

## God tier Farm 391

### Chapter 391: quietly spreading\_2

Spicy grass Fish Pot, stir – fried cabbage, tomato egg soup, and a piece of Moo Shu Pork. Although there weren't many dishes, the amount was enough for four people to eat.

The big grass carp weighed more than 10 catties and filled up a big pot. Xia ruofei had used salt, white wine, and ginger water to coat the grass carp inside and outside. He also stuffed some seasoning into the fish's stomach and left it in the origin space for two to three minutes. In fact, it had been marinating for more than an hour and the flavor had already been fully absorbed.

In addition, all the water was used to cook the dish, so the fresh and tender grass carp was fragrant and delicious, and became the most popular dish on the table.

Not only Lu You and the rest, but even Xia ruofei himself had eaten quite a bit. He thought smugly, "It seems that although I haven't been cooking much recently, my cooking skills haven't dropped!

Lu You couldn't care less about her ladylike image. Of course, she didn't have much of a ladylike image to begin with. She ate in large mouthfuls, especially the plate of cabbage. Almost half of it went into her stomach. Of course, she also ate a lot of the delicious grass carp. In the end, her stomach was a little bloated before she put down her chopsticks.

Lu You, who had eaten and drunk her fill, left the farm with three portions of jaded skin cream in satisfaction. When she left, she even revealed a rare smile and did not mention anything about complaining to Ling Qingxue. Xia ruofei's heart was completely at ease.

In the next few days, Xia ruofei resumed his carefree life.

He patrolled the farm and construction site every day, and occasionally took a stroll to the water tower on the mountain to add some petal solution. He spent most of his time reading in the villa.

Xia ruofei had bought a lot of Chinese medicine books and encouraged him to play the role of miracle doctor Xia. It was good to have more Chinese medicine knowledge. At least he could scare people and not be exposed.

It seemed that brain development was closely related to mental strength. Ever since Xia ruofei's mental strength increased after consuming the soup, his efficiency in reading and learning had increased significantly. He could even understand some of the obscure Chinese medical books. Sometimes, he would sit for half a day and read the books with great interest.

Other than reading, Xia ruofei would also practice the movements demonstrated by the little golden man every day. Now that he had mastered the first set of movements, he would still practice for about half an hour every day before starting on the second set.

Just like the first set of movements, Xia ruofei had to suffer a lot for the second set of movements. The pain was unbearable for ordinary people, but Xia ruofei had a tough personality. He gritted his teeth and persevered. Now, he could hold on for about three minutes.

.....

Sanshan University's gardening club.

Jiang Yue was carefully tending to the pot of jade lion. This pot of jade lion that had won the gold Prize in the exhibition had become the treasure of the landscaper club after returning to Sanshan University after attending the exhibition. Other than Lu You and Jiang Yue, no one was allowed to get close to it. Even the president of the landscaper club, Xia Cheng, was no exception.

At this moment, a round – faced girl walked into the gardening club and greeted Jiang Yue. She then picked up a small flower shovel beside Jiang Yue and was about to start working.

However, her movements slowed down and she took a closer look at Jiang Yue.

Jiang Yue felt a little embarrassed by the girl's stare. She lifted her head and asked, ""Ye Juan, what's wrong?"

This time, ye Juan saw it clearly. She looked at Jiang Yue's face and mumbled, ""Yue 'er, your skin is getting better! Even I can't help but be moved by her watery appearance ..."

Jiang Yue's face reddened and she smiled in embarrassment, ""It's not as exaggerated as you said. "

Her heart was filled with sweetness because she had used the jade skin ointment that Xia ruofei had given her. That was why her skin was so good.

In her eyes, "brother Xia" seemed to be omnipotent. Needless to say, his skills were amazing. He had bravely defeated several armed criminals. He was so skilled in medicine, and he was also an expert in flowers and vegetables. Now, he had actually created a cosmetic product, and the effect was so immediate.

This made Jiang Yue's fanbase even deeper ...

"I'm not exaggerating!" Ye Juan said. Yue 'er, tell me honestly, what cosmetics have you been using recently? I also want to buy one. "

"I really don't. I never use makeup. You know that ..." Jiang Yue replied.

"That doesn't make sense ..." Ye Juan couldn't figure it out. After a while, she suddenly said, "I know! Yue 'er, you must be in love, right? It must be the nourishment of love that makes you so radiant! I didn't guess wrong, right?"

"Ye Juan, don't spout nonsense! I'm not in a relationship!" Jiang Yue blushed.

"You don't have to hide it ..." Ye Juan winked and said, "Yue 'er, tell me the truth. Is your boyfriend Mr. Xia?"

Xia ruofei was now very famous in the gardening club. Every student in the gardening club knew him. Ye Juan had also been to the flower exhibition that day, so she naturally knew Xia ruofei. She also knew the feelings Jiang Yue had for Xia ruofei.

Jiang Yue was even more embarrassed when she heard this and said, ""No, no, no... Damn ye Juan, who told you to talk nonsense ..."

The two girls were playing around in the gardening club, and their Bell – like laughter could be heard from time to time.

.....

At the three mountains Municipal Party committee's compound.

Outside the office of the municipal Party Committee Secretary, Secretary Xiao Mei was handling official business in an orderly manner. There was a soft knock on the door, and Xiao Mei raised her head.

### **Chapter 392: Quietly circulating (3)**

Xiao Mei immediately stood up when she saw who it was. She smiled warmly and greeted, "County Head Wu, you're here!"

The person who had come was Tian Huilan's former Secretary, the deputy head of Changping County, Wu Liqian.

With a smile on her face, she looked at her successor and asked, "Secretary, do you have time now?"

Wu Liqian had returned to the city to attend a meeting, so she had made an appointment with Tian Huilan in advance to report on her recent work. Ran ran wasn't working with the leader anymore, so she came over often to report to her. This was also the most common way to maintain a close relationship with the leader.

The leader might not care about the content of your report, but this attitude was very important.

"There are no visitors in the secretary's office. He should be free." Xiao Mei said very politely, "please wait a moment. I'll go in and ask for instructions."

"Thank you for your hard work, director Xiao." Wu Liqian said with a smile.

Xiao Mei gently knocked on the office door, then pushed the door open and walked in.

Soon, she came out and said to Wu Liqian, "County Head Wu, the Secretary has invited you in."

"Thank you!" Wu Liqian said with a smile.

Just as Wu Liqian was about to knock on the door, Xiao Mei suddenly said, "County Head Wu ..."

"What's the matter, director Xiao?" Wu Liqian asked as she retracted her hand.

Xiao Mei was a little embarrassed and said, "County Head Wu, you're the Secretary's old subordinate. When you go in later, can you ... Please ask the Secretary what cosmetics she's been using these few days?"

"Why are you asking me such a strange question all of a sudden?" Wu Liqian asked in confusion.

"Secretary, she ..." Xiao Mei said, "you'll know when you go in! If it's convenient, please help me ask! Please ... A few female colleagues in the CEO Secretariat would like to know ..."

It turned out that Tian Huilan had also been using the jade skin cream that Xia ruofei had asked Lu You to give her. At her age, she naturally paid great attention to maintaining her skin. When she heard from

her daughter that this was a face mask that Xia ruofei had personally made, her interest was immediately piqued and she started using it that night.

Tian Huilan had almost blind faith in Xia ruofei, a young man who had created miracles time and time again.

After using it for a few days, the effect was immediate. His skin seemed to glow with the luster of youth again, and he looked much younger.

The first to notice Tian Huilan's change were naturally the government officials who often had work contact with her, especially the female officials in the Secretariat. Of course, Xiao Mei, who was by Tian Huilan's side every day, was also there.

Women always had a strong interest in beauty, and the women in these organizations were no exception. However, Tian Huilan was a member of the Standing Committee of the Provincial Party Committee, a vice – provincial level leader with real power. She was usually full of authority, and the female officers, including Xiao Mei, naturally didn't dare to directly ask the Secretary what kind of cosmetics he used.

Therefore, these women were simply scratching their hearts and livers. Every day, they looked at Tian Huilan's radiant face and restored youth, but no one dared to ask. They thought that the magical cosmetics were going crazy.

After Xiao Mei saw Wu Liqian today, she finally had a glimmer of hope.

Wu Liqian had been by Tian Huilan's side for many years and was very close to her. She was now a powerful cadre in the county and could be considered a middle – Level leader in the city. She could definitely talk about some private topics with Tian Huilan.

That was why Xiao Mei had asked for his help.

Of course, this question was indeed a little strange to Wu Liqian.

She knocked on the door in confusion and walked into Tian Huilan's office.

"Little Wu, you're here? Come over and sit!" Tian Huilan raised her head and said with a kind smile.

When Tian Huilan raised her head, Wu Liqian's eyes widened. She immediately understood why Xiao Mei had asked her to ask that gossip – sounding question.

### **Chapter 393: Jaded skin ointment is on fire (1)**

Wu Liqian realized that Tian Huilan's change was too great. It wasn't as simple as her skin getting better, but her entire spirit was different. It was a feeling of being renewed from the inside out, as if she had suddenly become ten years younger.

Tian Huilan was naturally aware of this change, but she still felt a little embarrassed being stared at by Wu Liqian, even though she was also a woman.

Tian Huilan coughed and said, ""Little Wu, why are you in a daze? Don't you recognize me?"

Only then did Wu Liqian come back to her senses. If an ordinary person had lost their composure in front of Tian Huilan, they would definitely be scared to death, but Wu Liqian was different. She had been Tian Huilan's Secretary for several years, and Tian Huilan treated her like half a family member.

Therefore, after Wu Liqian came to her senses, she was not afraid. Instead, she smiled and said, "Secretary, I almost couldn't recognize you ... For a moment, I even thought that Youyou was sitting in your office and playing tricks on me!"

This flattery ... Wu Liqian's words were indeed a little exaggerated. Tian Huilan was already in her forties. No matter how well she took care of herself, it was impossible for her to look like Lu You, who was in her early twenties. However, with Tian Huilan's current appearance, if she were to walk out with Lu You, there was a high probability that people would mistake them for sisters.

Tian Huilan gave Wu Liqian a reproachful look and said, "You little Wu ... You're a Deputy department leader now, but why are you getting more and more glib with your words?"

Wu Liqian smiled in embarrassment and sat down on the chair in front of Tian Huilan's desk. She said, "Secretary, you can't blame me for this ... It's only been half a month since I last saw you, and you've changed so much! Secretary, please teach me some maintenance tips ..."

Tian Huilan looked at Wu Liqian with a faint smile and said, "You're so young, what do you need to take care of?"

"Secretary, I'm not young anymore!" Wu Liqian immediately said. Now, if I stay up a little late, my skin will be extremely dry. If this continues, I really won't be able to get married ..."

"You've really reminded me!" Tian Huilan said, "when are you going to solve your personal problem? You're already a Deputy – Level leader now. If you don't solve your personal problems, be careful that it will affect your growth and progress in the future!"

Wu Liqian awkwardly avoided Tian Huilan's gaze and said, "Secretary, we haven't met a suitable one, have we? Feelings are something that can only be left to fate, and can not be forced. "

"If you don't look for it yourself, will fate fall from the sky?" Tian Huilan said, "I think it's not that you haven't met a suitable one. It's just that you can't get over the hurdle in your heart! Little Wu ... You still haven't let go of what happened back then?"

Wu Liqian's eyes turned red, but she quickly forced a smile and said, "Secretary, didn't we just talk about maintenance? Why is it my personal problem again? Are you trying to change the topic because you don't want to reveal your secret?"

Tian Huilan glanced at Wu Liqian with a half – Smile and didn't bring up this topic again.

Tian Huilan naturally knew this old subordinate of hers quite well. She even knew her past very well. She knew that she could only rely on herself when it came to matters of the heart, and no one else could help her. Even if she was a member of the Standing Committee of the Provincial Party Committee, it was impossible for her to give an administrative order to Wu Liqian to immediately find someone to marry!

"There's no such thing as a secret!" Tian Huilan smiled gracefully and said, "I just used a Facial Mask. Youyou gave it to me!"

“Facial Mask? What kind of Facial Mask has such a magical effect?” Wu Liqian’s eyes lit up and she asked, “Secretary, can you tell me the brand of this mask?” I’ll try buying some too ... Even if it’s a world – Class brand, I’ll grit my teeth and buy it!”

Tian Huilan couldn’t help but laugh. “This mask can’t be bought on the market. However, if you want it, you can try to find Xiao Xia ...”

“Little Xia? Xia ruofei?” Wu Liqian said in surprise, “this has something to do with him?”

“En!” Tian Huilan nodded. Youyou told me that this mask was made by Xiaoxia herself. It’s purely made from Chinese medicine. I tried it for a few days, but I didn’t expect it to be so effective. ”

“This guy actually has this kind of ability ...” Wu Liqian was surprised. Of course, she was also very tempted.

Wu Liqian suddenly realized that she had been in Tian Huilan’s office for a while and had been talking nonsense. The Secretary’s time was very precious, and there might be people waiting outside to report their work. She quickly said, “Secretary, let me report to you about the recent work in Changping County!”

Tian Huilan smiled and nodded, so Wu Liqian immediately began to report. She didn’t even take a script and just started to report. She was very organized and clear, and all the data was as if she knew it very well. Tian Huilan couldn’t help but nod secretly. She could see that after her old subordinate came to work in Changping County, she had entered the working state very quickly and had obviously established a firm foothold in Changping County.

The more grassroots one was, the more brutal the political struggle was. Many of the members of the team in Changping County were local cadres. A few of them had grown up step by step from the town level or even the village level. They had a great influence in the local area. Tian Huilan was quite pleased that Wu Liqian was able to control the situation in such a short time.

#### **Chapter 394: Jaded skin ointment is on fire (2)**

In the secretary’s office.

Chief Cai from the Sanshan city’s Bureau of finance was waiting. He had been there for more than ten minutes, but there was still no movement from Tian Huilan’s office.

“Director Xiao, when will Secretary Tian be free?” chief Cai couldn’t help asking.

Xiao Mei replied politely, “director Cai, I’m not too sure about this. There are visitors to the secretary’s office. I can’t confirm the exact time.”

“Then ... May I ask, who is the person in the secretary’s office now?” Chief Cai asked.

“It’s the deputy head of Changping County, Wu Liqian,” Xiao Mei said.

“Oh ... Thank you!” Bureau chief Cai sighed.

He had no choice but to continue waiting. Chief Cai naturally knew Wu Liqian. To be precise, there was no cadre in Sanshan city who did not know Wu Liqian’s name. She had been by Secretary Tian’s side

when he was the mayor. Everyone knew that although Secretary Tian's Secretary had been replaced by Xiao Mei, Wu Liqian was still the cadre closest to him.

Other people might need to make an appointment to come over, and there was a time limit for reporting work, but Wu Liqian certainly did not have these restrictions.

Even if something major happened, chief Cai wouldn't dare to let Xiao Mei go in and urge her.

Fortunately, he didn't have to wait too long. About ten minutes later, the door to Tian Huilan's office opened. Wu Liqian walked out and closed the door gently.

"County Head Wu, how are you?" Chief Cai came up and greeted him.

"Chief Cai, I'm sorry. I spoke to the Secretary for a while and took up your precious time." Wu Liqian said with a smile.

"It's fine, it's fine ..." Bureau chief Cai said quickly.

Even though he was the God of Fortune of Sanshan city and was half a level higher than Wu Liqian, he still didn't dare to act arrogantly in front of her.

While the two of them were chatting, Xiao Mei had already gone in to report. She came out and said, "Chief Cai, the Secretary invites you in. However, she needs to attend a meeting in 20 minutes. Please control the time to around 15 minutes."

"Okay, thank you, director Xiao!" Chief Cai said quickly.

Then, she greeted Wu Liqian and hurriedly knocked on Tian Huilan's office door.

Xiao Mei pulled Wu Liqian aside and asked in a low voice, "County Head Wu, did you ask the Secretary about the cosmetics?"

"I'm afraid you'll be disappointed, director Xiao," Wu Liqian said with a smile. The Secretary did use a face mask, but it's not available on the market. It was handmade by her friend, so ..."

Wu Liqian shrugged her shoulders.

"Oh, I see ..." Xiao Mei said with disappointment, "thank you, Mayor Wu!"

"You're welcome. I'll go back first!" Wu Liqian said with a smile.

"Take care!"

.....

On the outskirts of San Shan city, Xia ruofei's rented warehouse was already filled with huge wine jars.

Xia ruofei watched as the big truck with the wine left. He turned back to the warehouse and locked the door from the inside.

Over the past few days, the winery had already stored about 90 tons of Drunken Eight Immortals white wine into large wine jars and transported them to the warehouse in batches.

Most of the wine was stored in ordinary wine jars of 500 catties, and about 20 tons were stored in wine jars of different glaze colors. In addition to the color difference, these wine jars were also attached with obvious labels and dates, which were easy to see at a glance.

The ordinary wine jars contained the kind of Drunken Eight Immortals that would be sold to the public in the future after a month of improvement.

Among the 20 tons, 15 tons were in the three – month improvement period, and the other five tons were in the improvement period of five months.

In the future, the winery would transport 100 tons of white wine every month. Among them, the number of white wine that needed to be improved for three months, five months, and a year was fixed. The remaining 80 tons would be sold on the market in a month.

Xia ruofei started to store the large wine jars into the spirit map space.

With a thought, the large wine jars in the warehouse disappeared into thin air one after another. If anyone saw this scene, they would be so shocked that their jaws would drop.

Although Xia ruofei did not summon the spirit map, there were huge wine jars in the original space of the spirit map.

And these large wine jars were all arranged according to Xia ruofei's wishes.

The white wine jars with three to five months of improvement time were placed together with the one year wine jar on the empty space near the space membrane.

The one – month wine jars were neatly stacked on the other side of the space, almost close to the space membrane wall.

Although the original space was only eight mu in size, Xia ruofei had only developed and utilized a small part of the land with the spatial spirit pond as the center. A large amount of land on the periphery was empty, so there was no problem for the wine jars to be placed on the ground.

In the future, if Xia ruofei continued to develop the original space and there was not enough land, it would not be too late for him to consider stacking these wine jars together.

After collecting the last big wine jar, Xia ruofei still felt a little tired even though his spiritual power had increased greatly. After all, the wine in the wine jar was five hundred catties heavy. Including the weight of the wine jar itself, it was at least six to seven hundred catties. With so many of them, even if Xia ruofei's spiritual power was strong, he still felt that it was a little too much.

He was still too weak! Xia ruofei said in his heart.

Fortunately, he already had two prescriptions that could continuously strengthen his physical fitness and mental power.

### **Chapter 395: Jaded skin ointment is on fire (3)**

Now that a week had passed, Xia ruofei could take the soup again.

The body tempering soup was to be taken every five days. Two days ago, Xia ruofei had made a new bowl of body tempering soup and drank it. After the pain, his strength had improved again. He could only hold on for three to four minutes for the second set of movements. Now, he could hold on for about ten minutes. He had improved by a lot.

Now that Xia ruofei had kept the wine jar, he could not wait to return to the farm.

This was because he wanted to brew the pregnancy soup again.

Compared to his physical fitness, he was more interested in the training of his spiritual power.

This was because he realized that his control of the spirit map space was closely related to his spiritual power.

In addition, there were more contents in the booklet in the stone room of the cave in the new space waiting for him to explore.

On top of that, there were a few other items on the stone platform. Whether it was the Jade token or the jade box, Xia ruofei was extremely envious. He had to use his mental energy to decipher them one by one.

He took a look at the warehouse, which was empty except for the forklift, and walked over to open the door and leave the warehouse.

Xia ruofei locked the door and was about to get into the car when his phone rang.

He took a look at the caller ID and revealed a surprised expression.

Xia ruofei pressed the answer button and said, "Hello, sis Wu!"

"Xiao Xia, didn't you invite me to visit your farm last time?" Wu Liqian said, "I'm free these two days ..."

Xia ruofei said happily, "welcome!" Sis Wu, when are you going over? I need to make some preparations."

"What's there to prepare? I'm just here to take a look ..." Wu Liqian said.

"Of course, of course. It's not easy for a busy man like you to come here. As the host, I should at least treat you to a taste of my Taoyuan series of agricultural products!" Xia ruofei said.

"Then ... I'll go over in the afternoon!" Wu Liqian said.

"Alright! I'm still in the city, but I'll be back at the farm in a while." Xia ruofei said.

"Okay, okay." Wu Liqian said.

Xia ruofei could tell that Wu Liqian was not paying attention. He couldn't help but ask, "Sis Wu, is there anything else you need?"

"Ah?" Wu Liqian said, "it's nothing ..."

In fact, she wanted to ask about the facial mask when she called, but she was a little embarrassed and didn't know how to say it.

“Sis Wu, you’re not treating me as a friend!” Xia ruofei sighed and said, “since you’re looking for me, don’t hide it from me. We don’t have to be so formal, right?”

“Xia, actually ... I want to ask about the facial mask, the one you gave to Secretary Tian ...” Wu Liqian said quickly.

Xia ruofei smiled when he heard that. In fact, he had already guessed it, so he immediately said, “Sis Wu, that mask is called jade skin cream, and I made it by hand. I’ve already prepared one for you, and I was just about to send it to you! I didn’t expect you to call me ...”

The jade skin ointment that Xia ruofei had brewed was originally prepared to be given to others. He would definitely not leave out his female friends and elders like Tian Huilan and Wu Liqian, who were close to him.

Wu Liqian said happily, “Really? Little Xia, you’re really interesting!”

Xia ruofei laughed. “Sis Wu, I won’t be sending it over then. I’ll give it to you when you come to the farm in the afternoon.”

“Alright, alright, alright. I’ll come over after lunch!” Wu Liqian said quickly.

In fact, Wu Liqian would have gone to the farm immediately if she hadn’t said that she would be there in the afternoon.

This kind of cosmetics with unbelievable effects was absolutely fatal to women. Even as a Deputy Director, Wu Liqian couldn’t resist it.

After hanging up the phone, Xia ruofei smiled and shook his head. He opened the door of Knight XV and sat in the driver’s seat.

He didn’t deliberately promote the jade skin cream, but such a good thing didn’t need to be promoted at all. It was passed on by word of mouth between friends, and soon, many people would know about it.

However, Xia ruofei did not expect the process to be so fast.

After he got into the car, his phone rang again before he could start it.

Xia ruofei was fastening his seat belt. After he fastened his seat belt, he took out his phone from the storage compartment and glanced at it. It was a call from Tian Huilan. Xia ruofei quickly pressed the answer button.

“Hello, Secretary Tian!” Xia ruofei said politely.

“RUO Fei! Thank you for the mask! “It’s very effective ...” Tian Huilan said affectionately.

“Secretary Tian, you’re too polite. This is just a small token of my appreciation. It’s not worth mentioning,” Xia ruofei said with a smile.

“Ruofei, do you have any more of that Facial Mask?” Tian Huilan was a little embarrassed as she said, “it’s like this. I had a video call with my sister Huixin today. She saw that I changed a lot after using a Facial Mask. She heard that I used a Facial Mask, so she insisted that I get her one too ...”

"I see! No problem, I still have some on hand, I'll send them to you later. " Xia ruofei smiled and said,"however, this mask has to be kept fresh. If you want to send it to Hong Kong, it's best to use the cold chain transportation."

"I'm really grateful!" Tian Huilan said happily,"Xiao Xia, you don't have to trouble yourself with this. I'll get Youyou to get it from your farm!"

"That's fine too," Xia ruofei smiled and said,"Secretary Tian, the effect of this mask will be better if you use it a few more times. I'll get you a few more!" You can keep it for yourself or give it to someone else. This Facial Mask is made of pure Chinese medicine ingredients and can be used on any skin type. It also has no toxic side effects. "

"Alright, alright. Thank you, ruofei!" Tian Huilan said happily, her tone even more cordial.

"You're welcome,"

Xia ruofei couldn't help but sigh after he hung up the phone. Was this Facial Mask really that magical to women? Even Tian Huilan, who was a member of the Provincial Party Committee, had personally called.

He shook his head with a smile and started the car.

However, before he could start, his phone rang again.

Xia ruofei could not help but smile bitterly. He picked up his phone again and was shocked when he saw that it was elder song's eldest son, song Zhengping, the Chief Judge of the xiangnan province.

"This time, it shouldn't be for the jade skin ointment, right?" Xia ruofei mumbled to himself as he picked up the phone.

### **Chapter 396: booklet's third page\_1**

"Hello, Chief Judge song." Xia ruofei answered the phone.

"How are you, RUO Fei!" "Have you been busy with work recently?" song Zhengping asked in a friendly tone.

In the past, song Zhengping and Tian Huilan had addressed Xia ruofei as "little Xia." Today, Tian Huilan had changed to the more intimate "ruofei", which had already surprised Xia ruofei. He didn't expect song Zhengping to change his way of addressing him as well.

Xia ruofei felt that there was something wrong with the world.

However, he still politely said,""It's alright, it's just the farm stuff! Thank you for your concern, Chief Judge song. "

"I heard from my father that you've been treating uncle li recently. Thank you for your hard work!" Song Zhengping said.

"You're too polite. " Xia ruofei said.

After the two of them exchanged some pleasantries, song Zhengping finally revealed his purpose of visit, somewhat embarrassed.

What made Xia ruofei's jaw drop was that he was also making the call for the jade skin ointment.

As it turned out, elder song was recuperating in Sanshan city. As the governor of a province and a high – ranking official of the border, song Zhengping naturally couldn't visit him often. Therefore, his wife, as his daughter – in – Law, came to the southeast province a few days ago to visit elder song and fulfill her filial duty by his side.

Of course, Mrs. Song was also worried about her only son, song Rui, being in Sanshan city.

Tian Huilan had a very close relationship with the song family. In a sense, she was also part of the song family. Therefore, since Madam song had come to the three mountains, as the host, she naturally had to come out and entertain her.

When the two women met, they naturally didn't talk about national affairs. In addition, after Tian Huilan had used the jade skin ointment these few days, the effects were simply too amazing. Madam song couldn't help but ask her for a secret skin care recipe.

Tian Huilan was well aware of Xia ruofei's relationship with the song family, so she didn't hide anything from Madam song. She told her everything and told her that the person who made the jade skin ointment had a close relationship with the song family. It was the young Chinese medical doctor Who had cured elder Song, Xia ruofei.

Mrs. Song couldn't forget the miraculous Jade skin cream. After returning to the Gu Ling courtyard, she called song Zhengping, who was far away in xiangnan. Over the phone, she ordered song Zhengping to get her a portion of the Jade skin cream.

Although song Zhengping was a high – ranking official of the border and was naturally awe – inspiring in front of the officials and people of xiangnan province, he was a little afraid of his own family. He did not dare to refuse his wife's request.

Hence, after a long internal struggle at work, song Zhengping decided to call Xia ruofei.

To be honest, song Zhengping was a little embarrassed. The dignified provincial judge had actually called a young man personally for a Facial Mask. Even he felt a little embarrassed.

Xia ruofei immediately smiled and said, ""Chief Judge song, so Mrs. Song is also in Sanshan city! I didn't know about it before, otherwise I would have taken the initiative to give her a set. I'm so rude ..."

"Ruofei, please don't say that." Song Zhengping said, "my wife only arrived at San Shan yesterday. After having dinner with comrade Huilan, she came back and kept asking me to get that face mask from you. I'm really embarrassed to say this ..."

"Hey! Governor song, even if Madam song didn't say it, I would still give it to her." Xia ruofei said, "this jadeskin ointment is very effective for middle – aged and elderly women's skin and body. I was planning to give some to my elders and friends. Since Madam song is at San Shan, I'll send it to Gu Ling courtyard today!"

"There's no need to. I've already troubled you enough." Song Zhengping said, "if you have ready – made jade skin ointment, I'll get Xiao Rui to go to your farm to get it. He can also visit uncle li. This child is so

insensible. Uncle Li has been living on your farm for so many days, but he didn't even say that he wanted to visit ..."

"That's fine. Tell Song Rui to give me a call before he comes over." Xia Ruofei said, "I've been a little busy recently. I've been running between the city and the farm. I don't want to waste my time."

"Alright, thank you, Ruofei!" Song Zhengping said affectionately.

"You're welcome, you're welcome," Xia Ruofei said with a smile.

After hanging up the phone, Xia Ruofei's expression was a little strange. He had not even started promoting the Jaded Skin Cream! In a short while, he had received several phone calls. It seemed that he had underestimated the Fatal Attraction of a phenomenal cosmetic product to women!

"There shouldn't be any more calls for me now, right?" Xia Ruofei smiled bitterly as he muttered to himself.

As he put the phone back into the storage compartment, he changed gears and stepped on the gas, driving away from the empty warehouse.

As Xia Ruofei drove, he said in his heart, "It seemed that he would have to make more Jaded Skin Ointment when he returned.

This was nothing to Xia Ruofei. After all, it was the same as chasing one sheep or a herd of sheep. The production of Jaded Skin Ointment was not difficult, just that it would take some time.

Xia Ruofei calculated in his heart. He decided not to go back to the farm first. Instead, he went to buy a larger claypot and some other tools for decocting the medicine. This way, he could decoct at least 30 portions of Jushi Ointment at a time, which would greatly improve the efficiency.

After driving back to the farm, Xia Ruofei locked himself in his room and entered the Spirit Map space to start brewing the Jaded Skin Ointment again.

More than an hour later, 30 portions of Jaded Skin Ointment were freshly made.

### **Chapter 397: booklet's third page 2**

A few days ago, Xia Ruofei had thought that if he wanted to give away the Jaded Skin Ointment, it would not be good to keep it in a preservation box. So, he ordered a batch of small round ceramic jars online. These ceramic jars were just enough to hold a portion of Jaded Skin Ointment. There was also a lid with a rubber seal, which was very practical.

The ceramic jars had already arrived yesterday, and they could be put to use today.

Xia Ruofei divided the newly brewed Jaded Skin Ointment into 30 equal portions and placed each portion into a small porcelain jar. Then, he placed the Jaded Skin Ointment that had been placed in a large preservation box last time and had not had time to separate into smaller portions into the porcelain jar as well.

In this way, he had 37 portions of Jaded Skin Cream on hand, which could at least be dealt with in the short term.

After putting the jaded skin ointment in the box, Xia ruofei started to make the pregnancy soup.

It had been a week since he last drank the soup, and he could drink it again today. He couldn't wait to drink it.

With the experience from the last time, Xia ruofei skillfully found the required Chinese medicinal herbs according to their respective quantities. Then, he carefully took out the spirit heart fruit from the preservation box, cut a piece from it with a military dagger, and put it into the claypot.

Xia ruofei first closed his eyes and went through the refining process in his mind. After making sure that there were no mistakes, he began to refine it skillfully.

Half an hour later, Xia ruofei was holding a small bowl of fragrant herbal soup. He took a deep breath and drank the whole bowl of soup.

Xia ruofei sat down cross – legged and closed his eyes.

With the previous experience, Xia ruofei was very confident. The medicinal properties of the gestation soup were very mild. Compared to the body tempering soup, it was simply a world of difference. It also did not have any danger.

The familiar cool air began to rise from his abdomen and slowly gathered in his brain.

Xia ruofei was suddenly enlightened. He felt that his thoughts were more than ten times clearer than before. In the fish pond far away, a big grass fish jumped out of the water, causing a little splash. In the small fish pond, a young red Dragon shook its tail and shot towards its prey. These images were all imprinted in Xia ruofei's mind.

He could even clearly sense the slight movement of the fog – like spiritual energy in the space.

Although he could only experience this when he was drinking the soup, Xia ruofei still felt very good.

He knew that one day, when his spiritual power reached a certain level, he could enter this state at any time if he wanted to.

After an unknown amount of time, the last bit of cool feeling disappeared. Xia ruofei knew that he had absorbed all the medicinal properties.

He didn't get up. Instead, he teleported to the stone room in the new space.

Xia ruofei walked to the front of the stone platform. Although he knew that there was not much hope, he still tried to crack the light curtain closest to the original booklet. There was an antique jade card inside. According to the rules, this light curtain should be the easiest to crack.

However, as Xia ruofei released his spiritual power, the light curtain only caved in a little. No matter how hard he tried, the tough light curtain did not break at all.

Xia ruofei tried it for a while and then retracted his spiritual power.

Since his spiritual power was still not strong enough, there was no need to waste any more energy.

He picked up the booklet and flipped to the third page.

Then, Xia ruofei took a deep breath and released his spiritual power without holding back. The Golden stripes on the page started to move slowly.

Xia ruofei could clearly feel that it was easier than the last time. As the Golden stripes moved, the obvious sense of delay had weakened.

His spirit was roused, and he continued to maintain the high – pressure posture. His mental power was continuously transmitted to the page as if it was free.

The Golden stripes began to slowly break down and assemble, and then began to form golden characters on the page. This speed was also much faster than last time.

As time passed, more and more golden words appeared on the page.

But at the same time, Xia ruofei was starting to have a hard time continuing. Beads of sweat appeared on his forehead.

At this time, most of the page was already occupied by words. However, these words were not displayed in order from beginning to end, so there were still some empty places in the middle. Golden stripes were constantly surging, breaking down, and combining ...

Xia ruofei's hands were trembling. He couldn't even read the words on the page. He was highly focused and was pouring out all his spiritual power.

However, he was still a little short.

Xia ruofei felt a sharp pain in his head. He was suddenly alert and immediately stopped his desperate attempt. If he did not stop immediately, it was very likely to cause irreversible damage to his brain.

Anyway, he could continue to take the soup after a week. If it didn't work this time, he would try it next time. There was no need to work so hard. Otherwise, it would cause harm to his body, and it would really not be worth it.

As soon as Xia ruofei retracted his spiritual energy, the Golden words on the page began to disintegrate rapidly.

At that moment, Xia ruofei tried his best to memorize the words. Although the words took a long time to form, they were broken down in an instant. Xia ruofei could only see a few words.

In addition, there were many gaps in the text, so Xia ruofei had limited information.

However, he could tell that it was not a prescription. There were some drawings on it, as well as the names and illustrations of several minerals.

Besides, Xia ruofei saw the words on the last line. It was obvious that the content on this page was incomplete. In other words, the third and fourth pages, or even more pages, could form the complete content.

Xia ruofei did not feel dejected. On the contrary, he was quite excited.

The more and more complicated the content recorded on the page, the more benefits he could obtain.

It didn't matter if he couldn't see it for the time being. As long as he continued to use the spirit nourishment soup to improve his mental power level, it would only be a matter of time before he could crack the three light screens on the stone platform, let alone the contents of this booklet.

This was like a person inheriting an inheritance, but the person who left the inheritance to him clearly stated in his will that only when the heir reached the age of 10 could he receive a few percent of the inheritance, and until the age of 10 could he fully inherit it.

These legacies were always there, and no one could snatch them away.

Xia ruofei also speculated that the contents were similar to engineering drawings, which seemed to be made of some minerals and other materials.

This piqued Xia ruofei's interest even more. Something that Qianqian could record in this booklet, and it was even after the body tempering soup and the spirit nourishing soup, must not be simple.

He desperately hoped that time would pass faster, and it would be best if it was a week later. That way, he could completely restore the contents of the third page.

Xia ruofei put the booklet back to its original place reluctantly. Then, he leaped onto the stone bed and sat cross – legged on the futon. When his spiritual power had fully recovered, he left the spirit map space with a thought.

Not long after lunch, Wu Liqian arrived at the farm.

This time, she was driving a white Buick Kaiyue.

After Xia ruofei ordered the gate to let them in, he went to the villa's yard to wait. As soon as Wu Liqian's car stopped, he went up to her with a smile.

Wu Liqian opened the door and stepped out of the car.

She was wearing a long black trench coat today, and her long hair was not tied up. It hung down casually and was gently lifted by the wind. She raised her hand to gently tidy up her hair that was blown by the wind, revealing her delicate face.

Wu Liqian looked to be at most 27 or 28 years old. With her youthful appearance today, people who didn't know her would never believe that this delicate and beautiful woman was actually the deputy head of the Changping County. She was definitely a powerful Deputy – Level leader.

"Big sis Wu, welcome to our Paradise Farm for inspection and guidance!" Xia ruofei said with a smile.

### **Chapter 398: County Head Wu's inspection (1)**

Wu Liqian pursed her lips and smiled. "I'm not here to inspect and give guidance. I'm here to eat and take my card. I want an evil guest!"

Xia ruofei couldn't help but laugh. "I'd welcome you to eat and take cards! It was rare for big sis Wu to visit! If it wasn't for the jade skin cream, I don't know when you'd remember this little farm of mine!"

Wu Liqian couldn't help but blush. She wasn't embarrassed that Xia ruofei had hit the nail on the head. In fact, she had wanted to visit Xia ruofei's farm for a long time. However, she had been busy opening up

a new job in Changping County and had been physically and mentally exhausted. She had not been able to free herself.

Xia ruofei was just joking. When he saw that Wu Liqian didn't say anything, he immediately smiled and changed the topic. "Sis Wu, since you're here, let me show you around the farm!" He said.

"Alright!" Wu Liqian said immediately.

Thus, the two of them walked out of the villa together.

Xia ruofei and Wu Liqian walked side by side on the path in the farm. The sun shone on them and they felt warm.

The air in the farm was very fresh, and the greenery was very well done. Sometimes, she could even see the coastline in the distance. Wu Liqian felt very relaxed. She had not been in this state for a long time.

After coming to work in Changping County, it was as if she had entered a Whirlpool of undercurrents. For a weak woman to fight for a position in the dangerous officialdom, one could imagine the hardships.

It could be said that Wu Liqian's nerves had always been in a very tense state. Today, she had come to the farm for the jaded skin ointment, but she had unexpectedly been able to relax both physically and mentally.

Wu Liqian felt very comfortable in this state.

Xia ruofei walked beside Wu Liqian and introduced the farm to her. The two of them were very close to each other. Occasionally, their shoulders would touch. However, they were very natural and did not feel uncomfortable.

Wu Liqian felt that Xia ruofei had a very clean, fresh, and sunny aura. Walking beside Xia ruofei made her heart feel much calmer.

"Sis Wu, our vegetable greenhouse is just up ahead." With a warm smile on his face, Xia ruofei said, "currently, our main business is here. Every day, we will continuously export paradise brand vegetables."

"Oh, really? Then I'll have to take a good look!" Wu Liqian smiled sweetly and said, "Taoyuan vegetables' name is well-known in Sanshan city! But it's too expensive, I can't even bear to eat it a few times a month!"

Xia ruofei laughed and said, "of course, good things are expensive!" But if sis Wu wants to eat Taoyuan vegetables, you don't have to go to the store. Just give me a call and I'll get someone to send it to you. There'll definitely be enough!"

"That won't do! A catty of your vegetables should be worth at least tens of Yuan!" Wu Liqian said, "how can I just ask you for it?"

"Even if it's a few hundred or a few thousand Yuan per 500 grams, sis Wu can eat as much as she wants!" Xia ruofei said straightforwardly, "if it wasn't for sis Wu's help, I wouldn't have been able to rent such a good place and buy such a suitable villa!"

"This isn't my credit. I'm just responsible for setting up the bridge." Wu Liqian smiled and said, "you spent real money on the villa, and the land here is barren. If you rent it, the village would be dying to have it!" Not only did it bring benefits to the village, but it also solved a lot of employment problems! From this point of view, I have to thank you!"

"After becoming a parent official, his awareness is really different!" Xia ruofei laughed.

"Are you looking for a beating?" Wu Liqian couldn't help but glare at Xia ruofei and said coyly.

He had to admit that Wu Liqian had taken good care of herself. Her beautiful face revealed a little girlish look. She did not have the demeanor of a successful woman in politics at all. However, she had a different kind of charm. Xia ruofei could not help but be dazed.

Wu Liqian blushed slightly, but she was not upset by Xia ruofei's momentary daze. In fact, Xia ruofei's eyes were clear and clean, full of pure admiration, without a trace of evil thoughts. Wu Liqian could feel this.

Wu Liqian's heartstrings trembled slightly. Her heart had long been frozen, but at this moment, a crack seemed to appear in the layers of ice.

Wu Liqian walked a few steps forward unnaturally and said, ""Xiao Xia, quickly bring me in to take a look!"

The slight awkwardness was resolved just like that.

Xia ruofei pushed open the door of the greenhouse and led Wu Liqian in.

It just so happened that Cao tieshu was working in the greenhouse with his workers. The price of these vegetables was so high, and Cao tieshu and the others also knew how precious they were. Thus, they took care of them meticulously. The work that could normally be done in two or three steps in their own fields became very careful and meticulous here.

Seeing Xia ruofei enter, Cao tieshu quickly stood up and greeted him.

Xia ruofei smiled and waved his hand to let them continue with their work. He did not introduce Wu Liqian to Cao tieshu and the others. After all, this was Wu Liqian's first personal visit.

However, someone quickly recognized Wu Liqian.

Luo Dali was forty – five years old this year. He had once been a village correspondent. In his own words, he had once been a village cadre.

### **Chapter 399: County Head Wu's inspection (2)**

Luo Dali was different from Cao tieshu and the others. As a village leader, he liked to watch the news when he had nothing to do at home. He did not recognize Wu Liqian when she entered the house, but he could not help but take a few more glances at the beautiful woman who followed his boss in.

The more Luo Dali looked at her, the more he found her familiar. In the end, he suddenly thought, 'isn't she the beautiful County Head who appears on the county TV news almost every day?'

"Isn't this County Head Wu?" he couldn't help but exclaim.

Cao tieshu, who had just bent down, couldn't help but frown."Dali, what County Head Wu?"

Luo Dali quickly pouted at Wu Liqian and said,""Old Cao, over there! That's the new mayor Wu!"

Cao tieshu turned his head in surprise and looked at Wu Liqian.

He didn't usually pay much attention to the news. In fact, most farmers lived in this way. Many of them didn't even know who the head of the village was, let alone the Secretary of the county.

Wu Liqian smiled bitterly. Xia ruofei shrugged and said in a low voice,""Sis Wu, I'm not betraying you ..."

Wu Liqian quickly rolled her eyes at Xia ruofei. Then, she put on a kind smile and walked over to him."Hello, fellow villagers!"

"County Head Wu, it's really you!" Luo Dali said excitedly as he rubbed his hands.

As a former village cadre, the highest – ranking official he had ever seen was the head of the village. He had only seen her once from afar when he had gone to the village for a meeting as a correspondent. He had never expected to see the beautiful County Head that he could only see on TV today. Luo Dali felt like he was in a dream.

Cao tieshu and the others also greeted Wu Liqian. However, after knowing that this beautiful woman was actually the head of the county, the workers were a little restrained.

Wu Liqian had been a leader in the government for many years. She quickly changed to the role of a County Leader. She had an amiable smile on her face as she chatted with Cao tieshu and the others. She asked them about their family situation, their work here, their income, and so on.

In layman's terms, it meant that there were a few people in the family, a few acres of land per person, a few cattle in the field, and so on.

Cao tieshu and the others answered one by one with slight restraint. Wu Liqian also pretended to listen attentively, giving people a feeling of being very friendly.

In fact, this was a compulsory course for political figures. The higher the position of the leader, the more people would feel that he was like a gentle breeze and a light drizzle.

After chatting with Cao tieshu and the rest for a while, Wu Liqian left the greenhouse with Xia ruofei, saying that she would not disturb them from their work.

After Wu Liqian left, the tense atmosphere in the vegetable greenhouse that was about to freeze eased up immediately. Cao tieshu and the rest realized that their backs were covered in sweat, more than the amount they had sweated after working in the field for half a day.

"My God, our boss is really capable. He even managed to invite the county Head!" Cao tieshu muttered.

"Old Cao, if I didn't tell you, you wouldn't have known that he's our County Head!" Luo Dali said proudly.

"Only you can!" Cao tieshu said unhappily,"didn't you see that the boss didn't even introduce little Wu's identity? Maybe County Head Wu was traveling incognito! Now that you've exposed her, you can just wait for her to punish you!"

“Ah? It can’t be that serious, right?” Luo Dali’s face turned pale.

He thought about it carefully and felt that what Cao tieshu said made sense. He became even more uneasy.

At this moment, a worker named Xu Chuntian, who was in his fifties, laughed and said, “Dali, old Cao is just trying to scare you! You’re taking it seriously ... Little County Head Wu doesn’t put on any airs. Why would he blame you for such a small matter?”

Luo Dali felt a little more at ease. Then, his curiosity was aroused again. He looked in the direction of the entrance of the vegetable greenhouse and said in a low voice, “Eh? Do you think this County Head Wu and our boss are a couple? You don’t say, the two of them really look quite compatible when they stand there!”

Cao tieshu glared at Luo Dali and said, “Dali, why don’t you shut your mouth? Could such words be said carelessly? It’ll be terrible if the county Head hears this ...”

Xu Chuntian also said, “yeah!” Don’t say that. Isn’t our boss’s girlfriend that girl with the surname Ling?”

“I’m just saying ...” Luo Dali said with an embarrassed smile. “But County Head Wu is too young. It’s easy to misunderstand ...”

“You still dare to say that? You have nothing to do, right? Go and bring that bag of seeds over!” Cao tieshu glared at Luo Dali and said.

“Everyone, stop spreading rumors!” He shouted. “Get to work!”

On the other hand, Xia ruofei brought Wu Liqian around the construction site. Then, the two of them went to the orchard on the mountain and finally found a place near the water tower to rest.

Xia ruofei carefully brushed the dust off the stone and took out two pieces of facial tissues to spread on it. Then, he invited Wu Liqian to sit down.

Wu Liqian enjoyed the feeling of being taken care of. She smiled and said, “Thank you!”

After Wu Liqian sat down, Xia ruofei naturally sat down on her left side.

Wu Liqian looked at the sea in the distance and said, “Xiao Xia, I’m really envious of you. You have your own farm. Your place is really like a paradise, facing the sea every day. You’re like a god!”

### **Chapter 400: County Head Wu’s inspection (3)**

Xia ruofei chuckled and said, “sis Wu, I don’t know how many people are envious of you!” You’re so young and you’re already the executive Vice – Head of the county. This is a position that many people can’t get in their entire lives!”

Wu Liqian laughed and said, “Let’s not be envious. Every family has its own problems. I know you must have your own troubles. How can anything in this world be perfect?”

Xia ruofei immediately put on a sad face and said, “Yup! I’ve been quite annoyed recently too ...”

Wu Liqian naturally asked, “Oh? What’s bothering you? Tell me about it, sis Wu. ”

Xia ruofei sighed and said, ""Sigh, I'm too handsome. Recently, many girls have taken the initiative to throw themselves into my arms. It's so annoying ..."

Only then did Wu Liqian realize that Xia ruofei was joking with her. She rolled her eyes at Xia ruofei and couldn't help but burst into laughter. "Little Xia, your smug look ... Is really shameless!"

Xia ruofei said innocently, "sis Wu, I'm just telling the truth!" Do you think ... It's my fault that I'm handsome?"

Wu Liqian laughed so hard that her body trembled. She was out of breath and couldn't speak for a long time.

"Xiao Xia, it's really a good decision to come to your side today. I feel like I haven't laughed as much as I did today in a month. My mood has suddenly turned sunny!" Wu Liqian said.

Xia ruofei chuckled and said, "sis Wu, then you should come here more often in the future!" You're always welcome here. "

Wu Liqian nodded seriously, then she stood up and said, ""Xia, I should go back. There are many things to do in the county. I can't be away for too long."

"Have dinner before you leave!" Xia ruofei quickly replied, "I've prepared everything."

"No, I'll eat it next time!" Wu Liqian smiled and said, "wait until I find time to take a few days off. I'll stay here every day and eat you poor!"

"Alright! I can't ask for more, but I'm afraid you won't be able to make me poor!" Xia ruofei laughed.

Since Wu Liqian insisted on leaving, Xia ruofei did not ask her to stay. The two of them walked down the mountain together.

After returning to the villa, Xia ruofei asked Wu Liqian to wait in the yard for a while. After he entered the villa, he took out three portions of jaded skin ointment from the spirit map space. Then, he took out some Taoyuan vegetables from the spirit map space and put them in a basket. He found a paper bag in the living room and put the jaded skin ointment in it. He walked out of the villa with one in each hand.

This time, Xia ruofei had made 30 servings, so he was very generous and gave Wu Liqian three servings at once.

"Sis Wu, there are three portions of jadeshi ointment in here. You can use it first." Xia ruofei said, "each portion can be used five times. Just use it before bed every day." In addition, these vegetables are all produced by us. You can take them back and try them. "

"Thank you!" Wu Liqian didn't refuse and took the paper bag as if she had received a treasure. Ever since she saw the magical effect of the jaded skin cream on Tian Huilan, she had been thinking about this matter. She couldn't wait to try it.

As for the basket that contained the Taoyuan vegetables, her gaze never fell on it. Xia ruofei smiled bitterly and opened the front passenger door to let her in.

Xia ruofei then explained to Wu Liqian how to use the jade skin cream. After that, he shook hands with Wu Liqian and stood in the villa's courtyard to see her car off.

Xia ruofei had received a few calls asking for the jade skin cream today. He thought that Lu You would be the next one to come to his place besides Wu Liqian. After all, this girl had already used the jade skin cream and was very clear about the magical effects of the jade skin cream. This time, Tian Huilan had asked her to come and get it again. She would definitely be very enthusiastic.

However, Xia ruofei's judgment was wrong. Not long after Wu Liqian left, Tao Yuan farm welcomed a new guest. However, it was not Lu You.

It was Song Rui, and he didn't come alone.
