

God tier Farm 401

Chapter 401: I'm still a child (1)

When song Rui was about to reach Tao Yuan farm, he called Xia ruofei. Xia ruofei informed the security guard at the entrance. He thought that song Rui came alone. However, when the black Mercedes – Benz arrived at the villa's courtyard, Xia ruofei was shocked to see a middle – aged woman with an air of nobility getting out of the car.

However, he quickly reacted and walked forward with a smile. "You must be Mrs. Song, right? Welcome, welcome!"

Xia ruofei glared at song Rui. He did not say that he would bring his mother along.

Song Rui chuckled and said, "Mom, this is Xia ruofei, my good brother!"

Mrs. Song immediately revealed a warm smile and said, "You're RUO Fei! I've heard old song mention you so many times, and he's full of praise for you! After meeting you today, you're indeed a man of striking appearance!"

Perhaps it was because of the Jade skin cream, Madam song was very kind to Xia ruofei. She did not put on any airs as a wife of a government official. She was even Kinder to Xia ruofei than to her son, song Rui.

Of course, Xia ruofei had always been very calm. He wasn't overwhelmed by the favor. He just smiled and said, "Madam song, you're too kind."

"RUO Fei! I've heard from elder song that the old man's illness was very serious. If it wasn't for your miraculous treatment, I'm afraid ..." Mrs. Song said, "our family is very grateful to you."

As the two of them were talking, li Zhifu carried a basket of leaves and brought ye Lingyun into the mansion.

When song Rui saw li Zhifu, he immediately stepped forward and called out, "Hello, Grandpa li!"

When li Zhifu saw song Rui, a smile appeared on his rigid face. He said, "Xiao Rui, you're here!"

Seeing this, Mrs. Song immediately stepped forward and said, "You must be uncle li! Hello, Hello, I'm Zhengping's lover, you can call me little Qin. "

Li Zhifu was slightly taken aback. He had known elder song and song Rui for quite some time, so he was more familiar with them. However, song Zhengping only knew this name, so he only reacted after a moment of shock.

"Oh!" Li Zhifu said. So you're song's daughter – in – Law! Hello ..."

"Uncle li, it's not convenient for dad to come out, so he asked Xiao Rui and I to come and visit you," Mrs. Song said enthusiastically.

"Thank you," Li Zhifu said, "little song is very thoughtful. Please tell him not to worry about me. I'm doing well with Xiao Xia. "

Mrs. Song nodded and gestured for Song Rui to take out the nutritional supplements from the trunk. She said, "I'll definitely pass on your words. Uncle Li, I see that you're looking good. Is your body recovering well?"

Li Zhifu's eyes flashed with a hint of sadness, but he quickly smiled and said, "It's pretty good. The environment of Xiao Xia's farm is pretty good. I'm quite comfortable living there."

Li Zhifu had always thought that since he had a mid to late stage cancer, his life was already in a countdown stage, so he didn't mention his body's recovery.

Mrs. Song didn't know that Li Zhifu already knew about her condition, so she smiled and said, "Uncle Li, RUO Fei's medical skills are very good. With him by your side to treat you, you'll definitely recover very quickly."

Li Zhifu smiled and nodded. He didn't continue the conversation.

Xia Ruofei looked at the basket in Li Zhifu's hand and said, "Old man, you brought Ling Yun to collect leaves again?"

"Yeah!" Li Zhifu said. Ling Yun's technique isn't good enough, he needs more practice!"

Li Zhifu told Ye Lingyun to go back to his room to practice. He knew that since there were guests, it would be inconvenient to practice in the courtyard.

After Ye Lingyun returned to his room, the group went to the stone bench in the courtyard and sat down to chat.

After a while, Xia Ruofei's phone rang. He excused himself from Madam Song and the others, then picked up his phone and walked out of the villa.

The call was from Lu You.

Xia Ruofei estimated that Lu You should be here soon. The allure of the jade skin cream had been proven many times over the past few days. He did not believe that Lu You would wait until tomorrow after accepting Tian Huilan's mission.

Hence, Xia Ruofei was not surprised by the phone call.

"Miss Lu." Xia Ruofei answered the call with a smile.

"Xia Ruofei, my mom asked me to come and get some Jade skin cream." Lu You went straight to the point. Then, she asked, "are you at the farm now?"

"I'm at the farm, but I have a guest at home ..." Xia Ruofei said with a smile.

"What does that matter? I'll leave after I take my things." Lu You said, "could it be sister Qingxue again?" Don't worry, I won't ruin your plans this time ..."

Xia Ruofei said, "it's not Qingxue ... But it's fine if you come over. You should know him too. It's Song Rui. He's the child of Xiang Nan province's Chief Judge, Song Jin. Song Jin's wife is also here."

Xia ruofei originally thought that with Lu You's personality, she wouldn't care about having guests at home. Moreover, she had just said that she would leave after taking her things.

Unexpectedly, after Lu You heard Xia ruofei's words, she was silent for a moment and then said, ""Then I won't go in ... You can give me the thing! I've already left the city and will be at the farm soon. "

Chapter 402: I'm still a child (2)

"Didn't you just say that it's fine?" Xia ruofei asked in surprise.

Wasn't this girl's change of stance a little too fast?

Lu You said anxiously, "I just suddenly don't want to go in!" Why are you so motherf * cking? Please help me take it out! Just bring it to the entrance of the farm. "

Lu You's words had a hint of coquettishness in them, and she seemed to be a little nervous.

Xia ruofei didn't think too much about it. He smiled and said, ""Alright, alright, alright, I'll do my best! How long will it take you to get there?"

"You can come out now! I'll be there in five minutes at most. " Lu You said.

Then, she added, ""My mom said that we'll take five portions in total!"

Xia ruofei almost laughed out loud. He had never told Tian Huilan a clear number, and he believed that Tian Huilan would not take the initiative to ask for a few portions. This was clearly Lu You 's' fake imperial edict '.

However, he was too lazy to expose her now. He laughed and said, ""I know."

After hanging up the phone, Xia ruofei went back to the villa and found a paper bag. Then, he took out the jade skin ointment from the spirit map space and put it in the paper bag.

He came to the courtyard and said to Madam Song, ""Madam Song, I'm so sorry! My friend has something to discuss with me. Please take a seat, I'll be back at the entrance of the farm. "

"Go ahead, ruofei!" Madam Song nodded kindly. We're here to talk to Uncle Li, you don't have to worry about us!"

When Xia ruofei walked to the gate of the farm with his bag, Lu You arrived in her BMW MINI.

She turned her head in the spacious open space at the entrance, parked the car, and then stepped out.

Lu You looked around the farm nervously and then walked toward Xia ruofei.

"Did you bring your things?" Lu You looked at the paper bag in Xia ruofei's hand and asked.

Xia ruofei chuckled and nodded. He handed the paper bag to Lu You and said, ""It's all inside!"

"Thanks!" Lu You took the paper bag and said something in a hurry. Then, she turned around and walked toward the car, as if she was in a hurry to leave this place.

Xia ruofei laughed behind Lu You and said, ""By the way, Miss Lu, when Secretary Tian called me, he didn't say how many portions of Jade skin cream he wanted ..."

Lu You stopped in her tracks. She turned around and said without changing her expression, ""Oh, really? But when my mom told me, she told me to bring five back!"

"Oh! That's fine too." Xia ruofei said with a half – Smile,"I originally prepared eight portions for Secretary Tian. Since she only wants five portions, I can save some ..."

Xia ruofei was not spouting nonsense. This time, he had made more than 30 sets of jaded skin ointment at once. Considering that Tian Huilan would mail two or three sets to Tian Huixin, then keep two or three sets for himself, and then leave two or three sets as a gift at a suitable time, he calculated that eight sets were more suitable.

Lu You's eyes widened when she heard that. She quickly said, ""Ah? What did you just say?"

Xia ruofei shrugged and said, "it's nothing. You should go back." Be careful on the road, I have guests at my villa, so I won't keep you ..."

"Wait, wait, wait ..." Lu You called out."A man keeps his word. You said you would give me eight portions, so you should give me eight portions ..."

"But you only want five!" Xia ruofei put on an innocent look and said, "I will definitely follow Secretary Tian's instructions strictly!"

With that, Xia ruofei actually turned around and walked into the farm.

"Wait!" Lu You shouted anxiously from behind, "hey, wait ..."

Xia ruofei's back was facing Lu You. He couldn't help but burst out laughing.

However, he was also a little puzzled. With Lu You's personality, she should have caught up to him by now. However, although Lu You was shouting anxiously, she actually stood still on the spot and did not move.

After Xia ruofei took a few steps, he confirmed that Lu You would not chase after him. He did not want to tease her anymore. He stood still and turned around."Miss Lu, the jaded skin ointment I gave to Secretary Tian is all in that paper bag. Take a look and see if the number is correct!"

With that, Xia ruofei smirked at Lu You and strode into the farm without stopping.

When Lu You heard Xia ruofei's last sentence, which seemed to have made no sense, she also felt that something was wrong. She quickly opened the paper bag and counted.

1、2、3.....8!

There were a total of eight porcelain bottles, not a single one more or less.

Lu You bit her lower lip lightly and looked at Xia ruofei's back view that was getting further and further away. She stomped her feet in anger and shouted, ""Xia ruofei, you bastard! You're playing with me again ..."

After saying that, Lu You felt a little embarrassed. She could not help but burst out laughing with a red face. She had always had a cold and elegant image. After she revealed a smile, she appeared particularly moving. Even Hong Tao, who was on guard at the door, could not help but be a little dazed.

Lu You glanced at the farm nervously. Then, she quickly got into the car with the paper bag and drove away quickly.

Xia ruofei returned to the villa and chatted with li Zhifu and the others in the yard. Then, he asked Mrs. Song and song Rui to stay for dinner.

Mrs. Song agreed after a few polite words. As for song Rui, who had been drooling over Taoyuan vegetables for a long time, he didn't even try to be polite. Instead, he smiled and brought out a bunch of dishes he wanted to eat.

He did not treat himself as an outsider.

Chapter 403: I'm still a child (3)

Seeing that it was almost time, Xia ruofei returned to the villa to prepare dinner.

However, he didn't plan to do it himself. He went to the kitchen, connected to the space with his mind, and took out a pile of vegetables, fruits, and two fish. Then, he called ye Lingyun out and asked him to prepare dinner.

There were a lot of people having dinner today. Besides Xia ruofei, li Zhifu, and ye Lingyun, pang Hao was also working here. Naturally, he could not be absent. Including Madam song and her son, there were a total of six people. They had to prepare a few more dishes.

Xia ruofei saw that pang Hao did not have much to do today, so he called him over and let him help ye Lingyun in the kitchen. Xia ruofei went to the courtyard to chat with li Zhifu and the others.

After chatting for a while, song Rui asked for a tour of the farm. Xia ruofei invited Mrs. Song and Li Zhifu to the living room for tea while he brought song Rui to tour the farm.

The two brothers had not seen each other for some time. Xia ruofei smiled as he walked and said, ""Young master Song, you've been living quite a carefree life in the three mountains, haven't you?"

"Don't even mention it!" Song Rui said with a bitter face, "I have to go to work at my family's company during the day and stay overnight outside. I have to go back to my residence in guling. It's no different from going to jail. I thought I could be free in Sanshan, but I was too naive! This is a huge loss ..."

"Come on! What are you going to do in your own company?" Xia ruofei sneered. "I guess you're only focused on harming the young girls in the company?"

"Bullshit! I'm very dedicated to my work, okay?" Song Rui stiffened his neck and said.

However, he quickly put on a long face and said, ""Brother, I also want to talk about life and ideals with the girls in the company! "But my old man transferred two people from Beijing to the company in San Shan. These two hotheaded young men are in charge of me every day. Although they're members of the song family's external branch, they're still my elders. The key is that if I do anything out of line, they'll report it to my father. I can't afford to hurt them ..."

Xia ruofei laughed and said, "You're just digging your own grave! Who was the one who said that he wanted to train in the company at San Shan and spend more time with elder song?"

The two of them had unknowingly reached the top of the orchard. They stood on the stone that Xia ruofei and Wu Liqian had sat on earlier today and looked out at the sea in the distance.

Song Rui said gloomily, "brother, can you stop mentioning it?" I'm so regretful that my intestines are turning green ..."

Then, song Rui said with grief and indignation, ""And RUO Fei, do you know? My mom also came here with a mission ..."

"I know!" Xia ruofei said, "your mother must be here on behalf of your father to show her filial piety!"

"I'm not talking about that!" Song Rui said gloomily, "my family has arranged a marriage for me. Don't you think that's nonsense? I haven't played enough yet! I don't want to get married at all ..."

Xia ruofei laughed and said, "brother, the wedding night and the Golden roll's inscription are all good things in life!" Even if you're not grateful, at least you don't have to frown! It's not like I'm sending you to the execution ground, is there a need to?"

"Why not? I met the girl yesterday, and she's also a beauty! But he's not my type at all! I don't feel anything at all!" Song Rui said excitedly. Then, he looked up at the sky at a 45 – degree angle and said sadly, ""And ... I'm still a kid ..."

Chapter 404: Instigation_1

"You're still a child?" Xia ruofei laughed as he looked at song Rui's body, which had been hollowed out by wine and women. He said seriously, "well ... That's right. It's just that you're a child who has mastered the high – end skills of poison Dragon, Ice and Fire ..."

Song Rui chuckled and scratched his head, ""I'm just putting on an act! You know what I mean ..."

"I don't know shit!" Xia ruofei said without mercy, "young master Song, I think your father is right! If you don't find a woman to tie you down soon, you'll die in a gentle place sooner or later!"

"Is it that serious?" Song Rui mumbled, "I say, ruofei, you can't help an outsider! You must stand on my side in this matter!"

"I'll support you in spirit!" Xia ruofei laughed.

"What's the use of that?" Song Rui cried and said, "you have to help me think of a way! I will never yield to fate!"

Xia ruofei felt strange and asked, ""Aren't all the descendants of big clans like you? It's normal for the family to arrange a political marriage for you! And you said it yourself, the other party is a beauty. You're already very lucky, okay? It's better than arranging a fat woman with pockmarks all over her face for you, right?"

Hearing Xia ruofei's words, song Rui couldn't help but shiver and said, ""Don't continue ... I'm scared just thinking about it!"

"That's why! You should be content!" Xia ruofei smiled and said, "why don't you just accept your fate?"

Song Rui came back to his senses and said, ""Impossible! I will definitely not yield! Why should my lifelong happiness be decided by my family? I'm telling you, although I'm usually quite flirtatious, that's all just an act. As the saying goes, I've passed through Ten Thousand Flowers without a single leaf touching me. If I don't meet a woman who can move my heart, I'll never get married!"

Xia ruofei nodded and gave song Rui a thumbs up. "You have ambition! Song Rui, I will support you in spirit!"

Song Rui's anger was instantly deflated. He said gloomily, ""RUO Fei, you brat, you've been going around in circles for so long, but you're still not willing to help me!"

Xia ruofei shrugged his shoulders and said innocently, ""I'm just a small businessman. I can't meddle in your big family's Affairs. "

"Aren't you from the Special Forces?" Song Rui said.

Xia ruofei looked frightened and said, ""Young master Song, you're not asking me to kill that woman so that you'll never have any trouble again, are you? I'm telling you, I, Xia ruofei, am a good warrior who has been trained by the party for many years. I'm definitely famous and professional. I will never do anything that violates the law!"

Song Rui looked at Xia ruofei in disdain and said, ""What are you thinking? Am I that vicious?"

"Then what do you mean?" Xia ruofei asked with a smile.

Although there was no one on the mountain, song Rui still looked left and right, then lowered his voice and said, ""Ruofei, I want to run away from home ... But my mom has sent people to keep a close eye on me. There are even people guarding outside when I go to the toilet. She's afraid that I'll run away ... You're so good at fighting, can you help me?"

Xia ruofei couldn't help but laugh. "Young master Song, no one knows your son better than your mother! Mrs. Song knew that you would slip away!"

"RUO Fei, tell me, are you going to help or not?" Song Rui asked.

"I won't!" Xia ruofei shook his head and said firmly.

"Hey! Are we brothers or not?" Song Rui was so angry that he shouted, "you just need to knock out those guys who are responsible for 'protecting' me. You don't have to worry about the rest. Moreover, you and I know about this. Even if I'm caught, I definitely won't rat you out. "

"Song Rui, calm down." Xia ruofei said, "although Huaxia is huge, where do you think you can hide with the power of the song family? I promise you'll be caught in three days. And I don't think they need to arrest you, they can just stop your credit card. Without any source of income, how many days do you think you can last?"

"I have a passport, okay?" Song Rui said, "as long as I can escape, I will be overseas. No matter how powerful the family is, they can't extend their reach overseas."

"And then?" Xia ruofei asked calmly, "you can't even speak English properly and you don't have money. How long can you live abroad?"

"I ..." Song Rui was speechless.

He sadly realized that Xia ruofei was right. If his family cut off all his sources of income, no matter where he ran to, he would not be able to escape from the palm of Buddha.

Although he was usually glorious, if he really got rid of the Halo of being the young master of the song family, his survival ability was far inferior to that of a brother who came out to work.

However, song Rui had a carefree personality, so he quickly put these things to the back of his mind. He chuckled and said, ""RUO Fei, are we brothers?"

"Get straight to the point!" Xia ruofei said warily.

"Do brothers and friends have a sense of righteousness?" Song Rui looked at Xia ruofei expectantly and said, "when I'm down and out overseas, shouldn't you sponsor me?"

Xia ruofei was both angry and amused. After all this talk, this kid still hadn't given up on escaping! And she actually had her eyes on him.

Chapter 405: Instigation_2

Xia ruofei replied without hesitation, "don't even think about it!" Do you think the bosses of the song family are all useless? I still want to live a little longer!"

Song Rui's idea just now was indeed a spur – of – the – moment idea. He thought about it carefully and felt that it was impossible. With the power of the song family, even if song Rui went abroad, it would be easy for them to find out his financial transactions. By then, he would be able to survive overseas for a while, but that would be a huge blow to Xia ruofei.

Thinking of this, song Rui also felt a little guilty and said, ""Ruofei, it's my fault for not considering this ..."

Then, he sighed and said, ""It seems like I really have no other way out ..."

Xia ruofei glanced at song Rui and saw his pitiful look. He couldn't help but say, ""Things shouldn't be that bad, right? Do you think the song family wants you to get married immediately?"

"No..." Song Rui said, "the girl hasn't even graduated from college yet! But even if they weren't getting married for the time being, they still couldn't stand it! My mom is almost forcing me to go on a date with a gun ... And I'm being watched so closely that it's impossible for me to go out and play. Isn't it depressing for me every day?"

Xia ruofei glanced at song Rui and said, ""I think this is the main point, right? With the marriage agreement, you can't play around anymore ..."

Song Rui laughed dryly and said, "that's part of the reason ... But my main goal is freedom!" What era was this? I'm strongly against those feudalistic arranged marriages!"

Xia ruofei pouted, obviously not believing song Rui's nonsense.

However, song Rui treated him like a brother. He did not want to hurt song Rui at this time.

Xia ruofei thought for a while and said, "I think the key to this matter is the woman."

"What do you mean?" Song Rui immediately perked up.

"If the other party agrees to the marriage from the bottom of his heart, or if he is deeply attracted to you after seeing you and can't extricate himself ..." Xia ruofei said and looked at song Rui. "However, the possibility of this is infinitely close to zero. We can not consider such a situation."

"Hey, what do you mean?" song Rui immediately shouted. I'm as handsome as those celebrities! Every time we go out to play, we're always in a daze. "

Xia ruofei looked at song Rui with a faint smile and asked, "You think those girls are attracted to your looks?"

Song Rui's eyes widened. He opened his mouth and then said dejectedly, "Fine ... They're more interested in my identity as the song family's young master ..."

What a painful realization!

Xia ruofei shrugged and asked, "what's your 'fiancée's attitude this time?"

Song Rui thought for a while and said, "I don't think she's willing to do it either." Anyway, that woman was quite cold, and the way she looked at me ... Seemed to have some disgust ..."

The more song Rui spoke, the more he felt a deep sense of defeat. Although he had no feelings for the "fiancée" that the family had forced on him, it did not mean that he did not have any vanity. He carefully thought back and realized that the girl was really cold to him, and the disgust in her eyes was almost undisguised.

"That means the situation is not the worst," Xia ruofei said with a smile.

"What do you mean?" Song Rui asked expectantly.

"It's a very simple logic! Since both of you are unwilling, then the probability of this marriage is even lower! It's much better than you struggling alone!" Xia ruofei said.

"But I think the other party will most likely surrender." Song Rui said helplessly.

Many times, the children of these big families were actually not happy, especially when it came to personal feelings. It was almost impossible for them to make their own decisions, and in the end, it was almost always a political marriage.

"There can't be someone at home watching you guys when you're on a date, right?" Xia ruofei asked.

"I don't think so." Song Rui said.

"Then the next time you meet, I suggest you make it clear to the other party." Xia ruofei said, "make it clear. Then, both sides can go back and fight!"

"That's the only way ... But I don't think it'll work ..." Song Rui nodded.

"Song Rui, do you know how to act?" Xia ruofei asked with a smile.

"What do you mean?" song Rui asked, puzzled.

"I'm just pretending to be an obedient baby!" Xia ruofei said unhappily, "you need to show your obedience, assertiveness, and positive side. In short, you have to be the kind of person that master Jia wants you to be."

"Then what's the point of me living?" Song Rui said dejectedly.

"Short – sighted!" Xia ruofei said mercilessly, "the reason I asked you to do this is to make your family lower their guard against you!"

"And then I'll take the opportunity to escape?" Song Rui's eyes lit up.

Xia ruofei couldn't help but roll his eyes. "Why is your mind filled with running away? Didn't I just say it? You won't be able to escape from the palm of the Buddha. "

"Then what's the use of me acting like an obedient baby?"

"Nonsense! After your family let down their guard against you, they won't send people to monitor you every day, right? At that time, you won't be restricted in every way like you are now, right? If you occasionally go out to fool around, there shouldn't be anyone to care about you, right?" Xia ruofei said, "you've said it yourself. She hasn't even graduated from college. Even if she wants to get married, it'll be a few years later. Don't you want to live a more comfortable life for the next few years?"

"That's true ..." Song Rui's mind finally turned.

Xia ruofei continued, "let's think deeper. Let's say that you're very active in your family's company. Then, you'll mention that you want to study abroad for an MBA or something at the appropriate time. Is that possible? Maybe your father will be so happy that he'll cry!"

Song Rui's eyes lit up and his mind became more active. He continued Xia ruofei's words, "Yeah! If I really study abroad for two years and get an MBA, I might be able to support myself by then. I can totally stay abroad and not come back!"

Xia ruofei couldn't help but break out in cold sweat. This guy still hadn't given up on the idea of escaping. He was really persistent!

Xia ruofei said, "I'm just giving you an example. I'm just providing you with an idea. Actually, there are many benefits to being a good boy. You can slowly experience it in the future."

"Good, good, good. Ruofei, this is a good idea! Thanks!" Song Rui said happily.

"Well said, well said." Xia ruofei patted song Rui's shoulder and said, "we are Good Brothers! Let's go, dinner should be ready. Let's go down and eat!"

After Xia ruofei finished speaking, he said in his heart, "Elder song, Governor song, Madam song, don't blame me for teaching your young master the wrong way! My original intention was to persuade him to do good, but he misunderstood it ... I hope that if this guy is exposed, he won't say that I instigated him!"

The two of them went down the mountain and returned to the villa. Ye Lingyun and pang Hao had already prepared dinner, and everyone sat around the dining table to eat.

Xia ruofei even took out a bottle of Drunken Eight Immortals, the kind that had flower petal solution added to it. The wine was so strong that even Madam song couldn't help but take a small sip. Song Rui was full of praise for the wine. He had never drunk such a strong and fragrant wine in his life.

In contrast, Madam song repeatedly gave a thumbs up to the taste of the peach Garden vegetables and space grass carp, repeatedly saying that they were delicious. What had this pampered official's wife not eaten before? However, he was still conquered by the delicious taste of the Paradise vegetables without any suspense and ate an extra bowl of rice than usual.

After the meal, Mrs. Song took song Rui and left. Before leaving, Xia ruofei did not forget to go upstairs to get five portions of Jade skin cream for Mrs. Song.

When Madam song saw the jaded skin cream, she treated Xia ruofei even more kindly. She invited Xia ruofei to xiangnan province as a guest with great enthusiasm. Xia ruofei smiled and said that he would definitely go if he had the chance.

After sending off Mrs. Song and song Rui, Xia ruofei was ready to go upstairs to his room.

At this moment, li Zhifu stopped him and said, ""Xia, wait a minute. I have something to tell you."

Chapter 406: A glorious mission (1)

Xia ruofei stopped in his tracks, turned around, and asked with a smile, ""Old Mr. Li, what's the matter?"

"Xiao Xia, I want to bring Ling Yun back to Mount Wu Yi in the next two days." Li Zhifu said.

Xia ruofei frowned and said, ""Mr. Li, your condition has not stabilized yet. You need to continue receiving my Chinese medicine treatment. I'm afraid it's not appropriate to go back now!"

"Xiao Xia," li Zhifu said with a bleak expression, "it's the same whether the illness is treated or not. I've thought about it. I think we should go back to Wuyi Mountain!"

Xia ruofei never told li Zhifu about the treatment. He only gave him a dose of Chinese medicine every day. In order to avoid shocking the world, Xia ruofei didn't add much petal solution into the Chinese medicine. So, li Zhifu's body was recovering at a slow speed, but he didn't feel it.

Xia ruofei did not tell li Zhifu that he had the confidence to cure his cancer. On one hand, he had some selfish motives. Li Zhifu would definitely teach ye Lingyun everything he knew under such circumstances. On the other hand, Xia ruofei knew that even if he said it, li Zhifu would probably think that he was comforting him and would not believe him.

Xia ruofei didn't expect li Zhifu to suddenly want to go back after staying for less than half a month. He didn't expect it.

"Mr. Li, are you not used to living here?" Xia ruofei asked after a moment of silence.

"No, no, little Xia, don't misunderstand." Li Zhifu said, "I just feel that since I'm suffering from this illness, there's no point in staying in Sanshan. People still hope to return to their roots when they're old. I don't want to die in a foreign land ..."

Li Zhifu paused for a moment and looked at ye Lingyun, who was clearing the dishes."Also, considering that Ling Yun has been learning from me for a while, I'm planning to bring him back to Wuyi Mountain. It's not good to practice with leaves every day here. Furthermore, the key steps will require some special tools. It's more convenient to go back."

Hearing this, Xia ruofei was overjoyed. He knew that Li Zhifu was going to pass on all his skills to ye Lingyun. This was a good thing!

"Mr. Li, since you've said so, I won't try to persuade you any further. There's no problem on Ling Yun's side. I've made the decision for him. I'll be more at ease with him by your side to take care of you."

"Thank you, Xia!" Li Zhifu said.

Strictly speaking, ye Lingyun was still Xia ruofei's employee. Li Zhifu also knew that ye Lingyun had always listened to Xia ruofei. If Xia ruofei didn't agree, he might really refuse to bring ye Lingyun back to Wuyi Mountain.

"I should be the one saying thank you." Xia ruofei smiled and said,"we are very grateful that you are willing to pass on all your knowledge to Ling Yun."

"Let's not talk about this. Ling Yun is a smart and hardworking kid. I believe he will pass down my tea – making skills to the next generation," Li Zhifu said with a wave of his hand.

"Definitely!" Xia ruofei nodded.

"Old Mr. Li, it's best if you inform old song that you're leaving," Xia ruofei continued.

"Don't worry! I'll talk to little song and he won't make things difficult for you." Li Zhifu said with a smile.

"Thank you, old Mr. Li." Xia ruofei said,"also, I will brew the Chinese medicine for three days tonight. I will send someone to bring you the medicine every three days. You must take the medicine on time every day."

Even if Traditional Chinese Medicine was kept in cold storage, it was best not to last more than three days. Otherwise, the medicinal properties might change. Since Li Zhifu insisted on going back, Xia ruofei could only use this stupid method. Fortunately, Sanshan city was not far from Wuyi Mountain. A one – way trip would take about two hours. Now that Hong Tao and Lei Hu were at the farm, it was not too troublesome to send someone to deliver the medicine every three days.

"I don't think it's necessary, Xiao Xia," said Li Zhifu with a smile. That's too much trouble for you. Besides, you know that my illness ..."

"Mr. Li, this is my only request. If you can't do it, I can't let you leave." Xia ruofei said seriously,"and you don't have to be so pessimistic. Although your condition is a little tricky, you're not in despair yet. I'm confident in treating colon cancer with Chinese medicine."

Li Zhifu thought that Xia ruofei was just trying to comfort him. He smiled bitterly and said,""Okay, little Xia, I promise you."

"I'll get Ling Yun to supervise your daily intake of medicine." Xia ruofei smiled and said half – jokingly,"you can't go against my words!"

"I'll definitely follow the doctor's advice!" Li Zhifu laughed.

Xia ruofei nodded and beckoned Ye Lingyun over. He said, "Ling Yun, hand over the work on hand to Lei Hu tomorrow, then accompany old Mr Li back to Wuyi Mountain."

"Ah, brother Xia, what about the farm if I leave?" Ye Lingyun asked.

Xia ruofei laughed and scolded, "you really think the earth won't spin without you?" "Don't worry about the farm. I'll give you two tasks. The first is to take good care of old Mr. Li and make sure he takes his medicine on time every day. The second is to learn from old Mr. Li. You're not allowed to return to the three mountains until old Mr. Li says you can finish your apprenticeship. Do you understand?"

Chapter 407: A glorious mission (2)

"Oh ... I know." Ye Lingyun was obviously not in a good mood.

Xia ruofei frowned and said, "why do you look so weak?" Can you complete the task I've given you?"

This was the most common sentence used by the chief when he was in the Army. Ye Lingyun stood at attention almost reflexively and said loudly, "Yes, I can!"

"Very good!" Xia ruofei patted Ye Lingyun's shoulder in satisfaction and said, "pack your things tonight and hand over the work tomorrow morning. When you're not at the farm, Lei Hu will be in charge of the security. Tell him everything you need to tell him, and then go back with old Mr. Li. Do you understand?"

"Understood!" Ye Lingyun said without hesitation.

Xia ruofei then greeted Li Zhifu and went straight upstairs to his room.

That night, Xia ruofei boiled the Chinese medicine in the spirit map space and sealed them in nine vacuum – sealed bags. Then, he went downstairs and placed them in the kitchen refrigerator.

This time, Xia ruofei appropriately increased the amount of the spirit Heart Flower petal solution. He estimated that according to this ratio, Li Zhifu's cancer cells would be completely cleared in about ten days to half a month.

That night, Elder Song even called Xia ruofei personally. He called Xia ruofei immediately after Li Zhifu's call. It was clear that Elder Song cared about Li Zhifu.

Over the phone, Xia ruofei reported Li Zhifu's condition in detail to Elder Song and said that he would continue to follow up. He would send someone to Wu Yi mountain to deliver medicine every three days. Ye Lingyun would also be by Li Zhifu's side to take care of him. Once there were any changes in his condition, he would immediately let Li Zhifu return to the three mountains.

After hearing Xia ruofei's words, Elder Song was slightly relieved. Especially when Xia ruofei said that Li Zhifu's condition was recovering steadily, Elder Song was even more relieved and thanked Xia ruofei for his hard work.

The next morning, Li Zhifu left Peach Blossom Farm with Ye Lingyun, who had finished handing over his work.

Xia ruofei asked Hong Tao to drive his Knight XV carriage and send the two to Mount Wuyi.

The reason why they used this eye – catching monster – Class SUV was mainly because it was much more comfortable than a pickup truck. After all, li Zhifu was an old man. He had to consider comfort during a long journey. In addition, the Knight XV also had a car – mounted refrigerator, which could store the Chinese medicine that Xia ruofei had brewed in advance.

People from the military had no resistance to cool off – road vehicles like the Knight XV. Hong Tao and a few others had been drooling over this car for a long time. So when Xia ruofei asked Hong Tao to drive li Zhifu and ye Lingyun, Hong Tao was so happy that he jumped up. Lei Hu and the other two were also quite envious.

Xia ruofei was also looking forward to ye Lingyun's trip. He knew that when ye Lingyun returned to the three mountains, his farm would have a new tea – making expert. By then, the mother tree Da Hong Pao that he had planted in the farm could be harvested. When the time came, ye Lingyun could make the best Da Hong Pao. Whether it was for himself or for someone else, it would be great.

After sending li Zhifu and ye Lingyun off, Xia ruofei's life returned to its usual tranquility. With two less people, the villa was even more peaceful.

Ten days passed quickly, and the weather in the three mountains gradually warmed up.

In the past few days, the cherry saplings that Xia ruofei purchased online in Shandong were transported to Taoyuan farm through the logistics company. He organized Cao tieshu and the others to plant all the cherry trees in the orchard at the back of the mountain. Of course, he did not forget to secretly take two or three and plant them in his spirit map space.

Cao tieshu was also rather puzzled by Xia ruofei's introduction of these saplings, which were only suitable for planting in the North. However, he now had a kind of blind confidence in Xia ruofei, so he did not have any doubts. In any case, whatever the boss asked him to do, he would follow it to the letter.

When no one was around, Xia ruofei went to the water tower and added a lot of the spirit Heart Flower petal solution. The orchard was equipped with an automatic watering system. After watering the cherry tree once, the sapling, which had lost a lot of water due to the long – distance transportation, suddenly became energetic and swayed gently in the breeze.

This also made Cao tieshu and the others click their tongues in wonder. The other half of the lychee tree had not only survived, but its growth rate had also exceeded that of ordinary species. Cao tieshu and the others all said that looking at this situation, it would definitely be able to bear fruit on a large scale in the summer of the year after.

Hearing this, Xia ruofei laughed to himself. He knew that within three years, these fruit trees would be able to enjoy the nourishment of the spirit Heart Flower petal solution every three to five years. Even if there would not be a large number of fruits this summer, they would definitely be able to bear fruits by next summer.

However, he naturally wouldn't reveal it. In any case, Cao tieshu and the others would naturally know when the time came.

Now, most of the eight vegetable greenhouses of 100 meters long and 10 meters wide in the entire Taoyuan farm had been planted with Taoyuan vegetables. These vegetables were also planted in batches according to the variety and growth cycle, which could ensure that there was a sufficient supply to several partner companies every day.

If the greenhouse was running at full capacity, the supply could increase by a large amount. However, these few partners could probably take all of it. If Xia ruofei wanted to expand his influence further, he had to continue to expand the scale and build more vegetable greenhouses.

Chapter 408: A glorious mission (3)

However, Xia ruofei did not have such plans for the time being. To make a name for himself, the current scale was enough.

Now, the orchard was also full of fruit trees, and only the fish pond in the periphery was still empty.

Cao tieshu had looked for Xia ruofei several times about this matter. He felt that it was a pity to leave such a good fish pond empty.

Xia ruofei did not think so. He had been thinking about the use of the fish pond these days, but he did not have a good idea. He felt that it was better to leave it empty and wait until he found a suitable project instead of raising the commonly used fish.

This was because grass carps, chubs, and carps could be sold at several times the market price even with the Paradise corporation's brand. In Xia ruofei's opinion, the profit was not much. Moreover, these common edible fish would not help to expand the Paradise corporation's brand influence. After all, his fish pond was only so big. Even if he expanded it, it was impossible to achieve a large – scale breeding.

Hence, before he could find a suitable project, Xia ruofei would rather leave the fish pond empty.

The space was also thriving.

The iron – Skin Dendrobium in the original space was almost ready to be picked. The ginseng, Phoebe zhennan, and the young red Dragon were all growing very well.

In the new space, the hornet's nest had grown a lot bigger. Xia ruofei was delighted to find that the bee colony's scale seemed to have expanded. With the increase in his mental strength, he could now easily control nearly 300 hornet's nest.

Blackie and the rest were nourished by the rich spiritual energy every day and grew very fast. They were all fat and strong. Xia ruofei was prepared to bring them out to the outside world after a while. With them and lightning, the safety of Peach Blossom Farm would be more guaranteed.

In these ten days, Xia ruofei did not forget to make the body tempering soup and the spirit nourishing soup.

During this period, he had taken the body tempering soup three more times. Although the effects were not as obvious as the previous two times, he could still make great progress with each consumption. He could now practice the second set of movements of the little golden man and could persist for about ten minutes.

After practicing non – stop every day, Xia ruofei’s physical fitness had improved a lot. He had never practiced any lightness skills, but he felt as light as a swallow. As for his strength, it had increased by a lot. Now, Xia ruofei did not dare to experiment recklessly in the medium, but he secretly tried it on the back mountain. When he punched a rock, he actually left a deep mark, but his hand was not injured at all.

Besides, Xia ruofei had also taken the pregnancy soup.

Similarly, the spirit bearing soup was the same as the body tempering soup. Although it could be consumed for a long time, the effect would definitely not be as good as the first and second time. Even so, Xia ruofei was still able to restore the contents of the third page of the booklet after using it.

However, to Xia ruofei’s slight disappointment, the content could not fit in one page. The third page probably only contained a small part of the content, and he could not figure out anything. Perhaps he would have to Restore the Fourth or even fifth page to complete it.

However, according to the contents on the third page, Xia ruofei felt that the “spiritual puppet” recorded here should not be simple. Just the materials recorded on the third page alone were many that Xia ruofei had never heard of.

He could not wait to Restore the Fourth page, but with his current spirit power, it was beyond his ability. He could only wait patiently.

.....

On this day, Xia ruofei brought some Taoyuan vegetables and a few space grass carp and drove to the city in a pickup truck.

Lin Qiao was going to take the college entrance examination this year. Xia ruofei was worried that Hu Zi’s mother would not be willing to spend money, so he would send some vegetables, fruits, and fish from the interspace every once in a while. These agricultural products in the interspace were rich in nutrition and were the most suitable for Lin Qiao to take the college entrance examination.

Xia ruofei arrived at the forestry Bureau’s residence that Hu Zi’s mother and Lin Qiao had rented. Just as he was about to carry his things upstairs, the phone in his pocket rang.

Chapter 409: Xia ruofei’s anger (1)

Xia ruofei placed the things in his hands back into the car and took out his phone to take a look. He realized that it was Lu You calling.

“Miss Lu, what’s the matter?” Xia ruofei laughed and asked, “don’t tell me you want the jade skin ointment again? I’m telling you, my jade skin cream is very effective. You don’t have to use it every day.”

“Xia ruofei, I have something that I need your help with ...” Lu You said directly.

She ignored Xia ruofei’s joke and seemed to be in a bad mood.

“As long as you don’t have any ideas about my jade skin cream, everything else is fine.” Xia ruofei smiled and said, “tell me, what is it?”

“Shall we meet and talk?” Lu You said, “do you have time in the afternoon? Let’s have a meal together.”

Xia ruofei hesitated for a moment. It was almost lunchtime and Lin Qiao was about to leave school. Every time he brought Taoyuan vegetables to Hu Zi’s mother’s place, he would stay behind to help with the house’s cleaning and then have a meal with the mother and daughter.

However, Xia ruofei could feel that Lu You seemed to be a little helpless now. He rarely heard Lu You speak in such a weak tone. If he rejected her, he would not be able to bear it.

After a moment of silence, Xia ruofei said, “Alright, see you in half an hour. You decide the place.”

“Mm! I’ll send you the location in a bit.” Lu You said hurriedly.

After Xia ruofei hung up the phone, he took his things and went to Hu Zi’s mother’s house. After talking to her for a while, he told her that he had other things to do in the afternoon and had to leave the forestry Bureau’s family courtyard before Lin Qiao finished school. If Lin Qiao came back, it would be difficult for Xia ruofei to get away.

Lu You had already shared the location with Xia ruofei through WeChat. Hence, after Xia ruofei went downstairs, he drove the pickup truck straight to his destination.

Lu You’s restaurant was located in an elegant environment in the yī District. It was about a seven to eight minutes drive from the forestry Bureau’s family residence. Soon, Xia ruofei arrived at the restaurant called “impression of Jiangnan”.

After parking his car in the parking lot, Xia ruofei walked into the restaurant and took out his phone to call Lu You.

“I’m here.” Xia ruofei asked, “where are you?”

As soon as Xia ruofei finished speaking, he saw Lu You standing up from a nearby booth. She was holding her phone in one hand and waving at him with the other.

Xia ruofei smiled and put away his phone. He strolled over to Lu You.

Xia ruofei casually sat down in the seat opposite Lu You. He took a big gulp of the lemon water in front of him and then asked with a smile, “What’s the matter? you’re in such a hurry to find me.”

Lu You’s eyes flickered, but she did not look at Xia ruofei. She just pushed the menu to Xia ruofei and said, “Take a look and see what you want to eat first!”

“Woof! The vegetables here are not cheap!” Xia ruofei glanced at the menu and said, “let me make this clear. I left in a hurry today and forgot to bring my wallet ...”

Lu You couldn’t help but glare at Xia ruofei and said, “Order whatever you want. It’s my treat today.”

Xia ruofei laughed. Of course, he was joking. With his current wealth, he could afford a restaurant that was ten times more expensive than this one. In fact, he saw that Lu You was a little depressed and wanted to lighten the mood.

He picked up the menu and randomly ordered two or three dishes, then asked, “What do you want to eat?”

"I've already ordered." Lu You said.

Xia ruofei nodded and passed the menu to the waiter. "That's all for now! I'll add more if it's not enough."

"Alright, please wait a moment." The waiter took the menu and said respectfully.

After the waiter left, Xia ruofei took another sip of water and asked, "What do you need help with? can you tell me now?"

Lu You hesitated for a moment, gritted her teeth, and said, "Be my boyfriend ..."

Xia ruofei had not swallowed the mouthful of water in his mouth. When he heard what she said, he spat it all out. Fortunately, he had lowered his head to look at his phone, so his saliva had landed on the table. Otherwise, it would have landed on Lu You's face.

"I'm sorry, I'm sorry ..." Xia ruofei said as he randomly took out tissues from the tissue box to wipe the table.

"What did you just say?" Xia ruofei looked at Lu You with a strange expression and said, "is there something wrong with my ears?"

Lu You's face turned slightly red. At the same time, she felt a little angry. She thought to herself, 'am I that unlikable to you?' He was actually so scared ...

Lu You's expression became a little cold as she said, "Don't misunderstand. I'm not asking you to be my boyfriend. I just want you to help me put on an act ... I'm in a bit of trouble and I'm afraid I can't get rid of you, so I want to ask you for a favor."

Xia ruofei seemed to understand. He smiled bitterly and said, "If I'm not mistaken, you want me to pretend to be your boyfriend? It can't be that melodramatic, right?"

Lu You didn't say anything. She just looked at Xia ruofei quietly.

The bitterness on Xia ruofei's face intensified. Needless to say, he must have guessed it right. It was so melodramatic.

After calming down, Xia ruofei said calmly, "Tell me the situation in detail."

Lu You's expression flickered. She lowered her head and said softly, "There's a guy who's pursuing me, and it's not convenient for me to reject him. I'd like to ask you to pretend to be my boyfriend and make him give up."

"Is it really that simple?" Xia ruofei asked, frowning.

Chapter 410: Xia ruofei's anger (2)

Lu You bit her lower lip and nodded. "It's that simple. Xia ruofei, I don't have any friends of the opposite sex, so I can only ask you for help. You must help me."

Xia ruofei muttered to himself. He felt that things were not as simple as Lu You had made them out to be. What was Lu You's identity? She didn't like him, so why couldn't she reject him?

Xia ruofei felt that something was wrong, but he could not figure it out.

At that moment, his phone flashed and a WeChat notification came in.

Xia ruofei picked up his phone and opened WeChat. It was a message from song Rui. Brother, I'm meeting that girl today to clear things up. I'm going in now! Haha, no matter how I think about it, your idea is still the most reliable!

After reading song Rui's message, Xia ruofei suddenly had an idea.

He stared straight at Lu You's face. All his questions seemed to have been answered. A few days ago, song Rui had said that his family had arranged a marriage for him. Today, Lu You had said that he had a suitor that he could not directly reject. Moreover, Tian Huilan had a very close relationship with the song family and was a hardcore political ally. The answer was obvious!

Lu You's hair stood on end under Xia ruofei's gaze. She asked unnaturally, "What are you looking at me for?"

Xia ruofei's expression turned cold. He asked, "Lu You, the suitor you're talking about is song Rui, right?"

Lu You's expression changed when she heard this. She opened her mouth and wanted to explain to Xia ruofei, but Xia ruofei had already stood up and said coldly, "Do I look like a silly boy that can be used so easily?"

Lu You's face was a little pale. She said weakly, "Xia ruofei, I didn't ..."

Xia ruofei was not interested in her explanation and walked out of the door.

Just as he reached the door, Xia ruofei saw song Rui walking in.

The moment song Rui saw Xia ruofei, he was so surprised that his mouth was wide open. When Xia ruofei was about to walk past him, he grabbed Xia ruofei and shouted, "RUO Fei, what are you doing here? Did you receive the WeChat message I sent you?"

Xia ruofei said indifferently, "Oh, I'm having lunch here. Are you meeting that woman at this restaurant?" Then quickly go in!"

With that, Xia ruofei walked out.

Song Rui shouted behind him, "Hey!" RUO Fei, don't go yet!"

Song Rui called him a few times, but Xia ruofei did not turn around. He waved at song Rui with his back facing him and made a phone call gesture before he continued to walk out.

"This kid, why is he acting so weird today?" Song Rui muttered to himself.

He didn't think too much about it and just shook his head before walking into the restaurant.

Song Rui found Lu You's seat and saw her sitting there in a daze. She was unmoved by his arrival and her eyes were a little red.

"Lu You, are you alright?" Song Rui asked.

Only then did Lu You raise her head. When she saw that it was Song Rui, she frowned slightly and said indifferently, "Mr. Song, I'm sorry, I have something to attend to, so I have to leave first ..."

Lu You stood up after she finished speaking. Song Rui quickly said, "Wait, wait, wait! Lu You, I asked you out today because I have a few words to say to you. I won't take up too much of your time."

Lu You furrowed her brows. There was a hint of disgust in her eyes, but she still sat down and said coldly, "Then tell me! To make it short, I really have something urgent to do ..."

Lu You's attitude was very cold, but Song Rui didn't take it to heart. On the contrary, he was secretly delighted. He could tell that Lu You wasn't interested in him at all. Since that was the case, the rest would be easy to discuss.

Song Rui didn't beat around the bush and said directly, "Actually, I just want to make things clear to you. Although the elders on both sides are willing to get married, I personally don't have any feelings for you. You also know that you can't force things. If you force yourself to be together, neither side will be happy, so ..."

In the beginning, Lu You's expression was very calm. However, the more she heard, the more surprised she became. Her beautiful eyes could not help but widen.

"You mean ..." She said.

"I don't think you'd want to get engaged to someone you don't know at all." Song Rui said, "so, we are on the same side on this matter. I will try my best to fight against my family. I hope you will do the same. This way, the chances of the elders in my family changing their minds will be higher."

"I agree!" Lu You immediately nodded.

When Song Rui heard these two words, he suddenly felt relaxed and blurted out, "That's great!"

As soon as he finished speaking, Song Rui seemed to feel that something was wrong and quickly said, "Lu You, I'm not saying that you're bad. The main thing is ..."

Lu You waved her hand and said, "there's no need to explain. I understand." What you said just now was actually what I wanted to tell you. Since we've come to an agreement, that's for the best. Mr. Song, I really have something urgent to attend to."

After saying that, Lu You stood up and walked out. After taking two steps, she turned back and said, "By the way, please help me place the order later."

After saying that, Lu You took out her wallet and took out two hundred – Yuan bills. Song Rui quickly said, "Don't, don't, don't. I'll just pay the bill."
