

God tier Farm 381

Chapter 381: The opening of the winery (1)

After drinking the soup that was still at a high temperature, Xia ruofei did not feel that it was hot. Instead, he felt a cool sensation rising from his stomach. He felt very comfortable.

At that moment, Xia ruofei was completely at ease.

If this was really a bowl of highly toxic medicine, it would definitely not give off such a cool and refreshing feeling.

Next, Xia ruofei felt as if he was bathing in a clear spring. It was similar to the feeling when he sat on the futon earlier. A cool and refreshing aura flowed through his body and quickly gathered in his brain.

Xia ruofei felt that his thoughts were especially clear and his perception of his surroundings had become much sharper. The cool air was constantly produced from his abdomen, then circulated around his body and gathered in his brain.

Xia ruofei knew that it was the effect of the pregnancy soup.

He sat cross – legged on the ground and felt it carefully. He didn't know how long it had been, but the last trace of cool air had all gathered in his brain. He knew that the medicinal properties of the pregnancy soup had been completely absorbed by him.

Hence, Xia ruofei stood up and closed his eyes to feel it.

Xia ruofei did not have a direct judgment on the condition of his spiritual power, but he had his own way of doing it.

Now, Xia ruofei knew that the so – called spiritual power was the spiritual connection between him and the space as he controlled objects to enter and exit the space.

Hence, Xia ruofei felt it for a while and realized that the connection between him and the spirit map space had strengthened significantly. Correspondingly, his control of the entire spirit map space had naturally become more responsive.

Xia ruofei even came to the new space to experiment with the Hornet.

The result was just as he had expected. At noon, he could only control about 150 Hornets, but after taking the gestation soup, he could easily control nearly 200 Hornets in less than half a day.

It seemed that the degree of control over the Hornet also depended on his spiritual power.

In the end, Xia ruofei did a more direct experiment. He went to the stone room and took out the small book. Then, he tried to restore the contents of the third page.

At the beginning, Xia ruofei immediately felt the obvious difference.

Previously, when he used his mental energy on the page, the movement, decomposition, and combination of the Golden stripes were clearly slowed down. This time, the situation was much better.

Although it was still not as easy as restoring the first and second pages, it had indeed improved a lot.

In the end, when Xia ruofei felt that his spiritual energy could not hold on any longer, he withdrew it in time.

This time, about a quarter of the content had been restored. The last time, only a few words had appeared. After consuming the soup, Xia ruofei's spiritual power had improved greatly.

Although a quarter of the content had disappeared after Xia ruofei withdrew his spiritual power, he was not depressed at all. He happily placed the booklet back on the stone platform and then jumped onto the stone bed to sit on the futon to recover his spiritual power.

Now that he had already verified the effects of the pregnancy soup, would he be far from completely restoring the third page?

If the prescription did not state that the soup could only be consumed once every seven days, Xia ruofei would have made another one and drank it.

It was completely different from the pain of drinking the body tempering soup. After drinking the spirit nourishing soup, one's entire person would be in a state of being on cloud nine, as if the entire soul was bathed in a gentle spiritual light. This feeling was even addictive.

Xia ruofei felt that those who took drugs probably felt the same way.

However, the soup could only be consumed once every seven days. As the saying goes, haste makes waste. Xia ruofei naturally did not want to go back and check on the information so far. The contents of the booklet were all correct and Xia ruofei did not want to court death.

The body tempering soup could be taken once every five days, and Xia ruofei had already drunk it once.

Therefore, for the time being, he had no interest in brewing these two kinds of medicinal soups.

'However, I can try making jade skin ointment,' Xia ruofei thought.

He returned to the original space and skillfully picked out the herbs needed to make the jade skin ointment according to the prescription and put them into the claypot.

The process of making the jade skin ointment was also very complicated. It had strict time, temperature, and procedures.

Xia ruofei followed the steps described in the prescription meticulously. He then mixed the herbs in the clay pot with the spiritual pond water and started a fire to boil them.

Then, he added the other herbs step by step according to the prescription.

After adding water three times, only a small amount of water was left in the claypot. Xia ruofei turned off the fire and poured the medicinal soup into a porcelain bowl.

He threw away the dregs in the claypot and poured the medicinal soup in the bowl back into the claypot. Then, he turned on the fire and warmed the medicinal soup while adding the last two medicinal herbs that had long been ground into powder.

As the fire slowly boiled, Xia ruofei continued to stir. The remaining water was slowly evaporating. When a thin layer of brown mushy substance was left at the bottom of the pot, Xia ruofei turned off the fire.

A fresh fragrance filled the air. Xia ruofei nodded in satisfaction. He took a small, clean preservation box, scraped off all the ointment from the claypot, and put it in the storage box.

Chapter 382: The opening of the winery (2)

The production of the jade skin ointment was also completed.

Xia ruofei put away the jade skin cream in the container carefully and left the medium in a flash. He went back to his room to wash up and sleep.

.....

At noon the next day, Xia ruofei had just finished lunch and was preparing to go to the construction site to see that the main construction of the office building and employee's apartment building was basically completed. Now, the construction site had started to carry out the exterior decoration, interior decoration, and surrounding environment renovation. Although Xia ruofei was very assured of the construction team sent by the Liang family, as the boss, he would go over whenever he had the time. This also showed that he took this seriously.

Xia ruofei's phone rang when he reached the construction site.

He took out his phone, glanced at it, and quickly pressed the answer button. "Uncle Ling, how are you?"

The call was from Ling Xiaotian. Xia ruofei naturally did not dare to ignore his future father-in-law's call.

"RUO Fei! Have you been busy recently?" Ling Xiaotian laughed heartily as he asked.

"It's alright, just the farm stuff!" Xia ruofei smiled and said, "uncle Ling, what's the matter?"

"Yes, the acquisition of the winery is basically complete." Ling Xiaotian said, "if you have the time, come to my house in the afternoon! Let's discuss the follow-up production."

"No problem, I'll be there in a while!" Xia ruofei said.

Xia ruofei did not dare to decline his future father-in-law's call. Besides, he had shares in the winery! The earlier it went into production, the earlier it would be profitable.

Xia ruofei quickly walked around the construction site and had a brief chat with manager li, who had been watching the site. Then, he quickly left the site.

He returned to the villa, informed pang Hao and ye Lingyun, and then drove the Knight XV SUV towards Ling Xiaotian's jiangbin villa.

Naturally, it was not good to visit Ling Xiaotian - handed. Xia ruofei found a place to Park his car, then took out two bottles of high - Quality Drunken Eight Immortals from the spirit map space, which had been mixed with flower petal solution. He also took a bucket and filled it with the spirit pool water. Then, he took two big carps from the fish pond in the original space and put them into the bucket.

Xia ruofei thought for a while and took out a small bottle of diluted flower petal solution. He put it into a bag together with the two bottles of wine. He thought that the flower petal solution that Ling Xiaotian had left for him should be almost used up since he was feeding the two high - Quality Blood Dragons.

Just as Xia ruofei was about to start the car again, he suddenly had an idea. He took out the container that contained the jade skin ointment and put it in his bag. Then, he started the car and continued to drive to the Jiangbin villa.

After half an hour, Xia ruofei arrived at Ling Xiaotian's Villa.

At the entrance, Xia ruofei stopped the car and pressed the doorbell.

The camera on the metal door lit up, and Ling Xiaotian's voice came from the communication device, "RUO Fei is here! Come in quickly!"

Then, the remote – controlled iron door slowly slid open.

Xia ruofei got into the car again and drove Knight XV into the courtyard of the villa. At this time, Ling Xiaotian and Ling Qingxue had already come out of the villa.

"Uncle Ling, Qingxue!" Xia ruofei smiled and greeted him. "Why didn't you go to the office today?"

Ling Qingxue glanced at Xia ruofei and said, "Today is Saturday. Even if we don't rest, the staff have to rest!"

Xia ruofei touched his nose awkwardly. He really couldn't remember what day it was. The farm's construction site had to work overtime even at night, let alone rest on weekends. Although Xia ruofei had clearly stated that Cao tieshu and the other workers could rest on weekends, these simple farmer brothers would come to the farm as long as there was nothing particularly important at home.

In Cao tieshu's words, these dishes were precious! She had to serve him well every day. What weekend?

After a while, Xia ruofei let them be. However, she told pang Hao to register them and pay them overtime every month.

Ling Xiaotian laughed and patted Xia ruofei's shoulder, "Ruofei, quickly enter the house!"

Xia ruofei winked at Ling Qingxue. Ling Qingxue blushed for no reason, then rolled her eyes at Xia ruofei flirtatiously. Everything was clear without words.

The three of them came to the living room of the villa. Xia ruofei and Ling Xiaotian took their respective seats, while Ling Qingxue obediently served them tea.

Xia ruofei glanced at the big fish tank and asked, "Uncle Ling, how have the two red Dragons been recently?"

"I'm good! Don't worry!" Ling Xiaotian laughed and said, "ruofei, you don't know! When my fish friends saw the blood Dragons, they were so envious! There are even people who want to buy it at a high price. Do you think I, old Ling, am someone who lacks money? I refused without even thinking about it. I said that this was a gift from my son – in – Law, and I wouldn't sell it no matter how much money you offered!"

Ling Qingxue placed the teacup in front of Ling Xiaotian and said, "Dad! What son – in – Law? I didn't say I was going to marry him!"

Xia ruofei immediately smiled and said, ""Qingxue, isn't this just a matter of time? Uncle Ling isn't wrong!"

Ling Qingxue became even more embarrassed when she heard this, while Ling Xiaotian burst out laughing. The more he looked at Xia ruofei, the more he liked him. He felt that Xia ruofei and his daughter were a match made in heaven.

Chapter 383: The opening of the winery (3)

Xia ruofei smiled and said, "uncle Ling, you should be running out of the nutrient solution from last time, right?" I've brought you another bottle this time. "

"That's great," Ling Xiaotian said hurriedly. "I forgot to tell you about this when I called. I didn't expect you to be so meticulous and still bring it over."

Xia ruofei took out the bottle of diluted flower petal solution from his satchel and handed it to Ling Xiaotian. Ling Xiaotian took it as if he had obtained a treasure and then directly locked it in the safe.

During this time, he had witnessed the magical power of this "nutrient solution." Once the red Arowana lost their energy, they would immediately become active after a little drop was dropped into the fish tank. It was even more effective than stimulants.

After talking about the Blood Red Dragon, Ling Xiaotian naturally brought up the wine factory.

"RUO Fei! Now, the winery's acquisition procedures have been completed. " Ling Xiaotian said, "I'm planning to build a new factory and bring in new production equipment. The old production equipment has no intention of stopping production for the time being, so the liquor of the Drunken Eight Immortals is still in constant supply. In addition to the stock we have, the most urgent thing for us now is not to build a new factory or bring in new equipment, but to process and improve the existing liquor!"

The reason why Ling Xiaotian had bought this winery was because of Xia ruofei's improvement technique. Otherwise, with the quality of the previous Drunken Eight Immortals, although some of the old third Hillmen liked it very much, it was not enough to have a broad market prospects and could not attract him to buy it.

However, after Xia ruofei's modification, it was different. Ling Xiaotian could be considered an expert in wine country. After drinking the Drunken Eight Immortals provided by Xia ruofei once, he knew that this wine would definitely be popular on the market.

Xia ruofei smiled. "Uncle Ling, I don't have any problems. We can proceed at any time."

He thought for a moment and said, "however, the process of processing and improvement may take some time, and it can't be done in the winery. We have to transport the finished wine out in large vats first, and after we finish the improvement, we will transport it back to bottle it. The process is relatively more troublesome, but it is also requested by my friend."

Xia ruofei had always said that the improved formula of the eight Drunken Immortals was shared by him and his imaginary friend. Therefore, he naturally used his friend as an excuse.

This was because his so – called improved processing was actually storing the white wine in the original space. Through the rich spirit Qi environment and the unique time flow difference, the quality of the white wine could be changed. Therefore, it definitely could not be carried out in the winery.

Ling Xiaotian nodded his head to show his understanding. He then asked, “How long will this process take?”

Xia ruofei thought for a while and said, “at least a month!” Of course, the longer the time, the better the quality of the wine. ”

“That’s for sure. ” Ling Xiaotian nodded and said.

Xia ruofei smiled and said, “uncle Ling, this is what I’m thinking. From now on, the winery will stop selling the old Drunken Eight Immortals wine. We will try to recover the funds from all major channels as much as possible. We will immediately start the development of the new wine.”

“I also have the same intention!” Ling Xiaotian said. He then asked, “ruofei, how much wine can you guys handle at most?”

Xia ruofei calculated in his heart and said, “Under extreme conditions, a hundred tons a month is not a problem.”

A hundred tons of wine might sound like a lot, but if one were to use those big wine jars that weighed five hundred catties, it would only be around four hundred jars. Although the original space was not very big, it was definitely enough to fit them all. Besides, Xia ruofei did not need to place the wine jars on the ground. They could be stacked together.

If he was worried that the wine jar would be too heavy, he could just order some steel frames that were more stable.

Ling Xiaotian said happily, “there’s only about 80 to 90 tons of wine in the factory, so there shouldn’t be a problem!” We’ll transport them all out at once to improve and process them!”

He thought for a moment and said, “100 tons a month, that’s 1200 tons a year. That’s about the annual output of a small or medium – sized winery.” Ruofei, can you increase the production in the future?”

Ling Xiaotian had considered that if the market response for the Drunken Eight Immortals was good, they would definitely increase the production. In that case, 1200 tons a year would not be enough.

Xia ruofei smiled and said, “uncle Ling, it’s possible to increase the production, but there’s a limit to it. However, I personally think 1200 tons is enough. From now on, we have to go for the high – Quality products. The rarer something is, the more expensive it is!”

Xia ruofei paused and continued, “for example, for the 80 to 90 tons of wine, we can improve a batch of Drunken Eight Immortals, which can be sold in about a month. Then, we can leave a portion to make better quality wine. If you give me two months, three months, or even longer, the wine produced will be much better than the Maotai Wuliangye. Think about it. Can we set a low price for such wine? Quantity has never been the key to winning such high – end liquor. ”

As Ling Xiaotian listened to Xia ruofei’s words, his eyes brightened. It was obvious that he had already agreed with Xia ruofei’s point of view.

“Alright! Let’s set the monthly production at 100 tons!” Ling Xiaotian said straightforwardly and then asked, “ruofei, How do I hand over the wine? Are you going to ship it directly to your farm?”

Chapter 384: The correct usage of jaded skin ointment (1)

Xia ruofei replied without hesitation, “there’s no need, uncle Ling. I’ve rented a warehouse in the city. You can just get someone to transport the wine to the warehouse.”

Now that Xia ruofei thought about it, it was much more convenient to rent a warehouse in the city. There were so many people in the farm. If the wine was transported to the farm, Xia ruofei would not be able to store it all in the origin space. However, if it was transported to the warehouse, there would be no such worries.

All he needed to do was to put all the wine in the warehouse into his interspace, then lock the door and leave.

“That’s even more convenient!” Ling Xiaotian said happily, “ruofei, I will instruct the winery’s management team to purchase a batch of 250 – kilogram wine jars. Arrange for people to transport the wine over in the next few days!”

“Alright!” Xia ruofei smiled and said, “uncle Ling, Drunken Eight Immortals is an old brand. The name and trademark are quite valuable, so we don’t need to change them. However, the outer packaging must be redesigned. It would be best to separate them into several different grades.”

“You don’t need to worry about these things!” Ling Xiaotian chuckled and said, “I’ve already instructed my men to do it. Also, in the initial stage of our new wine’s release, I’m also preparing to bombard the local media with a wave of advertisements to make our presence known!”

The Drunken Eight Immortals had a great reputation in the three mountains. Thus, Ling Xiaotian’s strategy was to establish himself locally. After the new Drunken Eight Immortals wine had gained a lot of reputation, he would gradually expand his business.

Xia ruofei laughed in embarrassment. “Uncle Ling, you’re advertising, building a new factory, and purchasing equipment. You must have spent a lot of money, right? Why don’t I invest some of my money in it?”

Initially, Xia ruofei did not want so many shares. However, Ling Xiaotian was insistent, so Xia ruofei had to agree reluctantly. However, Xia ruofei had also made his stand clear that after acquiring the winery, he would have to pay for the new investment according to the proportion of the shares. Otherwise, he would feel uneasy.

“I have a general understanding of the situation at your farm. Although you make quite a lot of money every day, there are many places where you spend money. You don’t have to invest in the winery ...” Ling Xiaotian said with a smile.

“That won’t do!” Xia ruofei quickly said.

Ling Xiaotian waved his hand and said, “let me finish first. I will register every sum of money I spend. When the time comes, the portion of money that you should pay will be deducted from your dividends!” It’s settled then, uncle Ling doesn’t lack this bit of money!”

"Then ... Alright!" Xia ruofei said embarrassedly, "I'm a little tight on cash recently. I invested in a farm in Australia and spent a lot of money ..."

"Woof! You've even invested it overseas!" Ling Xiaotian said in surprise, "not bad, ruofei. You're expanding very quickly!"

"It just so happens that an elder has already bought a farm. He's willing to take me to play, so I invested some money in it." Xia ruofei chuckled and said, "it's just a small fight! How can I compare to you, who does big business like this?"

"I heard that the return on investment of the farms in Australia is very average!" Said Ling Xiaotian. I'm afraid it'll take a long time for you to recoup your capital. Won't it affect your business in China?"

Xia ruofei smiled. "We're planning to introduce Taoyuan vegetables to Australian farms. We're also mainly selling high – end farm products. The profit margin should be much higher than that of traditional farms."

When Ling Xiaotian heard this, he instantly felt much more at ease. He smiled and said, "That's not a bad idea! It's good that you're confident. "

Ling Xiaotian was well aware of the magic of paradise vegetables. Currently, Ling Ji restaurant was extremely popular in Sanshan city. It had taken the initiative in the competition between the restaurants of the same name. This was all thanks to paradise vegetables. Hence, when Ling Xiaotian heard that Xia ruofei was preparing to promote paradise vegetables in Australia, he was quite optimistic about it.

Xia ruofei thought for a while and said, "Oh, right. Uncle Ling, you said that you wanted to order a big wine jar. I suggest that you order a few different styles to differentiate the different grades of white wine."

"That makes sense!" Ling Xiaotian said. Little Xia, that's a good idea! I'll get someone to design a few different white wine bottles and packaging. After some improvements from your side, different wine jars can be filled into different bottles!"

Xia ruofei smiled and nodded.

Ling Xiaotian stood up and said, "ruofei, I'll go back to the company and make some arrangements. Don't leave in the afternoon. Stay at home and chat with Qingxue. I'll be back in the evening. Let's have a meal together!"

Xia ruofei quickly stood up to send him off. He thought to himself, "father – in – Law understands me. He's trying to create an opportunity for me ..."

As they watched Ling Xiaotian's car leave the villa, Xia ruofei and Ling Qingxue looked at each other. Ling Qingxue's face blushed slightly, and she took the lead to return to the villa.

Xia ruofei chuckled and quickly caught up to her. He hugged her soft and delicate body.

Ling Qingxue's body stiffened, and she said in a small voice, "Let me go ... Madam Chen is still at home ..."

"Shall we go upstairs then?" Xia ruofei asked, grinning.

"What do you want to do?" Ling Qingxue asked as she glanced at Xia ruofei.

"Yes," Xia ruofei replied with a serious face.

Ling Qingxue was stunned for a moment. She thought about it carefully before she came back to her senses. Her pretty face instantly turned red and she kept punching Xia ruofei's body. She said coyly, "Hooligan, pervert, bad guy ..."

Xia ruofei laughed and picked up his satchel from the sofa. Then, he put his arm around Ling Qingxue's shoulder and walked up the stairs. "Wife, I've also prepared a gift for you! Come, let's go to your room ..."

Chapter 385: The correct usage of jade skin ointment (2)

"Really?" Ling Qingxue asked, half – believing and half – doubting.

"How would I dare to lie to you?" Xia ruofei said confidently, "you'll know soon. It's definitely a surprise!"

"If you dare to lie to me, Hmph ..." Ling Qingxue wrinkled her nose and made a cute, fierce expression at Xia ruofei.

Xia ruofei couldn't help but pinch Ling Qingxue's nose lovingly. The two of them went upstairs together. Once they entered the room and closed the door, Xia ruofei hugged Ling Qingxue's delicate body and pressed her against the door. He leaned over, wanting to kiss her.

Ling Qingxue giggled as she dodged to the left and right. "Didn't you say you have a gift for me?"

"Let's kiss first!"

"Let's look at the gifts first!"

"Let's kiss first!"

"Let's see first ... Hmm ..."

Before Ling Qingxue could finish her sentence, Xia ruofei had already kissed that touch of warmth domineeringly. Ling Qingxue quickly reached out and wrapped her arms around Xia ruofei's neck, passionately responding to his kiss.

After a long time, the two of them reluctantly separated.

Ling Qingxue rolled her eyes at Xia ruofei and said, "It's not wrong to call you a Rascal!"

Xia ruofei laughed and pulled Ling Qingxue's soft hands into her boudoir.

Xia ruofei held onto Ling Qingxue's shoulder and gently pushed her to sit on the edge of the bed. Then, he opened his satchel and said with a smile, "Wife, how could I lie to you? I've really prepared a gift for you!"

As he spoke, Xia ruofei took out a small preservation box with the jade skin cream and said, "Dangdangdang...The surprise is here!"

Ling Qingxue took the Tupperware, opened it, and looked at it with a puzzled expression. She asked, "RUO Fei, What is this? It's quite fragrant, and there's also a medicinal smell ..."

"Wife, this is called jade skin cream. It's a beauty makeup that I personally made. It's made purely from Chinese medicine. It doesn't contain any additives or chemicals. It's absolutely natural!" Xia ruofei praised himself. "The effect of this jade skin cream ... Tsk tsk! Whoever uses it will know!"

"Cosmetics? Or did you make it yourself?" Ling Qingxue said in surprise, "RUO Fei, you actually have this kind of ability?"

Xia ruofei chuckled, "this is also part of the health Science of Traditional Chinese Medicine!" They had all thought it through! Wife, this is actually recorded in an ancient prescription. It uses natural Chinese medicine and there will definitely be no side effects. You can use it without worry! And ... The medicine should be able to give you a surprise!"

"Then ... How do I use this?" Ling Qingxue asked.

"Just apply it on the parts that need to be taken care of like how you usually do facial masks. When this jade skin ointment turns pale yellow, it means that the medicinal effect has been basically absorbed. You can wash it off. This process will take about half an hour!" Xia ruofei said.

"But ..." Xia ruofei continued, "before using the jade skin ointment, it's best to do a massage first. That's more conducive to the absorption of the medicine."

Ling Qingxue looked at Xia ruofei suspiciously and said, "Do you need a massage before making a Facial Mask? This is the first time I've heard of this ..."

Xia ruofei said seriously, "massage to promote blood circulation and promote blood circulation. Naturally, the effect of the jade skin cream will be more easily absorbed by the skin!" There's a scientific reason behind this!"

Xia ruofei saw that Ling Qingxue still wanted to say something and quickly said, "Wife, don't say so much. Come, come, come, lie down. I'll give you a massage first!"

With that, Xia ruofei held Ling Qingxue's shoulders and laid her flat on the bed. Then, he chuckled and jumped onto the bed, starting to massage Ling Qingxue.

Naturally, Xia ruofei had just made up a lie that he needed to massage his whole body before using the jade skin ointment.

At the start, he was still quite well – behaved, and he massaged Ling Qingxue's head and shoulders.

White – collared workers who worked in the office all year round would have problems with their shoulders or cervical vertebrae. Although Xia ruofei was not a professional masseuse, he had enough strength in his hands and his massage was quite good. Ling Qingxue could not help but let out a sigh of comfort.

However, Xia ruofei's obedience was only for a short while and he soon became restless.

.....

Suddenly, the sound of a car engine came from downstairs. Xia ruofei and Ling Qingxue looked at each other and quickly sat up.

Ling Qingxue put on her clothes in a hurry as she said, ""Hurry up, my dad must be back ..."

When Xia ruofei thought of Ling Xiaotian, he felt a little apprehensive. After all, he had just slept with his daughter in his villa. How could he not feel guilty?

Hence, Xia ruofei quickly searched for his own clothes from the messy pile of clothes on the ground and quickly put them on.

As the two of them were getting dressed, Ling Qingxue was still frantically tidying up her slightly messy hair when Ling Xiaotian's voice came from outside the door, ""Qingxue, RUO Fei, are you guys inside?"

"They're coming!" Ling Qingxue quickly replied.

As she tidied her hair, she walked towards the door. She even used her eyes to signal Xia ruofei to quickly tidy up the messy bed.

How could Xia ruofei have time to tidy up? He just wiped the bedsheet a few times in a hurry. After it was roughly flat, he flipped the quilt over and shook it a few times, then laid it flat on the bed.

After the door opened, Ling Xiaotian was standing at the door, chuckling. Intentionally or otherwise, he glanced at Ling Qingxue, and then at the scene in the room.

Ling Qingxue blushed and said, "dad, you're back?" Ruofe...Just now, you brought me...A face mask. Let's go back to the room to try it out ..."

Ling Xiaotian was someone who had been through this. The redness on his daughter's face had not completely faded! How could he not know what was going on?

In fact, at this moment, Ling Xiaotian's heart was filled with a sour feeling.

His daughter was his father's lover in his past life. He had watched his little lover in his past life grow up from an infant into a slender and beautiful young girl. Now, she had become someone else's girlfriend. Moreover, it was obvious that the two of them had an intimate relationship. As a father, Ling Xiaotian would naturally feel a little disappointed.

However, Ling Xiaotian was quite satisfied with Xia ruofei as his future son – in – Law, so he quickly laughed and said, ""It's fine, it's fine, you guys continue chatting! Remember to come down for dinner later ..."

With that, Ling Xiaotian nodded at Xia ruofei, turned around, and went downstairs.

After Ling Xiaotian left, Ling Qingxue glared at Xia ruofei and said, ""It's all your fault ..."

Xia ruofei scratched his head awkwardly. He did not expect the two of them to be crazy for the entire afternoon. Fortunately, they had already called it a day before Ling Xiaotian returned. Otherwise, it would have been even more awkward if Ling Xiaotian had knocked on the door for a long time before it opened.

Now that Ling Xiaotian had returned, the two of them naturally did not dare to stay in Ling Qingxue's room.

The two of them walked down the stairs side by side. Ling Qingxue thought of the jade skin cream and pinched Xia ruofei's arm unhappily. She said in a low voice, "Tell me the truth, is that black thing in the box really a Facial Mask?"

"I'm sure!" Xia ruofei said confidently, "we don't have time now. You'll know when you try it before you go to bed tonight. The effect is definitely great!"

Ling Qingxue shot a glance at Xia ruofei and asked, "If no one's giving me a full body massage at night, then I can't use a face mask, right?"

Xia ruofei laughed awkwardly and said, "Actually ... It's fine if you don't massage me, but ... The absorption might be a little slower ..."

Ling Qingxue suddenly increased her strength and pinched Xia ruofei hard. She said, "I knew you were lying to me, you big pervert! Why are you so bad ..."

Chapter 386: Xia ruofei, I want to ...

When the two of them came downstairs, Ling Xiaotian was standing alone in front of the big fish tank, admiring the pair of premium blood – Red Dragons. Seeing the two of them, Ling Xiaotian smiled and gestured for Xia ruofei to sit on the sofa.

Ling Qingxue lowered her head guiltily, not meeting Ling Xiaotian's eyes.

Xia ruofei had a strong mentality. He did not show any signs of awkwardness even though he had just slept with someone else's daughter.

After the two of them sat down, Ling Qingxue went to make tea for them.

Meanwhile, Ling Xiaotian was talking to Xia ruofei about the winery.

He had already given an order to the winery's management team to put aside the construction of the new factory and the purchase of new equipment for the time being, and focus all their efforts on the wine storage and improvement.

The purchasing department had already started to purchase the large wine jars. The fastest batch of about 30 tons of wine would be ready in two days. Then, at the latest, it would take a week for all 90 tons of wine to be sent to Xia ruofei's warehouse.

Xia ruofei immediately gave the address of the warehouse he had rented to Ling Xiaotian, telling him that he would be in Sanshan city for the whole week and that he could contact him at any time when he was delivering the wine.

The two of them then briefly discussed the pricing strategy.

The 500 ml bottle of Drunken Eight Immortals, which had been improved for a month, was priced at about 150 yuan per bottle. It was slightly more expensive than the current exquisite Drunken Eight

Immortals. However, Xia ruofei and Ling Xiaotian were very confident that even at this price, the supply would still be in short supply.

They had agreed to divide it into four levels. Apart from the public version of Drunken Eight Immortals, which required a month's worth of improvement, there were three levels of improvement that required three months, five months, and a year.

The initial price of the improved version of Drunken Eight Immortals was 588 Yuan, the price was 888 Yuan for five months, and the price was 8888 Yuan for a year.

A year's production of Drunken Eight Immortals would be very little. Their initial agreement was to sell five hundred catties of wine per month. They would only start selling after a year, which meant that there would be a limited supply of five hundred bottles per month.

When Ling Xiaotian heard the price set by Xia ruofei, he was also shocked. After all, there were few national wines such as the Maotai Wuliangye that were priced so high. Moreover, the environment was different from before. To put it bluntly, the public funds were used less. He was worried that if this price was announced, no one would be interested.

But Xia ruofei was full of confidence.

A one year improvement cycle, according to the difference in the flow of time, would be 30 years.

Was it very expensive to sell a 30 – year – old brew at this price?

Moreover, during these 30 years, the wine had been stored in an environment with extremely rich spiritual energy. In addition, there was a small amount of diluted spirit Heart Flower petal solution. Even Xia ruofei could not imagine how fragrant the wine would be after being opened for a year in the outside world.

Besides, Xia ruofei's target customers were not civil servants. He would not dare to use public funds for such a drink. His target was the big bosses of the business world. These people had so much money that they could not finish spending it. Moreover, they spent their own money. As long as the item was good, they would not be afraid of being reported no matter how much they spent.

No matter if it was a farm or a winery, Xia ruofei's goal was always to make quality products.

This Drunken Eight Immortals wine would indeed have a very promising future, but Xia ruofei valued its reputation more. The Drunken Eight Immortals, which had been fermented for 30 years, was the best product to build a reputation.

As long as the aged Drunken Eight Immortals was listed in the market within 30 years, Xia ruofei believed that he would be able to make the business elites and big bosses go after it like a flock of ducks. By then, as long as they understood, they would know that the Drunken Eight Immortals had used the peach blossom company's technology. This would imperceptibly improve the brand image.

It was the same for the farm. Now, the farm could bring Xia ruofei hundreds of thousands of Yuan of income every month. In the future, when it ran at full capacity, it would only bring about a million Yuan a month at most. This was nothing to Xia ruofei at the moment.

However, the reputation of Taoyuan vegetables had already spread throughout Sanshan city.

The cooperation with the MA family was also in progress. In the future, the name of Peach Garden vegetables would become more and more famous in Hong Kong and the places where the MA family ran their restaurants.

This included the promotion of paradise vegetables in Australia.

Xia ruofei wanted to give people the impression that the products of the Paradise Corporation were all high – end, Grand, and high – end products.

Such an existing impression would be very helpful for his future development in other fields and entering higher – end food ingredients, medicinal herbs, and other industries.

Of course, the pricing strategy that he had agreed on with Ling Xiaotian today was only a preliminary one. It was a general direction. The specifics would be handed over to a professional team to study and verify.

This included the specific pricing, approval, the name of each grade of liquor, publicity plans, and so on. Xia ruofei would not do all these specific things personally.

The two of them chatted and settled some matters regarding the winery. Ling Qingxue sat quietly at the side and watched her father and her lover discuss. When her gaze fell on Xia ruofei, her eyes would reveal a gentleness and happiness.

It wasn't until the housekeeper, Madam Chen, had prepared dinner that the two stopped talking and everyone went to the dining room to eat.

Naturally, the two bottles of Drunken Eight Immortals that Xia ruofei had brought were not “spared”. Ling Xiaotian and Xia ruofei each took a bottle and drank every last drop.

These two bottles of Drunken Eight Immortals were high – Quality Kasaya with spirit Heart Flower petal solution added to it for his future father – in – Law. Naturally, Xia ruofei did not dare to take out anything of the same quality.

Ling Xiaotian had a great time drinking. When he heard Xia ruofei say that the Drunken Eight Immortals, which had been improved for a year, would be better than the wine today, his confidence in Xia ruofei's proposed price of 8888 Yuan per bottle was greatly boosted.

Chapter 387: Xia ruofei, I want to ..._2

Ling Xiaotian was in a very good mood today. Usually, a catty of white wine was not much for him, but he was actually a little drunk today. He was a little tongue – tied when he spoke. He patted Xia ruofei's shoulder from time to time affectionately and almost called him brother.

Xia ruofei hurriedly suggested that everyone go home after eating and drinking. Otherwise, it would be awkward if Ling Xiaotian patted his shoulder and called him “brother” again.

Could it be that he and his ‘niece’ had been having sex in her room for the entire afternoon?

As Xia ruofei had drunk some wine, Ling Xiaotian had wanted to keep Xia ruofei for the night, but Xia ruofei insisted on returning to the farm.

He was worried that he wouldn't be able to control himself at night and would go to Ling Qingxue's room to steal her. Ling Xiaotian's bedroom was also on the second floor, and people of his age would often wake up at night. If he were to be discovered, it would be even more awkward.

Seeing that Xia ruofei was insistent, Ling Xiaotian did not force him to stay. He immediately called his driver to send Xia ruofei back to the farm. As for Xia ruofei's Knight XV off – Road vehicle, he would leave it at Ling Xiaotian's Villa.

.....

On the third day, Ling Xiaotian called Xia ruofei and told him that the first batch of 30 tons of wine had been loaded into the truck and was ready to be sent to the warehouse.

Hence, Xia ruofei packed up and drove away from the farm, heading straight for the warehouse that he had rented.

He waited at the warehouse for a short while, and Ling Xiaotian personally brought a car to the farm to deliver the wine for the first time. Ling Xiaotian also placed great importance on it.

30 tons of wine, a total of Five Ten – wheeled trucks came. The main thing was that these wine jars could not be stacked together. Otherwise, if they were not afraid of overloading, one truck would be enough.

There was also a small crane and a small hydraulic forklift, which were obviously specially prepared to unload the big wine jar from the truck.

In fact, Xia ruofei could have easily stored the hundred bottles of wine in his storage space. However, the existence of the spirit painting scroll was a top secret, so it was inevitable that it would be troublesome.

Fortunately, other than the continuous delivery of alcohol this time around, it would be normal in the future. At most, it would only be delivered once a month. Moreover, when new alcohol was delivered, they could also transport the "improved" alcohol back, so the car would not run for nothing.

There was a truck with more than 100 double – layered wooden frames that were easy to operate with a forklift.

The workers tied the wine jars up and the cranes lifted the wine jars from the cargo compartment. They placed them firmly on the wooden frame on the ground. Then, the workers drove the forklift over to lift the large wine jars. A few workers protected them from the side as they slowly moved them into the warehouse.

As Ling Xiaotian was directing the workers to unload the truck, he said to Xia ruofei, "Ruofei, leave this forklift in your warehouse. In the future, you can load and unload the truck. Also, if you want to transport these wines to other places for further improvement and processing, it will be more convenient."

"Okay, uncle Ling, you're so thoughtful." Xia ruofei smiled and nodded.

Ling Xiaotian laughed and patted Xia ruofei's shoulder, "Ruofei, I've shipped the wine over. It's up to you whether the winery can become famous in the future!"

“Don’t worry, uncle Ling! There won’t be any problems!” Xia ruofei said confidently.

It took more than an hour to unload the hundred bottles of wine before they were all transported to the warehouse.

Ling Xiaotian personally brought Xia ruofei to a large wine jar and said, “Ruofei, this jar of wine is the kind that’s used to be modified and processed into 8888 Yuan per bottle. The style of the wine jar is different from the others. Don’t make a mistake!”

Xia ruofei took a look. The ceramic glaze of this wine jar was darker than the other wine jars. The most eye – catching thing was that there were two Dragon – shaped embossed on it, which was clearly different from the other wine jars. He also noticed that the batch and date labels were pasted on the wine jar.

He smiled and said, “no problem!” Uncle Ling, if we send this wine over once a month, we can supply a limited supply of five hundred bottles of the top quality Drunken Eight Immortals to the market every month after a year. I’ll deal with this jar of wine today, and the rest will be dealt with after the 90 tons of wine have arrived. ”

“Good, good, good!” Ling Xiaotian chuckled and said, “500 bottles is enough. Good things are limited in supply. If there are too many, it would seem like they are not of a high grade!”

After Ling Xiaotian led the workers out of the warehouse, Xia ruofei locked the door and closed the curtains of the ventilation windows. Then, he walked to the jar of wine and kept it in his original space.

Then, Xia ruofei went out to lock the warehouse door and drove back to the farm.

The pickup truck had just started on the winding highway when his phone on the driver’s seat rang.

Xia ruofei held the steering wheel with one hand and grabbed his phone with the other. It was Lu You.

He dropped his phone, took out his Bluetooth headset, and put it on as he muttered to himself, “What is this girl looking for me for? Could it be that the flower is sick again?”

Xia ruofei pressed the answer button on his earpiece and said lazily, “Miss Lu, what’s the matter?”

“Xia ruofei, can you get me some of that Black Face Mask too ...” Lu You said crisply.

“What Black Face Mask?” Xia ruofei was confused.

“Is it that ... What ... Jade ... Jade Flower cake?”

Xia ruofei was speechless, ‘Jade Flower cake? And I’m even talking about Osmanthus cakes! Miss Lu, what are you talking about?’

“The kind of Facial Mask you gave sister Qingxue!” Lu You was a little anxious.

Only then did Xia ruofei realize that Lu You was actually talking about the jade skin ointment. He couldn’t help but exclaim, “What the ... That’s called Jade skin cream, okay? But that’s not important. What I’m interested in is ... How did you know about the Jade skin cream?”

"Of course, it was sister Qingxue who told me!" Lu You said, "don't ask so much ... I want that face mask too. Can you help me get some?" Just tell me if you can or can not!"

Xia ruofei smiled. "That's Xia ruofei's girlfriend's special facial Mask. How can you just give it to someone else?"

"Don't be so stingy ..." Lu You said. "At most, I'll pay! Tell me, how much is a Facial Mask?"

Xia ruofei's tone suddenly turned cold. "I'm sorry, miss Lu. I don't seem to be short of money at the moment ..."

In fact, he was just teasing Lu You just now. Since Lu You knew about the existence of the jade skin ointment and had even asked for it, it was no big deal to give her some. After all, the Chinese medicine used to make the jade skin ointment was not too expensive.

However, Lu You seemed to have a serious Princess illness. The moment Xia ruofei rejected her, she offered to buy it with money. This made Xia ruofei feel a little unhappy.

Lu You, who was on the other end of the line, also sensed Xia ruofei's emotions. With her temper in the past, she might have hung up the phone long ago. Since when had she, miss Lu, ever begged someone like this? You're actually still so arrogant?

However, when Xia ruofei's tone suddenly turned cold, Lu You felt an inexplicable sense of panic. She gently gritted her teeth and said softly, "Xia ruofei, I didn't mean it that way. Don't misunderstand ..."

Not only was Xia ruofei a little surprised when she said this, but even Lu You herself could not believe that these words came from her own mouth. Her face blushed inexplicably, and then she said to herself in her heart, "It must be because I want that mask too much, a man ... No, young miss is flexible ..."

On the other hand, Xia ruofei was not really angry. Lu You's tone suddenly became gentle. Other than feeling a little uncomfortable, the little bit of unhappiness in his heart disappeared.

"Miss Lu," he said with a smile, "I made this face mask by hand. I can make some for you, but I have a condition."

"Go ahead,"

"Tell me, how did you know about this Jade skin cream?" Xia ruofei asked, "do you keep in touch with Qingxue? Why would she suddenly tell you this?"

Chapter 388: eating and taking_1

Xia ruofei knew Ling Qingxue's personality very well. He knew that she would not take the initiative to show off.

Lu You thought for a while and said, "alright, there's nothing I can't tell you ..."

Then, she explained the whole story.

It turned out that Ling Qingxue, Lu You, and Jiang Yue had been keeping in touch all this while. They would even go out to eat and go shopping together sometimes.

Yesterday, the three of them had arranged to go to the movies. Lu You and Jiang Yue had discovered that Ling Qingxue's skin had become much better than before. Ling Qingxue's skin was already very good to begin with, and after using the Jade skin cream, it became even more crystal clear and delicate. Furthermore, her entire person seemed to be glowing from the inside out.

Girls were sensitive in this aspect, so Lu You and Jiang Yue naturally could tell immediately.

Naturally, the two of them couldn't help but ask Ling Qingxue what kind of makeup she had been using these past few days to have such an immediate effect.

Ling Qingxue didn't want to tell them at first, but she couldn't resist Lu You and Jiang Yue's coaxing and pestering. In the end, she still told them.

At first, Lu You thought that it was some kind of cosmetic product that was sold outside. She did not expect that Ling Qingxue was actually using a Facial Mask that Xia ruofei had made personally. Now, she could not buy it. However, she was also thinking about the Jade skin cream.

That's why there was a phone call today.

Xia ruofei could not help but feel shocked after hearing this. Ling Qingxue had actually become good friends with Lu You and Jiang Yue. They even went shopping, ate, and watched movies together? What was this girl thinking? Weren't they all ready to draw their swords that day?

It was really hard to guess a girl's thoughts.

After Lu You finished speaking, she saw that Xia ruofei didn't say anything and couldn't help but say, "Xia ruofei, I've told you everything. You've promised to give me some face masks. You can't go back on your word!"

Xia ruofei finally came back to his senses. He smiled and said, "Don't worry! I'm a man of my word, I'll definitely do this for you!"

"That's more like it ..." Lu You's mood was great, and she also revealed a rare smile.

"Come to the farm in the afternoon to get it!" Xia ruofei said.

"It's a deal!" Lu You said happily.

After hanging up, Xia ruofei continued to drive and returned to the farm in no time.

He bade farewell to ye Lingyun, who was diligently practicing his tea – making skills, and hurriedly went upstairs to his room. There was still some time before lunch, so he could go to the original space to make some Jade skin cream and deal with the jar of wine.

After Xia ruofei locked the door and windows, he summoned the spirit painting and entered the medium.

He first picked up a bottle of diluted spirit Heart Flower petal solution, opened the clay seal of the jar of wine, and poured the entire solution in. Then, he mixed the spatial spirit pond water with the spatial soil, and sealed the mouth of the pond again.

Then, Xia ruofei used his mind to connect with the space. An invisible spatial force immediately wrapped around the big wine jar and gently lifted it up to a foot above the ground. Now, Xia ruofei's mental strength had greatly improved. He could easily lift things that weighed 500 to 600 catties with the spatial force.

With a thought, the wine jar immediately floated outward according to His will. Only when it was very close to the space membrane did he control the wine jar to land on the ground smoothly.

This jar of wine had to be stored in the original space for a whole year, which was equivalent to 30 years in the space. Hence, Xia ruofei decided to place it in the most remote place so that he would not have to move it when he opened up the original space in the future.

After dealing with the jar of wine, Xia ruofei started to make the jade skin ointment.

This time, he was prepared to make more. The last time was his first time, and he wasn't too confident, so he made a standard portion, which was enough for Ling Qingxue to use five times.

With the first successful experience, Xia ruofei's confidence increased greatly. This time, he took ten portions.

Fortunately, the claypot was big enough to make ten portions of jade skin ointment.

Xia ruofei started a fire with the best charcoal and started the process.

After about an hour, he had successfully made the jade skin ointment.

Xia ruofei took out three small preservation boxes, each containing one portion. Then, the remaining jade skin ointment was placed together in a large preservation box.

This type of lekou container was very practical. Xia ruofei had purchased a lot of them online. There were all kinds of them, big and small, and it was very convenient to use them at any time.

Xia ruofei took the three containers and left the medium. He strolled downstairs and placed the container with the jade skin ointment in the safe layer of the refrigerator.

After making sure that there was no one around, he contacted the realm and took out a big grass carp from the fish pond in the realm. He also took out some of the vegetables that he had stored in the realm earlier. There were a few cabbages, a few cucumbers, and three to four tomatoes.

Then, he put on his apron and rolled up his sleeves to prepare for lunch.

Xia ruofei had just finished cleaning the fish in the pond when his phone rang.

Hence, he put the grass carp down and wiped his hands on his apron. He took out his phone from his pocket and saw that it was Lu You calling again.

Xia ruofei pressed the answer button, but before he could speak, he heard Lu You say, "Xia ruofei, I'm at the entrance of the farm, but your security guard has stopped my car outside. Help me tell him ..."

Chapter 389: eating and taking (2)

Ever since Hong Tao and the others had arrived, the security of the farm had become even more formal. They each had their own duties, and there would be people on duty at the gate of the farm at any time, so now foreign cars could no longer drive in directly.

Xia ruofei was speechless. How impatient was this girl? How much time had passed? She was already at the entrance of the farm.

Although he had spent more than an hour refining the jade skin ointment, that was in the original space. In the outside world, it had only been two to three minutes. Therefore, after calculating the time it took for him to come from the city, Lu You must have driven over directly after she had finished her call with him.

"Sure, pass the phone to the security guard!" Xia ruofei said with a bitter smile.

"Hello?" A steady voice came from the phone.

"I'm Xia ruofei. Who are you?" Xia ruofei asked.

"Brother Xia! I'm Hu Zi!" The security guard Lei Hu on the other end of the phone immediately said.

"Oh, it's Hu, let that girl in! She's my friend, you can just ask her to drive the car directly to the villa." Xia ruofei said, "Oh right, tell the brothers that her car can enter directly in the future!"

"Understood!" Lei Hu said crisply.

Xia ruofei hung up the phone and set aside the half – finished ingredients in the kitchen.

He took off his apron and hung it up. As he walked out, he muttered to himself, "This girl really knows how to pick a time. She came at this time, could it be that she wants to eat with me again? You're eating and taking, what a huge loss ..."

When Xia ruofei reached the entrance of the villa, he saw a red BMW MINI driving into the courtyard.

Xia ruofei had seen this car before. It was the car that Lu You usually drove.

In fact, Tian Huilan was very low – Key. Lu You was a college student, so it was a little ostentatious to drive a BMW MINI that cost more than 300000 Yuan. However, this car was a gift from Tian Huixin for Lu You's 18th birthday, so Tian Huilan couldn't really say much.

The MA family was a world – Class wealthy family. As the young mistress of the MA family, it was naturally nothing for Tian Huixin to give her niece a car.

After the car stopped, Lu You opened the door and stepped out.

Today, Lu You was wearing a short brown leather jacket, black slim – fit jeans, and Martin Boots. Her tall figure was brought out perfectly, and she looked cool. However, the gray wool hat on her head added a bit of youthfulness to her.

She took off her sunglasses and hung them on the V – neck of her knitted sweater. Then, she closed the door and walked towards Xia ruofei.

"You're really fast!" Xia ruofei said with a smile.

Lu You's face turned slightly red and she felt a little embarrassed. However, she still argued, "Didn't you say you'd come in the afternoon? It's already five past twelve, so it's already afternoon ..."

"Alright! I'm speechless ..." Xia ruofei shrugged and said, "let's go in!"

The two of them came to the living room of the villa. Lu You directly sat on the sofa. Her gaze landed on Xia ruofei but she did not say anything.

Xia ruofei understood and smiled. He turned around and walked into the kitchen. He opened the refrigerator and took out the three containers. Then, he went to the living room and placed the containers on the coffee table.

"Here, the face mask you wanted!" Xia ruofei said.

Lu You was originally crossing her legs, but when she heard this, she immediately put her legs down and sat up straight. She couldn't wait to open a Tupperware.

She saw half a box of black jaded skin ointment and asked in surprise, "This ... Is the Jade Flower that sister Qingxue was talking about ..."

"It's jaded skin cream!" Xia ruofei did not wait for her to finish and quickly corrected her, "it's the real deal. This is the same as the one I gave Qingxue. Each can be used about five times. One use a day is enough."

"Thank you!" Lu You quickly closed the preservation box and hugged the three boxes of Jade skin cream in her arms.

Xia ruofei looked at Lu You and said, "You're welcome. Just don't make me prescribe Chinese medicine to treat aunt's pain in front of Qingxue again ..."

Lu You's face couldn't help but heat up. She also knew that what she had done the last time wasn't very kind. After all, she was still a Virgin, and her aunt's pain was cured by Xia ruofei. Now that she was talking about this topic, she was naturally a little shy.

"I know ..." Lu You lowered her gaze and said in a low voice, "haven't you already cleared up the misunderstanding between you and sister Qingxue? Don't take it to heart ..."

"I'm just afraid that you'll trick me again in the future." Xia ruofei said in a bad mood.

"By the way, not all three boxes are for you!" He added.

Lu You immediately raised her head and said with a smile, "I know. Yueyue has a share too!"

Xia ruofei scratched his head awkwardly. However, that was indeed what he thought. Since he had given it to Lu You, he would not be able to hide it from Jiang Yue. If that little girl knew that he had prepared the jaded skin ointment for Lu You but had not considered her, she would be very sad! Therefore, it was better for those who saw it to get a share.

In any case, it was something that he could do easily.

Seeing that Xia ruofei did not say anything, Lu You looked at him with a faint smile and said, "It seems that you're quite good to Yueyue! I always think of her when there's good things ..."

Xia ruofei said unhappily, "isn't it all your fault?" You didn't bring her to the farm last time, so everything's fine now, right?"

"Didn't you agree to it yourself?" Lu You said immediately.

Xia ruofei was anxious. "How would I know? forget it. Let's not talk about this!"

He felt that the two of them were about to quarrel again after a few words, so he stopped in time.

However, Xia ruofei felt that he and Lu You might have been enemies in their past lives. Anyway, they would start arguing after a few more words.

He calmed himself down and said, "These three portions of jade skin cream, you and Jiang Yue will each take one. Help me pass the remaining portion to Secretary Tian!"

"Alright, I got it." Lu You nodded and said.

If someone else had asked her to bring Tian Huilan a gift, she would have refused without even thinking. However, Xia ruofei was different. Xia ruofei had a close relationship with her family, and Lu You now understood Xia ruofei. She knew that Xia ruofei was not the kind of person who would suck up to the rich and powerful. He had given Tian Huilan a gift purely because of their friendship.

Lu You carefully placed the three small preservation boxes into her bag. Then, she leaned back comfortably on the sofa, picked up the remote control, and turned on the television.

Xia ruofei stood at the side with his eyes wide open. "Young miss Lu, you ..."

Lu You glanced at Xia ruofei and said, "I'm watching TV!"

"No... I've already given you this ..." Xia ruofei said tactfully. "Shouldn't you ... Go home for dinner?"

Lu You raised her hand to look at her watch and said, "It's already past 12 o'clock. I'll miss the meal time if I go back. I'll just make do with your meal!"

After saying that, Lu You's gaze returned to the television.

Xia ruofei stood at the side, speechless. He felt as if 10000 alpacas were galloping across his heart. Make do with it ... Make do with it your head ... This is the first time I've seen someone so reluctant to freeload a meal ...

Seeing that Xia ruofei did not move, Lu You looked up at him and asked, "What's wrong? Was there not enough food? It's fine, I don't eat much, I can't eat much ..."

Xia ruofei didn't know whether to laugh or cry. He shook his head and said reluctantly, "Alright, then watch TV for a while. Lunch won't be so soon ..."

"Yes, yes!" Lu You stared at the TV and nodded.

Xia ruofei smiled bitterly and walked into the kitchen. He did not realize that Lu You's eyes were on his back. The corners of her mouth slowly curled up into a beautiful arc, and a smile flashed across her eyes.

Xia ruofei started to get busy in the kitchen. He washed the rice, steamed the rice, grilled fish, stir-fried vegetables ... After more than half an hour, he started to serve the dishes to the dining room.

At this moment, Xia ruofei saw Lu You who was watching television in the living room. She was eating a bag of biscuits.

'This girl really doesn't treat me as an outsider ...' Xia ruofei thought to himself.

Lu You also saw Xia ruofei. She waved the biscuit bag in her hand at Xia ruofei and said, "'I'm a little hungry, can I eat a packet of your biscuits?'"

Xia ruofei smiled and said, "eat more if you like. It's okay." But ... It seemed to be Lightning's food! I just put it on the coffee table yesterday. "

Lu You was stunned for a moment and said subconsciously, "'Lightning?'"

Then, she reacted.

"Ah ..."

Lu You shrieked and hurriedly threw the bag of biscuits in her hands on the coffee table ...

Chapter 390: quietly spreading_1

At the thought of how she had eaten dog food just now and how she had eaten a few pieces and seemed to be eating them with great relish, Lu You could not help but feel her stomach churn and she could not help but vomit ...

She covered her mouth and retched, but nothing came out. Soon, her eyes were full of tears.

Xia ruofei smiled and said, "miss Lu, you don't have to be so touched." Lightning wouldn't mind sharing it with you. "

Lu You's eyes were about to burst into flames. She glared at Xia ruofei.

At this moment, she saw the evil smile on Xia ruofei's face and suddenly felt that something was wrong. She reached out to grab the bag of biscuits that she had thrown on the coffee table and looked at it carefully.

Lu You was fuming with anger. She gritted her teeth and glared at Xia ruofei. "This is just an ordinary cookie. How is this dog food?"

"When did I say this is dog food?" Xia ruofei tried to hold back his laughter.

"You clearly said that it was Lightning's mouth ..." Lu You said angrily.

At this point, Lu You suddenly stopped. She realized that she had fallen into Xia ruofei's trap.

Xia ruofei also laughed and said, "'Yup! Food! I only said that it was Lightning's food, but I didn't say that it was dog food! I usually feed lightning with these biscuits! It also likes orange – flavored ones. The one you have is strawberry – flavored, which is why it's still here ...'"

"Nonsense!" Lu You said angrily, "who feeds a dog biscuits that humans eat?"

Xia ruofei sighed and looked up at the sky ... No, the ceiling at a 45 – degree angle. He said indifferently, "'I can't help it. I'm so rich ... I'm just so willful!"

Lu You almost spat out a mouthful of blood. She finally came back to her senses and said angrily, ""Xia ruofei, you're playing me!"

Xia ruofei said innocently, "I swear to God!" I was just giving you a casual reminder, but you're the one who reacted so strongly ..."

Lu You was so angry that she laughed coldly and said, ""Xia ruofei, I ... I'll tell sister Qingxue. I'll say ... I'll say that you touched and harassed me!"

"Please! It would be a wonder if Qingxue would believe this kind of nonsense!" Xia ruofei scoffed.

Lu You gritted her teeth and said, "Hmph!" Then ... Then I'll say that you took the initiative to give Yueyue Jade Flower cakes ..."

"It's jaded skin cream! "How many times have I corrected you ..." Xia ruofei was speechless for a while. Then, he came to his senses and widened his eyes. "What did you just say?" I'll give it to Jiang Yue?"

Lu You raised her chin proudly and said, ""Right! I'll tell sister Qingxue this! Hmph, I'll tell her that in order to give Yueyue the Jade Flower ... Jade skin cream, you even bribed me with a set. There's both witnesses and evidence!"

After saying that, Lu You even patted the Tupperware in her bag.

Xia ruofei wanted to cry, but no tears came out. You're the one who begged me to make a few for you, and I'm just asking you to bring one for Jiang Yue as well. How can you distort the truth?"

"Then we'll see whose words sister Xue believes ..." Lu You curled her lips and smiled.

Xia ruofei really did not dare to take the risk. If this matter involved Jiang Yue, Ling Qingxue's intelligence would definitely drop. After all, Jiang Yue had a "past record".

Although Xia ruofei did not know why Ling Qingxue was so close to Lu You and Jiang Yue, he knew that if Ling Qingxue were to hear anything about him and Jiang Yue, she would definitely be jealous.

"You can't do this!" Xia ruofei said, "Lu You, let's count it properly. That time on the plane, I also saved you once, right? And that day, you would be in pain for a few days every month. I was the one who cured you, right?"

Lu You blushed and said, ""That's all in the past, why are you bringing it up?"

"Alright, let's not talk about the past. I was the one who cured you of that jade lion, right? "It's only been a few days since that incident. I even helped you guys win the Gold Award and gave Agricultural University a hard slap in the face! Don't tell me you've also forgotten?" Xia ruofei said with grief and indignation.

He continued, "and today, when you came to my place, I gave you a face mask and even treated you to a meal. You can't bite the hand that feeds you!"

Lu You's expression softened with every incident that Xia ruofei went through. Her heart was filled with warmth, and the past flashed in her mind like a movie.

When she heard Xia ruofei's last sentence, she could not hold it in anymore and burst out laughing."Who told you to make fun of me?"

Xia ruofei saw Lu You smiling and immediately said,""Since I've made you a sumptuous lunch, how about we call it even?"

Lu You glanced at the fragrant dishes on the table and her heart seemed to have been touched again. She pretended to be magnanimous and said,""Forget it, forget it, I won't argue with you!"

Xia ruofei said happily,"that's right!" When would revenge end? We should value peace! Hurry up and wash your hands! I'll get old master Li and Ling Yun to come in!"

With that said, Xia ruofei quickly walked out of the villa. Lu You watched Xia ruofei's back view from behind. Then, her gaze landed on the packet of biscuits on the coffee table and she could not help but giggle.

It was the weekend, so pang Hao did not come to work at the farm. Hence, Xia ruofei, Lu You, ye Lingyun, and Li Zhifu were the only ones having lunch.
