

God tier Farm 3441

Chapter 3441: Immortal mountain river (1)

"How am I cruel?" Ling Qingxue was confused.

Xia ruofei chuckled. "When I challenge the Tower of Trials, I'll at most break a record. Getting more rewards will only allow me to take advantage of the loopholes in the rules and gain more benefits." But you're good, you directly dug out their Foundation. Look at the 7th level of the trial Pagoda, it's an empty space, hahaha!"

Ling Qingxue felt a little uneasy. She said, "This ... This isn't very good! Why don't we not take this cloud heaven Palace, I'll put it back to its original place!" Hearing this, Xia ruofei's eyes widened and he said, "No! Only a fool would not take the benefits! We didn't steal or Rob, we got the benefits with our own abilities, why should we not take them! We didn't break any rules, so even if the senior who set up the trial Pagoda were to come, he wouldn't be able to say anything!"

"But..." Ling Qingxue looked around at the empty square and still hesitated.

"No buts! That crystal plate... That was the control core of the heavenly cloud Palace. Since it was placed in the barrier, it was clearly for everyone to take! It's just a test to see if everyone has the ability to get it." Xia ruofei said, "I don't have the ability, but Qingxue, you got it with your own ability. There's no reason for you to return it! As for the seventh level of the trial Pagoda... At most, that senior could just decorate it again. Even without the cloud Palace, wasn't it a very easy thing for a senior to design a few stages to test cultivators? So you don't need to feel any psychological burden, just take it with ease!"

Ling Qingxue had always been very obedient to Xia ruofei. Now that she heard Xia ruofei's advice, she felt that it made sense. Most importantly, the environment in the heavenly cloud Palace was really good. It was also very helpful for cultivation. Ling Qingxue must have wanted it.

So, she thought for a moment and nodded. "That... That's fine!"

Xia ruofei laughed and said, "Qingxue, with this heavenly cloud Palace, you can do whatever you want in the world of cultivation!" Even Chen Nanfeng can't do anything to you! If you don't like him, you can release a few late jiedan stage monsters, it'll be enough to make him suffer!"

Ling Qingxue pursed her lips into a smile and said, "how can it be that simple?" My cultivation is still too low. If I were in the vicinity of the heavenly cloud Palace, I would be able to mobilize those puppets and monsters, but I can't make them leave the heavenly cloud Palace to help me fight against the enemy. I can only release the Qi refining monsters and puppets at most, and the number can't exceed three ..."

Xia ruofei couldn't help but be stunned. "Ah? There's such a restriction!"

He then changed his mind and immediately said, "But this is already not bad! At least you have enough ability to protect yourself! If there's any danger, you can release the cloud heaven Palace and hide inside. Who can do anything to you?"

The heavenly cloud Palace was actually similar to the spiritual map, but it was obviously of a much higher level.

First of all, the spirit map scroll was an independent space. Although the heavenly cloud Palace could also be kept, it would still be together with the outside space when it was released. It was not an independent small space.

Furthermore, the time flow of the Spirit map was 30 times slower than the outside world. This was very useful at critical moments.

It could be said that the heavenly cloud Palace was far inferior to the spirit map scroll in terms of the rules of space and time.

In addition, the spirit map space could directly absorb the energy of the chaotic space and transform it into rich spiritual energy, but the cloud heaven Palace did not have such a function. Of course, the heavenly cloud Palace also had a very advanced spirit gathering formation. The concentration of spirit Qi in the entire heavenly cloud Palace was quite good, but this was limited by the external environment. If it was on earth, a place with poor cultivation resources, the best it could do was to achieve the same level as the Paradise Island, and the restrictions from the external conditions were greater.

Although the difference between the heavenly cloud Palace and the spirit map was still quite big, it was still a precious treasure for Ling Qingxue. She never even dared to dream that she would have such a treasure one day.

Of course, this was not only for Ling Qingxue. Even in the entire cultivation world on earth, a magic weapon like the heavenly cloud Palace could be considered a top treasure. If it were to fall into the hands of the cultivation world, it would definitely set off a bloody storm and cause a crazy fight. Even a veteran golden core cultivator like Chen Nanfeng would definitely not be able to resist such a temptation.

Ling Qingxue smiled and said, "that makes sense!" It seems like you don't have to worry about my safety anymore..."

"How can I not be worried?" Xia ruofei chuckled and said, "just like parents, no matter how old a child is, he's still a child in their eyes. You're my wife. No matter how capable you are, I'll still be worried about your safety!"

Ling Qingxue's face turned slightly red. She lowered her eyes and said, "I'm not your wife yet!"

"It's only a matter of time!" Xia ruofei said indifferently.

Xia ruofei and Ling Qingxue were in a good mood. However, in the hidden space enshrouded in purple mist, the elder in the green Taoist robe was not in a good mood.

He had watched Ling Qingxue easily take the heavenly cloud Palace, and he had not been able to stop her. Now that he saw that there was only an empty square left on the seventh floor of the trial Pagoda, he wanted to cry but had no tears. At the same time, he was going crazy..

Chapter 3442: Immortal mountain river (2)

“No! How can we let her take away such an important treasure of the cloud Palace so easily?” The green – robed elder couldn’t help but Mutter to himself, “even if she’s the descendant of fairy Lingbo, she can’t...”

“Hahaha!” A burst of hearty laughter rang out in the lofty Hall, “Daoist Qing Xuan! I heard that my disciple from the cultivation world in China found the trial Pagoda and did quite well?”

As soon as he finished speaking, an old man who was also wearing a Daoist robe walked into the hall with a smile on his face.

If Xia ruofei was here, he would have recognized the old man. He was the previous owner of the painting, immortal mountain river.

When Xia ruofei had broken through to the Golden core stage, he had seen a trace of spiritual will left behind by immortal mountain river.

The old Daoist who had appeared in the lofty Hall of this hidden space enshrouded in purple Qi was exactly the same as the image that had been condensed by the thought.

Obviously, this was the original body of immortal mountain river.

The old man in the green Daoist robe was the “Daoist brother Qing Xuan” that Daoist master Shan He had mentioned. He turned around after hearing Daoist master Shan He’s voice.

This immortal mountain river wore a Grey – White Daoist robe. Although he had a smile on his face, there was a thick murderous aura between his brows. It was as if his entire person had a thick smell of blood.

Qing Xuan frowned and asked, “Brother mountain river, you’re back in rotation? You have such a strong killing intent! Is the situation there not good?”

Immortal mountain river grinned and said, “When will the situation over there get better? But with us old guys holding the fort, there won’t be any problems for a while! Daoist Qing Xuan, let’s not talk about these things. You still haven’t told me how my disciple in the cultivation world of the divine Lands performed.”

It would have been fine if the immortal mountain river had not mentioned it, but now that he did, Qing Xuan Taoist priest was so angry that he pouted at the mirror and said, “Your precious last disciple? He’s there! You can see for yourself!”

In the mirror, the figure was Xia ruofei.

Obviously, the disciple that immortal mountain river had left behind in the cultivation world of China was Xia ruofei.

When Xia ruofei communicated with the spiritual Pearl that was left by Reverend mountain river, the spiritual Pearl only knew what happened before it was separated from him. It had no memory of what happened to Reverend mountain river after that.

Just as the thought was about to disappear, Xia ruofei made a request to be apprenticed to a master. The thought of the immortal Shanhe accepted it with pleasure.

So, Xia ruofei was really the last disciple of immortal mountain river.

However, at that time, immortal mountain river had already sent this thought away for three to four hundred years. He himself had already left earth a long time ago, but he still knew about Xia ruofei's situation. This did sound a little magical.

However, in reality, for an expert at the level of spiritual master Shanhe, this was not a difficult task.

Once the will left the spiritual Pearl, it would not be maintained for a long time. All the memories in this short period of time were considered to be quite small. Therefore, when immortal mountain river set up the spiritual Pearl, he had already thought of this. When the will disappeared, a special array would be activated. No matter how far away immortal mountain river was from earth, this array could directly transfer the short – term memory left by the split will to immortal mountain river's original body.

He knew that his split – off consciousness had taken in a disciple in the cultivation world on earth, so it was no surprise.

Venerable Shanhe had rushed over because he had heard that Xia ruofei had entered the Tower of Trials and had performed outstandingly.

He did not care about Qing Xuan's attitude and looked at the mirror Magic treasure with a smile.

"My disciple is already in the middle Jindan stage? Not bad, not bad. How long has it been? As expected, your talent is unparalleled!" Daoist master mountain river said happily. Then, he showed a puzzled expression and said, "isn't he in the Tower of Trials? Where was this place? Eh? This place looks a little familiar!"

Immortal mountain river took a closer look and his eyes widened. He cried out, "Isn't this the seventh level of the Tower of Trials? How did you become like this?"

After he finished speaking, he turned to look at the dark – faced Qing Xuan Daoist priest and suddenly laughed out loud.

"Hahaha! It really is the seventh level of the Tower of Trials!" "Hahahaha!" Daoist mountain river laughed. "The heavenly cloud Palace has disappeared!" This disciple of mine is amazing! Even the heavenly cloud Palace had been wiped out by him! Daoist Qing Xuan, you're going to have a headache this time

Daoist Qing Xuan said unhappily, "with him?" A cultivator in the intermediate stage of the Golden core realm wanted to take away the heavenly cloud Palace? Shanhe, what are you thinking?"

Immortal mountain river also showed a trace of doubt and said, ""He didn't take away the heavenly cloud Palace? Then where did the heavenly cloud Palace go? Could it have turned into a spirit and flown away?"

Qing Xuan said angrily, "the heavenly cloud Palace has indeed been taken away by someone. However, it was not done by your precious disciple. It was his cultivation partner. It was the little girl beside him!"

Immortal mountain river glanced at Ling Qingxue, who was beside Xia ruofei, then shook his head and said, ""Impossible! That was impossible! This little girl was only at the Qi refining stage! Daoist Qing Xuan, your joke is not funny at all! Even if you want to make up a story, at least make it look like it!"

Daoist priest Qing Xuan said unhappily, "I'm worried to death, I don't have the mood to joke with you!" It really was that little girl!"

"So fierce?" Daoist master mountain river couldn't help but take another look at Ling Qingxue in the mirror and asked, "what exactly is going on? That little girl

"I don't know either!" Qing Xuan said, "but if I'm not wrong, this girl should have the aura of fairy Lingbo's bloodline. The ward did not stop her at all. Moreover, once she got the control core of the heavenly cloud Palace, it recognized her as its master! I was also caught off guard!"

Hearing this, immortal mountain river could not help but be stunned. After a long while, he burst into laughter and pointed at Taoist priest Qing Xuan, "Daoist brother Qing Xuan, such a thing actually happened! You've really suffered a great loss this time... As expected of my disciple, even the Dao companion you found is so powerful, and has the aura of fairy Lingbo's bloodline..."

"Brother mountain river, stop gloating! I'm worried to death!" Daoist Qing Xuan said, "the seventh level of the trial Pagoda is in such a state now. How are we going to test the cultivators who enter the trial Pagoda? I'm considering whether I should take back the cloud Palace!"

"You must not! He got the treasure with his own ability, why should he take it back!" Immortal mountain river said hurriedly.

Xia ruofei was his disciple and his cultivation partner was his junior. He naturally had to protect her.

Qing Xuan couldn't help but roll his eyes and said, "You two are indeed master and disciple. You say almost the same thing, and you two are the same ... Thick – skinned!"

Immortal mountain river laughed and said, "Daoist Qing Xuan, thank you for the compliment! But I'm right! Since the control core of the heavenly cloud Palace was there, and the cultivators who entered the Tower of Trials had the ability to take it away and make it recognize them as its master, then they should recognize it! Besides... Even if you want to take it back, can you? Don't forget that the control core has taken the initiative to recognize its master. Now, my disciple's cultivation partner is already the master of the heavenly cloud Palace! Unless you kill her, how are you going to take it back?"

At this point, immortal mountain river stared into Qing Xuan's eyes and said, "You're not really thinking of doing that, are you? Daoist Qing Xuan, let me tell you! That's my disciple's wife, I won't sit by and watch this happen!" Daoist Qing Xuan pouted and said, "Do I look like such a brutal person? You're underestimating me!"

Then, he sighed and said, "Forget it! Forget it! Since she has already obtained the heavenly cloud Palace and did not cheat, I will respect the rules and admit it!"

Chapter 3443: Obsidian square (1)

"That's the way!" Daoist mountain river was overjoyed. "It's just a place to test cultivators in the nascent Soul Stage, the Aurous core stage, and the Qi refining stage. Without the heavenly cloud Palace, it can't be carried out? Will this be a problem for you, Qing Xuan?"

Daoist priest Qing Xuan blew at his beard and glared, "you're just standing there and talking!" Why don't you try it?"

Immortal mountain river waved his hand and said, "every profession has its own specialty!" Everyone has their own duties, how can I overstep my duties?"

Then, he quickly changed the topic, ""That's right, this disciple of mine should have passed the trial Pagoda's 7th level test! The two of them had even accepted the heavenly cloud Palace. This mission's completion rate had definitely reached 100%! Then the mission reward ..."

Daoist Qing Xuan glared at him and said, "you've even taken away the heavenly cloud Palace, and you still want other rewards?" No way!"

Immortal mountain river didn't mind. He curled his lips and said, ""I knew you were stingy! You're a miser!"

"You..." Daoist Qing Xuan could not help but feel angry.

On the seventh level of the trial Pagoda, Xia ruofei and Ling Qingxue stood in the empty square.

The two of them did not know what to do next. The heavenly cloud Palace had been taken away and the seventh floor of the trial tower was empty, but the mission prompt had not been updated.

Could it be that because he had taken over the cloud Palace, he was stuck here? Would it be impossible to evaluate the mission completion rate without the cloud Palace?

Xia ruofei's heart couldn't help but beat like a drum. "Should I... Put the cloud Palace back first?"

Just as he was hesitating, a new line of text appeared in the mission prompt:

Mission completed. Please enter the eighth floor of the Tower of Trials through the passageway.

It was a line of cold words, but Xia ruofei could feel a trace of resentment between the lines.

This must be an illusion! Xia ruofei shook his head.

However, wasn't this mission hint a little too simple?

Didn't they say that they had to evaluate the mission completion rate and give out the reward?

What about the mission completion rate? Where's the reward?

In addition, where was the entrance to the passage? He had to give some hints!

Xia ruofei had had enough of these riddles, but he was helpless.

He had no choice but to lower his head!

Xia ruofei could not help but smile bitterly. Ling Qingxue saw this and could not help but ask, ""RUO Fei, what's wrong?"

Xia ruofei told Ling Qingxue about the mission and said, ""Qingxue, what do you think... Is going on? Didn't they say that the reward would be given according to the completion rate of the mission? Why isn't the evaluation result out yet? and where to receive the reward?"

In the hidden space enshrouded in purple mist, Daoist Qing Xuan snorted and said, ""Shanhe, your disciple is just like you! He had already wiped out the entire heavenly cloud Palace and he still wanted a reward! Isn't this too greedy?"

Immortal mountain river laughed and said, ""Who told you to set the rules and reward according to the completion rate of the mission? Now that he had completed the mission, and had done it so well, you had no reward. It's fine if you don't give out the reward, but you don't want people to have doubts? Isn't this too overbearing?"

Daoist priest Qing Xuan glared at Daoist master mountain river and did not even bother to say anything.

Losing the cloud Palace had indeed made him very depressed.

On the seventh floor of the trial Pagoda.

After hearing Xia ruofei's words, Ling Qingxue hesitated for a moment before saying, ""Could it be because I took away the cloud Palace, so there is no reward? Do you want to ..."

"Silly girl!" Xia ruofei did not wait for Ling Qingxue to finish her sentence and interrupted her, "what reward can be more valuable than the cloud Palace! Do I need to say how to choose? Forget it! So what if there's no reward! The problem is that we don't know where the exit is. The quest prompt didn't say anything, and there's no indication on the perceptual mirror map. How are we supposed to find it?"

As soon as Xia ruofei's voice fell, a light screen door appeared two to three meters away from them.

Xia ruofei and Ling Qingxue could not help but widen their eyes.

It can be operated like this?

After a long while, Xia ruofei said, "I'm starting to feel that this trial Pagoda doesn't operate on its own. Maybe someone is controlling it from the background!" Maybe the person operating the Tower of Trials can even hear us!"

Ling Qingxue couldn't help but look around and said, ""Don't scare me. This is too..."

Xia ruofei laughed and said, "even if there are people watching, I'm not afraid!" I'm just telling the truth! Am I right? There was no rule that anyone who participated in the trial could not take away the heavenly cloud Palace! Otherwise, he wouldn't have placed the control core there! If we can't find the control core, we won't have any ideas about it, right? The rules state that there will be a reward for completing the mission, but now that we've completed it and there's no reward, why can't we say anything?"

In the lofty Hall in the space enshrouded in purple mist, immortal mountain river looked at the mirror – like magical treasure and laughed, saying, ""Daoist Qing Xuan, my disciple is telling the truth! You can't take revenge!"

Daoist Qing Xuan glared at immortal mountain river and said, ""Is Qing Xuan such a petty person? To stoop to the level of a golden core child? However, there was definitely no reward! You can't say anything!"

Immortal mountain river laughed and said, "alright, alright, alright!" I won't give it to you just because you say so! My disciple doesn't lack that little bit of reward! When I meet him, I'll give him a big gift! It's much better than any reward you've given me!"

Daoist Qing Xuan's eyes could not help but narrow as he said, ""Brother mountain river, you're going to meet this disciple? He was only at the Golden core stage! Knowing too much is not a good thing for his cultivation.... To be honest, although this disciple of yours is a little talkative, his talent is still very good, and he will definitely become a great person in time! You can't spoil things by pulling up seedlings!"

Chapter 3444: Obsidian square (2)

Immortal mountain river waved his hand and said, ""I know this! I know this! It's definitely not the time now, but I believe that we'll be able to meet him soon!"

Qing Xuan Taoist priest heaved a sigh of relief. Although he was full of complaints, he still admired Xia ruofei. Xia ruofei's talent and his fearlessness in the face of danger made him love talents.

On the seventh floor of the trial Pagoda, Xia ruofei and Ling Qingxue calmed themselves down and walked through the door formed by the light curtain, hand in hand.

After a familiar tug, Xia ruofei and Ling Qingxue felt their feet on the ground again.

Xia ruofei turned around immediately. When he saw that Ling Qingxue was still holding his hand, he let out a sigh of relief.

Then, he began to observe his surroundings while being on full alert.

He was now on the 8th level of the trial Pagoda. The tower had a total of nine levels, and the 8th level was very close to the top.

The higher the level of the trial Pagoda, the more difficult it would be. Hence, Xia ruofei did not dare to let his guard down. He was always on edge, ready to deal with any unexpected situation.

Xia ruofei realized that the two of them were standing in a huge square.

If it wasn't for the fact that the ground had been replaced with black stones, they would have had the illusion that they were still on the square of the 7th floor of the Tower of Trials.

Xia ruofei and Ling Qingxue looked especially small in the middle of such an empty and spacious black stone square.

Xia ruofei kept his guard up as he observed the huge square.

He carefully looked at the black stone under his feet. Suddenly, his eyes focused. He squatted down and touched it with his hand. Then, he moved closer to take a closer look.

"Is there a problem?" Ling Qingxue asked nervously.

Xia ruofei was shocked and said, ""Qingxue, did you notice that this square is completely paved with Obsidian?"

“Obsidian?” Ling Qingxue was stunned for a moment, but then she immediately reacted.

“The main material for your flying ship, Obsidian?” she asked after taking a deep breath.

Xia ruofei slowly nodded and said, ““Awesome, right? This is what you call big spending!”

Ling Qingxue nodded in agreement and said, ““As expected, you are rich and overbearing!”

Obsidian was a very precious material for refining weapons. Xia ruofei’s entire Obsidian flying ship was made of Obsidian. It almost made the jaws of the seniors in the cultivation world, including Chen Nanfeng, drop. They felt that this was too extravagant.

If Chen Nanfeng and the others came here and saw that this seemingly endless square was completely paved with Obsidian, they would be even more shocked.

Xia ruofei roughly estimated that if the Obsidian used to lay the square was used to build his flying boat, he would be able to build hundreds or thousands of them.

With so many obsidian stones, if they were transported back to Earth’s cultivation world, it would probably not even take a fraction to buy the entire cultivation world.

Xia ruofei lifted the restrictions of the mountain and sea realm in the spirit map space, and layman Yuntai, who was hiding in the space inside the mysterious ore, immediately noticed the huge amount of Obsidian.

As a master of refining in the ancient cultivation world, the wealth of the master of cloud platform was quite rich, and he had seen countless precious materials.

However, even layman Yuntai couldn’t help but gasp after seeing so many Obsidians. ““Fellow Daoist Xia, where are you? There are so many Obsidians!”

Xia ruofei used his mind to communicate with master Yuntai, ““Senior Yuntai, we are already on the eighth floor of the trial Pagoda!”

“Not bad, kid!” Scholar Yuntai laughed and said, “you removed the screen just to let me see these obsidian stones?”

Xia ruofei replied telepathically, “yes!” How was it? Is it spectacular?”

“It is indeed spectacular!” Scholar Yuntai said, “but I’ve finished reading it. If there’s nothing else, I’m going to go into seclusion!”

Xia ruofei quickly transmitted his voice, “don’t be in a hurry!” Senior Yuntai, I don’t know when you’ll wake up again after this closed – door training.”

“Is there something you need from me?” Scholar Yuntai said, “if you have something to say, just say it in one breath!”

“No...” Xia ruofei said, “Grand cloud, this is Obsidian! Aren’t you moved by so many Obsidians? Don’t you want to take all of them for yourself?”

"I'm only in my spirit body state right now, and I can't refine weapons!" Scholar Yuntai asked, "what do I need so many obsidian stones for?"

Xia ruofei didn't know whether to laugh or cry. He quickly transmitted his voice, "'Then... Senior, you might not be able to use it, but I can! So many Obsidians, that was a huge fortune! If they were exchanged for cultivation resources, they could even support a super sect! Can you teach me how to collect these obsidian stones?"

Xia ruofei had just tried to take the Obsidian out of the square. He could not put it into the storage space or even pry it out.

Scholar Yuntai laughed and said, "I knew you would be tempted!" But... You should give up on this idea as soon as possible! It's impossible!"

Xia ruofei was stunned and asked, "'Impossible? Don't tell me that even senior doesn't have a way?"

"Yes!" Answered layman Yuntai. Even if I still have my physical body and my cultivation is at its peak, it's impossible for me to take any of the obsidian stones!"

Seeing that scholar Yuntai was so sure, Xia ruofei immediately dispelled that unrealistic thought.

However, he was still very curious and couldn't help but ask, "'Then why? Are there any difficulties in collecting these obsidian stones?"

"What difficulty?" Scholar Yuntai smiled and said, "these obsidian stones have been tightly locked together by an array. You can see that they are laid on the ground piece by piece, but in fact, on this huge square, all the obsidian stones are equivalent to a whole. The level of the array is extremely high. Even if a primordial soul Stage cultivator were to come here, he would not be able to shake it at all, let alone an Aurous core stage cultivator like you!"

Hearing this, Xia ruofei completely dispelled the idea.

Even immortal soul Stage cultivators could not do anything about it. Furthermore, he had tried it just now, and there was indeed no way.

Layman Yuntai asked again, "is there anything else?" If there's nothing else, I'll go into seclusion!"

"Oh! He was fine now! I'm fine now!" Xia ruofei quickly said, "then I won't disturb senior Yuntai. You can go and cultivate in seclusion!"

When Xia ruofei and scholar Yuntai were conversing, they both stood still. In Ling Qingxue's eyes, Xia ruofei was just standing there in a daze. Ling Qingxue was also curious, so she couldn't help but ask, "'RUO Fei, what's wrong? What are you thinking? He's so entranced!"

Xia ruofei returned to her senses and smiled. "'Tt's nothing... I was just thinking if I could think of a way to get rid of the Obsidian! This is a huge fortune!"

Ling Qingxue was stunned for a moment, then she giggled and said, "'You're too much! You see ... I have taken in a heavenly cloud Palace, and at least I have taken in the control core. You have just reached the eighth floor and you are already holding back to empty their square, this is a bit..."

Xia ruofei also scratched his head in embarrassment and said, ""Didn't I already give up on the idea?"

"This is more like it!"

"I've tried it just now, but I can't take away these obsidian stones. Moreover, they should be locked together by an array and have already become a whole. With my current strength, I can't dig it out at all!" Xia ruofei said with a bitter smile.

"So that's how it is!" Ling Qingxue smiled and said, "it seems like you still have some ideas! However, I'm not strong enough...."

Chapter 3445: Fighting on their own (1)

Xia ruofei couldn't help but say, "wife, you've seen through it, but don't say it..."

Ling Qingxue was so happy that she couldn't stop laughing.

Just as the two of them were talking, a rumbling sound rang out, and the entire square began to shake gently.

Xia ruofei quickly pulled Ling Qingxue to his side. This way, if anything dangerous happened, he would be able to protect Ling Qingxue at the first moment.

There was no danger, but the two of them still had their eyes wide open as they looked ahead.

On the ground of the square not far in front of the two, steps began to appear, and they continued to extend upward.

There were two steps in total, about two meters apart.

Each step was made of Obsidian, and it was about two meters wide and 15 to 20 centimeters tall.

A flight of steps seemed to appear out of thin air, constantly growing upward. There was no support at the bottom, but it could stand firmly. It was a rather strange scene.

"What's the situation?" Xia ruofei couldn't help but Mutter to himself.

Ling Qingxue said, "it seems like the mission to reach the eighth level of the trial Pagoda will fall on these two steps. Let's wait and see!" When the steps are stabilized, I think the mission for the eighth level will be released!"

Xia ruofei nodded and said, "yes!" It should be like this ..."

The two of them slowly raised their heads, because the steps were rising higher and higher, and gradually became smaller and smaller in their field of vision, as if they were directly leading to the sky.

There was no day or night in the trial Pagoda, and of course, there was no sun or moon.

The sky above them always maintained the same brightness, which was gentler and not dazzling. At the same time, it made the entire space in a more comfortable light.

Xia ruofei didn't fly high on his sword. After all, he had always been traumatized and felt that there was a fatal danger hidden high up.

Hence, Xia ruofei did not know how high they were.

However, he knew very well that these were all small spaces in the Tower of Trials, and there was definitely a limit to the height. In theory, as long as he kept flying up, he would definitely touch the space membrane wall.

From the looks of it, the Obsidian steps had extended to five or six hundred steps, and its height was almost a hundred meters. It didn't seem to have touched the spatial membrane.

Just as Xia ruofei was wondering how high this small space was, the extension of the Obsidian steps seemed to have stopped. The square had stopped shaking and the rumbling sound had gradually disappeared.

Xia ruofei looked up and saw that the end of the Obsidian steps was at least a hundred meters high. There was a familiar light screen door.

What was this situation? This thought flashed through Xia ruofei's mind.

He subconsciously looked at the mission bar in his perceptual mirror, but there was no hint.

"RUO Fei, look!" Ling Qingxue shouted.

Xia ruofei turned his attention to the direction Ling Qingxue was pointing at. He looked up and saw a stone tablet slowly rising up between the two steps. At the same time, a smaller stone tablet rose up on both sides of the two steps. More accurately, the small stone tablets were more like signs.

"Let's go and take a look!" Xia ruofei said.

He and Ling Qingxue walked towards the two steps.

On both sides of the signboard – like stone steles, the left side had the words "Jindan" and the right side had the words "Qi refining."

Xia ruofei suddenly had a bad feeling. Did Wanwan want him and Ling Qingxue to go through the test separately?

In fact, he already had a bad feeling when the two steps appeared. The two signs were already very obvious.

If Ling Qingxue could take the test with him, he was confident that he would be able to carry her all the way.

However, if the two of them were to break through the levels separately, then he would not be able to help at all.

How could the mission of the 8th level of the trial Pagoda be so easy to complete?

Xia ruofei knew very well that even though Ling Qingxue's cultivation had increased greatly, especially her spiritual power, she would only be able to reach the sixth level of the trial Pagoda at most. It would be very difficult for her to go any further.

If Ling Qingxue had been alone, it would have been very difficult for her to pass the eighth level's test.

Xia ruofei's expression turned ugly, but he still held on to a glimmer of hope. He looked at the stone tablet between the two steps.

As expected, the stone tablet had the instructions for this mission.

This time, the mission was directly posted on the stone tablet, but the mission bar in the field of vision of the perceptual mirror did not have any movement.

Xia ruofei and Ling Qingxue read the words carefully.

Xia ruofei's expression was getting uglier and uglier. Ling Qingxue, on the other hand, was very calm. She even seemed to be relieved of a burden.

Just as Xia ruofei was worried about, he and Ling Qingxue had to take the test alone. They had to walk up the Obsidian steps on the left and right.

The content of the mission was very simple. If he successfully reached the top, the mission would be considered complete.

In fact, the light screen door at the top of the Obsidian steps was the passage to the top of the tower of Trials.

The stone tablet even clearly stated that this was the final test of the trial Pagoda.

This was because the ninth level of the trial Pagoda, which was also the top level, actually did not have any tests arranged..

Chapter 3446: Each for their own battle (2)

As long as a cultivator could pass this checkpoint named "Stairway to Heaven", it was equivalent to clearing the Tower of Trials mission.

The top floor of the Tower of Trials was a place to enjoy the joy of victory, and also a place to receive rewards.

This was good news because Xia ruofei was prepared for a tougher test.

However, the most headache – inducing part was that the two of them had to take the test separately.

Xia ruofei read the contents of the stone tablet twice before he said to Ling Qingxue, ""What a lousy design! Since I've passed the test and was lucky enough to draw you to my side, we should have been together all along! How can you separate us like this?"

Ling Qingxue was in a good mood. She laughed and said, ""Ruofei, that's enough! I've already exceeded my mission by hitchhiking him! It's impossible for me to reach such a high floor by myself! And I even got a treasure like the heavenly cloud Palace! Even if I'm eliminated from this round, it's worth it!"

"I'm just worried about the danger. If I'm not by your side ..."Xia ruofei frowned.

"It's fine! Don't forget that I'm also a cultivator. If I'm always under your protection, what's the point of me increasing my cultivation?" Ling Qingxue smiled and said,"I still need to experience some setbacks and dangers before I can improve!"

Xia ruofei was frowning. He was most worried that Ling Qingxue would be in danger during the mission, and he would be unable to save her.

If the two of them were together, Xia ruofei was confident that he could ensure Ling Qingxue's safety no matter how difficult the environment was. However, if they were separated, it would be hard to say. It seemed that the two steps were not far apart, but Xia ruofei could not guarantee that there would be no spatial barrier between the two steps. Even if they were very close, Xia ruofei would not be able to use the spirit map scroll to directly suck Ling Qingxue into the space for protection since they were in two different spaces.

He could only watch as Ling Qingxue dealt with the situation on her own.

However, the rules were set by others. Since he was in the trial Pagoda, he could only follow the rules set by others.

Xia ruofei could not change this.

Xia ruofei couldn't be so arrogant as to try to break through the barriers set up by the senior Almighty. He could only complete the task according to the requirements.

He considered for a long time and finally smiled bitterly. ""Since that's the case, we have no choice but to follow the rules ... Qingxue, get ready. Let's start the climb!"

"Right, I'll give you a few Jade talismans!" As Xia ruofei spoke, he took out a few Jade talismans from the spirit map space and handed them to Ling Qingxue. "These are one – time protective talismans. They can basically block an attack from an intermediate golden core cultivator. I only have these on me. I'll give them all to you. Wear them on your body. If there's any danger, they will automatically protect you!"

"Don't give me all of it!" Ling Qingxue said,"your path is definitely more dangerous. You should keep a few for self – Protection!"

Xia ruofei smiled and waved his hand,"this is useless to me." I can even easily withstand the full power of an intermediate Aurous core cultivator. If it's an even more powerful attack, this protective jade talisman will have no effect. So, I won't keep it, I'll give it all to you!"

When Ling Qingxue heard this, she felt that it made sense.

Hence, she did not decline and reached out to take the Jade talismans that Xia ruofei handed to her.

Ling Qingxue didn't put the Jade talismans into her storage ring. Once she did, they would just be normal items without any protection.

Therefore, she carefully put these Jade talismans on her body.

Xia ruofei thought for a while. He could only help Ling Qingxue this much. There were also other talismans that could be used for protection, but Ling Qingxue knew almost nothing about arrays. Even if he gave her talismans, she would not know how to use them.

Hence, Xia ruofei made up his mind and said, ""Qingxue, you can only rely on yourself from now on! Let's go! Let's go and challenge this heavenly stairs!"

With that, Xia ruofei prepared to walk to the left and climb the Obsidian stairs marked with "Jindan".

However, Ling Qingxue reached out to hold him back. She smiled and said, ""RUO Fei, wait for me this time. Let me try it first!"

Xia ruofei was stunned and confused.

"If the two of us were to challenge it together ... I don't know if we would be able to see each other, but if we could still see each other's condition from the stairway, I'm worried that it would affect each other ..." Ling Qingxue explained with a smile.

Xia ruofei immediately understood. Actually, Ling Qingxue was still worried that it would affect her. After all, both of them knew that Ling Qingxue's chances of passing this stage were not high. If Xia ruofei saw Ling Qingxue's dangerous situation on the stairway, he would inevitably be affected and would not be able to concentrate on passing the stage. This could lead to serious consequences.

Xia ruofei thought for a while and said, "Qingxue, if you're thinking about it this way, then ... I'll go and explore first!" Just watch from the side, it might have some reference value for you!"

Ling Qingxue held Xia ruofei's hand tightly and shook her head firmly. ""! go first! If I stay here, you'll definitely miss me, and you won't be able to concentrate either... We both know that you have a much higher chance of passing this stage than me, so we can't take the risk! Just like you said, if I go up first, you can at least have some reference. In addition, regardless of whether I've been eliminated or successfully passed, you can continue to pass the next round without any distractions!"

Hearing this, Xia ruofei's heart warmed. He held Ling Qingxue's hands tightly and said, ""Qingxue ... I'm not that weak. Let me go first. I'm sure I can make it through!"

Ling Qingxue shook her head and said, "since we're already on the eighth level, and it's also the last stage, we have to eliminate any unfavorable factors!" Your chances are higher than mine, I can't let you take the risk! RUO Fei, you must listen to me this time!"

Xia ruofei opened his mouth, but before he could speak, Ling Qingxue immediately said seriously, ""RUO Fei, remember, no matter what happens to me on the heavenly stairs, you must not be affected! Don't think about anything else when you're challenging the levels, just focus on climbing up! I feel that although this trial Pagoda is dangerous, this stage shouldn't be life-threatening. Even if I'm eliminated, I believe we'll meet again soon!"

Xia ruofei looked deeply at Ling Qingxue. After a long time, he sighed and said, ""Alright! Then I'll hold the fort for you!"

Ling Qingxue smiled and said, ""Mm! That's right!"

“Qingxue, take care!” Xia ruofei hugged Ling Qingxue.

Ling Qingxue smiled and said, “don’t worry!” I will also do my best! No matter if I can pass this trial or not, I want to at least see what my limits are if I’m on my own!”

Ling Qingxue then gently pulled her hand away and said, “Ruofei, 1’11 go up then!”

“Mm! Be careful!”

Ling Qingxue smiled at Xia ruofei, then walked towards the stairs on the right without hesitation.

She stood in front of the steps and did not turn to look at Xia ruofei. Instead, she took a deep breath and then stepped onto the first step without hesitation.

Xia ruofei stared unblinkingly at Ling Qingxue. He was even more nervous than if he were to challenge the levels himself.

Ling Qingxue stood on the first step. Her body swayed slightly, but she quickly steadied herself.

She turned around and said a few words to Xia ruofei. However, Xia ruofei could not hear anything. It was as if Ling Qingxue had entered another space after stepping on the steps. No sound could be transmitted. However, the amazing thing was that he could still see Ling Qingxue’s figure on the steps.

Ling Qingxue saw Xia ruofei’s blank expression and seemed to realize that Xia ruofei might not be able to hear her. She said a few words very slowly so that even if Xia ruofei could not hear her, he could guess what she wanted to say from the shape of her mouth..

Chapter 3447: Qingxue stops at the eighth level (1)

Xia ruofei looked carefully and barely recognized that Ling Qingxue had been repeating the word “pressure”.

What kind of pressure? Spiritual pressure? Or was it some other form of pressure?

It was difficult to convey complex information with this type of lip movement.

Xia ruofei was a little regretful that he had not taught Ling Qingxue sign language in the military. Of course, sign language could only convey some simple messages. It could not replace language.

However, Xia ruofei saw that Ling Qingxue was standing on the first step with a relaxed expression and felt a little more at ease.

If it really was spiritual power, then Ling Qingxue still had a great advantage.

Her spiritual power had already reached the middle stage of the spirit gathering realm, which was equivalent to the standard of a cultivator in the middle stage of the Golden core realm. This flight of steps was a test for cultivators in the Qi refining realm. If it was only a test of the ability of one’s spiritual power to withstand the pressure, Ling Qingxue would have a high chance of passing.

As Xia ruofei thought about it, he gestured to Ling Qingxue, telling her to focus on the challenge and not be distracted.

Ling Qingxue nodded. She steadied herself and continued to take another step.

Xia ruofei saw that Ling Qingxue's body also swayed slightly, but she quickly stabilized herself.

Following that, Ling Qingxue maintained a steady pace. With every step she took, she would rest for a moment before continuing.

Before she knew it, Ling Qingxue had already climbed twenty to thirty steps.

Xia ruofei had been looking up at Ling Qingxue the whole time. His brows were also slightly furrowed.

He could feel the pressure on Ling Qingxue increasing.

Even the amount of time required to rest and adjust at each step was increasing. It could be seen that the checkpoints of this heavenly stairs were not as simple as they seemed.

There were still five to six hundred steps above. If the pressure increased with every step she took, it would be difficult for Ling Qingxue to reach the top in her current state.

But now that Ling Qingxue was already on the stairway to heaven, Xia ruofei couldn't help. He could only cheer for her from the side.

Ling Qingxue continued to climb upwards. Although the pressure was getting greater and greater, the first hundred steps weren't particularly difficult for her. It was just that each step required a little more time to adjust, and the true Qi oscillation in her body was more obvious. However, overall, it was still within her ability.

After reaching the 100th step, Ling Qingxue suddenly felt the pressure increase.

Her face was getting redder and redder. With each step she took, her body would shake a few times before she could stabilize herself. The true energy in her body seemed to be out of control and began to shake violently. It took her a lot of effort to stabilize it.

Xia ruofei stood below and looked up at Ling Qingxue, his heart full of worry.

At that moment, Ling Qingxue had already reached the one hundred and thirty – eighth step. Xia ruofei counted every step she took in his heart.

When Ling Qingxue stepped onto the steps, her body trembled violently. Her legs seemed to be trembling, as if her body was bearing a heavy weight.

However, Ling Qingxue still gritted her teeth and steadied herself.

Xia ruofei saw that Ling Qingxue's legs were trembling slightly as she slowly stood up on the first step. At this moment, her face was already red and the veins on her temples were protruding. One look and one could tell that she was under great pressure.

Xia ruofei couldn't help but shout, "Qingxue! If you really can't do it, just give up! Don't persist any longer!"

Naturally, Ling Qingxue could not hear Xia ruofei's voice. She gritted her teeth and held on.

At this level, she stayed for a full two and a half minutes before she stabilized herself.

Then, she took a deep breath, stared at the one hundred and thirty – ninth step, and firmly stepped forward.

Xia ruofei looked at Ling Qingxue's limping figure and his heart ached.

At level one hundred and fifty, a trace of blood had already seeped out from the corner of Ling Qingxue's mouth. She had clearly suffered internal injuries.

The seemingly peaceful Obsidian steps gave her more and more pressure.

At level one hundred and seventy – eighth, Ling Qingxue's legs could no longer stand straight. She took out a steel pipe from her storage ring and tried to support her body. However, the steel pipe broke the moment it touched the ground.

Ling Qingxue could only rely on her own willpower to constantly fight against the huge downward pressure. It took more than ten minutes before she could stand up straight.

Xia ruofei looked at Ling Qingxue's gradually shrinking back. While his heart ached, he also felt a little emotional.

All along, Ling Qingxue had the image of a rich lady. When she was with Xia ruofei, she was a little willful. Even when she started on the path of cultivation, she was always under Xia ruofei's protection. She rarely faced danger on her own and could be said to be a flower in a greenhouse.

But this time, Ling Qingxue's performance made Xia ruofei look at her in a new light. The pressure she was facing now was obviously beyond her ability, but she still showed great tenacity and unyielding spirit. Her unyielding spirit made Xia ruofei respect her.

However, Ling Qingxue was still not strong enough.

She finally managed to stabilize her body and rest for a while to catch her breath, but when she took another step to climb again, she had only set one foot on the one hundred and seventy – ninth step, and the huge pressure had already made her completely unable to control her body.

Although Ling Qingxue tried her best to climb this step, the power of the external force had far exceeded her limits, so she only held on for a few seconds before she was directly thrown out..

Chapter 3448: Qingxue stops at the eighth layer (2)

Xia ruofei's heart tightened when he saw this. He subconsciously flew to the side of the Obsidian Stairway to Heaven. Ling Qingxue was thrown to the right side of the stairway by the invisible force.

Ling Qingxue had climbed about 30 to 40 meters. With Ling Qingxue's cultivation level, even if she fell from such a height, she would not be fatally injured. However, Xia ruofei knew very well that even if a cultivator in the aura refining stage could survive falling from 10 floors, he would definitely be seriously injured. Moreover, Ling Qingxue must be in a terrible state now. She must have suffered quite a bit of damage on those steps. So, if she fell again, her life might be in danger.

Xia ruofei was a little far from Ling Qingxue. Even if he used all his speed, he would not be able to make it.

At this moment, Xia ruofei's eyes were about to pop out of their sockets. He had no time to fly over on his sword and had instinctively rushed to the right side of the steps. He was extremely regretful now. He felt that he should have been more determined and not let Ling Qingxue climb the steps.

Even if he had to give up on this challenge, he couldn't let Ling Qingxue come to any harm!

Xia ruofei's speed was already at its maximum, but Ling Qingxue was falling even faster. It looked like he would not be able to catch Ling Qingxue in time.

Suddenly, a light screen appeared below Ling Qingxue.

Xia ruofei was already very familiar with this kind of light screen. In the trial Pagoda, this light screen door was the transmission channel.

Xia ruofei was relieved when he saw the screen.

It looked like Ling Qingxue's life wasn't in danger after failing the trial. She would only be sent out of the eighth level.

Ling Qingxue was falling very quickly, and in the blink of an eye, she had entered the range of the light screen.

Xia ruofei watched as Ling Qingxue tried her best to turn her head around and smiled at Xia ruofei.

Ling Qingxue shouted, "RUO Fei!" You have to get through this! I'll wait and ..."

Before she could finish her sentence, her body had already disappeared into the light screen.

Then, the light door disappeared and the eighth level of the trial Pagoda returned to its original calm state.

Xia ruofei stared blankly at the spot where Ling Qingxue had disappeared. He felt lost.

Ling Qingxue had been teleported away. If nothing unexpected happened, she should not be in any life-threatening danger. However, Xia ruofei was still worried. After all, he did not know where Ling Qingxue had been teleported to and what would happen next.

However, Ling Qingxue's words before she was teleported away still echoed in his ears.

At this time, the Obsidian steps marked with the words "Qi refining" also disappeared step by step with a rumbling sound. The entire 8th floor of the trial tower, only the Obsidian steps marked with the words "Jindan" still stood quietly.

Xia ruofei slowly turned his head to look at the stairs to his left. The stairs were made entirely of Obsidian and extended upwards. There were at least 500 to 600 steps, as if they were going to reach the sky.

Even with Xia ruofei's eyesight, he could only vaguely see the light curtain Door at the top of the stairs.

Xia ruofei furrowed his brows slightly. He felt that this round was quite stressful.

Even though Ling Qingxue's cultivation level was not considered the best among the Qi refining cultivators, her overall strength was definitely not inferior to a Qi refining level 9 cultivator. The main reason was that her mental power was much stronger than the average Qi refining cultivator.

With Ling Qingxue's strength, she had only managed to reach the 178th step, which was about one – third of the entire flight of stairs.

The steps for the Aurous core stage were specially designed for Aurous core stage cultivators, so the difficulty level was obviously higher.

Xia ruofei's cultivation was only at the intermediate stage of the Golden core realm. Even if his overall strength was stronger than many advanced stage golden core cultivators, it would still be difficult for him to pass the test of the stairway.

However, Xia ruofei had always had an unyielding spirit. It had been like this when he was in the Army. In the training that challenged the limits, without the support of a strong belief, it was impossible to persist. Ever since he had embarked on the path of cultivation, even though he had more resources than the average cultivator, without his own hard work and indomitable courage, his cultivation could not have progressed so quickly.

Furthermore, this was already the last stage of the trial Pagoda. No matter what, he had to use his last bit of strength. That way, even if he ended up like Ling Qingxue, being thrown out of the stairway halfway, he would at least have no regrets.

Thinking of this, Xia ruofei's gaze became more determined.

He had already pushed all the distracting thoughts out of his mind, including the concern he had for Ling Qingxue. He didn't want to think about it for now.

At this moment, his only thought was to walk up the stairway step by step until he reached the light screen door at the top.

Xia ruofei stood still, quietly adjusting his state of mind.

After a long time, he took a deep breath and walked toward the Obsidian steps marked with the word "Jindan" on the left.

When Ling Qingxue fell from the stairway, she had already seen Xia ruofei rushing over. However, she quickly judged that Xia ruofei might not be able to catch her in time, so she forcefully circulated her genuine Qi to cover her entire body, preparing herself to take the impact of the fall.

However, the light screen door soon appeared right below her.

She immediately realized that she might be teleported out of the trial Pagoda's eighth level, so she turned to Xia ruofei and shouted, "RUO Fei! You have to get through this! I'll be waiting to meet up with you!"

However, before she could finish her sentence, the light curtain Door had already swallowed her.

After that familiar pulling feeling, when she once again felt her feet on the ground, she had already left the 8th floor of the Tower of Trials.

Ling Qingxue realized that a storage ring had appeared in her hand. She had no impression of it at all. If she had not subconsciously clenched her fist during the teleportation, she would not have even known that a storage ring had appeared in her hand.

Just as Ling Qingxue was about to check the storage ring, a voice rang out from behind her. "Miss Ling! You're out too!"

When Ling Qingxue heard this familiar voice, she immediately clenched her fist and held the storage ring in her hand. Then she turned around and looked.

The person who had spoken was Chen Xuan. When Ling Qingxue turned around, she realized that she had already arrived outside the trial Pagoda. She was standing in the square at the bottom of the pagoda. Behind Chen Xuan was the majestic tower.

Furthermore, it wasn't just Chen Xuan. All the cultivators who had come with them to explore the secret ground were basically all here.

Ling Qingxue glanced around and realized that other than Chen Xuan, there was also Xu yurou from the first heaven society, mu Jianfei from the Cang lang sect, Yang Liu from the soaring Flower Valley, and Yu xiner from the Qi cultivation realm.

In other words, other than Xia ruofei, Shen tianfang, the intermediate golden core cultivator from the first heaven society, and mu Hua, the Golden core elder from the Cang lang sect, were not here.

Xia ruofei did not tell Ling Qingxue about Shen tianfang, so she did not know that Shen tianfang had died a long time ago. Even his ashes had dissipated in the trial Pagoda.

In fact, since mu Hua didn't appear at this moment, he was definitely in a bad situation.

However, no one, including Xia ruofei himself, knew that he was the only one who was still trying to clear the stage.

As such, Ling Qingxue did not think too much about the fact that the two golden core cultivators were not here. She thought that Shen tianfang and mu Hua were also in the process of breaking through the levels. After all, golden core cultivators were much stronger.

"Young sect leader Chen!" Ling Qingxue smiled at Chen Xuan and said, "fellow Daoists, everyone is out!"

A bitter smile appeared on Chen Xuan's face as he replied, "You're not skilled enough! I failed the last part of the mission on the fifth floor of the trial tower and was directly sent here Miss Ling, the stage you went through in the trial tower should be the same as us, right? May I know which level you've reached, miss Ling?"

Chapter 3449: Breaking through the heavenly stairs alone (1)

When Ling Qingxue heard this, she knew that everyone had to go through the same test. She had gone through the fifth level of the trial Pagoda with Xia ruofei. The test on that level was a chain mission with a total of three segments.

From the looks of it, Chen Xuan had failed in the process of collecting the star Fern thorn soul essence.

In reality, Xia ruofei and Ling Qingxue had also completed their mission by a hair's breadth. If their luck had been a little worse, they might have also been stopped at that stage.

Therefore, it was no surprise that Chen Xuan was eliminated on the fifth level.

Chen Xuan had obviously communicated with Yang Liu, mu Jianfei, and the others, and knew that everyone had gone through the same test. That was why he had asked Ling Qingxue which stage she had passed.

Even though Ling Qingxue was the last to come out so far, she might not have been the one to clear the levels the furthest. This was because some of the levels had no time limit, so it was entirely possible that she would be delayed for a long time on a certain level.

Ling Qingxue thought for a moment and felt that there was nothing to hide. She smiled and said, "I failed to pass the eighth level and was directly transported out..."

Chen Xuan gasped in shock. Mu Jianfei, Yu xiner, Xu yurou, and the others also had their mouths wide open in disbelief.

"Miss Ling, I didn't expect you to actually make it to the eighth level!" Chen Xuan sighed. "Among all of us, elder yang is the one who made it the furthest. She's only at the sixth level..."

"I'm ashamed ..." Yang Liu smiled bitterly.

In fact, it was already very impressive to be able to reach the sixth level of the trial Pagoda. Ling Qingxue felt that if she were to go through the trials alone, she would probably only be able to reach the fifth level at most.

The reason why she was able to end her journey on the eighth floor was entirely because she had gotten a free ride.

However, Ling Qingxue would not take the initiative to mention that she and Xia ruofei were challenging the levels together. She only made a few modest remarks and then asked about everyone's situation.

On the first heaven society's side, Chen Xuan had stopped at the third round of the trial Pagoda's fifth level. Xu yurou had been eliminated at the third level of the trial Pagoda, and Shen tianfang had yet to appear.

Elder mu Hua of the surging waves sect had yet to come out, while mu Jianfei had reached the fourth level of the trial Pagoda.

On the side of the soaring Flower Valley, the Aurous core stage elder Yang Liu was only eliminated after reaching the sixth level. Before Ling Qingxue came out, he was the one who had passed the highest number of levels. As for the Qi condensation disciple Yu Xin 'er, she had also performed exceptionally well and made it to the fifth level of the trial tower. However, she was eliminated in the first round of the mission.

Speaking of which, the first heaven society was the number one sect in the cultivation world. They had the most people going to the mystic Luna realm this time, so their overall strength was the strongest.

However, their results in the trial Pagoda were average. Chen Xuan, who was in the Golden core stage, only passed the fifth level, and Xu yurou, who was in the Qi refinement stage, was eliminated in the third level. Therefore, Chen Xuan was a little depressed.

Especially when he heard that Ling Qingxue had actually made it to the eighth level, it was an even greater blow to him.

Of course, Chen Xuan also knew that Qi condensation and golden core cultivators faced different levels of difficulty.

Otherwise, Yu Xin 'er of the flying flower Valley wouldn't have been able to reach the fifth level.

However, in the Tower of Trials, the situation of passing the levels could still reflect the overall strength and individual potential. This was also the main reason why Chen Xuan was so depressed. Among the Xuanji Aurous core stage cultivators, Xia ruofei, Shen tianfang and mu Hua were still in the midst of challenging the levels. Their results should not be too bad. Yang Liu, who was teleported out around the same time as him, had also completed one level higher than him.

This was a huge blow to Chen Xuan, who had always been proud and arrogant.

Chen Xuan sighed and said, "it seems like I'm still lacking in training. Living in an ivory tower is indeed safe. However, it's not conducive to the improvement of my strength! Brother RUO Fei hasn't appeared for such a long time, so his results shouldn't be too bad either ... The gap between us is getting bigger and bigger!"

Ling Qingxue smiled and said, "your sect's elder Chen is also in the process of breaking through!" Elder Shen was an intermediate stage golden core cultivator and his strength was outstanding. It was very possible that he could directly make it to the top of the trial Pagoda! It's the same for elder mu of the surging waves sect. Those who are still in the trial Pagoda should have good results!"

Chen Xuan and mu Jianfei cupped their hands and said, ""Thank you for your kind words, miss Ling!"

Everyone had been eliminated, so they couldn't do anything now. They could only chat and wait in the square at the bottom of the tower.

They were mainly sharing their experiences in the trial Pagoda and analyzing their gains and losses.

Ling Qingxue also took the opportunity to secretly check on the condition of the storage ring that had appeared out of thin air in her palm when she had been teleported out.

As expected, the storage ring had no owner. Ling Qingxue secretly used her fingernail to cut her palm a little and easily succeeded in recognizing an owner. Then, she checked the situation in the storage ring and a hint of joy appeared in her eyes.

If it wasn't for the fact that there were so many people around her, she would definitely be overjoyed. Fortunately, she had been in the business world for so many years, so she was good at controlling her emotions and did not reveal any flaws.

However, she was already overjoyed in her heart.

This was because there were seven to eight hundred piles of yellow jade essence neatly stacked in this storage ring.

And on a piece of paper in the storage ring, it was written that this was the reward for her overall performance in the entire Tower of Trials.

Ling Qingxue had never thought that she would still be rewarded after failing to pass the eighth level of the trial Pagoda. She had already received the reward for every level she had passed.. Of course, there was no reward on the seventh level of the trial Pagoda, but she had obtained the entire heavenly cloud Palace!

Chapter 3450: Challenging the heavenly stairs alone (2)

What Ling Qingxue didn't know was that there was a reward for clearing one – third of the eighth level, but it wouldn't have been this much. It was just that there was a high chance that she had fairy Lingbo's bloodline aura in her body. Daoist Qing Xuan gave her so many rewards because of this and because there were indeed some rewards that should have been given out on the seventh floor of the trial Pagoda.

Of course, even though Ling Qingxue had taken the heavenly cloud Palace, Taoist Qing Xuan's resentment was directed at Xia ruofei. On the contrary, he was more concerned about Ling Qingxue, who had the aura of fairy Lingbo's bloodline.

Ling Qingxue did not know what was going on, but she was still pleasantly surprised to obtain so much yellow jade essence at once. With this yellow jade essence, Song Wei's spiritual power would be greatly improved when they returned. On top of that, they had also obtained the Vermillion Jade Fruit, which Song Wei could also consume. With this, their cultivation should be able to reach a similar level.

Ling Qingxue calmed herself down and put the storage ring away without a word.

As Chen Xuan and the others chatted, they were also very interested in the situation after the sixth level of the trial Pagoda. Only Ling Qingxue had experienced it before, so everyone went to ask her.

Ling Qingxue thought about it and felt that there was nothing to hide. Other than the details of her and Xia ruofei challenging the levels together, she told everyone everything she knew. She told them about the situation on the seventh and eighth levels of the trial Pagoda.

Of course, she would never tell anyone that she had taken away the entire cloud Palace on the seventh level of the trial Pagoda.

After all, money could move people's hearts. Even treasures like the yellow jade essence were enough to attract others' covetous eyes, let alone a Supreme treasure like the heavenly cloud Palace. One had to know that there were two golden core stage cultivators here, so Ling Qingxue still had this basic awareness of being on guard.

When everyone heard Ling Qingxue mention the trial Pagoda's seventh level and the heavenly cloud Palace's many obstacles, they couldn't help but click their tongues and sigh.

When Ling Qingxue mentioned the trial of the stairway to heaven on the eighth level of the trial Pagoda, everyone held their breath. Especially when they heard that as long as one passed the trial Pagoda's eighth level, they would be able to reach the top. When they heard that the ninth level no longer had any tests, everyone couldn't help but sigh.

"That's such a pity!" Yu xiner said, "Qingxue, if you work hard and make it through, you'll be at the top!"

Yu Xin 'er was about the same age as Ling Qingxue, and she had a more cheerful personality. Thus, during the long journey from earth to the moon, she had established a very good relationship with Ling Qingxue.

Xu yurou was in the same situation. She had a good relationship with Ling Qingxue.

Therefore, Xu yurou could not help but say, "Yup! Qingxue, does this mean that you can see the door of light that leads to the top of the tower? Success was right in front of him! That's such a pity!"

Not only were the Qi condensation disciples sighing, even Yang Liu and Chen Xuan, the two golden core cultivators, couldn't help but reveal a look of pity when they heard Ling Qingxue's words. At the same time, they also felt a little envious. After all, Ling Qingxue had at least seen the door to the top of the trial Pagoda, while they were still a few levels away!

Ling Qingxue smiled and said, "I've already tried my best. However, the difference in strength is too great... At that time, I only climbed about one – third of the steps. I couldn't hold on any longer and was thrown out involuntarily. Then, I was directly transported out." So ... I'm still not strong enough. Even if you give me ten more chances, I still won't be able to make it

ii

Ling Qingxue felt that if her cultivation could reach the peak of refined Qi level 9, and at the same time, her spiritual power could break through a small realm, reaching the late stage of spirit gathering realm, then she would have a certain chance of passing this stage.

Of course, this was only a chance. Moreover, if she accidentally broke through to the Golden core stage directly, then she would basically have no chance to try the Golden core stage's heavenly stairs.

Willow looked at Ling Qingxue and said, "Every generation has its own talents! The younger generation's performance is already so amazing. We're really getting old..."

Chen Xuan also felt that his fighting spirit had taken a hit as he laughed bitterly, "The trial Pagoda tests your overall strength. Although cultivation is also a type of overall strength, if your cultivation is high, you definitely won't be able to pass a few rounds. We're still lacking in terms of overall strength ... Speaking of which, I really admire brother ruofei. He and miss Ling have been cultivating for a much shorter time than us, but they're so well – rounded. It's really unbelievable..."

"I don't know which stage fellow Daoist Xia has passed ..." Yang Liu said, "with his strength, I think his results should not be below lady Qingxue's. Perhaps he is the one who has the highest chance of reaching the top ..."

Ling Qingxue's thoughts were also drawn to Xia ruofei's side by their conversation.

Ling Qingxue looked at the tall tower in front of her and thought to herself, "RUO Fei, you should have started to break through the levels by now! I believe in you, you will definitely succeed in reaching the top!"

8th level of the trial Pagoda.

Xia ruofei had also arrived at the Obsidian stairway. He looked up at the hundreds of steps and the looming light screen door at the top. He took a deep breath and stepped onto the first step.

Xia ruofei's body swayed a little as he felt a huge pressure. However, it did not cause him any trouble. Without any pause, he stepped on the ground with his other foot.

When Xia ruofei finally stood on the Obsidian stairway, he finally understood what Ling Qingxue's mouth had told him about the "pressure".

As long as he stood on the Obsidian stairway, there would be an invisible pressure on him.

There was also mental pressure, but it was not just mental pressure, but also real pressure.

It was as if the air pressure here had suddenly doubled, and every part of his body was being compressed. Moreover, this kind of pressure was much stronger than just an increase in air pressure. Even the vital Qi in one's body would produce a shock, making one feel very uncomfortable.

In addition, it was accompanied by spiritual power Pressure, which caused people to involuntarily produce many negative emotions such as cowardice, discouragement, retreat, and so on, which made this stage even more difficult.

Of course, it was only the first step. It did not affect Xia ruofei much. Whether it was spiritual pressure or other external pressure, he felt as if a breeze was blowing on his face. Basically, it would not be a problem for him to get used to it in one or two seconds.

Xia ruofei was not in a hurry to continue climbing. He stood on the first step and felt the invisible pressure. He could not help but be amazed.

He knew very well that the higher he went, the greater the pressure would be. Therefore, he wanted to take advantage of the fact that he was still feeling relaxed to experience it. It would be very helpful for him to deal with the pressure later.

After a while, Xia ruofei nodded to himself and stepped onto the second step.

Whether it was the spiritual power Pressure or the invisible external pressure, they both increased by a large amount.

However, to Xia ruofei, this was nothing. It was not enough to affect him.

He didn't even stop. His left foot was still on the second step, and his right foot was on the third step, just like taking the stairs at home.

Xia ruofei had the confidence to do so. The first few steps were not challenging for him. Now that he had a general understanding of the pressure, there was no point in taking one step at a time. If his strength allowed him to, it was not a big deal to take such a big step.

Xia ruofei walked up the stairs one step at a time. After walking for more than ten steps, he finally stopped to take a break.

In fact, the pressure was not that great. However, as he walked, the external pressure was constantly increasing, and the vital Qi in his body was constantly fluctuating. So after walking for a while, he still needed to stop and rest, and at the same time, let his vital Qi calm down..
