### Chapter 591: Ling Xiaotian's moments (3)

Xie Xun grinned, revealing two rows of teeth that had turned yellow from the smoke. "Young man, I've crossed more bridges than you've walked, so you don't have to use words to run me down. How about this, as long as all six of your fish are blood red Dragons, I'll buy them all for two million each."

Xia ruofei smiled faintly, but his smile quickly disappeared. He shook his head and said, "Not much."

"What do you mean? Are you scared?" Xie Xun chuckled and said, "I haven't even said what I would do if the fish you brought isn't a Blood Red Dragon! Aren't you too timid, child?"

Xia ruofei couldn't help but roll his eyes. Xie Xun's mouth was really foul. No wonder he was so unpopular.

"You've misunderstood me, director Xie. I mean ... Two million might not be enough to buy my fish ..." Xia ruofei said calmly.

Li Zongheng and the others were stunned for a moment before they burst out laughing.

Ling Xiaotian naturally would not let go of the opportunity to attack Xie Xun. He pointed at Xie Xun and said, "You old brat! He wanted to buy RUO Fei's top quality Blood Red Dragon for two million? You must be blind!"

Xie Xun flew into a rage out of humiliation. He glared at Xia ruofei and said, "Young man, you're very good with words! However, you can't just rely on your mouth to tell the truth! Which one of them wasn't an expert in ornamental fish? Why don't we have a bet?"

"I'm not interested in two million," said Xia ruofei, curling his lips.

"You don't want it even if it's free?" Xie Xun said, "young man, if all six of your fish are the best blood – Red Dragons and are not any worse than the pair in old Ling's house, I will give you two million! I'll pay you however much the fish costs, and if you lose, you'll still have to pay me two million in cash. Do you dare to bet?"

On one hand, Xie Xun was annoyed by Xia ruofei's words. On the other hand, based on his past experience, he felt that it was unbelievable for Xia ruofei to take out six blood – Red Dragons in one go. He had seen Ling Xiaotian's pair of Arowana before. They were top – notch in every aspect. However, Xia ruofei took out six of them at once, and their quality was not inferior to Ling Xiaotian's pair. In his opinion, this was simply a fantasy.

Xia ruofei acted as if he had just realized something and said, "Oh ... Two million isn't the money for the fish! Then I'll bet!"

Ling Xiaotian's friends were all laughing as they watched the show. Li Zongheng looked at Xia ruofei with a thoughtful expression.

.....

Xie Xun immediately said, "okay, everyone here is a witness!" We're all ornamental fish experts here, so Li, you four will be the judges. Ling and I won't be joining. Young man, is that okay?"

Xia ruofei nodded without hesitation. "No problem!"

"Third brother Xie, you can't go back on your word!" Ling Xiaotian chimed in immediately.

"I'm going back on my word?" Xie Xun rolled his eyes and said, "I was worried that he wouldn't be able to take out the money if he lost!"

"You don't have to be afraid of that. If RUO Fei loses, I'll transfer two million to you on the spot!" Ling Xiaotian said.

"Then it's a deal!" Xie Xun immediately said, "young man, take out your Arowana!"

Xia ruofei smiled at Xie Xun and said, "Thank you, director Xie ..."

Then, Xia ruofei walked to the back of the pickup truck and opened the back of the truck. Li Zongheng, Xie Xun, and the rest immediately gathered around to take a look. After the little episode just now, everyone's interest had been raised to the maximum.

### **Chapter 592: making a fortune (1)**

Xie Xun was confused by Xia ruofei's "thank you" but when Xia ruofei opened the door of the pickup truck, his attention was immediately drawn to it.

In the back of the pickup truck, three large plastic boxes were neatly placed side by side.

Xie Xun took a glance and chuckled, "Old Ling, old Li, this young man is quite creative! You're actually using plastic boxes to store Arowana?"

Ling Xiaotian's face darkened as he ignored Xie Xun. Li Zongheng and the rest did not have Xie Xun's sharp tongue. Although they were slightly disappointed, they still maintained their manners and smiled.

"Mr. Xie," Xia ruofei said indifferently, "the meat in the bun doesn't lie in the folds. If you want a beautiful fish tank, you can order any style for 5000 Yuan!"

Xie Xun laughed coldly. Xia ruofei could not be bothered with him. Without waiting for his venomous tongue to strike again, he opened the back of the truck. Then, he easily picked up a plastic tidying box and placed it on the ground.

Xia ruofei's movements were fast and steady. The Arowana in the plastic box did not even feel the vibration and continued to swim in the box leisurely.

Before Xia ruofei could move the second plastic box, he heard a gasp behind him, so he turned around.

Other than Ling Xiaotian, the other five people were all staring at the plastic box on the ground with their eyes wide open. The disdainful smile on Xie Xun's face didn't even disappear before it froze, making him look a little funny.

Shocking!

Fanatical!

It was unbelievable!

All kinds of emotions could be seen from their eyes.

.....

The one with the most expression was undoubtedly Xie Xun. He thought that Xia ruofei was just trying to save face. In a hurry, he even made a bet of two million Yuan. Although two million Yuan was nothing to him, it would be embarrassing if he lost to a young kid like Xia ruofei, especially in front of Li Zongheng and his old friends.

Xie Xun looked at the two high – Quality blood – Red Dragons in the plastic sorting box, and a hint of uneasiness rose in his heart.

Xia ruofei took in everyone's expressions and turned around with a faint smile. He continued to move the other two boxes out of the truck and placed them side by side on the empty space behind the pickup truck.

"They're all top – grade blood – Red Dragons!" There was a hint of excitement in Li Zongheng's voice. "Xiao Xia, you ... Where did you get so many high – Quality blood red Dragons? This is just too unbelievable ..."

Xia ruofei had a faint smile on his face and did not say anything.

Li Zongheng also knew that he had asked something he should not have asked in his agitation. If the other party had his own way of obtaining such a high – Quality Blood Red Dragon, how could he have told him?

Li Zongheng laughed awkwardly and turned to look at Ling Xiaotian.

Initially, Ling Xiaotian was also slightly worried. However, when the six blood – Red Dragons appeared in front of everyone, his suspended heart finally relaxed and his face revealed a proud look.

Ling Xiaotian looked at the dazed Xie Xun and laughed, "Third brother Xie, the bet just now still counts, right?"

Xie Xun looked at Xia ruofei with a complicated expression and said, "When did I, Xie laosan, go back on my word? Old Li, you guys decide!"

In fact, everyone was an old player in the ornamental fish community. These big bosses especially liked Red Arowana, including Xie Xun himself. They could already tell the result with one look. There was no need to judge carefully.

However, since it was a bet of two million dollars, Li Zongheng and the others still carefully moved closer to take a look. They compared their figures, hair shapes, scales, hair colors, and other aspects.

After a while, Li Zongheng, Xu Desheng, and the other two exchanged their opinions in a low voice. Then, Li Zongheng acted as the representative and looked at Xie Xun. "Old Xie, we all agree that Xiao Xia has won this bet."

Xia ruofei still looked calm and said, "Thank you, boss Li."

Ling Xiaotian laughed and asked, "Third Xie, do you have any objections to old Li's judgment?"

Xie Xun's face turned red and white. When he saw the six fish, Xie Xun knew that his chances of winning were very low. However, he still had a bit of hope. If one of the fish had any minor flaws, as long as it couldn't beat Ling Xiaotian's two Blood Dragons, he would still win.

However, Li Zongheng and the others' judgment completely shattered his fantasy.

However, even though Xie Xun had a sharp tongue, he was still considered a Bachelor. Of course, this was also in front of his old friends. He wouldn't lose face, so he simply said, "This time, I, old Xie, was wrong! I'll accept this bet!"

After he finished speaking, Xie Xun took out his checkbook without hesitation. He used his gold pen to write a check for two million and passed it to Xia ruofei. He said, "Young man, the future generations are to be feared!"

Xia ruofei took the check with a smile. He only glanced at the numbers on it and put it away without checking its authenticity. In such an occasion, the possibility of Xie Xun cheating or even writing a fake check was almost zero.

"Thank you, director Xie!" Xia ruofei said again.

Xie Xun suddenly thought of the "thank you" that Xia ruofei had said before he opened the car door. The gloominess in his heart increased. So, the other party had victory in their hands, and he had rushed over to give them money.

### **Chapter 593: Making a big profit (2)**

Empiricism killed people! Ling Xiaotian's pair of blood – Red Dragons were already extremely rare. How could six blood – Red Dragons of the same grade suddenly appear?

What made Xie Xun even more depressed was that the quality of these six fish was not inferior to that of Ling Xiaotian's pair. In fact, they were slightly longer than Ling Xiaotian's pair. Moreover, they seemed to have a hint of spirituality. Anyone with a good eye could tell the difference with one look.

After the bet was over, everyone's attention was focused on the six blood – Red Dragons.

Ling Xiaotian cleared his throat and asked, "RUO Fei, are you going to sell these six fish?"

There was some reluctance in his eyes. After all, each of the six fish was quite eye – catching, and it was not appropriate for him to compete with his old friends on this occasion. As an old player who loved fish like a fool, this was worse than taking his life.

Xia ruofei smiled and nodded. "Of course! Uncle Ling, bosses, I'm going to sell these six fish in three pairs. That is to say, whoever wants to buy them must buy a pair at once. "

Li Zongheng, Xu Desheng, and the others nodded. They were not short of money. If possible, they would like to buy all six of them. Xia ruofei's suggestion of selling them in pairs was exactly what they wanted. It was a good sign to be in pairs!

Actually, Xia ruofei had come up with this idea on the spot.

Ling Xiaotian gathered five fish friends. He had six blood – Red Dragons. If he sold a single one, all five of them would definitely be able to buy it. However, if they were sold in pairs, it was destined that only three people would be able to buy it.

The biggest difference was the sense of competition. Obviously, this way of selling would raise the price, which was what Xia ruofei liked to see.

Ling Xiaotian understood Xia ruofei's intention after pondering for a while. He could not help but glance at Xia ruofei with a half – Smile, thinking that this kid was quite cunning.

Li Zongheng and the others' attention was all on the red Arowana, so they did not care if they bought one or a pair.

Li Zongheng and Guo Qinglin's eyes flickered as they looked at one of the boxes. However, they were both cunning big bosses, so they concealed it well.

.....

Of course, Xia ruofei's eyes were sharp. He had already sensed it.

However, Xia ruofei remained unmoved. He walked over, picked up one of the plastic boxes, and placed it in the middle of the courtyard. Then, he smiled and said, ""Dear bosses, this is the first pair of blood red dragons for sale today. The rules are simple. Everyone just has to bid, and the one who offers the highest price will get it!"

Once again, Li Zongheng glanced at the two plastic boxes beside Xia ruofei and laughed. ""Then I'll bid first! This pair of blood red Dragons is of the highest quality, be it in terms of hair color or body shape. I'll pay five million!"

Li Zongheng offered five million right off the bat. On average, each fish was worth two million and five hundred thousand. It had far exceeded the price that Xie Xun had offered for two million a fish. Xie Xun could not help but blush.

Xu Desheng said without much hesitation, ""Boss Li is being a little conservative today! I'll pay 5.5 million!"

"Five million eight hundred and eighty thousand!" Yang Dahua also stared at the pair of Blood Dragons with desire and stated his price.

Guo Qinglin, who looked like a skinny old man, looked at it but did not bid in the end. He laughed and said, ""This is only the first pair and everyone is already fighting so fiercely. I'll wait for the next pair ..."

Yang Dahua grinned and said, "brothers, why don't you just give in to me?" I really like this pair of blood red Dragons. There are still two more pairs after this, so you guys can continue to compete!"

Although Yang Dahua did not say it explicitly, his intention was obvious. He was urging everyone to fight for it and Xia ruofei had the upper hand in the end. Although they were not short of money, there was no need to be a spendthrift.

"Since President Yang has spoken, I have to give him some face!" Li Zongheng said after a moment of silence.

After he finished speaking, he closed his mouth, obviously not prepared to bid anymore.

Xu Desheng had been thinking and did not make a clear statement.

At this moment, Xie Xun, who had been silent all this while, suddenly said to Xia ruofei, "Little brother, that ... Hehe ... Can I make a bid?"

Xie Xun had a little conflict with Xia ruofei just now and even lost two million, but the quality of these six Red Arowana was too good. He had been an ornamental fish for so many years and had never seen such near – perfect blood Arowana. So, he could still keep a straight face at first, but when he saw yang Dahua and the others bidding, his heart felt like it was being scratched by a cat. It was hard to resist.

Xia ruofei smiled. "Of course you can. I'm selling these Blood Dragons. As long as director Xie offers the highest price, I'll sell them to you."

Upon hearing this, Ling Xiaotian could not help but open his mouth. Seeing this, Xia ruofei immediately stopped him from saying anything. "Uncle Ling, you don't have to participate ..."

When Xie Xun heard this, his eyes widened and he said, "Old Ling, what are you doing here? The pair of blood red Dragons Xiao Xia found for you are already good enough! You can't possibly take all the benefits, can you?"

Ling Xiaotian chuckled awkwardly and waved his hand, "Alright, alright, alright, you guys fight! Can't I just watch from the side?"

"That's more like it ..." Xie Xun mumbled.

Yang Dahua, who was standing beside him, asked impatiently, "Third Xie, are you going to bid or not? If you don't bid, this pair of Blood Dragons is mine!"

### **Chapter 594: Making a big profit (3)**

Xie Xun immediately said, "go!" Why not? I'll pay six million for this pair of blood red Dragons!"

"You ..." Yang Dahua didn't think that Xie Xun would actually bid after being provoked.

This kind of top – grade blood Arowana was very rare, and there was no clear price standard. Red Arowana of ordinary quality could range from a few thousand to tens of thousands. The highest record in the past few years was five million for one, so three million for one was already a very high price.

Xu Desheng was already in a dilemma about whether it was worth it to raise the price. When he saw Xie Xun raise the price again, he gave up on the thought and stepped to the side.

Yang Dahua's eyes widened and he said, "Six million two hundred thousand!"

Xie Xun pouted and said, "6.5 million!" Old Yang, I want this pair of blood red Dragons!"

Yang Dahua was so angry that he rolled his eyes. Why was this old man biting whoever he wanted? He had raised the price by another few hundred thousand all of a sudden. He was simply a madman!

Xia ruofei was overjoyed to see these bosses bidding.

In the end, yang Dahua chose to give up on Xie Xun. This madman didn't play by the rules. It wasn't worth it to fight with him until both sides were injured. Anyway, there were still two more pairs to go. There was no need to fight to the death with him.

As a result, Xie Xun got his wish and bought the first pair of blood red Dragons for 6.5 million.

He was so happy that his bald head seemed to be shining. He took out his checkbook and signed a check for 6.5 million Yuan, then handed it to Xia ruofei. Then, he carefully carried the plastic box to the side and looked at the two Blood Dragons inside. The more he looked at them, the more he liked them.

Xie Xun took out his phone and made a call. He sent someone with a special fish tank to drive over and pick up the blood Dragons.

After he was done with the arrangements, Xie Xun came over to watch the show.

.....

Xia ruofei moved the second plastic box to the middle of the courtyard. He purposely left the plastic box that li Zongheng and Guo Qinglin had taken a few looks at at last.

Xia ruofei pointed at the plastic tidying box in the middle of the yard and smiled. "Just now, director Xie had successfully bought a pair of blood red Dragons. There are only two pairs left! The shop owners who want it will have to put in more effort. Everyone, start bidding!"

This pair of blood red Dragons was two to three centimeters shorter than Xie Xun's pair, so yang Dahua had bid four million Yuan at the beginning.

However, it was unrealistic to buy a pair of high – Quality blood red Dragons for four million, especially under the covetous eyes of these rich people.

The price quickly rose.

Even Xie Xun was eager to bid again. However, under the strong protest of yang Dahua and the others, Xia ruofei could only stand up and say that he had already bought the Blood Red Dragon and could not participate in the next round of bidding.

Only then did Xie Xun step to the side resentfully. He and Ling Xiaotian had completely become spectators.

Xia ruofei had also been secretly observing li Zongheng and Guo Qinglin. He realized that although they seemed to be bidding very actively, the increase in the bid each time was not very big. When the price rose to 5.5 million, the two of them decisively stopped bidding.

They don't seem to want the two pairs of fish in front ... Xia ruofei made his own judgment.

Xu Desheng and yang Dahua were still bidding.

The price for the blood Dragon rose to 5.8 million.

In the end, it was yang Dahua, who had a stronger desire to buy them, who won the pair of Blood Dragons for six million.

In such a short time, Xia ruofei had earned 14.5 million Yuan, including the two million Yuan that yang Dahua had lost to him.

Even Xia ruofei was secretly shocked. The money came too quickly. He only paid attention to the red Arowana when they were laying eggs. After that, they were basically left in the boundless space. It could be said that there was no cost. It was only left for half a year and it was sold at such a sky – High price.

After all, there were still more than 60 Red Arowana of similar quality in the medium!

Of course, the market for high – end ornamental fish was limited, and Xia ruofei couldn't sell so many at once. He could only release a few after a while.

Even so, Xia ruofei was still very satisfied with this amazing profit.

Yang Dahua also wrote a check for six million Yuan to Xia ruofei. Then, he picked up the plastic box and went to the side. He called his men to bring the fish tank over.

Xia ruofei glanced at li Zongheng and Guo Qinglin thoughtfully. Then, with a faint smile, he moved the last plastic box to the middle of the courtyard.

He smiled and said, "this is your last chance!" President li, President Xu, President Guo, you can make your bids!"

#### **Chapter 595: The purple red Dragon (1)**

Xia ruofei did not know what was so special about the last pair of blood red Dragons, but he was keenly aware of the subtle changes in li Zongheng and Guo Qinglin's expressions.

These were all smart people! That was why Xia ruofei had intentionally placed the pair of Blood Dragons at the end of the auction.

Surprisingly, li Zongheng and Guo Qinglin did not make a direct bid. Instead, they seemed to be in deep thought, as if they were thinking about what price they should make.

Xu Desheng, on the other hand, thought for a moment and immediately offered a price. "Six million!"

Xu Desheng also knew that it was meaningless to make a low bid. Moreover, every pair of Blood Dragons that Xia ruofei took out was worth this price, so he simply made a bid of six million.

Li Zongheng thought for a moment, then smiled and said, "It's the last pair, I can't let you guys have it so easily! Little Xia, I'll bid 6.5 million!"

Li Zongheng suddenly raised the price by 500000, which made Xu Desheng a little depressed. In fact, compared with the first pair of Blood Dragons, the performance of this pair was similar in all aspects. After several rounds of bidding, the first pair was sold at the price of 6.5 million.

However, this was the last pair. It was understandable for li Zongheng to be a little anxious. Xu Desheng did not think too much about it.

The skinny old man Guo Qinglin also laughed and said, ""Boss Li, I really like this pair of blood red Dragons. How about this, I'll bid 6.8 million!"

Xu Desheng couldn't help but open his mouth wide. He thought to himself, why are these two people so fierce? Can We Still Be Friends happily?

Although the people present were not short of money, as business elites, these people would never be spendthrift. On the contrary, many times they were calculative, otherwise they could not have earned such a large family business.

Xu Desheng did not understand.

However, just as Li Zongheng had said, this was the last pair. Blood Dragons of this quality were hard to come by, and it was already a miracle that six of them had appeared at once. What if they missed this opportunity and didn't have it again?

.....

Xu Desheng was also very fond of this pair of blood red Dragons.

He struggled in his heart for a moment, then gritted his teeth and said, "Old Guo, boss Li, I'll pay seven million! If your offer is higher than this, I'll withdraw from the competition ..."

Ling Xiaotian chuckled as he watched the commotion. Yang Dahua and Xie Xun, who had already bought the Blood Red Dragon, were also relaxed. They could not bid anyway, so everyone was happy to see Xu Desheng and the others fighting to the death.

Xia ruofei glanced at Li Zongheng and Guo Qinglin thoughtfully, a faint smile on his face.

This price was already very high, but Xia ruofei had a feeling that neither Li Zongheng nor Guo Qinglin would give up so easily.

As expected, Guo Qinglin only thought for a moment before he said decisively, "I'm sorry, chief Xu. I really like this pair of Blood Dragons. I'll pay 7.5 million!"

Xu Desheng sighed, shrugged, and walked to the side. He was obviously not going to bid anymore.

It was true that he didn't lack money, but his money didn't fall from the sky. He wouldn't be a spendthrift.

Even Ling Xiaotian, Xie Xun, and Yang Dahua were surprised. They didn't expect the price to be so high.

As for Li Zongheng, he couldn't help but shoot a glance at Guo Qinglin when he saw the latter's bid.

Li Zongheng lowered his head and thought for a moment. Then, he raised his head decisively and said, "Little Xia, I'll bid 8.5 million!"

Li Zongheng then looked at Guo Qinglin with a burning gaze.

Ling Xiaotian and the others sucked in a breath of cold air. Even though the premium blood – Red Dragon was priceless, Li Zongheng's bid had clearly exceeded the actual value of the fish.

Moreover, the price had already reached 7.5 million, which was already a rather high price. Yet, Li Zongheng had raised the price by one million in one go. This made Ling Xiaotian and the others feel incredulous.

Their impression of li Zongheng was that he was a very calm and humble person. He did not seem like the kind of person who would act on impulse!

Could it be that this pair of blood red Dragons was the last pair, and Li Zongheng really wanted them, so he intentionally increased the price by one million to show his determination to get them and to make Guo Qinglin back off?

Ling Xiaotian and the others could only come up with this reason.

Xie Xun and yang Dahua couldn't help but secretly rejoice. Fortunately, they had made their move early and bought the first and second pair at a higher price. Otherwise, when it came to the last pair, they would have to fight to the death with li Zongheng. They would really have to bleed a lot.

Especially Xie Xun. Including the two million he lost in the bet, he had actually spent 8.5 million for the blood Dragons, which was the same price as li Zongheng.

When he thought of this, the gloominess in Xie Xun's heart seemed to ease up a lot.

Guo Qinglin was also stunned by li Zongheng's offer. He furrowed his brows.

Li Zongheng was still looking at Guo Qinglin with a smile on his face. Now that Xu Desheng had withdrawn from the competition, the pair of blood red Dragons would be his as long as Guo Qinglin gave up.

Li Zongheng's expression was relaxed, but he was actually a little nervous, especially when Guo Qinglin looked at the pair of blood red Dragons that had yet to be decided. His heart could not help but skip a beat, and he had a bad feeling about this.

## **Chapter 596: The brilliant purple red Dragon (2)**

As expected, Guo Qinglin quickly said, "Nine million!"

This time, even Ling Xiaotian felt that something was wrong. He looked suspiciously at li Zongheng, who was smiling bitterly, and Guo Qinglin, who was calm and composed. He said, "Old Guo, boss li, what are you guys doing? Do you have too much money to burn?"

At this moment, Xia ruofei smiled and said, "Uncle Ling, elder Guo and CEO li are smart people. They have their own reasons for bidding ..."

Xia ruofei turned to look at li Zongheng and Guo Qinglin.

"It seems like elder Guo and little Xia have already seen through it. I thought I had a sharp eye ..." Li Zongheng said with a bitter smile.

"Boss li, it's worth it to spend more money on good things ..." Guo Qinglin said with a smile.

Ling Xiaotian also came back to his senses. He took two steps to the plastic box and looked down at it carefully.

He looked at it for a while and took out a small flashlight. However, the flashlight emitted a red light, which was clearly used to observe the red Arowana's hair color.

If not for the fact that he was afraid of disturbing the two precious blood – Red Dragons, Ling Xiaotian would have fished them out to take a closer look.

After a short while, Ling Xiaotian finally let out a cry of surprise, “A brilliant purple red Dragon? And it’s a myriad of colors? Old Guo, old Li, you guys have great foresight!”

Guo Qinglin laughed and said, “what’s the use of having good eyes?” Xiao Xia knows it in his heart. It’s impossible for us to pick up a hole!”

Li Zongheng smiled bitterly and said, “I think the real amazing one is little Xia! He could clearly tell that old Guo and I had our eyes on this pair of Arowana, but he didn’t even make a sound and even auctioned off the other two pairs first ...”

Xie Xun’s eyes were wide open. “Old Ling, are you sure you’re not mistaken? Is it really a brilliant purple red Dragon that has reached the level of a myriad of colors?”

.....

“Nonsense!” Ling Xiaotian said, “when have my eyes ever been wrong?”

“Tsk ... Why didn’t you see it just now? You still dare to say you didn’t misjudge?” Xie Xun ruthlessly sneered, his tongue still as poisonous as ever.

Ling Xiaotian’s old face turned red as he twisted logic, “You guys didn’t let me participate in the bidding just now, so how could I have the time to check it out?”

Xia ruofei was confused and couldn’t help but ask, “Uncle Ling, what’s the purple red Dragon? And what’s with the myriad of colors?”

“You don’t know?” Ling Xiaotian, Xie Xun, Li Zongheng, and Guo Qinglin all asked in unison with their eyes wide open.

“Should I have known?” Xia ruofei shrugged.

“Then just now, you ...” Li Zongheng asked.

Xia ruofei smiled. “I just saw that you and old Guo’s expressions weren’t right. You’ve also glanced at this pair of Red Arowana several times. My intuition told me that this pair of Red Arowana is not simple. That’s all ...”

Li Zongheng and Guo Qinglin looked at each other and smiled bitterly at the same time. They were old – timers, but they had actually exposed their flaws in front of a young man.

Li Zongheng and Guo Qinglin did not realize that the other party had set their eyes on the pair of Red Arowana, but Xia ruofei had seen it all. It was really embarrassing.

Ling Xiaotian was stunned for a moment before he looked at Li Zongheng and burst out laughing.

“Old Ling, little Xia is asking you a question!” Li Zongheng said, a little depressed. What are you giggling about ...”

Only then did Ling Xiaotian's smile slowly disappear. After a long while, he regained his composure and said to Xia ruofei, ""Ruofei, your Red Arowana should have undergone a small mutation. It's not obvious because they're not fully mature yet, but it can still be clearly seen under the red light."

After he finished speaking, Ling Xiaotian turned on his red light flashlight and shone it on the blood – Red Dragon. He pointed at the spot and said, ""Look ... There's a layer of purple on top of the red, and this purple almost covers all the scales. The red and purple colors reflect each other. This is what we call a bright purple red Dragon, and it's the highest grade of it, the myriad purple and thousand red. This kind of red Dragon is very beautiful in an ornamental fish tank with red lights when it's an adult. "

Guo Qinglin chuckled and added, ""Xiao Xia, there are also cheap purple red Dragons. You can buy them in the market for hundreds of thousands of Yuan each. This one of yours is very rare. It's very red and purple, and the fish itself is almost perfect in all aspects, whether it's the head, the back, the hair color, or other aspects. Such a purple red Dragon is too rare. I've played Red Arowana for decades, but to be honest, this is the first time I've seen one."

Since there was no chance to pick up the scraps, Guo Qinglin simply explained to Xia ruofei in detail.

Xia ruofei nodded his head repeatedly after hearing this. He felt that he had gained a lot of knowledge.

To be honest, the purple color of the blood – Red Dragon was not obvious. Xia ruofei did not notice any difference when he was choosing the fish in the medium. He did not expect there to be so many details.

Furthermore, Guo Qinglin and Li Zongheng were able to see the difference with their eyes, which made Xia ruofei admire them even more.

Ling Xiaotian laughed and said, "alright!" There's no need to hide it anymore. Old Guo, chief Li, you can continue bidding!"

Xie Xun joined in the fun and said, ""This is a brilliant purple red Dragon! We should be able to bid too! If I had known that there were brilliant purple and red Dragons, I definitely wouldn't have bought this pair!"

### **Chapter 597: The purple red Dragon (3)**

When Xie Xun said this, even yang Dahua and Ling Xiaotian were tempted.

No one was short of money. This Blood Red Dragon was extremely rare to begin with. In addition, it had a layer of purple hair color, making it even more difficult to come by. Even Ling Xiaotian couldn't help but want to snatch it away from him.

"Don't even think about it!" Li Zongheng quickly said. You've already bought the fish, so don't even think about eating the fish in the bowl and thinking about the fish in the pot! Also, old Ling, don't join in the fun. You're the host today, so you have to act like one. Don't fight with us!"

Xia ruofei laughed and said, ""Uncle Ling, please don't participate ... Also, Mr. Xie, Mr. Yang, since we've agreed that each person can only buy one pair, let's follow the rules of the game!"

Li Zongheng immediately said proudly, "this Arowana is Xiao Xia 's, we'll all listen to him!" I say, Xie laosan, old Yang, it's your own fault for having bad taste. You can't blame me for that ..."

At this moment, Xu Desheng suddenly said, ""I haven't bought it before, so I can also participate in the bidding!"

"Didn't you already quit?" Li Zongheng asked, stunned.

"If it's the same pair of blood red Dragons as the previous two, I'll definitely back out at eight or nine million!" Xu Desheng smiled and said, "but isn't this a purple red Dragon? I might have to fight with you guys for it!"

Xu Desheng didn't wait for Li Zongheng and Guo Qinglin to speak and announced the price first, ""I'll round it up to 10 million!"

Then, Xu Desheng asked Xia ruofei with a smile, ""Little Xia, I don't think I'm breaking the rules, right?"

The more intense their competition was, the happier Xia ruofei was. Hence, he immediately smiled and said, ""It doesn't count, it doesn't count. You can bid!"

Li Zongheng and Guo Qinglin had no choice but to accept this reality.

However, they were not going to be conservative with the price. Li Zongheng pondered for a moment before saying, "Eleven million!"

.....

"12 million!" Guo Qinglin followed up with an even higher bid.

Now, they were all raising the price by one million, and the pair of Red Arowana reached an average price of six million each, breaking the previous record of five million Yuan.

"13 million!" Xu Desheng said after some thought.

Li Zongheng smiled and said, "I'll round it up again!" 15 million!"

Xia ruofei's heart shook as he watched from the side. It was just two fish, but they had already bid 15 million!

Both Guo Qinglin and Xu Desheng looked serious. It was obvious that this was close to the highest price they had in mind.

"15.5 million. I don't want any higher ..." Xu Desheng said after a long time of consideration.

Guo Qinglin furrowed his brows and looked at Li Zongheng before saying, "16 million!"

Xu Desheng smiled bitterly. He looked at the Arowana in the plastic box reluctantly, then shook his head and stepped aside.

Li Zongheng gritted his teeth and said, "elder Guo, I bid 17 million!" You're a senior, if you can offer a higher price, I can only bear to part with it ..."

"Thank you, boss Li!" Guo Qinglin smiled.

Then, he looked at Xia ruofei with clear eyes and said, ""Little Xia, I'll make up an auspicious number! 18.88 million!"

Xia ruofei looked at li Zongheng and Xu Desheng, who were still qualified to bid. Seeing that they had no intention to continue bidding, he smiled and nodded."Deal! Congratulations, old Guo, for finally getting your wish!"

### **Chapter 598: Space Dahongpao (1)**

Guo Qinglin stroked his beard and smiled as he expressed his thanks. He looked at the purple and red Dragons with undisguised love.

Li Zongheng and Xu Desheng were the most disappointed.

Xu Desheng had participated in the bidding twice, but he had given up both times because he felt that the price was too high.

As for li Zongheng, he had naturally given up on this pair of blood red Dragons. When he discovered that these Dragons were the rare and top – grade brilliant purple red Dragons, he had already made up his mind to compete for the last pair.

It was a pity that Guo Qinglin was clearly more daring. To be honest, the price of 18.88 million was definitely on the high side. On average, each Red Dragon was close to 10 million, which was almost double the previous record of 5 million. In the end, even li Zongheng felt that it was not worth it to raise the price any further, so he had no choice but to part with the Dragon.

Now, even Xie Xun had obtained a pair of high – Quality blood red Dragons. Only li Zongheng and Xu Desheng returned empty – handed, so one could imagine the disappointment in their hearts.

Xia ruofei saw this and laughed."Boss li, boss Guo, it's okay if you didn't get it this time. There will be more chances in the future ..."

Li Zongheng's eyes lit up, and he quickly asked,"Little Xia, do you still have a Blood Red Dragon of such quality? Is it the brilliant purple red Dragon?"

Xia ruofei smiled."Of course not now. However, I have my own channels. I just need some time ..."

"It's okay, I can wait!" Li Zongheng quickly said,"Xiao Xia, once you have any news, you must inform me immediately!"

Xia ruofei smiled and nodded."No problem. But Mr. Li, I can guarantee that the red Arowana I have here are all of the best quality. However, I can't guarantee if I can produce a brilliant purple red Dragon ..."

Li Zongheng nodded his head."Most of the purple Dragons are mutated. This is something that can only be encountered by luck. I know that. It'll be fine as long as I can buy a Blood Red Dragon ..."

Li Zongheng was rather regretful now. If he had known that the little old man Guo Qinglin was so determined, he would not have fought to the death. He was still confident that he could compete with Xie Xun or yang Dahua for a pair of blood red Dragons.

.....

At this moment, Xu Desheng also said,""Little Xia, don't forget to inform me when the time comes! I didn't get anything today either ..."

Xia ruofei laughed and said, "no problem, no problem. I'm more than happy to welcome all the bosses who are willing to take care of my business!" As soon as I get a good item, I'll inform you guys as soon as possible ..."

Li Zongheng and Xu Desheng expressed their thanks. Xie Xun and the other two who bought the red Arowana were also very happy.

Just like the previous two, Guo Qinglin wrote a check for Xia ruofei on the spot and called someone to drive over to transport the precious purple and red Dragon.

Very quickly, the people that Xie Xun and the other two had sent arrived at Ling Xiaotian's Villa. They carefully moved the red Arowana into a professional fish tank, then impatiently bade farewell and left.

Before they left, Xia ruofei gave each of them a bottle of "nutrient solution" and told them to drip a few drops in if the red Arowana was not acclimatized to the environment.

At the same time, Xia ruofei also emphasized that the nutrient solution was very precious and difficult to make, so they had to use it sparingly.

Xia ruofei also told them that they had to consciously increase the frequency of using nutrient solution. They could not let the red Arowana develop the habit of relying on nutrient solution. This way, a whole bottle could last for a few months. By then, the red Arowana should have slowly adapted to the normal environment and normal water quality.

Xie Xun, Yang Dahua, and Guo Qinglin naturally agreed and carefully put away the nutrient solution.

After Guo Qinglin and the other two left, Li Zongheng and Xu Desheng were also a little disappointed. They said their goodbyes to Ling Xiaotian and Xia ruofei and left the Riverside Villa in their respective cars.

After sending the guests off, Ling Xiaotian looked at the four checks in Xia ruofei's hands and exclaimed, "Ruofei, this money – making speed ... Is really amazing! In just a few hours, more than 30 million has been transferred into your account!"

Xia ruofei's three pairs of Red Arowana were sold for 6.5 million, 6 million, and 18.88 million respectively. In addition to the 2 million that Xie Xun lost to him previously, Xia ruofei had a total of 33.38 million in his account this time. The speed at which he was making money was comparable to a money printing machine.

Xia ruofei chuckled. "Uncle Ling, you can't count it like that. These red Arowana didn't fall from the sky. I need money to buy them, right?" Moreover, having such a channel was also a kind of resource in itself! Does this not count as the cost?"

Ling Xiaotian chuckled and nodded, "You're right, but I know you won't need to spend too much money on the stock. You've made a lot of money from today's business, right?"

Xia ruofei chuckled but didn't answer.

Naturally, Ling Xiaotian would not probe further. He said directly, "RUO Fei, next time you have good fish, you must think of me first! When I saw that pair of purple and red Dragons today, I was so envious!

If we didn't agree on this beforehand, I would have bought it for 20 million today! How could we let old Guo buy it so easily?"

Xia ruofei smiled."Okay, okay, okay. Next time, if there's a good Red Dragon, I'll let you choose first. I'll contact Boss Li and the others after you're done!"

"This is right!" Ling Xiaotian said happily.

Xia ruofei said,"uncle Ling, I hope you can understand that I didn't ask you to bid today. After all, you were the one who introduced me. If you were to participate, it would be hard to avoid being suspected of deliberately raising the price. It would not be good if there were grudges between you and your friends ..."

## **Chapter 599: Space Dahongpao (2)**

Ling Xiaotian chuckled."I understand. Ruofei, I was just saying. I didn't take it to heart."

"That's good ... I was afraid that you would blame me!" Xia ruofei smiled and asked,"by the way, uncle Ling, where's Qingxue?"

"Qingxue originally wanted to stay and look at your Red Arowana." Ling Xiaotian said,"however, the branch below has some urgent matters and I can't leave. So, I asked her to handle it."

Xia ruofei suddenly realized that Yingying had said a few days ago that he would be coming to the jiangbin villa today. If there were no special circumstances, Ling Qingxue would definitely not be absent.

Thinking of this, Xia ruofei couldn't help but ask with concern,""Uncle Ling, is the company's matter serious? Do you need my help?"

Ling Xiaotian chuckled."There's no need, there's no need. It's just a normal business matter. Qingxue will handle it well. Don't worry!"

Xia ruofei nodded and said,"okay!" Uncle Ling, I'll go back first. Thank you for today!"

"Let's leave after dinner!"

"No, thanks. I'll go cash the check before the bank closes." Xia ruofei smiled and said,"when our imitation wild Chinese perch is out, I'll have a few more drinks with you!"

"Good, good, good. I'll be waiting then!" Ling Xiaotian laughed as he spoke.

Xia ruofei waved goodbye to Ling Xiaotian and drove away from the jiangbin villa.

On the way, Xia ruofei found a bank and cashed all four checks into his personal bank card.

To cash in four such large cash checks in one go naturally caused a small commotion within ICBC. The manager personally led Xia ruofei to the VIP room and served him a cup of good tea. The cashier in the VIP room who was handling the cash flow looked at Xia ruofei in a different light, as if water was about to drip out of her eyes.

.....

Xia ruofei had tens of millions of assets at such a young age. At first glance, he didn't seem to be the handsome type, but he had a very comfortable temperament, as if he had a natural affinity. The beautiful saleswoman looked at Xia ruofei a few more times and couldn't help but feel her heart beat faster, and her face blushed.

Unfortunately, Xia ruofei turned a blind eye to her flirtatious looks. After settling the business, he immediately left the bank and drove back to Taoyuan farm.

Now, including the income from selling the tin bucket a few days ago, Xia ruofei had more than 50 million in his account. All the money was in his personal account. Besides the 5 million he had transferred to the company's account a few days ago to pay for the recent project, he still had about 50 million in his bank card.

Xia ruofei was planning to look for MA Xiong from Hong Kong to purchase a batch of Jade from Hengfeng jewelry.

During this period of time, he had been expanding and investing. It had been a long time since he had spare money to buy jade. The upgrade of the spirit map space was almost stagnant.

Although Xia ruofei knew that 50 million Yuan of Jade was not enough to upgrade the realm, he believed that with his current rate of earning money, the realm would be upgraded soon.

Besides, in addition to buying jades, he could also absorb the mysterious black stones through the Spirit map scroll. The efficiency of absorbing black stones was much higher than absorbing jadeite.

However, this type of black stone was neither gold nor Jade. Xia ruofei had searched for it on the internet for a long time but could not find it for sale. Hence, this was not something that could be solved with money. It might require a little luck.

After Xia ruofei returned to the farm, he thought about buying the Jade sooner rather than later, so he called Ma Zhiming.

When Ma Zhiming received Xia ruofei's call, he was rather enthusiastic. "Mr. Xia, nice to meet you!"

"Hello, Mr. MA." Xia ruofei smiled and said, "I have something to trouble you with again ..."

"Mr. Xia, just tell me directly if you need my help!" Ma Zhiming immediately said. "You're welcome ... You've helped my family so much, I don't know how to repay you!"

Xia ruofei said, "Mr. MA, I'm looking for you because of the Jade material. This time, I want to buy a Jade material worth about 50 million Chinese dollars. I don't have the channels in this area. So, I would like to buy it from Hengfeng jewelry."

"No problem, no problem!" Ma Zhiming said without hesitation, "I'll immediately inform the branch in San Shan to get ready. Mr. Xia, the 50 million Yuan worth of Jade may need to be transferred from another place, and it will take at least two days. Are you in a hurry?"

"It's not a problem to wait for two days." Xia ruofei said, "Mr. MA, I'll have to trouble you then."

"You don't have to be polite!" Ma Zhiming said, "by the way, Mr. Xia, I also have something I need to trouble you with ..."

“Go ahead,”

“Huixin mentioned it to you last time. It’s one of her friends. Her child is in the same condition as Huanhuan. She’s been seeking medical treatment all over the world for many years, but there hasn’t been any effect ...” Ma Zhiming said.

Xia ruofei suddenly remembered that professor Tian had mentioned it to him before. However, Xia ruofei was busy at that time, so he told him to postpone it for a while.

Xia ruofei quickly replied, “Oh, I know about this!” Mr. MA, I’m a little free these days. Ask your friends to come to the three mountains to find me!”

Since he had promised to treat her, Xia ruofei would not go back on his word.

Besides, he had already accumulated more than 70 spirit Heart Flower petals, so it was no big deal to use one.

Ma Zhiming was overjoyed when he heard this and quickly said, “That’s great! Mr. Xia, thank you ...”

“You’re welcome,” Xia ruofei smiled and said, “Mr. MA, I hope you can tell your friend about this as well. Just try not to spread this matter. You know, I’m a person who’s afraid of trouble ...”

“I understand! Don’t worry!” Ma Zhiming quickly said, “Mr. Xia, Huixin has been thinking of going back for a vacation recently. Moreover, Huanhuan misses you too. I think we should ask Huixin to accompany her friend to the three mountains! As for the schedule ... What do you think about one week later?”

“No problem!” Xia ruofei replied readily, “tell them to call me when they reach San Shan!”

There were many employees at the farm now, so Xia ruofei did not plan to let the autistic child come to the farm.

.....

In the next few days, Xia ruofei resumed his slow – paced life.

He was now counting down the days, waiting to take the soup again, and then try to unlock the last content about the spiritual puppet in the booklet.

Xia ruofei would enter the medium every day to play with Blackie and the rest. Then, he would patrol his territory like a Lord.

The rich spirit Qi in the spirit map space allowed the animals and plants to grow very well. The spirit map space was now full of life.

However, before the day of the pregnancy soup, Xia ruofei noticed that the Da Hong Pao tea tree had grown fresh leaves.

Counting the time, these 12 tea trees, which were directly cut from the mother tree, had been growing in the space for more than four years.

As for the ‘third generation’ Da Hong Pao that had taken the branches from the twelve tea trees, they had also grown for two or three years.

The spiritual Qi in this spatial zone was so dense that it had even formed a mist. The environment was unique, and the growth of the twelve Da Hong Pao tea trees was even better than in the outside world for five to six years.

Looking at the 12 luscious and fragrant tea trees, Xia ruofei suddenly had an idea. The “third generation” Da Hong Pao that he was going to cut might still be a little small, but these 12 tea trees were ready to be harvested!

Moreover, judging from the condition of the tea leaves, it was just the right time to pick them.

The flow of time in the original space was thirty times faster than the outside world. If he missed this harvest, Xia ruofei would have to wait another twenty to thirty days.

When this thought arose, it became uncontrollable.

Xia ruofei could not wait to test the quality of the Dahongpao tea leaves produced by cutting the leaves from the 12 tea trees.

### **Chapter 600: Inviting the tea King out of the mountain (1)**

Xia ruofei did not know the criteria for picking tea leaves to make Da Hong Pao. Fortunately, the internet was very advanced now, and picking tea leaves was not a highly technical job. Hence, after Xia ruofei made up his mind, he left the realm and searched for relevant information on the internet.

According to the information on the internet, the standard for picking fresh leaves of Da Hong Pao was for the growth and maturity of the new shoot (three or four leaves on the surface), no leaves, no water, no damage, fresh, and uniform. The fresh leaves should not be too tender, or the tea would have a low fragrance and a bitter taste. It also couldn't be too old, because if it was too old, the taste would be light and the fragrance would be poor.

It was not very intuitive to just look at the text, so Xia ruofei simply searched for videos. There were many videos of picking the fresh leaves of Da Hong Pao. Some were posted by tea farmers on their online stores, and some were promotional videos by the local government.

Xia ruofei had always been very smart. Now that his spiritual power cultivation had skyrocketed, his learning ability had naturally improved by a large margin. Thus, after watching a few videos in a row, he had learned almost the same thing.

After returning to the origin space, Xia ruofei first used the “third generation” Da Hong Pao tea trees to practice. Although these tea trees were not old enough and their fresh leaves were not good enough to be used for tea making, it was not a problem to use them for practice.

Picking tea leaves was not a difficult task. Xia ruofei got the hang of it after practicing for a while.

After that, he began to harvest the fresh leaves from the 12 tea trees that had been cut by the branches of the mother tree, Da Hong Pao.

Although the process of picking tea leaves was boring, Xia ruofei enjoyed it.

The spirit Qi in the space was rich, and the tea forest was filled with a faint fragrance of fresh leaves. The leaves were a little wet, but it was not dew. It was the misty spirit Qi that had been growing in the space.

After picking a handful of fresh leaves, he brought them to his nose and took a deep breath. That feeling was really refreshing, as if his entire body's bones had become a few taels lighter.

Xia ruofei's physique was far better than ordinary people. He did not feel tired at all.

Today, he had only picked 12 second – generation Da Hong Pao. Even though Xia ruofei was not very skilled, he had still successfully completed his task after a few hours.

This speed was naturally much slower than that of a skilled tea – picking worker.

.....

Xia ruofei looked at the plastic box filled with fresh leaves and felt a sense of achievement.

He took it to the electronic scale and weighed it. Xia ruofei had picked about six to seven catties of fresh leaves.

He wondered how many Da Hong Pao tea leaves could be made from these fresh leaves. Xia ruofei muttered in his heart.

Of course, the quantity was secondary. Xia ruofei was more concerned about the quality of the Da Hong Pao.

After he left the interspace, he simply went to the bathroom to wash up and then picked up his phone to call Lei Hu.

After ye Lingyun and Li Zhifu returned to Mount Wuyi, the farm would send a veteran to deliver the Chinese medicine that Xia ruofei had concocted to Mount Wuyi every few days. Lei Hu had always been in charge of this.

After asking, Xia ruofei found out that the medicine would be delivered tomorrow. Lei Hu was preparing to report to Xia ruofei in the afternoon and ask him to prepare the Chinese medicine!

Hence, Xia ruofei told Lei Hu directly that he would personally deliver the medicine to Wuyi Mountain and asked him not to arrange for anyone else.

Xia ruofei was considering asking Li Zhifu to help make such good tea leaves. If he let an ordinary tea maker make it, it would be a waste if he made a mistake.

Besides, ye Lingyun had been away for a long time. Xia ruofei was more concerned about his progress, so he wanted to see for himself.

Besides, when Xia ruofei accompanied elder Song to Mount Wuyi, they went to pay their respects to his comrade, Yan Xiaodong's grave. At that time, Yan Xiaodong's grave was overgrown with weeds. Xia ruofei promised elder Song that he would arrange for people to repair it as soon as possible.

Since ye Lingyun had gone to study at Wuyi Mountain, Xia ruofei had given him some funds and assigned him this task.

Although ye Lingyun had reported to him on the phone that Yan Xiaodong's grave had been repaired, Xia ruofei still wanted to go to the scene to take a look.

He was even thinking of taking some photos to pass to elder song. Only then would he be able to complete the task given by the old general!

Hence, the next morning, Xia ruofei bade Feng Jing and pang Hao farewell and left the farm in his Knight XV off – Road vehicle. He took the highway and headed north, heading straight for Wuyi Mountain.

Three hours later, Xia ruofei arrived at yangdun town in Wuyishan City. Li Zhifu's daughter and son – in – Law had opened an electrical repair shop in the town. It was here where elder song and Li Zhifu had reunited.

It was almost noon, but there were still many people on the streets. Many children were playing on the side of the street.

At the sight of such a fierce and domineering off – Road vehicle, many townspeople and children threw curious looks at Knight XV. Some braver children were even chasing after the vehicle.

Xia ruofei had already been here once, so he did not need to ask for directions. He drove straight to the electrical appliance repair shop.

Li Zhifu's son – in – Law, Niu Yusheng, was sitting in front of the messy operation desk, tinkering with a broken TV. After the Knight XV stopped at the entrance of the shop, the huge car directly blocked the entrance, and the light in the shop suddenly dimmed a lot.

Niu Yusheng furrowed his brows and raised his head.

At this moment, Xia ruofei had also jumped off the car and walked into the shop. Niu Yusheng took off his reading glasses and rubbed his eyes. He cried out in surprise, ""Are you Mr. Xia?"
