### **Chapter 491: debts to be calculated one by one (1)**

The burly man had long been scared out of his wits by Xia ruofei. Even though Xia ruofei was hugging Ling Qingxue so tightly that he could not free his hands, even though there was a gun hidden under the seat of the multi – Purpose vehicle, he did not dare to act rashly. He obediently got out of the car and dragged houzi, who had fallen on the driver’s seat.

The burly man’s hands and feet were weak. He tried several times before he managed to unbuckle monkey’s seat belt. Then, he nervously dragged monkey down and stood to the side, not daring to breathe, like a criminal waiting for his trial.

Xia ruofei did not even look at the burly man from the corner of his eyes. He immediately checked on Ling Qingxue’s condition.

To his relief, Ling Qingxue’s breathing was steady, and there were no obvious wounds on her body. It was obvious that she was not in a serious condition. After she was taken into the car, the other party must have used something similar to ether to put her into a coma.

After making sure that Ling Qingxue was fine, Xia ruofei was relieved. He carried Ling Qingxue to the passenger seat of the business car and laid her down. He even fastened the safety belt for her and finally took off his coat to cover Ling Qingxue.

Then, Xia ruofei closed the door and turned around slowly.

After settling Ling Qingxue down, it was time to get down to business.

Monkey and another burly man were lying side by side on the ground. Not far away lay the crippled Black Panther. All three of them were unconscious.

Standing beside the monkey was the last black – clothed man who kept quiet out of fear.

When Xia ruofei looked at him, he felt as if he had fallen into an ice cave and a chill ran down his spine.

Xia ruofei’s emotionless eyes swept past the burly man and said indifferently, “In three seconds, tell me who instigated this. If you have any hesitation or can’t say it, you can die.”

With that, Xia ruofei flipped his right hand and a military dagger with a cold glint appeared in his hand. He said coldly, “Start the timer! Three, two ...”

“I said! I’ll talk!” The big man shouted with a pale face.

Xia ruofei’s face was expressionless. His entire body was emitting a cold aura as he looked at the burly man quietly.

He was well – versed in the art of interrogation, especially when the other party was already scared out of their wits. This method was very effective.

The three – second time limit could make it impossible for the other party to weave a lie, and it could also cause huge psychological pressure on the other party.

The big man in Black didn't dare to hesitate and said, "Big brother, we are young master Liang's men. Everything we did was ordered by him."

Xia ruofei didn't wait for the big man to finish his sentence and directly asked in an oppressive manner, "Who is young master Liang? Three, two ..."

"He's ... He's Liang Haiming!" The Man in Black quickly replied, "It's ... It's the people from the Liang family in Beijing!"

Xia ruofei couldn't help but be stunned.

He had heard of the Liang family in Beijing, but he didn't seem to have any connection with this big family in Beijing!

The only time they had crossed paths was when he treated elder song, the stupid head of the medical team, Liang Haitao.

Although the two sides were not on good terms, and Liang Haitao was also sent to the basic health team with a dejected face, this matter happened a long time ago. Moreover, it was the song family who came forward to negotiate. Even if the Liang family wanted to settle the score, they couldn't have dealt with him so brazenly! Not to mention that he had used such an intense method.

If the Liang family had such courage, they wouldn't have been forced to deal with Liang Haitao under the pressure of the song family.

After all, compared to the song family, the Liang family's strength was much weaker.

Moreover, if the Liang family wanted to take revenge on him, there was no need to send Liang Haitao to the grassroots level in the border province. Furthermore, the entire Southeast province was under the song family's influence. It did not make sense for the Liang family to go against him so openly in the southeast province.

Hence, Xia ruofei could not help but ask, "Is it the Liang family that Liang Haitao is from?"

"Yes, yes, yes! Liang Haitao is young master Liang's cousin!" The burly man hurriedly replied.

"The people who followed me yesterday, were they sent by Liang Haiming?"

"Yes!"

"The surveillance personnel outside my farm are also your people?" Xia ruofei asked again.

"Yes!" The large man nodded.

He had just found out that Xia ruofei had already noticed the surveillance outside the farm. What a joke, they thought that they had done it perfectly ...

"Tell me the reason why Liang Haiming did this." Xia ruofei asked indifferently.

The Man in Black didn't have a complete grasp of the situation, but some of Liang Haiming's plans had been ruined by the crackdown in Sanshan city recently. Liang Haiming often flew into a rage, and his underlings had been communicating with each other about recent events in private.

He was already scared out of his wits. When Xia ruofei asked, he immediately spilled everything he knew.

Xia ruofei's face turned colder as he heard this. It turned out that everything had started because he had crippled Fang Luo.

This young master of the Liang family was really domineering to a certain extent. Xuxu and Fang Luo could do whatever they wanted, but Xia ruofei was dragged into this matter to save his friend and was even hated.

Xia ruofei's expression was cold. He pointed at the car behind him and asked, "Do you know who she is?"

The Man in Black couldn't help but shiver and said in a trembling voice, "Brother Bao said that she's your woman ... Big brother, we're just following orders! Everything was decided by young Liang and brother Bao, please spare me ..."

Xia ruofei stared at the Man in Black with a playful look and asked, "Liang Haiming captured my girlfriend. How are you going to deal with her? Tell me everything you know. If you dare to hide a single word, I will throw you down the cliff right now!"

"I don't dare, I don't dare ..." The black – shirted man was as silent as cicadas in winter. "Big brother ... I ... I only heard it from brother Bao when they were chatting ... No... It may not be accurate ..."

"I don't need it to be accurate. You just need to tell me what you know." Xia ruofei said coldly.

The poor man in Black did not know that Xia ruofei had been preparing to kill him for a long time. From the moment he saw Ling Qingxue being taken into the car under his eyes, Xia ruofei had already sentenced everyone who was involved to death.

The black – clothed man still harbored a trace of hope for survival, and nervously said, "Big brother, I ... I'll tell you the truth. Please ... Please don't be angry ..."

Xia ruofei smiled. "Don't worry. Even if I'm angry, I won't come for you. I'll go find Liang Haiming!"

The Man in Black let out a sigh of relief. He thought to himself, "this God of killing seems to be easy to talk to. As long as I can escape this time, I'll run away and never serve Liang Haiming again!" It was too dangerous to stay by his side ...

With this thought in mind, the black – clothed man also threw away the last trace of fear and said with a flattering expression, "Big brother ... Young master Liang ... No! He gave us an hour to bring your woman to his villa ... And he said ... He said that when he's tired of her, he'll give her to brother Bao ... Uh ... To Heibao and the others. He even said that he'll film the whole thing and then capture you, play the video for you, and torture you to death ..."

Xia ruofei listened quietly. There was no obvious change in his expression. However, under his calm appearance, the raging fire in his heart was even more intense. He could not control his killing intent at that moment. The temperature around him seemed to have dropped.

The burly Man in Black revealed an extremely frightened expression and said with a trembling voice, ""Big brother, this is what young master Liang ... Liang Haiming said! I ... I ... I'm just passing on the message!"

As the Man in Black spoke, his teeth chattered uncontrollably, making clattering sounds. It was obvious that he was extremely afraid.

Xia ruofei restrained his murderous aura and asked with a pleasant expression, ""Don't be afraid. I have one last question. If you can tell me, I'll let you go immediately. "

"Ask, ask! As long as I know it, I won't dare to hide it!" The burly man hurriedly said.

"Where's Liang Haiming?" Xia ruofei asked calmly.

The Man in Black said without thinking, ""He's at the green Bull Mountain Resort ..."

The Man in Black poured out the exact location of the villa that Liang Haiming had rented for a long time, and even the room number of the luxury suite that Liang Haiming had booked at the Kempinski Hotel in the city. He told Xia ruofei everything.

Xia ruofei listened carefully and nodded.

The black – clothed man asked hopefully, ""Big brother, I've told you everything I know. I'm not hiding anything ... Can ... Can you let me go?"

Xia ruofei smiled and said, "don't be so anxious!" How would I know if you're not lying to me?"

"Big brother, I swear to the heavens, if there's a single lie ..."

Xia ruofei waved his hand and said, "don't give me that. We're not three – year – old kids anymore. Only an idiot would believe in the oath!" Alright, you can just stay at the side! I'll ask your partner again. If what he says is different from what you said, you know the result ..."

"Yes, yes, yes ..." The black – clothed man quickly replied.

He didn't dare to hide far away or even get close to the black Multi – Purpose vehicle for fear that Xia ruofei would suspect that he was going to harm Ling Qingxue. So, after hesitating for a moment, he walked to the Black Panther's side and squatted down obediently.

Xia ruofei kicked the other man in Black awake.

This man had a little more backbone than the previous one, but after Xia ruofei used a few simple tricks, he immediately cried and confessed.

The information Xia ruofei got was similar to what the Man in Black had said, especially Liang Haiming's hiding place. They said the same thing.

Xia ruofei knew what to do.

He didn't intend to ask the monkey and the Black Panther any more. He cast his gaze at the two black – clothed men who were still awake, waved his hand and said, ""You guys, come over and carry the two of them to the car!"

The burly Man in Black was hoping that Xia ruofei would let them go, so he did not hesitate to follow Xia ruofei's order. The two of them carried the unconscious monkey with all their might and walked towards the black commercial car.

Xia ruofei looked at their backs and revealed a trace of ruthlessness in his eyes, as if he was looking at two dead people.

All the questions that needed to be asked had been asked, and all the information that needed to be grasped had been grasped. It was naturally time to settle the accounts.

This first debt was naturally to be settled with the people in front of him who were directly involved in Ling Qingxue's kidnapping ...

### **Chapter 492: Let's go together (1)**

Two burly men worked together to carry monkey and Heibao over and stuff them into the car. Then, they looked at Xia ruofei with flattering expressions.

"Big brother, we've done as you instructed. Can you let us go now?" A big man said with a smile.

Xia ruofei looked at the two of them and said, ""Leave? You're going to let Liang Haiming know about this?"

"Big brother, we won't tell on you. As long as you let us go, we'll go as far away as we can and never come back. We'll just keep what happened today to ourselves ..." The man quickly said.

The other big man also nodded.

Xia ruofei's eyes flashed with killing intent and he said coldly, ""But I don't trust you guys ... So, the best way is to have you guys die with Heibao ..."

The two big men's faces changed drastically. The big man who confessed first said in a trembling voice, ""You ... You promised not to kill me! You can't just turn your back on me!"

Xia ruofei sneered, "I'll keep my word with you scumbags?" Was I out of my mind? Since you dared to kidnap my girlfriend, you should be prepared to be killed. However, seeing that you've been quite cooperative, I'll let you walk more comfortably ..."

If he had not asked Ling Qingxue out for dinner today, he would not have returned to the city. Ling Qingxue would have definitely been humiliated that night, so Xia ruofei was still scared when he thought about it.

These four people were the ones who had kidnapped Ling Qingxue. If Xia ruofei had not arrived in time, they would have sent Ling Qingxue to Liang Haiming's den. Hence, Xia ruofei had no intention of letting them go from the start.

Besides, Xia ruofei's revenge had just begun. Liang Haiming had the backing of the Liang family. Xia ruofei's current strength was not enough to fight against this giant. Under such circumstances, how could he leave two people alive? That was equivalent to planting two time bombs!

The two burly men looked at each other, their eyes filled with despair.

The next moment, the two of them ran in different directions. They still did not have the guts to attack Xia ruofei and chose to split up. They hoped that Xia ruofei would be in a difficult situation and that they would be lucky enough to escape.

However, this was destined to be a futile struggle.

Xia ruofei's speed was too fast. He shot towards one of the men like lightning and appeared behind him in an instant. The burly man cried out in despair.

Xia ruofei did not show any emotion. He simply struck the back of his neck with his palm and the burly man fell to the ground.

Then, Xia ruofei turned around and chased after the other person.

In just a few seconds, Xia ruofei had caught up with the burly man who had fled.

He did the same thing and easily knocked out the big man.

Xia ruofei stuffed the two unconscious men into the black SUV. Then, he got in and started the car. He immediately reversed the car.

Xia ruofei reversed the black SUV and parked it in front of the pickup truck. The abandoned road was very narrow, and the SUV could not pass through if the pickup truck was parked on the road.

Xia ruofei alighted from the car, walked to the passenger's side, and carried the unconscious Ling Qingxue out of the car. He then carried her to the back of the pickup truck and carefully placed her in the back of the truck. He then covered her with his coat.

Then, with a thought from Xia ruofei, the entire pickup truck disappeared into thin air.

The next moment, the pickup truck appeared right next to the stone tablet in the new space. There was a flat area between the stone tablet and the cave that was big enough for a car to park in. Xia ruofei had specifically instructed that Blackie, Da Mao, and ER Mao should not go near this area.

Now that Xia ruofei's spiritual power was much more condensed than before, it was easy for him to transport an entire pickup truck into space.

This was also the first time that a human other than Xia ruofei had appeared in the spirit map space.

Of course, Ling Qingxue was still unconscious. Otherwise, Xia ruofei would not have done this. The existence of the spirit map space was Xia ruofei's top secret. He would not reveal this secret even to the closest people.

Xia ruofei's spiritual power was very condensed now. He could easily divide a part of his attention to pay attention to Ling Qingxue's situation in the spirit map space. At the same time, it would not affect what he was doing in the outside world.

Once Ling Qingxue showed signs of waking up, Xia ruofei would be able to send her out of the medium at once. He could even send the pickup truck out of the medium. To Xia ruofei, it was just a matter of a thought. Everything would be done in an instant without any difficulty.

At that time, Ling Qingxue had just woken up. Even if she had seen the inside of the spirit map space in a daze, she would have thought that she was hallucinating.

That was why Xia ruofei was at ease to send Ling Qingxue into the medium.

After putting the pickup truck in his interspace, Xia ruofei returned to the MPV and continued to reverse the car. He directly reversed the car out of the abandoned old road. After turning to the county Road outside, Xia ruofei turned the car around and reversed the car back into the old road. The front of the car was facing the intersection.

Xia ruofei had already observed that there was a cliff outside the intersection. It was the most suitable to send the four of them on their way.

Baofeng mountain was chosen by Heibao himself. It was a high mountain with steep roads and few people. There were basically no cars passing by, especially at night. It was even more impossible to have surveillance cameras.

Initially, Black Panther wanted to make it convenient for him to do things, but in the end, he had to choose a burial place for himself.

Nothing could be more ironic than this.

Xia ruofei pulled the brakes and punched Heibao who was lying on the passenger seat.

The sound of bones breaking was heard. The Black Panther groaned and blood flowed from the corner of its mouth. It was awakened by the pain.

He struggled to open his eyes. When he saw Xia ruofei, his pupils shrank and he shouted, "What ... What are you doing?"

Xia ruofei said to Heibao very gently, "Brother Bao, right? I'm ready to send you on your way. I think you're a hero of your life, you can't die in confusion, right? That's why I woke you up. The three of them won't be able to enjoy such treatment ..."

The Black Panther twisted its body in fear and cursed, "Bastard! Quickly let me go ... Otherwise, the Liang family will not let you off ..."

Xia ruofei turned a deaf ear to the Black Panther's threats. He was not afraid when he was still in one piece. Now that all his joints were broken and his internal organs were probably displaced, he could only lie on the seat like a dead dog. How could he be afraid of him?

As for the Liang family ... When Liang Haiming was dead, who would stand up for one of Liang Haiming's thugs?

Obviously, these four people were led by Heibao and were the main force in kidnapping Ling Qingxue. Xia ruofei naturally gave him "special care" and wanted him to die in fear and despair ...

Xia ruofei listened to the Black Panther's vicious curses, but he was not moved at all. He started to get busy.

He first checked the van and unexpectedly found a military – grade pistol and hundreds of bullets under the seat.

This type of standard pistol was the standard of the Special Forces. In ordinary troops, only the officers were equipped with guns, while the ordinary soldiers in the Commando unit all had one.

Xia ruofei was very familiar with this type of pistol. It was no exaggeration to say that he could skillfully disassemble and assemble it in a very short time with his eyes closed.

At the same time, he also had a special feeling for standard pistols.

Hence, Xia ruofei naturally took the gun and the bullets for himself without hesitation.

Xia ruofei had already treated Heibao as a dead man. Everything was done right in front of him. He did not hide anything and kept the gun in the stone room in the new space.

Heibao's eyes almost popped out of their sockets when he saw the gun and the bullet disappear from Xia ruofei's hands. He even forgot to curse at Qianqian. This had completely overturned his understanding of things.

Xia ruofei ignored the Black Panther and continued to search.

He found six or seven bottles of Maotai in the trunk. He opened all of them without hesitation and poured them on the unconscious monkey, the other two, and the Black Panther. At the same time, he also threw the bottles into the car.

This kind of high – Concentration white wine was a very good combustion aid. With them, even if Black Panther and the others had extremely good luck, they would not be able to escape death.

And although the white wine would burn, the fragments of the wine bottle left in the car would likely be judged by the traffic police who were investigating the scene as a drunk – driving accident.

It could be said to be killing two birds with one stone.

Naturally, Heibao had guessed Xia ruofei's intention. His face was filled with despair.

He had already changed from cursing to begging for Gong Jie to let him be a hero. In the face of death, he had long thrown aside the restraint of a martial arts master.

Naturally, Xia ruofei would not be soft – hearted just because of a few words of begging. He would not be moved no matter what Black Panther said.

Xia ruofei then damaged the fuel tank of the black MPV to make sure that there was a high chance that the car would self – Ignite and explode when it rushed out of the cliff.

Everything was ready, except for the crucial wind.

Xia ruofei dragged the driver, monkey, from the middle seat to the driver's seat and pushed him towards the Black Panther, letting his upper body lie on the Black Panther's legs.

This position looked a little evil, but Xia ruofei was not doing it for fun. He was just trying to get into the driver's seat.

After Xia ruofei got into the car, he started the engine without hesitation.

At this moment, Black Panther had completely lost the demeanor of an expert. He trembled and begged: "Xia ruofei, please spare me ... Every wrong has its perpetrator. This was all planned by Liang Haiming. I was just following orders ..."

Xia ruofei didn't even bat an eye and changed the gear without hesitation.

"Xia ruofei, I'm already a cripple. Why must you be so ruthless?" Black Panther continued to plead.

Xia ruofei continued to ignore Heibao. He released the brake skillfully and stepped on the accelerator. The car sped forward.

Black Panther cried out, "Xia ruofei, stop ... Please ... If you let me go, I ... I'm willing to work like a horse to repay you. I ... And tan Tui's Secret manual. I'll give them all to you as long as you let me go ..."

Xia ruofei stepped on the gas pedal and the car sped up. The distance of more than ten meters was covered in the blink of an eye. The MPV had already reached the intersection between the county Road and the abandoned old road.

"No! No... You can't kill me!" "No!" Heibao shouted, "I'm tan Tui's direct descendant. If you dare to kill me, my sect will never let you off. My master is a black level master ..."

Xia ruofei turned around and smiled at Heibao. He said, "Farewell ..."

At this time, the outer guardrail was already very close. Just as the MPV was about to hit the guardrail, Xia ruofei pushed open the door that was half – closed and jumped out of the car. He rolled twice on the ground to dissipate the impact. Just then, he saw the MPV knock through the old stone guardrail like a rotten wood and jump into the cliff.

Xia ruofei could still hear the Black Panther's shrill and desperate cries from the car. His expression was calm and he even had a faint smile on his face.

When Xia ruofei heard the series of loud sounds coming from the bottom of the cliff, his heart, which had been filled with killing intent, finally felt a little relieved. The blood red in his eyes faded a lot.

However, in order to fully understand his thoughts, he still had to do something that might cause a great uproar, but he had to do it ...

### **Chapter 493: The moonless and windy night (1)**

It was not the first time Xia ruofei had killed someone.

In fact, he couldn't even count how many lives he had ended.

However, in the past, he had killed people "legally". After taking off his military uniform and becoming a normal person, this was the first time he had personally taken someone's life.

However, Xia ruofei was very calm.

This was because the four people he had killed were all scumbags of society who deserved to die. Such people would only continue to do evil for the Tiger and cause more harm to the world.

Besides, if he couldn't even protect his own woman, then Xia ruofei was really not a man.

There was no one on the mountain road at night. Xia ruofei took out the pickup truck from the spirit map space.

He checked on Ling Qingxue's condition. Her breathing was very stable, and her heart was beating very fast. However, she would not wake up for a while.

Xia ruofei did not wake Ling Qingxue up immediately. Instead, he sent her into the stone room in the new space. With his control of the space, he gently placed Ling Qingxue on the stone bed.

Then, Xia ruofei sat in the driver's seat of the pickup truck, started the car, and went down the mountain.

Of course, Xia ruofei did not forget to pay attention to Ling Qingxue's condition throughout the entire process.

The moment Ling Qingxue showed signs of waking up, Xia ruofei would immediately send her out of the spirit map space.

The pickup truck snaked down the mountain road.

As they were moving, Xia ruofei heard a few muffled explosions. It was obvious that the damage he had done to the car's fuel tank had worked. The fuel had leaked out and caused the explosion.

Xia ruofei drove for seven to eight minutes and the pickup truck was about to reach the foot of the mountain. He stopped the car by the side.

That was because the MPV was lying on its back on the small slope on the right side of the road. A large rock blocked it, preventing it from rolling down.

Xia ruofei looked up. His eyesight was far better than ordinary people's, but he could only see about 20 to 30 meters away. The SUV fell from the cliff above him, and the drop was at least 100 to 200 meters.

It had taken Xia ruofei more than eight minutes to get here from the car crash, but the MPV had rolled and crashed to the ground in just ten to twenty seconds.

The impact during this period, coupled with the burning and explosion ... The four people in the car should have been completely dead.

However, since the van was hanging on the side of the road, Xia ruofei had to check it out. He opened the door, jumped out, and walked forward.

The MPV had been burned to the ground, leaving only a skeleton. The fire had basically been extinguished. The possibility of another explosion was very low. Xia ruofei was at ease and boldly walked closer to check.

When they were two to three meters away from the car, Xia ruofei could clearly feel a wave of heat. The temperature had also increased.

This level of high temperature did not affect Xia ruofei at all. He did not stop walking and walked straight to the front of the car that had been completely destroyed. He took out a strong flashlight from the medium and shone it into the car.

One, two, three, four ...

Xia ruofei quickly found the four bodies in the car. They had been burnt beyond recognition and their bodies were charred black. It was impossible to identify who they were.

It was a miracle that no one had been thrown out of the car after falling from such a high cliff.

This was the best result. The violent impact, burning, and explosion had erased all the traces. Even if the Super detective were to come back, he would not be able to find any clues from the wreckage of the car and the four bodies.

Xia ruofei put away the flashlight and drove away in his pickup truck without looking back.

Xia ruofei's destination was the green Bull Mountain Resort that was 60 kilometers away. Revenge was not to be taken overnight. No matter how powerful Liang Haiming's background was, he would not be able to escape death tonight!

.....

The pickup truck sped through the night. The faint light from the dashboard in the car shone on Xia ruofei's calm face. He was focused on driving, but his brain was working at high speed.

It was not difficult to kill Liang Haiming, but the difficult part was how to leave no traces and not let anyone suspect him.

In fact, as long as Liang Haiming was dead, no matter how careful Xia ruofei was, the Liang family would eventually suspect him.

Because once Liang Haiming died, it would cause a huge uproar in the Liang family. Then, everything that happened before Liang Haiming's death would be magnified infinitely. The fact that Liang Haiming had repeatedly sent people to deal with Xia ruofei would definitely be known.

In that case, Xia ruofei would become a highly suspicious target.

The Liang family didn't need concrete evidence. As long as Xia ruofei had the motive, their thunderous revenge would most likely fall on Xia ruofei.

Unless ... This matter could be done perfectly. Even the most paranoid person would only think that Liang Haiming's death was an accident and that there was no human factor in it.

However, this was too difficult. Many seemingly accidental incidents, such as car accidents, floods, sudden acute illnesses, and so on, could not withstand a thorough investigation. It was impossible to leave no traces behind.

As Xia ruofei drove, he was thinking of a way to get rid of Liang Haiming without anyone knowing.

At the same time, he still had a bit of attention on Ling Qingxue's condition in the space, in case she suddenly woke up.

It was the connection to the new space that gave Xia ruofei a sudden inspiration. He thought of a wonderful way to hide it from everyone.

The corners of his mouth curled up slightly, and he had already quickly conceived a complete plan for tonight's operation in his mind.

Xia ruofei increased his speed. The pickup truck sped forward in the dark. He was going to complete an unprecedented attack today.

.....

Green Bull Mountain Resort, a small villa with its back against the mountain wall and facing an artificial lake.

It was still cold outside, but it was warm inside.

Liang Haiming was wearing an expensive silk nightgown, sitting on the soft leather sofa with his legs crossed.

He had a Cuba kuiba cigar in his right hand and a glass of red wine in his right hand. He gently swirled the wine in the glass, looking very pleased.

"Any news from Heibao?" Liang Haiming asked.

The middle – aged man who had been standing not far from Liang Haiming quickly said, ""They called forty minutes ago to say that they've succeeded. They should be on their way now ..."

Liang Haiming narrowed his eyes and nodded.

Then, he put down the glass of red wine and picked up the stack of documents on the coffee table.

There were more than ten photos of Ling Qingxue, and the background was all outdoors. Obviously, Liang Haiming's men had secretly taken them.

Liang Haiming looked at the photos and couldn't help but stick out his tongue to lick his lips. His eyes were full of lust.

"Mister Liang, do you need me to call and rush you?" The middle – aged man asked carefully.

Liang Haiming thought for a while and shook his head. "Forget it! I trust Heibao. Since we've already succeeded, we'll just have to wait patiently ..."

If it had been another subordinate instead of Heibao, Liang Haiming would not have been so patient and would have called him to hurry him.

However, Black Panther was different. He was a true master, and Liang Haiming had the honor to meet his master once in the capital, which made him look up to him even more. For such a powerful person with a powerful master background, Liang Haiming naturally wanted to win him over.

Therefore, he had always been friendly to Black Panther and had never revealed his dandy and domineering face in front of him.

"By the way, get them to prepare my room," Liang Haiming added.

“Yes, young master Liang!” The middle – aged man quickly responded.

The middle – aged man had been with Liang Haiming for many years, so he naturally knew what Liang Haiming meant by “preparation.”

Speaking of which, Liang Haiming and that unlucky Fang Luo had the same hobby. He liked to add more exciting content when he was having sex with women.

Especially in the past few years, he had been hollowed out by wine and women. If he didn’t have those little devices to increase the excitement, it would be difficult for him to even get hard.

This kind of thing was simply irresistible for those who liked it, but for those who did not have such a hobby, it was no different from a kind of torture.

Therefore, in the eyes of many women who had slept with Liang Haiming, this young master of the Liang family was simply a devil. Many people would shudder when they thought of the scenes when they were with Liang Haiming.

Not to mention, many of them had been raped by Liang Haiming through various means. For them, it was simply a nightmare!

The most extreme one was when a girl, after being defiled by Liang Haiming, directly jumped from a hotel room on the 18th floor naked and died on the spot.

However, just because Liang Haiming was a member of the Liang family, this matter was left unsettled.

In a sense, Liang Haiming deserved to die. If Xia ruofei’s operation was successful tonight, the souls of the girls would be celebrating.

The middle – aged man hurriedly went to make arrangements. Liang Haiming thought that he would be able to humiliate the long – legged beauty in a while, and he couldn’t help but feel hot. He raised his voice and said, “Work hard! When I’m tired of playing with her, I’ll reward you with a taste! I’ll let you be the first one, hahaha ...”

A bitter smile appeared on the middle – aged man’s face, but he quickly turned around. The bitter smile on his face was replaced with a flattering expression as he bowed and said, “Thank you, young master Liang!”

“Go!” Liang Haiming said, waving his hand. Then, his greedy eyes fell on Ling Qingxue’s photo.

.....

The clouds were very low tonight, and the moon was already hidden in the clouds. Xia ruofei flew all the way and arrived near the green Bull Mountain Resort in about thirty minutes.

However, he didn’t drive straight out of the resort. Instead, he found a quiet place on the National Highway, turned the car into a small road, and stopped by the side.

He took out a set of black clothes from the space and put on a black mask. Then, he got out of the car. His figure flashed, and under the cover of the night, he shot in the direction of the green Bull Mountain Resort ...

## **Chapter 494: Murder and arson (1)**

There was a special road next to the National Road that led directly to the green Bull Mountain holiday villa, which was also built with the villa's money.

Xia ruofei did not choose this road. In fact, when they were about a kilometer away from the intersection, Xia ruofei had already parked the car by the side of the road.

He knew very well that there must be surveillance cameras installed in the villa on that special road. It would not be difficult for him to kill Liang Haiming this time. The real difficulty was not to leave any traces, so he naturally could not appear on that road.

Xia ruofei chose to pass through the forest.

The straight line distance from where he got off to the resort was about three to four kilometers. Due to the terrain, he might actually have to walk five to six kilometers.

This distance was not challenging for Xia ruofei at all.

He was wearing a black shirt, black pants, and a black hood. He was like an elf walking in the night, moving silently at high speed.

The uneven terrain, weeds, and thorns in the shrubbery could not slow Xia ruofei down. He ran as if he was walking on flat ground. From time to time, he would nimbly avoid the branches that stretched out horizontally. Sometimes, he would even grab the thicker branches to swing forward. He was moving at an extremely fast speed.

Xia ruofei was an expert in mountain warfare. When he was in the Army, most of his missions were carried out in the jungles at the border. This kind of terrain environment made him feel like a fish in water.

Ten minutes later, Xia ruofei could see the walls of the resort from afar.

He crouched down in the bushes, and his sharp eyes swept over the holiday villa 20 to 30 meters away.

Although the two men in Black tried their best to describe the location and characteristics of Liang Haiming's Villa, Xia ruofei had never been to this holiday villa. Moreover, it was night time, so he still spent a few minutes looking for it.

The small villa that Liang Haiming rented had a distinctive feature, which was that it had its back against a cliff and an artificial lake in front of it. There were not many villas that fit this feature.

Especially that cliff, which was still very obvious even in the dark.

In addition, it wasn't the weekend, and it was the off – season for tourism, so the occupancy rate of the resort was not high.

There was a row of five villas by the cliff, and only two of them had their lights on.

After Xia ruofei confirmed the general location of the target, he immediately crouched down and shuttled through the bushes. He followed the perimeter of the holiday residence's wall and quickly approached the cliff.

He didn't try to get close to the resort and had been moving around the periphery. This way, he could almost completely avoid being caught by the surveillance cameras.

In fact, Xia ruofei had been very careful along the way. He had even taken a small detour when he was driving to avoid the surveillance cameras or global eyes on the main road.

Xia ruofei had been extremely cautious for this ambush.

Soon, Xia ruofei easily climbed up the 20 – meter – High cliff from the gentle slope at the back. On the side near the resort, the cliff was almost vertical at a 90 – degree angle. It would be difficult for ordinary people to sneak into the resort from here, but it was not difficult for Xia ruofei.

Of course, Xia ruofei did not plan to sneak into the villa.

He crouched down on the top of the cliff and took out a pair of binoculars from his space. This was also from the outdoor equipment bag that he had bought from the all – terrain vehicle. It was just an ordinary pair of binoculars without night vision.

However, it was enough for Xia ruofei.

His focus was naturally on the two villas with their lights on.

Xia ruofei held the telescope and slowly turned his head. When he saw a big " 6" sign on the outer wall of one of the villas, he immediately put away the telescope and got up to move in the direction of the villa.

The two men told him that Liang Haiming rented Villa No. 6.

Xia ruofei moved to the position closest to villa number six and lay down on the ground again. He took out his binoculars and continued to observe.

From his angle, he could see the living room on the first floor of the villa through the window.

.....

In the villa, Liang Haiming's face was starting to look impatient.

It had been almost one and a half hours, but there was still no sign of Black Panther and the others.

If it was any other subordinate who dared to exceed the time limit, Liang Haiming would have been furious.

Even though he had sent Black Panther today, he was late by half an hour, which made Liang Haiming a little unhappy.

Especially when his "sexual interest" had already been aroused, waiting for a beauty to deliver herself to his door. Every minute of waiting was very long.

"You still haven't contacted him?" Liang Haiming asked in an unfriendly tone.

"Heibao's phone has no signal ..." The middle – aged man said carefully, "young Liang, the phone signal around Green Bull Mountain is not very good. It's okay inside the resort, but it's often not working on the road up the mountain. I can't get through to him, maybe Heibao is about to arrive ..."

Liang Haiming's expression eased a little, and he mumbled, "I don't know what's wrong with Heibao today, he wouldn't drag things out like this normally ..."

The middle-aged man was glad that Heibao was here today, or else Mister Liang would be furious!

Although every time Liang Haiming got angry, the most unlucky ones were his incompetent subordinates, he had been by his side all year round, so it was inevitable that he would often be caught in the crossfire.

Just like this time, even though he managed to deal with it for the time being, as long as Black Panther did not appear, his heart would still be in suspense.

Xia ruofei finally saw Liang Haiming for the first time through the telescope.

Liang Haiming was obviously not a low-key person, so Xia ruofei took some time to search on the internet on his way here and found many photos and reports about him.

Hence, Xia ruofei could confirm Liang Haiming's identity with one look.

When he adjusted the magnification of the telescope to the maximum, he could even vaguely see the stack of Ling Qingxue's photos on the coffee table in the living room.

Xia ruofei's eyes shot out two rays of light and his cold killing intent rose.

He took a deep breath and calmed himself down. Then, he started to contact the spirit map space.

Xia ruofei was not checking on Ling Qingxue's condition. In fact, Xia ruofei had not retracted his divine thought. He was monitoring Ling Qingxue's condition at all times.

Wherever Xia ruofei's mind went, the invisible force of space quickly enveloped the huge iron fence where the Hornets were resting in the new space.

That's right, Xia ruofei had decided to use these vicious Hornets.

Soldiers were trained for a thousand days, but they could be used in a single moment.

This was the first time Xia ruofei was preparing to use this killer weapon. He was looking forward to it.

The Hornet population inside the iron fence had grown further, and the small insects and moths within the fence were also multiplying, forming a small ecosystem.

These Hornets were undoubtedly at the top of the ecological chain.

The increase in numbers was secondary to the fact that Yingying had taken the soup many times. Currently, Xia ruofei could control about 300 Hornets at one time. He could not control more.

However, the evolution of the Hornet itself was something to be happy about.

These Hornets were twice as big as the ones Xia ruofei had first encountered at the Beiyuan mountain. Each of them was extremely agile and fierce. Each of them was bigger than an adult's thumb and was flying around the fence. Their fearsome stingers were emitting a cold light, causing one to shiver.

This was simply a Killer Bee!

Killing bees were naturally the most suitable for killing people ...

The corner of Xia ruofei's mouth slowly curled up into a small arc. His spatial power enveloped around 200 Hornets. Then, with a thought, these 200 Hornets appeared in the outside world.

Xia ruofei could already control 300 Hornets. However, in order to ensure a smooth control, he only took out 200 of them.

In this operation alone, there was no difference between two hundred and three hundred. Even if there were only one hundred, it was enough to kill Liang Haiming.

At first, Xia ruofei was a little worried about Yingying. This was the first time that the Hornet had left the medium.

However, the moment the Hornet appeared in the outside world, Xia ruofei's only worry disappeared.

He found that he could still control these Hornets with his mental power, and the feeling of being able to control them like his own arms and fingers had not disappeared.

Now, these 200 Hornets were obediently circling around Xia ruofei. According to Xia ruofei's instructions, they obediently lined up in a straight line for a moment, and then in a humanoid shape ...

Xia ruofei turned around and looked at the villa in the night. His eyes were filled with killing intent!

With a slight thought, the hornet's bees immediately gathered into a team and flew in the direction of the villa.

.....

In the villa, Liang Haiming was waiting anxiously with a photo in his hand. In the photo was Ling Qingxue's graceful back, and her long legs were like a cat's claws scratching Liang Haiming's heart.

He was so anxious that he had even set up a small tent on his lower body. He didn't hide it at all and just leaned on the back of the sofa with his legs crossed.

When the middle – aged man saw this, he could only smile bitterly in his heart and lower his gaze.

Buzz ... Buzz ...

"What's that sound?" Liang Haiming suddenly raised his head in doubt.

His heart beat violently for some reason, as if he had a bad premonition.

The buzzing sound got closer, and the middle – aged man also felt a trace of abnormality. He couldn't help but look around.

Then, his pupils suddenly shrank.

Because he saw a group of huge bees flying into the villa and rushing out of the bathroom next to it.

In fact, the doors and windows of the villa were closed in early spring. If it were not for the half – Open window in the bathroom on the first floor, Xia ruofei would have had to spend a lot of effort to command the hornet's nest to sneak into the villa.

But it was that ventilation window that made this matter extremely simple.

“Young Liang, be careful!” The middle – aged man couldn’t help but scream when he saw the swarm of bees charging at Liang Haiming.

Liang Haiming subconsciously turned his head to look in the direction of the buzzing sound and suddenly felt dejected.

What he saw was a large black Mass of bees, only one or two meters away from him.

Liang Haiming screamed in fear and rolled off the sofa, running away on all fours.

But how could he outrun the speedy Hornet?

These Hornets pounced on their target, Liang Haiming, and caught up with him in the blink of an eye. Then, they stabbed their stingers into his body without hesitation.

A series of shrill and tragic wails rang out in the villa ...

#### **Chapter 495: hidden skill and fame (1)**

The Hornets were already extremely fierce, and after living in the Spirit map space for a long time, their power had doubled.

Surrounded by more than 200 Hornets, the venom on the Stinger was constantly injected into his body. One could imagine the pain Liang Haiming was in.

The middle – aged man was stunned.

He had not expected such a situation to occur.

Although the green Bull Mountain Resort was located in the mountains, this area had been developed very well. It had a variety of modern living facilities and convenient conditions. No one would have thought that a group of extremely aggressive Hornets would suddenly appear in a luxurious villa.

It was not until Liang Haiming’s shrill scream that the middle – aged man recovered from the shock.

However, he was helpless in this situation. He couldn’t think of a way to save Liang Haiming.

Liang Haiming’s Villa naturally had guards. Hearing the screams in the house, Liang Haiming’s guards rushed in one after another.

Seeing this scene, everyone was dumbfounded.

The middle – aged man quickly shouted, “hurry!” Quickly save young master Liang ...”

The guards came back to their senses. Soon, some of them took off their clothes and waved them in their hands, trying to drive away the bees.

Everyone immediately followed suit, taking off their clothes and patting Liang Haiming’s body. Even the middle – aged man hurriedly did the same.

Liang Haiming's scream was extremely shrill. Most of the Hornets were concentrated on his head, and now his head, face, and even neck were full of dense Hornets. If someone with trypophobia saw this scene, they would definitely shudder.

Moreover, the venom of these wild Hornets was also extremely toxic. Liang Haiming's head was swollen as if it was filled with air, and his skin had a sickly watery luster.

Soon, his screams began to weaken.

The guards used their clothes to chase the Hornets away, and it was indeed effective. Some of the Hornets were even swept by the front of the clothes and fell to the ground, being trampled to death by the guards.

However, compared to the total number of more than two hundred Hornets, the number of Hornets killed was too small. Most of them were still attacking Liang Haiming.

Some of the Hornets, after being forced to fly, simply began to attack the guards, and the whole villa was in a mess.

Soon, the guards were more or less injured. The middle – aged man was also stung twice, and his mouth and cheeks quickly swelled up.

The burning pain made the middle – aged man grimace in pain and he kept sucking in cold air.

The middle – aged man couldn't imagine how much pain Liang Haiming was in now.

In the beginning, Liang Haiming was still rolling on the ground, struggling and screaming, but now he was basically motionless. Many bees seemed to have fixed their target on him, still biting him, but he only twitched occasionally. No matter how many bees attacked him, he did not respond.

"No! "There are too many Hornets ... Young master Liang won't be able to hold on like this ..." A guard shouted, "we have to think of another way!"

"Hornet's are generally afraid of fire. It's fine if you burn it or smoke it!"

"Are you stupid? The hornet's nest is on young master Liang! How do I burn it?"

Everyone was waving the clothes in their hands as they discussed.

At that moment, the middle – aged man saw the fire extinguisher in the corner of the door. He had an idea and shouted, "Use the fire extinguisher!"

Immediately, a guard ran over, picked up the fire extinguisher, pulled the lock, and sprayed it on Liang Haiming.

Although the foam from the fire extinguisher didn't feel good on Liang Haiming, it was better than being burned! Besides, Liang Haiming had already passed out, so he couldn't feel anything.

The villa was equipped with two foam fire extinguishers, and the two guards sprayed them at Liang Haiming from two directions.

A large amount of white foam was sprayed out of the fire extinguisher.

Soon, Liang Haiming's body was covered in a layer of white foam. With his swollen face, he looked even more terrifying.

However, the middle – aged man's idea was still effective.

When the bubbles landed on the Hornets, some of the flying Hornets' wings fell to the ground after being hit by the bubbles. Most of the Hornets on Liang Haiming's body were trapped in the bubbles and lost their lethality.

The two guards then began to spray bubbles at the Hornet that was still flying in the air, and the luxuriously decorated living room of the villa was now a mess.

Xia ruofei saw the entire process through his telescope. He knew that the Hornets could not be recalled and he could not help but feel his heart ache.

However, the Hornet population in the medium multiplied very quickly. There were more than two hundred new Hornet during this period of time. These Hornet were originally wild bees that he had accidentally harvested. Using two hundred Hornet in exchange for Liang Haiming's life was quite a good deal.

The most important thing was that this method could be said to be undetectable. No matter how suspicious the Liang family was, they would not suspect that it was a man – made assassination, much less suspect Xia ruofei.

Who would've thought that someone could actually control a fierce Hornet and attack wherever he pointed?

Xia ruofei had seen the whole process of the Hornet attacking Liang Haiming. He knew very well that Liang Haiming's chances of survival in that situation were even lower than winning the lottery. He finally smiled.

#### **Chapter 496: hidden skill and fame (2)**

His thoughts were finally clear!

Xia ruofei stopped thinking about recalling the Hornet. He stood up silently and quickly disappeared into the night, leaving no trace behind.

At this time, the villa was already in a mess.

After these "uninvited guests" were eliminated by the bubble trick that the middle – aged man came up with, they immediately started to treat Liang Haiming.

There were also people who quickly contacted everyone at the resort. The first thought that came to their minds was that there was a loophole in the management of the resort. Otherwise, why would such a terrifying Hornet suddenly enter the villa?

Of course, the middle – aged man didn't have time to criticize the resort. He immediately called the emergency number and asked someone to prepare a car to send Liang Haiming to the hospital.

The situation was so urgent that they didn't dare to wait for the ambulance to arrive. They could only send Liang Haiming out immediately and meet the ambulance on the road.

Speaking of which, Liang Haiming was destined to die Here.

After being stung by the Hornet, one should be sent to the hospital immediately. However, the resort was far from the city. The nearest hospital was more than 30 kilometers away. The resort's Infirmary simply could not treat such a serious injury.

Moreover, Liang Haiming's body was allergic to bee poison.

On the way to the hospital, his blood pressure had dropped drastically. By the time he met up with the ambulance, he was already dead.

The doctor in the ambulance routinely checked Liang Haiming's condition, then shook his head helplessly and said, "The patient is dead ..."

After hearing this, the middle – aged man felt as if he had been struck by lightning and almost fainted on the spot.

He didn't know how to face the Liang family.

He had accompanied Liang Haiming to the southeast province to handle some matters, but he had to watch Liang Haiming die for no reason while he was helpless. How was he going to face the Liang family's monstrous anger ...

The middle – aged man felt despair. This incident was too sudden. If Liang Haiming had an accident during a conflict with someone, at least there would be someone to vent the Liang family's anger on. But now?

Was he going to settle scores with the Hornet?

The middle – aged man knew that he had to find someone to take responsibility, or he would be in a very passive position.

Who should bear this responsibility? The middle – aged man did not hesitate and naturally thought of the resort.

In his opinion, this was the responsibility of the resort.

The holiday resort was responsible for the deaths of their guests who were attacked by Hornet during their stay!

After coming up with a plan, the middle – aged man's mood stabilized a little.

Although the doctor had already announced Liang Haiming's death, he still insisted on giving him first aid and even sent someone to follow the ambulance to the hospital.

He returned to the resort to check on Liang Haiming's death. There was no point in going to the hospital. It was more important to go back to the resort to deal with his funeral.

The entire villa was alarmed by such a big incident.

When the middle – aged man returned, the villa manager had already been beaten black and blue by the few guards who stayed behind. He was crying for his parents.

The middle – aged man was not in the mood to talk to him anymore. Anyway, the responsibility had to be pushed to the villa.

He didn't dare to delay and immediately called back to Beijing to report.

There was no such thing as an impervious wall in the world. The news of the Liang family's young master's accidental death in the southeast province quickly spread in the capital.

Many children of the aristocratic families were clapping their hands and criticizing Liang Haiming's domineering character. Even among the rich and powerful in the circle, there were only a few who had a good relationship with him.

As for the victims, they didn't have any channels to get the news at the first moment. Otherwise, they would have cried out that the heavens had eyes.

However, no matter what, Xia ruofei's revenge had comforted the innocent souls of several young girls.

The entire Liang family was shocked!

The family quickly sent people to the southeast province to take care of Liang Haiming's funeral.

As for the conflict between Liang Haiming and Xia ruofei, the middle – aged man didn't mention it at all in order to avoid unnecessary trouble.

The Liang family did not expect that what looked like an accident on the surface was actually a planned assassination. Hence, Xia ruofei was able to stay out of it as he wished.

The unlucky Green Bull Mountain Resort was completely subjected to the Liang family's anger. The business that was barely managed quickly closed down, and the boss suffered all kinds of blows. In the end, he was arrested by the Gannan province police for false charges and was finally sentenced to a few years in prison. It could be said that he had suffered an undeserved disaster.

Although objectively speaking, he didn't have any responsibility, the middle – aged man was still driven out by the Liang family because he didn't take good care of him. Moreover, he had offended a big family like the Liang family, so the middle – aged man couldn't stand in the country at all.

Fortunately, he had a lot of savings over the years. He was also disheartened by the cold – hearted Liang family, so he simply went abroad and spent the rest of his life in peace.

Of course, this was all a story for later.

After confirming that he had achieved his goal tonight, Xia ruofei left the scene quickly under the cover of the night.

He returned to the pickup truck, started the car without hesitation, and drove away from the green Bull Mountain Resort.

Xia ruofei still chose to take a detour. He took a few old roads with few people and cars and returned to Taoyuan farm.

Along the way, Xia ruofei had been keeping an eye on Ling Qingxue in the space.

Ling Qingxue had been unconscious the whole time, so Xia ruofei let her lie on the stone bed. When they returned to the villa and went to his bedroom, Xia ruofei sent Ling Qingxue out of the spirit map space.

Xia ruofei gently placed Ling Qingxue on the bed.

Then, he took out a bottle of diluted spirit Heart Flower petal solution and carefully fed some to Ling Qingxue.

The flower petal solution, which was extremely effective even for malignant tumors, would naturally be able to cure the side effects of the knockout powder.

Ling Qingxue, who had taken the petal solution, quickly frowned and woke up with a groan.

When she found herself lying on the bed, the first thing she thought of was what had happened to her at the entrance of the company building. She couldn't help but scream.

Xia ruofei quickly covered Ling Qingxue's mouth and whispered in her ear, "Qingxue, don't be afraid! It's me ... It's alright, it's alright ..."

When Ling Qingxue heard Xia ruofei's voice, her frightened heart calmed down. She hugged Xia ruofei, her body trembling slightly as she sobbed. "Ruofei, I'm so scared ... I thought ... I thought I would never see you again ..."

Xia ruofei saw the frightened look on the woman he loved and felt an endless amount of pity for her. At the same time, his hatred and disgust for Liang Haiming and the others increased. The discomfort he felt from ending the lives of five people tonight disappeared without a trace.

"Qingxue, be good. Don't be afraid ..." Xia ruofei said softly. "With me by your side, no one can hurt you ..."

Ling Qingxue nodded. She felt that Xia ruofei's embrace was so warm. Xia ruofei's chest was so broad that she felt a strong attachment and an endless sense of security.

Ling Qingxue hugged Xia ruofei tightly and asked, "RUO Fei, you ... You weren't injured when you saved me, right?"

Xia ruofei smiled and said, "Qingxue, you're underestimating me!" I just took care of a few thieves, how could I be injured?"

After he finished speaking, Xia ruofei even made a gesture to show off his muscles, which made Ling Qingxue smile through her tears.

Ling Qingxue then asked, "Oh right, who were those people today?" Why did they kidnap me? They ... They were doing it for money? This is bad! Ruofei, will they harm my father ..."

Ling Qingxue thought that if the kidnappers were after money, then it was very likely that they would also kidnap her father, Ling Xiaotian. She suddenly panicked.

Xia ruofei quickly patted Ling Qingxue's back and comforted her. "Qingxue, don't worry. Uncle Ling is fine ..."

Then, Xia ruofei said seriously, "Tonight's incident is very complicated, and I can't explain it clearly in a short time, but there's one thing you must remember. I've completely resolved this matter, but you must keep it a secret and pretend that nothing happened. Otherwise, it may bring disaster to me and your Ling Ji restaurant! Remember this!"

#### **Chapter 497: Love me and don't go (1)**

Ling Qingxue saw how serious Xia ruofei was. Although she did not know the reason, she had absolute trust in Xia ruofei. She quickly nodded and said, "I'll remember this. I promise I won't tell anyone, not even my father!"

Xia ruofei nodded and said, "that's right!" Even Uncle Ling can't say! Anyway, this matter is already over, so there's no need for him to worry about you. "

Xia ruofei thought for a while and continued, "In any case, just keep this matter to yourself. There might be some news in the next few days. Just read it and know what to do. No matter what it is, don't be too surprised. Just pretend that nothing happened."

Ling Qingxue nodded and couldn't help but ask worriedly, "Ruofei ... You ... You ... Did you ... Kill the kidnappers?"

Xia ruofei smiled and gently stroked Ling Qingxue's hair. "Didn't we agree not to ask? Qingxue, I can do anything to protect you. If someone really died because of this, then they deserved it. Don't think too much. "

Although Xia ruofei did not give a direct answer, Ling Qingxue already had an answer in her heart.

While she was worried about Xia ruofei, her heart was also filled with sweetness and affection. Every girl had a Hero Complex and would fantasize about their man being an unparalleled hero. Tonight's Xia ruofei undoubtedly fit the perfect boyfriend image in Ling Qingxue's fantasy.

She was in Xia ruofei's arms, and her worries about the shocking scene in the evening and Xia ruofei's possible death slowly disappeared.

Ling Qingxue had blind faith in Xia ruofei. She believed that no matter what happened, as long as Xia ruofei was around, there would be no trouble.

Of course, when it came to this matter, Ling Qingxue still felt a little hesitant.

"Ruofei, what should I say if the police come to question me?" she asked with a frown.

Ling Qingxue's question made Xia ruofei fall into deep thought.

Today's attack on Liang Haiming could be said to be flawless. No matter how the Liang family investigated, the possibility of them finding Xia ruofei was extremely low.

Moreover, the possibility of the Liang family conducting a large – scale investigation was very low. After all, no matter how one looked at it, Liang Haiming’s death was an accident, and there was no doubt about it.

However, if Xia ruofei killed Heibao and the others, he would definitely leave a trace.

As the incident had happened too suddenly, Xia ruofei had no choice but to chase after them in the pickup truck. The two cars had been chasing each other in the city for a long time and then drove out of the Urban area at high speed. There would definitely be many surveillance cameras and global eyes that would record it.

Xia ruofei’s brain was spinning fast as he thought about the possible loopholes in every step.

The worst possibility was that, as Ling Qingxue had said, the police would get involved.

If the police treated the car’s fall as a criminal case, they would definitely check the surveillance cameras along the way. The fact that Xia ruofei was in hot pursuit would not be able to be hidden.

Of course, Heibao and his men had been very professional in their kidnapping. It had only taken them a few seconds, and the black SUV had stopped right beside Ling Qingxue, blocking the view of most of the cars on the street.

Therefore, the possibility of a passerby calling the police was not high.

If the police were to intervene, there could only be two possible reasons.

First, when the Traffic Police Department investigated the scene, they found the cause of the accident suspicious and not an ordinary traffic accident.

The second was that the Liang family used their influence to put pressure on the Public Security Bureau, demanding a thorough investigation of the matter.

Xia ruofei frowned and thought for a long time before saying, “If that really happens, don’t panic. Just say that after you were taken into the car, the other party covered your mouth and nose with a handkerchief, and then you fell unconscious. You don’t know what happened after that. When you wake up, you will find that I have saved you. Leave the rest to me.”

Ling Qingxue asked worriedly, “then wouldn’t you be dragged into this?” How are you going to explain this to the police?”

Xia ruofei smiled and said, “We’ll deal with it when the soldiers come. There are no surveillance cameras there, so I can say whatever I want. Anyway, the dead can’t testify!”

Ling Qingxue couldn’t help but cry out in shock, “RUO Fei, you really ...”

“We agreed not to talk about this!” Xia ruofei covered Ling Qingxue’s mouth and laughed.

Ling Qingxue couldn’t help but look up at Xia ruofei. She was pretty sure that Xia ruofei had really killed the kidnappers tonight.

Seeing how calm Xia ruofei was and how he was laughing and talking, Ling Qingxue was touched and admired him. Her watery eyes were filled with tenderness.

Xia ruofei said calmly, "Qingxue, don't worry so much!" It's only a possibility, but it's very small. The excuses we've discussed in advance will most likely never be used."

In fact, Xia ruofei was not wrong.

The middle – aged man was too busy to take care of himself. Liang Haiming's sudden death had made him flustered, and he had no time to care about the lives of Heibao and the others.

As the place where the van had crashed was by the roadside, it was not until the middle of the night that a passing vehicle was discovered and reported to the police. The traffic police went through the normal process of checking and informing the owner of the vehicle by the license plate number.

The company that the MPV was attached to was actually a trading company registered by Liang Haiming in Sanshan city. However, the legal representative was the middle – aged man, Jian Jia. This was also a common tactic used by the rich sons of some big families. Most of the time, it was not convenient for them to control a company themselves, so there must be a shadow of white gloves in front of them.

#### **Chapter 498: Love me and don't go (2)**

The middle – aged man had only found out about Heibao and his men's deaths on Baofeng mountain when he received the police's notice in the early hours of the morning. He had contacted Heibao and was on his way to Green Bull Mountain after hearing that they had succeeded. He was puzzled as to why Heibao and his men had suddenly gone in the opposite direction of Baofeng mountain and fallen off the cliff to their deaths, and why the woman had not been in the car.

However, the middle – aged man was already in a terrible fix because of Liang Haiming's death, and he didn't want to cause any trouble. Although Liang Haiming thought highly of Hei Bao, Liang Haiming was already dead, so why would the middle – aged man care about Hei Bao's life or death? the only thing he was thinking about right now was how to get away with his punishment.

The middle – aged man would definitely not do something that might make the situation more complicated or even make him bear more responsibility, so he decided to hide it without much hesitation.

In any case, at this juncture, it was better to avoid unnecessary trouble. It was definitely not a mistake.

In fact, the only people who knew about this other than him were Liang Haiming, Black Panther, and the other three who had gone out to do business today. Now that the others were all dead, as long as he didn't tell them, no one would.

Therefore, the middle – aged man quickly sent several people from the company to the police to deal with the funeral and did not cause any more trouble.

The terrain around Baofeng mountain was steep, and there were many accidents in the past, so there were not many cars passing by. Many drivers would rather take a detour than cross the mountain. In addition, they found some broken pieces of wine bottles in the wreckage of the car at the scene of the accident. There were almost no signs of braking at the accident site, so the police quickly came to a conclusion: It was a traffic accident, and the driver was likely to be suspected of drunk driving.

However, the fire had destroyed all the evidence and the people were dead, so there was nothing to pursue.

The middle – aged man, who was the only one who had guessed that Xia ruofei had something to do with this, was chased out of the Liang family and had gone abroad.

Hence, that night when Xia ruofei had gone on a killing spree, it had passed by peacefully.

Perhaps Xia ruofei did not realize it himself, but he insisted on not letting his hatred rest overnight. That night, he used that unbelievable method to kill Liang Haiming, which indirectly helped him cover up the previous killing.

One could imagine that if Xia ruofei had not made a move that night, Liang Haiming would not have let the matter rest after hearing about the death of Heibao and the others. He would have used all his connections to investigate the matter thoroughly.

If Xia ruofei wanted to get away with it, he would have to use some of his official connections.

No matter what, this incident did not cause Xia ruofei any more trouble. His life quickly returned to normal.

Of course, this was another story.

Xia ruofei was not so sure now, so he was prepared to deal with the police if they found out.

However, in front of Ling Qingxue, Xia ruofei had to act very relaxed. Otherwise, he would only add to Ling Qingxue's troubles.

"Qingxue, let's not talk about this anymore. Trust me, it'll be fine." Xia ruofei said with a smile.

"En!" Ling Qingxue nodded and hugged Xia ruofei even tighter.

Xia ruofei kissed Ling Qingxue's forehead affectionately and said, "It's my fault for not being considerate enough to arrange for someone to protect you. Otherwise, this wouldn't have happened."

"How can I blame you?" Ling Qingxue said, "you're not a God. How could you have expected something like this to happen?"

Xia ruofei shook his head. "No matter what, your safety is very important. I'll look for candidates tomorrow and arrange two capable female bodyguards for you. Otherwise, I won't be at ease."

"Ruofei, I don't want to ... I'm not used to having people following me everywhere!" Ling Qingxue shook her head.

Xia ruofei's attitude was firm. He said, "No, you have to listen to me! I don't want such a thing to happen again. If something happened to you today, I would really go crazy ..."

Ling Qingxue could feel Xia ruofei's concern for her, and her heart felt warm.

However, she still frowned and said, "Ruofei, this is a small probability event. How can it happen so often? Isn't it making a mountain out of a molehill to have two bodyguards with you every day just because of this?"

"I don't think so," Xia ruofei said. Qingxue, uncle Ling's net worth is in the hundreds of millions. It's hard to guarantee that no one will have designs on you in the future when they see money. In short, I can't allow any possibility of an accident to happen. This loophole must be fixed!"

Ling Qingxue could not help but smile bitterly at Xia ruofei's words. She knew that Xia ruofei was concerned about her, and at the same time, he was still afraid of what had happened today. So, she could not bear to reject Xia ruofei's firm attitude.

Xia ruofei thought for a while and said, "how about this? I'll look for a suitable candidate as soon as possible. She doesn't need to be your full – time bodyguard. She can be your assistant!" I'll help you deal with the company's Affairs, accompany you during business activities, banquets, and so on. I'll try my best to protect you during your personal time without disturbing you. "

Since Xia ruofei had already said so much, Ling Qingxue could only nod and say, "Alright, I'll do as you say ..."

### **Chapter 499: Love me and don't go (3)**

Xia ruofei happily kissed Ling Qingxue's Jade – like face and said, "That's a good girl!"

At that moment, Ling Qingxue's phone rang.

It turned out that when Ling Xiaotian saw that Ling Qingxue wasn't home even though it was already so late, he couldn't help but call her worriedly to ask about the situation. This also indirectly explained that although the kidnapping happened near the Ling Ji F & B headquarters, it didn't alarm anyone. At least, Ling Xiaotian didn't know about it at all.

Ling Qingxue saw that it was her father's number. She subconsciously looked at Xia ruofei nervously before picking up.

"Dad," he said.

"Qingxue, where are you? Why aren't you home yet?" Ling Xiaotian asked.

Ling Qingxue looked at Xia ruofei, who was holding his breath. She hesitated and said, "Dad, I'm at ruofei's side! I ... I won't be going back tonight. It's getting late, so I'll stay at the farm ..."

Ling Xiaotian was stunned for a moment before he laughed and said, "Good! It's not safe to drive so late at night. I'll be at ease if you stay at ruofei's place, haha! Qingxue, I won't say anything more. You should rest early!"

Ling Qingxue's cheeks were red, and she said in a mosquito – like voice, "Okay, dad, you should sleep early too ..."

After Ling Qingxue hung up the phone, she saw Xia ruofei's dumbfounded expression. She could not help but roll her eyes at him and said, "What are you looking at?"

Xia ruofei was overjoyed and asked, "Wife, haven't you always been embarrassed to stay over at my place? Why are you so brave today?"

In the past, Xia ruofei had wanted Ling Qingxue to stay the night several times. However, Ling Qingxue had always insisted on staying at home because she was shy. He did not expect that she would take the initiative to tell her father in front of him that she wanted to stay at the farm. This made Xia ruofei very surprised.

Ling Qingxue pouted and said, ""You don't welcome me? Then I'll just go back ..."

Xia ruofei quickly grabbed Ling Qingxue's hand and said, ""Don't! I don't know how happy I am! How could he not welcome her? I can't wait for you to live on the farm every day!"

However, Xia ruofei also knew that this was not realistic. After all, Ling Qingxue worked in the city. Xia ruofei's heart would ache if she drove dozens of kilometers back and forth every day!

So Xia ruofei immediately said, "wife, I don't expect you to come over every day, but since you've told dad, can you come over more often to accompany me in the future?" Even two or three days a week would do!"

"That will depend on your performance!" Ling Qingxue chuckled.

Xia ruofei immediately said with confidence, ""Don't worry, I'll show you now!"

With that, Xia ruofei flipped over and pressed Ling Qingxue under him. His demonic hands reached into her clothes with great familiarity.

Ling Qingxue couldn't help but let out a cry of surprise. Then, she panted and said, ""Hey! Bad guy ... I didn't ask you to perform this ... Oh ..."

Xia ruofei did not even give Ling Qingxue a chance to speak. His two hot Lips quickly sealed Ling Qingxue's cherry lips.

Ling Qingxue quickly responded to Xia ruofei enthusiastically.

After surviving a disaster, she needed Xia ruofei's nourishment more than ever. This was also the reason why she had the courage to tell her father that she was staying over at Xia ruofei's house.

Xia ruofei's state was similar to Jian Jia 's. It was his first time killing someone after she left the Army. He had run back and forth for dozens of kilometers in the dark, and finally, he had used that incredible method to easily take Liang Haiming's life. Even though he was used to killing, the blood tonight still made him more excited than before.

Therefore, the two of them quickly engaged in an intense battle on the bed, releasing their passion to their heart's content. At the same time, they had also unconsciously released some dark and negative emotions.

Upstairs in the small villa, a woman's moans, a man's panting, and the creak of the bed that could not bear the weight mixed into a song that made people blush and their hearts beat ...

## **Chapter 500: Farm expansion (1)**

The next morning, Xia ruofei was woken up by the ringing of his phone.

In a daze, he reached out and gently moved Ling Qingxue's tender arm away. He reached for the phone on the bedside table and turned it off without even looking at it.

Xia ruofei couldn't even remember how many rounds he had fought with Ling Qingxue last night. He only knew that when the two of them fell asleep, the sky was already bright outside.

Even Xia ruofei, who had a strong body, felt weak in his waist and knees.

Last night, Ling Qingxue had also changed her usual shyness when it came to sex and had taken the initiative to ask for more. The two of them had even tried all the movements that Ling Qingxue was too embarrassed to try in the past. At the craziest moment, Ling Qingxue had actually straddled Xia ruofei and moaned.

Last night's madness could be seen.

Xia ruofei tilted his head to look at Ling Qingxue. She was still sound asleep, and there was a faint smile on her peaceful face. The trauma from the kidnapping incident had probably faded a lot after last night's crazy night.

Xia ruofei reached out and hugged Ling Qingxue. He turned his body and placed his leg on Ling Qingxue's shockingly elastic long legs. His hands naturally climbed onto Ling Qingxue's proud body, and his body pressed against her soft and alluring body.

From the moment he hung up the phone to the moment he hugged Ling Qingxue, Xia ruofei was in a state of half-consciousness. After he switched to this comfortable position, he closed his eyes and prepared to continue sleeping.

However, at this time, the phone rang again.

This time, Xia ruofei's sleepiness was completely chased away.

He grumbled unhappily and grabbed the phone. Without looking at who was calling, he picked up the call and said in an unfriendly tone, "Hello?"

The person on the other end of the phone was stunned for a moment before asking, "Chairman, did I disturb your rest?"

When Xia ruofei heard that it was Feng Jing, he asked in a gentler tone, "Oh ... It's President Feng! What's the matter?"

Feng Jing was sitting in her office at the moment. She was speechless when she heard the news, but she smiled bitterly and said, "Chairman, aren't we going to Dongkeng village to discuss the land lease today? I wonder when you have an appointment with the village?"

Xia ruofei smacked his forehead and looked embarrassed.

After the series of events from the previous night, coupled with the crazy time he had with Ling Qingxue, he had actually forgotten about this matter.

However, as the company's chairman, he naturally couldn't show his weakness in front of his subordinates, or he would lose face!

Hence, Xia ruofei quickly looked at the time on his wrist and said calmly, "Oh ... I have an appointment with director ruan at 10:30. It's still early, so let's meet downstairs at 10:00 sharp!"

"Okay, I won't disturb you anymore, Chairman." Feng Jing immediately hung up the phone.

In fact, Xia ruofei had not even asked ruan Fugui out yet. However, after attending the opening ceremony of the mixed – use complex and witnessing Xia ruofei's strength, ruan Fugui had expressed his goodwill to Xia ruofei many times. Moreover, Wu Liqian had personally informed the town about this matter, so Xia ruofei was not worried that he would not be able to get an appointment.

Unless ruan Fugui happened to be away from home.

It shouldn't be this small, right?

Xia ruofei thought to himself and didn't dare to delay any further. After he finished talking to Feng Jing, he immediately called ruan Fugui.

He was quite lucky. Director ruan didn't go anywhere today. She was in the village!

When he heard that Xia ruofei was coming over to discuss renting more land, ruan Fugui was very enthusiastic. He quickly said that he was at the village committee and was waiting for you.

Xia ruofei's Taoyuan farm brought a lot of rent to the village every year and also provided a large number of jobs for the village. These were all achievements for ruan Fugui! It could be said that Xia ruofei was not even the village's God of Wealth. Furthermore, Xia ruofei had such a good relationship with the county leaders, so ruan Fugui was naturally very concerned about Xia ruofei's Affairs.

In fact, after hanging up the phone, ruan Fugui had been planning to do Xia ruofei a favor.

He gave Xia ruofei a discount on the rent. Besides, although the land around the farm was mostly barren, there were good and bad ones. As the village director, he knew the situation of the land like the back of his hand. He might even recommend some relatively fertile land to Xia ruofei when they met later.

Of course, Xia ruofei did not really care if the land was fertile or barren. With the secret weapon of the spirit map space, would he be afraid of barren land? Xia ruofei was more concerned about the planning of the entire farm.

This time, the land to be leased had to be connected to the farm, so that it would be more convenient for the centralized management of the farm.

After calling ruan Fugui, Xia ruofei naturally couldn't go back to sleep. It was already past nine o'clock. After washing up a little, it was time to set off for Dongkeng village.

Xia ruofei looked affectionately at Ling Qingxue, who was lying on the bed. Then, he quietly got up, got dressed, and went to the bathroom to wash up.

However, the ringing of the phone had obviously affected Ling Qingxue. When Xia ruofei came out of the bathroom, he saw that Ling Qingxue was already sitting on the bed and getting dressed.

When Ling Qingxue saw Xia ruofei, she could not help but recall the embarrassing scene of her taking the initiative to ask for his love last night. She could not help but feel her face heat up.

“RUO Fei, do you have something to do?” Ling Qingxue asked, blushing.
