Chapter 671: like a funeral (1)

"Section Chief Qi, don't be angry, don't be angry. Brother Xia is also young and impetuous ..." He kun quickly tried to smooth things over.

He kun then turned to Xia ruofei and said, ""Brother Xia, Section Chief Qi was just joking with you! Why did you take it seriously? Come, come, come, everyone, let's have a drink and calm down!"

Xia ruofei snorted and said, "brother he, forget it!" Respect is mutual, he's just playing with us, why should we be polite to him!"

Qi Min's expression was dark as he laughed coldly and said, ""Director he, it seems like your little friend has a backbone!"

"This is the first time I've seen someone act so arrogantly when asking for help!" Lu Ping sneered.

Guo Ziyang added, "It seems that this President Xia doesn't care about this small temple of our General administration of medicine!"

Qi Min and his two colleagues were talking and making sarcastic remarks. He kun was also very anxious. He was about to fail the task given by Secretary Tian!

He kun had originally thought that Xia ruofei was easy to get along with and that he spoke and handled matters appropriately. He did not expect that he would suddenly explode at the wine table today.

Although Qi Min and the others had indeed gone a little too far, and to put it bluntly, they were deliberately toying with and humiliating people, how could it be so easy to find someone to do things for him? If it was any other owner of a pharmaceutical factory, they wouldn't even have the chance to ask them out for a meal!

Xue Jinshan, Bai He, and Zhou Qing were all extremely nervous, especially Bai He, who was holding a wine glass. She seemed to be at a loss.

Although they were worried that things would go wrong, they still felt a trace of warmth when the boss, Xia ruofei, stood up for his employees in time.

He kun tried to make peace with both parties, but Xia ruofei went back to his seat and said, ""Little white, go back to your seat! Let's eat something. Bureau chief he specially ordered a private kitchen in Beijing, don't waste it!"

With that, Xia ruofei picked up a piece of pork shoulder and put it in his mouth, chewing it carefully.

.....

Bai He hesitated for a moment, but she still obediently walked back to her seat.

When Qi Min and the others saw this, their faces turned even gloomier.

Qi Min even slammed the table and said sternly, ""Very good! How arrogant! I'm telling you, Xia, as long as I, Qi Min, am in the National medicine Hall, your project will not be approved!"

Xia ruofei didn't even lift his eyelids and said, ""Then I'll have to kick you out of the National Chinese Medicine Department! Don't worry! I will fulfill your wish ..."

Qi Min was so angry that he laughed and said, "you're really arrogant!" Kick me out of the Traditional Chinese Medicine Department? If you're so capable, why would you need to beg your grandfather and grandmother for a Chinese medicine Project?"

"You're a young man, chief Qi!" Guo Ziyang said. He's definitely just too embarrassed to say such harsh words!"

"We've seen a lot of people who go bankrupt for the sake of laughable face ..." Lu Ping sneered.

Xia ruofei continued to eat and drink by himself, turning a blind eye to the performance of Qi Min and the other two, who were like clowns.

Since he had decided to go all out, Xia ruofei would not regret it.

He hadn't even used his real connections yet! The approval of Chinese medicine wasn't a difficult thing for him.

It was just that Xia ruofei didn't want to make a big fuss in the beginning.

He kun smiled wryly at the side. There was nothing he could do to salvage the situation. He could only think about how to report this to Secretary Tian!

Qi Min stood up and said, ""Bureau chief he, it seems that we can't match up to your position! Goodbye!"

Lu Ping and Guo Ziyang also snorted coldly at the same time and stood up.

"Section Chief Qi, we're all young people," he kun said with a bitter smile. "We can just talk things out. Why ..."

Even he kun himself felt that his advice was weak and powerless, so Qi Min and the others naturally would not listen to it.

Qi Min coldly snorted and said, "no need!" Let's go!"

After he finished speaking, Qi Min rudely kicked the stool, making a loud clang. Then, he took the lead and walked out of the private room.

.....

At this moment, an unruly voice came from the door of the room. ""I was wondering who it was! It was so noisy that we couldn't drink in peace next door! So it was little Qi! How? Now you're bold? You dare to put on a full – force show in the private kitchen of the Wang family?"

Qi Min's gloomy face immediately bloomed into a respectful and flattering smile when he saw the man.

"Yo! Good day, fourth brother, good day, fourth brother!" Qi Min nodded and said, "even if you lend us a few guts, we wouldn't dare to! Who doesn't know that the private kitchen of the Wang Residence is fourth brother's territory!"

Lu Ping and Guo Ziyang also quickly and respectfully greeted their fourth brother.

Xia ruofei was originally facing away from the door of the private room. When he heard the voice, he turned around and saw a young man in his late twenties, who was covered in branded goods, leaning against the door frame of the private room. He was playing with a wine glass with one hand and had a playful smile on his face.

From the tone of Qi Min and the others, this fourth brother should be the behind – the – scenes boss of the Wang family's private kitchen.

Xia ruofei did not know who this fourth brother was, but Qi Min and the others were all very respectful and did not dare to show any neglect.

This was because although this man was only a section – Level cadre of the state press, publication, radio, Film and Television Administration, his father was Deputy Director Zeng, who was ranked second in the State Food and Drug Administration. He was a true – Blue Deputy – Level cadre and happened to be in charge of the medicine and cosmetics registration Department.

Chapter 672: mourning (2)

With this relationship, when Qi Min and the others saw this fourth brother, they were like mice seeing a cat. He was really as honest as he could be.

However, Xia ruofei did not know this fourth brother. Hence, he only glanced at him before turning back to continue eating and drinking.

Fourth brother looked at Xia ruofei with interest and asked, ""Xiao Qi, what's going on?"

"Hey! Fourth brother, don't even mention it!" Qi Min pursed his lips and said, "a small boss of a pharmaceutical factory asked us to do something for him, but he didn't look like he was begging at all. Instead, he's all high and mighty! We can't even eat comfortably, so ... Aren't we preparing to leave?"

Qi Min then asked enthusiastically, ""Ling, you're in the room next door? Why don't we go over and give a toast?"

Fourth brother glanced at Qi Min and said, ""Little Qi, Oh little Qi! You brat, you dare to play any game! Do you know who I'm treating today? You, kid, dare to go over and propose a toast?"

"Fourth brother, this ..." Qi Min said with a smile.

"Alright!" Fourth brother said impatiently, "the guest I invited today, even my old master has to be polite to him. You don't have to join in the fun!"

When Qi Min heard this, he couldn't help but tremble slightly. He quickly said, ""Yes, yes, yes ..."

Fourth brother took a glance and continued, ""Alright, if you want to leave, then hurry up and get lost. Don't let the empty rooms affect our drinking mood!"

"Yes, yes, yes, fourth brother, we know!" Qi Min said carefully.

Fourth brother nodded. Just as he was about to leave the room, another voice came from behind him, ""Ceng Xiaosi, are you deliberately avoiding the wine? It's a little unkind to run for so long!"

Qi Min and the others looked at each other, wondering who this person was. He actually called his fourth brother “CEng Xiaosi” so casually. How awesome!

.....

Fourth brother’s originally unruly face immediately piled up with a smile. He turned around and said,””Young master Song, I wouldn’t dare! I was afraid that the noise here would affect your mood to drink, so I came over to say hello!”

This was the first time Qi Min had seen his fourth brother speak to someone in such a respectful manner. It was obvious that this young master Song was not on the same level as his fourth brother!

Thinking of young master song’s surname, there seemed to be only one powerful family with the surname song in China. The answer was obvious.

Qi Min’s emotions were surging, and he took the opportunity to come forward and get close to him,””Young master Song, I’m really sorry. There are insensible people here making a scene and disturbing your meal. I’ll get them to scram now!”

After he finished speaking, Qi Min turned around and arrogantly said,””The one surnamed Xia! Why don’t you get out of here? You affected young master song’s mood when he was drinking, can you bear the responsibility?”

He kun, Xue Jinshan, Zhou Qing, and Bai He all looked at Xia ruofei worriedly. At their level, they naturally did not know fourth brother, much less who young master Song was. However, even Qi Min had instantly become a Lackey, so how could they not realize that the other party had a powerful background?

Only Xia ruofei was still calm and composed, looking like he was sitting on a fishing platform.

When he heard “young master Song” ‘s voice, Xia ruofei was already sighing in his heart that the world was too small. Or perhaps, the capital was too small. When did this kid come to the capital? and how could he be drinking next door?

Could it be that she was really fated with him? Xia ruofei could not help but feel a chill in his heart.

Xia ruofei’s mind was running wild and he did not hear what Qi Min said.

Qi Min saw that Xia ruofei was still as calm as a mountain and was even more furious. He shot a look at Lu Ping and Guo Ziyang, and the three of them came forward to pull Xia ruofei.

Xia ruofei finally came back to his senses.

He furrowed his brows slightly and seemed to casually shake his body. Qi Min and the other two immediately felt a huge force coming at them. They couldn’t help but stagger back a few steps until they hit the screen of the private room.

Xia ruofei gently brushed away the clothes that Qi Min and the rest had touched. Then, he stood up unhurriedly and slowly turned around.

Fourth brother could not help but frown when he saw that the little boss of the pharmaceutical factory that Qi Min had mentioned had actually taken action.

This was too unruly! No wonder Xiao Qi and the others did not like him just now! How was this the attitude one should have when asking for help?

However, just as fourth brother was about to scold him, young master Song, who was behind him, said in a surprised voice, ""RUO Fei? What are you doing in the capital?"

This young master Song was elder song's eldest grandson, Xia ruofei's good friend, song Rui.

As song Rui spoke, he strode forward and punched Xia ruofei's chest. Then he said, ""You didn't even tell me in advance that you're in my territory? That's not interesting enough!"

Xia ruofei pouted and said, "so the entire forty – nine city is your territory?" Does your old man know that you're so awesome?"

Fourth brother, who was standing at the side, was dumbfounded. He did not expect the little boss of the pharmaceutical factory that Qi Min had mentioned to have such a powerful background. He even called young master Song his brother.

If song shaowan had said anything just now, he might have already scolded her and offended her!

When he thought of this, fourth brother's gaze was as if he wanted to kill someone. He looked at the three ashen – faced men.

Qi Min, Lu Ping, and Guo Ziyang's minds were completely blank at this time. It was as if a hundred trains had passed by at the same time, and they had completely lost the ability to think.

This ordinary – looking little boss of the pharmaceutical factory was actually young master song's friend?

The person who had just made things difficult for him, humiliated him, and even threatened to block his project was actually young master song's friend?

If he had such a powerful relationship, why would he bother to ask a small section Chief like him to do things?

God, are you playing with me?

He kun, Xue Jinshan, Zhou Qing, and Bai He also had interesting expressions on their faces.

Originally, he was at the end of his rope and thought that he had walked into a dead end. He did not expect that after seeing the light at the end of the tunnel, his eyes suddenly opened up again.

As expected of someone that Secretary Tian valued so much! His connections were really deep!

Xue Jinshan and the other two were naturally full of admiration for their boss. They looked at Xia ruofei with eyes full of wonder.

At this time, fourth brother came back to his senses and quickly said, ""Young master Song, so this gentleman is your friend! This is like a flood washing over the temple of the Dragon King ..."

Song Rui's face turned cold after he was done with the small talk with Xia ruofei. He asked indifferently, "What's going on?"

The three people of Qi Min's body trembled at the same time, and they stammered, not knowing what to say.

Fourth brother frowned and scolded, "little Qi, I think you're regressing!" Can't you even speak properly? What are you doing?"

At this moment, he kun's eyes rolled a few times. He gritted his teeth and said, "President Xia, how about ... I report the situation to our two distinguished guests?"

He kun decided to go all out. He had already offended Qi Min and his men. Not to mention young master Song, his fourth brother was probably someone with great power in the drug Control system. After weighing the pros and cons, he kun quickly made a decision.

Fourth brother gave Xia ruofei a questioning look.

"Let me introduce you. This is he kun, the Deputy Director of the Food and Drug Administration of the southeast province," Xia ruofei said with a smile.

Fourth brother also showed a warm smile and said, "It's bureau chief he! I've even heard my father praise you! He said that the Southeast's Deputy bureau chief he is an academic – Type leader and has a wide path of development in the future!"

Fourth brother saw he kun's confused expression and said, "Oh, my father's name is Zeng ke Wen."

He kun immediately looked surprised. He quickly came forward and said, "So you're the young master of chief CEng! Nice to meet you! I don't deserve such praise from director CEng."

"Brother he," Xia ruofei said, "tell song Rui and young master Zeng what happened just now!"

Qi Min and the others' faces instantly turned ashen. They looked at he kun as if they had lost their parents, and their eyes were pleading. However, he kun, who had been holding back his anger for a long time, did not care so much. He immediately began to explain the whole story.

[PS: fever starts in the afternoon and evening. I can only hurry up and write. The more I drag it out, the less I feel like it. My whole body is dizzy and my throat doesn't hurt. It's already the third day. It's so uncomfortable. Sigh!

Finally, I would like to thank "Zheng family's second son", "jumping scare", "dugu Xing", "Ruichi construction machinery rental company", and "Tang shengmin" for their tips and support!]

Chapter 673: Things don't happen overnight (1)

As a senior leader, he kun naturally had a good grasp of propriety.

Therefore, he did not exaggerate and started with the project with Xia ruofei. After briefly introducing the heart – nourishing soup project, he kun went straight to the point. He told him how he had been rejected by chief Lin and had gone for the second best to invite Qi Min and the others, as well as how Qi Min and the others had arrived late, and how arrogant and domineering they had been.

Song Rui was still leaning against the door of the private room with a harmless and casual smile on his face. No one could tell the change in his mood.

On the other hand, fourth brother's expression was getting uglier and uglier. It was so dark that it was about to drip water. The gaze he shot at Qi Min and the other two was like a sharp sword, as if he wanted to cut them up alive.

This time, young master Song has returned to the capital, and I've finally managed to invite him to the Prince's Mansion to have a drink with me. This is a heaven – sent opportunity! How could it be so easy to invite a God like young master Song?

Although fourth brother and song Rui were both children of officials, they were not on the same level.

Fourth brother's father was only a Deputy – Level cadre, and he wasn't even a high – ranking local official. Compared to a behemoth like the song family, Deputy bureau chief Zeng's background was simply not enough.

To put it more realistically, if Deputy bureau chief Zeng wanted to take the initiative to get close to him, the song family would have to consider whether to accept him or not.

Moreover, Deputy bureau chief Zeng was now on the verge of making progress. Whether he could cross the threshold of the Ministry level would depend on the recent period.

Therefore, when his fourth brother reported to his father that he had invited the song family's young master, song Rui, Deputy bureau chief Zeng was quite surprised. He repeatedly urged him to receive young master Song well and to build a good relationship with him step by step.

Initially, everything was going quite smoothly, but now, it was suddenly ruined by Qi Min and the other idiots. Fourth brother really wanted to kill them!

After he finished telling the truth, he shut his mouth.

Xia ruofei smiled and said, "song Rui, that's the basic situation. Brother he has explained it very comprehensively." I originally wanted to use the normal method to get things done, but I didn't expect the difficulty to be so much greater than I imagined. "

.....

"It should be!" Song Rui said, "who told you to seek death? Don't even talk about informing our family's old master, even if you were to tell me, wouldn't it only take a sentence? Now do you know what it means by "the King of Hell is easy to see but the little devil is hard to deal with"?"

"Woof! So elder song is the King of Hell in your eyes?" Xia ruofei said with an exaggerated expression.

Xia ruofei joked with song Rui casually. With their relationship, there was no need for them to fawn on each other. Besides, in song Rui's eyes, he had always treated Xia ruofei as an equal. Just Xia ruofei's superb medical skills alone was worth making friends with.

Moreover, song Rui knew how important Xia ruofei was to elder song.

This scene fell into fourth brother's eyes, but it set off a turbulent wave in his heart.

It turned out that CEO Xia was not only on good terms with young master Song, but he was also on good terms with the entire song family, and even elder song himself!

This elevated Xia ruofei's status in fourth brother's heart by several levels. He was even elevated to the same status as song Rui.

After all, for an outsider to be able to speak directly to elder song and maintain a good relationship with a political family like the song family, this person must be extraordinary.

Song Rui ignored Xia ruofei's deliberate misunderstanding. He turned to fourth brother and said calmly, ""CEng Xiao si, the drug Administration is your territory. How you want to give my brother a satisfactory explanation is up to you."

Fourth brother quickly nodded and said, "don't worry, young master Song. I'll do it well. Otherwise, I'll jump into Yongding River myself without you and President Xia asking!"

Fourth brother's words were full of killing intent. Basically, he was bringing his head to see her.

However, the heads mentioned here were obviously the heads of Qi Min and the others.

Before fourth brother could say anything, Qi Min's legs turned to jelly and he almost collapsed to the ground. He stumbled a few steps forward and pleaded with a crying face, ""President Xia, we were blind. We didn't recognize Mount Tai! I beg you to forgive us and let us go this time ..."

Lu Ping and Guo Ziyang's faces were also drained of color as they pleaded pitifully at the side.

If Xia ruofei had not seen the faces of these three people just now, he might have felt a little pity for them. However, he had just experienced the domineering scene of several officials of the National Ministry. Furthermore, Qi Min had even set his eyes on the female employee, Bai He. How could Xia ruofei let them go just because they begged for mercy?

Xia ruofei frowned, but before he could speak, fourth brother chided, ""Qimin, don't you think you've embarrassed yourselves enough? Get out of here!"

"Fourth brother, we ..." Qi Min said with a long face.

"Get out!" Fourth brother shouted in a low voice, his face as dark as water.

Qi Min and the others could only leave the private room in despair.

Just as they were walking out, Xia ruofei said indifferently, ""By the way, Section Chief Qi just said that as long as he is in the National Medicine Department, my project will not pass. I also said at the time that I would just kick him out of the National Medicine Department ..."

Fourth brother said without hesitation, "President Xia is reasonable!" That's how it should be done!"

Chapter 674: Things don't happen overnight (2)

When Qi Min heard this, he almost collapsed to the ground.

In the end, with the help of Lu Ping and Guo Ziyang, he left the private kitchen of the Wang family in a daze.

Standing at the entrance of the alley, the three of them looked around blankly. They looked at each other again and felt a deep sense of despair and powerlessness.

He had really kicked an iron plate this time! And it was a red – hot iron plate ...

In the private restaurant, fourth brother rubbed his hands and smiled apologetically. "Young master Song, CEO Xia, why don't we continue to eat in the private room next door? Don't worry, I'll make a call to get it done immediately!"

Then, fourth brother looked at he kun and the others and said, "Bureau chief he, and these brothers and sisters, how about we all go over for a drink?"

Naturally, he kun wanted to build a relationship with the son of the head of the headquarters. However, he was in a position where he knew that he should follow Xia ruofei's lead in this situation. Hence, he did not say anything. He only looked at Xia ruofei with a hint of anticipation in his eyes.

Xia ruofei smiled and said, "sure!" Then I'll let fourth brother spend the money!"

"I don't deserve it!" Fourth brother quickly said. I don't dare! President Xia, please don't call me fourth brother. You can call me CEng Xiaosi or just Xiaosi like young master Song!"

Xia ruofei hesitated for a moment. After all, he wasn't in their circle and he wasn't very familiar with fourth brother. It would be too frivolous to call him that.

After a moment of silence, he smiled and said, "Then I'll still call you little fourth brother! So friendly!"

Fourth brother laughed out loud and said, "Yes, yes, yes, so friendly! So friendly! By the way, I can't call you President Xia, can I? How should I address you?"

Xia ruofei smiled. "You can call me Xiao Xia or ruofei. That's what my friends call me."

.....

"Alright! Then I'll follow young master song's example and call you ruofei!" Fourth brother said with a bright smile.

Fourth brother enthusiastically led everyone to the private room next door.

The private room next door was obviously much more high – end than the one he kun had just booked. Not only was it larger, but the furnishings were also more high – end.

Fourth brother made arrangements for the waiters to clear the dishes on the table and then instructed the kitchen to serve a banquet as soon as possible.

Following that, fourth brother personally raised his glass and gave a toast to everyone. After clearing the game, he wiped his mouth and said with a smile, "Young master Song, ruofei, let's eat and drink first. I'll go out and make a phone call."

Xia ruofei knew that fourth brother must have gone to settle today's matters, so he smiled and nodded.

Song Rui pouted and said, "Zeng Xiaosi, you'd better be quick!" You know my temper, I can't let this matter drag on for the night!"

"I understand, I understand!" Fourth brother quickly said, "don't worry, young master Song!"

This was the only chance to salvage the situation. How could fourth brother not use all his might to deal with it?

In fact, as soon as he left the room, he immediately called his father, Zeng Kewen.

If Song Rui and the Song family were not involved in today's incident, the old man at home might not have been so alarmed. But now, the nature was completely different. Fourth brother called his father without any hesitation.

"Xiao Si, shouldn't you be eating with Master Song right now? Why are you calling me all of a sudden?" Zeng Ke Wen asked seriously.

"Dad! There's been an incident today, so I thought I had to report it to you immediately." Fourth brother said.

"You say it!"

"It's just a coincidence today. We didn't know about this beforehand, but one of young master Song's good friends ... Er, from what I can tell, this friend of his has a close relationship with the entire Song family. At that time, young master Song's friend was eating in the private room next door." Fourth brother said in full detail, "and this President Xia invited a cadre of the general Administration of Drug Administration ..."

Fourth brother's thoughts were clear as he reported, while Zeng Ke Wen quietly listened. Even after fourth brother finished, the other end of the phone was still very quiet.

After a long while, fourth brother thought that his father had fallen asleep. At this moment, Zeng Ke Wen suddenly asked, "Xiao Si, what is Master Song's attitude?"

Fourth brother was stunned for a moment. "Ruofei and young master Song are Good Brothers. Young master Song is naturally on his side. Oh, that's right. Young master Song did say that he doesn't want things to be delayed overnight!"

"I understand ..." Zeng Kewen said. "Go back and tell director Xia that Qi Min and the other two will receive the notice of suspension for inspection tonight. The organization will immediately start the investigation process. As for the rest, I will arrange it. You don't have to worry about it. Just entertain Master Song ... And director Xia!"

"I got it!" Fourth brother immediately said. He then asked respectfully, "father, do you have any other instructions?"

"There's nothing else," Zeng Kewen said, "just do what you need to do. I'll take care of what I need to do."

"Alright!"

Just as fourth brother was about to hang up, Zeng Ke Wen suddenly thought of something and asked, "By the way, you just said that the person who accompanied President Xia to the headquarters was a leader from the southeast Food and Drug Administration?"

“Deputy bureau chief he kun.” Fourth brother quickly said.

“Oh! How about this, I’ll find time to meet little he tomorrow. ” Zeng ke Wen said, “tell him to keep his phone on and wait for my Secretary’s call.”

“Alright!”

Fourth brother, who had received his father’s personal instructions, returned to the private room with a peace of mind.

“Young master Song, ruofei, I just called my father to report tonight’s incident ...” He said with a smile.

He kun’s ears perked up when he heard this.

Fourth brother continued, “my father said that black sheep like Qi Min and the other two should be eliminated from the cadre. They should receive the organization’s decision to deal with them tonight!”

Song Rui nodded and asked lightly, “What about RUO Fei’s project?”

“My father will personally ask about it. There won’t be any problems!” Fourth brother quickly said.

“Not bad! Zeng Xiaosi, you’re quite sincere!” Song Rui finally showed a satisfied look and said, “although those scumbags from the general Administration of Drug Administration made me very unhappy tonight, I’ll let this matter go for the sake of your honesty!”

“Yo! Thank you so much, young master Song!” Fourth brother smiled and said, “we’re the ones in the wrong in this matter. What we did later was just to remedy the situation. We don’t deserve your praise!”

“Alright! “Don’t be humble ...” Song Rui said. “Let’s drink!”

“Here, young master Song, a toast to you!” Fourth brother quickly raised his glass and said.

After drinking a glass of wine with song Rui, fourth brother finally remembered he kun.

He put down his wine glass and said to he kun, “By the way, bureau chief he, my father said that he will find time to meet you tomorrow. Please make sure to keep in touch with your phone so that you don’t miss the call.”

He kun was overjoyed and said excitedly, “Good, good, good! Thank you, young master Zeng!”

He was too old to call him “fourth brother,” but “young master Zeng” was already very respectful.

“There’s no need to thank me,” Fourth brother smiled and said, “it was my father who asked to meet you. I didn’t play much of a role in it.”

“I have to thank you! I have to thank you!” “Oh, right.” He kun said and immediately asked, “Mr. Zeng, do I need to prepare any report in advance?” Please give me some advice ...”

Fourth brother thought for a moment and said, “director he, my father probably wants to have a simple talk with you.” There was no clear theme. If you really want to prepare in advance ... Why don’t you put some effort into the heart – nourishing soup project of the southeast province’s Taoyuan pharmaceutical company? I think my father will be more interested in this project!”

"I understand, I understand! Thank you, young master Zeng!" He kun said happily.

He looked at Xia ruofei with a complicated expression. He had thought that he had come to the capital to help Xia ruofei. He did not expect that things would develop to this point, and Xia ruofei was the one helping him.

If he could get in touch with director CEng this time, the help he would receive in his career would be immeasurable!

In this way, Xia ruofei was really her benefactor!

Just as Xia ruofei and the others were having a drink at the private kitchen of the Wang family, the general administration of medicine and cosmetics registration Division, especially the Chinese medicine and ethnic Medicine Division, was already in a mess ...

Chapter 675: The perfect solution_1

It was about 10 O' clock at night, which was still early for many young people. Some had just woken up and started to go out for the night. However, for the director of the pharmaceutical and cosmetic Registration Division, Chen Manan, who was in his 50s, it was already his break time.

Chen Ming 'an would go to bed at 9:30 p.m. Every day.

However, just as he began to feel drowsy, his phone in the distance began to vibrate. He had always placed his phone far away when he was sleeping. It was said that this could reduce the radiation damage.

Chen Ming 'an's sleepiness disappeared in an instant. He sat up angrily and mumbled,""Who is it! To call so late at night ..."

It shouldn't be anyone from the Department. Those subordinates knew his habits. They would never dare to disturb him after 9:30, unless something major happened.

Chen Ming 'an's wife was removing her accessories in front of the dressing table. Chen Ming' an's phone was on the table not far from her.

His wife turned around and looked at Chen Ming 'an, who had already sat up. She said,""Old Chen, why are you in a daze? Pick up the phone ..."

"Help me see who's calling first," Chen Ming 'an said.

"Oh ..." The wife said as she got up to pick up the phone.

At first glance, the wife's expression changed and she cried out,""Yo! It's director CEng!"

"What?" Chen Ming 'an lifted his blanket and jumped off the bed. He was as agile as a seventeen or eighteen – year – old boy.

He rushed to his wife, took the phone, and quickly pressed the answer button.

Chen Ming 'an greeted him respectfully,"Hello, director CEng!" May I ask for your instructions?"

.....

Zeng Kewen's voice was extremely cold,"comrade Chen Ming 'an, you must immediately carry out the things I'm about to say!" First, suspend Qi Min, Lu Ping, and Guo Ziyang from the National Medicine department for inspection. Second, the Chinese traditional medicine Department was to find the new drug materials submitted by the southeast province's Taoyuan pharmaceutical company by tonight and organize the project approval overnight. Third, after the matter is settled, no matter what time it is, personally bring the person – in – charge of the National Medicine Department to my apartment to report the situation!"

Chen Ming 'an was dumbfounded, but fortunately, he reacted quickly. He was only stunned for a moment before he said,""Yes! Director CEng, I'll rush back to the division immediately to supervise and ensure that your instructions will be carried out to the letter!"

Zeng Kewen snorted and hung up the phone without saying anything.

Chen Ming 'an's face was pale. He sat by the bed and mumbled,""Something big has happened, something big has happened ..."

His wife, who was watching from the side, was also quite frightened and quickly asked,""Old Chen, what's going on?"

"I have to rush back to the office immediately!" Chen Ming 'an said in a daze.

He grabbed his phone and ran out as he spoke.

"Al! You're still wearing your pajamas!"

Only then did Chen Ming 'an react. He hurriedly turned around and put on his clothes haphazardly. As he tidied himself up, he walked out.

In order to save time, he didn't even call the driver to answer the call. Instead, he drove directly to the general Administration of Drug Administration.

On the way, Chen Ming 'an gradually calmed down. He started to make phone calls to arrange his troops as he drove.

When Chen Ming 'an arrived at the office, some of the officers who lived close to him had already arrived. Many of the offices were lit up.

The one who was in the most difficult position was the director of the National Medicine Division, Lin Huahai.

Reeking of alcohol, he rushed to the unit and started working with extreme fear and anxiety.

Soon, the Deputy Director in charge of the National medicine of Chinese medicine also rushed to the unit. All the members of the National medicine of Chinese medicine were called back, and the office area was brightly lit.

When Qi Min and the other two received Lin Huahai's call, they were eating skewers and drinking wine at a roadside stall.

It wasn't that they were desperate, but that they had really given up on tonight's events. The three of them might as well huddle together and drink to drown their sorrows.

However, Qi Min and the other two really didn't expect that this matter wouldn't even last for a night. How long had it been? The division Chief called him directly.

Lin Huahai very sternly announced the decision to suspend the three of them over the phone. At the same time, he ordered the three of them to "get the hell back" to their units as soon as possible.

He called them back because there was something important. He wanted to know what kind of trouble these three grandsons had caused to the unit. Now, even the director was waiting to get an answer from them!

As for the application report that Xue Jinshan and the others had sent in after much effort, it had been casually thrown aside by the Qi people a few days ago.

The number of telegrams that came and went every day was astonishing, and soon, the report was drowned out by all kinds of materials.

The cadres of the National Medicine Department of Chinese medicine cursed Qi Min as they opened the boxes of documents and started to look through them.

Fortunately, there was strength in numbers, and the materials didn't accumulate for too long, so after everyone busied themselves, they still successfully found the application materials submitted by the Paradise Corporation.

Therefore, the Department began to organize the approval of the project overnight.

It was said to be approval, but in fact, everyone from the Secretary to the ordinary clerk knew in their hearts that it was just a formality.

He had to go through the necessary procedures.

In China, procedural justice was very important.

Soon, the project establishment notice stamped with a bright red Seal and the notice of the southeast province's Food and Drug Administration organizing the preliminary examination on his behalf were issued.

Chapter 676: The perfect solution_2

Meanwhile, in the small conference room of the National Medicine Department of Traditional Chinese Medicine, the Secretary, Chen Ming 'an, led a few division and division leaders to question Qi Min and the other two.

The three of them didn't dare to hide anything, and quickly told him everything.

When Chen Ming 'an heard that Qi Min had directly crossed the line with chief Zeng, and that the boss of Taoyuan pharmaceuticals he had offended had a frighteningly powerful background, he almost couldn't hold back and threw a teacup at him.

After disgustedly waving his hand to get the three of them to leave, Chen Ming 'an smoked another cigarette and remained silent for a long time.

Then, he suddenly said, "Xiao Lin, the royal residence's private kitchen isn't far from here. I'm guessing that CEO Xia hasn't left yet." "Immediately bring two notices and personally go to him and chief he kun. At the same time, apologize to him at the agency. By the way, don't forget to inform him of the decision to deal with Qi Min and the others. It'll be a good explanation!"

"Alright!" Lin Huahai quickly stood up and said. Then, he picked up two notices and left the small conference room in a hurry.

Meanwhile, Chen Ming 'an had brought along a few other leaders and a few of the secretaries to quickly come up with a simple report. He still had to bring Lin Huahai to Zeng Kewen's house to make a report later!

The private kitchen of the royal family.

Lin Huahai quickly found the private room that Xia ruofei and the others were in.

However, how could this kind of VIP box be freely accessed by just anyone? Especially since the boss was entertaining the guests inside, the waiter at the door stopped Lin Huahai without hesitation.

"Pretty lady, can you help me pass on the message?" Lin Huahai said with a smile. I'm from the National Drug Administration, and I'm here to look for President Xia of Taoyuan pharmaceuticals. I have something important to tell you. "

At first, the waitress was unmoved, but she couldn't resist Lin Huahai's soft – hearted begging. A soft – hearted girl finally nodded, pushed open the door to the private room, and bent down in front of fourth brother. She leaned close to his ear and whispered what happened.

Fourth brother's face revealed a strange expression, then he nodded and said, "I know, tell him to wait at the door!"

.....

"Alright," he said. The waiter quickly said.

Fourth brother smiled at Xia ruofei and said, "Ruofei, someone from the drug Administration is here. They're probably almost done with the matter. Do you want to meet them?"

"So fast!" Xia ruofei laughed and said, "little fourth brother's face is so big! Since he's already here, let's meet him!"

When fourth brother heard this, he pouted angrily at the waiter who was pouring wine for everyone in the private room. The waiter immediately understood and walked out of the private room. He quickly led the nervous Lin Huahai in.

He kun, Xue Jinshan, and the others could not help but sigh at this scene.

Needless to say, Xue Jinshan and the others had been dealing with the National Medicine Division for the past few days. Not to mention Lin Huahai, who was the division Chief, even the small section Chief, Qi Min, was rarely seen.

The first person he wanted to invite to dinner was Lin Huahai, but he was too realistic and tactfully rejected the invitation.

Of course, no one knew if this was a blessing or a curse. If Lin Huahai had accepted the invitation, he might have been one of the people fired today.

Even though he would be in trouble this time, at least the situation had not reached the worst.

The first thing Lin Huahai did when he entered the room was to greet his fourth brother.

Fourth brother nodded and pointed at Xia ruofei, who was beside him. "This is President Xia from paradise pharmaceuticals."

Lin Huahai quickly took two steps forward and bowed to Xia ruofei. He said, "Hello, President Xia, I'm Lin Huahai, the director of the National Medicine Division of Chinese medicine. First of all, I would like to express my sincere apologies to you. Our work style is too bureaucratic, especially when a black sheep like Qi Min appeared! As the division Chief, I can't shirk my responsibility either!"

Xia ruofei smiled and said, "chief Lin, you're too kind." What do you want from me today? Don't tell me it's just to apologize?"

Lin Huahai quickly said, "President Xia, in addition to the representative's apology, our division's leader also specifically instructed me to tell you that Qi Min, Lu Ping, and Guo Ziyang have been suspended. The next step will be to start an investigation on them."

"Oh." Xia ruofei did not comment and replied indifferently.

This was what the question should mean, so Xia ruofei did not find it strange.

Lin Huahai continued. "In addition, our Department has organized a review of the materials submitted by paradise pharmaceuticals overnight. It has passed. I have also specially brought the project proposal notice here!"

Lin Huahai opened his briefcase and presented a notice with a bright red Seal to Xia ruofei with both hands.

Xia ruofei took the notice and glanced at it, then handed it to Xue Jinshan.

Xue Jinshan felt like he was in a dream. He looked at it several times and even rubbed his eyes, afraid that he was seeing things.

He had struggled for so many days but still couldn't find a way in. He felt that this was as difficult as ascending to the heavens, but they had actually organized a review overnight and passed it in such a short time!

Xia ruofei was much calmer than Xue Jinshan. He smiled and said, "Director Lin, thank you for your hard work!"

“You’re too kind, this is our job. ” Lin Huahai quickly said,”and because of the Qi people, this application has been delayed for many days. This in itself is a serious dereliction of duty. We are only correcting their mistakes.”

At this time, all the blame should be placed on Qi Min, since he was already done for.

Xia ruofei nodded lightly.

Lin Huahai turned his gaze to he kun. He took out another document from his briefcase and handed it over with both hands.

He said,”bureau chief he, this is a notice from our division to the southeast Food and Drug Administration. It’s to assign you to carry out the first review of the heart – nourishing soup project. I’ve also brought it here.”

“Oh?” He kun was also very surprised.”This time, it’s really fast!”

Lin Huahai laughed awkwardly and said in a low voice,””Director he, I’m really sorry for today! I really have something on and can’t leave. How about this ... Tomorrow, this little brother will treat you to a drink!”

He kun was elated. However, as a cunning old fox, he naturally would not show it. He just gave an ambiguous reply.

Lin Huahai delivered the documents and made all the necessary gestures, so he didn’t stay any longer and simply left.

“Little fourth brother, thanks!” Xia ruofei smiled as he raised his glass to fourth brother.

“You’re welcome!” Fourth brother quickly filled his glass with wine and clinked his glass with Xia ruofei ‘s.”Ruofei, we’re all brothers. Don’t be such an outsider!”

“Alright!” Xia ruofei smiled and said,”brother Xiao si, you’re welcome to visit the three mountains when you’re free! I have a farm over there, so I can pick fruits and vegetables by myself in the summer. Oh, and we’ve recently raised some very delicious Chang Jiang Chinese perch!”

Song Rui, who had been silent all this while, couldn’t help but say,””You don’t say. Ruofei has a lot of good things. Those vegetables, wine, fish, tea leaves ... Those bought outside can’t be compared! Zeng Xiaosi, you’ll know when you go eat it. ”

Fourth brother smiled.”Young master Song, I’m almost drooling now that you’ve mentioned it. No, no. I’ll definitely find time to go there soon.”

Fourth brother loved to eat. Otherwise, he would not have opened such a big private restaurant. What Xia ruofei and song Rui said was really tempting to him.

Moreover, this could further improve the relationship between everyone, which was what fourth brother liked to see.

Song Rui pursed his lips and said, "but you have to be mentally prepared. RUO Fei is the most stingy. It shouldn't be a problem to let you have a taste. If you want to care enough, you'd better give up as soon as possible."

Fourth brother was stunned for a moment. "I can't even pay for it?"

Song Rui glanced at him with disdain and said, "Do I look like someone who can't afford to pay?"

Fourth brother quickly smiled apologetically and shook his head.

Song Rui didn't bother to explain to him that Yingluo was actually a nouveau riche, but they were not on the same level at all. It could even be said that they were two or three levels apart.

Of course, song Rui belonged to the top circle of rich and powerful people, and he was a well – known figure in that circle.

And fourth brother was still a hundred and eight thousand miles away!

"Zeng Xiaosi, find me a quiet place. I have something to discuss with RUO Fei in private." Song Rui said indifferently.

"Alright, alright." Fourth brother said hurriedly, then instructed the waiter, "go and prepare a tea room immediately. Be quick!"

Chapter 677:

Very quickly, a quiet tea room was prepared.

Song Rui asked the waiter to leave and closed the door. Then, he turned around and walked back.

Xia ruofei asked, "song Rui, what's going on?" He was so mysterious! Is there anything that needs to be so secretive?"

"It's not a big deal, but it's not convenient to talk about it in front of those people," song Rui said seriously. "Let's find a quiet place."

Xia ruofei laughed as he leaned back in his chair. "Then tell me! What's the matter?"

"Ruofei," song Rui asked, "I'd like to ask you first. Do you have any good solutions for diabetes?"

Xia ruofei was stunned for a moment, then he smiled and asked, "Why are you suddenly asking about this? diabetes is scary, but it's not usually fatal, right? It's just that the patient needs to take the medicine for life. If it's serious, she might need to be injected with insulin. If it's well controlled, long – term survival is not a problem. "

"Of course I know that." Song Rui said, "I'm looking for you because I'm not satisfied with such conventional control! I'd like to know if you have any way to completely cure diabetes through Traditional Chinese Medicine?"

"You're so young, you can't possibly have diabetes, right?" Xia ruofei asked with a smile.

"Nonsense, of course it's not me!" "You don't have to be embarrassed," song Rui scolded him with a smile. "Just tell me if you have a way. If you have a way, I'll continue. If you don't have a way, then we'll stop talking about this. Just pretend I never mentioned it."

Xia ruofei was silent for a moment before he slowly nodded and said, "There's still a way, but ..."

"I know. It must be kept strictly confidential, right?" Song Rui immediately replied.

Xia ruofei smiled and nodded.

.....

The rate of diabetes had been on the rise in recent years, especially in China.

According to statistics, there were as many as 114 million diabetic patients in China, which was equivalent to one in every ten adults.

Diabetes was an incurable disease. It could only be delayed by medication to prevent complications such as heart disease, kidney failure, and blindness.

Therefore, if the treatment of diabetes was made public, all kinds of trouble would come, and he would not be able to avoid it.

After all, many senior leaders were diagnosed with diabetes.

Song Rui said happily, "it's good that there's a way. Let's continue on this topic." As for keeping it a secret, you don't have to worry at all. I, song Rui, have never cheated my brothers!"

Xia ruofei smiled and said, "of course I trust you!" Speak! What's your relationship with the patient?"

"You should know about general Zhao Cheng, right?" song Rui asked.

Xia ruofei was stunned for a moment, then shook his head in confusion.

Song Rui's face was full of contempt as he said, ""And you're a soldier! You don't even have a basic understanding of the high – ranking officers in the Army?"

Xia ruofei pouted and said, "aren't you talking nonsense?" I'm just a soldier! It's enough to know who our class monitor is!"

"Didn't you become the class monitor a long time ago?"

"Do you understand what an analogy is?" Xia ruofei rolled his eyes and said, "what I mean is that not many ordinary soldiers would know the names of the commanders and commanders!"

Then, Xia ruofei said impatiently, ""Just say it, kid! Who is this general Zhao?"

"The Chief of Staff of the Beijing military!" Song Rui said, "Lieutenant General."

"Oh!" Xia ruofei nodded. "And then?"

"Chief of staff Zhao can be considered my grandfather's old subordinate. He has always followed our family's footsteps in politics. You know ..." Song Rui squinted his eyes and smiled.

"I understand, I understand. Please continue."

"In fact, in the military, chief of staff Zhao is considered a high – ranking general in both his rank and position. The key is that he has the advantage of age, so my grandfather has always thought highly of him." Song Rui said, "I only found out when I returned to Beijing this time that he was diagnosed with diabetes during his previous routine physical examination. It was already quite serious when it was discovered. Drug Control may not be effective. He might even need insulin ..."

"How could this be? All senior leaders have regular physical examinations, right?" Xia ruofei felt strange.

"My uncle Zhao is a bit secretive about his illness ..." Song Rui said with a bitter smile. "There is a physical examination every year, but he always says that there is no problem with this and that. Then, he doesn't do many things. He's such a big leader, the military hospital wouldn't dare to force him to do it!"

"Woof! There's such a thing ..."

"Isn't that so?" Song Rui said, "I heard that he hasn't done a sugar sieve for three years. This time, he found out that his diabetes is very serious. He was dumbfounded himself ..."

Xia ruofei laughed. "Song Rui," he said, "with general Zhao's behavior, even if I go and treat him, he won't cooperate with the treatment!"

"He doesn't dare to disobey the words of others, but he doesn't dare to disobey my grandfather!" Song Rui said.

Song Rui continued, "but I'm just giving you a preliminary tip today. I'll have to report it to the old man later!" It was just a spur of the moment idea. I didn't expect to see you in Beijing!"

Xia ruofei smiled and said, "sure!" For your sake, I'll take this job! Call me if you need anything ... Oh! But you'd better hurry! I've already finished my business in Beijing, so I want to return to San Shan as soon as possible!"

Chapter 678: _2

"Okay, okay, okay. It's too late now. I'll call the old man tomorrow morning and report to him!" Song Rui said happily, "I'll give you a definite letter by noon tomorrow at the latest!"

"Alright! "Then let's go ..." Xia ruofei stood up and said, "why do I feel weird that two men locked their doors and stayed together for so long ..."

"Your mind is too dirty!"

Xia ruofei raised his head and laughed as he walked towards the door.

After a few steps, he stopped and turned back to ask Song Rui, "I still don't understand. Even if general Zhao's diabetes is quite serious, a high – Level cadre like him should be able to control it very well since he enjoys such good medical treatment. Many high – ranking officers even had an insulin pump with them! Why do I feel like you're more nervous?"

“Hi!” Song Rui laughed. You’re talking about the local officials! Uncle Zhao is a military officer, and he’s also a commander. This kind of serious illness will affect his political life. Normally, his diabetes is so serious that he must be transferred from his position, so he’s very anxious now!”

“So that’s how it is ... Understood!” Xia ruofei said, “I’ll wait for your notice then!”

With that, Xia ruofei opened the door of the tea room and walked out.

When the two of them returned to the private room, the atmosphere in the room was still very harmonious. Fourth brother took good care of everyone and did not neglect anyone. Everyone frequently toasted each other and chatted very enthusiastically.

After Xia ruofei and song Rui returned, the center of attention naturally returned to them.

Everyone was very happy today, and fourth brother wanted to keep the two distinguished guests company. It could be said that he had done everything he could to adjust the atmosphere quite well.

However, it was already very late. Xia ruofei proposed to end the meeting after having a few drinks with everyone.

Song Rui did not have any objections. His social gathering today was not important. If it was not for Xia ruofei, he would have left long ago.

.....

He kun, Xue Jinshan, and the others naturally followed Xia ruofei’s lead.

Fourth brother immediately suggested that they start the second half and invite everyone to sing.

Xia ruofei waved his hand and said, “Little fourth brother, let’s do it next time! I really can’t take it today. I just flew here in the morning and didn’t sleep much at noon. Now I’ve drunk too much and my eyelids are about to fight ...”

Fourth brother laughed and said, “Alright, alright!” Then I’ll treat you to a private meal next time!”

“Then I won’t be polite with you!”

“Hahaha!”

Soon, the group of people arrived outside. Fourth brother sent song Rui off personally. Xia ruofei, he kun, and his Secretary returned to the Rong city hotel. Xue Jinshan and the other two returned to their own hotel.

Fourth brother had even arranged for a car to send Xue Jinshan and the other two off. Xia ruofei expressed his gratitude again.

After sending song Rui off, Xia ruofei beckoned for Xue Jinshan and the other two to come over. He smiled and said, “Kanayama, this matter has been successfully settled. The three of you don’t have to rush back. You can have fun in Beijing for a few days. The company will pay for the expenses!”

“Yay! Long live President Xia!” Bai He clapped her hands happily.

Zhou Qing also revealed a happy smile.

On the contrary, Xue Jinshan said with some difficulty, "President Xia, I'm preparing to book a ticket to go back tomorrow! There was still a lot of work to be done after the project was established! Otherwise, we won't be able to make it in time when the follow – up preliminary examination begins ..."

Before Xia ruofei could speak, he kun, who was a little tipsy, chuckled and said, "Little Xue! Isn't the first trial handled by our own people? What do you have to worry about? How dare you disobey President Xia's instructions?"

Xia ruofei looked at he kun with a smile and then at the two young people who were looking forward to it. He said, "Kanayama, strike a balance between work and rest! You guys stay for two more days! Bring little Bai and little Zhou to all the scenic spots in Beijing!"

Xue Jinshan could only say, "alright! Thank you, President Xia!"

Xia ruofei waved his hand and said, "alright, you guys can go back!."

After that, Xia ruofei got into he kun's car.

Xue Jinshan and the other two watched the car leave before getting in and leaving. The mood of the three people was different from when they came. At this time, everyone was relaxed, and their hearts were filled with joy.

Back at the Grand Hotel in Rong city, he kun personally sent Xia ruofei to his room. He held Xia ruofei's hands tightly and said emotionally, "Brother Xia, I'm really blushing this time! I almost screwed up your matter, but in the end, you had to settle it by yourself. And you even helped me out so much ..."

Xia ruofei laughed and said, "brother he, you personally accompanied me to the capital and helped me run the project. I, Xia ruofei, am extremely grateful just for this favor!" Besides, the new drug project is going to be in the preliminary review soon, so I need you to take care of me, big brother!"

"Don't worry about that!" He kun replied without hesitation. It'll be much easier when you're in our Southeast province!"

"Alright, I'm much more at ease now that you've said that!" Xia ruofei smiled and said, "brother he, you should go back and rest too! You have to be in good spirits when you meet director Zeng tomorrow!"

"Good, good, good! Brother Xia, after tomorrow, let's have a few more drinks!" He kun quickly said.

He was indeed in a hurry to return to his room. He was not going to take a shower or sleep, but to prepare his report.

The two of them bade each other farewell at the door of the room. Xia ruofei swiped his card into the room, took a shower, and went to bed.

.....

The next morning, while Xia ruofei was still in Dreamland, in an apartment in the West of Beijing, song Rui had already gotten out of bed and washed up at the alarm.

Old people usually got up early. Song Rui knew elder song's living habits very well. He knew that elder song had already gotten up and was taking a walk in the yard at this time, so he could call him immediately.

Sure enough, when he called manager Lu, manager Lu was walking with elder song. When he heard that song Rui had something to say to elder song, manager Lu immediately handed the phone to elder song and said, "Chief, song Rui is looking for you."

Manager Lu then followed behind elder song from a distance.

"Xiao Rui, is there an emergency for you to call me so early in the morning?" Eccentric song asked indifferently.

"Grandpa, general Zhao Cheng's body has a little problem. Do you know about it?" Song Rui asked.

"He called me yesterday and reported that the organization might want to adjust his position," elder song said. There's nothing we can do about that. The Army has its own rules. We can't let a general lead the battle with an insulin pump, can we?"

"Grandpa, if that's the case, our family in the military ..."

"Xiao Rui, don't get involved in these things!" Elder song said sternly, "when you're back in the capital, go back to San Shan as soon as possible after you're done with your company's matters!"

Song Rui's neck shrank and he quickly said, "Grandpa, let me finish! Guess who I met in the capital this time? Xia ruofei!"

"Little Xia? He also went to the capital?" Eccentric song was also surprised.

"Hey! This kid went to the Ministry to run a project. " Song Rui said casually, "in the end, I was bullied by a bunch of officials who failed to recognize Mount Tai. That was called embarrassing! What a coincidence, I'm eating in the private room next door ..."

"What's going on?"

They were talking about Zhao Cheng, but when it came to Xia ruofei, even elder song didn't notice that they had strayed from the topic.

It showed how important Xia ruofei was to elder song.

Song Rui then briefly reported the matter to elder song.

After elder song heard this, he helplessly said, "The work style of some departments and ministries is really criticized! The reactions from below were also very strong! I heard that there was once a Deputy Governor who went to a Department to ask to see a Deputy Director, but he was left in the corridor for more than an hour without seeing him!"

"This little Xia ... Why didn't she come to me when she was in trouble?" What's there to be embarrassed about?"

"I also criticized him yesterday!" Song Rui quickly said. This kid already knows his mistake ..."

"Forget it, forget it. Since the matter has been resolved, let's not mention it again." Elder song waved his hand and said, "Oh right, you suddenly mentioned Xiao Xia. Could it be that Xiao Xia has a way to cure Zhao Cheng's illness?"

"Yes, I am!" Song Rui said, "I asked him seriously yesterday if diabetes could be cured with traditional Chinese medicine. He said that there should be a way. After hearing about general Zhao's situation, he also expressed his willingness to treat general Zhao, so I quickly reported this to you this morning."

"I know." Elder song nodded and said, "wait for my notice!"

Chapter 679: The world stone has appeared again?

Song Rui hung up the phone after reporting the situation to his grandfather.

The only thing he could do was to wait patiently. Everything would be arranged by elder song.

The song family still valued general Zhao Cheng, especially when he was suddenly diagnosed with diabetes. The song family was caught off guard. Once Zhao Cheng was transferred, the song family would lose a Deputy region in the military. This was too passive.

Although Zhao Cheng wasn't the leader of the song family in the military, he was at least one of the leading figures!

However, diabetes was a disease that could not be cured. It was not something that could be cured with the best doctors, the best medicine, or treatment abroad.

Now that he knew that Xia ruofei had a way and was willing to help, song Rui knew that the family would not give up hope. It all depended on the final arrangement.

Song Rui waited for about an hour and a half.

At a little past eight o' clock, his phone rang again.

"Hello," he said. Song Rui quickly picked up the call.

"Xiao Rui, wait a moment. The chief is on the phone with you." Manager Lu's voice came from the phone.

Very quickly, elder song's deep voice could be heard. "Xiao Rui, I've already called Zhao Cheng personally. Go and meet up with Xiao Xia now. A car from the military will be here to pick you up in an hour!"

"Grandpa, we'll have to make some preparations for uncle Zhao's side!" Song Rui quickly said.

"Of course, I know that. Ruofei is a Traditional Chinese Medicine practitioner!" Elder song said, "I've already told Zhao Cheng! As long as it can cure his diabetes, he would immediately send soldiers to move the Chinese medicine room back to the General Hospital of the military Region!"

.....

"Hehehe ..." Song Rui couldn't help but laugh. "By the way, you didn't forget to remind him to have absolute trust in the doctor, right? I heard that uncle Zhao is famous for hiding his illness and avoiding treatment ..."

Elder song couldn't help but recall some of Zhao Cheng's funny stories. He was both angry and amused.

"Not only did I remind him, but I also gave him a good scolding. I told him that if he dared to disobey Dr. Xia, I'll personally break his legs with my walking stick the next time we meet!" Elder song said.

"Since that's the case, I can rest assured!" Song Rui said with a smile.

"Alright, alright! Don't try to be glib!" Elder song said, "quickly inform Xiao Xia! Also, remember to convey my personal gratitude to him. "

"Yes, Grandpa!" Song Rui quickly replied.

After hanging up the phone, song Rui immediately contacted Xia ruofei.

"Ruofei, are you up?" Song Rui asked, "which hotel are you staying at? I'll meet up with you, the Beijing military will pick us up in a while!"

Xia ruofei smiled and asked, "is everything arranged?" Then come over! I'm at the Beijing office of the three mountains. Do you know the Rongcheng hotel? Room 1313, come up directly when you're there!"

"Alright! I'll see you later!"

.....

40 minutes later, in Room 1313 of the Chengdu hotel.

Song Rui casually sat on the sofa and opened Xia ruofei's special cigarette. He lit one and took a deep puff before asking, "Ruofei, don't you have anything to prepare?"

Xia ruofei laughed and pointed at his head. "My things are all in my head, what do I need to prepare? When will the car arrive? we'll leave with our bags!"

Song Rui laughed dryly. "I think uncle Zhao still needs to prepare, but it'll be soon ... By the way, Grandpa asked me to convey his gratitude to you this morning. I've finally done it!"

"Hey! I'm treating general Zhao's illness, why would the chief even thank me!" Xia ruofei did not know whether to laugh or cry.

"Everyone knows this." Song Rui said with a smile.

"Alright, alright!" Xia ruofei raised both his hands.

The two of them chatted on and off. He kun and the Secretary were probably nervously waiting for the notice of director Zeng's summons and did not come over to disturb Xia ruofei.

Song Rui's phone rang at around nine.

He took it out and looked at the caller ID. He smiled at Xia ruofei and said, "Uncle Zhao is calling!"

Then, song Rui pressed the answer button and said with a smile, "Uncle Zhao, how are you?"

“Xiao Rui! Where are you? I’ll immediately send a car over to pick you up!” On the other end of the line, Zhao Cheng sounded tired, but he still had the spirit of a soldier.

“Uncle Zhao, doctor Xia and I are at the Rong city hotel on the east side of the Fourth Ring Road.” Song Rui said.

“Alright! The car will be here in half an hour!” Zhao Cheng said, then hung up.

“This old Zhao!” Song Rui pursed his lips and said, “you’re always so energetic!”

Song Rui only dared to say that after Zhao Cheng hung up the phone. In front of him, Song Rui had always been very honest.

Zhao Cheng said it would take half an hour, and it really was half an hour.

Half an hour later, Xia ruofei and Song Rui were already in a domineering warrior command vehicle. Of course, it was only domineering in comparison. Compared to Xia ruofei’s Knight XV, the warrior command vehicle was like a little girl.

A class 3 Sergeant Major with a cold expression was driving the car seriously. Other than occasionally glancing at the rearview mirror, he looked straight ahead and didn’t say a word the whole time.

The person in charge of driving the vehicle was a 36 – year – old Colonel.

The Colonel’s name was Jin Feng. He had a strong body and dark skin. His hair was straight and he was in high spirits. Even in the car, he maintained a straight sitting posture.

Chapter 680: The appearance of the world stone again (2)

Xia ruofei had seen many soldiers like this, but not a Colonel like this. He could not help but take a few more glances at Colonel Jin.

For Zhao Cheng to trust him so much, this person must have his own special abilities.

The mengshi command vehicle drove West and soon arrived at a heavily guarded neighborhood in the western suburbs.

It was called a residential area, but in fact, it was a Hill with soldiers stationed around it. The guards at the gate were not security guards, but armed soldiers.

At first, Xia ruofei was still wondering if General Zhao was receiving treatment in the military camp. Then, he thought about it and realized that since she was diagnosed with such a serious illness, she must have been resting at home. As expected, her final destination was this heavily guarded neighborhood.

Jin Feng stuck his head out and waved his hand gently. The bar of the gate immediately rose up. The speed of the mengshi almost did not slow down, and it accurately rushed past the gate. At the same time, the soldiers on both sides of the gate stood at attention and raised their chests, saluting the mengshi.

After entering the door, Xia ruofei suddenly felt a slight warmth in his chest.

He was stunned for a moment. However, he immediately realized that the Kasaya was the Jade Leaf that Xia Qing had carved. In other words, the realm stone's sensing array had reacted!

There were world stones nearby?

Xia ruofei was both surprised and happy. He didn't expect that there would be such a big surprise waiting for him on a friendly visit.

This was truly a case of travelling far and wide to find it without any effort!

However, Xia ruofei also knew that he could not reveal any suspicion at this time. No matter what, he had to wait until he had treated Zhao Cheng's illness before finding an opportunity to search for him.

Since he already knew the location, as long as he could get to the district, the induction array would definitely be able to find him.

.....

The only problem was the security in this area. It was as tight as a military camp. However, for Xia ruofei, it was not difficult to sneak in. At most, it would be a little troublesome.

As Xia ruofei's mind was spinning, the car was still moving forward on the mountain road.

There were a few sentries in the middle, but when they saw the fierce warrior command vehicle, they immediately relaxed.

After passing each sentry post, the number of houses built along the mountain became fewer and fewer. After passing the third sentry post, the only thing that could be seen on the side of the road was villas scattered all over the place.

There were big and small villas, some were detached, some were stacked.

The mengshi command vehicle was still moving forward, and it did not look like it was about to reach its destination.

Xia ruofei, who was in the car, was no longer thinking about this.

He was very surprised to find that as the car moved forward, the Jade Leaf on his chest was getting hotter and hotter.

In other words, he was getting closer and closer to that world stone!

Finally, the mengshi command vehicle passed the fourth sentry post.

There were only a few dozen villas in this area, and these villas occupied a relatively large area. They also had their own front and back courtyards, which looked very stylish.

Obviously, this was a treatment that only the chief of a Military Region could enjoy.

Finally, the fierce warrior command vehicle stopped in front of Villa No. 6. However, it only stopped for a short while. Zi!" After a quick scan, the courtyard door opened silently to the sides with a click, and the fierce warrior command vehicle drove in.

At this moment, Xia ruofei's emotions could not be any more excited. This was because the Jade Leaf was so hot that he could not bear it. He was almost certain that Qianqian's realm stone was in general Zhao Cheng's house!

Xia ruofei had been thinking about this all this while. He did not even notice that the car had stopped. It was only when song Rui nudged Xia ruofei with his elbow that he came back to his senses.

It turned out that general Zhao Cheng had come out to welcome them personally. Xia ruofei quickly opened the door and got out of the car. On the other side, song Rui also got out.

"Uncle Zhao!" Song Rui called out from afar.

Zhao Cheng, who was still dressed in his military uniform and had two golden stars on his shoulders, also revealed a hearty smile. He quickened his steps and said, "Xiao Rui! I haven't seen you in years. I heard you've become more sensible."

Song Rui's act of being an obedient child came from the bottom of his heart. He immediately showed an embarrassed smile and said, "Uncle Zhao, I just feel that it's time for me to learn some skills and share the burden of my family!"

"Hahaha! Alright! This is what it means to be sensible!" Zhao Cheng patted song Rui's shoulder hard. Song Rui grimaced in pain and didn't dare to shout.

After exchanging a few pleasantries, Zhao Cheng turned to look at Xia ruofei and grinned. "You must be doctor Xia, right?"

Xia ruofei smiled. "Nice to meet you, Sir. My name is Xia ruofei. I'm in charge of your treatment today."

"Aiya! Doctor Xia, nice to meet you! I really have to thank you for this!" Zhao Cheng grabbed Xia ruofei's hand and held it tightly. "Elder song has instructed me that in front of doctor Xia, I'm just an ordinary soldier. You're my chief. If you tell me to go east, I will not go west. If you ask me to beat a dog, I definitely won't chase a chicken away! In short, you must be firm in carrying out the orders and carry out the instructions thoroughly!"

Xia ruofei was dumbfounded when he heard this. Didn't they say that general Zhao was a person who avoided treatment? How did he look like he was afraid of being treated? She was probably the most obedient patient in the world, right?

Song Rui, who was watching from the side, almost burst out laughing.

It seemed that grandpa's tone was very strict! Look at how scared this uncle Zhao is ...

"Uh ... Chief ..." Xia ruofei was stunned.

"Doctor Xia, please don't call me chief!" Zhao Cheng said, "during the treatment, you will be my superior, my chief!"

"Don't!" Xia ruofei quickly said, "then I'll call you general Zhao!"

"Alright! Doctor Xia, whatever you say!" Zhao Cheng said after thinking for a while.

"Then ... General Zhao, let's find a quiet room first. I'll check your body." Xia ruofei said.

Zhao Cheng subconsciously said, "is there a need to check again?" Didn't I just finish the sugar sifter? All the test reports are complete ..."

As he spoke, he felt that something was wrong. When he saw the smirk on Song Rui's face, he suddenly came to a realization and quickly changed his words. "Yes, yes, yes, a check is necessary! It's very necessary!"

Xia Ruofei was speechless, but he still explained, "General Zhao, I'm using the Traditional Chinese Medicine method of looking, listening, asking and feeling to give you a check. Since we're going to use traditional Chinese medicine treatment, we naturally have to use the Traditional Chinese Medicine method to check first! Don't worry, this won't take up too much time."

"It doesn't matter, it doesn't matter how long I'll use it!" Zhao Cheng quickly said.

Song Rui couldn't hold it in anymore and turned his back to her.

However, from his trembling body, even a fool could tell that he was laughing silently.

Even the usually serious Colonel Jin Feng could not help but smile.

Zhao Cheng personally led Xia Ruofei's group into the villa.

As soon as he entered, Xia Ruofei felt that the Jade Leaf on his chest was on fire. It was extremely hot. He felt that his skin was about to burn too. It was really unbearable, so he decided to keep the Jade Leaf in the spirit map space.

In any case, he could now confirm that the world stone was definitely in Zhao Cheng's Villa.

When Xia Ruofei walked into the living room of Zhao city's Villa, the spirit painting itself could sense the world stone. Xia Ruofei could feel the agitation of the mark in his palm.

"Come, come, come," Zhao Cheng said. "Doctor Xia, have a seat and have a cup of tea. I'll get someone to prepare the treatment room."

If it was in the past, Xia Ruofei would definitely want to be treated first. However, he had put all his attention on the realm stone today. Zhao Cheng's words were exactly what he wanted, so he smiled and nodded.

Everyone came to the coffee table and sat down. Xia Ruofei followed the senses of the spirit map and sat in the inner seat without a trace.

Beside him was an ornamental fish tank. The bottom of the fish tank was covered with cobblestones of various sizes, some black and some white ...
