### Chapter 3111 Gongs in front and drums in front (1)

Yang Xincheng heaved a sigh of relief when he saw that.

Even though Chen Xuan had only been in the company for a short time, yang Xincheng had some understanding of him.

Even though Chen Xuan always had a warm smile on his face and spoke to everyone in a friendly manner, yang Xincheng could always feel that there was a barrier between him and Chen Xuan. Even Chen Xuan's friendly attitude gave him a cold and arrogant feeling. This feeling was extremely contradictory, but it was how yang Xincheng truly felt.

Other than that, Chen Xuan didn't mention how amazing his skills were. However, there were some flaws that people with amazing skills had as well. For example, there were times when he was a little stubborn and stuck to his principles. This was especially true when it came to technical matters. If Chen Xuan felt that something was right, he would stick to it even if the other party's seniority and position were higher than his.

Of course, the truth eventually proved that Chen Xuan was right.

When yang Xincheng came down the stairs, he was worried that Chen Xuan would be unwilling to meet the chairman. If that were the case, things would be difficult for him.

Fortunately, Chen Xuan was just sticking to his principles. The deal was not low, so the thing he was worried about did not happen.

Yang Xincheng led Chen Xuan into the elevator and up another flight of stairs. After all, an ordinary employee's elevator card wouldn't be able to reach the Chairman's floor.

At the door of Xia ruofei's office, his team of assistants had already arrived. The person in charge of the team, Qin Yanan, was sitting at the work desk by the door.

Seeing yang Xincheng and Chen Xuan walk down the stairs, Qin Yanan stood up with a smile and greeted them. "Mr. Yang!"

Then, she smiled and nodded at Chen Xuan.

Yang Xincheng was now the new department head of the Paradise Corporation, and Chen Xuan's reputation as a technical expert was growing by the day. Therefore, Qin Yanan naturally wouldn't neglect them.

"Yanan, the chairman wants to talk to Chen Xuan. I'll send him over." Yang Xincheng said in a friendly manner.

The team that Qin Yanan was in charge of was dedicated to Xia ruofei. Even if yang Xincheng's status had risen sharply, he would not put on airs in front of Qin Yanan.

"Yes!" Qin Yanan nodded slightly. "The chairman has already given the order. Chen Xuan can go in directly after he arrives."

"Alright! Thank you, Yanan!" Yang Xincheng replied hurriedly, "I'll send Chen Xuan in for a while. I'll be out soon."

Even though Xia ruofei was summoning Chen Xuan, Qin Yanan wouldn't sternly stop yang Xincheng. She knew that yang Xincheng's actions were just for show, so she immediately smiled and nodded. "Of course, no problem. Please come in!"

After she finished speaking, she gently knocked on the door, then pushed it open and made an inviting gesture.

Yang Xincheng and Chen Xuan both nodded at Qin Yanan before walking into the office.

Qin Yanan closed the office door and returned to her desk to continue working.

She did not prepare any tea because Xia ruofei had specifically ordered her to do so. Xia ruofei had told her not to prepare anything and to stop anyone from visiting while he was conversing with Chen Xuan. No one was allowed to interrupt the conversation.

This "anyone" included Feng Jing.

Although the request was a little strange, Qin Yanan naturally wouldn't ask too much. In fact, she would definitely carry it out to the letter.

Therefore, she personally guarded the door. Not only was no one allowed to enter, but she would also not go in and disturb them.

In the office, Xia ruofei was sitting on the office chair with his back to the door. He was looking at the scenery of the three mountains through the glass window.

The back of the office chair was very high. From yang Xincheng's and Chen Xuan's angle, they could only see a little bit of Xia ruofei's hair.

"Chairman, I've brought Chen Xuan over," yang Xincheng said carefully.

Xia ruofei turned his chair around and looked at Chen Xuan. Then, he smiled and said, "You've worked hard, President yang. You can go and do your work!"

"Alright!" Yang Xincheng replied. Alright! Chairman, I'll take my leave first!"

Yang Xincheng left in a hurry. Soon, only Xia ruofei and Chen Xuan were left in the spacious office.

"Please take a seat!" Xia ruofei raised his hand and pointed at the chair opposite his desk, smiling.

"Thank you, Chairman!" Chen Xuan said. He sat down opposite Xia ruofei and looked up at him, waiting for his instructions.

At this moment, Chen Xuan's heart was in a mess.

Of course, he wasn't nervous at all. In Chen Xuan's eyes, no matter how successful an entrepreneur was in the secular world, he wouldn't be pressured in the slightest.

However, he could not figure out why Xia ruofei wanted to meet him alone. He was also worried that yang Xincheng's strong recommendation might make Xia ruofei want to promote him.

In fact, he just wanted to be a basic programmer quietly. He had no intention of being promoted.

In reality, Chen Xuan's performance had already tempted Yang Xincheng. Even though he had only been in the company for a short time, Yang Xincheng had already thought of promoting him to take charge of a project team. With Chen Xuan's capabilities, he was more than capable of leading a project team.

However, Chen Xuan rejected the offer. He was here to gain experience, not to continue working in Paradise Corporation. What was the point of being a small leader? Not to mention, after becoming the head of the project team, he wouldn't be able to touch on specific projects every day like now. The work of management and coordination would consume a lot of his experience, and this wouldn't help him gain experience!

Hence, from the moment he entered Xia Ruofei's office, Chen Xuan had been worried that Xia Ruofei would promote him.

## Chapter 3112 Gongs in front and drums in front (2)

Xia Ruofei didn't say anything. He just stared at Chen Xuan quietly.

The office was extremely quiet. Chen Xuan felt that the atmosphere was a little strange. He could not help but look at Xia Ruofei and asked, "Chairman, I wonder what instructions you have for me?"

Xia Ruofei slowly revealed a smile, but he did not answer Chen Xuan's question. Instead, he asked, "You haven't been at the Three Mountains for long, have you? What was his impression of the city of San Shan? How do you feel about the Paradise Corporation?"

Chen Xuan pondered for a moment before replying, "The three mountains border the ocean. At the same time, it's also situated beside a mountain and a River. The degree of greenery here is one of the best among all the provincial capital cities in the country. Naturally, it's a very livable city. It's not bad to live here."

Chen Xuan was lying through his teeth. In reality, in the eyes of cultivators, it didn't matter how good the natural environment was. With the current state of the spiritual energy, the three mountains were definitely not a place to live in.

"As for Paradise Corporation ..." Chen Xuan did not notice Xia Ruofei's half-smile and continued, "the feeling it gives me is ... Everyone is very energetic and motivated. Everyone in the company seems to be full of energy. I think everyone's happiness and sense of achievement should be very strong, definitely better than most companies."

Xia Ruofei nodded and said, "That's an objective assessment, but ... Do you really think the three mountains is a good place to live?" Brother Chen!"

Chen Xuan was stunned. The way Xia Ruofei addressed him had changed, which confused him. At the same time, he felt a strange sense of familiarity.

Before Chen Xuan could react, Xia Ruofei continued, "Brother Chen, could it be that the first heaven society's food isn't good? Why did you suddenly come to my small place to make a living?"

This time, Xia Ruofei used the voice he used when he moved as Xia Tian.

To a cultivator, changing one's voice was a simple matter. All they had to do was to use true energy or vital energy to slightly change the shape and position of their vocal cords. Xia ruofei was already very familiar with the position of Xia Tian's voice, so he could easily produce Xia Tian's voice.

Chen Xuan was taken aback as a look of disbelief appeared in his eyes. After a long while, he cried out, ""Brother Xia? You're brother Xia Tian?"

Before Chen Xuan could scream, Xia ruofei had already set up a soundproof barrier.

At the same time, he began to change his appearance right in front of Chen Xuan. In the blink of an eye, he had taken on Xia Tian's appearance. Chen Xuan had witnessed the entire process. His entire being was like a clay sculpture with his mouth wide open. He did not have the demeanor of the young master of the number one sect at all. However, he was completely oblivious to it.

When Xia ruofei asked yang Xincheng to call Chen Xuan up for a private conversation, he had elders who were not as strong as Chen Xuan could not stop Xia ruofei.

Unless they hid in the sect and did not come out, it would be easy for Xia ruofei to deal with them.

Hence, Xia ruofei had no intention of playing hide - and - seek anymore. He decided to confront Chen Xuan face to face and see what the heavenly sect was up to.

meet again so soon, and in such a setting ... I think brother Chen must have a lot to say to me! You can start now, I'm all ears!"

When Chen Xuan saw Xia ruofei's cold expression, he suddenly came back to his senses.

Even though he had no idea why his father had sent him here to train, the moment he saw Xia ruofei in Xia Tian's appearance, he immediately understood many things. At the same time, he began to change his appearance in front of Chen Xuan. In the blink of an eye, he had taken on Xia Tian's appearance. Chen Xuan had witnessed the entire process. When Xia ruofei asked yang Xincheng to call Chen Xuan up for a private conversation, he had already made up his mind. He didn't intend to hide anything from Chen Xuan. Instead, he was going to get straight to the point and ask him directly.

If the first heaven society really wanted to deal with him, he wouldn't be afraid.

His greatest reliance was naturally not the peach blossom company, nor was it the star Seizer sect, but the Peach Blossom Island that he managed well, as well as the spirit map and painting scroll hidden in his palm.

Perhaps the Paradise Corporation would suffer heavy losses, and even his close friends would be in danger. However, once Xia ruofei decided to go all out, he naturally could not care so much.

If the first heaven society really dared to target ordinary people, they would have to be prepared for Xia ruofei's crazy revenge.

Xia ruofei might not be able to kill Chen Nanfeng, and even Chen Xuan might not be able to kill him. After all, as the young sect master of the first heaven society, Chen Xuan had many life - saving treasures on him.

However, the Qi refining disciples of the first heaven society and even a few early golden core elders who were not as strong as Chen Xuan could not stop Xia ruofei.

Unless they hid in the sect and did not come out, it would be easy for Xia ruofei to deal with them. Hence, Xia ruofei had no intention of playing hide - and - seek anymore. He decided to confront Chen Xuan face to face and see what the heavenly sect was up to.

When Xia ruofei's appearance was Xia Tian 's, Chen Xuan was stunned.

Xia ruofei had a faint smile on his face and continued, ""Brother Chen, I didn't expect that we would meet again so soon, and in such a setting ... I think brother Chen must have a lot to say to me! You can start now, I'm all ears!"

When Chen Xuan saw Xia ruofei's cold expression, he suddenly came back to his senses.

Although he still did not know why his father had sent him here to train, the moment he saw Xia ruofei turn into Xia Tian, he suddenly understood many things ... Unless they hid in the sect and did not come out, it would be easy for Xia ruofei to deal with them. Hence, Xia ruofei had no intention of playing hide - and - seek anymore. #### Chapter 3113 Heart - to - Heart talk (1)

The scene was not as tense as Chen Xuan had imagined. Xia ruofei even let Chen Xuan go to the guest area and made tea for him personally.

Of course, Xia ruofei did not take out the wild tea that had been successfully transplanted. Instead, he used the Taoyuan Da Hong Pao.

Chen Xuan felt a little awkward, especially when he thought about how he had entered Xia ruofei's company as an ordinary programmer. Before Xia ruofei had revealed his identity, he had still addressed Xia ruofei as "Chairman". This made him feel even more uncomfortable.

Xia ruofei gestured for Chen Xuan to try the tea he had brewed. Then, he asked, ""Brother Chen, your father didn't send you to our paradise Corporation just to let you gain experience in the secular world, right? I know you might not know the inside story, but I hope you can tell me everything you know ... Of course, I won't force brother Chen. Even if you turn around and go back to the first heaven society now, I won't stop you. "

Chen Xuan nodded slightly. Xia ruofei's way of doing things was very kind. However, he also knew that if he really left, his friendship with Xia ruofei would end here. Even if they were not enemies, they would be strangers.

Chen Xuan did not wish for that to happen. He had felt that the two of them hit it off the first time he had met Xia ruofei at the auction. After a few interactions, this feeling became even more obvious. Especially when he found out that Xia ruofei was already an early - Stage golden core cultivator and had long stolen his title as the youngest golden core cultivator. He admired Xia ruofei even more and hoped to become better friends with him.

Chen Xuan thought for a moment before replying, "brother Xia, a son shouldn't speak of his father's faults. Besides, I really don't know my father's intentions. The old man had always done things without leaving any traces. However, since brother Xia has asked, I can only try my best to tell you my feelings ..."

Xia ruofei nodded slightly and did not say anything. Instead, he looked at Chen Xuan and made a listening gesture.

Chen Xuan pondered for a moment before saying, ""I'm guessing ... It might be related to the five Holy badges. "

Hearing this, Xia ruofei couldn't help but raise his eyebrows. His face revealed a strange expression, but he quickly returned to normal and didn't show any signs of being moved.

"The night before I left, my father had specifically asked me to bring the two five Holy badges with me, but he didn't explain why. However, the five saint medallions are extremely precious, and there are still some risks when I take them with me to travel the secular world. However, he insisted that I take them with me, which is somewhat abnormal. That's why I guessed that the five saint medallions had something to do with my father sending me out to gain experience. "

Chen Xuan was very calm when he said these words. He did not even care about his own safety. After all, the five - Saints badge was so precious and his cultivation was not as high as Xia ruofei 's. If Xia ruofei really coveted the five - Saints badge, it could really be snatched away under the current circumstances.

However, he still didn't hesitate much and told them his judgment in full detail.

Xia ruofei's mind raced. After hearing Chen Xuan's words, he had the same judgment as Chen Xuan.

However, it would make sense to say that he could not hide his cultivation and appearance in front of Chen Nanfeng. After all, Chen Nanfeng was a late - Stage golden core cultivator and his spiritual power cultivation was far superior to Xia ruofei 's.

However, the five Saints token ... Xia ruofei was sure that there would be no flaws.

Could it be that Chen Nanfeng had really noticed something and even guessed that he had a five Saints badge on him? Xia ruofei couldn't help but Mutter in his heart.

Chen Xuan saw that Xia ruofei was in a daze and could not help but call out, ""Brother Xia!"

"Oh!" Xia ruofei returned to her senses and said, "brother Chen, I'm sorry. I was a little distracted ... Please continue."

Chen Xuan looked at Xia ruofei thoughtfully. He had some guesses in his mind.

However, he didn't say it out loud. Instead, he smiled bitterly and said, ""I don't have any other information."

Then, he told Xia ruofei about how Chen Nanfeng had summoned him that night and asked him to come to the secular world for training. In the end, he said, ""That's how it is. Actually, I'm also confused ..."

Xia ruofei nodded and said, ""Okay, I understand. Thank you for telling me this, brother Chen ..." He said.

A bitter smile appeared on Chen Xuan's face as he replied, "Brother Xia, if I had known that this company was your property, I would never have come even if I had to risk disobeying my father's orders! I'm truly sorry for what happened this time. "

Xia ruofei waved his hand and said, "let's not talk about this." Brother Chen, I really don't know what the first heaven society's attitude towards me is, and I don't know what purpose your father has for arranging this. However, please go back and tell your father that I have no intention of becoming enemies with the first heaven society, nor have I ever wanted to dominate the cultivation world. I hope that nothing like this will ever happen again. "

At this point, Xia ruofei's expression turned serious. He looked at Chen Xuan and continued, ""Yes! This is my bottom line! Although the industries of the secular world are insignificant in the eyes of many cultivators, I'm different. I don't want to see the Paradise Corporation being affected and coveted by others, and I don't want my family and friends in the secular world to be threatened or even hurt by the cultivation world. If such a thing really happens, no matter how strong the other party is, I will definitely take revenge madly and not rest until I die!"

## Chapter 3114 Heart – to – Heart talk (2)

Xia ruofei's tone was filled with killing intent, and even Chen Xuan could not help but shiver.

However, a bitter smile soon appeared on Chen Xuan's face as he replied, ""Brother Xia, you're being too serious. Even if my father had a deeper meaning behind his actions, it's definitely not what you're guessing ... Perhaps brother Xia doesn't know, but there are some unwritten rules in the cultivation world. One of them is something that everyone acknowledges, and that is that no matter what kind of enmity there is between the two sides, it can not affect the friends and family of the other side in the secular world. It can not affect ordinary people, or else it might even become The Public Enemy of the cultivation world!"

Xia ruofei furrowed his brows and asked doubtfully, ""There's such a rule?"

"I don't have to lie to you, brother Xia." Chen Xuan continued, "more than a hundred years ago, there was once an early – Stage golden core cultivator who massacred his enemy's home in the cultivation world. In the end, this golden core cultivator was hunted down by almost the entire cultivation world. Soon, he had no way out. In the end, he fled into an extremely dangerous ancient cultivation ruin in a panic. He hasn't come out yet, so there's a high chance that he has fallen inside."

"Why is there such a rule?" Xia ruofei asked.

"Everyone has their own friends and family. Especially in the current cultivation world, there aren't many high – Level cultivators. Many people still have friends and family in the secular world. If everyone is unscrupulous, then the world will be in chaos and everyone will be in danger." Chen Xuan continued, "that's why everyone will consciously follow this rule. Of course, some independent cultivators, especially those evil cultivators with a bad reputation, might not play by the rules. But no matter what, with my father's status, he would never do such a thing. Please rest assured, brother Xia!"

Xia ruofei nodded and said, ""I see ... I know. Brother Chen, since you don't know, I won't make things difficult for you. However, please leave the Paradise Corporation and the three mountains as soon as possible! This was good for everyone. I also don't want our relationship to be affected by this matter."

"Speaking of which, I have a presumptuous request ..." Chen Xuan hurriedly said.

"Please speak." Xia ruofei said.

"Brother Xia, can you let me work at the Paradise Corporation for a while?" Chen Xuan said.

After he finished his sentence, he saw Xia ruofei frowning slightly and showing a hint of displeasure. He quickly explained, ""Brother Xia, don't misunderstand. I want to stay. It has nothing to do with my father's instructions. It's just that ... I participated in the development project of Paradise Mall, and many things are already half done. I still hope that we can finish what we started. Moreover, our research Department now relies more on my technical ability. If I suddenly leave, I'm afraid that my work will be greatly affected."

Xia ruofei couldn't help but be stunned and revealed an expression of not knowing whether to laugh or cry.

The scene was not as tense as Chen Xuan had imagined. Xia ruofei even let Chen Xuan go to the guest area and made tea for him personally.

Of course, Xia ruofei did not take out the wild tea that had been successfully transplanted. Instead, he used the Taoyuan Da Hong Pao.

I hope that nothing like this will ever happen again. “

#### Chapter 3115 Distributing wealth (1)

“I’d be very happy to!” Chen Xuan replied, “brother Xia, please keep my identity a secret. Let me experience the life of an ordinary person as an ordinary employee! No matter what my father’s real purpose was for asking me to come to paradise Corporation to gain experience, I really enjoy this kind of life!”

Xia ruofei smiled. “As long as you don’t think it’s hard. I have a golden core stage master working for me for free. Why would I be unhappy?”

Chen Xuan finally heaved a sigh of relief. He stood up and said sincerely, “Brother Xia, thank you!”

After Chen Xuan left, the smile on Xia ruofei’s face disappeared and he became serious.

He didn’t manage to obtain much information from Chen Xuan, but he had to take it seriously.

He didn’t know what Chen Nanfeng knew, but he didn’t dare to underestimate the intelligence gathering ability of a top sect in the cultivation world.

Since the other party had already found out about the Paradise Corporation through his real appearance, his situation in the secular world was probably no longer a secret to Chen Nanfeng. This included his past experiences and even his service in the lone wolf Brigade. It was probably difficult to hide.

Therefore, Xia ruofei was considering whether there were any flaws in his carefully created identity as the “hidden disciple of a Yuanying expert”. On the other hand, it was naturally related to the rising Dragon Token. In other words, it was the token that was known as the ‘five Saints token’ in the current cultivation world.

He took out the rising Dragon Token from the stone room in the cave in the spirit map space. Since the information provided by scholar Yuntai was more accurate, he only studied it briefly and left it in the spirit map space. He didn't take it out to the outside world from the beginning to the end.

However, this time, Chen Nanfeng had very abnormally requested Chen Xuan to come to the Paradise Corporation for training. He had even specifically asked Chen Xuan to bring along the two tokens of the first heaven society. This was something worth pondering over.

Could it be that Chen Nanfeng had already realized that he had the last token that had never appeared before? Xia ruofei muttered to himself.

No matter what was said, the feeling of not having any secrets in front of him was really uncomfortable.

Besides, Xia ruofei was worried that the first heaven society might not have found out about the situation on Paradise Island.

He carefully thought for a moment and felt that although he didn't dare to say that Paradise Island was flawless, it wouldn't be easy for the other party to find out.

Recently, he had been using the flying boat to enter and leave the Peach Blossom Island, which could basically prevent him from being followed.

Therefore, if there was a flaw, it was nothing more than the fact that there would be a flight record left when the public jet was used to enter and leave the island in the early stages.

However, the public jet paradise was a private jet, and the airport of Paradise Island was under his control, so the possibility of the flight record being leaked was not high.

Then there were the workers on the island. They hadn't gone off the island for the first time, and they didn't know much about the situation on Peach Blossom Island. Even if the first heaven society's intelligence gathering ability was heaven – defying, the only information they got from the family members of the workers was that Xia ruofei owned a private island. This was very common among the rich in the secular world and wasn't special.

After Xia ruofei ran through the information, he came to the conclusion that there was a possibility of leakage on the peach source Island, but the possibility was relatively low.

Of course, even if the first heaven society knew about the situation on the peach Garden Island, Xia ruofei was not afraid.

At most, he would play face cards!

He was still very confident in the Taixu xuanqing formation. If he wanted to defend it to the death, even if Chen Nanfeng attacked with the entire Tianmen, it would be difficult to take it down in a short time.

Not to mention that the resources in the cultivation world were getting more and more scarce. Even a powerful sect like the first heaven sect would find it hard to support a full – scale war. The losses they would suffer were not something they could afford. Even if they managed to conquer the Paradise Island, the losses would not be worth it.

If Paradise Island was exposed, Xia ruofei could even have the star Seizer sect move half of their forces to Paradise Island. Then, he could openly develop his forces on Paradise Island.

With the star Seizer sect's strength, they had a place in the cultivation world. Besides, they also had two Aurous core stage cultivators, himself and Luo Qingfeng. They were much stronger than many first – Class sects. It was not a crime for them to be in control of a precious cultivation ground.

After careful analysis, Xia ruofei felt a little more at ease.

No matter what Chen Nanfeng's purpose was, it was not a bad idea to respond to changes by staying the same.

Of course, he wouldn't let his guard down, especially at the Peach Blossom Island. He had to strengthen the security to prevent a sneak attack.

Hence, Xia ruofei immediately set up a soundproof barrier around himself. Then, he took out a satellite phone from his space and called Li Yifu.

Now that there was a golden core cultivator in the company, and Chen Xuan's identity was a little sensitive as he was the young sect master of the first heaven society, Xia ruofei had to be careful. He contacted Luo Qingfeng in his office and set up a barrier.

As for using a satellite phone instead of an ordinary mobile phone, it was naturally for the sake of privacy.

After the call went through, Xia ruofei immediately told Li Yifu to be more alert from now on, especially against the sudden attack of high – Level cultivators.

Li Yifu didn't know what had happened, but he didn't question Xia ruofei's orders at all. He immediately said that he would be very careful and wouldn't let anything happen to Paradise Island.

## Chapter 3116 Distributing wealth (2)

Xia ruofei also told Li Yifu that he would rush back as soon as possible after he finished his business here.

If the threat came from the first heaven society, Xia ruofei would not dare to take it lightly. No matter how careful he was, he would never be too careful.

After settling the affairs on the Peach Blossom Island, Xia ruofei took a few deep breaths to calm himself down.

Then, he gave Feng Jing a call and prepared to use the free time before he got off work to listen to her report.

Soon, Feng Jing came to Xia ruofei's office with a huge stack of data and reports. She started to report to Xia ruofei.

Xia ruofei was more or less absent – minded, but in general, he was listening more seriously.

He also expressed his approval of some of Feng Jing's decisions during his absence and gave her a lot of praise.

Unknowingly, it was already close to the end of the day.

Feng Jing's report was also coming to an end.

In the end, Feng Jing said, "ruofei, that's about all the work you've been doing for the past few days." Now that the company's cash flow is sufficient, I dare to start the park project. Since you support my approach, I can rest assured!"

Xia ruofei smiled and nodded. "Sister ran, you can do whatever you want! In the future, you'll be in charge of the company's decisions, big and small! Unless you think it's related to the company's life and death, you can call or send me an email to ask for my opinion. As for other things, you don't have to ask for my opinion. "

"It seems like you've made up your mind to be a hands – off shopkeeper ..." Feng Rao sighed.

"Chairman, I'll still hang it. That's no problem." Xia ruofei said, "however, I will gradually let go of the company's specific Affairs. I believe that this will not be a problem for you and the other members of the team. Moreover, from the long – term development of the company, this should be a good thing!"

"Alright then!" Feng Jing said, "paradise Corporation was developed by us. You have your own big things to do, so I can't keep asking you to be tied to the company's matters. Don't worry, RUO Fei. As long as you don't chase me away, I'll definitely help you guard the foundation of the Paradise Corporation! And we'll work hard to make it grow and become a great company!"

"Sister ran, I'm going to give you some more shares ..." Xia ruofei was slightly moved.

He saw that Feng Rao was about to reject him, so he immediately said, "Don't be in a hurry to decline! I've already decided on this. You have a single – digit share now, but you have to worry about the company's Affairs, big and small. This is not fair!"

"RUO Fei, I ..."

"Sister ran, let me finish! I'm going to give you 10% of the shares! In addition, he would take out 10% of the shares as an incentive for the senior executives, and another 10% as an option pool for the employee's benefit. Of course, the so – called "everyone" was by no means equal! Employees had to reach a certain level before they had the chance to receive the option. In addition, they had to serve a certain number of years before they were allowed to cash out the option. Furthermore, the company had to buy it back and was not allowed to sell it to others! You're more familiar with the operation of these shares than I am, so I won't go into detail. " Xia ruofei said.

Feng Jing's eyes widened as she said, "ruofei, the company's market value is in the billions!" It's a huge loss for you to take out so many shares at once!"

Xia ruofei smiled nonchalantly and said, "I still own 70% of the shares, which is more than enough. Sister ran, do you think there's any meaning to having so much money? It was just a set of numbers! I don't mind if this set of numbers is a little more or less. But if I take out a part of it, it can make the company more ambitious, can make the senior management more stable, and can let more employees achieve financial freedom! Isn't that good?"

Xia ruofei paused and continued, ""Also, I'll entrust you with my voting rights to ensure that you have absolute authority in the company!"

Feng Rao was dumbfounded. Xia ruofei had basically handed over all his power.

"Ruofei, that's not right ..." Feng Jing quickly said after she regained her senses. "This is your company! You created it yourself!"

"But it was built by you and the other employees, brick by brick." Xia ruofei smiled and said, "sister che, although I've entrusted you with the right to vote, I still have the final say and one veto vote, so I'm not giving the company to you. It's just that it's more convenient for you to manage the company this way. You can make many decisions, and it'll be legitimate!"

Xia ruofei didn't wait for Feng Rao to say anything. He looked at his watch and said, "It's almost time, I still have to go pick up Qingxue! Sister ran, that's all for today! I'll have to trouble you to come up with the specific plan in two days according to the procedure I just mentioned. I also hope that the share transfer can be completed in two days! You'll be in charge of the specific work, I'll just be in charge of signing!"

With that, Xia ruofei smiled and stood up. He picked up his handbag from the desk and walked out.

By the time Feng Jing came back to her senses, Xia ruofei had already left the office.

Feng Jing called out twice, but Xia ruofei pretended not to hear her. Instead, he walked even faster and soon disappeared from the door. He took the elevator to the underground parking lot.

Feng Jing stood in Xia ruofei's office with a complicated expression on her face.

After a long while, she stomped her feet and muttered to herself, ""What? He threw a bunch of things to me and then ran away! The matter of the equity structure is so important, but you decided it with just a few words and threw it all to me ... Seriously!"

.....

Of course, Xia ruofei did not care about Feng Jing's complaints. He was already standing in the elevator with a relaxed smile.

Xia ruofei had already considered giving a portion of the company's shares to motivate the executives and employees, especially Feng Jing. He had thought about it carefully.

The wealth of the secular world no longer held much meaning to him.

However, the Paradise Corporation could not stop its development. The employees also needed this platform to display their talents and earn enough money to live a decent life.

It could be said that paradise Corporation was not just Xia ruofei's company. It involved hundreds and thousands of employees, and behind them were hundreds and thousands of families.

Hence, Xia ruofei had to deal with everything related to paradise Corporation carefully.

Taking out less than 30% of the shares could produce an immediate incentive effect. In the long run, it was even more beneficial to the company's healthy development. Why wouldn't Xia ruofei do it?

After leaving everything to Feng Jing, he hummed as he walked out of the elevator. After he found his Knight XV, he drove straight to the headquarters of Ling Ji.

After picking up Ling Qingxue, he drove the Knight XV SUV and headed straight to the Provincial Party Committee's courtyard.

Xia ruofei's off – Road vehicle was too eye – catching. Song Qiming had already reported Xia ruofei's car plate number at the gate. Hence, the armed police at the entrance of the courtyard only did a simple check and let them pass.

Xia ruofei drove skillfully through the roads in the courtyard and soon arrived at the small building hidden by the green trees.

This was song Qiming's family's residence in San Shan. It was a small Western – style house that had a very old sense of age.

Xia ruofei and Ling Qingxue got out of the car together. Xia ruofei was about to ring the doorbell when Ling Qingxue stopped him and said, ""RUO Fei, are we just going to come here empty – handed? Isn't that a little rude?"

"I didn't have time to prepare anything!" Xia ruofei smiled and said, "besides, isn't wild tea the best gift?"

"But we can't just go in empty – handed!" Ling Qingxue said, "I'm prepared!"

Ling Qingxue then took out two fruit baskets and two bottles of beautifully packaged red wine from her storage ring. She then smiled and said, ""Let's go! I can do it now!"

#### Chapter 3117 Family dinner (1)

Xia ruofei finally reacted and couldn't help but laugh. ""Qingxue, you're just showing off your storage ring! Hahaha ..."

Ling Qingxue did have some thoughts in this regard. Besides, after she got the storage ring, she was really full of novelty. Her storage space was filled to the brim. No matter what, girls always had more personal items than boys, and female cultivators were no exception.

However, the two fruit baskets and two bottles of wine were indeed specially prepared by her.

Ling Qingxue pouted and said, "don't make fun of me!" Who doesn't know that your storage treasure is better! I'm Doing This for Your Sake, okay? I don't want you to be rude in front of your future in – laws!"

Speaking of her future in – laws, Ling Qingxue still felt a little awkward. However, that slight sour feeling disappeared in a flash. She seemed to have gotten used to her current situation.

"Alright! Alright!" Xia ruofei chuckled and said, "our Qingxue is so thoughtful!"

After he finished speaking, he brought Ling Qingxue to the front of the courtyard and rang the doorbell.

Song Wei's cheerful voice could be heard from the courtyard, ""They're coming!"

Soon, the door to the courtyard opened and Song Wei stuck her head out to take a look. She immediately revealed a happy smile. "RUO Fei! Qingxue! As expected, you guys are here! Please come in!"

Xia ruofei was carrying a fruit basket in each hand, while Ling Qingxue was carrying two bottles of wine. The three of them walked into the courtyard together.

"Why Did You Come to My House to take something? My dad doesn't like this kind of thing!" Song Wei said with a smile.

"Qingxue prepared this, it's just a small token of our appreciation!" Xia ruofei said, "uncle song doesn't accept gifts from others, but he will definitely accept our gifts!"

"You're quite confident!" Song Wei chuckled. "But you're right. You're his Savior! Besides, you've never asked him for anything. He'll be overjoyed if you bring him a gift! How could I not accept it?"

"Right, is uncle song at home?" Xia ruofei asked.

"You're still working! But it should be soon. " Song Wei said, "he had a meeting tonight, but when he heard that you were coming, he immediately changed his schedule and postponed it to tomorrow morning."

"Yo! That's not good!" Xia ruofei said with a sneer.

"It's not a meeting in the province. It's not a big deal for him to adjust the schedule of the city meeting." Song Wei said with a smile.

As they spoke, the three of them had already passed through the small courtyard and entered the small Western – style house.

Song Wei's mother, Fang Liyun, had also walked out of the kitchen. She was wearing an apron and sleeves. It was obvious that she was cooking.

Seeing Xia ruofei and Ling Qingxue, Fang Liyun smiled warmly and said, "RUO Fei, Qingxue, we welcome you! Please come in!"

Song Wei took out two pairs of slippers from the shoe cabinet and placed them on the floor. She smiled and said, "New slippers, change into them quickly!"

"Thank you!" Xia ruofei said. Then, he turned to Fang Liyun and said, "aunt Fang, sorry for the sudden visit!"

"What are you saying?!" Fang Liyun rebuked. "Old song and I are so happy that you came to our house as guests! How could it be a disturbance? However, when Weiwei is not at home, you young people won't be willing to listen to our nagging. This time, when Weiwei comes back, you will also come. The house will be lively!"

After that, Fang Liyun turned to Xia ruofei and Ling Qingxue, who had already changed into their slippers, and said, "RUO Fei, Qingxue, go sit in the living room! The soup was still boiling in the kitchen! I have to go and watch the fire! Let Wei Wei chat with you guys! Old song will be home soon!"

“Alright! Aunt Fang, you’ve worked hard!” Xia ruofei said.

Ling Qingxue smiled sweetly and said,””Auntie Fang, I’ll go help out in the kitchen!”

“No need, no need!” Fang Liyun quickly retorted,”how can you let a guest help in the kitchen! You guys can drink tea and chat in the living room. I’ll be in the kitchen by myself! Dinner is almost ready, I don’t need any help!”

“Qingxue, even though you’ve learned a lot from my family, my kitchen is my mother’s exclusive property. Don’t even think about occupying it!” Song Wei chuckled.

Song Wei then led Ling Qingxue and Xia ruofei to the living room.

“Ruofei, bring out your good tea!” Song Wei said,”although the tea at my house is not bad, it’s nothing compared to your tea!”

Xia ruofei laughed and said,”no problem!” I’ll make the tea, you guys just drink it!”

With that, Xia ruofei took out a small bag of tea leaves from the spirit map space and fiddled with the purple sand tea set on the coffee table in the living room.

Song Wei and Ling Qingxue saw Xia ruofei open the bag and pour the tea leaves into the teapot.

Even though hot water had not been poured in, the fragrance of the tea leaves alone was enough to make the two of them slightly stunned.

“Ruofei, is this ... Wild tea?” Song Wei asked.

Xia ruofei shrugged and said,”of course!” Of course, the best tea leaves must be used for the two wives!”

Xia ruofei’s voice was not loud, but Song Wei and Ling Qingxue were still shocked. They subconsciously looked towards the kitchen and glared at Xia ruofei.

Xia ruofei laughed and said,”don’t worry!” If I don’t want aunt Fang to hear me, she won’t hear me even if I shout. “

## Chapter 3118 Family dinner (2)

Song Wei looked at Xia ruofei with a reproachful look. Then, she turned her attention back to the wild tea. She could not help but say,”Ruofei, let’s drink it ourselves and not use wild tea! It’s quite a waste. I think the Da Hong Pao from before was pretty good!”

Xia ruofei waved his hand and said,””I’m fine! Although the production of wild tea was not high, it could not withstand the power of the time formation! Now we can harvest a batch of tea leaves almost every day, so we won’t be short of wild tea in the future. Also, I brought a lot of wild tea this time. Uncle song has already saved some for himself, so it won’t affect him. ”

Xia ruofei didn’t say where he planted the wild tea or who took care of it. Song Wei and Ling Qingxue didn’t ask further either.

Since Xia ruofei had said so and they really liked the unique fragrance of wild tea, they naturally did not try to stop him.

Soon, Xia ruofei finished boiling the water and made the tea.

The strong fragrance of the wild tea filled the living room. Even Fang Liyun, who was busy in the kitchen, could smell the fragrance of the tea and could not help but take a deep breath.

The kitchen was filled with all kinds of smells, but these smells could not cover up the fragrance of wild tea.

Xia ruofei and the other two were drinking tea and chatting in the living room.

After that, Xia ruofei simply set up a small sound – proof barrier and sat in the living room to continue explaining the “nichang Heart Sutra” to Song Wei and Ling Qingxue.

It was almost Seven o’ clock in the evening. Xia ruofei heard the sound of a car engine coming from the courtyard, followed by the sound of a door opening.

He scanned the area with his mental power and saw song Qiming step out of the car. He took the briefcase from his Secretary and said calmly, “You’ve worked hard these two days. There’s no work tonight, so go back and have a good rest!”

“Yes! Secretary!” The Secretary said respectfully.

Then, song Qiming walked into the courtyard with his briefcase.

Hence, Xia ruofei stopped explaining and kept the soundproof barrier.

Song Qiming pushed the door open and walked in. As he changed his shoes, he raised his head and said to Xia ruofei, who was in the living room, “RUO Fei is here!”

“Uncle song, how are you?” Xia ruofei called out with a smile.

“Hello, uncle song!” Ling Qingxue greeted him.

“Hello, hello!” Song Qiming chuckled and said, “Qingxue, we welcome you as our guest!”

Song Qiming could not help but sniffle again. He smiled and said, “What a fragrant smell! Did RUO Fei bring any good tea?”

“Yup! It’s a tea from a friend. It tastes pretty good!” Xia ruofei said with a smile.

Song Wei and Ling Qingxue looked at each other, worried.

This was wild tea. As a cultivator, song Qiming knew that Youyou would enter a state of cultivation the first time she drank wild tea.

Furthermore, they had already brewed the wild tea several times. It would be fine if song Qiming did not have any effect after drinking it, but what if the effect was greatly reduced and it no longer worked after drinking it?

Even if Xia ruofei were to brew a new cup of wild tea, song Qiming could not possibly just drink it in the living room and start cultivating. If Fang Liyun were to see this, wouldn't she be shocked?

Fortunately, at this time, Fang Liyun came out of the kitchen with a big pot of boiled fish. She said while walking, ""Old song, don't drink tea yet. Dinner is ready. You should drink after dinner!"

"Yes, yes, yes!" Song Wei quickly replied. Eat first! Dad, you're getting off work so late, I'm already famished!"

It was rare for Song Wei to act coquettishly in front of her parents. Song Qiming could not help but laugh and said, "Good, good, good! Since my precious daughter is starving, let's eat first! Enjoy your tea after dinner!"

Then, song Qiming turned to Xia ruofei and asked, ""Ruofei, shall we have a drink tonight?"

Xia ruofei thought for a while and said, "uncle song, let's not drink tonight." Other than visiting you and Auntie Fang, I also want to check on your body to see if there are any hidden dangers. If you drink, I'm afraid the test results will be inaccurate ..."

"Then don't drink!" Fang Liyun quickly said. Old song, you're too much. All you can think about is drinking. Don't you have enough to drink when you're out socializing? It's not easy for our daughter to come home, and RUO Fei and Qingxue also came to see us. Do you think it's nice to be drunk?"

Song Qiming forced a smile. "I'm just saying. Even if I want to drink, I'll only have a few glasses. I'm already so old. How can I compete with ruofei in drinking?"

"Anyway, you're not allowed to drink tonight!" Fang Liyun said.

Song Qiming clearly knew how to get along with his wife well. He knew that it was unwise to reason with a woman at this time, so he immediately said, ""I'm not drinking! I won't drink! I'm determined not to drink it!"

Seeing this, Song Wei and Ling Qingxue couldn't help but laugh.

Everyone took their seats in the dining hall and looked at the dazzling array of dishes on the table. Xia ruofei and Ling Qingxue were naturally full of praise. Fang Liyun happily let everyone try it and asked Song Wei to get some fruit juice from the fridge for everyone.

Fang Liyun's cooking was very good. Everyone ate and chatted, and the atmosphere was quite good.

Song Wei had not been home for a while. Her sudden return was a surprise for song Qiming and his wife. In addition, Xia ruofei and Ling Qingxue's visit made the usually quiet house livelier. Naturally, song Qiming and Fang Liyun were in a good mood.

### Chapter 3119 Family dinner (3)

In front of Xia ruofei and Ling Qingxue, song Qiming naturally did not put on any airs as a leader of a province or city. He was completely a cheerful uncle next door.

He took a sip of his juice and asked, ""Qingxue, how's the development of your Ling Ji restaurant? I noticed that you guys seem to have participated in the bidding for the canteens of several universities?"

Ling Qingxue was a little surprised. She did not expect Song Qiming to pay attention to such a small matter.

The Ling's F & B group had been taking a multi – faceted development route in the past few years. While they continued to develop in the mid – range F & B market, they had also opened several high – end private restaurants. In addition, they were also actively participating in cooperation projects with some college canteens.

Song Qiming was talking about the bidding projects that Ling Ji F & B had recently participated in for the canteens of several provincial high schools.

“Thank you for your concern, uncle Song,” Ling Qingxue said. “Everything is going quite smoothly. The economic situation in the southeast province is quite good now, and there's also great potential in the food and beverage industry. The management of our Corporation is quite confident. I'm not the one following up on the University food and beverage project, but I heard that it's going quite smoothly. If there are no accidents, we should be able to reach a cooperation. ”

Song Qiming smiled and nodded. “This is a good thing! If a star company like Ling's restaurant enters a University, it'll be of great help to improve the standard of the university's food and beverage. ”

It was only a family dinner and not in Song Qiming's office, so he only had a casual chat and did not go too deep.

Furthermore, Ling Qingxue clearly had no intention of using him to take any shortcuts, so he nodded in approval.

If it was an ordinary merchant, they would do everything they could to get involved with him. Since he took the initiative to ask, wouldn't the other party immediately follow up?

Song Qiming thought to himself, 'as expected of RUO Fei's girlfriend, she's so open and honest!'

This was pure love for the house and its Crow.

Then, Song Qiming chuckled and said, “Ruofei, where's your paradise Corporation? You've been developing well recently! You're already a star company in Sanshan city, especially the two products of Yushi cream and heart – nourishing soup, which have long been well – known at home and abroad. It's no exaggeration to say that you're a star company in Sanshan!”

Xia Ruofei chuckled. “It's all thanks to President Feng and the others. I rarely manage the company's Affairs.”

“I've heard from Deputy Mayor Hao that you're the one who handles all the government affairs. You're always so elusive, Chairman Xia!” Song Qiming laughed.

Xia Ruofei laughed in embarrassment and said, “You're talking about the key enterprises supported by the city this time, right? Director Feng has already reported to me that the city has been giving us a lot of support. I've always wanted to express my gratitude!”

Song Qiming waved his hand and said, “this is what the government should do. Star companies like yours should be supported more!” Besides, you don't have to thank me. I didn't interfere in the entire matter

from the beginning to the end. The selection process was also fair and open. All the treatment and policies are what you deserve. ”

“No matter what, our paradise Corporation has received a lot of policy support because of this!” Xia ruofei said, “especially the land acquisition for the park project. The city’s support is too strong. CEO Feng can’t believe it ...”

Song Qiming laughed and said, “then focus on developing your business. You guys will create more taxes and jobs for the city. That will be the greatest support for the work in the city!”

“That’s for sure!” Xia ruofei said, “the park project is a project that will involve a lot of infrastructure construction. In the end, won’t it still be digested by the enterprises in the city? Moreover, the expansion of the pharmaceutical factory could also produce many new jobs and solve many employment problems. Even our company’s headquarters are doing a mass recruitment, preparing to launch our own online shopping center. ”

“Then shouldn’t you spend more time and effort on the company?” Song Qiming smiled and said, “I see that you haven’t been at Sanshan for a long time. Are you going to retire early? How can an old man like me, who’s still working so hard at my age, bear this?”

Xia ruofei smiled awkwardly and said, “Uncle song, you’re always worrying about our country’s national affairs. I’m different from you. Paradise Corporation is just a small company, and President Feng and the others are all outstanding enough. Now that the company is on the right track, it doesn’t make much of a difference whether I’m around or not.”

“Dad!” Song Wei pursed her lips and smiled. RUO Fei still had many things to do! He’s not just busy with paradise Corporation, you’ll know in the future. ”

Song Qiming smiled and said, “it seems like there’s a lot of things I don’t know!” Hahaha! Then I won’t ask anymore. I don’t understand the things you young people do ...”

Xia ruofei thought to himself, there are so many things that you don’t know! For example, your daughter has already ...

Fang Liyun rolled her eyes at song Qiming. “You only know now! The children are just here for a meal and you have to nag for half a day about work. This isn’t your office in the municipal Party Committee. You should change your bad habit of being a teacher when you get home!”

Song Qiming accepted her advice and said with a smile, “Alright, alright, alright, let’s not talk about work!”

After that, song Qiming did not mention anything about work. He only chatted with everyone.

After dinner, Xia ruofei said, “Uncle song, why don’t we ... Have some tea in the study?”

Song Wei and Ling Qingxue’s eyes lit up, but they were also a little nervous. Even though they knew the effects of wild tea, song Qiming had only cultivated for a short period of time, and his cultivation level was low. They did not know what the effects of wild tea were.

Even the first heaven sect couldn’t afford to let a first Qi layer disciple drink wild tea.

Song Qiming chuckled and said, "the kind of tea you make before dinner?" The fragrance of the tea was really tempting! I'm going to have a good taste!"

Chapter 3120 Irresistible force (1)

"Then what are we waiting for? Let's go to the study!" Xia ruofei said with a smile.

Then, he stood up first, walked to the coffee table in the living room, picked up his bag, and walked to the study room with song Qiming.

At the same time, Xia ruofei shot a look at Song Wei and Ling Qingxue, signaling them to follow.

Song Wei and Ling Qingxue thought that Xia ruofei would be making tea with song Qiming alone in the study room. They did not know what Xia ruofei was up to but they still followed him quickly.

Naturally, song Qiming did not feel that there was anything wrong with it. After all, Ling Qingxue was his guest and his daughter, Song Wei, had not seen each other for a long time. The father and daughter drinking tea and chatting together in the study was naturally a very pleasant thing to do.

The four of them quickly arrived at the study, where there were also ready – made tea sets.

Xia ruofei took out a small packet of wild tea from his bag. The one he took out was still the wild tea produced in the spirit map space, not the small packet that Chen Xuan had given him today.

Although the first heaven society's wild tea might be more effective, the first heaven society's attitude was still unclear. One had to be cautious. Xia ruofei could not guarantee that Chen Xuan's attitude was as he said. If Chen Xuan had done something to the wild tea, wouldn't he be harming song Qiming?

Moreover, the effects of the wild tea produced in the spirit map space were similar to the wild tea of the first heaven society. It was more than enough for song Qiming to consume, so the slight differences were not a problem.

When Xia ruofei opened the tea bag, song Qiming could not help but sniffle. He asked curiously, "The tea leaves haven't even been brewed, but they already have such a fragrance. I've never heard of such a thing before!"

Xia ruofei poured the tea leaves into the teapot and laughed. "This tea is indeed rare. Uncle song, you have to try it later!"

"I will! I will!" Song Qiming said with a smile.

Boiling water, heating the pot, making tea ... Xia ruofei was already very familiar with the process of making tea. His movements were smooth and natural.

Very quickly, the small study room was filled with the fragrance of tea.

Even song Qiming, who had drunk all kinds of good tea, could not help but look excited when he smelled the tea.

As for Song Wei and Ling Qingxue, they were well aware of the effects of the wild tea on song Qiming, so the anticipation in their eyes intensified.

Under everyone's gaze, Xia ruofei poured the clear tea into the tea cup and greeted with a smile, "Come and try it! Weiwei, Qingxue, you two have a drink too!"

"I'll take it then ..." Song Qiming picked up a cup of tea with a smile. He first blew on it gently and then took a deep breath. He looked intoxicated by the fragrance of the tea.

"By the way, uncle song, it's best to finish the first cup of tea in one gulp. That way, the taste will be better!" Xia ruofei reminded him with a smile.

"Wuwuwu! Good!" Song Qiming nodded and said.

Song Wei and Ling Qingxue both stared at song Qiming quietly.

Song Qiming blew on the tea and said, "Wei Wei, you guys should have some tea too! Why are you all looking at me?"

"Oh, oh!" Song Wei said quickly. She also picked up a cup of tea, but she pretended to blow on the tea and did not drink it immediately.

Song Qiming finally brought the tea cup to his mouth and drank it all in one go.

Then, song Qiming's expression froze. Xia ruofei quickly said, "Uncle song, use the Qi – nurturing technique immediately!"

Although Xia ruofei knew that cultivators who consumed wild tea for the first time would enter a state of cultivation involuntarily, most of the people who consumed wild tea in the past had a certain Foundation in cultivation. Song Qiming was only at refined Qi Level 1. He was also worried that something might go wrong and waste this precious wild tea.

Actually, Xia ruofei did not need to remind him. The genuine Qi in song Qiming's body had already started to circulate on its own.

He heard Xia ruofei's voice and started to circulate his genuine Qi according to the "modest Sutra". Xia ruofei had already set up a spirit gathering formation beside song Qiming to check on song Qiming's spiritual crystal. It was kept in the safe and would only be taken out when he was cultivating. It was definitely too late now.

Fortunately, Xia ruofei was well – prepared and the spirit gathering array was a ready – made array talisman. It was extremely easy for Xia ruofei to set up the array and was completed in the blink of an eye.

After Xia ruofei set up the spirit gathering array, he released his spiritual power to monitor song Qiming's condition.

At the same time, he turned to Song Wei and said, "Wei Wei, bring this wild tea out for aunt Fang to try!"

"Can my mother drink it too?" Song Wei was stunned.

"No problem!" Xia ruofei smiled and said, "it just has the effect of prolonging life! It's good for your body if you drink it all year round!"

“Alright! Alright!” Song Wei quickly said, “I’ll go outside first then. My father ...”

“Don’t worry! I’m here!” Xia ruofei smiled and said, “Qingxue, come with Weiwei! You guys go and make tea and chat with Auntie Fang. I think uncle song still needs some time!”

“Alright!” Ling Qingxue said.

Song Wei and Ling Qingxue took the tea tray and left the study room. Xia ruofei sat cross – legged beside song Qiming, observing him closely.

It was probably the first time in the world of cultivation that someone at refined Qi Level 1 had consumed wild tea. Xia ruofei did not dare to let his guard down and was ready to deal with any unexpected situation.
