token, so I don't have to be in a hurry to return it!"

"Don't worry, brother Xia!" Chen Xuan smiled. Last time, I had underestimated the determination of the other sects to fight for the five sacred badges, so I had prepared a little less spirit stones! It's a good thing we had brother Xia's help, otherwise that five Saints badge would have fallen into the hands of another sect. If it's the soaring Flower Valley or the surging waves sect, it's still fine. After all, we're like-minded. But if the Black Dragon cult gets this five Saints token, it'll really be a headache ... So, after my father heard about this matter, he kept saying that he wanted to thank brother Xia properly!"

Chen Xuan paused for a moment before continuing, "Let's get back to the main topic. Although one hundred and ten thousand spiritual stones isn't a small amount, the first heaven society can still gather it in a short time. So, since brother Xia is here, I've brought it here to pay off the debt. "

Xia ruofei forced a smile and said, "brother Chen, you guys are too serious." It's like I'm really here to collect a debt ..."

"Hahaha!" Chen Xuan laughed out loud and said, "that doesn't exist! What kind of person was brother Xia? Why would he care about a mere 110000 spirit stones? But that's a separate matter. Since it's a debt, it's only right and proper to pay back the money!"

With that, Chen Xuan took out 110000 spirit stones from his storage ring. It was a huge, heavy bag.

"Brother Xia, please count!" Chen Xuan said with a smile.

“Brother Chen, aren’t you slapping my face?” Xia ruofei didn’t know whether to laugh or cry. “Don’t tell me that the world – famous young master Chen would shortchange me by a few spiritual stones? Wouldn’t that be a joke?”

With that, Xia ruofei kept the big bag of spiritual stones into the spirit map space.

Chen Xuan chuckled, “alright!” Then, from the debt relationship, we have cleared it! However, the first heaven society will never forget brother Xia’s help at the auction, and it won’t disappear with the disappearance of our debt. ”

“Brother Chen’s words are too serious. It was just a simple matter that day.” Xia ruofei said.

“By the way, brother Chen,” Xia ruofei continued, “your sect already has two five sacred badges. Have you guys made any progress?”

After Xia ruofei asked, he immediately explained, “Brother Chen, please don’t misunderstand! I’m not trying to pry, I’m just a little curious. Even if you guys really did come up with something, you don’t have to tell me in detail. It’s enough that I know about it. ”

A bitter smile appeared on Chen Xuan’s face as he replied, “Brother Xia, to be honest, after I took the fifth Saint token back, my father and some of the elders in the sect have been studying these two five Saint tokens for the past few days. However, they really have no clue ... It seems that this secret can only be unraveled after the last five Saint token, which is the first token, is born.”

Xia ruofei had gotten a lot of information from master Yuntai about the rising Dragon Order, which was also known as the five – Saint order by modern cultivators, so he was not surprised by this result.

He didn’t tell Chen Xuan that he had accidentally discovered token number 1 in his hands. After a short conversation, he changed the topic.

Naturally, Chen Xuan did not have the slightest doubt about this.

“Brother Xia,” he said with a smile, “other than visiting me and the first heaven society, you must have come here for something else, right?”

Xia ruofei chuckled and said, “brother Chen should be very clear!” This time, I’m here to conveniently ...”

“Wild tea tree branch!” Chen Xuan interrupted Xia ruofei’s words and laughed. “No problem! I’ve told my father about this as soon as I returned to the sect. Putting aside the fact that brother Xia helped us obtain the five sages token, even if we didn’t have this relationship, my father wouldn’t have any reason to reject my friend’s request for a few wild tea leaves. Therefore, the old man agreed without hesitation! When we return to the sect this time, I’ll personally take brother Xia to pick one. Just tell me which one you like, as long as you don’t uproot the wild tea tree, there won’t be a problem!”

Xia ruofei was overjoyed and said, “Brother Chen, that’s interesting! This little brother will remember this favor!”

Chen Xuan laughed and said, “but it’s getting late. Brother Xia, you must be tired from the journey. So, let’s stay here for the night. I’ll bring you back to the first heaven society tomorrow morning. How about it?”

“The guest will do as the host wishes. Naturally, I will do as brother Chen arranges!” Xia ruofei said with a smile.

Soon, Sun Xiao brought two waiters to deliver the supper that had just been prepared to the room. They also brought a few bottles of vintage wine.

Hence, Xia ruofei and Chen Xuan went to the dining room of the suite. They chatted while drinking and eating.

Chen Xuan had always been a very approachable person. Whether it was to the big shots of other sects or ordinary cultivators, he always appeared to be approachable. Moreover, he more or less had the intention of befriending Xia ruofei, so the two of them naturally had a great time chatting. To be honest, it was hard for anyone to have any ill feelings towards someone like Chen Xuan.

However, Xia ruofei was no longer a greenhorn. He would not give his heart to Chen Xuan just because he was friendly. He had always kept his mouth shut about the number one token and did not reveal anything.

He only said thirty percent to everyone, but he couldn’t completely throw away his heart.

This saying was also applicable in the world of cultivation.

If he was really a silly and sweet person who did not know how to keep his mouth shut, he would probably not live long in an environment like the cultivation world.

Naturally, Chen Xuan would not think of the five sages medallion either. He was just casually chatting with Xia ruofei about the cultivation world, including some of the things that he had gone to explore ancient ruins with his sect’s elders.

Now, although Xia ruofei had a ready – made ancient cultivator like master Yuntai by his side, this “closed – door cultivation madman” had not been able to talk to Xia ruofei about the ancient cultivation world until now. Therefore, he was naturally very curious about the ancient cultivator ruins and listened very carefully. Chen Xuan had always been a very approachable person. #### Chapter 3073 The number one sect (1)

Xia ruofei knew that in Chen Xuan’s eyes, he was only a Qi refining cultivator. That was why Chen Xuan had brought the Clearwater flying boat with him. This was to prevent him from feeling awkward when he had to ride a flying sword.

Naturally, Xia ruofei would not reveal that he had broken the Kasaya. In fact, neither Chen Xuan nor the other cultivators he met at the auction had asked about Xia ruofei’s cultivation level. Now, Xia ruofei would not reveal that he was already an Aurous core beginner stage cultivator.

The group arrived at the rooftop, and sun Xiao followed them respectfully.

Chen Xuan took out the jadewater flying boat. The flying boat expanded rapidly and floated in the air quietly.

Xia ruofei secretly compared the blue water flying boat with his black flying boat and found that the blue water flying boat was indeed much worse. Whether it was the size, material, flying speed, or other factors, the black flying boat was much better.

“Brother Chen, I’ve troubled you to come out personally and even use the Clearwater flying boat. I’ve really troubled you ...” Xia ruofei said.

Chen Xuan laughed heartily.”There’s no need to be so polite, brother Xia. I’ve said it before. No matter how important you are to the heavenly sect, this is the courtesy you deserve!” Brother Xia, please!”

“Brother Chen, please!”

The two of them tapped the ground lightly with the tips of their toes, and their bodies floated up from the ground, landing firmly on the deck of the flying boat.

“This disciple will respectfully send young sect leader and young master Xia off!” Sun Xiao hurriedly bowed and said.

This time around, Chen Xuan did not bring any of his followers with him. Hence, he had to control the Flying Ship personally.

Soon, the jadewater flying boat rose into the air and flew toward the depths of Mount Tai.

Chen Xuan raised the flying boat and adjusted the direction. He smiled at Xia ruofei and said,””Brother Xia, we’ll be able to reach the first heaven society in no time if we take an airboat from tai city. Why don’t we go to the deck! While you’re at it, I’d like to invite brother Xia to enjoy the scenery of Mount Tai!”

“Sure!” Xia ruofei smiled naturally.

The two of them went to the deck and stood by the side of the ship.

Although this airboat was slower than the black airboat, it was much faster than most of the planes. However, because of the protective cover, there was no wind on the deck, and the flight was very stable.

Chen Xuan smiled as he introduced the scenery to Xia ruofei.

This was the area where Chen Xuan had grown up, so he was naturally extremely familiar with it. He was able to introduce the various scenic spots in a clear and logical manner.

At first, Xia ruofei could still see the tourists visiting Mount Tai below the swift Boat. Although the tourists were as small as ants in his field of vision due to the height of the flying boat, he could still see them clearly with the eyesight of a cultivator.

He could clearly see the tourists walking on the winding and steep mountain road.

However, it didn't take long for the flying boat to fly over the scenic Area and enter the depths of the mountain range where few people visited.

Although these areas had not been developed, it was precisely because of this that there were fewer traces of man – made carvings and there was no trace of smoke and fire. The scenery was more natural.

"We'll be reaching the mountain Gate soon!" Chen Xuan said with a smile. "Prepare to descend!"

In fact, Xia ruofei's spiritual power had already sensed the traces of cultivators in the nearby mountains. This area was already a no-man's land. The cultivators below were naturally the hidden sentries sent by the first heaven society.

Chen Xuan returned to the Flying Ship's cabin and maneuvered the ship to descend slowly.

Xia ruofei stood on the deck and watched as the flying boat charged towards a mountain wall covered with vines without any signs of slowing down.

The speed of the flying boat was extremely fast. Xia ruofei could see that the mountain wall was rapidly approaching.

However, Xia ruofei was still standing calmly at the bow of the ship, ignoring the mountain wall that he was about to hit.

Actually, with his current attainments in the array Dao, he could already sense the array set up here from afar. As for this mountain wall, no matter how realistic it was, Xia ruofei's spiritual power could sense that it did not exist. It was just an illusion created by the array, a simple smokescreen.

Even though it was just a smokescreen, the effect was still very good.

Not only was it a steep mountain wall in the eyes of ordinary people, but most cultivators who could not sense the array would only see it as a mountain wall even if they used their spiritual power to explore it.

Sure enough, the instant the flying boat came into contact with the 'mountain wall', it didn't meet with any obstruction or impact. It directly entered the mountain wall.

Xia ruofei stood on the deck of the swift Boat. He seemed to see a ripple, and then the scenery in front of him changed.

A majestic mountain Gate appeared not far away. Behind the mountain Gate was a wide mountain road that meandered upward.

A series of ancient buildings were built against the mountain, scattered in an orderly manner within a radius of several dozen li. It was clear that this entire area was enveloped in a large array. Everything within the array's range couldn't even be detected by the satellites in space. In the photos taken by the Pi Xiu reconnaissance satellite, this was a primeval forest.

That was actually an illusion created by the formation. The real situation had long been concealed.

The spiritual Qi in the entire area was very rich. Xia ruofei sensed that it was almost at the same level as the Taixu xuanqing formation before the second transformation.

Near the mountain Gate, there were a few disciples wearing white Crescent – shaped clothes. They looked full of energy and were at least at refined Qi Level 5 and above.

Chapter 3074 The number one sect (2)

Looking at their clothes, one could tell that they were just ordinary disciples who guarded the water flying boat, the two disciples bowed slightly and called out in unison, "Greetings, young sect leader!"

Chen Xuan smiled gently at the two of them and nodded. Then, he turned to Xia ruofei and said, "Brother Xia, this is the mountain Gate of the first heaven society. The three words on the mountain Gate were written by my father, the great ancestor."

Xia ruofei looked closely and realized that the three words "first heaven society" were also majestic. When he looked at it, he could hear the sound of metal clashing. These three simple words were like three angry gods, releasing an overbearing aura at the same time.

Xia ruofei's body was slightly stunned by the overwhelming aura.

When Chen Xuan saw Xia ruofei staring at the three words, he quickly reminded him, "Brother Xia, please don't stare ..."

However, his warning was too late. Xia ruofei had already focused his attention.

Chen Xuan couldn't help but feel regret. He knew that the words 'great - grandfather' contained an overbearing aura. If an ordinary cultivator didn't pay attention to it, it would be fine. However, if they paid attention to it, they would probably be crushed by the aura.

Back when Chen Xuan was still a Qi condensation cultivator, he had been forced to take six or seven steps back by these words before falling to the ground.

In fact, Chen Xuan was just giving Xia ruofei a normal introduction. He did not expect Xia ruofei to be so honest and take the three words seriously.

If Xia ruofei were to make such a fool of himself at the entrance before he even entered the mountain, Chen Xuan would really be embarrassed as the host.

If Xia ruofei was a little more narrow - minded, he might even think that Chen Xuan was deliberately toying with him to give him a chance to show off his power!

Chen Xuan could not help but feel anxious.

What he did not expect was that Xia ruofei's footsteps only paused for a moment. There was almost no change in her expression. She was only stunned for a moment, then she smiled and said, ""Brother Chen, the three words on your sect's Gate are extraordinary! It's full of power! I was caught off guard just now and almost suffered a loss!"

Chen Xuan looked at Xia ruofei in shock. At the same time, he heaved a sigh of relief.

He didn't have the time to think about how Xia ruofei was able to get out of that power so quickly and was completely fine.

As long as Xia ruofei did not make a fool of himself here, he would be thankful.

"Brother Xia, I didn't explain myself clearly just now. I almost caused you to lose out. I'm really sorry!" Chen Xuan hurriedly apologized.

"Brother Chen, you're too serious." Xia ruofei chuckled and said, "brother Chen has already reminded me in time. If there's anyone to blame, it's my curiosity. Fortunately, nothing happened!"

"Yes, yes, yes!" "Please come in, brother Xia!" Chen Xuan said, gesturing for him to enter.

As Chen Xuan brought Xia ruofei into the sect, he muttered to himself, "It was said that this brother Xia was likely to be a Yuanying stage cultivator's personal disciple. It seemed that the credibility of this rumor was quite high. At such a young age, he could be as steady as Mount Tai in front of his ancestor's inscription. The foundation of a Yuanying stage personal disciple was really not ordinary!"

This was Chen Xuan's first time trying to comprehend these three words. In the end, he was immediately suppressed by the aura, causing him to take a few steps back and fall on his butt. At that time, he was about the same age as Xia ruofei.

This was why Chen Xuan was feeling especially emotional.

Chen Xuan personally led Xia ruofei around the sect. At the same time, he introduced Xia ruofei to the various buildings they passed by. A series of ancient buildings were built against the mountain, scattered in an orderly manner within a radius of several dozen li. It was clear that this entire area was enveloped in a large array. Everything within the array's range couldn't even be detected by the satellites in space. In the photos taken by the Pi Xiu reconnaissance satellite, this was a primeval forest.

Near the mountain Gate, there were a few disciples wearing white Crescent - shaped clothes. They looked full of energy and were at least at refined Qi Level 5 and above.

Looking at their clothes, one could tell that they were just ordinary disciples who guarded the mountain Gate.

The number one sect in the world of cultivation was indeed worthy of its reputation. Just a glimpse of the gate gave Xia ruofei a feeling of myriad of phenomena and magnificence.

The Clearwater flying boat was very recognizable. Therefore, the moment it landed in front of the mountain Gate, the disciples who were guarding the gate hurriedly came out to greet it.

"Brother Xia, we've arrived!" Chen Xuan walked out of the cabin and smiled. "Let's go down!"

"Alright!" Xia ruofei said, "please, brother Chen!"

The two of them jumped off the flying boat together. Just as Chen Xuan kept the shrunken green "Yes, yes, yes!" "Please come in, brother Xia!" Chen Xuan said, gesturing for him to enter.

#### Chapter 3075 Chen Nanfeng\_

Chen Xuan personally brought Xia ruofei along the green stone Mountain path to Yun Xiao peak.

The two of them chatted and laughed along the way. From time to time, the passing disciples would stop in their tracks and bow respectfully when they saw Chen Xuan.

Chen Xuan didn't put on the airs of an elder or the son of the sect leader. He just smiled and nodded at everyone.

"Brother Xia, there are a total of six peaks in the first heaven society. The Yunxiao peak is located in the middle and is personally managed by the sect Masters of each generation. Some of the important places of the sect are basically located on the Yunxiao peak." "I've been living on the Yun Xiao peak since I was young. However, I had my own residence after I grew up." Chen Xuan explained as he walked.

"It's easier to live alone!" Xia ruofei laughed.

Chen Xuan laughed and nodded. "He's indeed more at ease!"

Whether it was in the world of cultivation or the secular world, every child probably had the same mentality when they were young, hoping to be free from the control of their parents. Many children applied for universities far away from home after the college entrance examination, and many of them had the same mentality.

"Brother Xia, my father is quite a kind person, especially towards the young talents in the world of cultivation. He has always been very supportive, so you don't have to be too nervous." Chen Xuan chuckled.

"It's fine ..." Xia ruofei said. "I'm more curious than nervous!" After all, your father is the number one person in the world of cultivation!"

"That's just a rumor in the cultivation world," Chen Xuan replied with a smile. My father had said before that there were many hidden experts in the cultivation world. He was only a late – Stage golden core cultivator, so he couldn't be called the number one expert in the cultivation world. In any case, we can't say this in the heavenly sect, including the so – called number one sect in the world of cultivation. We've never really considered ourselves the number one sect, in case it gets out and becomes a laughingstock.  
"

"You're being too humble!" Xia ruofei smiled and said, "it's hard to say whether your father is the number one in the cultivation world, but the first heaven society's strength is obvious to all. In terms of overall strength, there are almost no sects in the cultivation world that can compete with the first heaven society!"

"You're too kind! You're too kind!" Chen Xuan laughed as he waved his hand.

The two of them moved very quickly, and in a short while, they arrived in front of a Chain Bridge.

Xia ruofei looked up and saw five steep peaks in the Misty Valley. The one in the middle was the highest, and the other peaks were scattered around like stars surrounding the moon.

Each peak was connected to the middle Peak by a Chain Bridge.

Xia ruofei looked at the Chain Bridge in front of him and realized that he was actually on one of the peaks.

Thus, there were six peaks in total.

As expected, Chen Xuan stood at the end of the bridge and introduced with a smile, "Brother Xia, we're currently at the blue cloud Peak. This is the only peak that can be reached directly after entering the mountain Gate. Most of the ordinary disciples cultivate and live within the blue cloud Peak's range. This Chain Bridge leads to Yun Xiao peak. Brother Xia, please!"

"Brother Chen, please!" Xia ruofei made an inviting gesture and stepped onto the Chain Bridge with Chen Xuan.

A steel cable as thick as an arm connected two mountains. After stepping on the bridge, Xia ruofei immediately felt like he was floating in the air.

The wind in the valley was usually stronger, and as long as a gust of wind blew, the Chain Bridge would sway.

Furthermore, the Chain Bridge did not have any special railings. There was only a steel cable on each side as a basic protection. The wooden boards under his feet were not solid, and there were many gaps between them. He could directly see the valley that was faintly visible in the clouds.

If it was an ordinary person, they would probably feel weak in the legs and tremble in fear after walking on this Chain Bridge.

However, Xia ruofei would not do that.

Not to mention that he was already an Aurous core stage cultivator and could ride a flying sword anytime. Even before he started cultivating, when he was serving in the Army, he had experienced much more dangerous environments than this. His mental fortitude had long been trained.

On the swaying Chain Bridge, Xia ruofei's expression was relaxed and he walked steadily.

Naturally, Chen Xuan had no problem with that. He introduced the basic situation of Yun Xiao peak to Xia ruofei as they walked.

In addition to the residence of the sect leader, there was also a very important elder meeting hall. Basically, all major decisions in the first heaven society were made on Yun Xiao peak.

In addition, there was also an ancestral hall of the heavenly sect, where the memorial tablets of the previous sect Masters and elders would be worshipped.

Very quickly, the two of them crossed the Chain Bridge that was two to three hundred meters long and arrived at Yun Xiao peak.

At the other end of the Chain Bridge, about 20 to 30 meters away from the top of Yun Xiao peak, there were disciples who were specially assigned to guard Yun Xiao peak, which was an important place in the first heaven society. Naturally, it was not a place that anyone could enter.

Even some high – Level disciples had to ask for permission before they could enter Yun Xiao peak.

Of course, Chen Xuan was not one of them. He brought Xia ruofei to the end of the Chain Bridge. The disciples guarding the Chain Bridge immediately bowed and greeted him. "Greetings, young sect leader!"

"Sect leader, are you free now?" Chen Xuan asked.

"Young sect leader, the sect leader has ordered that when young sect leader and this young master Xia arrive, they can go directly to the meeting hall. He is waiting there." The disciple replied respectfully.

"Meeting hall?" Chen Xuan was taken aback for a moment, and a look of surprise appeared on his face. However, he quickly regained his composure and replied, "I understand."

#### Chapter 3076 Chen Nanfeng (2)

The function of the meeting hall, other than the elders discussing matters, was sometimes used to receive important guests. Usually, the sect leader and elders would personally receive them in the meeting hall to show how important they were.

Chen Xuan had thought that his father would meet Xia ruofei at his residence. After all, Xia ruofei was just a junior. It was already a great honor for his father to meet him personally.

He did not expect his father to meet Xia ruofei in the meeting hall.

This was at least the standard for receiving the sect leaders of other sects.

However, on second thought, Chen Xuan felt that this did not seem to be an attempt to criticize Xia ruofei's performance at the auction. Anyone with eyes could see that even the sect leader of the star Seizer sect, Luo Qingfeng, seemed to listen to Xia ruofei's words and even follow his orders.

Hence, Xia ruofei's status in the star Seizer sect seemed to be above Luo Qingfeng's.

Based on this logic, although Xia ruofei was young, his status was not lower than a sect leader. It was not too outrageous for his father to meet Xia ruofei in the meeting hall.

"Brother Xia, this way please!" Chen Xuan said with a smile.

Xia ruofei didn't know much about the first heaven society, so he didn't know the reason why the sect leader wanted to meet him in the meeting hall. He just followed Chen Xuan's footsteps and went up the smooth mountain path.

Soon, the two of them arrived at the peak.

A majestic hall was built on the peak, and two disciples of the eighth level of the aura refining realm stood on both sides of the door of the hall.

Upon seeing Chen Xuan, the two disciples bowed and greeted him before making an inviting gesture.

Chen Xuan brought Xia ruofei into the hall.

Xia ruofei quickly observed his surroundings. The hall was about ten meters tall, which was equivalent to a three – story building. Purple – Gold pillars were neatly arranged, supporting the entire Hall. The hall was paved with smooth bluestone, and from the entrance of the hall, there was a path of about six meters wide paved with light blue stones.

On both sides of the road, chairs were neatly arranged.

At the end of the path were steps made of blue stones of the same material.

There was a small platform after the nine steps, on which there were tables and chairs.

A figure in a moon – White robe was sitting behind the table. Xia ruofei wanted to take a closer look but realized that he could not see the person's face clearly.

Of course, this was not because Xia ruofei's eyesight was not good enough. After becoming a cultivator, he could see even an ant at such a short distance.

However, when Xia ruofei's gaze fell on the person sitting in the main hall, he felt that there was a layer of fog covering his face. He could not see clearly.

Of course, Xia ruofei knew that this man was Chen Xuan's father, the current sect leader of the first heaven society, and a late – Stage golden core cultivator, Chen Nanfeng.

Therefore, he only caught a glimpse of it and did not dare to size it up without restraint.

Very quickly, Xia ruofei felt a gaze on him. This gaze was not overbearing, but it seemed to be able to destroy everything. It made Xia ruofei feel like he was being seen through.

"This child greets father!" Chen Xuan brought Xia ruofei to a stop about ten meters away from the steps. He bowed and said, "father, this is brother Xia, Xia Tianxia from the star Seizer sect!"

"Greetings, sect leader Chen!" Xia ruofei also cupped his hands and said.

"Is this our young friend Xia Tian?" Chen Nanfeng's voice was heard. "You're indeed a promising young man!"

Xia ruofei felt that Chen Nanfeng's voice was actually very gentle, similar to Chen Xuan's style. It was the kind that was very friendly. However, at the same time, he could feel that this voice seemed to have a kind of magic that made people submit.

Xia ruofei suddenly realized that this sect leader Chen must be highly accomplished in the aspect of spiritual power.

One must know that Xia ruofei's spiritual power had already reached the late – Stage of the spirit gathering realm, which was stronger than most cultivators in the intermediate stage of the Golden core realm. However, Chen Nanfeng's simple words had caused Xia ruofei to feel dazed.

This meant that Chen Nanfeng's spiritual power cultivation was much higher than Xia ruofei's.

Xia ruofei was shocked. Of course, Chen Xuan was not one of them. He brought Xia ruofei to the end of the Chain Bridge. The disciples guarding the Chain Bridge immediately bowed and greeted him. "Greetings, young sect leader!"

"Sect leader, are you free now?" Chen Xuan asked.

"Young sect leader, the sect leader has ordered that when young sect leader and this young master Xia arrive, they can go directly to the meeting hall. He is waiting there." The disciple replied respectfully.

"Meeting hall?" Chen Xuan was taken aback for a moment, and a look of surprise appeared on his face. However, he quickly regained his composure and replied, "I understand."

The function of the meeting hall, other than the elders discussing matters, was sometimes used to receive important guests. Usually, the sect leader and elders would personally receive them in the meeting hall to show how important they were.

Chen Xuan had thought that his father would meet Xia ruofei at his residence. After all, Xia ruofei was just a junior. It was already a great honor for his father to meet him personally.

He did not expect his father to meet Xia ruofei in the meeting hall.

This was at least the standard for receiving the sect leaders of other sects.

However, on second thought, Chen Xuan felt that this did not seem to be an attempt to criticize Xia ruofei's performance at the auction. Anyone with eyes could see that even the sect leader of the star Seizer sect, Luo Qingfeng, seemed to listen to Xia ruofei's words and even follow his orders.

Hence, Xia ruofei's status in the star Seizer sect seemed to be above Luo Qingfeng's.

Based on this logic, although Xia ruofei was young, his status was not lower than a sect leader. It was not too outrageous for his father to meet Xia ruofei in the meeting hall.

"Brother Xia, this way please!" Chen Xuan said with a smile.

Xia ruofei didn't know much about the first heaven society, so he didn't know the reason why the sect leader wanted to meet him in the meeting hall. He just followed Chen Xuan's footsteps and went up the smooth mountain path.

Soon, the two of them arrived at the peak.

A majestic hall was built on the peak, and two disciples of the eighth level of the aura refining realm stood on both sides of the door of the hall.

Upon seeing Chen Xuan, the two disciples bowed and greeted him before making an inviting gesture.

Chen Xuan brought Xia ruofei into the hall.

Xia ruofei quickly observed his surroundings. The hall was about ten meters tall, which was equivalent to a three – story building. Purple – Gold pillars were neatly arranged, supporting the entire Hall. The hall was paved with smooth bluestone, and from the entrance of the hall, there was a path of about six meters wide paved with light blue stones.

On both sides of the road, chairs were neatly arranged.

At the end of the path were steps made of blue stones of the same material.

There was a small platform after the nine steps, with tables and chairs on it.

A figure in a moon – White robe was sitting behind the table. Xia ruofei wanted to take a closer look but realized that he could not see the person’s face clearly.

Of course, this was not because Xia ruofei’s eyesight was bad. After becoming a cultivator, he could see even an ant at such a short distance.

However, when Xia ruofei’s gaze fell on the person sitting in the main hall, he felt that there was a layer of fog covering his face. He could not see clearly.

...

Of course, Xia ruofei knew that this man was Chen Xuan’s father, the current sect leader of the first heaven society, and a late – Stage golden core cultivator, Chen Nanfeng.

Very quickly, Xia ruofei felt a gaze on him. This gaze was not overbearing, but it seemed to be able to destroy everything. It made Xia ruofei feel like he was being seen through.

“This child greets father!” Chen Xuan brought Xia ruofei to a place about 10 meters away from the steps and stopped. He bowed and said,

Chapter 3077 Test?\_

At this time, the figure wearing a moon – White long robe on the steps let out a hearty laugh.

Then, Xia ruofei saw him stand up from his seat and walk down the steps with an interested look on his face. He walked to Xia ruofei and Chen Xuan.

Xia ruofei realized that he could already see Chen Nanfeng’s face clearly.

Chen Nanfeng’s appearance was still very handsome, and he looked quite handsome in his long robe. His hair was black, and there was not a single wrinkle on his forehead and face. His skin looked extremely smooth and elastic. Judging from his appearance, he was at most thirty or forty years old.

If he had not known about this beforehand, Xia ruofei would never have believed that this was Chen Xuan’s father.

It was said that Chen Nanfeng had a son at an old age, and his real age was already two to three hundred years old.

One could tell that Chen Xuan and Chen Nanfeng shared many similarities. The two of them stood together like brothers.

The only thing that Xia ruofei felt was out of the ordinary was probably Chen Nanfeng's eyes.

Chen Nanfeng's eyes weren't particularly big, but they were very lively, as if they were emitting a mysterious light that made people involuntarily sink into them.

Xia ruofei knew that this was a sign of Chen Nanfeng's extremely high spiritual cultivation.

"Little friend Xia, Xuan 'er told me everything about the auction when she came back. Thank you so much!" Chen Nanfeng said with a smile.

"Sect leader Chen is too polite!" Xia ruofei bowed slightly and said, "I'm just lending some spiritual stones to brother Chen in case of an emergency. It's not a big deal. It's just a small matter. Sect leader Chen, you don't have to worry about it!"

"It's nothing," Chen Nanfeng said with a wave of his hand. "It's nothing during normal times, but if it weren't for the batch of spirit stones that little friend Xia provided us with during the auction, we would've missed the opportunity to obtain the five Saints badge. As the saying goes, it's easy to add flowers to a brocade, but it's difficult to send charcoal in the snow. I, Chen, and the entire first heavenly sect will never forget this favor from little friend Xia!"

"You're being too serious." Xia ruofei said with a smile.

He didn't continue on this topic. No matter if the other party was sincere in thanking him or just being polite, it didn't matter. He wasn't so naïve as to think that he had really become the first heaven society's distinguished guest or benefactor.

"I heard from Xuan 'er that little friend Xia is very interested in our wild tea?" Chen Nanfeng asked with a gentle smile on his face.

Xia ruofei nodded and said, "last time, it was all thanks to brother Cheng. I was lucky enough to taste wild tea. I was instantly shocked." Although brother Chen has said that your sect and some other seniors in the cultivation world have tried many times in the past, hoping to breed wild tea by cutting, but none of them have succeeded, I still want to try my luck. I hope sect leader Chen can grant me my wish!"

"No problem!" Chen Nanfeng said readily, "one or two branches are nothing. Little friend Xia can go and get them at any time!"

"Then I really have to thank sect leader Chen!" Xia ruofei quickly bowed and said.

"You're welcome," Chen Nanfeng smiled and said, "in your words, this is as easy as lifting a finger for the first heaven society."

Then, Chen Nanfeng casually asked, "By the way, little friend Xia, did your master give you any special instructions for your cultivation this time?"

Xia ruofei's expression remained the same, but his eyes revealed a trace of embarrassment. "Sect leader Chen ... My master has repeatedly warned me not to reveal any information about him while I'm cultivating outside. I hope sect leader Chen can forgive me."

"It's fine, it's fine!" Chen Nanfeng laughed. This is understandable ... Some reclusive seniors and experts don't want us to disturb their peace, so when some of their disciples enter the world to cultivate, they are very low – Key and never mention their sect. "

Xia ruofei's heart skipped a beat. He had obtained a piece of information from Chen Nanfeng's words. It was possible that there were hidden nascent soul cultivators in this world, and their disciples had once entered the world to cultivate. It was very likely that Chen Nanfeng had come into contact with the disciples of these hidden experts.

Xia ruofei knew that being a "nascent soul's disciple" was a huge act, but what about the disciples of the reclusive cultivators that Chen Nanfeng might have come into contact with? Was he a true Yuanying stage disciple, or was he just a swindler?

He thought of Chen Nanfeng's cultivation, especially his spiritual power, which even he was slightly afraid of. He felt that the possibility of Chen Nanfeng being deceived was not high.

At the thought of this, Xia ruofei's interest in the true reclusive cultivators grew.

In recent years, no Yuanying stage cultivator had appeared in the cultivation world, especially more than 300 years ago. The cultivation world seemed to have been cut by a knife. Cultivators above the Yuanying stage disappeared overnight, and then the environment continued to deteriorate.

What was the secret behind this?

Presumably, those hidden Yuanying cultivators should know something.

Even Chen Nanfeng, the leader of a top sect, probably had some information.

Although Xia ruofei was very curious, he did not dare to ask.

He didn't know if those reclusive nascent soul cultivators were connected to each other, and he didn't know if there was a special connection between those "nascent soul disciples." He knew nothing about all this. If he rashly asked and said anything wrong, it would immediately arouse Chen Nanfeng's suspicion.

If Chen Nanfeng found out that Xia ruofei actually did not have a nascent soul cultivator as a master and was just an itinerant cultivator who had obtained a great opportunity, it was hard to guarantee that he would not covet the treasures on him.

## **Chapter 3078 Test?\_2**

Both Chen Nanfeng and Chen Xuan looked righteous, and even Chen Nanfeng, the number one in the world of cultivation, was very kind to Xia ruofei, giving Xia ruofei a feeling of being bathed in the spring wind. However, one could only know a person's face, not his heart. Xia ruofei could not guarantee that the father and son would not have any thoughts about the treasure.

Furthermore, Xia ruofei was now in the core of the first heaven society. In front of him was a late gold core realm cultivator whose spiritual power was much stronger than his.

Xia ruofei was not sure if he could escape if Chen Nanfeng suddenly attacked.

Hence, the seemingly peaceful meeting hall was actually a place that made Xia ruofei feel as if he was walking on thin ice. He had to be extremely careful and could not take a single wrong step.

Even though Xia ruofei was very curious about the disciple of the mysterious senior that Chen Nanfeng had mentioned, he did not mention it. He only smiled and said, "I can't disobey my master's orders. Thank you for your understanding, sect leader Chen!"

Chen Nanfeng had a friendly smile on his face as he nodded and said, "I understand! I understand!"

"My young friend Xia, I heard from Xuan 'er that he has invited you to participate in the research and exploration of the five sages token?" he asked.

"Brother Chen is too polite. It's only because I borrowed some spirit stones, but he insisted on giving me a spot to research and explore the five sages token." Xia ruofei said, "now that I think about it, I'm the one who has the advantage!"

"Hahaha! We're helping each other, so there's no such thing as who's at an advantage or who's at a disadvantage!" Chen Nanfeng waved his hand and asked, "I wonder what little friend Xia thinks about this five Saint token?"

Xia ruofei immediately became alert. He said calmly, "Sect leader Chen, I only took a few glances at the five Saints token from afar. To be honest, my understanding of the five Saints token is limited to the rumors in the cultivation world. I really don't have any unique views."

"If little friend Xia is willing, why don't you study the five sacred badges now?" Chen Nanfeng smiled and said, "thanks to little friend Xia, the first heaven sect now has two five Saints tokens. However, after Xuan 'er brought back that token, I've also gathered a few elders and disciples who have been studying the five Saints token for a long time to study the new token together. In the end, we still have no leads. Little friend Xia is a disciple of a famous sect, so perhaps you'll be able to see some secrets that we can't?" "This ... Isn't very appropriate, is it?" Xia ruofei deliberately showed a hint of interest and said hesitantly, "your sect paid a huge price to get this. I ..."

"There's no loss in taking a look!" Chen Nanfeng chuckled and said, "however, this five that's the case, I'll have to ask little friend Xia to study it!"

With that, Chen Nanfeng flipped his hand, and two tokens appeared in his palm.

It was the five sacred wrongs that Xia ruofei was familiar with. They were named after the ancient cultivation world. In fact, they should be called the rising Dragon Order.

There were no complicated patterns on the two tokens, including the number one. With that, he waved his hand and the two tokens floated in front of Xia ruofei. They hovered in mid - Air without moving. "If little friend Xia is willing, why don't you study the five sacred badges now?" Chen Nanfeng said with a smile, "thanks to little friend Xia, the first heaven sect now has two five Saints tokens. Xia ruofei deliberately showed a hint of interest and said hesitantly, "your sect paid a huge price to get this. I ..."

"There's no loss in taking a look!" Chen Nanfeng chuckled and said, "however, this five - Saint token is indeed an important asset of the first heaven society. Although I'm the sect leader, I can't act as I please. Therefore, little friend Xia can only observe and study it in this meeting hall and can't take it out of the hall ..."

In fact, Xia ruofei was not interested in the two five - Saint badges at all.

It was because scholar Yuntai had told him clearly that only when the five tokens were gathered together would they automatically combine.

Otherwise, whether it was two, three, or four, it would actually be meaningless.

However, Xia ruofei could not be sure if Chen Nanfeng was testing him, so he was still on guard.

After all, it was impossible for him not to be interested in the five sages token.

Thinking of this, Xia ruofei deliberately pondered for a moment and then said, ""Thank you for your kindness, sect leader Chen. I really want to see this legendary five sacred badges. Although I am not very knowledgeable and most likely can not figure out its ugly appearance, it is good to broaden my horizons."

"Hahaha! Little friend Xia is too modest!" Chen Nanfeng laughed and said, "since that's the case, I'll have to ask little friend Xia to study it!"

With that, Chen Nanfeng flipped his hand, and two tokens appeared in his palm. It was the five sacred wrongs that Xia ruofei was familiar with. They were named after the ancient cultivation world. In fact, they should be called the rising Dragon Order.

There were no complicated patterns on the two tokens, including the number one token that Xia ruofei had kept in the stone room in the cave in the spirit map space. Other than the different numbers, the tokens looked almost the same.

To Xia ruofei, there was nothing new about this.

However, he still pretended that his eyes lit up, and then stared at the two tokens in Chen Nanfeng's hands.

"My young friend Xia, please!" Chen Nanfeng said with a smile.

#### Chapter 3079 Wild tea on a Lone Peak (1)

Xia ruofei did not know that Chen Nanfeng had already seen through his disguise.

He then followed Chen Xuan out of the meeting hall.

Chen Xuan was still as gentle and refined as ever, but Xia ruofei could clearly feel that he had relaxed a lot after he walked out of the hall.

It seemed that when facing Chen Nanfeng, not only did Xia ruofei feel a lot of pressure, but even Chen Xuan, Chen Nanfeng's son, was not at ease!

"Brother Xia, the wild tea tree is located on an uninhabited Lone Peak, and there is no chain Bridge connecting it. There are also many arrays set up at the bottom of the peak, so we have to fly there on a sword." Chen Xuan smiled as he explained, "this is the only place within the first heaven society that allows you to ride a flying sword. Of course, you have to get permission from the sect master first."

"I was planning to bring you there on the Clearwater flying boat, brother Xia." Chen Xuan continued. "I didn't expect...Brother Xia, you really don't show your true colors!"

The moment he thought about how this young man was already a golden core cultivator, Chen Xuan, who had always prided himself on his outstanding talent, felt his face burn.

Ever since he was young, Chen Xuan had always been 'someone else's child'. Not only did he come from an illustrious family, he was also extremely talented. No matter what he did, he was always the best. Now that a frame of reference that was even more freakish than his had suddenly appeared, Chen Xuan suddenly felt that he had lived his life for the past forty years in vain.

"Please forgive me, brother Chen. I didn't mean to hide it ..." Xia ruofei said with a smile.

"I understand!" Chen Xuan waved his hand. He understood! Let's not talk about this anymore. Brother Xia, why don't we join forces and ride our flying swords later?"

"No problem!" Xia ruofei smiled and nodded.

"That's good. Brother Xia, this way please!" Chen Xuan said.

Although one could ride a sword on the lone Peak, they were not allowed to do so at the entrance of the meeting hall on Yunxiao peak.

Hence, Chen Xuan brought Xia ruofei to the lone Peak on foot.

Once again, they crossed the Chain Bridge. Then, the two of them walked down the mountain path. After walking for about half an hour in the valley, Xia ruofei saw a steep peak in front of him.

This Lone Peak could be said to be a thousand feet tall. It was basically perpendicular to the ground, as if it was man – made.

From this side, it looked like a rock that was a few hundred meters tall, and not a blade of grass grew on it.

If Xia ruofei had not known in advance, he would not have imagined that there would be a tea tree growing in such an environment.

The wild tea trees were so important that they were naturally guarded by disciples.

There were also many formations at the bottom of the mountain. Although they were still a distance away, Xia ruofei could already feel the strong waves of formations.

As Chen Xuan and Xia ruofei walked closer, two disciples in martial arts suits appeared from behind the rocks. They cupped their fists and bowed respectfully, "Greetings, young sect leader!"

"Yes!" Chen Xuan nodded and said, "I've received orders from the sect master to bring fellow Daoist Xia from the star Seizer sect here to retrieve two wild tea leaves!"

After saying those words, Chen Xuan took out an exquisite token from his storage ring.

Even though he was Chen Nanfeng's son, he still had to follow the rules in this heavily guarded place.

Chen Nanfeng had given this token to him yesterday. Chen Xuan knew that Xia ruofei's most important purpose was to get the wild tea tree branches.

One of the disciples stepped forward and took the token with both hands. After carefully checking it, he nodded and said, "Young sect leader, the token is correct! Please!"

"That's right!" Chen Xuan nodded. "You guys just have to shut down the flight prohibiting formation. Brother Xia and I will Mount the sword and ascend the lone Peak!"

This Lone Peak was surrounded by a dense array, which was naturally to prevent the wild tea trees from getting into an accident.

The lone Peak was located inside the heavenly sect and was protected by the sect's great formation. To put it bluntly, the formation around the lone Peak was just to add a few extra layers of security and to prevent ordinary disciples from accidentally entering the Forbidden Zone.

"Yes! Young sect leader!" The two disciples said in unison.

"Please wait for a moment, young sect master!" One of the disciples said.

With that, he took Chen Xuan's token and hurried back into a two – story house built against the mountain wall at the bottom of the mountain.

After a while, the disciple walked out and returned the token with both hands. He then respectfully said, "Reporting to young sect leader, the No – Fly formation has been shut down. Young sect leader, you can set off at any time!"

"Thank you for your trouble!" Chen Xuan said gently. Then, he turned to Xia ruofei and smiled. "Brother Xia, please!"

"Alright!" Xia ruofei nodded.

The two of them walked side by side in the direction of the lone Peak. When they were about 50 meters away, Chen Xuan stopped and said, "If we go any further, we'll trigger the formation here. Brother Xia, the No – Fly formation has been shut down. Let's go up from here on our flying swords!"

"I'll follow brother Chen's arrangements!" Xia ruofei said with a smile.

With a single thought, Chen Xuan summoned the flying sword from his dantian.

It was a light green flying sword, about two fingers wide and 50 centimeters in length. What was different was that this flying sword did not give Xia ruofei a sharp feeling. Instead, it exuded vitality as if it was not a sword, but a field with the fragrance of paddies or an Orchard full of fruits ...

Xia ruofei couldn't help but feel amazed. At the same time, he took out his flying sword.

He didn't know how famous the blue travel immortal sword was in the cultivation world, so he didn't take it out rashly. Instead, he took out a flying sword left by master Yuntai.

#### Chapter 3080 Wild tea on a Lone Peak (2)

The five flying swords that layman Yuntai had placed in the hidden space of the ring should be his proud works.

Xia ruofei gave the pair of flying swords, autumn water and Yiren, to Song Wei and Ling Qingxue respectively. He gave the black gold to Li Yifu.

This time, Xia ruofei took out the "blazing flame" that he had prepared for Tang Haoran.

Tang Haoran was too young, and Xia ruofei was not at ease to leave the flying sword in his hands. Hence, this "blazing" flying sword had always been in his spirit map space.

This sword was most suitable for Tang Haoran, who cultivated the Yang cultivation method.

However, it was not a problem for Xia ruofei to use it to control his sword.

The moment this blazing flying sword was revealed, Chen Xuan's eyes lit up as he exclaimed, "Good sword! Brother Xia, this flying sword of yours is definitely a rare quality! It's just that ... I've never heard of this sword in the world of cultivation!"

Xia ruofei smiled and said, "this was given to me by an elder." It's said that ... This flying sword came from an ancient cultivator's ruin, so it shouldn't have appeared in the modern cultivation world before. It's normal that brother Chen hasn't seen it before!"

Xia ruofei's words were mostly true. To Chen Xuan, it was reasonable so he did not have any doubts.

“Brother Xia, may I know the name of this sword?” Chen Xuan asked.

One could tell that Chen Xuan was a sword fanatic as well. The moment the blazing flying sword appeared, his eyes were glued to it.

Xia ruofei smiled and said, “this sword is called blazing flame. It’s most suitable for people with yang – Type physiques or people who cultivate yang – Type techniques. However, it was given to me by my elder. Although it’s not particularly compatible with me, I can only use it like this for now.”

“I believe your master has other intentions.” “Brother Xia,” Chen Xuan said immediately, “it’s never wrong to listen to your elders!”

“Hahaha! Brother Chen looks like the kind of person who’s always been an obedient baby!” Xia ruofei laughed and said, “but brother Chen is right. We must listen to the elders when it comes to flying swords.”

“Brother Chen, can we go up now?” Xia ruofei asked.

Chen Xuan slapped his forehead and smiled bitterly. “Brother Xia, please forgive me. When I saw such a good sword like blazing flame, I almost forgot about my business!”

“If it’s not a gift from an elder, I don’t mind giving this sword to brother Chen!” Xia ruofei said with a smile.

“I can’t do that! I don’t dare to accept it!” Chen Xuan chuckled as well. “Brother Xia, let’s go!”

Xia ruofei nodded. Then, the two of them jumped onto their flying swords at the same time. They activated their sword techniques and stepped on their flying swords to soar into the sky.

Chen Xuan even took the time to observe. After all, he only knew that Xia ruofei was also in the early golden core stage. However, there was a huge difference between the early golden core stage cultivators. Some people could not even master Sword Kinesis flight, but they were both in the early golden core stage.

Therefore, Chen Xuan had intentionally slowed down his speed. He was worried that Xia ruofei had just entered the Golden core stage and was still not familiar with the control of the flying sword.

However, Chen Xuan soon realized that Xia ruofei was able to keep up with his rhythm easily. He was able to control the flying sword steadily and from his expression, he could tell that he still had some energy left!

Only then did Chen Xuan pick up his speed.

Then, he realized that no matter how he changed his speed, Xia ruofei could keep up with his rhythm and easily maintain a constant distance from him.

Chen Xuan gave Xia ruofei a thumbs up and said, “Brother Xia! The level of a Yuanying stage personal disciple is indeed worthy of its reputation!”

Xia ruofei smiled and did not deny Chen Xuan’s words. Of course, he would not admit it either.

Chen Xuan brought Xia ruofei around the lone Peak on his flying sword. They arrived at the back of the peak and continued to rise.

In fact, Xia ruofei had already seen the wild tea trees when he turned to this side.

Because the entire Lone Peak was almost barren, on the cliff wall near the peak, a tree suddenly appeared, naturally it was quite conspicuous.

On this Lone Peak, there seemed to be only one remaining plant, so Xia ruofei was very sure that it was a wild tea tree, even though this tree was different from the “tea tree” that Xia ruofei was used to knowing.

The wild tea tree was bigger than Xia ruofei had expected.

Most tea trees were small, but the one in front of Xia ruofei was more than 20 meters tall. Its trunk was at least as thick as three people hugging it.

This was already a “big tree” in the true sense of the word.

This feeling was especially obvious when the two of them flew closer and closer, and when the huge tea trees hit their faces.

Xia ruofei had never seen a tea tree that could grow so big. This had completely subverted his understanding.

This tea tree grew on the precipice, and there was no path on the cliff at all. Ordinary people would not be able to come up even if they were not blocked by the array outside. No wonder Chen Xuan had previously told Xia ruofei that the person in charge of the maintenance of the wild tea trees was a golden core elder. An ordinary Qi refining disciple like Tao Wu could not do the job! It was difficult to even get close to the wild tea trees.

Xia ruofei finally understood why Chen Nanfeng and Chen Xuan were so generous, especially Chen Xuan. He was so straightforward on the airboat! He agreed to give Xia ruofei two branches without thinking and directly went to the scene to pick!

This wild tea tree was so huge and had many leaves. Taking one or two branches was no doubt a drop in the ocean.

Very quickly, Chen Xuan and Xia ruofei were standing on their flying swords and stopped in front of the wild tea tree.

Chen Xuan smiled and said, “brother Xia, you can choose!” As long as you don’t cut down this tea tree and take it away, it’s fine!”

Xia ruofei couldn’t help but laugh. “This is your first heaven society. If I really dare to do that, won’t you just skin me alive?”

As Xia ruofei spoke, he had already released his spiritual power.

Under the investigation of his mental energy, this wild tea tree could basically be said to have nowhere to hide.

All the details were under control.

Xia ruofei could clearly feel that this tea tree was full of vitality. It even surpassed some of the plants he had planted in the spirit map space.
