Chapter 701: College entrance examination time...1

After the meeting, the entire Paradise Corporation was in action, especially Feng Jing's entire administrative team, Xue Jinshan, and a few other pharmaceutical staff. They were so busy that their feet didn't even touch the ground.

After Xia Ruofei had assigned the tasks, he had some free time.

The only thing he did was to call Wu Liqian, the deputy head of the Changping County.

Wu Liqian was very supportive of Xia Ruofei's company when she found out that they were going to mobilize the villagers to plant Chinese herbs and that they were willing to sign the purchase agreement in advance. They would also provide technical support and certain subsidies to the villagers.

She immediately said that she would inform Jianggang town and get the town to fully support this matter.

Wu Liqian asked Xia Ruofei to contact her relative, the Deputy Mayor of Jianggang town, Wu Gang. Wu Gang would then coordinate with the surrounding villages.

With the town government as a guarantee, the villagers would be more at ease.

As long as the profits from planting Chinese herbs were high enough, there would definitely be many villagers willing to sign a supply contract with the Paradise Corporation.

The next day, Xia Ruofei personally called Wu Gang. Wu Gang received Wu Liqian's instructions and expressed his full support. He also expressed his gratitude to the Peach Blossom company for supporting the economic development of Jianggang town.

Xia Ruofei then gave Wu Gang's contact information to the marketing director, Xiao Qiang. Xia Ruofei did not need to personally handle the rest of the matter.

Other than paying attention to everyone's work progress, Xia Ruofei could also take a break and spend some time with Ling Qingxue.

Previously, Xia Ruofei had been too busy and often went out. He had very few opportunities to spend time with Ling Qingxue. The two young people who were in love had really indulged in this period of time and resolved the pain of lovesickness.

If he was not with Ling Qingxue, Xia Ruofei would enter the spirit map space at night to check on Xia Qing's progress.

.....

With that small agricultural excavator, Xia Qing was like a tiger that had grown wings. She quickly opened up a large piece of land on the flat ground at the foot of the mountain according to her plan. It was about 400 to 500 mu, and it extended all the way to the side of the big River.

By now, Xia Qing had already divided these lands into sections of medicine gardens.

In Xia Qing's words, the arrangement of these medicinal gardens was very particular. What kind of medicinal herbs were most suitable for each plot of land had been carefully designed.

However, Xia ruofei couldn't tell what was going on.

After soaking the seeds that Xia ruofei had brought, they had all been planted in the nursery. Many of the herbs had already sprouted and could be transplanted after they had grown a little.

These few days, Xia Qing had been making arrangements around the herb garden. For this, he had even specially asked Xia ruofei for some Jade materials.

Xia ruofei knew that Xia Qing had set up some small arrays that could promote the growth of medicinal herbs. Xia Qing was definitely an expert in this area, so he immediately followed Xia Qing's request and bought enough Jade materials.

It wouldn't be long before a huge medicinal garden would appear in the mountain sea realm. At that time, he would be able to harvest an endless supply of high – Quality medicinal herbs.

Xia ruofei found that this soul puppet, Xia Qing, was really the best Butler of the spirit map space. With Xia Qing, he didn't need to worry about anything in the spirit map space. Xia Qing was in good order.

Three days later, Feng Jing completed Xia ruofei's task as scheduled.

The exterior of the heart – nourishing soup was completely designed. The packaging was green in color, and the LOGO of paradise Corporation was marked in striking positions. A few simple lines outlined a heart – shaped ribbon.

Xia ruofei had seen this design before. At first glance, he felt that it was to his liking and immediately made a decision.

Very quickly, Feng Jing contacted a manufacturer to produce the packaging and paper according to the design.

However, the order this time was not large.

Because it was only a trial production and clinical trial, the heart – nourishing soup had not been approved to be on the market yet. Therefore, some instructions and text on the packaging box were not added.

In other words, the current design was only a semi – finished product. In the future, when it was officially put into production, more comprehensive medical information would be added.

Xue Jinshan was also actively contacting the provincial Food and Drug Administration. After the boxes and bottles that Feng Jing had ordered arrived, he immediately organized workers to carry out several trial production.

This time, it was an inspection of the entire automatic production, including the filling, sealing, packing, and other processes, which were all completed in accordance with the actual production procedures.

A day later, Xue Jinshan contacted the provincial Drug Administration to send someone to the Taoyuan pharmaceutical factory for an on – site inspection and to observe the production process and process of the heart – nourishing soup.

The whole process was recorded by the Food and Drug Administration, which was a necessary procedure. It had to be recorded on a CD and reported to the State Food and Drug Administration for record along with the opinions of the first trial.

After this process was completed, the Food and Drug Administration also randomly selected several samples and brought them to a third – party laboratory for testing to further confirm the active ingredients of the heart – nourishing soup that was produced in trial production. They also compared it with the data in the materials reported by the peach blossom company.

Originally, each process would take several working days, but with he kun personally watching over them, the process was greatly shortened. It could be said that this was the most efficient process in the history of the provincial Food and Drug Administration.

Soon, the Food and Drug Administration concluded from this on – site inspection that the Taoyuan pharmaceutical factory had met the drug production standards. There were no problems with the process of the trial production of the heart – nourishing soup, and the produced medicine was consistent with the description in the submitted materials.

Chapter 702: College entrance examination time.2

With this conclusion, the clinical trials could be carried out very soon.

Peking Union Medical College Hospital, as the Clinical Trial Unit, had already found test subjects and control groups. Of course, the patients participating in the clinical trials did not know whether they were the real test subjects or the control group.

Every year, a large number of people with autism went to seek medical treatment, and Peking Union Medical College Hospital was well – known in the country for its expertise in the field of Neurology. Chief physician Zhou Ping of Peking Union Medical College Hospital was also a well – known expert in the country, and he was very famous in the treatment of autism. Therefore, many patients came from all over the country.

For these parents of children with autism, they would hold on to even the slightest hope.

What's more, the hospital had also explained that participating in the clinical trials would give the new medicine free of charge, and the pharmaceutical company would also give each patient a certain subsidy according to the time of the trial.

This was very attractive to families with autistic children who came from family difficulties.

Moreover, the hospital had specifically stated that the clinical trial was using a Chinese medicine. Even if the treatment effect was not obvious, there would not be any serious side effects under normal circumstances, let alone life – threatening.

This also made the parents less worried.

Therefore, Peking Union Medical College Hospital easily found test subjects and control groups.

After the provincial Food and Drug Administration conducted an on – site inspection, they quickly decided to start clinical trials.

Taoyuan pharmaceutical factory's production line had also officially started operating. The heart – nourishing soup produced was packed and sent to Peking Union Medical College Hospital to produce the mass – produced heart – nourishing soup, which was specially provided to the clinical trial units.

This clinical trial would take at least one to two months, and he had done it on a special occasion to shorten the process as much as possible.

In fact, it would take at least a month for the heart – nourishing soup to show obvious effects. Hence, Xia ruofei was already mentally prepared for the time needed for the clinical trial.

.....

Compared to the approval time for new drugs, which usually took several years, Xia ruofei was quite satisfied with the current progress.

.....

Soon, it was June. Summer arrived particularly early in Sanshan city, and everyone began to change into short – sleeved shirts.

The clinical trials of the new drug were still in progress, and this matter could not be rushed. They could only wait patiently for the results.

Of course, Xia ruofei and Xue Jinshan were very confident in the efficacy of the heart – nourishing soup. They knew that the result would be good.

In fact, the heart – nourishing soup had already caused a small commotion in the pediatrics department of Peking Union Medical College Hospital.

Because the clinical trials had been going on for more than half a month, the symptoms of many children with autism in the experimental group had already improved significantly.

Originally, Peking Union Medical College Hospital did not think much of Chinese medicine for treating autism. In fact, whether it was Chinese or Western medicine, the general understanding of the medical world was that there was no specific medicine for autism.

Therefore, Peking Union Medical College Hospital only carried out the task that was jointly issued by the provincial Drug Administration and the provincial health and planning Commission with the attitude of carrying out the order.

He didn't expect that under the circumstances where everyone thought it was impossible, this heart nourishing soup really had such an obvious effect.

As industry experts, the pediatricians at Peking Union Medical College Hospital naturally knew what this meant for the treatment of autism around the world.

Therefore, these doctors were all very excited and took the clinical trials more and more seriously. Even the director of Peking Union Medical College Hospital began to pay attention to the trial.

Of course, according to the rules, Peking Union Medical College Hospital was not allowed to contact the manufacturer, let alone disclose the situation and progress of the clinical trials.

Therefore, Xia ruofei, Xue Jinshan, and the others were not aware of the situation at all. They just waited patiently in the company and sent a batch of heart – nourishing soup to Peking Union Medical College Hospital every three days as requested.

During this time, Colonel Jin Feng would appear at Tao Yuan farm every three days and bring back the Chinese medicine for general Zhao Cheng.

Zhao Cheng's diabetes was also getting better. After half a month, the results showed that Zhao Cheng's diabetes had basically recovered.

Xia ruofei's own calculation of the time was about right, so he provided Jin Feng with the last dose of Chinese medicine and told him that after taking the medicine for the next three days, Zhao Cheng would not need to take any more medicine. As long as he followed the doctor's advice and maintained a healthy lifestyle, the problem of diabetes would not appear again.

Zhao Cheng personally called from the capital to express his gratitude to Xia ruofei. He also said that he would come to the three mountains to thank Xia ruofei in person when he had the time.

Even elder song had asked song Rui to call Xia ruofei to express his gratitude.

Zhao Cheng was one of the key members of the song family. He played an important role in the consolidation of the song family's power in the military. Xia ruofei's treatment was equivalent to doing the song family a big favor.

Elder song naturally grew closer to Xia ruofei.

.....

During this period of time, Xia ruofei often drove back to the city. It wasn't to go on dates with Ling Qingxue. Instead, it was to go to Hu Zi's mother's place to check on Lin Qiao. She was about to take the most important exam in her life.

The college entrance exam was just around the corner.

Usually, Xia ruofei would only bring some Taoyuan vegetables, chicken, duck, fish, and other things to visit the mother and daughter when he was free.

Now that Lin Qiao was going to take her college entrance examination soon, Xia ruofei was more diligent. He would go to her house every one or two days. He would send her Taoyuan vegetables and koi fish from the space as if they were free. In fact, they were all his own property.

Chapter 703: Time for the college entrance examination (3)

After a semester of high school life, Lin Qiao had become more and more beautiful, and her whole body was filled with the aura of youth.

Every time she saw Xia ruofei, Lin Qiao would be very happy. She liked to stick to Xia ruofei.

Hu Zi had sacrificed himself to save him. Xia ruofei treated Lin Qiao like his own sister and naturally doted on her.

Soon, it was June 6th. Lin Qiao was going to take the college entrance examination the next day.

Xia ruofei naturally came to Lin Qiao's house that day.

There were no classes at school two days ago, so it was basically useless to ask everyone to go home and rest.

Xia ruofei arrived at Hu Zi's mother's house in the afternoon. He brought the vegetables, fruits, chicken, duck, and fish to the kitchen with great familiarity.

Hu Zi's mother said, "ruofei!" You've taken too much. We haven't even finished the ones you brought last time!"

Xia ruofei chuckled. "Auntie, if you haven't finished it, throw it away. It'll make it fresher. Qiao'er's college entrance examination is a big event in her life. She must get more nutrition!"

"You can't throw it!" Hu Zi's mother said, "I heard that these vegetables of yours are all sold for tens of Yuan per 500 grams. They're many times more expensive than the average vegetable!"

Xia ruofei smiled and said, "that's the price for selling to the outside world. How can the actual cost be so high?" I grew it myself, so it doesn't cost much!"

"You ... You can't waste it!" Hu Zi's mother said, "ruofei, don't give too many gifts in the future. If you sell them, you'll make a lot of money!"

"I know, Auntie!" Xia ruofei said with a smile.

.....

Hu Zi's mother could tell that Xia ruofei was being perfunctory. She knew that no matter what she said, Xia ruofei would still do things his own way. She could only smile bitterly and shake her head.

At this moment, there was a knock on the door. Lin Qiao came back from outside.

When she saw Xia ruofei, she immediately called out happily, "Brother ruofei!"

Then, she kicked off her shoes and ran over barefooted.

"The college entrance examination is tomorrow. Why are you still going out to do crazy things today?" Xia ruofei asked affectionately.

"Where?" Lin Qiao pouted and said, "I went to familiarize myself with the examination hall this afternoon. The school organized us to go!"

"This is more like it!" Xia ruofei asked, "how is it? Do you have confidence in your college entrance exam tomorrow?"

"There must be! I've worked hard for so many years, it's all about this!" Lin Qiao said with a smile.

"And don't feel any pressure." Xia ruofei said gently, "the admission rate for the college entrance examination is very high now. It's better to travel light."

"En!" Lin Qiao smiled sweetly and held Xia ruofei's arm affectionately. She looked up and asked, "brother ruofei, can you come and send me to the exam venue tomorrow?"

At this moment, Hu Zi's mother came out with a dish. After hearing Lin Qiao's words, she quickly said, ""Qiao' er, why are you so insensible? Your exam is at 9 o' clock, and your brother ruofei lives in the suburbs. Do you want him to wake up at 5 or 6 O' clock and run to the city?"

Xia ruofei quickly said, "aunty!" Even if Qiao' er didn't say so, I was prepared to send her off!"

"No, no, no! Wasn't it just an exam? Why did it have to be so troublesome? I'll just send her there. " Hu Zi's mother said.

Xia ruofei smiled and said, "Auntie, I have a car. It's very convenient!" Besides, I'll be there personally to cheer Qiao' er on, so maybe she'll be able to perform better!"

"I'll definitely do a great job!" Lin Qiao quickly said.

Xia ruofei laughed and said, "aunty, did you hear that?" This is related to Qiao' er's college entrance examination results. What's the big deal for me to drive over? This matter is settled!"

Hu Zi's mother's mouth moved. She wanted to object, but Xia ruofei quickly said, ""Auntie, let's not dwell on this matter. I'm a little hungry. Can we start eating?"

"Oh! It'll be ready soon!" Hu 'er's mother quickly said before quickly returning to the kitchen.

Xia ruofei and Lin Qiao looked at each other and smiled.

After dinner, Xia ruofei sat for a while before leaving. Lin Qiao had to take the college entrance examination tomorrow and needed to rest early.

.....

The next morning, Xia ruofei arrived at Lin Qiao's house at Seveno' clock sharp with the breakfast he had bought on the way.

After having breakfast with the mother and daughter, Lin Qiao rested for a while and was ready to set off.

Her exam venue was Chengnan middle school, which was quite far from here. It would take about 30 minutes to drive. Considering that there would be many parents sending their children to the college entrance examination today, which might cause traffic jams, Xia ruofei decided to leave early.

Hu Zi's mother was also afraid of putting pressure on Lin Qiao, so she didn't nag her as she usually did. She only said, "do well in the exam and don't be stressed."

Xia ruofei drove the Knight XV and drove Lin Qiao to the examination hall of Chengnan high school.

The two of them arrived at the vicinity of Chengnan high school a little after eighto' clock.

There were more and more cars on the road. Xia ruofei simply found a parking space and parked the car by the side of the road. Then, the two of them walked to Cheng Nan high school.

When they got out of the car, Xia ruofei carefully reminded Lin Qiao to check if she had brought her pen and exam admission ticket.

At the entrance of Chengnan high school, the two of them stood and chatted for a while before the examination hall opened and the candidates could enter.

"Brother ruofei, I'm going in!" Lin Qiao said with a relaxed expression.

Xia ruofei smiled and said, "yes!" Don't feel any pressure, just go ahead and take the exam. I'll be waiting for you at the door!"

Lin Qiao smiled sweetly, nodded, and was about to walk into the exam hall.

"Qiao' er, wait!" Xia ruofei called out.

He walked forward and took out a drink bottle, which was half – filled with Chinese medicine.

Xia ruofei passed the bottle to Lin Qiao and said, ""Drink this before the exam starts later!"

"Brother ruofei, you can't drink water before the exam. What if you need to use the toilet during the exam?" Lin Qiao blushed.

Xia ruofei laughed, "just a little, it's okay!" Remember this! You must drink it all in one go before the exam, understand?"

"What kind of godly medicine is this?" Lin Qiao asked with a smile.

"Don't ask so much, you'll know when the time comes!" Xia ruofei said, "hurry into the exam hall! Remember my words, drink before the exam!"

"yessir!" Lin Qiao said cheekily. She took the Chinese medicine that Xia ruofei gave her and walked quickly to the exam hall.

Xia ruofei looked at Lin Qiao's back and muttered to himself, ""Qiao' er, this is all I can do for you. You still have to rely on yourself for the exam ..."

Chapter 704: Super – doping drug (1)

The first subject was Chinese, which took about two and a half hours.

Xia ruofei did not go anywhere. He returned to the car and lay down in the driver's seat. He took out his phone and casually scrolled through the news.

After watching the news for more than ten minutes, Xia ruofei suddenly had an idea. He immediately started the car and drove out of the parking space.

He considered that Lin Qiao's house was too far away from the exam site. It would take about half an hour to drive and one hour to and fro. The two – day exam would take more than four hours on the road.

Moreover, the exam would start at three in the afternoon. If he went home later, the lunch break would be very tight.

Therefore, Xia ruofei immediately considered going to a nearby hotel to book two rooms and check out the next afternoon. This would save a lot of time and Lin Qiao could get a better rest.

Xia ruofei drove around Chengnan high school and realized that all the business hotels and Express Hotels were full of people. The parents of the other candidates had already thought of the same thing.

Many of the hotels near the examination venue had already been booked out by the parents of the examinees many days in advance.

The hotels near Xia ruofei were the same. In the end, he could only give it a try. He drove to a Kempinski Hotel about five minutes away from Chengnan middle school.

Xia ruofei thought that a five – Star hotel was so expensive, and there were more than 20 floors in Kempinski Hotel with hundreds of rooms. It couldn't be that they had booked all of them!

After asking at the front desk, Xia ruofei found out that Kempinski only had a Business Suite that cost 2888 a day and a Presidential Suite that cost 88888 a day.

The other rooms were basically reserved by the examinees 'parents.

Xia ruofei could not help but smile bitterly – it seemed that he had underestimated the importance parents placed on the college entrance examination!

.....

At this critical moment, as long as it was beneficial to their children's exams, even the most frugal parents would not hesitate to spend money.

Xia ruofei didn't dare to delay and quickly booked the business Suite for two days.

After getting the room card, Xia ruofei went upstairs to take a look at the environment. Overall, he was quite satisfied.

The room was located on the 18th floor. The sound from downstairs could not reach this height, so the environment was relatively quiet.

Moreover, the room in a five – Star hotel was very comfortable. It even came with a small living room and a small study room. Lin Qiao could have a very good learning environment here.

In order to let Lin Qiao rest well, Xia ruofei went to the front desk and asked for a single bed in the living room. Yingying had prepared this for Hu Zi's mother so that Lin Qiao could sleep in a big bedroom by herself.

Five – Star hotels all provided extra beds, but they had to pay more.

Xia ruofei went to the front desk to swipe her card, and the staff quickly laid out a simple single bed.

Xia ruofei looked at the time. There were still about an hour before Lin Qiao's exam was over. He took out his phone and called Hu Zi's mother.

“RUO Fei!” Hu ‘er’s mother was a little nervous.”Is there something wrong with Qiao’ er?”

“It’s fine, Auntie. Qiao’ er has entered the exam hall on time. ” Xia ruofei said,”it’s like this. I drove here today and calculated the time. It would take more than half an hour to drive from your house to the exam venue. It’s basically through the entire Urban area. It’s a waste of time to go back and forth like this.”

“Yup! But there’s no other way, the exam venue is randomly assigned. ” Hu Zi’s mother said helplessly.

“Auntie, I’ve already booked a room at a hotel near the exam hall.” Xia ruofei said,”you and Qiao’ er can stay in the hotel for the next two days! I’ll text you the hotel’s address in a while. Once you’re done preparing lunch, put it in a thermal container and take a taxi over. I’ll pick Qiao’ er up from the examination hall. ”

“Good, good, good! Ruofei, you’re so thoughtful!” Hu Zi’s mother said,”lunch is ready. I’ll pack up and leave immediately!”

This was related to Lin Qiao’s college entrance examination, so Hu Zi’s mother didn’t reject Xia ruofei politely.

“Alright! I’ll send you the address immediately!” Xia ruofei said,”Auntie, the room card is with me. Please wait in the hotel lobby for a while when you arrive. I’ll pick up Qiao’ er and we’ll go upstairs together!” Oh right, Auntie! Don’t forget to bring over Qiao’ er’s revision materials for the other subjects!”

“Alright, alright, alright. I know. RUO Fei, you should go quickly!” Hu Zi’s mother said.

After hanging up the phone, Xia ruofei sent the Kempinski hotel’s address to Hu Zi’s mother. Then, he went to the hotel’s parking lot to get his car and drove to Chengnan high school.

Xia ruofei found a parking space not far from the school gate and parked his car. Then, he sat in the car and waited.

At a little past 11 am, Xia ruofei got off the car and walked to the entrance of Chengnan high school.

The exam ended at 11:30 pm. At this time, many parents had gathered at the entrance of the exam hall. Their faces were full of anticipation and anxiety. Many of them could not help but pace back and forth.

Xia ruofei couldn’t help but sigh,”even though the admission rate of the college entrance examination has greatly increased, I still feel the tension of a thousand troops crossing a single – Log bridge. This is the most important test in life. Not only is it testing the children, but it is also testing the parents!”

The summer sun was scorching. Xia ruofei found a shady spot under the shade of a tree and waited.

At 11:30, the bell rang from the examination hall, and the parents who had been waiting for a long time began to move towards the school gate.

In a short while, the examinees had formed into groups and were walking out.

Chapter 705: Super – stimulant (2)

There was a commotion among the parents as they stretched their necks to look in, trying to find their children among the candidates in school uniforms.

After the examinees came out, they quickly found their parents. The school gate also began to become noisy.

“Qiang Qiang, how did you do?”

“Daughter, are the questions difficult?”

“Don’t even think about it after the exam! There was still a math exam in the afternoon! Let’s go home, your mom made you some delicious food!”

.....

The mood of the candidates was also different. Those who did well in the exam walked a lot more briskly with smiles on their faces, while those who didn’t do well had sullen faces. Some girls with weaker psychological qualities even shed tears on the spot.

The entrance of the examination hall was extremely lively!

Xia ruofei also came to the door. After a while, he saw Lin Qiao and two other girls walking out, talking and laughing.

The sharp – eyed Lin Qiao found Xia ruofei at a glance. She shouted happily, ““Brother ruofei!”

Then, he quickly exchanged a few words with the girls beside him, waved at them, and jogged towards Xia ruofei.

Lin Qiao grabbed Xia ruofei’s arm and said happily, ““Brother ruofei, you’ve really been waiting for me the whole morning!”

Xia ruofei pulled Lin Qiao’s hand away and said, ““Girl, your classmates are all here! Be careful of your influence!”

.....

“I don’t want to!” Lin Qiao held Xia ruofei’s arm tightly and pressed her body against Xia ruofei’s. “What’s wrong with me holding my brother’s hand?” Who dares to say that!”

Xia ruofei smiled bitterly. Lin Qiao’s youthful and energetic body was on his body. The soft touch on his arm made him feel a little uncomfortable.

The two of them walked to the parking space not far away. Xia ruofei didn’t ask Lin Qiao about her exam until the two of them got into the car. Xia ruofei then asked, ““Qiao’ er, did you drink the Chinese medicine I gave you before the exam?”

“How would I dare to disobey brother Fei’s instructions?” Lin Qiao smiled and said, “brother ruofei, what kind of godly medicine is that? After I drank it, I felt that my head was especially clear and my reaction speed was much faster than before. There were a few questions that I didn’t review today, but I actually solved them after thinking about it!”

Xia ruofei started the car and drove it out of the parking space. He laughed and said, ""So you're saying that you did pretty well in the first subject?"

"I'm feeling pretty good!" Lin Qiao said, "but our teacher said not to match the answers after the exam to avoid affecting the mood of the later exams. So ... I'm not sure how I did in the exam!"

"It's good that you feel good!" Xia ruofei skillfully maneuvered the car and said, "your teacher is right. It's meaningless to answer now. It'll only affect your mood."

"You still haven't told me what kind of godly medicine it is!" Lin qiaojiao said angrily.

"A super drug! There will be strong side effects after a few days. " Xia ruofei smiled and turned to look at Lin Qiao. He asked, "are you scared?"

Lin Qiao was stunned for a moment. Then, she curled her lips and said, "Tsk! I don't believe it! If this thing was harmful, you wouldn't have let me drink it! It's fine if you don't want to tell me ..."

Xia ruofei smiled but didn't say anything. No matter how Lin Qiao asked, he wouldn't say anything.

In fact, what Xia ruofei prepared for Lin Qiao was an enhanced version of the heart – nourishing soup. He had taken the heart – nourishing soup before and found that his mind was particularly clear and active in the first two hours after drinking it.

This was the main effect of the heart – nourishing soup. The treatment of autism was a "by – Product" that Xia ruofei had accidentally discovered.

Therefore, Xia ruofei had made the heart – nourishing soup in advance and added the solution of the petals of the spirit Heart Flower without caring about the cost. Finally, he divided the medicinal soup into four portions so that Lin Qiao could drink it once for each subject.

The heart – nourishing soup could help Lin Qiao improve her brain's thinking ability in a short period of time, while the spirit Heart Flower petal solution could recuperate her body.

After a long preparation period for the college entrance examination, many students were in a state of sub – Health. Moreover, Lin Qiao was a girl. If her "relatives" came during the examination, she might have a stomachache or something.

With the petal solution of the spiritual heart Flower, she could make sure that all these small problems would be swept away. It could also remove fatigue and let Lin Qiao be in the best state for the exam.

Xia ruofei's considerations were thorough.

The car continued to move forward, but Lin Qiao soon found that the road seemed to be wrong. She couldn't help but ask, ""Brother ruofei, I don't think we should go home this way!"

"I didn't say I was going home!" Xia ruofei chuckled.

At this moment, the car had already reached the Kempinski Hotel. Xia ruofei turned the steering wheel and drove the car into the hotel's parking lot. Then, he skillfully parked the car in the parking space.

"Kempinski?" Lin Qiao asked, "brother ruofei, what's the situation?"

“Get out of the car! You’ll be staying here for the next two days!” Xia ruofei said, “this place is closer to the exam hall. You can rest better.”

“Wow! It’s a five – Star hotel!” Lin Qiao said, “brother ruofei, you are really generous!”

“You think I wanted to ...” Xia ruofei said helplessly. “I went to the nearby rujia, Suba, and Jinjiang star ... They were all full! The examinees “parents have already booked the tickets one or two months in advance!”

Chapter 706: Super – doping drug (3)

“Yes, I heard that my classmate also booked a hotel near the exam site ...” Lin Qiao said.

The two of them walked into the hotel lobby as they talked.

Hu Zi’s mother carried a large bag and an insulated lunch box. She was sitting on the sofa in the lobby, looking at the door from time to time.

Xia ruofei waved at Hu Zi’s mother and said, “Auntie, over here!”

When Hu Zi’s mother saw Xia ruofei and Lin Qiao, she quickly stood up and walked over with her bag and lunch box.

Xia ruofei hurriedly took two steps forward and took the heavy bag from Hu Zi’s mother.

The group took the elevator and quickly arrived on the 18th floor.

Xia ruofei swiped his card to open the door and inserted the room card into the battery box at the door. “Auntie, I’ll leave the room card here. Remember to take it with you when you go out.”

“Alright,” he said. Hu Zi’s mother looked around and asked, “ruofei, this hotel must be quite expensive, right?”

“It’s at least three to four thousand a day!” Lin Qiao said, “this is a five – Star hotel, and it’s a suite!”

“Ah? It’s so expensive! RUO Fei, this is too costly!” Hu Zi’s mother said, “no, I have to give you the money ...”

Xia ruofei quickly said, “Auntie, please don’t! Qiao’ er is my sister. Do you think I’ll ask for your money to book a hotel room for her? Wouldn’t hu Zi beat me up if he knew about this?”

“This ...”

.....

Xia ruofei continued, “I don’t mean to be wasteful. All the cheap hotels nearby have been booked. This Kempinski Hotel is the last one left. I have no choice.” But this is good, the environment here is very good, and it’s very quiet. Qiao’ er’s rest is more important than anything else. ”

After that, Xia ruofei showed Lin Qiao and Hu Zi’s mother around the room and said, “Auntie, Qiao’ er is the oldest these two days. She’ll sleep in the bedroom at night, and you can sleep on this small bed for the night. The study room here is perfect for Qiao’ er to study, so this room is especially suitable!”

"Ruofei, thank you!" Hu 'er's mother said gratefully, "you're too thoughtful!"

"Aunty, you don't have to be so polite with me ..." Xia ruofei said, "Oh, you brought lunch, right?" Quickly take it out for Qiao' er to eat!"

"Yes, yes, yes! I've been cooking chicken soup the entire morning!" Hu Zi's mother hurriedly said, "ruofei, you can eat too. I brought a lot."

"Alright! Then I'll be in for a treat too!" Xia ruofei said with a smile.

Hu Zi's mother had already eaten at home and was just watching Xia ruofei and Lin Qiao eat.

Xia ruofei gobbled down a big bowl of rice and a big bowl of chicken soup. He wiped his mouth and said, "I'm done eating! Aunty, your cooking skills are really amazing. It's too delicious!"

"If you like it, then come home more often. Auntie can make it for you every day!" Hu 'er's mother said happily.

"Then I'll go there every day! As long as you don't find it annoying!"

"I won't, I won't. I'm so happy! Why would I be annoyed?"

Lin Qiao was also munching on the chicken and mumbled, "It is! You haven't been home for more than half a month, and my mom has been talking about you all day ..."

Soon, Lin Qiao also finished her meal. Xia ruofei stood up and said, "Auntie, you and Qiao' er should rest for a while! I'll be waiting for Qiao' er downstairs at half past two."

Hu Zi's mother could not help but ask, "Oh right, ruofei, there's only one room left in this hotel. Where are you staying?"

Xia ruofei smiled and said, "I'll make do with the afternoon nap in the car. I'll go back to the farm at night." Qiao' er's exams start at nine o'clock, I have plenty of time."

"That's too much trouble ..." Hu Zi's mother said. "Ruofei, why don't you go back directly?" It's so close to the exam site, and it's only a few minutes walk. I'll just send Qiao' er there."

"Yes, brother ruofei, you don't have to pick me up every day!" Lin Qiao said.

Xia ruofei grinned. "It's fine. It's just two days. Besides, I'm not tired!"

Then, Xia ruofei said to Lin Qiao, "Qiao' er, have you forgotten? I still have to give you a super stimulant before every exam! How could I not come?"

"Oh, right ..." Lin Qiao said.

"RUO Fei, Qiao' er, what's a super – stimulant?" Hu 'Zi's mother was confused.

"Mom, don't worry about it. It's a little secret between me and brother ruofei!" Lin Qiao said with a smile.

"You ..."

Xia ruofei also smiled and said, "Auntie, I was just joking with Qiao'er!" It's actually nothing much. It's just some Chinese medicine that nourishes the mind and nourishes the brain. I concocted it myself and gave Qiao'er a can of it before every exam. It's good for her."

"RUO Fei, you're really thoughtful ..." Hu Zi's mother said emotionally.

Hu Zi's mother had never doubted Xia ruofei's medical skills. He could even use Chinese medicine to cure uremia, so how hard would it be to prescribe him some Chinese medicine that could calm the nerves and nourish the brain?

"Hey! Qiao'er is my sister, if I don't care about her, who should I care about?" Xia ruofei smiled and said, "aunty, all of you should have a good rest. I'll go down first!"

With that, Xia ruofei waved at Lin Qiao and Hu Zi's mother and left the room.

In the afternoon, Xia ruofei picked Lin Qiao up from the hotel lobby at 2:30 sharp and drove her to the exam venue.

Before entering the examination hall, Xia ruofei handed Lin Qiao a small half – filled jar of strengthened heart – nourishing soup as usual.

The afternoon exam was mathematics, which was originally Lin Qiao's weak subject. However, with the help of the enhanced version of the heart – nourishing soup, it seemed that Lin Qiao's thinking of solving the problems was particularly clear. Lin Qiao could solve several difficult big questions, which was impossible in the past mock exams.

Therefore, Lin Qiao was both surprised and happy after the math exam.

After Xia ruofei sent Lin Qiao back to the hotel, he drove back to the farm.

The next morning, he still brought the enhanced version of the heart – nourishing soup to pick up Lin Qiao.

Today's exam was comprehensive liberal arts and foreign language.

Lin Qiao's homework was good to begin with, and with the help of the enhanced version of the heart – nourishing soup, she performed exceptionally well in the arts.

The last foreign language test was in the afternoon.

After Xia ruofei sent Lin Qiao to the examination hall, he sat in a car nearby to rest like yesterday. He waited at the entrance when the examination was almost over.

There were more than ten minutes before the end of the exam. Xia ruofei stood under the shade of a tree and fiddled with his phone, bored.

Just then, two boys in No. 8 high school's uniform walked out of the exam venue and passed by Xia ruofei. They looked like two candidates who had handed in their papers early.

There were not many people who handed in their papers in advance, so Xia ruofei could not help but take a second look at them.

The two boys were talking as they walked. Although Xia ruofei didn't mean to eavesdrop, his hearing was better than ordinary people. He could hear their conversation clearly.

After Xia ruofei heard this, he couldn't help but frown and his face suddenly showed a trace of anger ...

Chapter 707: A trace of gloominess (1)

"Xue Fei, you're really lucky this time. You're in the same exam hall as Lin Qiao, and you're sitting in front and behind her! Lin Qiao's English is so good. You should have no problem with English, right?" The tall and thin boy said enviously.

The other short and fat Boy said hatefully, ""Don't even mention it! I told her before the exam, but this brat didn't answer at all. During the exam, she even deliberately protected the paper tightly. I kicked the chair a few times, but she ignored me! Damn it, I almost got the invigilator to come ..."

The tall and thin boy was surprised, "no way?" Such a personality? Didn't she transfer from the countryside? How dare he disobey you? Doesn't she know that your father is the Deputy Mayor?"

"Hmph! This brat doesn't know what's good for her!" Xue Fei snorted coldly. "Xia Ming, I'm going to teach her a lesson that will leave a deep impression on her! Teach her how to be a good person!"

Xia Ming, the tall and thin boy, smiled and said, ""Alright! Please allow me to mourn for that girl! It seems like young master Xue is really angry ..."

"Nonsense! No one has ever dared to treat me like this before!" Xue Fei said, "I'm considered a failure in English! I'll have to rely on my old man to get into college, and I'll definitely be scolded by him for the whole summer! Fuck! I'm so annoyed just thinking about it ..."

"Xue Fei, I heard a rumor ..." Xia Ming hesitated and said, "this Lin Qiao might not be simple. I heard that when she transferred here, even the school leaders went to welcome her in person ..."

"Tsk! So What if I do?" Xue Fei snorted. "In this Sanshan city, how big can his background be?" I don't believe there's anyone I can't touch! I'm telling you, Xia Ming, I'm definitely going to teach this stupid B * tch a lesson! No one will be able to persuade me otherwise!"

"Alright!" Xia Ming shrugged.

Xia ruofei squinted his eyes and heard every single word of their conversation.

These two boys were both from No. 8 high school, and there weren't many students from No. 8 high school assigned to Chengnan high school. It was unlikely that two people named Lin Qiao would be assigned to ran ran at the same time. The probability was too low, so it could be confirmed that the two of them were Qiao' er.

Why were the kids so vicious these days? Xia ruofei frowned and thought to himself.

Just as he was about to catch up with Xue Fei and give him a warning, the other candidates started to leave the exam venue. He immediately saw Lin Qiao in the front of the crowd.

.....

Hence, Xia ruofei took a step back and looked deeply at Xue Fei and Xia Ming's back. Then, he walked toward Lin Qiao.

Foreign language was the last subject. After taking this subject, it would mean that the hellish third – year life was finally over.

All the candidates, regardless of whether they did well or not, felt a sense of relief from the bottom of their hearts. Their faces were filled with smiles, and their steps were much lighter.

Basically, this summer vacation of the third year of high school was the most relaxing period of his life.

Lin Qiao also saw Xia ruofei from afar. A charming smile appeared on her pretty face. She waved at Xia ruofei and shouted, "Brother ruofei!"

The coldness on Xia ruofei's face disappeared instantly. He smiled warmly and walked up to her.

"Brother ruofei! The exam is finally over!" Lin Qiao held Xia ruofei's arm and said with a smile.

Xia ruofei was already used to such an intimate action. He urged him to say it a few times, but Lin Qiao still did it her own way, so he had no choice but to accept it.

Xia ruofei laughed and asked, "how is it?" Don't you feel relieved?"

"Yes, it is!" "I feel so relaxed!" Lin qiaojiao said.

"How did you do?" Xia ruofei asked casually.

"With your super – stimulant, I have to go beyond my usual level!" Lin Qiao said happily, "brother ruofei, I feel that I did very well this time. Every subject is much better than I expected." But that's just my own feeling. I don't know what the final result will be. "

Xia ruofei smiled. "The questions 'answers will be out by tomorrow at the earliest. By then, you'll have a rough idea of what to do by comparing the answers!"

"En!" Lin Qiao nodded her head with anticipation.

As they spoke, the two of them had already reached the Knight XV SUV that Xia ruofei had parked by the side of the road.

At noon, when he sent Lin Qiao out for the exam, Xia ruofei had already checked out of the Kempinski Hotel room. Hu Zi's mother had also returned home in advance to prepare dinner.

Hence, after the two of them got in the car, Xia ruofei drove directly to Lin Qiao's house.

On the way, Xia ruofei casually asked, "Qiao' er, you guys should have split up and assigned the exam grounds, right? Are there any students in the same exam hall as you?"

"There are two people in the same exam hall as me, and the other one is sitting behind me!" Lin Qiao said.

Xia ruofei squinted his eyes. He was pretty sure that the "Lin Qiao" that Xue Fei was talking about was Qiao' er.

“Did you guys ‘help each other’?” Xia ruofei asked in a joking tone.

Lin Qiao curled her lips and said, “who would dare?” The invigilating of the college entrance examination was very strict, and there were surveillance cameras installed in the classroom. If they were caught cheating, their lives would be ruined! That classmate of mine even asked me to show my paper for him to copy before the exam, but I ignored him!”

Chapter 708: A trace of gloominess (2)

Xia ruofei nodded and said, “Qiao’er, you did the right thing!”

Lin Qiao giggled, “brother ruofei, let’s not talk about these disappointing things. Now that the college entrance examination is over, I want to have some fun!” I’m going to stay at the farm for a few days!”

“No problem!” Xia ruofei smiled and said, “I welcome you with both hands up! But you guys still need to estimate your scores and fill in your choices, right?”

“Brother ruofei, you’re out of date!” Lin Qiao said with a smile, “nowadays, the results are released after the application. The college entrance examination results will only be released at the end of the month at the latest. I guess it will be early July when the application is completed! We’ll be the ones estimating our own scores. The answers to the college entrance examination are all available online!”

“Understood!” Xia ruofei said, “so you’re saying that you’ll be free from today until the beginning of July?”

“Correct!” Lin Qiao said, “brother ruofei, I remember that you have an orchard on your farm, right? When will the fruits ripen? I want to go and play picking!”

Xia ruofei smiled and said, “no problem!” The cherries should be ripe soon, and as for the lychees ... It would be no later than the end of June! By then, you can eat as much as you want, and you can harvest and eat as you please!”

Lin Qiao showed an expectant look and agreed.

Xia ruofei casually asked, “Qiao’er, your school and class should be organizing some group activities during this period of time, right?” What’s with the gathering?”

Xia ruofei was worried that Xue Fei was up to no good. That was why he was so concerned about Lin Qiao’s schedule.

As long as Lin Qiao didn’t leave his sight, Xue Fei would never succeed!

Lin Qiao thought for a while and said, “I guess we’ll have a gathering with our classmates.” After all, everyone wants to relax after the exam ...”

“Have you set the time?” Xia ruofei asked again.

.....

Lin Qiao looked at Xia ruofei strangely and smiled, “No, I didn’t! The class Committee members should be able to organize it. We have a WeChat group, so it’s very easy to gather people!”

Then, Lin Qiao said with a smile, ""Brother ruofei, why are you suddenly so concerned about my Affairs? Don't tell me ... You're interested in one of the girls in our class?"

Xia ruofei didn't know whether to laugh or cry as he said, "I don't even know where the door to your class is. How am I supposed to meet the girls in your class?" Didn't you say you were going to stay at the farm? I have to find out more about your schedule so that I can make arrangements in advance!"

"I'm fine! Changping County isn't far from the city, so I'll just come back when we have a gathering!" Lin Qiao said casually.

Xia ruofei nodded and said, "yes!" If that's the case ... Why don't you and Auntie go to the farm tomorrow? I have an optical fiber network there too, so it doesn't matter if you estimate your score or not. "

"Good, good!" Lin Qiao said, "I haven't been to the farm for a long time ..."

The last time Lin Qiao went to the farm was during the Chinese New Year. In the blink of an eye, half a year had passed. The last semester of the third year of high school was particularly intense, so Lin Qiao didn't have time to come out and play. She spent almost every day in high – intensity revision.

The two of them chatted and the car soon arrived at the forestry Bureau's residence where Hu Zi's mother had rented.

After they got in the car, they went upstairs. Hu Zi's mother had already prepared dinner. When she saw the two of them coming back, she quickly came up to take Lin Qiao's bag and asked with concern, ""Qiao' er, how did you do?"

In the past two days, she was worried that she would bring pressure to Lin Qiao, so she didn't dare to ask about the exam. Today, the exam was finally over, and she couldn't wait to know how her daughter did.

Lin Qiao smiled and said, "mom, don't worry!" This time, he did very well! There shouldn't be a problem with the main points ..."

Hu Zi's mother immediately let out a long sigh of relief and said, "That's great ..."

Xia ruofei smiled and said, "Auntie!" I've discussed it with Qiao' er on the way here. Now that her college entrance examination is over, you two might as well stay at my farm for a while! The environment there is good and the air is fresh!"

Hu Zi's mother had been taking care of Lin Qiao for the past year. She was a full – time study companion and didn't go out to work. She thought for a while and said, ""Alright, then let's go and stay there for a while! When Qiao' er goes to University, I should go out and find something to do. "

"Mom! You haven't fully recovered yet!" Lin Qiao pouted and said, "your most important task now is to take care of your body. Don't go out to work ..."

"I've been fine for a long time!" Hu Zi's mother said, "after you go to college, I'll be alone at home. If I don't find something to do, I'll be bored to death ..."

Lin Qiao smiled and said, "what if I'm studying at Sanshan?" I've been coming back every night to keep you company, I won't be so bored that I'm sick, right?"

"Qiao' er, didn't you say you did well?" Xia ruofei asked, "then shouldn't you apply to a better University?"

"It's not like there aren't any good universities in the three mountains. " Lin Qiao said, "Sanshan University and Southeast Normal University both got 211! There were also a few 985 school! I think these schools are pretty good. They're not bad and they're close to home ..."

Hu 'Zi's mother said, "we'll talk about it after your results are out!" Let's eat!"

Hu Zi's mother had specially prepared a sumptuous dinner. The three of them sat together happily, eating and chatting. The atmosphere was particularly harmonious.

After the meal, Xia ruofei chatted with the two of them for a while on the living room sofa. Then, he stood up and said, "Auntie, I'll go back first. I'll come and pick you up tomorrow morning!"

Chapter 709: A trace of gloominess (3)

Hu 'Zi's mother said, "ruofei, don't run back and forth anymore. You might as well stay at our house tonight!" You sleep in Qiao' er's room, I'll sleep with Qiao' er!"

Hearing that, Lin Qiao quickly said, "yes, yes, yes!" Brother ruofei, don't go! Accompany me to buy a computer tomorrow! I'll be able to use it to estimate and check my scores later. I can also bring him to the University directly after I go to college. "

Xia ruofei thought for a while and said, "okay, then I'll stay at your house tonight!"

"Yay!" Lin Qiao cheered.

"Qiao' er, I'll give you the money tomorrow," Hu 'Zi's mother said. "You can't spend your brother ruofei's money on the computer, okay?"

"I know ..." Lin Qiao said.

Xia ruofei said, "Auntie, you don't have to be so clear about it!" It's no big deal if I buy a computer for my sister!"

"That won't do!" Hu Zi's mother said, "ruofei, Auntie still has money. How can Qiao' er let you pay for her computer?"

Xia ruofei smiled and did not say anything. Anyway, Hu Zi's mother was not going with them tomorrow. By then, he would be the one to decide how he wanted to buy it.

Since he had decided not to go back, Xia ruofei sat back on the sofa and chatted with Hu Zi's mother and Lin Qiao until it was past nine.

He saw that Hu 'Zi's mother had a tired expression on her face, so he stood up and said, "Aunty, I'm a little sleepy. You guys should rest early too!"

“Alright, go take a shower then!” Hu Zi’s mother said, “ruofei, we don’t have any pajamas that you can wear. Why don’t I go out and buy you a set now?”

“Aunt, there’s no need to trouble yourself. I have some in my car!” Xia ruofei quickly said.

.....

With that, Xia ruofei immediately opened the door and went downstairs. In fact, he had prepared some clothes in the spirit map space, including home clothes, pajamas, and so on. Going downstairs was just a way to hide. After sitting in the car for a while, Xia ruofei took out a set of short – sleeved home clothes from the space and went upstairs with it.

After the shower, Xia ruofei went to Lin Qiao’s room and said Goodnight to the two of them. He then closed the door and prepared to rest.

The young girl’s boudoir was fragrant, and the bedsheets had just been changed by Hu Zi’s mother, so there was still the smell of sunshine.

Xia ruofei lay on the bed and soon fell asleep.

The next morning, Lin Qiao dragged Xia ruofei out to buy a computer after dinner.

Hu Zi’s mother gave Lin Qiao 5000 Yuan and reminded her not to spend Xia ruofei’s money.

Lin Qiao naturally agreed. In fact, she didn’t want Xia ruofei to buy a computer for her.

Lin Qiao was a simple and honest girl from the countryside. She simply liked to be with Xia ruofei and enjoyed the feeling of being taken care of. She wasn’t the kind of girl who would waste money.

The two of them drove to the largest distribution center of electronic products in Sanshan city, xuanlijia Electronics City.

As soon as he walked through the gate of the electronic shopping center, a few people immediately surrounded him. They were holding flyers in their hands and were constantly trying to attract customers.

“Boss, do you want a computer?”

“Young man, if you want to buy a computer, come to our house. We’re having a big promotion!”

“We just got Apple’s smuggled machine. It’s much cheaper than the store!”

Xia ruofei tried his best to separate these people who were trying to attract customers. He took the escalator to some bigger and more formal shops on the second and third floor.

The elevator went up slowly. Xia ruofei and Lin Qiao were looking at the dazzling signs around them. At this moment, Xia ruofei suddenly felt a cold gaze on him.

He couldn’t help but turn his head and look in the direction of the gaze he felt.

Chapter 710: Xue Fei shivered in fear (1)

Xia ruofei soon saw a short and chubby figure by the railing on the third floor. It was Xue Fei, the boy he had seen at the gate of Cheng Nan high school the other day.

There was a girl beside Xue Fei. She was quite pretty, but her peach – shaped eyes made her look a little frivolous and Foxy. She had put on heavy makeup at a young age, making her look very flirtatious.

Obviously, Xue Fei had already seen Lin Qiao and was staring at her with cold eyes.

When Xia ruofei turned his head to look, Xue Fei was stunned for a moment. When his eyes met Xia ruofei's, he felt an inexplicable chill in his heart and subconsciously looked away.

Xue Fei didn't expect to meet Lin Qiao at Lijia electronics mall. He didn't want to do anything to Lin Qiao in this crowded mall. In fact, he had already thought about how to teach Lin Qiao a lesson and was making arrangements. It wasn't the time yet.

Hence, Xue Fei quickly put his arm around the girl's waist and turned to leave without a word.

Xia ruofei looked deeply at Xue Fei's back, then turned back with a normal expression.

From Xue Fei's gaze, Xia ruofei could see the hatred this boy had for Lin Qiao and the viciousness that was beyond his 18 – 19 – year – old age. This made Xia ruofei even more vigilant.

Soon, the elevator reached the second floor. Xia ruofei said to Lin Qiao, "Qiao'er, sit here and wait for me. I'll go to the bathroom."

Lin Qiao nodded and said, "yes!" Brother ruofei, hurry up!"

Xia ruofei smiled and rubbed Lin Qiao's hair affectionately. "I know, don't run around! Otherwise, I won't be able to find you later ..."

"I'm not a child anymore!" Lin Qiao glared at Xia ruofei in dissatisfaction. "Go!"

Xia ruofei then walked towards the washroom at the corner.

.....

.....

Xue Fei had already forgotten about his encounter with Lin Qiao. All he could think about was this girl.

The girl's name was Wang Lina, and she was also a student of No. 8 high school. She was the prettiest girl in the class next to Xue Fei's and Lin Qiao's.

Xue Fei had been pursuing Wang Lina for a long time, but Wang Lina had always kept her distance. She neither rejected Xue Fei outright, nor did she get too close to him.

Wang Lina was obviously a very scheming girl. She knew that the things that couldn't be obtained were the best, so she had always been a little reserved. Up until now, Xue Fei could only hold her little hand and put his arm around her waist. When he wanted to take a step further, Wang Lina would cleverly avoid him.

It gave him the feeling that he had the chance to win it immediately, but he just couldn't.

Just like that, Xue Fei spent a lot of money on Wang Lina.

After the college entrance examination, Xue Fei had secretly made up his mind to get Wang Lina in bed.

Therefore, he gritted his teeth and decided to spend a fortune this time. He brought Wang Lina to the electronics mall and promised to buy her an Apple laptop.

A new Apple laptop that cost more than 10000 Yuan was very attractive to a high school girl. Even Xue Fei, the son of a government official, felt a little heartache when he spent more than 10000 Yuan in one go.

However, Xue Fei knew this very well.

When he swiped his card to buy an Apple laptop without hesitation, Wang Lina's gaze on him changed. It was as tender as water!

Xue Fei took the opportunity to say that he had already booked a room at the nearby Wanhao hotel and suggested that he rest for a while before going for lunch.

Wang Lina also nodded shyly. Xuxu had been playing hard to get for almost a semester now. Wang Lina knew that if she didn't agree now, this young master Xue might really fall out with her.

Moreover, Xue Fei was the son of the Deputy Mayor. There would be many benefits in the future if she got close to him. Wang Lina didn't reject this kind of thing at all, so she agreed to it after half – rejecting it.

Xue Fei was elated. He held Wang Lina's hand and walked towards the exit of the electronic City.

The two of them had just walked out of the electronics mall when they were blocked by someone.

Xue Fei frowned and was about to scold her when he suddenly felt that the person in front of him looked familiar. Then, he immediately remembered that Jian Jia was the person who was with Lin Qiao just now.

It was Xia ruofei. After he found an excuse to leave Lin Qiao's side, he quickly found Xue Fei. Seeing Xue Fei walking out of the electronic City, he directly took a shortcut and waited outside.

Without waiting for Xue Fei to speak, Xia ruofei said indifferently, "Lin Qiao is my sister. If you dare to lay a finger on her, I will make your life a living hell. I will leave you with an unforgettable lesson."

Xue Fei's eyes flickered as he said, "I don't understand what you're saying!" Are you crazy? You're speaking incoherently!"

Xia ruofei's lips twitched and he said, "Xue Fei, don't play dumb with me. You know best what I'm talking about. I'm here today to give you a piece of advice and a reminder, so that you don't get into big trouble in a moment of rashness."

Wang Lina, who was standing at the side, knew Xue Fei's identity and background. Seeing this, she glanced at Xia ruofei with her foxy eyes and said sweetly, "Brother Fei, is this guy crazy? It's inexplicable ..."

Before Wang Lina could finish her sentence, Xia ruofei suddenly took a step forward and stretched out his right hand. Xue Fei was shocked and subconsciously took a step back.

Then, to his shock, he realized that the knife he had been carrying around his waist had unknowingly landed in Xia ruofei's hands.
