

God tier Farm 411

Chapter 411: Xia ruofei's anger (3)

However, Lu You shook her head and placed the money on the table. Then, she quickly left the restaurant.

Song Rui was dumbfounded. He muttered to himself, ""Why is everyone so strange today?"

As he spoke, his eyes could not help but fall on the cup in front of him. There was half a cup of water in it. It was obvious that someone had been sitting there and had chatted with Lu You for a while before leaving.

"What's the situation?" Song Rui scratched his head and muttered to himself.

.....

After Lu You walked out of the restaurant quickly, she immediately looked around but did not see Xia ruofei. She sighed faintly and felt a little lost.

Xia ruofei's cold gaze before he left was like a needle that pierced her heart. Standing on the street where the cars flowed like water, the warm spring sun shone on her body, but Lu You could not feel any warmth at all. She felt as if she had lost something very important, and there was no trace of it even if she wanted to find it.

.....

Xia ruofei drove the pickup truck out of the city, still filled with resentment.

In the past, Lu You had the temperament of a spoiled princess. When she was with him, there were always quarrels. However, Xia ruofei would not fuss about it. In his eyes, Lu You was just a spoiled child, but she was not a bad person.

But this time, Lu You had gone too far and Xia ruofei was very angry.

Lu You clearly knew that she, song Rui, and the song family all knew each other. Xia ruofei still remembered that a few days ago, Lu You had come to Taoyuan farm to get the jaded skin cream. She had heard on the phone that Madam song and song Rui were visiting the farm. After that, she had acted out of character and did not enter the house. Instead, she had asked Xia ruofei to give the jaded skin cream away. Now that he thought about it, the marriage had already been decided at that time. Both parties must have met.

Under such circumstances, Lu You actually concealed the truth and made him her shield. This was a little too much.

Xia ruofei did not have much of an identity or background. He only got to know those high – ranking officials and wealthy businessmen by chance. He did not have much of a background.

Moreover, Lu You did not know beforehand that song Rui was also extremely against this marriage. She even thought that song Rui had asked her out today to pursue her further. Under such circumstances, Lu You should be able to think of the consequences of using Xia ruofei as a shield.

The best – Case scenario was that Xia ruofei and the song brothers would turn against each other. The worst – Case scenario was that Xia ruofei might offend the song family, a wealthy family, and Tian Huilan, a member of the Standing Committee of the southeast province.

No matter which side it was, Xia ruofei was unable to resist them.

It would not be an exaggeration to say that Xia ruofei's thriving business could suffer a devastating blow overnight, unless he completely gave up the domestic market and switched to overseas.

Although Xia ruofei knew that all of this would not happen, Lu You could not have predicted it from her perspective. However, she still called Xia ruofei along. It was already the time she had agreed to meet Song Rui, but she still did not tell Xia ruofei everything.

This made Xia ruofei feel as if he had been deceived. In addition, he was very clear about song Rui's thoughts and knew very well that Lu You did not need a shield. Hence, he got up and left the dining room without hesitation.

The car was speeding along the highway around the city, and rock music was playing in the car. Xia ruofei's expression was ugly as he stepped on the gas pedal. Only the speed of the car could vent the dissatisfaction in his heart.

.....

After Lu You left impression Jiangnan restaurant, she did not return to school. Instead, she drove around the city aimlessly. Unknowingly, she had arrived at the bank of Min River. After she parked the car, she came to the bank of Min River and sat there, staring at the surging River in a daze.

Unknowingly, Lu You had sat for the entire afternoon. For the entire afternoon, her mind was in a mess. The scenes of her past interactions with Xia ruofei flashed through her mind like a movie. Her eyes unknowingly became wet.

Night fell quietly. Lu You stood up. She heard loud music in the distance and saw flashing neon lights. She walked in that direction.

Chapter 412: Master Luo (1)

The midnight Dream bar was located on the North bank of Min River. Next to it was the river Beach that was full of tourists. It was not far from the old Min River dock. It used to be an old warehouse, but after the old dock left the stage of history, the warehouse had lost its original function. It was rented and transformed into the bar today.

The bar adopted a rough industrial design, and the original appearance of the entire building was almost completely preserved. The mottled concrete floor was full of potholes, the red brick wall left with the mark of time, the painted wall with mottled paint, and the irregular barbed wire ...

The outer wall of the bar was covered with unruly graffiti. After being blocked by the thick soundproof door, the loud music inside seemed a little dull.

Lu You stepped on the soft sand and walked to the entrance of the midnight Dream bar. After pushing the door open, the distant music seemed to be amplified by ten times. The intense sound waves made Lu You frown slightly. She didn't like such a lively and noisy place.

However, she was in a rather low mood today. She only hesitated for a moment before walking into the bar.

The waiters holding trays walked through the crowd, the DJ shouted at the top of his lungs, and the people in the bar waved their arms and twisted their bodies willfully with the music. Under the swaying of the spotlights, the leisure and tranquility outside formed a sharp contrast, as if it was a strange and grotesque world.

Lu You walked through the crowd and came to the bar counter. She found an empty high stool and sat down.

"What would you like to drink, Madam?" The bartender asked with a smile.

"Wine!" Lu You said concisely.

The bartender was slightly stunned. Of course, she came to the bar to drink, but there were hundreds of types of alcohol here. What kind of alcohol was she going to drink?

A beautiful lady would always be treated well. The bartender did not get impatient because of this. He still had a warm smile on his face and asked, "May I ask what kind of wine you would like to drink?"

"Anything is fine, as long as you can get drunk." Lu You said indifferently.

A strange look flashed in the bartender's eyes. He nodded silently and then got busy behind the bar.

Very quickly, the bartender pushed a glass of wine in front of Lu You and said, "Please enjoy your Bacardi Rum."

Lu You nodded silently. She raised her glass and took a look.

The glass of wine looked like plain water, colorless and transparent. There were a few pieces of ice floating on it. She brought it to her nose and sniffed. A strong smell of wine assailed her nose, making her feel a little dizzy.

It was hard liquor. Lu You nodded and took a big gulp from her glass.

The burning wine had a strong smell, like a ball of fire burning in his mouth. After he swallowed the wine, the burning feeling started to spread along his esophagus and into his stomach.

This was the first time Lu You had drunk such strong alcohol. She immediately coughed violently, and tears filled her eyes.

However, she showed a faint smile. After drinking the wine, the slight dizziness made her suddenly feel relaxed, as if all her troubles were beginning to slowly leave her.

Lu You took out a piece of tissue and wiped her mouth. She picked up the glass and took another sip.

This time, she didn't take such a big gulp, and she was already mentally prepared. Her performance was much better than the first sip. Not only did she not cough, but she even showed a trace of enjoyment. She seemed to have experienced the beauty of this strong wine.

Lu You held the glass and drank it mouthful by mouthful. Very soon, the glass of wine was empty.

Her eyes became a little dazed, and under the effect of alcohol, two red clouds rose on her delicate face, making her even more charming and moving.

Lu You slammed the empty cup on the bar counter and shouted, "Another cup!"

"Please wait!" The bartender said.

He was already used to seeing such customers. Working in this kind of place, he could meet such single female customers who drank to drown their sorrows every day. However, the one today was a little too beautiful, and he couldn't help but feel a trace of regret.

It was because he had already seen the gazes of several tables of customers glancing in Lu You's direction. They were all regular customers of the bar and were also experienced in hunting for women. A few of them could meet different women here almost every day.

The beautiful girl in front of him was obviously not a regular at the bar. If she met those Masters of hunting for beauties, she would definitely be eaten up until not even her bones were left. It was just that he didn't know which lucky guy would benefit from it.

As the bartender thought to himself, his hands did not stop. Very quickly, he pushed a glass of rum in front of Lu You.

Although he could predict what Lu You might encounter, the bartender couldn't warn her. He knew that it would be useless even if he did. Furthermore, if he wanted to continue working here, he had to know when to speak and when to shut up.

Lu You picked up a new glass of wine. A few people at the table beside her exchanged glances. Then, a man in an expensive casual suit stood up and walked towards Lu You with a glass of wine in his hand.

The Man in the White Suit was quite good – looking. In addition to his branded clothes, he had a somewhat elegant appearance. He sat down on the high stool beside Lu You and leaned one hand on the bar counter. He turned to Lu You and revealed a smile that he thought was very charming. He raised his glass to Lu You.

"Miss, it's so lonely to drink alone. Why don't we have a chat?" The Man in the White Suit said.

Lu You didn't even lift her eyelids. Her gaze was completely focused on the glass in her hand. She picked up the glass and took another sip of rum.

The Man in the White Suit was rebuffed, but he wasn't discouraged. The smile on his face became brighter and he said, "Miss ..."

"Get lost!" Lu You coldly spat out a word.

The Man in the White Suit was stunned for a moment. A hint of anger flashed in his eyes, but he concealed it very well. He only smiled and shrugged his shoulders before leaving Lu You's side.

When he returned to his seat, he looked at Lu You, who was in front of the bar, while talking to his companions. At that moment, his eyes revealed an undisguised desire.

Lu You was simply too beautiful. She was like a shining star in this bar. They naturally wouldn't let go of such a top – grade product easily.

One after another, a few people who thought they were gentlemanly went up to strike up a conversation, but without exception, they were all rejected.

These people did not leave after being rebuffed. They just returned to their seats and observed silently, waiting for an opportunity.

He was waiting for Lu You to get drunk.

In fact, these experienced hunters knew very well that Lu You didn't need anyone to persuade her to drink and add fuel to the fire. She would get drunk very soon, and their chance would come then.

The problem was that there were more wolves than meat, and it was not clear who would end up the winner.

The regular customers of these bars had even begun to observe their respective "opponents" in secret, hoping to seize the opportunity.

At this time, in a corner of the bar, a fierce – looking burly man took out his mobile phone and made a call.

"Master Luo, there's a high – Quality item on the first floor. You'll definitely be interested ..." The burly man said in a low voice while holding his phone.

After saying a few more words, he sent a photo with his phone.

.....

The second floor of the bar was not open to the public, but there was a luxuriously decorated private room.

A man in his 30s was sitting on an expensive leather sofa. On his left and right were two scantily dressed girls, who were smiling and feeding lychees to the man.

There were also four black – clothed men standing in the private room. In the dimly lit private room, they were all wearing black sunglasses. Each of them had a cold expression and stood straight, turning a blind eye to everything in front of them.

The man's name was Fang Luo, and he was a natural – born Desperado.

Fang Luo's past experience of dejection had also made him pay special attention to the enjoyment of life. He had never lacked women in his bed.

Today, Fang Luo had brought a few of his personal bodyguards to this Midnight Dream bar that belonged to him. Initially, he had just come to have some fun, but he had not expected to have an unexpected harvest.

One of his underlings who was having fun downstairs found a beautiful woman.

Fang Luo's phone vibrated, and he retracted his large, rough hand. He picked up his phone and glanced at it, and his eyes lit up.

The lighting and the composition of the picture could be said to be an amateur among amateurs. However, the graceful figure and the side profile that was so exquisite that it was suffocating made Fang Luo's hormones stir.

The corners of his mouth curled up into a smile as he raised his chin.

A burly Man in Black immediately came to his side and slightly lowered his body, shouting, "Master Luo, what are your orders?"

"Go down and find ah li." Fang Luo said calmly. He then showed the photo on his phone to the Man in Black and said, "I want this woman to appear in my room tonight."

"Yes!" The Man in Black replied respectfully, then turned around and quickly left the private room.

The lady next to Fang Luo saw the photo as well. She put her arms around Fang Luo's neck and said coyly, "Master Luo, now that you have another beauty, do you not want her anymore?"

After she finished speaking, she laughed.

Fang Luo's expression did not change at all. He said indifferently, "My bed is big enough for eight to ten people, but ..." He said.

At this point, a sharp glint flashed in Fang Luo's eyes, and he slapped her as fast as lightning. He said coldly, "Since when is it your turn to comment on my matters, you slut?"

The woman's teeth were loosened and blood was flowing out of the corner of her mouth from Fang Luo's slap. However, she did not dare to make a sound. Her entire body was trembling uncontrollably, and her eyes were filled with extreme fear.

The other girl was also so scared that she kept quiet out of fear, not even daring to breathe.

Fang Luo stretched out his hand to caress the lady's face and asked gently, "Does it hurt?"

The woman was so scared that she couldn't say a word. Her body trembled involuntarily, and her eyes revealed a pleading look.

"You're very scared?" A smile appeared on Fang Luo's face as he asked calmly.

The woman nodded, then quickly shook her head, her face completely pale.

Fang Luo stretched out his hand and patted the lady's face twice. He said indifferently, "Don't be afraid, I've always been gentle to women ..."

"Master ... Master Luo ... Have mercy ..." The woman finally spoke as she begged.

"I told you, I'm very gentle to women. Why would I want your life?" With a smile on his face, Fang Luo said, "I'm going to be a groom again today. For the sake of my bride, you guys can get lost ..."

The two girls felt like they had been granted Amnesty and quickly said, "Yes ... Thank you, master Luo ... Thank you, master Luo ..."

After that, the two of them left the private room.

A cruel glint flashed in Fang Luo's eyes as he ordered indifferently, "Send them to the Black Rock nightclub. If they can't sell for a million, let them stay there!"

"Yes, master Luo!" A black – clothed man immediately responded and then went to make the arrangements.

.....

On the first floor, the burly man who had called Fang Luo earlier stood up and walked toward Lu You.

Many people in the bar noticed this scene.

Including The Man in the White Suit, all the experienced beauties sighed in their hearts that Qianqian had wasted her efforts tonight. She definitely didn't have a chance.

The frequent customers all knew the identity of the burly man. The people behind him were not people they could afford to offend. Since the burly man had made a move, this woman must have caught the eye of the fearsome master Luo.

They wouldn't dare to have any ideas about the woman that master Luo had his eyes on.

Some people even started to leave. They were the people who had hit on Lu You before. These people were worried that master Luo would harm them, so they all left the bar as if they were escaping.

Lu You, on the other hand, was completely unaware of the approaching danger. She continued to drink her rum ...

Chapter 413: Save me (1)

At this moment, there were already three empty glasses in front of Lu You. She was holding her fourth glass of wine and drinking slowly. She felt that the noisy world in front of her was not so annoying. Under the influence of alcohol, the world in her eyes became a little blurred and dreamy.

The lingering worries had also disappeared at this moment.

She had long gotten used to the strong rum, and the frequency of her drinking was getting faster and faster, taking more and more big mouthfuls.

At this moment, a rough voice sounded, "Miss, our boss would like to invite you for a drink."

Lu You didn't even turn around and said coldly, "Get lost!"

She couldn't remember how many people had come to hit on her tonight. When dealing with these people, she would, without exception, tell them to get lost.

Groups of people came up to strike up a conversation with her and then backed off. Lu You was already used to this kind of atmosphere in the bar.

But this time, this person was different from the others. After Lu You scolded him, not only did he not walk away, but he took a step closer and said, "Young miss, you'd better be obedient. Don't refuse a toast only to drink a forfeit."

Lu You suddenly felt a sense of danger. She turned her head and saw the burly man beside her staring at her with a burning gaze. He did not hide his dominance at all. Furthermore, the few customers beside her, including the bartender at the bar counter, had all disappeared. It was as if she had become a vacuum.

Lu You's drunkenness was reduced by half. She said coldly to the burly man, "Quickly go away! Otherwise, I'll call the police!"

"It seems that the young lady has chosen to drink the wine of punishment ..." The burly man's mouth twitched, revealing a mocking smile.

Then, he came forward and grabbed Lu You's wrist.

A hint of panic appeared on Lu You's face. People would react subconsciously when they were panicking. Lu You's subconscious reaction was to pull hard and then raise her leg to kick him.

Lu You did not realize that the speed and strength of her kick were stronger than before. In fact, the medicine that Xia ruofei had given her to treat her 'aunt's pain' contained the petals of the spirit Heart Flower. Not only did the petals cure her period pain, but it also improved her physical condition.

Although this improvement wasn't very obvious, Lu You was able to burst out with much more strength than usual under such a tense situation.

The burly man was also caught off guard. He didn't expect Lu You's kick to be so fast, and he couldn't Dodge it in time.

Moreover, Lu You was wearing leather boots today. The sharp and Hard Leather Boots kicked the burly man's crotch heavily. This was also the most vulnerable part of a man's body. The burly man immediately let out a blood – curdling scream and released his hand that was holding onto Lu You's wrist. He covered his lower body and arched his body like a prawn.

Lu You quickly took the opportunity to grab her handbag and escape.

However, she had only run two steps when she realized that several burly men were surrounding her from the entrance. The road had been blocked.

Lu You hurriedly changed direction and rushed into a room in a panic. Then, she locked the door tightly.

"Ah!"

"F * ck ..."

Lu You heard a few screams and turned around. It was only then that she realized that she had actually rushed into the men's bathroom. A few men who were relieving themselves were shocked by this beautiful woman who had suddenly barged in. Their hands trembled and they peed in their pants.

Lu You also shrieked and turned around with her face and ears red.

However, she didn't dare to go out. There were already noisy footsteps coming from outside, and soon, someone started to knock on the door.

Lu You couldn't be bothered with the few men in the bathroom who looked embarrassed. She quickly took out her phone from her handbag.

At such a critical moment, the first figure that appeared in her mind was not her mother, Tian Huilan, who was a Provincial Minister, but Xia ruofei.

Lu You found Xia ruofei's number and dialed it without hesitation.

At this moment, the bathroom door was slammed loudly. Lu You held the door tightly while shouting in her heart, "Quickly pick up the phone, quickly pick up the phone ..."

However, the bell rang again and again, but there was no response. Lu You's heart gradually sank to the bottom, and she revealed a bitter expression on her face. It seems like he's really angry with me. He's not even picking up my calls ...

The phone beeped, "no one is picking up." Lu You slowly felt a sense of despair. The force of the door slamming was getting stronger and stronger, and she was almost unable to hold on.

Lu You gritted her teeth and used all her strength to push against the door. She opened her WeChat and sent a message to Xia ruofei with trembling hands. "Midnight Dream bar, save me ..."

Lu You had just sent this message when she felt a huge force coming at her. She could not hold on any longer. She was pushed forward and staggered a few steps before falling to the ground.

The bathroom door was also knocked open, and seven or eight burly Men in Black rushed in.

The burly man who had gone to look for Lu You first was among them. He looked at Lu You with a ferocious expression and shouted, "Little bitch! You actually dared to kick me ..."

After saying that, he walked in front of Lu You in a somewhat strange posture. It was obvious that he had kicked Lu You hard just now, and he had not fully recovered yet.

Lu You gritted her teeth and looked at the burly man with hatred.

"You still dare to stare at me! I'll beat you to death ..."

That burly man raised his hand and slapped Lu You's face. This burly man's attack was filled with hatred. If it hit, Lu You's face would definitely swell up.

However, before this slap could land on Lu You, it was blocked by a hand.

One of the men in Black said coldly, "Ah li, this is the woman that master Luo has his eyes on. You beat her up so badly that her face is swollen. How is master Luo going to use her tonight?"

The burly man couldn't help but tremble and quickly said, "I'm sorry, brother Hu, I was wrong ..."

Brother Tiger let go of ah Li's hand gently and squatted down in front of Lu You. "Miss, our boss just wants to be friends with you. You don't have to be so nervous."

Lu You snorted coldly and turned her face away, not saying anything. She had heard what brother Hu had said just now. Naturally, she would not be so naive as to think that he really just wanted to be friends with her.

Brother Tiger looked at Lu You coldly, then stood up and said, "Please invite this lady upstairs!"

"Yes, brother Hu!"

A few burly men immediately came forward, picked Lu You up, and dragged her out of the bathroom.

Lu You struggled with all her might and shouted, "Help! Help me!"

The few men in the bathroom were so scared that they didn't even dare to breathe. They watched helplessly as Lu You was taken away. No one dared to come forward to help.

No matter how much Lu You struggled, she was no match for a few strong and burly men. She was quickly dragged out of the bathroom by them.

.....

Tao Yuan farm, villa.

Xia ruofei's room was very quiet. The spirit painting was placed on his bed quietly. The phone on the bedside table vibrated for a while before it went silent again.

Xia ruofei was playing with Blackie and the rest in the new space. Today, he felt very stuffy, as if there was a knot that could not be released. So, after a quick dinner, he entered the new space, wanting to relax in the spirit map space that was rich in spiritual Qi.

However, Xia ruofei still felt uneasy. As a Special Forces elite, his sixth sense was stronger than the average person's. He had a feeling that something was about to happen.

Soon, Xia ruofei decided not to stay in the medium any longer. He returned to the outside world.

After keeping the painting in his body, Xia ruofei muttered to himself, "What's wrong with you today?"

As he spoke, he picked up his phone from the bedside table.

Usually, Xia ruofei would not bring his phone into the realm since there was no signal there. Hence, he would check for missed calls and messages after he left the realm.

Xia ruofei saw a missed call from Lu You after he lit up the screen.

Xia ruofei furrowed his brows. He thought that Lu You wanted to explain to him what had happened today. However, to be honest, he didn't want to hear Lu You's explanation at all, so he naturally wouldn't return her call.

Xia ruofei turned off the missed call notification. Just as he was about to keep his phone, he saw a red "1" on the WeChat icon, indicating that there was a new unread message.

Hence, Xia ruofei opened his WeChat. This unread message was from Lu You.

Xia ruofei's expression changed when he opened the call. His heart skipped a beat when he thought of the missed call. He grabbed his jacket, opened the door, and rushed downstairs.

Soon, the Knight XV let out a loud roar and rushed out of the villa, running wildly out of the farm.

Hong Tao, who was on duty at the entrance, opened the gate when he heard the sound of the engine. He immediately recognized the engine and knew that Xia ruofei was going out.

As soon as the door opened, Hong Tao seemed to see a black lightning bolt. When he came back to his senses, Knight XV had already rushed out of the farm, and a bend was not far in front of him. Hong Tao even saw the Knight XV's heavy body make a drift amid the sharp friction sound of the tires, and then it lightly passed the bend and disappeared from his sight.

"Brother Xia, where are you going in such a hurry?" Hong Tao muttered to himself as he closed the farm gate.

On the highway around the city, Xia ruofei stepped on the gas pedal and controlled Knight XV to speed forward. At the same time, he searched for Midnight Dream bar on the car navigation system and set the route.

His brain was also spinning rapidly.

When he saw the message, it was two minutes after the message was sent. According to the planned route, it would take about half an hour to get to the midnight Dream bar from here to San Shan city. However, Xia ruofei ignored the traffic rules and drove at a special speed. He should be able to get there in fifteen to twenty minutes.

Xia ruofei did not dare to imagine what would happen in the middle of such a long period of time. He was a little anxious at the moment.

Xia ruofei knew that it was very likely that Lu You had gone to the bar to get drunk because of today's incident. Although Xia ruofei was very angry with Lu You's actions today, he would still feel very guilty if something had really happened to her.

Of course, they could not rule out the possibility that Lu You was lying. With miss Lu's Princess – like temper, she might have used fake news to trick Xia ruofei into coming out.

However, Xia ruofei did not dare to take the risk. The only thing he could do now was to rush to the bar that Lu You had mentioned as fast as possible.

Fortunately, there was only one bar called zero point dream in the entire San Shan city. It was located by the North River, so there should not be a traffic jam on the way from San Huan road.

Xia ruofei's face was ashen as he sped all the way. The speed – limit cameras along the way also flashed. After entering the city, Xia ruofei ran a few red lights in a row. There were a few times when he almost collided with other cars, but he dodged them all with his excellent driving skills and extraordinary reaction speed.

However, he estimated that after this, his driving license points would not be enough for the deduction.

18 minutes later, the Knight XV rushed to the entrance of the zero dream bar with a roar like a monster .

Chapter 414: The devil (1)

Xia ruofei jumped out of the car and ran to the entrance of the bar without even locking the door.

As he pushed open the heavy door, a burst of noisy music could be heard. It was as if the entire earth was shaking. Xia ruofei frowned. His sharp eyes quickly scanned the room and then went straight to the bar counter.

Outside the bar, a few burly men scattered in twos and threes saw the murderous Xia ruofei rush in. They looked at each other and quickly gathered together, following him into the bar.

Xia ruofei rushed to the bar counter and knocked away a few drunkards on the way, causing a wave of curses. However, Xia ruofei did not care. When he reached the bar counter, he grabbed the collar of the bartender who had come forward to ask questions and asked, "Where is Lu You?"

The bartender was pulled by a huge force, and his body involuntarily leaned forward. He felt that he was almost out of breath. A trace of panic flashed through his eyes, and the figure of the beautiful girl who had just been drinking here appeared in his mind.

"Sir, you ... What did you say? 'I don't understand ...' The bartender stammered.

Xia ruofei said coldly, "a very beautiful girl. She was drinking here 20 minutes ago. Where is she now?"

The bartender forced a smile and said, "Sir, who ... Who are you talking about?" The ladies here are all very beautiful ..."

Xia ruofei snorted coldly. His left hand grabbed the bartender's collar while his right hand took out his phone. He quickly found a photo of Lu You. It was taken at the flower exhibition a few days ago.

Xia ruofei put the phone in front of the bartender and said, "Look carefully. Don't tell me you've never seen her before!"

The bartender recognized Lu You immediately, and his heart sank. As expected, the girl's friend had come looking for him. However, when he thought of Fang Luo's ruthless methods, the bartender did not dare to say anything even if he died. He quickly said, "Sir, I've really never seen this girl before. There are so many people in the bar, and I can't possibly remember every customer's face ..."

Xia ruofei had already caught the panic in the bartender's eyes when he saw Lu You's photo. He was even more certain that Lu You had really appeared in this bar and that something must have happened.

He was even more anxious. This had happened twenty minutes ago. For a girl, being held hostage for twenty minutes was enough for anything to happen.

At the thought of this, Xia ruofei exerted force and grabbed the bartender.

Just then, Xia ruofei squinted his eyes. Even though he did not turn around, he could already hear a strong gust of wind. Xia ruofei let go of the bartender and he rolled back to the bar counter. At the same time, Xia ruofei lowered his body and accurately dodged the punch that came from behind.

Xia ruofei didn't even turn his head. He followed up with a side kick and accurately kicked the abdomen of a burly man behind him. The 180 – pound man was sent flying by Xia ruofei's kick and smashed heavily on a table behind him, crushing it into pieces.

There were also screams from the bar.

Xia ruofei turned around and saw five or six burly men surrounding him with fierce gazes. They were obviously the people who were in charge of the bar.

Xia ruofei did not hesitate. He clenched his fists and rushed forward. Every second was precious. He did not want to waste it on these people.

Under the bar's lustrous lights, Xia ruofei's figure was like a ghost. After he rushed into the middle of five or six burly men, a muffled sound of beating could be heard. No one saw Xia ruofei's movements clearly. In at most five seconds, these men all fell to the ground and lost their fighting ability.

Xia ruofei turned around and saw that the bartender was nowhere to be seen.

However, he didn't mind. These people who were watching the place definitely knew more.

Xia ruofei stepped on the face of the man closest to him and put the phone in front of him. He asked, "I'll give you three seconds to think about it. Tell me where this girl is now."

The man gritted his teeth and glared at Xia ruofei. Then, he tried his best to look away.

Xia ruofei's eyes flashed and he stomped down heavily. The burly man cried out in pain. His face was a bloody mess and his cheekbones and nose bridge were broken.

Soon, the burly man fainted from the pain. Xia ruofei's face remained calm as he continued to walk towards the second burly man.

The burly man was scared out of his wits when he saw what had just happened. He tried his best to move back, but he had been hit in the abdomen by Xia ruofei and had basically lost his ability to move. Xia ruofei arrived in front of him in two steps. Just like before, she stepped on the burly man's face and showed him the photo on her phone.

"Three seconds. Tell me where she is," Xia ruofei said.

"I ... I don't know ..."

Xia ruofei's eyes flashed with a cruel light. Just as he was about to do the same thing, he suddenly felt a sense of danger. He turned slightly and saw a black shadow coming at him from the corner of his eye. Xia ruofei waved his hand to block it.

It was a bar stool, but its speed and strength were not bad. After Xia ruofei blocked it, he felt a slight pain in his arm. The bar stool was sent flying and hit a ball – shaped spotlight on the dance floor.

Chapter 415: The devil (2)

With a bang, the spotlight was hit, and sparks and smoke came out of it. Then, it hit the center of the dance floor.

At this time, the music in the bar had stopped long ago. However, the people who came to the bar generally liked to watch the fun, so many people did not leave. Two unlucky people were hit by the spotlight and fell to the ground with blood flowing out of their heads. It was unknown whether they were Dead or Alive.

There were also screams in the bar. Everyone realized the danger and ran out of the door.

After Xia ruofei had sent the bar chair flying, he slowly turned around and saw a cold – looking man in a black suit moving his wrists and fingers as he steadily walked towards him.

The few men on the ground quickly shouted, ““Brother Tiger, help ...”

Xia ruofei left the wailing men behind and walked towards brother Hu in a black suit.

The two of them stared at each other with lightning – like eyes. The atmosphere suddenly became tense, as if there was an invisible murderous aura between the two of them, causing the temperature in the room to drop by a lot.

When they were about four to five meters apart, brother Tiger started to speed up and clenched his fist. Xia ruofei could clearly see a few cold glints on his fist. Brother Tiger was obviously wearing brass knuckles.

Brother Tiger’s aura had risen, but Xia ruofei was still maintaining a constant speed. There was no change in his expression.

The distance of four to five meters was closed in an instant. Brother Tiger’s eyes flashed with a cold light and he did not hesitate to throw a right hook at Xia ruofei. The fist made a whooshing sound and it was so fast that ordinary people would not be able to react in time.

Xia ruofei didn’t seem to see it. He didn’t even try to Dodge. Brother Tiger could already see the fist landing on Xia ruofei’s face and the flesh and blood splattering. However, just as his fist was about to touch Xia ruofei’s skin, Xia ruofei mysteriously disappeared.

Brother Tiger’s expression changed drastically, and at the same time, a sense of extreme danger rose in his heart.

He could be considered as a battle – hardened man. Subconsciously, he dodged. However, in the eyes of Xia ruofei, who had been strengthened by the body tempering soup several times, he was as slow as a snail.

Xia ruofei’s simple punch landed on brother Tiger’s soft ribs. With a crack, his ribs were broken.

Then, Xia ruofei took a step forward and appeared in front of brother Tiger. In a very short period of time, he threw a dozen or twenty punches, each one aimed at brother Tiger’s chest and abdomen.

The burly men lying on the ground could not see Xia ruofei’s movements clearly. They only felt that Xia ruofei’s hands were like phantoms and they could hear the continuous muffled sounds of beating.

Then, they saw brother Tiger fall to the ground without even making a sound. Blood was flowing from the corner of his mouth. He was obviously seriously injured.

The whole process took less than three seconds. Xia ruofei dodged, counterattacked, and punched continuously in one go.

Those burly men looked as if they had seen a ghost. Each and every one of them even forgot the pain in their bodies as they couldn’t help but open their mouths.

Was he still human? They had the same thought in their hearts.

Brother Tiger was master Luo's number one subordinate and also their company's top fighter. He had once participated in underground fighting competitions and defeated many world – Class Masters.

They had never seen brother Tiger lose in a fight before, let alone being completely crushed without any suspense.

Even Xia ruofei's breathing was as steady as usual. There was no change in his expression, as if he had just completed an insignificant task.

He looked coldly at brother Tiger, who was lying on the ground unconscious. Then, without hesitation, he raised his foot and stomped down.

With a crack, brother Hu's right wrist was crushed by Xia ruofei's foot. The intense pain woke him up from his coma and he groaned.

However, brother Tiger was also a man. He did not scream in such a heart – wrenching pain. He just gritted his teeth tightly, and beads of sweat quickly appeared on his forehead.

Xia ruofei squatted down and calmly lit up the screen of his phone. He showed the photo to brother Hu and asked, "Tell me where she is."

Brother Tiger obviously had a higher status than the other men, so Xia ruofei went to him directly.

Brother Tiger sneered and glared at Xia ruofei. He kept his mouth shut and was not prepared to speak.

Xia ruofei had already expected this. His expression did not change at all. With a flip of his hand, a sharp military dagger appeared in his hand like magic.

Then, Xia ruofei waved his hand and cut it without hesitation. The dagger that was shining with a cold light cut off brother Tiger's left thumb as if it was tofu.

"Ah!" Brother Tiger let out a shrill cry and his entire body was struggling frantically. However, Xia ruofei's knee was pressing down on him, and he could not break free at all.

Xia ruofei replied indifferently, "my patience is limited. I won't ask a second time." From now on, I will cut off one of your fingers every five seconds. If you don't open your mouth after one minute, not only will you lose all your fingers, but you will also have to say goodbye to your lifeblood. If you still don't open your mouth after becoming a eunuch, your eyeball will be the next one to say goodbye to you. The time starts now ..."

"Who are you?" Hu Zi's voice trembled as he asked. I ... I've never seen that person before ..."

Xia ruofei looked at brother Tiger quietly, his face emotionless. He paused for a moment, then said calmly, "Time's Up. "

After he finished speaking, Xia ruofei did not hesitate at all. He waved the dagger in his hand and brother Hu's left index finger was cut off.

"Argh! Ah ..."

Brother Tiger's body trembled from the pain, and he couldn't help but let out a heart – wrenching scream.

Xia ruofei did not react to this. He did not even blink. He continued to look at brother Tiger calmly. His expression was the same as before.

“You ... You devil ... Kill me ... Kill me if you have the guts!” Brother Tiger screamed hysterically.

“Time’s Up. ”

Xia ruofei only said these three words calmly. Then, with a steady wave of his hand, he cut off brother Hu’s left middle finger.

“Ah ... You son of a B * tch, kill me if you dare! If you don’t dare to kill me, you’re my grandson!” Brother Tiger gritted his teeth and shouted. The expression on his face was as mournful as the devil ‘s.

He knew that he was already crippled, and his heart had long been disheartened. However, that kind of heart – piercing pain was simply unbearable. The pain spread from the nerve endings to the brain, making him feel so much pain that he wanted to die.

“You’re a man,” Xia ruofei said indifferently.”I’ve decided to leave a few of your fingers behind so that you won’t be unable to take care of yourself in the future.”

Brother Tiger panted heavily and stared at Xia ruofei. In his eyes, Xia ruofei’s delicate face was scarier than a demon ‘s, especially Xia ruofei’s extremely stable tone and the fact that he didn’t have any change in expression in the face of such a bloody scene. It made brother Tiger feel a chill from the bottom of his heart.

The other burly men were so scared that they almost peed their pants. Each and every one of them was as silent as cicadas in winter, not even daring to breathe.

“You’re that kind?” Brother Tiger stared into Xia ruofei’s eyes and said.

“I’ve said it before, my patience is limited. ” Xia ruofei said indifferently,”since I’ve left you with a few fingers, I’ll give you five more seconds. If you still can’t tell me where she is, I’ll ...”

At this point, the dagger in Xia ruofei’s hand began to move down brother Tiger’s lower abdomen slowly and finally stopped between his legs. He said,””You understand? The countdown begins!”

“No... Don’t ... Don’t ...” Brother Tiger started to struggle in vain again.

“Five ... Four ... Three ...” Xia ruofei’s expression was cold.

“Stop! “I’ll tell you ... I’ll tell you ...” Brother Tiger finally had a mental breakdown and cried out in fear.

“You still have two seconds.” Xia ruofei said calmly.

Chapter 416: directly kick_1

“He’s on the second floor! The second room on the left was master Luo’s personal resting room! “The woman is inside ...” Brother Tiger quickly said.

His mental defense had been completely destroyed by Xia ruofei. The only thought in his mind was to get as far away from this demon as possible.

As soon as brother Tiger finished speaking, he felt his vision blur and Xia ruofei disappeared. In the next moment, Xia ruofei's figure appeared at the entrance of the stairs leading to the second floor.

Brother Tiger panted heavily as he stared at Xia ruofei's ghostly back, his eyes filled with fear.

He knew that he had kicked an iron plate today. Even master Luo would not be able to do much in front of this ruthless person.

Brother Hu's only hope was that master Luo had not done anything to that girl yet. Otherwise, he could not imagine how he would face Xia ruofei's anger.

.....

Time went back to twenty minutes ago.

Lu You was forcefully dragged to Fang Luo's exclusive lounge on the second floor by brother Tiger and his men. On the way, Lu You was struggling with all her might, but it was to no avail. She was a weak woman. How could she be a match for a few big men?

"Brother Hu, what do we do now?" One of the men asked.

Brother Tiger pointed to a bottle of wine on the bedside table and said, "Serve this lady until she's finished."

"Understood!"

The burly man grinned hideously as he walked over to open the wine bottle. The remaining few people grabbed Lu You's arm tightly. No matter how hard Lu You struggled, it was to no avail.

"Let me go ... Let me go ... You bunch of animals ..."

Lu You shouted as she struggled. However, all of this was a futile effort. Very quickly, the burly man started to pour wine into Lu You's mouth.

Lu You shook her head desperately, trying to avoid it. However, the burly man inserted the bottle into her mouth and started to pour the water in.

Lu You choked and coughed violently. A lot of the wine flowed out from the corners of her mouth and even her nostrils. The smell of wine filled the room, but most of the wine was forced into her stomach.

Lu You had already drunk quite a lot of strong rum, and after mixing it with so much foreign wine, she very quickly felt dizzy. After the alcohol hit her, her strength to struggle also disappeared, and her entire body slowly collapsed onto the bed.

"Xia ruofei ... Save me ..." Lu You, who had already lost her ability to move, mumbled as her chest heaved up and down.

Brother Tiger gestured for the few men to lay Lu You on the bed.

At this moment, the burly man who had poured the wine for Lu You looked at Lu You with a burning gaze. Then, he moved closer to brother Tiger and laughed. "Brother Hu, do you want to give this girl some aphrodisiac?"

The few underlings beside him also showed a smile of understanding.

Tonight's beauty was really of the highest quality. Although these people could only look at her and not touch her, they were all tempted. Moreover, they were even fantasizing that after Fang Luo had used her, he would give her to them and his brothers! Even if Fang Luo had used it before, they would still drool over it.

Brother Tiger looked at the man coldly and asked, "How long have you been with master Luo?"

The burly man was stunned for a moment before he said weakly, "Three ... Three years ..."

"You've been with master Luo for three years. Haven't you learned the basic rules?" Brother Tiger said coldly, "do you know the consequences of acting on your own?"

The burly man suddenly broke out in a cold sweat, and his face turned pale. He quickly said, "Brother Hu ... I ... I know I was wrong ..."

Brother Tiger snorted and said, "Don't do it again. "

"Yes, yes, yes ..."

Brother Tiger took a look at Lu You, who was on the bed. At this moment, Lu You had already fallen into a state of heavy drunkenness. Her body was slightly twisting on the bed. Any man who saw her would be unable to help but feel their hearts palpitate. However, brother Tiger's eyes were as cold as ever, without the slightest ripple of emotion.

"Leave one person outside to keep watch," brother Tiger said. "Unless there's an emergency, no one is allowed to come in."

"Yes! Brother Tiger!" Everyone responded in unison.

Brother Tiger left the room and went straight to the large private room next door.

In the private room, Fang Luo was leisurely sipping a glass of red wine. There were two gorgeously dressed girls beside him, and they slithered around him like water snakes. A few burly Men in Black stood guard at the door like iron towers.

Brother Tiger walked up to Fang Luo, bowed slightly, and leaned down to whisper into Fang Luo's ear, "Lord Luo, everything has been arranged."

Fang Luo's ferocious triangular eyes suddenly lit up. He patted brother Tiger's shoulder in satisfaction and said, "Tiger, thank you for your hard work."

With that, Fang Luo stood up and walked out of the private room in big strides, leaving the two girls behind.

Although he had only seen a side profile photo, Fang Luo's heart was already itching for a fight. He could feel his evil fire stirring, and he couldn't wait to go back to his room and dote on that exquisite beauty.

Fang Luo had only taken two steps when his phone rang.

He immediately frowned. This was his personal phone, and not many people knew the number. The person who could make this call must be someone close to him.

Fang Luo gestured to brother Hu, who immediately strode over to the coffee table and picked up his phone. When he saw the caller ID, his expression froze. He quickly walked to Fang Luo with his phone and said in a low voice, "Master Luo, it's young master Liang."

Fang Luo immediately took the phone. Brother Hu waved his hand and led the Men in Black and the two girls out of the room.

Fang Luo's success was not only due to his ruthlessness, but also due to the support of the rich. Otherwise, a gangster like him who only knew how to fight and be ruthless would have died many times over.

Fang Luo's benefactor was the mysterious young master Liang.

Therefore, Fang Luo did not dare to neglect young master Liang's call. No matter how anxious he was, he would not dare to reject the call. To put it bluntly, even if his father was dead and he had to go to the funeral soon, he would still have to answer the call first.

Brother Tiger waited outside the door for more than ten minutes before he saw Fang Luo walking out with a happy expression. He must have had a good chat with young master Liang. However, as a subordinate, brother Tiger should not be guessing what benefits young master Liang had offered him.

Brother Tiger was able to gain Fang Luo's trust. Other than being skilled, his loyalty and loyalty were also extremely important reasons.

He did not say anything more. He made an inviting gesture at Fang Luo and led him to the room next door.

Fang Luo's eyes were filled with unconcealed desire. After opening the door, he turned around and said, "Even if the sky falls, you're not allowed to disturb me."

"Yes, master Luo!"

Fang Luo walked into the room, and brother Hu and the others stood guard outside the door. The bedroom had been specially soundproofed, so even if the wall was smashed from the inside, no sound would be heard from the outside. After all, Fang Luo often spent the night with women here, and he did not have the habit of broadcasting his sexual activities to his subordinates.

Brother Tiger had only stood outside for two to three minutes when the sound of fighting came from the first floor. The screams of the lackeys were heart – wrenching. Brother Tiger ordered a few subordinates to guard the door and then went downstairs to check.

He used to be the king of underground fighting and had never met a worthy opponent in Sanshan city. He did not expect to be severely injured by Xia ruofei after going down and even be crippled by him.

.....

When Xia ruofei rushed up to the second floor, there were five burly Men in Black suits standing guard at the door of Fang Luo's bedroom. When they saw Xia ruofei, they were stunned for a moment before

they quickly reacted. Without any hesitation, they pulled out the machetes hidden at their waists and rushed toward Xia ruofei.

Even brother Tiger couldn't deal with the enemy, so these black – clothed men were naturally very cautious. They took out their weapons and attacked as a group, not daring to take it lightly.

Xia ruofei knew that every second was precious. He didn't waste any more time. He stomped on the ground and turned into a shadow as he rushed into the crowd of Men in Black.

The knife flashed, but the Men in Black were shocked to find that they could not see Xia ruofei's figure clearly. Xia ruofei's thin body moved nimbly among the airtight knife lights. Soon, someone felt a pain in his wrist and let go of his knife. The knife fell to the ground. Then, a strong force hit his chest and abdomen. He flew up involuntarily and slammed heavily into the wall, unconscious.

Punches, kicks, kneecaps, elbows ... Xia ruofei used every part of his body to the extreme. He was originally from the Special Forces and was an expert in grappling in the Army. After being strengthened by the body tempering soup, his strength, speed, and reaction ability had all undergone a complete transformation. It was naturally extremely easy to deal with these knife – wielding big men.

In just three seconds, the machetes fell to the ground and the five Men in Black were lying on the ground. None of them made a sound because they had all fainted from Xia ruofei's heavy blow.

From the moment Xia ruofei entered the room to the moment he took care of the guards on the second floor, it was only a short two to three minutes.

It could be said that he had already exerted his ability to the extreme.

Ever since he retired from the Army, especially after taking the body tempering soup, this was the first time Xia ruofei had fought with a real weapon. He realized that the fighting skills that he had learned before were now very smooth and flexible. His combat power had definitely increased by several times.

Xia ruofei's eyes were filled with killing intent, and his entire body was exuding a strong murderous aura. He started to walk toward Fang Luo's bedroom.

.....

Five minutes ago.

After Fang Luo locked the door, his fiery gaze landed on Lu You who was on the bed. Lu You's face was flushed red, and she was still calling Xia ruofei's name unconsciously. Her body was twisting gently, and she looked extremely helpless.

Fang Luo's eyes were turning red, and his breathing was getting heavier. He stuck out his tongue and licked his lips, chuckling. "My beauty, big brother is here ..."

Bang! Bang!

With a loud bang, the specially made heavy door of the bedroom flew up and smashed heavily on the thick carpet, making a dull sound.

Like a cat whose tail had been stepped on, Fang Luo sprang up without any hesitation and pounced toward the bedside table. Fang Luo had always prepared some life – saving measures in places where he often went and stayed, and there was a small and exquisite pistol in the bedside table.

Fang Luo's first reaction was that his enemies had come. He had been in the underworld for more than ten years, and it could be said that he had countless enemies. Although he was now a famous boss, he would still be attacked several times every year. It was only because of the protection of brother Hu and other subordinates that he was able to escape from danger every time.

He was right beside the bed, less than a meter away from the bedside table. In addition to his quick reaction, he immediately rushed over as soon as he heard the door being kicked open. The whole process took at most one or two seconds.

Fang Luo pulled open the nightstand, and his other hand had already grabbed the pistol whose safety was always off. Just as a crazed look appeared on his face and he was about to turn around and shoot, there was a sudden whistling sound. He felt an intense pain, and he could not help but let out a heart – wrenching scream.

The next moment, Fang Luo was shocked to find that his hand that was holding the gun had been nailed to the drawer of the bedside table by a military dagger that glinted coldly.

The pain caused the muscles on his face to tremble. He raised his head and saw a thin, fair – skinned young man walking in step by step with a murderous look ...

Chapter 417: directly cripple_1

Although this young man looked gentle, like a young student who had just walked out of the school gate, the strong murderous aura that he exuded made even a ruthless person like Fang Luo's heart tremble.

Fang Luo had taken human lives, and he had been living a life of bloodshed for more than ten years. He was very sensitive to such a murderous aura, and a hint of fear appeared in his eyes. Such a strong murderous aura ... How many people had this person killed before ...

After Xia ruofei entered the room, he did not even look at Fang Luo. His gaze landed on Lu You, who was cuffed to the bed.

Although Lu You was not in a clear state of mind, her clothes were still intact even though they were a little messy. Xia ruofei heaved a sigh of relief. He was not late.

He walked to the bed in a few steps, grabbed the pair of alloy handcuffs with both hands, and separated them with force. With a crack, the solid alloy chain broke like a plastic toy.

Fang Luo's eyelids twitched uncontrollably. He looked at Xia ruofei's broad back and a fierce light flashed in his eyes. He gritted his teeth and used his other hand to grab the handle of the gun.

"Go to hell!" Fang Luo shouted crazily.

However, as soon as he raised the gun, Xia ruofei did a clean and Swift Roundhouse side kick, as if she had eyes in the back of her head. She accurately kicked the wrist of Fang Luo's hand that was holding the gun.

The silver pistol was kicked away by Xia ruofei, and Fang Luo's wrist quickly swelled up.

Xia ruofei turned around slowly. There was no emotion in his eyes as he stared coldly at Fang Luo, who was in a state of madness.

Fang Luo was panting heavily. Without any hesitation, he used his injured hand to grab the military dagger that was nailed to his left palm. He gritted his teeth and pulled the dagger out.

The intense pain caused Fang Luo to let out a muffled groan. However, he was indeed a ruthless person. He looked at the dagger that was still dripping with blood, and a hysterical smile appeared at the corner of his mouth.

Fang Luo leaped up and swung the dagger in his hand at Xia ruofei's throat with a dazzling cold light.

The corners of Xia ruofei's mouth curled up slightly, and his eyes revealed a hint of disdain. Facing the menacing Fang Luo, he did not move at all. He only raised his hand when the dagger was almost within reach.

Xia ruofei's movements looked slow, but he managed to catch Fang Luo's wrist accurately. Then, Xia ruofei gripped it lightly without any expression.

Crack ...

Fang Luo's wrist bone was crushed by Xia ruofei's casual grip, and the dagger fell to the ground with a clatter.

Fang Luo was like a mad demon. He waved his hand, which was pierced by the dagger, and hit Xia ruofei.

It had to be said that Fang Luo had a kind of ruthlessness that came from his bones. However, such ruthlessness was useless in the face of the huge gap in absolute power.

Xia ruofei tilted his head slightly and dodged the fatal blow easily. Then, when Fang Luo lost his balance, Xia ruofei pulled him slightly and Fang Luo's entire body fell forward involuntarily.

Xia ruofei grabbed Fang Luo's shoulders and kned him without hesitation. He hit Fang Luo's chest with his knee, making a dull sound.

Puchi ...

The impact was extremely heavy, and Fang Luo spat out a mouthful of blood.

Xia ruofei dodged lightly and avoided the blood that Fang Luo spat out. At the same time, he let go of his hands and Fang Luo immediately fell to the ground.

Xia ruofei's mouth twitched. This person looked very powerful, but his actual combat power was not even comparable to brother Hu. He had completely lost his combat power without any effort.

At that moment, Fang Luo was leaning on the bedside table, his upper body naked. The corners of his mouth and his chest were covered in ghastly bloodstains. One of his palms had been pierced through, and it was still bleeding. His other wrist was broken at a strange angle. His entire person was as white as a sheet of paper, and he looked rather dispirited.

However, Xia ruofei did not have the slightest bit of sympathy. The situation in the room was already very clear. If he had not arrived in time, Xia ruofei did not even dare to imagine what kind of tragic ending Lu You would have had tonight.

The whips, candles, and other things at the side also showed that the person in front of her had some perverted hobbies. To Lu You, that was a nightmare – like experience.

Naturally, Xia ruofei would not have any sympathy for such a scumbag.

His gaze landed on Lu You, who was on the bed. At this moment, Lu You was still in a state of deep drunkenness. There was still a trace of fear and helplessness on her face. Perhaps the movement just now had allowed her to regain some consciousness. She started to Mutter softly again.

“Xia ... Ruofei ... Save ... Save me ...”

Seeing this scene, Xia ruofei felt a sharp pain in his heart. Lu You’s helpless look had touched his heart.

He walked forward and leaned over to Lu You’s ear, saying, “I’m here, it’s fine now ...”

Lu You tried her best to open her eyes, but her vision was still blurry. However, Xia ruofei’s voice seemed to have a magical power. She stopped mumbling and her expression became more peaceful. She twisted her body slightly and fell asleep again.

Only then did Xia ruofei straighten his body and turn to look at Fang Luo, who was like a dead dog.

Fang Luo was still gasping for air, and blood kept flowing out of his mouth. Xia ruofei’s knee attack had obviously hurt his internal organs.

Chapter 418: directly cripple_2

“Who ... Who are you?” Fang Luo asked with much effort.

Xia ruofei pointed at Lu You on the bed expressionlessly and asked, “Do you know who she is?”

Fang Luo’s mouth twitched, and a lot of blood flowed out again. However, he did not care at all and chuckled. “A woman ... And ... A top ... Top beauty ...”

“Scumbag!” Xia ruofei coldly spat out these two words.

Fang Luo started to laugh, and it became more and more hysterical. As he laughed, he started to cough violently, and blood kept coming out of his mouth.

“You don’t have to say anything ... I know ... You must be this girl’s friend ...” Fang Luo said.

Xia ruofei looked at Fang Luo quietly without saying a word.

“You don’t have to look at me like that,” Fang Luo continued. “I ... I haven’t had the chance to touch her yet ...”

“So?” Xia ruofei asked coldly.

“So ... We ... Actually ... Don’t have any irreconcilable hatred ...” Fang Luo said with much difficulty, “if you let me go, maybe ... We can still ... Be friends! The name of Master Luo in the southern city ... You should have heard of it ... That’s me!”

“Friend?” Xia ruofei’s lips curled into a mocking smile.

“Yeah ... You’ll know the benefits of being my friend in the future ...” Fang Luo said nonchalantly, “I know you’re good at fighting, but most of the time ... Fighting skills are useless ... A few of my men are better at fighting than me, but I ... I’m still ... Their boss, right? Brother ... Leave a way out, and we’ll be on good terms in the future ... If you go too far today ... Our Iron Fist club will definitely make you pay a painful price ...”

Fang Luo’s breathing became smoother as he spoke. Although he was still lying on the ground like a dead dog, his tone was more confident.

However, when he spoke, the viciousness in his eyes did not escape Xia ruofei’s eyes.

Xia ruofei picked his nose and asked, “What if I don’t want to?”

Fang Luo laughed and said, “Young man, don’t be too impulsive. You’ve already vented your anger ... Don’t tell me you still dare to kill me?”

Xia ruofei’s expressionless face gradually revealed a harmless smile. If anyone who knew him saw this scene, they would immediately know that Xia ruofei had a strong killing intent in his heart.

Fang Luo, however, did not notice it at all. He smiled and said, “That’s right, he who understands the times should act ...”

“It’s true that I don’t dare to kill you directly ...” Xia ruofei interrupted Fang Luo and said calmly, “but ...”

At this point, Xia ruofei suddenly raised his foot without warning and stomped down hard.

Crack! Crack! Two terrifying sounds were heard. Fang Luo, who was caught off guard, let out a heart – wrenching scream. Xia ruofei had just crushed his knees.

This time, Xia ruofei did not hold back. Fang Luo’s weak kneecaps were crushed under his heavy stomping. His legs were bent at a strange angle.

Even a ruthless person like Fang Luo couldn’t help but lose his mind and soul when he saw his leg in such a terrible state. The bone – piercing pain almost drove him crazy.

Xia ruofei had no intention of letting Fang Luo off the moment he saw how fragile Lu You was.

Even if he couldn’t kill him directly, he would cripple him and make him suffer like hell.

Fang Luo’s screams lasted for a while before they gradually stopped.

He panted heavily and stared at Xia ruofei. The muscles on his face trembled in pain but he still forced a smile that was uglier than crying and said, “You ... You’ve got guts! Come on! Again ... Again ... It’d be best ... It’d be best if you could kill me ... Ha ... Haha ...”

“As you wish,” Xia ruofei said expressionlessly.

Then, he looked around the room and happened to see the empty wine bottle on the bedside table. The wine in the bottle had all been poured into Lu You's stomach.

Xia ruofei picked up the wine bottle and held the thinner part of the top. He weighed it in his hand and walked to Fang Luo. He squatted down and slowly pulled Fang Luo's hand that was pierced by the dagger. Then, he raised the wine bottle and smashed it down.

"Ah ..." Fang Luo could not help but let out a terrible roar again.

Xia ruofei didn't even blink. Once, twice, thrice ... Every time, it was very precise. The interval was exactly the same, just like an automatic machine.

Soon, all five of Fang Luo's fingers had been smashed into a bloody mess. All the bones had been shattered, and his fingers were as thin as a piece of paper, lying on the ground.

Then, Xia ruofei slowly pulled Fang Luo's other hand.

An ordinary person would have fainted under such pain. However, Fang Luo was always conscious, perhaps due to his special physique. At this moment, he would rather have a weaker tolerance than faint. This kind of heart – piercing pain made him wish he could die immediately.

In Fang Luo's eyes, Xia ruofei was like a demon, even scarier than a demon.

"Kill ... Kill ... Kill me ... Just kill me ..." Fang Luo's bloodless lips trembled as he spoke.

Xia ruofei was still expressionless. He slowly raised the wine bottle that was already stained with blood.

Chapter 419: directly cripple_3

One, two ...

Fang Luo's other hand was smashed by Xia ruofei as he screamed in pain.

Xia ruofei threw the bottle away and picked up the military dagger that had accompanied him for many years. He wiped the blood on Fang Luo's clothes slowly and then smiled innocently. He asked, "Now, do you still want to be my friend?"

"Demon ... You ... You demon ..." Fang Luo said weakly, "if you have the guts ... Kill me ..."

Xia ruofei whispered into Fang Luo's ear, "I think it's more interesting to make you suffer a fate worse than death ... Don't you like to play with women? I think it's an illness, so I'll cure it for free today ..."

Fang Luo's expression changed drastically, and he cried out in a trembling voice, "You ... What do you want to do?"

Xia ruofei's lips curled into a cruel smile. Then, the military dagger in his hand slowly slid down Fang Luo's chest, past his lower abdomen, and finally stopped between his legs.

Xia ruofei used a little force and the military dagger easily cut Fang Luo's pants.

Fang Luo could feel the cold blade on his skin, and he could not help but shiver. He shrieked, "No... No... I beg you ..." She begged.

He had already guessed what Xia ruofei was going to do. He was scared out of his wits and this was the first time he had begged for help today.

Xia ruofei said indifferently, "I'm sure you've defiled quite a number of girls over the years." Today, I'll seek justice for them ..."

"No... Don't ..." Fang Luo shouted crazily.

Xia ruofei's eyes did not even waver. With a twist of his wrist, he cut down ruthlessly.

"Ah ... Ah ..." Fang Luo screamed hysterically. In the end, his head tilted to the side, and he fainted as he had wished.

Xia ruofei carefully wiped the blood off the dagger on Fang Luo's clothes. After putting the dagger away, he stood up and walked to the bed to carry Lu You. Then, he walked out of the room that reeked of blood.

A few Men in Black were still unconscious at the door. Xia ruofei walked down the stairs step by step.

The burly men who had been beaten by Xia ruofei also heard Fang Luo's screams from the second floor. They were so scared that they kept quiet out of fear. When Xia ruofei came down, they all avoided him like the plague.

Xia ruofei thought for a while and went to grab a big man. He asked him to bring him to the surveillance room in the corner of the first floor.

The screen in the control room showed the images from all the cameras in the bar, including the one at the door. These images were recorded repeatedly, and could be kept for at least a few days.

Xia ruofei carried Lu You on his shoulder and gave her a hard kick. The metal case exploded from Xia ruofei's kick, and sparks flew everywhere. The server that stored the video recording could not be more useless.

Xia ruofei easily found the hard drives in the wreckage of the case. The burly man had been chased away by Xia ruofei. He immediately put the hard drives into the spirit map space with a thought. Then, he carried Lu You out of the monitoring room and left the bar.

As he walked out, in addition to the few burly men he had injured, there were more than a dozen burly men who were not injured. However, no one dared to stop him, who was full of killing intent. Wherever he went, those people hurriedly made way for him, each and every one of them silent like cicadas in winter.

Xia ruofei walked to the door, turned around, and said, "If you don't want your boss to bleed to death, you'd better call 120 now."

With that, Xia ruofei put Lu You down from his shoulder and carried her in a Princess carry. Then, he walked out of the bar.

Chapter 420: The dissipation of ill – feelings (1)

Xia ruofei carried the unconscious Lu You to the front of the Knight XV SUV.

He carried Lu You on his shoulder and opened the door of the front passenger seat. Then, he stuffed Lu You into the car and carefully fastened the seat belt for her.

Xia ruofei saw that Lu You was sitting in the seat and her body was leaning to one side involuntarily. Hence, he leaned back in the front passenger seat so that she could lie down.

Then, Xia ruofei thought for a while and took off his coat to cover Lu You. He then closed the door, walked around the front of the car, and climbed into the driver's seat.

Xia ruofei lit a cigarette and turned to look at Lu You. He started to think about how to arrange her.

However, things had gotten out of hand today, so Xia ruofei decided to leave first.

He started the car and quickly left the midnight Dream bar.

When the car reached jiangbin road, Xia ruofei made the decision to bring Lu You back to Taoyuan farm.

His first thought was to send Lu You home, but now that Lu You reeked of alcohol and was completely drunk, he would definitely be punished if Tian Huilan found out.

Moreover, Lu You usually stayed in the school dormitory. As long as he did not say anything, Tian Huilan would definitely not notice. Hence, Xia ruofei quickly decided to help Lu You hide this matter.

As for sending her back to her dormitory, Xia ruofei quickly rejected the idea.

There were too many people in the dormitory, and Lu You was so drunk. As long as he sent Lu You back, it would probably spread throughout the entire Sanshan University the next day. That would be no different from telling Tian Huilan directly.

Of course, Xia ruofei could also find a hotel nearby to settle Lu You in.

However, in this case, he would have to stay in the city to take care of Lu You. He would have to book two rooms and bring a girl to the room. It would not sound good no matter what. Furthermore, there would definitely be surveillance cameras everywhere in the hotel. In the future, if Tian Huilan found out about what happened in the bar today, those surveillance videos would definitely not be able to hide from her. Then, Xia ruofei would not be able to explain himself even if he was full of mouths.

Hence, after weighing the pros and cons, Xia ruofei decided to bring Lu You back to Taoyuan farm.

Anyway, it was night time now. Other than the construction site, there were only Lei Hu and a few other security guards. Even ye Lingyun and Li Zhifu had gone to Mount Wuyi. There was no one else in the villa. He would not cause any gossip if he brought Lu You back.

After making up his mind, Xia ruofei immediately turned the car around and went down the side road of jiangbin road. He passed through the city and went on the highway from the north of the city. Then, he drove directly to Taoyuan farm.

The Taoyuan farm was quiet at night, and it was peaceful and quiet.

Xia ruofei parked the car in the villa's yard, then turned around and gently touched Lu You's shoulder. He tried to call out, "Lu You, Lu You ..."

Lu You had no reaction. Xia ruofei smiled bitterly and shook his head. After he got out of the car, he went around to the front passenger seat and opened the door to unbuckle Lu You's seat belt.

Without the restraint of the safety belt, Lu You's body tilted towards Xia ruofei. Xia ruofei held her and carried her on his shoulder. Then, he closed the car door and carried her into the villa.

Xia ruofei carried Lu You up to the second floor and opened the door to the room next to his.

This was the second bedroom on the second floor. Ye Lingyun and the others usually stayed on the first floor. This room had never been used, but the bedsheets and blankets were ready. It also had its own bathroom, but it was slightly smaller than the master bedroom and did not have a large balcony.

Xia ruofei placed Lu You on the sofa first. Then, he opened the cabinet and took out the bedsheets and blankets. He made the bed very quickly and carried Lu You to the bed.

There was a strong smell of alcohol on Lu You's body. Xia ruofei couldn't help but shake his head. This girl really didn't know the severity of the situation. She actually dared to drink so much in a chaotic place like a bar.

Xia ruofei did not know that even though Lu You had drunk a lot, she was not that drunk. She was only like this now because Fang Luo's subordinate had forced her to drink an entire bottle of wine.

After Lu You laid on the soft bed, she turned her body unconsciously. With the blanket between her legs, she adopted a more comfortable position.

Xia ruofei's heart wavered when he saw this. He quickly took a deep breath to calm himself down. Then, he gently pulled the blanket from under Lu You's body and carefully covered her with it.

At this moment, Lu You suddenly muttered, "Xia ruofei ... I ... I didn't mean to use you ... But I had no other choice ... Don't ... Don't ignore me ..."

Xia ruofei was stunned for a moment. He raised his head and looked at Lu You. He realized that Lu You had not woken up. Her eyes were still closed. These words were just her subconscious murmurs.

Xia ruofei sighed and said softly, "I won't blame you anymore ... You should have a good sleep. You'll be fine when you wake up tomorrow ..."

This afternoon, Xia ruofei was indeed very angry. He had a feeling that he had been deeply deceived. However, now that he thought about it, Lu You had been pampered since she was young and her family was well – off. Perhaps she did not think so deeply and did not know that if he really became her shield, he would be in a very bad situation. Thinking about this, Xia ruofei's anger dissipated by half.

In addition, Lu You had obviously gone to the bar for a drink because they had parted on bad terms at noon. Now that she was so drunk, she was still thinking about this matter. The trace of unhappiness in Xia ruofei's heart had long disappeared.

Just as Xia ruofei was about to stand up, Lu You, who was on the bed, twisted her body again. Her face revealed a panicked expression as she muttered, "Don't come over ... Let me go ... No... Xia ruofei ... Save me ... Save me ..."

Xia ruofei quickly patted Lu You's back gently through the blanket and comforted her in a low voice. After a while, Lu You slowly calmed down.

Xia ruofei sat on the bed and looked at Lu You's beautiful face. He had mixed feelings in his heart. This was probably the first time in her life that this girl had suffered such a huge shock. He wondered if it would leave a psychological shadow ...

Xia ruofei sat for a while. Seeing that Lu You had calmed down, he prepared to go back to his room to take a shower.

However, at this moment, Lu You suddenly coughed again, and it was a very bad cough.

"Oh ..."

Lu You coughed and coughed until she vomited. She was lying on her side and vomited all over the bed. The pillow, bedsheets, and blanket were all in a mess. Xia ruofei was patting her back to calm her down and was caught off guard. His body was also stained with a lot of vomit.

A sour and stinky smell immediately filled the room.

"Who have I offended ..." Xia ruofei could not help but laugh bitterly and shook his head helplessly.

He couldn't be bothered to clean up the vomit on his body. He quickly went over to help Lu You up and moved her to the relatively clean side of the bed. He let her lean against the head of the bed in a half-lying position. If she was still lying flat, the vomit might block her respiratory tract and cause her to suffocate.

Then, Xia ruofei took out a tissue from the tissue box on the bedside table and cleaned up the vomit on his body. He then ran to the bathroom to get a hot towel and carefully cleaned Lu You up.

Xia ruofei wiped her face and mouth clean of the vomit.

Then, he carried Lu You and walked towards his bedroom. Yingying's room could no longer be slept in. It was messy and filled with the smell of alcohol and a sour smell.

He went to his bedroom and placed Lu You on the bed. Xia ruofei turned on the heater and took out a set of warm autumn clothes from his closet. There were no women's clothes here, so he could only let Lu You wear his own.

.....

Xia ruofei took the clothes he had just changed out of to the bathroom, washed the vomit off them, and threw them all into the washing machine.

As for the bedsheets, pillows, and blankets in the other room, Xia ruofei rolled them up and threw them on the balcony. He was going to throw them away the next day.

Xia ruofei returned to his room and went to the bathroom to take off his dirty clothes. He washed off the vomit on them and threw them into the washing machine. He poured in some detergent and turned on the switch.

He then went to the bathroom to take a shower.

When he came out, Xia ruofei saw that the washing machine was still running. He changed into clean clothes and went to the balcony to smoke a cigarette. His mind was also thinking about what had happened today.

The incident at the bar today was quite big. Although he had taken all the surveillance data with him before he left, it was hard to guarantee that he would not be traced back to him. Lu You would definitely have a lot of things to do when she woke up tomorrow. Also, he had gone to the city to set up a bunch of red lights today. Those traffic tickets would be a problem ...

The more Xia ruofei thought about it, the more confused he felt. He decided not to think about it and wait until he woke up tomorrow.

At this moment, he heard the sound of the washing machine, indicating that the clothes had been washed.

Xia ruofei took the washed clothes to the balcony and hung them up. Then, he returned to his room. He thought about it and was still a little worried about Lu You. In addition, the room next door had a sour smell. Xia ruofei did not want to sleep in that kind of environment.

With a thought, he took out a sleeping bag from the spirit map space and spread it out on the floor. Then he got into the sleeping bag.

After a while, the room was filled with Xia ruofei's soft snores, and there was also the sound of soft breathing in between ...
