Chapter 601: Inviting the tea King out of the mountain (2)

"Hello, uncle bull!" Xia ruofei greeted him with a smile.

Niu Yusheng was surprised and overjoyed. He stood up to welcome her and said, ""Mr. Xia, why have you come personally this time?"

Xia ruofei had a gentle smile on his face as he said, "Old Mr. Li has been taking the medicine for some time, so I came to see his physical condition. Uncle bull, is old Mr. Li at home?"

"He brought little ye to the tea garden early in the morning. Mr. Xia, quickly come in and take a seat ..." Niu Yusheng said.

After he finished speaking, Niu Yusheng turned around and shouted, ""Guizhi, come down. Mr. Xia is here ..."

The sound of footsteps could be heard. Li Guizhi quickly came down from upstairs. She was naturally surprised and happy to see Xia ruofei. She quickly brought a chair for Xia ruofei and exchanged pleasantries again.

Xia ruofei took the hot tea that Li Guizhi made for him and asked with a smile, ""How's old Mr. Li's health recently?"

"Mr. Xia, the Chinese medicine you prescribed is very effective!" Li Guizhi said gratefully. My dad's health is getting better day by day. I feel that he's even stronger than before he fell sick!"

Niu Yusheng also chuckled and said, "isn't that so!" It had been a few years since the old man had gone to the tea garden, and the roads there were not easy to walk on. Recently, he took Xiao Ye there every three to five days. Guizhi and I were worried, so we went with him two times. The old man was so fast!"

Li Guizhi nodded and said, "Mr. Xia, it's all thanks to you this time!" When we found out that it was that disease, our whole family felt like the sky was falling down ..."

Xia ruofei smiled. "It's all thanks to old Mr. Li's good health and his strong desire to live. Otherwise, no matter how good the medicine is, it won't work."

"I brought another dose of Chinese medicine today. I'll check old Mr. Li's pulse after he's taken it and see how he's recovering," Xia ruofei continued.

The couple, Niu Yusheng and Li Guizhi, had long been convinced by Xia ruofei's medical skills. Naturally, they would listen to Xia ruofei's words when it came to treatment.

.....

Xia ruofei thought for a while. "Oh, it's almost noon. They should be back soon, right?" he asked.

"Our old master is always gone for the whole day. They brought lunch with them," Niu Yusheng said with a bitter smile.

Xia ruofei couldn't help but feel that he had miscalculated. If he had known this would happen, he would have told ye Lingyun in advance.

Li Guizhi said, "old man, hurry up and call Xiao Ye!" If dad knows that Mr. Xia is here, he'll definitely come back immediately."

"Yes, yes, yes ..." Niu Yusheng took out his phone as he spoke.

Xia ruofei wanted to call ye Lingyun too, but he saw that Niu Yusheng had already started to dial, so he gave up.

The signal in the tea garden wasn't very good. Niu Yusheng called a few times and finally got through. He told ye Lingyun that Xia ruofei had come to Wuyi Mountain and ye Lingyun immediately said that he would inform old Mr. Li and then go down the mountain to go home.

"Mr. Xia, little ye said that she will be leaving the mountain in a while!" Niu Yusheng said with a smile.

"Alright!" Xia ruofei said and then asked, "uncle Niu, is the tea garden far from here?" Do you want me to drive over to welcome them?"

Niu Yusheng thought for a while and said, "that's fine. In the past, the old master and little ye always took the minibus back after going down the mountain. It's quite troublesome." Then let's go! I'll lead the way for you!"

Xia ruofei pointed at the television and asked, "You haven't finished your work, have you? Why don't you ask aunt Guizhi to accompany me?"

Niu Yusheng chuckled as he kept his tools and said, "Guizhi is cooking at home! Since you're here today, you have to make a few more dishes. My job doesn't matter. It's an old neighbor's TV. It doesn't matter if it's done one day earlier or later! Mr. Xia, let's go!"

Since Niu Yusheng had already said so, Xia ruofei did not insist. The two of them got into the car and under Niu Yusheng's guidance, Xia ruofei drove towards the outside of the town.

On the way, Niu Yusheng gave ye Lingyun a call to let him know, in case they got on the minibus without knowing, so that they would miss each other.

After leaving the town and driving south for about ten kilometers, Niu Yusheng pointed to a small road ahead and said, "Mr. Xia, let's just turn around and wait at the intersection. They all go down the mountain from here."

"Alright!" Xia ruofei responded.

Xia ruofei turned his car around and parked it by the road. He saw Li Zhifu and ye Lingyun, one old and one young, walking over from the foot of the mountain.

Hence, Xia ruofei got out of the car and went up to him. Li Zhifu and ye Lingyun obviously saw Xia ruofei and quickened their pace.

"Brother Xia!" Ye Lingyun shouted excitedly from afar.

Xia ruofei took a few quick steps and arrived in front of the two. He saw ye Lingyun wearing a training uniform that had faded from washing. There was even some mud on the bottom of his pants. He was looking at Xia ruofei with a smile.

Li Zhifu's hair and beard were all white, but he was obviously more energetic than last time. His face was ruddy, and he was not as thin as last time.

Xia ruofei first lightly punched ye Lingyun's shoulder, then said to li Zhifu, "Old Mr. Li!"

Li Zhifu was also very happy to see Xia ruofei. "Little Xia, why did you come here personally?"

"I'm here to see you!" Xia ruofei smiled and said, "old Mr. Li, I'll take your pulse and check your body when we get home later ..."

Chapter 602: Inviting the tea King out (3)

"Okay, okay ..." Li Zhifu said, "I'm also a little curious ... My body is much better than before, and I haven't felt pain for a long time ..."

Late – Stage cancer was usually accompanied by unbearable pain, so there was a saying that half of cancer patients were scared to death by themselves, and the other half died from pain.

When he was first diagnosed, li Zhifu often couldn't sleep because of the pain. However, after taking the Chinese medicine that Xia ruofei had concocted, the degree of the pain began to gradually reduce, and the frequency increased. In the past ten days, he basically didn't feel any pain.

Xia ruofei laughed and said, "this means that the Traditional Chinese Medicine therapy is effective!" This is a good thing!"

Li Zhifu already knew about his illness, so he didn't even dare to hope that he could recover one day. He had been teaching ye Lingyun everything he knew these days. His only wish was to teach ye Lingyun everything he had learned before he died, so he didn't really care about his illness.

His daughter and son – in – Law, on the other hand, could clearly feel that his body had recovered a lot.

After hearing Xia ruofei's words, li Zhifu was slightly stunned. His eyes lit up with hope as he asked, "Xia, my ... My illness ... Can it be cured?"

Xia ruofei smiled and said, "as long as we can treat it right, cancer is not undefeatable!" Old Mr. Li, at least for now, your treatment is on the right path. In addition to medication, you also need to build up confidence in yourself to see if you can defeat the disease. "

Li Zhifu nodded and said, "I will. Thank you for your hard work, little Xia."

"I wouldn't dare to let my guard down on a mission personally assigned by elder song!" Xia ruofei laughed. "If the treatment is not successful, elder song will skin me alive."

They talked as they walked towards the intersection. When they got into the car, ye Lingyun took the initiative to take Xia ruofei's car keys and became the driver.

When they returned to Niu Yusheng's house, Li Guizhi had already prepared a sumptuous lunch.

After lunch, Xia ruofei took out the thermal bag that he had prepared earlier from the car and handed the Chinese medicine to Li Guizhi. He asked her to heat it over water and let Li Zhifu drink it.

.....

Xia ruofei took his pulse after taking the medicine and said, "Old Mr. Li, your body is recovering very well! It's almost the same as the treatment I expected. I'm getting more and more confident. I believe that it won't be long before you'll be completely healed!"

Niu Yusheng and Li Guizhi were overjoyed when they heard this.

After this period of interaction, Ye Lingyun had a lot of respect and love for this master of his. After hearing Xia ruofei's words, Ye Lingyun also revealed an excited expression.

Li Zhifu's eyes were also filled with excitement. It was better to live than to die. Even though he had lived for more than 90 years and was very open-minded about life and death, the feeling of being at the end of the road and having a glimmer of hope still made Li Zhifu's mood surge.

"Thank you, little Xia!" Li Zhifu said sincerely.

Xia ruofei nodded and smiled. "Mr. Li, I suggest that you come back to San Shan with me and go to the big hospital for a physical examination. Western Medicine's various examination methods are more direct, and they can clearly see the condition of the cancer cells in the body and the recovery degree of the body."

Li Zhifu showed a hesitant expression. He was probably worried about his personal gains and losses. On the other hand, Niu Yusheng, Li Guizhi, and Ye Lingyun immediately tried to persuade him. Li Zhifu considered for a while and nodded heavily. "Good! I'll go back with you! Little Song also called me a few times, inviting me back to stay for a few days ..."

"That's just right!" Xia ruofei chuckled and said, "I'll give manager Lu a call now and ask him to tell the Bureau chief the good news. At the same time, I'll also arrange for the hospital to be ready in advance."

After that, Xia ruofei immediately took out his phone and called manager Lu.

When director Lu heard that Li Zhifu had recovered well and was going to stay in San Shan for a few days and go to the hospital for a follow-up, he was very happy. He immediately said that he would report to Elder Song and inform the relevant experts in the provincial People's Hospital to get ready.

After the call, Xia ruofei said to Li Zhifu, "Mr. Li, I'd like Ling Yun to bring me to Yan Xiaodong's tomb this afternoon. Can we leave tomorrow?"

"Alright, I'll follow your arrangements." Li Zhifu said with a smile.

After thinking through Li Zhifu, everyone sat around the coffee table. Xia ruofei was here today. Li Zhifu was in a good mood after knowing that he had recovered well. He took out his precious Da Hong Pao and made tea for Xia ruofei.

Xia ruofei looked at Li Zhifu's smooth movements and was ready to tell him the biggest purpose of his trip.

He pondered for a moment and asked, "old Mr. Li, I've heard so many stories about you from old song, but I've never seen you make tea with my own eyes!" It just so happens that I have six to seven catties of fresh Da Hong Pao's leaves in my hands, all of which were just picked this morning. Can I trouble you to personally sell them once? Ling Yun can also learn from them ..."

Chapter 603: The tea King takes action (1)

Everyone in the room was stunned by Xia ruofei's words.

Li Guizhi said carefully, "Mr. Xia, it takes a lot of physical strength to make tea. My father's current body ..."

Li Zhifu glared at Li Guizhi and said, "Didn't you hear what Xiao Xia said? I'm in great health now!"

"But ... The entire process takes more than ten hours ..." Li Guizhi said anxiously.

Xia ruofei then realized that he had not thought it through. However, he had already said what he wanted to say and he really hoped that Li Zhifu would make it himself. Only then would he be able to test the quality of the space red robe.

Hence, Xia ruofei pondered for a while and said, "Aunt Guizhi, I'm here. If old Mr. Li feels any discomfort, I can take care of him in time. I've also concocted some nutrient fluids that are very beneficial for physical recovery. I don't think it'll be a big problem."

Li Guizhi didn't say anything else after hearing Xia ruofei's words. After all, Xia ruofei was their family's Savior!

Although Ye Lingyun was also worried about Li Zhifu's health, he was more confident in Xia ruofei. Since Xia ruofei had even prepared the nutrient solution to recover his strength, Ye Lingyun was even more at ease.

Li Zhifu himself was a little surprised. He smiled and said, "Little Xia, if you want to see how tea is made, there are many tea trees on Mount Wu Yi. Can't you just pick some fresh leaves? Did he even need to bring it? Besides, the tea leaves in this season ... Are not of good quality ..."

Li Zhifu said it tactfully, but his meaning was clear.

Xia ruofei pretended not to hear him. He smiled and said, "Mr. Li, the fresh leaves that I brought ... How should I put it ... They might be a little different from ordinary tea leaves. You'll know once you see them!"

Li Zhifu's interest was piqued when he heard that. He said, "Then what are we waiting for? Let's go take a look!"

After that, Li Zhifu took the lead and walked toward the stairs. He walked with vigor, and it was impossible to tell that he had been diagnosed with late – Stage cancer not long ago.

.....

Everyone went downstairs together. Xia ruofei took two steps forward and smiled. "Old Mr. Li, please wait here for a moment. The tea leaves are on the way."

“Brother Xia, I’ll go get it!” Ye linyun quickly said.

“No need, no need ...” Xia ruofei said repeatedly.

He didn’t give ye Lingyun a chance to help. He quickly walked to the side of the car and opened the trunk. With a thought, a large bag of fresh leaves was taken out from the space and appeared in the trunk.

The bag of fresh leaves weighed six to seven catties. Xia ruofei reached out and easily picked up the bag. He turned around and walked towards the electrical appliance repair shop.

Xia ruofei placed the bag in front of li Zhifu and opened it. He smiled and said, “Old Mr. Li, what do you think of the quality of these fresh leaves?”

Li Zhifu grabbed a handful of fresh leaves with interest. When he saw the Emerald green leaves, his eyes couldn’t help but narrow. Then, he put his head close to them and took a deep breath. He immediately revealed a look of enjoyment.

Li Zhifu looked at it for a long time before sighing, “Little Xia, your tea leaves ... Are the most beautiful tea leaves I’ve seen in so many years!”

Xia ruofei didn’t understand why li Zhifu used the word “beautiful.” However, he was relieved to be acknowledged by li Zhifu. Then, he asked, “Old Mr. Li, you’ve handled the fresh leaves of the mother tree, Da Hong Pao, before, right? How does my tea compare to the mother tree Da Hong Pao?”

Li Zhifu said seriously, “the quality of the fresh leaves is definitely on par with the mother tree Da Hong Pao. The natural fragrance of the tea leaves is also stronger. However, the tea – picking technique seems to be a little lacking. Of course, this doesn’t affect much!”

Hearing this, Xia ruofei’s face blushed. This old man’s eyes were too sharp! It seemed that the seemingly simple work of picking tea leaves actually required a lot of knowledge!

Xia ruofei asked, “how is it?” Old Mr. Li, are you interested in making a move?”

“Of course!” Li Zhifu was obviously very interested in these fresh leaves. “I haven’t made tea by myself for many years. These fresh leaves are of such high quality. I ... Really want to do it!” Xiao Xia, if you trust me, then let me handle them. I promise to make a good Da Hong Pao for you!”

“Thank you, old Mr. Li!” Xia ruofei was overjoyed.

Li Guizhi and Niu Yusheng looked worried, but they opened their mouths and didn’t say anything in the end.

This was because they knew li Zhifu too well. This old man was very stubborn. Once he had decided on something, no one could pull him back. It was useless to say anything.

“It’s been a while since these fresh leaves were picked, right?” asked li Zhifu. We have to deal with it quickly! Xiao Xia, Xiao Ye, let’s go ...”

“Where are we going?” Xia ruofei asked subconsciously.

“Just get in the car, I’ll show you the way!” Li Zhifu said.

Then, he picked up the bag of fresh leaves. Ye Lingyun quickly took the bag from his hand and walked to the back of the Knight XV SUV, putting the large bag of fresh leaves into the trunk.

The chassis of the Knight XV was quite high. After ye Lingyun put the fresh leaves, he jogged to the back door, opened it, and helped li Zhifu in.

Chapter 604: The tea King takes action (2)

Xia ruofei quickly got into the driver's seat.

Niu Yusheng and Li Guizhi were worried about li Zhifu's health, so they quickly closed the door and got in the car together.

The Knight XV started moving. Li Zhifu guided Xia ruofei out of the town. After ten minutes, they arrived at the entrance of a small tea factory.

Although it was called a tea factory, it was rather small and looked like a family workshop.

Li Zhifu stuck his head out of the window and shouted, ""Gen 'er! Open the door!"

A simple and honest middle – aged man walked out. When he saw li Zhifu in the car, he quickly opened the iron gate and Xia ruofei drove into the courtyard.

The middle – aged man slightly raised his head and looked at li Zhifu in the car. He said in surprise, ""Master, why are you here?"

"Can I borrow your weapon for a while?" asked li Zhifu.

The middle – aged man was surprised and happy. "Master, you're going to personally make tea?"

"Of course!" Li Zhifu said unhappily.

At that moment, ye Lingyun had already gotten out of the car and walked to li Zhifu's side. He opened the door and helped the old man out.

Xia ruofei and the others also got out of the car. Li Zhifu pointed at the middle – aged man and said, ""Little Xia, let me introduce you. This is the owner of this tea factory, yang Shugen. In his early years, he learned how to make tea from me for a while. Gen 'er, this is Xiao Xia from the three mountains. I'm going to help him make a batch of tea leaves today. "

Xia ruofei understood immediately. Yang Shugen was not li Zhifu's official disciple, but he had learned how to make tea from li Zhifu. However, from yang Shugen's behavior, he was quite respectful to li Zhifu.

.....

"Hello, boss yang. Sorry for the trouble." Xia ruofei said with a smile.

"No trouble, no trouble ... Master's business is my business. You're welcome, boss Xia ..." Yang tree root said quickly.

"Alright, alright, you guys don't have to talk about these useless things!" Li Zhifu said impatiently, "Ling Yun, go and get the fresh leaves. We need to dry them quickly!"

"Alright!" "Yes," ye Lingyun replied excitedly and quickly went to get a big bag of Tea Green out of the car.

Without waiting for li Zhifu's instructions, Yang Shu ran into the house and took out a few large bamboo water sieves.

Under li Zhifu's instructions, ye Lingyun and yang tree root poured the tea Green onto a bamboo water sieve and spread it evenly.

The six catties of fresh leaves used up four bamboo water sieves in total.

Then, Yang Shu and ye Lingyun worked together to carry the bamboo water sieve to an empty field outside the yard. There was a row of shelves here, and they placed the bamboo water sieve on the shelves.

Li Zhifu looked at his watch and recorded the time. Then, he said to Xia ruofei, ""Little Xia, the sun is just right now. Let's use natural sunlight to dry it first, then heat it up indoors to wilting it!"

Xia ruofei smiled. "I'll leave xianye to you. You have the final say!"

Li Zhifu smiled and nodded.

At this moment, the root of the Poplar tree walked in, while ye Lingyun stayed outside to look at the tea leaves. These were Xia ruofei's tea leaves, personally made by li Zhifu. Ye Lingyun did not dare to leave for even a moment in fear of any mishaps.

"Gen 'er, go and start a fire. We'll start heating it up and withering it later!" Li Zhifu said.

"Yes, master!" Yang tree root said immediately, then turned around and walked into the house.

"Wait a minute, Gen 'er. Make a bed for me after you're done with the fire," li Zhifu called out.

Yang Shugen was stunned for a moment. He turned around and asked, ""Master, you ... You're going to stay up all night? Your body ..."

"I told you to do it and you did it! What nonsense are you spouting?" Li Zhifu said impatiently.

"I know ..." Yang Shugen said with a bitter smile.

After Yang Shugen left, li Zhifu said, ""Gen 'er is a good person, but he's a bit naggy sometimes ... There aren't many people who insist on making tea by hand these days because the production isn't up to standard. Those big tea factories are all equipped with machines, and I'm angry just looking at it! Gen 'er has been insisting on making tea by hand for more than 20 years. "

Xia ruofei smiled and said, "old Mr. Li, Mr. Yang is just being filial. That's why he's advising you ..."

"I know my own body." Li Zhifu waved his hand and said, "besides, don't we have a godly doctor like you here?"

Xia ruofei chuckled and nodded.

The two of them sat in the courtyard and chatted, and time passed quietly.

At around two o'clock, Li Zhifu stood up and shouted, "Ling Yun, Gen 'er, bring Cha Qing in!"

Ye Lingyun and the Poplar tree root worked together to carry the bamboo water sieve into a room. Xia Ruofei followed behind. As soon as he entered the room, he felt a warm sensation. The Poplar tree root had already placed a few charcoal basins in the room in advance. The charcoal in them was burning vigorously.

There was a row of large shelves in the house. Yang Shenshen and Ye Lingyun placed the bamboo water sieves on the shelves. They only left together after all four bamboo water sieves were moved in.

The tea Green needed some time to wither, so he could only wait.

Yang Shenshen brought out some chairs and asked his wife to bring some peanuts, melon seeds, and so on to the stone table in the courtyard. Everyone sat around in the courtyard and chatted.

At around 3:40 am, Li Zhifu got up for the third time and went into the house to check. Finally, he felt that the fire was ready, so Yang Shenshen and Ye Lingyun went to carry out the bamboo water sieve.

Li Zhifu asked Ye Lingyun to put the tea leaves in the two bamboo water sieves together. There were only two bamboo water sieves left.

Chapter 605: The tea King takes action (3)

He raised his head and said, "Little Xia, the next step is to shake the green stage. I'll do it myself." Ling Yun, Gen 'er, you guys better watch out. How much you can learn will depend on your luck!"

Ye Lingyun felt fine. After all, Li Zhifu taught him every day. Yang Shugen rarely had such close learning opportunities. Therefore, he was quite excited and didn't even dare to blink.

Li Zhifu walked over and grabbed one side of the bamboo water sieve with both hands. More than three catties of Tea Green plus the bamboo water sieve weighed about six to seven catties. Moreover, the bamboo water sieve was very large, and it was not easy for ordinary people to control it. However, Li Zhifu grabbed it firmly.

Li Zhifu started to shake the bamboo water screen with a strange hand gesture. The cool green leaves in the water screen kept rolling up and down.

Yang Shugen and Ye Lingyun watched Li Zhifu's operation without blinking.

For this process, Xia Ruofei had learned some principles of the process through searching on the internet. The fresh leaves of the Chinese razor clam rolled up and down in a spiral shape in the water sieve. The rolling leaves collided with each other and rubbed against each other, causing cell tissue injury and promoting the oxidation of polyphenolic compounds, which could promote the formation of the color, fragrance, and taste of the rock tea.

However, knowing the principle was one thing, and how to operate it was another.

Xia Ruofei knew that Li Zhifu's hand gestures and movements were passed down by word of mouth. They were the crystallization of the wisdom of many generations of tea makers. The number of times he shook the tea, the frequency, and the control of the fire could never be replaced by machines.

Li Zhifu shook each sieve about 20 times before he stopped.

Yang Shugen and ye Lingyun quickly moved the water sieve to the rack and placed it there.

The first time he did it, he didn't shake it too much, and he didn't do it too many times. Li Zhifu's face wasn't red, and he wasn't panting. He looked like he was in the middle of a fight.

He said to Xia ruofei, "there are four rounds of shaking the green tonight. The first round has ended. We'll start after dinner."

Yang Shu hurriedly asked his wife to prepare dinner, while Niu Yusheng and Li Guizhi took their leave in advance.

.....

After dinner, it was around 6:30 in the evening. Li Zhifu started to shake the green glass for the second time.

This time, he shook it about fifty times.

At 9:30 pm, he shook the green for the third time, lightly shaking it for about 150 times.

The workload was getting heavier and heavier. Li Zhifu was finally panting after he finished, and beads of sweat began to appear on his forehead.

Ye linyun quickly poured a glass of water for his master and let him rest at the side.

Meanwhile, Xia ruofei went to the car. On his way back, he took a bottle of "nutrient solution" and gave it to li Zhifu.

As soon as li Zhifu finished drinking, he felt that his sore arm started to recover quickly. His physical strength seemed to have become full again. Initially, he was a little worried about the fourth and fifth shake, but now he was full of confidence again.

After drinking the nutrient solution prepared by Xia ruofei, li Zhifu went to bed and rested for about an hour. He got up at midnight and started shaking the green glass for the fourth time.

The fourth shake took a total of 200 times, and there were also 60 times of manual labor in between. Li Zhifu did not trust his disciple to handle this crucial step, so he did it all by himself. After processing two green leaves on the water screen, he was also drenched in sweat.

Fortunately, Xia ruofei's nutrient solution was very magical. After drinking it, he recovered a lot of strength.

After the shake, li Zhifu went back to his bed to rest. He asked ye Lingyun to set an alarm to wake him up at three in the morning.

Xia ruofei also went back to the car and sat down to take a nap.

At threeo' clock, li Zhifu got up on time and carried out the last shaking operation.

Li Zhifu used the same heavy shaking technique. This time, he asked ye Lingyun to pour the tea leaves in the two sieves together. The total weight of the tea leaves was more than ten catties. Li Zhifu lifted the sieve and shook it 310 times. He even did 80 times in between.

Li Zhifu's clothes were drenched in sweat after the whole operation. He did not even have the strength to speak. He could only gesture to Xia ruofei.

Xia ruofei quickly handed Li Zhifu the nutrient solution that he had prepared.

Li Zhifu raised his head and gulped it down. He rested for a while before he said, "Well, the shaking green is almost done. Let's ferment it!"

After that, Li Zhifu turned around and went back to his room to rest.

Xia ruofei pulled ye Lingyun and asked, "Lingyun, why is the tea – making process so complicated?" How much have you completed?"

"Half!" Ye linyun replied. Master asked me to wake him up at 5:30. There are still procedures such as stir – frying, kneading, baking, and so on, which are all quite important. He must do it himself ..."

Hearing this, Xia ruofei sighed in his heart. The process of making tea by hand was too complicated. No wonder those big tea factories used machines to make tea.

Fortunately, he had the solution of the spirit Heart Flower petals. Otherwise, with Li Zhifu's old age and physical condition, it would be difficult for him to complete the entire process.

Xia ruofei looked at the dim light in Li Zhifu's room and was full of respect for this old man who insisted on traditional tea – making skills.

At the same time, he was also filled with anticipation for the Da Hong Pao tea leaves that he would be able to produce the next day!

Chapter 606: Top quality tea (1)

In fact, it was almost four o'clock. At most, Li Zhifu could still rest for an hour and a half.

Xia ruofei had finally experienced the complexity of the manual tea – making process, especially when the key steps were completed by one person. It was really hard.

Ye Lingyun slept on the floor of Li Zhifu's room while Xia ruofei returned to the car, laid down the back seat, and went to sleep.

He felt like he had just closed his eyes when his alarm went off. Actually, it had only been an hour. He was a light sleeper.

Xia ruofei sat up and looked out of the car window. The lights in Li Zhifu's room were already on. Xia ruofei quickly opened the door and jumped out of the car.

After more than an hour of rest, coupled with the effects of the spirit Heart Flower petal solution, Li Zhifu seemed to be full of energy. He was directing ye Lingyun to move the water sieve out.

The root of the Poplar tree had already pulled an electric wire in the courtyard and hung a 200 – watt light bulb. The courtyard was suddenly bright.

Xia ruofei also went forward and saw li Zhifu carefully examining the tea leaves under the light. After a long time, he nodded with satisfaction and said, ""The process of making the green is perfect! Right now, Cha Qing has three red and seven green lights!"

Li Zhifu saw Xia ruofei's confused look and explained with a smile, ""Three red and seven green is what we call it. After the tea leaves go through the process of shaking to turn green, the edge of the leaves will be rubbed and collided, and the injured part of the leaves will appear dark red. At this stage, three red and seven green are the best."

Xia ruofei finally showed an enlightened expression and said, ""Old Mr. Li, there are too many rules to pay attention to this ancient tea method!"

"Where are we now?" li Zhifu laughed. There are more than a dozen processes for the Da Hong Pao, and each process has a lot of attention to it. If it wasn't for master's step – by – Step teaching and practice every day, even the smartest person wouldn't have been able to learn it!"

Xia ruofei nodded and said, "yeah!" He wouldn't have known if he didn't look, but once he did ... It was all about the skill! Old Mr Li, I'll have to trouble you to take care of Ling Yun ..."

"Don't worry! Since I've accepted him as my disciple, I'll definitely do my best!" Li Zhifu said indifferently, "there aren't many people who are willing to learn this traditional tea – making skill now. It's meaningless even if I keep some of it. It's not like I can bring it into the coffin!"

.....

"Master, you're in good health!" Ye Lingyun quickly said. Don't say such inauspicious things!"

Li Zhifu looked at ye linyun with undisguised love in his eyes. He smiled kindly and said, "Alright, enough chit – chat, let's get to work!"

The next step was to stir – fry the tea leaves. Yang tree root had already prepared the iron pot, but the step to start the fire was personally made by li Zhifu. This was related to the heat control of the tea leaves, so he would never let others do it.

After the pot was heated up, li Zhifu poured the fermented tea Green into the iron pot and began to stir – fry the tea Green with his hands.

His hand gesture was also very strange. The tea leaves were turned up and down under his stirring, and the water in the tea leaves quickly evaporated. The fermentation process was stopped by someone, and the essence of the tea was completely retained in this process.

Slowly, the tea leaves in the iron pot began to emit water vapor, and the temperature of the iron pot began to rise. Li Zhifu began to change to two half – Moon shaped wooden tea leaves. First, he shook them slightly once or twice to emit some water and evaporate the green gas. Then, he used two tea leaves to stir the stir – fried tea leaves.

After a while, the tea leaves were almost ready to be served. Li Zhifu shook the tea leaves a little to let the water spread out evenly. After a few more times of stir – frying, the tea leaves were all out of the pot.

Li Zhifu didn't even have time to take a breath and immediately started the kneading process.

The kneading was also done purely by hand. The action was a bit like washing clothes. Li Zhifu pressed the stir – fried green leaves into the kneading sieve and pushed it back and forth until a sufficient amount of Leaf Juice flowed out. He rolled it into a strip and immediately began to cut it into pieces and shake it loose.

Immediately after, Li Zhifu re – fried the tea leaves in the pot. This process was very short, only about half a minute. He only flipped it a few times, then took it out and kneaded it again. The kneading time was also shorter than the first time.

From the beginning of stir – frying, to kneading, re – frying, and re – kneading, the whole process only took about half an hour.

However, the workload was still very heavy. Li Zhifu didn't rest for a moment, and he was sweating all over after he finished.

Xia ruofei quickly handed over the 'nutrient solution' that he had prepared earlier.

Li Zhifu took the small porcelain bottle and drank the solution in a few gulps. He then wiped his mouth and said, "Gen 'er, is the baking room ready?"

"Master, I'm ready!" Yang tree root said quickly.

"Let's start the water baking!" Li Zhifu said decisively.

"Alright!"

Coming to the baking room, Li Zhifu placed the stir – fried tea leaves evenly in the narrow – Waist drying cage. Then he started a fire in the drying cage and added charcoal.

The heat control during this process was also quite critical. Li Zhifu had been making tea leaves for decades, and the reason why he was famous was that he had a perfect control of the heat control during the baking process. Therefore, during the process, Ye Lingyun and the Poplar tree root both stared at it without blinking, afraid of missing a detail.

The charcoal in the kiln started to turn red. Xia ruofei could feel the waves of heat just by standing in the room.

Li Zhifu carefully felt it and adjusted the position of the charcoal several times. Then, he evenly sprinkled plant ash on it. This was also Li Zhifu's unique skill. He could control the temperature of the drying cage with plant ash, and the heat emitted was more uniform.

Chapter 607: Top quality tea (2)

After a few adjustments, Li Zhifu finally nodded.

Ye Lingyun and the Poplar tree root quickly lifted the drying cage and placed it on the drying cave.

The doors and windows of the whole drying room were closed, and the water could only pass through the gaps of the roof, so the room was very hot and stuffy. However, li Zhifu still stayed in front of the drying cage all the time, observing the state of the tea leaves at all times. During this period, he even stir – fried several times.

After about 15 to 20 minutes, the water baking process was also successfully completed.

After the tea leaves were ready to be baked, li Zhifu asked ye Lingyun to put the tea leaves into the arc of the dustpan. Then, he personally used the dustpan to remove the yellow pieces, fragments, tea powder, and other impurities. After that, he spread out the tea leaves and moved them to the green frame outside to hang them.

After li Zhifu personally checked, he let out a sigh of relief and said,“Little Xia, we’ll have to dry it for about five hours now. Let’s all go and rest for a while!”

Xia ruofei knew that li Zhifu had not slept for the whole night. Although there were a few hours of free time in between, the old people usually slept very lightly. It was hard to say if li Zhifu had even fallen asleep!

“Okay, okay, old Mr. Li, thank you for your hard work!” He quickly said. You should quickly go and rest!”

Xia ruofei didn’t rest much either, so after sending li Zhifu to his room, he quickly got into the car and lay down.

Xia ruofei slept until around 11 in the afternoon. He woke up feeling refreshed and took out a travel bag from the trunk. He went to the yard and washed up.

Li Zhifu had also woken up by this time. He was checking the state of the tea leaves on the green stand.

“Old Mr. Li, how’s your rest?” Xia ruofei quickly greeted him.

“It’s alright, I slept for a while,”said li Zhifu with a smile. Little Xia, the process of making the tea by hand is more than half done. There are still a few more steps to go, and it will be done before noon!”

.....

“You’ve worked hard!” Xia ruofei said sincerely.

Xia ruofei’s words came from the bottom of his heart. After all, he was a 90 – year – old man! He had stayed up all night last night!

Li Zhifu smiled and waved his hand, “It’s not hard, it’s not hard. It’s such a good tea. I like it the moment I see it. I don’t feel tired at all!”

Next, li Zhifu asked ye Lingyun and yang tree root to carry the tea leaves into the baking room and began the finishing procedures such as re – baking and stir – frying.

At around 11:30 pm, the Da Hong Pao tea was finally ready!

Yang Shugen found an electronic scale and weighed it. It was about 500 grams.

However, the entire production process was not completed.

After everyone had a simple lunch in the small tea factory of Yang Shu, Li Zhifu began to personally refine the Mao tea.

This was another complicated process, including preliminary picking, screening, re – picking, wind selection, preliminary baking, and piling. After Li Zhifu's personal refinement, the final product, Da Hong Pao, was finally presented to everyone.

The tea leaves of the Da Hong Pao tea leaves were sturdy and even. They were dark brown in color and had an oily luster. When he got close and smelled them, he could smell an extremely rich Tea fragrance that made one feel relaxed and happy.

Ye Linyun and Yang Shengmu both looked at Li Zhifu with admiration.

Li Zhifu looked at the finished Da Hong Pao, which was only about 500 grams, and couldn't help but reveal a very satisfied expression. He stroked his beard and smiled, "Little Xia, the fresh leaves you provided are of extremely high quality! I've been most satisfied with this tea – making process for so many years. Look at this rope, it's quite tight and strong, and its color is quite pure. It also has such an obvious treasure aura. Not bad, not bad ..."

Xia Ruofei was elated. "Old Mr. Li, this is all thanks to your superb skills. Otherwise, even the best tea leaves can't make tea leaves of this quality."

Li Zhifu wasn't modest when it came to making tea. He smiled and nodded. "How is it? Let's try these tea leaves!"

"Sure!" Xia Ruofei immediately replied.

No matter how good the appearance of the tea leaves was, the final quality still depended on the taste. Only after soaking it in the tea and tasting it would one know.

Ye Linyun and Yang Shengmu were also full of anticipation. Yang Shengmu quickly brought a full tea set.

"Gen 'er, find a tea jar and help Xiao Xia seal the tea leaves!" Li Zhifu said.

"Alright!"

Yang Shengmu's place was a tea factory to begin with, so he naturally didn't lack tea jars. He quickly brought over a 500 – kilogram cup and carefully placed Li Zhifu's personally made Da Hong Pao into the tea jar, sealing it tightly.

Li Zhifu put about one bubble of tea leaves deliberately left by Yang Shigen into the purple sand teapot. This purple sand teapot looked a little old, and it was bright purple. It should be used by Yang Shigen to make tea.

After the spring water boiled, Li Zhifu poured the water into a purple clay teapot. Suddenly, the room was filled with the fragrance of tea. Everyone's eyes lit up. The tea was really fragrant!

Li Zhifu put down the kettle and immediately picked up the purple clay teapot to pour out the tea. Da Hong Pao also needed to wash the tea, but the brewing process was very short and did not need to wait for a few seconds like Tie Guanyin.

Next, li Zhifu poured in the still – Boiling Spring water. After letting it sit for about 10 seconds, he poured it directly into the fragrance cup in front of everyone.

When the tea was poured into the cup, yang Shugen's eyes suddenly lit up and he said happily, "The tea is clear and bright! Good tea!"

Xia ruofei looked at the tea in the cup in front of him. It was dark orange and very clear.

Li Zhifu smiled and poured the tea in the cup into another tea tasting cup. Then, he picked up the cup and rubbed it gently with his hands. He brought the cup to his nose, closed his eyes slightly, and took a deep breath ...

Xia ruofei followed li Zhifu's example and sniffed the tea. He couldn't tell what was good about it, but he felt that the fragrance was refreshing, as if his whole body was invigorated.

"Clear and distant! The fragrance of recovery filled the air! Good tea!" Li Zhifu said excitedly.

Then, li Zhifu put down the fragrance smelling cup and finally picked up the tea tasting cup. Yang Shenshen and ye Lingyun were no longer rookies. They were quite familiar with tea – tasting and also picked up the tea tasting cup after smelling the fragrance.

Xia ruofei also raised his tea cup like everyone else.

Smelling the fragrance of the tea in the room, Xia ruofei's mood seemed to become peaceful. His eyes could not help but reveal appreciation and amusement. He slowly inhaled the tea and then slowly swallowed it.

Xia ruofei instantly felt the rich and sweet taste reverberating in his mouth. He couldn't help but show an expression of enjoyment.

Li Zhifu opened his eyes and asked with a smile, "Little Xia, how are you feeling?"

Xia ruofei smiled and said, "old Mr. Li, I'm not an expert in tea tasting. However, I feel that the taste of this tea is very rich. At the same time, it has a very tempting fragrance." There's also an indescribable charm in it ..."

"Yanyun!" Yang Shugen immediately replied. Master, this red – robed Yan Yun is very obvious, it's really a top quality tea!"

Li Zhifu smiled and nodded, "My root is right. Little Xia, you can taste the fragrance of rock in it. This means that my Da Hong Pao is considered a success!"

"Yan Yun?" Xia ruofei asked in confusion.

"Yeah!" Li Zhifu nodded. In layman's terms, it's the charm of a rock. This is the unique charm of our Wu Yi mountain's Da Hong Pao. "

"It sounds a little mysterious ..." Xia ruofei smiled.

"This isn't mysterious at all. Our Da Hong Pao of Mount Wu Yi has turned that seemingly mysterious rhythm into a tangible and tasteful rhythm." Li Zhifu said.

Then, his eyes revealed a profound look as he said, ""In my opinion, Da Hong Pao is like an old man who has gone through the vicissitudes of life. After going through the hardships of life and walking through a long life, he is slowly telling you. This kind of narration can stand the grinding of time and the scrutiny of time. "

Xia ruofei was filled with respect. He never thought that an old tea farmer who had worked in the tea industry for decades on Mount Wu Yi could say such philosophical and poetic words.

Xia ruofei looked at li Zhifu deeply and asked, ""Old Mr. Li, what do you think of the quality of the Da Hong Pao made this time compared to the legendary mother tree Da Hong Pao?"

Chapter 608: surpassing others (1)

Li Zhifu's eyes revealed a trace of reminiscence, and a faint smile appeared on his weathered face. He said, "The last time I tasted the mother tree's Da Hong Pao should have been twenty years ago. I can't forget that taste even today ... Little Xia, the 500 grams of Da Hong Pao we made today does not lose to the mother tree's Da Hong Pao in terms of tea, fragrance, or taste. Moreover, I feel that it has a more natural charm than the mother tree's Da Hong Pao! What Gen er said just now was right, this is indeed a top quality tea!"

Li Zhifu's evaluation was so high that even ye linyun and yang Shengmu were shocked.

For a long time, the Da Hong Pao had always been the most respected in rock tea, and among the Da Hong Pao, the one at the top of the pyramid was undoubtedly the mother tree, Da Hong Pao. It was like a god, but also like a monument, and absolutely needed people to look up to it.

In the early years, the mother tree, Da Hong Pao, had been dedicated to the country's leaders and leaders. It was also given as a national gift to important foreign guests. After 2006, in order to protect the mother tree, the harvesting of those trees had stopped. The fragrant mother tree, Da Hong Pao, had become a lost cause.

In the 2005 auction, 20 grams of the parent tree Da Hong Pao was sold for 208000 Yuan, which was equivalent to 5.2 million Yuan per 500 grams.

The price of the mother tree, Da Hong Pao, was no longer just a display of the quality of the tea leaves. Historical legends, the origin of tea culture, and even intentional hype had all combined to create such a staggering sky – High price.

But even so, li Zhifu's evaluation was quite high.

Yang Shenshen looked at the tea in the purple sand teapot and then at the sealed tea can next to it. He was overwhelmed with emotions. There were millions of tea leaves in it! I actually participated in the entire production process?

On the other hand, Xia ruofei was very calm. He was confident in li Zhifu's craftsmanship and even more so in the tea leaves he had provided. He had a good idea of the quality of the final product. It seemed that the final result did not disappoint him.

"Old Mr. Li, thank you for your hard work!" Xia ruofei smiled and said, "let's continue drinking tea! I heard that after soaking Da Hong Pao for five or six times, the fragrance still doesn't dissipate!"

Ye Lingyun and yang shenggen also looked at li Zhifu with eager eyes.

Li Zhifu smiled and continued to brew the tea. His movements were as smooth as floating clouds and flowing water. It was especially harmonious and comfortable to watch.

In the room filled with the fragrance of tea, everyone's mood seemed to have calmed down. No one spoke, quietly savoring the charm of the top – grade Da Hong Pao.

.....

The tea leaves were brewed six times before everyone stood up, still wanting more.

Xia ruofei smiled and said to the Poplar tree root, "Boss yang, I've caused you trouble this time ..."

"Boss Xia, you're too polite!" Yang sengen quickly replied. It's my fortune to be able to observe and learn from master. It's not troublesome at all! Besides ... If it wasn't for boss Xia, I wouldn't have had the chance to taste such top – grade tea leaves. "

Xia ruofei laughed and his eyes fell on the sealed tea can on the coffee table.

He thought for a moment, opened the can of tea leaves, and then picked up an empty iron box on the coffee table. He grabbed a handful of tea leaves from the can and put them into the iron box.

This one was about ten to twenty grams, which was only enough for two or three baths.

Yang Shugen still didn't understand Xia ruofei's intention, but Xia ruofei had already stuffed the iron box into yang Shugen's hands. He smiled and said, "Boss yang, this is just a small gift. Don't think it's too little ..."

Only then did yang tree root understand. He retracted his hand as if he had been electrocuted and waved his hand repeatedly. "I can not! No! Boss Xia, your tea leaves are too expensive. I can't accept it!"

According to the auction price of the mother tree, Da Hong Pao, ten to twenty grams of tea leaves would cost at least one to two hundred thousand Yuan. How much was a small tea factory like the Poplar tree root worth? This gift was indeed too precious for him.

Xia ruofei chuckled as he stuffed the metal box into the hands of the Poplar tree and said, "Why can't I accept it? My tea leaves were made in your tea factory. As the owner of the tea factory, what's wrong with you keeping a few cups for yourself? It's just that the tea leaves this time are indeed a little too little, so I can't give you more. If you think I'm stingy, then that's fine. "

The Poplar tree root continued to decline.

At this time, li Zhifu said, "Gen 'er, since Xiao Xia is giving it to you, you can just accept it. Xiao Xia is doing big business. He can afford to give you a few cups of tea!"

Since his master had spoken, Yang Shu took the iron box containing the top – grade Da Hong Pao and held it tightly in his hand. He said, "Boss Xia, thank you!"

Xia ruofei smiled and said, "I should be the one thanking you!" You've provided us with such a good venue. "

“Master’s business is my business!” Yang tree root said with a simple and honest smile.

Li Zhifu’s eyes were filled with warmth as he said, “Gen er, I’m going to the provincial capital in a few days. When I’m back, if you’re willing, you can learn tea making with Ling Yun!”

Yang Shugen was stunned for a moment, and then he revealed an ecstatic expression. He knelt down with a plop and kowtowed as he said, “I’m willing! I’m willing! Thank you, master ...”

Xia ruofei’s eyes revealed a trace of a smile. This yangshu root looked very simple and honest, but he was very clever. He immediately realized that yangshu root had the intention of taking him in as a disciple and quickly knelt down and kowtowed.

Chapter 609: surpassing (2)

“Alright, get up!” Li Zhifu said indifferently.

“Yes, master ...”

Li Zhifu looked at Xia ruofei and said, “Little Xia, the tea – making matter has been settled. You see ...”

Xia ruofei thought for a while and said, “old Mr. Li, I want Ling Yun to take me to Yan Xiaodong’s martyr’s grave in the afternoon. You must be tired from staying up all night. You can go home and rest. How about we leave after dinner?” This way, there will be fewer cars on the road, so we can reach San Shan in about three hours. ”

“Alright, I’ll listen to you!” Li Zhifu said with a smile.

“Master, boss Xia, have dinner at my place!” Said yang tree root quickly.

Xia ruofei smiled and said, “Mr. Yang, there will be a chance next time!” We’ve already troubled you a lot this time. We’ll have a simple meal at uncle bull’s place and then we’ll be on our way. ”

“Gen ‘er, don’t worry about it,” Li Zhifu said. “We’ll talk about it when I come back from the three mountains!”

“Alright! Master, take care ...”

Xia ruofei first drove Li Zhifu back to Niu Yusheng’s house, then he drove to xiangkeng village with ye Lingyun.

He came to the martyr Yan Xiaodong’s grave and took a look. The small grave had completely changed. Ye Lingyun found an engineering team to clear the weeds and the grave was also repaired with cement and marble.

The open space in front of the grave was also covered with a stone to prevent the weeds from growing again.

In front of the grave, there was a newly built small offering table with traces of incense on it. This was left behind by ye Lingyun when he paid respects to the martyrs after the grave was repaired.

.....

The gravestone was still the same, but the words on it had all been drawn in red.

Xia ruofei took out the joss sticks, paper money, and offerings that had been prepared in advance from the car. He placed the offerings on the table one by one, then lit the joss sticks with ye Lingyun and inserted them into the incense burner in front of the tombstone.

Then, Xia ruofei took out three more cigarettes and lit them up. He placed them side by side in the incense burner.

Then, the two of them burned all the paper money they had brought. Throughout the whole process, Xia ruofei and ye Lingyun did not speak. They just burned the paper money quietly.

Xia ruofei said in his heart, "martyr Yan Xiaodong, elder song is too old to come here personally. I've come to visit you on his behalf ... I'll come to pay my respects every Qingming Festival. Even if I can't come, I'll send someone over. Rest in peace here!"

After burning all the paper money, Xia ruofei poured three more glasses of white wine and said, "Yan Xiaodong, we're going back now. Let's give you three more toasts!"

Xia ruofei picked up the wine glass and slowly poured it on the ground.

Then, Xia ruofei took out his DSLR and took a few photos before packing up with ye Lingyun. Finally, they looked back at Yan Xiaodong's tombstone and left in their car.

After returning to Niu Yusheng's house, Xia ruofei asked Li Guizhi for a few sealed iron boxes for tea leaves. Almost every family in Wuyi Mountain had a container for storing tea leaves. Li Zhifu, who had been making tea for decades, naturally had one at home.

This kind of small sealed iron box could hold about 50 grams, and one box of tea leaves could be used to make seven or eight tea leaves.

Xia ruofei had filled five boxes, and almost half of his can of tea leaves had been consumed. There were only five or six taels left.

Li Zhifu woke up after two to three hours of sleep. He was packing his clothes and luggage.

Xia ruofei walked over with a box of tea leaves and said with a smile, "Old Mr. Li, this is for you. There aren't many tea leaves, please have a taste."

Li Zhifu didn't reject it and took it directly, saying, "Thank you, Xia."

He then opened the cabinet and carefully locked the tea leaves inside.

"You're going to San Shan tonight. Didn't you bring the tea leaves?" Xia ruofei asked curiously.

Li Zhifu didn't even raise his head as he said, "can't you give some of these tea leaves to little song when you go back?" I'll just drink his when I get to the provincial capital! Of course, I have to hide such precious tea leaves well!"

Xia ruofei was speechless.

This old man who loved tea as much as his life looked honest, but he knew better than anyone else!

Xia ruofei beckoned ye Lingyun over and gave him a small box of tea. "Ling Yun, this is for you!"

"I don't want to!" Ye linyun quickly waved his hand. You'd better keep such expensive tea leaves for yourself!"

"There will be more in the future!" Xia ruofei nudged ye Lingyun's hand and said,"just take it! What are you waiting for?"

At this moment, li Zhifu said without raising his head,""Ling Yun! If you want to learn how to make tea, you must first learn how to taste tea. Since Xiao Xia gave it to you, you can just take it! Besides ... Even if you don't drink it yourself, you can use it to show your respect to your master!"

Ye Lingyun and Xia ruofei looked at each other and thanked him while holding back their laughter. They took the tea box from Xia ruofei and walked to li Zhifu.

"Master, this is for you ..." Ye linyun said.

"You're not going to keep it for yourself?" Li Zhifu declined symbolically.

"No, no, I can't taste anything with my level!" Ye Lingyun quickly said,"besides, I've been learning from you. You can just bring me along when you drink tea. It's most suitable to leave it here!"

"Mm." Li Zhifu accepted the tea box and took out the key to open the small cabinet. After putting the tea leaves in the cabinet, he locked it carefully.

Xia ruofei, who was watching from the side, also found it funny.

This was the first time he had seen li Zhifu show his cunning side. This showed that li Zhifu really liked the tea leaves he had made this time. From another perspective, it showed that the Da Hong Pao tea leaves this time were really of good quality.

Chapter 610: surpassing (3)

After having a simple dinner at Niu Yusheng's house, Xia ruofei and the other two drove back.

Ye Lingyun took on the role of the driver while Xia ruofei sat in the passenger's seat. The wide and comfortable single leather seat in the back seat was naturally left to li Zhifu.

Night slowly fell.

Knight XV was speeding on the highway and got off at the West exit of Sanshan mountain at about 8:30 in the evening.

However, ye Lingyun did not drive towards the city.

During the day, Xia ruofei had contacted manager Lu again to confirm. Manager Lu said that the chief had given instructions for li Zhifu to send him directly to guling courtyard when he reached the three mountains.

After ye Lingyun drove out of the toll station, he took the winding highway to the foot of guling. Then, he went up the mountain road and arrived at guling courtyard at around nineo' clock.

Manager Lu had already informed them of Xia ruofei's car plate number. Along the way, the sentries let the Knight XV through. Of course, the news of their arrival in guling was also passed back by the sentries.

When the car stopped in front of the building where elder song lived, Xia ruofei's sharp eyes saw that elder song was waiting in front of the building under the streetlight. Manager Lu was standing beside him.

Xia ruofei and ye Lingyun quickly jumped off the car and helped li Zhifu down.

At this moment, elder song had already walked over with quick steps. His voice was filled with joy, "Brother Fu! You've come ..."

"Song, why did you come down personally?" Li Zhifu said, "your identity is different now. This is not appropriate ..."

"What's inappropriate about that? In front of brother Fu, I will always be that little company commander song!" Elder song laughed and said, "brother Fu, the wind is strong in the mountains. Let's go in and talk!"

.....

Xia ruofei and ye Lingyun carried li Zhifu's luggage and walked into the building.

When they arrived at the reception room, everyone took their seats, and the female attendant immediately served tea for everyone.

Elder song smiled at Xia ruofei and said, "Little Xia, thank you for your hard work this time!"

Xia ruofei smiled and said, "Chief, it's not hard."

Then, Xia ruofei reported, "chief, I've done a preliminary examination on old Mr. Li at Mount Wuyi. He's recovering very well. However, in terms of physical examination, Western Medicine's data is more objective and clear. Therefore, I suggest that we arrange for a thorough examination for old Mr. Li as soon as possible."

"Good, good, good! Little Xia, thank you so much!" Elder song said, pleased.

"You're too polite. " Xia ruofei said, "Oh right, I went to Yan Xiaodong's grave this time to take a look. The grave of the martyr has been renovated. It was personally completed by Ling Yun and his men."

Xia ruofei pointed at ye Lingyun.

"Xiao Ye, it's been hard on you!" Eccentric song said with a smile.

"You're welcome, chief!" Ye linyun quickly stood up and said, "it's nothing!"

Xia ruofei then took out his tablet and showed elder song the photos he had imported from the camera.

Elder song looked at the photos carefully. He was very satisfied with Xia ruofei's work.

After looking at the photo, Xia ruofei took out two small boxes of the best quality Da Hong Pao Kasaya. The tea he gave li Zhifu was also two taels. He didn't even warm ye Lingyun's one tael before li Zhifu got it. Hence, he couldn't be biased towards elder song. He also prepared two taels of tea.

According to the standard of the mother tree, Da Hong Pao, these two taels of tea leaves would be worth a million!

“Chief, I got some really good tea leaves this time. I brought some for you to try ...” Xia ruofei said with a smile.
